BULLER'S SUCCESS

He Forces the Boers From Their Strong Positions In the Biggarsberg Mountains.

THE FREE STATERS GIVE UP

Orange Free State Is to Be Annexed to Cape Colony—Mafeking Is to Be Relieved by Wednesday—British Progress.

Thaba N'Chu, May 13.—The eighth division, with a front extending thirty miles, was yesterday moving forward. Generals Greenfield and Brabant followed the Boers, reaching Newberry's Mills and capturing great quantities of flour and grain. Brabant's main force, with Campbell's brigade of guards and General Boyes' brigade, cleared the country. The Boers are splitting up and retreating in the direction of Cleoland.

BULLER'S SUCCESS.
London, May 14.—A dispatch received by the Associated Press from Pietermaritzburg, Natal, to-day, brings the first intimation of success attained by General Buller in northern Natal. The sender of this dispatch evidently assumes that the news of affairs has been received direct from the scene of hostilities, for he merely says: "General Buller's official telegram notifying us of his success at Biggarsberg, received here an hour ago, has given great satisfaction. It is confidently anticipated that Dundee will be occupied by the British to-day. The residents in the north of the country are delighted, as the forcing of Biggarsberg means that they will speedily be enabled to return to their homes."

THE BOER CENTER BROKEN.
Another dispatch, dated Stone Hill farm, this morning, says: "After a four days' march eastward at the foot of the Biggarsberg ridges, in the direction of Helpmankar, which was occupied by the Boers, the second brigade on Sunday led the attack. Dundonald's cavalry broke the Boers' center. Bethune's horse advanced on their extreme right. In the direction of Pomeroy a small party of burghers occupied a ridge overlooking Helpmankar, but did not wait for the assault."

A SUCCESSFUL PLAN.
The recent British scouting in the direction of Dundee has shown that the Boers were in great force on Biggarsberg. So, apparently, Buller concluded it necessary to clear them from his rear before commencing a movement in the direction of the Drakensberg range. If that is his plan he possibly divided his forces, sending one column eastward to threaten Vryheid and Utrecht and take Laing's Nek in the rear, while the west-bound column attempts to form a junction with the forces of Lord Roberts via the Harrismith railroad.

KEEPING IN TOUCH.
Telegrams from Kroonstadt indicate that General French's cavalry is keeping in touch with the Boers, but perhaps Lord Roberts will be compelled to order a brief halt of his main body in order to allow the troops to recuperate after the exhausting marches of the past week.

FREE STATERS GIVE UP.
All correspondents agree that, to all intents and purposes, the Free Staters have severed their military alliance with the Transvaal, though scattered bodies, they say, possibly hold out here and there.

GENERAL BOTHA'S THREAT.
A dispatch from Cape Town says that a proclamation has been published this week annexing the Orange Free State. It is also said that General Botha, commander in chief of the Boer forces, threatens to resign if any preparations are made for the wanton destruction of property.

RHODES STARTS FOR AFRICA.
Cecil Rhodes starts for Beira, Portuguese East Africa, to-day.

RELIEF OF MAFEKING.
The war office is reported to have expressed an opinion that the news relating the siege of Mafeking may be expected by Wednesday.

SITUATION AT KROONSTADT.
Kroonstadt, May 12.—President Steyn has gone to Heilbronn, which he declared the new capital. Four hundred burghers have given up arms. The Transvaalers are reported to be massing at Vaal. The Standard and Digges News of Johannesburg shows that dissensions exist in the Transvaal Volksraad. Railway repairs are progressing rapidly. The town accepts the occupation quietly.

AN ARTILLERY DUEL.
London, May 14.—A dispatch from Stone Hill farm, Natal, to-day, says: "General Buller's advance commenced Thursday, when he left Ladysmith in strength. When within two miles of Helpmankar the Boers opened a heavy artillery fire. The British guns replied, while a portion of Buller's troops worked around the Boer flanks. The British attack was pressed home Sunday. Bethune, on the right, outflanked the Boers, whose splendid defensive positions at Biggarsberg were practically taken. General Buller's march, subsequent to the attack, was carried out without a hitch. The British are still pushing on."

STORY OF A SURPRISE.
London, May 14.—The war office received the following dispatch from Lord Roberts, dated Kroonstadt, May 13: "There were more casualties in the cavalry division on May 10 than reported by me. I have been unable to get the exact account of what occurred, as the commanding officer, Captain Elworthy, was killed, and two officers were wounded at the same time, and have been sent to the rear. But it would appear that a party of our men going up to a kraal on which a white flag was flying was suddenly attacked by a large number of the enemy. Two officers, Captain Haig, of the 4th dragoons, and Lieutenant Wilkinson, of the Australia

hose, were made prisoners, and twenty-one men are still unaccounted for. Some may have turned up, as the cavalry covered considerable distance on May 10, and those reported missing have been rejoining during the last few days."

(The above dispatch refers to the losses sustained by the Inniskillings on May 10, detailed in the dispatches of the New Mexican on Saturday.)

STREET RAILWAY STRIKE.

St. Louis Police Are Able Now to Cope With the Strikers.
St. Louis, Mo., May 14.—The police, who spent Sunday resting, were in good condition to-day. Squads were detailed, as last week, to guard the cars of the Suburban system and the divisions of the St. Louis Transit Company, which it was thought advisable to operate.

EMERGENCY POLICE.
Chief of Police Campbell's advertisement for 2,500 men to serve as emergency policemen caused a rush to the old city hall, where recruiting officers were stationed.

NOT MEETING WITH SUCCESS.
St. Louis, Mo., May 14.—The advertisement of Chief of Police Campbell for 2,500 men to serve as emergency policemen is not meeting with hearty response. At 11 o'clock less than 200 men are waiting to be sworn in.

