Carolyn Abeita, Chair, called the meeting to order at approximately 9:15 a.m. and a quorum was established with Director Eaves attending by phone. Director Geist arrived at approximately 9:45 a.m.

Motion was made to adopt the agenda; second; with a vote of 4-0-0 in favor. Motion passed.

Motion was made to approve the Minutes of the November 22, 2011 HSC Board of Directors’ meeting; second; with a vote of 4-0-0 in favor. Motion passed.

Comments from Directors

Chair Abeita presented briefly on the presentation of the HSC Board of Directors Report to the UNM Board of Regents and the outcome. The Report was accepted by the Regents but with provisions that the Chair of the HSC Board of Directors’ Finance, Audit and Compliance Committee also be the same individual as the Board of Regents’ Finance and Facilities Committee Chair and that an HSC representative will present a detailed financial report and budget status twice per year of all Health Sciences Center/Health System units to the Regents’ Finance and Facilities Committee. It was noted that once Regents’ Policy 3.5 is amended, the HSC Board of Directors will amend its Bylaws to reflect same. Discussion on Provost role at HSC; a request that Chancellor Roth and Provost Abdallah, on a semi-annual basis, give a joint report to the Regents.

Chancellor’s Administrative Report

Chancellor Roth announced that the HSC recently graduated 119 students from the different colleges with the vast majority from College of Nursing; almost 100% of these graduates will be hired into jobs in New Mexico and all of the graduates have jobs. Dr. Roth recognized the fine work of the students and the College of Nursing. As a result of the Penn State scandal, Dr. Roth announced that he requested the Office of University Counsel-Health Law to engage in a review of the University of New Mexico policies, processes, statutes that would guide any UNM employee in the event they were to observe any kind of wrongdoing. It was discovered that there is a need to standardize the practices, policies and processes,
making them more clearly defined throughout every unit of the Health Sciences Center and Health System. An outcome of the research was a presentation of the results and a thorough review and discussion with the HSC Executive Council. Training and additional HSC policies will be developed. An introduction was made of two new members to the Office of the University Counsel-Health Law and their major contribution to the research: Chamisa Pacheco de Alas and, former UNM Regent, Rosalyn Nguyen. Dr. Roth announced that a Core Values Retreat was held on December 19, 2011 with the HSC Executive Council, with another meeting scheduled in early 2012 to finalize the discussion. The goal is to produce an understanding of values and principles that translates to an expectation of behavior. A draft of the resulting document will be presented to the HSC Board of Directors. Discussion. Dr. Roth announced that a national organization that accredits human research programs has made a site visit and the HSC has received a five-year accreditation, adding that the HSC has become a prototype for what constitutes best practices as it relates to human subject research. Also, the HSC has been reaccredited by the Laboratory Animal Care Program in the HSC animal resource facility; Dr. Roth recognized Dr. Kevin O’Hare and Dr. Richard Larson.

Health System Report

Mr. Steve McKernan, HS Chief Operations Officer, began with defining “Health System (HS)” as the clinical component of the Health Sciences Center. The HS has organized, meeting regularly, setting goals: bringing Sandoval Regional Medical Center on line, create a HS Strategic Plan (Chair Abeita suggested that a member of the HSC BoD Governance and Nominating Committee (GNC) will be involved in reviewing the Plan), AAMC Bundled Payment Project, alignment with medical staff on self-government, new financial computer system, electronic Medical Record integration, and Allied Health providers integration. Discussion.

Health Sciences Center Faculty Council

No report was given from the HSC Faculty Council.

UNM Staff Council Update

Mary Clark, President, UNM Staff Council, reported on the Council’s involvement in the UNM presidential search, recommendation from Investment Pensions Oversight Committee that is not favored, planned attendance at Legislative Session and meetings with Legislators.
