PEOPLE OF THE UNITED STATES TODAY CHOOSING A NEW PRESIDENT

CLEAR WEATHER PREVAILS GENERALLY AND RECORD-BREAKING VOTE IS BEING POLLED

Usual Disorders Occur in the Big Cities and Many Arrests are the Result

CANDIDATES TAFT AND BRYAN VISIT POLLS EARLY

Biggest Vote in the History of Many States is Predicted— Illinois and New York Scene of Much Scratching of Ballots.

New York, Nov. 3.—With the first gray shade of approaching dawn the American voters sought today to choose a president of the United States. Early weather reports were favorable and a heavy vote is being cast in every state where there has been the semblance of a contest between the two leading parties. The polls opened throughout New York state at 6 o'clock. The closing hour is 5 p. m.

Shopkeepers along Broadway were busy this morning preparing for the defense against the election night throngs and revelry, which here reaches great magnitude and is approached by probably no other city in the country. Barricades were constructed in front of plate glass windows, all show cases projecting upon the sidewalks were removed and as far as possible "the decks were cleared," as the police express it, for the surging crowds that will pack the famous thoroughfare tonight from Old Trinity, at the head of Wall Street, to Times Square, at Forty-second street and beyond.

Rush When Polls Opened.
There was a rush of voters at practically every polling place this morning as soon as the ballot boxes were thrown open. Tammany was especially anxious to get its votes in early because of the fear of complications later in the day through the operation of the new registration law. The law requires all voters to write their own names in registering and to repeat their signature for comparison on election day. The questions for the illiterate voters are quite extensive. These conditions will likely result in slower voting than ever before.

The upstate returns will undoubtedly be in before the count in the local precincts is fairly under way. Erie county, in which Buffalo is located, and which usually is the index of the national result, will be one of the first counties to announce its results, as voting machines are used there.

Fine Weather Everywhere.
From throughout practically the entire country reports are the same story of ideal weather conditions and of fast and early voting. Indications all point to an exceptionally heavy vote and the brief space of time spent by most of the voters in the voting booths is generally taken as a sign that few split tickets are being voted.

EARLY VOTING FAVORS THE ELECTION OF TAFT

St. Louis, Nov. 3.—There was much scratching of tickets in the state today. Indications are that a full vote will be cast. Disorder broke out early in St. Louis. One election judge was assaulted near the polling place. A score or more arrests for various offenses were made before the noon hour, one of the prisoners being Felix M. Adams, Democratic nominee for the legislature.

Much Scratching in Illinois.

Chicago, Nov. 3.—Illinois today is casting one of the heaviest votes in the history of the state. At 11 o'clock it was estimated that two-thirds of those registered had voted in Chicago. Much scratching of ballots continues throughout the state. No disturbances were reported.

Kansas Farmers For Taft.

Topeka, Kans., Nov. 3.—Splendid weather throughout Kansas today will probably mean a safe majority for Taft over Bryan. Reports from the western part of the state received up to noon were that the farmers were flocking to the polls and they are known to be almost solidly for the Republican national and state ticket. The farmer vote will likely overcome that of the laboring men, many of whom are prejudiced against Taft.

Hot Fight in Colorado.

Denver, Colo., Nov. 3.—That Taft will carry Colorado by a small plurality seems certain this afternoon, although the enormous scratching of

Roosevelt voted at Oyster Bay shortly after 9 o'clock this morning and Bryan voted at Lincoln and Taft at Cincinnati. National political headquarters in this city were practically deserted today, both Chairman Hitchcock and Mack having gone home to vote. They will return this afternoon, however, and as the returns are to be received at both Democratic and Republican headquarters, the quiet of day will be replaced by the flood tide of activity as soon as the New York polls close at 5 o'clock.

PRESIDENT AND SON VOTED AT OYSTER BAY

Oyster Bay, N. Y., Nov. 3.—President Roosevelt arrived here this morning from Washington, going directly to the polling place, where at 9:23 o'clock he cast ballot No. 141. Theodore Roosevelt, Jr., deposited ballot No. 142. After voting the President and his son drove to Sagamore Hill, the summer home of the President.

JUDGE TAFT REACHED HOME THIS MORNING

Cincinnati, Nov. 3.—Judge Taft arrived in his home city from his remarkable campaign tour at 8 o'clock this morning. He was accompanied by Mrs. Taft, who was with him the last day of his speaking tour. Mr. Taft will vote late this afternoon. After having his throat treated he declared he felt as good as he did before his campaign began. He is certain of victory.

BRYAN VOTED SOON AFTER POLLS OPENED

Fairview, Lincoln, Nov. 3.—Election day at Fairview was ushered in with clear skies and beautiful weather. Mr. Bryan was astir early this morning. He looked over a mass of telegrams received from different parts of the country giving assurances of a Democratic victory and at 9 o'clock, accompanied by J. N. Lyons, his farm manager, Private Secretary Rose and a correspondent of the Associated Press, drove in a dog cart to Henline's grocery store, in the little village of Normal, where he cast his vote. At exactly 9:15 o'clock Bryan cast ballot No. 42 in the box and as he did so a score of voters in the store removed their hats and offered him their best wishes.

Ohio For Native Son.

Cincinnati, O., Nov. 3.—That Ohio will roll up a big plurality for Taft, her native son, is what the Republican leaders claim. A big vote is being polled and up to noon reports from over the state favored Taft almost two to one. Despite reports to the contrary, U. S. Senator Foraker is not believed to be fighting the national or state tickets, at least not openly. Even the Democrats this afternoon admit Taft has the best of it throughout the state.

Close in Indiana.

Indianapolis, Ind., Nov. 3.—Although the Democrats are claiming Indiana for Bryan and Kern and the state ticket, conservative estimates place it in the Taft column by from 15,000 to 30,000. The early vote as canvassed favored Taft almost two to one. Those well posted on the situation say Kern has weakened rather than strengthened the ticket. However, a surprise may be in store for the party leaders.

Taft and Chanler in New York.

New York, Nov. 3.—Reports from upstate indicate that as a result of much scratching, Chanler may defeat

Hughes for governor. As to the national ticket, there seems to be little question but that Taft will sweep the state by a plurality ranging from 25,000 to 100,000. Conservative estimates given out today favor Taft, who is now favored in the betting as high as 10 to 1 in many quarters and there are few takers at such odds. Considerable trading is reported.

POSSE AND BANDITS FIGHT FIERCE BATTLE

Officers Capture Two Alleged Outlaws After Exciting Chase and Fight in McKinley County.

Albuquerque, N. M., Nov. 3.—After a long and strenuous chase and a fierce pitched battle with winchesters, Sheriff Coddington of McKinley county, Live Stock Inspector Talle and a posse of cowboys, deputy sheriffs and Navajo Indian trailers, returned to Gallup, McKinley county, Sunday night, bringing as prisoners two alleged outlaws named Willie Chadwick and Juan Sisneros, who last Thursday night, it is alleged, held up and robbed Leon Smith at his store at Kotner, a lumber camp in the Zuni mountains, west of here.

Chadwick is a young fellow and apparently new to the business, his pal being an alleged all around bad man who is charged with various crimes. The bandits surprised Smith at the door of his store, trussed him up with a lariat in the presence of his terrified wife and two or three grinning Indians, and proceeded to ransack the store taking \$300 in cash from the safe besides about a dozen six-shooters and rifles and a lot of shoes, hats and clothing. They then untied Smith and rode away on his horses, taking a valuable bridle and saddle.

