Souvenir China

We have just placed on sale a line of souvenir china, made especially for us in one of the more famous German potteries. It consists of A. D. coffees, teas, B. and B. plates, cake plates, bonbonnières, candlesticks, etc. Each piece is decorated with a reproduction of a photograph of "Old San Miguel Church" or the "oldest house in the United States." Prices small—25c and 50c.

Fresh Poultry and Fish

We receive dressed poultry on Mondays, Wednesdays and Fridays. Fresh fish every Friday.

Fresh Candies, Nuts and Fruit

We always have a good assortment.

Potatoes, Flour, Hay and Grain

We are large handlers of these staples; move our stock rapidly and thus insure our customers against receiving old goods, while our prices will always be found correct.

Teas and Coffees

We give especial attention to this department and can give best values at any price. Good quality black, green or mixed tea, 50c per lb. This grade is usually sold at 60c to 70c per lb.

Strawberries, Raspberries, Blackberries

We are now receiving these fruits packed on ice, by direct express from California, on Mondays and Fridays.

IN SOUTH AFRICA

The Boers and Their Neighbors Are
Rapidly Getting Into Fight-
ing Shape.

ENGLAND SHIPS MORE TROOPS

It Is Only a Question of Time Until Hostilities Begin Though Some Britons Still Believe the Boers will Concede the Imperial Demands.

London, Sept. 27.—The Transvaal situation remains unchanged though if anything the feeling of gloom has deepened. Cablegrams from Pretoria and Cape Town show the general impression prevails that the Boers will not concede their position, and a feeling of unrest in Pretoria has been intensified. A dispatch today announced that the Transvaal government has begun to appoint officers to go to the frontier in case of hostilities. The executive council of the Transvaal had a prolonged sitting yesterday, and has been in constant telegraphic communication with Orange Free State. No decision is now said, regarding the attitude of Orange Free State has been yet reached. The Transvaal's reply to the dispatch of the Secretary of State for Colonies Mr. Chamberlain, will be drafted today and submitted to the volksraad in secret session. The members appear convinced that Great Britain is determined on war. Being anxious not to force Great Britain's hand the Boers will not take any definite steps until a draft of their reply is considered, but notice has been issued to the Burgers to be in readiness for commencing hostilities. A quantity of arms has been distributed to the Orange Free State volksraad continues in secret session. A telegram from Johannesburg says that an American named Blake is raising an American corps of 500 men for the Boers. On the Cape side the dispatches show great military activity in the direction of the frontier. The Boer commando border is closely patrolled day and night. Most of the British residents have left Pietermaritzburg, Natal, and the northern part of Transvaal whither it is announced commands of 250 Burgers will shortly proceed. It is reported Boer agents made large purchases of grain at Durban. A dispatch to the Pall Mall Gazette from Cape Town reports evidence of unrest among Griquas and Pondos, and a section of Bechuana and Metabebes. It is feared they will revolt in the event of war. The war office has ordered the whole transport and supply for the army corps to prepare and proceed to the Cape. This very important order implies the early dispatch of the army corps. The men of 25 companies are being medically examined at Aldershot today.

The Currie line has just received an order from the admiralty to prepare the Braemar castle of that line to sail for Cape Town October 6 with 1,400 officers and men. This is an entirely fresh batch of troops. In spite these warlike preparations South African circles in London still believe there will be no war, and the Boers will finally concede British demands.

Three Persons Burned.

Bucksport, Sept. 27.—A fire today destroyed the farm-house of Michael Wilts. His two sons, aged respectively 5 and 11 years and a young man named Greece, aged 17, were cremated.

A Missouri Town Burned.

St. Louis, Sept. 27.—A special to the Post-Dispatch from New Madrid, Mo., says a fire that is supposed to be the work of an incendiary swept the west side of Main street destroying 24 houses, 1000s and dwellings. The loss is estimated at \$100,000, partially insured. The suspected incendiary escaped.

Yellow Fever in Mississippi.

Jackson, Miss., Sept. 27.—The yellow fever situation today appeared less encouraging. One new case was announced, Mrs. O. J. Walte, wife of the cashier of the First National bank. This made a total of three cases since yesterday afternoon. A light frost appeared this morning.

The Strike in Havana.

Havana, Sept. 27.—Stevedores and wharfmen who have been on a strike returned to work today and the operation of loading and unloading vessels is now in full swing. Cartmen also are working, as also are many of the cabmen. Firemen on united railways have gone out and trains are run by apprentices under police protection. It is thought the strike will soon be declared off, but that the agitation will be resumed later.

Las Vegas Gets a Prize.

Denver, Sept. 27.—The band from McCook, Neb., took first prize, the one from Las Vegas, N. M., second, in the band contest feature of the festival of Mountain and Plain today. Fifteen entered.

MARKET REPORT.

New York, Sept. 27.—Money on call strong at 12 per cent. Prime mercantile paper, 5 1/2 @ 6 per cent. Silver, 58 1/2; lead, 54 1/2.
Wheat, Sept. 27: Dec., 74 1/2; Corn, Sept. 33; Dec., 30. Oats, Sept. 22 1/2; Dec., 23 1/2.
Kansas City—Cattle, receipts, 18,000; steady to lower; native steers, \$4.50 @ \$6.25; Texas steers, \$3.00 @ \$4.20; Texas cows, \$2.00 @ \$3.25; native cows and heifers, \$2.40 @ \$4.15; stockers and feeders, \$3.00 @ \$4.75; bulls, \$3.00 @ \$4.50; Sheep, 3,000; steady; lambs, \$3.85 @ \$5.40; muttons, \$3.00 @ \$4.00.
Chicago.—Cattle, receipts, 13,000; steady to firm; beefs, \$4.45 @ \$6.00; cows and heifers, \$1.75 @ \$4.85; Texas steers, \$3.40 @ \$4.85; stockers and feeders, \$3.00 @ \$4.85; Sheep, 20,000; strong; sheep, \$2.75 @ \$4.40; lambs, \$4.00 @ \$5.50.

Troops for South Africa.

Kingston, Jamaica, Sept. 27.—It is transpired here that the government is endeavoring to negotiate by cable to charter steamers to convey white troops and a number of mules hence to South Africa.

FOLLOWING DEWEY

Olympia Surrounded by Sightseers
Who Cheer the Admiral When-
ever He Walks the Deck.

SAMPSON LOWERS HIS FLAG

Another Admiral Arrives from a Long
Cruise and Receives a Salute and Hon-
ors Meant for the Man on the
Olympia.

New York, Sept. 27.—Admiral Dewey rose early today and could be seen from the Atlantic highlands pacing the Olympia's deck. The warship is surrounded by all manner of sailing and steam craft. An official visit was paid today to Admiral Dewey by Major Burbank, commandant at Fort Hancock, and his staff. The visitors are enthusiastic over their reception. At 9 o'clock the Olympia steamed up bay for the government anchorage off Tompkinsville. Progress thither was triumphant, all sorts of craft, including the dispatch boat Dolphin with Assistant Secretary of the Navy Allen on board, accompanying the Olympia. The thousands that greeted Dewey and the Olympia had the satisfaction of seeing the hero of Manila, who, as he stood on the superstructure, repeatedly doffed his cap to the cheering crowds in returning their vociferous salutations. It was explained today while both Admiral Dewey and Rear Admiral Howison outrank Rear Admiral Sampson there will be no change in the order of the naval portion of the demonstration in Dewey's honor. Howison is to be a guest at the ceremony. Dewey's relatives, who have been stopping at the Waldorf-Astoria as guests of the city, started on the government tug Marketeer at 8:30 this morning to pay a visit to the admiral on the Olympia. There are fifteen in the party. Lieutenant Theodore Dewey was in charge of the tug from the navy yard.

New York, Sept. 27.—The cruiser Chicago, the flagship of Rear Admiral Howison, reached this port today from a long cruise, during which he touched the coast of Africa and visited Port Said. The cruiser proceeded immediately to the government anchorage off Tompkinsville. A few moments later the blue flag on Rear Admiral Sampson's ship New York was lowered and the red flag substituted indicating that Sampson was no longer in command of the fleet here. As the Chicago proceeded up the lower bay she was mistaken by officers for the Olympia, Dewey's flagship, and the admiral's salute of 17 guns was fired. The salute was returned by the Chicago and was a signal for a general demonstration along the shore. Canons were fired and small arms discharged while ferry boats and railroad engines started a deafening chorus of whistles.

New York, Sept. 27.—The admiral arrived at the Brooklyn navy yard shortly before 3 o'clock on an official visit to Rear Admiral Philip, returning the visit made him by the rear admiral yesterday.

Threshing Engine Explodes.

