## BLACK HAND INVESTIGATION

### Thirteen Arrests Have Been Made Thus Far

## FEDERAL AGENTS AT WORK

### Italian Who Was Afraid to Make as Much Money as He Could.

Columbus, Ohio, June 10. After an all night conference on the Black Hand situation, Postal Inspector J. F. Oldfield this morning sent two federal agents to Springfield with instruction to arrest two more Italians believed to be concerned in black-mail. These two are mentioned in letters found in the belongings of Sam Lima, the alleged Black Hand leader and his associates. Thirteen have been arrested and four released. A well known Marion Italian said today he was afraid to make as much money as he could because of the threats of the Black Hand.

### Watched Through Hole in Wall.

Cincinnati, O., June 10.—The secret service men now that many ring-leaders of the Black Hand have been caught are disclosing some of the methods of the Society of the Banana as the organization is known. A Black Hand member incensed over what he termed an unfair division of spoils, told a federal officer of a coming meeting of Black Handers for the division of spoils. The federal men were advised and obtained a building adjoining the fruit store of Sam Lima and through a hole in the wall watched the conference of the plotters. They claim to have the names of all there, more than twenty. Each has been under surveillance. The officers assert that incriminating evidence against all at the meeting was found in papers in Lima's store.

### The Last of the Gang.

Columbus, Ohio, June 10.—Federal warrants for three more suspects have been issued. One is Antonio, the father of Sam Lima, and another is his brother. The third is under surveillance, but is known to be a member of Lima's gang. Oldfield said that when those three are caught the gang which has infested western Pennsylvania and Ohio will be behind the bars. Following the arrest of Marfisi in Dennison, a scare was started that Italians had threatened to rescue him. Marfisi was quickly taken to Canton for safe keeping.

### Black Hand in New Mexico.

Clovis, N. M., June 10.—Attorney J. S. Fitzhugh, D. D. Oldham and E. B. Leepy, received threatening letters that if they do not obtain the release of H. A. Irwin and wife from jail before June 15 they will die. The Irwins are connected with a Black Hand plot wherein a woman was arrested as she was taking a false package of money from an appointed spot.

## RAILROAD TO ELEPHANT BUTTES

### Special Inspector From Washington to Look Over Engle Project.

Impressed with the importance of the Elephant Butte dam to the entire southwest R. A. Ballinger, secretary of the interior, has written that he is contemplating sending a special inspector to the dam.

While he states he will not be able to visit New Mexico in the summer season he hopes to be able to do so in September or October.

The superintendent of the Rio Grande division of the Santa Fe is at Engle with eight associates to look over the route for the road from Engle to the Elephant Butte dam site. Engineer James A. French met the party at Engle with automobiles and carriages. The government will clear the right of way and do the grading after which the Santa Fe railroad will construct and maintain the road and operate the traffic.

## HENEY FOR DISTRICT ATTORNEY

### Though a Roosevelt Republican, One Faction of Democrats Nominated Him.

San Francisco, Cal., June 10.—Francis J. Heney has been nominated for district attorney by the San Francisco Democratic club representing one faction of the local Democracy. In expressing his appreciation Heney accepted, though he said he was a Roosevelt Republican. The nomination of Heney for the same office is now contemplated by the Municipal League of Independent Republican Clubs.

## PROGRESSIVES MAKE LOSING FIGHT

### Aldrich Sure of Majority on All Points

## FIGHT ON WOOL SCHEDULE

### Dolliver's Motion to Tax Only Yarn is Voted Down.

Washington, D. C., June 10.—The Progressives came into the Senate today determined to continue the fight against the wool schedule, although the votes taken yesterday demonstrated the ability of the finance committee to maintain a majority of 10 to 12 on all recommendations. The vote of 43 to 31 against Dolliver's contention that only wool in yarn should be taxed, again upheld the committee.

Before the vote was taken Warren declared the purpose of levying duty on the entire weight of yarn was to keep out material mixed with cheap cotton. Dolliver claimed there was nothing surreptitious in mixing cotton and wool in making cheap yarn and said there is no good reason for discriminating against cheap material. Dolliver then offered an amendment proposing a duty on such wool fabrics as are made partly of cotton. In explanation of the amendment he convulsed the Senate with witty remarks on the Dingley law.

### New Mexico's Copper Output.

Washington, D. C., June 10.—The geological survey report on the production of copper in 1908 shows Colorado, Wyoming and New Mexico had a smaller output than in 1907. The Arizona output was increased. Following are the figures in pounds:

State.	1907.	1908
Colorado	33,696,602	13,943,878
New Mexico	10,140,140	4,991,391
Wyoming	3,026,004	2,416,397
Arizona	256,778,437	289,523,267

### New Mexico's Lead Production.

Washington, D. C., June 10.—New Mexico produced 586 short tons of lead in 1908, against 1927 tons in 1907, and 640 tons in 1906, according to the report of the director of the U. S. Geological Survey made public today. Arizona produced 1,464 tons last year and Colorado 23,728 tons.

### Taft Now Takes Three Square Meals.

Washington, D. C., June 10.—No decision ever reached by the cabinet of a president created greater excitement than this pronouncement issued by President Taft a day or two ago:

"The president wants the cook to stop sending up to him every day at 1 o'clock a red apple and a shredded wheat biscuit for his luncheon. He wants substituted for it a meal worthy of a grown-up man. There must, in future, be a cup of soup, a bit of roast or fish, a vegetable or two, a seasonal dessert or fruit and a glass of iced tea or buttermilk."

The members of Taft's cabinet who have been conforming to the "simple lunch" habit set by their boss manifested their exultation by a chorus of joyful thanksgiving. They have all fallen into the practice of going over to the Metropolitan Club, where they serve a fine luncheon, and negotiating the entire bill of fare, from soup to cigars. Secretary of State Knox, who doesn't weigh much more than three ham sandwiches, has gained ten pounds already, and Attorney General Wickersham, who was the only member of the cabinet that refused to adopt the simple life luncheon, has the laugh on his associates who did.

The President inaugurated his new policy of taking three square meals a day for two reasons. First, he found that the cravings of the inner man were not satisfied with two and a half meals, and, secondly, his system of exercise has kept his weight down, and he thinks he can safely return to three meals.

When he became president three months ago Taft confined his midday meal to one or two apples, to head off the impending increase of weight. The cabinet members, not accustomed to such abstinence, suffered more than did the president. The president did not stop for luncheon, but chewed away at an apple or a biscuit while he worked, and the members of his official family fell into the habit of doing the same thing.

Secretary Dickinson, who is big and robust, and Secretary Nagel, who was accustomed to three full meals a day, used to glance uneasily at the clock whenever lunch time came around, but the president never seemed cognizant of the approach of the eating hour.

Consequently there was much distress among the cabinet members. So, when the president announced a day

## MAN HAS WON OVER AIR

### In Honor of First Flying Machine Invented

## WRIGHT AT WHITE HOUSE

### Formal Presentation of Gold Medal by President Taft.

Washington, D. C., June 10.—The achievement of man flight for which men have striven for 4,000 years will be celebrated in the East Room at the White House at 2:30 today, when Orville Wright, will receive his first public recognition from his fellow countrymen. President Taft will present the gold medals awarded by the Aero Club to commemorate the invention of the first flying machine. Governors of various states have sent congratulatory messages.

### French Flying Machine.

Paris, June 10.—The interest of French aviators has been focussed of late on the work of the young aeronaut, Herbert Latham, who has been flying at Mourmelon-le-Grand, in a monoplane, following his performance of three days ago when in a monoplane he remained in the air for one hour, seven minutes and 47 seconds. Latham made a series of brilliant flights last evening, in which his machine demonstrated considerable stability in the face of a fifteen-mile breeze. He showed also good general control and facility to change from one altitude to another. His height ranged from 15 to 30 yards. Latham's machine suggests a bird. It has two rigid wings, a foot thick in the center and tapering into flexible fins, designed to give stability.

## LAST MARCH OF CONFEDERATES

### Ten Thousand at Chattanooga Under Blazing Skies But None Fell Out of Line.

Memphis, Tenn., June 10.—Clad in rough, gray homespun such as they wore in the sixties and carrying the ancient rifles of war, ten thousand United Confederate veterans marched in what will probably be their last march. The heat was intense and the line of march was cut down to one mile. The commanders gave the older members permission to drop out of line but none availed themselves of the permission. The parade was led by Major General John McDowell. Following the regular divisions, came the survivors of Forrest's famous cavalry corps.