The officers at Gallup were at once notified and with five Indian trailers, started out after the bandits, whom they overtook after a 12-hour ride through a wild mountain country. The men were barricaded in an old stone house.

The outlaws poured a murderous fire with Winchesters into the officers, who returned the fire from behind trees and rocks, for two hours, when they made a sudden sally and captured the outlaws, after a fierce hand-to-hand fight.

JAPANESE MURDERED AND BODIES CREMATED

A grim story reached here today from the wilds of Taos county, in the northern part of the territory, of the murder of two Japanese boys by sheep herders, near the little town of Cerro. Three sheep herders have been arrested and held to the grand jury, charged with the crime. They are said to have confessed to the shooting of the Japs, but do not account for their remains. A woman living near the scene of the alleged crime, say after the night of the shooting, the herders kept up a blazing fire all night and from what she could see of their actions, she is positive the bodies of the Japs were dismembered and burned in the camp fire.

District Attorney R. C. Gortner has been notified and further developments are expected.

GOVERNOR CURRY IN RECEIPT OF NUMEROUS TELEGRAMS

An important suit to decide the rights of the use of waters from the Black river in Eddy county, is on trial before Associate Justice W. H. Pope, of Roswell. Certain water rights in the Black River in Eddy county are at stake. The suit was called in the United States court at Roswell last Wednesday and will probably be finished some time this week.

The attorneys are as follows: Mr. Stoutmeyer for the government and for the different defendants, L. O. Fullen, W. C. Reid, of Roswell, C. R.

REPUBLICANS LEAD IN LOCAL ELECTION

Looks Like Victory for the Entire Ticket

HEAVY VOTE BEING POLLED

Little Disorder Was Reported Up to Noon—Considerable Betting.

Voting began promptly upon the opening of the polls this morning, a large crowd being assembled at each of the polling places in the city precincts. Indications are that the entire registered vote will be polled. Late this afternoon every indication pointed to a victory for the entire Republican ticket. While there has been some scratching of ballots, this is not believed to amount to enough to in any way change the result.

Reports from all over the territory are to the effect that beautiful weather prevails and that the vote will be a record breaker for New Mexico. The good weather will favor the Republican tickets generally, from delegate down.

In this city there was but little disorder reported at the polls up to noon today, everything connected with the election passing off more or less quietly. This is also the case throughout the territory.

Up to 3 o'clock the total vote cast in the various city precincts was follows:

Precinct No. 3—227 out of 475 registered.
Precinct No. 4—250 out of 415 registered.
Precinct No. 17—194 out of 335 registered.
Precinct No. 18—177 out of 301 registered.

Tonight elections returns will be received over both the Western Union and Postal Telegraph companies' wires and Santa Fe will get all the election news as fast as the returns are reported. Returns will be received at Republican headquarters, at the apartments of Governor Curry and at the public library. Everybody is invited to visit these places and read the returns which will be posted as they are received. At the library, the Woman's Board of Trade will serve light refreshments during the evening for 15 cents.

CONSIDERABLE BETTING ON ELECTION RESULTS

There was quite a little betting yesterday and today on the election results. Bets were made on the national, territorial and county tickets and it is estimated that about \$1,000 will change hands in Santa Fe. The odds here were 5 to 1 on Taft, 2 to 1 on Andrews and 3 to 2 that

every candidate on the Republican county ticket would be elected. A number of bets at even money and odds were made that the Republican national ticket would carry such states as New York, Indiana, Ohio, Colorado, Missouri, Kentucky and others.

Considerable money was in evidence in the national result, but there was a dearth of Larrazolo money even at odds of 2 to 1, although two bets of \$100 each, even-money, it is understood were placed today on the Andrews-Larrazolo result.

Another large bet registered today was \$100 even money that Taft would not get 300 electoral votes. It was promptly covered. The party who covered this bet is said to have \$500 more to bet the same way.

RECORD BREAKING MONTH AT SANTA FE POSTOFFICE

Never in the history of the local postoffice, have the postal receipts reached \$1,600 for one month, but during October just past they exceeded \$2,000, exceeding the best previous record by a hundred per cent. There were sold during the month 292,955 stamps, stamped envelopes, newspaper wrappers and postal cards. Of these 142,048 were one-cent stamps; 36,930 two-cent stamps; 2,144 were higher denomination stamps; 2,004 postal cards; 750 newspaper wrappers, and 19,635 stamped envelopes. There were mailed more than three tons of newspapers at the second class rate in addition to vast quantities sent out at third class rate. From box rent \$170 were taken in. For salaries \$1,100 was expended. The money order business kept pace with previous records and amounted to \$27,968.94 for the month. There were issued 766 orders amounting to \$5,636.01; there were paid 738 orders amounting to \$12,217.21; there were received \$7,915.73 surplus from other offices and \$2,200 from money order drafts. There were handled 2,200 registered pieces of mail during the month, 999 for local delivery, 473 in transit and 827 locally dispatched. During October 141 letters and postal cards were sent to the Dead Letter office.

COWBOY ROPES MAN OFF MOVING TRAIN; FALL KILLS HIM

Engle, N. M., Nov. 3.—Jesse Ake, a cowboy, said to have been considerably the worse for a load of whiskey is a fugitive in the mountains and officers are hunting him on a murder charge.

As a Santa Fe work train was passing between Lava and Crockett, loaded with laborers, Ake, it is said, rode up on his horse and roped Ramon Aragon, whom he dragged from the train.

Aragon was instantly killed in the fall, as the train was running at the time at the rate of twenty miles an hour.

Ake galloped off towards the Organ mountains and officers at Hillsboro, Las Cruces and elsewhere are now on his trail.

RESULT IN ARIZONA WILL BE CLOSE PREDICT LEADERS

Bisbee, Ariz., Nov. 3.—Today the leaders of both parties are claiming victory in Arizona. The key to the situation in Arizona is considered by both parties to be Cochise county. The county is nominally Democratic, and realizing the fact, the Republican headquarters were early established there and every effort made to throw this county into the Republican column if possible.

The reports from the other counties over the territory indicate a close contest with the Democratic candidate probably leading.

According to an opinion from the attorney general of the territory the Americans who live at Cananea and who claims homes in Naco will not be allowed to vote this year unless their families reside in Naco.

BRYAN CALMLY AWAITS VERDICT

Confident People Will Elect Him President

MAY CARRY OWN PRECINCT

Joy Expressed By Candidate When Told He Might Win There.

Fairview, Lincoln, Nov. 3.—Calmly awaiting the verdict of the American people at the polls, which he is confident will at last reward his efforts to fill the presidential chair, William J. Bryan busied himself with ordinary affairs at his home. Telegrams were pouring in on him all day, bringing tidings of Democratic victory.

Observing the press dispatches stating the weather was fine at most every place in the country, Mr. Bryan remarked:

"Inasmuch as I expect to carry the farmer vote, good weather is good for me."

He expressed great satisfaction, when, at noon he was informed that his own precinct, which he has never carried in preceding elections, was going for him two to one.

INTEREST IN SOCIALIST AND INDEPENDENT VOTE

Politicians of the two leading parties are much interested in the size of the vote which will be polled in the election today in the territory by the Independence party candidate for delegate, William Ryan, of Albuquerque, and by the Socialist candidate for delegate, W. S. Metcalf, also of Albuquerque.

The candidates are Ralph C. Cameron, Republican, and Marcus A. Smith, Democrat, and the present incumbent.

