DIPLOMACY MAY PREVENT WAR

Situation in Near East Less Critical

INDIGNATION SUBSIDES

Servia and Other Countries Involved Take Calmer View of Trouble.

London, Oct. 12.—News received this morning from the storm centers in the near East, confirm the belief in London that the Powers will find a friendly solution of the crisis which has agitated Europe for more than a week. Servia, it is now thought, has fallen in line with the other countries directly interested and is taking a more quiet view of the situation. The resolution of the Servian Assembly passed today amounts to practically a vote of confidence in the government. Great Britain has receded from her previously expressed determination to confine the questions to be discussed by the proposed International Conference regarding the Balkans to the recent events in Bulgaria, Bosnia and Herzovinia.

ASSEMBLY WILL SUPPORT SERBIAN GOVERNMENT

Belgrade, Oct. 12.—The Skupshchina in extraordinary session today adopted unanimously a resolution to the effect that it reposes full confidence in the government and that as a result of the steps taken by it expects vigorous activity will be displayed for the protection of the nation and its threatened interests. With this object in view the Skupshchina will support the government to the fullest extent. The Skupshchina has sent an encouraging letter of greeting to the Montegrin national assembly, which met today and voted an extraordinary credit of \$32,000,000 to the ministry of war. Further important decisions are expected.

MONTENEGRO CALLS IT A CRYING WRONG

Cettinje, Montenegro, Oct. 12.—The war fever resulting from the annexation by Austria Hungary of Bosnia and Herzegovina has been strengthened by a message to parliament from Prince Nicholas who declares the act of Austria has inflicted a crying wrong upon the people and that they are prepared to sacrifice the last drop of blood unless peaceful endeavors result in this grievance being immediately righted. The message was received with prolonged cheers.

BERLIN IN RECEIPT OF ALARMING DISPATCH

Berlin, Oct. 12.—The Daily Anzeiger publishes a dispatch from Belgrade to the effect that the Servian customs officials on the frontier, have taken forcible possession of the Hungarian customs house and that the people of Belgrade have burned another Austrian flag on the public square. The Servian government correspondent says in conclusion that the king appears to be unable to withstand the warlike tendencies of the people.

CRETE FORMALLY DECLARES UNION WITH GREECE

Canea, Island of Crete, Oct. 12.—The Cretan parliament met here today and formally voted a union of the Island of Crete with Greece.

SOLE SURVIVOR OF FAMOUS SOUTHERN FAMILY DEAD

Gallipolis, O., Oct. 12.—Mrs. Ruth Early Nash, a sister of General Jubal Early, of the Confederate army, died here last night. She was the last of this famous Virginia family.

SENATOR ELKINS DENIES ENGAGEMENT OF DAUGHTER

Pittsburgh, Oct. 12.—In an authoritative statement given out here today, United States Senator Stephen B. Elkins, of West Virginia, branded as untrue the alleged newspaper interview printed yesterday, crediting his wife with saying there was no engagement between Miss Katherine Elkins, and the Duke of Abruzzi. In an emphatic manner Senator Elkins said neither his wife nor himself could give such an interview for the simple reason it

SLOGAN IS ANDREWS AND STATEHOOD

Voters of Southern Union and Eastern Quay Counties Will Cast Republican Ballots

Special to the New Mexican. Nara Visa, Oct. 12.—The Andrews' political meeting which took place here Saturday night, was a great success. There was a very large crowd and the reception was very cordial. The following were the speakers who were closely listened to and loudly applauded:

Delegate W. H. Andrews, Harry Sims, of the Valley Ranch; Mayor Jose D. Sena, of Santa Fe; Attorney Ralph C. Ely, of Deming, and several local speakers.

The people of this section of eastern Quay county exhibit intense interest in statehood and for statehood and Andrews.

They know that they cannot get statehood from the Congress of the United States unless Delegate Andrews is re-elected and the Republican ticket is successful.

The public slogan throughout Union and eastern Quay counties, is "Andrews and Statehood."

The Republican majority in these sections will be great. It is expected that Union county will give at least 300 majority.

INDIANS VICTIMS OF DEADLY DISEASE

Mysterious Malady Wiping Out Tribes on James and Hudson Bays in Far North.

New York, Oct. 12.—A deadly disease, in some respects like grippé, but highly contagious and far more mortal than grippé in this climate, has attacked already the depleted tribes of the Cree Indians on the shores of James and Hudson bays, killing men and women and children by the scores.

Alonso Skinner, of the Department of Anthropology of the American Museum of Natural History, who recently returned from an exhaustive study of the people of that country, brought the news of the terrible plague to this city.

"The disease apparently comes from nowhere," said Skinner. "No one ever heard of it before. The people are panic stricken. The sickness starts with a cold, followed by a cough, fever, nausea and finally death."

AMERICAN AERONAUTS HAVE HAIRBREADTH ESCAPE

Berlin, Oct. 12.—A. Holland Forbes and Augustus C. Post, the American aeronauts, who yesterday had a narrow escape from death when their balloon, the "Conqueror," burst in the air at an altitude of four thousand feet, had completely recovered this morning from the effects of their thrilling experience. They owe their lives to the fact that the balloon opened like a parachute, when half way down, allowing them to descend gradually.

THAW IS RECOMMITTED TO MATTEWAN ASYLUM

White Plains, N. Y., Oct. 21.—Justice Mills in the supreme court here today recommitted Harry K. Thaw to Mattewan asylum for the criminal insane. Justice Mills denied the application for a jury trial to inquire into Thaw's sanity. He also denied the motion to discharge him from custody on the ground that the jury at the last trial did not find him insane. Thaw will have to remain in the state asylum until the Court of Appeals shall decide whether he is entitled to a hearing before a jury.

PRESIDENT RETIRES COLONEL STEWART

Washington, Oct. 12.—Colonel William F. Stewart, who has been in exile at the ungarisoned post at Fort Grant, Arizona, has been retired from active service. The report of the board which examined Colonel Stewart was presented to the president Saturday and he immediately directed that the Colonel be retired. Colonel Stewart, who is now in this city, was notified of the President's action.