## CHEYENNE WILL HAVE A DANDELION DAY.

Cheyenne, Wyo., June 10.—The Women's Civic League which has been pushing a war on dandelions in Cheyenne lawns, is preparing for a "dandelion day," on which occasion all property holders of the city will be importuned to clear their premises of dandelions.

## STEAMER POUNDED BY HEAVY SEAS

### No Help Possible During Night

## PASSENGERS TAKEN OFF

### Antonio Lopez Runs on Beach off Fire Island.

New York, June 10.—The Spanish steamer Antonio Lopez with 526 passengers and crew of 135, grounded off Fire Island last night and lay on the beach all night pounded by the heavy seas. Rockets sent up, warned the life saving crew ashore, but they could do nothing owing to the storm. Early today, wrecking tugs went to the scene and with the aid of surf boats took off the women and children first and then the men. The sea was still too high to permit the passengers to be landed. Most of the passengers are from Naples, Genoa and Cadiz bound for Vera Cruz. The Lopez lay a thousand feet off shore and was discovered by Point Woods life savers. After several attempts to launch a life boat the attempt was given up and tugs were sent for. The Lopez is owned by a Barcelona company.

## DOCTOR HALE PASSES AWAY

### Fell Asleep at His Home Last Night

## A REMARKABLE CHARACTER

### Was Chaplain of the United States Senate the Past Six Years.

Boston, Mass., June 10.—The Rev. Dr. Edward Everett Hale, chaplain of the U. S. Senate, died at his home at Roxbury today. He was 87 years old. The shock was great at the receipt of the news, because few knew he was ill. Only a few days ago he attended a gathering in honor of the ninetieth birthday of his contemporary, Mrs. Julia Ward Howe, and seemed in good spirits. He retired at the usual time last night but was so weak that the physician warned the members of the family that the end was not far off. Dr. Hale was born at Boston in 1822 and by training, education and tradition, represented the spirit of the founders of the Massachusetts colony. He graduated from Harvard in 1839.

Dr. Hale had been the chaplain of the U. S. Senate since 1893. His selection at that time was regarded a high tribute to his intellectual ability. Since his appointment he has been a very consistent attendant at the sessions of the Senate and his invocation was so marked by eloquence that few Senators failed to be in their seats when the gavel fell. The first inroads on his health were noticed early in the spring. He was feeble on Inauguration day and was compelled to cancel his engagement to deliver the invocation at the unveiling of the statue of Longfellow.

He left Washington several days before the ceremony never to return. Hale became pastor of the South Congregational church in 1855 and since has been pastor Emeritus of the parish. Of his literary works the most famous are: "Ten Times One is Ten," "My Double and He Unhid Me," "The Man Without a Country." As he advanced in age friends delighted to celebrate his birthday. In 1892, a purse of \$5,000 was given and in 1902 a fund of \$28,000 was raised. At the latter celebration a great gathering honored him in Symphony hall and Senator Hoar spoke.

## STARKVILLE MINES RESUME WORK

### Four Hundred More Men Will Be Given Employment in Camp Near New Mexico Boundary.

Trinidad, Colo., June 10.—The big Starkville mine, washer and coke ovens are in operation once more after an enforced idleness of several months. Today several hundred men were employed, resuming operations at the coke ovens, and tonight more than 100 of the ovens had been blown in.

Scores of men have been at work all day chopping wood, and fourteen teams of mules were also set to work in preparation for full capacity. It is expected that by the end of the week more than 400 men will be on the payroll again.

This property of the Colorado Fuel and Iron Company has been idle since last February. Hundreds of people who formerly made their homes there were forced to leave at that time through lack of employment. Local dealers in general merchandise have had to make several extra trips to Trinidad for supplies for the returned miners and their families.

Today the camp and its environment was one mass of happy and singing people and tonight hundreds of homes that have been vacant for months are reoccupied.

## MATZ CONTROVERSY GORS TO ROME

### Bishop of Denver Asks Pontiff to Sustain His Action in Deposing Father Carrigan.

Denver, June 10.—The controversy between Bishop Nicholas Matz of the Catholic church of Denver and Father Patrick Carrigan, arising out of the refusal of the latter to obey the bishop's orders, that he give up his parish and remove to Pueblo, reached a new stage today when it became known that Father Bernard and Father Moreschini, both of local parishes, are on their way to Rome, it is said to obtain papal sanction for the ruling of the bishop in deposing Father Carrigan. Father Carrigan who has been priest in his present parish for twenty-five years, is supported by many of his congregation.

## CHINAMEN IN ICE CHESTS

### Peculiar Smuggling Method at El Paso

## ONE WAS SMOTHERED

### After That Celestials Objected to the Constricted Quarters.

Chicago, Ill., June 10.—Until one Chinaman was smothered to death it was the regular practice, according to testimony in the Chinese smuggling cases before Judge Landis, yesterday, to carry Orientals in the ice chest of a dining car aboard the Golden State Limited of the Rock Island Railroad at El Paso. Albert C. Thompson, a negro cook, told of the smuggling, yesterday, the box was barely large enough to hold one Chinese. This practice was abandoned and another way had to be found to carry Chinamen because they wouldn't ride that way since one of the brethren was smothered.

## DOUBLE TRACK TO EL PASO

### Railroad Yarn that Santa Fe Will Build on Both Sides of the Rio Grande.

El Paso, Texas, June 10.—A line up the Rio Grande on the other side of the river to parallel the line on this side, is one of the plans of the Santa Fe Railroad Company, according to a man connected with that road.

There is assurance that this line will be constructed in the immediate future, he said, but the management of the road realizes that there is a constantly growing demand for a road along the other side of the river and that if the Santa Fe does not build one, some other company will get into the field and carry off a lot of business, and the recent development of the country on the west side has awakened interest in the proposition to an extent which may result in some definite action in a short time.

The country on the other side of the river is so inaccessible from this side that shipping facilities on that side are almost imperative, it is said, and it is believed the Santa Fe will get into the field before it is forestalled by some competitor.

According to statements made yesterday by a number of people in close touch with the Santa Fe railroad's local train service, the long desired day train to El Paso is again under serious consideration and this time with the prospect that something may be done.

Business on the Rio Grande division has been growing rapidly for the past year. Every train is crowded to the guards and the service as the trains now run is about as inconvenient for both Albuquerque, El Paso and the towns between it as it could possibly be. It is said, on very good authority that a decision will be reached on the matter in a very few days with the prospect that the additional train service will be established.

## MELANCHOLIA LEADS TO SUICIDE

### Woman Brooding Over Death of Loved One Cuts Her Throat With Razor.

Denver, Colo., June 10.—In the same house and in the same manner as her brother killed himself a year ago, Miss Nellie Towner, 40 years old, a hair-dresser ended her life by cutting her throat with a butcher knife at 4155 Zenobia street.

Acute melancholia, due to illness and brooding over the death of her brother, is given as a reason for Miss Towner's suicide.

L. H. Towner, 50 years old, disappeared last August. His body was not found for three days. He had cut his throat with a razor.

## CHARITIES AND CORRECTIONS

### Immigrants, Children, Families and Neighborhoods Under Discussion at Buffalo.

Buffalo, June 10.—The annual conference of Charities and Corrections which assembled last night, continued its work today. The topics discussed were "Immigrants," "Children" and "Families and Neighborhoods." Today's conference was opened by an address by C. G. Carstens.

## RIVERS RAGING IN COLORADO

### Warm Weather Sending Floods From Mountains

## MUCH DAMAGE IS DONE

### Farmers in Poudre, Platte and Other Valleys Lose Crops.

Denver, Colo., June 10.—With prospects of warmer weather, danger from floods due to melting snow, is increasing. The Poudre and Platte rivers are bank full and farms in the lower bottoms are flooded and crops nearly ruined. The Grand and Gunnison rivers on the west slope are the highest in fifteen years and a further rise is looked for. Already much damage has been done to railways and farm property.