A LABOR MEETING.
St. Louis, Mo., May 14.—The executive boards of the Central Trades and Labor council of the street railway employees' union and the building trades council were suddenly called about noon to meet this evening. This meeting is to be in place of the one called for Wednesday night, when the advisability of ordering a general sympathy strike of all union labor in St. Louis was to have been considered. The strike leaders will not say why they decided to call an earlier meeting, but it is intimated that Governor Stephens' action in ordering an enrollment of 2,500 special policemen precipitated it.

LOOKS BLUE FOR STRIKERS.
Kansas City, Mo., May 14.—The Metropolitan Street Railway Company is running cars on all lines to-day. It claims to have plenty of men. No violence is reported. The strikers met this morning and decided to parade this afternoon.

FIGHTING THE SUGAR TRUST.

An Injunction Asked For Against the American Sugar Refining Company.

Trenton, N. J., May 14.—Papers in the suit of Robert J. Trimble against the American Sugar Refining Company were filed in the court of chancery to-day. Trimble, who is a stockholder, charges that the company has more than \$1,000,000 surplus, which is now being used to depress the price of sugar and to force Arbuckle Bros., independent refiners, into a combination with the American Refining Company to legally restrain trade. The bill prays for an injunction, and asks that the American Sugar Refining Company be compelled to exhibit its books, to show what surplus it has, and what is being done with it. The subpoena will be issued. The American Sugar Refining Company has thirty days to file an answer.

The Wool Market.
St. Louis, Mo., May 14.—Wool quiet and unsettled. Western and territorial medium, 17 @ 20; fine 13 @ 17; coarse, 14 @ 16.

A Manila Incident.
Manila, May 14.—Seven Filipinos attempted to burn a quantity of hay stored near the quartermaster's storehouse on the river front. The guards killed one and wounded another.

Dewey at Knoxville.
Knoxville, Tenn., May 14.—Admiral and Mrs. Dewey appeared in a grand parade in this city today. When Mayor H. G. Heckel extended to the admiral the formal welcome to the city Admiral Dewey's reply was brief.

A Big Fire.
Camden, N. J., May 14.—Fire that started on Sunday in the Farmers' market house completely destroyed that building, ten stores and a loss estimated at \$200,000, and rendering homeless 250 people.

The President's Summer Plans.
Washington, May 14.—After adjournment of congress, President and Mrs. McKinley will go to their Canton home to remain the greater part of midsummer. Although they have made no definite plans, they hope to visit Poland Springs, Me., during August, to spend a fortnight or more.

Eight Years In Jail.
Boston, May 14.—In the United States court here today, Charles H. Cole, former president of the now defunct Globe National bank, who recently pleaded guilty of misappropriation of funds of the institution, was sentenced to eight years in the Greenfield jail.

Taylor May Not Go Back.

Indianapolis, Ind., May 14.—W. S. Taylor, the Republican governor of Kentucky, arrived here to-day. "Will you go back to Kentucky if the decision of the United States court is against you?" he was asked. "I hardly think it would be the proper thing for me to do," replied Taylor. "Yet my mind is not fully made up."

Boer Delegates Arrive.
New York, May 14.—The Boer peace delegation is due to arrive here on the steamship Maasdam. The committee representing the city went down the bay on a revenue cutter to meet the visitors.

St. Louis, Mo., and return, \$38.05. Santa Fe Route, May 14 and 15.

ARMOR PLATE FIGHT

The Senate Fixes the Price of Armor for the New Battleships.

THE NICARAGUA CANAL BILL

The Senate Committee Agrees to Report the House Bill—The Inheritance Tax Declared Constitutional—Other News From Washington.

SUPREME COURT ADJOURNS.
Washington, May 14.—The supreme court adjourned for a week without announcing a decision in the Kentucky governorship case.

NICARAGUA CANAL BILL.
Washington, May 14.—The senate committee on interoceanic canals to-day ordered a favorable report on the Nicaragua canal bill as it passed the house.

There were only five members of the committee present. Senators Morgan, McBride, Harris and Turner, who voted to report the bill. Senator Hanna voted in the negative.

INHERITANCE TAX CONSTITUTIONAL.

Washington, May 14.—The supreme court to-day decided that the inheritance tax law is constitutional and valid, but held it applied to the amount of legacy and not to the estate as a whole.

SENATE.
Washington, May 14.—The senate to-day resumed consideration of the naval appropriation bill, and by a vote of 32 to 19 adopted the committee amendment relating to armor plate. It provides for the payment of \$454 a ton for three ships and \$445 for others. If armor cannot be obtained at the latter price the secretary of the navy is directed to build an armor plate factory.

HOUSE.
Washington, May 14.—Mr. Cannon of Illinois reported the general deficiency appropriation bill. Mr. Hull of Iowa reported the military academy appropriation bill. Mr. Cannon moved that the house go into committee of the whole to consider the former bill. The general debate was limited to one hour on each side.

LABOR CONVENTIONS.

They Meet In Denver and Will Take Action On Japanese Immigration.

Denver, Colo., May 14.—The annual conventions of the western federation of miners and western labor unions opened to-day with a joint public meeting, at which welcoming addresses were delivered, to which responses were made by the federation president, Edward Bolce, and Daniel McDonald, president of the union. After a series of meetings the conventions met in separate sessions. Both conventions will take action on the subject of Japanese immigration.

A Hot Town.

Chicago, May 14.—Two heat prostrations were reported to-day. Street thermometers registered 85 degrees, and the great humidity is adding to the general discomfort.

Congressional Nominations.
Chicago, May 14.—James R. Mann was to-day renominated to represent the first Republican congressional district. Daniel W. Mills was nominated to represent the fourth district.

Village On Fire.

Marquette, Wis., May 14.—A telegram was received here to-day stating that the village of Fisher, Mich., was burning. Assistance was sent. The sawmill and large lumber yard burned, with a loss of \$75,000. The village has about 1,000 inhabitants.

Workmen Injured.

Chicago, May 14.—Several workmen were injured in a fight which took place to-day in front of a building in course of construction at 20 Seelye avenue. The riot call was turned in, and upon arrival of the police the crowd scattered.

