1970-71 ACADEMIC CALENDAR

1970 SUMMER SESSION

1970

LAST DATE FOR RECEIPT OF APPLICATION AND CREDENTIALS OR APPOINTMENT

REQUEST FOR ASSURANCE OF JUNE 13 REGISTRATION June 6, Sat. Noon

New Student Orientation June 12, Fri., 8 a.m.
Room 101, Anthropology Bldg.

Registration June 13, Sat.

Instruction begins; late registration fee applies June 15, Mon.

Late Registration closes; last day for additions to programs June 19, Fri., 5 p.m.

End of second week; last day for withdrawal

from course without grade; \$5 Change of Program fee applies June 26, Fri., 5 p.m.

Fourth of July, holiday July 4, Sat.

End of sixth week; last day for withdrawal

from course without college approval July 24, Fri., 5 p.m.

Session ends Aug. 7, Fri., 10 p.m.

1970 ANTHROPOLOGY FIELD SESSION

Registration June 13, Sat.

Field Session ends July 25, Sat.

DEADLINE FOR RECEIPT OF ADMISSION APPLICATIONS

AND CREDENTIALS FOR FALL SEMESTER July 15

SEMESTER I, 1970-71

1970

New Student Orientation Period:

Orientation for All New Undergraduates Sept. 7, Mon.-Sept. 8, Tues.

Preregistration processing for new NROTC students Sept. 7, Mon.-Sept. 8, Tues.

Advisement and Registration for all students Sept. 9, Wed.-Sept. 12, Sat.

Instruction begins; late registration fee applies Sept. 14, Mon.

Late Registration closes Sept. 19, Sat. Noon

End of second week; last day for additions

to programs of registered students Sept. 26, Sat. Noon

End of fourth week; last day for withdrawal

from course without grade; \$5 Change

of Program fee applies Oct. 10, Sat. Noon

Homecoming, holiday Oct. 17, Sat.

Midsemester; deadline for faculty grade

reports for first half of Fall semester Nov. 6, Fri., 9 a.m.

Thanksgiving recess begins Nov. 25, Wed., 10 p.m.

Classes resume Nov. 30, Mon., 7:30 a.m.

End of twelfth week; last day for removal

of Incomplete grade; last day for withdrawal

from course without college or school approval Dec. 12, Sat. Noon

Christmas recess begins Dec. 19, Sat., 10 p.m.

1970-71 ACADEMIC CALENDAR

1971

Classes resume	Jan. 4, Mon., 7:30 a.m.
*Closed Period	Jan. 11, Mon.-Jan. 23, Sat.
*Pre-Examination Week	Jan. 11, Mon.-Jan. 17, Sun.
*Semester Final Examinations	Jan. 18, Mon.-Jan. 23, Sat.
Semester ends	Jan. 23, Sat., 10 p.m.

DEADLINE FOR RECEIPT OF ADMISSION APPLICATIONS

AND CREDENTIALS FOR SPRING SEMESTER Jan. 1

SEMESTER II, 1970-71

New Student Orientation Period:

Orientation for All New Undergraduates	Feb. 2, Tues.-Feb. 3, Wed.
Advisement and Registration for all students	Feb. 4, Thurs.-Feb. 6, Sat.
Instruction begins; late registration fee applies	Feb. 8, Mon.
Late Registration closes	Feb. 13, Sat. Noon
End of second week; last day for additions to programs of registered students	Feb. 20, Sat. Noon
End of fourth week; last day for withdrawal from course without grade; \$5 Change of Program fee applies	Mar. 6, Sat. Noon

Midsemester; deadline for faculty grade

reports for first half of Spring semester	Apr. 2, Fri., 9 a.m.
Spring recess begins	Apr. 7, Wed., 10 p.m.
Classes resume	Apr. 15, Thu., 7:30 a.m.
Honors Assembly	To be announced

End of twelfth week; last day for removal

of Incomplete grade; last day for withdrawal from course without college or school approval	May 8, Sat. Noon
Fiesta day, holiday	To be announced

*Closed Period	May 24, Mon.-June 5, Sat.
*Pre-Examination Week	May 24, Mon.-May 30, Sun.
*Semester Final Examinations	May 31, Mon.-June 5, Sat.
Semester ends	June 5, Sat., 10 p.m.
Commencement	June 6, Sun., 7:30 p.m.

1971 SUMMER SESSION

Registration (probable date, subject to change)	June 12, Sat.
Instruction begins (probable date, subject to change)	June 14, Mon.

* Pre-Examination Week and Semester Final Examination Week are closed to extracurricular and social campus activities.

 Commencement May 21, Sun.

*Pre-Examination Week and Semester Final Examination Week are closed to extracurricular and social campus activities.

IMPORTANT

The Catalog is the student's guide to the program and regulations of the University. The student is expected to familiarize himself with University regulations and to assume his proper responsibility in connection with them.

GLOSSARY OF COLLEGE TERMS

(as used at this University)

ACADEMIC YEAR . . . the period which includes the Summer Session (beginning in June), Semester I (mid-September through January), and Semester II (February to early June).

ACCREDITATION . . . the type of recognition held by an educational institution. There are a number of nationally recognized accrediting agencies and associations which are reliable authorities on the quality of training offered by educational institutions. By voluntarily conforming to the standards of excellence set by an agency or association, an institution becomes eligible for inclusion in its accredited or approved list. Regional accrediting associations such as the North Central Association of Colleges and Secondary Schools accredit the institution as a whole; professional agencies such as the Engineering Council for Professional Development are concerned in particular with the standards of the professional schools or programs in their respective fields.

ADMISSION . . . acceptance of an applicant for enrollment.

CLASS . . . the regularly scheduled meeting of an academic course; also a group of students whose graduation date is the same—freshman, sophomore, junior, senior.

CLASSIFICATION . . . the designation used for the student's year of study in terms of his progress toward his chosen degree—freshman, sophomore, junior, senior.

COLLEGE . . . an organizational unit of the University normally offering courses and curricula leading to a particular degree or degrees, and supervising the academic progress of students working toward those degrees. The University College supervises all freshmen programs but is not a degree-granting college. The degree colleges or schools to which students may transfer, if eligible, after completion of the freshman year are: Arts and Sciences, Business and Administrative Sciences, Education, Engineering, Fine Arts, Nursing, and Pharmacy. The Graduate School, the School of Law, and the School of Medicine offer advanced study.

COURSE . . . a particular subject in which instruction is offered within a given period of time—thus, a course in English.

CREDIT . . . a numerical system for evaluating a student's progress toward a degree, described in terms of semester hours (see definition of semester hours). In order to earn a degree in the normal four-year period, the student will average at least 16 semester hours' credit per semester since the minimum credit required for any bachelor's degree is 124 semester hours.

CURRICULUM . . . a body of courses required for a degree or a diploma or constituting a major field of study.

DEGREE . . . a title bestowed as official recognition for the completion of a curriculum. The bachelor's degree is the first-level degree granted normally upon completion of a four-year course of study in a given field. The master's degree is an advanced degree which requires at least one additional year beyond the bachelor's degree. The doctor's degree, or doctorate, is an advanced degree requiring at least three years beyond the bachelor's degree. The professional degrees of Juris Doctor and Doctor of Medicine require three and four years, respectively, beyond the pre-professional curricula. The honorary degree is bestowed in recognition of outstanding merit or achievement without reference to the fulfillment of academic course requirements.

DEPARTMENT . . . a division of a college which offers instruction in a particular branch of knowledge; for example: the Department of English.

ELECTIVE . . . a course which the student may study by choice but which may or may not be required for his particular degree.

GRADUATE STUDENT . . . one who has earned a bachelor's degree and is enrolled for advanced work in the Graduate School.

MAJOR . . . the field of study in which the student chooses to specialize.

MINOR . . . the field of second emphasis. Fewer semester hours' credit are required for a minor than for a major.

NEW STUDENT . . . one who is registering for the first time in the University of New Mexico or for the first time in its Graduate School, its School of Law, or its School of Medicine, or a student transferring from non-degree to degree status in this University.

PREREQUISITE . . . the requirement which must be met before a certain course can be taken.

READMITTED STUDENT . . . one who has previously registered for residence credit in this University but whose attendance has been interrupted by one or more semesters.

REGISTRATION . . . the act of enrolling in classes. A registration period is held at the beginning of each semester and summer session. At that time, the student with the help of his adviser chooses a program of courses for the session and fills in forms necessary for proper recording of his enrollment.

RESIDENT-FOR-TUITION-PURPOSES . . . classification as a resident of the State of New Mexico for purposes of assessing tuition. Determined on the basis of regulations applying to all institutions of higher learning in New Mexico.

RESIDENT STUDY (OR RESIDENCE WORK) . . . enrollment in courses on the campus or in courses off-campus which are allowed by special action to count as residence credit, as distinguished from correspondence or extension credit.

RETURNING STUDENT . . . one who was registered in the immediately preceding session.

SEMESTER . . . an instructional period of 16 weeks. For dates, see Academic Calendars.

SEMESTER HOUR . . . the credit that is allowed for one 50-minute period per week throughout a semester in a lecture class. A course listed for three hours' credit would meet for three periods per week throughout the semester; for example: on Monday, Wednesday, and Friday from 10:30 to 11:20 a.m. Credit for laboratory work, studio, activity physical education, and ensemble music requires more class time per credit hour.

Many other terms are defined within the text of the catalog. Consult the index for page references.

THE REGENTS OF THE UNIVERSITY

THE HONORABLE DAVID F. CARGO, Governor of New Mexico,
ex officio Santa Fe

LEONARD J. DeLAYO, State Superintendent of Public Instruction,
ex officio Santa Fe

ARTURO G. ORTEGA, President Albuquerque

NORRIS E. BRADBURY, Vice-President Los Alamos

MRS. FRANK A. MAPEL, Secretary-Treasurer Albuquerque

LAWRENCE H. WILKINSON Albuquerque

WALTER F. WOLF, JR. Gallup

ADMINISTRATIVE OFFICES AND OFFICERS, 1969-70

FERREL HEADY, Ph.D. President
THEODORE MARTINEZ, B.A. Assistant to the President

INSTITUTIONAL RESEARCH

MORRIS S. HENDRICKSON, Ph.D. Director

INTERCOLLEGIATE ATHLETICS

PAUL EDWARD McDAVID, M.S. Director of Athletics
JOHN P. DOLZADELLI, B.S. Assistant Director of Athletics
ROBERT J. DoBELL, B.S. Business Manager of Athletics
IKE SINGER, JR. Athletic Coordinator

SECRETARY'S OFFICE

JOHN NICOLL DURRIE, B.A. Secretary of the University

SHERMAN EVERETT SMITH, Ph.D. Vice President for Administration and
Development

ROBERT GENE LALICKER, M.A. Assistant to the Vice President
for Administration and Development

UNIVERSITY ARCHITECT'S OFFICE

VAN DORN HOOKER, B.Arch. University Architect
EDWARD B. T. GLASS, B.Arch. Assistant to University Architect
JOE C. McKINNEY, B.Arch. Planner
ROBERT J. SCHMIDT, M.S. Engineer

COMPUTING CENTER

STOUGHTON BELL, Ph.D. Director

DEVELOPMENT OFFICE

LARS HALAMA, B.A. Director of Development
Executive Director, Alumni Association

GWINN HENRY Director of Alumni Relations

*WINIFRED STAMM REITER, M.A. Editor

DON H. PETERSON, B.A. Acting Editor

POPEJOY HALL

WILLIAM J. MARTIN, M.F.A. Director

WALTER GEORG SCHREIBER, M.F.A. Technical Director

PUBLIC INFORMATION OFFICE

JESS E. PRICE, B.A. Director

EDWARD J. GROTH, M.A. Assistant Director, Director of Sports Publicity

GARRY KLEIN, M.A. Manager of News Bureau

RICHARD P. MELESKI Director of Photo Services

DON H. PETERSON, B.A. Publications Manager

STEPHEN E. BELL, B.A. Radio-TV-Film Manager

STATION KNME-TV

F. CLAUDE HEMPEN, Ph.D. Director of Television, Station Manager

~~ROBERT M. GORDON~~ ~~Director of Engineering~~

CHESTER COLEMAN TRAVELSTEAD, Ph.D. Vice President for Academic Affairs

HERSHEY JULIEN, Ph.D. Administrative Assistant
to the Vice President for Academic Affairs

*On leave for the year.

COLLEGE OF ARTS AND SCIENCES

NATHANIEL WOLLMAN, Ph.D.	Dean
HOWARD J. DITTMER, Ph.D.	Associate Dean
ROBERT C. JESPERSEN, Ph.D.	Assistant Dean
^a MARSHALL R. NASON, Ph.D.	Director, Language and Area Center for Latin America
ROBERT D. HERRON, Ph.D.	^a Acting Director, Language and Area Center for Latin America
THEODORE A. SACKETT, Ph.D.	Resident Director, Andean Study and Research Center
NELSON DÁVILA VILLAGOMEZ, Lic. en Derecho Int.	Associate Director

SCHOOL OF BUSINESS AND ADMINISTRATIVE SCIENCES

ROBERT RICHARD REHDER, Ph.D.	Dean
------------------------------	------

COLLEGE OF EDUCATION

RICHARD ELMER LAWRENCE, Ed.D.	Dean
FRANK ANGEL, JR., Ph.D.	Assistant Dean for International Programs
GEORGE LEONARD KEPPERS, Ed.D.	Assistant Dean for Student Affairs
JOHN ANTHONY ARAGON, Ed.D.	Director, Minority Groups Cultural Awareness Center

COLLEGE OF ENGINEERING

RICHARD CHARLES DOVE, Ph.D.	Dean
CHARLES THERON GRACE, M.S.M.E.	Assistant Dean

COLLEGE OF FINE ARTS

CLINTON ADAMS, M.A.	Dean
DONALD CHRISTOPHER McRAE, M.A.	Assistant Dean

UNIVERSITY COLLEGE AND COUNSELING CENTER

WILLIAM HENRY HUBER, JR., J.D.	Director
JAMES C. MOORE, Ph.D.	Director of Testing Center
SVEN F. WINTHER, Ed.D.	Counseling Psychologist

GRADUATE SCHOOL

GEORGE PETER SPRINGER, Ph.D.	Dean
DAVID THEODORE BENEDETTI, Ph.D.	Associate Dean
ARTHUR VINCENT HOUGHTON III, Ph.D.	Assistant Dean for Research
WAYNE PAUL MOELLENBERG, Ed.D.	Assistant Dean
CAREY L. O'BRYAN, JR., M.S.	Director, Holloman Graduate and Continuing Education Center
RALPH DOUGLAS O'DELL, Ph.D.	Director, Los Alamos Residence Center
HAROLD LEROY WALKER, E.Met.	Director, Research and Fellowship Services

SCHOOL OF LAW

THOMAS WELDON CHRISTOPHER, S.J.D.	Dean
HUNTER LEE GEER, J.D.	Assistant Dean
MYRON FINK, LL.M.	Law Librarian
RAYMOND SAWYER, LL.M.	Director, Institute of Public Law and Services

AIR FORCE RESERVE OFFICERS TRAINING CORPS UNIT

ALFRED DOBSON NORTON, Lt. Col., U.S.A.F., M.S.	Commanding Officer
CHARLES FRANKLIN LIGGETT, Capt., U.S.A.F., B.S.	Executive Officer

BUREAU OF EDUCATIONAL PLANNING AND DEVELOPMENT

RICHARD FRANCIS TONIGAN, Ed.D.	Director; Director, School Plant Planning Service; Executive Director, New Mexico Research and Study Council
--------------------------------	---

BUREAU OF ENGINEERING RESEARCH

WAYNE WILLIS GRANNEMANN, Ph.D.	Director
--------------------------------	----------

^a On sabbatical leave for first semester.^a First Semester only.

DIVISION OF CONTINUING EDUCATION (INCLUDES SUMMER SESSION)

MORRIS H. McMICHAEL, Ed.D.	Director
JOHN DAVID GIESLER, M.S.	Assistant Director
DAN D. CHAVEZ, Ph.D.	Assistant Director
CALVIN O. HALL, Ed.S.	Director, Branch College at Gallup
TONI TARLETON	Director, Harwood Foundation
VERLE T. SIMPKINS	Director, Civil Defense University Extension Program
JOHN W. BENTON, M.A.	Director, Civil Defense Education Program

GENERAL HONORS AND UNDERGRADUATE SEMINAR PROGRAM

DUDLEY WYNN, Ph.D.	Director

HAROLD V. RHODES, Ph.D. Acting Director, Division of Government Research

LUCIEN E. ROBERTS, M.A. Director, Home Improvement and Indian Community
Action Projects

GERALD J. BOYLE, Ph.D. Director, Public Finance Research Program

WILLIAM A. SHINNICK, M.S. Director, Technology Application Center

INTERNATIONAL PROGRAMS

GERALD M. SLAVIN, M.A. Director

OFFICE OF RESEARCH AND FELLOWSHIP SERVICES

HAROLD LEROY WALKER, E.Met. Director

RADIOLOGICAL SAFETY

WILBUR LLOYD TABOR, B.S. Radiological Safety Officer

ERIC H. WANG CIVIL ENGINEERING RESEARCH FACILITY

EUGENE MILTON ZWOYER, Ph.D. Director

ADMISSIONS AND RECORDS OFFICE

J. C. MacGREGOR, B.A. Director of Admissions and Registrar

ROBERT M. WEAVER, M.A. Associate Registrar

CHRISTOPHER S. ENG, B.A. Assistant Registrar

LUCILLE H. MORROW, B.A. Assistant Director of Admissions

INTERNATIONAL SERVICES

GERALD M. SLAVIN, M.A. Director

NEW MEXICO UNION

KIRBY A. KRBEC, M.A. Director

BETTY G. SCALES Assistant Director

PLACEMENT CENTER

H. MAXWELL CAMPBELL, M.A. Director

JAMES M. PALMER, B.S. Assistant Director

JOHN REESE SMITH, B.S......Assistant Director

20. ADMINISTRATIVE OFFICERS

STUDENT AIDS OFFICE

CHARLES JACK SHEEHAN, M.A.	Director
LAVON J. McDONALD, M.A.	Associate Director
FREDERICK MARTIN CHEIRST, JR., M.B.A.	Assistant Director

STUDENT HEALTH CENTER

JACK M. McCABE, M.D.	Acting Director
JOSEPH S. BERES, M.D.	University Physician
EFFIE E. G. MEDFORD, M.D.	University Physician
JOHN HENDERSON WALKER, M.D.	University Physician
HENRY BLAKE, M.D.	Psychiatrist (Part-time)
WALWORTH R. SLENGER, M.D.	Psychiatrist (Part-time)
ERIC W. BEST, M.D.	University Physician (Part-time)
J. HUNT BURRESS, M.D.	University Physician (Part-time)
P. G. CORNISH III, M.D.	University Physician (Part-time)
OLGA M. EATON, M.D.	University Physician (Part-time)
CHARLES J. METZLER, M.D.	University Physician (Part-time)
KATHE L. MUELLER, M.D.	University Physician (Part-time)
ALICE E. KELLEY, R.N.	Nursing Supervisor

STUDENT PERSONNEL

CHARLES PAUL ROBERTS, M.S.	Associate Dean of Students, Dean of Men
LANNY STEPHEN ROMINGER, B.B.A.	Assistant Dean of Students
ROBERT A. SCHULTE, B.B.A.	Assistant Dean of Students
G. RANDALL BOEGLIN, M.A.	Assistant Dean of Students (Housing)
HELEN WHITESIDE, Ed.D.	Associate Dean of Students, Dean of Women
KAREN M. GLASER, M.S.Ed.	Associate Dean of Women
LINDA ELLEN FRIEDMAN, M.A.	Assistant Dean of Women (Housing)
RICHARD CHARLES FOSCO, M.Ed.	Assistant Dean of Students (Housing)

JOHN PEROVICH, M.B.A.	Vice President for Business and Finance
-----------------------	---

AUXILIARIES AND SERVICES

WILLIAM ROBERT BIERBAUM, B.S.	Director
ROSCOE EARL STORMENT, D.P.M.	Assistant Director, Housing
JACK A. CAIRNS	Director of Campus Security
RICHARD McGUIRE, B.S. in Ed.	Director of Golf Courses
EDWIN JAMES SCHODORF	Director, Printing Plant
HARLAND EDWIN SYMMONDS	Director, Food Services
R. GLENN ARMSTRONG	Assistant Director, Food Services
LEONA G. BRICKMAN	Assistant Director, Food Services

OFFICE OF THE COMPTROLLER

CARROLL J. LEE, B.B.A., C.P.A.	Comptroller
ELEANOR L. MANSON, B.A.	Assistant Comptroller
EUGENE H. BERGMAN, B.B.A.	Assistant Comptroller for General Accounting
JAMES A. WIEGMANN, B.S.	Assistant Comptroller for Contract and Grant Accounting
JOHN R. EARNSHAW, B.S., C.P.A.	Manager of Accounting Systems and Auditing
ARTHUR D. DIMMITT	Financial Manager, School of Medicine
FRANK D. MANFREDI, B.B.A.	Purchasing Agent

DATA PROCESSING CENTER

LOUIS RICHARD LEURIG, B.A. Director
DONALD H. ENGLISH Manager of Operations
JOSEPH DONALD BROOKS Manager of Administrative Systems

PERSONNEL

LAWRENCE C. YEHLE, B.A. Director
RENEE M. MASON Employment Manager
RAY SANDERS BARNARD Compensation Manager
WALTER B. LEWIS Campus Safety Coordinator
DARWIN D. MILLER Personnel Manager, School of Medicine

PHYSICAL PLANT

MYRON FICKAS FIFIELD, B.S. in C.E. Director
FLOYD B. WILLIAMS, JR., B.S. in C.E. Manager, Construction and
Maintenance Division
PATRICK ROMERO, B.A. Manager, Custodian Division
HYMAN S. ADLER Manager, Services and Medical Plant Division
ROBERT O. BURKE, B.S. in M.E. Manager, Utilities Division
JAMES R. CALLAHAN, B.S. Administrative Coordinator

EMERITI

NINA MCGINNIES ANCONA, B.S., M.A., University of New Mexico. Associate Professor Emeritus of Music.

ARTHUR PAUL BAILEY, B.S., James Millikin University; M.S., Iowa State University. Professor Emeritus of Mechanical Engineering.

WILLIS LEE BARNES, Assistant Professor Emeritus of Health, Physical Education, and Recreation.

GLENN E. BLOOM, Superintendent Emeritus of the Printing Plant.

EARL BOWDICH, Superintendent Emeritus of the Department of Buildings and Grounds.

EDWARD FRANKLIN CASTETTER, B.S., Lebanon Valley College; M.S., Pennsylvania State College; Ph.D., Iowa State University. Academic Vice President Emeritus, Dean Emeritus of the Graduate School, Professor Emeritus of Biology.

LENA CECILE CLAUVE, B.A., University of New Mexico; M.A., Teachers College, Columbia University. Dean Emeritus of Women, Professor Emeritus of Music Education.

WILLIAM FREDERICK JEKEL DeJONGH, B.A., M.A., University of Michigan; M.A., Ph.D., Harvard University. Professor Emeritus of Modern Languages.

RALPH WADDELL DOUGLASS, B.A., D.F.A., Monmouth College; Art Institute of Chicago; Julian's Academy (Paris); Art Students' League of New York. Professor Emeritus of Art.

ROBERT MANLY DUNCAN, B.A., M.A., Oberlin College; Ph.D., University of Wisconsin. Professor Emeritus of Modern Languages.

HELEN HEACOCK ELLIS, B.A., M.A., University of New Mexico; M.S.W., University of Chicago. Associate Professor Emeritus of Sociology.

JAMES LAWTON ELLIS, B.S. in E.E., M.S. in E.E., Georgia School of Technology. Professor Emeritus of Electrical Engineering.

GRACE LONG ELSER, B.Ped., New Mexico Highlands University; B.S., Kansas State College; M.S., Cornell University. Associate Professor Emeritus of Home Economics.

MARSHALL ELMER FARRIS, B.S. in M.E., Purdue University; M.S. in M.E., University of Texas. Dean Emeritus of the College of Engineering, Professor Emeritus of Mechanical Engineering.

G. WARD FENLEY, A.B., M.A., Baylor University; Ph.D., University of North Carolina. Director Emeritus of Public Information.

EVERETT HAYES FIXLEY, B.S. in Ed., University of Kansas; Ed.M., Ed.D., Harvard University. Professor Emeritus of School Administration.

ETHEL ARNOLD FLEMING, B.A., University of Nebraska; M.A., Colorado State College. Assistant Professor Emeritus of English.

ALBERT DUANE FORD, B.S. in M.E., M.S. in M.E., Montana State College. Professor Emeritus of Mechanical Engineering.

RAYMOND JOHN FOSS, B.S.C.E., South Dakota School of Mines and Technology. Professor Emeritus of Civil Engineering.

FRANK C. GENTRY, B.A., M.A., University of Oklahoma; Ph.D., University of Illinois. Professor Emeritus of Mathematics.

THERESA WITHERSTINE GILLET, B.A., Rockford College; B.S. in L.S., M.A., University of Illinois. Chief Cataloger Emeritus, University Library.

EVA ISRAEL GLAESE, B.A., University of New Mexico; M.A., Syracuse University. Assistant Professor Emeritus of Business Administration.

J. E. JACKSON HARRIS, M.D., Yale University. Director Emeritus of the University Health Service, Associate Professor Emeritus of Physical Education and Health.

HELEN HEFLING, B.S., Kansas State Teachers College at Emporia; B.S. in L.S., University of Illinois. Associate University Librarian Emeritus.

WILLARD WILLIAMS HILL, B.A., University of California; Ph.D., Yale University. Professor Emeritus of Anthropology.

ROY WILLIAM JOHNSON, B.A., University of Michigan; Certificat, Université de Poitiers, France. Professor Emeritus of Physical Education.

RAYMOND JONSON, Chicago Academy of Fine Arts; Art Institute of Chicago; Portland, Oregon, Art School. Professor Emeritus of Art.

CHARLES BURNETT JUDAH, B.A., M.A., Ph.D., University of Illinois. Professor Emeritus of Political Science.

JULIA MARY KELEHER, B.A., M.A., University of New Mexico. Associate Professor Emeritus of English.

¹⁰**FRANCIS MONROE KERCHEVILLE**, B.A., Abilene Christian College; M.A., Ph.D., University of Wisconsin; Certificat, Université de Paris (Sorbonne). Professor Emeritus of Modern Languages.

¹⁰ Deceased 10/9/69.

- JAY CARROLL KNODE, B.A., M.A., University of Nebraska; Ph.D., Columbia University. Dean Emeritus of the College of Arts and Sciences and of the General College, Professor Emeritus of Philosophy.
- WILLIAM MARTIN KUNKEL, Kimball School of Music; formerly flute soloist with John Philip Sousa's Band. Assistant Professor Emeritus of Music.
- LINCOLN LA PAZ, B.A., Fairmont College; M.A., Harvard University; Ph.D., University of Chicago. Professor Emeritus of Mathematics and Astronomy, Director Emeritus of the Institute of Meteoritics.
- ALBERT RICHARD LOPES, B.A., M.A., Ph.D., University of California. Professor Emeritus of Modern Languages.
- ERNEST LYNNE MARTIN, B.S., New Mexico Western University; M.A., Ph.D., Indiana University. Professor Emeritus of Chemistry.
- ALEXANDER SIMEON MASLEY, B.S., University of Minnesota; M.A., Ed.D., Columbia University. Professor Emeritus of Art Education.
- HOWARD VINCENT MATHANY, B.A., M.A., Washington State College. Dean Emeritus of Students.
- *MAMIE TANQUIST MILLER, B.A., Hamline University; M.A., University of Minnesota; Ph.D., University of Southern California. Associate Professor Emeritus of Sociology.
- LYNN BOAL MITCHELL, B.A., Ohio State University; M.A., Ph.D., Cornell University. Professor Emeritus of Classics.
- STUART ALVORD NORTHROP, B.S., Ph.D., Yale University. Research Professor Emeritus of Geology.
- LILLIAN SWENSON PANKRATZ, B.A., Colorado College; B.S., Simmons College; A.M.L.S., University of Michigan. Cataloger Emeritus, University Library.
- THOMAS MATTHEWS PEARCE, B.A., University of Montana; M.A., Ph.D., University of Pittsburgh. Professor Emeritus of English.
- GEORGE MAXWELL PETERSON, Ph.B., M.A., Ph.D., University of Chicago. Professor Emeritus of Psychology.
- TOM L. POPEJOY, B.A., M.A., University of New Mexico; LL.D., University of Arizona. President Emeritus.
- KEEN RAFFERTY, B.A., University of New Mexico. Professor Emeritus of Journalism.
- BESS CURRY REDMAN, B.A., University of New Mexico; B.Mus., Lamont School of Music. Assistant Professor Emeritus of Music.
- JESSE TAYLOR REID, B.A., Howard Payne College; M.A., Baylor University; Ed.D., Teachers College, Columbia University. Professor Emeritus of Education.
- JOHN DONALD ROBB, B.A., Yale University; Juilliard School of Music; American Conservatory at Fontainebleau; M.A., Mills College. Dean Emeritus of the College of Fine Arts, Professor Emeritus of Music.
- JOSIAH COX RUSSELL, B.A., Earlham College; M.A., Ph.D., Harvard University. Professor Emeritus of History.
- BENJAMIN SACKS, B.A., University of New Mexico; M.A., McGill University; Ph.D., Stanford University. Professor Emeritus of History.
- FRANCE VINTON SCHOLES, B.A., M.A., Ph.D., Harvard University. Research Professor Emeritus of History.
- VICTOR VIO SEARCY, B.S., M.S., Oklahoma State University. Instructor Emeritus in Chemistry.
- RAMON JOSÉ SENDER, B.A., Instituto de Zaragoza; Lic. en Filosofía y Letras, Universidad Central de Madrid. Professor Emeritus of Modern Languages.
- WILMA LOY SHELTON, B.A., B.L.S., University of Illinois. University Librarian Emeritus, Professor Emeritus of Library Science.
- ELIZABETH PARKINSON SIMPSON, B.S., University of New Mexico; M.S., Iowa State University. Professor Emeritus of Home Economics.
- VERNON GUY SORRELL, B.A., State University of Iowa; M.A., University of Illinois; Ph.D., University of California. Dean Emeritus of the College of Business Administration, Professor Emeritus of Business Administration.
- RALPH WILVER TAPY, B.S. in E.E., Rose Polytechnic Institute; M.S. in E.E., University of Michigan. Professor Emeritus of Electrical Engineering.
- WILLIAM CHAUNCEY WAGNER, B.S. in C.E., South Dakota School of Mines; M.S. in C.E., Iowa State University. Professor Emeritus of Civil Engineering.
- PAUL A. F. WALTER, JR., B.A., Ph.D., Stanford University; M.A., University of New Mexico. Professor Emeritus of Sociology.
- ARTHUR ALBERT WELCK, B.A., Carleton College; M.A., University of Chicago; Ph.D., Columbia University. Director Emeritus of Counseling and Testing.

