## PANA LABOR TROUBLES.

Troops Will Leave the Town Monday—  
More Negro Miners Coming.

Pana, Ill., June 22.—Major Cabanis, in command of companies D and H, 5th Illinois Infantry, has received orders from Governor Tanner to send the men home Monday morning, and notify all citizens upon presentation of receipts, arms taken from them by the military will be returned. The recall of troops was received by the majority of citizens with pleasure, and the general opinion is there will be no further conflict between opposing factions. Many imported negroes have already left, and the remainder will leave shortly. Operators, however, claim they are engaging 200 negroes to take the places of those who left, and expect them to arrive Saturday. Military officers believe riots will follow the removal of troops. Major Coram, Chief of Police Kieley and Sheriff Downey say there will be no trouble, but in case of an outbreak they will be able to restore order. Mine owners say it will be impossible for civil officials to prevent trouble. They will send a committee with a petition to Governor Tanner, urgently requesting the troops to remain here.

## A Cabinet for France.

Paris, June 22.—This afternoon announcement was made that Senator Waldeck Rousseau had completed the formation of a cabinet as follows: Senator Waldeck Rousseau, president of the council of ministers and minister of the interior; M. Delcasse, foreign affairs; General Marquis de Galleff, war; M. de Lanesman, marine; M. Monis, justice; M. Caillaux, finance; M. Millerand, commerce; M. Leygues, public instruction; M. de Crais, colonies; M. Jean Dupuy, agriculture; M. Daudin, public works.

## Wilkesbarre Explosion.

Wilkesbarre, Pa., June 22.—A heavy explosion of gas occurred this morning in one of the lower lifts of the Maxwell colliery of the Lehigh and Wilkesbarre Coal Company. Three hundred men were at work, but all escaped. The cause of the explosion is a mystery.

## The Khalifa Ships.

Cairo, Egypt, June 22.—It is announced that the Khalifa has been defeated with heavy loss by natives friendly to the British. It is added that he fled to the woods with a few followers and capture is imminent.

## Mobbed a French Brute.

New York, June 22.—A dispatch to the Herald from Rio Janeiro says: A mob forced the jail at Rio Grande and seized Jean Panare, a Frenchman, accused of assaulting a 3-year old girl, and after torturing him, burned him to death.

## POPE PRESENTS HATS.

He Also Opens and Closes Mouths of New Cardinals.

Rome, June 22.—The pope held a public consistory today to present hats to recently made cardinals, with the exception of the papal nuncio at Madrid and Archbishop Goritz. About 3,000 people were present, including the diplomatic corps, church dignitaries and Latin-American bishops. The pope was in good health. He conducted the ceremony with ease, and was loudly acclaimed upon entry and departure from the hall. He afterward held a secret consistory, with the usual ceremony of opening and shutting the mouths of new cardinals. The pope announced among the appointments to bishopric: Father Christie of Oregon, Father Dennis O'Connor of Toronto and Father Clontier of Three Rivers, Quebec.

## Solid for Silver and Bryan.

Louisville, Ky., June 22.—After a brief morning session the Democratic convention adjourned until evening to allow committees to work. The Stone-Goebel combination captured the temporary organization. The convention is solid for silver and Bryan.

## Germany's Reichstag.

Berlin, June 22.—The reichstag today rejected a motion to refer the labor protection bill to a committee. Conservatives, imperialists and a portion of the national liberals voted with the government in the minority. The reichstag passed to the third reading the Spanish islands bill. The members gave three cheers for Emperor William. The session was declared adjourned until November.

## Reunion Matters at Las Vegas.

Las Vegas, N. M., June 22.—L. H. Hofmeister, of the committee on music for the rough riders' reunion, has received information that the Mexican government will bear the expenses of the Chihuahua band and from El Paso, on Mexican territory.

Col. A. O. Brodie has arrived from Arizona. He and Capt. W. H. H. Llewellyn are the only officers who have so far arrived. Ex-Governor Adams, of Colorado, is here as a guest of the normal university. Governor Murphy, of Arizona, will arrive Friday.

## AFTER HAVEMEYER.

Henry Oxnard Says the Trust Is Telling Stories.

San Francisco, June 22.—Henry T. Oxnard, president of the American Beet Sugar Producers association has prepared a reply to H. D. Havemeyer's recent argument before the industrial commission at Washington. He flatly denies many of Havemeyer's statements and accuses him of seeking to destroy the American Beet Sugar industry in order to foster refineries that handle foreign raw material, besides attempting to divert public attention from the sugar trust by attacking the tariff.

## Dewey on Shore.

Colombo, Ceylon, June 22.—The United States cruiser Olympia, with Admiral Dewey on board, arrived here this morning, saluted and the forts replied. Dewey landed and proceeded by a special train to Kandy. He will remain in Ceylon about a week. The admiral says he had a good voyage from Singapore, and his health is fairly good.

## Schley May Go to Sea.

New York, June 22.—A dispatch to the Herald from Washington says: "Should the president decide, after consultation with Secretary Long, not to direct an investigation as to the Schley controversy, a suggestion will be advanced that the admiral be given duty at sea as he desires."