Eight Pupils For Chillicothe.

C. W. Goodman, superintendent of the United States Indian school at Chillicothe, Okla., left to-day for home, accompanied by eight pupils from Santa Clara and adjacent Pueblo villages. This brings the number he now has from this locality under his charge to about thirty. He reports them all well and among the best scholars under his care.

PENSION GRANTED.

A pension of \$6 a month has been granted B. Apodaca, of Alameda, Dona Ana county.

POSTMASTER APPOINTED.

Daniel Torres has been appointed postmaster at Punta, Valencia county, to succeed A. J. Fowler, resigned.

Levi Reynolds has been named as postmaster at Hopewell, Sierra county. INCORPORATION AMENDED.

The McCallister Irrigation Company of Colfax county to-day notified Territorial Secretary Wallace that it desires to amend its incorporation papers so as to make its name the McCallister Irrigation Company.

SPECIAL LAND AGENTS.

Former Governor A. H. Bruce, of North Dakota, and Col. A. R. Green, of Leecompton, Kas., special agents of the government land department are here in annual conference, comparing notes etc. Gov. Bruce will inspect the surveyor general and all offices tomorrow.

Col. Green is an inspector of surveys.

NEW MEXICO AGENT.

The Mexican King Gold and Copper Mining Company on Saturday informed Territorial Secretary Wallace that at a meeting of the stockholders held at Milwaukee, Wis., it was decided to increase the number of directors from three to nine.

Frank Bolton was appointed New Mexico agent of the company with headquarters at Tres Piedras.

TERRITORIAL FUNDS.

Territorial Treasurer Vaughn to-day received the following remittances: From J. A. Gilmore, collector of Chaves county, 37 cents of 1893 taxes, 65 cents of 1894 taxes, \$3.39 of 1895 taxes, 74 cents of 1896 taxes, 55 cents of 1897 taxes, \$2.29 of 1898 taxes, and \$38.14 of 1899 taxes; from J. F. Matheson, collector of Eddy county, \$26.97 of 1895 taxes, \$66.82 of 1896 taxes, \$124.71 of 1897 taxes, of which \$55.94 is for territorial purposes and \$28.89 for territorial institutions; from Margarito Romero, collector of San Miguel county, \$338 of 1895 taxes, of which \$150.46 is for territorial purposes and \$77.79 for territorial institutions; from Juan R. MEMORIAL DAY PROCLAMATION.

Executive Office, Santa Fe, N. M., May 11, 1900.—Memorial day has existed for a generation in the United States, as one to be especially devoted to the memory of the soldiers and sailors of the nation, who have given their lives that it might survive; to inculcate lessons of patriotism from the example of the heroic dead, and to keep alive in the breasts of our people the knowledge that "it is sweet and proper to die for one's country."

While on that day we should mourn for the dead, we must also remember the living who are serving their country by land and sea on the other side of the world, that the flag of our country may not come down from where it has been raised.

This territory mourns the loss of some of her gallant sons in that far away country, while others of them are still there, upholding the honor of the nation, and it seems but proper that this day should now meet with a more general observance than any heretofore, and with a spirit and reverence fully becoming the occasion.

Now, therefore, I, Miguel A. Otero, governor of the Territory of New Mexico, do recommend that upon Wednesday, the 30th day of May, A. D. 1900, the people of the territory refrain from all unnecessary labor and all public amusements, and join with the Grand Army of the Republic in a due and proper observance of the day, to the memory of those who have died that their country might live; to acts of respect and care for those soldiers and sailors who have survived the wars in which they were engaged, and in honor of those who are now serving their country as soldiers and sailors.

Done at the executive office, this 12th day of May, A. D. 1900. Witness my hand and the great seal of the Territory of New Mexico.

MIGUEL A. OTERO, Governor of New Mexico.

By the governor: GEORGE H. WALLACE, Secretary of New Mexico.

LINCOLN COUNTY MAIL SERVICE.

New Bids Have Been Asked For By the Government.

The new mail service that was to have been inaugurated on May 10 in Lincoln county is postponed, and the government has advertised for new bids on the various stage routes, the time now stated for the beginning of the service being June 10. The delay is caused by the contracts now in force being below a figure that any man can carry the mail and exist on the income from the business. At present the contractors are paid \$1,400 per year for carrying mail between White Oaks and Lincoln. This means a daily trip of forty-seven miles each way, ninety-four miles a day, employing two drivers and several horses, for the munificent remuneration of less than \$4 per day! The bids for the new service were higher than the above rate, as they should be, and were all rejected by the postoffice department as being too high.

A Good Idea.

Prof. J. A. Wood came from Albuquerque yesterday morning. While there he had a conference with Superintendent Hickey, of the public schools of Albuquerque, in relation to the advisability of having an exhibit of school work of all the schools of New Mexico at the educational association to be held here next December. Professors Wood and Hickey are members of the executive committee of the educational association, and are much in favor of an educational exhibit.

Court Note.

On application of District Attorney R. C. Gortner, Judge McFie Saturday granted a writ of mandamus requiring Julian A. Martinez and Silvano Lucero of Taos county, to appear forthwith and show cause why they refuse to transfer to their legally chosen successors as school directors in precinct 6 of Taos county, the school property, official records, etc. The writ is returnable on May 25.

STATEHOOD DELAYED

The House Committee On Territories Decides Not to Take Up the Bill This Session.

WESTERN LEGISLATION

Indian Depredation Claims—A Favorable Report On An Old Claim—Appropriation to Investigate Water Supply Of the Arid West.

The house committee on territories Saturday considered the bills providing for statehood for New Mexico, Arizona and Oklahoma. It was decided to take no action upon any of these bills at this session.

INDIAN DEPREDACTIONS.