Sioux Falls, S. D., Sept. 27.—A threshing engine exploded today on the farm of Henry Brandt, killing Brandt instantly and fatally injuring Fred Lance and seriously burning Robert Smith. Brandt's body, mangled and burned, was found in a straw stack 300 feet away. Lance recently returned from the Philippines where he served as a private in the 1st Nebraska volunteers.

A Philadelphia Fire.

Philadelphia, Sept. 27.—A large five story building in Filbert street, the first two floors of which are occupied by the Macy Furniture Co. and the three upper floors by the Reliance Storage and Warehouse Co., was entirely destroyed by fire today together with contents. The loss is estimated at about \$100,000. Two firemen received minor injuries and three others were overcome by smoke but soon recovered.

A Presbyterian Assemblage.

Washington, Sept. 27.—Delegates representing 25,000,000 Presbyterians throughout the world assembled at 10:30 today in the New York Avenue Presbyterian church to attend the first session of the Pan-Presbyterian alliance. About 125 were present today, and it is expected that by tomorrow 250 will have reported. The session will last ten days. The body is purely deliberative and not in any sense legislative. The capacity is entirely advisory. The first session today is devotional. The opening sermon was preached by Rev. John Dewitt, D. D., of Princeton theological seminary. The subject being the "Attitude of Reformed Churches Towards the Bible." The first business session was held this afternoon.

Enormous Damage Caused by a Typhoon in Hindostan.

Calcutta, Sept. 27.—The great storm of Sunday and Monday which caused destructive landslides and floods, gathered at the head of the bay of Calcutta and then moved north giving heavy rains in Calcutta, Dinajpur, Rangpur and Jalpaiguri. Its greatest fury was felt at Darjeeling. Simultaneously another storm gathered at Rangpur and passed westward from Purnea to Monghyr. The usual weekly reports have not been received by the government and there is reason to fear that the district named is flooded and communication interrupted. It is estimated that between Darjeeling and Kurseong alone 300 persons lost their lives.

A Minister Transferred.

Rev. I. C. Wood has been transferred from Springfield to La Joya, Valencia county.

Seeking Information.

The immigration bureau is receiving a constantly increasing number of inquiries concerning New Mexico as a place for residence and investment, with applications for printed matter concerning the resources of the territory. Today, for instance, letters were received from Russell, Kas.; Albany, N. Y.; Salt Lake City; Jounta, Mexico; Pollock, Wyo.; Chicasa, I. T.; Scranton, Pa. All inquiries are answered by the secretary.

Flamé Concert.

Professor Perer's band will render the following musical program on the plaza tomorrow afternoon at 3:00 o'clock, the weather permitting:
March—American Cadet.
Waltz—Brilliant.
Waltz—Chambers.
Waltz—Jockey.
Schottische—Scottish.
Andante and Waltz—Mayflower.
Gallop—Furber.

NO SPANISH SHIPS

Only An American Vessel May En-
ter Closed Ports to Bring Away
Spanish Prisoners.

TAGALS SEEK PROTECTION

One Thousand Tribesmen Are Offered to
General Otis to Help Fight the Tagals
Around the Laguna de Bay
District.

Manila, Sept. 27.—American authorities have declined to request General Jaramillo, the Spanish officer who is settling Spain's military affairs in the Philippine islands, to send a vessel under the Spanish flag to collect Spanish prisoners at insurgent ports as stipulated by the Filipinos, on the grounds that the ports are closed; that such a step would therefore be unlawful and because they declined to accept the Filipino dictation. The authorities are ready to send an American vessel. The Spanish commission therefore will return to the insurgent lines and endeavor to effect an arrangement for the delivery of prisoners on board an American vessel. Aguinaldo has issued a statement saying the warlike activity of the Americans has prevented the concentration of prisoners as intended, but they will be delivered up October 19.

The Tagals of the Island Mindanao have expressed their readiness to accept American overignty in exchange for protection against the harassing Moros.

A native officer has offered Major General Otis 1,000 of the Macabebe tribesmen to fight the Tagals of Laguna de Bay district.

Manila, Sept. 27.—Insurgents are trying to incite the natives of Malaban, a city of 30,000 inhabitants five miles from Manila, to rise against the American garrison. Captain Allen has been holding the place with two companies of the 10th infantry, but on account of the need of all available men at the front his force has been reduced to 70 men. They now remain near the big church where they quarter, being too few in number to attempt to patrol the town. Armed uniformed parties of insurgents recently disembarked during the night and collected money for the use of the army and preached revolt. Two mayors have been elected but both of them have declined to serve.

Malaban has been a shipping point whence provisions and other stuff are brought from Manila by trains and shipped into the hostile territory. The insurgents seem to be trying to make their good treatment of American prisoners a card by which to gain outside sympathy. Two Englishmen who have arrived here from Tarlac report that the Americans are treated more like guests than prisoners. They are fed on the best the country affords, and everything is done to gain their favor. A Filipino paper says that the occasion of the recent fete at the Victoria celebration of mythical Filipino history, American prisoners were there given the freedom of the town and five pesos each with which to celebrate the "victory." Englishmen also said the Filipinos have offered all American prisoners in the army and three of them have accepted. This is not believed.

American officers north of Manila tell the correspondents of the Associated Press that Aguinaldo is attempting to enforce good government after the American fashion, ordering soldiers to suppress bands of robbers, three of whom were executed at Marikina. He has also prohibited gambling in the villages under his control.

A FEARFUL STORM.

Calcutta, Sept. 27.—The great storm of Sunday and Monday which caused destructive landslides and floods, gathered at the head of the bay of Calcutta and then moved north giving heavy rains in Calcutta, Dinajpur, Rangpur and Jalpaiguri. Its greatest fury was felt at Darjeeling. Simultaneously another storm gathered at Rangpur and passed westward from Purnea to Monghyr. The usual weekly reports have not been received by the government and there is reason to fear that the district named is flooded and communication interrupted. It is estimated that between Darjeeling and Kurseong alone 300 persons lost their lives.

CRESTINO TRUJILLO ACQUITTED.

Other Cases in the Territorial District Court.

Crestino Trujillo was found not guilty of murder, last evening at 7 o'clock in the District court. The jury brought in the verdict after deliberating over an hour.

The attention of Judge McFie, in the district court, this forenoon and part of this afternoon was occupied with case No. 3,990, Aranda Pablo, et al. vs. Argo Mining Company. Judge N. B. Laughlin appears for the Argo Mining Company and Judge H. L. Warren for Pablo Aranda.

The two ejectment suits of Mariano F. Sena vs. J. P. McNulty were dismissed. F. W. Clancy appeared for the plaintiff and Solicitor General E. L. Bartlett for the defendant.

Case No. 2892, Maria Dolores Garcia vs. Epifanio Bustos, was dismissed for want of prosecution. C. A. Spies was attorney for plaintiff and Hon. T. B. Catron for defense.

Cases Nos. 2997 and 2978, territory vs. Fidel J. Gonzales and Manuel D. Gonzales for murder, was dropped with leave to reinstate, upon motion of District Attorney Finical of Albuquerque. Both of the men were tried upon the same charge last year and acquitted, and the above two indictments had grown out of the same case. Hon. T. B. Catron appeared for the defense.

The indictment in case No. 2370, territory vs. Henry Lockhart for perjury was quashed. Judge H. L. Warren appeared for the defendant. A similar indictment against the defendant is still on the docket.

COLORADO CANTALOUPE

A Hint for the Farmers of New Mexico to Apply.

The present season is not at all meloncholy for the melon growers in the Arkansas valley. Recent shipments show rates like these: At St. Louis, \$1.27 per crate; at New York, \$1.12; at Pittsburg, \$1.03; at Washington 90 cents. As an acre will grow at least 150 crates and the average expense, including cost of growing, gathering, crates and commission will not exceed \$50 it will be seen that at minimum figures given above there is something like \$90 per acre of profit to the grower.

TAOS COUNTY MATTERS.

A New Flour Mill—Man Accidentally Shot—Other Items.

The race track at Taos has been completed and is being put into condition for the races to be held during the week beginning October 1.

The people of Red River have donated 150 days work on the Pioneer gulch road. It is now open seven miles and one of the finest mountain roads in New Mexico.

A. M. Rudolph is erecting a flour mill on the Rio Grande Chiquito.

A. C. Anderson's saw mill has resumed operations after an idleness of two weeks, during which repairs were made.

Jack Conley of Red River, shot himself in the skull. He let a gun fall on the floor. The fall discharged the weapon and the shot entered his skull.

An Answer from Dewey.

