FIGHT WITH BOXERS

A Troop of Cossacks Killed Sixteen of Them Near the City of Tien-Tsin.

MURDER ON THE INCREASE

A Number of Missionaries Killed—The Chinese Government Is Unable to Suppress the Trouble—The Situation Is Very Alarming.

Tien-Tsin, June 4.—Two more of the party of foreigners who fled from Pao Ting Fu arrived here. One was badly injured. The relief expedition has returned. The Cossacks who started in search of the refugees returned this evening. They had a fight with the Boxers at Tull, killing sixteen and wounding many.

MISSIONARIES IN DANGER.
It is reported from Pao Ting Fu, that eight Americans and three members of the China inland mission are missing. The missionaries are in great danger. BOXERS INCREASING IN VIOLENCE.

Washington, June 4.—The following cablegram was received by the state department from United States minister Conner:
"Peking, June 4.—Outside of Peking the murders and persecutions by the 'Boxers' seem to be on the increase. The Pao-Ting-Fu railway has been temporarily abandoned, and work on the Peking and Hang-Kow line has been stopped. All foreigners have fled. The Chinese government seems either unwilling or unable to suppress the trouble. Troops show no energy in attacking the 'Boxers.'"

A DEADLY FEUD.

A Triple Tragedy Today at San Augustine, Texas.

Nacogdoches, Tex., June 4.—A triple tragedy occurred in the court house at San Augustine today in which Felix Roberts, a newspaper correspondent; Sidney Roberts and Sheriff Neel Roberts were killed. The tragedy was the result of an old feud between the Wall and the Roberts faction on one side and the Brooks and the Borders faction on the other. A few weeks ago Sheriff George Wall was shot to death by Curd Borders. Last Saturday Eugene Wall, son of the dead sheriff, killed Benjamin Brooks. To-day at the court house the two factions met and a battle ensued. When Sheriff Wall was killed his nephew was appointed sheriff. Armed men from here, partisans of both sides, started for San Augustine. Telegrams have been sent to Governor Sayers urging him to call out the militia.

A BOILER EXPLOSION.

Daniel Oash Received Injuries at Rincon That May Prove Fatal.

Last Thursday evening the boiler at the pumping station at Rincon blew up. Daniel Oash, the brother of Edward Oash, section foreman at La Tuna, was terribly scalded. His back is one great burn, and his abdomen is also scalded. He was also injured internally. The roof was blown off the pump house, and the boiler went clear through a corner of the stone building, tearing a great hole through the solid masonry. The smoke-stack was carried 100 feet in the opposite direction.

THE BUBONIC PLAGUE.

It Has Undoubtedly Broken Out in Chinatown at San Francisco.

San Francisco, June 4.—Health Officer O'Brien and bacteriologist Kellogg reported that the case of the Chinaman who died on Saturday after one day's illness was undoubtedly a case of bubonic plague. Temporary quarters will be established on Angel Island sufficiently large to accommodate 3,000 Chinese. The passage of street cars through Chinatown is to be stopped, and all permits to pass the quarantine lines are revoked.

A REFORMER DEAD.

A Chicago Woman Who Has Done Much Good Succumbs.

Chicago, June 4.—Mrs. Alzina Stevens, one of the best-known women socialists of Chicago, died yesterday at the Hull house. Mrs. Stevens had been announced to read a paper before the general federation of women's clubs at Milwaukee next Thursday on "How Industrial Conditions Are Undermining the Race." She was 51 years old.

CONFIDENCE IN LORD ROBERTS.

The British Believe That He Will Be Soon In Pretoria.

Cape Town, June 4.—The telegraph to Pretoria is still open, but the town is in great confusion. There has been a general exodus. Six special trains left Wednesday last. One is reported to have been derailed.

CONFIDENCE IN "BOBS."

London, June 4.—The public is confident that Lord Roberts will be entering Pretoria before many hours elapse. The latest theory is that Roberts is moving flanking columns so as to envelop the Boer forces in the neighborhood of Pretoria.

Mrs. Sherman Stricken.

Mansfield, O., June 4.—Mrs. John Sherman, wife of ex-Secretary John Sherman, suffered another stroke of paralysis on Sunday afternoon. The physicians express little hope of her recovery.

Baseball.

Chicago, June 4.—Base-ball scores: American league—Minneapolis 12, Detroit 9; Kansas City 2, Indianapolis 0; Chicago 6, Buffalo 5; Milwaukee 0, Cleveland 8. Western league—St. Joseph 6, Denver 5; Sioux City 3, Pueblo 4; Omaha 8, Des Moines 3.

THE CLAYTON-BULWER TREATY.

Senator Teller Made a Speech On the Philippine Question.

SENATE.
Washington, June 4.—Senator Morgan of Alabama reported from the committee on the Inter-oceanic canal a resolution declaring the Clayton-Bulwer treaty abrogated. He gave notice that he would call it up to-morrow. After many efforts having been made by senators to obtain consideration of various bills, all of which were blocked by objections, Senator Teller addressed the senate on the Philippine question. Mr. Teller said: "I believe the republic may have and may hold colonies, but those colonies must be founded on the participation in the government by the people of the colonies. I see no way to surrender the Philippine islands. 'Nobody,' as far as he knew, advocated the abandonment of the Philippines. He referred to the speech of Mr. Hoar as showing infinitely more concern as to the fate of the Republican party at the elections next November than that justice and right should be meted out to the Philippines. Entering upon a sharp criticism of the government provided by congress for the people of Porto Rico, Mr. Teller said it was part of the imperialistic policy of the Republican party. In conclusion, Mr. Teller said he would not support the Republican party in the approaching campaign. Senator Teller said that the speeches on the same subject delivered by Senators Beveridge, Lodge and Spooner contained strong political bias and an evident desire to advance the policy of the administration rather than to arrive at a just and righteous solution of the problem presented. They contained eulogistic references to the president of the United States sycophantic in character. It would be his effort not to make a political speech, although he added: 'My remarks may be tinged with my opposition to the Republican party.' He was one of those who believed that American sovereignty was attacked in the Philippines. 'By the laws of war,' said he, 'we occupied those islands. When we became masters of the island of Luzon, we became practically master of all the islands. 'I did not support its financial policy, and I did not support the Philippine policy as it is foreshadowed in the pending measure (the Spooner bill), and I do not want to give up the islands, either. They should be a source of great advantage to us. They stand in the great pathway of the commerce of the world, and they can be made of immense value to this country.'"

AT THE CONCLUSION OF MR. TELLER'S SPEECH SENATOR WOLCOTT OF COLORADO, CHAIRMAN OF THE COMMITTEE ON POST-OFFICES AND POSTROADS, MOVED TO RECOMMEND THE BILL FOR THE CLASSIFICATION OF CLERKS IN THE FIRST AND SECOND CLASS POST-OFFICES. MR. WOLCOTT SAID IT HAD BEEN STATED THAT THE FIRST AND SECOND CLASS POST-OFFICE CLERKS CONTRIBUTED \$10 OR MORE EACH TO BE DEVOTED TO LOBBYING THIS BILL THROUGH CONGRESS. HE THOUGHT THAT THE CLERKS OUGHT TO BE ADVISED THAT SUCH CONTRIBUTIONS GAINED THEM NOTHING.

MR. BUTLER OF NORTH CAROLINA INTERJECTED THE REMARK THAT THE AMOUNT ASSESSED UPON THE CLERKS REACHED THE SUM OF \$600,000.

Mr. Wolcott said he had little doubt that, as every lobbyist with a political pull was on the pay-roll.

