SOUTH SIDE OF PLAZA.

Souvenir China.

We have just placed on sale a line of souvenir china, made especially for us in one of the more famous German potteries. It consists of A. D. coffees, teas, B. and B. plates, cake plates, bonbonnières, candlesticks, etc. Each piece is decorated with a reproduction of a photograph of "Old San Miguel Church" or the "oldest house in the United States." Prices small—25c and 50c.

Fresh Poultry and Fish.

We receive dressed poultry on Mondays, Wednesdays and Fridays. Fresh fish every Friday.

Fresh Candies, Nuts and Fruit

We always have a good assortment.

Potatoes, Flour, Hay and Grain.

We are large handlers of these staples; move our stock rapidly and thus insure our customers against receiving old goods, while our prices will always be found correct.

Teas and Coffees

We give special attention to this department and can give best values at any price. Good quality black, green or mixed tea, 50c per lb. This grade is usually sold at 60c to 70c per lb.

Strawberries, Raspberries, Blackberries

We are now receiving these fruits packed on ice, by direct express from California, on Mondays and Fridays.

**CHAS. WAGNER

60,000,000 COFFEE DRINKERS.

Why the Famous Firm of Arbuckle Bros.
Control the Bulk of the Coffee Trade.

It is estimated that there are fifty
million coffee drinkers in America. We
have long since passed the mark of being
the largest coffee consumers in the world,
one-third of the entire coffee
grown being used in America. This proportion
has been steadily growing since
1881, when the total amount of coffee
imported was only 79,000 tons.

From Brazil, Peru, Java and Sumatra,
Ceylon, India, Africa, the Philippines
and the islands of the tropical seas,
bags, bales and barrels pour into
New York City every year by the hundreds
of thousands. From New York they
are distributed to all parts of the country.

But the greater portion of the coffee
imported is retained in New York by
the famous firm of Arbuckle Bros.—the
largest coffee dealers in the world. They
buy more than all other dealers com-
bined, and the name Arbuckle has be-
come synonymous for immense dealings
in the favorite breakfast beverage. This
has given them great prestige among
coffee growers in every part of the
world; and as large buying always
makes for good buying, it is not sur-
prising that Arbuckle's has become fa-
mous as the standard of coffee values,
a standard no other house has been able
to reach.

Millions of homes in every section of

the country to-day use nothing but Ar-
buckle's coffee. The test of experience
has taught the careful housewife that
her faith not only means money saved,
but that she is supplying the best coffee
that money can procure for the coffee
drinkers of her household.

One immense advantage possessed by
Arbuckle Bros. is that of being able to
deliver the coffee berry to the consumer
with all its delightful aroma and flavor
intact. This they do by a process, the
patents of which they exclusively hold,
covering the many little pores of the
berry, thereby holding in its goodness.
The ingredients used in the process are
entirely wholesome, and nothing deleter-
ious is used to mar the delicacy of
flavor or taste.

Part of the success of Arbuckle's coffee
has been due to the generous and
unique system used to popularize it. In
each package of the coffee there is a list
of articles. With each package in which
the list is found the purchaser buys a
definite part of some article to be se-
lected by him or her from the list, sub-
ject only to the condition that the sig-
nature on the package is to be cut out
and returned to Arbuckle Bros. Every-
body should see this list.

ANXIOUS IN ENGLAND

Kruger Demands to Know Why British
Troops Assemble on
the Frontier.

SOUNDS LIKE A CHALLENGE

The Council of the Cabinet Tomorrow Not
Expected to Precipitate a War—There
May Be More Threatening of the
Little Republic.

Pretoria, September 7.—At the desire
of the Transvaal government, there has
been transmitted through Conyngham
Green, the British diplomatic agent
here, to Sir Alfred Milner, British high
commissioner for South Africa, an in-
quiry whether an explanation will be
given in regard to the mobilization of
the British troops on the Transvaal
frontier.

London, September 7.—If the Trans-
vaal situation has changed at all since
yesterday it is for the worse. The Boer
request for an explanation as to the
massing of British troops on the front-
ier of the Transvaal has an ominous
note of irritation, which, at such a crit-
ical stage, can scarcely be interpreted
as anything but defiance. Both here and
at Cape Colony the tension and arm-
ing continues. Whether to-morrow's cab-
inet council will afford immediate relief
is in great doubt. The more conserva-
tive belief is that the cabinet will only
put a time limit upon negotiations, and
in the interim will be a repetition of
the anxious times which marked the
past few weeks.

London, September 7.—The London
edition of the Standard and Digger
News, the official Boer organ, to-day
says: "We can state that diplomatic
correspondence between the Transvaal
and the colonial office is of a reassuring
nature, and the dispute now has nar-
rowed to an issue which should make
settlement possible. The Transvaal is
prepared for all eventualities, but re-
mains hopeful of a peaceful settle-
ment."

Nothing learned here tends to con-
firm the foregoing statement. A special
correspondent of the Pall Mall Gazette
at Cape Town, in a dispatch dated to-
day, says: "It is believed in Africa that
the Transvaal intends forcing
matters to a sudden issue, and war
may possibly break out within forty-
eight hours. It is supposed the first act
on their part will be to advance on
Lalag's Neck (sole route from Trans-
vaal to Natal). It is also rumored that
there is a plot at Pretoria to simultane-
ously blow up the British agency there."

Simla, September 7.—Three regiments
of cavalry, four regiments of infantry
and three batteries of field artillery
have been warned to prepare to leave
their stations in India on the shortest
notice for service in South Africa. The
hospital outfits have received similar
orders.

Bloemfontein, Orange Free State,
September 7.—It is understood that
all the Transvaal artillery has been called
out, and the burghers notified to be
ready. The latest reply of the Trans-
vaal to Great Britain is regarded as
marking the disappearance of the last
hope of peace.

Grand Army Election.

Philadelphia, Sept. 7.—At today's ses-
sion of the national encampment of the
Grand Army of the Republic, Judge
Leo Rassieur, of St. Louis, withdrew as
a candidate for commander-in-chief.
Colonel Albert D. Shaw, of Watertown,
N. Y., was elected by acclamation.
Cries of "Rassieur for 1900!" were
heard in all parts of the house. Irvine
Robins, of Indianapolis, was elected se-
nior vice commander; H. M. Minton,
of Louisville, junior vice commander; Wil-
liam R. Baker, of Lynn, Mass., surgeon
general.

MATTERS IN MANILA.

Insurgents Are Welcome to Visit the Big
City.

Manila, September 7.—Small demon-
strations of Filipinos make demon-
strations nightly around Imus, firing vol-
leys upon the American outposts. The
Americans have thus far not replied,
except Tuesday night, when two com-
panies of the 4th infantry sallied out
and fired two volleys in the direction of
the disturbers, who disappeared immedi-
ately.

The secret service has learned that
Aguinaldo has preferred charges
against the general commanding the
Cavite province, for refusing to obey or-
ders and attack Imus.

The Americans treat the Filipinos
more like fractious children than ene-
mies. Proofs have been obtained that
the mayor and five members of the
council are active insurgent sympathiz-
ers, and many insurgent soldiers are
visiting the town in disguise. There is
no desire to stop them, however, as it
is thought the display of American re-
sources and efforts to give the Filipinos
good government will have a beneficial
effect.

Manila, September 7.—Captain Butler,
with three companies of the third infan-
try, a detachment of cavalry and one
gun, while upon a reconnaissance, met
rebels yesterday at San Rafael. The
Americans scattered the enemy, cap-
turing seven prisoners, and also de-
stroyed rice stored in seven warehouses.
The rebels are supposed to belong to
the command of General Pio del Pilar,
who, with the main force, retreated
north. Reconnaissance will be contin-
ued, following the rebels toward Ma-
asin.

Thirty-fourth at San Francisco.

Lieutenant Sherrard Coleman has
written home from San Francisco, tell-
ing of the arrival of the 34th regiment
in that city. He reports the New Mexi-
co members of the regiment in good
health and best of spirits. He thinks
that the regiment will leave for the
Philippines in about ten days.