### Suicided Because of Flood.

Glenwood Springs, Colo., June 10.—High water caused by spring freshets, which threatened to wipe out the savings of a lifetime, is believed to be the cause of the suicide of Jacob Franz, 45 years old, who was found dead on his ranch near the Grand Valley, with a bullet through his head. He had been a miner but recently bought the ranch on Parachute creek. Last night he almost lost his life in fighting the flood and it is supposed he brooded over the threatened destruction of his property. He was a bachelor.

### Grand River on Rampage.

Glenwood Springs, Colo., June 10.—The tremendous rise in the Grand river and tributary streams along the western slope has flooded many ranches between Newcastle and Rifle destroying the crops.

The water supply system of New castle has been crippled and the town is being supplied through fire hose borrowed from neighboring towns. At Glenwood Springs, the Grand river has reached the highest point recorded in ten years.

### Pearl River Receding.

Jackson, Miss., June 10.—The Pearl river is receding very slowly, the stage being above 29 feet and the flood waters are yet overlying the adjacent country. The crops in the bottom lands have been abandoned. For the first time in the ten days the Gulf and Ship Island road was able to get a train through yesterday.

## GRAND ARMY ELECTS OFFICERS

### New Mexico Department Encampment Adjourned and Today Vets Spent at Cloudercroft.

Today the veterans who attended the New Mexico Encampment of the Grand Army at Alamogordo, which adjourned yesterday, are enjoying a picnic at Cloudercroft. Before adjourning yesterday the following officers were elected: J. W. Long of Tularosa, commander; H. B. Steward of Albuquerque, senior vice commander; G. W. Mossman of Las Cruces, junior vice commander; D. M. Sutherland of Alamogordo, assistant adjutant general and quartermaster general. No place was designated for next year's encampment. On Wednesday evening a smoker was given by the businessmen of Alamogordo in honor of Governor Curry and the old veterans.

## FISHER FOLK ARE STARVING

### Put Out of Business By Order Prohibiting From Fishing in Tampico Bay.

Tampico, Mexico, June 10.—Poor fisher folk here are starving as the result of an order that they cannot fish in the bay. The fish concession is owned by two big concerns who heretofore have not objected to fishermen but protested when independent concerns began fishing for the market. Unless aid is received the poor families will endure famine.

## BLOW TO DEEP WATER WAY

### Would Cost Enormous Sum From St. Louis to the Gulf to Build and Maintain It.

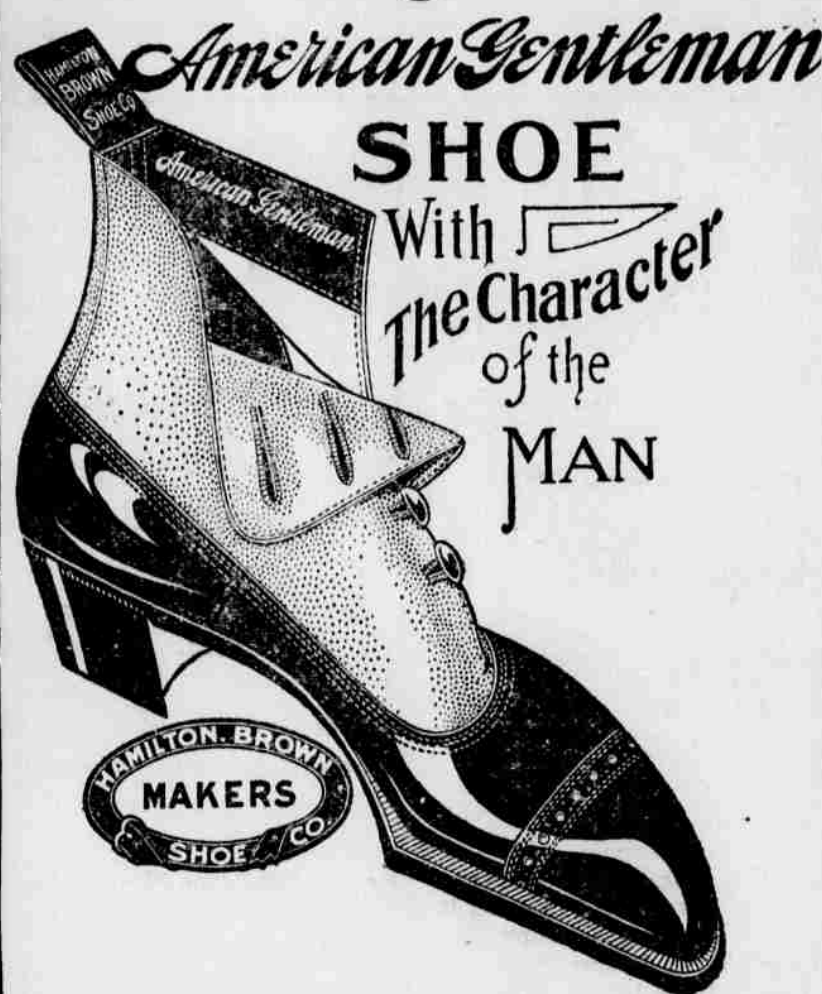

Washington, June 10.—The proposed fourteen foot deep waterway from St. Louis to the Gulf received a blow when today engineers reported it not desirable. They say it will cost \$128,000,000 to build and \$6,000,000 annually to maintain.

## RYAN PRESIDENT OF AMALGAMATED COMPANY.

### New York, June 10.—John D. Ryan was today elected president of the Amalgamated Copper Company to succeed the late H. H. Rogers.

## THE DAILY ROUND UP.

### THE DAUGHTER.

(By Theodorica Garrison.)

It's not myself I'm grieving for, it's not that I'm complaining, (He's a good man, is Michael, and I've never felt his frown), But there's sorrow beating on me like a long day's raining For the little wrinkled face of her I left in Kerrydown.

(It's just herself I'm longing for, herself and no other— Do you mind the morns we walked to mass when all the fields were green?

'Twas I that pinned your kerchief, oh, me, mother, mother, mother! The wide seas, the cruel seas and half the world between.)

'Tis the man's part to say the word, the wife's to up and follow— (It's a fair land we've come to and there's plenty here for all), And 'tis not the homesick longing that lures me like a swallow, But the one voice across the world that draws me to its call.

(It's just herself I'm longing for, herself and no other— Do you mind the tales you told me when the turf was blazing bright? Me head upon your shoulder, oh, me mother, mother, mother— The broad seas between us and yourself alone tonight!)

There's decent neighbors all about, there's coming and there's going; It's kind souls will be about me when the little one is here; But it's her word I'm wanting, her comfort I'd be knowing, And her blessing on the two of us to drive away the fear.

(It's just herself I'm longing for, herself and no other— Do you mind the soft spring mornings when you stitched the wedding gown? The little careful stitches oh, me mother, mother, mother— Meself beyond the broad seas and you in Kerrydown!)

Summer School at Las Vegas—Seventy pupils are enrolled in the summer school of the Normal University at Las Vegas.

Died at Ledoux—Francisquita M. de Romeo, wife of Jose de la Cruz Romero, died at Ledoux, Mora county, this week. She was aged 58 years.

Will Move Middle of July—Captain E. G. Austen, secretary of the Cattle Sanitary Board, will move his offices from Las Vegas to Albuquerque, about the middle of July.

Auto Mail Line to Santa Rosa—From Las Vegas comes the assurance that the automobile mail line from Las Vegas to Santa Rosa will be established "poco pronto."

Died on His Wagon—C. C. Marble, aged 24 years, who came to Roswell in a wagon with his family in the search for health, died in his wagon on Monday of tuberculosis.

Came Too Late—At Las Vegas on Tuesday, Roscoe Albright, aged 22 years, died of consumption. He had come from North Liberty, Indiana, only two days before his sister, Miss Mary Albright.

Cleaning Up Las Vegas—The police and health authorities of East Las Vegas are cleaning up the town for good and have given five days' notice to all residents to clean up back yards and alleys.

Wedding at Roswell—James D. Wooley and Mrs. Nellie J. King, nee Nellie Capps, were married by Justice of the Peace A. J. Welter at Roswell. The groom is a real estate dealer and printer.

Appointed Referee in Bankruptcy—Charles A. Law of Clayton, has been appointed by Chief Justice W. J. Mills, referee in bankruptcy to succeed W. E. Goldman who has removed out of the Territory.

