VOL. 45.

SANTA FE, NEW MEXICO, MONDAY DECEMBER 14, 1908.

NO. 260

## FULL TEXT OF ANDREWS BILL FOR THE STATEHOOD OF NEW MEXICO

**Provides for the Speedy Organization of State Government After Measure is Passed and Signed.**

**MAKES AMPLE PROVISION FOR PUBLIC INSTITUTIONS**

**Unappropriated Lands Set Aside for School, Public Debts etc. and National Appropriations to be Continued in Force**

The following is a copy of House Bill No. 22,273, introduced by Delegate Andrews providing for statehood for the territory of New Mexico:

### A BILL

To enable the people of New Mexico to form a constitution and state government and be admitted into the Union on an equal footing with the original States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the inhabitants of all of that part of the area of the United States now constituting the Territory of New Mexico as at present described may become a State of the Union as hereinafter provided.

Sec. 2. That all qualified electors of said Territory are hereby authorized to vote for and choose delegates to form a convention in said Territory; such delegates shall possess the qualifications of such electors. The aforesaid convention shall consist of one hundred and thirteen delegates, apportioned among the several counties within the limits of the proposed State, and the governor, chief justice, and the secretary of the said Territory shall apportion the delegates to be thus elected among the several counties thereof in accordance with the voting population as shown by the vote cast for Delegate in Congress in said Territory in nineteen hundred and eight.

And the Governor of said Territory shall by proclamation order an election of the delegates aforesaid in said Territory to be held on the sixth Tuesday after the passage of this act, which proclamation shall be issued within twenty days after the passage of this act; and such election shall be conducted, the returns made, the result ascertained, and the certificates to the persons elected to such convention issued as nearly as may be in the same manner as is prescribed by the laws of said Territory regarding the elections therein for members of the house of representatives of the respective counties. All persons resident in said proposed State who are qualified voters of said Territory as herein provided, shall be entitled to vote upon the ratification or rejection of the constitution, under such rules and regulations as said convention may prescribe, not in conflict with this act.

Sec. 3. That the delegates to the convention thus elected shall meet at the seat of government of said Territory on the third Monday after their election, and after organization shall declare, on behalf of the people of said proposed State, that they adopt the Constitution of the United States, whereupon the said convention shall be, and is hereby, authorized to form a constitution and state government for said proposed State. The constitution shall be republican in form and make no distinction in civil or political rights on account of race or color, except as to Indians not taxed, and not to be repugnant to the Constitution of the United States and the principles of the Declaration of Independence. And said convention shall provide, by ordinance, irrevocable without the consent of the United States and the people of said State:

First, That perfect toleration of religious sentiment shall be secured, and that no inhabitant of said State shall ever be molested in person or property on account of his or her mode of religious worship, and that polygamous or plural marriages are forever prohibited.

That the capital of said State shall temporarily be at the city of Santa Fe, in the present Territory of New Mexico, and shall not be changed therefrom previous to anno Domini nineteen hundred and thirty, but the location of said capital may, after said year, be fixed by the electors of said State, voting at an election to be provided for by the legislature.

Second, That the people inhabiting said proposed State do agree and declare that they forever disclaim all right and title to the unappropriated public lands lying within the boundaries thereof, and to all lands lying within said limits owned or held by any Indian or Indian tribes; and that until the title thereto shall have been

extinguished by the United States the same shall be and remain subject to the disposition of the United States, and said Indian lands shall remain under the absolute jurisdiction and control of the Congress of the United States; that the lands belonging to citizens of the United States residing without the said State shall never be taxed at a higher rate than the lands belonging to residents thereof; that no taxes shall be imposed by the State on land or property therein belonging to or which may hereafter be purchased by the United States or reserved for its use; but nothing herein, or in the ordinance herein provided for, shall preclude the said State from taxing as other lands are taxed any lands owned or held by any Indian who has severed his tribal relations, or has obtained from the United States or from any person a title thereto by patent or other grant, save and except such lands as have been or may be granted to any Indian or Indians under any Act of Congress containing a provision exempting the lands thus granted from taxation; but said ordinance shall provide that all such lands shall be exempt from taxation by said State so long and to such extent as such Act of Congress may prescribe.

Third, That the debts and liabilities of said Territory of New Mexico shall be assumed and paid by said State.

Fourth, That provision shall be made for the establishment and maintenance of a system of public schools, which shall be open to all the children of said State and free from sectarian control, and that said schools shall always be conducted in English; Provided, That this act shall not preclude the teaching of other languages in said public schools.

Sec. 4. That in case a constitution and state government shall be formed in compliance with the provisions of this act the convention forming the same shall provide by ordinance for submitting said constitution to the people of said proposed State for its ratification or rejection at an election to be held at a time fixed in said ordinance, at which election the qualified voters for said proposed State shall vote directly for or against the proposed constitution and for or against any provisions separately submitted. The returns of said election shall be made to the secretary of the Territory, who, with the governor and chief justice thereof, or any two of them, shall canvass the same; and if a majority of the legal votes cast, on that question shall be for the constitution the Governor shall certify the result to the President of the United States, together with the statement of the votes cast thereon and upon separate articles or propositions, and a copy of said constitution, articles, propositions and ordinances. And if the constitution and government of said proposed State are republican in form, and if the provisions of this Act have been complied with in the formation thereof, it shall be the duty of the President of the United States, within twenty days from the receipt of the certificate of the result of said election and statement of the votes cast thereon and a copy of said constitution, articles, propositions, and ordinances from said commission, to issue his proclamation announcing the result of said election, and thereupon the proposed State, under and by the name of New Mexico, shall be deemed admitted by Congress into the Union, under and by virtue of this Act, on an equal footing with the original States from and after the date of said proclamation.

The original of said constitution, articles, propositions and ordinances, and the election returns, and a copy of the statement of the votes cast at said election shall be forwarded and turned over by the secretary of the Territory to the state authorities.

Sec. 5. That until the next general census, or until otherwise provided by law, said State shall be entitled to two Representatives in the House of Representatives of the United States, which Representatives in the Sixtieth Congress, together with the governor and all other state, county and precinct officers provided for in said con-

## THE DUTCH CAPTURE A VENEZUELAN SHIP

Holds it, But Allows the Crew to Go Ashore—Crisis Approaching.

Willemstad, Curacao, Dec. 14.—The Venezuelan coast guard ship, *Alexis*, seized Saturday off the Venezuelan coast by the Dutch cruiser *Gelderland*, was towed to Curacao where she is now anchored in the inner bay. The crew of the *Alexis* were allowed to go ashore at Puerto Cabello in row boats.

Foreign Minister Hull today sent a note to the members of the diplomatic corps here protesting against the "repeated violations of the territorial rights of Venezuela" by the three Dutch warships that have been cruising in Venezuelan waters since December 2. "Venezuela holds Holland responsible for all the consequences," the note says.

## SLAUGHTER OF OUR WORKMEN GOES ON

Astounding Record of the Past Years Shows Gross Negligence in Factories.

Washington, Dec. 14.—Between 10,000 and 35,000 deaths and two million injured is the accident record of the United States during the past year among workmen, according to the bulletin issued today by the bureau of labor. The bulletin declares that much that could be done for the protection of working men is neglected, though many far-reaching improvements have been introduced in factory practices during the last decade. It is pointed out that conditions are better in European countries and it is insisted that it should be possible to prevent at least one-third and perhaps one-half of the accidents in this country by intelligent and rational methods of factory inspection, legislation and control.

## GOVERNMENT WILL STOP JAPANESE EMIGRATION

Chicago, Dec. 14.—A special dispatch to the Record-Herald from Washington says: When the Japanese diet meets a few weeks hence, Baron Komura, foreign minister of affairs, will make an official announcement that the government has decided to prohibit all emigration to the United States after a given date. Thus will disappear the last remaining difference or possible cause of trouble between the United States and Japan.

## PRESIDENT SENDS REPORT ON BROWNSVILLE SOLDIERS' RIOT

Washington, Dec. 14.—President Roosevelt today sent a message to congress inclosing a letter from the secretary of war transmitting the report of the investigation made by Herbert J. Brown, employed by the department in conjunction with Captain W. G. Baldwin to investigate the Brownsville rioting affair on August 13 and 14, 1906. The message in part follows:

"This report enables us to fix with tolerable definiteness at least some of the criminals who took the lead in the murderous shooting of private citizens at Brownsville. It establishes clearly the fact that the colored soldiers did the shooting. The investigation has not gone far enough to enable us to determine all the facts, and we will proceed with it. It appears that almost all members of company D must have been actively concerned in the shooting, either to the extent of being participants or to the extent of virtually encouraging those who were participants. As to companies C and D there can be no question that practically every man in them must have had knowledge that the shooting was done by some soldiers of B troop, and possibly by one or two others in one of the other troops.