* Died Mar. 11, 1971

FACULTY

FOR THE ACADEMIC YEAR 1969-70

FERREL HEADY, A.B., A.M., Ph.D., Washington University. President of the University, Professor of Political Science.

⁸ **CHARLOTTE REAH ABBINK, B.S.N.,** University of Nebraska School of Nursing. Clinical Instructor in Nursing.

WARD TERRY ABBOTT, B.S., U.S. Military Academy; C.E., M.C.E., Cornell University. Assistant Professor of Civil Engineering.

⁸ **THEODORE ABEL, M.A., Ph.D.,** Columbia University. Visiting Professor of Sociology.

NORMA JEAN ADAMO, B.S., Loyola University; M.S., University of Maryland; Ph.D., University of Florida. Assistant Professor of Anatomy.

CLINTON ADAMS, B.Ed., M.A., University of California. Dean of the College of Fine Arts, Professor of Art.

ELEANOR BURNHAM ADAMS, B.A., Radcliffe College. Research Associate Professor of History, Editor of the *New Mexico Historical Review*.

HARJIT SINGH AHLUWALIA, M.S.C., University of Punjab, India; Ph.D., University of Gujarat, India. Associate Professor of Physics.

BOHUMIL ALBRECHT, C.E., Slovak Institute of Technology, Czechoslovakia; M.S., Ph.D., Columbia University. Professor of Mechanical Engineering.

HUBERT GRIGGS ALEXANDER, B.A., Pomona College; Ph.D., Yale University. Professor of Philosophy.

RICHARD CRESHAW ALLEN, JR., B.S., Murray State University; M.A., University of Missouri; Ph.D., University of New Mexico. Assistant Professor of Mathematics.

SEYMOUR SAMUEL ALPERT, A.B., Ph.D., University of California (Berkeley). Assistant Professor of Physics.

DIANA AMSDEN, B.A., University of New Mexico; M.El.Ed., Harvard University; M.A., University of Denver. Cataloger, Instructor in Librarianship.

ROBERT EDWIN ANDERSON, B.A., College of Wooster; M.D., Western Reserve Medical School. Professor of Pathology, Chairman of the Department of Pathology.

⁸ **ROGER YATES ANDERSON, B.S., M.S.,** University of Arizona; Ph.D., Stanford University. Associate Professor of Geology.

⁷ **CHARLES RICHARD ANDES, B.B.A., M.B.A.,** University of Oklahoma. Visiting Lecturer in Business and Administrative Sciences (Part-time).

FRANK ANGEL, JR., B.S., University of New Mexico; M.S., University of Wisconsin; Ph.D., University of California. Professor of Educational Foundations, Assistant Dean for International Programs, College of Education.

GARO ZAREH ANTREASIAN, B.F.A., John Herron School of Art. Professor of Art.

OTTO APPENZELLER, M.B., B.S., M.D., Sydney University; Ph.D., University of London. Associate Professor of Neurology and of Medicine.

JOHN ANTHONY ARAGON, B.A., Highlands University; M.A., Ed.D., University of New Mexico. Director, Minority Groups Cultural Awareness Center; Assistant Professor of Educational Administration.

DOROTHY F. ARCHIBALD, B.A., Texas Christian University; M.S.S.W., University of Texas. Instructor in Neurology.

GEORGE WARREN ARMS, B.A., Princeton University; Ph.D., New York University. Professor of English.

ALONZO C. ATENCIO, B.A., M.S., Ph.D., University of Colorado. Assistant Professor of Biochemistry; Assistant Dean for Special Education, School of Medicine.

HEMMING AXEL ATTERBOM, B.S., Royal Central Institute of Gymnastics (Sweden); M.S., University of New Mexico. Assistant Professor of Physical Education.

⁸ On sabbatical leave second semester.

⁷ First Semester only.

⁸ Second Semester only.

- KEITH AUGER**, B.S., University of Wisconsin; M.Ed., Ed.D., University of Illinois. Associate Professor of Elementary Education; Director, Elementary Education Student Teaching.
- PRATAP SHANKER AVASTHI**, M.B.B.S., King George's Medical College (India); M.D., Lucknow University (India). Instructor in Medicine.
- JOSEPHINE ELIZABETH BACA**, B.S. in Nursing, St. Louis University; M.P.H., University of Minnesota. Associate Professor of Nursing.
- LUCILLE BACA**, Certificate in Dental Hygiene. Instructor in Dental Programs (Part-time).
- DAVID LAWRENCE BACHELOR**, B.A., University of Illinois; M.A., Ph.D., University of Chicago. Assistant Professor of Educational Foundations.
- ARCHIE JOHN BAHM**, B.A., Albion College; M.A., Ph.D., University of Michigan. Professor of Philosophy.
- GEORGE LeROY BAKER**, Ph.C., B.S., University of Colorado; M.S., University of Florida; Ph.D., Purdue University. Professor of Pharmacy.
- THOMAS IRVING BAKER**, B.S., Kent State University; M.S., Ohio State University; Ph.D., Western Reserve University. Assistant Professor of Microbiology.
- ² **WILLIAM ERNEST BAKER**, B.S.M.E., Ph.D., University of Texas; M.S., University of New Mexico. Associate Professor of Mechanical Engineering.
- LYNN HART WRIGHT BANOWSKY**, B.A., University of Texas; M.D., Tulane Medical School. Assistant Professor of Surgery (Urology).
- JAMES FRANCIS BARBOUR**, B.A., Concordia Theological Seminary; M.A., Washington University; Ph.D., University of California (Los Angeles). Assistant Professor of English.
- ELIZABETH MILES BARNETT**, B.A., Grinnell College; M.A., University of Southern California. Assistant Professor of Neurology (Physiotherapy); Paramedical Education Specialist, New Mexico Regional Medical Program.
- WALTER EUGENE BARNETT**, B.A., Yale University; LL.B., University of Texas. Professor of law.
- ELINORE MAGEE BARRETT**, B.A., M.A., University of California (Berkeley). Assistant Professor of Geography.
- ⁷ **MARIANNE K. BARRETT**, Abitur, University of Munich. Instructor in German (Part-time).
- HARRY WETHERALD BASEHART**, M.A., Ph.D., Harvard University. Professor of Anthropology, Co-editor of the *Southwestern Journal of Anthropology*.
- ⁷ **GERARD BASHEIN**, B.S., M.S., Ph.D., Carnegie-Mellon University. Adjunct Professor of Electrical Engineering.
- TOCARY BASTOS**, B.A., University of Brazil; M.A., University of Sao Paulo; Ph.D., Federal University of Minas Gerais. Visiting Professor of Political Science.
- ⁷ **DEBABRATA BASU**, M.S., Decca University (Pakistan); Ph.D., University of Calcutta. Professor of Mathematics.
- JOHN MONTAYNE BATCHELLER**, B.S., Potsdam Teachers College; M.A., Ed.M., Ph.D., University of South Carolina. Professor of Music.
- ² **ERNEST WARREN BAUGHMAN**, B.A., Ball State Teachers College; M.A., University of Chicago; Ph.D., Indiana University. Professor of English.
- JOHN W. BEAKLEY**, B.A., Texas Technological College; M.A., University of Texas; Ph.D., University of Arizona. Associate Professor of Biology.
- ELIZABETH MARIE BEAR**, B.S., University of California (San Francisco); M.S., Wayne State University; C.N.M., Catholic Maternity Institute (Santa Fe). Assistant Professor of Nursing.
- LLOYD BECK**, B.Sc., M.Sc., Ph.D., University of Western Ontario. Professor of Pharmacology, Chairman of the Department of Pharmacology.
- CHARLES LEROY BECKEL**, B.S., University of Scranton; Ph.D., Johns Hopkins University. Professor of Physics.
- VIOLET MARIE BEGLEY**, Diploma, Bethesda Hospital School of Nursing; B.S., University of Minnesota. Clinical Instructor in Nursing.
- STOUGHTON BELL II**, B.A., M.A., Ph.D., University of California. Director of the Computing Center, Associate Professor of Mathematics.
- ELLEN FORSYTH BELLINGHAM**, B.A., Barnard College; B.S. in L.S., Columbia University. Fine Arts Librarian, Assistant Professor of Librarianship.

² On sabbatical leave for first semester.

⁷ First Semester only.

HAROLD BELLINGHAM, B.A., Hope College; B.S. in L.S., Columbia University. Cataloger, Assistant Professor of Librarianship.

* **KATHERINE ANNA BEMIS**, B.A., M.A., University of Illinois; Ph.D., University of New Mexico. Instructor in Educational Foundations (Part-time).

SHAUL BEN-DAVID, M.Sc., Hebrew University (Israel); Ph.D., Cornell University. Associate Professor of Economics.

DAVID THEODORE BENEDETTI, B.A., M.A., University of New Mexico; Ph.D., University of Colorado. Professor of Psychology, Associate Dean of the Graduate School.

* **BETTY SUE BENISON**, B.S., Louisiana State University; M.A., University of Michigan; Ph.D., University of New Mexico. Assistant Professor of Health, Physical Education, and Recreation.

¹² **RAPHIEL JACQUES BENJAMIN**, B.S., M.D., Louisiana State University. Assistant Professor of Radiology.

IVEN VELTON BENNETT, B.A., Chico State College; M.A., University of Nebraska; Ph.D., Boston University. Associate Professor of Geography.

* **ROBERT LaFOLLETTE BENNETT**, LL.B., Southeastern University School of Law. Director of the American Indian Law Center, Lecturer in Law.

JOSEPH STEVEN BERES, M.D., Indiana University. University Physician; Associate Professor of Health Education.

TONI ANN BERG, B.S.N., University of New Mexico. Clinical Instructor in Nursing.

JOHN JOSEPH BERGEN, B.A., St. Bonaventure University; M.A., Cornell University. Visiting Assistant Professor of Modern Languages.

LOUIS CHARLES BERNARDONI, B.A., University of Illinois; M.A., Ed.D., Arizona State University. Associate Professor of Guidance, Chairman of the Department of Guidance and Special Education.

ANITA ALLEN BESS, B.A., Western Kentucky University; M.S.L.S., University of Kentucky. Serials Cataloger, Instructor in Librarianship.

DAVID WILMONT BESSEMER, B.S., M.S., University of New Mexico; Ph.D., University of Wisconsin. Assistant Professor of Psychology.

JOSEPH McCALL BICKNELL, B.A., M.D., University of Michigan. Assistant Professor of Neurology.

GARLAND DEE BILLS, B.A., Arlington State College; Ph.D., University of Texas. Assistant Professor of Modern Languages.

LEWIS R. BINFORD, B.S., Virginia Polytechnic Institute; B.A., University of North Carolina; M.A., Ph.D., University of Michigan. Associate Professor of Anthropology.

* **SALLY R. BINFORD**, B.A., M.A., Ph.D., University of Chicago. Associate Professor of Anthropology.

ROBERT GORDON BLACHLY, A.B., University of Denver; M.S., University of Missouri. Instructor in Psychiatry (Social Work); C.E.I. Coordinator, Mental Health Center.

WILLIAM CORMACK BLACK III, B.A., M.D., University of Colorado. Associate Professor of Pathology.

NADENE SIMON BLACKBURN, B.A., Eastern Washington College of Education; M.A., Northwestern University. Associate Professor of Dramatic Art.

LINDA FERN BLACKLOCK, B.S.N., University of New Mexico. Project Director, Coronary Care Nursing Program, New Mexico Regional Medical Program; Clinical Instructor in Nursing.

WILLIAM RANDALL BLAKELEY, B.A., M.D., University of California at Los Angeles. Assistant Professor of Surgery.

RONALD EUGENE BLOOD, B.A., M.A., San Jose State College; Ph.D., Claremont Graduate School. Associate Professor of Educational Administration.

* ⁹ **JULIUS RUBIN BLUM**, B.A., Ph.D., University of California. Professor of Mathematics.

ARTHUR A. BLUMENFELD, B.B.A., M.A., University of New Mexico. Associate Director of the Institute for Social Research and Development, Assistant Professor of Business and Administrative Sciences.

JANE ANN BLUMENFELD, B.A., Smith College; M.A., Columbia University Teachers College. Instructor in Special Education (Part-time).

³ On sabbatical leave second semester.

⁴ On leave for the year.

⁵ On leave first semester.

⁷ First Semester only.

⁸ Second Semester only.

⁹ Administrative Leave, Semester I.

¹² Starting 1/1/70.

- LEWELLYN BOATWRIGHT, JR.**, B.S., Clemson Agricultural College; M.S., Ph.D., University of Illinois. Associate Professor of Electrical Engineering, ⁷Acting Chairman of the Department of Electrical Engineering.
- JACQUELYN BOAZ**, B.S.Ed., Northern Arizona University; M.A., Colorado State College. Assistant Professor of Recreation.
- HAROLD LEWIS BOBER**, B.Sc.Ph.m., University of Manitoba; M.S., University of Colorado. Assistant Professor of Pharmacy Administration.
- ¹ **PHILIP KARL BOCK**, B.A., Fresno State College; M.A., University of Chicago; Ph.D., Harvard University. Associate Professor of Anthropology.
- BEVERLY JEAN BOND**, B.S., M.S., Kansas State College. Assistant Professor of Physical Education.
- CLAUDE MARIE BOOK**, License, Doctorate, University of Paris; M.A., University of Texas. Associate Professor of Modern Languages.
- ERNEST TRUETT BOOK**, B.A., Baylor University; Ph.D., University of Texas. Associate Professor of Modern Languages.
- JAMES SAMUEL BOOTH**, B.A., California State College (Los Angeles); M.S., University of Southern California. Assistant Professor of Biology.
- JOHN GERALD BORREGO**, B.Arch., University of California (Berkeley); M.Arch., Washington University; M.Arch., M. City Planning, Massachusetts Institute of Technology. Assistant Professor of Architecture.
- MARION EILEEN BOURKE**, B.S., McGill University; M.L.S., Rutgers University. Assistant Science and Engineering Librarian, Instructor in Librarianship.
- EARL WHITFIELD BOURNE**, A.B., Westminster College; M.S., Ph.D., Oklahoma State University. Assistant Professor of Biology.
- FRANCIS HARRY BOWEN**, B.M., University of Illinois; M.M., Texas Technological College. Assistant Professor of Music.
- FRANK DAVIS BOYDEN**, B.A., Colorado College; M.F.A., Yale University. Instructor in Art.
- GERALD JOSEPH BOYLE**, B.S., Colorado College; M.A., University of New Mexico; Ph.D., Syracuse University. Professor of Economics.
- RICHARD HAROLD BRAASCH**, B.S., M.S., Ph.D., University of New Mexico. Adjunct Professor of Electrical Engineering.
- ² **MARTIN DANIEL BRADSHAW**, B.S.E.E., M.S.E.E., University of Wichita; Ph.D., Carnegie Institute of Technology. Associate Professor of Electrical Engineering.
- LOUIS ALEXANDER BRANSFORD**, B.B.A., St. Michael's College; M.A., Ed.D., Colorado State College. Associate Professor of Special Education.
- ZELLA ANNA BRAY**, Diploma in Nursing, St. Anthony Hospital; B.S., M.S., Indiana University. Assistant Professor of Medical-Surgical Nursing.
- ³ **JOHN G. BREILAND**, B.A., Luther College; M.S., State University of Iowa; Ph.D., University of California at Los Angeles. Professor of Physics.
- T. DARRELL BRESHEARS**, D.D.S., University of Kansas City. Instructor in Dental Programs (Part-time).
- JERRY ELLIS BRINKER**, B.A., M.D., State University of Iowa. Assistant Professor of Pathology.
- MARIA ESTELA BRISK**, Certificate, Universidad Nacional de Cordoba; M.S., Georgetown University. Instructor in Modern Languages (Part-time).
- WILLIAM J. BRISK**, B.A., Brown University; LL.B., New York University; M.A., Ph.D., Johns Hopkins University. Assistant Professor of Political Science.
- DEAN GUY BRODKEY**, B.A., University of Chicago; B.S., Illinois Institute of Technology; M.A., University of Chicago; Ed.D., University of California. Assistant Professor of Elementary Education; Linguistics Specialist, University College and Counseling Center.
- JACOB JEROME BRODY**, B.A., M.A., University of New Mexico. Assistant Professor of Anthropology; Curator, Maxwell Museum of Anthropology.
- BYRON GILLIAM BROGDON**, B.S., M.D., University of Arkansas. Professor of Radiology, Chairman of the Department of Radiology.
- ⁷ **NAN C. BRONFEN**, M.A., University of North Carolina. Instructor in German (Part-time).

¹ On sabbatical leave for the year.² On sabbatical leave second semester.³ On sabbatical leave for first semester.⁷ First Semester only.

- ELLEN HODGES BROW**, B.A., University of California (Davis); M.A., San Jose State College. Assistant Acquisition Librarian, Instructor in Librarianship.
- JAMES ALBERT BROWDER**, B.A., M.D., University of Texas. Director, Mental Development Center; Assistant Professor of Pediatrics.
- ⁸ **CHESTER RAYMOND BROWN**, B.S., M.S., Stout State College. Professor of Industrial Education.
- FRANKLIN LEE BROWN, JR.**, B.A., Southwestern University; M.S., Purdue University. Assistant Professor of Economics.
- HAMILTON B. BROWN**, M.D., Case Western Reserve University. Assistant Professor of Epidemiology and Community Medicine, Assistant Professor of Medicine.
- KENNETH BARTH BROWN**, Captain, U.S.N.. B.S., U.S. Naval Academy. Professor of Naval Science, Commanding Officer of the Naval ROTC Unit.
- [†] **LAWRENCE CLIFFORD BROWN**, B.S., San Diego State College; M.S.W., Florida State University. Instructor in Home Economics (Part-time).
- [†] **MABEL M. BROWNING**, B.S., University of New Mexico. Instructor in Secondary Education (Part-time).
- HOWARD CARNES BRYANT**, B.A., University of California; M.S., Ph.D., University of Michigan. Associate Professor of Physics.
- EDITH BUCHANAN**, B.A., Meredith College; Ph.D., Duke University. Associate Professor of English.
- ⁴ **EDWARD WAYNE BUNDY**, B.A., M.A., State University of Iowa; Ph.D., University of Michigan. Professor of Speech.
- BAINBRIDGE BUNTING**, B.S., University of Illinois; Ph.D., Harvard University. Professor of Art, Professor of Architecture.
- ⁸ **ROBERT LESTER BURGAN**, B.A., University of Michigan. Adjunct Assistant Professor of Recreation.
- THOMAS F. BURKS**, B.S., M.S., University of Texas; Ph.D., University of Iowa. Assistant Professor of Pharmacology.
- LLOYD ROBERT BURLEY**, B.Ed., Duluth State Teachers College; M.A., Ph.D., State University of Iowa. Professor of Physical Education.
- MARTIN BURLINGAME**, B.A., M.Ed., Willamette University; Ph.D., University of Chicago. Assistant Professor of Educational Administration.
- MICHEL MARIE BUTOR**, University of Paris (Sorbonne). Visiting Professor of Modern Languages.
- DOLORES SMITH BUTT**, B.A., M.A., Ph.D., University of New Mexico. Assistant Professor of Speech.
- WILLIAM JACKSON BYATT**, B.S., Guilford College; M.S., University of North Carolina; Ph.D., University of Alabama. Professor of Electrical Engineering.
- JOHN MARTIN CAMPBELL**, B.A., University of Washington; Ph.D., Yale University. Professor of Anthropology, Chairman of the Department of Anthropology.
- ⁸ **JOE INES CANDELARIA, JR.**, B.S., University of New Mexico; M.A., New Mexico Highlands University. Instructor in Secondary Education (Part-time).
- EDWIN H. CAPLAN**, B.B.A., M.B.A., University of Michigan; Ph.D., University of California. Professor of Business and Administrative Sciences.
- ALFRED SAMUEL CARASSO**, B.Sc., University of Adelaide; M.Sc., M.A., Ph.D., University of Wisconsin. Assistant Professor of Mathematics.
- JUDITH WALLACE CAREY**, B.A., University of Wichita; M.A., University of New Mexico; Ph.D., University of Illinois. Assistant Professor of Speech, Director of Forensics.
- JAMES F. CARLIN**, B.S., De Pauw University; M.D., Western Reserve University. Assistant Professor of Psychiatry.
- JOHN BRYAN CARNEY, JR.**, B.S., M.C.E., University of Oklahoma; Ph.D., University of Arizona. Associate Professor of Civil Engineering.
- WILLIAM FREDERICK CARSTENS**, B.A., Ph.D., State University of Iowa. Instructor in English (Part-time).
- RAYMOND N. CASTLE**, B.S., University of Idaho; M.A., Ph.D., University of Colorado. Professor of Chemistry, Chairman of the Department of Chemistry.

⁸ On sabbatical leave second semester.[†] First Semester only.⁴ On leave for the year.⁸ Second Semester only.

- ROBERT FOSTER CASTLE**, A.B., M.D., Western Reserve University. Associate Professor of Pediatrics.
- WILMA KRAUSE CASTLE**, A.B., M.D., Western Reserve University. Assistant Professor of Pediatrics.
- THOMAS TELISPHORE CASTONGUAY**, B.Met.Engr., University of Detroit; Ph.D., Iowa State University. Professor of Chemical Engineering, Chairman of the Department of Chemical Engineering.
- GLEN JAY CATCHPOLE**, Lieutenant, U.S.N., B.S., University of Wyoming. Assistant Professor of Naval Science.
- LARUE SCOTT CATLETT**, B.A., M.A., University of Texas; Ph.D., University of Wisconsin. Assistant Professor of English.
- ROY DUDLEY CATON, JR.**, B.S., M.A., Fresno State College; Ph.D., Oregon State University. Associate Professor of Chemistry.
- DARBY SUSAN CHAVEZ**, Certificate in Dental Hygiene, University of New Mexico. Instructor in Dental Programs (Part-time).
- [†] **JOSEPH ARNOLD CHAVEZ**, B.S., M.A., University of Albuquerque. Instructor in Art Education (Part-time).
- FREDERICK MARTIN CHREIST, SR.**, B.A., DePauw University; M.A., Ph.D., Northwestern University. Professor of Speech.
- KARL CHRISTMAN**, B.S., M.B.A., Indiana University; C.P.A. Associate Professor of Business and Administrative Sciences.
- THOMAS WELDON CHRISTOPHER**, B.A., Washington and Lee University; LL.B., University of Alabama; LL.M., S.J.D., New York University. Dean of the School of Law, Professor of Law.
- PHAM CHUNG**, License en Droit, University of Saigon; M.A., Ph.D., University of Pennsylvania. Associate Professor of Economics.
- GEORGE RICHMOND CLARK**, B.A., Cornell University; M.S., Ph.D., California Institute of Technology. Assistant Professor of Geology.
- WOODROW WILSON CLEMENTS**, B.A., New Mexico Highlands University; M.A., University of New Mexico. Professor of Physical Education; Assistant Chairman for Basic Instruction, Department of Health, Physical Education, and Recreation.
- DANIEL EMMETT CLIFFORD**, D.D.S., Creighton University. Instructor in Dental Programs. (Part-time).
- ^a **DOROTHY IRENE CLINE**, B.A., University of Michigan; M.A., University of Chicago. Professor of Political Science.
- RICHARD HUDSON CLOUGH**, B.S., University of New Mexico; M.S., University of Colorado; Sc.D., Massachusetts Institute of Technology. Professor of Civil Engineering.
- RUBEN COBOS**, B.A., M.A., University of New Mexico. Assistant Professor of Modern Languages.
- GLENN FRANK COCHRANE, JR.**, B.S., Oklahoma State University; M.S., Kansas State University; Ph.D., Oregon State University. Assistant Professor of Mechanical Engineering.
- BERNARD COHEN**, Diploma, Slade School of Art (London). Visiting Professor of Art.
- ^a **SANFORD COHEN**, B.A., M.A., Ph.D., Ohio State University. Professor of Economics, ^aChairman of the Department of Economics.
- VAN DEREN COKE**, B.A., University of Kentucky; M.F.A., Indiana University. Professor of Art, Chairman of the Department of Art.
- LEROY CONDIE**, B.A., Brigham Young University; M.S., New York University; Ph.D., University of New Mexico. Associate Professor of Elementary Education.
- CATHERINE JANE CONDON**, M.D., Marquette University School of Medicine. Assistant Professor of Medicine.
- LOYAL LEE CONRAD**, B.S., Washington and Jefferson College; M.D., University of Oklahoma. Professor of Medicine.
- [†] **JAMES ARLIN COOPER**, B.S.E.E., M.S.E.E., University of New Mexico; Ph.D., Stanford University. Adjunct Professor of Electrical Engineering (Part-time).
- JAMES GORDON COOPER**, B.S., University of Maine; M.A., Ed.D., Stanford University. Professor of Educational Foundations.
- PHILIP JAY COOPER**, B.A., Whittier College. Lecturer in Physics.

^a On sabbatical leave for first semester.[†] First Semester only.

- ⁴ **THEODORE COOPER**, B.S., Georgetown University; M.D., Ph.D., St. Louis University. Professor of Pharmacology and of Surgery.
- CARL ERNEST CORDS, JR.**, B.S., Arizona State University; Ph.D., University of Washington. Assistant Professor of Microbiology.
- SALLY RACHEL COTA**, B.S.N., University of New Mexico. Clinical Instructor in Nursing.
- MARION MARVIN COTTRELL**, B.S., M.S., University of New Mexico. Associate Professor of Civil Engineering.
- KENNETH EDWARD COX**, B.Sc., Imperial College of Science and Technology, London; M.A.Sc., University of British Columbia; Ph.D., Montana State University. Associate Professor of Chemical Engineering.
- BONNER MILTON CRAWFORD**, B.A., Central Michigan University; M.A., Ph.D., University of Michigan. Professor of Secondary Education.
- CLIFFORD SMEED CRAWFORD**, B.A., Whitman College; M.S., Ph.D., Washington State University. Associate Professor of Biology.
- VIRGINIA POINDEXTER CRENSHAW**, B.A.B.E., Columbia Bible College; B.S.N., Vanderbilt University; M.P.H., University of North Carolina; Ed.D., George Peabody College for Teachers. Professor of Nursing.
- RICHARD JOHN CRONIN**, B.A., Fordham University; M.D., Georgetown University. Instructor in Medicine.
- JAMES PETTIT CROW**, B.A., University of New Mexico; M.A., Stanford University. Assistant Professor of Journalism.
- ¹ **EDGAR FRANK CRUFT**, B.S., Durham University, England; Ph.D., McMaster University, Canada. Associate Professor of Geology.
- ⁶ **RANDAL L. CRUIKSHANKS**, B.A., University of California (Berkeley); M.A., Ph.D., University of Oregon. Visiting Assistant Professor of Political Science.
- CHARLES EDWARD CULLEN**, D.D.S., Marquette University. Lecturer in Dental Programs (Part-time).
- GERALD EUGENE CUNICO**, B.S., M.A., University of New Mexico. Instructor in Industrial Education, Department of Secondary Education.
- ALLIS STEVENSON CURRAN**, B.A., University of Iowa; M.S.S., Smith College. Instructor in Psychiatry (Social Work) (Part-time).
- ALICE HUSTON CUSHING**, B.S., University of New Mexico; M.D., University of Colorado School of Medicine. Assistant Professor of Pediatrics.
- ^{2,6} **DONALD COLGETT CUTTER**, B.A., M.A., Ph.D., University of California. Professor of History.
- WILLIAM MINOR DABNEY**, B.A., M.A., Ph.D., University of Virginia. Professor of History.
- LEWIS ALOYIUS DAHMEN**, B.S., Wisconsin State College; M.S., Northern Illinois University; Ed.D., Arizona State University. Assistant Professor of Educational Foundations; Specialist, Teacher Education and Guidance, Colombia Project.
- ⁷ **HERSHEL A. DANEMANN**, B.A., University of Kansas; B.S. in Medicine, University of Missouri; M.S., University of Kansas. Adjunct Assistant Professor of Medicine.
- DAVID WAYNE DARLING**, B.S., M.S., Western New Mexico University; Ed.D., University of Texas. Associate Professor of Elementary Education, Chairman of the Department of Elementary Education.
- RICHARD EMMETT DASCHER**, B.S., Washington University; M.S., University of Houston. Assistant Professor of Chemical Engineering.
- GUIDO H. DAUB**, B.S., M.S., Ph.D., University of Wisconsin. Professor of Chemistry.
- HERBERT THADDEUS DAVIS III**, B.S., M.Sta., University of Florida; Ph.D., Johns Hopkins University. Visiting Lecturer in Mathematics (Part-time, Semester I).
- JEFFREY ROBERT DAVIS**, B.E.E., M.S., Rensselaer Polytechnic Institute; Ph.D., Washington University. Assistant Professor of Mathematics.
- PAUL BENJAMIN DAVIS**, B.A., Oberlin College; M.A., Ph.D., University of Wisconsin. Associate Professor of English, Director of Freshman English.
- NED J. DAVISON**, B.A., University of Utah; M.A., Ph.D., University of California at Los Angeles. Professor of Modern Languages.

¹ On sabbatical leave for the year.² On sabbatical leave for first semester.⁴ On leave for the year.⁶ On leave second semester.⁷ First Semester only.⁸ Second Semester only.