A favorable report was made Saturday by the senate committee on Indian depredations upon Senator Warren's bill amending the act to provide for rights to the land still unsettled. An immense mass of testimony was submitted in writing, a large part of it Spanish records, which will have to be translated. The hearing was completed and all the arguments made, but it will be a long time before a decision can be secured because of the number of the documents which must be gone through.

"In another suit for title to ground near El Paso, brought by certain residents, the contest was maintained, the contestant having lived on the grant, called Santa Teresa, about 16,000 acres, ever since it was made."

"A case of important local interest in New Mexico was that in relation to ground between Santa Fe and Cerrillos, known as the Jose de Leyba grant. This land includes large copper, silver and turquoise mines, the latter operated by the Tiffany of New York. Evidence was submitted to the effect that the turquoise mines alone produced a profit of nearly \$200,000 a year. The grant was made in 1728 by the Spanish government, and the present claimant is M. F. Sena. The contest was not maintained. The court was in session about four weeks, and adjourned to meet August 7 at the same place. The decision in the Conchos case probably will be rendered at that time."

INVESTIGATING WATER SUPPLY.

Senator Carter Saturday introduced an amendment to the sundry civil bill, which, if adopted, will appropriate \$250,000 for determining the water supply of the United States, including the investigation of underground currents and artesian wells in the arid and semiarid sections, instead of \$50,000, as is provided for by the bill as it now stands.

MUST REGISTER BRANDS.

Instructions have been issued by the commissioner of Indian affairs to Indian agents in Nebraska, South Dakota, Montana, Utah, Colorado and Wyoming, directing them to require stockmen who have leased Indian reservation lands, and who are ranging stock thereon, to register their brands with the proper office.

TERRIBLE WRECK NEAR LORDSBURG.

A Working Train Is Precipitated Through a Bridge.

A wreck occurred last Friday between Lordsburg, Grant county, and Clifton, Ariz., on the Arizona & New Mexico railroad, a narrow gauge road. Engineer Schlottman, Fireman McAtee and four tramps were killed. Nine carpenters were more or less injured. The engine and seven cars were demolished. The wreck occurred across the New Mexico line in Arizona. A bridge was burned out a few weeks ago, and was being repaired by a bridge gang. It is charged that the foreman in charge of the bridge gang failed to display proper signals warning the engineer of the unsafe condition of the bridge. Another version fixing responsibility is that the train was flagged and the engineer then tried to proceed slowly over the bridge upon which the carpenters were working.

The engineer followed the advice of the foreman, and when in the center of the bridge, which was 80 feet high, gave way and engine and train were precipitated into the depths.

There was an engine ahead and one behind the train. The engineer of the locomotive pushing noticed the head engine, which was on a curve, go through the bridge, and immediately reversed his engine, thus saving the lives of the train crew and many dollars' worth of property for the company. The place where the wreck occurred is in a mountainous section of country, with very steep grades. The crew of the engine that went down were both killed, the engineer instantly and the fireman injured so badly that he died in seven hours later. Four hobos riding brake beams on the car next the engine were instantly killed and horribly mangled. Nine of the carpenters working under the bridge were injured, four seriously and five slightly, by the tremendous amount of falling debris. One of the carpenters, who had his entire skull from just above the eyes to the roots of his hair turned back, and whom it was thought would die, has recovered consciousness, and stands a fair chance to live.

In District Court.

After a long rest, the Lincoln-Lucky Anaconda mine contest will come on again for hearing on the 28th inst. before District Judge McFie. This time the contests are between James Caruthers, of San Pedro, and Neil B. Field, of Albuquerque, on one side, and Hon. T. B. Catron and J. D. O'Brien, of this city, on the other, the suit being brought to determine their respective interests in these properties.

Court Note.

On application of District Attorney R. C. Gortner, Judge McFie Saturday granted a writ of mandamus requiring Julian A. Martinez and Silvano Lucero of Taos county, to appear forthwith and show cause why they refuse to transfer to their legally chosen successors as school directors in precinct 6 of Taos county, the school property, official records, etc. The writ is returnable on May 25.

THE LAND COURT.

Its Last Session Reviewed By Judge W. F. Stone.

The Denver Republican publishes an interview with Associate Justice W. F. Stone, of the court of private land claims, upon his return to Denver last week. Judge Stone sums up the work of the court at its last session in this city as follows:

"Many small cases were presented to us, merely of local importance, affecting small bits of land belonging to native citizens, originally granted to the claimants by the Mexican or Spanish governments. The main case, and that of most interest to the citizens of Colorado, was the contest over the Conchos grant, affecting a greater part of the fertile lands in the San Luis valley from San Antonio mountain to Del Norte. "The principal contestant is Crecencio Valdez, one of a party of colonists to whom the land was granted by the Mexican government in 1833. He brings the case for them. He makes no claim to those parts of the grant which have been homesteaded or sold by the United States government, but asks only for rights to the land still unsettled. An immense mass of testimony was submitted in writing, a large part of it Spanish records, which will have to be translated. The hearing was completed and all the arguments made, but it will be a long time before a decision can be secured because of the number of the documents which must be gone through. "In another suit for title to ground near El Paso, brought by certain residents, the contest was maintained, the contestant having lived on the grant, called Santa Teresa, about 16,000 acres, ever since it was made."

"A case of important local interest in New Mexico was that in relation to ground between Santa Fe and Cerrillos, known as the Jose de Leyba grant. This land includes large copper, silver and turquoise mines, the latter operated by the Tiffany of New York. Evidence was submitted to the effect that the turquoise mines alone produced a profit of nearly \$200,000 a year. The grant was made in 1728 by the Spanish government, and the present claimant is M. F. Sena. The contest was not maintained. The court was in session about four weeks, and adjourned to meet August 7 at the same place. The decision in the Conchos case probably will be rendered at that time."

A BIG CROWD EXPECTED.

Special Rates By the Railroads to Santa Fe On June 4.