## SHOOTING AT THE PRESIDIO.

Troops Who Had Been On a Lark Wounded By Guards.

San Francisco, June 22.—The Examiner prints a story strongly intimating that John H. Reynolds, a wealthy member of a casual detachment at Presidio, was killed while trying to pass the lines Sunday morning. It is stated that members of the detachment say Reynolds was shot down by Wm. G. Harris, 24th infantry, and Harry Watts, John Tyrrell and Harry Barton, also members of the casual company were wounded by Trooper Wm. Sheehan, of the 4th cavalry. Barton is said to be in the post hospital with bullet wounds in the left forearm and left side. The men were attempting to reach their quarters after having visited several down town resorts, when they were discovered by guards and fired upon.

## Another Child Kidnaped.

South Framingham, Mass., June 22.—The community is excited over the disappearance of Helen Eames, the 11-year-old daughter of Alfred M. Eames, a wealthy wheel manufacturer. She was last seen leaving her father's office at 2 o'clock yesterday afternoon. Eames fears the child was kidnaped.

## Work of a Tornado.

Waterloo, Io., June 22.—A tornado last night blew down many barns. No loss of life is reported, but much stock was killed.

## The Kansas Miners.

Pittsburg, Kan., June 22.—Seventy-four more colored coal miners from the south arrived at Fleming today, and were put inside the company's stockade. Satisfaction prevails over the amicable settlement made yesterday between smaller operators and executive boards of the U. M. W. A. The executive board is now planning to begin upon big operators (railroads), who, it is believed, will concede the board's demands.

## Governor Teddy is Traveling.

Chicago, June 22.—Governor Theodore Roosevelt, of New York, arrived in Chicago late this afternoon on his way to Las Vegas, N. M., to attend the reunion of rough riders, which takes place June 24, the anniversary of the fight at Las Guasimas. A large crowd assembled at the station to welcome the governor, and as he stepped off the train he was greeted with hearty cheers. The governor was escorted to the Auditorium hotel, accompanied by several members of his staff, and will leave here at 10 p. m. over the Santa Fe for Las Vegas.

## The Cleveland Strike.

Cleveland, June 22.—Committees representing both sides of the street railway strike unanimously agreed on terms of settlement. Conditions are kept secret, and will be submitted to a meeting of the men this evening for ratification. No doubt of their acceptance is expressed by the strike committee.

## The Elks at St. Louis.

St. Louis, Mo., June 22.—The principal event of the Elks' reunion today were the prize drill and meeting of the grand lodge. It is expected the election of officers will take place late this afternoon. Judge B. M. Allen, of Birmingham, Ala., will succeed Exalted Ruler John Calvin, of Cincinnati, who declined re-election. He is the only candidate. The only contest is for grand secretary, George A. Reynolds, secretary for the past five years, and Burt W. Lyon, of St. Louis, are candidates. In the drill contest there were only two contestants, the Toledo "Cherry Pickers," commanded by Captain W. H. Cook, and the Louisville lodge team, commanded by Captain John H. Leathers.

## No King for Samoa.

Washington, June 22.—Secretary of State Hay has received a dispatch from Bartlett Tripp, United States commissioner at Samoa saying that peace has been restored in the island, the commission sustained the decision of Chief Justice Chambers in the contested election of King. The kingship will be abolished and a provisional government established.

Berlin, June 22.—An official dispatch from Apia, Samoa, confirms the dispatches of the Associated Press from Apia announcing Malietoa Tanumafili's abdication in favor of Samoan commissioners, who appointed a provisional government composed of the three consuls. An interesting point is the German confirmation of the statement that the commission recognized the competence of the chief justice to select a king. An official dispatch received from Berlin says that the chief justice and municipal authorities will exercise their functions until further notice, and Dr. Self, German president of the municipal council at Apia, has assumed office.

## Yellow Fever at Two Ports.

Washington, June 22.—Governor General Brown, at Havana, under date June 21st, cables the war department that two more soldiers died of yellow fever. Surgeon General Wyman of the marine hospital service yesterday received a telegram from Dr. Park, quarantine officer at Santiago, reporting the existence at that port of 14 cases of yellow fever and four deaths from that cause.

## A FILIPINO COLONEL.

He Was Sentenced for Having Preferred American Rule.

Manila, June 22.—Details of the sentencing of Colonel Arguelles, Filipino commissioner, to twelve years' imprisonment, has just been obtained here. It was first reported that his condemnation by Filipinos was due to friendship displayed towards Americans, but information just received shows the accusation against him was not based on his peace conferences at Manila, as supposed. They confirm President Schurman's belief in his sincerity, and show his advocacy of autonomy among insurgents was treated as treason. The charge against the colonel was that in conversation with Filipino officers he predicted disorders within insurgent territory would lead to civil war, and therefore said he considered autonomy under Americans preferable to independence. The Filipino congress tried him on a charge of treason, and finally sentenced him to death, but commuted to twelve years' imprisonment. Colonel Arguelles was one of the most conservative and respected men identified with the insurrection.