The bill was recommitted and the senate went into executive session.

Senator Mason of Utah introduced the following resolution: "Resolved, That the senate of the United States hereby expresses hope that the war in South Africa may cease at an early day upon terms satisfactory to those engaged therein, including the independence of the South African states."

The senate committee on military affairs to-day reported favorably the nomination of General Otis to be major general, with the request for immediate action. Objection was made and the nomination went over.

HOUSE.

Washington, June 4.—All the scenes about the house to-day presaged the near approach of final adjournment. The corridors were thronged with advocates of belated bills. Engrossing clerks were hurrying about, and the speaker was constantly besieged by members with private bills.

Mr. Meigs of Indiana, as a matter of privilege, moved the adoption of a resolution of inquiry offered last week, but not reported back from the committee on invalid pensions. The resolution called upon the secretary of the interior for all reports relating to the dropping from the pension rolls of certain widows. The chair held that the pending question was to discharge the committee from the consideration of the resolution, and not on the adoption of the resolution, and that the pending question was not debatable. The question was put. The motion was lost by a vote of 114 to 131. This left the resolution still in the possession of the committee.

SUNDRY CIVIL APPROPRIATIONS.

Washington, June 4.—The conferees of the two houses of congress agreed upon about two-thirds of the 185 items of disagreement in the sundry civil appropriation bill. The items of disagreement include the appropriation for the St. Louis exposition.

JUST LIKE GROVER.

Colonel Bryan Will Enjoy a Fishing Trip This Month.

Kansas City, Mo., June 4.—The Star to-day says: "While the Republican national convention is in session at Philadelphia, William J. Bryan, Chas. A. Towne, the Populist nominee for vice president; James K. Jones, chairman of the Democratic national committee; Col. M. C. Wetmore, the St. Louis tobacco merchant, and J. J. Hogan, a Democratic politician of La Crosse, Wis., will enjoy an outing at Minocqua, Wis., a fishing resort on the Chicago, Milwaukee & St. Paul railway. The party will be the guests of Colonel Wetmore at his summer cottage. Mr. Wetmore says that the Wisconsin gathering will be simply an outing, and will have no political significance."

AFTER AGUINALDO

Major March Is Reported to Have Overtaken Aguinaldo's Body Guard in Luzon.

GEN. FUNSTON HAD A FIGHT

Twenty-Five Armed Insurgents Surrendered at Oatle Island, Panay—The Americans Lost a Captain and a Private in a Battle.

Manila, June 4.—Yesterday General Funston, with twenty-five men, engaged fifty of the enemy twenty-five miles east of San Miguel de Maunabo. Capt. George J. Godfrey, of the 22d regiment, and one private were killed. The enemy's loss is not reported.

Twenty-five armed insurgents surrendered at Calire, island of Panay.

CAPTAIN GODFREY.

Omaha, Neb., June 4.—Capt. George Godfrey, killed in the Philippines, was stationed at Fort Crook with the 23d regiment, and was one of the most popular officers. He graduated at West Point in 1884. He was wounded in the head in the Cuban campaign.

WAS IT AGUINALDO?

Vigan, Luzon, June 2, via Manila. June 4.—Major March, with a detachment of the 23d regiment, overtook what is believed to have been Aguinaldo's party on May 19 at La Gat, about 100 miles northeast of Vigan. The Americans killed or wounded an officer, supposed to be Aguinaldo, whose body was removed by his followers.

PORTO RICAN APPOINTMENTS.

The President Selects the Principal Officials for the Island.

Washington, June 4.—The president to-day sent to the senate the following nominations for offices in Porto Rico: Chief Justice of the supreme court, Louis Salschaber of Missouri; Jose E. C. Hernandez, Jose M. Piqueiras and Rafael Noeto y Abell, Porto Rico, associate justices; William Holl, of Kentucky, United States district judge; Edward S. Wilson, of Ohio, United States marshal; Noah B. K. Pettengill, of Porto Rico, United States district attorney; Joseph F. Daly of New York, Lee S. Row, Penn and Juan Hernandez Lopez, of San Juan, Porto Rico, members of the commission to compile and revise the laws; Jose E. C. Barbosa of San Juan, Rosendo Matienzo Clinton of Ponce, Jose de Diego of Mayaguez, Manuel Camunas de Fajardo, and Andres Crossas of San Juan, members of the executive council; Martin Grove, of Brumbaugh, Pa., commissioner of education.

PLUCKY TRAIN HANDS.

They Foiled the Robbers Who Held Up a Train.

St. Louis, June 4.—A special to the Post-Dispatch from Longview, Texas, says that the north-bound "cannon-ball" train on the International & Great Northern railroad was held up after midnight near Price's switch, six miles south of this city, and but for the plucky fight of Express Messenger Charles Rutherford and baggage-master James Strong and the strategy of Engineer Charles Rich, another robbery would have taken place. The engineer saw a pile of cross-ties and a lantern on the track and stopped. He was ordered down by three masked men, who forced the engineer and the freeman to uncouple the mail, baggage and express cars and pull about two miles from the remainder of the train. The robbers then commanded the messenger to open any door of his car, and failing to get any response, made a fireman break a hole in the end with a coal pick. While this was being done the fireman begged the messenger and baggage-master not to shoot. The messenger, who was well protected by a barricade, said he would kill the first man to enter the hole. Love was forced in, and the messenger shouted, "Get aside, Love!" as he fired through the hole. His shot just missed the robbers, who undertook to kill the messenger by shooting through the side of the car. In the confusion Engineer Rich crawled upon the engine, pulled the throttle wide open and left the robbers behind. Penitentiary bloodhounds were put on the trail of the robbers.

THE ST. LOUIS STRIKE.

It Is Worth a Person's Life to Get Off a Street Car.

St. Louis, June 4.—Citizens members of the posse comitatus had the first active service today when several companies were assigned for guard duty at the electric power houses of the transit company. The arms were given out to about 500 deputies yesterday and the day was spent in drilling them.

Interference with passengers in some of the sections of the city by strike sympathizers is becoming serious. It is as much as a person's life is worth to get off a street car on south Broadway.

THE OREGON ELECTION.

Much Interest Manifested in the Result of Contest.

Portland, Ore., June 4.—The polls opened at 8 a. m. The weather is perfect. This is the first election in Oregon under the registration law. Great interest centers in the election of the legislature, which will elect a successor to United States Senator McBride. The tickets nominated are practically but two, the straight Republican and the fusion Democratic, Populist and Silver Republicans.

Killed By Lightning.

A man named Maestas was struck by lightning and killed in Mora county. He has relatives near Wagon Mound.

If you want good meals go to the Bon-Ton.

OFFICIAL MATTERS.

PENSION GRANTED.

Encarnacion Ortega, of Costilla, has been granted a pension of \$6 a month. Pensions were also granted to Alfred A. Waggoner, Flora Vista, San Juan county, \$8 a month, and to Juan Jose Romero, of De Haven, Union county, \$8 a month.

POSTOFFICE SITE MOVED.

The postoffice site at Progreso, Valencia county, has been moved eight miles east.

BOARD OF HEALTH.

The territorial board of health will hold a session at the Claire hotel at 10 o'clock to-morrow morning. The members here are: Dr. T. P. Martin of Taos, Dr. W. B. Tipton of Las Vegas, Dr. Frank D. Bishop of Albuquerque and Dr. G. C. Bryan of Alamogordo. The medical society of New Mexico will meet on Wednesday, June 6.

AGRICULTURAL COLLEGE.