Cameron Reported in Lead.

Judge A. L. Morrison received at 3:30 o'clock this afternoon a dispatch from his son, Hon. Robert L. Morrison, at Prescott, stating that at that hour the indications were that Ralph C. Cameron, Republican candidate for delegate from Arizona, would have a majority over Mark A. Smith, the present Democratic delegate, and candidate for re-election. The Republicans made a strong and united fight for Cameron and for statehood and have every confidence that the result when declared tomorrow will be favorable to them.

IMPORTANT WATER RIGHTS CASE IS BEING HEARD AT ROSWELL

Governor George Curry received numerous telegrams today from various sections of the territory, stating that the weather was fine and that the day all over was ideal. Also that the election was proceeding very peacefully and quietly in every precinct of the territory so far heard from and that a full vote had been polled but that up to four o'clock no definite data could be given as to the results.

In Bernalillo county the Republican ticket is being scratched on the names of Alfred Grumfeld, candidate for county commissioner, and Jesus Romero, candidate for sheriff, but nevertheless, it is believed that the full Republican ticket will be successful.

Governor Curry expects to have some results by 9 o'clock this evening, but from many of the outside precincts it will be difficult to get any correct election returns for several days.

WOMEN OF HOLLAND.

Dutch Feminine Costumes Are Too Complex For Words.

The women's costume is a trifle too complex for verbal description, as feminine belongings usually are, but the white lace cap which covers the head from eyebrows to nape of neck and from ear to ear, curving out in rounded wings on each side of her cheeks, is always a conspicuous and inevitable portion of a woman's attire. It may possibly be that on Sunday this cap is a trifle whiter or stiffer or daintier than on week days, but the difference is not very apparent.

The ladies assure us there is a vast difference in the quality of the net and the amount of handiwork employed, but the lens made no special note of that. In shape and outline the camera finds great distinction between these caps and those of Katwyk or Marken or Bois le Duc, but between Sunday and Monday caps in Volendam it records none whatever. For the rest of the costume feminine Holland asks above all things apparently a very flat, narrow chest surmounting enormous hips, and Volendam is no exception to this fashion rule. The invariable black "best waist" of the elder women is usually brightened by a square yoke of lighter color and material, and the dark apron or overskirt is topped by six inches or more of gay plaid or bright colored band worn over an underskirt of dull blue striped or black material and uncountable petticoats. About the throat a collar formed of many rows of heavy dark red coral beads is fastened by huge silver clasps, and the number of rows, the size and quality of the beads are matters for feminine pride. Long hair is not the glory of women in Holland, save perhaps at Marken. It is usually hidden and at Volendam is cut quite close and entirely covered by a tight fitting thick black silk cap concealed beneath the snowy white lace. The younger girls, from the tiniest toddler to the young meiseje, old enough to wed, wear dresses and caps the exact counterpart of their grave mothers, no less full of skirt or narrow of chest, but much gayer in color. A group of tiny maidens in a stiff breeze on the dike resembles nothing more than a swarm of butterflies.—Florence Craig Albrecht in Scribner's.

Infection.

The wife of an army officer at a western post recently had occasion to visit a small neighboring town to do some shopping at what is called the general store. She was much entertained by the variety and antiquity of the stock of goods, and as she passed out her eyes were attracted by a pile of mottoes, elaborately lettered and ornately framed, the upper one being the Scriptural passage, "Walk in love."

As she paused the clerk, a dapper young man of more affability than advantages, stepped forward with the remark: "Them are the latest things in mottoes. This top one is swell to put over a young lady's door—'Walk in, love.'"—Lippincott's.

Kodol

For Dyspepsia and Indigestion.

If you suffer from Indigestion or Dyspepsia; if you are annoyed with gas on the stomach, fullness after eating, belching, sour stomach, heartburn, etc., a few doses of Kodol will relieve you.

If you know as well as we do how good a preparation Kodol is for indigestion and dyspepsia it would be unnecessary for us to guarantee a single bottle.

But to get you to know how good it is as well as we know, we practically will purchase the first bottle for you.

You wonder, perhaps, how we can afford to make such an offer—It is because we have absolute confidence in the honesty and fairness of the public.

We know there are thousands of persons who suffer from indigestion and dyspepsia who would be grateful to us for putting them in touch with Kodol.

That is why.

Furthermore, we know that after you have used Kodol your faith in the preparation will be equal to ours.

This proposition we make is not altogether unselfish, but it is actuated by the knowledge that the use of Kodol by you will benefit you as well as ourselves.

How could we afford to make such an offer to the public, and how could we afford to spend thousands of dollars to tell you about it unless we positively knew and were sure of the merits of Kodol.

We couldn't—it would bankrupt us.

But we know the merits of Kodol and we want you to know.

A perfect digester must contain many ingredients each in proper proportion.

It must be a liquid, because all those ingredients cannot be put into dry form.

It must be able to digest any food, or any mixtures of food, and completely.

Kodol does that even in a glass test tube.

No other digester can.

Kodol alone does all of the work. It stops all irritation, and gives the stomach complete rest.

It has taken us years to get a perfect digester, but we certainly have it now.

Please try it today at our risk.

It means more than relief. It means that the stomach will do its own work far sooner than you'll expect.

Kodol digests all the food you eat.

Eat what you want and let Kodol digest it.

Our Guarantee

Get a dollar bottle of Kodol, and do it today. Don't delay. And if you can honestly say that you did not receive any benefits from it after you have used the entire bottle the druggist will refund your money to you without question or delay. We will pay the druggist the price of the bottle purchased by you.

Any druggist will give you Kodol on these terms, because he knows our guarantee is good.

The \$1.00 bottle contains 24 times as much as the 50c bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

THE MADSTONE.

Valuable Because Absorbent—A Clay Pipe Makes a Good One.

Physicians are often asked whether there really is any virtue in what are called madstones. One of them declares that these stones are of value, but that they would be of more value if their limitations were understood.

"There is no particular variety of stone or substance which may be designated exclusively as the madstone," he says. "I have seen many of them, so called, and no two were of exactly the same composition, geologically considered."

"Madstones act on the same principle that a blotting paper does when absorbing ink, and there is nothing that makes a better one than baked pipe-clay. A new clay pipe, procurable for a cent at nearly any store where tobacco is sold, cannot be excelled by any madstone, no matter how great its reputation."

"The action can be clearly demonstrated by placing a common dry red brick in contact with the margin of a puddle of water and noticing what capillary attraction will accomplish. Therefore to be efficient the only necessity is for the stone to be porous and have strong adhesive and absorbent qualities. Nothing mysterious about it."

"I have seen several that appear to be concretions, either vesical, renal or biliary, and were found in the bladder, kidney or liver of some animal—those taken from the deer supposed to be the best."

"When a person is bitten by a reptile or dog supposed to be mad and the porous stone applied to the wound the blotting paper action begins, and the blood, saliva from the mouth of the animal and whatever poison these fluids contain will naturally by capillary attraction be absorbed by and into the substance applied, no matter what name you may give it."

"The saying that if a stone sticks the wound is poisonous and if it does not take hold there is no venom present is untrue. If the stone is clean and dry it will adhere when moisture is within reach till it becomes saturated."

"For instance, a new red brick will absorb one pint of water. After the venom has been taken into the circulation the madstone is worthless, but as the victim is usually filled with whisky or alcohol at the same time the stone is being used the spirits may counteract the effect of the poison."