## Chicago Packers' Strike.

Chicago, June 22.—Sixty men employed by Swift & Co., today joined 400 strikers who yesterday quit the employ of various stockyard firms. Thirty colored men who went to the yards today expecting to be employed were frightened away by angry strikers. Butchers and platform men demanded \$1.75 instead of \$1.50. The Chicago Packing and Provision company today agreed to the terms and the strikers from this house resumed work. It was reported Armour & Co., would also grant the increase.

## McKinley Party in Massachusetts.

## TAXES ON BANK PROFITS.

The Collector Receives Instructions from the Department.

Judge A. L. Morrison, collector of internal revenue, has received the following decision from the deputy commissioner of internal revenue at Washington in reference to the tax on undivided profits of banks: "In reply to your letter of inquiry of the 7th instant, you are hereby advised that the only undivided profits of banks that are to be included in the return of capital and surplus, as a basis for reckoning the amount of special tax required to be paid by the bank are those which have been set apart by law or by action of the board of directors of the bank, or by an officer of the bank authorized by resolution of the board, for use in the business of banking. All undivided profits not thus formally set apart and used are excluded from the return."

## An Old Soldier Dead.

Frank B. Bick, a colored man, at one time a resident of Santa Fe died at Farmington, San Juan county, of asthma. He was aged 45 years. He served in the regular army having enlisted in the Ninth cavalry in 1869 and received a pension for injuries in Indian campaigns. After leaving the army he resided several years in Santa Fe and afterwards removed to Durango and Farmington.

## Money for Board of Trade.

The Ladies' Board of Trade has received the following letter from Trinidad, that proves there are people away from Santa Fe who love the old town and take an interest in its welfare:

"I see in the New Mexican that you are to have a 'social tea' to-morrow evening. As I can not be there to get into action, I enclose 50 cents for five cups, which would be as many as I could get away with if I were there. Your's is a noble work, and all lovers of old Santa Fe should contribute a little."

THURSDAY, JUNE 22.

El Paso can boast of one advantage lost to the rough riders by holding the convention at Las Vegas instead of at that outpost of Hades. The visitors would not have had to take blankets to El Paso.

There must be big business in sight in the Philippines. The Texas & Pacific Railway Company has detailed an El Paso employee to go to Manila and open a permanent commercial office for the company, to secure the routing of freight by that line.

The Denver Republican has ended the story that has for a quarter of a century floated over the country about wild camels in the deserts of Arizona, by stating that the last of the animals was killed and eaten by Indians a few weeks ago. One Indian could have eaten all the camels that have been running around loose in Arizona, at one sitting, and still have been hungry.

The rough riders will own Las Vegas for a few days as completely as they owned San Juan hill and the block house after their charge. But there will be no charge upon this occasion. The sum subscribed by the people of the hospitable city is nearly \$6,000, and they have requested the troops to leave their pocketbooks at home and to bring only their blankets, thirst and appetites.

President Loubet is finding much trouble in getting any one to undertake to secure a cabinet. He should engage the services of Hon. Thomas B. Reed while that gentleman is at hand. He could round up ministers, and when he got them into office he would know how to count a majority even if they refused to vote. France is young, and could learn much in the science of governing from this forceful gentleman.

Four thousand volunteers have decided to stay in the Philippines. Most of them will re-enlist in the army for a few months. Those who wish to be discharged and stay out of service will be allowed two months' extra pay, travel pay from San Francisco to home and the right of transportation and subsistence from Manila to San Francisco on any government transport within a year from the date of muster out.

Another outrage is reported. At least that is the way the train robbers will look at a recent order for troops to assist local officers in breaking up the lucrative practice of holding up trains. The Wardner criminals, who dynamited mills, think federal cognizance of their crimes is wrong. No thief ever felt the halter draw, with good opinion of the law. People who do not violate law do not care how much service of this character troops may do—the more the better.

Millions of dollars have been spent in securing speed for the great transatlantic steamers, but the transportation companies have now decided to build for comfort and safety hereafter. The big vessels recently ordered to take the place of the Paris and other fast ships are to be broader and slower, so that the passage will take eight days instead of six. The expense of the trip will be much less to the owner, and the charges to passengers may be reduced. The capacity of these ships will be greater, and the rolling motion decreased.

The peace conference at The Hague appears to have died in peace, as the press dispatches no longer tell of its sessions. Germany's representatives found all the other delegates so contrary that nothing could be agreed upon that Germany was willing to endorse. Only by unanimous vote could any agreement be made. As Germany did not wish to have the arbitration propositions of the American delegates adopted, the contrary majority was blocked from making that scheme go.

The Standard Oil Company has "flew de coop," and will roost with the mosquitoes in New Jersey instead of in Ohio hereafter, abandoning its charter and discharging all but six of its sixty clerks in the offices in the former state. Ohio was too warm after the greedy gang. The strong anti-monopoly declaration of intentions by the late Republican convention boded more trouble. Some day this corporation may have to follow the thieving lottery company that was outlawed, driven to a foreign island to do business, and practically destroyed by being denied the use of the United States mail service.

Secretary of State Hay, who can not be accused of ignorance as to conventionalities after his official residence abroad, and at the American capital, gave Washington society a shock one morning last week. He appeared at a morning wedding clad in a white flannel suit that made the president and others present, who were in Prince Alberts, look as hot as they were. The mercury was at 100, but the secretary of state looked as cool as a dew-kissed pink.

