ANDREWS PARTY CONTINUES ITS TRIUMPHANT TRIP

Enthusiastic Greeting is Extended Governor Curry and the Delegate on Every Hand

SPEAKERS SPEND TODAY IN RATON, THE GATE CITY

Rousing Meetings Held at Watrous and Springer-- Outlook for Republican Success in Northeastern Counties Roseate.

Special to the New Mexican.

Raton, N. M., Oct. 8.—The Republican meeting at Watrous yesterday was largely attended and in fact every member of the population, men, women and children, were present. It was very enthusiastic and it looks very much as if the Republicans would carry this precinct by a very handsome majority. Governor Curry, Delegate Andrews and Chairman Bursum made speeches.

At Wagon Mound the entire population turned out and many Republican votes were made. A. N. Bushkevitz, editor of the Spanish-American, published at Roy, who is the Republican candidate for the House of Representatives, was among the speakers and scored a great success.

Simon Vorenburg, wholesale and retail merchant at Wagon Mound, and well known citizen, was very energetic and enthusiastic and helped a great deal in the organizing of this meeting and in getting the citizens to attend it. He has declared himself strongly for Andrews and the Republican ticket and will get a good many votes on November the third next.

The party went northward last night where there was a well attended meeting held at Springer in which many of the leading citizens of the town took part, among them Dr. S. O. Locke, C. J. Roberts, Raton attorney, who is a candidate for the House of Representatives from Colfax county, and other leading Republicans and speakers. The result of the meeting was very satisfactory and Governor Curry, Delegate Andrews and Chairman Bursum were very cordially received, generally greeted and assured of many Republican votes in the precincts which two years ago went very strongly for Larrazola.

The party arrived at Raton early this morning and everything was fully arranged for a meeting this afternoon in Seaberg's coliseum. This could not be used tonight for the purpose as a theatrical company had engaged it.

From Raton the party will go in a special car to the town of Cimarron, where arrangements have been made for a monster meeting tomorrow which it is believed will be one of the largest of the campaign and certainly in northern New Mexico.

WONDERFUL DEMONSTRATION OCCURS AT WAGON MOUND

Special to the New Mexican.

East Las Vegas, N. M., Oct. 8.—Never before in the history of this section was there such demonstration as greeted Governor Curry and Delegate Andrews at Wagon Mound yesterday afternoon and evening. It had been planned to hold but one meeting and that in the evening but the demand for words from the candidate and the governor were so great that two gatherings were held. More than four hundred people, half of whom were from the country, were present at each meeting. The governor explained the advantages of statehood and how the only sure way to secure it was by sending Delegate Andrews back to Congress for another term. Mr. Andrews, who was greeted with a spontaneous outburst of applause, explained that if elected he never expected to take his seat, for the territory would become a state before he could do so. The party left at an early hour this morning for Raton, where a meeting was held today. Hon. Eugenio Romero was brought to Las Vegas last evening and is reported slightly better today.

HON. J. M. C. CHAVES, OF ABIQUIU.
Republican Candidate For Superintendent of Schools of Rio Arriba County.

Among the candidates on the Republican ticket of Rio Arriba county in this campaign, appears the name of J. M. C. Chaves, a prominent and public spirited citizen who is the owner of a very comfortable home and a fine farm and orchard at the old town of Abiquiu, on the Chama river, where he has resided since boyhood and which place was founded and settled by his ancestors, two hundred years ago.

Mr. Chaves was born at Abiquiu, October 13, 1848. His father, General Jose Maria Chaves, was a prominent figure and held high official positions while New Mexico was a territory of the Republic of Mexico and was also brigadier general of volunteers after the American occupation. He saw much gallant and meritorious service in these military expeditions against hostile Indians, such as the Apaches, Navajos and Utes, and was in command of the military forces in northern New Mexico for a number of years, successfully punishing the redskins and clearing the country of them.

At the breaking out of the Civil War he also held a position as Colonel of the United States Volunteer forces and saw considerable service against the Confederates in various parts of the territory, and continued in the service until the cessation of hostilities and the reconquest of New Mexico against the Confederates under General H. H. Sibley, in 1862.

The subject of this sketch received his first education at home by private tutors and then went for two terms to a private school at Taos, kept by Professor Lux. Thereafter he became a student of St. Michael's College in this city where he remained for two terms, receiving a good English education. He graduated from the Santa Clara College, California, to which he went in 1872.

Stock Grower and Farmer. After graduation he adopted the vocation of a livestock grower and farmer and became also a skilled horticulturist. His orchard in Abiquiu produces some of the finest fruits in the Sunshine Territory. He is an extensive land owner and a citizen of unblemished character, well developed education, intelligence and a true and tried friend of the public school system of the territory. He believes in the educational elevation of the

people and that all children should receive a free education at the hands of the commonwealth. He is a moral, conscientious man, a progressive citizen and a true and good father and husband.

Mr. Chaves has served the county of Rio Arriba as clerk of the probate court acceptably and honorably and also represented the county one term as a member of the legislative council in the territorial legislature, in which position he made a very enviable record, being found on the side of the passage of creditable, beneficial and necessary laws.