Its Commencement Was Interesting—Graduates Wore Caps and Gowns.

Special Cor. New Mexican.

Mesilla, Park, N. M., May 31st, 1900.—The last day of the festivities of commencement week at the territorial college here was given up to the graduating exercises which were held in McFie Hall, of the main college building. The exercises began at 10 o'clock this morning, a very large audience being present, including many patrons and friends from the locality and numerous visitors from outside points. On the stage, which was prettily decorated in the class colors lavender and white, were, besides the graduating class and the faculty, Hon. L. Bradford Prince, president of the board of regents, Regents Curran, Richardson of Roswell, and Moreno, and Judge John R. McFie, of Santa Fe, in whose honor the name of the hall was first given. For the first time at this college, the graduating class wore caps and gowns, the robes being loaned to the students by the faculty. Hon. L. Bradford Prince, president of the board of regents, Regents Curran, Richardson of Roswell, and Moreno, and Judge John R. McFie, of Santa Fe, in whose honor the name of the hall was first given. For the first time at this college, the graduating class wore caps and gowns, the robes being loaned to the students by the faculty. Hon. L. Reading—Two dollars an inch, single column, per month in daily. One dollar an inch, single column, in either English or Spanish Weekly. Additional prices and particulars given on receipt of a copy of matter to be inserted.

MONDAY, JUNE 4.

This is a great year for New Mexico and a great day for Santa Fe. Success to the two.

Oregon holds an important state election today; members of congress will also be chosen. The outlook is very favorable for a grand Republican victory.

Kansas wants 20,000 men to assist in bringing in the wheat crop from the fields. This does not look as if Col. W. J. Bryan would carry that state this fall.

The people of every county, every city, every precinct, every ward and every hamlet in this territory desire a complete and honest census taken. Here is a pointer for Supervisor Pedro Sanchez.

Hon. W. A. Clark, senator from Montana, is making it rather warm for Hon. Martin Maginnis, would-be senator from the same state, but it is a Democratic row, hence of benefit to the people.

Sixty new dwelling houses going up at Gibson and \$25,000 in gold disbursed on one pay day at Gallup by the Colorado Fuel and Iron Company. It seems that McKinley county will not be the poorest among New Mexico counties after all.

Five thousand copies of the capitol dedication edition of this journal will be sent broadcast over the country this week. This will do this territory and this city immense good. It will be the best advertising New Mexico and Santa Fe have ever received.

Aguinaldo has escaped again. He is an expert at the art of escaping, and should go to South Africa to give Oom Paul a lesson in dodging the British. The Boer war wouldn't be so near its end if the Boers were as proficient in evading the enemy as are the Tagals.

Santa Fe welcomes the visitors within its bounds to-day. Santa Fe is a hospitable city that at all times is ready to extend courtesies to strangers, but upon an occasion like this it makes an extra effort to entertain its guests and offers them the freedom of the city.

The Cochiti district has sent many visitors to Santa Fe to-day. This city is the nearest large town to the mining camps of that wonderful mineral district, and the relations between them should be cordial. The New Mexican has done much to advertise the Cochiti and its resources, and Santa Fe merchants should follow this up by making Bland and surroundings tributary to the capital city.

The Democrats of Mississippi are reported to be so poor that they could not afford to hold primary elections for a convention to send delegates to the Kansas City convention. It seems strange that funds are needed by Democrats to hold an election in their own party, but Mississippi Democrats may be of the thrifty order, who will not vote until they see something in sight that is worth while contending for.

The capital city is gratified at the large delegations sent by Las Vegas and Albuquerque. They are the nearest large neighbors of Santa Fe, and by working together can do much for the upbuilding of the territory. They are not near enough to each other to be rivals, and yet near enough to be neighbors. Santa Fe has always sent large crowds to the Meadow City and to the Duke City upon festive occasions, and it is pleasing to note that Las Vegas and Albuquerque people to-day reciprocate by coming en masse to the capitol dedication, which is not merely a local event, but an event of interest and importance to the whole territory.

The southern Rio Grande valley—in fact, every part of the territory—has its representatives in the capital city to-day. Many of the visitors have been here before, many come for the first time, and others come for the first time at this season of the year. If the visitors remain several days they will discover that the capital city is a delightful place to visit in summer. Perhaps if this fact were better known the city would always be crowded in summer by as many visitors as are in it to-day. Come again is the hearty invitation that Santa Fe extends to its visitors to-day.

The upper Rio Grande valley is well represented in Santa Fe to-day. That part of the territory has a great future awaiting it. While the stream of immigration in late years has mostly sought other sections, there are indications now that Rio Arriba and Taos counties, as well as northern Santa Fe county, will see rapid growth and development within the next few decades. Santa Fe is the natural outlet for those parts, and whatever benefits them will benefit the capital city. It is a great field for trade and for enterprise, and the New Mexican will continue to do its best to keep the fertile valleys, the rich mountains and the superb climate of that section before the world.

The voters of Kentucky will vote for a new governor this fall. Whether they will get the man they give a majority of votes to is another question. The voters of Kentucky propose and the Goebel law and Democratic bosses dispose.

The people of this territory, as a whole, are very proud, and justly so, of the great work achieved by the capitol rebuilding board, which work, namely, the new capitol of one of the future great states of this powerful union, was dedicated this afternoon with most imposing ceremonies.

Beckham is governor of Kentucky. He was not elected to the office, but was put there by an infamous election law and prejudiced Democratic judges. This piece of political larceny will, it is to be hoped, for the sake of good and honest government, react on the Democratic party in Kentucky next November.

Welcome to the many kindly disposed and patriotic citizens of New Mexico who are to-day honoring the capital of this commonwealth with their genial presence and greatly appreciated company. May they live long and prosper and come to Santa Fe often. Indeed, they cannot come any too often. The oftener the more will they be welcome.

General Botha reports that neither persuasion nor the liberal use of the sjambok or lash can induce his men to stand against the British. That does not look very much as if the Boers were fighting for freedom and their rights. Imagine a man driven into battle at the end of a lash for his independence or for the protection of his fireside.

"Money was never more plentiful in Eddy county, among all classes, than right now, and it is in the hands of the people who most need it, who will do the most general good with it." Thus speaks the Carlsbad Argus, and yet, strange to say, Eddy county is likely to cast a majority of Democratic votes in November. Some places are their own worst enemies.

The 700 marines who entered Pekin last week represented seven different nations, and were seven different kinds of uniforms. The cavalcade must have been quite an interesting one to the Chinese, who were celebrating at the same time the great lantern festival, and had it not been for the menace implied by the appearance of the 700 foreign sailors, they might have had as lively a time as Santa Fe enjoys to-day.

Mining activity in south Santa Fe county is greatly on the increase. That section promises, by the end of the year, to be one of the most lively and prosperous in the territory. The Santa Fe Gold and Copper Mining Company will, in November or December, employ about 500 men in its extensive mines and new smelter. The Galisteo company will be in working order and numerous smaller enterprises in active operations. Santa Fe county is coming to the front, as it ought to, considering its rich resources in precious minerals and coal.

Within the last five decades the average of human life has been extended fully ten years. For a long time thirty-five years was deemed the average allotment; now it is nearly forty-five. With this average lengthening of days has come a corresponding lengthening of the mental and physical activities of man. The time seems not far distant when a man who dies under 100 years will be regarded in the light of a suicide, because his death must have been the result of violating the laws of health and sanitation.