ANDREWS AND STATEHOOD WILL CARRY DAY ON NOVEMBER THIRD

Governor Curry and Chairman Bursum Predict Big Republican Majority

CAMPAIGN PARTY RECEIVES CONTINUOUS OVATION

Great Crowds Greet Speakers at Every Meeting--Democrats Who Want Self-Government Will Put Aside Party Issues.

Governor George Curry and Chairman H. O. Bursum of the territorial Republican central committee returned yesterday from a week's trip through northeastern New Mexico. Governor Curry will remain here for three or four days to attend to urgent business, and Chairman Bursum will be in Santa Fe two days before he starts on another swing around the circle. Governor Curry spent the last of the week at Albuquerque, where he attended the final exercises of the exposition and the Montezuma ball.

Both Governor Curry and Chairman Bursum were enthusiastic over the success of the speaking tour and they are both of the opinion that never before has northeastern New Mexico been the scene of such whole-souled enthusiasm or such unrestrained demonstrations as were accorded Delegate Andrews and the party of speakers who accompanied him.

Continuous Ovation.

"The trip was one continuous ovation from Lamy to the Colorado line," said Governor Curry yesterday. "Every place we stopped or passed through sent out their hundreds and thousands to welcome us, and hail Delegate Andrews as the next representative of the territory in Congress. The people of northeastern New Mexico are deeply interested in the live issues of the campaign and that they were in favor of the re-election of Delegate Andrews was demonstrated clearly by the enthusiastic reception they gave him and his party."

"Every town, village and hamlet we passed through or visited vied with its neighbor in an endeavor to accord the most cordial welcome to us, and the novel arrangements made in many of the places for our reception showed more clearly than anything else could, that the people of that section of the territory are heart and soul in favor of the return of Mr. Andrews to Congress where he has been and where he will be, of the greatest benefit to the entire people of New Mexico."

Statehood Paramount Issue.

If anything was needed to get the votes of that part of the territory the trip was just the thing. Thousands of Democrats who have heretofore voted for the opponent of Mr. Andrews, shouted and cheered for the delegate wherever he appeared, and it was not difficult to see that they had made up their minds to vote on November third, for statehood and Andrews. The people of northeastern New Mexico, realize, as do the voters of every other section of the territory, that to win statehood this year it is necessary to re-elect Delegate Andrews to Congress, and every other issue has been lost sight of. The people want statehood and they know how to get it. This will be shown by the majorities which will be piled up in San Miguel, Colfax and Mora counties on election day.

Fitted For Self-Government.

"If anyone believes that New Mexico and her people are not yet well enough equipped to assume the burden and dignity of statehood, a trip, such as we have just completed, would soon dispel his illusion and show him that every citizen of the territory is alive to the vital issues of this campaign which will have such a marvelous effect upon the destiny of the territory. Not only the intelligence shown by our audiences but the poignant interest manifested in the outcome of the campaign and the realization of its effect upon the future of New Mexico, would have done credit to any people on the face of the earth. The people have a firm faith in the fact that without Andrews' election this year the dream of statehood may as well be put aside, and that with his return to Congress as the representative of our territory, statehood is assured. This will mean handsome majorities from that part of New Mexico, which in former years has gone Democratic for Delegate Andrews on November 3rd."

Chairman Bursum sanguine. Chairman Bursum was as enthusiastic

over the outcome of the trip as was Governor Curry. "You cannot imagine what an intense interest the people of that part of the territory are taking in the present campaign and the issues on which it is being fought," he said to a representative of the New Mexican. "I never saw such unrestrained enthusiasm as was manifested in the continuous ovation which was accorded to Delegate Andrews and his party during the trip. We visited Las Vegas, Mora, Sapeño, Watrous, Wagon Mound, Springer, Raton, Cimarron and other places, and everywhere the people were wild in their demonstration of welcome."

At Mora there was a procession of people that extended over a mile and a half, which came out to the town limits to meet us and escort us to the place of meeting. Three hundred horsemen, handsomely mounted with several hundred school children and men and women were in line, and a float was provided on which Governor Curry and Delegate Andrews rode into town. Needless to say there was an overflow meeting at the court house. Miss Kelly, of Mora, dressed in white, delivered an address of welcome, and this interest of everyone, men, women, and children, can be taken as indication of how the election is going to result in Mora.

Open Air Meetings Necessary.

"At Cimarron we couldn't find a hall big enough to accommodate the crowd of 1,500 or more men who attended the meeting and we were accordingly forced to go out into the open air to make the speeches."

"At Wagon Mound and other places, where only one meeting had been scheduled, so many people presented themselves for admission, that we were compelled to hold two meetings in order that all who wished to hear the speakers discuss the campaign issues, might do so. A torch light procession and a barbecue at Cimarron, made the day of our appearance there a continuous holiday and the people gave themselves over to merrymaking."

Democrats For Andrews

"I know that several thousand Democrats in Union, Quay, Mora, San Miguel and Colfax counties who voted for O. A. Larrazolo two years ago, will this year cast their ballots for Delegate Andrews, and help return him to Congress by a handsome majority and the same condition prevails all over New Mexico. As Governor Curry said, the intelligent people of the territory realize that statehood is impossible unless Delegate Andrews is re-elected and they are casting all other issues to the winds and are coming out strongly in favor of Delegate Andrews as the only man who can secure for them their great ambition."

"Party lines will be too weak to hold them and they will come over in great numbers on November third, and vote for statehood."

"Delegate Andrews himself, has also spoken at Des Moines, Folsom, Clayton and Saturday night at Nara Visa, where he received a great ovation, and the outlook in that part of the territory is that the Republicans will carry the election by one of the largest majorities ever recorded in the territory."

Great Credit Due Speakers.

"Great credit is due the speakers from the counties which we visited for the fervid manner in which they impressed upon their people the necessity of voting for Andrews if they wish to secure statehood this year, and their words fell on willing ears indeed."

