## BUSY DAY AT THE CAPITOL

### Vacancy on Normal University Board Filled

### TWO INCORPORATIONS FILED

### Carey Land Board Meets— Mine Sale Postponed— School Decisions.

Governor Curry today appointed Antonio Lucero of Las Vegas, editor of La Voz del Pueblo, a member of the board of regents, of the New Mexico Normal University at East Las Vegas, to succeed Octaviano A. Larrazolo, whose term had expired and who declined reappointment. Mr. Lucero is one of the leading native citizens of the Territory and has always taken an interest in educational matters. He will represent the native citizenship of the Democratic faith on the board.

**Forestry Income Fund.**  
Territorial Treasurer M. A. Otero was still occupied today in apportioning \$39,000 of the forestry reserve income fund among the nineteen counties entitled to a share in the fund. The work will be completed by tomorrow.

**Notaries Appointed.**  
Governor Curry today appointed the following notaries: W. W. Dean, Carlsbad, Eddy county; Gerald H. Buxton, Buxton, San Miguel county; Albert R. Carter, Tucuman, Quay county; Stella V. Canny, Santa Fe, Santa Fe county; William M. Berger, Belen, Valencia county; Will L. Porterfield, Albuquerque, Bernalillo county; Oscar M. Beasley, Gallup, McKinley county.

**Incorporations.**  
Incorporation papers were filed today in the office of Territorial Secretary Nathan Jaffa by the Cavin Lumber Company of Roswell, with capitalization of \$20,000 divided into 200 shares. The incorporators and directors are: G. E. Cavin, L. E. Cavin and H. P. Saunders.

The Silver City Sewer Company of Silver City, Grant county, with \$10,000 capital divided into 10,000 shares. The incorporators and directors are: Max Schutz, Thomas L. Lowe and Hyman Abraham of Silver City.

**Laws Ready for Printer.**  
Territorial Secretary Nathan Jaffa has established a new record, in preparing the session laws for the printer. At noon today Legislative Clerk E. C. Burke, completed the last chapter of the Session Laws of 1909 for the printer. An effort will be made to have the laws printed by July 1. This is much earlier than the copy was furnished the printer before.

**Carey Land Board.**  
The Carey Land Board consisting of Governor Curry, Territorial Engineer Vernon L. Sullivan and Land Commissioner R. P. Ervin held a brief meeting this forenoon to receive the draft of the rules and regulations to govern the board. No action was taken on these however, the board awaiting a number of opinions and copies of rules in other jurisdictions, before finally passing on the rules. The board adjourned subject to a call by its chairman, Governor Curry.

**District Court.**  
In the district court today, Judge McAlle postponed the hearing on the matter of making permanent the injunction granted M. O'Neill of Cerrillos against Fred J. Otero, special master, and the sale advertised to take place today of the property of the Consolidated Mining Company at Cerrillos, has been therefore indefinitely postponed. Colonel E. W. Dobson of Albuquerque, was in Santa Fe to represent the defendant. Hon. W. S. Strickler, cashier of the Bank of Commerce at Albuquerque, was here on business in reference to the sale.

The district court was busy today in the case of the Territory vs. Martinez, for assault with a deadly weapon, being tried here on change of venue from Rio Arriba county.

**Board of Health and Medical Examiners.**

The Territorial Board of Health and Medical Examiners adjourned last evening. Four of the applicants for license to practice were admitted upon examination and fourteen upon certificate.

**Circular Letter to County Superintendents.**  
Messrs:—The following copy of opinion from the office of the Territorial Attorney General is self-explanatory:  
"Dear Sir:—In answer to your letter of the 7th inst., relative to the failure to hold elections of school directors on day designated by law. I have to say that I understood that this question has been passed upon by the Judge of the District of Taos county,

## ANOTHER MURDER AT DAWSON

One Italian Dead and Second Fatally Wounded as Result of Attack Upon Boarding House.

From Dawson, Colfax county, comes the news of another bloody affair which resulted in the death of Joseph Bella, a naturalized Italian, who had his whole face shot off, and the fatal wounding of Felipe Manila, who was shot in the breast. The murder is the result of an attack of half a dozen men upon the boarding house of E. Lenzini. Five intruders had been ejected from the boarding house when the scrap ensued. Two men have been arrested but it is not believed that they were among the guilty crowd. The others have taken to the hills.

## IT IS A GREAT DAY FOR THE FANS

Baseball Season Opens All Along the Line in the United States—Schedule of Big Games.

New York, April 14.—The baseball season opens all along the line today in nearly every league in the country. Both the American and the National Leagues will play a full quota of games. The American Association will have its opening games and many of minor leagues. The National League opens with Brooklyn-New York; Philadelphia-Boston; Pittsburgh-Cincinnati; St. Louis-Chicago; while the western division of the American League plays Chicago at Detroit and Cleveland at St. Louis.

## FEW SALES OF WOOL MADE

Twenty-One Cents Offered, But Declined—Season's Clip to Be Stored at Chicago.

Rock Springs, Wyo., April 14.—Wool buyers representing the principal commission houses of Boston are here endeavoring to make contracts for the season's clip, but few sales were made. Twenty-one cents was offered in a number of cases and declined. Wool growers, members of the National Association, will store the season's clip in Chicago, it is said. Little shearing has been done on account of bad weather.

## ESCAPED IN THEIR NIGHT CLOTHES

Asheville, N. C., April 14.—Roused from their slumbers at 2 o'clock this morning by an alarm of fire, seventy-five guests of the exclusive and fashionable Kenilworth Inn, three miles from the city, barely had time to make their escape in scanty articles of clothing. The hotel was totally destroyed, the loss being \$250,000.

## TAFT RENTS SUMMER HOME

### He Expects How- ever to Make Ex- tensive Tours

### NO POLITICS IN CENSUS

### Democrats Are Fighting in Caucus Over Tariff Bill.

Special to The New Mexican.

Washington, D. C., April 14.—The Democrats in caucus have great difficulty in reaching an agreement as to their course in fighting the Senate tariff bill. There will be a hot fight to restore the duty on hides and to place lumber on the free list. Senators Culberson, Daniels and Bailey will lead the Democratic fight against the bill. Bailey is, however, pushing the income tax provision.

No Politics in Census.

Washington, April 14.—President Taft it was announced, has instructed Director North of the census bureau to disregard party lines in securing men for supervisors and other appointive places under the new census act.

Taft's Summer Home.

Washington, D. C., April 14.—Official announcement was made today that Taft has leased as his summer home the cottage of Robert D. Evans at Woodside Point, Beverly, Mass.

The fact that the President has leased a summer home does not mean he will not do a great deal of traveling when he leaves Washington at the end of the special session of Congress. Taft is anxious to have a place in the North for the family and himself when he is not on a tour.

## RELIGIOUS RIOT IN MEXICO

### Ten Leaders of Parade Are Sum- marily Executed

### FIVE OTHERS WERE KILLED

### Penitentes Disobey Orders of the Authorities at Velardena.

El Paso, Texas, April 14.—The Herald's correspondent at Torreon, Mexico, thirty miles from Velardena where the riots occurred on Saturday resulting from an order preventing a religious parade of the penitentes, says that one rural, one woman and three other men were killed in the fights. The soldiers compelled the leader of the band engaged to furnish music for the parade to tell who engaged them and ten of those whose names were given were arrested and executed. The other five are being sought. No American was disturbed.

Wanted to Hang Judges.

Terreon, April 14.—The Velardena mining camp, located about forty miles northeast of this city, is in a high state of excitement today over a serious riot which took place there Saturday evening. In Mexico it is customary to hang Judas in effigy Saturday morning before Easter Sunday, a custom which is gradually dying out and is being discouraged by both the authorities and priests. It is a ceremony only participated in by the more rowdy and unruly class. The image of Judas is often made to a natural size and is filled with explosives. At the appointed time fire is set to the suspended form and it is burned and blown to pieces. Especially in the mining camps these explosives often cause injuries to those around.