This is a great day for Santa Fe and the territory at large. It should mark the beginning of a new era of progress and prosperity for the capital city and for New Mexico. Great things have been accomplished in the past, greater things should be accomplished in the future. New Mexico, though it boasts of a historic past, is not an old commonwealth whose powers have become exhausted, and which has its face turned toward deeds done, but it is a new state, with a great future before it, and marching onward to greater development and greater wealth and prosperity.

The plan to make the census bureau a permanent department of the government is not a bad one. This is an age of scientific legislation, and legislation much dependent upon conditions as they actually exist. Statistics that are accurate and thoroughly up to date are often a necessary foundation for such legislation, and the census bureau could furnish required data upon short notice. As it is, the bureau is in existence the greater part of the ten years which elapse between each successive census, and by adding a few more years to its life it would be made permanent, and would avoid doing again every ten years the costly and complicated work of preparing for the decennial census.

An Honest Administration.

Territorial bonds are away above par. This is the surest proof that the territorial administration is honest, prudent and efficient, and that public funds are properly and honestly handled. Calamity howlers, ward bosses and heelers, a few disappointed office seekers and some disgruntled office holders, who imagine that their great and glorious abilities are not sufficiently recognized, may howl fraud and corruption, but the facts disprove this howl to the fullest extent. It needs no argument to demonstrate that a commonwealth, whose bonds are quoted as a premium from 5 to 15 per cent, and whose counties are refunding local indebtedness from 5, 6 and 7 per cent bonds into 4 per cent bonds at par, is well governed, and it is clear to all fair-minded and well-disposed persons that no corruption and dishonesty exist in the administration of public affairs and the handling of public funds in such a political subdivision. This is the case in New Mexico to-day, and the fake stories and falsehoods, told by a few paupers and the gang behind them, to make public affairs look bad and disgusting, will not and do not go down with intelligent people. New Mexico is all right, and will continue to grow and increase in wealth, population and civilization right along.

When it comes to advertising the grand resources of the sunshine territory and aiding every part of this great territory, the Santa Fe Daily New Mexican cannot be beaten. No use hiding this light under a bushel basket, and this paper does not propose to do this.

PROFIT IN ALFALFA.
One of the Most Lucrative Crops That Is Grown in the Southwest.

Alfalfa, lucerne or Spanish clover is the most extensive and lucrative crop grown in the west. This remarkable plant is one of the most valuable of nature's products. Once successfully planted there is no termination to its wealth-producing life. Its characteristics are as follows: The roots penetrate to the lower stratum of the soil and put it in excellent physical condition for corn, wheat, and any succeeding crop, potatoes especially, besides acting the part of a fertilizer, similar to red clover as used by all farmers in the east. The corn, wheat and potato crops are almost doubled. It is easy to raise and secure a fine stand of plants if the soil be put in proper condition.

Its staying qualities are good, as the oldest fields show no diminution of yield; neither does it die by winter exposure. The quantity produced by the many cuttings makes it much more valuable than other clovers or grasses. It is as digestible as clover hay, taking constituent by constituent. Its chemical composition shows that it is a rich, strong food when properly cured. Its feeding qualities are excellent, being relished by all farm animals. It is also strong food when properly cured. Its healthfulness as a steady diet for work horses and mules is another of its strong points. The long life of work animals has no parallel in clover or timothy regions.

There are two methods of growing alfalfa: One is to irrigate freely and cut exclusively for hay, whereby four and sometimes five cuttings are harvested in a season, the total product being an average of about five tons an acre, worth from \$5 to \$7 a ton in the stack. Owing to the heavy yield of hay the total cost of producing and putting it in the stack does not exceed \$1.25 a ton, leaving a net income of from \$10 to \$25 an acre. The other method of growing alfalfa is to cut one crop for hay and one crop for seed. The yield of the hay crop in this instance will average one and one-fourth tons an acre. The average yield of the seed crop is five bushels an acre. The largest yields of seed have been from fields which have been pastured during the spring months.

The seed is worth from \$3 to \$7 a bushel of 60 pounds. The total cost of producing alfalfa seed, including harvesting, threshing and cleaning, does not exceed \$1.50 a bushel. In addition to the crop of hay and seed, the alfalfa straw and pasture remaining always sell at \$2 an acre net, making a total net annual income of from \$10 to \$20 an acre. When a stand of alfalfa is acquired it will last a life time, but where it has been produced a number of years it is frequently plowed under as a fertilizer, and lands so treated yield enormous crops of all kinds. In the irrigated districts of both Europe and America the demand for alfalfa seed is constantly increasing for reseeding land exclusively for its fertilizing qualities.

SECOND HOMESTEAD ENTRIES.

A Boon to Many Persons Who Left Their Old Homes.

It is of great interest to the west that the conference committee of the senate and the house of representatives have reached an agreement upon a bill permitting persons who have failed to perfect their homestead claims to make new entries. This lifts a prohibition upon homestead entries which prevented many persons from making them in new sections of the west because they had previously entered land under the homestead law elsewhere. The law contemplates that each person shall have but one homestead entry, so that the public domain may not be taken up by comparatively few locators. But men who, for any cause, have been prevented from perfecting their homestead claims have failed entirely to derive any benefit from the law, being denied the right to make a second entry even under those conditions.

The new law will restore the right of entry to persons who have been prevented from perfecting their claims. It will be a boon to persons who, because of financial disaster or other causes, have left their old homes and sought fortune in newer and more remote parts of the country. Many such reside in Colorado. Doubtless hundreds of them would long have taken up homestead claims here or in Wyoming if it had not been for the restriction which the new law will remove.

An Extraordinary Copper Discovery.

(Denver Republican.)
Warren Reynolds, of Santa Fe, was in the city yesterday. He brings a report of an extraordinary discovery of copper ore in Santa Fe canon, about thirteen miles from Santa Fe. He says that the vein is 200 feet wide and has been traced for more than 3,000 feet. A sample chipped from the surface of the ledge and entirely across the vein gave an assay return of 8 per cent copper, and Mr. Reynolds thinks that he has a property that, with development, will make one of the great copper mines of the country.

D. & E. G. Special Rates.

Half Rates Everywhere Via D. & E. G. Railroad, July 4, 1900—An open rate of one first-class standard fare for the round trip between all points on the D. & E. G. railroad in Colorado and New Mexico. No tickets sold for less than 50 cents. Selling dates July 3 and 4. Good to return July 5, 1900. Continuous passage in each direction. Special Excursion Rates to Eastern Points, Via D. & E. G. Railroad—A round trip rate of one first-class fare plus \$2 will be made from Santa Fe to points east of Denver and intermediate points including Chicago and St. Louis. Selling date June 11 and 12. Tickets limited to continuous passage in each direction and good to return until October 21, 1900.

PECOS VALLEY & NORTHEASTERN RY

(Central Time)
Train No. 1 leaves Carlsbad at 2:20 p. m. Arrives at Roswell at 5:50 p. m.; Amarillo, 4:50 a. m., connecting with the A. T. & S. F. and the Colorado and Southern.
Train No. 2 leaves Amarillo daily at 10:50 p. m. Arrives at Roswell at 8:40 a. m.; Carlsbad at 12:35 p. m.
Train No. 3 leaves Carlsbad at 7 a. m. Arrives at Pecos at 11:05 a. m.
Train No. 3 (mixed) daily, leaves Roswell at 7:25 a. m. Arrives at Amarillo at 7:55 p. m.
Train No. 4 (mixed) daily, leaves Amarillo at 7 a. m. Arrives at Portales at 2:25 p. m., and at Roswell at 7:35 p. m.
Stages for Lincoln, White Oaks and Nogal, N. M., leave Roswell, N. M., daily except Sunday at 7 a. m.
For low rates, for information regarding the resources of this valley, prices of lands, etc., address

OJO CALIENTE.