"The campaign is nearing its close now, and you may say for me, that I personally and every one interested in the campaign have not the slightest fear of the result. New Mexico will give Delegate Andrews a handsome majority and in so doing will secure for herself a position of equality with the states of this great United States."

Chairman Bursum said that while they had hard work, none of the party felt any worse for the trip, and that the throats of all the speakers had stood the strain very well.

DEATH SWIFTER THAN WOULD-BE RESCUERS

David McKeller Drowns at Wagon Mound While Men Feverishly Build Raft to Save Him—Two Survive.

Special to the New Mexican.

East Las Vegas, N. M., Oct. 12.—While dozens on shore were feverishly constructing a raft with which to rescue a party of three clinging to a cap-sized boat in the middle of the big lake at Wagon Mound, David McKeller one of the unfortunates, could hold on no longer, and without a word slipped under the surface and his body has not yet been recovered. The two survivors were pulled onto the raft ten minutes after their companion had sunk from sight.

Miss Baughman, the young governess of the children of S. Vorenberg; Dr. Andres, a guest at the McKeller home, and Judge McKeller, left for the lake early Sunday afternoon for a sail. They launched their boat from the south end which is protected from the wind and the water was comparatively smooth.

After they were away from the shore they hoisted a sail, but they had gone but a short distance, when they were struck by a fierce gust of wind. The little vessel veered over and shipped a large quantity of water and slowly settled and overturned. All three members of the party succeeded in getting hold of the bottom of the boat and held on up to their necks in almost icy cold water.

ARE FOR ANDREWS AND STATEHOOD

Prominent Business Men Will Vote For the Delegate in Union and Quay Counties.

Special to the New Mexican.

Tucuman, N. M., Oct. 12.—The tour of Delegate W. H. Andrews and party through the northern and eastern counties of New Mexico is one triumphal procession. Crowds greet the party at the trains, hotels and meetings. Des Moines, Folsom, Clayton and Nara Visa have had immense non-partisan meetings with men of all political parties shouting for Andrews and statehood.

Speeches have been made everywhere by Delegate Andrews, Ralph C. Ely and Harry Sims. At Nara Visa, Ely received an ovation at the conclusion of his talk. The speeches are arousing great interest and enthusiasm and prominent business men say they are going to vote for Andrews and statehood. The vote will be unprecedented in the counties visited.

COLONEL H. H. BETTS WILL SHOW THEM

The Republicans of Grant county in connection with delegates from Luna county have nominated H. H. Betts, of Silver City, as candidate for the house of representatives from the two counties named.

Colonel Betts is very well known and popular and it is believed will be elected. If so he will make a first class member of the house.

DETROIT WINS THIRD GAME FROM CHICAGO

	R. H. E.
Detroit	8 13 3
Chicago	3 7 1
Batteries—Mullins and Thomas; Pfeister, Reulbach and Kling.	

The Game in Detail.

Chicago, Oct. 12.—With two defeats chalked up against them, Detroit played the third game of the series for the world's baseball championship with Chicago this afternoon at South Side Park before a large crowd. The Chicago players were confident as a result of their two successive victories, but the Detroit club was not by any means discouraged. The weather was chilly and overcoats and rugs were much in evidence among the spectators.

A good sized crowd was in line early to secure tickets. By 2 o'clock the grand stand and boxes were filled, but there were many vacant seats in the bleachers. The attendance at the games has fallen far below expectations, due in a great measure to the cold weather. The game was not called until 2:15 o'clock.

Score By Innings.

First Inning—As on Saturday, Detroit started off with a rush. O'Terry, the first man up, hit safely, was advanced to second on a sacrifice by Crawford and got home on a hit by Cobb. Chicago was retired in one, two,

TAFT TO INVADE LAND OF DIXIE

Insists on Trip Through Southern States

ESTABLISHES A PRECEDENT

Starts on Campaign Tour Which Will Last Until Eve of Election.

Cincinnati, O., Oct. 12.—William H. Taft, Republican candidate for the presidency, left here this morning for a continuous campaign tour, extending over many states and which will not end until the night before the election. Taft during the tour begun today will invade the Solid South. He will probably be the only Republican candidate for the presidency who has ever spoken in the Southern states. He will speak in Richmond, Virginia and will make a whirlwind trip through Maryland, West Virginia, Kentucky, Tennessee and North Carolina.

The attention given to the Southern states does not indicate any belief on the part of the Republican managers that such states as Virginia and North Carolina can be carried for the Republican ticket. Mr. Taft made some promises which he insists shall be carried out, and in spite of the fact that National Chairman Frank H. Hitchcock considers the southern visit largely a waste of time, it will be made.

Candidate's Itinerary.

Mr. Taft will speak in the heart of the old Confederacy on October 17 and on the same day before he reaches the Virginia capital he will talk in Greensboro, North Carolina.

Mr. Taft will be in Tennessee on October 16, speaking in the morning at Chattanooga, at Knoxville in the afternoon, and at Bristol in the evening. The last meeting is for both Virginia and Tennessee, Bristol being a border city.

He then starts for Washington by way of North Carolina and Virginia, speaking at Greensboro in the afternoon and at Richmond at night. He will be in Washington on October 18 and he goes through New Jersey on October 19, speaking at Trenton, Newark and Camden. The same evening he will speak in Baltimore and the next day takes him into West Virginia, speaking in Parkersburg in the evening.

Finish in New York.

From there he returns to Ohio and on October 22 takes up a tour of Indiana, which is scheduled to deliver him in Chicago for the last big mass meeting of the campaign here on Saturday, October 24.

three order. Score, Detroit 1; Chicago 0.

Second Inning—No runs. Third Inning—No runs. Fourth Inning—In this inning Chicago got busy. A base on balls, two stolen bases, two safe hits and two errors, netted Chance's men a total of three runs. Detroit was blanked. Score, Chicago 3; Detroit 1.

Fifth Inning—No scores.