It is time for the Cerrillos smelter to go to work. It has been lazy too long already.

The entire west will rejoice that the smelters and mines of Colorado are not to be long idle.

Jesse James' son has gone into the literary line and written a history of his famous father. Missouri can not longer be considered as uncultured.

Some time ago Chicago men organized a club to secure a population of 2,000,000. A way was soon found to make the score. The police took the census and made the necessary affidavits. No jury would ever hang a man upon the affidavit of a Chicago policeman, but as to the census, Chicago is willing to let it go at that.

Sugary Havemeyer should be the nominee of the Democrats for president. He has coined a new phrase for them. "Tariff is the mother of trusts," he has testified. Well, tariff just now is nursing the United States treasury very successfully. The sugar trust imported a great quantity of raw sugar to beat the Dingley bill. But the supply has been exhausted, and the government is getting revenue from the sugar trust. Perhaps that's what's the matter with Havemeyer.

The army officers favor the post canteen, where beer is sold under their supervision and regulations, the profit going to the benefit of the men. Certainly the officers desire to be rid of drunken soldiers and to have as little intemperance among the men as possible. By moderate indulgence in beer on a reservation, the men are kept from seeking the murderous dives and poison shops always to be found bordering the military grounds. These places are the scenes of murders and debaucheries that give army and civil officials much trouble. The judgment of the military officers should govern in regard to the canteen.

Michigan celery has reached the Kansas City market, and sells for 5 cents per stalk. Why not Roswell celery? It can not be excelled, and can quickly reach the market. Later on train loads of celery from California peat lands will go through New Mexico to Kansas City, there to be repacked and shipped all over the country. Roswell's mucky soil produced much celery last year that was sold at fine prices in Texas, one shipper receiving over \$5,000 from twenty acres. The new railway permits the product to reach the greatest market in two days less time than the celery from California, and shipments in that direction will probably be made this season.

One 500-acre apple orchard at Roswell will this year become a shipper for the first time. As the apple crop there is never a failure, and the fruit is always of superior quality, this orchard will be worth a fortune to its owners. The crop from three acres, on an old orchard, has frequently brought from \$1,600 to \$1,800, sold on the trees. The scarcity of fruit in the new sections of the valley and surrounding country caused the high prices to be realized. Of course, the valley market will not consume the crop of the big orchard, but Texas and New Mexico will buy the last one of the apples at profitable prices. There is an abundant western market. Besides the apples are firm, free from pests, and would bear shipment to Europe, or even supply the soldiers in the Philippines.

### Pecos Valley Peaches.

F. G. Tracy, land commissioner of the irrigation company at Carlsbad, who has shown the most energy and intelligent effort in making a success of peach growing on a commercial scale in that section, has his reward this year in an excellent crop of fine varieties. When his orchard was planted it did not thrive, stunted trees having been delivered by an eastern nursery. These he replaced after a year or two of wasted time, and fertilizer was purchased to stimulate growth when it seemed slow. Discouragements of various kinds followed, but success was finally won. Other men had grown fine peaches, but not in sufficient quantity for shipment. Mr. Tracy found that the theory that one could plant trees, turn on water and watch them grow would not work. His efforts have resulted in securing a model orchard, and a handsome revenue is in sight for this season. Some of the fruit will soon be on the market. Failures were made in peach orchards in that end of the Pecos valley by parties who did not pursue careful methods, doing little to help the trees after they were planted. This orchardist has shown how an irrigated peach orchard there should be handled.

### Lawless Miners.

Santa Fe county has a case in point. If the men under arrest for shooting a miner at Madrid are guilty they must be punished. If not, then the guilty ones must be found. By vigorous handling of this outbreak the territory will be saved more serious trouble in the future.

To-day at Wallace, Idaho, will occur the hearing of the cases of the men engaged in the recent riot at Wardner. The government has restored order at the request of the governor of Idaho, as it did in the same district some years ago when riot and destruction of property occurred. Then arrests were made, indictments were found, and trials were had. But not one person was ever convicted and punished; and the secret, lawless organization which had been overthrown by a transient display of authority returned to power, and has maintained since its supremacy over law and justice. Nobody has dared to oppose it openly; or even to make known its tyranny. The country has acquired a reputation for violence, and because of the insecurity of life and property that do it inestimable damage and which will prevent the investment of capital and industrial development.

Such practices as have been indulged in at Wardner probably began with smaller demonstrations than those which have attracted wide attention. The officers probably took no earnest steps to secure convictions in the first violations, and bolder ones naturally resulted. The time to check violence is to begin with the first infringement of the law, before a community be intimidated, and then juries may be had to convict.

# RUNNING SORE ON HIS ANKLE.

After Six Years of Intense Suffering, Promptly Cured By S. S. S.

Obstinate sores and ulcers which refuse to heal under ordinary treatment soon become chronic and deep-seated, and are a sure sign that the entire circulation is in a depraved condition. They are a severe drain upon the system, and are constantly sapping away the vitality. In every case the poison must be eliminated from the blood, and no amount of external treatment can have any effect.

There is no uncertainty about the merits of S. S. S.; every claim made for it is backed up strongly by convincing testimony of those who have been cured by it and know of its virtues by experience.