- PHILLIP WAYNE DAY**, B.S., D.V.M., Oklahoma State University. Director of the Animal Resource Facility, School of Medicine; Assistant Professor of Pathology.
- CHRISTOPHER DEAN**, B.A., M.A., Ph.D., Harvard University. Professor of Physics.
- ¹ **WILLIAM GEORGE DEGENHARDT**, A.B., Syracuse University; M.S., Northeastern University; Ph.D., Texas A and M University. Associate Professor of Biology.
- JOANNA deKEYSER**, B.M., University of Southern California. Assistant Professor of Music.
- ⁴ **RALPH ELGIN DeMARR**, B.S., University of Idaho; M.A., Washington State University; Ph.D., University of Illinois. Associate Professor of Mathematics.
- JAMES BERNARD DERR**, B.A., College of St. Thomas; Ph.D., Michigan State University. Assistant Professor of Mathematics.
- ROBERT JOHN DESIDERIO**, B.S., St. Joseph's College; LL.B., Boston College. Assistant Professor of Law.
- AGAMEMNON DESPOPOULOS**, B.M., B.S., M.D., University of Minnesota. Professor of Physiology, Associate Professor of Pharmacology.¹⁷
- ARTHUR LEON DeVOLDER**, B.S., Indiana University; B.S. in L.S., University of Denver; M.A., University of New Mexico. Technical Services Librarian, Associate Professor of Librarianship.
- RONALD CLIFFORD DeVRIES**, B.S.E.E., Northwestern University; M.S., Ph.D., University of Arizona. Assistant Professor of Electrical Engineering.
- BIRCHARD BLISS DeWITT**, Lieutenant Colonel, U.S.M.C., B.S., U.S. Naval Academy. Associate Professor of Naval Science, Executive Officer of the Naval ROTC Unit.
- SUSAN VERA DEWITT**, B.A., Whitman College. Assistant Professor of English.
- HUMBERTO DIAZ**, M.D., University of Nuevo Leon, Monterrey, Mexico. Instructor in Psychiatry.
- ROBERT CHRISTOPHER DICK**, B.S.E., Kansas State Teachers College; M.A., University of New Mexico; Ph.D., Stanford University. Assistant Professor of Speech.
- FRANKLIN MILLER DICKEY**, B.A., University of Wisconsin; Ph.D., University of California at Los Angeles. Professor of English.
- LORAIN FREDRICK DIEHM**, B.S., M.S., Kansas State Teachers College. Head Trainer, Athletics; Assistant Professor of Health, Physical Education, and Recreation.
- SCOTT EDWARD DIETERT**, B.A., Rice University; M.D., Washington University. Assistant Professor of Anatomy.
- ANNETTE HELEN DINAUER**, B.S., California State College at Los Angeles; M.N., University of California at Los Angeles. Assistant Professor of Nursing.
- LORRAINE MARIE DISTEFANO**, B.S., Wayne State University; M.S., University of New Mexico. Instructor in Chemistry.
- HOWARD J. DITTMER**, B.A., M.A., University of New Mexico; Ph.D., State University of Iowa. Professor of Biology, Associate Dean of the College of Arts and Sciences.
- ROBERT THOMAS DIVETT**, B.S., Brigham Young University; M.A., George Peabody College for Teachers; Ed.D., University of Utah. Librarian of the Library of Medical Sciences, Associate Professor of Medical Bibliography.
- JOVAN DJURIC**, Elec. Engr., University of Belgrade; D.E.E., Serbian Academy of Sciences. Associate Professor of Electrical Engineering.
- RONALD HOWARD DOLKART**, B.A., University of California at Los Angeles; M.A., University of California (Berkeley); Ph.D., University of California at Los Angeles. Assistant Professor of History.
- BILL GRAY DOUGLAS**, B.A., Mexico City College; M.A., Ph.D., Stanford University. Instructor in Psychiatry (Anthropology).
- PHYLIS DOUGLASS**, G.N., R.N., St. Luke's Hospital (Chicago); B.S., St. Xavier College; M.S., New York University; Ed.D., Boston University. Associate Professor of Health Education.
- RICHARD CHARLES DOVE**, B.S. in M.E., M.S. in M.E., Ph.D., Iowa State University. Dean of the College of Engineering, Professor of Mechanical Engineering.
- ROBERT JOHN DOXTATOR**, B.Ed., M.Ed., University of Indiana; Ed.D., University of Colorado. Professor of Secondary Education, Chairman of the Department of Secondary Education.
- GEORGE WISE DRACH**, B.A., University of Arizona; M.D., Western Reserve University. Instructor in Surgery (Urology).

¹ On sabbatical leave for the year.¹⁷ 7/1-11/30/69.⁴ On leave for the year.

- HAROLD DEAN DRUMMOND**, B.A., M.A., Colorado State College; Ed.D., Stanford University. Professor of Elementary Education.
- DONALD WARD DUBOIS**, B.S. in M.E., M.A., Ph.D., University of Oklahoma. Professor of Mathematics.
- MARIE-LOUISE duFAULT**, B.S., Ed.M., Boston University. Assistant Director of the Dental Programs, Assistant Professor of Dental Hygiene.
- [†] **THOMAS A. DUFFEY, JR.**, B.S., Cornell University; M.S., University of New Mexico. Adjunct Professor of Mechanical Engineering.
- MARCIA ELLEN DUNCAN**, B.A., Washburn University of Topeka; M.L.S., Kansas State Teachers College. Government Publications Cataloger, Instructor in Librarianship.
- [†] **SIGRID I. DUNN**, B.A., Mary Washington College; M.A., Johns Hopkins University. Instructor in Modern Languages.
- ROBERT PHILIP EATON**, B.A., College of Wooster; M.D., University of Chicago Medical School. Assistant Professor of Medicine.
- BETTY JEAN EBERLE**, B.S., Oberlin College; Ph.D., Western Reserve University. Assistant Professor of Epidemiology and Community Medicine.
- RALPH LEMON EDGEL**, B.A., University of Utah; M.B.A., Northwestern University. Professor of Business and Administrative Sciences.
- ARTEMUS LINWOOD EDWARDS**, Diploma, Curtis Institute of Music. Assistant Professor of Music.
- WILLIAM STERLING EDWARDS**, B.S., Virginia Military Institute; M.D., University of Pennsylvania. Professor of Surgery.
- GUSTAVE EFROYMSON**, A.B., A.M., Ph.D., Harvard University. Assistant Professor of Mathematics.
- EWALD EHLY**, B.A., Kearney State College; M.A., George Peabody College; D.M.A., University of Colorado. Assistant Professor of Music.
- RONALD RALPH EICHORN**, B.S., University of Utah. Assistant Professor of Architecture.
- GEORGE EISENBERG**, B.A., University of Illinois; M.D., University of Chicago. Assistant Professor of Pediatrics.
- FLORENCE HAWLEY ELLIS**, B.A., M.A., University of Arizona; Ph.D., University of Chicago. Professor of Anthropology.
- HENRY CARLTON ELLIS**, B.S., College of William and Mary; M.A., Emory University; Ph.D., Washington University. Professor of Psychology.
- RICHARD NATHANIEL ELLIS**, B.A., M.A., Ph.D., University of Colorado. Assistant Professor of History.
- ROBERT M. ELLIS**, B.A., Mexico City College; M.F.A., University of Southern California. Director of the University Art Museum, Associate Professor of Art.
- WILLIS HILL ELLIS**, A.B., Wabash College; J.D., Indiana University. Professor of Law.
- WOLFGANG EUGENE ELSTON**, B.S., City College of the City of New York; M.A., Ph.D., Columbia University. Professor of Geology.
- BILL DONALD ENGMAN**, B.A., M.N.S., Eastern New Mexico University; Ed.D., University of New Mexico. Associate Professor of Secondary Education.
- ROGER CHARLES ENTRINGER**, B.S., State University of Iowa; M.S., Ph.D., University of New Mexico. Associate Professor of Mathematics.
- BERNARD EPSTEIN**, B.A., M.S., New York University; Ph.D., Brown University. Professor of Mathematics.
- ³ **AHMED ERTEZA**, B.S., M.S., Calcutta University; M.S.E.E., Prof'l. Engr., Stanford University; Ph.D., Carnegie Institute of Technology. Professor of Electrical Engineering.
- LINDA KAY ESTES**, B.S., M.A., University of New Mexico. Instructor in Physical Education.
- WAYNE C. EUBANK**, B.S., West Texas State College; M.A., Northwestern University; Ph.D., Louisiana State University. Professor of Speech, Chairman of the Department of Speech.
- JOHN W. EVANS**, A.B., Swarthmore College; A.M., Ph.D., Harvard University; Sc.D., University of New Mexico. Professor of Astronomy (Part-time).
- MELBOURNE GRIFFITH EVANS**, B.A., Reed College; M.A., Ph.D., University of California. Professor of Philosophy.

³ On sabbatical leave second semester.

[†] First Semester only.

- ⁹ **WILLIS LYNN EVERETT**, B.S., M.S., Ph.D., University of Michigan. Associate Professor of Nuclear Engineering.
- JOSEPH FASHING**, B.A., M.A., University of California (Santa Barbara). Assistant Professor of Sociology.
- DENNIS MICHAEL FEENEY**, B.S., Pennsylvania State University; M.A., Kent State University; Ph.D., University of California (Los Angeles). Assistant Professor of Psychology.
- LEONARD FELBERG**, B.Mus., M.Mus., Yale University. Associate Professor of Music.
- KARL THOMAS FELDMAN, JR.**, B.S.M.E., University of Kansas; M.S.M.E., Ph.D., University of Missouri. Associate Professor of Mechanical Engineering.
- SANDRA LEE FERKETICH**, B.A., University of New Mexico; M.S., Indiana University. Instructor in Nursing.
- ¹ **PELAYO HIPOLITO FERNÁNDEZ**, B.A., University of California; M.A., Wayne State University; Ph.D., Salamanca University, Spain. Associate Professor of Modern Languages.
- ⁷ **MANUEL ANTONIO FERRAN**, B.A., M.A., University of New Mexico; Ph.D., University of Oklahoma. Visiting Lecturer in Economics (Part-time).
- DOUGLAS PETER FERRARO**, A.B., Columbia College; M.A., Ph.D., Columbia University. Associate Professor of Psychology.
- WILLIAM CARL FIEDLER**, B.S., M.S., Ph.D., Purdue University. Associate Professor of Pharmacy.
- JAMES SMITH FINDLEY**, B.A., Western Reserve University; Ph.D., University of Kansas. Professor of Biology.
- MYRON FINK**, B.A., Cornell University; LL.B., LL.M., New York Law School; M.S. in L.S., Columbia University. Law Librarian, Associate Professor of Law.
- JAMES DANIEL FINLEY III**, B.S., B.A., University of Texas; Ph.D., University of California (Berkeley). Assistant Professor of Physics.
- HOWARD VIVIAN FINSTON**, B.A., M.A., Ph.D., Stanford University. Professor of Business and Administrative Sciences.
- ⁷ **GEORGE R. FISCHBECK**, B.S., M.A., University of New Mexico. Instructor in Elementary Education (Part-time).
- ¹⁸ **WILLIAM R. FISHBURN**, B.S., University of Illinois; M.A., University of Missouri; Ed.D., University of Arizona. Associate Professor of Guidance.
- REGINALD HEBER FITZ**, B.A., M.D., Harvard University. Program Director, New Mexico Regional Medical Program; Professor of Medicine.
- GREGORY D. FITZPATRICK**, Lieutenant, U.S.N., A.B., College of the Holy Cross. LL.B., New York University Law School. Assistant Professor of Naval Science.
- J. PAUL FITZSIMMONS**, B.S., Ph.D., University of Washington. Professor of Geology.
- MARTIN WILLIAM FLECK**, B.S., M.S., University of New Mexico; Ph.D., University of Colorado. Professor of Biology.
- ⁷ **ESTHER MAY FLEMING**, B.A., M.A., Northern Illinois University. Lecturer in English (Part-time).
- ROBERT EDWARD FLEMING**, B.A., M.A., Northern Illinois University; Ph.D., University of Illinois. Assistant Professor of English.
- SAMUEL GLEN FLETCHER**, B.S., Utah State University; M.S., Ph.D., University of Utah. Professor of Speech, Director of Speech Pathology and Audiology.
- SALLY ANN FLORIAN**, B.A., Baylor University; M.L.S., North Texas State University. Assistant Social Science Librarian, Instructor in Librarianship.
- ⁹ **TROY SMITH FLOYD**, B.J., M.A., University of Missouri; Ph.D., University of California. Associate Professor of History.
- ² **MORRIS ALLAN FORSLUND**, B.A., M.A., Ph.D., Yale University. Assistant Professor of Sociology.
- DONALD LEROY FOSTER**, B.Mus., M.Mus., DePaul University; M.S.L.S., University of Illinois. Catalog Librarian, Assistant Professor of Librarianship.
- LAWRENCE AUSTIN FRAKES**, B.A., M.A., Ph.D., University of California (Los Angeles). Associate Professor of Geology.
- ⁷ **DOUGLAS TYLER FRANCIS**, B.A., Grinnell College; J.D., University of Chicago. Visiting Lecturer in Business & Administrative Sciences (Part-time).

¹ On sabbatical leave for the year.

² On sabbatical leave for first semester.

⁹ On sabbatical leave second semester.

⁷ First Semester only.

¹⁸ Started 12/1/69.

ALAN FRANK, B.A., Columbia University; M.D., College of Physicians and Surgeons. Assistant Professor of Psychiatry.

KURT FREDERICK, Graduate of the State Academy of Music and State College of Music in Vienna; B.S., University of New Mexico; M.Mus., Ph.D., University of Rochester. Professor of Music.

HILDEGARD ERIKA FRICK, Instructor in Modern Languages (Part-time).

GENE FRUMKIN, B.A., University of California at Los Angeles. Assistant Professor of English.

ROBERT LEE FULTON, B.A., Rice University; M.D., Washington University. Instructor in Surgery.

WILLIAM ROGERS GAFFORD, B.S., University of New Mexico; M.S., University of Texas. Professor of Civil Engineering; Special Counselor, University College and Counseling Center.

HECTOR ANTONIO GARCIA, Diploma, Peyrellade Conservatory, Havana. Artist-in-Residence, Department of Music (Part-time).

LEONARDO GARCIA-BUNUEL, M.D., University of Zaragoza, Spain. Assistant Professor of Psychiatry.

LUIS GARCIA-BUNUEL, B.A., B.S., M.D., University of Zaragoza, Spain. Assistant Professor of Neurology.

JAMES ROWLAND GAY, B.S., Virginia Polytechnic Institute; M.D., Johns Hopkins University; M.S., University of Minnesota. Associate Professor of Surgery; Assistant Dean for Administration, School of Medicine.

HUNTER LEE GEER, B.S., New Mexico State University; J.D., University of New Mexico. Assistant Dean of the School of Law, Lecturer in Law.

CAROL CULLUM GEIL, A.B., Swarthmore College; M.D., Stanford University. Adjunct Instructor in Pediatrics.

LOIS MARILYN KING GEMBERLING, B.A., University of Akron; M.A., Ohio State University. Instructor in Speech.

GARY LEROY GENSON, Lieutenant, U.S.N.R., B.S., University of Washington. Assistant Professor of Naval Science.

DOUGLAS ROLAND GEORGE, B.A., M.A., University of Minnesota. Assistant Professor of Art.

ROBERT HEPWORTH GERVAIS, B.A., University of Vermont; M.D., State University of New York. Assistant Professor of Psychiatry.

JULIAN GEVIRTZ, B.A., Antioch College; M.S., Ph.D., New York University. Assistant Professor of Mathematics.

ARCHIE GAIL GIBSON, B.S., Ph.D., University of Colorado. Assistant Professor of Mathematics.

ALICE V. GILBERT, B.A.F.A., University of New Mexico; M.A., Middlebury College. Instructor in Modern Languages.

⁸ EDGAR JOHN GILBERT, B.A., University of Texas; M.A., Harvard University; Ph.D., University of California (Berkeley). Visiting Lecturer in Mathematics (Part-time).

NORMA SARAH GILBERT, B.Sc., California State College (Pomona); M.A., Ph.D., Claremont Graduate School. Visiting Assistant Professor of Political Science.

MICHA GISSER, B.S., School of Law and Economics, Tel Aviv, Israel; M.A., Ph.D., University of Chicago. Associate Professor of Economics.

DAVID NASON GLIDDEN, B.A., Coe College; M.S., University of New Mexico. Lecturer in Physics and Astronomy.

⁸ GERALDINE SHILLING GLOVER, B.S., University of Utah; M.A., University of Wisconsin. Instructor in Health, Physical Education, and Recreation (Part-time).

SAMUEL IALOUS GLOVER, A.B., Lincoln University; M.D., Howard University; M.P.H., Columbia University. Assistant Professor of Psychiatry.

DELBERT TOLTON GOATES, B.S., M.D., University of Utah. Assistant Professor of Psychiatry.

DOLORES GONZALES, B.A., Highlands University; M.A., Teachers College, Columbia University; Ed.D., Pennsylvania State University. Assistant Professor of Elementary Education.

GEORGE ADALBERTO GONZALEZ, B.A., Pan American College; M.Ed., University of Texas. Lecturer in Elementary Education; Textbook Specialist, Ecuador Project.

RICHARD MULLANY GORMAN, B.A., University of Notre Dame; M.D., Ph.D., Fordham University. Assistant Professor of Educational Foundations.

⁸ Second Semester only.

- ¹⁴ **JERRY ELTON GOSS**, B.A., University of Kansas; M.D., Northwestern University Medical School. Assistant Professor of Medicine.
- CHARLES THERON GRACE**, B.S.M.E., University of Colorado; M.S.M.E., University of Illinois. Professor of Mechanical Engineering, Assistant Dean of the College of Engineering.
- JOHN ROLAND GRAHAM**, M.D., Queens University, Ontario. Assistant Professor of Psychiatry.
- WILLIAM GEORGE BROWN GRAHAM**, B.A., Harvard University; M.D., University of Pennsylvania. Assistant Professor of Medicine.
- WAYNE WILLIS GRANNEMANN**, B.S.E.E., M.A., Ph.D., University of Texas. Director of the Bureau of Engineering Research, Professor of Electrical Engineering.
- RICHARD MICHAEL GRASSL**, B.S., University of Santa Clara; M.A., University of Oregon. Instructor in Mathematics.
- JEANNE BLAIR GREATLISH**, A.B., Meredith College; M.Mus. and Art Diploma from New England Conservatory of Music. Lecturer in Music (part-time).
- JOHN ROOT GREEN**, B.S., Ph.D., University of California. Professor of Physics.
- ARNOLD H. GREENHOUSE**, B.A., M.D., University of Kansas. Professor of Neurology, Professor of Medicine, Chairman of the Department of Neurology.
- ¹² **DANIEL H. GREGORY**, B.A., Hamilton College, New York; M.D., University of Virginia. Assistant Professor of Medicine.
- G. ROBERT GRICE**, B.A., Washburn College; M.A., Ph.D., State University of Iowa. Distinguished Professor of Psychology.
- ⁴ **RICHARD JEROME GRIEGO**, B.S., University of New Mexico; M.S., Ph.D., University of Illinois. Assistant Professor of Mathematics.
- MERCEDES GUGISBERG**, B.S., M.S., University of Minnesota. Professor of Physical Education.
- THEODORE GUINN**, A.B., Fresno State College; M.A., University of California at Los Angeles. Associate Professor of Mathematics.
- SHYAM H. GURBAXANI**, B.S., Royal Institute of Science; M.S., Stanford University; Ph.D., Rutgers University. Assistant Professor of Electrical Engineering.
- LIANG-SHIN HAHN**, B.S., Ph.D., Stanford University. Assistant Professor of Mathematics.
- DAVID BOYCE HAMILTON, JR.**, B.A., M.A., University of Pittsburgh; Ph.D., University of Texas. Professor of Economics.
- FREDERICK HAROLD HAMMERSLEY**, attended Ecole des Beaux Arts, Chouinard Art Institute, and Jepson Art Institute. Visiting Associate Professor of Art.
- ⁷ **BRENDA JOANNE HANCOCK**, B.A., University of the Pacific; M.A., University of Illinois. Instructor in Speech.
- DAVID HANCOCK**, Major, U.S.M.C., B.S., George Pepperdine College; M.A., Pepperdine College and University of California (Los Angeles). Assistant Professor of Naval Science.
- LEE DUANE HANSEN**, B.S., Ph.D., Brigham Young University. Associate Professor of Chemistry.
- WILLIAM RICHARD HARDY**, B.S., M.D., University of Illinois. Associate Professor of Medicine, Associate Professor of Pathology.
- MARY BIERMAN HARRIS**, B.A., Radcliffe College; M.A., Ph.D., Stanford University. Assistant Professor of Educational Foundations.
- RICHARD JEROME HARRIS**, B.S., University of Wisconsin; M.A., Ph.D., Stanford University. Assistant Professor of Psychology.
- RUTH BRODERICK HARRIS**, B.S., Cornell University; M.S., University of Tennessee. Associate professor of Home Economics.
- FREDERICK MICHAEL HART**, B.S., J.D., Georgetown University; LL.M., New York University. Professor of Law.
- JOYCE HARTL**, B.S., University of Puget Sound. Instructor in Psychiatry (Occupational Therapy).
- GINA PAULA HARVEY**, Doctorate, University of Rome (Italy). Instructor in Elementary Education, Lecturer in English (Part-time).
- ⁸ **NELA ANN HAUGEN**, B.S., M.Ed., University of Minnesota. Instructor in Health, Physical Education, and Recreation (Part-time).

⁴ On leave for the year.

⁷ First Semester only.

⁸ Second Semester only.

¹² Starting 1/1/70.

¹⁴ Resigned 12/31/69.

- STUART FLEMING HAYES, A.B., Princeton University; M.S., University of New Mexico. Lecturer in Physics (Part-time).
- JOYCE HEEMSTRA, B.A., Northwestern College; M.Ed., University of Nebraska. Assistant Professor of Business Education.
- JOHN JAMES HEIMERICH, B.S., M.S., Kansas State College. Professor of Architecture.
- MARION JACOB HEISEY, B.A., Otterbein College; M.A., Ph.D., Kent State University. Assistant Professor of Guidance.
- PERRY A. HENDERSON, B.S., Morehouse College; M.D., Western Reserve University. Director, Maternity and Infant Care Project; Assistant Professor of Obstetrics and Gynecology.
- VIRGINIA RUTH McKINNEY HENDERSON, B.A., Spelman College; M.A., Boston University. Instructor in Pediatrics.
- MORRIS S. HENDRICKSON, B.S., Birmingham Southern College; M.A., Ph.D., Ohio State University. Director of Institutional Research, Professor of Mathematics.
- IRVIN EDWARD HENDRYSON, B.A., University of Denver; M.A., M.D., University of Colorado. Director, Emergency Medical Services Project, New Mexico Regional Medical Program; Associate Professor of Surgery (Orthopedics).
- ROBERT DEUPREE HERRON, B.A., University of Richmond; M.A., Ph.D., University of Wisconsin. Assistant Professor of Modern Languages, [†]Acting Director, Language and Area Center for Latin America.
- REUBEN HERSH, B.A., Harvard University; M.S., Ph.D., New York University. Associate Professor of Mathematics.
- FRANK CUMMINGS HIBBEN, B.A., Princeton University; M.S., University of New Mexico; Ph.D., Harvard University. Professor of Anthropology, Director of the Maxwell Museum of Anthropology.
- MARTHA BETH HICKS, B.S.N., Washington University; M.S., University of Maryland. Associate Professor of Nursing.
- BEATRICE ALICE HIGHT, B.A., University of New Mexico; M.A.L.S., University of Denver. Acquisition Librarian, Assistant Professor of Librarianship.
- RICHARD CHARLES HILDNER, B.S., College of Wooster, Ohio; M.A., Ph.D., Ohio State University. Adjunct Professor of Mathematics.
- CAROLYN MATHILDE HILL, B.S., Pacific Oaks College. Instructor in Home Economics.
- DONNA LEE HILL, B.A., M.L.S., University of Oregon. Assistant Acquisition Librarian, Instructor in Librarianship.
- EINAR HILLE, Doctorate, University of Stockholm. Professor of Mathematics (Part-time).
- ANTHONY GROVE HILLERMAN, B.A., University of Oklahoma; M.A., University of New Mexico. Associate Professor of Journalism, Chairman of the Department of Journalism.
- ABRAHAM P. HILLMAN, B.A., M.A., Brooklyn College; Ph.D., Princeton University. Professor of Mathematics.
- FRED JOHN HINGER, B.A., Texas Technological College; M.A., Colorado State College. Associate Professor of Physical Education.
- [†]DENNIS ISAO HIROTA, B.S., M.S., University of Michigan. Adjunct Professor of Civil Engineering.
- GEORGE HIRSHFIELD, B.A., Brooklyn College; M.A., Columbia Teachers College; Ed.D., University of New Mexico. Assistant Professor of Secondary Education.
- CLARENCE CLAYTON HOFF, B.A., Bradley University; M.S., Ph.D., University of Illinois. Professor of Biology.
- JEROME ALLAN HOFFMAN, A.B., J.D., University of Nebraska. Assistant Professor of Law.
- RICHARD LEE HOLEMON, B.S., Southeast Missouri State College; M.A., Ed.D., Washington University. Associate Professor of Educational Administration, Chairman of the Department of Educational Administration.
- JOANNE-FIELD HOLLAND, A.B., Bryn Mawr College; B.A., Oxford University; Ph.D., Harvard University. Assistant Professor of English.
- ¹⁴STUART WINDSOR HOLLINGSWORTH, B.A., University of California (Berkeley); M.D., University of California (San Francisco). Director, Mental Health Center; Assistant Professor of Psychiatry.
- ULRICH HOLLSTEIN, B.S., M.S., Ph.D., University of Amsterdam. Associate Professor of Chemistry.

[†] First Semester only.¹⁴ Resigned 12/31/69.

- HARLEY DAN HOLT**, B.A., Lawrence University. Visiting Assistant Professor of Political Science.
- ROBERT HOLZAPFEL**, B.A., M.A., Ph.D., State University of Iowa. Associate Professor of Modern Languages, Assistant Chairman of the Department of Modern and Classical Languages.
- TAMARA HOLZAPFEL**, B.A., University of North Carolina at Greensboro; M.A., Ph.D., State University of Iowa. Associate Professor of Modern Languages.
- MAGNUS MACK CARY HOMESTEAD**, B.A., Kenyon College; M.L., University of Washington. Humanities Librarian, Assistant Professor of Librarianship.
- RICHARD BAXTER HOOD**, B.A., Duke University; M.A., Syracuse University; Ph.D., Stanford University. Assistant Professor of Speech.
- REX CARROLL HOPSON**, B.A., Baylor University; M.R.E., Southwestern School of Religious Education; M.A., George Peabody College. Social Sciences Librarian, Assistant Professor of Librarianship.
- JAMES ALBERT HORAK**, B.S., University of Illinois; M.S., Ph.D., Northwestern University. Associate Professor of Nuclear Engineering.
- LISE MARIE HOSHOUR**, B.A., Barnard College. Instructor in Modern Languages (Part-time).
- RICHARD B. HOUGH**, B.A., M.A., San Jose State College. Instructor in Art Education.
- ARTHUR VINCENT HOUGHTON III**, B.S., M.S., University of Illinois; Ph.D., Purdue University. Professor of Mechanical Engineering; Assistant Dean for Research, Graduate School.
- ALVIN WENDELL HOWARD**, B.A.Ed., M.Ed., Western Washington State College; B.A., University of Washington; Ed.D., University of Oregon. Associate Professor of Secondary Education, Assistant to the Dean of the College of Education.⁷
- MILTON BRYAN HOWARD**, B.A., University of Colorado; M.F.A., Pratt Institute. Assistant Professor of Art.
- ENID ETHEL HOWARTH**, B.A., University of Miami; M.A., University of Connecticut. Lecturer in English (Part-time).⁷ Visiting Lecturer in General Honors (Part-time).⁸
- JOHN LEE HOWARTH**, B.A., M.A., University of Cambridge; B.S., M.S., Ph.D., University of London. Professor of Physics, Associate Professor of Radiology.
- ⁵ **MARY ANN HOWELL**, B.A., Antioch College. Instructor in Elementary Education.
- EDWIN CHASE HOYT**, B.A., Harvard University; LL.B., Harvard Law School; Ph.D., Columbia University. Professor of Political Science.
- IH-CHING HSU**, B.S., National University of Taiwan; M.A., Fordham University; Ph.D., University of New Mexico. Assistant Professor of Mathematics.
- YOUNG-CHANG HSU**, B.S., Cheng-King University, Taiwan; M.S., University of Washington; Ph.D., Rensselaer Polytechnic Institute. Assistant Professor of Mechanical Engineering.
- WILLIAM HENRY HUBER, JR.**, B.A., J.D., Ohio State University. Director of the University College and Counseling Center, Professor of Business and Administrative Sciences.
- ⁷ **GEORGE WILLIAM HUDSON**, B.S.E., University of Arkansas; M.S., University of New Mexico. Instructor in Mathematics (Part-time).
- ⁵ **GARY CLYDE HUFBAUER**, B.A., Harvard College; Ph.D., University of Cambridge. Associate Professor of Economics.
- HERBERT HOWARD HUGHES**, B.S., University of New Mexico; M.S., Ph.D., Florida State University. Associate Professor of Educational Administration.
- JIM DUFF HUGHEY**, B.A., Oklahoma State University; M.S., Ph.D., Purdue University. Assistant Professor of Speech.
- ⁸ **GEORGIA MAY HULAC**, B.Sc., University of Nebraska; M.Ed., University of North Carolina at Greensboro. Instructor in Health, Physical Education, and Recreation (Part-time).
- CORNIE LEONARD HULSBOS**, B.S., M.S., Ph.D., Iowa State University. Professor of Civil Engineering, Chairman of the Department of Civil Engineering.
- JOHN MACE HUNGER**, B.A., University of North Dakota; Ph.D., Indiana University. Director of the Albuquerque Urban Observatory, Assistant Professor of Public Administration.
- ⁷ **GEORGE MILLARD HUNSLEY**, B.A., University of New Mexico. Visiting Lecturer in Journalism (Part-time).
- DAVID HERBERT HUNT**, B.S., M.S., Ph.D., University of New Mexico. Assistant Professor of Recreation; Director, Intramurals and Student/Faculty Recreation.

⁵ On leave first semester.⁸ Second Semester only.⁷ First Semester only.

