Earth Hymn

Box
II,
no.
29

Fields of grain that ripple gold,
Priceless land and sea and air.
Trees grow stately, green and old,
We pollute, we do not care.

Precious earth! Look everywhere!
Planet small, there's only one.
We can choose to live and care.
Earth's defiled, destroyed, undone!

Care that sky is clear and bright,
Heal the earth, preserve the world;
Care that birds can soar in flight,
We can act; let plans unfurl!

Precious earth! Look everywhere!
Guide us God to live and care.