BANKERS ADJOURN.

Hear Papers on Banking and Elect New
Officers.

Cleveland, O., September 7.—The clos-
ing session of the American Bankers'
Association was held this morning. The
possibilities of banking co-operation
under a uniform system of credit de-
partments and standard property state-
ment was the title of an interesting pa-
per read by James G. Cannon, vice pres-
ident of the Fourth National Bank of
New York.

Resolutions offered by Mr. Cannon re-
garding the credit information bureau
were adopted unanimously.
Colonel Myron T. Herrick, president
of the Society of Savings in this city,
was the next speaker, his subject being
"Effect of Banks on the People's Pro-
gress." The next paper presented was
on the subject, "What Can Be Done to
Perfect Our Currency?" by William C.
Cornwell, president of the City Nat-
ional Bank of Buffalo, N. Y. "How Can
the United States Become the Clearing
House of the World?" was next dis-
cussed by William R. Trigg, president
of the William R. Trigg company of
ship builders, Richmond, Va. Trigg was
followed by General Alfred C. Baines,
of New York, who discussed the same
subject at length.

The addresses having been concluded,
the election of officers was taken up and
resulted as follows: President, Walker
Hill, St. Louis; vice president, Alva
Trowbridge, New York; members of ex-
ecutive committee, Myron T. Herrick,
president of the Society of Savings,
of Cleveland; Stuart G. Nelson, New
York; James Powers, Kentucky; Daniel
Annon, Maryland; T. E. Stevens, Ne-
braska; C. T. Lindsey, Virginia; George
F. Orde, cashier Northern Trust Com-
pany, Chicago; Caldwell Hardy, presi-
dent Norfolk National Bank, Norfolk,
Va.; James Whiting, president People's
Bank, Mobile, Ala.; J. B. Ingerwollen,
president Clinton Savings Bank, Clin-
ton, Io. One vice president from each
state was also elected. After installing
the officers the convention adjourned
sine die.

Dewey Will Do as He Pleases.

New York, September 7.—A special to
the Herald from Washington says:
When Admiral Dewey is formally de-
tached from sea duty immediately after
the return of the Olympia next
month, he will be granted indefinite
leave of absence, and only assigned to
duty again upon his own application.
If the admiral holds to a reported de-
termination to retire he will be placed on
the retired list December 26, when he
will be 62 years old.

Yellow Fever at Key West.

Washington, September 7.—Tele-
grams by Surgeon General Carter to the
surgeon general of the marine hospital
service state that up to last night the
American physicians reported sixty-
four cases of yellow fever at Key West.
He estimated that Cuban physicians
were in attendance upon from one-third
to one-half as many more cases, but no
report has been made by them, and it
would be impossible to give accurate
figures.

A Long Island Hotel Fire.

New York, September 7.—The Garden
City hotel at Garden City, owned by
the A. T. Stewart estate, was burned to-
day. The hotel was the largest on Long
Island outside of Brooklyn, and was
built in 1873 at a cost of \$125,000, its fur-
nishings having cost \$50,000 more. The
guests and servants escaped uninjured.

Storm Near Halifax.

Halifax, N. S., September 7.—A spe-
cial from Caranau, N. B., says a gale
from the northwest raged here all day
yesterday, and great fears were felt for
over 100 small fishing schooners and
large boats, the combined crews of
which number over 300 men. One boat
bottom up drifted ashore, and it is sup-
posed the crew were drowned. One
building was blown down.

Killed by Lightning.

Kansas City, September 7.—A special
to the Star from Hoxie, Kan., says: A
cloudburst in the western part of this
county last night covered the prairie
with water 12 inches deep, doing more
or less damage. During the storm two
men named Chappell and Davis, travel-
ing in a wagon, were struck by light-
ning and killed.

SALE AT PINOS ALTOS.

George H. Utter Makes a Copper Mine
Deal.

A large deal has just been closed at
Pinos Altos for the Cleveland group of
copper claims. The group was sold by
George H. Utter, of Silver City, to H.
D. Selleck, of New York City. The prop-
erty is situated on the slope of Pinos
Altos mountains, six miles north of Sil-
ver City. It consists of the Cleveland,
Cleveland Extension North, Isabella,
Grant, Copper Extension and Copper
Extension East, five claims, showing
one of the most extensive copper depos-
its in the southwest, as far as surface
indications go. The deposit or vein runs
through the entire property, and on the
Cleveland, where it is strongest, the
width is fully 100 feet. It is in porphyry
and lime, with here and there strong
croppings of quartzite, and the ores
thus far developed are almost entirely
carbonates. The Cleveland is patented,
and the others have sufficient work to
sustain an application for a patent. The
purchaser will immediately put a large
force of men upon the property. He has
made his first payment of \$5,000, and
has six months to test the property be-
fore paying the balance of the purchase
price of \$50,000.

Postal Changes.

Alexander V. Kiebler has been ap-
pointed postmaster at Montezuma, So-
corro county, vice Antonio Gampos, re-
signed.

Will Take His Medicine.

Joseph Wheeler, who some time ago
went through the streets of Magdalena
shooting right and left, gave himself up
to the authorities and furnished \$1,000
bond for appearance at court.

TESTIMONY ENDED

Court Did Not Want Evidence of
Men Who Know Whether
Dreyfus Is Guilty.

REFUSED TO QUESTION THEM

The Lawyers Have Begun to Talk and the
Verdict Will Be Given Monday Next—
Both Sides Believe That Dreyfus
Will Be Convicted.

Rennes, September 7.—At the opening
of the Dreyfus court-martial this morn-
ing M. Labori announced that he had
received a semi-official intimation that
Colonel Schwartzkoppen and Colonel
Panizzardi will be unable to appear per-
sonally before the court, so it is pro-
posed to telegraph to receive their dis-
positions. Labori drew up a formal ap-
plication upon Colonel Schwartzkoppen
and Panizzardi to be called as wit-
nesses, and seven questions to be tele-
graphed to them, to which they should re-
ply under oath. The first question was
if they ever received the documents
mentioned in the bordereau. He also
requested that they be asked if they
received the firing manual, when and
from whom; whether either had sent to
Esterhazy a petit bleu, a copy whereof
has been telegraphed, and finally if di-
rectly or indirectly they had any rela-
tions with Dreyfus.

The court deliberated on Labori's ap-
plication for a rogatory commission for
a quarter of an hour, at the expiration
of which time Jonaus read an an-
nouncement that the judges had unani-
mously decided that President Jonaus
was competent to order a rogatory com-
mission, and the judges, as a body, ac-
cording to the military code, not com-
petent.

Labori thereupon asked Jonaus if he
still maintained a refusal to appoint a
commission. Jonaus replied "Yes,"
and the evidence of Schwartzkoppen
and Panizzardi was thus excluded. That
Jonaus's decision means the condem-
nation of Dreyfus was the unanimous
opinion of anti-Dreyfusards, also the
majority of Dreyfusards.

Major Carriere at 10:30 began his
speech closing the case for the prosecu-
tion. All generals and other officers left
the court, in accordance with orders
from the minister of war, General De
Gaillet, to leave Rennes within two
hours after the pleading had begun.
M. Demange, for the defense, will
probably occupy the whole of to-mor-
row in a speech. Labori will speak Sat-
urday. The verdict will be rendered
Monday.

MARKET REPORT.

New York, Sept. 7.—Money on call
strong at 4 1/2 @ 5 per cent. Prime mer-
cantile paper, 4 1/4 @ 5 per cent. Silver,
50c; lead, \$4.40.

Chicago.—Wheat, Sept., 70c; Dec.,
71 1/2c. Corn, Sept., 31 1/2c @ 32c; Oct.,
30 1/2c. Oats, Sept., 21 1/2c; Dec., 20 1/2c.