- RICHARD GEORGE HUZARSKI**, B.S.C.E., University of Wisconsin; M.S., Texas Technological College. Professor of Civil Engineering.
- CHARLES LATIF HYDER**, B.S., M.S., University of New Mexico; Ph.D., University of Colorado. Assistant Professor of Physics and Astronomy (Part-time).
- FRANK WILLIAM IKLÉ**, B.A., Ph.D., University of California at Berkeley. Professor of History, Chairman of the Department of History.
- WILSON HOWARD IVINS**, B.A., Western Michigan University; M.A., University of Arizona; Ed.D., University of Colorado. Professor of Secondary Education.
- WILLIS DANA JACOBS**, B.A., M.A., University of New Mexico; Ph.D., University of North Carolina. Professor of English.
- RONALD EUGENE JACOBSEN**, B.S., University of New Mexico. Varsity Wrestling Coach; Instructor in Physical Education.
- ROGER LOUIS JANNOTTA**, B.F.A., University of New Mexico. Lecturer in Music (Part-time).
- RAJABATHER JAYAGOPAL**, B.S., M.A., Annamalai University (India); M.S., Indiana University. Director, Job Corps Project; Instructor in Secondary Education.
- LEONARD LEON JERMAIN**, B.S., M.S., University of Oregon. Associate Professor of Journalism.
- ROBERT CLIFFORD JESPERSEN**, B.A., University of Utah; M.A., Ph.D., Stanford University. Assistant Professor of Modern Languages; Assistant Dean, College of Arts and Sciences.
- ⁸ **VERA P. JOHN**, B.A., Barnard College; Ph.D., University of Chicago. Lecturer in Elementary Education (Part-time).
- DAVID MARCUS JOHNSON**, B.A., St. Olaf College; M.A., Ph.D., University of Connecticut. Assistant Professor of English.
- ⁸ **DORRIS MATTHEWS JOHNSON**, B.S., Southeast Missouri State College; M.A., George Peabody College. Instructor in Elementary Education (Part-time).
- GERALD CONRAD JOHNSON**, B.A., M.F.A., University of Colorado. Assistant Professor of Art.
- GORDON VERLE JOHNSON**, B.S., M.S., University of California (Berkeley); Ph.D., University of Arizona. Assistant Professor of Biology.
- PEDER JACK JOHNSON**, B.A., M.A., University of Minnesota; Ph.D., University of Colorado. Assistant Professor of Psychology.
- ROY LINTON JOHNSON, JR.**, B.S.C.E., M.S.C.E., Ph.D., University of Wisconsin. Associate Professor of Civil Engineering.
- WILLIAM WAYNE JOHNSON**, B.S., M.S., Ph.D., University of Minnesota. Associate Professor of Biology.
- ⁴ **PAUL JONAS**, Diploma, Ph.D., University of Technical and Economic Sciences, Budapest; Ph.D., Columbia University. Associate Professor of Economics.
- JOEL M. JONES**, A.B., Yale University; M.A., Miami University; Ph.D., University of New Mexico. Associate Professor of English; Chairman, American Studies Program.
- VERNON DOUGLAS JONES**, B.A., Florence State College; Ph.D., Vanderbilt University. Assistant Professor of Pharmacology.
- SCOTT WILSON JORDAN**, A.B., M.D., University of Kansas. Associate Professor of Pathology.
- FREDERICK DSUIN JU**, B.S., University of Houston; M.S., Ph.D., University of Illinois. Professor of Mechanical Engineering.
- ⁵ **JOHN KACERE**, M.F.A., State University of Iowa. Professor of Art.
- MILTON KAHN**, B.S., University of California; Ph.D., Washington University. Professor of Chemistry.
- ³ **LEO KANOWITZ**, B.A., College of the City of New York; J.D., University of California; LL.M., J.S.D., Columbia University. Professor of Law.
- SIMON TSAI KAO**, B.S., Chi-Nan National University of China; Ph.D., Catholic University of America. Associate Professor of Mathematics.
- RALPH JAY KAPLAN**, B.A., Hofstra College; M.D., Albany Medical College. Assistant Professor of Surgery.
- SHLOMO KARNI**, B.S.E.E., Israel Institute of Technology; M.Eng., Yale University; Ph.D., University of Illinois. Professor of Electrical Engineering.

⁸ On sabbatical leave second semester.⁴ On leave for the year.⁵ On leave first semester.⁸ Second Semester only.

- HELEN KLUTCHER KEE, B.S., California State College at Los Angeles; M.S., University of California at Los Angeles. Assistant Professor of Nursing.
- M. LUE KEEFFE, D.H., Marquette University. Instructor in Dental Hygiene.
- THOMAS MICHAEL KEEGAN, B.S., M.S., Kansas State University. Visiting Lecturer in Business and Administrative Sciences (Part-time).
- KLAUS KEIL, M.S., Friedrich-Schiller University (Germany); Ph.D., Johannes Gutenberg University (Germany). Director of the Institute of Meteoritics, Professor of Geology.
- * WALTER BURROUS KELLER, B.Mus., M.A., Indiana University; Juilliard Graduate School; Ph.D., Harvard University. Professor of Music, Chairman of the Department of Music.
- DAVID OTIS KELLEY, B.A., M.A., University of Southern California. Director of the General Library, Professor of Library Science.
- ROBERT OTIS KELLEY, B.S., Abilene Christian College; M.A., Ph.D., University of California (Berkeley). Instructor in Anatomy.
- VINCENT COOPER KELLEY, B.A., University of California at Los Angeles; M.S., Ph.D., California Institute of Technology. Professor of Geology, Chairman of the Department of Geology.
- ANNE DIANA MICAH KELLNER, M.B., Ch.B., University of Liverpool School of Medicine (England). Instructor in Medicine.
- ROBERT KELLNER, M.D., Ph.D., University of Liverpool School of Medicine (England). Associate Professor of Psychiatry.
- ³ RUBEN DAVID KELLY, B.S., M.S., Ph.D., Oklahoma State University. Professor of Electrical Engineering.
- BERNARD T. KENNA, B.S., Arizona State College; M.S., University of Mississippi; Ph.D., University of Arkansas. Associate Professor of Chemistry (Part-time).
- HAROLD EUGENE KENNEY, B.S., M.S., University of Illinois; Ed.D., George Peabody College. Visiting Professor of Physical Education.
- GEORGE LEONARD KEPPERS, B.Ed., St. Cloud State College; M.A., Colorado State College; Ed.D., University of Colorado. Professor of Guidance; Assistant Dean for Student Personnel, College of Education.
- ROBERT WILLIAM KERN, B.A., Antioch College; M.A., Ph.D., University of Chicago. Assistant Professor of History.
- JOHN LOTTRIDGE KESSELL, B.A., Fresno State College; M.A., University of California (Berkeley); Ph.D., University of New Mexico. Visiting Assistant Professor of History.
- ARTHUR AMZA KEY, B.A., Indiana Central College; M.E.S., University of New Mexico. Visiting Lecturer in Business & Administrative Sciences (Part-time).
- CHARLES RAY KEY, B.S., Oklahoma State University; M.D., M.S., Ph.D., University of Oklahoma. Assistant Professor of Pathology.
- DAVID EUGENE KIDD, B.S., Northern Arizona University; M.S., Northwestern University; M.S.T., University of New Hampshire; Ph.D., Michigan State University. Associate Professor of Biology.
- DAVID SOLOMON KING, B.A., Manchester College; M.A., Ph.D., Indiana University. Assistant Professor of Astronomy.
- ⁶ SHAREL ANDERSON KING, B.S., M.S., Utah State University. Assistant Professor of Physical Education.
- ALEXANDER LIONEL KISCH, B.A., Columbia University; M.D., Harvard Medical School. Associate Professor of Medicine.
- DIANE JENNINGS KLEPPER, B.A., M.D., University of Kansas; M.A., Columbia University. Instructor in Medicine; Assistant Dean for Student Affairs and Admissions, School of Medicine.
- ROBERT DENTON KLINE, A.B., Shepherd College; M.Ed., University of Maryland; Ph.D., Syracuse University. Director, Instructional Media Services; Associate Professor of Education.
- EUGENE LARUE KLINGLER, JR., B.S., M.D., Tufts University. Assistant Professor of Medicine.
- HAROLD KNUD KNUDSEN, B.S., M.S., Ph.D., University of California. Associate Professor of Electrical Engineering.
- JANE Q. KOENIG, B.S., M.S., Ph.D., University of Washington. Adjunct Assistant Professor of Physiology.

³ On sabbatical leave second semester.⁶ On leave second semester.

* Dec 3/15/71

- KARL PETER KOENIG, B.A., Trinity College; M.S., Ph.D., University of Washington. Associate Professor of Psychology.
- JACK KOLBERT, B.A., M.A., University of Southern California; Ph.D., Columbia University. Professor of Modern Languages.
- ⁷ ROLAND BEALL KOOL, J.D., University of New Mexico. Visiting Lecturer in Business and Administrative Sciences (Part-time).
- LAMBERT HERMAN KOOPMANS, B.A., San Diego State College; Ph.D., University of California at Berkeley. Professor of Mathematics, Chairman of the Department of Mathematics.
- ⁵ JANE LUCILE BALTZELL KOPP, B.A., Brown University; B.A., Cambridge University; M.A., Ph.D., University of California. Associate Professor of English.
- MARIO KORNFELD, M.D., D.Sc., University of Zagreb, Yugoslavia. Assistant Professor of Pathology.
- ² ARNOLD HERMAN KOSCHMANN, B.A., Valparaíso University; B.S.E.E., M.S., Ph.D., Purdue University. Professor of Electrical Engineering, Chairman of the Department of Electrical Engineering and Computer Science.
- WILLIAM JACOB KOSTER, B.S., Ph.D., Cornell University. Professor of Biology.
- JAMES NORMAN KRAFT, JR., B.A., University of Arkansas; M.F.A., University of New Mexico. Assistant Professor of Art.
- ⁸ V. LEE KREBS, B.S., Oklahoma Baptist University; M.Ed., Midwestern University. Instructor in Secondary Education (Business Education) (Part-time).
- ⁷ WILLIAM KRIEGER, B.A., M.A., University of New Mexico. Instructor in Guidance and Special Education (Part-time).
- GÖRAN KRONVALL, Med. Kand., Med. Lic. (M.D.), University of Lund (Sweden). Instructor in Medicine.
- ALBERT MASAKIYO KUDO, B.A.S., University of Toronto; M.S., McMaster University; Ph.D., University of California (San Diego). Assistant Professor of Geology.
- JOSEPH MARSHALL KUNTZ, B.A., M.A., University of New Mexico; Ph.D., University of Denver. Associate Professor of English.
- LEWIS HENRY LACKNER, A.B., Stanford University; M.D., Washington University. Assistant Professor of Surgery (Urology).
- AARON J. LADMAN, B.A., New York University; Ph.D., Indiana University. Professor of Anatomy, Chairman of the Department of Anatomy.
- ⁴ ENRIQUE EUFRASIO LAMADRID, B.A., Western Maryland College; M.A., New Mexico Highlands University; M.A.T.S., University of New Mexico. Assistant Professor of Modern Languages.
- LLOYD EDMOND LAMB, B.A., North Texas State College; M.S., Ph.D., Purdue University. Associate Professor of Speech, Associate Professor of Surgery (Otolaryngology, Audiology).
- ⁷ ALEXANDER WILLIAM LAUGHLIN, B.Sc., Michigan Technological University; M.Sc., Ph.D., University of Arizona. Adjunct Assistant Professor of Geology.
- HAROLD WADE LAVENDER, A.B., Southern Methodist University; M.A., Ph.D., University of New Mexico. Vice President for Student Affairs, Associate Professor of Educational Administration.
- DAVID HILLS LAW IV, A.B., M.D., Cornell University. Professor of Medicine.
- RICHARD ELMER LAWRENCE, B.S., University of Minnesota; M.A., Ed.D., Teachers College, Columbia University. Dean of the College of Education, Professor of Educational Administration.
- ⁷ ROBERT H. LAWRENCE, Instructor in Journalism (part-time).
- WAYNE RODERIC LAZORIK, B.S., University of Minnesota. Instructor in Art.
- JOHN K. LEACH, B.S., Baldwin-Wallace College; M.D., Albany Medical College. Assistant Professor of Medicine.
-
- CHRISTOPHER PRATT LEAVITT, B.S., Ph.D., Massachusetts Institute of Technology. Professor of Physics. ⁸Acting Chairman of the Department of Physics and Astronomy.
- FRANCIS NEWTON LEBARON, B.S., Massachusetts Institute of Technology; M.A., Boston University; Ph.D., Harvard University. Professor of Biochemistry.

² On sabbatical leave for first semester.

⁴ On leave for the year.

⁵ On leave first semester.

⁷ First Semester only.

⁸ Second Semester only.

- DAVID ANDREW IELAND, B.S., B.A., University of New Mexico. Lecturer in Chemistry.
- ROBERT ALBIN LENBERG, B.A., Brigham Young University; M.S., Ph.D., University of Minnesota. Associate Professor of Business and Administrative Sciences.
- LEONA LOUISE LEONARD, B.S., Columbia University; M.S., Ph.D., New York University. Assistant Professor of Pathology.
- THEODORE JOHN LEPPI, B.A., Albion College; Ph.D., Yale University. Assistant Professor of Anatomy.
- JOHN WILLIAM LEYCHUK, B.Sc., M.Sc., Philadelphia College of Pharmacy and Science. Assistant Professor of Hospital Pharmacy.
- JEROME LEVY, B.A., University of New Mexico; M.A., Ph.D., University of Denver. Associate Professor of Psychiatry, Coordinator of Community Educational Programs.
- JAMES A. LEWIS, B.S., University of Miami; M.D., University of Florida. Instructor in Neurology.
- JAMES VERNON LEWIS, B.A., M.A., Ph.D., University of California. Associate Professor of Mathematics.
- LINDA KATHRYN LEWIS, B.A., M.L.S., University of Oklahoma. Assistant Humanities Librarian, Instructor in Librarianship.
- RALPH WAYNE LEWIS, B.F.A., M.A., University of New Mexico. Associate Professor of Art.
- ¹ LESTER M. LIBO, M.A., Ph.D., Stanford University. Associate Professor of Psychiatry (Psychology).
- WOLFRAM LIEPE, B.A., Antioch College; M.A., University of Chicago. Associate Professor of Economics.
- EDWIN LIEUWEN, B.A., M.A., Ph.D., University of California. Professor of History.
- CHARLES FRANKLIN LIGGETT, Captain, U.S.A.F., B.S., U.S. Air Force Academy. Associate Professor of Aerospace Studies, Executive Officer of the Air Force ROTC Unit.
- J. DAVID LIGON, B.S., University of Oklahoma; M.S., University of Florida; Ph.D., University of Michigan. Assistant Professor of Biology.
- EDWARD ANTHONY LISKE, JR., B.S., Georgetown University; M.D., Georgetown Medical School. Associate Professor of Neurology.
- WILLIAM MORRIS LITCHMAN, B.A., University of Colorado; Ph.D., University of Utah. Assistant Professor of Chemistry; Instructor in Health, Physical Education, and Recreation.
- LAWRENCE F. LOCKE, B.S., M.Ed., Springfield College; Ph.D., Stanford University. Associate Professor of Physical Education.
- ROBERT BERNER LOFTFIELD, B.S., M.A., Ph.D., Harvard University. Professor of Biochemistry, Chairman of the Department of Biochemistry.
- DOROTHY MUMFORD LOGAN, B.A., New Mexico State Teachers College; M.A., University of New Mexico. Instructor in English.
- FRANK ANDERSON LOGAN, B.A., M.A., Ph.D., State University of Iowa. Professor of Psychology, Chairman of the Department of Psychology.
- GARY WARREN LONG, B.A., Fresno State College; M.D., University of California (Los Angeles). Assistant Professor of Pathology.
- ROBERT LEROY LONG, B.S.E.E., Bucknell University; M.S.E., Ph.D., Purdue University. Associate Professor of Nuclear Engineering.
- ¹⁸ AARON NORTH LONGFIELD, B.A., University of North Carolina; M.D., Northwestern University; M.S., University of Colorado. Associate Professor of Medicine.
- CATHERINE ELLEN LOUGHLIN, B.S., University of Connecticut; M.Ed., Pennsylvania State University; Ed.D., Rutgers University. Associate Professor of Elementary Education.
- JOAQUIN O. LOUSTAUNAU, B.S., M.S., Oklahoma State University; Ph.D., University of Illinois. Assistant Professor of Mathematics.
- ⁸ JACK LEMAN LOVE, J.D., University of New Mexico. Lecturer in Law (Part-time).
- RICHARD D. LUEKER, M.D., University of Colorado. Assistant Professor of Medicine.
- ⁷ ALICE HENTZELT LUFT, Pharmacological Institute of the University of Jena; Certificate, Ministry of the Interior, Thuringia. Instructor in Modern Languages (Part-time).
- RAYMOND RALPH MACCUDY, JR., B.A., M.A., Louisiana State University; Ph.D., University of North Carolina. Professor of Modern Languages.

¹ On sabbatical leave for the year.⁷ First Semester only.⁸ Second Semester only.¹⁸ Resigned 1/10/70.

EMMA MacLEOD, B.A., St. Ambrose College; M.A., University of Iowa. Assistant Professor of Journalism.

MIRIAM PITTSCHNER MALM, B.S., M.S., University of New Mexico. Instructor in Chemistry.

EZIO MARCHI, Licenciado in Mathematics, Licenciado in Physics, Doctor in Mathematics, National University of Cuyo (Argentina). Associate Professor of Mathematics.

⁷ KATHRYN ANN MARGARD, B.A., University of New Mexico. Instructor in Speech (Part-time).

LEON JESUS MÁRQUEZ, B.A., M.A.T.S., University of New Mexico. Instructor in Modern Languages.

⁸ ELAINE YOUNG MARSHALL, B.S., University of Oklahoma. Instructor in Secondary Education (Business Education) (Part-time).

⁴ JOHN STEPHEN MARTIN, B.A., Hofstra University; M.A., University of Georgia; Ph.D., University of Wisconsin. Assistant Professor of English.

LOWELL PAUL MARTIN, B.S.M.E., Purdue University; M.S., Ph.D., University of New Mexico. Assistant Professor of Mechanical Engineering.

⁸ WILLIAM CLARENCE MARTIN, JR., B.S., Purdue University; M.A., Ph.D., Indiana University. Associate Professor of Biology.

WILLIAM JOHN MARTIN, B.A., University of Missouri; M.F.A., Yale University. Director of Popejoy Hall, Adjunct Professor of Dramatic Art.

JOSÉ ELEAZAR MARTINEZ, B.S. in C.E., University of New Mexico; M.S., Iowa State University. Professor of Civil Engineering.

MARY T. MARTINEZ. Instructor in Elementary Education (Part-time).

⁸ JUDITH THERESA MAURIN, B.S., M.S., St. Xavier College. Instructor in Nursing.

CHARLES MATTOX, Attended McPherson College, Bethany College and Kansas City Art Institute. Visiting Associate Professor of Art.

NORRIS KNOX MAXWELL, B.S. in Ed., M.L.S., University of Texas. Readers' Services Librarian, Associate Professor of Librarianship.

GERALD WILLIAM MAY, B.S., Bradley University; M.S., Ph.D., University of Colorado. Assistant Professor of Civil Engineering.

⁷ JUNE C. MAY, B.S., Northeastern State College in Oklahoma; M.D., University of Oklahoma School of Medicine. Adjunct Assistant Professor of Medicine.

MARVIN CLARK MAY, B.S. in C.E., University of New Mexico; M.S., Oklahoma State University. Professor of Civil Engineering.

CHARLES WITT MAYNARD, B.S.E.E., University of Maryland; M.S., Ph.D., Harvard University. Visiting Professor of Nuclear Engineering (Part-time).

⁷ REBECCA LOU MAYO, B.A., University of Minnesota. Instructor in Speech (Part-time).

JACK MERRILL McCABE, M.D., University of Oklahoma. Acting Director, Student Health Service, Associate Professor of Health Education.

ROBERT JAMES McCARTHY, A.B., University of Southern California; M.A., Ph.D., University of Kansas. Instructor in Psychiatry (Psychology).

THOMAS STRUEVER McCONNELL, B.S., University of Wyoming; M.D., University of Illinois. Director of the Clinical Laboratories, Assistant Professor of Pathology.

FRANCES MCGILL, B.A., Mills College; M.S., University of Washington; Ph.D., Ohio State University. Associate Professor of Physical Education.

DONALD JAMES McINTOSH, B.A., University of British Columbia; M.F.A., Yale University; Associate Professor of Art Education, Chairman of the Department of Art Education.

⁸ DONALD ALEXANDER McKENZIE, B.A., University of New Mexico; Ph.D., Stanford University. Professor of Modern and Classical Languages.

CHRISTA McKINNEY, trained at Catholic City Hospital, Eisenbach, Germany. Lecturer in Medicine.

DAVID RAY McKINNEY, B.S., Southwestern State College; M.T. (ASCP), Tucson Medical Center. Lecturer in Medicine.

LEROY CLARENCE McLAREN, B.A., San Jose State College; M.A., Ph.D., University of California at Los Angeles. Professor of Microbiology, Chairman of the Department of Microbiology.

³ On sabbatical leave second semester.

⁴ On leave for the year.

⁷ First Semester only.

⁸ Second Semester only.

- DONALD REED McLAUGHLIN**, B.S., University of California at Los Angeles; Ph.D., University of Utah. Assistant Professor of Chemistry.
- LOIS LaSHELLE McLEOD**, A.A., Stephens College. Associate in Music (Part-time).
- RALPH McLEOD**, B.Ed., University of Toledo; M.A.T.S., University of New Mexico. Instructor for Bolivia/AID Project, College of Education.
- IMOGEAN HELENA McMURRAY**, B.S., Oklahoma College for Women; M.S., University of Tennessee. Assistant Professor of Home Economics.
- DONALD CHRISTOPHER McRAE**, B.F.A., M.A., University of New Mexico. Associate Professor of Music, Assistant Dean of the College of Fine Arts.
- JAMES HERMAN MEADOWS**, B.S., New Mexico State University; M.S., University of New Mexico. Lecturer in Pathology (Part-time).
- JOHN HELLER MECHEM**, B.S., M.S.Ed., Colorado State University. Instructor in Physical Education; Head Swimming Coach.
- HAROLD CHARLES MEIER**, B.A., M.A., Ph.D., University of Colorado. Assistant Professor of Sociology.
- IVAN PETER MELADA**, B.A., State Teachers College (West Chester, Pa.); M.A., Ph.D., University of California (Berkeley). Assistant Professor of English.
- VELMA RUTH MELLOTT**, B.A., Hamline University. Instructor in Dental Assisting.
- GILBERT WILSON MERKX**, A.B., Harvard University; M.A., Ph.D., Yale University. Assistant Professor of Sociology.
- PATRICIA MOEHRIG MERSHON**, B.S., M.A., Ph.D., University of New Mexico. Assistant Professor of Pediatrics.
- WILLIAM ROBERT MERZ, SR.**, B.A., M.A., DePaul University. Instructor in Educational Foundations.
- RONALD PIERCE MESSNER**, B.A., Oberlin College; M.D., University of Chicago. Assistant Professor of Medicine.
- RICHARD CLYDE METZLER**, B.S., University of Michigan; M.A., Ph.D., Wayne State University. Associate Professor of Mathematics.
- ROBERT MICALI**, B.S.Ed., M.Ed., Temple University; Ed.D., Rutgers University. Associate Professor of Guidance and Special Education.
- WILLIAM MONROE MICHENER**, A.B., Dartmouth College; M.D., Tufts University Medical School; M.S., University of Minnesota. Associate Professor of Pediatrics.
- CLARA O. MIERA**, Certificate, Dental Programs, University of New Mexico. Lecturer in Dental Programs.
- GEORGE BERTRAM MILLER, JR.**, B.A., St. John's College; M.S., Columbia University. Circulation Librarian, Assistant Professor of Librarianship.
- ^a **HUGH MILTON MILLER**, B.A., University of Oregon; M.A., Ph.D., Harvard University. Professor of Music.
- IRVING MILLER**, B.S., College of the City of New York; Ph.D., Western Reserve University. Associate Professor of Epidemiology and Community Medicine, Associate Professor of Mathematics.
- JOANNE CLARICE MILLER**, B.S., University of Nebraska; M.S., Kansas State College. Instructor in Home Economics (Part-time).
- LARRY JACK MILLER**, B.S., M.A., Ph.D., Arizona State University. Instructor in Psychiatry.
- MERLE MITCHELL**, B.A., Southern Methodist University; M.A., University of New Mexico; Ph.D., George Peabody College for Teachers. Associate Professor of Mathematics.
- RUSSELL DUNCAN MITCHELL**, B.S., M.S., Southern Illinois University. Instructor in Physical Education; Varsity Gymnastics Coach.
- WAYNE PAUL MOELLENBERG**, B.A., University of Colorado; M.A., Ed.D., Colorado State College. Associate Professor of Educational Foundations, Assistant Dean of the Graduate School.
- MARTIN I. MONDLICK**, A.B., Brown University; LL.B., Harvard University. Visiting Lecturer in Business and Administrative Sciences (Part-time).
- SANG FI MOON**, B.S., Seoul National University (Korea); M.S., University of New Mexico. Visiting Assistant Professor of Electrical Engineering.

^a On sabbatical leave second semester.

JAMES CLARK MOORE, B.A.Ed., M.A.Ed., Ph.D., Arizona State University. Director of Testing, University College and Counseling Center; Associate Professor of Educational Foundations.

MARGARET MOYLIN MOORE, Diploma, Santa Clara County (California) Hospital School of Nursing; B.S., Columbia University; M.S., University of California (Los Angeles). Assistant Professor of Nursing.

FEDERICO MORA, M.D., Harvard Medical School. Assistant Professor of Anatomy, Assistant Professor of Surgery (Neurosurgery).

PERRY T. MORI, B.S., B.A., M.B.A., Northwestern University; J.D., University of New Mexico; C.P.A. Professor of Business and Administrative Sciences.

DONALD R. MORRISON, B.E., Northern Illinois State Teachers College; M.S., Ph.D., University of Wisconsin. Professor of Mathematics and Computing Science (Part-time).

EDWARD ALBERT MORTIMER, JR., A.B., Dartmouth College; B.M., M.D., Northwestern University. Professor of Pediatrics, Chairman of the Department of Pediatrics.

CHARLES FREDERICK MUELLER, B.A., M.D., University of Cincinnati. Assistant Professor of Radiology.

HUGH BROWN MUIR, B.S., University of Oregon; J.D., University of Michigan. Professor of Law.

LEO MUÑOZ, B.A., M.A., Northern Arizona University. Assistant Professor of Special Education.

ROBERT ALLIOT MUNSICK, B.S., Cornell University; M.D., Ph.D., Columbia University. Professor of Obstetrics and Gynecology, Chairman of the Department of Obstetrics and Gynecology.

PATRICIA MURPHY, B.A., University of Rochester; M.A., Ph.D., University of Wisconsin. Assistant Professor of Modern Languages.

RICHARD E. MURPHY, B.A., St. Lawrence University; M.A., George Washington University; Ph.D., Clark University. Professor of Geography; Chairman of the Department of Geography.

BEATRICE LOUISE MURRAY, B.S., University of Portland; M.N., University of Washington; Ed.D., Teachers' College, Columbia University. Dean of the College of Nursing, Professor of Nursing.

GINA VIRGINIA S. NABAVI, R.N., Gordon Keller School of Nursing (Florida); B.S.N., Florida State University; M.P.H.N., New York University. Instructor in Pediatrics.

GEORGE SUMIYA NAKAI, B.S., M.D., University of Utah. Assistant Professor of Medicine.

LEONARD M. NAPOLITANO, B.S., Santa Clara University; M.S., Ph.D., St. Louis University. Professor of Anatomy.

GERALD DAVID NASH, B.A., New York University; M.A., Columbia University; Ph.D., University of California. Professor of History.

² **MARSHALL RUTHERFORD NASON**, B.A. M.A., Louisiana State University; Ph.D., University of Chicago. Professor of Modern Languages, Director of the Language and Area Center for Latin America.

IRENE MURPHY NAVARRE, G.D.H., University of Minnesota. Clinical Instructor in Dental Programs (Part-time).

⁷ **WILLIAM PATRICK NEAL**, B.S., Southern Oregon College. Instructor in Speech (Part-time).

³ **MARTIN CYRIL NEEDLER**, A.B., Ph.D., Harvard University. Associate Professor of Political Science, Director of the Division of Inter-American Affairs.

CATHERINE NEIGHBOR, R.N., University of Kansas; B.S., University of California (San Francisco). Assistant Professor of Psychiatry (Nursing).

IRENE DUBOWIK NELSON, B.A., C. W. Post College of Long Island University. Instructor in Russian.

ROBERT DEWEY NESBITT, B.S., North Texas State University; M.Ed., Texas A and M University. Assistant Professor of Industrial Education.

~~**MARK NEUWELD**, B.A., Northwestern University; M.A., Ph.D., Harvard University. Associate Professor of Political Science.~~

³ **STANLEY STEWART NEWMAN**, Ph.B., M.A., University of Chicago; Ph.D., Yale University. Professor of Anthropology, Co-editor of the *Southwestern Journal of Anthropology*.

RICHARD S. NORDHAUS, B.A., Dartmouth College; B.Arch., University of Pennsylvania. Lecturer in Architecture (Part-time).

² On sabbatical leave for first semester.

³ On sabbatical leave second semester.

⁷ First Semester only.