Secretary W. H. Pope, of the executive committee having charge of the dedicatory ceremonies, is to-day sending out letters to the newspaper men of New Mexico inviting their co-operation toward making the dedication of the new capital a big success, and urging all to try and be present in person. The engraved formal invitations will be sent out as soon as they can be provided. The committee is in correspondence with railway officials, and hopes to secure an excursion rate of 1 cent per mile, which should serve to bring a great number of visitors to the historic city on the occasion of this festivity June 4.

IS IT MINERALIZED?

Contest Between W. A. Anderson and the Copper Hill Mining Company.

Wm. A. Anderson vs. The Copper Hill Mining Company, is the title of an ejectment suit filed in the district court. The petitioner is a resident of Rio Hondo Mills, Taos county. He alleges that on February 9, 1900, he was the owner and in possession of three certain mining claims and locations, the Seek-n-Further, the Honeycomb, and Little Gem lode claims, situate in the Copper Hill mining district, Taos county.

He charges that the Copper Hill Mining Company has entered upon and taken wrongful possession of these claims, and he asks for an order of ejectment in the premises. It is further set forth that the Copper Hill Mining Company has filed in the U. S. land office at Santa Fe its application for a patent embracing the Oxide King millsite, and the Aztec millsite, which said millsites, overlap and conflict with the above named lode claims. Anderson has filed in the land office his adverse claim and protest against the allowance of patent to these millsites, and prays judgment for the recovery of the premises under section 2290, Compiled Laws, for costs of suit and damages in the sum of \$1,000. The copper company alleges that Anderson has no mineral in place on his claims, and that they have a perfect right in law to locate the land under the millsite act.

SANTA FE CANON MINES.

Many Sunday Visitors to the Claims Now Being Opened Near the City.

More than a score of citizens who are more or less interested in reports touching the discovery of pay quartz near the city went up Santa Fe canon yesterday to see for themselves what there is to be seen. Among them were H. B. Cartwright, F. A. Reynolds, A. A. Newberry and his friend, Lane G. Gilliam, of Spokane, Wash.; Manuel Delgado, Antonio Valdes, T. B. Ward, W. H. Woodward, Leo Herch, Edward Haynes, G. D. Jordan, of Red River, and others. The two last named spent most of the day with pick and shovel on a quartz ledge about a mile south

A headline in a Denver newspaper says: "Lost his head and then was arrested." This seems to be adding insult to injury.

Lindley is now the capital of the Orange Free State. It keeps men busy remembering the Boer capital of that republic, which is now practically a British province.

An Ohio man who does not want an office, but who craves publicity continually, has been declared insane by an Ohio court. Of course; an Ohio man who does not want office must be insane.

Rather early, but the political campaign for this year has already begun in this territory. The New Mexican will be right there, just at the right time, in the right place and in the right spirit. Our esteemed contemporaries need not worry.

All over the country preparations are being made to celebrate the Fourth of July in an enthusiastic manner. The prosperity that prevails everywhere in the United States furnishes a reason for celebrations of the day that should eclipse all former observances of that national holiday.

The Denver & Rio Grande Railroad Company, in a pretty illustrated booklet, advertises the San Juan valley and the northern Rio Grande valley. The booklet is a good piece of advertising for that section, and the fact that it includes the San Juan valley augurs well for the railroad prospects of that fertile section of New Mexico.

The Democratic party has been cornered by the Populists. Never before in its history has it been compelled to accept the nominee and the platform of a party that held its convention two months before the Democratic convention. Poor old party of Jackson and Tilden! And thus it passes out of existence.

Emperor William has changed the twist of his mustache, and all Europe is wondering at the significance thereof. Instead of the two points of the mustache pointing skyward, they are now drooping at an angle of forty-five degrees. The news has been cabled to the four quarters of the globe, and the whole world is breathlessly waiting for the explanation and the developments that must follow this great event in German history.

The Populists are said to be sorry that they nominated Charles A. Towne for vice president. Colonel Bryan refuses to discuss the nomination, and there is an air of disconsolateness around Democratic headquarters that shows something has gone wrong. Not that Towne is not a good enough man, but he is said to be a Republican in his sentiment on everything except free silver. He is not a radical, and his nomination does not at all fit in Democratic plans. But what is the difference? There is no combination possible that could defeat the re-election of President McKinley.

In treating with rioters water is found to be as effective as bullets. In strike riots the calling out of the fire department to turn the full force of the fire hose upon the strikers has upon several occasions dispersed them more quickly than would have the charge of a squadron of mounted policemen. The water method is to be tried at St. Louis if the riotous scenes of last week are repeated. The police force of that city is not strong enough to cope with the strikers, but it is thought with the aid of the fire department they will be masters of the situation.

The bills to admit New Mexico, Arizona and Oklahoma to statehood will go over to the next session of congress. What chance they will have of passing during the short session it is difficult to say at this time, but that will depend much upon the November election. This is certain, however, that the admission of New Mexico can and will not be delayed many years longer, and it will be but a comparatively short time until New Mexico will have two votes in the senate and perhaps two votes, and certainly one vote, in the house of representatives.

Senator Pettigrew was proclaimed a hero at the Sioux Falls Populist convention. He is a man who is soured against his country. If a story is started anywhere in detraction of the United States, Senator Pettigrew is sure to be the first one to rise in the senate and to call upon the government for the confirmation details. He would rather believe the Hong Kong Junta than the assertions of Aguinaldo than of American officers. And yet he is the man who is the idol of the Populists. The Populists must be judged by their leaders, and the Democrats must be judged by their associates, and the judgment, in view of the idolization of Pettigrew, is certainly not a flattering one.

Although the Santa Fe railroad has removed its shops from San Marcial, the town is said to be more prosperous than ever before. That is due to the fact that after the first notice was given that the shops would be removed, the people of San Marcial went to work with a vim and developed the latent resources of the pretty town and its surroundings. This is an object lesson to other New Mexico towns. The people of a town can do a good deal for themselves and their town, especially in a country which has so many latent resources as has New Mexico.

A Word to the County Assessor.