For several years he served as postmaster at Abiquiu, ably and honorably and also has held positions as a member of various territorial commissions and boards of control, in all of which positions he has acquitted himself in a very energetic, efficient and public spirited way.

In 1889 he was elected as a delegate to frame a constitution for this territory and again he was elected as a delegate to assist in drawing up the statehood constitution for New Mexico and Arizona.

Specially Qualified For Office.

He is a strong and well preserved man and well qualified to perform the duties of the office of superintendent of public schools of the county of Rio Arriba in every way and to give full satisfaction there to the people and to look carefully and efficiently after the interests of all concerned.

He will see to it that the boards of school directors will perform their duties as the law requires, in an honest and efficient manner.

Mr. Chaves comes from a very old and influential family and he and his relatives are known throughout the entire county in a very favorable way.

His father before him, his brother, Frank Chaves, who served several times as sheriff of Rio Arriba county, and he and his blood relatives of whom he has many in the county have been Republicans since the party started in New Mexico. Mr. Chaves is one of the best qualified men for the position in the county and all those citizens and voters who desire the right kind of a man in the office, should work and vote for him on election day and elect him to office and parents in that county who have children who go to school will benefit themselves greatly by putting him into office.

SERVIA AND AUSTRO-HUNGARY ON VERGE OF HOSTILITIES

Clamor for War Grows Hourly Throughout King Peter's Little Empire

BELGRADE SCENE OF WILD DEMONSTRATION

Patriots Flood Royal Palace With Messages Pledging Men, Money and Arms—Outbreak Expected at Any Moment As Populace is Inflamed.

Belgrade, Servia, Oct. 8.—The clamor for war with Austria-Hungary because of the occupation of Bosnia and Herzegovina is growing here constantly and scenes of wild enthusiasm are being witnessed in the streets of Belgrade. This morning thousands of demonstrators forced their way to the precincts of the Palace and demanded to see King Peter. The crowd became so threatening that troops and the gendarmes were finally called out. They surrounded the Palace and had to charge the crowd several times before the war-frenzied patriots were dispersed. The patriots are much dissatisfied with the tone of the protest made by Servia against the occupation of Bosnia and Herzegovina. They declare it lacks vigor and does not represent the true feelings of the nation, which would rather go to war than acquiesce in this act of Austro-Hungary. There is a steady flow of telegrams from the interior assuring the government of liberal support in the shape of money, men and arms in the event of hostilities.

Turkey Will Retaliate.
Constantinople, Oct. 8.—The proclamation of the union of the Island of Crete with Greece was not accepted by Turkey, who will retaliate. It is reported today that the Turkish government has ordered four warships to proceed immediately to the Island of Samos. Samos is a Greek Island and pays annual tribute to Turkey.

Greece Disclaims Responsibility.
The Greek minister today presented to the Porte a communication from his government announcing that the people of Crete spontaneously proclaimed a union of that island with Greece. It assures the Turkish government that Greece is not responsible and expressed the hope that the action would not disturb the friendly relations between the two nations. It is feared, however, that this will hardly be realized.

Albania Declares Independence.
Berlin, Oct. 8.—It is reported here that the Arnauts of Albania have declared their independence of Turkey. The rumor, however, lacks confirmation.

War Expected at Any Moment.
Paris, Oct. 8.—The Sofia correspondent of the Temps wires that King Ferdinand has summoned the commander-in-chief of the Bulgarian army in conference. The Bulgarian government considers the last communication received from the Grand Vizier of Turkey "insolent." The situation is in a very strained condition, so says the correspondent, and great excitement prevails in Sofia.

CHICAGO BEATS NEW YORK IN CHAMPIONSHIP GAME

New York, Oct. 8.—Before the largest crowd in the history of baseball, Chicago defeated New York for the National League pennant this afternoon at the Polo Grounds by a score of 4 to 2. It was a great game. The score:

	R.	H.	E.
Chicago	4	8	0
New York	2	5	1

Story of the Great Game
The sporting world, augmented today by the thousands of usually lukewarm fans, held its breath while New York and Chicago contended under extraordinary conditions in the last round of the struggle for the baseball championship of the National League.

Groups of enthusiasts were clamoring at the gates of the Polo Grounds before daylight and the police reserves arrived early, a special force of 500 uniformed and plain clothes men having been assigned to duty inside and outside the grounds under the personal supervision of Inspector Bingham.

40,000 Witness Game.
The record attendance at the Polo Grounds is a shade over 30,000, but this was far exceeded today and it is estimated that no less than 40,000 people witnessed the game. So dense was the crowd that ground rules were made necessary, a hit into the crowd counting but for two bases. The weather conditions were ideal.

The members of the Chicago club arrived on an early morning train from the West. They were in fine condition and cheerful spirits for the supreme struggle and everyone felt confident of winning the game. They were welcomed by a large crowd at the station.

Batteries Announced Early.
The batteries for the big game were announced early, their being no disposition on the part of either club to

conceal this fact. The line-up of Chicago was identical with that on the day of the disputed game, with Pfeister pitching and Kling catching. New York pinned its faith in its great pitcher, Christy Mathewson, while Bresnahan officiated behind the plate. The rest of the line-up was the same as on the day of the disputed game.