Col. George W. Knaebel, commander of the department of New Mexico of the U. S. A., this noon received the following dispatch from Rear-Admiral George Dewey:

Tompkinsville, S. I., September 27.—

George W. Knaebel, Department Commander of the Grand Army Republic, Santa Fe, N. M.: Many thanks for your cordial greetings. GEORGE DEWEY.

Mining at Red River.

The Ajax people at Red River are sinking on the lead and are now down over thirty feet, opening up a fine body of copper ore.

The Ester at Red River has been sunk fifty feet this year on the lead and the mill returns from the property have given high returns in lead.

WOMEN do suffer!
Even so-called healthy women suffer!
But they are not healthy!
The marks left by pain are on the young faces of many of our daughters. Pain that leaves its mark comes from a curable cause. If that cause is not removed its influence reaches out and overshadows a whole life. The reason Lydia E. Pinkham's Vegetable Compound has been so uniformly successful for over a quarter of a century in overcoming the suffering of women, is that it is thorough and goes directly to the cause. It is a woman's

remedy for woman's ills.

MISS EMILY F. HAAS, of 148 Freeman St., Greenpoint, Brooklyn, N. Y., writes: "DEAR MRS. PINKHAM—I wish to state that I used your Vegetable Compound with the greatest success. I was very sick for nearly a year with hysteria, was down-hearted and nervous; also suffered with painful menstruation and pain in back and limbs. I often wished for death, thinking nothing would cure me. I had doctors, but their medicines did me no good. At last, by the advice of a friend, I began to take Lydia E. Pinkham's Vegetable Compound, and I am happy to say it has entirely cured me."

JENNIE SHERMAN, of Fremont, Mich., Box 748, writes: "DEAR MRS. PINKHAM—I feel that I must write you and tell you what your medicine has done for me. I had neuralgia of the stomach for two years, so bad that I could not do any work. I had two or three doctors, but did not seem to get any better. I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills and improved from the first, had better appetite, and after taking three bottles of Compound and one box of Liver Pills, can say that I am cured. Your Vegetable Compound is a wonderful medicine."

An Unparalleled Record
THE EQUITABLE LIFE ASSURANCE
SOCIETY OF THE UNITED STATES

On its Fortieth Anniversary, July 26, 1899, had on its books
Outstanding Assurance for over a Billion Dollars

\$1,000,000,000

which is more than twice the amount accumulated by any other company in the world during a similar period of its history. Its Assets amount to over

\$270,000,000

which is more than twice the amount held by any other company in the world on its Fortieth Anniversary. Its surplus amounts to over

\$60,000,000

which is also more than twice the amount held by any other company at the end of its Fortieth year.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

ADVERTISING RATES.

Wanted—One cent a word each insertion. Local—Ten cents per line each insertion. Reading Room—Preferred position—Twenty-five cents per line each insertion. Displayed—Two dollars an inch, single column, per month. One dollar an inch, single column, in either English or Spanish Weekly. Additional prices and particulars given on receipt of a copy of matter to be inserted.

WEDNESDAY, SEPTEMBER 27.

If earthquakes continue to shake up British Columbia and Alaska the Alaska boundary question may settle itself without arbitration or war.

Except in the highest ranges grass has not been hurt by frosts and is maturing these warm days for winter feed. The late rains will prove very beneficial this year.

It is given out at Washington that no extra session of congress will be called. The public business has been handled so well that there is no need of congress assembling at an early date.

"Turn backward, oh, time in thy flight," is the only song the anti-expansionists can sing and they are rather overdoing that, so their select audience is beginning to drop away from them.

In the volunteer regiments all vacancies of second lieutenants will hereafter be made from the ranks, upon recommendation of the commanding officers. This will give privates a chance to rise.

Enterprising citizens of San Juan county are boring for oil without asking permission of the Standard Oil company. Some men are born regardless of the rights of the big monopoly to control everything beneath the earth's surface as well as upon it.

The Bryan men of Boston captured a state convention and declared for free silver. The vote of Massachusetts will never enforce free silver nor anti-expansion even if there be shouters there for each of the vagaries.

Twelve thousand Cubans in Havana have what they call a strike. They have simply ceased work and are putting in the time loafing without a desire to coerce any one. If people must strike the Cuban method is the least harmful.

Mark Twain has written a humorous, and at the same time, scorching article about Mrs. Eddy, whom he denounces under the book on Christian Science. Mark Twain is in Europe and Mrs. Eddy is on this side of the ocean, so the action is not necessarily so heroic as it might appear.

A Missouri poultry dealer is shipping 200,000 chickens to Honolulu. The islanders have inherited the taste for yellow-legged poultry, which certainly must be an improvement on the diet of boiled preachers which the early missionaries found to be popular in Hawaii.

New Mexico wool growers got a good profit this year, and buyers who sold also made money, but the purchasers who stored fleeces to await the rise in price have fared best. Considerable wool remains in warehouses in this territory which will bring large profits to the owners.

The successful agitator generally retires when he gets rich. Denis Kearney is now a well-to-do business man in San Francisco. Coxey has grown wealthy. Col. Bryan has accumulated property to the amount of \$300,000 in five years. Unlike the others he has not retired. But he will next year.

Money was very tight in New York yesterday, 7 to 10 per cent interest being demanded by the banks on call loans. The crowds of western and outside people will scatter two or three millions around the city today and tomorrow while they are there to see Dewey, and New York banks may be on Easy street for a day or two.

The St. Louis Republic of Monday last had a picture suggested by a story in the Arabian Nights. The cartoon is labeled "Sammy Baba and the Forty Thieves." Uncle Sam is up a tree watching the passing of a procession of forty thieves each bearing a banner. The leader is very appropriately labeled "Oil Trust."

The early bird in Manila gets no cocktail. An order published in that city signed by an army officer forbids a saloon being opened before 7 o'clock in the morning and all must be closed by 10 o'clock at night. Discharged American soldiers can not secure a saloon license, because the military commanders do not wish saloons to become resorts for troops.

Has sanitary science neglected Key West in order to make Santiago de Cuba immune from yellow fever? So much is promised for Cuba and Porto Rico by sanitary science and so much is being done for them by Americans it seems a paradox that any American town has neglected sanitation and is in some respects as filthy as Cuban towns were before American occupation.

The German government has emphatically informed President Kruger to expect no assistance in the event of war with Great Britain, and that the German consuls in the Transvaal have been instructed to inform Germans who volunteer their help that they will be aiding President Kruger at their own risk.

Om Paul and his country propose to forage on the enemy. The volunteers of the Transvaal has readopted the mining article in the gold law, eliminated last year, empowering the government to confiscate the claims and mines belonging to people convicted of treason or conspiracy against the state, and to order that the mines be worked, and, if this instruction is disregarded, to work them through its own agents.

President Diaz changed his mind yesterday about coming to the United States next month. It would be interesting to know the real reason for the conclusion. The published explanation can hardly be the true reason. The president may have found out that there was a plan on foot for the mice to play while the cat was away. Politicians may have been planning to work up a revolution or some other scheme during the absence of the executive. There are many plotters who have not dared to make efforts to carry out their plans under the eye of the president, who would have been ready to make mischief if they could accomplish it successfully and get out of the country before their master returned.

Trusts which handle matches and crackers have adopted the policy of giving a bonus to wholesale houses which will sell trust goods exclusively. This cuts off the trade of the independent concerns and destroys competition. Of course when there is no competition the trusts can raise prices or maintain them even should material and labor become cheaper by reason of there being no competitive buying, as there is when many firms are manufacturing. The trust can thus cut edges both ways and pocket the earnings instead of giving them to the trade and the consumers of goods. No sane person will believe the benevolent claims of monopolies that they are working to give the people goods at cheaper figures.

Two Admirals.

Just as Admiral Dewey was straining his eyes to sight his native shore, Admiral Montijo was released from jail in Spain where he has been since his return home after permitting the Yankee admiral to scoop the whole shooting match in Manila. The court martial decided not to have the losing admiral shot but he loses his rank. The prisoner's defense was that the government failed to give him proper equipment and that the ammunition furnished him came from swindling contractors. The statements were probably true. The government, perhaps, never considered Montijo to blame, but in order to satisfy public clamor, made a show of prosecuting the loser in the Philippines as well as those in Cuba, and when excitement died the pull the officers had secured their release.

Trusts Got it in the Neck.

The big flour trust appears to have been unable to load its watered stock upon the public. The securities or stocks are in the hands of the millers who put their plants into the pool and the stock on the market is offered at from 25 to 30 cents on the dollar. The same is true of many other trust stocks. The fictitious values could not be maintained when investors would not buy. Most of the trusts will be failures. They were stock selling schemes. Many others which by securing monopolies hoped to profit will fail. One reason for failure is manufacturers who sold all plants will get improved machinery and go into business again with the capital secured from the trusts. Knowing the business and the market they will be able to defy the trusts.