### A Grave Offense.

This concealment was of itself a grave offense, which was greatly aggravated by their testifying before the senate committee that they were ignorant of what they must have known. Nevertheless it is to be said in partial extenuation that they were probably cowed by the threats, made by the more desperate of the men who had actually been engaged in the shooting, as to what would happen to any man who failed to protect the wrong-doers. Moreover, there are circumstances tending to show that these misguided men were encouraged by outsiders to persist in their course of concealment and denial. I feel, therefore, that some measure of allowance should be made for their misconduct. In other words, I believe we can afford to restate any of these men who will truthfully tell what happened, and give all aid they can to fix the responsibility upon those who are really guilty, and show that they them-

## GETTING STATISTICS ON WATER COURSES

**Engineers Investigating Streams in the Territory**

**PREPARING FOR SETTLERS**

**New Mexico as State Will Command the Attention of the Whole Country.**

The Water Resources branch of the geological survey is working with the territorial engineer, and investigations on all of New Mexico's principal rivers will be pushed with greater zeal than ever before. The geological survey, working with Vernon L. Sullivan, territorial engineer, has decided to do more stream gauging in New Mexico this winter than in any other state in this section of the country. With the granting of statehood the eyes of the country will be turned to the southwest, and especially to New Mexico. Investors will wake up to the fact that they do not have to go clear to the coast for "something good."

But the capitalist before he sees his way clear to use his magic wand in the development of a stream for irrigation must have the assurances which only figures can give. It is with this end in view that the Federal government has joined forces with New Mexico, and together they will study the streams, undoubtedly a most valuable asset, so that the facts may be ready when asked for by the investor, farmer, or settler.

James B. Stewart, hydrographer, representing Federal Engineer W. B. Freeman, will from now on make his headquarters in the office of the territorial engineer. Gauging trips for the purpose of measuring the amount of water in every important stream will be made each month. Mr. Stewart has just returned from a visit to the gauging stations in San Juan county. The La Plata, Animas and San Juan rivers were visited and while the flow in these streams is lower than usual yet there is an abundance of water finding its way out of New Mexico into the Gulf of California.

selves had no guilty knowledge before hand and were in no way implicated in the affair, save by having knowledge of it afterwards and waiting and refusing to divulge it. I recommend that a law be passed allowing the secretary of war within a fixed period of time, say a year, to reinstate those soldiers whom he, after careful examination, finds have been innocent, and whom he finds have done all in their power to help bring to justice the guilty. Meanwhile the investigation will be continued."

### Congress Confessed.

"Ex-Private Boyd Conyers, company B, 25th infantry now at Monroe, Go., told William Lawson, a detective, that he and three or four other men of the 25th infantry were leaders in the Brownsville raid. Conyers tried to commit suicide after he found out he had made his statement to a detective, saying that other negroes would kill him when it got out. He finally wrote to Senator Foraker and received a reply. In that reply he instructs the man to stick to his original story told before the senate committee at all hazards."

A significant part of Foraker's letter which is annexed to Brown's report is "I remember you very well as a witness before the senate committee, and I am sure you did not there testify to anything except only the truth."

The report is accompanied by affidavits in support of the statement made by Brown.

According to Conyer's alleged confession John Holleman, a money lender in company B, was the chief conspirator and leader in the raid and was custodian and distributor of the cartridges, but this plans could not have been carried out had not Sergeant George Jackson of company B, in charge of the keys to the gun racks, and Sergeant Reid in the company guards, co-operated both before and after the raid. Four men who are alleged to have led the raid were John Holleman, John Brown, Boyd Conyers and Corolla De Saussers. The motive for the shooting, according to Conyers, was retaliation for threats said to have been made by "Crackers" (whites), that they would have no negro soldiers at Brownsville.

## STATEHOOD BILL IS OFFERED IN SENATE

Senator Foraker Presents Andrews Bill in the Upper House of Congress.

Special to the New Mexican.

Washington, D. C., Dec. 14.—This morning in the United States Senate United States Senator J. D. Foraker of Ohio introduced the Andrews bill, which was referred to the committee on territories.

Edward Pennington of Deming has been appointed postmaster at that point upon the recommendation of Delegate W. H. Andrews and Governor George Curry.

## CALL ISSUED FOR LIVE STOCK MEETING

Next Convention at Los Angeles in January Will Have Important Matters to Decide.

A call has been issued by H. A. Jastro, president of the American National Livestock association, for the next meeting of the association to be held at Los Angeles January 26, 27 and 28, of next year. All members of the association, and all livestock associations, as well as livestock producers generally are urged to attend, as many questions of the greatest importance to the industry will come up for consideration. The probability of some revision of the tariff on hides, wool and livestock will be the principal matter discussed and in order to protect the interests of stockmen it is necessary that concerted steps be taken to influence the action of Congress. Federal supervision of unappropriated public lands in semi-arid states, supervision of the public ranges, protecting ranchmen and the administration of the forest reserves will also be considered, and Gifford Pinchot, chief of the forestry service, will address the convention. The matter of better rates on livestock shipments will come up, and the recent victory of the livestock men in their suit for a reduction of rates from the Southwest to eastern markets will be fully explained.

Special rates will be given by the railroad to Los Angeles for the convention.

## HARRIMAN NEED NOT ANSWER QUESTIONS

Washington, Dec. 14.—In an opinion by Justice Holmes in the Supreme court of the United States today it was held that E. H. Harriman and Otto Kahn, the latter a New York banker, should not be required to answer the Interstate Commerce Commission's questions concerning their dealings in stocks between Union Pacific and other roads, to which they refused to make response when the subject was under investigation in New York.

The questions which Harriman refused to answer sought to ascertain whether he owned any Chicago and Alton stock which was purchased by the Union Pacific and whether the Illinois Central stock was acquired by a pool of which he was a member with the view of selling it to the Union Pacific and whether the Union Pacific directors were interested in New York Central stock which was acquired by the Union Pacific and how much Santa Fe stock was owned by Union Pacific directors. The circuit court declared that Harriman must answer these questions and its decision was reversed today by the supreme court.

## TIMBER GRABBERS TO BE BROUGHT TO TRIAL

Washington, Dec. 14.—The supreme court of the United States today, in the main, reversed the verdict of the United States district court for the district of Colorado discharging from custody a number of persons who had been arrested on a charge of conspiring to defraud the government by entering on timber and coal lands contrary to law.

There were four cases in which misappropriation of timber lands was charged. F. W. Whitted, Robert Forster, Charles E. Herr and George C. Franklin being defendants and three coal land cases, Charles H. Freeman, Edgar M. Biggs and Alexander T. Sulzenberger being defendants. These men, with a number of others, were indicted on charges of false swearing and conspiring to procure for corporations more public lands than allowed by law to one individual or corporation.

## MOVEMENT STARTED FOR CLEANER JOURNALISM

New York, Dec. 14.—With the starting of the Hains trial at Flushing today a campaign for a "cleaner press" has been inaugurated in New York with the hope of inducing newspapers to eliminate from their columns anything suggestive or offensive. The move started with an open letter signed by Morney Williams, manager of the Evangelical Alliance of the United States, Edward B. Finch, a writer, lecturer and clubman and Charles R. McKenna. There is no desire to suppress the news, this letter stated, but the belief is expressed that a campaign along proper lines will be effective.

## SCHOOL FOR BLIND DOING GOOD WORK

**Prof. Gill Adding to Its Roll Each Year**

**FIELD IS A LARGE ONE**

**Many Parents Neglect the Opportunity Offered Them By Territory's Liberality.**

Prof. S. H. Gill, superintendent of the New Mexico Institution for the Blind at Alamogordo, passed through the city this morning, and stopped in to pay the New Mexican a call. Prof. Gill was en route to Rio Arriba county to accompany two blind children, who will become pupils in the Institute, and could stay in the capital only a few hours, as he is hurrying back to the Institute to make preparations for the Christmas celebration which he is providing for his charges. This celebration he purposes to make as entertaining and interesting as possible, and it will include a huge Christmas tree loaded with presents and gifts for the pupils. Parents, guardians, relatives and friends of the pupils are invited to be present, and if they cannot come to send to the Institute any little gifts of remembrance that they may desire to give the pupils to be hung on the tree. Nothing will be left undone to give the children a real Christmas.