Kansas City.—Cattle, receipts, 7,000;
steady to strong; native steers, \$4.75 @
\$6.25; Texas steers, \$3.00 @ \$4.55; Texas
cows, \$2.25 @ \$3.25; native cows and
heifers, \$2.00 @ \$4.30; stockers and feed-
ers, \$3.00 @ \$5.40; bulls, \$2.50 @ \$4.25.

000; steady; sheep, \$2.75 @ \$4.40; lambs,
\$3.75 @ \$6.25.

FIFTY YEARS OLD

Why let your neighbors
know it?
And why give them a
chance to guess you are
even five or ten years more?
Better give them good
reasons for guessing the
other way. It is very easy;
for nothing tells of age so
quickly as gray hair.

**Ayer's
Hair
Vigor**

is a youth-renewer.
It hides the age under a
luxuriant growth of hair the
color of youth.

It never fails to restore
color to gray hair. It will
stop the hair from coming
out also.

It feeds the hair bulbs.
Thin hair becomes thick hair,
and short hair becomes long hair.

It cleanses the scalp; re-
moves all dandruff, and
prevents its formation.

We have a book on the
Hair which we will gladly
send you.

If you do not obtain all the bene-
fits you expect from the use of the
Vigor, write the doctor about it.
Probably there is some difficulty
with your general system which
may be easily removed. Address,
Dr. J. C. Ayer, Lowell, Mass.

ROSEDALE MINING CAMP.

The W. H. Martin Mines Are Exceedingly
Well Equipped.

Rosedale, in the San Mateo moun-
tains, Socorro county, is a prosperous
little camp of 200 inhabitants. The W.
H. Martin Mining Company has a gold
mine at the camp which averages \$15
per ton, situated where water and tim-
ber are abundant, so that the cost of
mining is small. The company is cap-
italized at \$50,000, and its stockholders
are wealthy Pittsburgh lumbermen. The
mines are about thirty miles west of
San Marcial. The property comprises
two claims, the Rothschild and the
Great London. The main shaft has
reached a depth of 270 feet, with drifts
at every 50 feet, beginning with the 70-
foot level, where the first rich pocket
of ore was struck, yielding \$1,200. Some
stoping was done at this level to provide
funds for the further sinking of the
shaft, for the mine has paid its own
way from the grass roots down. Not a
cent of money has been expended upon
it other than that produced by the ore.
The property was worked as a mere
prospect until three years ago, when
the present company secured control
and made it what it is. The vein is
gold-bearing quartz, and varies in
width from 2 to 8 feet, with a geological
formation somewhat like that of the fa-
mous Trippe mine at Hillsboro. The ore
is free milling, the tailings from which
are treated by the Forest & McArthur
cyanide process. The plant has a daily
capacity of twenty tons, and is the only
wet cyanide outfit in the territory. The
ore is treated by the amalgamation
process in a ten-stamp mill, provided
with Challenge automatic ore feeders
and other improvements. The hoist-
ing works are new, and altogether the
property is one of the best equipped in
the territory for economy in mining.

The mine, mill and town of Rosedale
are supplied with pure water from sev-
en springs located near. The surround-
ing mountains are covered with a heavy
growth of timber. The company owns a
sawmill and turns out weekly 20,000 feet
of mining timber. This is used in tim-
bering the main shaft, which is to be
sunk 800 feet, and at the same time the
capacity for taking out and treating the
ore will be more than doubled by put-
ting in a twenty-stamp mill, new hoist-
ing engine and other improvements.
Rosedale is nestled high in the San Ma-
teo mountains, and besides being a min-
ing camp, is a summer resort for camp-
ing parties. A school house, a church
and a storehouse are being built, and
will be completed before winter.

Cooked corned beef and boiled ham at
Walker's.

U. S. Weather Bureau Notes.

Forecast for New Mexico: Fair
weather tonight and Friday.

Yesterday the thermometer registered
as follows: Maximum temperature, 84
degrees, at 4:05 p. m.; minimum, 59 de-
grees, at 6:00 a. m. The mean tempera-
ture for the 24 hours was 72 degrees;
mean daily humidity, 32 per cent.

Half Fare to the Fair.

For the territorial horticultural exhibi-
tion in this city the Denver & Rio Gran-
de railroad has agreed to sell half fare
tickets from all stations between this
city, Alamosa and Durango, on October
3, 4 and 5 and to be good to return until
October 9. This should ensure a good
attendance from the northwest.

Code of Civil Procedure.

Every practicing attorney in the ter-
ritory should have a copy of the New
Mexico Code of Civil Procedure, bound
in separate form with alternate blank
pages for annotations. The New Mex-
ican Printing company has such an edi-
tion on sale at the following prices:
Leatherette binding, \$1.25; full law
sheep, \$2; flexible morocco, \$3.50.

Displayed—Two dollars an inch, single column, per month in Daily. One dollar an inch, single column, in either English or Spanish Weekly. Additional prices and particulars given on receipt of a copy of matter to be inserted.

THURSDAY, SEPTEMBER 7.

The sensation created by Guerin in fortifying his house in Paris and defying the police has worn out. Next!

The cotton crop in Mississippi is poor, and if the Democrats will let the Populists register there will be a big vote by the sons of adversity.

Nearly every county in eastern states has its alms-house, but while there is certainly some poverty in New Mexico, the resources within the reach of even the poorest have thus far made the poor house an institution not absolutely necessary.

Indiana has one man who was so anxious to become a soldier that he made application for enlistment fifteen times, and at length passed the physical examination by having built himself up by gymnastics.

General Buckner is a Kentuckian whose Democracy has never been impeached. He declares that Goebel is not a Democrat, is a "conscienceless creature," and "would do anything to get anything." General Buckner also goes outside of his own state to point another degenerate by saying "Goebel is not unlike John R. McLean, of Ohio."

St. Louis experienced 104 degrees of heat in the shade yesterday. Denver managed to keep down to 98 degrees in the shade the day before, while at Santa Fe the sun with great effort could only shove the quicksilver in the thermometer a little above the 80 mark, and the morning and the evening air had a decided chill of autumn in it. Santa Fe has a future before it as a summer resort for Denver and St. Louis people as soon as trolley connections are made.

At a meeting in a church in Cincinnati a few nights ago, Murat Halstead delivered a lecture. Some of his hearers openly declared that they hoped the American troops in the Philippines would be driven from the islands by the insurgents. Mr. Halstead thereupon informed them that men who uttered such a wish were traitors. It was to catch the votes of this class of traitors that the Ohio Democratic platform declared against the policy of the administration and favored withdrawal of troops from the islands.

The Chicago platform Democrats held a meeting in New York City this week, which was addressed by a number of prominent Democrats. All but ex-Governor Altgeld, of Illinois, declared in favor of withdrawing the army and turning the Philippine islands over to Aguinaldo. This shows to what lengths some Americans will go in their eagerness to advance the interests of a political party and their own chances for office, when they will advocate disloyalty, which even the foreign-born ex-governor of Illinois is ashamed to advise. Altgeld has been accused of many un-American acts, but he cannot be charged with cowardice.

The gigantic mining deals taking place this year in New Mexico are not merely transactions on paper with fictitious sums named; they are not mere stock exchange speculations that have no significance for the development of the mineral resources of the territory. Nor is the incorporation of mining companies with large capital a repetition of wild-cat schemes that at one time discredited mining transactions in Colorado, California and other states. Value for value is exchanged, and money invested for development in confidence that it will bring fair returns by honest enterprise, and not by speculation.

Judge McFie deserves credit for the many ways with which he caused the saloon-keepers to decide to obey the Sunday law. It is not with hot-headed crusades, nor the beating of tom-toms by soft-headed reformers that the greatest moral good is accomplished. It is the quiet, dignified enforcement of the law by earnest officials and by a healthy public sentiment that transgressions are suppressed. The saloon owners say they are eager to close saloons on Sunday, and it was only an unhealthy public sentiment and a keen business rivalry that kept the places open, and now the owners are glad that they too will have one day in seven that they can call a day of rest for themselves.