"I know of a stone which has a wide reputation and makes a good living for the family owning it. They never let it go out of their sight, and when the victim cannot be taken to the stone one member of the family can be hired to take the stone to the victim. In addition to traveling expenses, they charge \$5 for the application and \$2 extra for each hour that the stone sticks."

"This stone is busy a large part of the time. Not long since the stone held to a man's leg for over 100 hours, yet the man died. His life could have been saved if dependence had not been placed entirely in the stone."—Medical Brief.

A "Touching" Story.

The young lady who had sat for a crayon portrait was not altogether pleased with the result. "It looks like me, of course," she said, inspecting it doubtfully, "and yet I think there are some things about it that ought to be changed."

She suggested that the eyes should have rather more of an upward look, that the right hand should be a little less prominent, that the hair should be made more wavy and that certain changes ought to be made in the drap-

ery.

"That would require a great deal of retouching," said the artist, "and I should have to charge you about \$10 additional."

"Oh, dear!" she exclaimed with a pout. "I shall have to give it up. Papa won't stand my 'retouching' him to that extent."

A Case in Point.

Of Sergeant Arabin, who had not a clear method of speech, it is related that he said to one criminal, "Prisoner at the bar, if ever there was a clearer case than this of a man robbing his master, this case is that case." At another time he said, "Prisoner at the bar, you have been found guilty on several indictments, and it is in my power to subject you to transportation for a period very considerably beyond the term of your natural life, but the court in its mercy will not go so far as it lawfully might go, and the sentence is that you be transported for two periods of seven years each."—London Globe.

Real Distress of Mind.

Something More Recent.

"What was the cause of this rum-pus?" asked the judge.

"Well, you see, judge," replied the policeman, "this man here and that woman there are married!"

"Yes, yes, I know. But what other cause?"—Cleveland Press.

Setting Him Right.

"Er—really," began Mr. Chesty, "you have the advantage of me, sir. My memory, perhaps, is at fault, but"—

"No," interrupted Penney, "it isn't your memory, but your manners."—Philadelphia Press.

OJO CALIENTE HOT SPRINGS.

These celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranco Station, on the Denver and Rio Grande Railroad, from which point a daily line of stage runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the entire year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering from Consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,626.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficiency of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m. and reach Ojo Caliente at 4 p. m. the same day. For further particulars address:

NEW MEXICO SHOULD BECOME A GREAT CELERY PRODUCER.

The gardeners and farmers of the state of Colorado have been very prosperous this year on account of the magnificent crops of cereals, potatoes and garden truck which they have raised. A good income has been derived by them from these sources and next year these crops will be greater than ever before. Millions of dollars have been received by the farmers and agriculturists from the crops of potatoes, sugar beets and vegetables of all kinds which they have produced on their fertile fields. A good deal of this produce has been raised in unirrigated sections.

New Mexico's climate, character of soil, water supply and general natural characteristics are much more favorable to the growing of the crops raised in Colorado, than are conditions in the Centennial state, although these as practice, experience and results have shown are in some respects very good but do not come up to the great advantages possessed in these lines by the sunshine territory.

The New Mexican urges upon New Mexico farmers and gardeners in the coming year to pay particular attention to potatoes, to sugar beets and to garden truck especially. Celery, for instance, is a sure crop and an abundant one in many parts of New Mexico and always brings high prices.

In this connection the New Mexican calls attention to an editorial from the Denver Republican showing what the small truck farmers in and about Denver and many portions of Colorado are doing and how they are coining money from the raising of celery and many other vegetables. Considering the great advantages in agricultural and climate and the fact that New Mexico's soil is richer and better as a rule than that of Colorado and that not near so much irrigation is needed for successful raising of all garden truck, especially onions, carrots, celery, cantaloupes and the like, the New Mexico gardeners and crop raisers could beat the Coloradoans engaged in the same line and find a ready and profitable market for everything they would raise.

The Denver Republican in a recent editorial puts the situation in the Centennial state in a manner which should be heeded by New Mexico land owners, farmers and gardeners, as they stand a better chance for success year in and year out than do those situated in the same business in New Mexico's prosperous neighbor to the north. Says the Republican:

"The first of the matured Colorado celery is just getting into market. Housewives and marketers are picking it with critical eye and feeling that satisfaction which comes to them from finding a product which is all it should be for the table. Only those whose business or pleasure have taken them in recent times into the garden patches near Denver can appreciate what a staple product celery has become or how many are engaged in its production."

"Along the South Park railroad line that runs to Morrison and up into the park are to be seen these days patches of the ripening celery which are a real delight to see. Every available inch of the rich bottom tracts between the foot of the dry mesa and the railroad in the vicinity of Overland station has been possessed by gardeners who have cultivated the soil with all the intensity of an Italian garden until the trimly boxed rows of green with the clear and mellow ground between make a pastoral scene that not only is pleasing to the eye but speaks eloquently of thrift. In the same way the garden tracts beyond the Jesuit college, in the valley of Clear creek, over North Denver way, are in almost unbroken succession of celery beds showing the same attention and close cultivation. The crop is starting to market and the harvest is under way. The fine white bunches, with their

green tops being peeled from the boxed rows in which they have been all but buried, look most inviting to the epicure.

"It may surprise some to know that one section, that adjacent to Brighton, will ship all of 150 carloads of celery this year. The superiority of the Colorado product, the fact that some climatic condition tends not only to give the stalks a superior flavor, but to make them crisper and whiter and in every way more desirable, has broadened the market for it until Colorado celery is becoming as stable in Eastern markets as has the cantaloupe been for many years. Its cultivation is beginning to do for certain lands of the state much the same in the way of increasing their desirability and value that the fruits are doing for the Western slope and the sugar beets for districts contiguous to factories. Lands that cannot grow fruits and are too far away from beet markets, are gradually finding their adaptability to some staple vegetable until something of a uniformity of value is coming throughout the state. The celery crop promises to be an increasing factor to this end."

THE ROSWELL REGISTER-TRIBUNE NOW A SEMI-WEEKLY.

The Roswell Register-Tribune, the most widely circulated and most influential weekly paper in southeastern New Mexico, has commenced to issue a semi-weekly publication at the same figure for annual subscription as it has heretofore charged for weekly subscription. The Roswell Register-Tribune is one of the very best newspapers in the Southwest and this change to a semi-weekly edition will improve it greatly and will add to its circulation and influence throughout southeastern New Mexico, where strong Republican newspapers are needed on account of the fact that the Democrats are in a great majority there and should be enlightened and their politics improved for the benefit of all the people.

During Republican administrations, the territory has constantly prospered and improved in every instance under a territorial government and with a Democratic president in Washington the people have always suffered and business and financial conditions have retrogressed. The editorial force of the Roswell Register-Tribune is very strong and especially the pleasant and incisive writer, Will Robinson, whose articles, political and social are very often gems in every way.

The New Mexican wishes its Roswell contemporary the best of luck and hopes that within a year and before the first state election comes about it will blossom forth into a strong and well supported daily with thousands of subscribers. It deserves such since its establishment, nineteen years ago, the paper has been doing splendid work for the advancement growth, improvement and progress of the city of Roswell, of the fruitful Pecos valley, of the Republican party and of the territory of New Mexico.