Mr. L. J. Clark, of Orange Courthouse, Va., writes:

"For six years I had an obstinate, running ulcer on my ankle, which at times caused me intense suffering. I was so disabled for a long while that I was wholly unfit for business. One of the best doctors treated me constantly, but did me no good. I then tried various blood remedies, without the least benefit. S. S. S. was so highly recommended that I concluded to try it, and the effect was wonderful. It seemed to get right at the seat of the disease and force the poison out, and I was soon completely cured." Swift's Specific.

### S. S. S. FOR THE BLOOD

—drives out every trace of impurity in the blood, and in this way cures permanently the most obstinate, deep-seated sore or ulcer. It is the only blood remedy guaranteed purely vegetable, and contains not a particle of potash, mercury, or other mineral. S. S. S. cures Contagious Blood Poison, Scrofula, Cancer, Catarrh, Eczema, Rheumatism, Sores, Ulcers, Boils, or any other blood trouble. Insist upon S. S. S.; nothing can take its place.

The Atlantic Steamship Company's office at Liverpool reports a remarkable boom in all branches of trade with the United States. Imports of iron, steel, provisions, and manufactured goods from the United States are beyond precedent. Exports from Liverpool to the United States also are far greater than last year. Just now, of course, the tide of tourist travel is setting to Europe, and all saloon berths by the great transatlantic lines are engaged far ahead of the dates of New York sailing.

### PRESS COMMENTS.

THE GOLD STANDARD.

(Washington Post.)

The Post does not know of a single newspaper in the United States, except the advocates of free coinage, that is not in favor of putting the gold standard into plain, unmistakable law. As this matter stands to-day, and as it has stood since resumption, any secretary of the treasury could put the finances of the country on the silver basis. It has not yet been forgotten that one of the distressful incidents of the panic of 1893 was an intimation from Secretary Carlisle that he had some idea of using silver instead of gold in meeting the obligations of the government. The results of that incident were among the influences that made Mr. Carlisle a firm friend of sound money, an inflexible opponent of 50-cent dollars.

A gold-standard administration has no difficulty in finding in these provisions ample authority for maintaining that standard. On the other hand, a free-coinage administration would find authority to use "coin," and having silver on hand, would use it in a way that would at once destroy the parity. Hence the necessity for putting the standard into the statute book. Hence, also, the necessity for breaking the endless chain by enacting a law that when the government has paid gold for a legal-tender note, it shall hold that note until gold is offered for it. The coinage of the United States, as relates to standard and all details, is always at the disposal of the people and the states, acting through congress. It should always be kept under such control. But that is not now the case, for the power of the executive is unlimited in the matter of standard. That power and the danger involved in its existence ought to be removed.

### BAD OUTLOOK FOR ANTI-EXPANSION.

(Brooklyn Eagle.)

As for opposition to expansion, events by the fall of 1900 will quite probably make it so quixotic and so unpractical that any political party espousing the issue will likely feel that it would be better had a millstone been hanged about its neck and had it been cast into the depths of the sea. A program to renounce courage, to exploit timidity and to confess incapacity, as well as to reverse the results of a glorious war, should never be a program for that party which Rufus Choate boasted "was proudly wont to carry into foreign affairs a gay and festive spirit of defiance."

### Civil Service Comment.

Editor New Mexican: In the matter of the late (and too long deferred) revision of Cleveland's "blanket" civil service order by President McKinley, it may be of interest to the public to know a few of the facts relating to the said revision, especially the noteworthy one that officials and employees in the various departments who were covered into bed-fellowship by this malodorous blanket, were given the opportunity to express their opinions upon the letter and spirit of the "blanket" order. These opinions and recommendations laid before the president by the various department heads and discussed in cabinet, were in themselves the basis of the revision, so long delayed by the more grave conditions of the Spanish war, happily ended.

The position of special agent of the general land office, which I have the honor to hold, is one of those which, in the estimation of right thinking men, was improperly included in Mr. Cleveland's "order," and I took occasion to present to the president, through the proper channel, my reasons as to why such a naturally personally confidential relationship should not be one of a forced character, and I am much gratified to have been informed of the success which met my reasonings and recommendations; and that in future, "merit and fitness," combined with Democratic party affiliations, will, should that party secure control of the

administration, enable the then president to revolve the wheels of government with the assistance of his personal and political friends, just in the same degree that the present Republican administration is justified and should be commended by all Americans who are opposed to an office-holding class, for assigning to the various positions of trust and responsibility (aside from mere clerkships and persons in the classified service) personal and political friends having "merit and fitness" in connection with Republican party affiliations. This is not "spoils," but common sense.

## LORETTO ACADEMY

The 46th Annual Commencement  
Exercises Held at That Institution  
Last Evening.

### BRILLIANT MUSICAL SOIREE

Pupils Large and Small Entertained a  
Audience for Several Hours with Inter-  
esting Recitations, Dialogues, Drills  
and Musical Selections.

The sweet girl graduate celebrated her success last evening at Loretto Academy, and a fair and brilliant triumph it was, a triumph for teachers as well as pupils, showing that there is at least one institution of learning in Santa Fe that is the equal in standing and in results accomplished, of any similar institution of learning. For three and a half hours the pupils of the school held the attention of an audience of 400 people with musical and literary selections.