- RALPH DAVID NORMAN**, B.S., College of the City of New York; M.A., Teachers College, Columbia University; Ph.D., Ohio State University. Professor of Psychology.
- ROBERT EUGENE NORRIS**, B.A., Texas Christian University. Visiting Assistant Professor of History, Andean Study and Research Center (Part-time).
- ALFRED DOBSON NORTON**, Lieutenant Colonel, U.S.A.F., B.S., U.S. Military Academy; B.S., University of Washington; M.S., University of Tennessee. Professor of Aerospace Studies; Commanding Officer of the Air Force ROTC Unit.
- MONICA NOVITSKI**, D.H., D.D.S., Marquette University. Professor of Dental Hygiene, Director of Dental Programs.
- ⁷ **GUSTAV KWASI NTIFORO**, Diploma in Painting and in Art Teaching, University of Sciences and Technology, Kumasi, Ghana; M.A., University of New Mexico. Instructor in Art Education (Part-time).
- WILLIAM HARVEY RALPH NYE**, A.B., University of Colorado; M.D., University of Rochester. Assistant Professor of Medicine.
- ⁸ **S. SCOTT OBERSHAIN**, B.S., Virginia Polytechnic Institute; M.D., Bowman Gray School of Medicine. Assistant Professor of Pediatrics, Assistant Professor of Epidemiology and Community Medicine.
- FRANK EDWIN O'BRIEN**, B.S., University of New Hampshire; M.B.A., University of Chicago; M.L.S., University of Texas. Science and Engineering Librarian, Assistant Professor of Librarianship.
- RALPH DOUGLAS O'DELL**, B.S., Ph.D., University of Texas. Associate Professor of Nuclear Engineering, Director of the Los Alamos Graduate Center.
- JANICE KAY OLSON**, B.A., Western State College; M.S., University of Wisconsin. Assistant Professor of Physical Education.
- CYRUS OMIDVARAN**, B.S., South Dakota State University; M.S., University of Kansas; Ph.D., University of Delaware. Assistant Professor of Civil Engineering.
- BRIAN EDGAR O'NEIL**, B.A., M.A., Ph.D., University of California (Berkeley). Assistant Professor of Philosophy.
- CORNELIS WILHELMUS ONNEWEER**, B.A., M.A., University of Utrecht (Netherlands). Assistant Professor of Mathematics.
- CELIA SILVERMAN OSEASOHN**, B.S., M.S., F.P. Bolton School of Nursing, Western Reserve University. Assistant Professor of Nursing.
- ROBERT OSEASOHN**, B.S., Tufts College; M.D., Long Island College of Medicine. Professor of Epidemiology and Community Medicine, Chairman of the Department of Epidemiology and Community Medicine, Professor of Medicine.
- GERALD DENNIS OTIS**, B.A., University of Minnesota; M.A., Ph.D., University of Arizona. Assistant Professor of Psychiatry (Psychology).
- LEWIS MARVIN OVERTON**, B.A., Duke University; M.D., University of Maryland; M.S. in Orthopedics, University of Minnesota. Associate Professor of Surgery (Orthopedics).
- CULLEN BRYANT OWENS**, B.A., Berea College; M.S., Northwestern University; Ph.D., Cornell University. Associate Professor of Speech.
- ⁸ **CARL ERICH PAAK**, B.A.E., School of the Art Institute of Chicago; M.A., Ohio State University. Professor of Art.
- DARWIN LYNN PALMER**, A.B., Oberlin College; M.A., Columbia University; M.D., New York University Medical School. Assistant Professor of Medicine.
- ELEFTHERIOS PAUL PAPADOPOULOS**, B.Sc., University of Thessaloniki (Greece); Ph.D., University of Kansas. Associate Professor of Chemistry.
- FRANK EDWARD PAPCSY**, B.S., Upsala College; M.A., Ph.D., New York University, A.C.S.M. Associate Professor of Physical Education and Special Education, Director of Therapeutic Programs.
- ALFRED LEROY PARKER**, B.S., M.S., Oklahoma State University; Ph.D., Ohio State University. Assistant Professor of Economics, ⁷Acting Chairman of the Department of Economics.
- CALVIN CLYDE PATTERSON**, B.E.C.E., M.C.E., Johns Hopkins University; Ph.D., University of Texas. Associate Professor of Civil Engineering.

⁸ On sabbatical leave second semester.

⁸ Second Semester only.

⁷ First Semester only.

- DONALD WALTER PATTERSON**, Lt. Cmdr., U.S.N., B.A., University of Jacksonville; M.A., Old Dominion College. Assistant Professor of Naval Science.
- ALAN HUGH PAXTON**, B.S., University of New Mexico. Lecturer in Physics.
- JOYCE ANN PEASE**, B.S.H.E., Kansas State University; B.S.N., University of Kansas. Clinical Instructor in Nursing.
- HUGO GABRIEL PÉÑA**, B.S., National School of Agriculture (Peru); M.S., Ph.D., Purdue University. Instructor in Radiology (Radiobiology).
- STEPHEN RUDOLPH PERLS**, B.A., Antioch College; M.A., University of Chicago; Ed.D., University of Oregon. Instructor in Psychiatry (Mental Health Center).
- ROGER NICHOLAS PESCH**, M.D., Université de Montpellier, France. Assistant Professor of Neurology (Rehabilitation Medicine).
- EDWARD TURBERVILLE PETER**, B.S., University of Alabama; M.D., Medical College of Alabama; Ph.D., University of Minnesota. Associate Professor of Surgery, Chairman of the Department of Surgery.
- WILLIAM STANLEY PETERS**, B.A., Dartmouth College; M.B.A., Ph.D., University of Pennsylvania. Professor of Business and Administrative Sciences.
- DANIEL PAUL PETERSEN**, B.M.E., D.E.S., Rensselaer Polytechnic Institute; M.S.M.E., Massachusetts Institute of Technology. Associate Professor of Electrical Engineering.
- ALAN WINSTON PETERSON**, A.B., University of California; M.S., Ph.D., University of New Mexico. Associate Professor of Physics and Astronomy.
- GEORGE THOMAS PETROL**, B.S., Albright College; M.A., University of New Mexico. Assistant Professor of Physical Education.
- PAUL VERNON PETTY**, B.S.E., Arkansas State Teachers College; M.A., Duke University; Ph.D., University of Texas. Professor of Educational Administration; Chief of Party, Colombia Project.
- THOMAS HALL PHILIPS, JR.**, A.B., A.M., Harvard University. Professor of Music.
- ROY GLENWOOD PICKETT**, B.A., M.A., Ph.D., State University of Iowa. Associate Professor of English.
- MICHEL LOUIS ROGER PILLET**, B.Arch., Ecole Nationale Supérieure des Beaux-Arts; M.Arch., University of California (Berkeley). Lecturer in Architecture (Part-time).
- CHARLOTTE LEWIS PIPER**, B.A., Baker University; M.A., University of New Mexico. Assistant Professor of Recreation; Special Counselor, University College and Counseling Center.
- MICHAEL POLLAY**, B.S., M.D., University of Wisconsin; M.S., University of Colorado. Associate Professor of Surgery, Assistant Professor of Physiology.
- BRUCE EARL PORCH**, B.S., M.Ed., Wayne State University; Ph.D., Stanford University. Assistant Professor of Speech (Part-time); Assistant Professor of Neurology (Rehabilitation Medicine).
- JONATHAN PORTER**, A.B., Harvard University; M.A., University of Colorado. Instructor in History.
- GENEVIEVE REBECCA PORTERFIELD**, Ph.B., University of Chicago; M.S., Columbia University. General Reference Librarian, Associate Professor of Librarianship.
- [†] **LAWRENCE DARE POSEY**, B.S., M.S., Ph.D., University of California. Adjunct Professor of Nuclear Engineering.
- LOREN DAVID POTTER**, B.S., North Dakota State Agricultural College; M.A., Oberlin College; Ph.D., University of Minnesota. Professor of Biology, Chairman of the Department of Biology.
- ⁴ **MARY JANE POWER**, A.B., Regis College; A.M., Ph.D., University of Wisconsin. Assistant Professor of English.
- MARY CAROLINE POZORSKI**, B.S.N., University of Wisconsin; M.S.N., Case Western Reserve University. Nursing Education Specialist, New Mexico Regional Medical Program; Assistant Professor of Nursing.
-
- ANTOINE PREDOCK**, B.Arch., Columbia University. Lecturer in Architecture (Part-time).
- ANN ELAINE PRESSMAN**, B.A., Swarthmore College; M.D., New York University. Assistant Professor of Epidemiology and Community Medicine.
- LOUIS ELLIOT PRICE**, A.B., University of California at Los Angeles; M.A., Ph.D., State University of Iowa. Associate Professor of Psychology.

⁴ On leave for the year.[†] First Semester only.

- GEORGE TAYLOR PRIGMORE**, B.S., B.A., M.A., Texas Technological University; Ed.D., University of New Mexico. Assistant Professor of Secondary Education; ^aAssistant to the Dean, College of Education.
- DONALD VICTOR PRIOLA**, B.S., Ph.D., Loyola University. Assistant Professor of Pharmacology.
- PETER PROUSE**, B.A., Princeton University; M.A., University of New Mexico; Ph.D., Northwestern University. Professor of Secondary Education.
- NOEL HARVEY PUGACH**, B.A., Brooklyn College; M.A., Ph.D., University of Wisconsin. Assistant Professor of History.
- CLIFFORD RAY QUALLS**, B.A., Long Beach State College; M.A., Ph.D., University of California (Riverside). Assistant Professor of Mathematics.
- ALEX THADDEUS QUENK**, B.A., University of Connecticut; A.M., University of Michigan; Ph.D., University of California (Berkeley). Assistant Professor of Psychiatry (Psychology).
- NAOMI LITT QUENK**, B.A., M.A., Brooklyn College; Ph.D., University of California. Instructor in Epidemiology and Community Medicine (Part-time).
- GEORGE HEINZ QUENTIN**, B.Ch.E., Rensselaer Polytechnic Institute; M.S.Ch.E., Ph.D., Iowa State University. Assistant Professor of Chemical Engineering.
- ^a **RICHARD EDWARD RANSOM**, B.A., University of New Mexico; LL.B., Georgetown University Law Center. Lecturer in Law (Part-time).
- BOGGAVARAPU L. RAO**, B.E., Andhra University (India); M.E., Indian Institute of Science; M.S., Cornell University. Visiting Assistant Professor of Electrical Engineering.
- ALBERT RATNER**, B.S., Brooklyn College; M.S., Ph.D., Michigan State University. Assistant Professor of Physiology.
- ROBERT KENNETH RAY**, B.F.A., John Herron Art School; M.F.A., Yale University. Assistant Professor of Art.
- WILLIAM PATRICK REED**, A.B., Harvard College; M.D., Harvard School of Medicine. Instructor in Medicine.
- ^a **VICTOR H. REGENER**, Dr.-Ing., Technische Hochschule, Stuttgart. Research Professor of Physics, Chairman of the Department of Physics and Astronomy.
- ROBERT RICHARD REHDER**, A.B., Depauw University; M.B.A., Indiana University; Ph.D., Stanford University. Dean of the School of Business and Administrative Sciences, Professor of Business and Administrative Sciences.
- ^a **DONALD REICHMANN**, B.A., Elmhurst College; B.L.S., University of Chicago. Instructor in Secondary Education (Library Science) (Part-time).
- RICHARD ALAN REID**, B.S.M.E., Case Western Reserve University; M.B.A., Ohio State University. Assistant Professor of Business and Administrative Sciences.
- PAUL OLIVER REKSTAD**, B.A., Northland College; M.A., University of Minnesota. Instructor in Pediatrics (Social Work).
- DAVID A. REMLEY**, A.B., Wabash College; A.M.T., Harvard University; Ph.D., Indiana University. Assistant Professor of English.
- ^a **VIRGINIA REVA**, B.A., St. Mary's College, Notre Dame; M.A., University of Michigan. Associate Professor of Business Education.
- COSMA BEE RHINEHART**, R.N., Stanford University School of Nursing; B.S., University of California at Los Angeles; M.A., Teachers College, Columbia University. Instructor in Nursing.
- WILLIAM EARL RHOADS**, B.Mus., M.Mus., University of Michigan. Professor of Music.
- HAROLD V. RHODES**, B.A., M.A., University of Wichita; Ph.D., University of Arizona. Associate Professor of Political Science, Acting Chairman of the Department of Political Science.
- JOHN MARSHALL RHODES**, B.A., University of California at Los Angeles; M.A., Los Angeles State College; Ph.D., University of Southern California. Professor of Psychology.
- CLARENCE W. RICHARD**, A.B., Wayne State College; M.A., Ed.D., University of Nebraska. Visiting Associate Professor of Educational Administration.
- CHARLES GILBERT RICHARDS**, B.S.E., M.S.E., Ph.D., University of Michigan. Associate Professor of Mechanical Engineering.
- HARVEY A. RICHTER**, B.A., University of New Mexico; M.A., Ph.D., New York University. Lecturer in English (Part-time).

^a On sabbatical leave second semester.^a Second Semester only.

- JOHN ALLEN RIDER, B.S., Northwestern State College; M.A., University of Wyoming; Ed.D., University of Nebraska. Associate Professor of Business Education.
- HAROLD ORVILLE RIED, B.A., Nebraska Wesleyan University; M.A., Ph.D., University of Nebraska. Professor of Speech.
- MARVIN LeROY RIEDESEL, B.A., Cornell College; M.S., Ph.D., State University of Iowa. Associate Professor of Biology.
- BRUCE JOSEPH RIGSBY, B.A., University of Louisville; Ph.D., University of Oregon. Associate Professor of Anthropology.
- ROBERT BARTLETT RILEY, Ph.B., University of Chicago; B. Arch., Massachusetts Institute of Technology. Associate Professor of Architecture.
- ⁷ ADELBERT LEE ROARK, B.S., M.A., University of Kentucky; Ph.D., University of New Mexico. Visiting Lecturer in Mathematics (Part-time).
- RICHARD GARDNER ROBBINS, JR., B.A., Williams College; M.A., Columbia University. Assistant Professor of History.
- ELAINE ROBERT, Abitur, Frauenoberschule, Vienna. Instructor in Modern Languages (Part-time).

⁷ First Semester only.

¹⁵ Resigned 1/31/70.

- RICHARD JOSEPH SEI**, D.D.S., Creighton University. Lecturer in Dental Programs (Part-time).
- ARMOND HAROLD SEIDLER**, B.S., M.S., Ph.D., University of Illinois; F.A.C.S.M. Professor of Physical Education; Chairman of the Department of Health, Physical Education, and Recreation.
- WESLEY THOMAS SELBY**, B.F.A., M.M., University of New Mexico; M.M., University of Colorado. Lecturer in Music.
- ROBERT ALAN SENESCU**, B.A., Columbia College; M.D., Boston University Medical School. Professor of Psychiatry, Chairman of the Department of Psychiatry, Director of Bernalillo County Mental Health Center.
- WILLIAM MAC SEYMOUR**, B.Mus.Ed., Music and Arts College; Ed.D., Washington University. Assistant Professor of Music.
- LAWRENCE FRED SHAMPINE**, B.S., Ph.D., California Institute of Technology. Associate Professor of Mathematics.
- MALCOLM PITMAN SHARP**, B.A., Amherst College; M.A., University of Wisconsin; LL.B., S.J.D., Harvard Law School. Visiting Professor of Law.
- WILLIAM ANDREW SHINNICK**, B.S., Northwestern University; M.S., Massachusetts Institute of Technology. Director of the Technology Application Center (ISRAD), Assistant Professor of Business and Administrative Sciences (Part-time).
- JON DURBIN SHOOP**, B.S., M.D., Tufts University. Assistant Professor of Radiology, Chief of the Division of Nuclear Medicine.
- JERRY MARK SHUCK**, B.S., M.D., D.Sc., University of Cincinnati. Assistant Professor of Surgery.
- ROGER WALLACE SHUGG**, A.B., A.M., Ph.D., Princeton University. Director of the University Press, Professor of History (Part-time).
- ROBERT JUDD SICKELS**, B.A., M.A., University of Chicago; Ph.D., Johns Hopkins University. Associate Professor of Political Science.
- ERNEST R. SIMON**, M.D., Harvard Medical School. Professor of Medicine.
- JUDITH LEAH SIMON**, B.A., Western Reserve University; M.D., University of Cincinnati College of Medicine. Assistant Professor of Radiology.
- KATHERINE GAUSS SIMONS**, B.A., Grinnell College; M.A., Columbia University. Professor of English.
- CAROLYN ANN SIRKEL**, B.F.A., University of New Mexico; M.F.A., San Jose State College. Assistant Professor of Dramatic Art.
- DONALD EMANUEL SKABELUND**, B.S., Utah State University; Ph.D., University of Utah. Associate Professor of History.
- VICTOR J. SKOGLUND**, B.S., M.S., University of California; D.Eng., Yale University. Professor of Mechanical Engineering.
- DANIEL MICHAEL SLATE**, B.S., M.A., Ph.D., University of Washington. Professor of Business and Administrative Sciences.
- ELLA MAY SMALL**, B.A., Texas Wesleyan College; M.A., Texas State College for Women; Ed.D., University of California at Los Angeles. Professor of Health Education; Assistant Chairman for Health Education, Department of Health, Physical Education, and Recreation.
- DANIEL EDWARD SMITH**, B.A., University of New Mexico; M.D., University of Colorado School of Medicine. Assistant Professor of Surgery.
- GEORGE WINSTON SMITH**, B.A., M.A., University of Illinois; Ph.D., University of Wisconsin. Professor of History.
- LESLIE FRANK SMITH**, B.Sc., Ph.D., University of London. Assistant Professor of Biochemistry.
- ^a **MARY ELIZABETH SMITH**, B.A., University of Michigan; M.A., Columbia University; Ph.D., Yale University. Assistant Professor of Art.
- MARY MARGARET SMITH**, B.S., M.S., Montana State University. Assistant Professor of Home Economics.
- SAMUEL DAVID SMITH**, Studied in Africa, Orient, Near East, and United States. Professor of Art.
- SARA DAWN SMITH**, B.S., M.A., University of New Mexico. Instructor in Elementary Education.
- SHERMAN EVERETT SMITH**, B.S., South Dakota School of Mines and Technology; Ph.D., Ohio State University. Vice President for Administration and Development, Professor of Chemistry.

^a On leave second semester.

- WILLIAM DAVIS SMITH**, B.S., University of Southern Mississippi; M.A., University of New Mexico. Instructor in Elementary Education (Part-time).
- ² **ROBERT EDWIN SNAPP**, B.A., M.A., University of New Mexico; M.F.A., Yale University. Professor of Dramatic Art.
- RODMAN ELDREDGE SNEAD**, B.A., University of Virginia; M.A., Syracuse University; Ph.D., Louisiana State University. Professor of Geography.
- EDNELL MARGARET SNELL**, B.S., B.Ed., M.A., Washington State University; Ed.D., Teachers College, Columbia University. Associate Professor of Home Economics, Chairman of the Department of Home Economics.
- JANE SNOW**, B.Mus., M.Mus., Cincinnati College of Music. Associate Professor of Music.
- ROSS LELAND SNYDER**, B.A., Swarthmore College; B.D., Yale Divinity School; M.D., Yale Medical School. Assistant Professor of Psychiatry.
- RUSSELL DEWEY SNYDER**, B.A., Swarthmore College; M.D., University of Pennsylvania. Assistant Professor of Pediatrics and of Neurology.
- SIDNEY SOLOMON**, B.S., University of Massachusetts; Ph.D., University of Chicago. Professor of Physiology, Chairman of the Department of Physiology.
- ROGER LOUIS SOPHER**, B.S., St. Mary's College of California; M.D., Johns Hopkins University. Assistant Professor of Pathology.
- HAROLD DEAN SOUTHWARD**, B.S., West Texas State College; M.A., Ph.D., University of Texas. Professor of Electrical Engineering.
- MARIE FEARING SOVEREIGN**, B.A., Houghton College; M.A., University of New Mexico; Ph.D., University of Texas. Instructor in Modern Languages (Part-time).
- CHARLES TERRY SPALDING**, B.S., Florence State College; Ph.D., Vanderbilt University. Instructor in Pharmacology.
- DALE SPARKS**, B.A., B.S., Iowa State University. Assistant Professor of Electrical Engineering.
- BERNARD SPOLSKY**, B.A., M.A., Victoria University of Wellington (New Zealand); Ph.D., Université de Montreal. Associate Professor of Linguistics and of Elementary Education.
- ELLEN SPOLSKY**, B.A., McGill University; M.A., Ph.D., Indiana University. Assistant Professor of English.
- GEORGE PETER SPRINGER**, A.B., M.A.T., M.A., Ph.D., Harvard University. Vice President for Research, Dean of the Graduate School, Associate Professor of Anthropology.
- MARJORIE EVARTS SPRINGER**, B.A., Smith College; M.S.W., Simmons College. Adjunct Instructor in Psychiatry (Social Work).
- JAMES NORMAN SPUHLER**, B.A., University of New Mexico; M.A., Ph.D., Harvard University. Leslie Spier Professor of Anthropology.
- KENNETH HOTTENSTEIN STAHL**, B.A., Carthage College; B.S., M.S., State University of Iowa; Ph.D., University of Maryland. Associate Professor of Pharmaceutical Chemistry, Acting Dean of the College of Pharmacy.
- STANLEY N. STARK**, M.D., University of Colorado. Adjunct Assistant Professor of Pediatrics.
- ⁷ **SAMUEL DOW STEARNS**, B.S.E.E., Stanford University; M.S.E.E., Ph.D., University of New Mexico. Adjunct Professor of Electrical Engineering.
- CHARLIE RUPERT STEEN III**, B.A., University of New Mexico. Visiting Assistant Professor of History.
- ARTHUR STEGER**, B.A., University of Pennsylvania; M.A., Ph.D., University of California. Associate Professor of Mathematics.
- ⁷ **LOUIS SMITH STEPHEN**, B.A., M.A., University of New Mexico. Instructor in Guidance and Special Education (Part-time).
- JACK RAMSEY STEPHENSON**, B.Mus.Ed., B.Mus., M.Mus.Ed., Ph.D., University of Kansas. Professor of Music.
- JOANNE WINIFRED STERLING**, B.A., Chatham College; M.A., Ph.D., University of New Mexico. Instructor in Psychiatry (Rehabilitation).
- ROBERT SAMUEL STONE**, B.A., Brooklyn College; M.D., Downstate Medical Center, State University of New York. Vice-President for Health Services, Dean of the School of Medicine. Professor of Pathology.
- GEORGE STOUMBIS**, B.S., Minot State College; M.Ed., Ed.D., University of Oregon. Associate Professor of Secondary Education.

² On sabbatical leave for first semester.

⁷ First Semester only.

- DAVID STRATMAN, LL.B., University of Cuza (Romania). Visiting Assistant Professor of Sociology.
- WILLIAM TAFT STUART, A.B., George Washington University; Ph.D., University of Oregon. Assistant Professor of Anthropology.
- HARRY PAUL STUMPF, B.A., University of Colorado; M.A., George Washington University; Ph.D., Northwestern University. Associate Professor of Political Science.
- ERNEST T. SUAZO, B.A., University of New Mexico; M.Ed., University of Arkansas. Instructor in Psychiatry (Rehabilitation).
- DONALD DAVID SULLIVAN, A.B., A.M., University of Chicago; Ph.D., University of Colorado. Assistant Professor of History.
- DEREK BERTRAM SWINSON, B.Sc., Queen's University, Belfast; M.Sc., Ph.D., University of Alberta. Assistant Professor of Physics.
- FERENC MORTON SZASZ, B.A., Ohio Wesleyan University; Ph.D., University of Rochester. Assistant Professor of History.
- DONALD GEORGE TAILBY, B.A., M.A., Ph.D., Rutgers University. Associate Professor of Economics.
- AUDREY WOODROW TALLEY, A.B., Murray State University; M.D., University of Tennessee College of Medicine. Assistant Professor of Surgery; Head, Division of Anesthesiology.
- ROBERT EDWIN TAPSCOTT, B.S., University of Colorado; Ph.D., University of Illinois. Assistant Professor of Chemistry.
- ⁶ JOHN TATSCHL, Diploma, Austrian State Teachers College; Diploma, Vienna Academy of Applied Arts; Diploma, Master School of Sculpture, Vienna Academy of Fine Arts. Professor of Art.
- ¹⁰ HAROLD TAYLOR, B.A., M.A., University of Toronto; Ph.D., University of London. Popejoy Visiting Professor.
- LARRY R. TAYLOR, B.S., Southwest State College; M.D., University of Oklahoma. Adjunct Instructor in Psychiatry.
- ERNEST WARNOCK TEDLOCK, JR., B.A., M.A., University of Missouri; Ph.D., University of Southern California. Professor of English.
- CHARLES SPIRO TELLY, B.A., Williams College; LL.B., J.D., University of Buffalo; M.A., University of Arizona; D.B.A., University of Washington. Assistant Professor of Business and Administrative Sciences.
- JAMES LEO THEODORES, B.S.E., Massachusetts State College; M.A., New York University. Assistant Professor of Educational Administration; School Plant Planning Specialist, Colombia Project.
- PAUL THORLEIF THERKILDSEN, B.S., Bradley University; M.S., Ph.D., University of Colorado. Associate Professor of Economics.
- ROY THOMAS, B.Sc., University of Alberta; Ph.D., University of California. Professor of Physics.
- DAVID BRADFORD THOMPSON, B.A., Harvard University; M.A., Ph.D., Cornell University. Assistant Professor of Modern and Classical Languages (Classics).
- STEVEN WRIGHT THOMPSON, B.A., M.D., Ohio State University. Associate Professor of Neurology and of Medicine.
- WAYNE WALTER THORNBERRY, D.M.D., University of Oregon. Instructor in Dental Programs (Part-time).
- JAMES LLEWELLYN THORSON, B.S. in Ed., M.A., University of Nebraska; Ph.D., Cornell University. Assistant Professor of English.
- MARCIA TILLOTSON, B.A., Radcliffe College; M.A., Ph.D., University of Chicago. Assistant Professor of English.
- SEI TOKUDA, B.S., University of Hawaii; Ph.D., University of Washington. Associate Professor of Microbiology.
- RICHARD FINN TOMASSON, B.A., Gettysburg College; M.A., University of Illinois; Ph.D., University of Pennsylvania. Associate Professor of Sociology, Chairman of the Department of Sociology.
- JACK EDWARD TOMLINS, B.A., M.A., University of New Mexico; M.A., Ph.D., Princeton University. Associate Professor of Modern Languages.
- RICHARD FRANCIS TONIGAN, B.S., M.S., University of Illinois; Ed.D., Columbia University. Director of the Bureau of Educational Planning and Development, Associate Professor of Educational Administration.

⁶ On leave second semester.

¹⁰ 2/5-3/19/70.

- GERALD LEIGH TRAUT**, B.S., University of Wisconsin (Milwaukee); M.S., Ph.D., University of New Mexico. Assistant Professor of Biology.
- CHESTER COLEMAN TRAVELSTEAD**, B.A., Western Kentucky State College; M.Mus., Northwestern University; Ph.D., University of Kentucky. Vice President for Academic Affairs, Professor of Educational Administration.
- DOROTHY WEBB TRESTER**, B.S., M.S., Louisiana State University. Serials Librarian, Assistant Professor of Librarianship.
- GEORGE EMMANUEL TRIANDAFILIDIS**, B.S., Robert College; M.S., Ph.D., University of Illinois. Professor of Civil Engineering and Research Engineering.
- GARY MILLER TROUP**, B.A., Miami University; M.D., University of Cincinnati College of Medicine. Associate Professor of Pathology.
- GREGORY HORACE TROVATO**, Certificate, Baltimore City Hospitals School of Radiologic Technology. Lecturer in Radiology.
- ¹ **HOYT TROWBRIDGE**, B.A., M.A., Ph.D., University of Wisconsin. Professor of English.
- LOUIS CREIGHTON TULGA**, B.A., M.A., Wheaton College; Ph.D., Ohio State University. Assistant Professor of History.
- JAMES H. TURNER**, B.S., University of Maine; M.S., Ph.D., Clemson University. Assistant Professor of Chemical Engineering.
- HOWARD NELSON TUTTLE**, B.A., M.A., University of Utah; M.A., Harvard University; Ph.D., Brandeis University. Assistant Professor of Philosophy.
- PAUL WILLIAM TWEETEN**, B.A., M.A., Ph.D., University of Iowa. Associate Professor of Secondary Education.
- ⁸ **ANTHONY UGALDE**, B.A., University of Madrid; M.A., Ph.D., Stanford University. Assistant Professor of Sociology.
- HORACIO ULIBARRÍ**, B.A., St. Thomas Seminary; M.A., New Mexico Highlands University; Ed.D., University of New Mexico. Associate Professor of Educational Administration.
- MARI-LUCI ULIBARRÍ**, B.A., New Mexico Highlands University; M.A., University of California at Los Angeles. Assistant Director in Educational Service, Minority Groups Cultural Awareness Center; Instructor in Elementary Education.
- ⁸ **RODOLFO ULIBARRÍ**, B.A., University of New Mexico. Instructor in Health, Physical Education, and Recreation (Part-time).
- SABINE REYES ULIBARRÍ**, B.A., M.A., University of New Mexico; Ph.D., University of California at Los Angeles. Professor of Modern Languages.
- JOHN AUGUST ULRICH**, B.S., St. Thomas College; Ph.D., University of Minnesota. Professor of Microbiology and of Pathology.
- MARIO URDANETA**, B.A., Certificate of Social Work, M.S.W., University of Puerto Rico. Instructor in Psychiatry (Social Work).
- ALBERT EDGAR UTTON**, B.A., University of New Mexico; B.A., M.A. (Juris.), Oxford University. Professor of Law, Editor of the *Natural Resources Journal*.
- ⁸ **ATILANO VALENCIA**, B.A., M.A., New Mexico Highlands University; Ed.D., Stanford University. Lecturer in Elementary Education (Part-time).
- THEODORE NORMAN VAN COTT**, B.A., California State College at Long Beach; M.A., Ph.D., University of Washington. Assistant Professor of Economics.
- NICHOLAS ERNEST VANDERBORGH**, A.B., Hope College; M.A., Ph.D., Southern Illinois University. Assistant Professor of Chemistry.
- DAVID LEE VANDER JAGT**, A.B., Calvin College; Ph.D., Purdue University. Assistant Professor of Chemistry.
- RICHARD D. VAN DONGEN**, B.S., M.A., University of New Mexico. Instructor in Elementary Education.
- EUGENE FRANCIS VAN EPPS**, M.D., University of Iowa School of Medicine. Professor of Radiology.
- MARILYN JANET VAN GRABER**, B.A., University of Vermont; M.A., University of Alabama; Ph.D., University of Iowa. Assistant Professor of Speech.
- ZEE M. VAN HOOSE**, B.A., Oklahoma City College for Women; M.A., Los Angeles State College. Instructor in Special Education.

¹ On sabbatical leave for the year.

⁸ Second Semester only.

⁶ On leave second semester.

