SANTA FE NEW MEXICAN

VOL. 46.

SANTA FE, NEW MEXICO, TUESDAY APRIL 27, 1909.

NO. 63

BIG POWER

PROPOSITION

Territorial Engineer Sullivan Approves Applications

TWOTHOUSAND HORSEPOWER

No Startling Events at the Capitol Today--Governor on a Pic-Nic.

Governor Curry took long enough respite from his official duties to join a party of Masons on an automobile trip to the pueblo of Tesuque, nine miles north of Santa Fe, over one of the finest scenic roads out of the Capital.

Out of Quarantine.

Territorial Secretary Nathan Jaffa put in his appearance at the Capitol again today after an absence of several days on account of the illness of his son, who has recovered from an attack of scarlatina. While the Jaffa residence at 397 East Palace avenue, will not be out of quarantine for several days yet, Secretary Jaffa, has taken every precaution and will not live at his home until it is released.

Water Applications Approved.

Territorial Engineer Vernon L. Sullivan today approved four water rights applications. The one of greatest importance is that of George H. Webster, Jr., of Cimarron, Colfax county, who was given the right to use fifteen second feet of the Rayado river in southern Colfax county for power purposes. The water will be taken out of the river in the hills, on the Ura-ca ranch of which Mr. Webster is the manager, and carried in eighteen inch pipes for three and a half miles on the south side of the river over the Ura-ca ranch and lands of J. L. Abreu to the power house, assuring a head of almost 2,000 feet and developing 2,000 horse power to be carried by high voltage wires to Cimarron, Dawson, Koehler and other points in Colfax county. The plant will cost \$45,000 and will include an impulse wheel. The project interferes with no irrigation rights as the water will be discharged again into the river. A company is about to be organized to put through the project.

The application of Christian F. Harra, for the Hellyer ditch, taking three and a half second feet out of seven rivers in Eddy county, was approved subject to prior rights. About four hundred acres are to be irrigated and a distributing reservoir will be built.

The application of Benjamin C. Rambo, Charles B. Erbacher, George M. William of Silver City, for three and a half second feet of the flood waters of Cameron creek, Grant county, was approved, as was also the application of Mrs. L. Wallace Holt, for the transfer of certain of her water rights from one tract of her land to another tract which she has sold and included in the Holt ranch at Lakewood, Eddy county.

Notary Public Appointed.

Governor Curry today appointed Walter G. Turley of Aztec, notary public for San Juan county.

District Court.

Judge John R. McFie was still occupied with the Stevenson-True cases, today. There are three cases consolidated into one and involving land holdings near Santa Clara, northern Santa Fe county. On Saturday the court officials will leave for Taos where court convenes on Monday.

COOPERS REFUSED NEW TRIAL

Father and Son Appear in Court Room--Appeal Will Be Taken to Supreme Court.

Nashville, Tenn., April 27.—Judge Hart today overruled a motion for a new trial in the Cooper murder case and an appeal was taken to the supreme court.

Duncan Cooper and son Robin were sentenced to twenty years for killing former Senator Carmack. Both were in the court room accompanied by Mrs. Burch, daughter of Colonel Cooper. After the court's decision the appeal bond was fixed.

GRAND JURY IN VESTIGATES LYNCHING

More Than Two Hundred Witnesses Will Be Heard at the Special Session at Ada.

Ada, Okla., April 27.—The special grand jury ordered by Governor Haskell to investigate the lynching on April 19, of James Miller, Jesse West, Joseph Allen, and W. T. Burrell, held for the murder of A. A. Bobbitt, the cattleman, began its sessions this morning. More than two hundred witnesses will be heard.

PRESERVING

WATER POWER

Ballinger Orders Geological Survey to Investigate

WILL REPORT FINDINGS

Tariff Legislation That is of Especial Benefit to New Mexico.

Washington, April 27.—Secretary Ballinger of the Interior Department has determined it possible to prevent monopolistic or speculative interests from securing control of water power sites and has instructed the director of the Geological Survey to investigate such natural resources on the public domain outside of the National Forests, not included within withdrawals for the reclamation purposes. The secretary will report his findings to Congress with recommendations for legislative action.

Where Republicans Benefit the Territories.

Special to The New Mexican. Washington, D. C., April 27.—Notwithstanding the fight in the Senate on the wool schedules of the tariff, it is very likely that the Dingley rates will be retained. That will be worth several million dollars to New Mexico and Arizona. The fight for free trade in hides is likely to meet defeat and the Dingley rate of 15 per cent is most likely to remain in the bill. This again is worth a good deal to the stockgrowers of the two territories. Nor will the effort to place coal on the free list succeed and the Republicans will see to it that the duty remains fifty cents per ton. This is especially beneficial to New Mexico and Arizona. With the Panama canal completed, millions of tons of coal will be needed at Los Angeles and California for coaling the warships and New Mexico and Colorado will furnish that coal. Some parts of the country are making a decided effort to place number on the free list but the duty of \$1.50 and more per thousand feet will be retained. This is again worth millions to New Mexico and Arizona.

Carnegie, Schwab and other steel kings are working tooth and nail for free iron ore for they own rich mines in Cuba and in Spain, but a Republican Congress will insist upon a fair duty on iron ore, which again is worth large sums to New Mexico. There will be a fair duty on fruits and this too will redound to the benefit of the territories. Delegate Andrews is working hard with his party for the retention of these duties on these raw materials and his success, of course, as indicated above, will mean vast sums in the pockets of New Mexico miners, stock raisers, fruit growers and business men.

Hon. Joseph W. Babcock is Dead.

Washington, April 27.—Former Representative Joseph W. Babcock, of Wisconsin, for fourteen years a member of Congress and many years chairman of the Republican Congressional committee, died this morning.

Taft Anxious to Come West.

Washington, April 27.—Representative Tawney, chairman of the House committee on appropriations, talked with Taft at the White House today about plans for the Presidential trip through the west next summer. At the conclusion, Tawney said he would introduce a bill providing for \$25,000 to be placed at the President's disposal as traveling expenses. Tawney said that a false impression was afloat concerning his ideas about a fund for the President but this was because he thought the President was not serious in his desire to travel extensively. Taft is particularly anxious to visit the territories including Alaska and to learn the precise conditions there. Tawney said he believed that the bill for an appropriation would pass without trouble.

BIDDING FOR THE NEW WOOL CLIP

Prices at Boston Reign High and Buyers are Eager for Western Product.

Boston, Mass., April 27.—The local wool market is strong and business is lively in bidding for the new clip. The greatest activity is in Wyoming, Montana, and western Idaho wools. It is estimated that two-thirds of the Montana clip has been contracted for. As high as 23 1/2 cents has been paid for this. Foreign wools are strong and active with Australian and South American grades in the greatest demand. The former supplies are attracting the greatest attention probably by reason of the large offerings, but the latter are selling steadily.

ABDUL HAMID III COMPELED

TO YIELD THE THRONE

Succeeded By His Brother--Fresh Outbreak of Fanaticism at Adana, Followed by Massacre, Arson and Pillage--Troops in Revolt.

Constantinople, April 27.—Abdul Hamid II has been deposed as Sultan of the Turkish empire. His successor is Mohammed Reschad Effendi, his brother. The news of the deposition of Abdul Hamid and the selection of his brother to succeed him caused great excitement throughout Constantinople. Crowds began to gather in the principal squares, thoroughfares, and around the Imperial Palace Yildiz in anticipation of the proclamation of the new Sultan.

Sultan a Prisoner.

Constantinople, April 27.—It is reported here that the Sultan has been removed from the Imperial palace Yildiz and conveyed across the Bosphorus to a point in Asiatic Turkey.

Fresh Outbreaks at Adana.

Constantinople, April 27.—There was a fresh outbreak of fanaticism and murder last night at Adana accompanied by looting and burning. The situation is critical. Fifty Turkish officers have been arrested at Erzerum by their troops, and sent under guard to Trebizond. It is feared that this means the beginning of a revolt of the provincial troops against the Young Turk officers.

Quick Action.

Constantinople, April 27.—A salute of 101 guns proclaimed the fact that Mohammed Reschad Effendi was now the sovereign of the Ottoman empire. A written declaration of the Sheikhulislam, authorizing the de-thronement of Abdul Hamid, reached the parliament house at 10 o'clock. Five minutes later the parliament pronounced the deposition of Abdul Hamid, and at 10:50 o'clock, forty minutes after receipt of the decision of the head of the church by the national assembly invited Mohammed Reschad Effendi to ascend the throne.

Armenians Started the Trouble.

Constantinople, April 27.—The following account of the murders at

Adana has been telegraphed by Rev. Robert Adams Gibbons, a missionary: "The Vilayet Adana has been visited the last five days by the worst massacre in the history of the district. Terror is universal and the government is unable to check the disorders. Adana has been the storm center. Last Wednesday morning the Armenians began closing their shops. An Armenian and a Turk had been killed in the night and the corpses were paraded through their respective quarters. The sight of the dead inflamed the people, and a crowd of young Armenians began firing revolvers. We went to the telegraph office to summon the British consul and while there a mob burst in and killed two Armenians before us. The Armenians went to their quarters on the hill and fortified themselves against the Turks for two days. Adana was hell. The bazaars were looted and fired. There was continued shooting and killing in every part of the town. Moslems from the neighboring towns began pouring in, and Vah gave them arms alleging they were Turkish soldiers."

New Sultan Proclaimed.

Constantinople, April 27.—Mohammed Reschad Effendi was proclaimed Sultan of Turkey at half past two this afternoon.

Mohammed V. Proclaimed.

Constantinople, April 27.—Mohammed Effendi was proclaimed as Mohammed V. Among those under arrest under orders of the military dictatorship are Prince Sabah Eddine, nephew of the Sultan, and a member of his family.

Found Unconscious in Harem.

London, April 27.—A dispatch from Constantinople to a news agency, says rumors are current in the Turkish capital that Abdul Hamid is dead. Troops are said to have taken him from the Palace last night and found him unconscious in the inner room of the Harem.

SHOOT GAZELLE AND HARTEBEESTE

AND HARTEBEESTE

Roosevelt and Son Well Enough to Go Hunting

IN CAMP AT PEASE RANCH

Small Pox Among Porters Has Been Stamped Out.