The stage presented a beautiful parlor scene, with summer blossoms and vines in prominence. The pupils of the school who appeared upon the stage were dressed in white, wearing flowers in their hair or corsage. They possessed a graceful stage presence, and there was not a hitch in the program of twenty numbers.

The entertainment was introduced with Suppe's famous overture from Poet and Peasant. It was brilliantly played on three pianos by the Misses Tipton, Zaczynski, Murphy, Hampel, Truswell and Pitts. After the overture the second literary honors, silver wreaths, were awarded by Bishop Bourgade to Misses Nona Murphy and Lulu Hudgens.

The Loretto's Minims of '99 entertained the audience with a clever piece of musical comedy, "The Burlesque Band Organized," each one of the seven or eight bright little girls imitating a band instrument. The little girls wore sashes of national colors, while the leader wore a uniform of the colors.

The next number was greeted with loud applause, and an enchanting scene it presented. A mandolin and guitar orchestra, consisting of Misses Tipton, Zaczynski, Murphy, Hampel, Truswell and Pitts, with mandolins; Misses Tipton, Smith, McNulty, Zaczynski, Perea and Hilton, with mandolins; and Misses Hudgens, N. Murphy and N. Delgado, guitars, were artistically grouped upon the stage beneath the glittering electric lights. They played a melodious, dreamy dance melody entitled "The Masqueraders Waltz," whose strains haunted one long after the last echo of applause had died away.

"Hearts Light as Air" was sung by a class of thirty or more voices. The song breathed a spirit of gaiety and innocent joy, and the singers interpreted it with skill and enthusiasm. The solo obligato parts were well sung by Miss Nona Murphy and Miss Tipton.

Mendelssohn's immortal "Midsummer Night's Dream" was interpreted with wonderful expression and precision upon the piano by Misses Tipton and Miss Zaczynski. Both of the young ladies excel as pianists, not only in a mechanical way, but in their power to interpret the classic masterpieces.

Miss Nona Murphy recited "Queen Vashti's Lament," by J. Reade, with feeling.

The brilliant Nordica waltzes, by Tournee, were masterfully played by a guitar and mandolin chorus consisting of Miss Hampel, pianist; Miss Tipton, McNulty and Smith; first mandolin; Misses Murphy and Zaczynski, second mandolins; Misses Hilton, Perea and Sarracino, third mandolins; and Misses Hudgens, Delgado and Truswell, guitars.

The juniors and minims presented a charming little drama entitled "On a Strike."

"The Jolly Waiters" were represented by fifteen misses in French, German, Irish, Chinese and negro costumes. Their evolutions were naive, in tripping measure and in dialect they told of the delicacies of the nationalities they represented.

"The Polo Galop," a spirited piano selection, was played with ability by the Misses Zaczynski, Tipton, Truswell, Crumpacker, Kennedy and Romero. The general technique of the pianists was excellent.

Miss Gabrielle Zaczynski read an essay, "The Paradise of Literature," reviewing the world's literature in an allegory, in which she warned against the brilliant and yet noxious flowers that grow in the literary garden.

The Amazon drill, by twelve young women in red gowns, glittering breastplates and spears, was well done.

Miss Lulu Hudgens, in pantomime, told the pathetic "Story of a Faithful Soul."

"Come Where the Rosebuds Bloom," a vocal duet by Misses Murphy and Tipton, with Miss Zaczynski as accompanist, enraptured the audience with its bewitching harmony.

The Misses Neher, Sandoval, Bergere, Hilton, Ortiz, Downie, Sanchez, Hampel and Dorland, all of them younger pupils, played upon the three pianos on the stage the "Grand Overture March," a simple selection that required great precision in time, and was demonstrative of the skill of the pupils in that respect.

Invocations by Rev. G. S. Madden, Salutatory by William D. Minor, Oration, "Success," by Richard M. Graham, Piano solo, "Far from Thee" by May Throssell, Oration, "Duty," by James A. Brown, Chorus, "Fairland Waltzes," by Oration, "Character," by T. S. Throssell, Piano solo, "Polish Dance" by Will S. Hall, Valedictory, "A Plea to the Indians," by Harry Throssell, Vocal solo (selected) by Douglas Holt, Presentation of diplomas, Orchestra, "La Petite Polka" by Rollinson.

Informal musicale and reception until 11 p. m.

Joint Odd Fellows' Meeting.

There will be a joint meeting of Paradise lodge No. 2 and Azilian lodge No. 3 I. O. O. F. this evening at 8:00 o'clock in honor of Grand Master John C. Spears, of Gallup, who is making a tour of inspection. He expects to visit Madrid Odd Fellows tomorrow evening and from there he goes to Las Vegas and on north.

School Notes.

The public is invited to attend closing exercises of the schools, at the university at 8:00 o'clock to-night.

Wardron Redd is declared to be the champion vertical penman of the schools.

Fincher & Co.'s candies are always fresh.

"The Conquered Banner," a selection of touching pathos and of thrilling interest, was told in pantomime by nine young ladies. It was an aptrophe to a tattered "Confederate" banner. The pantomime was a study in dexterity and expression that roused the audience to enthusiasm.