The assessor of this county states that many citizens have failed to furnish the tax returns provided for by law. The remedy for this state of affairs is in the hands of the assessor. He should promptly start to work and assess every citizen, a resident of this county, and known to have property, personal or real. He should also add the penalty required by law. This will bring some of the people, who have a convenient memory and who desire to escape taxation, to a realization of the position. The citizen who tries to escape taxation, is not a good citizen and is of no benefit and value to the commonwealth. Assessor Rivera should make a thorough canvass of the city, towns and precincts in the county, and carry out the provisions of the law. There are many people right in this city who are trying to escape taxation, and the assessor, by being energetic and industrious, can find them out and assess them in a fair manner. No time should be lost by him in this matter.

The Army Bill

The army reorganization bill, which passed the senate last week, makes a complete change in the staff system of the United States army. The proposed reform is founded upon the principle of greater harmony between the staff and the line. Hereafter six of the principal staff corps cease to be permanent. When future vacancies occur they are to be filled upon an interchangeable scheme of temporary transfers from the line. Under the present system the officer who gets his foot on the lowest rung of the staff ladder is bound ultimately to arrive at the top if he live, no matter how worthy he is of the promotion. Merit or adaptability has nothing to do with his progress. These transfers under the new scheme are for a specific term of four years, at the end of which period the sometime staff officer resumes his duty in the line, and below the rank of lieutenant colonel is not eligible for duty again until after an interval of two years. This plan gives an opportunity for ridding the service of dead wood. The change in the law will give a wider scope of the selection in the appointment of staff chiefs. When the contemplated change is effected every officer in the army above the rank of major will be in competition for these choice places, and distinguished men of ability can be rewarded by transfer to vacancies at the head of these bureaus. Instead of two practically distinct establishments, as now, the army will become one in fact as well as in name.

Democrats Are Wobbling.

Colonel Bryan and his followers are beginning to hedge on the question of expansion. They are now floundering about on the subject of militarism, that awful bugaboo which they assert will swallow the liberties of the people, for the expansion issue has caught them in their own trap. Colonel Bryan, in one of his recent speeches, said: "Against Republican uncertainty, the Democrats will offer a plain, simple, patriotic plan of dealing with the Philippine islands, and that plan will be an immediate announcement of the nation's purpose; first, to establish a stable government; second, to give the Filipinos independence, as we had promised to give independence to Cuba; third, to protect the Filipinos from outside interference to work out their own destiny, as we have protected the people of Central and South America." The uncertainty is all on the Democratic side, for the Republicans generally do things while the Democratic party talks about doing them. While the Democrats are talking about establishing a stable government in the Philippines, the Republican administration is doing that very thing. The Filipinos will be given as much independence as they can possibly stand, and as much as is good for them. The third proposition made by Colonel Bryan, to extend protectionism in its original form, and will involve the United States in those entangling relations with other nations which Democratic orators and newspaper makers make it their specialty to denounce. And thus it becomes more apparent every day that the Democratic party does not have a single sound issue to stand upon in the November campaign.

Democratic Tactics in New Mexico.

The Democratic and Pop. papers in the territory are attacking the Duncan tax law, and claim that it operates against the poor man and helps the rich. This is, of course, false. Indeed, there are mighty few so-called rich men in the territory; there are a great many well-to-do people here, and upon these and upon the poor the law bears equally. The law was modeled somewhat upon the Arizona tax law, which has been found to work well. Arizona is a Democratic territory, and has for many years had a Democratic legislative assembly. Many of the conditions prevailing in Arizona prevail in New Mexico. Hence it was thought advisable to try the Arizona method here in a modified form. The modifications are for the better. There should be no politics in a revenue law. Such a law should treat all alike, just as the sun shines upon all alike. The Republican third third legislative assembly enacted the Duncan tax law with that view. The best men and lawyers of both parties approved it. But in order to make political capital, in order to make the laboring man and the poor man dissatisfied with his lot, in order to create strife, turmoil and violence and disobedience to law, the Democratic papers and bosses are circulating falsehoods and lies concerning the working of the law in their party platforms, in the columns of their papers, and in their public speeches. They do this, believing it will help in the coming campaign. They

care nothing for the credit of the territory and of the counties; they care nothing for the good name of this commonwealth; they care nothing for peace and obedience to law. They believe that by falsehoods they can effect success next November. They are, however, reckoning without the host. The voters cannot and will not be fooled by these dirty and dishonorable tactics.

THE TERRITORIAL PRESS.

KILLING THE GOOSE.
(Socorro Chieftain.)
In the international dam matter El Paso seems bent on killing the goose that lays the golden egg.

GOOD JUDGMENT.

(Taos Cresset.)
The selections of census enumerators in Taos and other northern counties are very satisfactory. Hon. Pedro Sanchez has used good judgment in the choice.

THEY'RE SURE OF IT.

(Taos Cresset.)
The Republican party is certain to carry Taos county this fall and great credit will be used in the selection of candidates so that there will be no slips or misfits.

WHY NOT?

(Rio Grande Republican.)
The Republican would not be far off in the assertion that 94 of every 100 business men in El Paso favor the building of the Elephant Butte dam and reservoir.

UNITED ACTION.

(Donna Ana County Republican.)
Are the people of the Mesilla valley to remain quiet in regard to the infamous Stephens bill? Individual effort is almost useless. United effort and disapproval is the only measure that carries weight.

A GOOD INVESTMENT.

(Taos Cresset.)
A better investment can not be found than here in Taos county where land can be purchased for less than one dollar per acre and permanent water secured for two or three dollars per acre. The land is then worth from fifteen to thirty dollars per acre.

GOOD REASONS.

(Springer Stockman.)
Those living along the Rio Grande river in New Mexico have just reasons for opposing the erection of the international dam at El Paso, as provided for in the Stephens bill, now in the hands of a committee in congress, as well as every resident of the territory.

GOOD LAND.