- ALBERT WILLIAM VOGEL**, B.A., M.A., University of New Mexico; Ed.D., American University. Associate Professor of Educational Foundations, Chairman of the Department of Educational Foundations.
- HELMUTH WILHELM VORHERR**, M.D., University of Mainz/Rhein (West Germany). Associate Professor of Obstetrics and Gynecology and of Pharmacology.
- WALTER WARREN WAGAR**, B.A., Franklin and Marshall College; M.A., Indiana University; Ph.D., Yale University. Associate Professor of History.
- JERROLD L. WALDEN**, A.B., Union College; LL.B., Columbia Law School; J.S.D., Yale University. Professor of Law.
- JAMES ALEXANDER WALDIE**, Diploma, Vancouver Art School; Certificate, Vancouver Normal School. Instructor in Art Education.
- EUGENE MILES WALDMAN**, B.A., St. Cloud State College; M.S.W., University of Minnesota. Instructor in Psychiatry (Social Work).
- HAROLD LEROY WALKER**, B.S., M.S., E.Met., Michigan College of Mining and Technology. Director of Research and Fellowship Services, Professor of Metallurgical Engineering.
- JOHN HENDERSON WALKER**, B.S., Texas A & M University; M.D., University of Texas. University Physician, Associate Professor of Health Education.
- ROBERT WILLIS WALKER**, A.B., LL.B., West Virginia University; LL.M., Harvard University. Assistant Professor of Law.
- ROBERT J. WALPOLE**, D.D.S., Baylor University. Lecturer in Dental Programs (Part-time).
- EDWARD A. WALTERS**, B.S., Pacific Lutheran University; Ph.D., University of Minnesota. Assistant Professor of Chemistry.
- L. HELEN WALTERS**, B.S., Teachers College, Columbia University; M.A., University of Minnesota; Ed.D., Colorado State College. Associate Professor of Elementary Education.
- DONALD SCOTT WARDER**, B.A., University of New Mexico; M.S., Purdue University. Assistant Professor of Recreation.
- FREDERICK BOLTON WARNER**, B.A., M.A., University of Arkansas; LL.B., University of Colorado; Ph.D., University of Illinois. Assistant Professor of English.
- RICHARD ALLEN WARNER**, B.S., Central Michigan University; M.S., Bradley University; Sp.E., University of Michigan; Ed.D., Texas A & M University. Associate Professor of Industrial Education.
- CHARLES WILLIAM WARREN**, B.Mus.Ed., Northwestern University; M.Mus., University of Southern California; M.A.L.S., Indiana University. Cataloger, Assistant Professor of Librarianship.
- ELIZABETH WATERS**, Hanya Holm School, New York City; student of the dance with Ruth St. Denis. Assistant Professor of Dance.
- ¹⁴ **FRED WILLIAM WATKINS**, B.A., M.D., University of Colorado. Instructor in Medicine.
- RICHARD S. WATTS**, M.D., Wayne University. Assistant Professor of Medicine.
- JAMES KILBURN WEAVER**, B.A., Harvard College; M.D., University of Colorado School of Medicine. Adjunct Associate Professor of Surgery.
- FREDERICK NELSON WEBBER**, B.S., George Washington University; M.D., Medical College of Virginia. Instructor in Psychiatry.
- U. WILLIAM WEEKS**, B.S., M.S., Iowa State University. Administrative Assistant for the New Mexico Regional Medical Program; Associate Professor of Health, Physical Education, and Recreation.
- HENRY P. WEIHOFEN**, Ph.B., J.D., J.S.D., University of Chicago. Professor of Law.
- PAULA FENIMORE WEINS**, B.S., Bradley University; M.A., Northwestern University. Assistant Professor of Nursing.
- WILLIAM LOUIS WEISMANTEL**, B.S.C.E., University of Missouri (Rolla); LL.B., Ph.D., Harvard University. Associate Professor of Architecture.
- GERALD K. WEISS**, B.A., St. Olaf College; M.S., Ph.D., University of Illinois. Assistant Professor of Physiology.
- STANLEY WEITZNER**, B.A., New York University; M.D., University of Geneva, Switzerland. Instructor in Pathology.
- EUGENE WILLIAM WELCH**, B.S., M.S., Arizona State University; B.F.T., American Institute for Foreign Trade. Assistant Professor of Business and Administrative Sciences.

¹⁴ Resigned 12/31/69.

LAUREN KEITH WELCH, B.A., M.D., University of Kansas. Assistant Professor of Neurology.

ROSEMARIE WELSH, Diplom-Dolmetscher, Heidelberg University. Instructor in Modern Languages.

SHERMAN ALEXANDER WENGERD, B.A., College of Wooster; M.A., Ph.D., Harvard University. Professor of Geology.

FRANCIS CHRISTOPHER WESSLING, JR., B.S., Washington University; M.S., University of New Mexico; Ph.D., University of Minnesota. Assistant Professor of Mechanical Engineering.

GLENN ALAN WHAN, B.S., Indiana Institute of Technology; M.S., Montana State University; Ph.D., Carnegie Institute of Technology. Professor of Nuclear Engineering, Chairman of the Department of Nuclear Engineering.

ROBERT WHANG, B.S., M.D., St. Louis University. Associate Professor of Medicine.

¹ **MARY BESS WHIDDEN, B.A., Ph.D.,** University of Texas; M.A., University of North Carolina. Assistant Professor of English.

⁷ **BEVERLY CLAIRE WHITE, B.S.,** University of Arizona. Clinical Instructor in Nursing.

JULIAN EUGENE WHITE, JR., B.A., Randolph-Macon College; M.A., Ph.D., University of North Carolina. Associate Professor of Modern Languages.

ROBERT HAROLD WHITE, B.A., M.Ed., Ph.D., University of Arizona. Assistant Professor of Secondary Education.

HELEN WHITESIDE, B.A., B.S., East Texas State Teachers College; M.A., West Texas State Teachers College; M.A., Ed.D., Teachers College, Columbia University. Dean of Women, Associate Dean of Students, Associate Professor of Guidance.

JAMES LOVIC WHITLOW, B.F.A., M.Mus., University of New Mexico. Assistant Professor of Music.

GAYNOR CLARKE WILD, B.S., South Dakota School of Mines and Technology; Ph.D., Tulane University. Assistant Professor of Biochemistry.

MAURICE WILBERT WILDIN, B.S.M.E., University of Kansas; M.S.M.E., Ph.D., Purdue University. Associate Professor of Mechanical Engineering, Chairman of the Department of Mechanical Engineering.

RALPH C. WILLIAMS, JR., A.B., M.D., Cornell University. Professor of Medicine, Chairman of the Department of Medicine.

¹ **RICHARD HUSTON WILLIAMS, B.S., B.A.,** Valparaiso University; M.S., Sc.D., University of New Mexico. Associate Professor of Electrical Engineering.

GEORGE MILTON WING, B.A., M.S., University of Rochester; Ph.D., Cornell University. Professor of Mathematics.

WALTER WILLIAM WINSLOW, B.S., La Sierra College; M.D., Loma Linda University. Associate Professor of Psychiatry.

LOTHAR GEORGE WINTER, B.B.A., College of Business Administration, Konigsberg; M.A., Ph.D., University of Freiburg. Professor of Business and Administrative Sciences.

SVEN FREDERICK WINTHER, B.A., Pacific Lutheran College; M.S., Ed.D., University of Oregon. Assistant to the Director of the University College and Counseling Center, Assistant Professor of Guidance.

⁸ **TOMMIE PHILLIP WOLF, B.A.,** Municipal University of Wichita; M.A., Ph.D., Stanford University. Assistant Professor of Political Science.

⁷ **LENORE OLIVE WOLFE, B.S., M.A.,** University of New Mexico. Instructor in Elementary Education.

NATHANIEL WOLLMAN, B.A., Pennsylvania State College; Ph.D., Princeton University. Dean of the College of Arts and Sciences, Professor of Economics.

EVELYN EKARD WONG, A.B., University of Illinois; M.L.S., University of California (Los Angeles). Gift and Exchange Librarian, Instructor in Librarianship.

DOROTHY ARLENE WONSMOS, B.A., St. Olaf College; M.A., George Peabody College for Teachers. Inter-Library Loan Librarian, Assistant Professor of Librarianship.

BEULAH MARIE WOODFIN, B.A., Vanderbilt University; M.S., Ph.D., University of Illinois. Assistant Professor of Biochemistry.

CHARLES EMMERT WOODHOUSE, B.A., University of Colorado; M.A., Ph.D., University of California. Associate Professor of Sociology.

¹ On sabbatical leave for the year.

⁷ First Semester only.

⁸ On sabbatical leave second semester.

- LLOYD WILBUR WOORUFF**, B.A., University of South Dakota; M.S., University of Denver; Ph.D., University of Minnesota. Visiting Associate Professor of Public Administration.
- LEE ALBERT WOODWARD**, B.S., B.A., M.S., Montana State University; Ph.D., University of Washington. Associate Professor of Geology.
- DON KEITH WORDEN**, B.A., Ph.D., Western Michigan University. Assistant Professor of Pediatrics and of Psychiatry (Psychology).
- ROBERT D. WRINKLE**, B.A., Texas A & I College; M.A., Texas Technological College; Ph.D., University of Arizona. Visiting Assistant Professor of Political Science; Assistant Director, Division of Government Research (ISRAD).
- ⁷ **DONALD COOLIDGE WUNSCH**, B.S., New Mexico State University; M.S., University of New Mexico; D.Sc., New Mexico State University. Adjunct Professor of Electrical Engineering.
- DUDLEY WYNN**, B.A., University of Texas; M.A., Ph.D., New York University. Director of the General Honors Program, Professor of English.
- DAVID GEORGE WYSE**, B.S., M.S., University of British Columbia; Ph.D., McGill University. Visiting Instructor in Pharmacology (Part-time).
- ⁸ **JAMES TSU-PING YAO**, B.S., M.S., Ph.D., University of Illinois. Professor of Civil Engineering.
- ⁴ **JOHN ALBERT YEAKEL**, B.S., M.S., Pennsylvania State University; C.P.A. Assistant Professor of Business and Administrative Sciences.
- JOSEPH EUGENE YELL, JR.**, B.F.A., M.F.A., Art Institute of Chicago. Professor of Dramatic Art, Acting Chairman of the Department of Dramatic Art.
- SIDNEY SHIH-CHWEN YEN**, B.A., Taiwan Normal University; M.L.S., George Peabody College for Teachers. Cataloger, Instructor in Librarianship.
- HANNA ACHSA ZACKS**, B.A., M.A., Hebrew University (Jerusalem); Ph.D., Columbia University. Assistant Professor of Philosophy (Part-time).
- SHELEMYAHU ZACKS**, B.A., Hebrew University (Jerusalem); M.Sc., Technion, Israel Institute of Technology; Ph.D., Columbia University. Professor of Mathematics.
- JOSEPH BENEDICT ZAVADIL**, B.A., M.A., Loyola University; Ph.D., Stanford University. Associate Professor of English, Acting Chairman of the Department of English.
- NICHOLAS HENRY ZELLER**, B.S., St. Thomas College; M.D., University of Minnesota. Instructor in Medicine.
- JOHN THOMAS ZEPPER**, B.S.Ed., Glassboro State College; M.Ed., Ohio University; Ed.D., University of Missouri. Associate Professor of Educational Foundations.
- GORDON ALVIN ZICK**, B.A., University of Wisconsin; M.Ed., Wisconsin State University; Ed.D., University of Illinois. Assistant Professor of Guidance.
- WILLIAM JOHN ZIMMER**, B.S., St. Joseph's College (Rensselaer, Indiana); M.S., Ph.D., Purdue University. Visiting Associate Professor of Mathematics.
- EDWARD AUGUST ZIMMERMAN**, B.S., University of Dayton; M.D., St. Louis School of Medicine. Professor of Obstetrics and Gynecology.
- MILES VERNON ZINTZ**, B.A., Iowa State Teachers College; M.A., Ph.D., State University of Iowa. Professor of Elementary Education.
- ⁹ **EUGENE MILTON ZWOYER**, B.S. in C.E., University of New Mexico; M.S. in C.E., Illinois Institute of Technology; Ph.D., University of Illinois. Director of Eric H. Wang Civil Engineering Research Facility, Research Professor of Civil Engineering.

ANDEAN STUDY AND RESEARCH CENTER, QUITO, ECUADOR

- THEODORE ALAN SACKETT**, B.A., University of California (Riverside); M.A., Ph.D., University of Arizona. Resident Director of the Andean Study & Research Center, Professor of Spanish Literature.
- ROBERT E. NORRIS**, B.A., Texas Christian University; Ph.D., University of New Mexico. Visiting Assistant Professor of Latin American History (Part-time).

⁸ On sabbatical leave second semester.

⁷ First Semester only.

⁴ On leave for the year.

BRANCH COLLEGE AT GALLUP

- [†] JOHNNY LEE CARANO, B.S., M.T., Northeastern State College. Instructor in Drafting (Part-time).
- [†] WILFRED ERIACHO, B.S., University of New Mexico. Instructor in Art Education (Part-time).
- MARY JUDITH FITZER, B.S., Southeastern State College. Instructor in Business Education (Part-time).
- PAUL WESLEY FITZER, B.S., M.A., Southeastern State College. Instructor in Mathematics (Part-time).
- PATRICIA ANN GILL, B.A., M.A., Ed.S., Eastern New Mexico University. Instructor in Psychology (Part-time).
- [†] ALVIN C. HERONEMUS, B.S., West Texas State University. Instructor in Business (Part-time).
- ED JONES, JR., A.B., Southeastern State College; A.S., Murray State College; M.A.T., East Central State College. Instructor in Mathematics (Part-time).
- [†] GERARD E. KAYE, B.A., M.A., Texas Christian University; B.D., Southern Methodist University. Instructor in History (Part-time).
- JACKIE WALDON MARKHAM, B.S., M.Ed., West Texas State University. Instructor in English (Part-time).
- PAUL JAMES McCOLLUM, B.B.A., University of New Mexico. Instructor and Coordinator of Technical Business Program.
- LELAND DEAN POPE, B.S., M.S., Oklahoma A & M College. Instructor in Secondary Education (Part-time).
- [†] GENEVIEVE GRACE POTTS, M.L.S., University of Denver, Librarian (Part-time).
- ROYLE CARLTON ROWE, B.A., M.A., University of Montana. Instructor in Geology (Part-time).
- STUART LEROY RUCKER, B.S., Eastern New Mexico University. Instructor in Biology (Part-time).
- [†] MARY EDITH RUSHTON, B.A., University of Toronto; M.A., University of New Mexico. Instructor in Anthropology (Part-time).
- BOYCE CAUBLE RUSSELL, B.A., Eastern New Mexico University; M.A.T., New Mexico State University. Instructor in Physical Education.
- [†] CHARLES JERROLD SALEK, B.A., Rutgers University; M.A., Ed.D., Teachers College, Columbia. Instructor in Educational Foundations (Part-time).
- [†] LARRY GLEN SCOTT, B.A., University of North Dakota. Instructor in Sociology (Part-time).
- [†] MARILYN KAYE WALKER, B.A., Swarthmore College; M.A., San Francisco State College. Instructor in English (Part-time).
- NIRAM ALLEN WILSON, JR., A.B., Harvard University; B.F.T., American Institute for Foreign Trade. Instructor in Modern Languages.

HOLLOMAN GRADUATE AND CONTINUING EDUCATION CENTER

- CAREY LAW O'BRYAN, JR., A.B., Oklahoma Baptist University; B.S., United States Military Academy; M.S., University of the Philippines. Director of the Graduate and Continuing Education Center, Holloman AFB, Lecturer in English and in Business Administration.
- THOMAS MARTIN BOMBER, B.S., University of Detroit; M.S., Air Force Institute of Technology. Adjunct Instructor in Electrical Engineering.
- HEINRICH WOLFGANG ENGELHARDT, Dipl.-Ing., MSEE, Technical University, Karlsruhe, Germany. Adjunct Instructor in Mathematics.
- [†] CHRISTOPHER ALAN FEUCHTER, B.S., M.S., The Ohio State University. Adjunct Instructor in Astronomy.
- BRUNO JULIUS MANZ, Dipl.-Physicist, University of Mainz, Germany; Dr. rerum naturalis, Institute of Technology, Aachen, Germany. Adjunct Professor of Physics.
- [†] JOSEPH PAUL MARTINO, B.A., Miami University; M.S., Purdue University; Ph.D., Ohio State University. Lecturer in Business Administration (Part-time).
- HOWARD LINDSAY MCKINLEY, JR., B.S., Georgia Institute of Technology; M.S., Air Force Institute of Technology; Ph.D., Stanford University. Adjunct Professor in Electrical Engineering.
- ROBERT GUSTAV TANTZEN, Dipl.-Ing. (Masters) Technical University, Hannover, Germany. Adjunct Instructor in Electrical Engineering.

[†] First Semester only.

LOS ALAMOS GRADUATE CENTER

- RALPH DOUGLAS O'DELL, B.S., Ph.D., University of Texas. Associate Professor of Nuclear Engineering, Director of the Los Alamos Graduate Center.
- [†] CHARLES ALFRED ANDERSON, B.S., M.A., Pennsylvania State University; Ph.D., Brown University. Adjunct Professor of Mathematics. Adjunct Professor of Mechanical Engineering.
- LARA HENRY BAKER, JR., B.S., M.S., Ph.D., New Mexico State University. Adjunct Professor of Electrical Engineering.
- [†] CHARLES ALBERT BANKSTON, JR., B.S., M.S., D.Sc., University of New Mexico. Adjunct Professor of Mechanical Engineering.
- [†] FRANK WELCH CLINARD, JR., B.S., M.S., North Carolina State University; Ph.D., Stanford University. Adjunct Professor of Chemical Engineering.
- ERNEST LEON COOPER, B.A., Bethany Nazarene College; M.S., University of Utah. Adjunct Instructor of Chemistry.
- JAMES DANIEL DOSS, B.S., Kentucky Wesleyan College; M.S., University of New Mexico. Adjunct Instructor of Electrical Engineering.
- CHARLES ROBERT EMIGH, B.S., University of Colorado; M.S., Ph.D., University of Illinois. Adjunct Professor of Physics.
- ⁸ RAYMOND ALLEN GORE, B.S., University of Nevada; M.S., Ph.D., University of New Mexico. Adjunct Professor of Electrical Engineering.
- DUANE GENE HARDER, B.A., Bethany Nazarene College; M.S., Kansas State University. Adjunct Instructor in Mathematics.
- PAUL EUGENE HARPER, B.S., M.S., Oregon State University; Ph.D., Oklahoma State University. Adjunct Professor of Mathematics.
- HARRY GEORGE HECHT, B.S., M.S., Brigham Young University; Ph.D., University of Utah. Adjunct Professor of Chemistry.
- [†] WILLIAM LYNDEMAN HENDRY, B.S., University of California (Los Angeles); M.S., California Institute of Technology; Ph.D., Massachusetts Institute of Technology. Adjunct Professor of Mathematics.
- ⁸ THOMAS JOSEPH HIRONS, B.S., University of Notre Dame; Ph.D., North Carolina State University. Adjunct Professor of Nuclear Engineering.
- JOAN HELENE HUNDHAUSEN, B.S., Duquesne University; M.S., University of Wisconsin; Ph.D., Carnegie Institute of Technology. Adjunct Professor of Mathematics.
- ⁸ DAVID KENNETH KAHANER, B.S., City College of New York; M.S., Ph.D., Stevens Institute of Technology. Adjunct Professor of Mathematics.
- RONALD KEITH LOHRDING, B.A., Southwestern College; M.S., Ph.D., Kansas State University. Adjunct Professor of Mathematics.
- JIMMY FRED McCLARY, B.S., Howard Payne College; M.S., Texas A & M University. Adjunct Instructor in Mathematics.
- ⁸ JAMES BERTRAM MORRIS, JR., B.S., Ph.D., University of Texas. Adjunct Professor of Electrical Engineering.
- [†] NORRIS GEORGE NERESON, B.A., Concordia College; M.S., University of Denver; Ph.D., Cornell University. Adjunct Professor of Nuclear Engineering.
- [†] LEON JOSEPH RADZIEMSKI, JR., B.S., Holy Cross College; M.S., Ph.D., Purdue University. Adjunct Professor of Physics.
- ⁸ JERRY DONALD WACKERLE, B.S., M.S., Ph.D., University of Kansas. Adjunct Professor of Physics.
- [†] STANLEY LEROY WHETSTONE, JR., B.A., Williams College; Ph.D., University of California. Adjunct Professor of Physics.

ADVISORY COUNCIL

Members at Large: DAVID T. BENEDETTI, RICHARD C. DOVE, THEODORE A. DUNN, R. DOUGLAS O'DELL, GEORGE P. SPRINGER, NATHANIEL WOLLMAN.

Chemistry: RAYMOND N. CASTLE, HARRY G. HECHT, JERE D. KNIGHT, DONALD F. PETERSEN.

Engineering: LEWELLYN BOATWRIGHT, JR., WILLIAM S. CLOUSER, RICHARD C. DOVE, ARNOLD KOSCHMANN, MAURICE W. WILDIN.

[†] First Semester only.

⁸ Second Semester only.

Mathematics: WILLIAM A. BEYER, PAUL E. HARPER, JOAN H. HUNDHAUSEN, LAMBERT H. KOOPMANS, ROGER H. MOORE.

Physics: JOSEPH J. DEVANEY, C. ROBERT EMIGH, NELSON JARMIE, CHRISTOPHER P. LEAVITT, VICTOR H. REGENER.

LIBRARIANS

DAVID OTIS KELLEY, B.A., M.A., University of Southern California. Director of the General Library, Professor of Library Science.

DIANA AMSDEN, B.A., University of New Mexico; M.El.Ed., Harvard University; M.A., University of Denver. Cataloger; Instructor in Librarianship.

ELLEN FORSYTH BELLINGHAM, B.A., Barnard College; B.S. in L.S., Columbia University. Fine Arts Librarian, Assistant Professor of Librarianship.

HAROLD BELLINGHAM, B.A., Hope College; B.S. in L.S., Columbia University. Cataloger, Assistant Professor of Librarianship.

ANITA ALLEN BESS, B.A., Western Kentucky University; M.S.L.S., University of Kentucky. Serials Cataloger, Instructor in Librarianship.

MARION EILEEN BOURKE, B.S., McGill University; M.L.S., Rutgers University. Assistant Science and Engineering Librarian, Instructor in Librarianship.

ELLEN HODGES BROW, B.A., University of California (Davis); M.A., San Jose State College. Assistant Acquisition Librarian, Instructor in Librarianship.

ARTHUR LEON DeVOLDER, B.S., Indiana University; B.S. in L.S., University of Denver; M.A., University of New Mexico. Technical Services Librarian, Associate Professor of Librarianship.

MARCIA ELLEN DUNCAN, B.A., Washburn University of Topeka; M.L.S., Kansas State Teachers College. Government Publications Cataloger, Instructor in Librarianship.

SALLY ANN FLORIAN, B.A., Baylor University; M.L.S., North Texas State University. Assistant Social Science Librarian, Instructor in Librarianship.

DONALD LEROY FOSTER, B.Mus., M.Mus., DePaul University; M.S.L.S., University of Illinois. Catalog Librarian, Assistant Professor of Librarianship.

BEATRICE ALICE HIGHT, B.A., University of New Mexico; M.A.L.S., University of Denver. Acquisition Librarian, Assistant Professor of Librarianship.

DONNA LEE HILL, B.A., M.L.S., University of Oregon. Assistant Acquisition Librarian, Instructor in Librarianship.

MAGNUS MACK CARY HOMESTEAD, B.A., Kenyon College; M.L., University of Washington. Humanities Librarian, Assistant Professor of Librarianship.

REX CARROLL HOPSON, B.A., Baylor University; M.R.E., Southwestern School of Religious Education; M.A., George Peabody College. Social Sciences Librarian, Assistant Professor of Librarianship.

LINDA KATHRYN LEWIS, B.A., M.L.S., University of Oklahoma. Assistant Humanities Librarian, Instructor in Librarianship.

NORRIS KNOX MAXWELL, B.S. in Ed., M.L.S., University of Texas. Readers' Services Librarian, Associate Professor of Librarianship.

GEORGE BERTRAM MILLER, JR., B.A., St. John's College; M.S., Columbia University. Circulation Librarian, Assistant Professor of Librarianship.

SANDRA HAMILTON NEVILLE, B.A., M.L.S., University of Texas; M.L.A., Certification, Emory University. Assistant Librarian, Library of the Medical Sciences.

FRANK EDWIN O'BRIEN, B.S., University of New Hampshire; M.B.A., University of Chicago; M.L.S., University of Texas. Science and Engineering Librarian; Assistant Professor of Librarianship.

GENEVIEVE REBECCA PORTERFIELD, Ph.B., University of Chicago; M.S., Columbia University. General Reference Librarian, Associate Professor of Librarianship.

G. MARTIN RUOSS, A.B., Muhlenberg College; B.D., S.T.M., Lutheran Theological Seminary; M.A., University of Denver. Special Collections Librarian, Assistant Professor of Librarianship.

MARILYN LOUISE RUOSS, B.S., Elizabethtown College; M.A., University of Denver. Cataloger, Instructor in Librarianship.

DOROTHY WEBB TRESTER, B.S., M.S., Louisiana State University. Serials Librarian, Assistant Professor of Librarianship.

CHARLES WILLIAM WARREN, B.Mus.Ed., Northwestern University; **M.Mus.,** University of Southern California; **M.A.L.S.,** Indiana University. Cataloger, Assistant Professor of Librarianship.

EVELYN EKARD WONG, A.B., University of Illinois; **M.L.S.,** University of California (Los Angeles). Gift and Exchange Librarian, Instructor in Librarianship.

DOROTHY ARLENE WONSMOS, B.A., St. Olaf College; **M.A.,** George Peabody College for Teachers. Inter-Library Loan Librarian, Assistant Professor of Librarianship.

SIDNEY SHIH-CHWEN YEN, B.A., Taiwan Normal University; **M.L.S.,** George Peabody College for Teachers. Cataloger, Instructor in Librarianship.

MYRON FINK, B.A., Cornell University; **LL.B., LL.M.,** New York Law School; **M.S. in L.S.,** Columbia University. Law Librarian, Associate Professor of Law.

HELEN S. CARTER, B.A., University of New Mexico; **LL.B.,** University of Utah. Staff Librarian, Law Library (Part-time).

NINA BALDWIN DUNCAN, B.A., Oberlin College; **B.L.S.,** Western Reserve University. Staff Librarian, Law Library (Part-time).

JUDY SHUET-HEUNG GREEN, B.A., University of Hong Kong. Staff Librarian, Law Library.

CYNTHIA FAYE HANNA, Staff Librarian, Law Library (Part-time).

¹¹ **ARIE WILLIAM POLDERVAART, B.A.,** Coe College; **M.A., J.D.,** State University of Iowa. Law Librarian (retired).

JOSEPH DAVID SABATINI, B.A., M.L.S., University of California at Los Angeles. Staff Librarian, Law Library.

DOROTHY MOORE WARDEN, A.B., Muskingum College. Staff Librarian, Law Library.

ROBERT T. DIVETT, B.S., Brigham Young University; **M.A.,** George Peabody College for Teachers; **Ed.D.,** University of Utah. Librarian of the Library of Medical Sciences, Associate Professor of Medical Bibliography.

GAR THAYNE ELISON, B.A., Brigham Young University; **M.L.S.,** University of Oklahoma. Associate Librarian, Library of the Medical Sciences.

EVA BAERWALD, Engineering Diploma Technical, University of Breslau; **M.S.L.S.,** Western Reserve University. Assistant Librarian of the Library of Medical Sciences.

ELVIN DALE BESS, B.A., Washington University; **M.S.,** University of Kentucky. Associate Librarian of the Library of Medical Sciences.

TEACHING ASSISTANTS

ASHOK AGARWAL, B.S., University of Ranchi, India. Department of Electrical Engineering.

ALICIA ALARCON, B.A., University of New Mexico. Department of Modern and Classical Languages.

JOHN ANNULIS, B.A., Grand Valley State College. Department of Mathematics and Statistics.

ROBERT R. BACALSKI, B.A., University of New Mexico. Department of Modern and Classical Languages.

JOHN BAHORIC, B.A., University of Americas; **M.A.,** University of Colorado. Department of Modern and Classical Languages.

VERNON L. BAKKE, B.S., North Dakota State University; **M.A.,** University of New Mexico. Department of Mathematics and Statistics.

MELANIE BANDY, B.A., Sacramento College; **M.A.,** University of Idaho. Department of English.

RONALD J. BARTHOLOMEW, B.B.A., M.A., New Mexico State University. Department of Economics.

DAVID F. BEER, B.A., University of Arizona; **M.A.,** Arizona State University. Department of English.

ERIC BERRYMAN, B.A., Hofstra University; **M.A.,** University of New Mexico. Department of English.

JAMES W. BRADFORD, B.A., Columbia University. Department of English.

SHARON BARBA BULLIS, B.A., M.A., Bowling Green State University. Department of English.

¹¹ Deceased 6/3/69.

- GARY ROBERT BUNCE**, B.S., North Dakota State University; M.A., University of New Mexico. Department of Mathematics and Statistics.
- DAVID BURNS**, B.A., M.A., San Diego State College. Department of Mathematics and Statistics.
- JESSICA E. BURNS**, B.A., M.A., University of New Mexico. Department of Modern and Classical Languages.
- DONALD CHARLES BURT**, B.A., M.A., Mankato State College. Department of English.
- ROBERTA L. BUSSEY**, B.A., Emory University. Department of Modern and Classical Languages.
- CLIFFORD B. CALL**, B.A., Arizona State University; M.A., Brigham Young University. Department of Modern and Classical Languages.
- MARIA E. CAROSSINO**, B.S., Instituto de Educacion Fisica, Buenos Aires, Argentina; M.A., The University of New Mexico. Department of Modern and Classical Languages.
- ROBERT DAVID CHETKIN**, B.A., Rutgers State University; M.A., University of Iowa. Department of English.
- CARL WALDO CHRISTENSEN**, B.A., Knox College; M.A., University of California, Berkeley. Department of English.
- ELIZABETH CLARK**, B.A., University of New Mexico; M.A., University of Chicago. Department of English.
- CAROL M. COCHRAN**, B.A., Hanover College. Department of English.
- JOANNE COCKELREAS**, B.A., University of Oregon; M.F.A., State University of Iowa. Department of English.
- BERNADETTE F. CONTRERAS**, B.A., M.A., University of Texas, El Paso. Department of English.
- CHESTER R. CRAIN, JR.**, B.A., Knox College; M.A., University of California. Department of Mathematics and Statistics.
- TAEN YU DAI**, B.S., Taiwan Provincial University. Department of Mathematics and Statistics.
- MOHAMAD DEHGHANMANESH**, B.A., St. Mary of the Plains College; M.A., University of New Mexico. Department of Electrical Engineering.
- GEORGE MORRIS DONALDSON**, B.A., University of British Columbia; M.A., State University of New York, Buffalo. Department of English.
- EARL M. DOUGLAS**, B.A., University of New Mexico; M.A., University of Texas, El Paso. Department of Elementary Education.
- DAVID L. EDDINGFIELD**, B.S., M.S., Southern Illinois University. Department of Mechanical Engineering.
- MARSHA JO ELLER**, B.A., State University of Iowa. Department of English.
- PETER ELLER**, B.A., C. W. Post College. Department of English.
- DIANE RAE FLORES**, B.S., University of Illinois; M.A., Arizona State University. Department of English.
- RALPH M. FLORES**, B.A., M.A., Arizona State University. Department of English.
- HOWARD M. FRASER**, B.A., Columbia University; M.A., University of New Mexico. Department of Modern and Classical Languages.
- GORDON QUERY FREEMAN**, B.A., Queens College; M.A., Duke University. Department of English.
- JAMES O. FRIEL**, B.A., University of Michigan; M.A., Wayne State University. Department of Mathematics and Statistics.
- CHANDA FUNSTON**, B.A., Michigan State University; M.A., Eastern Michigan University. Department of English.
- DAVID R. GIFFORD**, B.A., Grove City College; M.A., Kent State University. Department of Modern and Classical Languages.
- SAMUEL BRUCE GIRGUS**, B.A., Syracuse University; M.A., State University of Iowa. Department of English.
- RONALD A. GOWER**, B.A., Hamline University; M.S., Mankato State College. Department of English.
- IRA GREENFEST**, B.A., Brooklyn College; M.A., Fairleigh Dickinson University. Department of English.
- JOHN P. GRILLO**, B.S., University of New Mexico. Department of Electrical Engineering.
- JOEL C. HANCOCK**, B.A., University of the Pacific; M.A., University of New Mexico. Department of Modern and Classical Languages.

