Peru: On Financing Of Forestation Program

by Barbara Khol

Category/Department: General

Published: Thursday, March 26, 1992

On March 17, Manuel Uceda, general manager of the Agriculture Ministry's forestry and fauna division, told reporters that the government plans to request US\$180 million worth of financing from the European Economic Community to carry out a forestation program. The program includes 66 projects in rural development, production and rational use of biomass, management and sustainable utilization of forestry resources, bio-diversity conservation and management, education, research, technology transfer and institutional development. (Basic data from Chinese news service Xinhua, 03/17/92)