Nairobi, April 27.—Roosevelt and his son Kermit had sufficiently recovered today from the fatigue resulting from the first hunting trip and journey from Kapit Plains to the ranch of Sir Alfred Pease, to go shooting this morning for small game. They were successful in bagging a grant's gazelle and a Hartbeeste. All members of the party are busy today sorting baggage and preparing to go out on extended expeditions. Part of the Roosevelt camp was already established at the Pease ranch and the remainder of the caravan will move to this point tomorrow morning. The Roosevelt party decided to remain a week at the Pease ranch and a number of cases of stores were sent for this purpose. The smallpox among the porters in the expedition is entirely checked.

GOVERNMENT AFTER HARRIMAN MONOPOLY

Taking of Testimony in Case to Dissolve Railroad Trust Began Today at Salt Lake.

Salt Lake, Utah, April 27.—The taking of testimony in the suit brought by the federal government to dissolve the alleged combination between the railroads comprising the Harriman system and other western roads for the purpose of suppressing the competition west of the Mississippi river began today.

RECEPTION FOR ADMIRAL IJICHI

ADMIRAL IJICHI

Takes a Trolley Ride Through Lemon Groves

LAST DAY AT LOS ANGELES

Visitors Pleased With Patriotic Songs by School Children.

Los Angeles, April 27.—The last day of the celebration in honor of the visit of the Japanese squadron in command of Admiral Ijichi, began today and will continue until midnight. At seven this morning the admiral and forty of his officers went for a trolley ride through the lemon and orange groves of Azusa where the Japanese were photographed in every pose as they plucked the fruit and engaged in the celebration. Hundreds of school children gave welcome by singing patriotic songs which especially pleased the admiral.

VAN VLISINGEN IMPLICATES OTHERS

Made a Confession Four Years Before He Acknowledged His Guilt in Public.

Chicago, April 27.—Peter Van Vlissingen, a real estate broker, who last winter confessed to forgeries aggregating more than a million and who now is serving an indeterminate sentence at Joliet, testified in the bankruptcy court today that the confession he made last winter was antedated four years by a confession made to Maurice Rosenfeld, and Bernard Rosenberg, both prominent Jewish capitalists. He said he sold them forged commercial paper for \$400,000. They declined his offer of a public confession and demanded their money. He said he paid them \$250,000 by selling the same forged paper a second time.

CRACKER-JACK

BUILDING BOOM

Santa Fe in Midst of Progressive Improvement

MANY NEW STRUCTURES

Architects, Contractors and Workmen Satisfying City's Demand for Growth

Since the completion of the Woman's Board of Trade library, a beautiful brick structure on Washington avenue, Santa Fe has been enjoying a building boom that would bring pride to the heart of the citizens of any place. The new improvements have been following each other in such quick succession that it is really hard to keep track of all of them. Recently the splendid new armory building was completed at a cost of nearly fifteen thousand and is now in the hands of the Armory Board of Control. On May the fifteenth the new Elks' opera house will be completed and turned over to the committee in charge ready for use. Yesterday a large first class moving picture machine was ordered and as soon as the building is ready, nightly picture shows will be given.

Yesterday ground was broken for the new \$10,000 residence of Dr. J. A. Massie, on the corner of Lincoln and Marcy avenues. The building is to be a two story structure thoroughly modern and up-to-date. It will contain eleven large rooms.

Foundations have been commenced on three houses which have been contracted for by Miguel Chavez, G. A. Dahlgren has the work in charge. The houses are to be modern brick residences. Two are on Capitol street and one on Galisteo street. In the same neighborhood, within a short time, N. Salmon will begin work on the construction of eighteen modern brick cottages. Work on the Governor's mansion has been going on steadily and workmen are now engaged in papering the rooms of that palatial structure. Within a short time the mansion will be in readiness for occupation. Work is also progressing nicely on the Capitol extension. The new Santa Fe depot is now well under roof and makes a very attractive appearance.

Dr. Charles A. Wheelon's handsome brick cottage on East Palace avenue is under roof, and several other local residents are planning to build homes this summer.

Delegate W. H. Andrews has promised to push through in December an appropriation for a \$100,000 Federal building in this city, and to crown all, the Scottish Rite Masons will build a magnificent \$200,000 Temple, for which a lot has been purchased on Washington avenue. The Commercial Club will probably start on its proposed Santa Fe club building this fall, and the firemen and the city on a city hall and fire station.

On College street Antonio Valdez is erecting a modern residence which will have seven spacious rooms.

Plans have been received for the building of a large thirty thousand dollar building on San Francisco street opposite the warehouse of Leo Hersch the grain man. The building is to be built by Mrs. Joseph Hersch and will be three stories high. The lower floor will be used as ware rooms while the upper floors will serve as living apartments.

Charles Haspelmath on the south of the Plaza, has started to build two large bowling alleys in the rear of his business block. The alleys will face on Water street and will be thoroughly modern. To this end no expense is being spared.

The American School of Archaeology will soon take possession of the old Palace building and the same will shortly after be restored to its pristine form of architecture. This work will mean very much to Santa Fe as the appearance of the building will be greatly changed for the better and will lend charm to the surrounding neighborhood.

The thirty thousand dollar brick dormitory of St. Catherine's Indian School has been completed and is ready to be turned over by the contractor.

Leo Hersch's new cottage on Washington avenue is almost completed, making the eighth new modern cottage in the space of one block on the Fort Marcy Reservation, and which includes the Schumann, Bean, Goutchy, Reingardt, Hersch, Massie Lowitzki and Nuding cottage, all completed or begun within the past year or so.

The foundations are in for the new \$75,000 sanitarium for the Sisters of Charity.

The plans for the new thirty-five

(Continued On Page Elgi2)

FORT GARLAND

TO QUESTA

Denver and Rio Grande to Build Line This Year

TAOS COUNTY TO BE DIVIDED

Great Development Plans for Northern New Mexico Under Consideration

"The Denver and Rio Grande Railroad has completed the final survey for a standard gauge line from Fort Garland, Colorado, to Questa, Taos county, and I expect the road to be built by September 1," said George B. Paxton of Red River, Taos county, who is in the city for a few days. At present the engineers are running lines to lower the grade over La Veta pass. Later they will survey the line from Questa to Taos and thence to Embudo, where it will connect with the present Antonio-Santa Fe line, which will be standard gauge in the course of a few years, at the same time changing its route into Santa Fe so as to come via Tesuque instead of Buckman hill. This will mean a great impetus for the development of northern Santa Fe and Taos counties.

Mr. Paxton has great faith in the future of northern Taos county. His irrigation proposition on the Red river is an assured success and 45,000 acres in the Sunshine valley will be brought under ditch. It is the plan, some time this summer, to have an auction day of lands, similarly to the plan adopted in the development of large tracts of land in Colorado, and especially the Costilla grant, whose development is one of the factors which has decided the Denver and Rio Grande Railroad to build its standard gauge branch from Fort Garland to Questa at once.

Mr. Paxton says that 30,000 horse power are flowing to waste in the streams of Taos county. In connection with his big Red River Sunshine Valley project there will also be a power proposition. Taos county is one of the best watered counties of the Territory and has about a score of perennial streams that never run dry.

Mr. Paxton is also actively interested in mines. Considerable work is being done by him on the Enterprise at Anchor, north of Red river, and a few miles east of Questa. This spring, under great difficulties, a pump was installed, which takes care of the water in the 160 foot shaft easily by pumping half an hour in the morning and half an hour in the evening. The ore body is large and the ore free milling so that it can be treated on the ground. Extensive copper ore deposits and many other promising mines in the Red river and Anchor districts will become profitable immediately upon the completion of the line to Questa and a short spur into the mining region.

Mr. Paxton expects that within two years so many new settlers will have come into northern Taos county, that the time will be ripe for the organization of a new county, with the county seat at the new town which will spring into life in the center of the Sunshine valley this summer.

Mr. Paxton is a successful worker and the New Mexican, and the people of Santa Fe in general, are therefore, much pleased to learn, that he intends to make Santa Fe his headquarters and home next winter from which he will direct the enterprises upon which he is now engaged and a number of new enterprises in this immediate vicinity which he is contemplating.

SETTLING COAL MINERS' DISPUTE

Agreement Will Be Reached at Meeting to Be Held in Philadelphia on Thursday.

Scranton, Pa., April 27.—An agreement between the anthracite mine owners and the workers will be signed at a meeting to be held in Philadelphia on Thursday unless all plans fail. The tri-district convention will meet tomorrow and is expected will ratify the proposition made by the operators and already ratified by the committee of the miners. The agreement provides for a three year renewal of the old agreement with a few concessions to the miners.

REGULAR QUARTERLY DIVIDEND ON STEEL

New York, April 27.—A regular quarterly dividend of 1 3/4 per cent on preferred stock and one-half per cent on common stock was declared today by directors of the U. S. Steel corporation.

The Big Store

Merchant Tailoring Department is now running in a first-class shape. This is the first chance that Santa Fe ever had for our customers to come into our up-to-date store and pick the woollens right from stock, cut and made and pasted on a man's shoulders and fitted from the bottom of pants to top of coat, and finished with best of workmanship, living, and best of style that money can buy. Our cutter, Mr. Synfy, is not only a first-class tailor, but an expert designer of his profession and he is always ready and willing to aid you to get the latest cut and style, as he is familiar with all the latest designs. We have done away with Eastern profits which we used to pay and charge to our customers. Now you only pay our profit, which is not half as much as it used to be. Come right along, this department is to stay and serve you for all

the time to come. Earlier you come the better to select your choice before the best numbers are picked out.

PERSONAL PROPERTY LOANS. MONEY TO LOAN

On notes, diamonds and jewelry as low as \$10 and as high as \$200. Loans are strictly private. Time one month to one year. Rates are reasonable. Call and see us before borrowing.

THE DAILY ROUND UP.

ARTESIA.
It is morning in Artesia.
Come in fancy if you will,
Till we see the sunlight gliding,
All the line of purple hill;
See the fields that grace the hillside
Smiling in the morning breeze
Read the tale of life's renewal
In the verdure of the trees.
Gushing wells of purest water
Catch the sunlight in their spray,
Forming rainbows, ever changing
With the humor of the day.
Surely never fairer vista
Opened to the eye of man,
Than lies smiling from the foot-hills
To the snow-crowned Capitan!