In its last issue the McKinley County Republican, published at the county seat, Gallup, contains a four-column article giving the history of the county since its institution, eight years ago and the splendid record of the Republican officials for the past eight years. The heading is very instructive and reads: "Republican Economy vs. Democratic Waste. Some Persistent Facts Regarding Funds." The facts given therein prove conclusively that the Republican county officials administered affairs honestly, efficiently, economically and for the best interests of the people, while the Democratic city administration of Gallup did their worst, spent the taxpayers' money, and did nothing for the improvement of the town. The McKinley Republican has nominated a splendid ticket and the county will surely go Republican today.

THAT REMARKABLE WOMAN, MRS. ASTOR.

A very remarkable woman died last Friday at her mansion in the great city of New York. For fifty years and over she was the head of polite society, "The Four Hundred," in the great metropolis of the United States. She was a millionaire, her individual wealth being estimated near the hundreds of millions. She was a woman who had made up her mind to rule society in the great city by the Hudson and did so. Up to within a few months of her death, although she was nearly eighty years of age, she ruled the rich and fashionable of New York with an iron hand and was known as "Mrs. Astor," just as in France hundreds of years ago the king was known as "the king."

The Kansas City Star referring to this singular, unusually strong minded and strong brained, as well as very attractive woman in her younger days, makes the following editorial reference, saying that Mrs. Astor, as she elected to be known and called, died at her New York mansion, a few days ago at the age of 78 years. At this advanced time of life she was, up to the period of her last illness, in the very thick of society. While she was in Europe during the summer she prepared to make the approaching season in New York the most notable and brilliant in the long history of her social supremacy and to entertain on a plan of unusual magnificence.

Thus Mrs. Astor presented a very rare example of absorption in the gay concerns of this life at an age when the vast majority of women are content with such quiet comforts as the preservation of their health and faculties will permit them to enjoy. It is scarcely trite to say that in the case of Mrs. Astor the ruling passion was strong in death. To a great host of women of temperament and environments antipodal to those of Mrs. Astor, the spectacle of a woman approaching four score years, with a visible touch of the infirmity of age upon her, keeping up a struggle for social rank, will appear nothing short of pathetic. The amount of labor involved in that style of competition, even in the case of a woman of Mrs. Astor's great riches, is enormous, and the exertions which it carries with it seem strangely unbecoming at a period of life when the heart, the mind and the body would seem to yearn for tranquility and repose.

It may be believed, however, that Mrs. Astor found delight and refreshment in paying this tribute to her proud position. She was, essentially, a woman of the world. The power she wielded as a social leader and arbiter was doubtless as grateful to her as the influence which men covet and attain in various public activities. She may even have found, in the consciousness of her authority, a stimulus to the sort of interest that conduces to longevity. What Mrs. Astor may have thought of the use she made of her time and opportunities in the conscious moments succeeding the knowledge that the end was near at hand, will have to be left to conjecture and speculation. It must be that achievements wholly or largely worldly in their nature lose their value as the soul feels them receding beyond sight and reach, and as it stands, shorn of all earthly reliance, in the face of an unknown future.

Like the most of us in this world, Mrs. Astor lived her life as circumstances defined and laid it out for her. There is no reason to believe that it was vain or unsatisfactory to her; but it was, after all, such a life as to warrant the belief that the thousands and thousands of women whose ambitions never stray beyond their homes and the fulfillment of their humble duties to those about them may not be as happy and as serviceable to humanity as the woman who for many years ruled as a social autocrat in the most splendid city in the Western hemisphere.

THE NEW MEXICAN'S GOOD WORK WILL CONTINUE.

The bitterest, most venomous and hardest political campaign in the Sunshine Territory is over and, as during the past forty-five years, the New Mexican will continue to do its level best, daily and weekly, for the upbuilding, advance, growth, well being, honest and efficient administration of the territory and the future Sunshine State in general and of this county and city in particular.

For the past forty-five years the New Mexican has published thousands and thousands of editorial feature stories and items for no other purpose than to give the splendid New Mexico natural conditions and the splendid chances for advancement here, the widest publicity from the Canadian line to the Mexican frontier, from the Pacific ocean to the Atlantic seaboard, and it has become established that the New Mexican's work during these long years has been one of the chief promoters and one of the strongest builders up of this commonwealth.

In doing this the New Mexican has paid no attention to politics. It has always stood manfully by every section of this territory, by every city, town, hamlet, by all agricultural, live stock raising, mining and industrial interests and has always been scrupulous and courageous in advocating the best interests of all concerned, regardless of party and section and regardless of local interests.

This is the work, Providence willing, which the New Mexican proposes to continue for many a long year and it hopes that it will have the support of the good and patriotic citizens in this desire and in this ambition.

The Daily Times has made its appearance in Raton, the county seat of Colfax county and a growing, bustling, healthy town. Its political leanings are Democratic. There is already a daily paper in the Gate City, namely, The Range and it is very doubtful if the town is large enough at this time to support two daily papers. The Range has the field and as a semi-weekly has proven a fine paper. The outcome between these rivals will be watched with great interest. The chances are greatly in favor of the old established paper, The Range.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Sent for circulars free.

The Saving Habit

If you are thrifty, you have some of your money left over. The extra money is the foundation for future riches, if you will only persistently save it. What if it does only amount to a few dimes or nickels a day—there are going to be a great many days in your life! and these dimes and nickels will grow into a good large sum. The opportunity may come, when a few hundred dollars might change your whole financial condition; Might mean buying an interest in some growing business; Might give you a chance to grasp your next opportunity.

AND WHAT IS THE USE OF ALL THIS?

Why it just means making a man of you.
Making you free to do as you wish.
Making you and your family happy and contented.

PERSONAL MENTION

Alfred Boyle, registered at the Coronado hotel yesterday from Estancia. He came here on personal business.

Cristobal Anaya, a farmer and sheep raiser near Galisteo, was on a visit here today and was domiciled at the Coronado.

Romulo Suazo was in town today on a visit to relatives. He hails from Albuquerque and has a room at the Normandie.

O. A. Crespin, who registered from Trinidad, Colorado, at the Claire hotel last night, looked after personal business here today.

J. S. Talbot, a citizen of the great state of Texas, mingled with Santa Fe business men while in town today. He stopped at the Claire.

J. A. Scott, came to the city last night from the Meadow City and looked after personal business affairs. He was registered at the Claire hotel.

Rollin Ritter, who describes himself as a resident of the Duke City, was a guest at the Claire hotel today. While here he mingled with Santa Fe business men.

Eliseo Lucero, a farmer in the vicinity of La Jara, Colorado, was in town yesterday and took a room at the Normandie. He came on a visit to relatives and friends.

J. H. Herman, a citizen of Wichita, Kansas, looked about the city today acquainting himself with conditions. He reached here last evening and had a room at the Claire.

P. C. Sweet, a farmer in the vicinity of McIntosh, Torrance county, was a sojourner at the Normandie hotel today and while here looked after personal business matters.

Insurance Commissioner Jacobo Chaves left last evening for his home at Los Lunas where today he voted for statehood and Andrews and did great work for the Republican cause.

James A. Tarr, a citizen of the growing town of Stanley, in south Santa Fe county, paid a short visit to the Capital yesterday and while here registered at the Normandie.

O. H. Kniffen, Denver mining man interested in the Cerrillos mining district, came to the city last evening and took a room at the Palace hotel. He is in the Capital on mining business.

E. L. Edwards, an official of the U. S. Indian Service, was among the arrivals last night and took a room at the Claire. He came to the city on official business connected with the affairs of his office.

F. M. Jones, a resident of the old town of Abiquiu on the Chama river, in Rio Arriba county, arrived last evening from the north and took a room at the Palace hotel. Business affairs induced him to come to the city.