- CHARLES J. HARRIMAN**, B.A., Columbia University; M.A., New York University. Department of Philosophy.
- PETER EUGENE HARTLEY**, B.A., M.A., University of Colorado. Department of English.
- JOHN PAUL HEIDE**, B.A., South Dakota School of Mines. Department of Mathematics and Statistics.
- LEONARD HELD**, B.A., Oregon State University; M.A., University of New Mexico. Department of English.
- FRANK E. HIGGINS**, B.A., Long Beach State College. Department of Mathematics and Statistics.
- S. LEE HIGHT**, B.S., U.S. Naval Academy; M.S., University of New Mexico. Department of Electrical Engineering.
- YUKIHITO HIJIYA**, B.A., Shikoku University; M.A., Wake Forest College. Department of English.
- DAVID A. HOLTZ**, B.S., Kansas State University; M.A., Wichita State University. Department of Art.
- CHARLES E. JACOBS**, B.S., Purdue University; M.S., Newark College of Engineering. Department of Electrical Engineering.

- HAROLD McALLISTER**, B.A., Colorado State University; M.A., University of New Mexico. Department of English.
- WILLIAM G. McPHERON**, B.A., Princeton University; M.A., Yale University. Department of English.
- OSORIO MEIERELLES**, B.S., University Federal Do Rio De Janeiro; M.S., California Institute of Technology. Department of Electrical Engineering.
- RAYMOND PRESTON NAGEL**, B.A., Coe College; M.A., Southern Illinois University. Department of English.
-
- DONALD A. NEAMEN**, B.S., M.S., University of Michigan. Department of Electrical Engineering.
- MERVIN NEWTON**, B.S., University of Santa Clara; M.A., University of New Mexico. Department of Mathematics and Statistics.
- MARC A. NIGLIAZZO**, B.A., University of Texas; M.A., Texas A & M University. Department of English.
- VERA NORWOOD**, B.A., University of New Mexico. Department of English.
- JAMES MICHAEL OLIKER**, B.A., Syracuse University; M.A., University of New Mexico. Department of English.

- ELIZABETH OREM, B.A., University of New Mexico. Department of English.
- PHILIP D. ORTEGO, B.A., M.A., Texas Western College. Department of English.
- ERIC OUDEGEEST, B.A., University of New Mexico; M.A., University of Wisconsin. Department of Economics.
- TEDDY B. PALMORE, B.S., M.A., East Texas State University. Department of Secondary Education.
- INGRID J. PARKER, M.A., Texas Technological Institute. Department of English.
- PHILIP PAROTTI, B.S., U. S. Naval Academy. Department of English.
- GEORGE PLANKENHORN, B.A., Temple University. Department of English.
- HORACE M. POTEET, B.S., M.S., North Texas State College; M.S., University of New Mexico. Department of Electrical Engineering.
- DAVID W. PUGH, B.A., Columbia University; M.A., Western Reserve University. Department of English.
- PAOLA QUARGNALI, B.A., M.A., University of New Mexico. Department of Modern and Classical Languages.
- ARMANDO G. QUINONES, B.A., University of New Mexico. Department of Educational Foundations.
- OLIVIA QUIST, B.A., M.A., University of New Mexico. Department of English.
- EDMOND P. RYAN, B.C.E., University of Florida; M.S., University of Tennessee. Department of Civil Engineering.
- EDWARD J. SATTIZAHN, B.S., M.A., University of New Mexico. Department of Mathematics and Statistics.
- BETTY COBEY SENESCU, B.A., Wellesley College; M.A., University of New Mexico. Department of English.
- TERRENCE SEWARDS, B.S., Universidad de los Andes; M.S., University of New Mexico. Department of Electrical Engineering.
- JEROME P. SHEA, B.A., La Salle College; M.A., Colorado State University. Department of English.
- WAYNE G. SHRUBSALL, B.S., M.A., Ball State Teachers College. Department of English.
- ANN M. SLANINA, B.A., St. Francis College; M.A., University of Dayton. Department of English.
- DAVID SLATER, B.A., St. Benedict's College; M.A., Emporia State Teacher's College. Department of English.
- JUDITH STEINBERG, B.S., State University of New York. Department of English.
- FRANK STEINER, B.S., Pennsylvania State University; M.A., Miami University. Department of Art Education.
- MARY M. STENGER, B.A., University of Cincinnati. Department of Modern and Classical Languages.
- DAL S. SYMES, B.S., M.A., Utah State University. Department of English.
- CHARLES M. TATUM, B.A., Notre Dame; M.A., Stanford University. Department of Modern and Classical Languages.
- DAVID THORNBURG, B.J., University of Texas. Department of English.
- DAVID K. TILL, B.S., Utah State University; M.A., University of Kansas. Department of English.
- BRUCE TRACY, B.A., San Francisco State College; M.A., University of New Mexico. Department of English.
- JANET CLAIR-MARVEL TRIPLETT, B.A., M.A., University of Oklahoma. Department of Philosophy.
- RICHARD TUREK, B.S., M.A., University of New Mexico. Department of Mathematics and Statistics.
- ANTHONY F. VENERUSO, B.S., Polytechnic Institute of Brooklyn; M.S., University of New Mexico. Department of Electrical Engineering.
- JAN M. WALCZAK, B.S., Polytechnic Institute, Poland; M.S., University of Colorado. Department of Civil Engineering.
- ROBERT T. WOOD, B.A., Vanderbilt University; M.A., University of North Carolina. Department of English.
- SVAJA WORTHINGTON, B.A., University of Illinois; M.A., University of New Mexico. Department of English.

GENE MERLE WRIGHT, B.A., University of California, Santa Barbara; M.A., Texas Christian University. Department of English.

GEOFFREY M. YOUNG, B.A., M.A., University of California. Department of English.

GRADUATE ASSISTANTS

JOHN TERRY ABRAHAMSON, B.S., University of Oregon; M.A., Reed College. Department of Educational Foundations.

MARGARET E. ACKERMAN, B.S., University of New Mexico. Department of Chemistry.

CONSTANCE LEE ADAM, B.A., Barnard College. Department of Political Science.

MADELAINE AERNI, B.A., College of William and Mary. Department of Modern and Classical Languages.

STEVE L. ALBRECHT, B.S., B.A., University of New Mexico. Department of Chemistry.

ROBERT D. ALDRIDGE, B.S., M.A., University of Missouri. Department of Biology.

RICHARD HUGH ALLEN, B.S., University of Detroit. Department of Civil Engineering.

THEODORE AMUNDSON, B.A., Concordia College; M.Ed., University of Minnesota. Department of Health, Physical Education and Recreation.

CHRISTOPHER J. ANCLIFFE, B.A., Maidstone College of Art, England. Department of Art.

KENNETH W. ANDERSEN, B.S., M.S., Fort Hays Kansas State. Department of Biology.

JOHN BARKMAN ANDERSON, B.S., University of Southern Alabama. Department of Geology.

WARREN G. ANDERSON, B.A., Colorado State College; M.A., University of Colorado. Department of History.

JOHN S. APPEGARTH, B.A., Stanford University. Department of Biology.

LOUISE ARMSTRONG, B.A., University of New Mexico. Department of Modern and Classical Languages.

NOEL BAGGETT, B.A., University of California, Berkeley; M.A., University of New Mexico. Department of Anthropology.

GORDON E. BANKS, B.S., M.S., University of New Mexico. Department of Physics and Astronomy.

VIVIAN BARFIELD, B.S., M.Ed., University of Houston. Department of Health, Physical Education and Recreation.

MARTIN FRANCIS BARKER, B.S., University of New Mexico. Department of Civil Engineering.

MARY L. BARR, B.S., Roanoke College. Department of Biology.

JOSEPH JOHN BATTAGLIA, B.S., Loyola University. Department of History.

JULIANA BATTAGLIA, B.A., Rosary College. Department of Biology.

GERALD R. BAYDO, B.A., Seattle University; M.A., University of Washington. Department of History.

WILLIAM BENNETT, B.S., Colorado State University. Department of Biology.

NIEL H. M. BERG, B.S., St. Martin's College; M.S., University of New Mexico. Department of Biology.

JOEL H. BERNSTEIN, B.A., Washington and Lee University; M.A., University of Wyoming. Department of Art.

JUDITH BERRYMAN, B.A., University of New Mexico. Department of Speech.

TIMOTHY GALTON BIGGS, B.A., Mexico City College. Department of Anthropology.

ELNA OTTER BINFORD, B.A., Swarthmore College; M.S., Idaho State College. Department of Physics and Astronomy.

HAL L. BLACK, B.S., University of Utah. Department of Biology.

ROBERT W. BLAKSLER, B.Ed., Keene State Teachers College; M.A., Atlanta University. Department of Guidance and Special Education.

CATHERINE NEWMAN BLAZER, B.M., Oklahoma City University. Department of Music.

SUSAN D. BLUE, B.S., Regis College. Department of Mathematics and Statistics.

MICHAEL BOGAN, B.S., Baker University. Department of Biology.

DAVID BOGER, B.S., Livingstone College; M.S., New Mexico Highlands University. Department of Chemistry.

LARRY E. BOLSTER, B.A., St. Cloud State College. Department of Art.

JUDITH G. BOOTH, B.A., Central State College. Department of Art.

- DOROTHY E. BOYD**, B.A., Randolph Macon College. Department of Art.
- LEONA M. BOYLAN**, B.A., University of Arkansas; M.A., University of New Mexico. Department of Art.
- TERENCE BOYLE**, B.S., University of New Mexico. Department of Biology.
- PATRICIA J. BRADY**, B.A., Sacramento State College. Department of Art.
- BOBBY DEAN BRAYBOY**, B.S., Pembroke State College; M.Ed., West Chester State University. Department of Health, Physical Education and Recreation.
- MARTIN L. BREGMAN**, B.S., Brooklyn College; M.S., Virginia Polytechnical Institute. Department of Geology.
- ALLAN BRENT**, B.S., University of Rhode Island; M.A., Columbia University. Department of Health, Physical Education and Recreation.
- GWEN BRITT**, B.S., Eastern New Mexico University; M.S., University of Colorado. Department of Biology.
- ROYCE BROCKETT**, B.S., Denison University. Department of Biology.
- TEDDY BROWN**, B.S., University of New Mexico. Department of Biology.
- ALBERT BRUNSTING**, B.S., Hope College. Department of Physics and Astronomy.
- JANE BURCART**, B.A., University of Sussex, England. Department of Sociology.
- CHARLES H. BURRIS**, B.S., M.S., University of Utah. Department of Mathematics and Statistics.
- ROBERT BYLES**, B.A., University of California, Santa Barbara. Department of Anthropology.
- EDWARD F. CAMPBELL**, B.A., University of New Mexico. Department of History.
- ROBERT EUGENE CANN, JR.**, B.A., University of New Mexico. School of Business and Administrative Sciences.
- WANDA KAREN CANTRELL**, B.A., University of New Mexico. Department of Anthropology.
- SAM ABBOTT CARNES, JR.**, B.A., University of New Mexico. Department of Political Science.
- ANA MARIA CAROSSINO**, B.S., B.A., The University of New Mexico. Department of Modern and Classical Languages.
- CARLOS A. CAROSSINO**, B.S., M.S., University of New Mexico. Department of Nuclear Engineering.
- CARL D. CARTER**, B.S., Northern Arizona University. Department of Chemistry.
- CONSTANTINE CASSAPAKIS**, B.S., M.A., Eastern New Mexico University. Department of Physics and Astronomy.
- CHANTAL Y. CATHERINE**, Licencei, Faculté des Lettres de Censier. Department of Modern and Classical Languages.
- ROY D. CATON**, B.F.A., University of New Mexico. Department of Educational Administration.
- DOROTHY JEAN CATTLE**, B.A., University of Washington. Department of Anthropology.
- MIN-HUNG CHAO**, B.S., Chen Kung University. Department of Electrical Engineering.
- RICHARD CHAPMAN**, B.A., M.A., University of New Mexico. Department of Anthropology.
- DAVID D. CHASE**, B.A., Chico State College. Department of Health, Physical Education and Recreation.
- BRUCE ANTHONY CHILDS**, B.S., Massachusetts College of Art; M.A., St. Cloud State College. Department of Art.
- ANNA CHYCZEWSKA**, B.A., Hofstra University. Department of Art.
- BOBBY GENE COGGINS**, B.S., Pembroke State College; M.Ed., West Chester State College. Department of Health, Physical Education and Recreation.
- STERLING VAN DEREN COKE**, B.F.A., University of New Mexico. Department of Art.
- DWIGHT W. CONNELLY**, B.A., University of Nevada. Department of Speech.
- DAN P. COOK**, B.S., Iowa Wesleyan College; M.A.T.S., University of New Mexico. Department of Chemistry.
- CHARLES RALPH COOMBS**, B.A., University of New Mexico. Department of English.
- LONNIE LEROY CORBITT**, B.S., Eastern New Mexico University; M.S., Southern Illinois University. Department of Geology.
- MICHAEL JOHN COSTELLO**, B.S., University of New Mexico. Department of Physics and Astronomy.
- PHILIP B. CROW**, B.B.A., Sam Houston State College; M.A., University of Houston. Department of History.

- MAY-LOO TSENG DAI, B.S., Taiwan Province Cheng-kung University. Department of Mathematics and Statistics.
- GRACE DARLING, B.S., University of Miami. Department of Biology.
- JOHN LEWIS DARLING, B.S., Arlington State College. Department of Biology.
- LYNN BIRLEFFI DARR, B.A., University of Wyoming. Department of History.
- EDWARD WAYNE DAVENPORT, B.S., West Texas State University; M.S., North Texas State University. Department of Mathematics and Statistics.
- MARIE A. DAVIS, B.A., University of Florida. Department of English.
- RETHEL IRA F. DAVIS, B.A., University of California, Davis. Department of Philosophy.
- THEODORE M. DAVIS, B.S., Portland State University. Department of Biology.
- CHRISTOPHER DE HAINAUT, B.S., New Mexico Highlands University. Department of Electrical Engineering.
- KAILASH C. DHINGRA, B.S., M.S., University of Lucknow. Department of Physics and Astronomy.
- SUSAN E. DICKERSON, B.A., Alaska Methodist University. Department of Biology.
- ELVIDIO VIDALITA DINIZ, B.C.E., Catholic University of America. Department of Civil Engineering.
- TERRY RAY DIXON, B.S., M.S., Kansas State University. Department of Health, Physical Education and Recreation.
- MICHAEL R. DOLL, B.A., University of New Mexico. Department of Speech.
- CHARLES JOSEPH DORENKOTT, JR., B.S., M.A., Xavier University. Department of History.
- DIANE DOTTAVIO, B.S., University of New Mexico. Department of Chemistry.

CHIEN SUNG WU, B.L., National Central University, China; M.S., University of Tennessee. Department of Educational Foundations.

MARCELLA M. ZITO, B.S., South Colorado State College. Department of Biology.

GENERAL INFORMATION

THE UNIVERSITY of New Mexico has as its primary responsibility the task of serving the citizens of the State of New Mexico by offering the opportunity of a well-rounded education at the higher level. The ultimate goal of college or university education is to equip the maximum number of citizens with the understanding and wisdom which will aid them in becoming useful and responsible members of a democratic society. The University also recognizes its duty to supply other services which foster the culture and welfare of the people.

GENERAL EDUCATION

PERSONAL DEVELOPMENT. There are skills, intellectual abilities, and standards of behavior which are essential to the educational and moral progress of every individual. Therefore, the University recognizes its responsibility to help each student toward the highest possible personal development through the attainment and maintenance of skills of communication, skills of reasoning and critical thinking, good habits of study and of independent investigation, and sound standards of behavior in matters of health and of social responsibility.

LIBERAL EDUCATION. The University proposes also to bring the student to an awareness of current problems and a desire to aid in their solution, and above all, to give him the enlarged perspective that comes through an understanding of the social, scientific, artistic, literary, religious, and philosophical traditions—the cultural heritage of mankind.

SPECIAL AND PROFESSIONAL EDUCATION

It is a further purpose of the University to provide opportunities for training in scholarly and technical fields. To serve the needs of the State and the welfare of its people, the University offers a variety of curricula for those students who desire and are capable of professional attainment. Training in the professions is intended to supplement the general education of the student and to equip him for a career.

SCHOLARSHIP AND RESEARCH

A prime responsibility of the University is to make its contribution to the total body of knowledge through original investigation. A special obligation to give due concern to the problems of the State and region is also recognized. To these ends the University encourages its students and faculty to engage in research, scholarship, and creative activity by providing suitable facilities in an atmosphere conducive to achievement.

The findings of research are made available to the public through various bureaus, a program of publications, and technical advisory services.

ADULT EDUCATION AND CULTURAL PROGRAMS

In order to extend its services to those not regularly enrolled as full-time students, the University offers extension, independent study, and evening courses. In addition, by sponsoring exhibits, lectures, forums, and concerts on its campus and through the media of radio and television, the University seeks to make significant contributions to the cultural life of the State.

ACADEMIC PROGRAMS

The University is composed academically of eight undergraduate schools and colleges, the Graduate School, the School of Law, and the School of Medicine. The major undergraduate divisions include:

University College, an administrative unit which supervises the programs of all freshman students

College of Arts and Sciences

College of Education

College of Engineering

College of Fine Arts

College of Nursing

College of Pharmacy

School of Business and Administrative Sciences

Information about these divisions and their programs is contained in the individual college sections of this bulletin.

Summer and evening credit offerings are a part of the University's academic program on campus. Residence credit programs are available at the University's branch college at Gallup, at the Holloman and Los Alamos Graduate Centers in New Mexico and at the Andean Study and Research Center in Quito, Ecuador. In addition, extension and independent study courses are offered by the University's Division of Continuing Education.

ACCREDITATION

The University has been a member of the North Central Association of Colleges and Secondary Schools since 1922; the most recent reaccreditation was in 1969. The Extension Division—now the Division of Continuing Education—was approved by the National University Extension Association in 1930. Approval of the Association of American Universities was given to the University in 1933, and the American Association of University Women recognized the University in the same year. The curricula in Civil, Electrical, and Mechanical Engineering have been fully accredited by the Engineers' Council for Professional Development since 1937, the most recent reaccreditation having been in 1966. In 1948 the College of Pharmacy was accredited by the American Council on Pharmaceutical Education and in 1952 it was accepted into membership by the American Association of Colleges of Pharmacy; its most recent reaccreditation was in 1969. The School of Law was approved by the American Bar Association in February, 1948, and was admitted to membership in the Association of American Law Schools in December, 1948. In the same year, the College of Education was accredited by the American Association of Colleges for Teacher Education. In 1954 the Association transferred its list of accredited institutions to the National Council for Accreditation of Teacher Education. In 1961 the National Council conducted a full-scale examination of the teacher education programs and, as a result, granted accreditation for all programs at this institution for the preparation of teachers, school administrators, and guidance counselors through the doctor's degree; the most recent reaccreditation was in 1969. The University was admitted to membership in the National Association of Schools of Music in 1950. The program of the Department of Journalism has been accredited by the American Council on Education for Journalism since 1955, and was most recently reaccredited in 1966. The basic program of the College of Nursing, including public

health nursing, was first accredited in 1959 by the National League for Nursing. The School of Medicine was recognized as a full member of the Association of American Medical Colleges in 1968. Accreditation by the Liaison Committee of the Council on Medical Education of the American Medical Association and the Association of American Medical Colleges also was accorded in 1968. The Department of Architecture, initially accredited in 1967 by the National Architectural Accrediting Board, was reaccredited in 1969.

The University is approved for veterans' training under the several Public Laws governing educational benefits.

CAMPUS AND BUILDINGS

The campus of the University of New Mexico is in the eastern section of the city of Albuquerque and comprises over 500 acres, landscaped with grass, giant cottonwoods, elms, and mountain evergreens. Most of the 110 buildings exemplify the University's distinctive architectural style, contemporary in treatment but with strong influence from the Spanish and Pueblo Indian cultures. The architecture is characterized by rectangular terraced masses, protruding vigas, patios, balconies, portals, and earth-color walls slightly inclined to recall ancient adobe houses. Within easy walking distance of the instructional and administrative center of the campus are the dormitories, a 9-hole golf course (there is also an 18-hole golf course on the south campus), a swimming pool, tennis courts, campus theatre, faculty residences, and sorority and fraternity houses. (See the campus maps in the front of the Catalog for a listing of individual buildings.)

GOVERNMENT AND SUPPORT

The government of the University is vested in the Regents and the Faculty. Five Regents are appointed by the Governor of the State for a term of six years; the Governor and the Superintendent of Public Instruction are ex officio members of the Regents.

The University is supported chiefly by appropriations made by the State Legislature, by income from the rental of lands granted to it by the Federal Government, by the income from royalties on the oil taken from these lands, and by student fees.

HISTORY

The University of New Mexico was created by an act of the Territorial Legislature in 1889, opened as a summer normal school on June 15, 1892, and began full-term instruction on September 21 of the same year. Its development since that time has been extraordinary. The 20 acres comprising the original campus have become more than 500; buildings have increased from a single structure to 110.

The development of new colleges and divisions has kept pace with the physical growth of the institution. The College Department became the College of Literature and Arts in 1898, later acquiring its present title of College of Arts and Sciences. The College of Engineering opened in 1906, and the Graduate School in 1919. In 1928 the College of Education was created; in 1935 the General College; and in 1936 the College of Fine Arts. A unit of the United States

Naval Reserve Officers Training Corps was established May 20, 1941. In 1945 the following new divisions became an active part of the University program: the College of Pharmacy, the Division of Government Research, and the Bureau of Business Research. In 1946 the Institute of Meteoritics was added to the University's research program. The College of Business Administration and the College of Law were organized in the fall of 1947. The title "College of Law" was changed to "School of Law" in 1960 and the "College of Business Administration" was renamed the "School of Business and Administrative Sciences" in 1968. An Air Force Reserve Officers Training Corps unit was established in 1949. Although extension work was offered as early as 1913, the Extension Division as a separate unit with a full-time director began operations in 1928. A reorganization took place in 1953 which combined the Division of Extension, the Summer Session, the credit and non-credit evening program, conferences, and short-course offerings under the single administrative unit, Division of Extension, Summer Session, and Community Services. This Division, renamed the Division of Continuing Education in 1968, also administers the Community College (credit and non-credit sections). The College of Nursing was established in 1955, and in 1956 the Los Alamos Graduate Center and the University College were created. Upon the establishment of the University College, the General College was abandoned. The Holloman Graduate Center was created in 1957 and in 1966 was redesignated the Holloman Graduate and Continuing Education Center. The School of Inter-American Affairs, established in 1941, was known as the Division of Foreign Studies from 1959 to 1965 when it became the Division of Inter-American Affairs. A School of Medicine was established in 1961 and enrolled its first entering class in the fall of 1964. While initial plans were for a two-year school of the basic medical sciences, approval was received in 1965 to move to a four-year program. The Language and Area Center for Latin America was established in 1965. In 1968, the branch college in Gallup was established, as were the Andean Study and Research Center in Quito, Ecuador, and the Institute for Social Research and Development, and in 1969 the Division of Public Administration was instituted. The University has 52 instructional departments and non-departmentalized schools and colleges, with the master's degree being offered in 47 fields. The doctorate may be earned in 27 programs within the following colleges: Arts and Sciences, Education, Engineering, Fine Arts, Law, and Medicine.

University administrators have for many years realized that the situation of the University of New Mexico provides it with a wealth of source material in the historical and archaeological background of the nation, and that its proximity to the Indian, Spanish, and Mexican cultures makes it a natural place for the study and appreciation of those cultures. They have, therefore, encouraged the development of Southwestern and Latin American studies and research. Some tangible evidences of this interest are found in the uniform architectural style (a modification of the Indian pueblo), which has been described as "the outstanding example of the effective use of regional architecture in the United States," the offering of a major in Latin American Studies, the annual Field Session in Anthropology, and the various examples of Indian, Mexican, and Spanish-American paintings, carving, and weaving to be found throughout the campus buildings.

SITUATION

The University is situated in Albuquerque, the center of a metropolitan area of 350,000 inhabitants. The campus lies a mile above sea level on a plateau overlooking the Rio Grande, and about 12 miles from the lofty Sandia mountains. Albuquerque is noted for its dry and sunny climate. Although the weather undergoes the normal seasonal changes, temperatures are not extreme.

New Mexico is assuming a position of growing importance in the development of atomic and nuclear weapons and nuclear propulsion, and as a center for guided missile and rocket research and testing. The Los Alamos Scientific Laboratory, birthplace of the atomic bomb, is located 100 miles to the north; the Air Force Missile Development Center at Holloman Air Force Base and the Army's White Sands Proving Grounds are some 250 miles to the south; while in Albuquerque itself are the Air Force Special Weapons Center at Kirtland Air Force Base, the Field Command of the Armed Forces Special Weapons Project at Sandia and Manzano Bases, and one of the major research and development centers of the Atomic Energy Commission.

The city is on the A.T.&S.F. Railway and is served by transcontinental bus and air lines. Interstate Highways 40 and 25 intersect at Albuquerque.

Historic Santa Fe is approximately 60 miles to the north, and a number of Indian pueblos including picturesque Taos and Acoma are within easy driving distance.

DEVELOPMENT OFFICE

The function of the Development Office is to encourage private support, both financial and non-financial, of the University of New Mexico, thereby enabling the University to increase its contributions to the State and to the Nation in terms of teaching, research, and service. Additional financial support obtained from private sources enables the University to incorporate into its program those features which are essential to educational leadership and distinction, but which are beyond the financial responsibility of the State. Non-financial support—that is, understanding and goodwill—is essential to the successful execution of the programs and policies of the University.

The major objectives of the Development Program are: (1) to promote a better understanding of The University of New Mexico and to interpret its programs, its progress, and its needs to the public; (2) to develop and enlist the active interest and support of individuals and groups in its behalf; and (3) to provide these individuals and organizations with the opportunity to support voluntarily the University.

GREATER U.N.M. FUND

The Greater U. N. M. Fund was established in 1963 to help provide, through contributions from alumni and friends, certain features that are characteristic of a quality institution but which are often beyond the ability of the State to provide. These would include such benefits as scholarships, specialized equipment, library materials, and funds for faculty research.

ALUMNI ASSOCIATION

Although it operates as a separate unit, the Alumni Office is a part of the Development Office. This makes it possible to coordinate Alumni Association activities with the promotional activities of the overall development program.

The Association is maintained through cooperative efforts of the University and the alumni body. All graduates and former students of The University of New Mexico are members of the Association. Programs and policies of the organization are determined by a board of directors, whose members are chosen with respect to college, graduation year, and geographic location.

The Association coordinates and directs Homecoming activities, arranges class reunions, organizes alumni clubs throughout the State and Nation, promotes citizenship among undergraduates, assists with student recruitment, provides advice to the University administration upon request, assists in the University's legislative relations program, and in other ways encourages alumni interest in and support of the University.

The *Alumnus*, official organ of the Association, is published six times a year and is mailed to all members. Alumni Association file records include information on more than 30,000 persons who have attended the University since its opening. Master geographical and class files are maintained.

The Association's offices are located in the New Mexico Union, Suite 200.

INSTRUCTIONAL MEDIA SERVICES

This office provides assistance to the University faculty in utilization of the newer media and technology in their instructional programs. The following four areas are encompassed:

FILM LIBRARY—acquires film (rental or purchase) for instructional purposes in regularly scheduled undergraduate and graduate classes.

AUDIO-VISUAL CENTER—provides, upon request, audio-visual equipment and operators to faculty for instructional purposes.

INSTRUCTIONAL DEVELOPMENT—assists in employing different methods and/or modes of teaching, utilizing the "newer" media and technology, toward improvement of instruction.

IN-SERVICE EDUCATION—includes regular sessions for faculty, teaching assistants, graduate assistants, and other persons who wish assistance in the operation and application of audio-visual equipment and/or other instructional media.

LECTURES

THE ANNUAL RESEARCH LECTURESHIP

The Annual Research Lectureship of the University, established in 1954, was authorized by the General Faculty in order to encourage, recognize, and honor research and creative work and to acquaint the University community and the public with the achievements of faculty members. The Graduate Committee, in joint sponsorship and with the approval of the University Administration, makes the yearly nominations of the lecturer.

CARL GRABO MEMORIAL LECTURES

These lectures in memory of Carl Grabo, Visiting Professor at the University from 1947 to 1954, are offered each year under the auspices of the Department of English and are open to the public. They are supported by income from a fund established by friends of Carl Grabo.

VISITING LECTURERS

Funds are available to two faculty committees, under the sponsorship of the Graduate School, for the purpose of inviting noted scholars and public figures for occasional public lectures on the campus. One committee is concerned with lectures in the general area of the humanities and social sciences, the other in engineering, mathematics, and science.

SPEAKERS COMMITTEE

The Speakers Committee, a joint student-faculty committee, annually brings to the campus a number of public lectures on topics of current interest. These lectures are financed by student government.

MUSEUMS, COLLECTIONS, AND EXHIBITIONS**MAXWELL MUSEUM OF ANTHROPOLOGY**

The collections and exhibits of the Maxwell Museum of Anthropology are located in the south wing of the Anthropology Building. Exhibits feature the life of the Palaeo Indians, Early Pueblo life, the Pueblo Classic Period and two exhibits on late pueblo culture. In the latter is a full scale reproduction of a section of one of the famous painted kivas at the site of Pottery Mound. Other exhibits include Navajo, Northwest Coast, Eskimo, Plains Indians, Navajo silver, the Gallina culture, Mound Builder cultures, Mexican and Andean archaeology, Navajo weaving, evolution, archaeological and ethnological techniques, cultures of Oceania and Africa and of various prehistoric periods of Europe and the Old World. These exhibits are available to the public. The museum wing is open 9 a.m. to 4 p.m. Monday through Friday and 10 a.m. to 4 p.m. on Saturdays. School groups and others may make special arrangements for guided tours. Director: Frank C. Hibben; Curator: J. J. Brody.