Now the city has awakened,
Pass with me along the street,
Hear the words of kindly greeting
From the lips of those we meet
Know the fervency of friendship
In the touch of clasping hand—
All that makes this life worth living
In this wondrous stranger-land.

Fair Artesia, thriving city,
Not for greatness art thou dear!
We have marked thy swift progression
With the eye of pioneer,
Who, close-linked with every land-
mark,
Till his length of life be over,
Oft recalls the paths he traveled
Though he treads those paths no
more.

Dear Artesia, ever upward
Be thy progress, strong and true!
In the fight for right, forever,
May no failure come to you!
May the God of men and nations
Guard, with All-protecting Hand,
From the waves that bring destruc-
tion

When men buildeth on the sand,
Pecos Texas. LENA G. HEATH,
In the Artesia Advocate.

Freak Lamb—Fernandez Armijo, of Los Corrales, Bernalillo county, has a freak lamb, which has eight legs, four ears, two bodies and two tails but only one head. The lamb died soon after birth.

Death of Daniel Ortega—Daniel Ortega, an expert wool and hide man, formerly of Las Vegas, died of pneumonia, at Albuquerque yesterday, at the age of 28 years. Interment was made today at Las Vegas. Three sisters and two brothers survive.

E. J. Parker Waives Hearing—E. J. Parker arrested at Trinidad, Colorado, for taking a team belonging to an Albuquerque livery man and selling it at Springer, waived a hearing at Albuquerque yesterday and was sent to jail in default of \$800 bail.

Old Gasoline Story—J. R. Palmer, was badly burned by gasoline at Albuquerque yesterday, which was set on fire by his rubbing cloth that he was cleaning with the fluid. This is the fourth fire that has occurred at Albuquerque in two years, caused by using gasoline for cleaning cloth.

Good Roads Word at Albuquerque—The Duke City is expending several thousand dollars on its road from the depot to the University. Over 11,000 feet of excavating has been done on Central avenue and fourteen teams are busy taking the surplus dirt to other parts of the city where it is being used to fill up streets.

New Court House for Chaves County—The board of county commissioners of Chaves County has placed itself on record in favor of a new court house at Roswell to cost from \$125,000 to \$150,000. A bond issue to that amount is proposed, but no formal action will be taken unless a petition for a new structure is presented by the taxpayers of the county. The present structure is too small and the

county pays annually large sums in rent for county officers.

The old fashioned way of dosing a weak stomach, or stimulating the heart or kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments, the weak inside or controlling nerves. It isn't so difficult, says Dr. Shoop, to strengthen a weak stomach, heart or kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fall—then those organs must surely alter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days, and see! Improvement will promptly and surely follow. Sold by Stripling, Burrows & Co.

VINOL CURES CHRONIC COUGHS, COLDS AND BRONCHITIS

After Other Remedies Fail

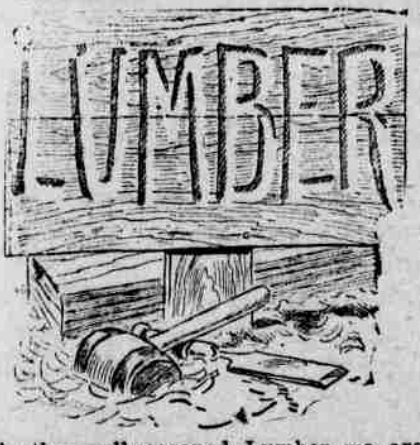

"I have been troubled with a chronic cold and bronchitis for a long time and have tried many remedies without finding relief. Through the kind suggestion of a friend I tried Vinol, and after taking four bottles, am entirely cured." A. H. Wilde, 733-8th Avenue, Minneapolis, Minn.

S. McDonald, 147 W. Congress St. Paul, Minn., writes: "I contracted a severe cold last winter and thought I would never get rid of it. I tried Vinol as a last resort, and it has completely cured me."

Vinol combines two world-famed tonics, the healing, medicinal properties of cod liver oil and tonic iron, deliciously palatable and agreeable to the weakest stomach. For this reason, Vinol is unexcelled as a strength-builder for old people, delicate children, weak and run-down persons, after sickness and for Chronic Coughs, Colds and Bronchitis.

HOME ENDORSEMENT.

Hundreds of Santa Fe Citizens Can Tell You All About It.

Home endorsement, the public expression of Santa Fe people, should be evidence beyond dispute for every Santa Fe reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Miss Adela Arias, 106 Griffin street, Santa Fe, N. M., says: "The use of Doan's Kidney Pills in my case brought relief from a disordered condition of my kidneys that had troubled me for some time. I suffered from a dull, heavy ache in the small of my back, the attacks always being aggravated by colds and in addition to this, I was often distressed by headaches and dizzy spells. My attention was first called to Doan's Kidney Pills about three years ago and I procured a box at Stripling and Burrows' drug store. Their use proved that the claims made for them were genuine. Off and on since whenever occasion has required, I have used Doan's Kidney Pills and the quick and positive relief always obtained warrants my high opinion of them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The seals and record books for notaries public for sale by the New Mexican Printing Company at very reasonable rates. Seals for incorporated companies are also handled. Call at or address the New Mexican Printing Company, Santa Fe, N. M.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. Sold by all druggists.

MINES AND MINING.

Lease on Hearst Mine—A. Ownes has taken a lease on the Hearst shaft at Pinos Altos, Grant county, and started work this week.

Coal Mine Near Carrizozo—The Cliff coal mine seven miles south of Carrizozo, Lincoln county, is to be worked on a large scale this summer. H. S. Campbell, Ira O. Wetmore and others are interested in the property.

White Oaks District—A large number of mines are to be patented in the White Oaks district, Lincoln county, this year. Some of the old mines, including the Wild Cat Mining Company's property, are being worked with a small force.

Vera Cruz Mine—The Vera Cruz mine at Nogal, Lincoln county, is running a small force, and after many failures, is turning out the yellow metal in quantities. The gold, which is fine and of the leaf variety, occurs in seams in the talc and decomposed rock, and under the old process partly escaped in the tailings and slime, but now, under the cyanide process, 95 per cent is saved.

Stephenson-Bennett in Trouble—Forty-five mechanics' liens were filed against the Stephenson-Bennett at Organ, Dona Ana county, on last Saturday. The mine has been shipping concentrates steadily and the grade of ore has been good, but the workmen have refused to wait longer for their wages.

Will Start Cyanide Plant—Plans are being completed by the Enterprise Mining Company to start up its dry crushing cyaniding plant at Cooney, Socorro county, about May 1, giving employment to many men.

Work on La Plata Coal Mines—T. H. O'Brien and J. M. O'Brien and ten men have resumed development work on the coal mines at La Plata, San Juan county. Work was suspended four years ago, upon the government filing contests against the coal entries, but now that these have been adjusted, it is believed that development work will be prosecuted in earnest and that the Southern Pacific Railroad will at once build its proposed line from the south into the coal field.

After New Mexico Coal Lands—The Delaware and Lackawanna Railroad is after the Oscura coal fields in Lincoln and Socorro counties. The men interested some time ago acquired the iron prospects near Capitan and are also quietly buying up copper, gold, lead and silver prospects in that same part of the Territory. A big smelter is being discussed by them.

Mining on Mescalero Reservation—Since the greater part of the Mescalero Apache Indian Reservation was incorporated into the Alamo Forest Reserve, a month ago, there has been increased mining activity in that section of New Mexico and a number of prospects have been staked. Copper and silver indications are abundant. There are also rich deposits of asbestos in the district which are being developed.

At White Signal, Grant County—Brownwell Bros. some time ago purchased a group of five claims from the Jeffords and have recently increased their holdings by the purchase of 12 more claims from the same people for \$12,000. On the first group is a body of ore that is said to run from 12 to 15 per cent copper and 20 ounces silver. At a depth of 100 feet the vein is 150 feet. Machinery is being installed and a 30-ton smelter is being erected to treat the ores at the mine. A new shoot was recently opened by J. T. James on his new Taft claim, 4 1/2 miles south-east of here. W. P. Sellers and associates recently shipped eight tons of ore to the El Paso smelter that returned \$3,275.50.

Lordsburg, Grant County—The Lordsburg Mining and Reduction Company, which is operating the old Viola mine, will soon erect a 100-ton leaching and concentrating plant and will do some custom work. Some high-grade silver ore is being developed.—New York and Philadelphia people are negotiating for the purchase of the Robert E. Lee property. It is said that if the deal is closed the property will be extensively developed.—The North American Copper Company of Williamsport, Pennsylvania, has acquired the Nellie Bly copper and silver mine and will soon start sinking a new 1,000 foot shaft.—The Sutton Concentrating Mining Company of Shamokin, Pennsylvania, has started work on the Malachite mine and is sinking a 600 foot shaft. After this a 500 foot crosscut will be run.—The Bonnie Mining Company has secured and is now operating the Miners' Chest property.—A 6 to 8 foot vein of "pinhead" copper ore is being developed on the '85 property. Large specimens of native copper are found.

Orogrande—Chas. H. Knibbe, general manager of the Wachusett Mining Company of Oro Grande, states that a power plant consisting of a hoist, air compressor and air drills, is to be installed at once on the Harvey group of mines.

A Healing Salve for Burns, Chapped Hands and Sore Nipples.
As a healing salve for burns, sores, sore nipples and chapped hands Chamberlain's Salve is most excellent. It allays the pain of a burn almost instantly, and unless the injury is very severe, heals the parts without leaving a scar. Price, 25 cents. For sale by all druggists.

If you want anything on earth—try a New Mexican want "ad."

OFFICIAL MATTERS

Survey Approved.

The surveyor general has approved the following survey: No. 1367 A-B; Carbonate King group, consisting of Carbonate King, Carbonate King 2, and Carbonate King M. S.; situated in the Big Hachet Mining District, Grant county; application made by Jo E. Sheridan; survey made by R. L. Powell, deputy of the surveyor general's office.

Examination in Forestry Service.
An examination for positions in the forestry service to be held on June 16 has been announced by the United States civil service commission, as there are a number of vacancies to be filled since the recent reserve policy of the administration has been put into effect. There are several hundred different stations all over the west where new men are necessary to carry on the work.