Even rabid anti-administration Democrats are beginning to realize that the United States is in honor bound to finish the work it has begun in the Philippines, that the nation cannot withdraw from the islands and leave them to the tender mercies of the Tagals. Patriotism, common sense, duty, Christianity forbid the retreat of the stars and stripes to make room for barbarism and perpetual strife. It may have been a mistake to undertake the unthankful job of giving a truly free and competent government to the Philippines, but now that the work has been undertaken it must be completed with every resource at the command of the nation. Every patriot without party distinction will stand by the administration in its effort to straighten out the Philippine tangle.

The United States is "Uncle Sam," but Hayti calls her president "Sam." Probably Hayti only dropped the "bo" through courtesy.

Amid the thunderous roar of the waterfalls of the Yosemite valley the voice of Bryan is now stifled, but the people who live along the railway had better take to the woods when the orator emerges from the region where his voice was suppressed for a week.

There is one thing which the enemies of Colonel Bryan cannot say of that gentleman. He does not change his views because others do. This is proved by his adherence to free silver when the crowd that believed with him have generally switched.

Commissioner Peck, of the Paris exposition, has visited Denver in order to send \$1,000,000 in gold bullion for a pyramid to be shown at the exposition. Perhaps the bullion will be loaned, provided the United States army is sent along to keep the Frenchmen from getting within 1,000 yards of the pile.

The Republicans have begun to talk of taking the power of appointing committees away from the speaker. This would throw the selection of the committee on rules in the house, and the house would make its rules, which would forever prevent another Reed in the chair.

The growth of the feeding industry in Nebraska shows that the farmers and cattlemen realize it pays to send only fat cattle to market, and to have corn consumed where grown, rather than to ship. There are 282,000 more head of cattle in the state now than there were a year ago, and 1,000,000 more than there were four years ago.

According to Iowa Democrats the remedy for trusts is the "repeal of the protective tariff"—of the whole tariff, not merely of the duties on trust-controlled goods. This alone indicates with what deliberation and thoughtfulness the platform was framed. Is there a Democrat who really believes that Iowa will vote against a protective tariff and the pacification of the Philippines?

Bradstreet's has figured it out that the late labor strike in Colorado entailed a loss of \$10,000,000, divided between smelters, miners, coke burners, rock breakers in the limestone quarries and railway lines. A pretty expensive experiment, that, by a foolish fusion legislature seeking votes of laborers by trying to cut off 20 per cent of the usual working hours of men who demanded pay for more hours than they labored.

There seems to be a general belief among the correspondents at Rennes, where the Dreyfus trial is in progress, that the verdict will be, in spite of the evidence, either a reaffirmation of the conviction or one of "not proven." That Dreyfus will either remain a prisoner or go out of the army, probably the latter. It is not pretended that such a verdict is just, but it is held that it is necessary in order to prevent an affront to the army, which would result in the immediate overthrow of the existing ministry and, in a short time, of the republican government.

The Boers have received fair warning that if they permit the trouble to come to the issue of war they will not be granted as good terms in the end as they may secure now. There is no doubt that the Boers could give the British a lot of trouble, as the Filipinos are now giving the United States a lot of trouble, but the end in the one case would be no more doubtful than in the other. If Great Britain should enter upon the war she would not stop until she had brought to bear sufficient resources to crush all opposition, and this would be only a question of time and the expenditure of a sufficient amount of money.

In 1896 the Democratic party was beaten 663,514 on the popular vote and ninety-five in the electoral college. Since then it has lost four states with twenty-one electoral votes, and has gained only Kentucky—which is likely to be lost again this year. It has lost in the general result every year since 1896. In 1896 the Democrats had eleven senators in congress from the northern states. Now they have only two, and one of those is simply a silver plutocrat. Still the optimistic chaser after the presidential rainbow says he believes his party is stronger now than ever before. If he does he is the only person with such a delusion.

Assessment and Tax Rate.

New Mexico, its counties and its towns complain of high taxation, and to a certain extent this keeps outside capital from making improvements in the territory. Yet the high rate is merely apparent. There is not a county in the territory whose assessed valuation could not be more than doubled by the assessors without over-estimating the value of the real and personal property of the individual. An exact uniform valuation by assessors in every county would by no means raise the taxes that the individual has to pay. It would merely cut his tax rate in two and yet raise as much revenue as is raised at present. This could be done to advantage, for the low assessment of property in the territory is a blemish of itself, raises the tax rate to an apparently stupendous height, hurts the credit of the territory and does no good to any taxpayer or the territory at large.

Populists Oppressed by Democrats.

The Populist paper at Philadelphia states that the Democratic machine in Mississippi disfranchises not only Republicans but Populists. Under a law passed by a Democratic legislature the election officials can refuse to register any one who cannot explain the meaning of any clause in the constitution to the satisfaction of the election officers. There is no guarantee that the election officers shall be men capable of understanding an explanation. Thus negroes and Populists are easily debared from the franchise by the man put in charge of the election machinery for this very purpose. So could many Democrats be there on the program. In Mississippi are 320,000 persons old enough to vote, but only one-fourth of them are registered voters, as they fail to answer the questions of the judges satisfactorily.

ly or are unwilling to be catechised, and therefore do not seek registration. The Populists of the state have, however, nominated a candidate for governor against the Democratic nominee, and declare that if the election officers are not vigilant in shutting out Populist voters the candidate of the latter may be elected.

PRESS COMMENT.

NATIONAL IRRIGATION.

(San Diego Vidette.)

While it is true that irrigation in a general scale is yet in its infancy in this country, it has gone far enough to demonstrate that private ownership and management of irrigation facilities is a positive hindrance, rather than a help to agricultural development. The blight which such stupendous blunders as the Wright and other irrigation laws have spread over the country can never be removed nor the losses under them recouped, by means of any state commissioners or organization of private capital; for the very good reason that under corporation management protected by state commissioners, water, like every other necessary commodity, is always an article of speculation for the profit of the private owners. We can hardly estimate the advantages that will flow from all those utilities being under one management and operated for the good of all and that for the private emolument of the few. The principal underlying the entire subject is the fact that the land, free water and all natural resources belong to the people, and their use and disposition is the right of the people. Then let the people demand that they be used for the good of all, and the injury of none. The vast tracts of arid lands can be converted into beautiful and fruitful homes for millions by the proper preservation and distribution of water, but such result will never be attained by private enterprise. National irrigation is the most important question now before the people, especially of the great west, and one for which all should unite in demanding the careful attention of the national authorities.

THE TERRITORIAL PRESS.

APPRECIATING THE EFFORT.
(Alamogordo News.)
The Santa Fe New Mexican published a fine write-up of the resources of Otero county in one of its latest issues. The New Mexican has treated the country very well indeed since the El Paso and Northeastern began building, and the people of the Sacramento mountain region appreciate the efforts of the publication.

LIVE STOCK NOTES.

L. B. Tannehill and W. R. Clements, of Roswell, bought at Kent, Tex., 500 head of yearling steers.
Walter Long, of Chaves county, has purchased 3,000 head of weathers from Christian Otto, of Clayton.
William Winters, of Panhandle, Tex., bought 1,300 head of one and two year old steers in southeastern New Mexico for delivery at Roswell.
A. T. Gunter, of Pecos, has bought 1,800 head of sheep from Albert and Spivy Neatherton.
J. J. Boone, of Roswell, has secured 300 steers for delivery to T. S. Jones, of Clarendon, Tex.
Charles de Bremond, of Roswell, bought six full-blood registered Shropshire rams from J. H. Steele, manager of the Captain Sheep Company.

An Outlaw Captured.