(Taos Cresset.)
Such land as is under cultivation in Taos county is producing as much per acre as any in the country, and there are vast areas of land, now uncultivated, which is equally productive and which can be compared with water for irrigation at comparatively small expense.

A BIG DIFFERENCE.

(Albuquerque Journal-Democrat.)
Colorado takes twice as much water from the Rio Grande as is taken by New Mexico, but the Stephens bill imposes no restrictions upon the use of water by Colorado, because she has votes in congress.

The American consul at Prague

writes the state department that the chief tendency in Austria at the present day is the formation of trusts. A paper trust has been formed that at once advanced the price of paper 25 per cent. As the Dingley tariff is not operative in Austria it cannot be blamed for this modern day trust epidemic that has spread even to Europe.

A RANGER SERVICE.

(Silver City Independent.)
The coming legislature will be called upon to make some provision for a ranger service in the territory and only those candidates should be named by both political parties who will favor and work for such a system. This is the only means by which life and property in a border country can be protected. Very little can be accomplished by individual peace officers.

OUR UNITED EFFORTS.

(Raton Range.)
Governor Otero has issued a call for a convention to meet at Albuquerque on May 15, to protest against the passage of the Stephens bill, now pending in congress, which provides for the building of an international dam at El Paso, Texas. This dam, if built, would destroy agriculture in the Rio Grande valley, and New Mexico earnestly and unitedly protests against the passage of such an iniquitous measure.

A WISE MOVE.

(Donna Ana County Republican.)
Governor Otero has very wisely called a territorial convention to meet in Albuquerque next Tuesday for the purpose of getting united opposition against the Stephens bill. The people of the Mesilla valley are deeply and perhaps primarily interested. It is now up to our citizens as to what will be done. To act, and that promptly, is the thing. Let us send a large delegation to Albuquerque.

THAT KINDLY FEELING.

(Donna Ana County Republican.)
The El Paso Herald has suggested to the Chamber of Commerce that two or three competent men should be sent to the mass meeting at Albuquerque which has been called by Governor Otero. The Herald is right in so far as competent men should be sent, for it certainly would require gifted men to expound the height, depth and breadth of El Paso's interest in New Mexico's welfare; that as soon as the "international aspect" is removed by building an international dam (for El Paso) they will help us get a little dam of our own; that El Paso, owing to its proximity to Old Mexico feels overwhelmed by her neighbor's long-suffering from lack of water, and by recognition of the just claim of Mexico it is merely accidental that El Paso should be benefited. Send gifted persuaders, by all means—men who can manipulate a gold brick easily.

BURLINGTON ROUTE

Chicago Special Changes Time.
On and after Sunday, April 29, the Burlington's Chicago Special for Omaha, Chicago, St. Joseph and St. Louis will leave Denver at 4 p. m. In place of 9:50 a. m. as heretofore.

The change is made in response to a very general demand on the part of the traveling public for a fast afternoon train from Denver to the East.

The new hour of departure is better than the old one in many ways. It means that one can now make the 1,000-mile journey from Denver to Chicago or St. Louis with the loss of but one business day.

It means, too, that one can leave practically any point in eastern Colorado at a convenient hour and arrive at Denver in plenty of time to connect with the Chicago Special.

Of the Chicago Special itself it is unnecessary to say more than that it has no superior anywhere. Neither in speed, comfort nor reliability is it surpassed by any other train on the continent.

Woman Knows Woman.

ZURICH, KAN., Jan. 31.

I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.

MRS. V. M. BOISVERT.

Wine of Cardui

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman knows. Mrs. Boisvert knows. She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it? They know. They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.

CHEMICAL FIRE COMPANY.

It Is In Condition Now to Do Good Service.

Chemical engine company No. 1 held a special meeting Saturday evening at its new quarters. All the members were in attendance. The resignations of J. B. Read, B. Nowell, William Thayer and C. R. Huber were accepted. Fred McCabe was elected secretary and treasurer, to succeed J. B. Read, resigned.

The following new members were elected to membership: John Miller, Harry Ward, Joseph Ward, Fred Swope, Pleasant Hill, Nazario Alarid, J. R. Sloan and Walter Miller.

J. B. Sloan was elected representative of the chemical engine company on the board of fire commissioners.

A committee, consisting of Assistant Foreman C. Pierce, F. McCabe and Frank Dettelbach, was appointed to secure uniforms for the company.

A vote of thanks was extended to the fire board for having given the company such fine and commodious quarters. John Sullivan, a member of the company, will hereafter sleep in the fire building. The company is now in splendid condition, and consists of the following members: Foreman, John Conway; assistant foreman, C. C. Pierce; secretary and treasurer, F. H. McCabe; representative, J. B. Sloan; F. Dettelbach, R. Gutterman, J. J. Sullivan, S. Jimenez, J. Perez, J. Tapia, D. Shoemaker, John Miller, Joseph Ward, Fred Swope, Harry Ward, Pleasant Hill, Nazario Alarid and Walter Miller.

MINOR CITY TOPICS.

The exhilarating weather brought a big crowd yesterday to enjoy the plaza concert.

The one story annex to the sanitarium is being renovated and a new roof is being put on it.

William Moore, of Elizabethtown, who is completely paralyzed, was brought to St. Vincent's hospital for treatment.

The windmill tower of the Ramona Indian school was blown down Saturday afternoon by a gust of wind. W. H. Goebel bought the lumber.

Mass for the repose of the soul of the late Mrs. Luz Ortiz de Pino was said at the cathedral this morning at 6 o'clock.

The good effects of the final settlement of land titles in and about Santa Fe is shown these days in the frequent property transfers.

N. Salmon has purchased from Antonio Ortiz, of Pena Blanca, the Ortiz residence property on Manhattan road, adjoining Major Muller's place, and will build there a comfortable home.

Miss Carrie Thomas, of Caldwell, Kan., arrived in Santa Fe to take charge of the Sunny Slope poultry and dairy ranch. She and her mother will next spring start in business at Bland.