Good Deal in Rails.

The Santa Fe railway managers have long hands. Some time ago when times were dull and rail mills were bidding for patronage, the Santa Fe people foresaw the era of prosperity coming and made a contract for enough steel rails to relay the entire track from Chicago to San Diego, in many places removing old iron rails. The work was but recently completed and now the railway company is hauling the old iron rails to the manufacturers who furnished the steel rails and receiving \$1 per ton more for the old iron than the contract price for the new rails. Such an era of manufacturing and railway building has set in, that enough iron can not be had to meet the rush, and the companies that order rails now will have to wait many months for delivery.

McKinleyism and El Paso.

El Paso should appreciate the prosperity that followed the election of President McKinley and the restoration of confidence upon the part of investors who build railways and other enterprises. The railway development in that region was deferred many months by capitalists who did not wish to invest their money if a Bryan regime was to follow the election of 1896. As soon as the Republican party won the victory it was known that no vicious legislation against capital and no overturning of the financial system of the country would occur. So the promoter of the railway from El Paso had no trouble in securing funds for the work. El Paso would have had no railway into Otero and Lincoln counties had free silver won the day in 1896. If there had been no development in the surrounding country El Paso would have made no progress from the point at which she was stalled for years. As it is, she is growing beyond the rate any of the people ever dreamed of and is surpassing every other town in the west.

THE TERRITORIAL PRESS.

BORING FOR OIL.

A boring apparatus which, contrary to the rule with drills heretofore, has a penetrating ability somewhat greater than that possessed by a bumblebee, will be at work in the vicinity of Farmington in a short time. A hole will probably be sunk on Mr. Baker's place, near Farmington, where a 350-foot bore recently put down now emits gas enough to make a bright blaze when a match is applied.

There is every reason to believe that either gas, oil or artesian water will be found. On the La Plata last week a heavy flow of water was encountered at 105 feet, the water coming close to the top. While driving the piles for the bridge at Aztec a year or two ago, oil was struck in sufficient quantity to be plainly visible, mingling with the waters of the river. Farmington is situated in a natural basin, and the immense bodies of coal in the country are indicative of the presence of oil and gas. Many other reasons may be added in support of the theory, but the question itself will soon be settled in a practical test.

RICH MINERAL REGION.

(Elizabethtown Bulletin.) Central northern New Mexico, comprising the eastern part of Colfax county, Taos county, eastern Rio Arriba and northern Mora counties, constitute a compact as well as extensive section of country, throughout the length and breadth of which scarcely an acre of land can be traveled over that is not mineralized to a greater or less extent. The mining industry in the territory mentioned is even now predominant, with the very meagre development, practically speaking, that has been attained at this date, and with the attention of capital and the general application of the means which have been put to work in other sections, we will soon have here a progressive mining district, with the industry carried forward to a degree that is at present undreamed of, and that will make of this field an empire in itself.

No other industry carries with it so many auxiliary industries as does mining, and here are all the resources and materials called for to amply supply all possible demand. Nothing is lacking to enable us to take the conquest of this portion of Nature's domain, already well begun, but the means with which to apply the requisite facilities; and these means, in the hands of capitalists, are ready for investment, wherever the best inducements are offered and greatest results promised.

PRESS COMMENT.

HAD ENOUGH OF FUSION.

(Pueblo Chieftain.) What the state is suffering today is what the fusionists in every county ask the smaller units of the commonwealth to choose. The voters see the state in a slough of ill, in a quagmire of neglect. They see another organized raid about to be made on the treasury of Colorado. Yet in the face of all this, fusion still has the effrontery to show itself and to ask support of its candidates for office throughout Colorado. It is inevitably true that the misfortunes that have befallen the state would be the lot of the counties if fusion should prevail. Fusion is to be confronted with just this problem. It is needless to ask what will be the answer be. Unholy combinations for spoil have run their course here.

REACHED THE COAL FIELDS.

The El Paso & Northeastern Railway completed Monday. The El Paso & Northeastern railway completed its line to Salado, in the coal fields of Lincoln county last Monday and the station of Salado was established. The coal fields are about 150 miles northeast of El Paso. The existence of coal there has been widely known for many years, but the lack of transportation facilities has hitherto prevented its being worked. The coal is of the semi-bituminous variety, and is considered excellent in quality. The Salado is a large rolling basin or plain, surrounded by mountains. In anticipation of the completion of the railroad, several coal mining camps were established about two months ago and some 200 men are now at work. The coal in places crops out plainly on the surface. As soon as the railroad is formally turned over to the company by the contractors, more attention will be given to the development of the mines, and the country is bound to be rapidly settled by a class of good, enterprising people.

ALAMOGORDO INFORMATION.

Some Marriages at Cloudercroft—News About Town. W. W. Stacey and Miss Omar Harris were married at Cloudercroft by Rev. A. D. Wallace. William Goodsell and Miss Nora Hudman were married by Rev. A. D. Wallace at Cloudercroft.

George D. Tolson and Miss Ida O. Sprout were married at the home of the bride's parents at Alamogordo, by Rev. A. A. Hyde.

Mr. and Mrs. L. Casler, of Fort Union, Mich., have settled at Alamogordo, where Mr. Casler is bookkeeper for the Alamogordo Lumber company.

Mr. and Mrs. Robert Hanley have removed from Alamogordo to Nogal. C. and F. Hilburn were arrested at Alamogordo on the charge of keeping a bawdy house.

Jennie Wallies, Blanche Lewis and Annie Morton were arrested at Alamogordo on a charge of vagrancy.

Bought a Chaves County Farm.

A. G. Mills of Guadalupe county, who recently sold sheep ranches in Guadalupe county to the Salado Sheep company, of which Governor Otero, Chief Justice Mills and John S. Clark are incorporators, has removed to Chaves county and bought the farm of Hon. G. A. Richardson, at Greenfield, near Roswell.

SPAIN'S GREATEST NEED.

Mr. R. P. Oliva, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing, you need it. Every bottle guaranteed, only 50 cents. Sold by Fletcher & Co., druggists.

OJO CALIENTE (HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 80° to 120°. The gases are carbonic. Altitude 5,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 158.24 grains of alkaline salts to the gallon; being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attended to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, All Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a.m. and reach Ojo Caliente at 5 p.m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. For further particulars address—

ANTONIO JOSEPH, Prop., Ojo Caliente, Taos County, New Mexico.

THE NEW MEXICO MILITARY INSTITUTE

Roswell, New Mexico. THE MILITARY SCHOOL OF NEW MEXICO ESTABLISHED AND SUPPORTED BY THE TERRITORY. Session Begins September, '99, Ends June, 1900. Five Teachers (Men), and Matron. Accommodations for 200 Students. New Buildings, all furnishings and equipments modern and complete; steam-heated, gas-lighted; baths, water-works, all conveniences. Tuition, board, and laundry, \$300 per session. Session is three terms, thirteen weeks each. Roswell is a noted health resort, 3,700 feet above sea level; well-watered; excellent people. REGENTS: Nathan Jaffa, Roswell, R. S. Hamilton, Roswell, Charles Wilson, Roswell, J. C. Len, Roswell, J. O. Cameron, Eddy. For particulars address: JAS. G. MEADORS, Superintendent.

THE NEW MEXICO School of Mines.

SOCORRO, NEW MEXICO. FALL SESSION BEGINS SEPTEMBER 11, 1899. REGULAR DEGREE COURSES OF STUDY— I. Chemistry and Metallurgy II. Mining Engineering III. Civil Engineering. Special courses are offered in Assaying, Chemistry, and Surveying. A preparatory course is maintained for the benefit of those who have not had the necessary advantages before coming to the School of Mines. Tuition—\$5.00 for the preparatory course; \$10.00 for the technical course. There is a great demand at good salaries for young men with a technical knowledge of mining. FOR PARTICULARS ADDR— F. A. JONES, Director.

Burlington Route CHANGE OF TIME

Will be made in the schedule of THE VESTIBULE FLYER. Commencing September 24, it will run as follows: Leave Denver 10:30 p.m. Arrive Lincoln 1:30 p.m. Arrive Omaha 3:45 p.m. Arrive Chicago 8:20 a.m. Arrive St. Joseph 6:35 p.m. Arrive Kansas City 8:45 p.m. Arrive St. Louis 7:19 a.m. This change is made to allow more time at Denver for connection with trains from the west. The CHICAGO SPECIAL schedule remains the same as at present: Leave Denver 1:40 p.m. Arrive Chicago 8:15 p.m. Arrive St. Louis 7:01 p.m. Only one night on the road. Through Palace sleepers. Free reclining chair cars. Dining car "a la carte" on both trains. Yours truly, G. W. VALLERY, General Agent, Denver, Colorado.