Game By Innings.
The game was called at promptly 2:50 p. m. A tremendous cheer waved over the field when the Giants appeared. Chicago was also roundly applauded, having plenty of admirers in the vast assemblage.

First Inning—New York started off by connecting with Pfeister's curves, scoring one run within a few minutes. Pfeister was promptly taken out of the box and Brown, the famous three-fingered pitcher, substituted. The score at the end of the first inning was New York 1; Chicago 0.

Second Inning—There were no runs this inning, but Center Fielder Hoffman of Chicago was put out of the game for disputing a decision of the umpire.

Third Inning—Chicago began the fireworks in the third inning and before being retired had tallied four runs, making the score at the end of this inning Chicago 4; New York 1. Chicago gunned hits on Mathewson in this inning, who went in the air.

Fourth Inning—There were no runs in the fourth, Mathewson steadied down again in this inning and pitching superb ball.

Fifth Inning—No score.

Sixth Inning—No score.

Seventh Inning—In the seventh inning New York rallied and managed to get another player across the plate. In the last half of this inning in a desperate effort to stem the tide of defeat, Wiltsie was sent in to relieve Mathewson, but it was too late.

Eighth Inning—No score.

Ninth Inning—No score.

Final Score—Chicago 4; New York 1.

ASKS FEDERAL AID FOR THE MERCHANT MARINE

San Francisco, Oct. 8.—Previous to the opening of the third days' session of the Trans-Mississippi Congress today, the delegates were entertained by an excursion about the harbor. The committee on resolutions which began its deliberations yesterday has whipped the mass of matter referred to it into shape and has adopted for presentation to the Congress a strong plea for federal aid for the merchant marine. The resolution declares the present condition of the merchant marine to be dangerous to the military and commercial strength of the country. It was put before the convention by the Hawaiian delegation and as first considered affected only the Pacific, but the committee widened its scope to take in the Atlantic as well.

The following officers were elected last night:

President, Thomas F. Walsh, of Denver, Colorado.

Chairman Executive Committee—

Ike T. Pryor, of Santa Antonio, Texas.

Vice Chairman—Samuel F. Button, of Denver, Colorado.

First Vice President—N. G. Larrison, of South Dakota.

Second Vice President—C. A. Fellows, of Los Angeles, California.

Third Vice President—A. C. Trumble, of Muskogee, Oklahoma.

Fourth Vice President—Herbert Stain, of Great Falls, Montana.

Secretary—Arthur Francis, of Cripple Creek, Colorado.

Treasurer—James C. Dahlman, of Omaha, Nebraska.

Among the other vice-presidents chosen were as follows: Colorado, Sam Dutton; Texas, C. C. Slaughter; New Mexico, George Curry; Wyoming, W. S. Collins; Arizona, W. T. McDonald.

Among the members of the executive committee chosen were: Arizona, A. M. Conrad; Colorado, Samuel P. Dutton; New Mexico, L. Bradford Prince; Texas, W. W. Turner; Wyoming, E. Crummins.

FELIPE ORTIZ SUCCUMBS TO HEART FAILURE

Felipe Ortiz, one of the best known residents of this city, died suddenly at 7 o'clock last night of heart disease, at the age of 72 years. He is survived by his widow, one daughter, Miss Adelaida Ortiz, two sons, Manuel E. and Celso Ortiz, several grand children and three brothers, Rafael, Ortiz, of Mora; Ramon Ortiz, of Albuquerque, and Ambrosio Ortiz, of this city.

The funeral will be held tomorrow morning at 7 o'clock. Services will be held in Guadalupe church and interment will be made in the parish cemetery.

Yesterday Mr. Ortiz felt as well as ever, although at dinner last evening he complained of pains about the heart, and did not partake of the meal. He retired after the family had finished dinner, and a short time afterward he expired in the presence of his widow and one of his sons. Alarmed at his condition, the fam-

ily called in a physician, but he did not arrive until Mr. Ortiz had breathed his last.

The deceased was born in this city and had lived here all his life. He was a deputy sheriff under Sheriff Antonio J. Ortiz, and was well known and respected throughout the county.

The chairman of each district will compile quarterly reports to the comptroller from the reports of the examiners covering the states in each district.

BRYAN ADDRESSES DEEP WATERWAYS CONVENTION

Chicago, Oct. 8.—The second day's session of the Lakes to the Gulf Deep Waterways convention was attended today by as great and enthusiastic an audience as that which listened to Judge W. H. Taft on the opening day. W. J. Bryan was the magnet of the second day's session and his appearance on the platform and introduction by David R. Francis, of St. Louis, was the signal for applause that forced the Democratic candidate to bow repeatedly and wait several minutes before delivering the first sentence of his speech.

At this afternoon's session Gifford Pinchot delivered an address on "Waterways and Their Conservation by the Government." After the roll

of states was called and ten-minute addresses delivered by many delegates, the session adjourned and the delegates prepared for a great automobile parade in which several thousand machines were in line. Mr. Bryan, after he had delivered his speech at the convention, addressed the Evanston students on the Northwestern University campus in the afternoon.