Joe Woods, the ex-convict cowboy who stood off a posse in Chaves county a few days ago which sought to arrest him for stealing a horse, has been captured.
Tom Burge, Will Ballard and Charley Walker overtook him at the ranch of Mrs. Medlin, where he was concealed in the house with a buffalo gun, but only had five cartridges for it.
The posse in pursuit got in a rock crral near the house and sent their men word to surrender, as a resentment would most certainly result in an abrupt termination of his thieving and murdering career, and after realizing his situation, he consented to surrender and was brought to Roswell that day by Ballard and Walker and lodged in the county jail.
Woods came to this country a fugitive from justice and since then has been continually committing crimes, except during the time he was in the penitentiary.

TRY ALLEN'S FOOT-EASE.

A powder to be shaken into the shoes. Your feet feel swollen, nervous and hot, and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. It cools the feet and makes walking easy. Cures swollen, sweating feet, ingrowing nails, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe stores for 25c. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

Railways in Lincoln and Otero.

The railway from Alamogordo to the Toboggan is to be extended. Surveyors are selecting a route to cross the summit of the Sacramento mountains and go to a point twenty miles distant. The extension will pass directly by Cloudcroft, the summer resort of the Sacramento. This is situated about two miles from the present terminus at Toboggan.

The extension of the main line of the White Oaks has reached a point beyond Nogal, and a station and a "Y" has been put in about three miles northeast of the present townsite. It is called Walnut, the English of Nogal, and is 152 miles distant from El Paso. It is expected that a town will be laid off there at once. The famous Vera Cruz mine is near, as well as the American and Helen Ray mines near Nogal.

LE BRUN'S FOR EITHER SEX.
This remedy being injected directly to the seat of the disease, it cures the most obstinate cases of Gonorrhea, requires no change of diet, and is guaranteed to cure in 10 to 15 days. Small plain package, by mail, \$1.00. Sold only by

Ireland's Pharmacy sole agent, Santa Fe N. M.

Notice.
The annual meeting of stockholders of Fairview Cemetery Association will be held at the office of the Santa Fe Daily New Mexican at 8 p. m. on Wednesday, the 27th of September proximo, to elect a board of directors and officers for the ensuing year and for other business.
H. W. STEVENS, Secretary.

Half Fare to the Fair.

For the territorial horticultural exhibition in this city the Denver & Rio Grande railroad has agreed to sell half fare tickets from all stations between this city, Alamosa and Durango, on October 3, 4 and 5 and to be good to return until October 9. This should ensure a good attendance from the northwest.

New Mexico Territorial Fair, Albuquerque, N. M., Sept. 19 to 23, 1899.

\$2.65 for the round trip for the above occasion. Tickets will be on sale September 15 to 22, inclusive, good for return passage until September 25. Equally low rates from all points in New Mexico and Colorado to Albuquerque. For further particulars call on any agent of the Santa Fe Route.

H. S. LUTZ, Agent, Santa Fe, N. M.
W. J. BLACK, G. P. A., Topeka, Kansas.

Notice for Publication.

(Homestead Entry No. 519.)
LAND OFFICE AT SANTA FE, N. M., August 17, 1899.

OJO CALIENTE

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90° to 125°. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 168.3 grains of alkaline salts to the gallon; being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures effected in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:05 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. For further particulars address—

NORTH POLE MYSTERIES.

The return of an Arctic explorer clears up many mysteries, one says that much new land was discovered in Weddell Sea, and open water was seen far to the south. This shows that the great wall of ice reported by early explorers is not the only one with which deceptions. Many people with indigestion and dyspepsia have been deceived so many times that they believe there is no cure. They can be cured though hundreds of medicines have failed. Take the only reliable medicine, Hostetter's Stomach Bitters, which also cures constipation, nervousness, sleeplessness and liver and kidney disorders. Do not accept a substitute. See that a private Revenue Stamp covers the neck of the bottle.

Anti-Atkinson.

Oh, Eddy, Eddy Atkinson, you take a silly stand. You vilify your country and disgrace your native land; We wish you'd run for President, for when it came to vote Americans would give you an effective anti-dote.

Those Loving Girls.

Helen—See my new engagement ring. Don't you think George has good taste? Mattie—He certainly has—in the selection of a ring.

A WONDERFUL CURE OF DIARRHOEA.

A PROMINENT VIRGINIA EDITOR.

Had Almost Given Up, but Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

READ HIS EDITORIAL.

(From the Times, Hillside, Va.) I suffered with diarrhoea for a long time, and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but not noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man to-day, and feel as well as I ever did in my life.—O. R. Moore. Sold by A. C. Ireland.

Not Very Consoling.

Smith—I noticed you didn't speak to Brown when you passed him this morning. What is the trouble? Jones—He insulted me yesterday—called me an old fool. Smith—Well, you must remember that you're not as young as you used to be.

Ups and Downs.

She—Where did you go when the thunderstorm came up? He—I don't remember; but I was in the wet when the rain came down. As usually treated a sprain will disable the injured person for three or four weeks, but if Chamberlain's Pain Balm is freely applied a complete cure may be effected in a very few days. Pain Balm also cures rheumatism, cuts, bruises and burns. For sale by A. C. Ireland.

What He Call It.

Mrs. Nuwman—Mrs. Nip and Mrs. Truck actually engaged in a personal encounter at our club meeting last night during which Mrs. Truck was badly worsted. I would call such a conduct shameful. Mr. Newman—And I would call it a survival of the fittest.

HE FOOLED THE SURGEONS.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the purest Pile cure on Earth, and the best Salve in the World; 25 cents a box. Sold by Fischer & Co., drugists.

No More Books.

Mr. Snaggs—My dear, has Mrs. Penn returned that book we lent her a month ago? Mrs. Snaggs—No; I must ask her for it. Well, hereafter we lend her nothing but the cat. Why? The cat will come back.

The great success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the treatment of bowel complaints has made it standard over the greater part of the civilized world. For sale by A. C. Ireland.

Mayhap the Lady Stutters.

Hicks—They say Milton is a most indolgent husband. He anticipates his wife's every wish. Toppin tells me. Wicks—Yes, that's so, I guess. When she wants to ask him to do anything he just slips out of the way before she has the chance.—Boston Transcript.

Why We Do Each Other.

One great trouble with dishers world, said Uncle Eben, is that everybody "magines that some one is tryin' ter git de best of 'im an' dat he's gotter git de best of some one else so's ter keep even.—Washington Star.

THE APPETITE OF A GOAT.

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25 cents at Fischer & Co's drug store.

An Elegant Sufficiency.

Professor, who is the happier, the man who owns a million pounds, or he who has seven daughters? The man who has seven daughters. Why so? He who has a million pounds wishes for more; the man who has seven daughters does not.—Tit-Bits.

NERVITA RESTORES VITALITY
LIVES VIGOR.
Cures Impotency, Night Emissions and wasting diseases, all effects of self-abuse, or excess and indolence. A nerve-cure and blood-purifier. Brings the old vigor to pale cheeks and restores the fire of youth. By mail \$50 per box. 3 boxes for \$125. Cured with a written guarantee to cure or refund the money.
Sole Medical Co., Chicago & Jackson St., Chicago, Ireland's pharmacy, sole agent, Santa Fe, N. M.

CROPS SUFFERING

The Prolonged Drouth Is Doing Untold Damage to Crops in New Mexico.

STOCK RANGES DRYING UP

Fruit Crop a Total Failure and Other Crops Reported to Be in Poor Condition—Heavy Rains in Sacramento Mountains.

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section. (Santa Fe, N. M., September 4, 1899.) The weather for the week ending September 3 continued hot and dry, with high drying winds for the season. Latest crops, as late beans, oats, etc., are suffering, and grass on the ranges, while usually abundant, is fast drying up, and stockmen are becoming concerned as to the fall and winter feed. Unless two or three more good rains occur throughout a greater portion of the territory it is probable that the cattlemen will lose a large percentage of their stock the coming winter. Within the next few weeks it can be fairly judged whether there shall have been enough rain to produce sufficient grass to last until next spring. Heavy rains occurred in a few scattered localities, generally in the central mountain districts, but as a rule everything is dry. Along the upper Pecos valley the ranges and cattle were reported as being in excellent condition, and the weather favorable to crops. Heavy rains fell on the summit of the Sacramento mountains and caused considerable damage to the mountain railroads by floods, and also covered the streets of Alamogordo with water to the depth of several feet. Unirrigated fields are very poor and in many places will be almost a complete failure, but on irrigated ground the late crops are doing fairly well. In the middle Rio Grande valley grapes are ripening fast, but the yield will be small. In nearly all sections the streams are reported low, with barely sufficient water for the ditches, and in some localities there is no water at all.