So far only meager details of the riot are obtainable here, but according to the reports, the mayor of Velardena issued an order prohibiting this ceremony this year. The order was complied with, but it caused considerable discontent among the more ignorant class. A mob was formed early in the evening and shortly after dark fire was set to the mayor's house and other disturbances raised.

Telegrams were immediately sent to Durango and by 9 o'clock a special train of soldiers left that city, reaching Velardena about two hours later. As soon as the rioters learned that the troops were coming, they dispersed and many of them escaped into the mountains. It is impossible at present to learn whether there was anyone killed during the riot or not.

Velardena is one of the leading camps of the state of Durango. It has a population of about 5,000 people. It is located about six miles from the main line of the International railroad, and is connected with it, at Pedriena station, by a narrow gauge line belonging to the Velardena Mining Company, now controlled by the American Smelting and Refining Company. There are two large smelters in the camp. One of them is conducted by the A. S. & R. Company and the other by the American-Mexico Mining and Smelting Company.

## WENT TO BOTTOM OF OHIO RIVER

Fifty Passengers Rescued From Steamer Virginia at Wellsville After Tempestuous Voyage.

Pittsburg, Pa., April 14.—After a series of remarkable accidents and a tempestuous voyage, the steamer Virginia from Cincinnati to Pittsburg was finally wrecked last night in the Ohio river at Wellsville, Ohio. The boat went down after striking a rock, tearing a large hole in her hull. The fifty passengers were panic-stricken, but the crew restrained them. In the wind and darkness, the crew brought out the boats and sent the passengers ashore. The passengers were then brought here, scantily clad, aboard of a train. Most of the passengers are from southern points.

## SARAH KOTEN PLEADS GUILTY

She Caused a Sensation at Time of Murder By Declaring She Was God's Instrument.

New York, April 14.—Sarah Koten, who shot and killed Dr. Martin Auspitz last August, alleging he had wronged her, today pleaded guilty to manslaughter and will be sentenced on Friday. Miss Koten brought the baby to court which was born in prison. She caused a sensation at the time of the shooting declaring herself God's instrument.

## VETERANS OF GLORIETA BATTLE

### Survivors of First Colorado Cavalry Held Reunion

### ONLY TWENTY-FIVE REMAIN

### Gallant Regiment Known as Pet Lambs is Dwindling in Numbers.

Denver, Colo., April 14.—Broken in health and strength, a remnant of the once proud and victorious First Colorado Cavalry, eight old and feeble soldiers met to do honor to the memory of their dead commander on the anniversary of his seventy-ninth birthday. It had long been the wish of Major Jacob Downing to gather around him the "old boys" his comrades through the war but because of the small size of his former home on West Colfax he was unable to do so. In the latter part of 1907 he purchased the house at 1751 Gilpin, now occupied by his widow, and made preparations for the realization of his long-cherished desire. But on the first of December of that year he answered his last bugle call.

In respect to the memory of her husband and to carry out his wishes, Mrs. Downing planned the reunion of yesterday. Invitations had been extended to twenty-five, the sole surviving members of the "Pet Lambs" which originally numbered 1,200. Only eight were able to attend, but what the gathering lacked in numbers it made up in spirit. Around the festive board were some of Denver's finest old men, men who have seen the "Queen City of the Plains" grow from a rude frontier town to the metropolis of the West.

Stories were exchanged and camp fire yarns were swapped, and in most of these the prominent figure and the hero was Major Downing. Several songs were sung by Mrs. C. A. Fassett, accompanied on the piano by Mrs. C. L. Hall and on the violin by Miss Dorothy Hunkley. The latter also rendered several solos. Mrs. Downing and Mrs. Fanny Hardin, wife of the late Lieutenant D. W. Hardin, were made honorary members of the Society of Pet Lambs. Mrs. Downing announced her intention of making this lunch an annual affair.

The story of the origin of the nickname was told. It was given on account of favoritism shown the regiment by the governor of the territory of Colorado.

Won Renown on Frontier.

The First Colorado Cavalry served with great credit during the Civil War and won especial renown in guarding the frontier from the ravages of guerrilla warfare. The Society of Pet Lambs was organized in 1883, and in 1905 affiliated with the Society of Colorado Veterans of the Civil War. The regiment was organized in the fall of 1861 on command of Governor G. P. Robinson. Recruiting stations were established at Boulder, Colorado City, Canon City, Central City and in most of the mining camps. The entire force of the regiment was composed of twelve companies. John P. Slough, later chief justice of New Mexico, was appointed colonel, Samuel F. Tappan lieutenant colonel and J. M. Chivington major. Jacob Downing was captain of Company D.

On January 8, 1862, the regiment left for Pueblo. It had formerly been stationed at Fort Weld, two miles up the Platte from Denver. On March 13 they reached Fort Union, New Mexico, and on the 26th a force of 240 under the command of Major Chivington met and defeated a body of 600 Texan troops under General H. H. Sibley at Apache Canon. On the 13th of April Colonel Slough, who had always been with the men, resigned and was succeeded by Major Chivington. The troops remained in New Mexico during the rest of that year, and then were transferred to the western frontier where they did efficient service in subduing the particularly fierce species of guerrilla warfare with which that section of the country was infested. They were mustered out at Denver at the close of the war.

Adopt Official Poem.

Those present at the reunion were William A. Smith, Company C; Samuel C. Dorsey, Company H; Chauncey L. Hall, Company H; Joseph Shea, Company I; Alexander Cree, Company F; Samuel R. Huffsmith, Company G; Byron L. Sanford, Company H; and William R. Beatty, Company F.

The following was read and adopted as the poem of the Society of Pet Lambs:

How swift the years have flown,  
How feeble our steps have grown!  
But few are left to shed a tear,

O'er departed comrades loved and dear—  
Departed comrades true and brave  
Now sleeping in their silent grave,  
Sleeping, sleeping, 'neath the damp,  
Cold ground.

Waiting, waiting for the bugle sound  
Oh, may it be our happy lot  
When life's battles all are fought,  
To meet them in a better land  
And take them gladly by the hand,  
And stand in line and hear a spoken  
"All present, ranks unbroken."  
Ranks unbroken, our colors flying,  
No moan from wounded comrades  
Dying

Coming to our listening ear:  
We'll march along the golden shore,  
Ranks unbroken ever more!

## DENIES CORNER IN WHEAT

James A. Patten Unburdens Himself of a Piece of Philosophy in Answer to Charge.

Chicago, Ill., April 14.—James A. Patten, popularly alleged to control the present high market in wheat, today commented on the appeal from Pittsburg bakers to Secretary Knox to end wheat manipulations. "I don't control the market," he said. "My line never has been more than ten million bushels, I bought when it looked cheap and expect to sell when a good price is reached. I am a grain trader and don't expect to quit. The present price has been coming several years. I saw it last fall. It is no corner nor manipulation. If we had not bought wheat, Europe would have, and the price would be higher. It is fortunate that America saw the opportunity first. This is not philanthropy. I trade for profit, but manipulation talk is rot."

## MATCHED FOR HEAVY WEIGHT CHAMPIONSHIP

Jack Johnson and Stanley Ketchell to Meet in Prize Ring at New York in Fall.

New York, April 14.—Jack Johnson and Stanley Ketchell were matched today to box twenty rounds for the heavyweight championship of the world at the Colma Athletic Club on October 12th, 1909. The fighters are to receive 50 per cent of the receipts to be divided 65 and 35 per cent between winner and loser. Both men signed the articles.

Both men are to deposit \$5,000 as a side bet and are to be at San Francisco thirty days before the contest. Moving pictures will be taken and the proceeds divided by private agreement. Ketchell is anxious to fight 45 rounds but the negro demurred saying that twenty would tell who is the better man. Ketchell says he weighs 175 now and will enter the ring at 180.

## QUIET REIGNS AT CONSTANTINOPLE

### Young Turks Re- form Party Utter- ly Defeated

### TROOPS ARE CELEBRATING

### Reactionaries Frighten Sultan Into Granting Their Demands.

Constantinople, April 14.—The city is quieter this morning. The majority of the garrison, however, occupies a place before the Chamber of Deputies. The troops celebrated the overthrow of the Young Turks by continuous firing. The Sultan has granted practically all of the requests of the riotous troops. This includes new laws and the dismissal of the ministers obnoxious to the troops.