### Enrollment Growing.

Under the direction of Prof. Gill and the able management of the Board of Regents, consisting of Judge J. E. Wharton of Alamogordo, president, Dr. G. C. Bryan of Alamogordo, secretary and treasurer, and Messrs. W. A. Hawkins of Three Rivers, Oscar C. Snow of Las Cruces, and W. F. Buchanan of Tucuman, the Institute is making splendid progress, and is doing a great work among the blind children of the territory. When the school opened September 10, 1906, it had but one pupil, but before the end of the school year 21 were enrolled. In the following year the enrollment reached 32, and this year there are 30 enrolled, and the two who are accompanying Prof. Gill will make 32, with a prospect of several others before the end of the school year.

The enrollment this year is exclusive of nine pupils, who were in the institution last year, and who did not return. Five of these were barred by age, and three of them had so far recovered their sight under the treatment received at the institution that they were able to enter the public schools at their home. This fact calls attention to a most important part of the work at the Institute, and that is the attention of a trained physician and an oculist who are in attendance at the school and by whose efforts many partially blind children are entirely restored to their sight.

### Parents Are Indifferent.

The officers of the Institute find that in order to get pupils it is necessary for some one to go into the homes of the parents of the blind children and explain to them the importance of an education for their offspring, and urge them to take advantage of the school's opportunities for instruction. Notwithstanding the fact that the school provides free board, tuition and training, many parents are slow to take advantage of it, either because they do not understand how pupils are to be entered, or from carelessness.

The instruction includes a complete English course, piano, vocal culture, sewing, fancy work and bead work for the girls, and piano tuning, broom making, hammock weaving, chair seating and mattress making for the boys. Prof. Gill himself instructs the boys in handicraft, and the teacher of music is the instructor of the girls in their domestic arts. Thus by doubling the work of the faculty a maximum amount of instruction is secured at a minimum of expense.

### Legislature Liberal.

The legislature two years ago was very liberal with the Institute, and provided sufficient funds to run it comfortably, with the few pupils it then had. The investigations of the board of regents, however, have shown that there are still at least 100 blind and partially blind children in New Mexico who should be in the school, and it is hoped that the coming legislature will make sufficient provision not only for the maintenance of the school, but for the bringing in and for the education and maintenance of these 100 children who are growing up with no practical training. They should be provided for not only as a matter of common humanity and Christianity, but also as a policy of

## MINOR CITY TOPICS

Denver, Colo., Dec. 14.—  
Weather forecast for New Mex-  
ico: Tonight and Tuesday partly  
cloudy; warmer in north and east  
portions today.

**Candidate for Constable**—H. C. Montoya announces himself as a candidate for constable, subject to Republican primaries of Precinct 17.

**Rooming House Sold**—The rooming house at Palace avenue and Burro alley formerly owned by Mrs. Gold, has been purchased by Mrs. Fitzhugh who has taken possession.

**Band Dance**—La Bunde de Santa Fe gave one of its dances Saturday night in the Catron block. The band furnished music for dancing.

**Sale of embroidered pillows, lunch cloths, and center pieces, suitable for Christmas gifts.** Thursday and Friday afternoon and evening.—Miss Bemis, 117 San Francisco street.

**Bids Opened**—Bids for the painting and overhauling of the Federal building were opened Saturday. There were but two bids. The contract will be awarded within 10 days.

**Holiday Rates**—The Atchison, Topeka and Santa Fe railway system today announces its usual holiday rates concerning which inquiries have been made for some time.

**Cable to Capitol**—Long trenches are being dug from the capitol to the street on both the east and west sides preliminary to the installation of the cable system of the Santa Fe Electric Telephone company to the capitol.

**Snow Disappearing**—Slowly, but surely the fall of over 14 inches of snow two weeks ago is disappearing before the persistent sunshine. Friday evening the depth was .9 of an inch and last evening it was .5 of an inch.

**Depot Material**—Three cars of cement and sand for the new depot of the Atchison, Topeka and Santa Fe railroad system at this place have arrived. Work will begin as soon as a site can be decided upon.

**Made a Killing**—The quail in the region of Bonanza received a terrific onslaught yesterday when J. H. Blain, H. C. Montoya and Gust Eckerman visited the locality. When they returned to the city they brought twenty-four fine specimens of the quail family.

**Cable Hanging**—By Tuesday the two miles of new cable necessary to be laid for the installation of the cable system by the Santa Fe Electric Telephone company will have been placed in position. Work will then begin making the cut off and removing the overhead wires.

**Museum Visitors**—Registrations during the past three days at the rooms of the New Mexico Historical society have been: George G. Kirtley, Huntington, W. Va.; C. A. Hernandez, Ojo Caliente; Mr. and Mrs. J. W. Jackson, Denver; William F. Ganett, New York; Mr. and Mrs. W. Howard, Marshallton, Iowa; Mrs. S. V. Hamly, Denver.

**Royal Arch Convocation**—The regular monthly convocation of Santa Fe Chapter No. 1, Royal Arch Masons, will be held this evening at the Masonic hall on the south side of the Plaza, commencing at 7:30 o'clock. Visiting companions are courteously invited to be present. The election of officers for the coming Masonic year will take place.

**Sale of embroidered pillows, lunch cloths, and center pieces, suitable for Christmas gifts.** Thursday and Friday afternoon and evening.—Miss Bemis, 117 San Francisco street.

**At Opera House**—Everything is new at the opera house tonight. Two great films, "Leah, the Forsaken," and "In the Days of the Pilgrims," also "The Drunken Witness" will be put on. The two new features are the latest films, and have been shown only in Denver and Pueblo. The song is "A Soldier's Dream." The opera house program is always the best and latest, as the film exchange now guarantees nothing but the best.

**Weather Report**—The atmosphere is warm today. Sunday was a sunny day. The maximum temperature was 45 degrees at 3 p. m., and the minimum temperature 21 degrees at 5 p. m. The mean temperature was 33 degrees, or 2 degrees above the normal. Relative humidity at 6 a. m. 77 per cent; at 6 p. m. 54 per cent, making a relative humidity average for the day of 65 per cent. Average depth of snow on the ground at 6 p. m., .5 of an inch. Lowest temperature last night, 25 degrees; temperature at 6 a. m. today 27 degrees.

**Thank Offering**—The annual Woman's Home Missionary Society of St. John's M. E. church was held last week at the home of Mrs. C. E. Butts. There was a

good attendance and a pleasant afternoon passed. Mrs. Teare furnished music on the piano and a praise and thank offering meeting of the charge of Mrs. W. R. Smyth. The reading course was led by Mrs. E. E. Friday and Mrs. Patterson gave the prayer of consecration. An offering was taken which will be sent to the Harwood home in Albuquerque.

(Continued On Page Eight.)

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

**FULL TEXT OF THE ANDREWS  
BILL FOR THE STATE-  
HOOD OF NEW MEXICO**  
(Continued From Page One.)

situation, shall be elected on the same day of the election for the adoption of the constitution; and until said State, county and precinct officers are elected and qualified under the provisions of the constitution and the State is admitted into the Union the territorial officers shall continue to discharge the duties of the respective officers in said Territory.

Sec. 6. That upon the admission of said State into the Union there is hereby granted unto it, including the sections thereof heretofore granted, four sections of public land in each township in the proposed State for the support of free public non-sectarian common schools, to wit: Sections numbered thirteen, sixteen, thirty-three and thirty-six, and where such sections or any parts thereof have been sold or otherwise disposed of by or under the authority of any Act of Congress other lands equivalent thereto, in legal subdivisions of not less than one quarter section and as contiguous as may be to the section in lieu of which the same is taken; such indemnity lands to be selected within said respective portions of said State in the manner provided in this act: Provided, That the thirteenth, sixteenth, thirty-third and thirty-sixth sections embraced in permanent reservations for national purposes shall not at any time be subject to the grants nor to the indemnity provisions of this Act, but other lands equivalent thereto may be selected for such school purposes in lieu thereof; nor shall any lands embraced in Indian, military, or other reservations of any character be subject to the grants of this Act, but such reservation lands shall be subject to the indemnity provisions of this Act.

Sec. 7. That three hundred sections of the unappropriated non-mineral public lands within said State, to be selected and located in legal subdivisions, as provided in this Act, are hereby granted to said State for the purpose of erecting legislative, executive and judicial public buildings in the same and for the payment of the bonds heretofore or hereafter issued therefor.

Sec. 8. That nothing in this Act shall be so construed, except where the same is so specifically stated, as to repeal any grant of land heretofore made by any Act of Congress to said Territory, but such grants are hereby ratified and confirmed in and to said State, and all of the land that may not, at the time of the admission of said State into the Union, have been selected and segregated from the public domain may be so selected and segregated in the manner provided in this Act.