The positions in the forestry service pay from \$800 to \$1,200 a year and are much in demand because of the pleasant character of the work. The examinations will be held at the principal cities of California, Montana, Arizona, New Mexico, Oregon, Utah, South Dakota, Washington, Oregon and Colorado. All candidates for positions will be examined in spelling, arithmetic, penmanship, letter writing and stenography.

Rules for Sanitation of Schools.
Superintendent of Public Instruction J. E. Clark today sent out the following circular to local school authorities:

Air.
Fresh air and sunshine are necessary to good health.

Cold or damp fresh air does no harm if the skin is kept warm. Night air is as good as day air. Breathe only through your nose. Avoid hot, crowded, dusty, dark or damp rooms.

Breathe deeply and throw back the shoulders frequently.

Food.
Live on plain food and eat regularly.

Eat slowly, chew thoroughly, and avoid fried food. Drink water freely (not iced). Have your own cup if drinking fountains are not provided at school.

Exercise and Rest.
Regular exercise is essential to good health.

Go to bed early and sleep with the windows open.

Never sleep in a damp bed.

Clothing.
Wear loose clothes.

Wear no more clothing than you need for warmth.

Never sit with wet feet or in damp clothing.

Cleanliness.
Consumption and other diseases are spread by careless spitting.

Spittle on the floors of rooms, halls, stores and cars will certainly be breathed in the form of dust.

Keep clean. Wipe and dry the body quickly every day.

Keep your finger nails clean, and wash your hands and face before you eat.

Clean your teeth after each meal and before going to bed.

Never hold money, pencils, pins, or other things in your mouth.

Never lick your fingers while turning the pages of a book or counting money.

All children should observe the preceding rules, both for their own sake and for the sake of others. They are necessary safeguards against other dangerous diseases besides consumption. Nearly all children's diseases are infectious.

Read the pain formula on the box of Pink Pain Tablets. Then ask your doctor if there is a better one. Pain means congestion, blood pressure somewhere. Dr. Shoop's Pink Pain Tablets check head pains, womanly pains, pain anywhere. Try one, and see! 20 for 25c. Sold by Stripling, Burrows & Co.

NOTICE.
Advertisement for bids for the construction of a court house at Santa Fe, New Mexico.

Sealed bids for the furnishing and delivery of the necessary materials and labor required for the construction of a Court House at Santa Fe, New Mexico, in strict accordance with plans, specifications and instructions to bidders, which may be examined at the office of the probate clerk and ex-officio recorder of the County of Santa Fe, or by calling upon I. H. Rapp Architect, Santa Fe, New Mexico, will be received by the Board of County Commissioners of the County of Santa Fe until noon on the 30th day of April, 1909. The contract for the construction of said Court House will be let to the lowest responsible bidder, but the right to reject any or all of said bids is hereby reserved. Said sealed bids will be addressed to I. Sparks, Chairman of the Board of County Commissioners, Santa Fe, N. M.

By order of the Board of County Commissioners of the County of Santa Fe.

Attest: GEO. W. ARMISTEAD, Clerk.

The New Mexican can do printing equal to that done in any of the large cities. Our solicitor, every piece of work we turn out. Try our stock once and you will certainly come again. We have all the facilities for turning out every class of work, including one of the best binderies in the West.

NEW MEXICO COLLEGE

OF
AGRICULTURE AND MECHANIC ARTS
MESILLA PARK, N. MEX.

A school whose aim is to prepare young men and women for practical life under modern conditions. Complete College courses are offered in Agriculture, in Mechanical Civil and Electrical Engineering and in Household Economics. Also short courses in Practical Mechanics and Agriculture, courses in Stenography, and a four year preparatory course. Expenses are low and there are many opportunities for self support.

For Catalogue and further information, address the President

W. E. GARRISON,
Agricultural College, N. Mex.

OJO CALIENTE HOT SPRINGS.

These celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranco Station, on the Denver and Rio Grande Railroad, from which point a daily line of stage runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the entire year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering from consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,626.24 grains of alkaline salts to the gallon, being address:

the richest alkali Hot Springs in the world. The efficiency of these waters has been thoroughly tested by the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m. and reach Ojo Caliente at 5 p. m., the same day. For further particulars

ANTONIO JOSEPH, Proprietor.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

WHERE SANTA FE EXCELS.

It is gradually being better understood that Santa Fe despite its southern location, is the coolest spot in summer to be found in the Southwest. Last summer, for instance, the highest temperature recorded was 88 degrees; the summer before 87 degrees. But it is less well known that in winter, the temperature does not get as cold as at points four thousand feet lower and two hundred miles farther south. Last year, the minimum at no time reached zero. The minimum for the past thirty-five years was sixteen degrees higher than the minimum recorded at Roswell, for instance, during the past four years. Cool in summer, therefore, and not subject to extreme cold in winter, Santa Fe is the ideal all-the-year-around health resort of the Continent.

This is borne out by the U. S. Weather Bureau report for March 1909, which has just reached the New Mexican's editorial table. The following was the minimum temperature recorded during the month at several points widely apart in the Territory:

Santa Fe12 degrees
Espanola 2 degrees
Cimarron 0
Roswell 2 degrees below zero
Las Vegas 4 degrees below zero
Fort Union15 degrees below zero

Naturally, the climate with the least variation is the most agreeable, and a healthseeker thrives even in cold weather if he is not subject to great fluctuations in the temperature. Santa Fe has the most equable climate of all the stations in the Southwest. The greatest daily range of the above towns may be given as an example:

Santa Fe31 degrees
Albuquerque44 degrees
Espanola44 degrees
Fort Union47 degrees
Las Vegas48 degrees
Cimarron50 degrees
Roswell54 degrees

The same story is told by taking the greatest monthly range in temperature:

Santa Fe37 degrees
Albuquerque54 degrees
Espanola64 degrees
Cimarron69 degrees
Las Vegas80 degrees
Fort Union81 degrees
Roswell84 degrees

Take also the number of days during March on which the fluctuation was 32 or more degrees in the temperature of the day:

Santa Fe 0
Las Vegas15 days
Albuquerque16 days
Roswell19 days

Other comparisons might be made that would show up the advantage climatically of Santa Fe, summer and winter. Take the sunshine record for March. There are only two stations in New Mexico in which the Weather Bureau takes this. The sun shone at Santa Fe.....258 hours

At Roswell.....244 hours

There were cloudy days in March at Santa Fe.....3 days

Albuquerque.....4 days

Las Vegas.....4 days

Roswell.....7 days

Cimarron.....9 days

Espanola.....10 days

The maximum wind velocity during March was:

Santa Fe.....44 miles an hour

Las Vegas.....60 miles an hour

El Paso, Texas.....60 miles an hour

No records of the wind velocity were kept at Albuquerque, Las Vegas or other points except at Roswell, where the maximum was 34 miles an hour.

Santa Fe possesses a great asset in its climate, an asset that is priceless, for no town can take it away or buy it or acquire it from any other source.

THE WAY OUT.

For the past few months, earnest laborers for the welfare of the Capital City have sought to bring the business interests together in one or the other of the two commercial bodies, by consolidating the Board of Trade and the Commercial Club. Governor Curry, though a member of neither, was particularly zealous to accomplish this end and promised not only his personal and financial support but also that of his friends, if Santa Fe businessmen and property owners would unite for the upbuilding of the town, for the erection of a suitable club building, for the welfare of the community. But these efforts came to naught because the Board of Trade was a commercial organization pure and simple, while the Commercial Club laid the stress upon civic reform even at the cost of harmony.

The situation therefore seemed hopeless, until now there comes the proposition to organize the Santa Fe Progressive Association. At first

thought, the founding of a third association would appear to add to the confusion and further to divide the community already split into two factions, which instead of working together are working against each other. But the idea of the Association is the same as that of the Federation of the commercial bodies of Denver and other cities, the central trades assembly of different labor unions in the same town. The Santa Fe Progressive Association, adopts for its own, the work of the Board of Trade as well as of the Commercial Club, but it balances the objects so that one does not crowd out the other; so that civic reform does not overshadow, what is after all, the main object of all commercial and trade organizations, the upbuilding of the town. Nor does it ignore civic reform, for among the objects named in the preamble are: "To promote efficient, honest and economical government; to promote equitable principles." Of course, this is not to be done by picking out an individual here or there and accusing and condemning him in one breath, but by the much broader and more effective method of eliminating the "graft," and letting the district attorney and the courts deal with those who profit by the wrong doing.

Here is clearly a way out of Santa Fe's difficulties and of getting together to make Santa Fe the leading city of the Southwest; for furthering the prosperity of its businessmen; for finding employment for its idle hands; for beautifying the city and for increasing its tributary trade areas. The idea is a good one let Santa Fe take hold of it in the right spirit and the organization will become a credit and a success that will redound to the advantage, profit and honor of the community.

THE BEST ADVERTISED TOWN IN THE WORLD.

It is not speaking in unjustifiable superlatives to assert that Santa Fe is the best advertised town of the entire world. The New Mexican has just examined a number of new publications issued by the Passenger Department of the Santa Fe System. In one, the name Santa Fe occurs 52 times; in another of which a quarter of a million are being distributed in Eastern cities, and which gives all of the summer excursions for this year, there is the following under the heading, "Free Side Rides;" "Free side trip, Lamy to Santa Fe and return, is granted to passengers holding through California tickets, on presentation thereof to branch conductor." On every car of the thousands of that System to be found from Canada to Mexico, from New York to San Francisco, appears the name of Santa Fe. Similarly, though in a lesser degree, the Denver and Rio Grande and the New Mexico Central Railroads are advertising Santa Fe. The fact that this is the capital of the Territory, the oldest town excepting one, in the United States; that tributary to it are some of the greatest scenic attractions of the world, that within thirty miles lie the most remarkable prehistoric ruins on the Western Continent; that in the town itself abound historic monuments and unique scenic features, are but a few advantages that have given the town realms of free advertising. In a French pamphlet recently published, descriptive of the 20,000 cave and cliff dwellings just west of Santa Fe, this town is mentioned again and again; in health and climatic reports, Santa Fe is given a place of preeminence; in government and official publications, Santa Fe is praised being at gateway to the Uecos Forest Reserve, a vast natural park of splendid scenic beauty and covering half a million acres. In the many books treating of the Pueblo Indians, their unique villages, Santa Fe, naturally appears, again and again.