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Harriman Station on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90° to 125°. The gases are carbonic. Altitude 5,500 feet. Climate very dry and delightful the year around. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 188.34 grains of alkaline salts to the gallon; being the richest alkaline hot springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures effected in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:35 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, N. M. For further particulars address—

ANTONIO JOSEPH, Prop.,
Ojo Caliente, Taos County, New Mexico.

Burlington

Route

TRIFLES!

Our cars are no better—in themselves—than the cars of other lines. It is what is **INSIDE** them that makes them more comfortable.
For instance, The seats in our reclining-chair cars are provided with linen head pieces—clean and cool. Our dining-cars have electric fans, and are gorgeously decorated with flowers. In every car is a thermometer, which the porter constantly consults in order to keep the temperature of his car as nearly uniform as possible.
By themselves, these things are trifles, but the sum total of them goes a long way toward making a trip over the Burlington a mighty enjoyable experience.
Burlington trains leave Denver 4:00 and 10:00 p. m., for Omaha, Kansas City, St. Louis, and Chicago.

Tickets at Offices of Connecting Lines.
Denver Office **G. W. VALLERY, General Agent.**
1039 Seventeenth Street.

Must Walk to North Pole.

For years have we struggled to reach the north pole by ship. Through hardship and danger brave explorers have endeavored to reach the coveted spot. The fact that the pole is still a mystery points to the conclusion that our method was wrong, and lends credence to the recent utterance of a learned scientist that we must abandon ship, copy the Eskimo's customs and walk to the pole. The same commonsense reasons should be applied to health. There is only one road to recovery for sufferers from stomach disorders, and that is through Hostetter's Stomach Bitters. If you have tried to cure indigestion, constipation, dyspepsia, liver or kidney trouble without it, you have simply been on the wrong track. The Bitters will cure you.

The Old System and the New.

But, dad, what do you know about psychology, and physics, and Desartie? And what do you know, my dear boy, about geography, and arithmetic, and spelling?—Cleveland Plain Dealer.

Ivy poisoning, poison wounds and all other accidental injuries may be quickly cured by using DeWitt's Witch Hazel Salve. It is also a certain cure for piles and skin diseases. Take no other. Ireland's pharmacy.

Disappeared Completely.

Rupert—It was a strange case! He left the club one night to go to the opera and was never seen or heard of afterward!

Harold—Disappeared as completely as if the earth had opened and swallowed him up, eh?

Rupert—More so, if possible. In that case he might have left his hat above ground, or there might have been a crack left to show where he disappeared; but this fellow, mind you, disappeared as completely as if he had married an authoress!—Puck.

The Chinese ask "How is your liver?"

Instead of "How do you do?" for when the liver is active the health is good. DeWitt's Little Early Risers are famous little pills for the liver and bowels. Ireland's pharmacy.

Not on Speaking Terms.

Mrs. Ollabot—I thought you and Mrs. Seldom Home were hardly on speaking terms, but I saw you talking with her last evening in the friendliest manner imaginable.

Mrs. Gofret—Yes, I found out she's been having the same kind of trouble with her liver that I've had with mine.—Chicago Tribune.

Neglect is the short step so many take from a cough or cold to consumption. The early use of One Minute Cough Cure prevents consumption. It is the only harmless remedy that gives immediate results. It cures all throat and lung troubles. Children all like it, and mothers endorse it. Ireland's pharmacy.

A Rival.

Professor's Assistant—Our rival scientist has discovered a beetle that eats cigarettes.

Professor (angrily)—He has, has he? Hand me my pen! I'll get out a beetle which eats boys and men who smoke cigarettes.—Chicago News.

VOLCANIC ERUPTIONS.

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them; also Old, Running and Fever Sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains. Best Pile cure on earth. Drives out Pains and Aches. Only 25c. a box. Cure guaranteed. Sold by Fischer & Co., druggists.

Great Improvement.

That trip to Europe did much to broaden your son Henry's views and polish his manner, didn't it?

I should say so. Instead of saying "I'll bet you, as he used to, he now says, "I'll lay you a wager."—Chicago Times Herald.

A POWDER MILL EXPLOSION.

Removes everything in sight; so do drastic mineral pills, but both are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or aloes pills, when Dr. King's New Life Pills, which are gentle as a summer breeze, do the work perfectly. Cures Headache, Constipation. Only 25c at Fischer & Co.'s drug store.

Useless to Reason.

I am Genevieve, said simply. But Arthur laughed.

Nay, my dear Genevieve, is the heroine of this story, which is a magazine serial. As such, her hair necessarily ripples back from her low, broad forehead, while you—

Here his voice rose to a shriek.

Hair is done up pompadour!

It was useless to reason with the man, since he was clearly mad.—Detroit Journal.

NO RIGHT TO UGLINESS.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at Fischer & Co.'s drug store.

Foot Lot.

Poor Lot! exclaimed a lady in the art gallery as she passed in front of a painting representing the family leaving the doomed city. I wonder what he thought when he beheld his wife transformed into a pillar of salt!

I suppose, replied her husband, that he thought he would now have a chance to get a fresh one.

Call at Ireland's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. They are an elegant physic. They also improve the appetite, strengthen the digestion and regulate the liver and bowels. They are easy to take and pleasant in effect.

Always at Hand.

What is a public nuisance?

Why, it's a man who is always wanting somebody else to write to the papers about a public nuisance.—Indianapolis Journal.

Reports show that over 1,500 lives have been saved through the use of One Minute Cough Cure. Most of these were cases of grippe, croup, asthma, whooping cough, bronchitis and pneumonia. Its early use prevents consumption. Ireland's pharmacy.

THE SUPERB CLIMATE

Santa Fe Has Fine Summers and Moderate Winters with Equable Temperature.

NEARLY ALWAYS PLEASANT

The Salubrious Atmosphere of the Territory and Reasons Why the Climate Is Healthful and the Country Chosen for Sanitariums.

A knowledge of the contour of New Mexico in relation to the surrounding country is necessary to clearly understand the cause of its climatic advantages, that are not possessed by any other part of the United States. A study of the Rocky mountain region reveals the fact that the great chain from the far north is broken in its continuity as it leaves Colorado. In New Mexico there are smaller ranges with here and there lofty peaks with timbered slopes and barren crowns to relieve the clouds of moisture. From them incline fertile valleys and grassy upland plains to the gulf region until when the southern border is reached, there are no mountains between New Mexico and the southern water. Three fourths of this territory has an altitude of 5,000 feet. At the southern border the valleys have dropped to from 3,000 to 4,000 feet, while the Santa Fe valley, at the capital city, has an altitude of 6,900 feet at the plaza.

A country of such varied altitudes must have some variety in climate, but the variation is in degrees of temperature mainly, for in general the climate of New Mexico is dry and salubrious. The rainfall is principally confined to showers in the summer, with little rain or snow in the winter, except in the northern part of the territory.

Near the extreme southern line, in the Sacramento mountains, a lofty peak is the first considerable elevation met with, as the moisture-laden gulf clouds drift to the northwest, and this precipitates rain to greater extent than any other mountain, the rainfall there having in exceptional seasons been estimated at 48 inches. But over the territory the normal precipitation ranges from 8 to 35 inches, according to elevation.