Order Restored.

London, April 14.—A private telegram from Constantinople says that order was restored there this morning.

Troops in Ugly Mood.

Constantinople, April 14.—No definite announcement of the formation of a new cabinet has been made and as a result there is much public anxiety. The attitude of the Turkish troops is causing apprehension. The men are in an ugly mood and fire rifles indiscriminately. Several casualties are reported.

Situation Alarming.

Constantinople, April 14.—The situation this afternoon was worse. Sailors came ashore to join the mutineers. The panic is increasing. Bands of soldiers and students parade the streets with fixed bayonets. No Christians are molested. Guns have been mounted on Stamboul bridge.

## HELP THE GOOD WORK ALONG

### Tree Planting Plans of the Board of Trade

### RIVER BOULEVARD PROJECT

### Beautiful Speedway Along North Bank of the Rio Santa Fe.

The tree-planting committee of the Santa Fe Board of Trade has given considerable time and thought during the past month to the matter of planting trees, having in view an economical extension of its work. The committee enters the fourth year of endeavor along this line, with definite results obtained and every assurance of good growth for trees in Santa Fe provided they be planted where water can be put on them and after planting be allowed to grow unmolested by either human beings or animals.

Supervision of work already done has been thoroughly provided for, as follows:

Montezuma Avenue—D. L. Miller will water and care for these trees as formerly. This committee having a surplus of elms last year, loaned Mr. Miller ten trees, which were planted on Don Gaspar Avenue from the Capitol grounds down. These trees Mr. Miller will return this year and without expense to the committee, will replace with them the dead and stunted trees on Montezuma Avenue.

Don Gaspar Avenue—Charles Bacon for an agreed and reasonable compensation, will replace eleven dead and stunted trees, two boxings and care for and water the trees during the coming summer season.

The tree-planting committee deem it expedient, and this is an opportune time, to make a forward movement on broad lines and look for help and co-operation from the city officials. It proposes a broad driveway and promenade, well shaded with trees, along the north bank of the river, to connect on the east with the Scenic Highway to Las Vegas, on the west with a Scenic Highway to the Cliff Dwelling region.

In its judgment this is an entirely feasible proposition. From the tree planting outlook, it is the most sane and economical method of obtaining a maximum enhancement of beauty for the city at a minimum of expense. For the first five years it is absolutely necessary that the trees be watered and that they have water systematically. Through the center of the town, at reasonable expense, water can be had from the regular piping almost anywhere. Along the river bank, in the course of a few years, the roots of the growing trees will reach a permanent water supply, and the care of them will then be over. For a considerable portion of the driveway it will only be necessary to plant trees on the north side. The green posts and young trees, which with wise forethought, were made part of the breakwater, in many places have taken root, and while growing irregularly, can, with possibly some thinning and the addition of other small tree plantings (which can be taken from the bed of the river) make a very respectable row of trees on the south side. The grading of the roadway and walk, is that part of the work that the city fathers will have to take in hand.

The committee will make a beginning on this work this year by planting trees 50 feet apart on the north side of the driveway from the Don Gaspar to the College Street bridge, and possibly a few trees on the south side.

It is for the care of the trees already planted, for the replacement of dead trees and the inauguration of this road scheme of shade trees on the main streets of Santa Fe that the committee again ask the financial support of the public. Contributions may be given to any member of the undersigned committee, when they will be suitably acknowledged. Paul A. F. Walter, Fred Muller, A. H. Brodhead, Tree Planting Committee of the Board of Trade.

## PASSENGERS SNOW BOUND TRANSFERRED

Moffat Road Still Blockaded on Crest of the Continental Divide in Colorado.

Denver, Colo., April 14.—Passengers on the Moffat road train stalled in the mountains at Earl were transferred this morning over snow drifts and continued their trip westward. The rotary snow-plows still block the tracks, but laborers are cutting the way with shovels.

# The Big Store

Merchant Tailoring Department is now running in a first-class shape. This is the first chance that Santa Fe ever had for our customers to come into our up-to-date store and pick the woollens right from stock, cut and made and pasted on a man's shoulders and fitted from the bottom of pants to top of coat, and finished with best of workmanship, living, and best of style that money can buy. Our cutter, Mr. Synfy, is not only a first-class tailor, but an expert designer of his profession and he is always ready and willing to aid you to get the latest cut and style, as he is familiar with all the latest designs. ## FEARED TOTAL LOSS OF HAIR.

Scalp had been Scaly for Some Time  
—After an Attack of Typhoid  
Fever his Hair Began to Fall Out  
by the Handful—Now It is

THICKER THAN EVER  
THANKS TO CUTICURA

"About two years ago I was troubled with my head being scaly, like dandruff but heavier—although I wash my head once a week always. It never gave me any trouble such as itching or smarting and I never noticed any falling of the hair. But shortly after that I had an attack of typhoid fever and I was out of the hospital possibly two months when I first noticed the loss of hair, my scalp being still scaly. I started to use a dandruff cure to no effect whatever. And I used a quinine preparation quite freely which did no good either. Whether it was the effect of the fever or some scalp disease I don't know, but I had actually lost hope of saving any hair at all. I could brush it off my coat by the handful. It got so bad that I didn't need to comb it any more—in fact I was afraid to. My brother, who had used the Cuticura Remedies with satisfaction, advised me to try them. After using two cakes of Cuticura Soap and nearly a box of Cuticura Ointment, the change was surprising. My scalp is now clear and healthy as could be and my hair thicker than ever, whereas six months ago I had my mind made up to be bald in a short time. I will have a photograph taken later and send you one. William F. Steese, 5812 Broad St., Pittsburg, Penn., May 7 and 21, '08."

Warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, assisted when necessary by Cuticura Resolvent (liquid or pills), afford instant relief in the most distressing forms of itching, burning, scaly, crusted humors, eczemas, rashes, inflammations, irritations and chafings of infancy and childhood, permit rest and sleep and point to a speedy and permanent cure, in the majority of cases, when all other remedies fail.

Cuticura Soap (25c), Ointment (50c), Resolvent (50c), and Chocolate Coated Pills (25c), are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 137 Columbus Ave., Boston. Mail Free, Cuticura Book on Skin Diseases.

**Chamberlain's Has the Preference.**

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by all druggists.

**POSITIVE PROOF.**

Should Convince the Greatest Skeptic in Santa Fe.

Because it's the evidence of a Santa Fe citizen. Testimony easily investigated. The strongest endorsement of merit. The best proof. Read it:

Tomas Baca, Cerrillos street, Santa Fe, N. Mex., says: "Five years ago Doan's Kidney Pills which I procured at Stripling and Burrows' drug store, brought me such great relief that I was pleased to tell the people of Santa Fe through a public statement what means to employ to get relief if suffering from backache or any of the troubles which arise from weak or inactive kidneys. Backache was a source of much annoyance to me off and on for about three years and though I was never laid up, I worked some days when I did not feel able to do so. One box of Doan's Kidney Pills relieved me and I was well for six months but hard labor in the mine brought on a return of the trouble. This attack, however, like others that have since occurred, was quickly and thoroughly dispelled by Doan's Kidney Pills. I have no desire to retract anything stated in my original endorsement and I would like it to be understood that I still as heartily recommend this remedy as when it first came to my notice."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

**OJO CALIENTE HOT SPRINGS.**

These celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranco Station, on the Denver and Rio Grande Railroad, from which point a daily line of stage runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the entire year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering from consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,626.24 grains of alkaline salts to the gallon, being the richest alkali Hot Springs in the world. The efficiency of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilis, and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m. and reach Ojo Caliente at 5 p. m., the same day. For further particulars address:

**CAPTAIN CRAWFORD VISITS CARNEGIE**

Booster for New Mexico Wherever He Goes—His Latest Poetic Production.