The following remarks are extracted from reports of correspondents: Bell Ranch—C. M. O'Donel—Hot, dry weather, grass is abundant, but very dry. No rain.

Gallinas Springs—Jas. E. Whitmore—Grass is drying up very fast and two weeks ago a third more could have been cut than now. All unirrigated crops will be a failure. Highest temperature, 95; lowest, 57; rain, a trace.

Fort Stanton—Frank B. Coe—Crops are a good average, but corn, etc., very much in need of rain. Hobart—W. M. Hough—Hot and dry weather. Water holes are drying up; range is still good, but is beginning to dry up. Early planted corn is doing well, but late planted is suffering from the drouth.

Ojo Caliente—Hon. A. Joseph—Dry, hot winds continue; grass on the ranges is drying up, and the water holes are without water. The outlook for winter feed is discouraging. Highest temperature, 94; lowest, 56; no precipitation.

Winsor's—Henry D. Winsor—The weather during the past week has been very favorable for all kind of crops. The ranges and cattle are in excellent condition. Highest temperature, 86; lowest, 32; precipitation, 0.60 of an inch.

Red Rock—Louis Chample—Very hot and dry throughout the week and rain is needed very bad. The river is getting so low that it is difficult to get sufficient water for irrigation. Watrous—M. C. Needham—The week has been warm and dry. Range dried up; all crops on unirrigated lands are a failure, but on irrigated ground crops are doing fairly well. Stock in prime condition, but the outlook for winter and spring feed on the range is gloomy. Highest temperature, 92; lowest, 44; precipitation, 0.07.

Bernalillo—Brother Gabriel—Weather dry and oppressive; nights rather cool with the exception of the last two nights of the week. Grapes are ripening fast, but the crop will not be as good as anticipated. Wheat all thrashed and wheat fields removed with beans. Corn is progressing slowly and has been greatly damaged by drouth. As a whole the condition of alfalfa is as favorable as could be expected. Owing to the drouth the range is in quite poor condition, and cattle appear to be in a suffering condition generally. River very low, with hardly sufficient water for irrigation, and in various places there is none at all. Highest temperature, 98 on the 24; lowest, 56 on the 27th; precipitation, 0.11 of an inch.

Santa Fe—U. S. Weather Bureau—Continued hot and dry; the latest crops, as beans, potatoes, late oats, and late corn, need rain badly. In some fields the corn is badly shriveled. Late plums are scarce, but of a very good quality. Highest temperature, 85; lowest, 58; rain, 0.01.

Weber—E. A. Biernbaum—Very warm and dry. Had a light shower on the 24, but not enough to lay the dust. Prairies are looking as dry as in November, and the water holes have no water. Fine haying weather, but little hay. Everything is suffering for rain.

White Oaks—Urbane Osmann—The weather continues hot and dry, and rain is badly needed. The grass on the range is drying very fast, and the prospect for hay in this immediate vicinity is very poor; unless rain comes soon there will be no hay put up for market.

R. M. HARDINGE,
Section Director.

SHAKE INTO YOUR SHOES

Allen's Foot-Ease, a powder. It cures painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Try it today. Sold by all druggists and shoe stores. By mail for 25c in stamps. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

Long Drawn Out.

Why does Henpeck refuse to eat sausages? He says that they provoked sad thoughts He proposed to his wife on the golf links.—Brooklyn Life.

PUBLIC OWNERSHIP OF WATER.

Irrigation Monopolies Not Best for the Country.

The argument of the west that the government should control and conserve waters which could be used to make the public domain fertile is convincing more and more people in the east yearly.

The time has gone by in the west for irrigation water to be used as a commodity for speculation. In the early days the title to water supply or the prospect of getting it was used as a means to enhance values and in many cases to sell land to strangers themselves eager to invest; but now water is needed to legitimately irrigate land so that it will yield its products, which must be sold in the face of constantly-increasing competition. Water, therefore, should be no longer used as a speculative medium. It should be made available to the consumer at the actual cost of the construction and operation of the necessary distribution works, and without cost for reservoir storage. It has been generally demonstrated, during the past ten years, that there is but little profit in private storage enterprises, for, while the advantage to the community is great, the owners of the plant do not reap the full benefit. The practicable and fair method and the only one which will be absolutely successful is the building of reservoirs by either the general or state governments, with the free use of the waters stored to the land owners. The proposition is exactly similar to that in which the public has the free use of and benefit from the improvements made by the government on some harbor, the dredging of some river for navigation, or the establishment of some lighthouse or danger signal.

A WORD TO MOTHERS.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form, and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by A. C. Ireland.

Not a Professional.

First Chap—Who is the gentleman with the fine dog? Second Chap—That's Starkey, a fellow—his dog's worth a thousand dollars, they say. First Chap—Impossible! How can he afford to keep it? Second Chap—Oh, he's only an amateur literary man, you know—depends on his father for a living.—Harlem Life.

DISCOVERED BY A WOMAN.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamrick & Co., of Shelby, N. C. At Fischer & Co's drug store; regular size 50c and \$1.00. Every bottle guaranteed.

An Unsportman-Like Trick.

There is one thing about Washington, said MacTavler, as Perkins addressed his ball on the seventeenth hole. He never could have played golf. Why not? demanded Perkins. Because he couldn't tell a lie, said MacTavler. Whereupon Perkins fooled and lost the hole.—Harper's Bazar.

Code of Civil Procedure.

Every practicing attorney in the territory should have a copy of the New Mexico Code of Civil Procedure, bound in separate form with alternate blank pages for annotations. The New Mexico Printing Company has such an edition on sale at the following prices: Leatherette binding, \$1.35; full law sheep, \$2; flexible morocco, \$3.50.

Rain and Sleet

Don't Injure

THE SHERWIN-WILLIAMS PAINT.

It's made for painting buildings—for painting them in the best way it's possible to paint them. It's made to withstand the hard exposure they are subject to.

It will withstand the destructive elements better than any other kind of paint, no matter what the other kind is made of or how it's made.

The cost is lowest for the results obtained.

W. H. GOEBEL,
The Hardwareman

A. O. U. W. GRAND LODGE.

Its Session Held at Silver City This Week.

The grand lodge of the A. O. U. W. for New Mexico and Arizona held its first session at Silver City this week. Monday evening the delegates were given a rousing reception at Morrill hall. G. W. M. Carvill made the opening address, and Colonel S. M. Ashenfelter, in place of Mayor John W. Fleming, who was out of the city, made an address of welcome to the delegates and visitors. Alvan N. White, Esq., also welcomed the delegates. Past Supreme Master Workman J. W. Kinsley, of Montana, responded.

Arizona has eighteen lodges and New Mexico nine, which are nearly all represented by delegates. The grand lodge in Arizona and New Mexico, together with the grand lodge of Colorado, has 10,000 members under jurisdiction. The membership of the whole order in the United States is 270,000. Golden lodge, No. 3, of Santa Fe, is represented at the meeting of the grand lodge at Silver City by Dr. W. S. Harroun, Grant Rivenburg and J. G. Schumann.

The Fire Department.

The fire commissioners held a meeting last evening at which considerable additional apparatus was ordered, including two scaling ladders. Estimates are also to be asked for a thirty foot extension ladder and hand fire extinguishers for the hook and ladder truck. The fire department of this city was complimented yesterday by a Las Vegas insurance man as being the best equipped in the territory.

Prospective Change of Rectors.