COMPARATIVE TEMPERATURE. The southern valleys are, of course, the warmest portions of New Mexico in the summer, but the hottest are pleasant in midsummer than the east, because the air is dry, rapidly absorbs the dampness of the skin and has a cooling effect. The weather is never oppressive, the nights are always cool enough to sleep under cover and generally under a blanket.

Santa Fe, being up out of the great valley of the territory, is especially blessed as to summer temperature. The highest record by the thermometer in this city in twenty-six years was 96 degrees in 1878, an extreme rarely approached. In the last ten years 91 was the highest absolute temperature. It should be borne in mind that in a dry climate the record of the metallic thermometer does not indicate the real temperature felt by a human body, which is cooled by the drying effect of the air. It has been demonstrated that a temperature of 90 at Santa Fe is not more oppressive and heating than 72 at St. Louis, or at any place with a humid climate.

The following table was made up from reports of the climate and crop service of the weather bureau, and gives a general idea of the relative intensity of heat as indicated by the metallic thermometer:

SANTA FE SUMMER.

Were Santa Fe located in sight of St. Louis or Chicago, with its present elevation, residents of such place would behold a city more than a mile and a quarter skyward, above the hot, malarial, moisture-soaked earth, in a pure atmosphere, which all would seek. Should they behold the city where she is they would find a still cooler and purer atmosphere, where there is little moisture, a porous soil to drain away the rain that comes, and a precipitous descent for escape of the snow-fed streams and gorges in sight of the city.

The records show that no other city in the same latitude possesses so cool a summer temperature as Santa Fe, where the average is 67 degrees and the change between night and day temperature so slight to be detrimental to health. Thanks to elevation, to wooded mountains far southward, and shelter from the hot winds of Arizona that are warmed off by the rising series of mountain ranges between Santa Fe and the sandy, lower levels of desert, this city is the coolest south of the upper lake region. It is far cooler than Denver, has thermometer readings about as low as San Diego, and is free from the humid heat of the coast.

THE WINTER SEASON.

One who has not seen the lay of the land might think that an elevated place would have a severe winter. Yet this is not true. The winter temperature is not so low as in the lower Ohio valley, and is free from moisture, there being less of cloudy weather in winter than in summer. To the north, the great mountains of Colorado receive the greatest snowfall, and break the force of northern winds; other mountains closer stand guard to shelter the Santa Fe valley, which lies at their feet. To the east a range keeps out the cold northerly winds as they rush southward to Texas. Westward, nature has interposed barriers to shield New Mexico from gales,

She was the fond mother of a fine baby.

The Landlady.

First Boarder—What a gloomy looking person our landlady is! I shouldn't be surprised if she had a skeleton in her closet.

Talking to Himself.

Is it an indication of mental derangement for a man to talk to himself? asked Willie Washington.

Judging by the men I have heard, answered Miss Cayenne, it is not. The derangement is shown by the fact that the man listened to himself.—Washington Star.

Awakening Suspicion.

Doctor—I never dare act cheerfully when I'm out in society.

A GOOD COUGH MEDICINE.

It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other.

The Last Boot-Leg.

This is our last boot-leg, whimpered the cook, as he served breakfast.

A SPRAINED ANKLE QUICKLY CURED.

"At one time I suffered from a severe sprain of the ankle," says George E. Cary, editor of the Guide, Washington, Va.

No Encouragement.

Jack—Have you had the nerve yet to speak to Miss Goldblatt's father?

Not in His Class.

Peter—You have been running ahead of your allowance again.

Mr. W. S. Whedon, Cashier of the First National Bank of Winterest, Ia.,

in a recent letter gives some experience with a carpenter in his employ that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled, and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work."

A Change.

How can you stay in town all summer? I have to get away, if only to see new faces.

PLAYED OUT.

Dull Headache, Pains in various parts of the body, Sinking at the pit of the stomach, Loss of appetite, Feverishness, Pimples or Sores are all positive evidences of impure blood. No matter how it became so, it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure Scrofulous or Syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee.

Horribly Crushed.

Fact: I got mixed up in a kiss between a returned soldier and his best girl.—Philadelphia Press.

Starvation never cured dyspepsia.

Persons with indigestion are already half starved. They need plenty of wholesome food. Kodol Dyspepsia Cure digests what you eat so the body can be nourished while the worn-out organs are being reconstructed. It is the only preparation known that will instantly relieve and completely cure all stomach troubles. Try it if you are suffering from indigestion. It will certainly do you good. Ireland's pharmacy.

Take the Hint.

Parke—I told my wife she could sell, if she desired, the furniture that had become too bad for use.

It Wasn't Right.

He—I asked your father's consent by telephone.

It Wasn't Right.

He—He said: I don't know who you are, but it's all right.—Harvard Lampoon.

THE MAXWELL LAND GRANT CO.,

RATON, NEW MEXICO.

THE SANTA FE ROUTE.

International Convention Baptist Young People's Union of America, Cincinnati, O., July 12 to 15.—Round-trip ticket, Santa Fe to Cincinnati, \$47.10. Dates of sale, July 9 and 10. Good for return passage leaving Cincinnati up to and including August 10, 1900.

Biennial Conclave Knights of Pythias, Detroit, Mich., August 27 to September 1.—Round-trip tickets, Santa Fe to Detroit, \$49.60. Dates of sale, August 23, 24 and 25. Good for return passage leaving Detroit up to and including September 14, 1900.

National Republican Convention, Philadelphia, Pa., June 19.—For the above occasion the Santa Fe Route will place on sale tickets to Philadelphia and return at one fare (\$4.80) for the round trip. Tickets will be on sale June 12, 13 and 14, good for return passage leaving Philadelphia up to and including June 26, 1900. Continuous passage in both directions.

National and State Prohibition Convention, Chicago, Ill., June 26 to 29, 1900.—For this occasion the Santa Fe Route will place on sale tickets to Chicago and return at one regular fare (\$4.05) for the round trip. Tickets will be on sale June 23 and 24. Good for return passage leaving Chicago up to and including July 2, 1900.

Annual Convention Young People's Christian Union of the United Presbyterian Church of North America, Denver, Colo., July 25 to 30, 1900.—For the above occasion the Santa Fe Route will place on sale tickets to Denver and return at one fare (\$4.05) for the round trip. Tickets will be on sale June 24 to 28 inclusive, limited for return until July 2. For further particulars in regard to these meetings call on or address any agent of the Santa Fe Route.

Texas State Teachers' Association Meeting, El Paso, Tex., June 26 to 29, 1900.—For this occasion the Santa Fe Route will place on sale tickets to El Paso and return from all points in New Mexico at one fare for the round trip. Tickets will be on sale June 24 to 28 inclusive, limited for return until July 2. For further particulars in regard to these meetings call on or address any agent of the Santa Fe Route.

Colorado Prohibition Convention to be Held in Denver, June 8 and 9, 1900.—A rate of one and one-fifth fare on the certificate plan is authorized to Denver and return, providing fifty or more are in attendance. Certificate to be available June 5, 6, 7, 8 and 9, 1900. Other conditions as given above will govern, except that Dr. E. Hungerford, secretary, will sign certificates, and Scott Bryan, ticket agent, Union Depot, Denver, will act as joint agent.

Notice for Publication.

(Homestead Entry No. 3097.) LAND OFFICE AT SANTA FE, N. M., May 16, 1900.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register or Receiver at Santa Fe, New Mexico, on June 25, 1900, viz: John Donovan for the lots 1 and 2, sec 24, T. 1 N., R. 7 E.

He claims the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Barney Carroll, James M. Rogers, Charles Closson, James Richardson, all of Cerrillos, N. M.