Sixth Inning—Detroit scored five runs in this inning on a series of hits and errors. Chicago was retired without a run. Score, Detroit 6; Chicago 3.

Seventh Inning—No runs.

Eighth Inning—Detroit increased her lead in this inning by scoring two more runs, to Chicago none. Score end of eighth, Detroit 8; Chicago 3.

Ninth Inning—In a desperate attempt to stem the tide of defeat and hoping to win out in this inning, Captain Chance sent Reulbach in to pitch, but it was too late. Neither side scored this inning and the game ended with the score 8 to 3 in favor of the Tigers.

Sunday's Game a Pitcher's Battle.

Chicago won Sunday's game, which was the second one of the world series, by a score of 6 to 1. The batteries were: Chicago—Overall and Kling; Detroit—Donovan and Schmidt. Neither side scored for seven innings, both pitchers being invincible. In the eighth inning, however, Tinker broke the ice with a triple, after which Donovan weakened. Chicago made six hits in this inning for a total of twelve bases, scoring six runs. In the ninth Detroit scored the only run made during the game. The score:

CARLSBAD COTTON GIN IN OPERATION

Citizens Raised the Money to Build It—Pecos Valley to Send Exhibit to Dallas Fair

(Special Correspondence.)

Carlsbad, N. M., Oct. 12.—The cotton gin at Carlsbad has begun operation. The citizens raised the money among themselves and built this gin this summer for the convenience of the cotton growers in the neighborhood of Carlsbad, the nearest gin being twelve miles away. It is a two-story gin of the latest design, and is operated by electric power furnished by the Public Utilities company. It is only within the last few years that cotton has been grown commercially in this vicinity, and this year there are 2,000 acres planted in cotton. The crop is turning out very well, and is expected to average nearly a bale to the acre for the entire acreage. Several hundred acres of cotton are grown between the rows of trees in orchards, planted the past two years. Experience demonstrates that cotton does not interfere with the growth of the trees, while it gives the owner some returns from his land while he is waiting for his trees to come into bearing.

The Pecos Valley is planning to send a representative exhibit to the Texas fair at Dallas. The exhibits from the various towns in the valley that won so much admiration and praise at the Interstate Exposition and territorial fair at Albuquerque will be used as a nucleus. The Eddy county exhibit was awarded the Hearst Trophy for the best county exhibit in a competition in which California, Arizona, Utah, Colorado and New Mexico and Chaves count got second place. These exhibits were complete in the way of farm and orchard products. The matter of preparing the exhibit for the Dallas fair is being considered by the Commercial Clubs of Roswell, Artesia, Carlsbad and other towns in the valley.

DAN CUPID BUSY IN ESTANCIA VALLEY

Dan Cupid seems to be getting in his work in the Estancia Valley, judging by the numerous weddings that are taking place there. The following are reported for last week:

Bivins-Lee.

Jesse Pevins and Miss Rosa Lee, young people of Estancia, were united in marriage last Monday by Elder W. D. Wasson of the Church of Christ. The young people are well known throughout the valley and have many friends who wish them a happy life.

Spore-Lyons.

A very quiet wedding occurred at the residence of Mr. and Mrs. S. Spore, three and one-half miles east of Estancia Tuesday of last week, when their eldest daughter, Nannie Elizabeth, was joined in holy matrimony to D. W. Lyon, by Rev. W. A. Pratt, "the marrying parson," pastor of the Methodist church. Only the immediate family of the bride was present and some of her uncle's family who live on an adjoining claim. Will Lyon, is a graduate of the Gem City Business College, of Quincy, Illinois, and took up his residence in the Estancia valley from his home in Missouri, almost two years ago, most of which time he has been in the employ of the Hughes Mercantile company of Estancia and Moriarty. Miss Nannie settled in the valley with her parents, upwards of two years ago, they being some of the numerous Newkirk, Oklahoma citizens.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. S.S.S. CONTAINS NO MERCURY

Medicines containing Mercury are often given to persons suffering with Contagious Blood Poison, and so powerful is the action of this drug that it frequently removes the symptoms in a short while, and shuts the disease up in the system to do greater damage to the delicate internal members. When, however, the treatment is left off, the disease always returns, and the patient finds that his health has been injured by this powerful mineral, and he is often left with weak stomach, disturbed digestion, mercurial rheumatism, etc. The action of S. S. S. is entirely different. It contains no Mercury, nor any other harmful drug, but is made entirely of healing, cleansing roots and herbs. It cures Contagious Blood Poison by removing the virus from the blood. It searches out every particle of the poison and does not leave the least trace for future outbreaks. S. S. S., in addition to curing the disease, builds up and strengthens every part of the body. Its fine tonic effects tone up the stomach and digestion, improve the appetite and regulate the entire system. Home treatment book containing valuable information about the different stages of the disease and any medical advice desired sent free to all who write.

TERRITORIAL NEWS NOTES

Luna county cattlemen are reducing their herds as much as possible by sales in anticipation of an unfavorable winter season.

The Torrance county Republican convention has been called to meet at Estancia, October 17th for the purpose of nominating candidates for the various county offices.

A. Turner, D. L. Meyers, A. E. Meyers, J. J. Hagerman, John W. Poe, E. A. Cahoon, E. P. Ripley, J. E. Hurley, J. C. Paul and J. N. Freeman were re-elected directors of the Pecos Valley and Northeastern Railroad company at the annual election held last week at Roswell.

Word has been received by the secretary of the Willard Townsite and Improvement company that the patent to the forty acres of the Willard townsite, concerning which proceedings have been pending so long before the interior department at Washington, is now in the United States land office at Santa Fe, and that it will be only a matter of a few days until it is placed on record and all question as to completeness of title to lots on that part of the townsite will be decided forever. It will be a good thing for the lot owners as well as for the townsite company. The lot owner can be fully satisfied that his title is perfect, and the owners of the townsite will no doubt sell more lots.

WORK THAT TELLS.