Rev. J. L. Gay will on the 21st of this month celebrate his 90th birthday anniversary and has expressed a wish to retire at that time or soon after from the active ministry. Rev. E. L. Eustis, of Longmont, Colo., who preached so eloquent a sermon at the church of the Holy Faith on Sunday, has been asked to accept the rectorship of the church and has taken the call under advisement.

Taxes Remitted.

Territorial Treasurer J. H. Vaughn this morning received a tax remittance from A. E. Burnham, of Colfax county. The amounts were \$28.30 for 1895 taxes, and \$124.05 for 1896 taxes. Of this latter sum, \$92.59 is for territorial taxes, and \$27.41 for 1895 taxes. A remittance was also received from R. Michigels, collector and treasurer of Lincoln county. Of 1895 taxes \$19.28 was received, and of the 1896 taxes, \$266.76. Of the latter amount \$161.58 is for territorial purposes and \$47.36 for territorial institutions.

Court at Carlsbad.

The district court for Eddy county convenes on the 11th inst., and an interesting term is looked for. The trial of Cass for the killing of Carpenter on Black river will be held at this term, and from all indications will be a bitterly contested case. A large number of land cases are on the docket.

The following have been chosen to serve on the grand jury by Jury Commissioners F. G. Tracy, A. S. Goetz and S. T. Bittling: E. S. Motter, B. T. Kilgough, J. M. Pardue, E. H. Gamble, H. L. Potter, W. J. Barber, John Byrns, W. B. Wilson, T. J. Fletcher, A. S. Harris, Peter Corn, Paul Kroeger, W. T. Bowman, H. R. Wilson, J. T. Cooper. The petit jurors are J. H. James, W. W. Galton, J. F. Matheson, J. R. Fussell, J. E. Lavery, M. J. Murray, I. S. Osborne, M. P. Kerr, William Leck, T. F. Blackmore, L. M. Collier, J. A. Froman, R. S. Benson, Edward Scoggins, John Milford, W. C. Reiff, John R. Mark, Henry Robb, J. D. Walker, R. S. Montgomery, V. V. Gleghorn, Frank Rheinboldt.

MINERAL IN COLFAX COUNTY.

An Important Discovery of Rock Bearing Tin.

The Inferno Tunnel Mining Company has twenty-five men building a road from the mine to the Confidence mill at Elizabethtown.

Work on the Franklin placers has stopped for the season on account of the scarcity of water.

The Denver Climax claims on Comanche creek have been surveyed for a patent. A tunnel 145 feet long has been driven on the property. The tunnel follows the lead, which is over 10 feet wide. A road will be built to the dump, after which the owner, H. B. Payne, will commence shipments.

C. H. Carmichael and associates have been kicking about their mining camps near Elizabethtown for two years a certain black looking rock taken from the adjacent hills, which they thought of no value, until a mining expert the other day picked it up and found it to be serpentine, containing 15 per cent of tin. The vein is said to be 4 feet thick.

Court Notes.

Judge McFie has granted a decree of absolute divorce in the case of Andres C. Martinez vs. Maria A. C. de Martinez, both of Taos county. Alexander Read, Esq., was attorney for the plaintiff. The judge granted an order of sale of some real estate in the case of William R. Crouch, administrator, vs. Roveña V. Smith, Burzole Smith, Burt Smith and Emma Roberts, of San Juan county. R. C. Prewitt, Esq., was attorney for the plaintiff.

The United States and the territorial grand juries are hard at work considering matters brought to their attention. The United States petit jury will probably get down to work to-morrow forenoon.

AN INDIAN DANDY.

The Court Interpreter is a Very Smart Indian.

The most interesting figure attending the United States court from Dulce, He is a Jicarilla Apache, and one of the best educated Indians in the territory. He is proud enough of his race to wear the picturesque dress of the full-blooded Indian. His jacket is a marvel of bead embroidery, and he is very proud of it, in fact, so much that he resents any offer to buy it from him. "I don't sell my clothes," is his indignant answer to any proposition, no matter how high for his jacket. The jacket Ladd secured two years ago from a Sioux Indian at the Omaha exposition. His moccasins, too, are bead embroidered. On the jacket are very skillfully embroidered two American flags in colors. Ladd is an old pupil of Miss Disette, supervisor of Indian day schools of this district, and he deems her the best teacher ever sent to the Indians. He was educated in the Ramona school under Professor Whipple. Ladd married the prettiest Apache girl of the tribe, for, as he said, "I can only marry one woman, and so I might as well pick the prettiest." He teaches his children English and brings them up to be cultured and intelligent. Ladd also speaks Spanish, and, though still a young man, is considered the most gentlemanly, handsome and intelligent Indian in this section. Ladd has been interpreter at Dulce since 1893. He was accompanied to this city by Chief Hote, one of the prominent Apache chiefs.

"This worth a bag of gold." This applies with special force to Hood's Sarsaparilla, America's Greatest Medicine.

Ice cream and cake at the "fountain fete" in the plaza Tuesday.

PERSONAL MENTION.

P. H. Leese returned to Espanola this morning.

Mr. and Mrs. J. G. Hackett left this morning for Denver.

J. M. McDonald, Esq., of Taos, is in the city to attend court.

George Marsh returned to this city from El Paso.

Harry Chitwood returned to this city last evening from Las Vegas.

A. A. Newberry of New York, who has long been interested in this territory, went to Taos this morning.

T. J. Helm, general agent of the Denver & Rio Grande railroad, left last evening for El Paso. He was accompanied by A. Bell of Mesa.

Rev. Paul Gilbertson and Rev. Jules Deraches went to San Juan this morning.

John H. Sargent, collector of Rio Arriba county, is in the capital on business.

The family of J. Q. A. Otero came to the capital from Albuquerque last night and will reside in this city.

J. G. Schumann is at Silver City attending the first convention of the grand lodge of New Mexico and Arizona. A. O. U. W.

United States Deputy Marshal J. J. Sheridan arrived from Albuquerque last night to attend United States court. Mr. Sheridan has just returned home from a trip to California.

Albert H. Dougherty of Richmond, Mo., has accepted a position in a local hardware store.

William McKean, United States deputy surveyor and mining man of Red River, is in the capital on business.

Mr. and Mrs. C. A. Scherich returned to this city last evening after having visited several months with relatives at Taos.

Sisters Wilhelm and Mary returned to the Sanitarium last evening from a visit to Cincinnati.

John W. Catron will this evening leave for Denver, from where he will go to Golden to attend the Colorado School of Mines.

Dr. W. S. Harroun and Grant Rivenburg are at Silver City attending the convention of the A. O. U. W., which is being held at that city.

To Cure a Cold in One Day
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

TELLURIDE ORES.

They Are Found in Abundance in Sierra County.

Seven of the most valuable telluride ores are found in the mines of the Hillside district: At the Percha, altalite, lead telluride, usually massive, with cubic cleavage, color tin white, with yellowish tinge, tarnishing to bronze yellow; at the Rex, naumite, silver lead telluride, in cubic crystals, also massive, granular and in thin plates; at the Mastodon, Hesseite silver telluride, usually massive; at the Catherine, petasite, massive, color steel gray to iron; at the Warren, Cincinnati, Happy Jack, Garfield, K. K., Butler and Scandia, sylvanite, telluride of gold and silver, cleavage perfect, fracture uneven; at the Snake, Opportunity, Tripe, Richmond, Wicks, Black Diamond and Sinnamoning company's mines, calaverite, gold and silver telluride, rich, massive, hard; at the Eighty-five, Bull of the Woods and Frick mines, nagyagite, a sulpho-telluride of gold, granular and massive.

NEW MEXICO TROOPS.

What Major Penn Writes of Them to Governor Otero.