What a fine foundation for a systematic advertising campaign by the city itself! Of course, advertising without a follow-up system, brings but sparse results compared with what its results are when such follow-up system is installed. Thousands of dollars could not buy the free advertising that Santa Fe receives, but a few hundred dollars should be spent by the town itself each year in a systematic effort to reap the benefits that should accrue to the community, from this wide and liberal advertising campaign that is being waged on its behalf year in and year out.

MUNICIPALITIES AND PUBLICITY.

Progressive cities are recognizing the need of informing the public on every step taken by the municipal servants in the performance of their official duties and authority. New York each day publishes the "City Record," of from 50 to 500 pages, and

that at enormous cost, for the daily edition exceeds 10,000. Denver publishes a paper called "Municipal Facts" which is paid for by the city. San Francisco and other towns are printing at their own expense papers that inform the taxpayers on all the doings of the city councils, boards of supervisors and that in addition to the legal notices required by the law to be inserted in all other daily newspapers of the community. Says the Municipal Journal and Engineer:

"We have, within the past few months, been pleased to comment favorably upon the publications issued by the city governments of San Francisco and Denver, and are pleased to note that several other cities are following their good example in placing before the citizens official records giving in detail a statement of what the city is doing, the letting and progress of contracts, and other information to which the citizen is entitled and which will inform him how the money which he contributes as taxes is spent."

This is not merely a matter of \$9 a column to let the taxpayers know what is being done with their money, but the expenditure of thousands of dollars, but dollars well spent for no reasonable citizen objects to the cost of publicity, rather insists upon official publicity. Some day, New Mexico, too, will be educated up to the point, where every tax payer will acknowledge that such publicity is not only desirable, but needed, especially in this Territory.

IN DEMOCRATIC ARIZONA.

Talking about corruption, the Democratic legislatures of Colorado and Arizona were far and away head of anything in that line in New Mexico or other Republican commonwealths. The Democratic legislature of the Centennial state has been denounced by the Democratic governor of that state and by its Democratic newspapers as the worst that ever happened in Colorado and that is going some, for Colorado has had some bad ones. In Phoenix, Arizona, the grand jury is investigating legislative bribery scandals of which an Arizona paper says:

"The grand jury is on the scent of a bribery scandal. Whether there was bribery or attempted bribery in the late legislature remains to be proved, but if so, it is important that now on the eve of statehood, punishment should follow swiftly."

"In former years, tampering with members of the legislature was regarded as a joke in Arizona rather than an offense against the laws. It was thought that a member in accepting money for a vote was merely exercising his constitutional right of contract. If he remained true to his purchase, that was thought to be a pretty fair measure of his integrity. Now and then complaint was heard of a member who 'would not stay bought.'"

"There was not a great deal of concealment of these things in the old days, but we are pleased to say that little or no scandal has attached to recent legislatures. We hope that it will turn out that the charge, which the grand jury is now investigating, will be found to have grown out of a baseless suspicion."

Part of Santa Fe's business prosperity is derived from the many strangers daily within its gates. A mere cursory examination of the arrivals at the four leading hotels of the town, show that an average of fifty strangers are in the city daily, and during such periods as the legislative session, this number is swelled to a hundred, two hundred and more. At times, like this week, when the Scottish Rite Masons have a reunion, or when an excursion strikes the town, or when some other celebration or festivity is in progress, the number of visitors is greatly augmented. Multiply the daily average, therefore, by 365, and it is apparent that Santa Fe entertains about 20,000 to 30,000 visitors each year who take with them their impression of the town and its people and communicate this impression to others. How important therefore that pains are taken that these visitors get the right impression and that the community as a whole justifies a favorable impression. It is one of the lines along which a board of trade could do very successful, if not brilliant work, for with the enormous amount of free advertising given the city, with the numerous attractions, concentrated, as it were and of greater variety, than anywhere else in the United States, the day will come, when instead of 30,000 visitors a year, Santa Fe will have 300,000.

The assertion so thoughtlessly made at times that the Santa Fe Railway system is intentionally neglecting

Santa Fe, needs no denial on part of the New Mexican, for it is self-evident that the Santa Fe is doing more than any other agency to advertise Santa Fe. Only yesterday City Agent H. S. Lutz received the following letter from the general passenger agent of the road: "We now have in course of preparation a tariff which will show all of our side trip arrangements and will take care of Santa Fe. We are now figuring on increasing the size of our system folder, and hope that we shall find room to include therein mention of Santa Fe as a historic point of interest."

In the newest folder, "Side Trips on the Santa Fe," Las Cruces is given three lines; Phoenix ten lines; Albuquerque one page; Santa Fe almost two pages, including two pictures, one of them of the Pajarito Cliff dwellings. No other town on the folder is given as much space as Santa Fe. Can Santa Fe ask more?

After a brief but brave career, the Raton Morning Telegram has passed in its checks. Despite the publication law which is reported to make daily papers in New Mexico opulent at the expense of the dear public, the Morning Telegram died of financial anæmia. The New Mexican had indicated the end of one of the two Raton dailies within a short time, when it greeted the appearance of the Telegram, and even now believes that Raton does not support one daily decently. There isn't a town in New Mexico that does and if the New Mexican, the Ontle, the Citizen, the Journal, the Range and the Record had to depend upon the support given them by home advertisers and home subscribers, then Raton, Albuquerque, Las Vegas, Santa Fe and Roswell would simply have to do without daily papers unless some philanthropist dug into his pockets to give them such, and that despite all the provisions of the new publication law.

Judge W. H. Pope has sentenced a wife-beater at Carlsbad to six months in jail. In former instances he has given proof, that he "has no mercy in his heart for the festive wife-beater," as the Artesia Advocate puts it, "and plainly says that a man who uses physical violence on the other and better half isn't a good citizen and, moreover, is no great shakes as a gentleman." With the wife-beater and the gun toter eliminated from the Territory, there remains only one great evil to be fought and that is the evil of intemperance of which wife-beating and gun-toting are often the result.

When Colorado was admitted as a state a third of a century ago, its population was only 75,000, which was less than New Mexico had at that time. Of that 75,000, one-half lived in the southern counties and were mostly so-called "Mexicans," who could not speak English, while two-thirds of the other half of the state's population consisted of the riff raff of the world collected in Denver and a few mining camps. But there were no Beveridges in those days and since then, Colorado has made good abundantly.

April 5, 1909.

Notice is hereby given that Celestino Gonzales of Cowles, N. M., who, on March 11th, 1904, made Homestead Entry No. 7842, for NW 1-4, Section 27, Township 17 N., Range 12 E. N. M. P. Meridian, has filed notice of intention to make final five year proof to establish claim to the land above described, before Register and Receiver at Santa Fe, N. M., on the 10th day of June, 1909.

Claimant names as witnesses: Crecencio Robal, Emilio Gonzales, Prudencio Gonzales, Trinidad Apodaca, all of Cowles, N. M.

MANUEL R. OTERO,
Register.

The First National Bank

OF SANTA FE.

The oldest banking institution in New Mexico. Established in 1870.

R. J. PALEN, President. J. H. VAUGHN, Cashier.
L. A. HUGHES, A. H. BRODHEAD,
Vice President. Assistant Cashier.

CAPITAL STOCK, \$150,000
SURPLUS AND UNDIVIDED PROFITS, \$75,000

Transacts a general banking business in all its branches. Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfer of money to all parts of the civilized world on as liberal terms as are given by any money transmitting agency public or private. Interest allowed on time deposits at the rate of three per cent per annum, on six months' or year time. Liberal advances made on consignments of livestock and products. The bank executes all orders of its patrons in the banking line, and aims to extend to them as liberal treatment in all respects, as is consistent with safety and the principles of sound banking. Safety deposit boxes for rent. The patronage of the public is respectfully solicited.

**1909 MODELS AT
AELXANDER'S GARAGE**

SOUTHWESTERN DISTRIBUTOR OF THE MITCHELL, MO-Line, McIntyre and Zimmerman 1909 Models AUTOMOBILES and COMMERCIAL MOTOR CARS, in shaft or chain drive, in a variety of prices and styles to suit anyone automobilically inclined. On the floors of my garage in Santa Fe can be seen the different 1909 models in Touring, Roadster, Runabout and Commercial Motor Cars, suited to the wants of Doctors, Merchants, Stockmen and Rancher, in prices ranging from \$375 to \$2,500, and horse-power from 10 to 40.

These models were selected by me at the Chicago Automobile Show as representing the best automobile values and best suited to New Mexico road conditions, from an exhibit of more than eighty types of cars.

Call or write for literature of the car interested in; also ask for a road demonstration of the car.

A full line of Auto Supplies and fully equipped Machine Shop operated in connection with this garage.

PERSONAL MENTION

P. J. Harmon, traveling out of Pueblo, Colorado, is stopping at the Claire. Edward Velhagen, a railroad man from Alamosa, is a guest today at the Palace.

A. M. Jones of Dallas, Texas, is in town seeing the sights. He is at the Claire.

John H. Young, merchant at Questa, Taos county, is in Santa Fe on court matters.

William A. Frayne, a mining man of Taos, was an arrival on last evening's D. & R. G. train.

B. F. Pankey, ranchman from Lamy is in Santa Fe today on Masonic matters. He is at the Claire.

Charles S. Hill, an insurance agent from Denver, is in town on business. He is at the Palace.

J. Schultz, a Denver traveling man, is in town making the rounds. He is stopping at the Claire.

E. C. Friar, a Denver traveling man, is in town representing a paint firm. He is quartered at the Palace.

George V. Hanlon of Mountainair, tie inspector for the Santa Fe, is in town stopping at the Claire.

Hon. Charles A. Spiess, president of the Legislative Council, left last night for his home at Las Vegas.

C. I. Weber, a traveling man from St. Joseph, is in town selling a line of hardware. He is at the Claire.

Fred Kaiser, a traveling man from Denver, is in town seeing local merchants. He is a guest at the Claire.

Blair Burwell of Denver, is in town taking part in the Masonic ceremonies. He is stopping at the Palace.

