Employment At Detroit Shoe
Factory.****MACHINES CAUSE TROUBLE****The Factory Owners Refuse to Use Union
Label and Threaten to Employ Non-
Union Men If Trouble Is
Prolonged.**

Detroit, Mich., June 29.—A complete lockout is in effect this afternoon in Pingree & Smith's big shoe factory, employing upward of 600 people. The only work in progress is that necessary to clean up machines. The trouble was forced by a strike this noon of the employees of the turning and the welt departments. Three weeks ago the factory started new machines in the shoe-turning department, which are operated partly by boys in place of men. The shoemakers' union declared unless higher wages were paid in that department upwards of 100 men employed in the turning and the welt departments should quit to-day. The company announced that if these men went out the entire factory would be shut down. The employees also complain that while the Pingree company and its employees hitherto have fixed the scale of wages for the year in May, this was not done this year. Last pay day the company notified all employees that it discontinued the use of the union stamp. The company gave out a signed statement this afternoon to the effect that its agreement with employees can not apply to work undertaken by new methods which are yet in an experimental stage. It states that the benefits of the union stamp were found to be not commensurate with its inconveniences, but that the company expects to treat with its employees as formerly. Frank C. Pingree this afternoon said a reasonable time will be allowed the strikers for consideration, but rather than suffer a long shut-down the firm would employ non-union men to fill the strikers' places.

The Wife Butcher Trial.

Chicago, June 29.—The trial of August Becker, the south side butcher charged with having murdered, then dismembered and burned the remains of his wife in order to leave himself free to marry Ida Sutterlin, a 17-year-old girl with whom he had become infatuated, came to a sudden end to-day when it was found that the indictment named Mrs. Becker as Elizabeth, when it should have been Therese. The court nolle prosequit the indictment. A new indictment will at once be drawn up.

The grand jury this afternoon voted another indictment against Becker. The jurors chosen to try Becker were kept together, and when the case is again called for trial to-morrow nearly all of them will be retained.

Explorer Andree's Letter.

San Francisco, June 29.—H. J. Baron, formerly an eastern newspaper man, has written the following from Wrangell, Alaska, under date of June 24: "Information received here several days ago confirms the story that Andree, the arctic explorer, is dead. A Norwegian passenger on the Rosalia, a Seattle boat bound for Skagway, showed a letter supposed to have been written by Andree. The letter was sealed in a bottle that had been washed ashore off the Norwegian coast, and dated May 4. The latitude was given as 74 degrees north. The balloon was somewhere to the westward of Iceland. 'I am leaving balloon and provisions—Andree,' were the words written."

An Oklahoma Murder.

Weatherford, Okla., June 29.—Alderman C. H. Griffiths was murdered by Dan Ashby last night. Ashby had been drinking, and started down Main street with a knife, saying he was going to kill somebody. Without warning he plunged the knife into Griffiths, who expired a few minutes later. Ashby was removed to Arapahoe to avoid lynching.

Mrs. McKinley Better.

Washington, June 29.—Mrs. McKinley's condition is reported as improved to-day, but she is still weak, and has not yet left her bed.

Crazed by Office Seeking.

Muskegon, Mich., June 29.—Mayor James Balbirnie was assassinated at noon to-day by J. W. Tayer, a disappointed office-seeker. Tayer shot Mayor Balbirnie while the latter was standing in the doorway of his store. The ball entered the left breast above the nipple. He expired fifteen minutes later. Tayer swallowed carbolic acid, shot himself and died at 1 o'clock.

President Will Come West.

Washington, June 29.—Senator Warren, of Wyoming, who called upon the president to-day, has contradicted published reports that he has abandoned the idea of going west this summer. He still intends to go unless circumstances should intervene to prevent, but has been unable as yet to consider details. Time and extent of his trip are matters for future determination.

The Stock Yards' Strike.

Chicago, June 29.—The number of men striking at the stock yards is variously estimated at from 500 to 1,500. The only skilled hands still out are the gutters. Packers declare that as they are now having that work done for less money the gutters can not get back. Those still out assert a general strike will take place July 1 unless their demands are met. Buying was light to-day, although all packers did some killing. One hundred and fifty men returned to work for Norton Bros' cannery at Maywood to-day, and it is asserted the backbone of that strike is broken.

The Saengerfest of America.