Sec. 9. That 10 per centum of the proceeds of the sales of public lands lying within said State which shall be sold by the United States subsequent to the admission of said State in the Union, after deducting all the expenses incident to the same, shall be paid to the said State to be used as a permanent fund, the interest of which only shall be expended for the support of the common schools within said State. And there is hereby appropriated, out of any moneys in the Treasury not otherwise appropriated, the sum of five million dollars for the use and benefit of the common schools of the said State. Said appropriation shall be paid by the Treasurer of the United States at such time and to such person or persons as may be authorized by said State to receive the same under the laws to be enacted by said State, and until said State shall enact such laws said appropriation shall not be paid. Said appropriation of five million dollars shall be held inviolable and invested by said State, in trust, for the use and benefit of said schools.

Sec. 10. That all lands herein granted for educational purposes may be appraised and disposed of only at public sale, the proceeds to constitute a permanent school fund, the income from which only shall be expended in the support of said schools. But said lands may, under such regulations as the legislature shall describe, be leased for periods of not more than ten years, and such common school land shall not be subject to pre-emption, homestead entry, or any other entry under the land laws of the United States, whether surveyed or unsurveyed, but shall be reserved for school purposes only.

Sec. 11. That in lieu of the grant of land for purposes of internal improvement made to new States by the eighth section of the Act of September fourth, eighteen hundred and forty-one, which section is hereby repealed as to the proposed State, and in lieu of any claim or demand by the said State under the Act of September twenty-eighth, eighteen hundred and fifty, and section twenty-four hundred and seventy-nine of the Revised Statutes, making a grant of swamp and overflowed lands to certain States, which grant it is hereby declared is not extended to said State, and in lieu

of any grant of saline lands to said State, save as heretofore made the following grants of lands from public lands of the United States within said State are hereby made, to wit:

For the establishment and maintenance and support of insane asylums in the said State, two hundred thousand acres; for penitentiaries, two hundred thousand acres; for schools for the deaf, dumb and blind, two hundred thousand acres; for miners' hospitals for disabled miners, one hundred thousand acres; for normal schools, two hundred thousand acres; for state charitable, penal and reformatory institutions, two hundred thousand acres; for agricultural and mechanical colleges, three hundred thousand acres: Provided, That the national appropriation heretofore annually paid to the agricultural and mechanical college of said Territory shall, until the further order of Congress, continue to be paid to said State for the use of said institution; for schools of mines, two hundred thousand acres; for military institutes, two hundred thousand acres.

Two hundred thousand acres of unappropriated public land in the said Territory are hereby granted and donated to the said State, for the maintenance and support of the archaeological institute and school of archaeology and museum located in the city of Santa Fe, the present capital of the Territory of New Mexico.

Two hundred thousand acres of unappropriated public lands in the said Territory are hereby granted and donated to the said State, for the establishment and maintenance and support of a manual training and technical school in the city of Santa Fe, the present capital of the Territory of New Mexico.

In addition to the lands granted by this Act, and which have been granted heretofore by any prior law, two million acres of lands are hereby granted to the said State to be selected and segregated as heretofore provided for other lands granted under this Act, the proceeds from said two million acres of land, when disposed of by the State, to be applied in the discharge of the outstanding indebtedness owing and due from the counties of Santa Fe and Grant, in said Territory of New Mexico, and all judgments for delinquent coupons heretofore legally granted by the courts of the said Territory, which said indebtedness was created by subscription by said counties in aid of the construction of railroad in said counties, and known and designated as the railroad-refunding bonds of the said two counties, and which said indebtedness Congress validated notwithstanding the fact that it had been decided by the Supreme Court of the United States that it was not valid; and the said State shall issue bonds to take up said indebtedness, said bonds to run for a period of thirty years, and title shall be held by said State in trust for the final payment and discharge of the said bonds when so issued; the said bonds shall bear an annual interest of four per centum on each one hundred dollars contained therein, which shall be paid semi-annually on the first days of January and July by the treasurer of the State, and which interest shall be evidenced by proper coupons to be attached to said bonds until the disposition of the said lands, granted by this section as stated above, are sold or leased. A sufficient tax shall be levied by the authorities of the said State for the liquidation and redemption of the said coupons and for a sinking fund for the principal of the said bonds, the State to be reimbursed from the sale and disposition of the lands heretofore granted. These provisions shall be carried out by the legislature of the new State.

There are hereby appropriated and donated to said State three million acres of unappropriated public lands within its limits, the proceeds of which to be used in the settlement and liquidation of certain debts of the twenty-five counties of the said Territory and new State, which debts were legally and properly incurred by the authorities of the said counties for the construction of court houses, jails and other internal improvements, and for necessary county expenses; the said three million acres of land to be selected in the same manner and method as prescribed in the section for the settlement and liquidation of the so-called "railroad refunding bonds of the counties of Santa Fe and Grant," and shall be administered and the interest coupons thereon paid in the manner provided for by the part of this section alluding to the liquidation and refunding of the so-called "railroad refunding bonds of the counties of Santa Fe and Grant."

Sec. 12. That all lands granted in quantity or as indemnity by this Act shall be selected, under the direction of the Secretary of the Interior, from the unappropriated public lands of the United States within the limits of the said State, by a commission composed of the governor, surveyor-general and attorney-general of said State; and no fees shall be charged for passing the title to the same or for the preliminary proceedings thereof.

Sec. 13. That all mineral lands shall be exempted from the grants made by this Act; but if any portion thereof shall be found by the Department of the Interior to be mineral lands, said State is hereby authorized and empowered to select, in legal subdivisions, an equal quantity of other unappropriated lands in said State in lieu thereof.

State, save as heretofore made, the

**OJO CALIENTE HOT SPRINGS.**

These celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranco Station, on the Denver and Rio Grande Railroad, from which point a daily line of stage runs to the springs. The temperature of these waters, is from 90 to 122 degrees. The gases are carbonic. Altitude 8,000 feet. Climate very dry and delightful the entire year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering from Consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,828.24 grains of alkaline salts to the gallon, being the richest.

## OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and as a large and growing circulation among the intelligent and progressive people of the Southwest.

## THE ANDREWS STATEHOOD BILL.

The New Mexican publishes in this issue the text in full of House Bill No. 22,273, introduced by Delegate W. H. Andrews and being the act for an enabling act and for statehood for the territory of New Mexico.

The bill contains 18 sections and every section contains very beneficial, proper and timely provisions for the support, maintenance and strength of a state government for the Sunshine state. The bill has been referred to the committee on territories and may be reported before the recess for the holidays for action. It is understood that Chairman Hamilton of the House committee on territories and every member thereof, Republican and Democrat, are favorably impressed and believe fully in the justice of the cause and in the right of the people of New Mexico for self government and autonomy. In the United States senate the previous opposition to the passage of the bill has almost disappeared and as President Roosevelt and President-elect William Howard Taft are both favorable to the measure, there seems to be no apparent cause for delay, although some opposition in the United States Senate may develop. In that body there is never any sure telling as to the passage of any measure until after it is passed and goes to the President and has been signed by the latter, thus becoming law. Provisions that are especially of great interest and will prove of much benefit, if the bill becomes a law, and will be approved by the great majority of the people and only opposed by the tax dodgers, the knockers, and the personal and political enemies of leading Republican citizens, who may become candidates for political office are too many to be referred to in an editorial, and the citizens generally are referred to the full text of the bill, on other pages of this issue. For Santa Fe, especially, the bill provides for the location of the capitol here until 1930, and for large donations of public lands for the settlement of the county debt of this county; Grant county comes in also for a very beneficial provision, namely, the settlement of its funded debt, which, and that of Santa Fe county above referred to, is known as the "railroad bonds refunded debt."

The county indebtedness of every country of the territory is to come under the same category and three millions of acres of public land are donated by the United States for aid to the several counties in this matter.

The new state is to have two United States senators, two members of the national house of representatives, one United States judge, and the usual quota of federal officials.

In case of the passage of the bill, a constitutional convention composed of one hundred and thirteen members is to be elected on the sixth Tuesday following the passage and approval of the bill by the president and its becoming law. This constitutional convention is to meet on the third Monday after the election and is to prepare and publish a constitution for the state of New Mexico which is to be voted upon at a time fixed by the convention and submitted to the President of the United States for approval, and the election for state officials and members of the first legislative assembly of the new state is to be held on the same day as the election for the ratification of the constitution. Thereafter the President's proclamation is to be issued and the new state declared an integral part of the great union of the states that compose the United States of America, the greatest, freest, most liberal and best government on God's green earth. Every citizen of the territory who is patriotic, law-abiding and public-spirited and who believes in the grand union, and wants to live under a state government, who believes in the administration of state affairs by the people of New Mexico and for the people of the territory and future state by its own citizens and who would enjoy free and untrammelled government, should aid Delegate W. H. Andrews and Governor George Curry, now in Washington in the speedy passage of the bill and with the provisions it now contains.