D. J. Herron, a traveling man from Las Vegas, is in town representing a large packing house. He is at the Palace.

J. B. Keister, a traveling man out of St. Louis, is about town selling a line of paints. He is registered at the Palace.

N. D. Terry, a traveling man out of Kansas City, is calling on local merchants. He is registered at the Claire.

W. O. Wayman, a San Francisco insurance agent, is in town on insurance business. He is quartered at the Palace.

J. A. Rutledge of Las Vegas, is in town joining in the Masonic ceremonies of the week. He is stopping at the Claire.

John N. Sullivan, superintendent of the coal mines at Hagan, Sandoval county, is in town on business. He is a guest at the Palace.

Rev. Julian B. Torres of Raton, was an arrival last evening from over the Santa Fe and left this forenoon for Chiriquito, to attend Presbytery.

W. M. Borrodalle, a leading citizen of Magdalena, Socorro county, was an arrival this forenoon on Santa Fe train No. 10 from the south.

L. I. Lyons, a Denver traveling man, arrived in Santa Fe on the noon train. He is representing a grocery concern. His stopping place is the Claire.

C. F. Brown, of Denver, Colorado, treasurer of the Continental Oil Company, is in Santa Fe, on business with Coal Oil Inspector S. B. Grimshaw. Mr. Brown is accompanied by his wife.

Ex-Mayor O. N. Marron of Albuquerque, has gone to Mexico to confer degrees on a class of 100 Knights of Columbus in the capital of the neighboring republic.

T. F. Keeping of Albuquerque, manager for New Mexico of the Continental Oil Company, is a visitor in Santa Fe, and was in conference today with Coal Oil Inspector S. B. Grimshaw.

Mr. and Mrs. Sam Eldott and son of Chamita are guests at the Palace. Mr. Eldott is a well known merchant at Chamita and former Territorial auditor and is here to receive Masonic honors.

David Maestas, contractor and builder at Parkview, Rio Arriba county, was an arrival in Santa Fe last evening, and left this afternoon for Chamita, where he has charge of some construction work.

Hon. C. J. Roberts, of Raton, member of the thirty-eighth Legislative Assembly, who is at Washington, D. C., furthering his candidacy for a New Mexico judgeship, has been admitted to practice before the U. S. Supreme Court.

The following were transient guests at the Palace on their way to Chiriquito to take part in the Presbytery which meets today in annual session: Rev. Sam Magill of Raton; Rev. Norman Skinner of Las Vegas; Rev. John R. Gass of Albuquerque.

Hon. C. T. Brown of Socorro, who

Catarrh Cannot Be Cured, with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

WOMAN'S NATURE

Is to love children, and no home can be happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering and dread that she looks forward to the hour with apprehension. Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, unpleasant feelings, and so prepares the system for the ordeal that she suffers, as numbers have testified and said, "it is worth its weight in gold."

\$1.00 per bottle of druggists. Book of valuable information mailed free.

Any lady reader of this paper will receive, on request, a clever "No-Drip" Coffee Strainer Coupon privilege, from Dr. Shoop, Racine, Wis. It is silver-plated, very pretty, and positively prevents all dripping of tea or coffee. The doctor sends it, with his new free book on "Health Coffee" simply to introduce this clever substitute for real coffee. Dr. Shoop's Health Coffee is gaining its great popularity because of: first, its exquisite taste and flavor; second, its absolute healthfulness; third, its economy—1 1/2 lb. 25c fourth, its convenience. No tedious 20 to 30 minutes boiling. "Made in a minute," says Dr. Shoop. Try it at your grocer's, for a pleasant surprise. Cartright-Davis Co.

NOTICE FOR PUBLICATION.

(Forest Reserve. Not Coal Land.)
Department of the Interior,
United States Land Office,
Santa Fe, N. M., April 10, 1909.

Notice is hereby given that Dolores Gonzales, of Pecos, N. M., who, on March 15, 1904, made Homestead Entry No. 7849 Serial No. 03721 for the S. E. 1/4 of Section 15, Township 14 N., Range 12 E., N. M. P. Meridian, has filed notice of intention to make final proof to establish claim to the land above described, before the register and receiver at Santa Fe, N. M., on July 7, 1909.

Claimant names as witnesses: Encarnacion Gonzales, Pedro Gonzales, Atanacio Gallegos and Fernando Gonzales, all of Pecos, N. M.
MANUEL R. OTERO,
Register.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Sold by all druggists.

A Cheap Trip
to California

is possible now and until
April 30, 1909.

Until then you can buy a

One Way
Colonist Ticket
for \$25.00

to almost any part of California or the northwest, while to many intermediate points the fare will be no more than that. These tickets accepted in tourist sleepers on payment of Pullman fare. Liberal stopovers.

Ever
Eat an Orange?

Did you ever have as many as you wanted? Refreshing, weren't they? The real good ones come from California. That flavor come from picking the fruit when ripe. Fast orange trains did the rest. Orange culture is a profitable venture. Why not go to California now and investigate? For full information about the trip stopovers, and tickets apply to

Santa Fe, N. M.

BRING HEAVY SUIT
AGAINST FRENCHMAN

Spokane, Wash., April 27.—Henri Daubul, who journeyed from France several years ago to become a rancher in Spokane county, is greatly agitated over a summons served on him by a stalwart deputy sheriff to appear in the superior court here in May to defend a suit for \$15,000 damages, instituted by Peter Clancy and his wife Emma. The Clancys declare in their complaint that M. Daubul tacked a large placard, bearing the following inscription, to a sign post on the public highway near Elk, Washington, south of Spokane.

"Mademoiselle Clancy: Please keep your chickens at home and feed them a little wheat. I go in and pen them up soon. I don't want them over to my place, filling their craws with my wheat."

The Clancys also want \$10,000 from M. Daubul on the charge that he heaved a stone through a window at the Clancy domicile, injuring Mr. Clancy, who was in the path of the missile. Mr. Daubul denied all the allegations in his answer to the complaint, and has engaged counsel to defend him in the cases.

FRANK W. SHEARON,
Postmaster.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. Sold by all druggists.

The New Mexican Printing company has on hand a large supply of pads and tablets suitable for school work, the desk, and also for lawyers and merchants; good everywhere. We will sell them at 5 cents in book form.

Rheumatic poisons are quickly and surely driven out of the blood with Dr. Shoop's Rheumatic Remedy—it is a liquid or tablet form. Dr. Shoop's booklet on Rheumatism plainly and interestingly tells just how this is done. Tell some sufferer of this book, or better still, write Dr. Shoop, Racine, Wis., for the book and free test samples. Send no money. Just join with Dr. Shoop and give some sufferer a pleasant surprise. Stripling, Burrows & Co.

PREPARE TO MEET CHICAGO
COMMERCIAL CLUB

Spokane, Wash., April 27.—Eight hundred members of the Chamber of Commerce, the 150,000 Club and the Ne-Mow E-Nak-Ops, headed by Frederick E. Goodall, Henry J. Neely and Mrs. F. F. Emery, will meet the delegates of the Chicago Association of Commerce on their arrival in Spokane early in June. There will be a reception and banquet in the hall of the Doges and automobile excursions to several nearby resorts. L. G. Monroe, secretary of the Chamber of Commerce, has advised that the party will leave Chicago May 20 on a special train making stops at these places: Fargo, Jamestown, Bismark and Mandan, North Dakota; Helena, Butte, Anaconda, Billings and Missoula, Montana; Spokane, North Yakima, Seattle, Everett, Bellingham, Tacoma and Walla Walla, Washington; Portland, Pendleton and Baker City, Oregon; Boise and Nampa, Idaho; Salt Lake and Ogden, Utah; Cheyenne, Wyoming; Colorado Springs and Denver, Colorado; Kearney, Lincoln and Omaha, Nebraska, and Minneapolis and St. Paul, Minnesota. However, it is likely, Mr. Monroe said, that stops will be made at other points in the West and Northwest.

"One Touch of Nature Makes the
Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by all druggists.

No. 6457.
Territory of New Mexico,
County of Santa Fe.
Viola Taylor Johnson, Plaintiff,
vs.

William D. Johnson, Defendant.
In the District Court of the First Judicial District of New Mexico for the County of Santa Fe.

The said defendant William D. Johnson is hereby notified that a complaint has been filed against him in the District Court for the County of Santa Fe, Territory aforesaid, that being the court in which said case is pending, by said plaintiff Viola Taylor Johnson, the general object of said action being the securing of a divorce by the said plaintiff, from the defendant, on the grounds of desertion and abandonment, and for such other and further relief as to the court may seem meet and proper, as will fully appear by reference to the complaint filed in said cause. And that unless you enter your appearance in said cause on or before the 21st day of May, A. D. 1909, judgment will be rendered against you in said cause by default. Messrs. Catron & Gortner, Santa Fe, N. M., are attorneys for the plaintiff.

In witness whereof, I have hereunto set my hand and Seal of said Court at Santa Fe, New Mexico, this second day of April, A. D. 1909.

(Seal) FRANCIS C. WILSON,
Clerk.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. Sold by all druggists.

Legal blanks—both English and Spanish—for sale by the New Mexican Printing company.

GO TO WILLARD, NEW MEXICO.

The Live Commercial City of the Estancia Valley

THE CITY OF WILLARD destined to be the COUNTY SEAT of Torrance County New Mexico. Was laid out in the fall of 1905. It is now a thriving city of nearly 1000 inhabitants. It lies on the main line of the Atchison, Topeka & Santa Fe Railway system, running east and west from Chicago to all California points and the New Mexico Central Railroad running from Santa Fe, N. M., in close connection with the Denver and Rio Grande and the Rock Island System. The Santa Fe System have expended on its depot yards a million dollars, in freight and passenger depot, eating house, water system, round house and coaling chutes.

Sixty houses have been erected. Several of the largest mercantile houses in the Territory are built and doing a big business. It has four large hotels, churches, schools. A live Board of Trade, energetic business men, two lumber yards, etc. The new city is in the center of the best agricultural and grazing section of New Mexico. The best shipping and distributing point for all merchandise, cattle, sheep and wool. The large wholesale houses are in operation.

TEN YEARS FROM NOW

Clipped From the Columns of the
Marian News, Published On the
Planet Mars.