A. B. Wood, of Texas, chairman of the credentials committee, reported all the credentials correct and the report was adopted. A letter from J. J. Hill was read. He declared that the assertion that the railroad interests were hostile to the development of the country's waterways was one of the many cheap slanders by which the political campaign against the railroad interests had been promoted in the past.

A location for the proposed sanitarium to be constructed by the Knights of Pythias, was chosen at the closing session of the Grand Lodge. The report of the committee was approved and accepted and the site for the proposed institution was Las Vegas. It is reported that the ground has already been purchased. The lodge unanimously approved of the construction of the sanitarium in New Mexico for caring for the sick members of the lodge and it is reported that the work of construction will begin immediately.

John I. Isley for the past twenty years a resident of Silver City, died last week. Heart and kidney complications were the cause of his death. The funeral services were held from the family home and interment was made in the city cemetery. The services were in charge of Rev. J. M. Jackson, of the M. E. church. The deceased was 60 years of age and came to Silver City about twenty years ago. He is survived by a widow and two sons all of whom were with him at the time of his death.

Mrs. Adessa B. Walton has announced the marriage of her daughter, Miss Elizabeth Bell Walton to Mr. Jack Gage Stark, Wednesday, September 23 1908, at Kansas City, Missouri. The bride and groom are well known and popular in Silver City where they have resided for some time past. The bride is a sister of Attorney W. B. Walton, is a beautiful young woman, highly accomplished and numbers her friends by the score. The groom is an artist having been a student in Paris for a number of years and has occupied himself in following his art while in Silver City.

A very enjoyable time was spent Tuesday evening in Nara. Visa by all who were able to get into the Union church. The Nara Visa Kangaroo court was in session. A breach of promise case was heard, a number of local people taking part and acquitting themselves with credit. Some jig dancing and recitations were rendered, while the band furnished the music between all the numbers. In all, over \$26 was taken in, and on Wednesday morning a paper was circulated, asking the citizens to subscribe in order to purchase new suits for the band boys. In all the band got something over eighty dollars, which is sufficient to buy uniforms.

James Guest, 60 years of age, and for the past two years a resident of Blacktower is dead, as a result of a gunshot wound from a six-shooter, fired by his own hand, his body being found lifeless in front of the Garret blacksmith shop Tuesday morning. Guest left various letters, one of which was addressed to the Clovis Post, explaining his reasons for self-destruction. The story of his life is a pathetic one. Guest came from Ironwood, Michigan, where he was for a time wealthy, his estate being sufficient to keep him the rest of his days. He was estimated to be worth some \$50,000. He lost practically all his property on a fake mining scheme, and his wife left him, after which he came west in search of a new fortune. Shortly after his death his son arrived in Blacktower with a telegram from his wife, begging him to come back home. Mrs. Guest is reputed to have some \$20,000 in her own name. The body was sent back to Ironwood for burial.

Are You on Good Terms With Your Stomach?

Treat it right—its your best friend. Abuse it—and you'll find there's a limit. When the limit is reached, the stomach must rest. Kodol rests it.

That is what Kodol is for. The stomach cannot stop work; if it did you would stop existing. It cannot even take a vacation and "rest up"—except when it has Kodol to assist it.

Very likely you never gave a thought to how hard your stomach works. Most people don't until they have to. Sometimes, though, it costs less to do a little thinking before one has to.

Even the galley-slave of the ancients rested—at intervals. But the stomach of modern man works harder than the galley-slave, and it never rests of itself.

Kodol, of course, will rest the stomach, but that is something nature didn't provide for. If people now-a-days lived the way nature intended, it wouldn't have been necessary to provide for it. But they don't—that's the trouble.

Better keep on good terms with your stomach, if you can. Your health depends absolutely upon the perfect performance of the stomach's functions. Ever think of that—or why it is true?

The human body is composed of certain chemical elements. These are combined to form substances such as fat, protein, carbohydrates, mineral matter and water.

The food we eat is composed of exactly these elements. The stomach must disintegrate this food and correctly apportion it to the needs of the system. Looks like a lot of work for the stomach, doesn't it? No wonder it occasionally needs Kodol to help it do this.

The person who has the kind of a stomach that can do its own work continuously, without assistance has a good deal to be thankful for. Most people haven't that kind. That is why they require Kodol.

Kodol will do all the stomach's work for it, when necessary—giving it a period of complete rest. The rest that restores health. That's how Kodol cures indigestion—which is merely a good digestion "gone wrong."

People used to think that when they had indigestion they should stop eating or limit themselves to a prescribed diet. Others commenced purging with cathartics. All that is very disagreeable and unpleasant. Also, it isn't necessary.

Starvation or purging doesn't cure anything. Kodol doesn't cure anything either—but shows nature the right road, in short order. Kodol merely establishes complete and perfect digestion. It does this by digesting every particle of the food. The stomach then rests and cures itself. That is what was intended when Kodol was made. It couldn't be any other way.

Kodol is quite indispensable to a good many persons. To all, in fact, who haven't time in their daily lives for a careful selection of foods and diet. It very quickly enables nature to rectify any disagreeable effects of wrong eating.

Why Colds Are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious disease, Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by all druggists.