H. A. Judd, a subject of His Majesty, King Edward VII, and hailing from London, England, was an arrival at the Palace hotel last night. Mr. Judd is traveling for pleasure and sightseeing and is well pleased with his sojourn in the Capital of New Mexico.

C. H. Howe of Dublin, Ireland, a European tourist, is registered at the Palace hotel today. Mr. Howe is touring the United States to become acquainted with its people, conditions and industries. He has rooms at the Palace and is enjoying his visit here greatly.

Elias E. Baca of Socorro, an eloquent speaker in the Spanish language and a very entertaining one, and who was a member of the Republican campaign party that visited the northern and northwestern counties of the territory during the past four weeks, passed through the city last evening on his way home to vote.

Miss Rose Holland, a trained nurse, who for some time past has been with the Diaz Sanitarium, left last night for Pittsburgh, Pennsylvania, for a short visit to relatives, after which she will go to western New York to make her future home. Miss Holland during her residence in Santa Fe made many friends who, while regretting her departure, wish her well in her new home.

John L. Cowan and wife have arrived in Denver from Cowansville, Pennsylvania, where they have been visiting relatives. Cowansville is the birth place of Mr. Cowan and was settled by his great grandfather one hundred years ago. Mr. Cowan is the well known feature story writer on New Mexico and Arizona topics and his articles are well liked by New Mexico citizens who have read them in the publications of this paper.

Ralph C. Ely, the Deming lawyer and land owner, who made a splendid record as a speaker on the Republican side during the past two weeks, spent yesterday in the city and left last evening for his southern home, where today he secured votes for the Republican territorial and county tickets and put in his vote for statehood and Andrews. He was well pleased with his campaign trip as he traveled all over central, northern, eastern and southern New Mexico and became well acquainted with conditions and the people. He is one of the most enterprising and energetic citizens of the territory and will be heard from prominently in politics hereafter.

(Continued On Page Eight.)

The Bon Ton restaurant is now under the management of Hugh F. DuVal, who has bought out the interest of John V. Conway. It will be known hereafter as the Capital Cafe and a specialty will be made of both short orders and regular meals. It is Mr. DuVal's intention to give Santa Fe a strictly first-class restaurant.

WORK THAT TELLS.

Plenty of It Has Been Done Right Here in Santa Fe.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Santa Fe. People who testified years ago to relief from backache, kidney and urinary disorders, now declare that relief was permanent and the cure perfect. How can any Santa Fe sufferer longer doubt the evidence?

Thomas Quintana, living on San Miguel St., Santa Fe, N. M., says: "I am just as strong in my praise of Doan's Kidney Pills today as I was five years ago when they cured my wife of backache, which at times annoyed her greatly. The use of three boxes of Doan's Kidney Pills procured at Ireland's drug store completely rid her of this trouble and during the time which has passed, she has had no occasion to use any medicine for disordered kidneys."

For sale by all druggists. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

How to Cure a Cold.
Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability one that has an established reputation and that is certain to affect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world-wide reputation by its remarkable cures of this most common ailment and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which always shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. For sale by all druggists.

AN ARGUMENT OF FORCE.

Napoleon Smashed a Vase, and the Treaty Was Signed.

Early in April, 1797, the people of Austria demanded peace with France. Negotiations were begun in the vicinity of Leoben. Bonaparte, in an interview with the Austrian plenipotentiaries, said to them, "Your government has sent against me four armies without generals, and this time a general without an army." In the treaty which the Austrian commissioners projected the first article stipulated that the emperor of Austria thereby recognized the French republic. "Erase it!" exclaimed Napoleon. "The existence of the republic is as plain as the sun. This article is only fit for the blind. We are our own masters and shall establish any government we prefer. If one day the French people," he continued, "should wish to create a monarchy, the emperor might object that he had recognized a republic." The preliminaries were soon settled. Napoleon signing for France, thus placing himself on an equal footing with the emperor of Austria. The formal treaty known as Campo Formio was signed in October, 1797. Austria fulfilling the pledges she had already given. The Austrian plenipotentiary protested against the distribution of the provinces beyond the Adige. Napoleon was angered at this, and, seizing a vase, dashed it to the ground, exclaiming, "If it is not so arranged I will break your monarchy as I have broken this vase!" This argument of force, as demonstrated to the diplomat was convincing, and the treaty was signed.

PHYSICAL EDUCATION.

Don't Develop the Mind at the Expense of the Body.

The man or woman who would train the mental faculties without any reference to the physical shows a faulty qualification for the work in which he or she may be engaged. The mind may be ever so well trained and stored with knowledge of the books, but unless there is behind it a reasonably strong body life runs the risk of being a failure; for not that, an existence of pain that serves as a limitation upon its possibilities. It is a species of cruelty to educate the mind at the expense of the body. Better let a child grow up into manhood or womanhood with an inferior education than with a better education of the mind and a body weakened in the effort.

The fact that so many men in this country who have succeeded in business and in professional and public life have been the sons of farmers, whose early life has been spent out of doors, has been a subject of remark. May it not be accounted for on the ground that in their boyhood their physique was developed so that in after life, besides their mental acquirements, they had strong bodies with which to do the work they have so successfully performed? This is not only possible, but very probable.—Knoxville Journal.

A Stolen Trade Secret.
The manufacture of tinware in England originated in a stolen secret. Few readers need to be informed that tinware is simply thin sheet iron plated with tin by being dipped into the molten metal. In theory it is an easy matter to clean the surface of iron. Dip the iron in a bath of boiling tin and remove it enveloped in the silvery metal to a place of cooling. In practice, however, the process is one of the most difficult of arts. It was discovered in Holland and guarded from publicity with the utmost vigilance for nearly half a century. England tried to discover the secret in vain until James Sherman, a Cornish miner, crossed the channel, insinuated himself surreptitiously into a tin plate manufactory, made himself master of the secret and brought it home.

Women and Jewelry.
"Women know a great deal more about buying jewelry now than they knew twenty-five years ago," said a jeweler. "When I first started in the business a clerk with a persuasive tongue could talk a woman into buying most anything. It wasn't safe for her to step inside a shop unless she had a man along. Now the average woman knows more about jewels than the average man. Of course they can be fooled—anybody can—but as a rule she buys with a surprising knowledge of value, and her taste in the cutting and setting is excellent."—New York Post.

Brains.
"A man stood on his head twenty minutes in order to win a wager. He died the next day."
"What killed him? Congestion of the brain?"
"No; if he had had any brains he wouldn't have done it."—Cleveland Plain Dealer.

Specified.
"When in trouble," said the eminent lecturer, "refrain from worrying."
"But, doctor," asked a woman in the audience, "how can we?"
"Anyway," replied the lecturer, "refrain from worrying other people."

Worse Still.
She—You'll be glad to learn, dear, that I've got out of visiting our relatives. He—Grand! Splendid. It hung over me like a cloud. How did you manage it? She—Oh, I asked them here!—Life.

Meeting the Situation.
"I wonder if there's anything serious between that tall girl and the little captain?"
"I think there is. She has had the heels of all her shoes lowered."—Fleegende Blatter.