Telegraphing to Mars.

The idea that we may possibly be able sometime to communicate with the planet Mars is a perfectly sound one. Those who laugh at it merely emphasize their lack of knowledge of the march of progress. Years ago man with his family could not cross a stream a hundred yards wide. He could communicate with his fellow men only so far as his voice would reach. Medical science knew no positive cure for dyspepsia. But we have progressed. Steam crosses the ocean, electricity communicates across the continent, and Hostetter's Stomach Bitters has proved a boon to humanity. It strikes at the root of almost all sickness—the stomach, and cures indigestion, constipation, biliousness and dyspepsia. A private Revenue Stamp should cover the neck of the bottle.

America's Military Budget.

Counting Pensions—a military expense, we are now carrying the largest military budget in the world, and yet many Americans express sincere sympathy with the poor, down-trodden taxpayers of Europe because they are compelled to bear such heavy military burden.

The Remedy.

When Jane was weighed, so people state, she tipped the scales, as sure as fate, at pounds one hundred sixty-eight. This feat inspired such deep dismay—Mind you, this is what people say—She fell off four pounds every day.

A WONDERFUL CURE OF DIARRHOEA.

A PROMINENT VIRGINIA EDITOR.

Had Almost Given Up, but Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

READ HIS EDITORIAL.

(From the Times, Hillsdale, Va.)

I suffered with diarrhoea for a long time, and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man to-day, and feel as well as I ever did in my life.—O. R. Moore. Sold by A. C. Ireland.

A Mistaken Haunt.

With a horrid grin the haunting specter raised the goblet on high and quaffed the fiery liquid. I have always wondered, mused the Haunted Man, what was meant by a ghost of a smile? Perceiving that it had fastened itself upon Weekly Temptations, the humorist, the gossamer spirit fled moaning down the wan reaches of the night.

As usually treated a sprain will disable the injured person for three or four weeks, but if Chamberlain's Pain Balm is freely applied a complete cure may be effected in a very few days. Pain Balm also cures rheumatism, cuts, bruises and burns. For sale by A. C. Ireland.

A Great Bible Student.

Johnnie's a great Bible student. Is he? Yes. He gets a nickel for every verse he learns and a dollar for every book he reads, and when he has read twenty books his grandfather is going to give him a new bicycle.—From the Cleveland Plain Dealer.

A WORD TO MOTHERS.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form, and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by A. C. Ireland.

As They Kiss at Parting.

Dorothy—She's my chaperon. Some people say she is too good looking for that office. Amanda—Oh, I don't know. There must be a contrast between the chaperon and her charge, you know.—From the Boston Transcript.

THAT THROBBING HEADACHE Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by Fischer & Co., druggists.

A Useful Presentation.

At the meeting of a board of guardians it was proposed that an honorarium be presented to the clerk, who had been very energetic in the interest of the board.

A well-meaning but somewhat uneducated member arose and startled his hearers by remarking: "Gentlemen, our worthy clerk don't want nothing of the sort. If we give him an honorarium he wouldn't have time to play it. A sum of money would be of much more service to him.—From Answers.

Strong Drink is Death

DR. CASPER'S KIDNEY PILLS

are the only positively guaranteed remedy for the Urinary System, and are absolutely certain to cure any case with a positive written guarantee or refund the money, and to destroy the appetite for intoxicating liquors. THE TABLETS CAN BE GIVEN WITHOUT KNOWLEDGE OF THE PATIENT. "I am suffering from a severe case of kidney trouble, and have been unable to do my work for some time. I have tried many remedies, but have not found any relief. I have heard of your pills, and I have bought a box. I will try them, and if they do not cure me, I will return the money."—J. H. Smith, New York.

Ireland's Pharmacy sole agent, Santa Fe N. M.

WOMAN'S SPHERE IN THE ORIENT

Eliza Archard Conner Finds Her Dusky Sisters Breaking Their Ancient Bonds.

The last place in which to look for progress on the question of feminine rights is in the orient, yet I found in the island of Ceylon a case of new woman that is in advance of anything we have in the same line in the western world.

In brief, Colombo, the capital and main seaport of Ceylon, has a woman for one of the medical inspectors of the port. Strange to say, too, this very in-

MISS SCHOKMANN. (Medical Inspector of the port of Colombo, Ceylon.)

novation is the direct outcropping and result of the foggy old woman notions of the orient.

One of these inconvenient ancient notions is that in no case must a woman see or come in contact with any men except those of her own family. The idea of a man doctor attending a woman in illness is as abhorrent to the oriental mind as pork to a Mohammedan. In consequence poor little brown and yellow women suffer untold agonies because there are no more than two or three educated native women physicians in any country in Asia.

For this reason missionaries are hurrying to their aid with all possible dispatch lady medical graduates from England and America. Such women doctors are called medical missionaries, and if ever the new woman had a sphere cut out and waiting for her it is in Asia.

Noninfected Asiatic ports maintain a strict quarantine against cities in which the bubonic plague is known to exist. This involves a medical inspection of passengers arriving on ships from infected ports. Colombo as a British city with a clean bill of health rigidly enforces quarantine regulations. Many passengers from plague stricken ports are native women. Whether these be steerage or first cabin travelers, to have them inspected by a masculine doctor would subvert social institutions, destroy the foundations of religion and, worst of all, might start a revolution against the British government.

The assistant port surgeon who inspects and passes women travelers at Colombo is Miss Schokmann. Great Britain provides liberally for education in the oriental colonies. At Colombo there is a government medical school open to both sexes. Its system of instruction is thorough.

To become a medical man or woman full fledged the student must take a six years' course of study. A four years' course entitles the undergraduate to practice as a medical assistant. He may not put out a shingle on his own account, but he may associate himself with a regularly graduated physician and cure or kill all the patients he can get. There is also connected with the institution a course in pharmacy.

It is to the credit of the native Indian and Cingalese women that they are bursting the iron bonds of oriental tradition and are bravely beginning to qualify themselves for physicians, druggists or nurses. Girls of half native and half European blood take advantage of opportunities for enlightenment often denied to the down-trodden native women. A broad division of the inhabitants of Ceylon puts them into three classes as to race—whites, burghers and natives. The burghers are the mixed blood descendants of the Dutch, who held the island till they were made to give it up to the British in 1796. The burghers naturally constitute a solid and intelligent portion of the people of this feebly mixed up island. Burgher girls are foremost among those who go in for industrial and professional training, and they are eminently successful in what they undertake. Their ancestral Dutch common sense and steadiness are notable.

Of burgher blood is Miss Schokmann, assistant medical inspector at Colombo. Her sturdy Dutch father, himself a medical man, is proud of his girl, and

he has reason to be. It is her duty to board all ships from plague infected ports and examine the women passengers, white, black, yellow and brown, and, if the investigation is satisfactory, give them a permit to go ashore. Until she does this no women can leave the ship. She reports daily to her superior officer, the surgeon of the port.

When a ship from an infected city arrives in the harbor, Miss Schokmann springs into a rowboat and is propelled swiftly alongside by the oarsmen specially provided for her and other inspectors. The boatmen are neatly uniformed, and the little woman doctor is rowed out in state.

There is no babyish pretense of timidity as she springs from the bobbing boat and up the steps on board the ship. Long practice, natural courage and active muscles enable her to skip up a steamer's side like a man of the sea.

I had the pleasure of spending some hours with this thoroughly interesting young daughter of the orient. I could not help noting the respect and esteem in which she is held in Colombo. Hate come off and pleasant greetings are heard wherever she appears.

"If you can square Miss Schokmann, you'll be all right," said a high official to whom I made grumble over the difficulties thrown in the way of passengers going ashore from our steamer at Colombo. In British slang to "square" a person means the same as the American slang to "make yourself solid with."

In her dusky hair and brunette skin the young lady shows traces of her oriental mother race. But she has the brisk, businesslike, movement, the self contained, self dependent, yet thoroughly modest and ladylike manner of the best type of western woman in professional or industrial life.

And the faster her type increases in the eastern hemisphere the better it will be for this great, sad, dark orient. A true civilization depends more on the strength, intelligence and nobility of women than on anything else.

ELIZA ARCHARD CONNER.

NOTES OF WOMAN'S WORK.

Some Activities of the Members of the Unquiet Sex.

A young woman in Buffalo has made a striking success as a drill mistress.

She is Mrs. H. W. Palmer, and she has organized and drilled a number of young women in military tactics. The company is connected with a fraternal insurance order and appears at entertainments in various cities where there are branches of the order. Mrs. Palmer and her uniformed corps are greatly in demand, for most of the privates are as pretty as their captain.