ANDREWS GETS BIG OVATION

Trip Through San Miguel County Successful

VOTERS TURN OUT EN MASSE

Republican Campaign Party Doing Telling Work for Delegate's Election.

The trip of Delegate W. H. Andrews through San Miguel county was a continuous ovation. He and his party arrived at Glorieta Saturday morning and thirty voters met them there and welcomed them to the town. There were no speeches made there but the delegate and his party shook hands all around and were well pleased with their reception. They drove through Pecos to the Valley Ranch, where they were royally entertained. In the party were Delegate W. H. Andrews, E. E. Baca, from Socorro; R. H. Sims, Eugenio Romero, and Lorenzo Delgado.

In the afternoon about twenty of the best residents of Pecos and the surrounding country called upon them and assured them that this year they were all working hard for the success of the Republican ticket and they assured Delegate Andrews and the members of his party that the precincts of Pecos, Chaparrito, El Macno and Alamosa would give a large Republican majority on November 3rd.

At 8 o'clock that night a meeting was held in the school house at Pecos, and to the surprise of the delegate, there were 165 men present who sat through the entire meeting and who were enthusiastic for the success of the party. It was a tousing meeting and speeches were made by Delegate Andrews, Eugenio Romero, Harry Sims, Atanacio Roibal, Pablo Sena and E. E. Baca.

Ovation All Along the Way.

On Saturday morning they drove to Rowe, where a meeting was arranged to be held in the town hall. On the road they were met by a local band of musicians, who, together with twenty of the residents of Rowe, escorted them into the village. One of the most enthusiastic meetings of the tour was held there, which was attended by seventy men.

At noon of the same day they took the train for Ribera where they were met at the station by a large crowd, and, after dinner, were escorted to the old town of San Miguel. The drive from Ribera to San Miguel was an ovation all the way and fully one hundred men met the party there. More than 150 men were present at the meeting in the evening at which Delegate Andrews, Eugenio Romero, Harry Sims, E. E. Baca and others made speeches. The enthusiasm was unbounded. During the afternoon and at dinner the party were entertained at the home of Rev. John Peter Moog.

On the whole it was one of the most successful and enjoyable trips that Delegate Andrews has taken. The

country was a revelation to him as he had no idea that there were so many beautiful ranches and fine homes in it, and he said at his meetings that the Pecos valley was well named the "Garden Spot of New Mexico."

Big Meeting at Las Vegas.

The reception at Las Vegas was none the less enthusiastic. It was the biggest thing in the way of a beautiful political demonstration that the city has ever seen, and Jose Sena, mayor of this city, who was on the platform is enthusiastic in the expression of his predictions for Republican success in the territory visited during the trip.

Delegate Andrews, Governor Curry, Eugenio Romero, ex-Governor M. A. Otero, Chairman H. O. Bursum of the territorial Republican central committee, drove home argument after argument in favor of the territorial and national Republican tickets, and the reception they received was the most enthusiastic ever accorded any candidate of the party in the history of the city. Governor Curry made a strong plea for the re-election of Delegate Andrews on the ground that statehood could only be secured in that way. Ex-Governor M. A. Otero nailed Larrasola's fallacious argument that he was the representative of the Mexican race in the territory, and declared that "we are all one people under one flag."

Eugenio Romero called Larrasola "a quitter," saying that he deserted the people of Las Vegas in the Las Vegas grant case.

H. O. Bursum made a strong plea for the re-election of Delegate Andrews and the speech of the delegate himself, was received with loud cheers.