Governor Curry has heard from Captain Jack Crawford and when one hears from Captain Jack one is apt to be interested.

He writes as follows from St. Petersburg, Florida:

"Enclosed poem explains itself—Captain Jack is continually boosting the Sunshine State and seldom gets any credit for it. I am invited by Mr. Carnegie to spend tomorrow and day after with him at his sister's island near Fernandina, Florida, and expect to warn the cockles of his old Scotch heart with some of my broncho verses. I've challenged him to a game of golf and may get a chance to defeat him on the links. Luck and success to you. Sincerely,

"J. W. CRAWFORD."

Every one knows that Captain Crawford is a citizen of New Mexico who has a ranch near San Marcial, Socorro county. He has gained fame as a poet and lecturer and has met practically every one worth while during the past half century. He is known as "The Poet Scout" and "The Broncho Philosopher" the world over and has delighted audiences in hundreds of towns and cities. Here is one of his latest poetic productions:

**Taft and Teddy.**  
Another day, Oh, Lord, I pray  
That Thou wouldst keep me steady—  
A little wit and lots of grit  
With good horse sense like Teddy;  
He's not a saint, of course he ain't,  
But, Lord, he's such a winner.  
And as for me, I'd rather be  
A sort of sainted sinner.

I believe in You, and Teddy, too—  
Gee! What a combination!—  
In manhood's flower, with God-sent power  
To renovate the nation.  
Abg Lincoln, too, combined with you,  
But Abe took every trick  
With smiles and tears, with hopes and fears,  
While Teddy wields the stick.

That's all today, Good Lord, but stay  
Just for a half a minute;  
I love this grand United Land  
And fought for all that's in it;  
And I for those old friends and foes  
So grandly reunited.  
Will pray to hear this time next year,  
"De-lighted!" Taft—"De-lighted."

**CAPT. JACK CRAWFORD.**  
P. S.—I represent that sentiment  
That made our present President,  
The greatest man on earth today,  
And just because he had the say  
The people voted for and laughed  
With Theodore and William Taft  
But here's the rub—in four years  
more  
Will it be Taft, or Theodore?

**KILLED BY SOUTHERN PACIFIC**

Train Passes Over an Oklahoma Indian at El Paso, Texas—Death Was Instantaneous.

El Paso, Texas, April 14.—Surprised by the appearance of a train which he evidently did not hear approaching, J. L. Balch, driver of an ice wagon at Fort Bliss, was knocked from the track and killed in the Southern Pacific yards between the city and the smelter. Witnesses to the accident say Balch was standing on the track near a curve, apparently watching a freight train which was passing on the Southwestern track a short distance away, when suddenly Southern Pacific train No. 10, due at the Union Station at 6 o'clock, swung round the curve, and the man made a motion as if to jump from the track, but he was not quick enough, and was struck by the pilot and knocked a considerable distance. It is believed he was killed instantly. His legs were broken and his head badly cut, and there were numerous other bruises.

Balch is said to have been an Indian from Oklahoma and it is understood that he has relatives now living in that state. He was about 50 years old and was well known in the vicinity of the smelter. The train was stopped after the accident and the body was taken on and brought to the Union Station, where it was identified by persons about the depot. It was afterward removed to an undertaking establishment.

## THE PARABLE OF THE TAX DODGER AND THE GRAFTER.

There lived in a certain city in a distant country, a very rich man whose home was worth \$10,000, which the law required him to return for taxes at its full value. But he was of a saving turn of mind and returned it at only \$2,000, thus saving \$8,000 in taxes, which he added to his already large pile.

There resided in that same city a publican who lived from the fees which the law allowed him for doing certain services for the public. This publican said to himself: "Tax collections are poor because the rich withhold their taxes from the public treasury. I believe the law justifies me in charging another per cent on this rich man's tax return and he therefore took twelve cents more than formerly on the rich man's tax return which he used to buy a drink to wash the dust of the mortgage records out of his throat."

The rich man thereupon raised a big cry, charging the publican with graft, for he knew the more he holed "graft," the less the common rabble would notice that he had withheld \$500 in taxes from the public treasury. There was great indignation and the publican was hauled before the judge who sternly rebuked him.

"Is not the man who withholds \$500 taxes justly due and who perjure himself in making a tax return of \$2,000 on a \$10,000 house, more of a grafter than the publican who appropriates unto himself a 12 cent fee he thought the law justified him in taking?" tremblingly asked the poor wretch.

"No!" shouted the judge. "When you want to rob the public you must not do it with a crowbar, you must use an assessment blank. You are a mean contemptible grafter!" But to the rich man he said: "You have done the public a great service by uncovering this sinkhole of corruption. Hereafter, all of your taxes are remitted!" And he then sentenced the publican to the penitentiary for life.

## GOVERNOR CURRY AND GOOD ROADS.

The enthusiasm of Governor Curry for good roads will bring results. It is no mere idle shouting for a good cause but means that the chief executive will buckle down to systematic work that will result in the construction of Territorial roads that will be the beginning of a magnificent system of state highways. Never losing sight of the importance of completing the El Camino del Real, each county will be helped to central avenues of travel in the degree that it is willing to help itself. Socorro and Grant counties have given \$10,000 toward a wagon road into the Mogollon country and they will build it under Territorial guidance and supervision assuring them a roadway at minimum cost and of maximum utility. Bernalillo county has appropriated \$2,000 for roads and will be co-operating with the Territorial authorities obtain twice the value for money expended than it did under the old regime. There will be a concerted effort to have Congress appropriate a sufficient sum to connect the ends of the Scenic Highway built out of Las Vegas and Santa Fe. The Raton end of this magnificent scenic road has been pushed to the Colorado line and will now be built southward to the Las Vegas connection and thence to Santa Fe, Albuquerque, Socorro, Las Cruces and El Paso. These are projects that will take years but they are outlined and planned, work on them has been begun and the Curry administration will make such a good showing in road building despite small means at hand, that any subsequent administration would be ashamed to do less than continue the work so well begun.

Chief Forester Pinchot when in Santa Fe recently, promised hearty co-operation to secure the passage by Congress of any measure that would lead to the completion of the Scenic Highway across the Pecos Forest Reserve and across the Jemez Reserve to the Cliff Dwellings and communal ruins in the Rito de los Frijoles and beyond, to the Stone Lions of Cochiti, thus opening to the world the most wonderful tourist region, excepting not even the Grand Canon, the Yellowstone or the Yosemite. Governor Curry has promised to give the aid of his influence and Delegate Andrews is pledged to introduce bills drafted for that purpose and to push them as far as lies in his power. Says the Denver Republican on this very subject of securing extra allowances and appropriations for the forestry service to build roads into and across the forest reserves:

"Mr. C. A. Johnson hit upon a good idea when he entered into correspondence with Senator Hughes with a view to inducing the federal government to provide for the construction of model roads on land in its possession and ownership."

"This idea is particularly good in connection with the administration of the national forests, which are so directly under control of the federal government. It is the intention of the government to maintain these forests permanently, thus preventing title to them from passing into private ownership except in respect of a comparatively small acreage which may be available for agriculture. Objection has been made in some quarters to this policy since it seems to withdraw from the jurisdiction of the state, except in criminal and a few other matters, something like 23 per cent of its area. But if, in addition to preserving the forests, the government should construct first class highways through those reservations, much would be done to remove all occasion for criticism."

"It is true that the maintenance of these forests does not prohibit the construction of roads through them by the state or under its auspices; but the inducement to build highways of that kind is qualified by the fact that practically all settlement along the line of such a road is prohibited. Unless the interests of communities separated from one another by a national forest demand that a connecting highway be built there is little to induce either the state or private enterprise to supply the deficiency."

"On the other hand, the fact that the federal government has withdrawn these forest lands from entry suggests that it should bear the expense of building good roads over them. Highways thus constructed could be connected with state roads beyond the limits of the forests, and thus provision could be made for those parts of the state which will never be occupied by a permanent population."