Cincinnati, O., June 29.—The postponement of the opening golden jubilee of the Saengerfest of the North American Saengerbund from last night until to-night caused much disappointment, but has not detracted from interest in the great musical event. There is no longer any reasonable doubt about the great hall being ready for to-night. While visitors did marching yesterday they were spectators to-day of a novel street parade gotten up by the press committee, assisted by citizens. This parade was a burlesque on street pageants, and was enjoyed more than any other demonstration of the week.

Among the many visiting musical societies, none attracts more attention than the Louisville Liederkreis, although many others are much larger. There will be over 4,000 in the mass chorus this week. The only society in the original fest of 1849, which will be present this week in the twenty-ninth saengerfest, is the Louisville Liederkreis. At the meeting of the bund, one of the chief features is the Commers, and that part of the festival began to-day and will continue over Sunday next. Among the orchestral numbers attracting particular attention in rehearsals is Wagner's "Kaiser's March."

An Editor Dead.

Tacoma, Wash., June 29.—Vincent Ryan, editor of the Tacoma News, dropped dead this morning in a restaurant.

Railways Consolidating.

New York, June 29.—The directors of the New York Central and Hudson River railroad met to-morrow to formulate a proposition to the Boston and Albany stockholders looking to a lease of that railroad for a term of years. Plans are under way for a complete consolidation of the New York, New Haven and Hartford, Fitchburg, Boston and Maine, and Maine Central with the New York Central. Plans for absorption of the North-western, Union Pacific and Oregon Short Line are maturing rapidly. The Big Four and Chesapeake and Ohio are said to be also included in the scheme of consolidation.

Back from Bluefields.

New York, June 29.—The United States cruiser Detroit, Commander Dayton, arrived during the night and anchored off Tompkinsville. The Detroit was at Bluefields taking care of American merchants there, whose lives and property were endangered by the unsettled state of Nicaragua's politics. The Detroit brought from Bluefields the body of General Daniel McAluley, of Indiana, who died at Managua, Nicaragua, several years ago.

Commander Dayton is to go on waiting orders, being replaced by Commander Hemphill, now in command of the Buffalo.

"Them That Has Gits."

Cambridge, Mass., June 29.—The crowning event at Harvard's commencement was the alumni dinner in Memorial hall. The guests included Ambassador Jules Cambon, General Leonard Wood, Governor Roger Wolcott and Admiral Sampson.

President Eliot reported gifts of \$1,250,000 to the college during the year. Ambassador Cambon, on whom was conferred the degree of LL.D., made an address. Admiral Sampson and General Wood talked on war topics informally.

Tin Plate Mills to Close.

Pittsburg, Pa., June 28.—As a result of failure to settle the tin-plate wage scale at the Chicago conference, all tin-plate mills in the country will close down to-morrow at midnight. Nearly 50,000 men will be idle. Circulars have been sent to all lodges notifying them of the non-success of the Chicago conference. It is expected that the sentiment of the men on the question will reach local officials at the offices Monday next.

Five Men Drowned.

Clarksville, Mo., June 29.—Five men were drowned in the Mississippi river a mile above here by the overturning of a skiff. They were laborers engaged in river improvement work now going forward in this district under the direction of United States Assistant Engineer Captain S. Edwards.

Mrs. Southworth Dying.

Washington, June 29.—Mrs. Edna Southworth, the novelist, is considerably worse to-day, and death may occur at any hour.

A Wreck on the Lake.

Chicago, June 29.—The steamer Margaret Otwell, owned by T. P. Smith, of Cleveland, went down in a storm off Loraine, Lake Erie, last night. Twelve people were lost.

The Plague at San Francisco.

San Francisco, June 29.—Dr. Babata, bacteriologist of the board of health, has just returned to report his examinations of the glands of two Japanese drowned while trying to escape from the steamer Nippon Maru, now held in quarantine on account of three suspicious deaths which occurred on the trip from China and Japan. Dr. Babata found bacilli resembling those of bubonic plague, and to make his determination doubly sure, he will propagate their growth.

Bright Miller, of Lewisburg, Pa., for \$13,000; and the Commercial National Bank of Denver for \$3,600, making a total of \$37,720. The assets are declared to be \$50 by Mr. Miller. The creditors have been asked to appear at a hearing to be held in Attorney Read's office July 13 at 10 a. m.

So the falling of the hair tells of the approach of age and declining power.

No matter how barren the tree nor how leafless it may seem, you confidently expect leaves again. And why?

Because there is life at the roots.

So you need not worry about the falling of your hair, the threatened departure of youth and beauty. And why?

Because if there is a spark of life remaining in the roots of the hair