MAURICE E. ORSON, Register.

Mar Good Guess.

Fudge—It beats all what a keen insight my wife possesses.

Budge—Yes?

Fudge—I told her yesterday that I didn't think I should be home to dinner that evening, and she looked at me in her knowing way and said she thought I would. And, by George, she was right. I did go home. Funny, isn't it?—Boston Transcript.

The Santa Fe route announces a rate of \$50.75 for the round trip to Charleston, S. C., on account of the National Educational association meeting July 7 to 13.

Kodol Dyspepsia Cure

Digests what you eat.

It instantly digests the food and aids nature in strengthening and reconstructing the exhausted digestive organs. It is the latest discovered digestant and tonic. No other preparation can approach it in efficiency. It instantly relieves and permanently cures Dyspepsia, Indigestion, Heartburn, Flatulence, Sour Stomach, Nausea, Sick Headache, Gastralgia, Cramps and all other results of imperfect digestion.

Price 50c. and \$1. Large size contains 2 1/2 times as much. Book all about dyspepsia mailed free. Prescribed by E. C. DeWitt & Co., Chicago. Ireland's Pharmacy.

He Made It Light.

Mrs. Youngwife—I want five pounds of sugar, please.

Dealer—Yes, ma'am, shall we send it to you?

Mrs. Youngwife—No, I'll take it with me if it isn't too heavy.

Dealer—I'll make it as light as possible for you, ma'am.—Philadelphia Press.

FREE OF CHARGE.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at Ireland's Drug Store will be presented with a sample bottle of Boschee's German Syrup, free of charge. One bottle given to one person, and none to children without order from parents. No throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggists will tell you its success was marvelous. It is really the only Throat and Lung Remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

No Baseball Team.

Pearl—The grandmothers of Baltimore will remain in good health this summer.

Rubby—Why so?

Pearl—That city has no baseball team.—Chicago Record.

AUGUST FLOWER.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at Ireland's Drug Store. Sold by dealers in all civilized countries.

How Did He Know?

In my opinion, he said, women ought to remove their hats in church the same as they do in the theaters.

How, she asked, do you know that they don't?

It was at this time that the wild, hunted look got into his eyes.—Chicago Record.

All who suffer from piles will be glad to learn that DeWitt's Witch Hazel Salve will give them instant and permanent relief. It will cure eczema, and all skin diseases. Beware of counterfeits. Ireland's pharmacy.

Why Not, Indeed!

With the help of Providence, said the pious physician, I hope to restore you to health.

Ah! exclaimed the sick woman, whose sole ambition was the achievement of social distinction, if I must have the climate of Rhode Island, why not Newport?—Philadelphia Press.

Small in size and great in results are DeWitt's Little Early Risers, the famous little pills that cleanse the liver and bowels. They do not gripe. Ireland's pharmacy.

A Change.

How can you stay in town all summer? I have to get away, if only to see new faces.

PLAYED OUT.

WINE OF CARDUI

WOMEN WHO WORK.

St. Louis, Mo., Aug. 12.
Though only 19 years old, I suffered from pains and female troubles two years. Last spring I got so bad I had to quit work. I had to support myself, and could not afford a high-priced doctor. I got one bottle of Wine of Cardui and that made me feel better. I have now used several bottles and am well. My mother used the Wine for Change of Life and was greatly relieved.

MISS MARGARET WALSH.

Wine of Cardui

Many girls and women find it necessary to earn their own living in various kinds of employment. Their work is often so hard and confining that the health breaks down. Their delicate constitutions are unfitted for tireless tasks. Weakness nearly always makes its appearance in the peculiarly delicate womanly organs. Constant standing on the feet, and coming and going at the beck of a superintendent or foreman, induces falling of the womb, leucorrhoea, headache and backache. The pay of women workers is often so notoriously small that when sickness strikes they have no money to engage skillful physicians. To them Wine of Cardui is truly a blessing. It cures them of their ills at a small cost, and they can act as their own physicians. No doctor can do as much for "female troubles" as Wine of Cardui.

Druggists sell Large Bottles for \$1.00.

WINE OF CARDUI

THE HARRISON LIQUOR COMPANY,

THE ONLY FAMILY LIQUOR STORE IN SANTA FE.

SANTA FE, New Mexico.

PERSONAL MENTION.

H. K. Deveraux is a sight seer from Colorado Springs.

R. A. Kistler, a Las Vegas newspaper man, is in Santa Fe today.

Robert Edgecombe, a popular Taos man, is in the city.

G. M. Kinsell and family drove in from Cerrillos yesterday.

Miss Ophelia Henriquez, of Las Vegas, is a visitor in the city today.

Demetrio Perea, the energetic sheriff of Lincoln county, arrived in the capital yesterday.

Henry D. Meyer, the old time merchant at Chama, is here with his wife and two children.

Marshall John Murphy and his two bright boys came from Las Vegas with the excursion.

Col. R. E. Twitchell is glad to be in the capital city on business and pleasure combined today.

E. Clark, the Plaza del Alcalde merchant, is in the capital to take in the capitol dedication.

Chief Justice W. J. Mills came over from Las Vegas last evening and is the guest of Gov. Otero.

Dan Stein and family and Ike Lewis and family are among the good people here from Las Vegas.

Hon. J. T. McLaughlin is here from San Pedro accompanied by Mrs. McLaughlin and Dr. Shadrach.

Mrs. C. F. McKay, a former resident of the capital, arrived last evening from Las Vegas to attend the capitol dedication.

Dr. W. B. Tipton, member of the board of health, is here from Las Vegas and will remain over tomorrow on business.

Hon. E. H. Pierce and his handsome bride are over from Las Vegas. Mr. Pierce is president of the penitentiary commission.

Mayor H. G. Coors, of East Las Vegas, who is in the capital today, paid a high compliment to the W. B. T. for its work in beautifying the plaza.

J. B. Brooks, a well known farmer in the Taos valley, is a capital city visitor accompanied by his sisters-in-law Misses Maggie and Stella Simpson.

Hon. W. H. Jack, president of the territorial cattle sanitary board, accompanied by his charming wife, arrived from Silver City on the 11:30 train.

Millard W. Brown, of the great mercantile house of Browne & Manzanarez Company, Las Vegas, is here today being cordially greeted by a host of friends.

Captain W. H. Reid, of Las Vegas, is here with his uncle, S. B. Reid, of J. B. Green, Ind., who is on a sight-seeing trip through the west.

Captain J. A. LaRue was accompanied from Las Vegas by his daughter, Miss Jeannette LaRue, Miss May Reynolds, Mrs. D. C. Winters and daughter, Miss Marion, and others.

Epimeno Miera, chairman of the board of county commissioners of Bernalillo county and a leading citizen, is in the capital city today visiting relatives and taking in the capitol dedication festivities.

Hon. Thomas Hughes, editor of the Albuquerque Citizen came up yesterday on a visit to his daughter, Mrs. O. C. Watson and remained over to see the big parade. He declared it highly creditable to the capital city.

Henry E. Roethlis, of Fairmont, Wis., publisher of the Times-Review at that place and one of the Republican nominees on the electoral ticket for Wisconsin, is in the capital on a pleasure visit and attended the capitol dedication exercises today.

Judge John R. McFie and daughter have returned from the south, where the judge had a most pleasant visit, observing Memorial day at Albuquerque as commander of the department of New Mexico of the G. A. R., and attending the commencement exercises at the agricultural college at Mesilla Park.