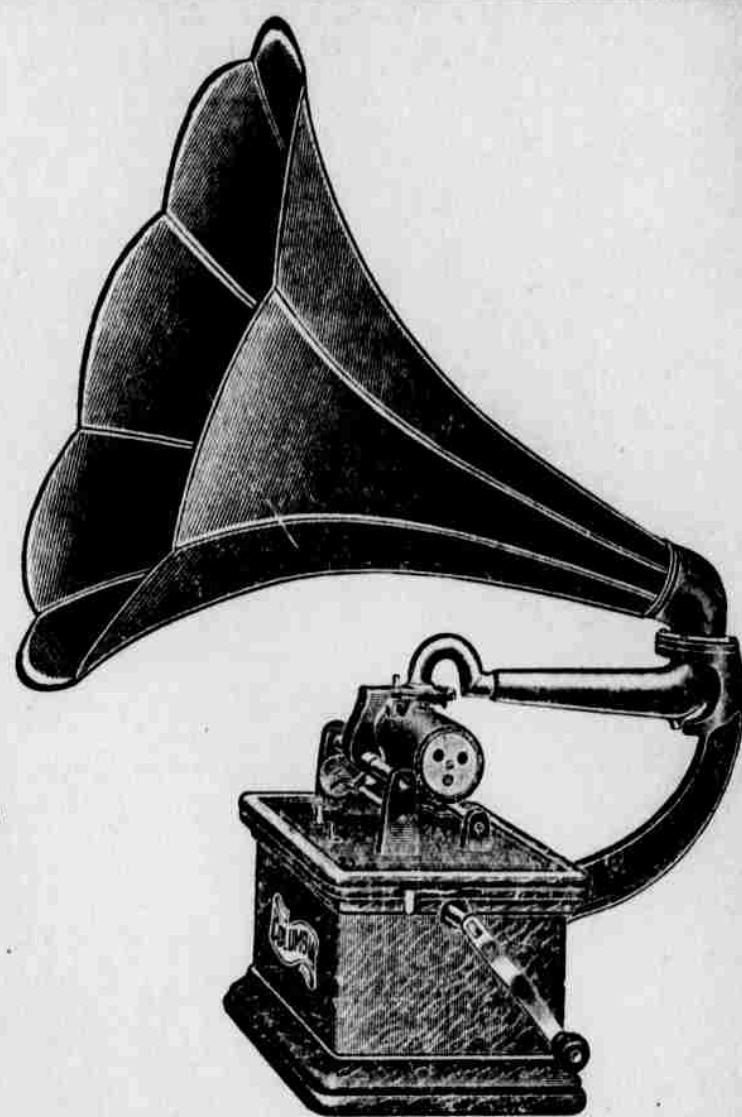

Mayor Sena of this city and Elias Baca of Socorro also spoke.

Frank Springer's eloquent and masterly argument for the re-election of Delegate Andrews was one of the features of the meeting, and drew round after round of applause, which at times was so great as to cause the speaker to cease speaking for five minutes at a time.

EDITORIAL GEMS FROM A COPPERHEAD SHEET.

One of the worst Copperhead sheets in New Mexico and one that is always lying about, and libelously assailing, Delegate W. H. Andrews is one published in the promising town of Roswell. But very fortunately it has no influence at all with the people of that city and Chaves county, because the people there know the "critter" and laugh at and despise it accordingly.

In order to let people over the territory know what sort of a "cussed" and despicable outfit the sheet is, the New Mexican herewith publishes some of what the hashish editor thinks are editorial gems:

"Mr. Larrazolo has a reputation for honesty and justice that cannot be assailed. He would make an honest delegate and the finger of reproach will never be lifted against the people of New Mexico for sending him to Congress."—Roswell Copperhead Record.

Only in your mind's eye, Horatio, no where else.

"Mr. Larrazolo is an honest, upright man without a blemish on his personal or political character."—Roswell Copperhead Record.

Come tell the truth and shame the devil.

"Mr. Larrazolo has not achieved a national reputation for political trickery and political manipulation."—Roswell Copperhead Record.

He never had a chance to achieve a record good or bad.

"Mr. Larrazolo was never a tool of any corrupt politician or set of politicians."—Roswell Copperhead Record.

He is only a member of the worst Democratic gang that ever existed in any state or territory.

"Mr. Larrazolo was not in Congress occupying the seat to which another man had been elected."—Roswell Copperhead Record.

No and he never will. The people have twice defeated him and will do so again November the third, next.

"Mr. Larrazolo has never had to resort to ballot box stuffing and alphabetical voting. Both are beneath the man."—Roswell Copperhead Record.

No. His supporters did it for him. He could send a few pesos and look on. That's where he was lucky.

"The Register-Tribune must produce its unknown authority or apologize. There is, however, another course, open to the Republican organ, and it is the one it will probably adopt; say nothing and let the people draw their own conclusion. This the people will do, and not to the credit of the local Andrews organ."—Roswell Copperhead Record.

No. To the discredit of Larrazolo they will vote against him.

IMPROVEMENT OF THE NATIONAL GUARD VERY NECESSARY.

Major General J. Franklin Bell, chief of staff of the regular army, who was in Albuquerque during the Sixteenth National Irrigation Congress and inspected the troops that were camped there, namely, a squadron of the Fifth United States Cavalry, a battalion of the Twenty-first Infantry, a battalion of the New Mexico National Guard Infantry, the battalion of the cadets of the New Mexico Military Institute at Roswell and the battalion of the cadets of the College of Agricultural and Mechanical Arts at Mesilla Park, awarded the first prize for efficiency, discipline and skill in drill and military tactics to the battalion of cadets of the New Mexico Military Institute.

General Bell also gave a sound scolding to the battalion of New Mexico National Guard, which was probably deserved in some points, but the general should have remembered that the New Mexico National Guard has not had much chance to drill or be instructed in military maneuvers and discipline. The officers and men must do all the military work voluntarily, give their own time and receive no pay. They assemble once or twice a year in a ten-day or two weeks' encampment, and drill occasionally at night or take part in Memorial Day or Fourth of July parades. There is some excuse for them.

On the other hand the New Mex-

ican is very glad once in a while to agree with its Democratic evening contemporary in the Duke City and herewith it publishes the account of General Bell's inspection during the Sixteenth National Irrigation Congress at Albuquerque:

"The New Mexico militia officers are very much incensed at Major General J. Franklin Bell, chief of staff, United States Army, who attended the military encampment last week. Last Friday morning General Bell called at the New Mexico camp and when asked to speak, said:

"There is no comparison between the Roswell cadets and the several companies which represent the New Mexico National Guard. Before you can attain the state of proficiency, which these men have shown you have many, many years of work."