The New Mexican has labored hard for this very important and beneficial measure for nearly five decades and now hopes and believes that its constant, insistent and loyal work for statehood will be crowned with success. To be sure, final success rests with the voters of the territory but the New Mexican fully believes that the people by a very large majority favor the becoming of this territory as an integral part of this powerful union, thus putting themselves in the land of progress, prosperity and well-being.

## AGRICULTURE MUST BE MADE MORE INTENSIVE.

The Kansas City Journal, reflecting upon the necessity for the conservation of the soil of cultivable lands, pertinently puts the matter before the people in very strong and timely language, saying:

"The facts relative to the condition of the soils of the United States, as brought to light by the conference of the National Conservation commission recently in Washington, are of deepest interest to every class of American citizens, for the soil is the foundation of the nation's prosperity. And as tremendous as the agricultural industry appears to be in the United States, it is still in its infancy, as revealed by the facts brought out in the Washington conference.

"Only one-fifth of the soil of the entire country is as yet under cultivation; there are hundreds of millions of unappropriated and unreserved lands, and in addition to this there are from 75 to 80 million acres of swamp and overflow lands, practically all of which can be drained and protected and added to the acreage under cultivation.

"With this vast resource still undeveloped it would appear that the possibilities for the agricultural industry in America are unlimited, and yet the Conservation commission sounds a warning note to the American farmer.

"Because of the reservation that must be made by the federal government; the absolute necessity for the retention of the forests and even for forestry extension; the reservations required for grazing purposes and for other reasons, convince the commission that the acreage of cultivated land will perhaps never be more than twice as great as at present.

"But, while the cultivable acreage may be limited, the possibilities for developing the soil and increasing its fertility and productive capacity have as yet been untouched in America. Except in the New England states and in the South the American farmers have not even discovered the need of conserving the fertility of the soil, not to mention the necessity of increasing it. Consequently the land now under cultivation is producing not more than one-half of what it should produce.

"The problem confronting the agriculturists of the West is not to get more land, but to produce more from the land they have; not to increase their acreage, but the fertility of that acreage. Heretofore the farming industry of the West has been largely a matter of experiment or of speculation. The requirement of today is that it be reduced to a science, and in this readjustment of agricultural conditions the old school farmer must either adopt modern methods or lose his identity with the great agricultural industry of America.

## THAT HUMBAG SHOULD CEASE.

The Standard Oil company does not care to submit any more evidence in its defense in the case of the United States which has been pending in the United States court in New York against it. This action on the part of the Standard is sensible, although the trust busters will condemn its action very severely. Sensible and fairly disposed people have at no time taken any stock in this case, which seems to have been brought more for the purpose of paying handsome fees to attorneys as a pretense of reform than for other purposes. The greater business of the Standard Oil company, the better for the country and its interests. That company is the greatest producer of refined coal oil on earth and its business is away in the hundreds of millions. It employs an army of men and officials and gives all of them good pay from the lowest to the highest and gives them very respectable pensions after 30 years faithful service. A great deal of the big money made by the company comes from Europe and the old countries and gives the company a chance to give tens of thousands of men and citizens of the United States lucrative employment. The humbug of prosecuting what alleged reformers call the Standard Oil trust should cease, and that speedily.

## FAIR ASSESSMENTS NECESSARY.

Among the very important questions that will come before the 38th legislative assembly for serious consideration and action will be the one of taxation and fair and proper assessment of taxable property. The assessments up to date are low and inadequate and may not prove sufficient, if continued, for the coming two years, for the proper maintenance and administration of the territorial and county governments. There are many classes of property held by rich and well-to-do people which are scarcely taxed at all. Cases of that kind should be brought to the attention of the officers whose duty it is to assess and collect taxes, and laws should be passed giving the officers sufficient power to make assessments and collect taxes that will be just, fair and equitable.

The New Mexican does not favor the assessing of the poor man who earns but a few dollars and who has a hard time to make a living, but it does advocate the just and proper assessment of the big corporations, of the wholesale merchants, and commercial men, of the banks, and of the large land holders, and last, but not least, the railroads. These classes of citizens and of property ought to support the territorial and county administrations liberally and freely, as their property bears interest and their business is protected by territorial laws which are very liberal, and because they are enabled to do a large and safe business under a stable and efficient administration. There are many land owners in the territory who do not pay taxes on one-tenth of the real value of their property. These are probably among the worst offenders. The allowance of two hundred dollars of exemption of taxes for each head of a family is all right and should be continued, as the poor people of the territory generally have a hard time in making a living for themselves and their families. The rich and well-to-do people in all communities must be the taxpayers and supporters of government. As this is the case everywhere, it must also be in the Sunshine Territory.

The birth of Abraham Lincoln, the martyred president, and one of the greatest statesmen and executive officers ever in the United States, falls on February 12th next. In many large cities, and in other towns throughout the country the advent of the day is celebrated with proper ceremonies, public meetings, speeches, etc., and in some of them the day has been declared a national holiday. New Mexico has great cause to be thankful for the eminent services rendered by Abraham Lincoln to the nation, and especially to this territory, as he brought about the emancipation of the colored race from slavery and of many inhabitants of New Mexico from peonage. His memory should be highly respected, and wherever possible, the people in the different cities and towns of the Sunshine Territory should hold public meetings and place themselves on record with many of the cities of the United States, in showing their respect for the memory of this splendid, typical American citizen and official. Santa Fe being the capital of the territory should take the lead, and proper arrangements should be made for the celebration.

An election for the issue of city bonds, the proceeds of which are to be used to defray the cost of an extensive sewer system will be held in Albuquerque on the 19th of January next. This is a commendable sign of progress and the improvements will doubtless bring about a better and more satisfactory condition of affairs in the Duke City. Municipal improvements of that kind are always beneficial and the cost in paying coupons on the bonds to be issued will be very small compared with the good that a proper sewer system will result in.

B. F. Yoakum, chairman of the board of directors of the great St. Louis and San Francisco railroad system, thinks that the sum of fifty-seven millions of dollars which is to be appropriated by the national government for a deep waterway from the lakes to the gulf is not sufficient to carry the great project into success. Mr. Yoakum is evidently a man of very extended ideas in railroading and in financial affairs. To the people of the great West fifty-seven millions of dollars is a huge sum and its expenditure ought to be a very large ditch between Chicago and New Orleans.

Herewith are some bargains offered by the New Mexican Printing Company: Code of Civil Procedure of the Territory of New Mexico, 1897, sheep bound, \$1; paper bound, 75c; Missouri Pleadings, \$6; the two for \$10; Adapted to New Mexico Code, Laws of New Mexico, 1899, 1901 and 1903, English and Spanish pamphlets \$2.25; full leather, \$3; Sheriff's Flexible Cover Pocket Docket, single, \$1.25; two or more books, \$1 each; New Mexico Supreme Court Reports, Nos. 1 and 10 inclusive \$3.30 each; Compilation Corporation Laws, 75c; Compilation Mining Laws, 50c; Money's Digest of New Mexico Reports, full

## THE FIRST NATIONAL BANK

OF SANTA FE.

The oldest banking institution in New Mexico, Established in 1870  
RUFUS J. PALEN, President. JOHN H. VAUGHN, Cashier.  
LEVI A. HUGHES, Vice President. ALFRED H. BRODHEAD, Assistant Cashier

Capital Stock, \$150,000. Surplus and undivided Profits, \$63,500.

Transacts a general banking business in all its branches. Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfer of money to all parts of the civilized world on as liberal terms as are given by any money transmitting agency, public or private. Interest allowed on time deposits at the rate of three per cent per annum, on six months' or year's time. Liberal advances made on consignments of livestock and products. The bank executes all orders of its patrons in the banking line, and aims to extend to them as liberal treatment in all respects, as is consistent with safety and the principles of sound banking. Safety deposit boxes for rent. The patronage of the public is respectfully solicited.

## The Saving Habit

If you are thrifty, you have some of your money left over. The extra money is the foundation for future riches, if you will only persistently save it. What if it does only amount to a few dimes or nickels a day—there are going to be a great many days in your life and these dimes and nickels, will grow into a good large sum.

The opportunity may come, when a few hundred dollars might change your whole financial condition; Might mean buying an interest in some growing business; Might give you a chance to grasp your next opportunity.

**AND WHAT IS THE USE OF ALL THIS?**

Why it just means making a man of you.  
Making you free to do as you wish.  
Making you and your family happy and contented.