Decision for Defendant—In the case of Jefferson Reynolds vs. Alphonso Hart of Washington, D. C., in district court at Las Vegas to recover a commission of \$2,550 for the sale of certain lands on the Las Vegas grant, the decision was in favor of the defendant.

Albuquerque Will Get New Hotel—When the Albuquerque postoffice moves into the new federal building, the present postoffice building will be transformed into a modern hotel, as the Duke City feels keenly the need of greater hotel facilities than it has at present.

A Home Wedding—At Albuquerque on Tuesday, Harry A. Jewell, of Richmond, Va., and Miss Mabel Spaulding, daughter of Mr. and Mrs. F. P. Spaulding, were united in marriage at a quiet

### Easily Sprained Ankle Cured.

Three years ago our daughter sprained her ankle and had been suffering terribly for two days and nights—had not slept a minute. Mr. Stallings, of Butler, Tenn., told us of Chamberlain's Pain Balm. We went to the store that night and got a bottle of it and bathed her ankle two or three times and she went to sleep and had a good night's rest. The next morning she was much better and in a short time could walk around and had no more trouble with her ankle.—E. M. Brumitt, Hampton, Tenn. 25 and 50 cent sizes for sale by all druggists.

The New Mexican Printing company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound, with leather back and covers and canvas sides, had full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1-2x6 inches. These books are made up in civil and criminal dockets, separate of 32 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following prices:

Civil or Criminal ..... \$2.75  
Combined Civil and Criminal .. 4.00

For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted.

The New Mexican can do printing equal to that done in any of the large cities. Our solicitor, every piece of work we turn out. Try our stock once and you will certainly come again. We have all the facilities for turning out every class of work, including one of the best binderies in the West.

## THIS IS CERTAIN

The Proof That Santa Fe Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Lino Romero, Palace avenue, Santa Fe, N. M., says: "I know that Doan's Kidney Pills act just as represented. If I had not been confident of this fact, no inducement could have led me to give a public recommendation of this medicine, as I did some five years ago. I then stated that I had procured Doan's Kidney Pills at Stripling & Burrow's Drug Store and that they had cured me of a dull ache in the small of my back which had bothered me off and on for a long time and had by spells been the cause of my laying off from work. During the lapse of years, I have now and then noticed a slight return of the annoyance, but never one that has not yielded to Doan's Kidney Pills. I still hold the good opinion I first formed of this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Automobile leaves Roswell for Torrance at 1 p. m. and arrives at Torrance at 10 p. m. The fare between Santa Fe and Torrance is \$5.80 and between Torrance and Roswell \$10. Reserve seats on automobile by wire.—J. W. Stockard, manager, Automobile Line.

If your Stomach, Heart or Kidneys are weak, try at least a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the Stomach, nor stimulate the Heart or Kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by Stripling-Burrows Co.

## ANXIOUS TO VISIT NEW MEXICO

## President Expresses Desire To Come Here

## ASSURES STATEHOOD

## Colonel George W. Prichard Returns From Capital With Interesting News.

Colonel George W. Prichard, local attorney who has just returned from an extended trip through the east, including a visit to Washington, D. C., where he had the pleasure of an interview with President William Howard Taft has brought back with him some gratifying information that will be of great interest to all citizens of the Territory. In speaking of his trip to a representative of the New Mexican Colonel Prichard said:

"My trip was not in any way of a political nature being solely for business purposes. It necessitated going to New York, Pittsburgh, Chicago and St. Louis in the interest of the Crescent Land and Oil Company, the Sacramento Valley Irrigation Company and the Eagle Mining and Improvement Company, all New Mexico corporations. Incidentally I made a visit to the national capital and while there met the President and Secretary Ballinger and other officers of the cabinet. I also had the pleasure of talking to a large number of Senators and Representatives. By all of them I was very cordially received. The President informed me himself that he favors the immediate admission of New Mexico to the Union and that he believes the Territory will receive statehood next winter. He stated that he is very solicitous as to the character of the constitution that the people of New Mexico will frame and trusts that it will not be one similar to that of Oklahoma. Of course I assured Mr. Taft that the constitution when adopted by our people will be absolutely safe and sound and that he need have no fears on this question. The President showed himself to be well informed regarding conditions in the Territory and it was plain to see that he is free from the prejudices that others less informed appear to have. Mr. Taft told me that he intended visiting New Mexico this summer, probably in August, but I notice that since my return the newspapers state that owing to the illness of his wife he has been compelled to postpone his trip until later in the year and if he comes at all it will not be before September."

## Plain Talk With Ballinger.

After leaving the President, Colonel Prichard took occasion to express his gratification to Secretary Ballinger over the fact that since Ballinger became Secretary there is no more department made law for the people of the West. Said Colonel Prichard: "I had reference particularly to Mr. Pinchot's orders withdrawing lands from the homestead entry for administrative purposes, whatever that is, and placing the lands within the forest reserve, this practically nullifying the act of Congress extending the right of homestead entry to settlers on those reserves. I informed the secretary of several cases that had come under my personal observation, where hardships were worked and how settlers were imposed upon by having the right taken away from them to prove up their claims on a forest reserve. To one case in particular I called his attention where a client of mine after expending seventeen hundred dollars to improve his homestead claim on a forest reserve had the same taken away from him for alleged administrative purposes and as an entryman lost both labor and money he had invested. Judging from my conversation with the secretary I am confident that the forest reserves in New Mexico will be considerably reduced from time to time and the reserves confined to proper bounds. Thus the Territory will receive benefit from such orders in common with the entire West."

## Born in Iowa.

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made at Des Moines) for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor.—Ennis Bros. ## OBJECTED TO COLD WATER

Two Women Who Ask for Divorce for the Novel Reason That Husband Superintended Bath.

Denver, Colo., June 10.—Because her husband, Thomas J. Ryan, a hairdresser, taught her his method of bathing, Mrs. Rose L. Ryan, yesterday, in Judge Harry C. Riddle's division of the district court, asked and was granted a divorce. She testified that her husband was guilty of extreme and repeated acts of cruelty, one of them being his penchant for being present when she bathed, and his aversion to her bathing in the ordinary way. He insisted upon her having the tub full of exceedingly hot water, the witness said, and then compelled her to turn on the cold water and remain in it until she was thoroughly chilled. On several occasions, she testified, this treatment made her ill.

Mrs. Stella Mayfield told Judge Riddle that her husband, Herman D. Mayfield, was inordinately proud of his numerous "affinities," so much so, in fact, that he was continually boasting of them to her. She was granted a degree.

Samuel Ross, youthful electrician for a railroad company, was the first husband complained of. Every time his equally youthful wife had the slightest intention of getting into the water he wanted to know all about it, she said, so that he could be home to superintend the operation.

"It was too provoking," said Mrs. Ross, "and I didn't like it."

The couple was married November 2, 1906, and the saddest part of the story is that Mrs. Ross charges her husband with having to borrow \$5 to pay for the ice cream which they served at the wedding dinner. Ross, in turn contends that his domestic infelicity originated through his mother-in-law's interference, and because he would not buy her household goods for \$7.

"What did she have that she wanted to sell for \$7?" demanded Mrs. Ross' attorney.

"A lounge, six chairs and a table," replied Ross.

Ross also testified that prior to his marriage he had saved \$100 with which to buy a little house for his bride, but that his mother-in-law's iron will ruled everything and that he didn't buy the house. The case will be concluded today.

## OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

## THE GOOD ROADS COMMISSION SHOULD HELP.

The people of San Juan county, especially those of Farmington, are working hard to establish an automobile line from Farmington to Gallup, which will be preliminary to the building of a railroad sooner or later. Under present conditions, San Juan county feels itself a part of Colorado rather than of New Mexico for its only outlet for trade and travel is to Colorado. The distance from Farmington to Gallup is 120 miles, or about the same as that from Torrance to Roswell, over which an automobile mail line is being successfully operated. By rail it is 589 miles from Farmington to Gallup, illustrating the round about way that traffic from Farmington must take to reach any part of New Mexico. At a mass meeting held last week at Farmington, Frank Staplin, James T. Fay, W. M. Danburg, and other hustlers individually and personally known as such to the New Mexican, were appointed a committee to circulate petitions to the postoffice department asking for the establishment of an automobile mail route from Farmington to Gallup, by means of which all mail for the east and even for Central New Mexico, including Santa Fe, would gain a day in transmission. F. M. Pierce, Frank Staplin and R. P. Hopkins were appointed a committee to lay out the road to the San Juan-McKinley county line and to consult with the McKinley county authorities for the continuation of the road from that point to Gallup. The project is just as feasible as the automobile mail line from Torrance to Roswell, and in many respects, Farmington is the Roswell of Northwestern New Mexico, while Gallup is of course, of much greater importance than Torrance. The immediate benefits of the project would naturally fall to Farmington and to Gallup, but in more than one way all of New Mexico would be benefited by tying those prosperous towns to each other with a daily automobile mail service, and the Territorial Good Roads Commission should extend all the aid it can give to the project.

## EXTERMINATE THE BLACK HAND

The New Mexican is inclined to the belief of the New York police that the idea of an extensive Black Hand Society closely knit together is a figment of the imagination. Extortion by means of letters decorated with skull and crossbones and black hands suggests itself very naturally to weak minds that have been reading the accounts of kidnappers or heard of Black Hand bandits. Especially, among foreigners such as the Italians, the possession of huge wealth by individuals is natural to awaken avarice and plans to acquire part of such wealth and that in the easiest way possible. Back in his Italian home, not so long ago, the favorite method was to lie in wait at some mountain pass and there relieve the tourist of any loose coin he may happen to have about him or to hold him in captivity for ransom. It was a simple method and the similarity of its practice in different parts of Southern Europe also led to the belief of a strong and closely knit society of banditti which was unfounded. Crime can not have societies scattered over the universe; the most it can command may be local organization over a very restricted territory, such as the Molly Maguires, or the Night Riders, or the Ku Klux gang. As the vigilance of the police increases and population becomes more crowded, even such associations as those mentioned and which have passed into history, become impossible for any length of time. No, there is no Black Hand Society reaching across seas and continents, but there is a horde of black mailers and thieves who pursue the same simple methods of extortion, and it is the duty of the authorities to make that kind of hold-up game as unpopular and as unpleasant as the laws will permit.

## POOR LAS VEGAS!

That despite the bickerings among local residents, which by the way have subsided materially the past few weeks, Santa Fe might be in a much worse state of mind, can be gathered from the following editorial in the Daily Optic at Las Vegas:

"Several weeks ago in a burst of enthusiasm which we have since concluded was unwarranted and childish, we suggested that the two towns should get together and plan for the building of a joint sewer and that the proper parties should give attention to the mesa roads and see that our country trade is afforded proper facilities for reaching town. These suggestions were immediately taken up

by the West Side Club and used as the basis of certain resolutions which sounded well for the future of a Greater Las Vegas. The East Side maintained its usual quiescent and indifferent attitude. And there the matter rests.

"For several happy and boyish days we leaned back in our springless editorial chair and gave up our weak and puerile self to idle imaginings and dreams about a town that has some practical public spirit, a town that has in it men who want to take it out of its present hopeless rut and make a real town out of it. Idle, foolish utopian fool that we were! We have again straightened up in our chair, planted our number 10's firmly on the warped but firm flooring, and in that attitude we are looking the Vegas situation straight in the eye. We have not yet concluded that necessary civic improvement is hopeless, but we are so near that opinion that there is no longer a hopeful smile on our face. It is a good, a beautiful and a Sunday school thing to be an optimist, but an optimist is very often a fool. We are not going to be a fool."

## THE HIGHER VISION.

Attorney General Wickersham in his address this week to the Alumni of Lehigh University at South Bethlehem, Pennsylvania, called attention to the classic, the higher ideals of culture which for a time seemed to have been submerged in the United States in the eager race for wealth and material utility. But there are indications on every side that culture in its accepted sense is no longer a stranger to a great many in the United States and that there are increasing numbers who do not begrudge the time given to a classic course in college or university, and who are willing to make classic culture the foundation upon which to build a professional career. Said the attorney general:

"A combination of the ideas of purely technical study with broad university culture, offers to students the opportunity of becoming not merely engineers, but educated gentlemen. I have thus far dwelt only upon the practical advantage of this broader than merely technical education. But the refining influence and the intellectual pleasures opened by such study should not be lost sight of. James Russell Lowell once exclaimed out of the fullness of his scholarly mind:

"Neither would I have you neglect the humanities. I would wish that every one of you could enjoy in the originals, Homer and Virgil and Dante and Rabelais and Goethe."

"In an essay written shortly before his death he revised this list somewhat, and characterized Homer, Dante, Shakespeare, Cervantes and Goethe as the 'five indispensable authors.' Certainly if the work of any one of them were eliminated from our literature and speech there would be ragged spaces in the fabric.

"Is it not then well worth the time and effort of an engineer or a chemist, as well as of a lawyer or doctor to study and know the works of these great these indispensable authors? From them each of us may catch something of their knowledge, their insight, their inspiration; and with quickened imagination and sharpened perception may more clearly see the solution of problems which have baffled us. As the prophet of Israel long ago declared:

"Wisdom is the principal thing; therefore get wisdom, and with all thy getting get understanding. Take fast hold of instruction, let her not go, keep her; for she is thy life."

The Roswell Register-Tribune says that Roswell has the unique distinction of being the only town in the Territory in which 100 per cent of the taxes assessed are collected and that this applies to county, city, territorial, special and occupation taxes alike. When this can be said of Santa Fe, too, then the municipality will enter upon a new era. With a commission form of government looking carefully after the tax collections as does the present government after ward politics this result would be brought about. In most eastern communities it is no longer the rule to ask: "What per cent can the tax collector collect?" but he is charged with the entire tax duplicate and what he does not collect his bondsmen must make up unless the collector is excused for valid reasons from the payment of such taxes as he was unable to collect. With that sort of a system, Roswell would not be the only city collecting all the taxes levied.

## MINING IN SANTA FE COUNTY.

It can not be called a discovery, that veins of gold and copper and zinc are reported from Nambe and from other parts of the Sangre de Cristo range. There are some fairly well developed mines in the range all the way down from Taos. On the upper Pecos, on the Dalton Divide, in the Santa Fe and Tesuque canons, at Nambe and farther north, there are many indications of mineral wealth. At Nambe, for decades, mica has been taken from very extensive deposits; within three miles of Santa Fe, coal has been mined successfully. In the same direction lie mountains of lime and shale for brick and cement making. A veritable treasure-house of mineral wealth is at the very door of this city and it can not be very long before capital will begin systematic development which seems to be all that is necessary to prove the worth of the many mineral discoveries that have been made from time to time. When it is remembered, that gold was mined in Santa Fe county five decades before it was discovered in California; that the Pueblos of a century and more ago came to Santa Fe county for their turquoise; that lead carbonates were mined on a large scale in the southern part of the county, as long as thirty years ago, there need be no marvel when it is reported that gold has been discovered in veins as high as the summit of the Lake Peaks, or at the prophecy that this part of the Sangre de Cristo range will some day give employment to thousands of miners. It is all a matter of development and capital.

## THE FARMER IS KING.

The New Mexican is glad that New Mexico is pre-eminent an agricultural commonwealth, that the value of its crops will this year exceed the value of the product of its mines, of its ranges, of its forests, of its factories, taken together, heavy though the yield from these may be. Here follows an interesting comparison of farm crop values with the production of other industries in the United States:

The entire output of gold in the U. S. last year was .....	\$90,000,000
The output of milk from New York and Wisconsin was .....	106,000,000
The silver output of the entire world last year was .....	107,000,000
The corn crop of Illinois was worth .....	125,000,000
The expense of the army and navy of the U. S. last year was .....	178,000,000
The cotton crop of Texas was worth .....	218,000,000
The entire output of pig iron in the U. S. last year was .....	321,000,000
The wheat crop of the U. S. was worth .....	500,000,000
The gold output of the entire world last year was .....	390,000,000
The hay crop of the U. S. was worth .....	660,000,000
The entire output of coal in the U. S. last year was .....	510,000,000
The cotton crop of the U. S. was worth .....	675,000,000
The national debt is .....	1,200,000,000
The corn crop of the U. S. last year was worth .....	1,350,000,000

Some time ago, the New Mexican called attention in detail to the fact that the income of the city of East Las Vegas, with one half the population of Santa Fe, was twice as much as that of Santa Fe. Now comes the Raton Range with a detailed financial statement of the City of Raton, which shows that the Gate City, too, has twice the income of this city and disbursed last year \$28,724.90, or more than twice as much as did the municipality of Santa Fe. On the fire department, Raton expended \$3,877.29; for water \$2,237.50; for lights \$1,422.25; for interest \$1,417.44; while there is a balance of \$10,567.50 in all of the funds. In other words, business men and property owners of East Las Vegas and Raton as well as of Roswell and Albuquerque are taxed twice as high for municipal purposes than are the business men and property owners of Santa Fe and any talk that improvements in the Capital City are delayed on account of excessive taxes is mere bosh.