"Bell praised Roswell to the skies, saying that the military school was the third in the United States—the West Point Military Academy and the Virginia Military Academy ranking only ahead of Roswell.

"For thirty minutes General Bell raked the territorial soldiers up one side and down another, finding fault with practically everything and thoroughly criticizing their work as soldiers. He nevertheless emitted some praise, but the roasts overshadowed the praise.

"Governor Curry followed General Bell. He thoroughly praised the soldiers, especially the Roswell cadets.

"General Bell then resumed his talk, apologizing slightly for his roasts, but nevertheless stating that there was no comparison between the militia and the cadets.

"General Bell left Albuquerque on Friday night. He refused to talk to territorial officers who endeavored to explain certain deficiencies."

EX-GOVERNOR PRINCE SHOULD BE ELECTED TO THE COUNCIL.

The New Mexican is pleased to note, that the Enterprise, a strong Republican paper published at Farmington, a prosperous and growing town, in San Juan county, is a strong supporter of the election of the Hon. L. Bradford Prince of Espanola as the Republican candidate for the legislative council from the counties of Rio Arriba and San Juan. The Enterprise, in its support of the ex-governor who is a loyal and true citizen of Rio Arriba county, gives this eminent citizen, ex-chief justice and ex-governor of New Mexico, deserved encomium and credit, editorially preaching his campaign in the following very strong and just language:

"The selection of ex-Governor L. Bradford Prince for the council from the district composed of San Juan and Rio Arriba counties is one which will be most pleasing to the citizens of this county. Governor Prince, through a long and active career, has distinguished himself in more ways than any other citizen in New Mexico. He came to the territory first as its chief justice in 1879 and served with honor in that capacity for four years. Later under the administration of President Benjamin Harrison he served as governor and made one of the best ones we have had. He has been the most energetic student of New Mexico and Southwestern history during the past generation and is the author of the only history of New Mexico which is worthy of the name. He was the founder and is the chief patron to this time of the Historical Society of New Mexico. He is one of the leading archaeologists of the Southwest. He has served two or three times as President of the Mining Congress. He has been one of the leading and constant advocates of irrigation and an influential factor in the International Irrigation Congress since its organization. He has been the president and was the founder of the New Mexico Horticultural Society and has done much to promote fruit raising in the territory. In brief he has worked more diligently, continuously and in more ways for the advancement of New Mexico, politically, commercially and scientifically than any other man in it during the last three decades. The Republicans of this district have honored them selves in nominating him and the people will honor themselves by his election. That Governor Prince will use his best efforts to pass laws that will be of benefit to the people, not even his political opponents, will question."

SHOWING UP LARRAZOLO'S DUPLICITY.

The News which appears in the enterprising and growing town of Clovis, in Roosevelt county, an important railroad junction point on the Pecos Valley and Northeastern and the Eastern Railway of New Mexico, although published in what is regarded a strongly Democratic county and town, is battling hard and manfully for Republican success and the victory of Delegate W. H. Andrews and in a recent editorial treats the campaign by Democratic Candidate Larrazolo and the Democratic bosses in a very vigorous and telling manner. The paper insists that Larrazolo whom the Democratic party is trying to "saddle" upon the people of New Mexico speaks differently in the western part of the territory than he does in the eastern part—the reason—Native people predominate. In a speech at Albuquerque he tried to bring up the race issue. Says the News:

"Democratic Candidate for Delegate O. J. Larrazolo addressed a public meeting at Abiquiu recently. On account of the day being Sunday, he had quite a large audience, consisting of Republicans and Democrats.

"The speaker was stationed upon the porch of the store of Henry Grant. He was enthusiastic and full of hope although his voice was somewhat weak. He made quite a talk on statehood, accused the Republicans of keeping New Mexico out of the union and assured his hearers that if he and the Democratic ticket were elected, statehood would surely come at an early date. He said in substance that by sending him to Congress he would see to it that the native New Mexicans were recognized, first by self-government and second to hold office.

"He also charged that the Republicans swindled him two years ago by dishonest counting of the votes, by which Delegate Andrews was declared victorious.

"He said that if he should be elected he would see to it that the schools would be free from politics but he did not state how he would do that. He also did not inform his hearers that the delegate to Congress has nothing to do with the conduct of the public schools of the territory. He did not tell them that that was a question simply and solely for the voters of the territory and that the delegate in that respect had nothing to say about it whatever.

"At the close of his speech he thanked the people of Abiquiu for the majority that they gave him two years ago and told them he wanted them to give him a greater majority this time as he was a native of the native Spanish speaking people of the territory and therefore entitled to their votes, regardless of party.

"It now develops that Mr. Larrazolo was born in Chihuahua, Old Mexico, his statement in Clovis to the contrary notwithstanding."

JUDGE TAFT A FRIEND OF THE COLORED RACE.

In a recent speech in Kansas City, Missouri, before an audience which packed the Independence Baptist church, Judge William H. Taft put himself squarely on record as the true and conscientious friend of the colored people of the United States and emphatically and strongly denied the charges made against his record concerning the colored soldiers and the colored citizens generally, cast broadcast over the country by William Jennings Bryan, Democratic stump speakers and Democratic newspapers.