Plenty of It Has Been Done Right Here in Santa Fe.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Santa Fe. People who testified years ago to relief from backache, kidney and urinary disorders, now declare that relief was permanent and the cure perfect. How can any Santa Fe sufferer longer doubt the evidence?

Thomas Quintana, living on San Miguel St., Santa Fe, N. M., says: "I am just as strong in my praise of Doan's Kidney Pills today as I was five years ago when they cured my wife of backache, which at times annoyed her greatly. The use of three boxes of Doan's Kidney Pills procured at Ireland's drug store completely rid her of this trouble and during the time which has passed, she has had no occasion to use any medicine for disordered kidneys."

For sale by all druggists. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Why Colds Are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious disease, Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by all druggists.

The New Mexican Printing company has on hand a large supply of pads and tablets suitable for school work, the desk, and also for lawyers and merchants; good everywhere. We will sell them at 5 cents in book form.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and as a large and growing circulation among the intelligent and progressive people of the Southwest.

REPUBLICAN TICKET.

For President—William Howard Taft, of Ohio
For Vice-President—James Schoolcraft Sherman, of New York
For Delegate to Sixty-first Congress—W. H. Andrews.
For Member of Council From Santa Fe and Sandoval Counties—T. B. Catron
For Member of the House From Santa Fe and Sandoval Counties—E. A. Miera

ATTENTION SANTA FE COUNTY VOTERS.

The New Mexican deems it the duty of this paper to call the attention of all legal voters in the Sunshine Territory to the fact that they must be duly registered in the registration book of the precinct in which they reside in order to cast their ballot at the coming election on November 3rd. The registration books are now open and the judges of registration are ready to place the names of all voters entitled under the law to cast their votes on the books. The qualifications are: A man must be a native or naturalized citizen of the United States, a resident of the territory six months, of the county three months and of the voting precinct thirty days. The coming election is of such importance to the people of the Sunshine Territory that no man entitled to vote should fail to register and go to the polls on election day and cast his ballot. A large vote, greater than ever before, will show the people of the United States, the national administration and the members of the Congress, that the claim that is now being made that New Mexico has increased in population during the past two years, is absolutely true; it will prove to the same authorities and to the people of the country that the people of the Sunshine Territory, regardless of party, are anxious for statehood and for self-government. The success of the Republican party ticket from Delegate Andrews down, will bring to New Mexico the passage of the bill for an enabling act, now pending in the Sixtieth Congress and introduced by Delegate Andrews, the provisions of which will bring the greatest financial and many other benefits to the people.

The New Mexican has repeatedly given these benefits and the people ought to know them. In this county and city especially the property owners, the business men, the citizens, every resident whether wealthy or poor, will be greatly benefited by the taking off of the great bonded railroad debt and other county debts with their delinquency funds and which as soon as it happens will increase the valuation of every bit of property, no matter where located, fifty to one hundred and more per cent. That is, the house and lands of a man now valued at \$100, will be worth two hundred dollars when the statehood bill passes.

The people of this city and county for the coming election especially, should lay aside all political and personal considerations and vote for their own best interests viz: For statehood and for Delegate Andrews as well as for the Republican county ticket.

The same process should be taken by the voters of every county and every other consideration but the one of obtaining statehood should be put aside.

The New Mexican in this case is working much harder for the benefit of the entire people of New Mexico and for the acquisition of statehood than it is for its party. This, of course, it is in duty bound to a reasonable degree.

Santa Fe will be the capital of the new state of New Mexico, will increase in population, business, wealth, valuation of property and will be one of the most sought after cities of the United States. It has the climate and other conditions to make it so, and it needs nothing now except the action of the people on election day next, in voting for statehood and for Andrews to make this city what it ought to be. The city is healthy, a splendid place of residence, magnificent health resort, interesting tourist town and the capital of the soon to be great state.

Very cogent and straight reasoning why Delegate Andrews should be elected, and Larrazolo put to the rear is found in the following editorial from the Raton Range, published in the thriving and lively county seat of growing Colfax county. Says the Range:

"With Mr. Bryan's chances going glimmering in New York and other eastern states, there is now no hope for any help or influence for Mr. Larrazolo. He might represent Larrazolo, but he cannot represent New Mexico or her people. Mr. Andrews has shown by his achievements that he has influence, and he can accomplish much good for the territory. A vote for Mr. Andrews is a vote for statehood."

HEARST'S MORAL OBTUSENESS.

Many of the metropolitan newspapers of the country, while not at all condoning the conduct of U. S. Senator J. B. Foraker, and Governor C. N. Haskell, of Oklahoma, or their connection with the Standard Oil company and the combinations that evidently existed between certain members of the U. S. Senate and House of Representatives with the tough corporations, nevertheless condemn and that very strongly the course pursued by W. R. Hearst, chairman of the national committee of the Independence League, and originator and principal promoter of the Independence party.

One of the most powerful editorials and condemnations in this respect appeared recently in the Kansas City Journal, which is certainly to the point and contains sound and correct reasoning and remarkably clear judgment. The Journal is of the opinion that no matter what the motive of Mr. Hearst was in securing the Foraker and Archbold letters, that the matter of doing so was despicable and dishonest. The Journal's dagger is sharp and keen and is driven to the hilt of Hearst's political body. Says the Journal:

"One of the most extraordinary features of this extraordinary campaign is the spectacle presented by William R. Hearst in going over the country exposing and denouncing other men's moral obligations by means of letters, which are admittedly stolen. The receiver of stolen goods is as bad as the thief who steals them, and good moralists everywhere will say that under the circumstances Hearst is playing a much more contemptible part in acknowledging the possession of these letters, and in his brazen assumption of virtuous indignation while reading them to the public than the men who wrote them. In fact, the most conspicuous 'exposure' of the whole campaign is of Hearst himself. That a man with the slightest pretensions to respectability could voluntarily put himself in such a position is almost incomprehensible. If Mr. Hearst realizes the villainy of his act, he convicts himself of an extreme degree of cynical effrontery. If he doesn't realize his position, he stands convicted by his own act of moral obtuseness. 'Can such things be, and overcome us like a summer cloud,' and fail to excite universal disgust?"