Major Julius A. Penn, of the 34th Infantry, commander of the second battalion, in a letter to Governor Otero gives the following information of interest in regard to the work of the troops in which New Mexico has special interest:

"I desire to express the thanks of my brother officers and myself to you for the assistance given by you to our recruiting officers, Lieutenants Coleman and Luna, and to say to you that our recruits from New Mexico and Arizona have shown themselves to be most excellent men, intelligent, earnest and reliable. I think the greater part of the recruits from New Mexico have come to the companies of my battalion, and these, with Captain Dame, Lieutenants Coleman and Luna, also in the battalion, will, I know, not only keep your interest in the 34th Infantry, but also in our battalion, the second."

"Our time for drill and instruction has been limited, but I feel now, in looking back over the past six weeks' work, that we have given about all that could have been given in that short time. We were very fortunate in having a week's practice on the rifle range, where every man had an opportunity to get acquainted with his rifle, and could learn both what it was capable of doing and what he could do with it. Our instruction in minor details will continue on board the transports during our month's voyage, and I have every confidence that when we land at Manila we will be in fit condition to render creditable account of ourselves on whatever duty we may be assigned. The health of our command here has been excellent."

Fresh oysters at the Bon-Ton.

Mineral Specimens Wanted.

Governor Otero has received a letter from F. J. V. Skiff, director of mining and metallurgy for the Paris exposition, inclosing packing and shipping labels for mineral exhibits for the exposition. Mr. Skiff says the department will pay all freight charges to the exposition, and to his headquarters in the Auditorium building, Chicago.

The letter states that the secretary of the immigration bureau for New Mexico had expressed a belief that a small collection could be furnished from an exhibit being obtained from over the territory. The department desires to have each mineral group in New Mexico represented by at least a few specimens.

Ice cream soda at Fischer's every day. All kinds of soft drinks served in first-class style. Everything neat and clean.

Frog legs at the Bon-Ton.

CHAVES COUNTY.

Current Doings of That Thriving Part of New Mexico.

A "joco" scheme is being talked by real estate promoters. It is to take part of Indian territory, part of Texas and Chaves and Eddy counties in New Mexico to form a new state, with Roswell as the capital.

Professor William Stone Fitzgerald and Miss Roebel Thomas were married at "The Poplars," near Nashville, Tenn. Bishop O. S. Fitzgerald, father of the groom, officiated. Professor Fitzgerald is instructor in English at the New Mexico Military Institute.

The Chaves county commissioners awarded the contract for the erection of outhouses at the Roswell court house to Le Roy & Daniel for \$687.50.

A Presbyterian church has been organized at Roswell.

The New Mexico Military Institute regents have decided not to admit day pupils during the next year.

Frank Divers, of Midland, Tex., has bought a half interest in the Roswell farm of H. N. Garret for \$30,000. An extra bunch of cattle, worth \$20,000, will be put on the new range acquired by Mr. Divers.

P. H. Boone has let a contract for a cottage at Roswell to Pearce & Birby.

Rev. L. H. Stewart, of Cleveland, O., will this fall build a cottage at Roswell.

A. C. Swanson raised 1,400 pounds of seed on one-eleventh of an acre, near Roswell.

Henry Gehlb, of Fort Smith, Tex., died at Roswell of consumption.

At the sale made at Roswell by I. W. Rogers, receiver of the First National Bank of Eddy, W. W. Caldwell bought forty acres at \$3.25 and forty acres at \$4.25 per acre. S. T. Bittling, ex-county treasurer, who is a creditor of the bank to the amount of \$10,000, bid in 200 acres at \$2 per acre and forty acres at \$2.25.

The Roswell board of education will enforce the collection of the poll tax.

Miss Jennie Nock shot a 100-pound catamount on Eight Mile arroyo with buckshot at a distance of 100 feet.

Eugene F. Hardwick has bought the H. W. Clarkson residence property on Pecan street, Roswell, for \$750.

W. M. Atkinson, of Roswell, has leased a section of school land for five years at two cents an acre.

Spring of '99 chicks at the Bon-Ton.

Lost—A package containing \$4 worth of dress goods. Reward given if returned to Miss Josefa Martinez at Mrs. Arthur Seligman's.

MINOR CITY TOPICS.

Drop a hook in the fish pond in the plaza Tuesday evening. A bite guaranteed.

An interesting article concerning the plaza of early days and how it has been beautified, written by Olive Ennis Little is on the third page today.

Charles Wagner, the furniture dealer on San Francisco street, is moving his furniture department from the second floor of his store building to the first floor.

Thomas Smith was sentenced yesterday afternoon by Justice J. M. Garcia to pay \$30 fine and costs or to 40 days in jail on two charges, those of assault and battery and slander. Smith could not pay the fine and was lodged in jail. The charges were brought by Francisco Sandoval.

James Anderson was given a hearing before Justice J. M. Garcia this morning on a charge of assault and battery preferred by Manuel Gonzales y Padilla. A jury was summoned as follows: Miguel Gorman, Richard Warlick, Jose Manuel y Aguiro, Manuel Ortiz y Rodriguez, Francisco Gutierrez and Nicolas Yanni. The jury disagreed and a new jury was summoned for tomorrow morning.

Nicolas Campagnoli, who had been rejected at Fort Logan as being too young to enlist, managed to be retained in the 34th regiment through his pleadings and the intercession of Lieutenant Sherrard Coleman. Campagnoli went to San Francisco and was appointed bugler.

Julius Stein, of H. M. Marks & Co., Chicago, is holding forth at the Santa Fe Mercantile Tailoring establishment, taking measurements for suits.

Cecilio Lucero was arrested last evening for being drunk, and was lodged in jail.

Deputy Sheriff Huber went to Galisteo this afternoon to serve papers.

Sliced watermelon on ice at Walker's.

Fine New Mexico Cantaloupes.

The New Mexican has been complaining because New Mexico farmers did not pay attention to growing cantaloupes for market—that is, melons of good varieties suitable for shipping, in uniform sizes. The cantaloupe found in the local markets generally come from Rocky Ford, Colo., and sell in the stores when the hybrids peddled from wagons go begging for buyers.

Adjutant General Whitman to-day received a crate of cantaloupes from his son, who is with the Roswell Land and Water Company, grown by Superintendent J. R. Dudley. These cantaloupes are of the size and appearance of the Rocky Ford supply sent to New Mexico, and will sell to the same advantage in any market. The Roswell farmers, and those of many other portions of New Mexico, can compete with Colorado in the cantaloupe business, which is making the Rocky Ford producers rich.

Railroad Accidents.

A rear-end collision occurred a few days ago near Selden, Socorro county, between two freight trains. Engine 309 went through the way car, and the second engine piled on the tender of the head engine. No one was injured. The damage to rolling stock was \$1,500.

A 30-foot railroad bridge near Socorro was burned to the ground recently.

"Saved by Knowledge"

Under this heading the News, published at San Juan, Porto Rico, publishes an account of a narrow escape of Major W. P. Glasford and his family in the hurricane that devastated the island. Major Glasford is chief signal officer for Porto Rico. His barometer warned him of the storm, so he and his family left their cottage and took refuge in a stone castle. The cottage was completely wrecked ten minutes later.

Fine 25c meals at the Bon-Ton.

The Claire is the only brick hotel, is built on a high, elevated, elegant furnished, in the heart of the city, electric lights, fine office on ground floor, free sample rooms, first-class dining room, special rates and attention to commercial men.

FRED D. MICHAEL, Proprietor.

New Mexico Territorial Fair, Albuquerque, N. M., Sept. 19 to 23, 1899.

\$2.65 for the round trip for the above occasion, tickets will be on sale September 18 to 22, inclusive, good for return passage until September 25. Equally low rates from all points in New Mexico and Colorado to Albuquerque. For further particulars call on any agent of the Santa Fe Route.

H. S. LUTZ, Agent, Santa Fe, N. M.

W. J. BLACK, G. P. A., Topeka, Kansas.

Notice.

The annual meeting of stockholders of Fairview Cemetery Association will be held at the office of the Santa Fe Daily New Mexican at 8 p. m. on Wednesday, the 27th of September proximo, to elect a board of directors and officers for the ensuing year and for other business.

H. W. STEVENS, Secretary.