### PERSONAL MENTION

Mrs. A. M. Bergere left for St. Louis last night. She will be gone about ten days.

E. P. Davies, attorney at law, at Wilford, is in the city on legal business. He is a guest at the Claire.

Phillip Brink of Chamita, who has been spending several days in the city returned home this morning.

Miss Elizabeth Duval, a primary teacher in the public schools, is ill at her home on the South side with tonsillitis.

V. S. Eckler, jr., resident of Albuquerque, spent the day here on personal business. He has a room at the Claire.

E. L. Cox, who owns a large ranch near Estancia, is in the city today unchasing supplies. He is a guest at the Coronado.

Mr. and Mrs. M. Weisel of Pagosa Springs, were in the city Saturday stopping at the Claire. They are touring the southwest.

Charles W. Wilson and C. R. Wise of Denver, were in the city today on commercial matters. They were registered at the Palace.

E. T. Cooper and wife of Stanley were in the city Saturday on a business and shopping trip. They registered at the Normandie.

I. W. Fairchild of the Hughes Mercantile company of Estancia, was in the city this morning on business. He registered at the Claire.

Dr. T. J. McCarty left yesterday for Albuquerque on business with the bureau of animal industry, whose headquarters are in that city.

At the Palace among yesterday's arrivals was Ed. Franklin a commercial man of Denver who came to attend to business matters.

Dr. J. A. Sampson of Chattanooga, Tenn., is in the city looking over conditions with a view to locating. He is a guest at the Claire.

Robert Pherson and Clark Cooper, mining men of Tres Piedras were among Saturday's arrivals in the city. They were entertained at the Claire.

Mr. and Mrs. A. H. Ireland of Espanola are in the city today. Mr. Ireland has disposed of his ranch at Espanola and will go to Colorado Springs to live.

C. H. Ingraham, cashier of the United States Bank and Trust company for two and one half years, having resigned, returned yesterday to his home at LaHarpe, Ill.

Eugenio Romero of Las Vegas, treasurer and collector of San Miguel county, who has extensive mining interests in the Manzano mountains is in the city. He is at the Claire.

J. H. Cooper, auditor for the New Mexico Central railway, went to Estancia and other points on the road Saturday to inspect accounts and conditions of various officers of the road.

T. C. Duke of St. Louis, a representative of a well-known shoe company, interviewed local merchants today. Mr. Duke was accompanied by his wife, and they had an apartment at the Claire.

Joseph B. Warner and J. M. Kirkpatrick of Taos were in the city yesterday and registered at the Palace. They came to the capital on matters connected with a land case which is pending in the courts.

Mr. and Mrs. F. Long, who are connected with the Indian service at Jemez, arrived in the city Saturday and took a room at the Normandie. Mr. Long has been suffering with a cold since arrival and unable to leave his room.

District Attorney Alexander Read, who represents the legal business of the territory for the counties of Rio Arriba and San Juan, and son, arrived in the town Saturday night. Mr. Read came on legal business, and is domiciled at the Palace.

Captain Smith H. Simpson, of Taos, one of the old timers who has made his home in the county seat of that county for over fifty years, was a guest at the Claire today. He came to shake hands with old friends of whom he has many here.

Nicholas Tenorio, a sheep raiser near Palma, Torrance county, came to the city yesterday to visit relatives, and to purchase ranch supplies. He has sold his wool crop, but did not receive more than 11 cents per pound. He reports the range in good condition and as plenty of snow has fallen the outlook for the coming spring is very good.

S. H. Gill, superintendent of the New Mexico Institute for the Blind, at Alamogordo, was in town yesterday and today and goes to Rio Arriba county where he will receive two blind children for education at the Institute and take them to Alamogordo. While here he had a consultation with Superintendent W. O. Connor of the Institute for the deaf in this city.

Rev. Dr. W. W. Havens, superintendent of the Anti-Saloon league for New Mexico and Arizona, was in the city yesterday and spoke in the morning in the First Presbyterian church and in the evening at St. John's M. E. church. Dr. Havens spoke of the work of the league throughout the country, and of the plans for New Mexico and Arizona.

Hon. Thomas D. Burns, of Taos, one of the leading land owners and one of the most prominent merchants and successful sheep growers of New Mexico and highly respected for his probity and fair dealing with all men and in all directions, was among Saturday's arrivals at the Palace hotel. He is interested in a suit over land now pending in the First judicial district court. On account of the absence of Associate Justice John R. McFie, the case had to be postponed.

Ex-Governor M. A. Otero left Saturday for England, leaving New York on that day on one of the American liners. Mr. Otero was accompanied by Colonel A. H. Judd, of London, a British mining engineer and mine superintendent of fine reputation. It is understood that a large share of the capital stock of the Corona Crown Mining company in Lincoln county of which ex-Governor Otero is president, will be placed and sold to investors in the British capital. Ex-Governor Otero will likely be absent several weeks.

Governor George Curry was a prominent participant in a dinner given at the Union League club in New York city on Saturday last to the first colonel of the first regiment of U. S. volunteers, "The Rough Riders," who commanded the regiment in the battle of San Juan hill. There were forty-five members of the regiment present, and a letter of regret written by the President who was the second colonel of the regiment was read, expressing great regret that he could not be present.

Mrs. E. A. D. Blair of Denver, national lecturer and organizer of the Loyal Temperance Legion societies, addressed the Sunday schools of both the Presbyterian and Methodist churches Sunday morning and in the afternoon addressed a mass meeting in the Presbyterian church. A Junior Temperance Legion society was formed with Dillmer Kinsell, president; Donald Smythe and Hazel Sparks, vice presidents; Isabella Walker, recording secretary, and Helen Winters, treasurer. The society will meet in the W. C. T. U. rooms, 105 Washington avenue, Friday afternoon, immediately after school.

## WILSON Heater

Stop and figure out how much money you would save if you cut your fuel bills right in two, and still doubled the heating power of your coal. The result will be the strongest of all arguments why you ought to own a Wilson Hot Blast Heater. It is constructed upon entirely original principles, which are so thoroughly efficient and practical as to make the Wilson the greatest heater in the world. Chief among these is the famous

### Hot Blast Down Draft

through which all gases generated are burned, eliminating all waste.

It's MONEY in your Pocket, COAL in your bin, and COMFORT in your home to own a Wilson—SEE US—WE CAN SAVE YOU MONEY.

Specifications, samples of paper, etc., may be seen at this office.

NATHAN JAFFA,  
Secretary of New Mexico.

## The Woman That Hustled

[Copyright, 1908, by T. C. McClure.]

For several years the new church at Havesville remained unpainted and without a cupola. It was owned jointly by the Methodists and the Baptists. One day the widow Larkins set the ball a-rolling with a view of getting the work done. Not a hint escaped her that she was working for an object. It was eight months later that carpenters began work and it was learned who had raised the money.

The painters followed the carpenters, and the second coat was hardly dry when the bell arrived and was hoisted into position. There was a grand turnout for the first Sunday. The ministers of both denominations were to occupy the pulpit, and there would be "talks" instead of sermons. To the amazement of everybody who looked over the assemblage the widow Larkins was not present. It was known that she was home, and no one had heard that she was ill, and what had kept her away no one could guess. After the service Parson Turner wended his way to her house to solve the problem. He found her in tears, and the more solicitous he was the more tears she shed. There is an end to even woman's tears, however, and by and by the widow wiped hers away and controlled her voice and said:

"I am glad you came. I have a confession to make. There are several things that weigh on my conscience, and that was the reason I was not at service this morning. Parson, you know I set out all alone to get that carpenter work done."

"I know, and it was a brave thing of you."

"I owned a kicking cow. It was known to everybody in the village that she was a kicker. She has kicked over more of her milk than was ever saved. I would have been glad to sell her for \$10. One day a man came along from Cherry Hill, and I sold her to him for \$17. I never said a word about her kicking. Do you think I can ever be forgiven for my sin?"

"Um! Um!" said the parson to himself. "You were not asked if the cow kicked?"

"No."

"Well, I shouldn't worry much. It is quite possible that with other surroundings she may cease to kick at all."

"I owned two spotted hogs," continued the widow. "They were running around the village for a year and were several times complained of as nuisances."

"Yes; they rooted up my garden last spring."

"Well, a hog buyer came along one day and offered me \$3 apiece for them. He drove them away after dark. When he paid me he paid for three spotted hogs instead of two. He must have driven away one belonging to others. I didn't notice the mistake until the drover was gone, and then I did not run after him. I turned that odd hog into more lumber."