All events and all facts have a primary cause and perhaps, the rapid growth and prosperity of the city of Roswell, which thirty years ago did not exist, may be found in the following item in a description of the Pearl of the Pecos valley:

"Much of the prosperity of Roswell has been due to the intelligent efforts of the Roswell Commercial Club, which has been a factor since the town began to grow, and which has comfortable and commodious rooms in the new Dilley building. The club leads in all matters of public enterprise and its present president, Hon. Robert Kellahin, is one of the best known and most valuable public men in the Territory, while the secretary, J. A. Graham, is a type of the young men who are making Roswell and New Mexico great."

The sale of the Tierra Amarilla grant may hasten the development of Northern New Mexico. With ample capital and with push, the grant will easily support cities where it now merely has villages; will give employment to thousands in coal mines, in forests, or farms, where now only hundreds find work. Of course, it will be

detrimental to the stock owner to be crowded from the range and there will have to be a readjustment of interests, but in the end it will mean prosperity to 30,000 where today it means a mere living to 3,000 and wealth to a few.

**Automobiles** LATEST 1909 Models on Sale at **Alexander's Garage**

Representing the Mitchell, Moline, McIntyre and Zimmerman Factories. These factories are noted for their excellent cars, who, instead of building down to a cheap price car, build up to a machless standard, as good a car as a man would care to own. The Mitchell people have built \$11,000,000 worth of cars within the past few years, and their current year's production will equal 18,000 cars.

The Moline car occupies a position of high favor among automobile users. Models "K" and "M" for 1909, are two models of still higher excellence than their satisfactory models of last season, and have proven themselves the cars for anywhere.

High wheelers in solid rubber tires are represented by the McIntyre and the Zimmerman cars. These cars can be furnished in 26 styles of commercial and passenger combinations from \$250 up.

The people realize that the motor driven vehicles have proven good and is here to stay. It is erroneous to suppose that only expert mechanical engineers can own and operate a motor driven car, many ladies drive their cars.

At present quotations they are relatively cheaper than horses—cheaper to maintain. In its adoption you take nothing from the horse except that part which can better and cheaper be done with the motor vehicle. You drive the car yourself. You get the real zest of motoring by handling the levers and steering the car yourself.

Free road demonstrations are given to interested parties any time.

## MARRIED WOMEN

Every woman covets a shape-  
ly figure, and many of them  
deplore the loss of their girl-  
ish forms after marriage.  
The bearing of children is  
often destructive to the  
body for the strain upon it, and preserves the symmetry of her form.  
Mother's Friend makes the danger of child-birth less, and carries her  
safely through this critical  
period. Thousands grate-  
fully tell of the benefit and  
relief derived from the use  
of this remedy. Sold by druggists  
at \$1.00 per bottle.  
Book mailed free to all expectant mothers.

## WHEN THE CLOCK HANDS TURN BACK

From the Daily New Mexican of  
June 10th, 1889.

News has been received that the  
war department will very likely  
issue an order to stop all target  
practice at the Ft. Marcy garrison and  
instead, practice will be had at the  
Creedmore shooting gallery.

Governor Prince has received a  
complaint of a curious nature from  
the Texas-New Mexico boundary line.  
It is a statement made under oath  
before a justice of the peace of  
Reaves county, Texas, and signed  
by J. K. Dempsey, J. H. Rodriguez,  
Vidal Jaques, Susano Valles and  
others. Their statement is to the  
effect that they started with a train  
of five wagons belonging to Augus-  
tine Hernandez for the purpose of  
transporting freight from Pecos city,  
Texas, to Lookout, New Mexico, ninety  
miles distant. They carried 20,  
000 pounds of freight. While still in  
Texas about thirty miles from the  
New Mexico border they were met by  
an armed body of ten men who halted  
their train and demanded under  
threats of violence that they retrace  
their steps saying that no Mexicans  
would be allowed to freight over that  
road. Fearing harm, the freighters  
obeyed the order but at once sent  
complaint to the governor. An in-  
vestigation is to be made.

Hon. E. C. Wade, district attorney  
at Las Cruces, is in the city on legal  
business.

Siegfried Grunsfeld is home from  
an extended eastern trip.

Hon. Pedro Perea of Bernalillo is  
a visitor in the city.

D. B. Abrams has been on a visit  
to Albuquerque for several days.

General John C. Fremont the great  
Pathfinder and the first Republican  
candidate for president of the United  
States passed through Lamy on  
Saturday en route to the Pacific coast.

W. F. Dobbling returned yesterday  
from Las Vegas.

### Sore Nipples.

Any mother who has had experi-  
ence with this distressing ailment  
will be pleased to know that a cure  
may be effected by applying Cham-  
berlain's Salve as soon as the child  
is done nursing. Wipe it off with a  
soft cloth before allowing the babe  
to nurse. Many trained nurses use  
this salve with best results. For sale  
by all druggists.

It is an admitted fact that real-  
estate, financial men and merchants all  
say that quickest and best results are  
obtained by advertising in the New  
Mexican.

### MEN PAST FIFTY IN DANGER.

Men past middle life have found  
comfort and relief in Foley's Kidney  
Remedy, especially for enlarged pros-  
tate gland, which is very common  
among elderly men. L. E. Morris,  
Dexter, Ky., writes: "Up to a year  
ago my father suffered from kidney  
and bladder trouble and several phy-  
sicians pronounced it enlargement of  
the prostate gland and advised an op-  
eration. On account of his age we  
were afraid he could not stand it and  
I recommended Foley's Kidney Rem-  
edy, and the first bottle relieved him,  
and after taking the second bottle he  
was no longer troubled with this  
complaint. Sold by all druggists."

##### Territorial Board of Education.

At the meeting of the board of education held at the office of the Superintendent of Public Instruction on Friday and Saturday, June 4th and 5th, sixty-two applications for certificates to teach in New Mexico were considered and the action in each case is indicated in the following summary:

Life certificates were granted to L. A. Coffman, Tahlequah, Oklahoma; R. C. Crum, Raton; Florence Perley, Raton, and Sarah Ulmer, Tucuman.

The superintendent was authorized to issue life certificates also to J. W. Carter, Duty, Louisiana; and P. A. Grover, Tucuman; upon the completion of a few subjects in which credit is needed. An honorary life certificate was ordered issued to Eleuterio Baca of East Las Vegas, upon presentation of evidence of ten years of successful teaching in New Mexico.

Five-year professional certificates were granted to W. S. Hicks, Roswell, and C. C. Leuker, Hayden. The Superintendent of Public Instruction was authorized to issue similar certificates to G. R. Baugh, Clovis; Mrs. Ethel Howard, Artesia; Josephine Morton, Agricultural College; Leonora Thwaites, Silver City; Alice Lee, Silver City; Earnest Oakes, Silver City; and Charles D. George, Alamogordo; upon the completion of certain subjects in which credits are lacking.

Three-year professional certificates were granted to Carrie Zella Haner, Raton; Eugenia Keleher, Albuquerque; and Ruby King, Nashville, Tennessee. The Superintendent of Public Instruction was authorized to issue similar certificates to Harriett Jordan Bishop, Hillsdale, Michigan; Katherine Brown, Gallup; Estella De Tullio, Albuquerque; Lucy Edie, Albuquerque; Josephine Knapp, Philadelphia, Pennsylvania; Mae McMillin, Albuquerque; Alice Meyers, Dawson; Boyd Rose, Silver City; J. S. Smiley, Talala, Oklahoma; Lillian E. Spitz, Albuquerque; Jane Walsh, Albuquerque; and Lillian Winters, Gallup; upon the completion of certain subjects in which credits are lacking.