Special Flash Correspondence to The
News.

Santa Fe, N. M., U. S. A., Earth,
April 20, 1919.

The \$200,000 Masonic temple which was built here a number of years ago is soon to be completely remodeled and greatly enlarged. At least three hundred thousand dollars will be spent by the Masons in making the change. The order in New Mexico has had such a wonderful and successful growth that the enlarging of the temple has become a necessity in order to keep pace. When the contemplated change is completed the temple will be undoubtedly one of the finest of its kind in the United States. The Masons will hold a grand convocation here next week and will confer degrees on a class of five hundred candidates. Two convocations are being held here annually and Santa Fe has become a favorite Mecca for Masons from all parts.

Yesterday, three large train loads of apples were shipped from Santa Fe to eastern points. All of the apples were raised on the ranches near Santa Fe. Throughout the entire Territory the successful raising of apples has become a feature. Apple tree planting was started here in the Territory on a large scale about nine years ago and every farmer who invested his money in the planting of apple orchards reports unqualified success and states that he has made more money than ever before. The apple tree seems well adapted to this climate and offers safe investment when all else fails.

The Santa Fe Progressive Club, a booster organization which has been in existence since 1909, has just succeeded in raising a fund of \$100,000 to be used for advertising Santa Fe. Since the inception of the Progressive Club, a quietus has been put on all species of knockers and as a result nearly every citizen has been bending all efforts for the betterment of Santa Fe. A large amount of money is spent annually advertising the city throughout the country. This has brought Santa Fe thousands of tourists who otherwise might never have heard of the old Pueblo.

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having the genuine Foley's Honey and Tar, which contains no harmful drugs. Sold by all druggists.

WILL DEBATE AT CHICAGO

Milwaukee Mayor to Argue Liquor
Question With Prohibition
Representatives.

Milwaukee, Wis., April 27.—Details have been arranged for the second in the series of three great debates on the prohibition question between Mayor David S. Rose of this city, opposing prohibition, and Dr. Samuel Dickie of Albion college, the accredited representative of the National Prohibition party. The debate will be held at Orchestra hall, Chicago, Friday night, April 30, and the interest that the Milwaukee debate aroused in every part of the country promises to be even greater on this occasion. The Milwaukee debate in March resulted in some sharp attacks on Milwaukee by the prohibitionist speaker, and as Mayor Rose is an ardent defender of the Milwaukee situation, it is probable that the fight will fly in earnest at the coming debate. The question will be the same as debated at Milwaukee, "Resolved, That prohibition as applied to the manufacture, sale and use of intoxicating liquor is right," but there will be a slight change in the speaking arrangement. Dr. Dickie will lead for an hour, Mayor Rose will follow for an hour, Dr. Dickie will have half an hour for rebuttal and Mayor Rose will close with the same time for rebuttal.

The seating arrangements will be the same as during the Milwaukee debate. The two speakers will pay the cost of the debate, each will be allotted 100 tickets, and the entire balance of the seating capacity of Orchestra hall will be turned over to various Chicago business and commercial organizations, in proportion to their registered membership.

At Milwaukee there were nearly 6,000 persons in attendance, and the Chicago debate promises to attract even greater attention. These debates have been compared to the historic debates on slavery between Abraham Lincoln and Steven A. Douglas, inasmuch as they are between the accredited national representatives of the wets and dries of the entire country.

PLACER GROUND STILL VERY PROFITABLE.

Spokane, Wash., April 27.—Placer miners operating on the old channels in northern and central Idaho, southern Oregon, northern California and other parts of the Pacific slope will make a cleanup of from \$4,500,000 to \$5,000,000 in gold this season, thus

demonstrating that the placer ground though worked more than a half century, is far from "petered out." There is much activity this season in and near Elk City, Florence and other camps in north central Idaho, where nuggets ranging in value from 25 to 50 cents and some coarse gold were taken out a few days ago.

Several companies have installed dredges with which the gold ground is lifted to scows and there washed for colors, and this operation has been so successful that additional machinery will be at work in a short time. The ground in the old channels carries values of from eight to 30 cents a cubic yard, while the cost of mining it with pipe and giant ranges from two to five cents. Some of this ground was worked with rocker, sluice and shovel 60 years ago, when clean-ups ranging from \$25,000 to \$50,000 were not unusual.

Water from the mountain streams and the snow on the high ranges is now used with hydraulic apparatus to tear the pay dirt to bedrock, usually slate, and the nuggets are found among the boulders and heavy rock. Black sand, carrying platinum, is also found on the lower strata. The top coverings are usually clays.

Randall H. Kemp, a veteran miner of Spokane, who has prospected with success in various parts of the west, from the Black Hills to Alaska since 1875, says the time is not far distant when the placer mines in Idaho will produce from \$2,500,000 to \$3,000,000 in gold a season, adding there is no phase of mining in which the element of chance is reduced to so small a minimum, for the reason that a miner is able to determine within a fraction of a dollar the value of the ground before starting work.

Notice for Publication.

(Homestead Entry No. 7159.)

Department of the Interior,
U. S. Land Office at Santa Fe, N. M.

April 26, 1909.
Notice is hereby given that Luis Martinez, of Lamy, N. Mex., who, on August 4, 1903, made Homestead Entry No. 7159, for E 1-2 SW 1-4; W 1-2 SE 1-4, Range 11 E, N. M. P. Meridian, has filed notice of intention to make final five year proof, to establish claim to the land above described, before the Register and Receiver, at Santa Fe, N. M., on the 16th day of June, 1909.

Claimant names as witnesses:
Teofilo Herrera, Marcelino Garcia, Augustin Gonzales, Jose Maria Apodaca, of Lamy, N. M.

MANUEL R. OTERO,
Register.

If you want anything on earth—try a New Mexican want "ad."

DEFINITION OF GRAFT.

Spokane, Wash., April 27.—"Graft" and "gross misdemeanor" are two words that have crept into the legal language of the State of Washington, both being incorporated in a section of the new criminal code, which will become effective on June 12. The section defines what constitutes graft. It applies to all administrative, executive, judicial or legislative officers, as to any person giving or promising any compensation, reward or gratuity to influence any public official, directly or indirectly to refuse, neglect or defer the performance of any public duty. "Gross misdemeanor" is a new classification of crime in the state of Washington. It is defined as every crime not covered in the definition of a felony or a misdemeanor, and the penalty is a fine of not more than \$1,000 or imprisonment in the county jail for not more than a year, or both.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. Sold by all druggists.

OLD MAN BECOMES CITIZEN.

Spokane, Wash., April 27.—Ernst Metz, 83 years of age, living with his son at Post Falls, Idaho, who immigrated to the United States from Germany in 1851, two years after which he declared his intention of becoming one of Uncle Sam's family, was granted final papers in the United States court for the district of Eastern Washington here, a few days ago, when he stood before Judge Edward Whitson and took the oath which made him full-fledged citizen. When Mr. Metz came to the country there was a ruling regarding aliens becoming citizens and he was given the right to vote, and he has exercised the franchise since 1853. Though living in country districts most of the time, he never missed the opportunity to cast his ballot, but the necessity of taking out papers did not occur to him until a short time ago. He took up a homestead after celebrating the 80th anniversary of his birth, and has now made final proof and received his patent.

For Constipation.
Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price, 25 cents. Samples free. For sale by all druggists.

Personal Mention

(Continued From Page Five.)

Attorney Charles C. Catron was a visitor in Albuquerque yesterday. Lee Williams, district forest ranger at Gorieta, is in town on business with Ross McMillan, forest supervisor.

H. P. Bardshar, internal revenue collector, left yesterday evening for Roswell where he goes to testify as a witness.

Charles B. Rumsey leaves tonight on a trip to Espanola to look after certain telephone work connected with the forest service.

F. L. Marsh, federal sheep inspector, has just returned from an official trip to Antonito where he inspected a large number of sheep.

Reverend Roscoe A. Claybourne who has had charge of Holy Faith church (Episcopal) in the absence of Rev. W. R. Dye, will leave Santa Fe on next Wednesday for his charge at Colorado Springs. No announcement has yet been made as to who will take his place pending the return of the regular pastor, Rev. W. R. Dye who is expected home shortly.

MINOR CITY TOPICS

Try our ground alfalfa meal. Best chicken feed or earth. Leo Hersch, San Francisco Street.

FOR RENT—Modern brick house. Chapelle street. C. A. Bishop.

Santa Fe Presbytery—The Santa Fe Presbytery convened today at Chihuahua, northern Santa Fe County. Rev. J. W. Purcell of the Presbyterian church of this city, is the moderator. One of the matters to come up is the transfer of Mr. Purcell from the Santa Fe Presbytery to an Arkansas Presbytery, the congregation having accepted his resignation as its pastor.

Perfect Days—These are perfect April, not June days, although June will bring just as perfect days. Yesterday the maximum temperature in the shade was 66 degrees. Last night the lowest temperature was 38 degrees. The relative humidity at 6 o'clock last evening was only 21 percent. For tomorrow fair weather is predicted but cooler weather in the southeast portion of the Territory.

Many Approach Hymen's Altar—The probate clerk has issued the following marriage licenses: Henry Fritzges of Silverton, Colorado, and Friedo Dietzel of Santa Fe; Leandro Maestas and Isabel Lopez of Santa Cruz; M. V. Dunning of Stanley and Cora A. Garber of Denver; Ramon Alarid and Luisita Real of Santa Fe; Frael Romero and Maria Onofre Baca of Santa Fe; Ramona Lucero and Natividad Barbero of Santa Fe.

Big Medal Contest Friday. The Medal Contest of the W. C. T. U. will be held Friday evening at the opera house. Beside the speaking Miss Hazel Sparks and A. J. Teare will sing Four young ladies will present a Japanese specialty and moving pictures will be shown, making a long entertainment. The admission price will be 20 cents for adults and 10 cents for children. Reserved seats will be 30 cents and they can be reserved at Fisher Drug Co., beginning Wednesday morning.

Last week's pictures at the opera house were good, last night's change was still better. The "Edison" feature this time is "An Unexpected Santa Claus," and everybody can appreciate the situation when the old gentleman's wife acts as Santa Claus and catches him giving presents to the "Gayety Girls." The others are "The Inn," a Spanish bandit story, "The Jealous Old Maid," "The Starving Artist" and "The Gypsy's Warning." These are all American films. The song is "When the Harvest Days are Over Jessie Dear." Everyone should go and see this show tonight.