"When we see such calm, cool assurance as this we cease to wonder that the man who by insinuation and innuendo at least suggested the martyred McKinley's assassination could aspire to the chair which the gentle McKinley so well adorned. Beside such an exhibition of yellowness Foraker's conduct is blameless and Bryan's disingenuousness becomes a trivial slip from the straight and narrow path. It is not as if this obliquity of moral vision on Hearst's part proceeded from a lack of education or evil environments. Mr. Hearst is a rich man's son and he received all the benefits of culture, and of refined associations that unlimited wealth could command. He has enjoyed a college education and the companionship of the flower of the country's youth, and his alma mater, Harvard, is noted for making a specialty of teaching a high sense of honor. However, it may be unreasonable, after all, to expect fine sensibilities in a young man who has spent ten millions in establishing yellow journals, and who drew his salary and perquisites as a congressman, when, if memory serves us right, he was present at but one roll call during his entire term of office."

GOVERNOR CURRY'S COURAGEOUS OPINION ON STATEHOOD.

The fact that New Mexico ought to have statehood at an early date and that every citizen no matter of what condition in life, no matter where born, no matter whether wealthy or poor, will be benefited thereby, is fully believed by the best citizens of the Sunshine Territory. The case in point is the opinion of Governor George Curry which is editorially treated in the right direction by the Albuquerque Citizen. This paper says:

"Governor Curry's statement at Las Vegas that if he thought Larrazolo could secure statehood for New Mexico sooner than Andrews, he would be supporting Larrazolo, indicates more plainly than anything else, the necessity of electing the Republican nomi-

nee if New Mexico is to be admitted to the union.

"There is no question that Mr. Andrews with his influence among the members of the Pennsylvania delegation and other members of Congress can do more towards securing an equitable and prompt enabling act, than any man New Mexico could send to Congress at this time.

"There is also no question that to send Mr. Larrazolo to Congress would be to defeat statehood at the very moment it was obtainable and to set the territory back fifty years. In other words the statehood fight would have to be fought over again.

"Mr. Andrews has a strong record of achievement in Congress and it is only fair to suppose that what he has done is but an index to what he can and will do in the future.

"Mr. Larrazolo has no Congressional record nor any other record which is likely to assist him in securing the support of Congress to measures for the benefit of New Mexico.

"About all that can be said for Larrazolo is that he is a very good speaker when his campaign managers tell him what to say. Mr. Andrews is not a speaker, but on the contrary, he is a worker who gets results and it requires only a cursory examination of his record to see that he has done more for New Mexico as delegate to Congress than any man she ever sent to Washington. Larrazolo does not figure in the present campaign. There is only one issue—Andrews and statehood. A vote against the one, is a vote against the other."

NEW MEXICO NUGGETS.

The El Paso Herald, the most progressive and influential paper in the Pass City, pays New Mexico's resources, fruits and agricultural products, the following deserved compliments, which are readable and will certainly be enjoyed by the people of New Mexico:

"The Mesilla valley took so many agricultural and horticultural premiums at the Albuquerque fair that it will take an expert accountant to total them up. And she entered the competition against such states as Utah and California, too."

"New Mexico never had such a big crop as this year. There is no letup in the prosperity of that near-state."

"New Mexico grows apples as big as Illinois pumpkins and millet as tall as New York skyscrapers. Can's help but be prosperous. Nature had a hand in the making of New Mexico."

"As the little boy remarked: 'God forgot the rain when he made New Mexico and Arizona,' but he did not forget the rivers and man is making them take the place of the rain. With God and man now working together, the region is a world beater."

"In Arizona and New Mexico they are speaking of the two commonwealths as states, and it is well, for another year will see both represented in the blue field of Old Glory. Both the old parties have awakened to the wonders of the two territories."

"Livestock prices are better in the West than for years. Cattle are as valuable as gold nuggets."

"Silver City may well feel proud when Grant county, of which she has the honor of being the county seat, took first prize for the best county mineral exhibit at the Albuquerque fair, in competition with the entire West. None of those Grant county people are in the graveyard class."

CURIOUS PUBLIC QUESTION.

Questions which never entered the minds of the framers of the constitution and of the great men who were present at the birth of this country are now assuming public importance and it must be admitted that some of them are rather hard to handle. The following editorial from the Wichita, (Kansas.) Beacon in this matter is regarded as unique. The editorial reads:

"A rather curious condition arose in New York on registration day.

"Mrs. Julia Seaton Sears, president of the New Thought church and school headed the little squad of women. At the first booth they visited Mrs. Sears demanded of a chairman, Peter D. Finney, that she be allowed to register on the ground that she has three times voted for president in Colorado, and that the fourteenth amendment to the United States constitution prohibits any state from taking away the rights of the citizen of another state.

"The question that presents itself is this: If Mrs. Sears is a resident of Colorado, what right has she to register in New York?"

"If she is now a resident of New York how can she claim that her rights as a citizen of Colorado are infringed?"

A bitter and uncompromising Democratic yellow sheet in the Duke City does not like Governor George Curry a "leedle bit." He is too patriotic a citizen for the gang that controls the sheet.

The Saving Habit

If you are thrifty, you have some of your money left over. The extra money is the foundation for future riches, if you will only persistently save it. What if it does only amount to a few dimes or nickels a day—there are going to be a great many days in your life! and these dimes and nickels will grow into a good large sum. The opportunity may come, when a few hundred dollars might change your whole financial condition; Might mean buying an interest in some growing business; Might give you a chance to grasp your next opportunity.

AND WHAT IS THE USE OF ALL THIS?

Why it just means making a man of you.
Making you free to do as you wish.
Making you and your family happy and contented.

MISS LYDIA GOULD WELD.

A Boston Girl Will Very Likely Plan Our Biggest Battleship.

There is one girl who may look the part of a secretary for some home for stray cats, but who is building battleships.