## AN INTERESTING RUMOR EVEN IF NOT TRUE.

From the northwestern corner of New Mexico the breezes bring the tidings that President Taft has decided to appoint Governor Hadley of Missouri, to one of the vacant judgeships in New Mexico. It is strange that so important a bit of news should come to Santa Fe in the roundabout way of the Navajo Reservation, but it would be stranger still if Hon. Herbert S. Hadley were to resign the important governorship of Missouri for a judgeship that would be legislated out of existence inside of a year through the passage of the statehood bill. However, if the report is true and if President Taft really has decided to send an outsider to New Mexico to hold down one of the places on the Supreme Bench until statehood comes, he could send no abler man and no more welcome man than Governor Herbert S. Hadley. The Governor, too, would feel right at home for he likes New Mexico and its people and those of the people who have had the good fortune to become personally acquainted with Governor Hadley during his recent visits to Santa Fe, Roswell and other points, like and admire him. There is plenty of good timber for judgeships in New Mexico but if there must be carpetbaggers let them be of the stripe of the present governor of Missouri.

## BEAUTIFYING THE CAPITAL.

For the benefit of the few playboys, three by four statesmen, who were afraid that the legislature was doing too much for the capital city of the Territory, the New Mexican herewith reprints some of the measures placed on the statute books of Colorado for the direct or indirect benefit of the Colorado state capital and institutions located there by the recent state legislature and it must be remembered that this is only a hundredth of what the Congress of the United

States does for the National Capital: "The adoption of the resolution submitting a constitutional amendment to enable the State University to establish in Denver a branch college for the study of medicine, dentistry and pharmacy."

"The bill establishing a state home for mental defectives in or near Denver and \$75,000 was voted."

"The bill appropriating \$95,000 for the State Home for Dependent and Neglected Children."

"The bill appropriating \$10,000 for the workshop for the blind in Denver."

"The bill appropriating \$100,000 for a building which is to contain the records and collections of the Historical Society."

"Bill appropriating \$16,000 to aid in the construction of a highway from the south limits of the city to the north limit of Colorado Springs, the commission empowered to select the route being Mayor of Denver, the Governor and the State and City Engineers."

"The bill appropriating \$50,000 for the West Colfax viaduct."

"The bill appropriating \$5,000 for a monument and burial ground for the Colorado soldiers who served in the Spanish-American war."

"The bill to prevent the removal of the general offices, division headquarters and machine shops of Colorado railroads from Denver."

"The bill granting to Denver a right-of-way through state lands lying south of City Park and permitting the extension of Sixteenth avenue from York street east."

"Bill appropriating \$5,000 to entertain the Trans-Mississippi Congress, which meets in Denver this year."

"Bill requiring registration for school board elections in Denver and doing away with the mass meeting plan."

"Appropriating \$50,000 to construct a road between Denver and Golden, the route to be selected by a commission consisting of the Mayor of Denver, the Governor and the three commissioners of Jefferson county."

"Bill appropriating \$3,500 for improving South Logan street through the grounds of the State Home for Dependent and Neglected Children."

"Bill appropriating \$50,000 to aid county fairs. Of this sum a large portion will come to Denver."

"Bill appropriating \$10,000 for enlarging the Denver fish hatchery."

"Bill creating a Capitol Art Commission. This commission will co-operate with Denver Art Commission in beautifying the Capitol building and grounds."

"Bill appropriating \$30,000 for the Capitol building and grounds."

"Bill appropriating \$156,000 for the State Highway Commission. A portion of the fund will be used for the creation and improvement of roads leading out of Denver."

"Bills appropriating \$110,000 for maintenance and improvement of Capitol building and grounds."

## SPLENDID FINANCIAL SHOWING.

When New Mexico four per cent refunding bonds sell among financiers at 103, no further argument should be needed to prove to Congress that all stories of misgovernment, of graft, of incompetence of New Mexico's officials and people, must be unfounded. The four per cent bond issues of a misgoverned commonwealth do not sell above par; the securities of a commonwealth that is governed extravagantly, that is honeycombed with land and other frauds, are discounted in the money markets, they go begging for purchasers at par. But what of people who will invest a hundred thousand dollars and more in four per cent bonds at 103, when they have opportunities to make six and eight and twelve and even fifty per cent on other investments in New Mexico, if they invest right? When money goes begging in such sums and at such rates, then there should be no difficulty to finance every legitimate enterprise in the Territory, to obtain funds for the development of riches that are known to exist. However, that may be it is certain that New Mexico's credit stands high with the men who weigh carefully every circumstance and every detail before they invest and if these have confidence in the integrity, the honesty, the future of New Mexico, then certainly there is no excuse for Senator Beveridge or any other opponent of statehood to maintain that New Mexico people are misgoverning themselves.

## WELL THAT IT IS SO.

Governor Curry will remain the chief executive of New Mexico until he is ready to turn the office over to the first state governor. Even after that, he may have any office, including the governorship, in the power of the Republican party to give him in the new state. It is well that this fact is firmly established. It makes for confidence, for stability and is a great factor in assuring statehood. President Taft has done wisely and fairly by New Mexico in letting it be known definitely that he is behind Governor Curry, that he looks to Governor Curry for advice in administering affairs that relate to this commonwealth; in further saying emphatically that he as well as the Department of the Interior have complete confidence in Governor Curry and frankly stating to the chief executive that he favors statehood and that he sees no reason to doubt that statehood would be given the Territory early in the coming session of

Congress. This clears away all doubts, strangles all silly rumors, nips all schemes and plots that did not take into consideration the fact that until statehood comes George Curry will guide the destinies of the commonwealth as its governor.

## FIRE INSURANCE LOSSES IN NEW MEXICO.

Says the Denver Republican: "In the field no fires of any great importance were chronicled and the adjusters have some opportunity to get rid of several losses which have been hanging over them particularly in New Mexico. That Territory has not shown any signs of improvement over last year's bad ratio yet and with the dry season coming on apace conservative underwriting is apt to prove the rule."

It is strange that the insurance companies should be harping constantly, that New Mexico is an unprofitable field, when the fire losses of New Mexico the past ten years altogether did not amount to the loss caused by one such fire as that at Rochester, New York, yesterday, or many other fires that might be mentioned. The annual reports of the companies show that they pay for losses in New Mexico only a fraction of the premiums collected. This cry of unprofitable business in New Mexico must have its ulterior motive and that probably is a concerted movement to maintain rates which are exorbitantly high compared with rates charged in Denver, which has greater fire losses on the average than has the entire Territory of New Mexico.

## "One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole

world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by all druggists.

"DREDGING"

Dredging is the very cream of the mining business. It is the process that has opened up the treasure vaults of nature, which could not be rifled in any other way—the treasures that heretofore have been held securely under water—and makes available immense amounts of gold that have never before been available.

Van Wagenen, in his "Manual of Hydraulic Mining" says: "Hydraulic (dredging or placer) mining presents fewer risks and more certainties than any other department of mining, other things being equal. It is simply a question of moving gravel or soil from one place to another. Given, therefore, in addition to an abundance of water to move and wash the gravel, ample space to deposit it again after it has been washed and the problem of obtaining a profit has been reduced to a minimum. As an example, the gold bearing veins of the Western United States have an average value of about \$40 per ton of quartz extracted, which \$10 can be mined, transported to mill, treated, refined and sold at a gross cost of about \$8 a ton, or 80 per cent. The same gold vein, after passing through the laboratory of nature will consist of a gravel bed worth about 20 cents per ton, which 20 cents may be secured and marketed at a cost of not over 5 cents, or 25 per cent.

"Other things being equal, therefore, Hydraulic mining presents three times the chance for profit that is found in gold quartz mining, and one-third the risk, with the additional advantage that the extent and richness of the gravel bed may be completely studied and ascertained before working it, and at slight cost, while vein mining is from first to last more or less of an experiment and a chance. The records of mining show that over 75 per cent of all the gold mined has been derived from working gravel beds."

## NEWS ITEMS OF DAY IN BRIEF

Conventions, Encampments, Deductions and Other Public Events the World Over.