"On the Race Course" was a descriptive piano selection rendered by the younger pupils, Misses Hampel, Neher, Pitts, Hampel, Sandoval and Ortiz. Its crescendo and diminuendo passages, as well as several changes in time, were well executed by the players.

The Loretto choir sang the "Magnificat" in Latin with fervor and sweetness. The concluding selection was T. Matter's "Grand Valse de Concert," by the Misses Tipton, Zaczynski, Murphy and Hampel. The tripping measures, the smooth flowing and yet grand harmony of the selection were well interpreted by the pianists.

There was an air of expectancy as Vicar General Fourcheu stepped upon the stage to announce the awarding of prizes, and every winner was greeted with applause as Father Fourcheu, Bishop Bourgade or the donors of the medals bestowed the golden prizes, as follows:

Gold medal for lady-like deportment, presented by Very Rev. A. Fourcheu, merited by Misses Lulu Hudgens, Nona Murphy, Katie Kennedy, Florence Hampel, Cecile Truswell, Rosalia Romero and Ynaita Cordova; drawn by Miss Flossie Hampel.

Gold medal for Christian doctrine, presented by Rev. J. Deraches, merited by Misses Mary Tipton, Mary Sena, Katie Kennedy, F. Hampel, Cecile Truswell, Carola Jaramillo, Rosela Romero, Anita Sanchez, Marie Sarracino and Cornelia Gonzales; drawn by Miss Mary Tipton.

Gold medal for music, presented by Rev. George Juillard, awarded to Miss Gabrielle Zaczynski.

Gold medal for mathematics, presented by Hon. F. A. Manzanera, awarded to Miss Nona Murphy.

Gold medal for excellence in studies, presented by Loretto Academy, awarded to Miss Lulu Hudgens.

Gold medal for elocution, presented by Mrs. B. Seligman, merited by Misses Nona Murphy, Lulu Hudgens, Mary Tipton, Nicola Delgado and Cecile Truswell; drawn by Nicola Delgado.

Gold medal for diligence, presented by Mrs. J. M. Castillo, awarded to Miss Katie Kennedy.

Gold medal for application, presented by Loretto Academy, merited by Misses Cecile Truswell, Nattie Sandoval, Carola Jaramillo, Lottie Garcia, Helen Gildersleeve and Lenita Ortiz; drawn by Miss Nattie Sandoval.

Gold cross, presented by Loretto Academy for vocal music to Miss Nona Murphy. Miss Murphy possesses a voice of marvelous richness, volume and sweetness, and her renditions last evening were superior to those of many a professional singer who has earned fame and wealth with her voice.

Crown for good conduct, junior department, merited by Misses Carrie Neher, Nattie Sandoval, Guadalupe Jaramillo, Anita Berger and Edna Downie; drawn by Miss Anita Berger.

Misses Mabel Gildersleeve, Katie Kennedy and Mary Sena, graduates from the grammar department, merit special commendation on their high averages in examinations.

Father Swift, an eloquent priest from Pueblo, made the closing address. He is a brilliant orator, and paid deserved tribute to the educational work of the Sisters of Loretto, and the work of the pupils. He made the assertion of Washington in his farewell address that this nation would last as long as it remained a religious and a moral nation.

The entertainment last evening was the forty-sixth annual commencement of the academy, and there is no doubt that its work better advertised the academy would not be able to accommodate all the pupils that would seek admission next term. Its work, especially in music, elocution and art is undoubtedly very successful, and merits general recognition.

In the audience last evening were many visitors from a distance. Many of the pupils left for their homes today.

Go to J. A. Davis 'or your plumbing; good work at reasonable prices. Lower Frisco street.

### ST. MICHAEL'S COLLEGE.

Fortieth Commencement of the Oldest College in the Southwest.

St. Michael's College, one of the oldest, if not the oldest college in the west, held its closing exercises this forenoon. For three days previous the 150 students, half of them boarding pupils and the others day pupils, underwent a rigid examination in Spanish, commercial law, telegraphy, stenography, algebra, music, English composition, English grammar, etymology, Christian doctrine, reading, orthography, penmanship, geography, modern history, United States history, Bible history, arithmetic, mensuration, drawing, hygiene, bookkeeping, typewriting and kindred studies.

The audience this morning consisted of parents of the pupils, some of whom had come a great distance, and other friends of the school. The program was interesting, consisting of music, orations, declamations, dialogues and other literary exercises that were given, without exception, in excellent manner. The music was pleasing, although only a few months had been devoted to that branch.

The orchestra rendered the "Bonnie Waltz," "La Cantinera" and a prelude. The brass band played several selections, and the orchestra gave "The Return of the Heroes" in fine style. The choir sang several selections in a manner that proved that the singers had good voices that had been well trained.

Declamations were given by T. Mirabel, A. Mejia, A. Castillo, B. Abraham, F. Chavez, A. Weller and C. Creamer. B. Abraham, of Mexico, recited "The Charge of the Light Brigade" in a superb manner. The declamations of C. Creamer, F. Chavez and A. Weller, too, were worthy of more than casual mention.