Tickling Coughs, can be surely and quickly loosened with a prescription Druggists are dispensing everywhere as Dr. Shoop's Cough Remedy. And is so very, very different than common cough medicine. No opium, no Chloroform, absolutely nothing harsh or unsafe. The tender leaves of a harmless lung healing mountainous shrub, gives the curative properties to Dr. Shoop's Cough Remedy. Those leaves have the power to calm the most distressing Cough and to soothe and heal the most sensitive bronchial membrane. Mothers should, for safety's sake alone, always demand Dr. Shoop's. It can with perfect freedom be given to even the youngest babies. Test it yourself! and see. Sold by Stripling, Burrows & Co.

Colds and Croup in Children.
"My little girl is subject to colds," says Mrs. William H. Serig, No. 41, Fifth St., Wheeling, W. Va. "Last winter she had a severe spell and a terrible cough but I cured her with Chamberlain's Cough Remedy without the aid of a doctor, and my little boy has been prevented many times from having the croup by the timely use of this syrup." This remedy is for sale by all druggists.

Articles of Incorporation Santa Fe Lodge of Perfection No. 1, Ancient and Accepted Scottish Rite of Freemasonry.

Know all Men by These Presents: That we, the undersigned citizens of the United States and Territory of New Mexico, for ourselves, our associates and successors, have associated ourselves together for the purpose of forming a corporation for benevolent, charitable and fraternal purposes, and not for pecuniary profit, under the

laws of the Territory of New Mexico, United States of America and we hereby certify and declare as follows:

FIRST: The name of said incorporation shall be, Santa Fe Lodge of Perfection, No. 1, Ancient and Accepted Scottish Rite of Freemasonry.

SECOND: The principal and registered office of this Corporation is at Nos. 11 and 12, Laughlin Bldg., in the City of Santa Fe, in the Territory of New Mexico, and the name of the agent therein and in charge thereof, and upon whom process may be served, is Richard H. Hanna.

THIRD: The objects for which this Corporation is formed are: The promotion of fraternal relations among men and the dispensation of charity among the needy and afflicted.

FOURTH: In carrying out the objects for which this Corporation is organized it shall have power and authority through its Board of Directors to acquire and hold real estate and personal property by purchase, gift, donation, subscription, or in any other manner; and to sell, lease or otherwise dispose of real or personal property.

It shall also have full power and authority, through its Board of Directors to borrow all necessary funds for the carrying out of its objects and to mortgage, or otherwise incur, and pledge its property, real or personal, to secure said loans; it shall also have power to make and execute promissory notes, or bonds to any amount, authorized by law, for the purpose of securing funds for the furtherance of its objects, and, if necessary, to secure the payment of same by mortgage or deed of trust, upon the whole or any part of the real and personal property of the corporation.

To do and perform every act and thing necessary to carry out the above enumerated purposes, which like corporations organized under the laws of this territory, may lawfully do or cause to be done therein.

FIFTH: The number of directors who shall manage the concerns of the corporation for the first three months are five, as follows: Maximilian Frost, S. G. Cartwright, Salomon Spitz, H. F. Stephens and R. H. Hanna, all of whom are citizens of the United States and residents of the territory of New Mexico. The names and addresses of said first board of directors are as follows:

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the Heart and Kidneys. The old fashioned way of dosing the Stomach or stimulating the Heart or Kidneys is surely wrong. Dr. Shoop first pointed out this error. Go to the weak or ailing nerves of these organs," said he. Each inside organ has its controlling or "inside nerve." When these nerves fail those organs then must surely falter. The vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days' test will surely tell! Sold by Stripling, Burrows & Co.

Personal Mention

C. R. Van Houten, stock man in the vicinity of Cimarron, has gone to San Antonio, Texas, where he will spend the winter for the benefit of his health.

Miss Alberta Kerr, daughter of W. H. Kerr, has returned to Quindaro, Kansas, to resume her studies as a student in Quindaro University. She will not return until next summer.

J. W. Records, master mechanic of the St. Louis, Rocky Mountain and Pacific railway, has returned to his station at Cimarron from Albuquerque, where he attended the Masonic meetings last week.

Mr. and Mrs. T. C. McConnell of this city, visited Raton, Cimarron and other Colfax county towns during last week. Mr. McConnell made the trip on official business, he being deputy revenue collector for this district.

Charles Quintow, who hails from Los Angeles, looked about in the Capital of New Mexico today. He came to town last night and was a guest at the Claire hotel. He is pleasantly impressed with the fine climate and the beautiful scenery of Santa Fe.

Territorial Auditor William G. Sargent was a passenger for Espanola this morning via the Denver and Rio Grande, where he goes to cast his vote for statehood and Andrews today and the Republican legislative and county ticket of Rio Arriba county.

Marion Littrell, sheriff of Colfax county, is very ill and Jay Gayle, of Raton, is attending to the duties of the office. Mr. Littrell, as will be remembered, acted as superintendent of the territorial penitentiary last year for several months and his Santa Fe friends will regret to learn of his sick-ness.

Jerry B. Farris, deputy special agent in the Indian Service, reached the city yesterday from the southern part of the territory, where he has been on official business. He came to Santa Fe, which is his legal residence, to vote and work for the Republican ticket from Delegate Andrews down. He did good work for the party here today.

C. A. Schomerg, formerly of Raton, but at present living in Trinidad, at which place he is president of the Continental Tie and Lumber company, visited the lumber camps of the company in Colfax county during the past week and made a thorough inspection of the affairs. The company is cutting a good deal of timber, manufacturing much lumber and putting out a good many railroad ties.

MINOR CITY TOPICS

Weather forecast for New Mexico: Fair weather tonight and Wednesday; warmer in the southeast portion tonight.

Big crowds are nightly attending the show at the Bijou theater.

The best table in Santa Fe at the Normandie for the money. Meals, 25 cents.

Today was bright and clear and comparatively speaking, warm for November. Everything was very peaceful and voting commenced promptly at 9 o'clock.

Election returns will be received at Republican headquarters tonight; also at the Public Library and the apartments of Governor Curry. Big crowds are expected to be up town to hear the results as they come in. The ladies of the Woman's Board of Trade will serve light refreshments during the evening for 15 cents. They extend a cordial invitation to the public to spend the evening at the library.

W. H. Hough, postmaster at Hobart, Santa Fe county, for many years in charge of the truck and farm of E. F. Hobart, met with a deplorable accident at Los Angeles, a few days ago, where he had gone for health reasons. Upon arriving at the hotel where he intended to stay, he fell backwards down a flight of stairs and was picked up unconscious, suffering from serious injuries that may cause his death. He was taken to a hospital for medical treatment.

Standing room only was the sign at the opera house again last night and the show was, as usual the best. The feature, "Wages of Sin," is taken from Marie Correll's novel, "The Vendetta." The other pictures, "A Family of Cats" and "Justice of a Redskin" are well worth seeing. The song is one of Ned Harrigan's and, although old, is still good. If you are waiting tonight to hear the returns of the election, visit the opera house and see the show, as nothing definite will be known before 9 o'clock.

Today, like yesterday, was ideal from a climatic standpoint. The fine weather all over the country insured a record-breaking vote. Yesterday the maximum temperature was 58 degrees at 3:15 p. m., the minimum 28 degrees at 5:30 a. m., making the mean temperature for the twenty-four hours 43 degrees. The relative humidity at 6 a. m., was 48 per cent and at 6 p. m., 34 per cent, making an average relative humidity for the day of 41 per cent. The lowest temperature during last night was 29 degrees, while at 6 a. m., today the thermometer registered 36 degrees.