Boston, Mass., April 14.—Interest is manifested in the 12-round bout between Sailor Burke and Bill McKinnon, which will be the feature event at tonight's boxing show at the Armory Athletic Club.

Milwaukee Wis., April 14.—The local arrangements have been concluded for the annual meeting of the Wisconsin division of the Junior Order of United American Mechanics, which is to assemble in this city tomorrow for a two days' session.

Atlanta, Ga., April 14.—The Southern Association of College Women began its annual convention here today with delegates present from Knoxville, Asheville, Montgomery, Birmingham, Oxford, Miss., Lexington, Ky., and several other points.

Paris, April 14.—An international congress of public instruction in the modern languages met in Paris today and will continue through the week. The United States is represented at the congress by Dr. Munroe Smith of Columbia University.

Berlin, April 14.—The new Royal Astronomical Museum at Treptow, toward the building of which Andrew Carnegie was a generous contributor was formally dedicated and opened today with interesting ceremonies and in the presence of a large assembly.

Pasadena, Cal., April 14.—Pasadena has donned gala attire in honor of the veterans of the Grand Army, whose forty-second annual encampment for the department of California was opened today under favorable auspices. Three candidates, John H. Shepard of Oakland, W. S. Daubenspeck of Los Angeles and H. A. Plimpton of Riverside, are contesting for the post of department commander.

New York, April 14.—A fashionable audience attended the concert at the Plaza Hotel this afternoon to mark the American debut of Miss Flora Wilson, daughter of Secretary of Agriculture Wilson. Among the patronesses of the event were Mrs. William H. Taft, Mrs. James S. Sherman, Mrs. Garret A. Hobart, Mrs. Philander C. Knox and Mr. and Mrs. Andrew Carnegie. Miss Wilson who has studied abroad for several years, will probably be heard in grand opera next winter.

Sioux Falls, S. D., April 14.—With an invocation by Bishop Hare and an address of welcome by Mayor Doolittle, the annual South Dakota State Conference of Charities and Corrections was opened in this city this morning for a two days' session. Included in the attendance were heads of insane asylums, prisons and reformatories, settlement workers, charitable visitors and others interested in practical philanthropy and prison reform. Speakers heard during the day included President N. C. Hershey of Redfield College, President George W. Nash of the Aberdeen Normal and Industrial School, Dr. Frank Fox of Sioux Falls, President Samuel F. Kerfoot of Dakota Wesleyan University, and President H. K. Warren of Yankton College.

Atlanta, Ga., April 14.—Men and women of national prominence in the educational world have gathered in this city to take part in the eleventh annual conference for education in the South. Much preliminary business was transacted today; preceding the formal opening of the conference tonight, when the principal speakers will be Governor Hoke Smith of Georgia and Robert C. Ogden of New York, founder and president of the conference. The sessions will continue through Wednesday and Thursday and will be devoted to

the discussion of all phases of the problem of education in the South. Prominent among those scheduled for addresses are Gifford Pinchot, chief of the Forestry Bureau of the Department of Agriculture; Dr. A. Caswell Ellis of the University of Texas, President E. A. Alderman of the University of Virginia, President Charles E. Van Hise of the University of Wisconsin, State Superintendent Joyner of North Carolina, Dr. John L. Coulter of the University of Minnesota, and Dr. Lillian Johnson of Memphis.

## POLITICS AND POLITICIANS

Although Early in the Season Candidates for Fall Elections Are Beginning to Appear.

A. O. Eberhart, lieutenant governor of Minnesota, is spoken of as a possible candidate for governor next year.

Samuel I. Gilmore, Democrat, has been elected to Congress from the Second Louisiana District, succeeding the late Robert Davey.

Virginia Republicans are becoming active in anticipation of the State campaign soon to begin. At present a suitable candidate for governor is being sought.

# S.S.S. CURES BLOOD POISON

Removing the symptoms is not all that is necessary to cure Contagious Blood Poison. The virulent germs which produce these outward manifestations must be completely driven from the blood before a real cure can be effected. The least taint left in the circulation will, sooner or later, cause a fresh outbreak of the trouble, with all the hideous symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers, etc.

Contagious Blood Poison is the most treacherous of all diseases.

It has its victims in its power almost before they realize its presence, because its first symptom is usually a little sore or pimple so insignificant that it does not excite suspicion. But the insidious poison is at work on the blood and in a short while the patient finds he is more or less affected from head to foot.

Contagious Blood Poison is too dangerous to trifle with.

No time should be lost in ridding the blood of this destructive poison, and in no disease is it more important to have the proper remedy. Medicines which merely check the symptoms for a time and leave the real cause smoldering in the system have brought misery and disappointment to thousands. Faithfully the sufferers took such treatment, usually of mineral nature, and when all symptoms had disappeared and the treatment was left off, found the virus had only been shut up in the system awaiting a favorable opportunity to return, with every symptom intensified.

S. S. S. cures Contagious Blood Poison and cures it permanently. It goes down into the blood and removes every particle of the poison, makes the circulation pure and healthy, and does not leave the slightest trace of the disease for future outbreaks. S. S. S. is made entirely of roots, herbs and barks, all of which are healing and cleansing in their nature. It does not contain a particle of mineral in any form to injure the delicate parts of the system. S. S. S. will also drive out any lingering remains of mineral poison that may be in the blood from the former treatment. If you are suffering with Contagious Blood Poison S. S. S. will cure you, because it will purify your blood. Home treatment book and any medical advice free to all who write.

## NATIONAL LEAGUE STARTS CAMPAIGN

Thirty-Third Annual Tussle for Championship in Baseball—Who Will Win Pennant?

New York, April 14.—If the weather man is kind, the season of the National League is to be inaugurated today, with the Brooklyn playing in New York, the Philadelphia in Boston, the Pittsburgh in Cincinnati and the St. Louis Cardinals in Chicago. The season will continue until October 7, the schedule providing for 156 games.

The race of 1909 will be the thirty-third annual tussle of the National League. Since its inception in 1876 there have been thirty-two cities to hold membership in the organization. Chicago and Boston were charter members of the National League and are the only two cities that have held membership continuously since 1876. They have been in every National League race and between them have won more pennants than all the other cities put together. The Chicago in 32 years have won nine pennants.

Only once have they finished last. That once was in 1877, when there were only five clubs in the league. The Boston have won eight pennants in the 32 years. They also have finished last but once—in 1906.

The list of cities that have been National League members is as follows: Chicago, Hartford, St. Louis, Boston, Louisville, Philadelphia, Cincinnati, Providence, Indianapolis, Milwaukee, Buffalo, Syracuse, Cleveland, Troy, Worcester, Detroit, Pittsburgh, Kansas City, Washington, Brooklyn, Baltimore and New York. New York was in the league in 1876, the team of the metropolis being known as the Mutuals. The first seven cities named and the Mutuals comprised the National League circuit in its maiden year. The circuit has ranged in size from five cities to twelve.

The circuit consisted of eight cities in 1876, of five in 1877, and of eight from that on until 1892. From 1892 to 1899, inclusive, 12 cities formed the circuit; and from 1899 to the present time eight cities. The biggest percentage ever made by a pennant winning team was that of Chicago in 1880. During that season Anson's In-

vincibles won 67 games and lost 17, and their percentage was .798. The best 12-club circuit percentage was made by the Boston in 1897—.705, representing 93 victories and 39 defeats. The poorest percentage was made by the Cleveland in 1899, when there were 20 victories and 134 defeats and a percentage of .129. The difference in points between the winner and the tail-end team that year was .533, which is the extreme in this regard. The following year, when the Brooklyn finished first and the New York's last, the difference in points was only .168, the least on record.

The following table indicates the position in which the eight clubs now comprising the league have furnished from year to year:

Chicago—1, 5, 4, 3, 1, 1, 1, 2, 4, 1, 1, 3, 2, 3, 2, 2, 7, 9, 8, 5, 9, 4, 8, 6, 6, 5, 3, 9, 3, 1, 1, 1.