Deputy Sheriff C. R. Huber returned from Pojoaque to-day with Encarnacion Romero as his prisoner. Romero was indicted by the last grand jury for obtaining goods upon false pretense. He furnished a \$500 bond, and was released this afternoon.

A new train schedule over the Denver & Rio Grande line goes into effect to-day, whereby the time between Santa Fe and Colorado points is shortened forty minutes. The passenger train north bound will depart at 11 a. m. and the south bound train will arrive at 4:20 p. m.

There are some developments pending concerning the improvement of hotel facilities in this city. These should be pushed. It is expected that many visitors will be here by June 4, the date of the opening of the new capitol building, and better hotel facilities are absolutely necessary.

The Santa Fe route announces a round-trip rate from Santa Fe to Missouri river points, Chicago, St. Louis, St. Paul, Minneapolis and Duluth at one fare plus \$2 for the round trip. Tickets will be sold on June 11 and 12, only good for return passage until October 31, 1906. This rate is made for the benefit of school teachers, but is also open to the general public.

The city council should get a move on in the matter of better sidewalks. The present sidewalks, to a large extent, are a disgrace, and in some cases dangerous. Act for the best interests of the taxpayers and citizens. Messrs. members of the city council, and do not allow yourselves to be bossed by a few interested people who do not wish to place sidewalks in front of their residences and property in good condition.

Doubtless a large number of visitors will be in the city on June 4 to witness the elaborate ceremonies attending the dedication of the new capitol. Citizens can not any too soon set about preparing to receive them. Hotel accommodations especially should be looked to at once. The territorial fire tournament one month later and the opening of the land court term early in August also make it imperative that this question of hotel facilities be promptly settled.

The men and teams from the penitentiary will commence tomorrow the work of cleaning up the capitol grounds. There are something like 1,000 wagon loads of debris to be got out of the way. This will be utilized by the city authorities in improving the public streets in the vicinity and between the capitol and penitentiary.

Eleven thousand pressed bricks which the capitol board had left over were sold to Max Norhaus of Las Vegas at \$20 per thousand. They were shipped today.

The Rio Grande was much swollen yesterday owing to storms in Colorado, necessitating a transfer of passengers and express on the Santa Fe-Bland stage line.

The annual fiesta of San Isidro will take place at Agua Fria tomorrow afternoon, when there will be horse racing, for "el gallo" and other sports.

Geo. Cundiff, late of Albuquerque, is now holding down a job at William Price's saloon.

Hon. T. B. Catron, L. H. Hughes, A. B. Renahan, J. W. Akers and other delegates to the territorial waterways convention left for Albuquerque this afternoon. Land Commissioner A. A. Keen was also one of the party.

Hon. Thomas Hughes, the well known and versatile editor of the Albuquerque Citizen, spent yesterday in the capital with his daughter, Mrs. O. S. Watson. He is of the opinion that the Republicans will carry Terrell county in the coming election and with a proper nominee, that they will also carry the territory, for delegate. He returned home last evening accompanied by Mrs. Hughes, who has been here on a visit to her daughter.

Col. A. R. Green, of the government land department is in the city on business. His home is at Leecompton, Kas. He is an old time friend of Capt. Kunkle, known to local sportsmen as the lone grasshopper fisherman of the upper Pecos.

Postmaster E. H. Salazar and Hon. Manuel C. de Baca, territorial superintendent of education came in from Las Vegas Saturday night. Mr. Salazar spent Sunday with his mother Mrs. Manderfield, and returned home this morning.

Governor Otero left this afternoon for Albuquerque to be present at and to call the convention to take action on the Stephens bill, that meets at Albuquerque tomorrow.

R. H. Hawkins, night chief in the Western Union office at Albuquerque, went north over the narrow gauge this morning on a visit to St. Joseph, Mo.

The family of I. W. McGrew, a cattle man near Durango, Colo., were passengers homeward bound from California on this morning's narrow gauge.

George Lugton, of Albuquerque, left for home yesterday after placing his daughter Marion in the Loretto academy.

Dan Warren and wife left in one of Fisher & Co's rigs today for a 10 days trip to Taos Valley and Ojo Caliente.

Thomas Jackson and James Reynolds, miners from Bland, left for Creede over the narrow gauge this morning.

John Dunn and family and Wm. Burley have returned from a two weeks stay at Ojo Caliente.

S. Dorey, a cattle raiser from Hayden, Colo., is sojourning in the city for his health's sake.

Mrs. Refugia Martinez.

Mrs. Refugia Marquez de Martinez, the most respected mother of Richard Gorman, died at 5 o'clock on Saturday. The funeral took place at the cathedral this morning, a throng of sorrowing friends following the remains to Rosario cemetery. The pall-bearers were J. D. Senna, M. Berardinelli, J. D. Garcia, Manuel Lobato, Jose Valencia and Manuel Montoya.

Mrs. Martinez was 70 years of age. She was one of the witnesses in the case of Hon. Frank A. Manzanares vs. Juan Maria Blea et al., involving title to the Los Canada de los Alamos and the Lamy grants, testimony in which is now being taken before Col. Max. Frost, the referee. This is the second witness in the case that has died for J. D. W. Veeder, attorney for some of the claimants against Mr. Manzanares. Providence is evidently not as easy on attorneys as the courts are.

The Sanitary Still . . .

PURE WATER is the most essential requisite for health that enters into the system. Ninety per cent of our food is water. Distillation is the only method of rendering water free from both organic and inorganic matter. The Sanitary Still is a perfected process that clears water absolutely of every form of impurity, whether from alkali, lime or other minerals; removes free ammonia, ammonia albuminoids, chlorine or other injurious gases. It requires about the same space as a teakettle, but little time, very little trouble, and no experience to operate. The first cost is the only cost, and that is small enough to be real economy to users of distilled water. Sold under an absolute guarantee. Descriptive catalogue free. Local agents wanted.