The New Mexican can do printing equal to that done in any of the large cities. Our solicitor, every piece of work we turn out. Try our stock once and you will certainly come again. We have all the facilities for turning out every class of work, including one of the best binderies in the West.

OCTOBER MONTH OF SUNSHINE

Same Old Story as to Climate in Santa Fe During Thirty Days Just Past.

Not a day with less than 13 per cent of sunshine, 15 days with a hundred per cent, three with 99 per cent, two with 98 per cent, and only three with less than sixty per cent, such was the sunshine record for the month of October just past, according to the observations of the U. S. Weather Bureau for this city. The average for the month was 85 per cent of sunshine. Only one day was classed as cloudy, seven as partly cloudy and 23 as clear. The highest temperature was 71 degrees on October 1; the lowest 21 degrees on October 27; the greatest daily range was 38 degrees on October 18, and the least range was 10 degrees on October 22. The average temperature was 46 degrees, or four degrees below the normal. Since New Year the deficiency in temperature has been 372 degrees or 1.2 degrees a day. The precipitation was .56 inch; the snowfall 3.6 inches; the greatest precipitation in any twenty-four consecutive hours was .27 of an inch on October 27. Since New Year there has been a deficiency in precipitation of 3.01 inches. The prevailing direction of the wind has been from the north-east; the total movement 7,045 miles or an average of ten miles an hour; the maximum velocity recorded was 43 miles per hour from the south and occurred on October 18. The mean atmospheric pressure was 30; the highest, 30.39 on October 23, and the lowest 29.43 on October 2. The mean relative humidity was 49 per cent at 6 p. m., 39 per cent, and at 6 a. m., 58 per cent.

DOUBLE KILLING IN OKLAHOMA TOWN

Drunken Quarrel Results in Death of Two Men and Serious Wounding of Another.

Ardmore, Okla., Nov. 3.—D. B. Cook, constable from Mulkey, and J. A. Sims, a farmer, were shot and killed on East Main street in Ardmore today by John Brazil, a local character. James Billings a farmer and companion of the two dead men, was seriously wounded. Brazil was arrested. The quartet had been drinking and quarreled.

OFFICIAL MATTERS

Postmaster Appointed.

Emily A. Welty has been appointed postmaster at Cumberland, Chaves county, New Mexico.

Postoffice Established.

A postoffice has been established at Painter, Roosevelt county, to be served from Floyd, six miles to the east. William A. Painter has been appointed postmaster.

Period of existence, fifty years. Incorporators, David S. Rosenwald, Sidney U. Rosenwald and Helena Rosenwald, all of Albuquerque.

BIG SHEEP SALES IN PECOS VALLEY

From Roswell come reports that the sheep men in that section are now finding fair markets for their lambs and at good prices. The Roswell Register-Tribune reports the following recent sales:

"Charles de Bremond has sold 3,500 Shropshire lambs to Kelly and Norris at \$3 per head. The deal was closed a week ago and the delivery will be made in Roswell on December first.

"Through W. T. White, James Miller has sold to Arizona people, 10,000 ewes at \$2.75 per head. The deal calls for immediate delivery.

"Kelly and Norris have bought of Rhea Brothers and Eliza White, 3,500 head for immediate delivery at Roswell. The same firm bought of Fritz Brinck, 2,500 yearling wethers, which were delivered last week at Riverside; the price was not given.

"Fritz Brinck shipped 1,500 ewes to the Kansas City market and Jaffa-Prager shipped 1,500 feeders to W. H. Cottingham of McPherson, Kansas. Other shipments went from Riverside last week."

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the New Mexican.

"BABY MINE"

Becoming a mother should be a source of joy, but the suffering incident to the ordeal makes its anticipation one of dread. Mother's Friend is the only remedy which relieves women of much of the pain of maternity; this hour, dreaded as woman's severest trial, is not only made less painful, but danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, and the system is prepared for the coming event. "It is worth its weight in gold," say many who have used it.

MOTHER'S FRIEND

SEPTEMBER WEATHER FOR THIRTY-THREE YEARS

The following data for November, covering thirty-three years, have been compiled from the Weather Bureau records in this city. The normal temperature of the month has been 39 degrees, but in 1878, it was as high as 44 degrees, and in 1880, as low as 29 degrees. The highest temperature recorded in November was 77 degrees. The lowest was 11 degrees below zero and was recorded on November 18, 1880. The average precipitation for the month has been .75 of an inch; the greatest precipitation was 3.39 inches in 1905, while in 1903, no precipitation occurred during the entire month. The average number of days with .04 of an inch or more precipitation has been four. The greatest amount recorded in any 24 consecutive hours was 1.29 inches and was noted November 22 and 23, 1905. The greatest amount of snowfall recorded during any 24 consecutive hours was 5 inches on November 25, 1888. The relative humidity has been 48 per cent, 42 per cent at 6 p. m., and 54 per cent at 6 a. m. The average number of cloudy days has been 3, of partly cloudy days 8, and of clear days 19. The prevailing wind has been from the northeast and its average velocity 6.3 miles per hour. The maximum velocity was 51 miles per hour from the southeast and was recorded on November 22, 1905.

LAND UNDER CARLSBAD PROJECT IN DEMAND

Carlsbad, N. M., Nov. 3.—The Carlsbad Project has been visited by many prospectors the past two weeks and several hundred acres of land were sold. The people who have purchased land the last two weeks have nearly all purchased for cash. Among the sales have been a number in La Huerta, a suburb of Carlsbad, that is laid out in five acre tracts. Several new houses have already planned to be built here by late purchasers. Indications are that next month will bring the largest number of home seekers that have been seen here at any time. The project is attracting attention in irrigated districts in the West that are becoming crowded and the land values high. The low price and the substantial irrigation works and amply water supply here looks very attractive to people who have had experience with irrigation.

REPORT OF BIG LOSS OF SHEEP UNFOUNDED

According to a telegram received by W. D. Shea, traveling freight and passenger agent of the Denver and Rio Grande railroad with headquarters in Santa Fe, the report that 20,000 sheep and several herders perished recently in a blizzard in the Cumbres mountain range in northern Rio Arriba county and southern Colorado, was not true.

Mr. Shea's message is from A. J. Ortiz, secretary of the Los Pinos Sheep Growers' Association, by which organization the sheep were said to have been owned. Mr. Ortiz states that the report was untrue in every particular. The report reached the New Mexican from a forest ranger stationed in that section.

FERRYBOAT AND STEAMER IN FATAL CONCLUSION

Washington, Nov. 3.—Early today a collision occurred in the Potomac river between Norfolk and Washington, between the Steamer City of Washington and the ferryboat Lackawana, bound from Washington to Alexandria. One man, Samuel Belan, a merchant of Alexandria was instantly killed. Mrs. Emma Swan and her three-year-old son, and Mrs. Fanny B. Smith, all of this city, were painfully injured. The collision was due to a confusion of signals and inability, on account of the low stage of the water, to properly handle the ferryboat. The starboard side of the Lackawana was torn away and the bow of the City of Washington was damaged. The Lackawana was beached.

MORIARTY MESSENGER IS UNDER NEW MANAGEMENT

Matt Telin, formerly on the editorial staff of the New Mexican, has purchased the Moriarty Messenger, a bright weekly paper published at that growing town at the junction of the New Mexico Central and Albuquerque Eastern railroads, and took charge of the paper on November 1. Editor Telin will conduct a straight Republican paper. He formerly edited papers in Minnesota and Oklahoma with success.

If you want anything on earth—try a New Mexican want "ad."