Boston—4, 1, 1, 2, 6, 6, 4, 1, 2, 5, 5, 5, 4, 2, 5, 1, 1, 1, 3, 6, 4, 1, 2, 2, 4, 5, 3, 8, 7, 7, 8, 7, 6.

St. Louis—3, 4, 3, 6, 11, 10, 9, 11, 11, 12, 12, 5, 5, 4, 6, 8, 5, 6, 7, 8, 8.

Philadelphia—7, 8, 6, 3, 4, 2, 3, 4, 3, 4, 4, 4, 4, 3, 8, 10, 6, 3, 3, 2, 7, 8, 4, 4, 3, 4.

Cincinnati—8, 2, 5, 8, 4, 7, 5, 7, 10, 8, 3, 4, 3, 6, 7, 8, 4, 4, 3, 5, 6, 6, 5.

Brooklyn—1, 6, 3, 6, 5, 5, 10, 6, 10, 1, 1, 3, 3, 5, 6, 8, 5, 5, 7.

New York—6, 6, 5, 3, 2, 4, 1, 1, 6, 3, 8, 5, 2, 9, 7, 3, 7, 10, 8, 7, 8, 2, 1, 1, 2, 4, 2.

Pittsburgh—6, 6, 5, 8, 8, 6, 2, 7, 6, 8, 8, 7, 2, 1, 1, 1, 4, 2, 3, 2, 3.

All signs point to an interesting race for the season now opened. Many important changes have been made in nearly all of the teams. Every one of the teams which finished in the second division last season has a new manager and many new players.

In Cincinnati Clark Griffith, a veteran baseball general, has been put in charge of the Reds' destinies. St. Louis has the old catcher Roger Bresnahan for a leader. The Boston have placed the managerial reins in the hands of Frank Bowerman and the welfare of the Brooklyn team has been entrusted to the hands of Harry Lummey.

The Chicago club, winners for the last three years, has retained its old line-up practically unchanged and looks to be the best bet for the pennant again this season. There is a lot of splendid talent opposed to the Cubs, but it looks now as though New York has the best of any of the other teams, and it would not be surprising if the Cubs and the Giants would again fight it out for championship honors as they did in the exciting race of last year.

## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

## LEAD MINERS FIGHTING FOR TARIFF

Western Producers Are Now Well Organized to Oppose Reduction in Duty on Lead.

Denver, Colo., April 14.—Five representatives of the lead and mine producers of the United States will soon establish headquarters at Washington for the purpose of trying to convince Congress that a moderate tariff duty on all lead and zinc importations is absolutely necessary to prevent wide disaster to these industries. Since the American Mining Congress began to agitate the maintenance of these tariff duties some three months ago, mining men have come to realize the peril that threatens their interests should the duties be removed, or reduced.

Pitted against local producers are the operators in Mexico where vast deposits of lead and zinc ores are now being extensively developed. The Mexican operator gets his labor for 25 cents to 75 cents per day, which

in quality compares remarkably well with labor in the local mines, which costs from \$2.00 to \$6.00 per day. As the average labor cost of producing lead in the United States is 60 per cent of the total cost of the products, the tremendous advantage of the Mexican producer can be readily seen.

The Payne bill now provides for a duty of 1 1/2 cents per pound on lead in ores, but it is known that there is a considerable sentiment in Congress in favor of reducing this to 1 cent per pound. Under a one cent tariff, lead producers would lose more than \$3,000,000 annually, while three-fourths of them would be completely at the mercy of the foreign producers, and would have to close down their mines.

The campaign begun by the Mining Congress will be vigorously supported by the states of Colorado, Idaho, Utah, Nevada, Missouri, Wisconsin, and Illinois, and the committee at Washington will work for a duty of 1 1/2 cents per pound on lead in ore and 2 1/8 cents on lead in pigs, bars, and bullion.

## RICH GIFTS FOR BRIDE.

Baltimore, Md., April 14.—The wedding today of Miss Harriet Brown, daughter of Mr. and Mrs. Alexander Brown, and T. Sufferin Tailor of New York was attended by the wealth and fashion of Baltimore, New York, Washington and several other cities. The wedding was a late afternoon affair at the home of the bride's parents. The ceremony was performed by the Rev. Dr. Donald Guthrie, pastor of the First Presbyterian church of this city. The bride's only attendant was her sister Mrs. Benjamin Howell Griswold, Jr.

The wedding gifts were the most magnificent ever presented to a Baltimore bride. Included among them were a \$10,000 check from her father, a touring car with all the latest improvements, said to have cost \$13,000, from Oscar G. Murray, president of the Baltimore & Ohio Railroad; a set of gold dinner plates from New York, nine superb rugs of animal skin, one a royal Bengal tiger and another a genuine polar bear; jewelry, services and cases of silver, and rare bric-a-brac.

Carpenter Dies at Albuquerque—William C. Wilson, aged 56 years, a former resident of Sparta, Illinois, died yesterday afternoon. He leaves a wife and six children.

Arrested for Stealing Bicycle—Leonard Ole, aged sixteen years, a graduate of the Golden reformatory, was arrested at Albuquerque yesterday, for stealing a bicycle.

Scarlet Fever at Roswell—May, the eleven year old daughter of Mr. and Mrs. McDonald of near Roswell, died of scarlet fever. Her two sisters are also ill with the disease. Interment was made in the Southside cemetery on Sunday.

Colfax County Lawyers Organize—The attorneys of Colfax county met yesterday at Raton and organized a County Bar Association. The officers elected are: C. M. Bayne, president; R. C. Alford, secretary; and Jeremiah Leahy, treasurer.

Funeral at Pojoaque—The funeral of Luisita Montoya, who died in this city, took place today at Pojoaque, northern Santa Fe county. The funeral cortege made the trip overland to Pojoaque, starting upon the arrival of Esquipo Pacheco, father of the deceased girl, from Flagstaff, Arizona, where he had been at work.

Fair Weather to Continue—Today's delightful weather is to continue, according to the Weather Bureau, except that it will be slightly cooler in northern New Mexico. Yesterday the maximum temperature in the shade ran up to 62 degrees. The lowest temperature last night was 36 degrees. The relative humidity at 6 p. m. last evening was only 28 per cent.

### THIRTEEN INDICTMENTS AT LAS CRUCES

Las Cruces, N. M., April 14.—The Territorial grand jury returned 12 indictments. Of these eight are as follows: Juan Varela and Ignacio Varela, charged with murder. There are two separate indictments and one joint indictment. The crime alleged was committed in December, 1908. Gabriel Lopez and Jose Lopez are charged with murder. This crime was committed at La Union in October, 1908, and a young boy was the victim. In this case there are two separate and one joint indictment. Lorenzo Gomez is charged with assault with a deadly weapon and Felipe Colmenero, assault with a deadly weapon. There was one true bill for each of the last two. In the other five indictments the parties are not all under arrest.

Commissioner Oliver of El Paso, ordered Mar Chew the El Paso street restaurant keeper, taken to Las Cruces to appear in the United States court at that place on the charge of conspiracy to smuggle Chinese into the country.

Immediately upon the rendering of the decision the defense filed notice of appeal to the United States district court and the hearing on appeal will be held before Judge T. S. Maxey at once. He filed his appeal bond today. Mar Chew was arrested last week on the charge of conspiracy to smuggle alien Chinese into the country. The indictment was returned by the grand jury at Las Cruces and Mar Chew gave bond for his appearance at the preliminary trial. The case of Ed M. Fink and E. M. Scott, who were also arrested on indictments from the Las Cruces court, will be heard as soon as the commissioner can find time to arrange for the preliminary hearing. The case of Bob Leyung, wanted at Chicago on the same charge, has been set for Saturday.

A case in this term of the federal court that promises to be hard fought is the charge of perjury alleged against Thomas C. Williams of Deming. This case grew out of the fence cutting case of the last term of court at which time the grand jury found against Williams for perjury and he was arrested at the time and placed under bond. Rumor differs as to whether this case of the Chinese smuggling cases are the cause of the discharge of the jury panel yesterday, but it is certain that the government is going to make a determined effort to make out a strong case upon all the indictments brought in by the grand jury. Another panel will be drawn as soon as possible and may be complete by this evening.