The language of Judge Taft should appeal to colored voters all over this country to stand by the Republican party and by Taft and Sherman. The record for the past fifty years shows that with the Republican party and with a Republican administration they are safe, while on the other hand, in the eleven southern states they have no more rights as citizens than have magpies. In the eleven southern states the colored men are absolutely disfranchised whereas the Republican party gives them a fair deal.

Judge Taft was informed by a committee which had been waiting for him that a large meeting of negro men and women had assembled in the Independence Baptist church in Kansas City, Missouri, with the full expectation that he would come there and say just a word.

As Mr. Taft put it when he stood before the negro audience:

"I'm just looking in on you a moment as I go by."

"He then told his hearers that he was a friend of the race had always been one, and had strong beliefs regarding their condition and future. They faced, he said, a problem which the race itself must solve. He said he believed the negroes of the United States would solve the problem and solve it right.

"You must make yourselves useful members of the body politic," he said, "and to do this you must educate yourselves industrially and thoroughly. You must learn to be frugal and husband your resources. Your development along these lines has been great and there is but one prediction that can be made as to the future, and that is a bright one."

What Mr. Taft said moved the audience to great enthusiasm, and the speakers of the race who followed him made no pretense of concealing their political sentiments. The candidate was roundly applauded as he left the meeting, which continued with speeches strongly indorsing his policy.

The Saving Habit

If you are tardy, you have some of your money left over. The extra money is the foundation for future riches, if you will only persistently save it. What if it does only amount to a few dimes or nickels a day—there are going to be a great many days in your life and these dimes and nickels will grow into a good large sum. The opportunity may come, when a few hundred dollars might change your whole financial condition; Might mean buying an interest in some growing business; Might give you a chance to grasp your next opportunity.

AND WHAT IS THE USE OF ALL THIS?

Anselmo Armijo, living at 124 Cerrillos street, Santa Fe, New Mexico, says: "For several years my wife suffered a great deal from backache and rheumatism. The medicines that she used proved of no avail, and finally she commenced taking Doan's Kidney Pills which were procured at Ireland's Pharmacy. The genuineness of this medicine as a cure for the kidneys was amply proven in her case.

After using the contents of five boxes she was a well woman and has enjoyed good health ever since."

MOPIARTY NEWS ITEMS

(Special Correspondence)

Moriarty, N. M., Oct. 8.—Horace M. Sawyer is having erected on West Central avenue a commodious and up to date frame building, which, when completed, will be occupied as a barber shop and bath room. Mr. Sawyer's business has increased to such an extent that new and larger quarters are necessary.

Trinidad Romero is having material hauled for his new dwelling which will be erected on the corner of Sixth street and Lincoln avenue. The house will be of adobe, 28x28 feet and will be a creditable addition to the residence section of Moriarty.

Yesterday, J. B. Hayward, townsite agent for the New Mexico Fuel and Iron company, completed the sale of lot 12, of block 34 to Miss Ethel M. Thompson. Miss Thompson will doubtless improve her lot in the near future.

Mrs. Anna L. Townsend of Farmington, Iowa, recently arrived in Moriarty. She is well pleased with Moriarty and surrounding country and has already taken steps towards securing title to a quarter section of land which will be improved and worked at once.

Miner McCrary, of Farmington, Iowa, recently arrived with a car load of household goods, farming implements, etc., and has taken possession of his claim northwest of Moriarty. Mr. McCrary is a practical farmer and is now erecting substantial farm buildings.

Mrs. Hayward who has been ill for the past week is now reported as greatly improved.

Miss McCrary left this week for Santa Fe, where she will remain for the winter in attendance at one of Santa Fe's fine schools.

Walter Maxson of Knoxville, Iowa, recently completed the erection of a dwelling house on his claim north of Moriarty. He will add other improvements in the near future.

Mrs. Charles L. Lease left last week for an extended visit to her old home in the state of Oklahoma.

The Hughes Mercantile company have this week added several hundred feet of shelving to their fixtures. They have also moved the office to the rear of the store. The added room was necessary to accommodate their ever increasing stock of general merchandise.

Commissioner Hayward reports a number of filings made the past week, most of them being on land relinquished by the original entrymen or filings made by successful contestants. Land that was being passed over

as worthless six months ago is now nearly all filed on as people are beginning to realize the value of land in the Estancia valley and also that the open land is very near a thing of the past. This season has proved, even to the chronic kicker, that the country tributary to Moriarty is bound to be a great agricultural county, a country of fine homes and of contented people.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch, also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the restorative treatment patients say they realize a gain. Sold by The Ireland Pharmacy.

The New Mexican Printing company has ready and for sale up-to-date and correct compilations of the territorial incorporation laws, price 75 cents, of the territorial road laws, price 50 cents, and of the territorial mining laws, price 50 cents per copy. Pure, healthful toasted grains, malt, nuts, etc., have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute," too! No tedious 20 to 30 minutes boiling. Test it and see! Dr. Shoop created Health Coffee that the people might have a genuine coffee substitute, and one that would be thoroughly satisfying in every possible respect. Sold by Cartwright-Davis Co.

More Than Enough is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by all druggists.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the New Mexican.