Miss Claire Helena Ferguson is known as "the girl sheriff of Utah." She recently prevented the escape of "Handsome Gray," a notorious criminal.

Mrs. Artie Goodwin Cullop, leader of the society set at Vincennes, Ind., who has been appointed honorary commissioner from Indiana to the Paris exposition, is peculiarly fitted to the requirements of the position. Mrs. Cullop was the unanimous choice of the federal bench of the state and was endorsed by many men of national prominence.

During the past year Mrs. C. A. White of Chicago has demonstrated the fact that it is not only feasible but an exceedingly profitable occupation for women to import blooded canines. She is the only woman in the world who has made the experiment, her specialty being Japanese pugs, which are the fashionable fad of the hour.

The queen of Romania has presented to the ancient church of Curtea d'Arcech, said to be the oldest in the kingdom, a beautiful manuscript copy of the evangelism used in the eastern church, written and illuminated by herself on 80 sheets of parchment.

Three Chicago women are building a house. It isn't any shammy, summer cottage, either, but a brick house with stone foundation.

The women—Mrs. Franz Liebig and her two daughters, Marie, 18, and "Gustie," 16—are doing every bit of the work, from digging and cementing the cellar to making mortar and laying the bricks of the walls. It is such a departure from the way that Chicago women usually win notoriety that the whole northwest part of the city is talking about the house that women are building.

Notice for Publication. (Homestead Entry No. 5583.) LAND OFFICE AT SANTA FE, N. M., September 16, 1890.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Probate Clerk of El Paso County at Tierra Amarilla, N. M., on October 25, 1890, viz: Juan Manuel Velazquez for the sw 1/4, sec. 3, tp 1 N., r. 1 E.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Teodoro Serrano, Pedro Garcia y Abeyta, Mariano Gallegos, Elias Serrano, all of Coyote, N. M. MANUEL R. OTERO, Register.

LAST CROP REPORT

Crops Nearly All Gathered and Those Outstanding Will Not Be Affected by Weather.

DAMAGE BY HAIL AND FROST

The Corn Crop a Failure On Account of August Drouth—The Late Rains Increased the Water Supply and Helped Ranges.

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section.

Santa Fe, N. M., September 26, 1890. The weather during the past week has been bright and warm during the day, but quite cool at nights, and without rain since the 19th. In the absence of reports to the contrary, it is judged that the damage from the frost of the 17th over northern sections was very slight. The storms of the 16th and 18th were accompanied by heavy rains and hail in some parts of San Miguel and Mora counties, the hail doing considerable damage to trees and late gardens in some localities. The good rains of last week, while too late to be of much benefit to late maturing crops, proved of much value to stock interests by refreshing grass and increasing the general water supply.

Wheat and oats generally are cut and are being threshed. Both crops were very irregular, and with the exception of the better watered sections of northern counties the yield was far below the average. Corn, beans and late garden truck are maturing under favorable conditions; as a rule corn will be a poor crop, principally on account of the August drouth. The third growth of alfalfa will soon be ready to cut in northern sections; in central counties the fourth cutting promises to be quite irregular. Stock are in very good condition, and, as a rule, good fall and winter feed is assured. There is abundance of water for irrigation purposes.

The following remarks are extracted from the reports of correspondents:

Aztec—C. E. Mead: The weather continues favorable, and crops of all kinds are progressing nicely. The showers of the 14th and 15th greatly refreshed the ranges, and an abundant supply of winter feed is assured. Farmers are busy gathering beans and cutting corn. The markets are well filled with all kinds of late vegetables. The third growth of alfalfa is beginning to bloom. Ditches are full of water. The highest temperature was 81, the lowest 38; rainfall, 0.83.

Bellevue—C. M. O'Donnell: Cool, with showers and some hail. Grass much improved. Rainfall, 0.83. Bernalillo—Brother Gabriel: Days warm, but nights unusually cool. Vegetables are about at a standstill; grapes are far below expectations. Trees, and in general alfalfa, are being injured by caterpillars. Some alfalfa fields promise another good cutting, while others do not. Highest temperature, 88; lowest, 45; no rain.

East Las Vegas—J. Thornhill: A heavy rain and hail storm on the 19th; since then the weather has been favorable to late crops. The hail slightly injured corn fodder and cabbages. Oats are about all harvested; alfalfa about ready to cut.

Fort Union—M. C. Needham: A destructive hail storm on the 16th, followed by heavy rain. The hail destroyed this year's growth on fruit trees, broke some window lights, and scarred the trunks of trees. The track was three-quarters of a mile wide, and hail fell to the depth of 6 inches. Threshing wheat and oats is now the order of the day. Highest temperature, 86; lowest, 35; rain and hail, 2.65 inches, 2.25 inches falling on the 16th.

Gallinas Spring—James E. Whitmore: Corn and bean crop will be short on account of the August drouth. Grape vines are coming out green again. The rains filled some water holes, but not sufficient for winter. Highest temperature, 92; lowest, 46.

Hobart—W. H. Hough: Quite warm during the day, but cold at night. Corn is good and alfalfa fair. Garden truck still doing well. Ranges have good feed. Highest temperature, 92; lowest, 46.

Santa Fe—United States Weather Bureau: Dry, warm weather; corn and late garden truck maturing favorably. Wheat and oats all cut; wheat generally fair, but oats a poor yield. Highest temperature, 79; lowest, 48; no rain.

R. M. HARDINGE, Section Director.

NOTE—As crops are either secured, or are beyond danger from ordinary weather conditions, this number of the bulletin completes the issue for this season. Correspondents are thanked sincerely for their kind and public-spirited co-operation, and are requested to discontinue their weekly report.

A FRIGHTFUL BLUNDER.

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Bolls, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cents a box. Cure guaranteed. Sold by Fischer & Co., druggists.

Which is the handsomest street or avenue in the world? Why, I believe that most travelers would vote for Commonwealth Avenue, Boston.—From the New York Press.

Did Not Claim Them.

Summer Boarder—I thought you wrote me that you had no mosquitoes? Joshua Hay—Wall, I haven't. Their be more or less of 'em around here, but I don't claim 'em.—From the Ohio State Journal.

TRY ALLEN'S FOOT-EASE.

A powder to be shaken into the shoes. Your feet feel swollen, nervous and hot, and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. It cools the feet and makes walking easy. Cures swollen, sweating feet, ingrowing nails, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe stores for 25c. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

Escaping From Herself.

When a weak, pain-racked woman is suddenly and completely relieved of her misery it is like shaking off the clutches of a sad, pursuing spirit. She escapes from her wretched, unhappy self and becomes a new self; literally another being.

"My wife is up and walks about a mile every pleasant day; she feels like another person," writes Dr. Todd Huggins, Esq., of Mount Jackson, Marion Co., Ind., in a letter to Dr. R. V. Pierce of Buffalo, N. Y. "When I first saw your book referring to the cure of consumption I thought I would try Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription,' as the doctors had given her up, and so I thought it could do no harm if it did no good.

"When I try to describe the rapidity I feel to do so in words. We shall never forget to thank God for giving us this means of relief. I know if my wife had not taken Dr. Pierce's medicines she would now have been in her grave. You can ask any one who is afflicted thus to write to me for more particulars.

This only serves to show that what ordinary physicians of merely local and limited practice will often fail to accomplish, may become entirely possible to a thoroughly scientific and radical treatment, based upon a life-long and world-wide experience with the severest and most obstinate forms of so-called incurable diseases. Do not despair, but write to Dr. Pierce. He will send you the most authoritative advice in a plain sealed envelope free of charge. His splendid thousand-page illustrated Common Sense Medical Adviser will be sent paper-bound for 21 one-cent stamps to pay the bare cost of mailing, or in heavy, handsome cloth binding, for 31 stamps. A whole medical library in one 1000-page volume.

Their Canny Game. "Yes, I always put up twice as much canned fruit as I use.

"What do you do with the rest?" "Why, nobody ever seems to believe I have such luck with my canning, and I have to send each one of the doubters a can to prove my claim."—Cleveland Plain Dealer.

A Klondike. Inventor—My fortune is made. I've got the greatest invention that ever happened. Friend—What is it?

Inventor—A bathing suit that looks just as well after it has been in the water as it did before.—New York Journal.

As It Often Happens. "Why did you go to the country so early this year?" "To get away from the city."

"And why did you come back so soon?" "To get away from the country."—Chicago Post.

One Strike at Golf. Good Man—Do you know what becomes of little boys that use bad words when they are playing marbles?

Bad Boy—Yes! They grow up an plays golf.—Chicago News.