### WANT PUMPING STATION AT DEMING

Deming, N. M., April 14.—The Luna County Farmers' Association held a meeting here for the purpose of discussing the matter of endeavoring to induce the government establish a pumping plant here. The meeting was largely attended and all were very enthusiastic in favor of the project.

### BUSY DAY AT THE CAPITOL.

(Continued from Page One.)

holding that the failure to elect directors operated to create a vacancy because there is no holdover in the office of school director. This being so, the county superintendent is authorized by law to fill the vacancies by appointment.

You ask another question as to what would be the result if the election was conducted by persons other than the board of school directors, who are the persons designated by law (Sec. 1332 of the Compiled Laws), to hold the election. This is much more difficult to answer, but as a general proposition, the misconduct or failure of the proper officials to hold an election must not be permitted to defeat the expressed will of the voters if an election has actually been held, and probably no general rule can be applicable to all cases, as the circumstances might greatly vary.

"Very respectfully,  
"FRANK W. CLANCY,  
"Attorney General."

In addition to the foregoing, I beg to call attention to several points concerning which some of you have asked questions.

Appointments made by you to fill vacancies in boards of directors are made for only one year i. e., until the first Monday in May following the April elections in 1910 (Sec. 1532, C. L. 1897).

If the present board of directors in any school district refused or failed to sit as judges of election on April 5th, but other persons conducted the election, and the will of the qualified voters was expressed at the polls, such an election was legal.

The following is a quotation from the laws of 1909 touching qualified voters at school elections:

"Section 1532 of the Compiled Laws of 1897 is hereby amended by adding at the end thereof the following words: 'All legal voters, residing in a school district, who have paid the poll tax of the current year in said district, shall be considered qualified voters of said district, entitled to vote therein.'"

This is interpreted to cover elections called for electing school directors only, since it is an amendment to Section 1532, Compiled Laws of 1897. Qualified voters at general elections are qualified voters at elections called to vote special levies for school purposes or to vote on school bond issue. For these elections, there is no requirement as to payment of poll tax.

"Should an election be held on the first Monday in April and notices were not posted on the second Monday in March as required, but were posted at the subsequent date, and it should appear that the people generally had actual knowledge of the elections so that the result would not have been different if proper notices had been posted, I do not believe it would vitiate the election."—Opinion, Hervey, March 17, 1908.

Directors elected on April fifth are required to file oath of office with the county superintendent on or before the first Monday in May (May 3d) and their terms of office begin on that date. The oath may be administered by the judge of election or by a notary or other person qualified to administer oaths (Sec. 1532). Note also the following:

"I am of the opinion that the provisions requiring the oath of office to be taken before the directors serving are directory merely and not mandatory; that while the letter of the statute should be followed as a matter of course, still it is not necessarily essential to a legal qualification and should the oath be taken and subscribed before a notary public or a justice of the peace, it would prove as effectual as if taken before the directors serving."—Opinion, Hervey, May 12, 1908.

The outgoing board of school directors can not bind the incoming board by a contract with a teacher for the ensuing year. The new board of directors is required to meet and organize within five days after the first Monday in May, and that is the earliest date at which contracts may be legally made for the teacher's services for the ensuing year.

The law specifically states (Chapter 114, Laws of 1909) that the county treasurer is entitled to 4 per cent commission only on taxes collected or received by him, therefore he is not entitled to a commission on the money apportioned by the Department of Education to the various counties, which money is received from the lease of school lands. Nor is he entitled to commission on tuition, collections, rentals, etc., paid into the office of the county treasurer by the clerk of a board of school directors.

"In the event that Mr. A. has resided within a certain school district for three or four years and has not paid poll tax at any time, may a clerk of a board of directors for the year 1908 and 1909, collect the delinquent poll tax covering a period of two or three or more years, after due notice is given as provided by law?"

Presuming the tax for the different years to have been regularly levied, and the demand for its payment properly made, I have to advise you that in my opinion the school district clerk may bring suit for the collection of said taxes and recover the same thereby."—Opinion, Hervey, October 24, 1908.

While the law requires the clerk of the board of directors to post at least

four lists of persons liable to the payment of poll tax in four conspicuous places in his district, on or before the first Monday in February, and while the clerk is required to make a full report in writing to the county superintendent on or before the first Monday in April, poll tax is collectable at any time during the year, on election day or at any other time.

Very respectfully,  
Territorial Superintendent of Public Instruction.  
(Signed) JAMES E. CLARK.

### TEMPERATURE BELOW ZERO IN CANADA

Springfield, Mo., April 14.—Reports received at the general offices of the St. Louis & San Francisco Railway here tell of freezing weather throughout the Ozark fruit belt last night. Great damage is said to have been done to early varieties of apples.

Winter in Canada.  
Winnipeg, April 14.—Last night was one of the coldest of the season. At Prince Albert it was fourteen below zero, at Regina one above, at Quappelle zero and at Rattleford four above. At Calgary and Lethbridge it snowed heavily. The lowest temperature here was 12 above.

### CRAZY SNAKE AT LA JUNTA

La Junta, Colo., April 14.—That Crazy Snake, the central figure in the Oklahoma Indian uprising, is in Colorado traveling north to Montana to join others of his tribe is the belief of A. C. Jones, for sixty years a resident of this section, who was a member of the lower House of the legislature in 1885.

Jones says that on Thursday last he had as his guest Crazy Snake. He says that just before noon the man came to his home leading a pack horse and obtained food.

Jones thought he looked like pictures of Crazy Snake. When Jones accused him of being Crazy Snake the man left quickly.

### ALBUQUERQUE MAN A KISSING BUG

Bakersfield, Cal., April 14.—Hugh Georgheger, traveling from Albuquerque to San Francisco on the Santa Fe, suddenly developed a mania for kissing the women passengers as the train was traversing the Tehachapi mountains. He was subdued and placed in jail when the train reached Bakersfield. Georgheger had in his possession a letter of credit for \$1,000 on an Albuquerque bank and \$119 in currency and coin. His derangement is believed to be only temporary.

### F. H. NEWELL AT ENGLE DAM

El Paso, Texas, April 14.—Frederick H. Newell, chief engineer of the United States reclamation service, arrived from Washington on an inspection of the various reclamation projects in the Southwest. He was met here by Louis C. Hill, supervising engineer for the service in the Southwest.

The two engineers will go from El Paso to Engle, Sierra county, where they will inspect the preparatory work for building the Elephant Butte dam.

This is the first trip Mr. Newell has made to the Southwest for the past two years and he is anxious to see the progress that has been made on the Elephant Butte, the Laguna, Roosevelt and other projects.

#### NOTICE.

Whereas it is understood by this board that it is possible to obtain very low bids for the construction of cement walks on school property.

Now, therefore, be it resolved, That the presiding officer of this board hereby is authorized to advertise for bids for the construction of a six foot sidewalk on the north side of Marcy street, on the west side of Washington Avenue and on the east side of Lincoln Avenue on school property thereon, according to plans and specifications as heretofore, for sidewalks laid for the city school board with the usual reservations said bids to be opened on Monday the 19th day of April, 1909.

In accordance with the above resolution, I hereby call for bids for the construction of a six foot sidewalk on the property of the Board of Education of the City of Santa Fe, on the north side of Marcy Street, on the east side of Lincoln Avenue and on the west side of Washington Avenue, according to the plans and specifications made for the construction of the cement sidewalks heretofore laid for the said Board of Education which plans and specifications can be seen at the office of the clerk of the said board. Said bids will be received in sealed envelopes bearing on the outside thereof the name of the contractor and will be opened on the 19th day of April, 1909. The bids must be accompanied by a certified check for ten per cent of the amount bid for the faithful execution of the contract by the person who shall receive the contract for said sidewalks. This board reserves the right to reject any or all bids in its discretion.

JOSE D. SENA,  
Vice President Board of Education.

Attest:  
J. E. WOOD, Secretary.