County first grade certificates were granted to Mrs. Lillian A. Bess, Tucuman; Florence Cathey, Tucuman; L. P. Farris, Mountain Park; C. C. Ford, St. Vrain; Maude Hancock, Belen; Julia Iverson, Deming; Zella Roberts, Estancia; Ella Rogers, Deming; Bessie B. Smith, Dexter; Ula Thatcher, Raton; Edith Thornberg, Warrensburg, Missouri. These certificates were granted upon the presentation of certificates from other states together with satisfactory evidence of successful teaching for one year in New Mexico, and are in force up to the date of expiration of the certificates presented from other states. The Superintendent of Public Instruction was authorized to issue a similar certificate to Winnie Kirtz and D. W. Alexander, Milford, Texas.

Action was deferred until further credentials should be presented on the applications of Mrs. J. M. Blazer, Alamogordo; Ellen J. Cain, Lamar, Colorado; Isabella E. Clark, Clarksville, Texas; R. E. Cottingham, Bynum; E. E. Edgerton, Silver Plume, Colorado; Mrs. Josephine Sandusky, Willard; C. R. Shiffler, Alamogordo; Prof. C. E. Smith, Milwaukee, Wisconsin; S. T. Stanley, Roswell; Leona Whitaker, Gallup; J. E. Williams, Magdalena.

No action was taken on the applications of Mrs. E. L. Gerhardt, Tucuman; C. Goodard, Camp; Hixie Hall Harrison, Weatherford, Texas; Inez Heaton, Hope; T. W. Holland, Cliff; J. O. Hughes, Cameron, Texas; Mrs. M. Gibson Johnson, Holman.

Report of Library Statistician on Public School Libraries.

To the Territorial Board of Education of New Mexico.

Gentlemen—Some time ago I was appointed by the Superintendent of Public Instruction to collect statistics in regard to the school libraries of New Mexico and report the same to your honorable body. Accordingly I sent to each school district in the Territory a copy of the blank hereto attached, and the figures returned to me are included in the statistical report appended. Five counties: Guadalupe, Mora, Rio Arriba, Sandoval, and Torrance did not report any libraries. In the others, the libraries were found largely in the town schools, as was to be expected. A number of districts report good prospects for a library the coming year. Many teachers give their pupils the use of their own libraries, and in a few cases the patrons have loaned books to the schools.

Of course, the extreme poverty of many districts, has rendered the buying of books impossible, but I have received many letters from teachers in such districts, urging the great need of libraries and asking if the Territory cannot aid them in obtaining some books.

I would respectfully ask that you, as soon as you have the time, give some consideration to this subject, so that before another legislative assembly some plan to aid to and supervision of such libraries may be formulated for legislative action.

The majority of the states of the Union have some form of state aid and supervision of libraries, acting through either the state library, the state department of education or a state library commission. Sometimes the school district is made the unit, sometimes the county. More often there is a state system of traveling libraries. Surely there is some system or combination of systems which could be made to work in New Mexico, and surely it is sorely needed here.

I have made some little study of the various systems in use elsewhere and if I can be of any further use to you, I trust that you will command my services. It is a matter in which I take a very great interest.

I have to acknowledge the aid of Mrs. Katherine Sleight in sending out the blanks.

I remain, gentlemen,

Your very obedient servant,

JULIA BROWN ASPLUND.

## HEWETT MAKES BIG DISCOVERY

Has Just Returned From a Trip to Morocco in Northern Africa—Will Be Here Next Week.

Greeley, Colo., June 10.—It is believed that Professor Edgar L. Hewett formerly of this city, who has contributed so largely to science by his discoveries in the Cliff Dwellers' ruins, has made an important archaeological discovery in Morocco and in the Medora islands. He has just returned, but has not given out details on the nature of the discovery. He will continue his researches among the Cliff Dwellers this summer. Professor Hewett will go to Santa Fe, New Mexico, from here, near which place he will devote six weeks to excavations among the Cliff Dwellings.

night, the Fourth of July committee  
will meet in the Commercial Club  
rooms. A full attendance is urged.

Fifteen Club Meeting—On Friday  
afternoon at 3 o'clock there will be  
a business meeting of the Fifteen  
Club at the residence of Mrs. Paul  
A. F. Walter on Palace Avenue.

Stole His Pocketbook—While J. T.  
Bailey, a cripple, was sitting on a  
bench in the Plaza, some one stole  
his pocket book, for he missed it im-  
mediately after getting up.

Fined for Carrying Six Shooter—  
Bert Parker was fined \$50 and costs  
at Alamogordo on Tuesday for carry-  
ing a six shooter. Not having the nec-  
essary money he was sent to jail.

Chicken wheat at Leo Hersch's.  
Snow Spots Disappear—The snow  
on Mount Baldy, the Lake Peaks and  
in the foothills is melting rapidly and  
the snowbanks in sight from Santa  
Fe are growing rapidly smaller each  
day.

It's Cool in Santa Fe—The mini-  
mum temperature yesterday was only  
42 degrees and the maximum 76 de-  
grees. The relative humidity was way  
down, only 7 per cent at six o'clock  
last evening.

Noon Arrivals at the Hotels—Pal-  
ace—W. M. Reid, Roswell; J. Hanley,  
R. R. Pollock, Albuquerque. Claire-  
E. F. Hoaglin, Chicago; Miss Ethel  
Strasser, M. O'Neil, Los Cerrillos; W.  
P. Garside, El Paso.

Chaves County Bonds Sold—Chav-  
es county has already sold its pro-  
posed \$110,000 bonds issue for a  
new court house to be voted on at  
some future time, at a premium of  
\$4,500, to E. H. Rollins and Sons of  
Chicago.

Ore Not Valuable—I. Sparks of this  
city states that last week he and S.  
G. Cartwright were inspecting min-  
ing claims near Nambe and found  
that the ore in that neighborhood  
had no material value and is unwor-  
thy of further consideration.

Marriage License Issued—Yester-  
day the probate clerk issued a mar-  
riage license to J. B. Whitman and  
Miss M. E. Derbyshire, both of  
Villa Grove, Colorado. The couple  
were quietly married in the after-  
noon. They are guests at the Palace  
hotel.

Forest Again on Fire—Last night  
the Pecos forest was again observed  
to be on fire about nine miles north-  
east of the city. For a long time the  
blaze could plainly be seen shooting  
high in the air. Members of the for-  
est service hurried to the fire and  
succeeded in checking it.

Visited Carlsbad Project—Second  
Vice-President J. W. Kendrick, Gen-  
eral Manager C. W. Kouns and Super-  
intendent George Starkweather of the  
Santa Fe system made a trip to the  
Carlsbad project of the reclamation  
service yesterday in an automobile  
from Carlsbad.

Onion Sets at Leo Hersch's.  
Black Hand at Clovis—Despite the  
arrest of Mrs. Irwin accused of com-  
plicity in the plot to extort money  
from Clovis business men, a number  
of Clovis people continue receiving  
letters from the Black Hand. Post-  
office inspectors are working with the  
local authorities to trap the black  
mailers.

Novel Suit—In the district court  
at Roswell, Mrs. Tabitha F. Landshaw  
and husband have brought suit  
against Mrs. Belle Perkins and hus-  
band, for \$12,500 damages caused by  
maintaining a sanitarium for con-  
sumptives, which has depreciated the  
value of their property to such an ex-  
tent as to make it unsalable.

Getting in Trim—The Salmon  
Gray baseball club was out again  
yesterday practicing and getting in  
shape for the tussel with Albuquer-  
que which takes place on the 19th  
and 20th. The infield is easily the  
fastest ever gotten together in Santa  
Fe. Every man is a heavy batter and  
as fielders the outfit can go some.

Automobile Accident at Alamogordo  
—Six out of seven passengers in the  
automobile of Mrs. A. P. Jackson at  
Alamogordo were hurt yesterday by  
the automobile turning over. The ac-  
cident occurred during the Grand  
Army parade. Three physicians work-  
ed three hours over the injured and  
it is believed they will all recover.