"Um! Um! I can't exactly see how you can be held responsible for the hog buyer being nearsighted. You might have run after him and explained that he had paid you for an extra hog, but you didn't think of it until too late. I should say that every hog removed from our village to some distant sphere was a distinct gain for us. A hog in a mudhole is a nuisance; a hog turned into a cupola of a church is a joy forever."

"You know I went to Chicago about three months ago. I have some worldly relatives there. When I told them of the work I was engaged in they were much interested. My brother-in-law insisted that I put \$10,000 on the races on a ten to one shot. I was induced against my will to do it, and my horse came in ahead. I got \$100 in cash, and that went into the cupola. I am feeling now that it was the greatest sin of all."

"Well, I don't know," mused the parson. "You did not bet through any sordid motive?"

"No. I had the cupola in mind all the time."

"You didn't see any of the horses abused or urged beyond their strength?"

"No. They really appeared to enjoy it. It was the first time in all my life that I ever bet on a horse race, and I—"

"Um! Of course the principle of horse racing is wrong—very wrong—but there are occasions when an innocent person may be persuaded against his own judgment. You did not go to Chicago to bet on the race?"

"Oh, no, no, no! I didn't know that such a thing was contemplated."

"It was your brother-in-law who suggested that you lay a wager?"

"It was."

"And you showed a proper reluctance for a time?"

"I did."

"Well, I don't think the sin is unforgivable. Besides, the money has gone into the cupola and can't be separated from the rest. Is there anything more?"

"There—there is!" groaned the widow as her tears began to fall again.

"You didn't attend a prize fight, I hope?"

"No. I was not so lost as that. My brother-in-law came home one morning and asked how much money I lacked to finish the cupola. I counted up and found it was \$12. He laughed and threw me over the money."

"That was very kind of him," mused the parson.

# GO TO WILLARD, NEW MEXICO.

## THE LIVE COMMERCIAL CITY OF THE ESTANCIA VALLEY.

**THE CITY OF WILLARD** destined to be the COUNTY SEAT of Torrance County New Mexico was laid out in the fall of 1905. It is now a thriving city of nearly 1000 inhabitants. It lies on the main line of the Atchison, Topeka & Santa Fe Railway system, running east and west from Chicago to all California points and the Santa Fe Central Railway running from Santa Fe, N. M., in close connection with the Denver and Rio Grande and the Rock Island System. The Santa Fe System have expended on its depot yards a million dollars, in freight and passenger depot, eating house, water system, round house and coaling chutes.

Sixty houses have been erected. Several of the largest mercantile houses in the Territory are built and doing a big business. It has four large hotels, churches, schools. A live Board of Trade, energetic business men, two lumber yards, etc. The new city is in the center of the best agricultural and grazing section of New Mexico. The best shipping and distributing point for all merchandise, cattle, sheep and wool. The large wholesale houses are in operation.

#### FULL TEXT OF THE ANDREWS BILL FOR THE STATE- HOOD OF NEW MEXICO

(Continued From Page Three.)

admitted as aforesaid, shall constitute one judicial district, the name thereof to be the same as the name of the State, and the circuit and district courts thereof shall be held at the capital of the State, or at such other place or places as the court itself may designate; and the said district shall, for judicial purposes, until otherwise provided, be attached to the eighth judicial circuit. There shall be appointed for said district one district judge, one United States attorney, and one United States marshal. The judge of said district shall receive a yearly salary the same as other similar judges of the United States, payable as provided for by law, and shall reside in the district to which he is appointed. There shall be appointed clerks of said courts who shall keep their offices at the capital of said State. The regular terms of said courts shall be held in said district at the place aforesaid, or at such other place or places as the court itself may designate on the first Monday in April and the first Monday in October of each year, and only one grand jury and one petit jury shall be summoned for service in both of said circuit and district courts. The circuit and district courts for said district, and the judges thereof, shall possess the same powers and jurisdiction and perform the same duties required to be performed by the other circuit and district courts and judges of the United States, and shall be governed by the same laws and regulations. The marshal, district attorney, and clerks of the circuit and district courts of the said district, and all other officers and persons performing duties in the administration of justice therein, shall severally possess the powers and perform the duties lawfully possessed and required to be performed by similar officers in other districts of the United States, and shall, for the services they may perform, receive the fees and compensation now allowed by law to officers performing similar services for the United States in the Territory of New Mexico.

Sec. 15. That all cases of appeal or writs of error heretofore prosecuted and now pending in the Supreme Court of the United States upon any record from the supreme court of said Territory, or that may hereafter lawfully be prosecuted upon any record from said courts, may be heard and determined by said Supreme Court of the United States. And the mandate of execution or of further proceedings shall be directed by the Su-

preme Court of the United States to the circuit or district court hereby established within the said State, or to the supreme court of such State, as the nature of the case may require. And the circuit, district and State courts herein named shall, respectively, be the successor of the Supreme court of the Territory as to all such cases arising within the limits embraced within the jurisdiction of such courts, respectively, with full power to proceed with the same and award mesne or final process therein; and that from all judgments and decrees of the supreme court of the Territory mentioned in this Act, in any case arising within the limits of the proposed State prior to admission, the parties to such judgment shall have the same right to prosecute appeals and writs of error to the Supreme Court of the United States or the circuit court of appeals as they shall have by law prior to the admission of said State into the Union, and as in other States of the Union.

Sec. 16. That in respect to all cases, proceedings and matters now pending in the supreme or district courts of the said Territory at the time of the admission into the Union of said State and arising within the limits of such State, whereof the circuit or district courts by this Act established might have had jurisdiction under the laws of the United States had such courts existed at the time of the commencement of such cases, the said circuit and district courts, respectively, shall be the successors of said supreme and district courts of said Territory; and in respect to all other cases, proceedings and matters pending in the supreme or district courts of the said Territory at the time of the admission of such Territory into the Union, arising within the limits of said State, the courts established by such State shall, respectively, be the successors of said supreme and district territorial courts; and all the files, records, indictments and proceedings relating to any such cases shall be transferred to such circuit, district and state courts, respectively, and the same shall be proceeded with therein in due course of law; but no writ, action, indictment, cause or proceeding now pending or that prior to the admission of the State shall be pending in any territorial court in said Territory shall abate by the admission of such State into the Union, but the same shall be transferred and proceeded with in the proper United States circuit, district, or state court, as the case may be. Provided, however, That in all civil actions, causes and proceedings in which the United States is not a party transfers shall not be made to the cir-

cuit and district courts of the United States except upon cause shown by written request of one of the parties to such action or proceeding filed in the proper court; and in the absence of such request such cases shall be proceeded with in the proper state courts.

Sec. 17. That the constitutional convention shall by ordinance provide for the election of officers for a full state government, also all county and precinct officers, including members of the legislature and Representatives in Congress, at the time for the election or rejection of the constitution; but the state government shall remain in abeyance until the State shall be admitted into the Union as proposed by this Act. In case the constitution of said State shall be ratified by the people, but not otherwise, the legislature thereof may assemble, organize, and elect two Senators of the United States in the manner now prescribed by the laws of the United States; and the governor and secretary of state of the proposed State shall certify the election of the Senators and Representatives in the manner required by law, and when such State is admitted into the Union as provided in this Act the Senators and Representatives shall be entitled to be admitted to seats in Congress and to all rights and privileges of Senators and Representatives of other States in the Congress of the United States; and the officers of the state government formed in pursuance of said constitution, as provided by the constitutional convention, shall proceed to exercise all the functions of state officers; and all laws in force made by said Territory at the time of its admission into the Union shall be in force in said State, except as modified or changed by this Act or by the constitution of the State; and the laws of the United States shall have the same force and effect within the said State as elsewhere within the United States.

Sec. 18. That the sum of one hundred and fifty thousand dollars, or so much thereof as may be necessary, is hereby appropriated, out of any money in the Treasury not otherwise appropriated, or defraying the expenses of said election and convention provided for in this Act and for the payment of the members thereof, under the same rules and regulations and at the same rates as are now provided by law for the payment of the territorial legislature and the expenses thereof.

Sec. 19. That all Acts or parts of Acts in conflict with the provisions of this Act, whether passed by the legislature of said Territory or by Congress, are hereby repealed.

## Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. These sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

#### BRAKEMAN CRUISED PIECES UNDER TRAIN

Charles Roberts of Quay Meets a Horrible Death on Santa Fe Tracks Near Las Vegas.

Las Vegas, Dec. 14.—While running along the top of his train Charles Roberts, a brakeman on the Santa Fe, fell between the cars near Nine Mile Hill Thursday morning and was crushed to death under the wheels. His legs and body fell across the rails and the whole train passed over him, grinding his body from the hips down till it no longer resembled a human form. In spite of his injuries he remained conscious, and lived for over an hour in his terrible agony. He was twenty-seven years old. His father lives at Quay, where the body has been taken for burial.