A NARROW ESCAPE. Thankful words written by Mrs. Ada E. Hart, of Groton, S. D.: "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am saved and now a well and healthy woman." Fischer & Co.'s drug store. Regular size, 50c and \$1.00. Guaranteed or price refunded.

Barred Out. Mrs. Mix—Are you on speaking terms with your back door neighbor? Mrs. Nick—Why, I'm not even on borrowing terms with her.—From the Yonkers Statesman.

The Vacation. He traveled far o'er land and sea, That rest might set his spirit free; He loafed and dreamed, then faced about, And found his tikester had run out.

—Chicago Record.

The great success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the treatment of bowels complaints has made it standard over the greater part of the civilized world. For sale by A. C. Ireland.

The Old Man's Clothes. In a speech in the Read old man Kruger declared that he had already given his jacket and trousers to Chamberlain. War is a serious business, and it is to be hoped that Oom Paul will keep his shirt on.—From the St. Louis Globe-Democrat.

Achieved the Impossible. It was Burke who said you cannot indict a nation.

But France has accomplished the impossible. She has indicted herself.—From the Brooklyn Standard Union.

SHAKE INTO YOUR SHOES

Allen's Foot-Ease, a powder. It cures painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Try it today. Sold by all druggists and shoe stores. By mail for 25c in stamps. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

Half Fare to the Fair.

For the territorial horticultural exhibition in this city the Denver & Rio Grande railroad has agreed to sell half fare tickets from all stations between this city, Alamosa and Durango, on October 3, 4 and 5 and to be good to return until October 9. This should ensure a good attendance from the northwest.

SOME NEW RAILWAYS

Nearly Three Hundred Miles of New Lines Lately Constructed in the Territory.

AND MORE YET TO COME

Mileage of the Different Companies and General Statement of the Character of the Country That They Traverse.

During the past fiscal year New Mexico has kept pace with other states and territories in the construction of new railroads and railroad improvements, in fact, it is far ahead, in that respect, of the majority of the states. No less than 290 miles of railroad is newly constructed. The El Paso & Northeastern has constructed 152 miles of this, the Pecos Valley & Northeastern 100 miles, the Alamo and Sacramento Mountain railroad 20 miles and the Atchison, Topeka & Santa Fe branch 18 miles to Hanover, Grant county. A number of new lines have been projected and while only railroads in prospect thus far, they will sooner or later assume tangible shape. For instance, it seems altogether probable that a new road will be constructed within the next 12 months from Las Vegas through the Mora valley to Taos, a distance of 100 miles. A company has been incorporated for the purpose of constructing this road, the line surveyed and some preliminary work done upon the road. If constructed it will open a most fertile portion of the territory as well as large mining and timber industries.

Among the possibilities, nay probabilities, will be a line from Thornton or Santa Fe to Bland and another line from the main line of the Santa Fe railroad to Golden or San Pedro.

A company has been organized also for the purpose of constructing a new line from the city of Durango, Colo., through San Juan county, New Mexico, to Gallup or the city of Albuquerque.

Among other lines projected is an extension of the Denver & Rio Grande to White Oaks, the extension of the Rock Island from Liberal, Kas., to Gray, Lincoln county, a line from Columbus to Deming, Durango and Salt Lake City, not to speak of spur lines from main lines of railroad to camps, among the most important of which are a projected road to the Organ mountains from Las Cruces and a road from Magdalena, Socorro county, to Chloride, Sierra county.

But few of the towns and cities of the territory are now without railroad and telegraph facilities and among the most important factors in the development of the resources of the territory. There is at present 1,693 miles of railroad actually constructed within the territory, owned and operated by 11 different corporations. The Atchison, Topeka & Santa Fe Railroad company operates 692 miles, the Pecos Valley & Northeastern Railroad company 192, the Denver & Rio Grande Railroad company 166, the Southern Pacific Railroad company 166, the El Paso & Northeastern Railroad company 152, the Santa Fe Pacific Railroad company 157, the New Mexico Arizona Railroad company 25, the Arizona & New Mexico company 30, the Alamo and Sacramento Mountain Railroad company 20, the Colorado & Southern Railroad company 76 and the Tierra Amarilla Southern Railroad company 17.

Some of the railroads operate wholly within New Mexico, but a majority of them have only a portion of their mileage within the territory. The A. T. & S. F., one of the pioneer railroads of the west, has by far the largest mileage, as it enters the territory on the northern boundary near Raton, passing through the entire territory near the center, traversing the fertile Rio Grande valley, and passing out near El Paso, Texas. Upon the main line of this railroad and its numerous branches are the three largest cities of the territory, Las Vegas, Santa Fe and Albuquerque, and also the towns of Raton, Springer, Los Lunas, Socorro, San Marcial, Las Cruces, Deming and Silver City.

The D. & R. G. railroad enters New Mexico south of the town of Antonito, Colo., and passes in a southerly direction to this city, a distance of 114 miles. It also crosses the city of Antonito and has 32 miles of track in the territory upon the line from Antonito to Durango. The city of Santa Fe and the towns of Espanola, Tres Piedras, Chama and Lumberton are upon this road.

The Pecos Valley & Northeastern railroad line traverses the fertile Pecos valley, passing the towns of Roswell and Carlsbad, and many other towns on its line recently constructed to Amarilla, Texas.

The El Paso & Northeastern is a new railroad upon which work has just been started. Leaving the city of El Paso it passes through Fort Bliss, Jarilla, Alamo and Sacramento mountains, and Three Rivers to its present terminus in the Salado coal fields near the town of Gray. This line traverses some of the best mining, timber, stock raising and farming lands in the territory.

The Santa Fe-Pacific railroad extends from Albuquerque to Gallup, where the road enters the territory of Arizona. The towns of Laguna, Grants, Bluewater, Wingate, Manueto and Gallup are situated along this portion of the road.

The Southern Pacific railroad enters the territory about four miles from the city of El Paso, passing through a broad plain devoted mainly to the stock industry.

The New Mexico and Arizona railroad runs from Deming to Benson, T. A., a distance of 170 miles. This line via Lordsburg is a part of the Southern Pacific system.

Complete Treatment, \$1.25

Dr. J. C. CUTICURA, 100 N. 3rd St., St. Louis, Mo.

The Colorado & Southern railroad crosses the extreme northeastern corner of the territory. The road passes through the town of Clayton, which is the county seat of Union county, and enters Texas at the Town of Texline. Stock raising is the most important industry along this portion of the road.

The Arizona & New Mexico railroad has constructed its road from Lordsburg to Clayton, T. A. The principal industry along this road is mining.

The Alamo and Sacramento Mountain railroad has constructed 20 miles of a line running from the town of Alamo to Toboggan, upon the summit of the Sacramento mountains. This road is used mostly for the transportation of timber to the saw mills at Alamo and Lordsburg.

The Tierra Amarilla Southern Railroad has a private line owned by the Burns & Biggs Lumber Company. It runs from the town of Chama, in Rio county, to Brazos, in the same county.

MINOR CITY TOPICS.

A letter addressed to S. C. Noland, Grangeville, Co., Cal., is held at the postoffice for more definite address.

Misses Charlotte Brady and Dorothy Burchill, formerly waitresses at the Claire dining parlor, left last evening for Denver. Next week two new waitresses will arrive from Denver for the Claire.

Julian Arias was arrested by Constable Anaya this forenoon on a charge of assault and breaking the peace. The charge was brought by Braulia R. de Martinez.

Encouraged by the success of her summer series, Miss Gullford will give a course of eight dancing lessons, commencing Saturday, October 7. Early application for terms and particulars is recommended, as the number of subscribers must necessarily be limited.

PERSONAL MENTION.

Judge H. L. Warren of Albuquerque, is in the capital on legal business.

T. B. Reber came to the city from Santa Cruz last night to meet his wife who is coming home from a trip to the east.

W. C. Wynkoop, manager of the Co-chit Reduction & Improvement company at Bland, spent the day in the capital.

Mrs. D. Gresham and son John left last evening on a two months visit to Kansas City and Joplin, Mo.

A. Fischer, the druggist, returned home last evening from the Pecos, where he spent several weeks looking after mining interests.

Archbishop Peter Bourgade and Rev. Adrian Cazales returned home last evening from a conferring trip to the parishes in northern New Mexico.

Miss Jessie Hild and Miss B. Strousse will leave this evening for Chicago for a visit. From there they will go to Philadelphia, the home of Miss Strousse, and later in the season will leave for Europe to spend the winter.

Rev. E. L. Eustis, the new rector of the church of the Holy Faith, arrived last evening with his wife from Longmont, Colo. They will reside in the rectory, on Palace avenue. Mr. Eustis will preach his introductory sermon next Sunday.

Douglas Harroun, a resident of Mexico, son of Dr. W. S. Harroun, who spent a week as the guest of his father, has gone on a visit to Chicago.

