

CLUSTERS AND PROGRAM AREAS

(As Per 29 January 1992)

DIVISION OF ENVIRONMENTAL BIOLOGY

Long-Term Projects in Environmental Biology

Long-Term Studies in Environmental Biology (eg., LTER,
LMER, LTREB)
Research Collections in Systematics and Ecology
Biotic Surveys and Inventories

Ecological Studies

Ecosystems Studies
Community Ecology
Species Interactions
Integrative Ecology (Primary theory, modeling, etc.)

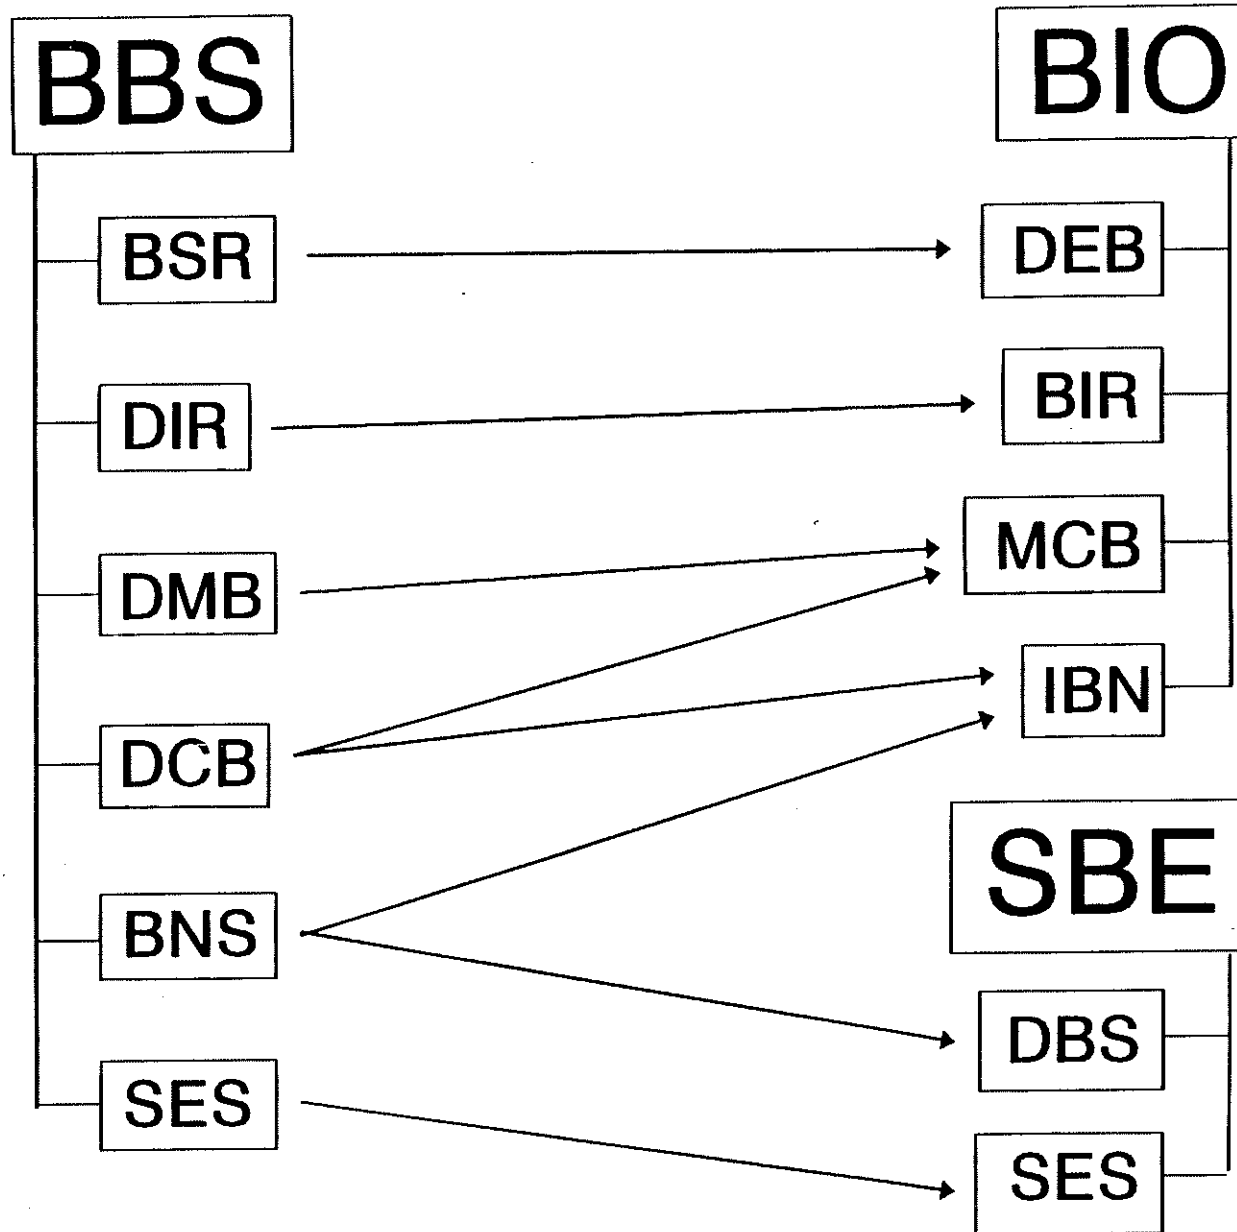

Systematic and Population Biology

Life Histories and Population Dynamics
Population and Quantitative Genetics
Molecular Evolution and Adaptation
Biogeography, Coevolution, and Paleobiology
Taxonomy and Classification
Morphological and Molecular Phylogenetics