**Muscular Pains Cured.**  
"During the summer of 1903 I was troubled with muscular pains in the instep of my foot," says Mr. S. Pedlar, of Toronto, Ont. "At times it was so painful I could hardly walk. Chamberlain's Pain Balm was recommended to me, so I tried it and was completely cured by one small bottle. I have since recommended it to several of my friends, all of whom speak highly of it." For sale by all druggists.

#### Beware of Frequent Colds.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended. Mrs. M. White, of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Someone told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. Now my throat and lungs are sound and well." For sale by all druggists.

## Minor City Topics.

(Continued From Page Two.)

**Train Report**—Santa Fe and New Mexico Central trains on time; Rio Grande one hour late.

**Birth of Girl**—Last week there was born to Juan and Mary R. Armijo of Canon street a daughter, weight 16 pounds.

**Society for Friendless**—The New Mexico society for the Friendless will hold its annual meeting tomorrow evening at 8 o'clock at the home of the Superintendent, J. E. Wood.

**Meet in New Rooms**—The W. C. T. U. will meet tomorrow afternoon at the society's new headquarters at 105 Washington avenue. This will be the first meeting in the new rooms; a fine program has been arranged and final plans for the membership contest will be formulated.

**Filthy Burro Corral**—There is much complaint on account of the filthiness of the burro corral on Burro Alley. There is already one case of diphtheria in that vicinity and an epidemic of diphtheria is likely to get a start there. The city authorities should act promptly.

**Penitentiary Arrivals**—Sheriff A. C. Abeytia of Socorro county arrived today with three prisoners for the territorial penitentiary. They were: John Shannon, nine months for larceny; Thomas Morales, one year for larceny; Calisteo Serrano, one year, assault. There are now 262 prisoners, 27 of whom are working on the scenic road.

**Killed by Explosion**—A casket was ordered in this city Sunday evening for Estanislado Varela, who had just died, it is said, from injuries received from exploding dynamite in a mine near Cerrillos. Particulars concerning the accident are not obtainable. The dead man was said to be about 30 years of age and a brother-in-law of Anastacio Montoya, a guard at the territorial penitentiary.

**Filipino Healthseeker**—Pedro Gachalan arrived in the city yesterday from Manila, Philippine Islands, and took a room at the Normandie. He is a healthseeker, and brings letters of introduction addressed to Governor George Curry from the Philippine constabulary in which service he was employed eight years. Mr. Gachalan was attired in the white suits of light texture so comfortable in the Philippine climate, but soon changed to heavier clothing when he came to the city, and for the first time experienced what he thinks is cold weather.

## REQUISITION FOR ALLEGED BURGLARS.

Harry Everitt and C. B. Redderins will Be Brought Back for Trial.

Extradition papers were today signed by Acting Governor Nathan Jaffa for the purpose of bringing to the territory Harry Everitt and C. B. Redderins, the two men who are believed to have broken into Michael Brothers store at Albuquerque December 5, and stole goods valued at \$250. Everitt has confessed to the police at San Bernardino that he assisted in the robbery, and some of the stolen goods have been found, it is said, in the possession of the two men under arrest in San Bernardino. Sheriff Perfecto Armijo and Night Marshal Harry Cooper of Albuquerque, will leave tonight to bring back the prisoners for trial.

## THORNTON HAINS TRIAL IN ANNIS MURDER BEGINS

Flushing, L. I., Dec. 14.—The trial of Thornton J. Hains, author and seafarer, charged with being accessory to the murder of William E. Annis, editor, who was shot and killed at the Bayside Yacht club last summer by his brother, Captain Peter C. Hains, Jr., will commence this afternoon before Justice Crane in the supreme court. The hotels are filled with 300 talesmen from whom the jury will be selected. General Peter C. Hains, U. S. A., retired, father of the brothers charged with the murder, and his son, Major Hains, came from New York city to attend the trial.

## DARING ROBBERS CLEAN OUT A POSTOFFICE.

Sault Ste Marie, Mich., Dec. 14.—Three men entered the postoffice here last night while Deputy Postmaster Frank Higgins was making out the pay roll, knocked him senseless and escaped with \$2,500.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the New Mexican.

## THE GALLUP MASONS TO BUILD LODGE

Ask Contributions From Brethren to Replace One Burned.

The building in which Lebanon lodge of Free Masons at Gallup has gathered as its hall was recently destroyed and the Free Masons there are endeavoring to erect a handsome and comfortable new building for their use as a lodge room. The plans will be drawn, but as the lodge lost all its property in the fire, and its members are not blessed with too much money they have adopted a unique plan to raise funds which is meeting with success.

The master of the lodge, T. C. Deshon, has addressed letters to prominent Free Masons all over the territory offering to send them each a Navajo blanket which has woven in it the emblems of Free Masonry as a souvenir, and has asked them for a donation of \$6 in each case which money is to be used as a building fund for the new Masonic lodge hall and for its furnishing with proper furniture in Gallup town. It is gratifying to the thousands of Free Masons in New Mexico to learn that many Free Masons are contributing and that the chances that Gallup lodge will soon get enough money for its new building and new furnishings are very good.

## ENCOURAGEMENT FROM ENEMIES OF LIQUOR

Pastor of St. John's Commends Attitude of New Mexican on Question.

The New Mexican is much gratified to find that its campaign for prohibition in the coming state of New Mexico is finding generous support among the people. A letter received this morning from Rev. E. C. Anderson, pastor of St. John's Methodist Episcopal church is one of many such, and it inspires the editor to greater zeal on behalf of prohibition of the liquor traffic.

Mr. Anderson says:  
Col. Max Frost.

Dear Sir: I have heard so many favorable comments among the members of my church and others upon your editorial entitled, "Prohibition for New Mexico," in the issue of Dec. 9, that I take pleasure in telling you how grateful we are to you. We recognize that your influence, and the influence of the New Mexican is moulding public sentiment throughout this territory and your attitude upon local option or constitutional prohibition will largely settle the question.

Thanking you for what you have already written upon this subject, and for anything you may do to help the cause of temperance in the future, I am,  
Very truly,  
E. C. ANDERSON,  
Pastor M. E. Church.

## CONGRESS WILL TAKE RECESS NEXT FRIDAY

Washington, Dec. 14.—The house today agreed to a joint resolution providing for the adjournment of Congress from December 19 to January 4.

De Armond's appeal from the decision of the speaker last Saturday, holding the speaker's vote, which broke a tie on the bill to protect aliens, was laid on the table, on motion of Mr. Payne, the majority leader, by a vote of 170 to 98. Eleven Democrats, including Russell and Gardner of Texas, voted with the Republicans to sustain the speaker.

## PERFECTION Oil Heater

(Equipped with Smokeless Device)

You would no longer be without one. "No smoke—no smell"—this is the Perfection maxim. Because the smokeless device is smokeless you can have direct, glowing heat from every ounce of oil. Brass font holds 4 quarts—burns 9 hours. An ornament anywhere—finished in Japan and nickel. Every heater warranted.

The Rayo Lamp

will give added pleasure to your magazine or paper—it gives a brilliant, steady light. Equipped with the latest improved central draft burner. Made of brass, nickel plated. Every lamp warranted. Write our nearest agency for descriptive circular if you don't find the Perfection Oil Heater or Rayo Lamp at your dealer's.

(Incorporated)

## SCHOOL FOR BLIND DOING GOOD WORK

(Continued From Page One.)

economy for the future state of New Mexico. It will cost less to make them independent, useful citizens than to maintain them as public charges, as will in many cases have to be done unless they are taken care of and educated now.

### Want More Pupils.

The school has ample buildings and could accommodate several more pupils, but it needs a steam heating plant, and this will probably be installed soon. The officers of the Institute are doing all in their power to increase the school's usefulness and Dr. Bryan has recently sent out letters to county officers all over the territory asking for information as to the blind in their counties in order that the officers of the school may locate them and try to persuade them to enter the institution. Any one desiring any information as to the school or terms of entrance, etc., may find out by addressing Dr. Bryan. It is hoped also that the press of the territory will take up the matter, and impress upon parents the great opportunity for the welfare of their blind children that they are neglecting.

## OFFICIAL MATTERS.

**Incorporations**—Articles of incorporation have been filed with Secretary of the Territory Nathan Jaffa, incorporating the Toole-Heard Mercantile company of Knowles. The directors are John T. Toole, Allen Heard and L. Marvin Blackman, and the capital stock is \$10,000.