Mrs. J. B. Dickinson, Miss Dalrymple, J. E. McConnell, J. A. Dick, Miss Shultz, D. T. White, George W. Sloan, T. T. Eggleston and wife, Charles N. Stinson, George W. Hunter are well-known Las Vegas people here to participate in the festivities of the day.

Dr. T. P. Martin, the efficient and active president of the New Mexico medical association, arrived Saturday night from Taos, accompanied by his wife and son, and will remain several days. They have a host of friends in the capital city who are always happy to extend them the glad hand.

Hon. Numa Raymond, one of the leading citizens of New Mexico, and Miss Emilie Frenger, of Las Cruces, are here, and will remain in the city for some days, the guests of Judge and Mrs. McFie.

J. V. Miller, of Cleveland, O., brother-in-law of Thomas A. Edison, and C. M. Chapman, of Dolores, prominently identified with the Galisteo Mining Company, are here with Manager S. G. Burn.

C. A. Spies, Esq., who is making an enviable record as district attorney for the counties of San Miguel, Mora and Guadalupe, is over from Las Vegas to attend the capitol dedication ceremonies.

Hon. Malaquias Martinez, who represented Taos county in the house and council of the thirty-second and thirty-third legislative assemblies, is in the city and received a hearty welcome from his many friends here.

Allen J. Papin, editor and manager of the Rio Grande Republican, arrived from Las Cruces this morning to take part in the capitol dedication ceremonies.

Hon. M. S. Otero, ex-delegate to congress, and a prominent citizen of Bernalillo county, came in this forenoon, and will be present at the capitol dedication ceremonies.

Capt. E. G. Austin, a member of the cattle sanitary board, is in the capital from Las Vegas. He is a member of the cattle sanitary board, and also attends the capitol dedication ceremonies.

W. H. Jack, Esq., president of the cattle sanitary board, was a passenger from Silver City this morning, and is here to attend a meeting of the cattle sanitary board, and also to attend the capitol dedication exercises.

M. N. Chaffin, a well-known business man of Las Vegas, and a member of the cattle sanitary board, is in the city on official business.

Hon. F. A. Manzanarez, ex-delegate to congress, and chairman of the capitol rebuilding board, is a visitor from Las Vegas.

Hon. J. A. LaRue, the efficient secretary of the cattle sanitary board, and Mrs. LaRue are in the city, guests of Governor and Mrs. Otero.

Mr. and Mrs. C. A. Scheurich are here from Bland to attend the festivities.

Capt. E. G. Austin and wife came from Las Vegas to be present at the capitol dedication.

Hon. J. D. W. Vreder came over from Las Vegas this morning.

Samuel Neustadt, of Albuquerque, is greeting Santa Fe friends.

Mrs. Hugo Seaberg and daughters are among the Springer people in town today.

Col. E. W. Dobson is here from Albuquerque to enjoy the day and the occasion.

Mrs. B. Dalley and Miss Helen Blake came with the excursion party from Las Vegas.

W. M. Rapp, the junior partner in the firm of L. H. and W. M. Rapp, architects, is here from Las Vegas with a jolly party of friends.

Hon. F. A. Hubbell, superintendent of public schools for Bernalillo county, is shaking hands with Santa Fe friends, and they are legion.

TWO MINUTE TALKS.

(Continued from First Page.)

nounced success. That's all we can say about it at present. The machine has been in daily operation for more than a month, President Hayt being constantly on hand to note its work, and the results have given us the greatest satisfaction. You can imagine we were pleased the other day when we felt that the time had come when we could safely communicate this fact to Thomas A. Edison and the eastern directors of the Galisteo company. We have great plans for the future which cannot just yet be discussed. Mr. Edison hopes to come out this summer to see the little plant in operation before we commence work on the larger one. Perhaps he will reach Dolores this month."

THE MESILLA VALLEY.
Maj. Eugene Van Patten, of Las Cruces: "General business conditions throughout the Mesilla valley are first-class. A large acreage has been planted by the agricultural folk; our fruit is now beginning to ripen, and shipments will be in full blast in another two weeks. The live stock industry is doing nicely, and best of all, the ditches are full of water for irrigation of the crops. We count on the most prosperous summer and fall trade we have enjoyed in years."

THE MEADOW CITY.
Hon. M. W. Browne, of the firm of Browne & Manzanarez, of Las Vegas: "We Las Vegas people are glad to renew our friendship with the citizens of the territorial capital on this happy occasion. Business? Oh, it looks mighty good over our way. San Miguel, Mora and Guadalupe counties are prospering, and when that is the case Las Vegas reaps a large share of the good results by reason of her importance as a commercial distributing point. A great many of our townspeople are out on the ranches just now attending their herds and flocks. We pride ourselves, you know, on being the chief wool marketing center. Las Vegas is growing right along. Many very attractive residences and business blocks have gone up in our midst during the past year, and we are still building."

SIERRA COUNTY.
Hon. W. S. Hopewell, of Sierra county: "Live stock and mining are the chief industries with us and you can say that little Sierra county is making progress and doing well. As to mines, we have in the Black Range mountains a region of virgin country that is just now attracting widespread attention, and there are far-sighted men who think that the next great mining excitement to strike the west will be centered in this range. Cattle and sheep are away up in price, and that pleases the producers, though our one special need is to have some of our cowboys need just at present is a thundering good drenching rain to help out the live stock range."

THE BANNER MINING SECTION.
Hon. W. H. Jack, of Silver City: "We Grant county people still claim the banner as a mining section. Our mines have for years led every other county in New Mexico in the line of mineral productiveness. During the past six months Silver City has attracted hundreds of mining men from Colorado and California, and I am within the bounds of truth in saying that many millions of dollars have been expended by them in Grant county properties. Our gold, copper, iron and silver mines have been well developed, and this accounts for the readiness of investors to take hold of them. The live stock industry throughout all New Mexico is in gladdened shape—never better."

IN TAOS COUNTY.
Dr. T. P. Martin: "In my long residence in the valley I never saw northern New Mexico in better physical and financial shape than today. So far as I have heard, all lines of trade and industry are prospering beyond precedent. I see nothing in sight at this time that can block the wheels of progress. Outside capital in abundance is pouring in to help us build up 'the sunshine state.' Certainly the year 1900 bids fair to be by far the most prosperous in our long history."

MINOR CITY TOPICS.
Aluminate, the new stove polish, is to be had at Goebel's.

"Fine day," is a favorite expression with Santa Fe visitors today.

Generally spot a stranger in town by such remark. Santa Fe has so many days like this in the course of a year that they elicit no comment from home people.

The Las Cruces and Santa Fe base ball enthusiasts got together on the college diamond yesterday and played a spirited game, resulting in a score of 9 to 17 in favor of the local nine.

A great crowd of visitors viewed the public school exhibit at the Catron block today. Professor Wood had many compliments on the work of his pupils from old-time Las Vegas friends.

The Sanitary Still...

PURE WATER is the most essential requisite for health that enters into the system. Ninety per cent of our food is water. Distillation is the only method of rendering water free from both organic and inorganic matter. The Sanitary Still is a perfected process that clears water absolutely of every form of impurity, whether from alkali, lime or other minerals; removes free ammonia, ammonia albuminoids, chlorine or other injurious gases. It requires about the same space as a teakettle, but little time, very little trouble, and no experience to operate. The first cost is the only cost, and that is small enough to be real economy to users of distilled water. Sold under an absolute guarantee. Descriptive catalogue free.

Local agents wanted in every city.

J. B. SLOAN, General Agent, Santa Fe, N. M.
