Subject: decomposition workshop
Status: R

Dear John:

*NL?
Forestry*

There are a few folks that would be nice to invite to the
Estes Park meeting so they can participate in the
decomposition workshop. Most of the sites involved in
the intersite litterbag experiment will be sending a
representative. There are two exceptions: University of
Florida (Henry Gholz) and University of Washington (Bob
Edmonds). If possible I would like to offer Henry a place
and depending on how Bob feels he might want to come along
as well.

Thanks.

Mark

PS I should be starting reactivate the tree mortality work
next we so expect a mailing list from me very soon.