Hon. Celso Baca of Guadalupe county, ex-member of the legislative assembly, was in the city yesterday, en route from Texas to his home.

Mrs. A. M. Bergere returned home last evening from Los Lunas and was accompanied by Mrs. Louis Huning and daughter of Los Lunas, who will be her guests for some time.

At the Hotels. I. N. Hahn, St. Louis; R. W. Smith, Bland.

At the Exchange. Firzo Schoas, Albuquerque; W. D. Mathias and wife, Kansas City; Cecilio Manzanarez, Cerrito; Amado Moore, Las Vegas; Jose Flores, Cerrito; H. L. Warren, Albuquerque; T. L. Reber, Santa Cruz.

At the Palace. W. J. McConnell, Idaho; W. C. Wynkoop, Denver; J. G. Beldie, St. Paul; C. E. Jones, Pueblo.

At the Bon-Ton. C. Weidner, Pojoaque; T. Lese, R. H. Beers, Espanola; J. R. McCarty, Taos; R. A. Zimmerman, Albuquerque; John Murray, Frank, Morrison, Las Vegas; Gus Johnson, Charles McIlvaine, Alamo; Amos W. Clarke, Rico; Juan Atencio, Chama; Charles King, Librado Valencia, Galisteo; Julian Ortiz, Ambrosio Romero, Pojoaque; Isaac M. Brattenburg, Cincinnati; George Price, Denver; Antonio A. Martinez, Eligio Kolbal, Santa Cruz; J. Van Allen, Texas; Allan Butcher, Phil Humphrey, Rock Canon.

The Methodist Mission Work. The New Mexico English Mission conference of the Methodist Episcopal church will meet at Raton, October 12. At that time ministers will be transferred as a successor to Rev. G. S. Madden, pastor of the Methodist church in this city, will probably be chosen as Mr. Madden will probably be transferred to another congregation.

Charged with Stealing a Horse. A. Samora was arrested by Deputy Sheriff Williams and Llewellyn at Las Cruces. He is charged with stealing a horse from Roman Bermudez.

Restrained From Working Mine. A. B. Renahan, attorney for Zepora G. Renahan and Clayton G. Coleman, was today granted an injunction by Judge John H. McFie restraining Antonio Trossello from further mining operations on the O'Mara coal mine near Cerrillos. The mine is in litigation at present.

Colfax County Claims Bonded. A. R. Manby and T. Clouthier of Taos gave a bond and lease on a group of claims near Elizabethtown consisting of the War Eagle, Golden Era, Fairfax and Tinto claims to Cripple Creek parties for \$20,000. Three veins, all good showings, have been opened on the group.

Don't Ask County Items. A shed containing several hundred dollars worth of alfalfa and adjoining the store of A. Jacoby at Las Cruces burned to the ground.

Twelve mowing machines are cutting grammar hay on the mesas east of Las Cruces.

Anthony has a new school house. Mrs. Nellie Newton has been selected to teach the school.

The Santa Fe railroad company will change the grade between Hatch and Grants station to avoid a very steep grade.

CHAVES COUNTY.

Public Schools Crowded—Some General News of Various Localities.

Charles Moore has built a new residence at Portales.

A number of repairs are being made to the court house at Roswell.

L. A. Stephens of Roswell, sold two acres of land to Miss Maule Keisling. Samuel Jackson Williams and Miss Sanchita Gridstaff were married at Roswell.

The bank of Roswell is now the First National bank of Roswell, the change taking effect last week.

The schoolboard of Hagerman purchased the residence of Mr. Barron and will fit it up for a primary school.

Hagerman furnished three recruits to the 11th cavalry. They are Charles Gordon, John Walker and Campbell Lawhorn.

The enrollment of the Roswell public schools is 350. In consequence the school buildings are overcrowded and it has been found necessary to divide four of the grades and permit one half to attend in the forenoon and the other half in the afternoon.

George County was brought to Roswell from Alamo to answer a charge of cattle stealing. He was given a hearing before Justice Lee and was held under \$500 bail for appearance at court.

At the fourth quarterly conference of the Methodist church at Roswell the following officers were elected: S. L. Ogilvie, trustee; G. G. Gilmore, J. A. Cottingham, J. T. Stone, R. F. Daniel, J. P. Gray, stewards; J. F. Williams, recording secretary; John T. Stone, district steward; Samuel Brown, Sunday school superintendent; D. Griffith, trustee and Sunday school superintendent of the Portales church, and J. B. Sledge, steward of the Portales church.

Miss Mae Gilmore, who taught the Berrendo school for three years, has been elected teacher of the Lower Pecos school.

Burglars forced their way into the Roswell postoffice a few nights ago. They drilled a hole half way through the brick wall big enough for a man to slip through. Then they pried the lock off the door. When inside they robbed Nathan Jaffa's cash drawer of \$8 in change and took \$50 cents in change from the postoffice.

Amos the postoffice also forced their way into the office of the Roswell Register and stole several revolvers and firearms. They also entered the Divers building and took a pair of workmen's shoes that had been left in the building.

J. Smith Lea of Roswell sold his house and lot at Roswell to H. S. Cleveland of Illinois, who with his family will settle at Roswell.

Hughes Bros. of Fort Sumner, bought out A. Morrison & Co. at Portales and will move their stock of goods from Fort Sumner to Portales.

The election which was to have been held at Portales for the issuing of bonds to build a school house was not held because the boundaries of the school district have not yet been determined.

Spring of '99 chicks at the Bon-Ton.

K. of P. Grand Lodge Officers.

The grand lodge of New Mexico of Knights of Pythias, recently in session at Silver City, elected the following officers: Grand chancellor commander, C. C. Clark of Magdalena; grand vice commander, William K. Patrick of Madrid; grand prelate, B. F. Adams of Albuquerque; grand master at arms, R. Welch of Hillsboro; grand recorder of records and seal, C. E. Perry of Las Vegas; grand master of exchequer, Solomon Spiegelberg of Santa Fe; grand inner guard, P. B. Heather of Silver City; grand outer guard, E. W. Clapp of Lordsburg; supreme representatives to supreme lodge, Hon. Charles F. Easley of Santa Fe, and Ernest Browne of Socorro; district deputy grand chancellor commander for Santa Fe, Robert H. Bowler.

The next session of the grand lodge will be held at Albuquerque when efforts will be made to make some city in the territory the permanent home for the grand lodge.

Reduced Rates.

AZTEC ADVANCING.

Items of News from the County of San Juan.

Charles Schrader has purchased the Jarvis hotel at Aztec.

A horse driven by Hank Palmer, the mail carrier from Farmington to Olla, was struck by lightning and killed while crossing the mesa. Palmer was knocked from the mail cart and was found unconscious.

County Commissioner A. J. Gilmour raised 141 bushels of oats on his ranch on two acres near Flora Vista. This is the best record in oats ever made in San Juan county.

Mrs. Lucy Hoyle has purchased a building site at Farmington and will erect a photograph gallery.

Mr. and Mrs. J. G. Coburn of Flora Vista, celebrated their silver wedding last week.

Walter Brown and G. F. Akers purchased the J. G. Kello ranch for \$2,100. It contains 100 acres.

R. H. Gillespie and James Bryant are erecting fine new dwelling houses on their ranches near Aztec.

William Malloy erected a windmill on D. G. Craig's ranch for the purpose of pumping water from the well.

Daniel Sullivan, an old resident of the county, died at Mineral Wells, Tex. He leaves a wife and four sons who live at Bloomfield.

Price of Wool. Wool men in this city say that there is spring clip for sale at 13 cents and fall clip can be had for less. At Las Vegas 2,000,000 pounds in warehouses is being held for higher prices.

Casualty was at Guadalupe.

J. S. Candelario, the San Francisco street merchant, this morning received two letters from relatives at Mora, stating that the catastrophe in which eight persons were killed by a roof falling on them, did not take place at or near Mora as newspaper reports stated but at Guadalupe, fifteen miles from Mora, and that the eight persons killed were not the relatives of Mr. and Mrs. Candelario as at first believed.

For Sloyd Teacher.

An examination for position as Sloyd teacher in the Santa Fe Indian school will occur Nov. 7 and 8 in any city where there is a civil service board of examiners. The subjects for examination are: Spelling and copying, arithmetic, applied geometry, fresh drawing, industrial drawing, practical questions and Sloyd work. Blanks for application can be had of the civil service commission at Washington.

Fine 25c meals at the Bon-Ton.

Railway Ticket Sales Doubled.

The receipts for tickets during September at the Santa Fe railroad office and depot in this place were greater than during any previous month in the history of the railroad and just double the receipts during September last year.