She is Miss Lydia Gould Weld, of a famous and wealthy old New England family. She is employed by the Newport News Shipbuilding and Drydock Construction company.

When just budding into womanhood Miss Weld concluded to be of some use in the world. A little story is told concerning Miss Weld and Mrs. Lucia Ames Mead, sometimes termed "a temporal viceregent of the Prince of Peace." Miss Weld had announced her intention of learning to build battleships. Mrs. Mead was horrified.

"My dear Miss Weld," declared Mrs. Mead, "one battleship costs as much as an entire university. One is educational, and the other is totally destructive. I am astounded."

"My dear Mrs. Mead," responded the girl, "your mathematics are correct.

MISS LYDIA GOULD WELD.

but I question your logic. Frequently there are occasions in the onward march of civilization when one good battleship properly handled is worth more to God and humanity than forty average universities."

So Miss Weld fitted for technology and matriculated. Donning her leather apron, luring her well bred arms, greasing, oiling and blackening her pretty fingers, she worked at the bench, the forge, the lathe, the anvil and at her books. After three years of savage plugging at naval architecture Miss Weld graduated at the head of her class.

Miss Weld one day amazed the millionaire owner of a big steam yacht by running the pilot house out and the engine room in on a cruise in a heavy sea.

President Orcutt of the big Newport News company is very proud of his fair employee, who helps him build some of the biggest battleships.

The Wife's Allowance.

Should the married woman have an allowance?

Well, rather. The husband who will make his wife run to him before he will give her \$5 ought to be sent to the rock pile.

Said one man: "When my wife wants her pet terrier to bark she gives him candy. I train her the same way."

It is the old harem idea brought down to date. Many a man will write out checks to pay a \$100 bill and not give the matter a thought, but watch him grumble when his wife asks him for a little \$5 piece.

The really independent woman nowadays is not the wife of the prosperous merchant nor the petted daughter of the real estate man—no, indeed. The woman who can afford to buy two—two—well—er—lemonades and not have to give an account for the item is the woman who is out in the world earning her own living. Then men growl because the girls nowadays want to get away from home to earn a living.

And every once in awhile some fellow rises up before the world to have his say about woman's little evasive ways. Who teaches her to do this if not the man who trains her to go on her pretty knees every time she wants to have two bits of her own?

"What do you want money for? Isn't my credit good?" asks her lord and master pompously.

How would he like to be compelled to charge every ten cent cigar and the drinks for himself and the other fellow?

On allowance? Well—just ask any married woman.

No man who has the least respect for himself or his wife will force her to beg for money or even humiliate her by compelling her to ask for it.

Pony up, Mr. Husband. Treat her as you would like to be treated.

Cultivate Good Manners.

Good manners must not be mistaken for "mannerisms," which should ever be avoided. The former spring from a constant regard and thought for the feelings of others, from habitual self denial, from a love of gentleness and peace, while the latter is merely affectation.

There can be no true politeness where there is no consideration for others. Good manners are shown in small deeds rather than the big actions of life, in the everyday intercourse rather than at occasional parties.

There is no woman so respected, so

sought after and so admired as the woman whose easy, gracious manners put every one at ease—the woman who never forgets what is due to others rather than to herself, who is always ready to help with voice and deed. To such a one doors open quietly; employers recognize her worth and reward her by quick advancement; while those who serve under and with her forget their churlishness or bad temper in her pleasant smile and gracious bearing.

It has been said that "money is a key to open every door," but there are occasions when gold has no avail and when manners alone are able to effect an entrance. True politeness cannot be too early taught, and it is best taught by example rather than precept. If the housewife and mother possesses that great virtue, servants, children and all those who come under her sway will soon fall into the same way of speaking and acting.—Philadelphia Ledger.

Love's Volapuk.

(Original.)

How did I court my wife, she not understanding English nor I German? I will tell you.

My father was born in a town in Germany. He came to America, where he married my mother, but he died before I had learned to talk. Consequently I never heard his tongue spoken in the family. When I was twenty-five my mother suggested that I go to his native country and make the acquaintance of some of my relatives there. So I crossed the water and visited his native town.

Thinking it would be a pleasant surprise to send an offering to my relatives with my card, I stepped into a shop to buy some flowers. A flower shop is the daintiest place in the world, and the shop I entered was the daintiest of flower shops. Besides the plants, there were birds and a little fountain. Behind the counter was a pretty girl, with fair hair and blue eyes and a pleasant smile as with her eyes she gave me a mute inquiry how she could serve me. I stepped up to some roses, inhaled their delicious odor and held up the five fingers of one hand and one of another. The girl took six roses and laid them on the counter. In this way I made up my own bouquet.

I was in no hurry to transact my business and leave the shop. Indeed, I wished to chat with the fraulein. I wished to tell her that I was from America, but since to speak or write the information would avail nothing I took out my pencil and on a bit of wrapping paper drew a map of North and South America, marked off the United States and put in my state and city. She understood perfectly, smiled and extended her arms as if surrounding some invisible large article. This I knew meant that I came from a great country, and when she opened a cash drawer and made a motion similar to the first I mentally added, "And Americans are all rich."

Just when I began to speak love's language I don't know, but I remember very soon pointing to a rose and then to her cheek. Then I pointed to the ripples in the basin of the fountain on which the sun shone through a window, put my fingers on my hair and looked at her own wavy tresses. She blushed, and I moved my fingers to my lips, still pointing at the shining water, meaning that the same simile described her smile. This was not so plain, but she understood, and, as Tom Moore puts it, the smile came.

Like any fair lake which the breeze is upon
When it breaks into dimples and laughs
in the sun.