Wells Going Dry—A party who  
came in from Buckman's today re-  
ports that this is the driest season  
ever experienced at Buckman's and  
that the wells are going dry. The  
wells at present are just supplying

little more than enough water for  
drinking purposes and it is feared  
that the lumber mills will have to  
close down completely.

Judge Matt G. Reynolds Resigns—  
Word comes from St. Louis, Missouri,  
that Judge Matt G. Reynolds has re-  
signed from the bench at St. Louis.  
Judge Reynolds was U. S. attorney  
of the court of private land claims  
with headquarters in this city and is  
therefore well known here and has  
many friends in New Mexico.

Armory takes place. The event will  
be celebrated by a dance. The price of  
admission is one dollar per couple.

## VENEZUELA SOUND FINANCIALLY

President Gomez in His Message to  
Congress Tells of Big Balance  
in Republic's Favor.

Caracas, June 10.—In striking refu-  
tation of General Castro's recent  
statement that Venezuela would be  
a bankrupt in six months is Presi-  
dent Gomez's message to Congress,  
which shows that notwithstanding the  
suppression by the new government  
of numberless oppressive taxes the  
deficit in the Bank of Venezuela left  
by Castro has been transformed into  
a respectable credit. The president  
says:

"On November 24 last, the day on  
which I assumed the presidency the  
government owed to the Bank of  
Venezuela \$745,862.04. After having  
met every administrative expense the  
government now has a balance in  
its favor in the Bank of Venezuela of  
\$1,683,990.03 and in the national treas-  
ury \$114,337."

The reading of the presidential  
message to Congress on Sunday was  
not the perfunctory performance of  
other days.

President Gomez's recent decree  
removing practically all the oppres-  
sive export taxes on coffee, cocoa and  
hides which fell so heavily on the  
long suffering agriculturist, and which  
produced to the government a yearly  
income of almost a million dollars  
has removed any doubt as to the pro-  
gressiveness of the new government.

## HOLLAND FORBES GETS TROPHY

Was Up 35 Hours and 10 Minutes in  
His Balloon During Recent  
Endurance Trip.

Indianapolis, June 10.—Carl G.  
Fisher and G. L. Bumbaugh, pilot and  
aide of the balloon Indiana, acknowl-  
edge in a dispatch to the News that  
they were disqualified in having  
touched earth twice before they made  
their final landing in the national  
distance race of the Aero club of  
America.

With the Indiana out, the endur-  
ance trophy offered by the Aero club  
of Indiana goes to A. Holland Forbes,  
pilot of the New York, who was up  
35 hours and 10 minutes.

There probably will be a contro-  
versy for the distance trophy. It  
seems that the University City of  
St. Louis, John Berry, pilot, has won  
covering 370 miles, but if the New  
York has lost it is by hardly fifteen  
miles.

## EXPLOSION CREATES HAVOC

Seven Men Killed and Fourteen In-  
jured in Terrible Accident at  
Wheeling, W. Va.

Wheeling, W. Va., June 10.—Seven  
men were killed and fourteen seriously  
injured in an explosion last night at  
a blast furnace of the Wheeling Steel  
and Iron Company.

The six men who were killed were  
burned to a crisp. Four men were  
fatally injured. Fifty workmen were  
gathered about the furnace making  
ready to drill in for the night shift,  
when without a moment's warning  
there was a terrific roar and great  
masses of molten iron spouted from  
the furnace, sweeping down upon the  
workmen.

Twenty or more were caught in the  
rush. Arms and legs were burned off  
and some were showered from head  
to foot with white hot metal.

All the men were foreigners. The  
cause of the accident has not been de-  
finitely decided.

## BLACK HAND BUSY IN MEXICO

Wealthy Ranch Owner's Son Assas-  
inated Because He Failed to  
Come Through.

Zacatecas, Mexico, June 10.—Be-  
cause he refused to pay a huge sum,  
following a threatening letter Alberto  
Archaga, the son of a wealthy  
ranchman and himself wealthy, was  
assassinated yesterday at his house.

## REORGANIZING THE GREAT WESTERN

J. Pierpont Morgan Proposes to Form  
a New Company Which Will  
Issue New Securities.

New York, June 10.—J. P. Morgan  
& Company announced today a pro-  
posed re-organization of the Chicago,  
Great Western Railway Company. Under  
the re-organization it was intend-  
ed to form a new company which  
will issue \$28,000,000 of first mortgage  
fifty year four per cent bonds, also  
\$50,000,000 of preferred stock and  
\$46,000,000 common. The total cash  
requirement of the re-organization will  
approximate \$25,000,000.

A voting trust, consisting of J. P.  
Morgan, George F. Baker and Rob-  
ert Fleming, the latter representing  
the more important foreign interests  
in the property, is to be created for a  
period of five years.

To participate in the plan, holders  
of the existing "B" preferred stock  
and the common shares will be as-  
sessed \$15 per share. Holders of the  
debentures which amount to \$28,000-  
000, will receive 110 per cent. In pre-  
ferred stock voting trust certificates  
of the new company while holders of  
the old preferred "A" stock will be  
given 120 per cent in new common  
stock.

## ORGANIZING POLITICAL MURDERS

Russian Douma Charges Doctor Du-  
brovin With Criminal Activity  
of People's League.

St. Petersburg, June 10.—The dou-  
ma by a large majority adopted the  
interpellation charging Dr. Dubrov-  
in, president of the League of Russian  
people, with organizing political mur-  
ders. The debate on the interpellation  
was conducted without the anti-  
cipitated disorders, although the  
opposition orators spoke with great  
frankness of the alleged criminal ac-  
tivity of the league which counts  
among its membership several promi-  
nent reactionary deputies. M. Ger-  
chori, social democrat, cited various  
documents secured from a former sec-  
retary of Dr. Dubrovin which show  
the close connection of the league  
with the secret police. He declared  
that Premier Stolypin had been aware  
for some time past where the mur-  
derers of M. Herbenstein and Joliss  
could be found, but that he had re-  
frained from prosecuting them.

## PRESIDENT IN ROLE OF HUMPTY DUMPTY

Rumor Has it That Council Will  
Again Elect New Chief Executive.

The story was afloat this morning  
that the city council at its next meet-  
ing again intends going into the vic-  
tims of the slides to be R. L. Baca, re-  
cently elected president of the coun-  
cil, after Thomas P. Gable had been  
deposed. It is said that since the local  
option election was won by the wet  
certain members of the council de-  
cided that the proper thing to do is to  
repeal the ordinance that calls for the  
outing of all saloons on January  
first. Knowing that Baca will remain  
firmly with the dry people and will re-  
fuse to vote for the repeal of the or-  
dinance, the members running af-  
fairs have decided to side-track him,  
and elect a new president.

## OFFICIAL MATTERS

Charter Surrendered.  
The Rocky Mountain Timber Com-  
pany, a foreign corporation doing  
doing business in New Mexico has  
surrendered its charter to Territorial  
Secretary Nathan Jaffa.

District Court Matters.  
Judge John R. McFie this forenoon  
granted a divorce to T. H. Williams  
of southern Santa Fe county, from  
his wife, Mary Blackerly Williams,  
on the ground of desertion.

Suit was filed in the district court  
for Taos county, by Juanita Martinez  
de Gonzales vs. Leandro Gonzales, to  
enjoin the latter from trespassing on  
three parcels of land claimed by  
plaintiff near Llano, Taos county.

Las Animas High.  
Territorial Engineer Vernon L.  
Sullivan received word today that  
the Las Animas river in San Juan  
county is very high and is sending  
into the San Juan a tremendous flood  
of water.

## WESTERN MAN SUICIDES IN CHICAGO.

New York, June 10.—An unknown  
man who committed suicide in Jack-  
son park, Chicago, today, is believed  
to be J. M. Mills, a Western man, who  
last winter lived at the New Mills hotel  
in this city. His address was not on  
record, but it was recalled that he  
had said he was from California.

(Continued From Page One)

or two ago that he was going to in-  
dulge in luncheons the same as other  
mortals his associates unanimously in-  
dorsed his decision.

The president discovered some time  
ago that he could safely take care of