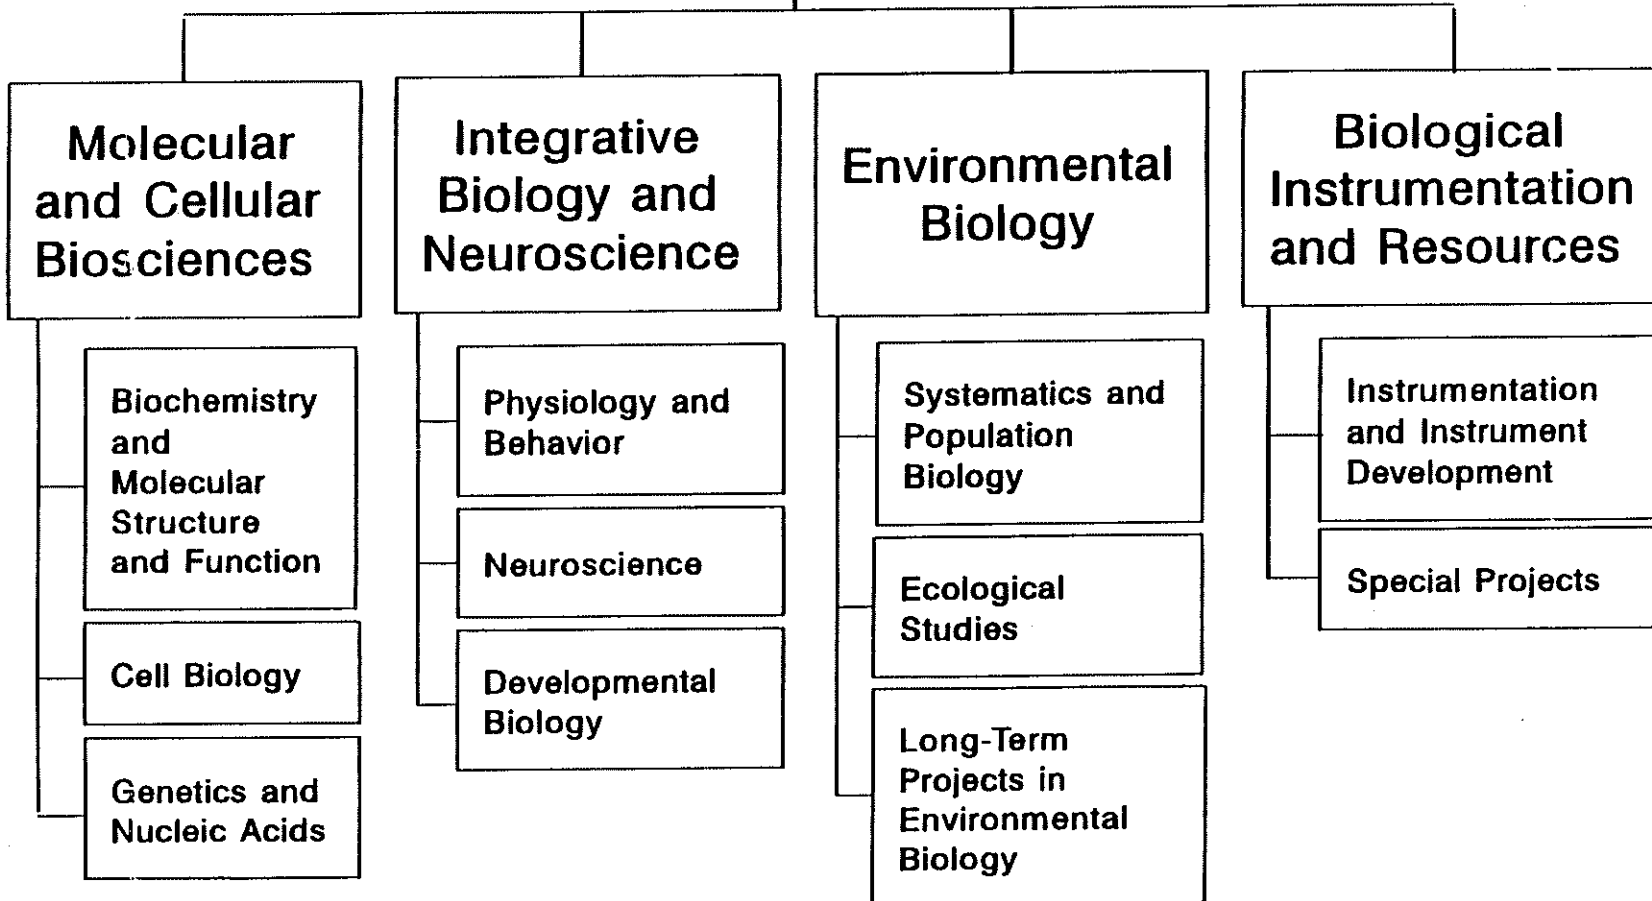

DIVISION OF INTEGRATIVE BIOLOGY AND NEUROSCIENCE (IBN)
(Partial List of Clusters)

Physiology and Behavior

Functional and Physiological Ecology (physiological
ecology, comparative physiology, functional morphol-
ogy, biomechanics)
Animal Behavior (behavioral ecology, behavior, learning
and cognition, etc.)
Animal Systems Physiology
Integrative Plant Biology
Endocrinology

BIO
Assistant Director

**SOCIAL, BEHAVIORAL AND
ECONOMIC SCIENCES
DIRECTORATE**

Assistant Director

**Office of Studies in
Science, Technology
and Society**

**Division of
Social and
Economic
Sciences**

**Division of
International
Programs**

**Division of
Behavioral and
Cognitive
Science**

**Division of
Science
Resources
Studies**