You see, I got on swimmingly. I spent an hour in the store talking this sort of thing, waiting when a customer came in till he went out again, and finally, feeling that I couldn't possibly make an excuse to stay any longer, I took my card, wrote the name and address of my aunt, to whom I wished the flowers sent, and made signs which meant that both were to go immediately. When the girl took up the card I saw a surprised look on her face, but she didn't say anything. In the afternoon I received a note written in very bad English saying that my aunt and cousins would be pleased to see me in the evening. I found them in a house that had once been a fine one, but badly out of repair. It had been in the family for two centuries. I was not surprised, for I knew that they had lost their money at the time my father emigrated to America. My aunt received me cordially, and what was my surprise to see standing behind her in a corner, blushing and smiling, the flower girl. My aunt led her out from her retreat, saying to me:

"Cousin!"
Well, you could have knocked me down with a feather. I blushed myself like a schoolboy. If it hadn't been for having met her before and all the truck I'd been giving her in my sign language I'd have gone up to her and given her a cousinly smack. As it was, I stood looking at her like a fool.

My aunt, who spoke a few words of English, acted as interpreter. And such interpretation! I had fallen in love with my cousin in the shop at first sight and could have talked with her in the universal tongue as fast as a forty horsepower automobile can go, but with her mother between us we didn't get on at all. The old lady was feeble and soon retired, offering to call in a friend who spoke English very well to keep things going between us cousins. I declined, telling her that I'd rather sit and say nothing than put any one to such trouble. She went out, saying that she was glad to find her nephew such a "lebhafter" young man, or something that sounded like it, and I replied, "A regular blitzen, isn't he?" Then the old lady went upstairs and left us alone together.

My cousin found a German-English dictionary, which we used for awhile to talk about ordinary things, but I soon drifted into "spoons" and found the book entirely inadequate to the purpose. Flinging it down, I took up the sign language again—my eyes were a complete dictionary in themselves—and I found love-making as easy as tobogganing, only faster. Before we parted I had settled everything. This is the

way I did it. I put my arm around her waist and slipped my seal ring on her finger. Then, taking out my handkerchief, I held it up and fanned it, representing a ship's sail wafted by you his compliments and say that, though so important a man, it would not be wise for you to again criticize his rule in his dominions."

TERRITORIAL BOARD OF HEALTH MEETS

Sixteen Applicants For Licenses to Practice Medicine in New Mexico Appear For Examination.

All the members of the territorial board of health met this morning in the Capitol and received the applications of sixteen physicians for certificates authorizing them to practice medicine in New Mexico. Of that number only six had not had the required three years' practical experience necessary to waive an examination, and as a result they are compelled to submit to a two days' examination which will be finished tomorrow afternoon.

The members of the board are Dr. J. F. Pearce, of Albuquerque; Dr. H. M. Smith, of Las Vegas; Dr. W. D. Radcliffe, of Belen, and Dr. James A. Massie, of this city, secretary.

The applicants for certificates are as follows:

Drs. W. G. Ramsey, of Las Vegas; J. S. Parker, of Clovis; J. A. Gaines, Dalhart, Texas; L. G. Baker, Cuervo; J. D. Pettet; A. J. Evans, of Waco, Texas; W. H. Thomas, Taos; J. W. Eatherton, Eureka, Missouri; G. K. Maynard, of Memphis, Missouri, and J. F. Welch, of Salisbury, Missouri, who is treasurer of the Missouri State Medical Society; C. V. McPharlin, of Horton Michigan; O. C. Patterson, of Tucumcari; M. F. Sloan, of Roswell; E. J. Thornton, of Poole, Kentucky; Finis L. Anderson, of Artesia, and A. G. Hughey, of Clavis.

This morning's examination embraced the subjects of chemistry and physiology.

This evening Dr. Massie will entertain the members of the board and several residents of this city at dinner.

DISTRICT COURT AGAIN IN SESSION

Re-Convened By Judge John R. McFie After Two Weeks' Recess—Several Cases Disposed of.

Judge McFie this morning re-opened the fall term of the district court at the court house, but deferred the calling of the docket until tomorrow morning at ten o'clock.

In the case of the United States Bank vs. Safford and Fiske, the demurrer was overruled and the plaintiff given ten days to reply.

She case of Sealy vs. Leahy was announced as settled and was therefore dismissed.

The suit for damages for personal injuries, received on a train, of C. W. Dudrow vs. the Atchison, Topeka and Santa Fe railroad, was dismissed on the motion of the plaintiff without prejudice to the plaintiff's cause.

Tomorrow morning when the docket will be called, all the cases which can be tried without a jury, will be set for hearing. There will be no jury cases tried at this term, as there is a deficit in the fund for the defrayal of the court expenses. It is thought, however, that the additional amount which will be received by the increase of one-half mill on each hundred dollars taxation of the district for court purposes will be sufficient to defray the court expenses for the next term.

ALLEGED INCENDIARY IS ARRESTED

Charged With Burning House and Valuable Property of W. W. Bacon, at Glorieta.

Special to the New Mexican.

Glorieta, N. M., Oct. 12.—A week ago today the house of W. W. Bacon, which was located about two miles from the Taber-Vogt company's store, was burned sometime during the night. Suspicion has rested on one Patricio Vigil, who was Saturday arrested and taken before the justice of the peace, where he was bound over to the grand jury in the sum of \$1,000 bail. The arrest was made by Deputy Sheriff Torevito Encinas, who also worked up the case against Vigil and yesterday he took the prisoner to Santa Fe.

W. W. Bacon is a new-comer in this vicinity, is quite wealthy and has purchased several ranches near this place which he is improving greatly. The burned house contained a new Chickering piano and was nicely furnished throughout. Mr. Bacon and family were in Albuquerque attending the Irrigation Congress and fair at the time the fire occurred.

GOMPERS ATTEMPTS TO PUT HIMSELF RIGHT

Washington, Oct. 12.—"In performing a solemn duty at this time in support of a political party union labor does not become a partisan to a political party but a partisan to a principle," declares President Gompers of the American Federation of Labor in a circular issued today regarding labor's stand in the coming election. He charges that the Republican party and its candidates stand for a further extension in this country of the despotic power vested in the judiciary and that the Democratic party and its candidates stand for a government by law vested in the people. The circular refers to Judge Taft as the "originator and specific champion of discretionary government."