Dunning-Garber—A quiet wedding took place at the Methodist parsonage last evening at 8 o'clock when Rev. E. C. Anderson united in holy matrimony Martin V. Dunning and Miss Cora Garber. The groom is a prosperous farmer and stockraiser who came recently from Oklahoma and now owns several hundred acres of land near Stanley. The bride has been visiting for some time in New Mexico from Lincoln, Neb., where she has been a prominent club woman. They will make their home on the ranch near Stanley, where the groom has erected a beautiful modern home, one of the finest in the valley.

Odd Fellows Convention—The San Juan district of the Independent Order of Odd Fellows was in session this week at Farmington, San Juan county, with delegates present from lodges at Cortez, Rico, Mancos, Durango, Silverton, Colorado, and Farmington and Aztec in New Mexico. Willis Martin of Farmington presided. Cortez, Colorado, was selected as the next meeting place. R. R. Smith of Cortez, was elected president for the ensuing year; E. P. Wilson of Aztec, vice president, and W. H. Bell of Durango, Colorado, secretary. A banquet was served all visiting members at Johnson's hall and a dance followed in Allen's hall at Farmington.

Free Copies for Visitors—The New Mexican has given away several hundred copies of "Sights of Santa Fe" published by it, to visitors during the past few days. The pamphlet in its forty pages gives a concise write-up of Santa Fe and its attractions, and an edition of 5,000 has been printed at the New Mexican's cost, to advertise the old town. Every visitor is invited to come and get a copy.

HENEY BREAKS OUT AGAIN

Makes Spectacular Harrange in Court in Trial of Patrick Calhoun For Bribery.

San Francisco, April 27.—"I never take notice of the barking of a cur," said Francis J. Heney to Lewis Byington in the trial of Patrick Calhoun, president of the United Railways, on the charge of attempted bribery, this morning of Byington, one of the attorneys for the defense. "I may be a cur," replied Byington, "but not a trailing dog." Judge Lawler interfered here and warned the combatants against such language. Heney, rising to his feet, said, "I have heretofore notified the court I do not intend to be assailed by any person engaged in this case. I stood it for months when opposed by Henry Aches, and so help me God, I will not stand it again. I shall not play the baby and appeal to the court for protection because I conceive it the courts' duty to intervene when these attacks are instituted. I serve notice again that my character must not be assailed until we come to arguments to the jury when you are at liberty to say anything you please." The outburst is the first that has occurred in several days.

H. D. MAYNARD FOUND GUILTY

Las Cruces, N. M., April 27.—The jury in the case of the United States versus Highland D. Maynard, charged with bribing immigration officials in connection with the smuggling of Chinese into the United States, returned a verdict of guilty last evening.

The federal grand jury has brought in a true bill against C. T. Grappengater, storekeeper for the Santa Fe at San Marcial, for perjury. He was immediately arraigned and pleaded not guilty. This charge arose out of his testimony in the Maynard case.

Within the last twenty-four hours important facts have come to light, and the grand jury has been kept in session and several startling disclosures are expected within the next forty-eight hours.

FIRE AT SOCORRO THIS MORNING

Fire early this morning destroyed the residence of District Attorney John E. Griffith at Socorro, inflicting a loss of \$3,000. For a time the fire threatened nearby residences and excitement ran high. Several women fainted. All the furniture was moved out of the Griffith residence. The fire started from a defective flue.

RAILROAD STRIKE IN MEXICO

El Paso, Texas, April 27.—A general walkout of conductors on the National lines of Mexico has been decided upon according to railroad men running from El Paso into Mexico. The management of the National lines has refused to remove inspectors whose presence is objected to.

ATTEMPTS SUICIDE AT ALBUQUERQUE

Albuquerque, April 27.—Thomas Crow, a carpenter 65 years old, who told the police he had been out of work and had no money, and was ill, was found shortly after one o'clock today in a small poorly furnished room, with blood gushing from self-inflicted wounds in his throat. It is said he expressed a wish to die. He was removed to St. Joseph's hospital and is so weak from loss of blood he may die. It is believed he cut his throat with a razor, but the weapon cannot be found. It is not known how long he had lain before passers-by found him.

WANTED—Cheap second hand organ. Address Box 368, Santa Fe, N. M.

Notice to Taxpayers.
I will be at my office from 8 a. m. to 12 M., and from 1 p. m. to 6 p. m. The last day for receiving assessments returns will be April 30. After that date 25 per cent penalty will be charged according to law.
TRINIDAD ALARID,
Assessor.

MASONS TAKE IN THE SIGHTS

This Morning Was Spent in Enjoying the Many Attractions of Santa Fe.

No degree work was gone through with this morning and instead the candidates for further Masonic honors employed the recess to advantage taking in the sights in and about Santa Fe. This afternoon the work starting with the fifteenth degree will be resumed and will be continued this evening. It is expected that all the work will be finished by tomorrow afternoon, after which the big banquet will be held.

The Azatlan Chapter of Rose Croix No. 1 will confer the degrees from the fifteenth to the eighteenth with Nathan Jaffa as Wise Master. These degrees consist of the Historical and Religious degrees as follows: Knight of the East, 15 Dg.; Prince of Jerusalem, 16 Dg.; Knight of the East and West, 17 Dg.; Knight of Rose Croix, 18 Dg.

The Coronado Council of Kadosh No. 1 will confer the degrees from the 19th to the 30th, this being all that will be done until tomorrow when the 31st and 32d degrees will be worked. The degrees from the 19th to the 30th are known as the Philosophical and Chivalric degrees as follows: Pontiff, 19 Dg.; Master of Symbolic Lodge, 20 Dg.; Noachite or Prussian Knight, 21 Dg.; Prince of Libanus, 22 Dg.; Chief of the Tabernacle, 23 Dg.; Prince of the Tabernacle, 24 Dg.; Knight of the Brazen Serpent, 25 Dg.; Prince of Mercy, 26 Dg.; Knight Commander of the Temple, 27 Dg.; Knight of the Sun or Prince Adept, 28 Dg.; Scottish Knight of St. Andrew, 29 Dg.; Knight of Kadosh, 30 Dg.

This morning a party of Masons from Roswell, accompanied by Governor Curry, took an automobile trip to the Indian pueblo at Tesque. Here the party spent the greater part of the morning viewing the unique sights. Captain J. S. Lea of Roswell appeared particularly interested, especially in the old church. Desiring to ascertain the age of the edifice he decided to climb up into the belfry and see if the bells did not bear a date. After reaching the belfry by means of the ladder leading up, it was not long before he started to ring the two bells which were hanging there. The noise soon brought an Indian running upon the scene. The new comer appeared to be in authority and to the surprise of the onlooking party, climbed up the ladder, leading to the belfry, and which was the sole means of gaining entrance or exit from the belfry. Reaching the top he perched himself on the top round of the ladder and calmly informed Mr. Lea that he could not come down unless he paid two dollars for having rang the bells. Lea of course protested and for fifteen minutes or more ensued a wrangle between himself and the inexorable Indian. In the mean time the rest of the party were enjoying themselves at the expense of Lea who was made the butt of much good natured chaffing. Finally realizing that the Indian meant business and that argument would be merely thrown to the winds, Lea put his hands in his pockets only to find that he had come away without his pocket book. His request for a loan from his friends merely brought forth a chorus of haw-haws and more joshing. However, when the friends of the bell-ringer had decided that they had sufficient fun at the expense of their unfortunate brother, the necessary two dollars were quickly forthcoming, the Indian paid and Lea descended a gladder but a wiser man. It is reported that on the home trip he kept reciting under his breath, "Curfew Shall Not Ring Tonight."

ORGAN MINER BITTEN BY COYOTE

Hurrying to Austin, Texas, for Treatment in the Pasteur Institute—Blood Poisoning Feared.

Organ, N. M., April 27.—With his shoulder swollen and inflamed as a result of coming in contact with the fangs of a lobo wolf, E. H. Harrington, a miner, has gone to Austin for the Pasteur treatment to ward off hy greatly inflamed Harrington became Harrington was asleep in his tent in the Organ mountains when he was awakened by the hot breath of the beast against his face. He suddenly kicked the wolf away and gained his knees. He then struggled with the beast, which repeatedly sank its fangs into his arm and shoulder, before he could get his gun and kill it.

After throwing the carcass out of the tent he bathed the wounds. The injured arm and shoulder soon commenced swelling and when they became greatly inflamed Harrington became frightened, fearing blood poisoning.

MORE GRAFT IN CHICAGO

City Paid \$99,000 Rent for Temporary City Hall Worth Only One Third as Much.

Chicago, April 27.—State's Attorney Wayman's investigation into graft today unearthed a scandal in connection with leasing the temporary city hall on Randolph street. It is alleged that the city is paying \$99,000 yearly for a building which the owners have repeatedly tried to lease previously for a third of that sum. It is said that prominent business men have tried to hush the matter but Wyman persists that the grand jury probe it.

CRACKER JACK BUILDING BOOM.

(Continued From Page One)

thousand dollar hotel have been received by those who are pushing the project and it will not be long before actual work will be begun. Dr. John P. Wagner who is at the head of the matter will leave shortly for the east to look after important matters connected with the erection of the hotel. A prize was been offered to the one suggesting a suitable name for the new hotel. The hotel is to be in mission style and will be three stories high and nearly every room will be connected with a bath. All modern conveniences are to be provided and many novel features installed.

Work on the fine new \$30,000 court house will be started early next month and the contract will be let by the county commissioners this week.

Office and other buildings will be constructed at a cost of \$50,000 at the U. S. Indian Industrial School in this city and bids have been asked for by the government to be opened in a few days. Altogether half a million dollars will be spent this year on building operations in Santa Fe.

Beside the great amount of new building going on, much improvement is being made on old structures. L. O. Moore of the land office is having his house renovated as is David S. Lowitzki who recently bought the Reingardt residence on Washington avenue. Improvements are also being made on the rear portion of the Laughlin building and workmen have just finished work on the Delgado building on San Francisco street.