Recitations were by S. Hubbel, M. Garcia, Alex. Martinez, F. Griego, A. Gusdorf, F. Connor, E. Napoleone, B. Cacciavillani, E. O'Donnell, Thomas Delgado and B. Otero. The recitations proved that the pupils receive proficient instruction in elocution.

Two interesting and clever dialogues were presented by the pupils. They were entitled "A Friend of the Fly" and "Quarrelsome Servants."

M. Gusdorf played a piano solo, a mazurka, with the touch and feeling of a born musician. A guitar solo by A. Dela Ossa, and a guitar and violin duet by Mr. Ossa and B. Abraham, also were splendidly played. Violin solos were given by Sidney Hubbel, J. Castillo, L. Delgado, B. Abraham and A. Salazar. They all showed proficiency upon that most difficult of musical instruments, the violin. Nor must the fine singing of a quartet be forgotten which rendered a classic air from Bellini in artistic manner.

### THE MADRID SHOOTING.

Three of the Men Were Lodged in Santa Fe Jail Last Night.

Sheriff Kinsell returned last evening bringing with him three prisoners arrested at Madrid for seriously wounding John Holdenhurst. The men lodged in the jail are James Hicks, Ed. Norton and Nelson True. Thomas Donnelly and A. McManus who had also been arrested on the same charge furnished appearance bonds for \$3,000 each.

It is stated that it will be difficult to secure evidence against the accused men, as the people of Madrid are generally unfriendly to non-union laborers. As a matter of fact, the wrong brother was shot, it is said. Henry Holdenhurst and not his brother John was the man who had taken the position which several union predecessors had quit. He was put down as a "blackleg," and was several times ordered to quit. The wounded man is improving, and will probably recover.

The McKinley boarding house, where the shooting occurred, is the first hotel on the main street. It is a large two-story frame building, and there are about twenty-five to thirty boarders housed there. It was at 10:30 o'clock Monday evening that three men with guns posted themselves in the rear of the house, one armed man on each side and one in front. Three others then forced open the door, and, pushing the proprietor of the hotel in front of them, entered the room in which the two Holdenhurst brothers were. The proprietor tried to keep back the men with a cane, but without avail. The Holdenhurst brothers were given no time to resist, and after wounding John the assailants retreated. The work was done so quietly that many people in the little town did not know of the shooting affair until the next day.

The men for whom Sheriff Kinsell had warrants offered no resistance, and made no effort to run away. One of the men, Norton, was arrested at Dolores. True is the only one of the men who has a family, and all are comparatively young. They have engaged no attorney as yet, but have asked for a change of venue. They will be given a preliminary hearing before Judge Kendall, of Cerrillos, June 28.

### INTERESTING SUITS.

Complaints Filed by Local Attorneys in the First District Court.

Attorney A. B. Renehan yesterday filed suit in the district court for Oscar C. Foltz vs. George W. Hickox of this city. The suit is a peculiar one. Hickox, it is alleged, persuaded Foltz to come to New Mexico from San Diego to take charge of a ranch at Tesuque. Foltz claims that conditions here were misrepresented to him and asks for \$1,000 actual damages and for exemplary damages for alleged fraudulent and deceitful misrepresentations, which Hickox is accused of having made.

Mr. Renehan also filed a suit in the district court for Thomas P. Gable vs. John Hixenbaugh, of Raon, for recovery on a protested check for \$110. W. H. Pope this afternoon filed two suits in the clerk's office of the district court. One was for a recovery on a six months' note of \$250, belonging to Henry M. Earle, of New York.

The other suit is rather an interesting one. It is brought on behalf of Josephine and Malinda Digneo against the Sovereign Camp of Woodmen of the World, Louis Digneo, a member of the lodge and the brother of the plaintiffs, was found dead at Cerrillos last fall with a bullet hole in his body. The lodge refused to pay the \$2,000 benefit and the \$100 it allows for a tombstone, because the coroner's jury brought in a verdict of suicide. The lodge allows no benefits for suicides if the deceased was in his right mind at the time he committed the deed. As it is not legally established that Digneo did commit suicide, or that he was in his right mind if he did commit suicide, there is good ground for a suit, even if the court should uphold the suicide clause in the policy.

When disease has become chronic and deep seated it is often difficult to cure it. That is the reason why it is best to take Hood's Sarsaparilla when disease first shows itself in pimples, headaches, indigestion, or other troubles which tell of poor blood, weak stomach or disordered liver or kidneys. This great medicine regulates the whole system. It never disappoints.

The G. A. R. Post.

Carleton post, G. A. R., held its opening meeting last night in the hall on the military reservation with a large attendance of resident and visiting comrades. The new quarters of the post will be duly opened to the public in a few days with appropriate ceremonies. A very handsome donation was made last night by order of ex-Governor W. T. Thornton of "Custer's Last Fight." This is a beautiful copy of the original painting presented to the 7th U. S. cavalry by citizens of St. Louis.

Carleton post as usual holds its own. It reported June 30, 1898, 55 members. December 31, 1898, 55, and, unless something happens between now and the end of the month, it will again report 55. During this year it has gained by muster and reinstatement, 3; loss by death and transfer, 3.