UNIVERSITY ART MUSEUM

The University Art Museum, located in the Fine Arts Center, was opened in October 1963. The Museum's physical facilities, among the finest in the Southwest, are of a size to permit concurrent presentation of a continuing series of major exhibitions, together with selections from the Museum's Permanent Collection. Notable among the exhibitions the Museum has organized in the past six years are The Painter and the Photograph, Georgia O'Keeffe Retrospective Exhibition, Impressionism in America, Cubism in the USA, Young Photographers, Marin in New Mexico and Spanish Colonial Art of Mexico (organized in cooperation with Programa Nacional Fronterizo). The Museum also presents annual exhibitions of works by students and faculty of the Department of Art, as well as exhibitions organized by other institutions. Two such exhibitions presented by the Museum in the Fall of 1969 were Drawings and Sculpture of Gaston Lachaise (organized by the Lachaise Foundation) and The Graphic Work of Jasper Johns

(organized by the Marion Koogler McNay Art Institute, San Antonio). The museum hours are 10 a.m. to 5 p.m. Tuesday through Friday, and Sunday 12 to 5 p.m. Director: Robert M. Ellis.

HARWOOD FOUNDATION

The University of New Mexico maintains the Harwood Foundation in Taos, New Mexico. The Foundation has an excellent and extensive collection of paintings by artists who have lived and worked in New Mexico. Selections from the collections are frequently exhibited. Director: Mrs. Toni Tarleton.

JONSON GALLERY

This gallery on the campus at 1909 Las Lomas Road, N.E. is open to the public daily from 12 noon to 6 p.m. The exhibition program features monthly one-man shows or group shows by New Mexico artists, with emphasis upon contemporary painting. During the summer, the gallery presents an annual exhibition of paintings by Raymond Jonson, Director of the gallery.

MUSEUM OF SOUTHWESTERN BIOLOGY

(Biology Building) The Department of Biology maintains the Museum of Southwestern Biology, the most important single source of New Mexican vertebrates and plants. The J. Stokely Ligon bird collection and the George B. Wilmott collection of amphibians are also deposited here. This is a research museum, maintained for the use of all serious students of southwestern field biology, although priority in the use of materials is reserved for University students and staff. Curators: William G. Degenhardt, Reptiles and Amphibians; James S. Findley, Mammals; William J. Koster, Fishes; J. David Ligon, Birds; William C. Martin, Plants.

GEOLOGY MUSEUM

(Geology Building) The Geology Museum has a double purpose: it is designed to serve the general public and to supplement the instructional program. Exhibits include a systematic series of minerals, a stratigraphic series of fossil animals and plants, a paleontologic series of fossil and modern invertebrates, and systematic series of igneous, sedimentary, and metamorphic rocks.

Other notable features are an exhibit illustrating how fossils are preserved; an exhibit of New Mexico metallic and nonmetallic ores; rotating exhibits of various geological materials; a series of map displays; a geologic cross-section through Mount Taylor and the Sandia Mountains, together with numerous rock samples; and an unusually fine fluorescence-phosphorescence exhibit of minerals under both long-wave and short-wave ultraviolet light. The Albuquerque Gem and Mineral Club maintains a case with rotating exhibits of specimens, including gems and precious stones. A visual seismic recorder, connected to a seismograph at the U.S. Coast and Geodetic Survey's Albuquerque Seismic Center in the Manzano Mountains southeast of Albuquerque, shows major earthquakes as they occur throughout the world. An exhibit of meteorites will be installed in the near future. The museum is generally open 8 a.m. to 5 p.m. Monday through Friday.

INSTITUTE OF METEORITICS, DEPARTMENT OF GEOLOGY

The Institute of Meteoritics is a division within the Department of Geology, dedicated to the collection and investigation of meteoritic materials and related phenomena. The Institute's remarkable collection includes the world's largest known stone meteorite, recovered in Norton County, Nebraska, in 1948.

The objectives of the Institute are as follows:

1. To recognize and acquire meteorites and related materials.
2. To preserve and exhibit meteoritic materials, and to make these materials available to scientists working in fields closely allied to meteoritics.
3. To study meteorites and related materials by mineralogical, petrological, chemical and physical methods; to observe and analyze meteors and related atmospheric phenomena; to study the nature of the space environment with respect to meteoroids and meteorites; and to investigate other meteoritic phenomena significant for the earth sciences and astronomy.
4. To provide materials, facilities, and supervision for research by candidates for advanced degrees in geology or in other fields, and to offer instructional programs approved through usual academic procedures.

Director: Klaus Keil.

POPEJOY HALL

Popejoy Hall, adjacent to the Fine Arts Center, is a 2000-seat multi-purpose auditorium designed to accommodate virtually every type of live performance, from Broadway Touring Theater to Symphony Concerts, Ballet, Films, Lectures, and Convocations.

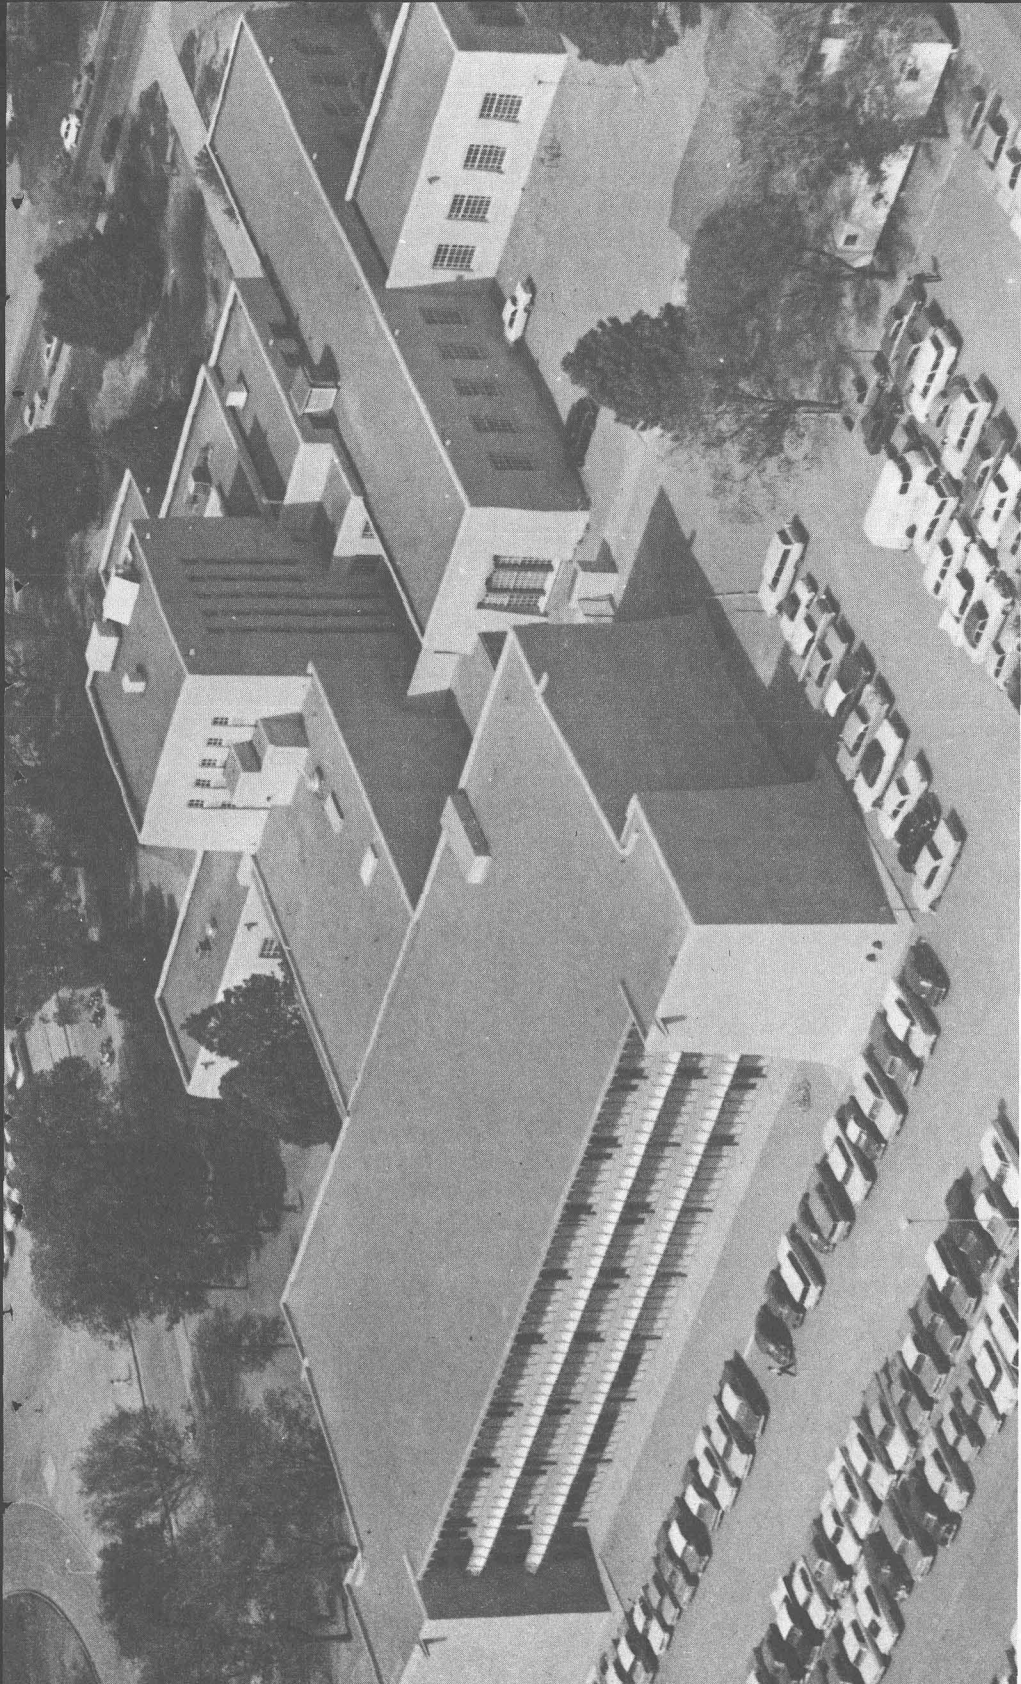

Since October 1, 1966, when it opened, Popejoy Hall has hosted over 550 cultural programs, is home to the Albuquerque Symphony, The Community Concerts Association and the Civic Light Opera, as well as the Associated Students Cultural and Speakers Committee Programs, and the major programs presented by the Department of Music. Director: William J. Martin.

UNIVERSITY LIBRARIES

The total holdings of all University libraries are in excess of 600,000 volumes.

THE ZIMMERMAN LIBRARY

BUILDING. The general University Library is housed in a building which is frequently cited as the best example of the modified pueblo style of South-western architecture unique to this campus. The building, enlarged by an addition completed in the summer of 1966, provides for a future collection of 650,000 volumes and seats for 1,725 readers. It contains 69 faculty studies and 207 carrels for graduate students. On separate floors are complete library services for the Social Sciences, Humanities, Science and Engineering, and the Information Center. The Special Collections Department is housed in second-floor rooms including a large vault and the Thomas Bell Room for rare materials.

ZIMMERMAN LIBRARY

RESOURCES. The general library collection contains 496,000 cataloged and processed volumes, several thousand other cataloged serials and pamphlets, 288,452 microforms, 66,595 maps, and a large collection of archival material. These resources provide adequate study and research facilities for undergraduate work and for the special fields in which graduate work is offered. According to the Cartter Report of 1966, **An Assessment of Quality in Graduate Education**, the University of New Mexico library ranks as one of the ten best in the western states.

SPECIAL COLLECTIONS. The beautiful Clinton P. Anderson Room contains a special collection of Western Americana. The Coronado Room contains an extensive collection of books and other materials concerning the history and culture of New Mexico. It contains State publications and books about New Mexico; several hundred bound volumes of photostats of the archives of Spain, Mexico, and New Mexico; letters, manuscripts, documents, and state archival materials assembled by the U.S. Historical Records Survey.

The business history collection contains records of the first National Bank of Santa Fe, 1871-1926; the Ilfeld Company, 1865-1907; Gross, Kelly & Co., 1880-1940; Bond & Son, Inc., 1900-1940; and several others.

The Van de Velde Collection of Mexican Materials, consisting of 8,686 bound volumes, 93 maps, and 50 linear feet of pamphlets was purchased in 1939 by a special appropriation of the State Legislature. It contains much rare and valuable material dealing with history, archaeology, ethnology, geology, folklore, literature, and art of Mexico.

The Catron Collection, of 9,574 volumes, is an extensive and valuable library begun by Julia W. and Thomas B. Catron and given to the University Library by their sons, C.C. Catron, T.B. Catron, F.A. Catron, and J.W. Catron. Outstanding items are several hundred Spanish and Mexican publications of the 16th to 19th centuries, and 375 filing cases and boxes of letters and documents dealing with territorial New Mexico events, particularly the land grant system of the State.

The Otero Collection, given by former Governor and Mrs. Miguel A. Otero in 1939, contains 465 volumes on the Southwest and general fields, as well as a valuable manuscript and museum collection.

The Field Collection of old Spanish and Mexican Art, which includes 96 pieces of silver and 69 other art objects, was given by the estate of Neill and Mary Lester Field in 1939.

USE OF THE LIBRARY. The Library is open to all students in all departments of the University. In addition to serving the students and faculty, and subject to their needs, the Library is available for use by citizens of the State, by permission.

Books withdrawn for home use may be kept two weeks. Reserved books may be used only according to rules posted at the Reserve desk. Fines are charged for the late return of books.

HOURS. The Library is open from 8 a.m. to 11 p.m., Mondays through Fridays; from 8 a.m. to 5 p.m., Saturdays; and Sundays from 1 to 11 p.m.

FINE ARTS LIBRARY

The Fine Arts Library is located in the Fine Arts Center. This library contains the library materials for art, music, drama, and architecture. Reference service in these areas is handled by the Fine Arts Library staff. A special room houses rare books and other valuable resources. Two practice rooms, with pianos, are located in the library complex. Library patrons use these facilities to perform works from scores.

The Fine Arts Library maintains its own complete card catalog. Separate divisions are provided for approximately 32,047 books and scores, and 11,503 recordings and tapes. The audio materials, which include the Archive of Southwestern Music, are available for use through specially designed listening facilities.

A reference collection of 63,948 slides and 16,000 photographs and reproductions is maintained by the Fine Arts Library. The collections are particularly strong in American Indian art, Pre-Columbian art, Spanish Colonial art and architecture, and 20th-century art and architecture.

THE WILLIAM J. PARISH MEMORIAL LIBRARY

The William J. Parish Memorial Library is located on the ground floor of the Business and Administrative Sciences Building. It contains a working collection of materials pertaining to the study of Business, such as the technical services on tax, labor relations, etc., periodicals in the various areas of administration and underlying disciplines, reserved books for the College's courses, and a collection of about 8,000 volumes of recent and standard works on Business and Administrative Sciences.

LAW LIBRARY

The School of Law Library, housed separately with the law school, received an auspicious start through donation of the Francis C. Wilson, Francis E. Wood, and other private law library collections. It contains over 83,000 volumes and is being augmented by approximately 400 volumes each month. The library includes comprehensive collections of British, Federal, and State court reports, including special and annotated series, session laws, current State and Federal statutes, legal treatises, periodicals, encyclopedias and digests, administrative reports, and other classes of legal materials. Special collections are being developed in American Indian law (both primitive and current), and in water law.

LIBRARY OF THE MEDICAL SCIENCES

The Library of the Medical Sciences, housed in Medical School Building 2, 900 Stanford Dr., N.E., also houses the Bernalillo County Medical Society Library. The Collection now totals over 65,000 volumes. The Library subscribes to 1650 biomedical serials.

The New Mexico Regional Medical Program Health Sciences Information and Communication Center is also housed in the Library. Through this joint program, the following services are offered to all health personnel in New Mexico: (1) dial access tape library; (2) reference and information searches; (3) photocopying of items requested by mail or telephone; (4) MEDLARS searches; (5) consultation

with RMP and School of Medicine faculty; and (6) specialized information for planning, evaluating and funding of health projects in New Mexico.

ORGANIZED RESEARCH ACTIVITIES

THE OFFICE OF THE VICE PRESIDENT FOR RESEARCH

George P. Springer, Vice President for Research and Dean of the Graduate School

Research support activities are administratively under the supervision and direction of the Vice President for Research. He collaborates with the deans of colleges, the chairmen of departments, the directors of interdisciplinary organizations, and the Faculty Research Policy Committee in promoting University research activities and in informing faculty and students of the University's research efforts and opportunities. He is directly responsible for the Institute for Social Research and Development, the Office of Radiological Safety, the Office of Research and Fellowship Services, and the Civil Engineering Research Facility.

THE INSTITUTE FOR SOCIAL RESEARCH AND DEVELOPMENT

Jack M. Campbell, Director; Arthur A. Blumenfeld, Assistant Professor of Business and Administrative Sciences, Associate Director

The University of New Mexico established on July 1, 1968, the Institute for Social Research and Development (ISRAD) to expand and coordinate the University's activities in problem-oriented research and developmental programs, and to create opportunities for basic research. The Institute is an additional commitment of the University to the social and economic development of New Mexico, the Southwest, and the nation. Through greater use of its academic resources and coordination among instructional programs and those of research and service, a mutual strengthening of each aspect will be achieved.

ISRAD's research and service projects will be designed to develop both physical and human resources. The University's academic departments in the social and administrative sciences will be central to Institute activities, but other University areas will be involved whenever appropriate.

Within the University, ISRAD programs are intended to stimulate, promote, and coordinate research and action programs. The Institute will support and encourage active participation of varied research and service programs involving both faculty and students in such activities.

Outside the University the Institute will: (1) provide the means by which the University can become aware of state and regional socio-economic problems; (2) design and conduct programs to assist in the solution of such problems; and (3) function as the agency through which the University can seek support for such programs.

----- Broadening public recognition of its mission will bring many requests to the Institute for the kinds of developmental assistance which the University can offer. ISRAD will become deeply involved in programs directed toward the solution of many regional problems.

The Institute will function through several operating units: Bureau of Business Research, Bureau of Revenue Training Program, Career Opportunity Program, Center for Environmental Research and Development, Center for Leisure

and Recreation, Child Care Center, College Enrichment Program, Community Development Program, Division of Government Research, Home Improvement Project, Indian Community Action Project, Public Finance Research Program, the Technology Application Center, and Advanced Urban Systems Program.

THE BUREAU OF BUSINESS RESEARCH

Lee B. Zink, Director

The Bureau of Business Research was established in July 1945. Its purpose is to promote the economic welfare of the State through investigation and study of economic and business problems and through the dissemination of information. More specifically, its objectives are to promote the development and intelligent use of the State's resources and full employment for its people; to assist businesses in dealing with their problems of marketing, internal operations, and planning; to encourage the pursuit of business and economic research by students and faculty; and to provide a medium through which the skills and talents of the University as a whole may be made of assistance to the community.

The basic activities of the Bureau consist of gathering, collecting, analyzing, and interpreting data concerning the economic life of the State—its population, natural resources, employment opportunities, income, business activities, and markets. Studies are initiated by the Bureau or are undertaken for business concerns, governmental agencies, or other interested organizations. So that the results of its studies may be used, information is disseminated through Bureau publications, the press, radio, and television. Bureau publications include these:

New Mexico Business, a monthly journal which regularly carries more than 100 indexes of business activity in New Mexico, a short article summarizing recent business activity, and a feature article on some business or economic problem or area;

Retail Food Price Bulletin, a quarterly report presenting the results of the Bureau's survey of food prices at representative food stores in Albuquerque;

"Business Information Series," which consists of releases incorporating results of small studies and collections of information of current interest;

"New Mexico Studies in Business and Economics," a series in which research monographs on various subjects are issued at irregular intervals;

"County Economic-Background Series," individual reports on the development and nature of the economy of New Mexico counties.

Other activities include the Southwest Management Development Program, consisting of several types of intensified adult-education programs offered at intervals throughout the year in cooperation with the UNM School of Business and Administrative Sciences.

The Bureau confers with groups and individuals desiring to avail themselves of Bureau services. It sponsors conferences at which businessmen, civic leaders, and scholars meet to exchange information and pool their resources toward the solution of common problems.

COMMUNITY ECONOMIC EDUCATION AND DEVELOPMENT PROGRAM. The aim of this new program of the Bureau is to assist leaders in various New Mexico communities in learning more about the processes of economic development.

Through intensive personal exchange with Bureau representatives, these individuals will learn more about defining the economic needs of their communities and how the various programs of the Bureau, the Institute, and the University can assist in those needs.

DATA BANK. The Data Bank is the State's primary source of a wide variety of published and unpublished business and economic information on the State and Nation. Upon request from individual citizens, official agencies and departments, institutions, private business firms, etc., the Data Bank identifies, assembles, and forwards materials meeting precise needs. Free staff time on each request is limited; however, users may come to the Data Bank and gather their own materials. The Data Bank also functions as the primary ISRAD information source.

BUREAU OF REVENUE TRAINING PROGRAM

Edwin H. Caplan, Professor of Business and Administrative Sciences, Director

ISRAD and the UNM School of Business and Administrative Sciences jointly conduct three training programs for employees of the New Mexico State Bureau of Revenue. Offered to the Bureau of Revenue's auditing staff, these programs are seen as a means of improving the quality of state tax administration.

Training is given in accounting, organization theory and administration, data processing, and business law. The objective is to bring participants to levels of understanding and skill required for the position of tax auditor.

The program sponsored a Workshop on New Mexico State Taxes to familiarize taxpayers and their representatives with changes in tax laws and in matters of tax administration.

THE CAREER OPPORTUNITY PROGRAM

Carl U. Breuning, Director

The Career Opportunity Program conducts training for employment under two projects: The New Careers-Generic Training Program of the Albuquerque Concentrated Employment Program and the Work Incentive Program sponsored by the Employment Security Commission of New Mexico.

New Careers is working with about 100 people recruited from low-income areas. They are enrolled in a two-year program including training at the University and on-the-job experience gained at four public agencies. Participants in the latter phase are the Albuquerque Public Schools, the State Department of Health and Social Services, Bernalillo County Mental Health Center, and the Employment Security Commission.

Persons completing the New Careers Program may receive the University's Associate of Arts Degree in Human Services. Two-thirds of all requirements are in special classwork and working experience; one-third requires completion of 24 regular academic class hours at UNM.

The Generic Training Program has been selected by the Manpower Administration of the U.S. Department of Labor as a training site for management trainees.

Work Incentives assists mothers on welfare to become qualified as regular jobholders. Women referred by the Employment Security Commission are tested and trained to meet specific job requirements. Programs are highly personalized.

CENTER FOR ENVIRONMENTAL RESEARCH AND DEVELOPMENT

Robert B. Riley, Associate Professor of Architecture, Director

The Center, established in 1969, applies resources of the university community to problems of improving our physical environment. Technical assistance and consulting services are available to community and governmental agencies working with urban and rural problems. Seminars, conferences, and lectures are sponsored by the Center to offer broader understanding of environmental needs.

Within the University the Center aims at developing an interdisciplinary research program that will encourage cooperative work among architects, community health workers, ecologists, economists, political scientists, sociologists, planners, and other specialists.

The Center will concentrate on problems of New Mexico and the Southwest. These will include the impact of federal and state land ownership on regional planning, the revitalization of small towns and villages, opportunities and limitations imposed by the urban structure of our fast-growing cities, and the need for ecologically-oriented planning for arid lands. The Center is currently engaged in a planning study for four small villages in New Mexico; a feasibility study on industrializing regional adobe production, marketing and construction; co-sponsorship of the first statewide land-use planning seminar; and is coordinating an advanced urban systems study for the City of Albuquerque.

Graduate and undergraduate students in the department of architecture are involved in these current studies and faculty members consult on the projects. Project reports will be published.

CENTER FOR LEISURE AND RECREATION

E. A. Scholer, Professor of Health, Physical Education and Recreation, Director

New Mexico has a huge potential and is experiencing growing demand for recreation of many kinds. The Center for Leisure and Recreation was established to work in these areas in the summer of 1969. The center's purposes are five: aid to municipalities in programming and recruitment, research on various factors influencing leisure and recreation, help to private interests in development of commercial recreational facilities, aid to state agencies in recreational development, and assistance to minority groups in establishing commercial programs and facilities.

In the last area of emphasis, the center has worked with the Southern Ute, Santa Clara, Jemez, Jicarilla, and Cañoncito Navajo Indians, and with the Navajo Parks and Recreation Commission. The center has also worked with the cities of Las Cruces and Albuquerque, and with the Carrie Tingley Hospital for Crippled Children.

The center focuses on recreation and leisure activities the energies of members of the UNM department of health, physical education and recreation, as well as graduate students and faculty from other areas of the University.

CHILD CARE CENTER

In conjunction with the Albuquerque Model Cities Program and the State Department of Health and Social Services, the project will demonstrate organization, curriculum, staffing, health, nutrition, and other basic factors in child care in a poverty-stricken area of a metropolitan community.

COLLEGE ENRICHMENT PROGRAM

Louis A. Bransford, Associate Professor of Special Education, Director

The College Enrichment Program is designed to provide high school graduates from poverty backgrounds with skills and attitudes that will improve the likelihood of their completing an undergraduate college education. In its first year, 1968-69, the program, supported by the Office of Economic Opportunity, enrolled 45 students in an eight-week summer session.

Selected for the most part from north-central New Mexico, including Indian reservation program participants went on to enroll at UNM as regular freshmen in the fall of 1969. Selected students are required to fulfill the academic prerequisites for entrance to the University.

Students who meet all other selection criteria must be from families whose annual incomes meet the poverty guidelines as set by the Office of Economic Opportunity. This program is intended for students who need financial, motivational, and academic aid but who have the potential for academic success.

Special summer training included language arts and communications skills, logic and verbal expression, and social studies with emphasis on circumstances in New Mexico. Program staff members remained available to the group as it moves through the freshman year.

The program, part of the broader Upward Bound design to encourage higher education among young people brought up in poor circumstances, has been moved from OEO to the U.S. Office of Education. The University hopes to expand the program for the future.

COMMUNITY DEVELOPMENT PROGRAM

William W. McKinstry, Director

The Community Development Program has been organized to work for the most effective combination of human and material resources to bring about solutions to the problems of New Mexico's low-income communities. The program, with support from the U.S. Office of Economic Opportunity, provides a variety of assistance in technical fields to community groups addressing a wide range of problems: job opportunities, need for training, educational improvement, housing and health matters, and recreational development.

First priority goes to projects that help to create jobs and produce income. VISTA and other volunteer programs also have access to the program's resources. Faculty and graduate students at the University are available through the program, to assist business and cooperative enterprises in low income communities.

DIVISION OF GOVERNMENT RESEARCH

Harold V. Rhodes, Associate Professor of Political Science, Acting Director

The Division of Government Research was established in 1945 for the purpose of publishing studies in the government and politics of the state, region, and the nation, and making them available to public officials, civic, educational, and community organizations and interested individuals.

Research findings have been made available to the public through 79 published monographs on a wide range of subjects.

The division maintains a central file of New Mexico election statistics beginning with statehood. It operates a reference room housing publications, reports,

surveys and subject matter files on New Mexico's state and local governments, and on the Albuquerque metropolitan area. The division operates information exchanges with many agencies nationally and abroad.

The division conducts training programs for state and local government officials. Topics covered in seminars and workshops include modern techniques of management, intergovernmental relations, organizational behavior and others. Programs are held at various locations throughout the state.

HOME IMPROVEMENT PROJECT

L. E. Roberts, Director

Begun four years ago as a pilot demonstration project of the U.S. Office of Economic Opportunity, the Home Improvement Project is a multiphase approach to the problems of men with few, if any, qualifications for employment. It combines academic instruction for dropouts, with individual training and counseling, on-the-job training, and intensive follow-up.

The program includes specific training in building trades. Experience is gained in making repairs and renovations to substandard housing in Albuquerque and neighboring communities. Trainees supply labor, while homeowners supply materials.

On completion of training, participants are placed in jobs with Albuquerque businesses. Follow-up services are provided trainee and employer. During the fiscal year ended June 30, 1969, a total of 93 trainees were placed in jobs, after completing 118 home improvement projects in Albuquerque's poorest neighborhoods and in eastern Valencia County.

INDIAN COMMUNITY ACTION PROJECT

L. E. Roberts, Director

The project is funded by the Office of Economic Opportunity to provide technical assistance, training, and career development for all New Mexico and Colorado Indian Community Action Programs, except the Navajo. These services are provided upon request from the local community action agency or tribal council.

Technical assistance is provided in the areas of: community development, program management, housing assistance, economic development, vocational and adult basic education, manpower training, program planning, and Head Start programs. Training is provided for local community action agency personnel and tribal leadership.

Indian staff members may attend classes at the University of New Mexico while receiving intern experience working with project specialists. The Indian Community Action Project works closely with the Bureau of Indian Affairs, the New Mexico Commission on Indian Affairs, public schools, and other agencies concerned with the problems of the Indian's social and economic position in New Mexico and southern Colorado.

The University of New Mexico is a member of the Office of Economic Opportunity Indian Consortium. Other universities carrying out similar programs are: Arizona State University, the University of Utah, the University of Montana, the University of South Dakota, and Bemidji State College.

PUBLIC FINANCE RESEARCH PROGRAM

Gerald J. Boyle, Professor of Economics, Director

The Public Finance Research Program exists to study and report on taxation, government expenditure and debt, and governmental budgeting. Special attention is given New Mexico's state and local governments. Seminars, workshops, and conferences are conducted in continuing series to examine public financial problems, and to work toward solutions.

The Public Finance Research Program and the State Planning Office began work in July 1969 on a planning-programming-budgeting system for the State of New Mexico. This approach to public finance utilizes many tools, methods and procedures of modern management.

With the State Bureau of Revenue, the Public Finance Research Program is designing a system to provide annual estimates of State government revenues, by source, and to estimate tax burdens and expenditure benefits by income class. Resulting information will be of value for planning and policy purposes to the state's administration and to the State Legislature.

Original research findings and reprints in the field of public finance are issued in a publications series. Reports, available on request, cover matters of state and national interest to legislators, government administrators, and teachers and students in business and economics.

TECHNOLOGY APPLICATION CENTER

William A. Shinnick, Assistant Professor of Business and Administrative Sciences, Director

This Center operates programs for transferring to private industry newly developed product ideas, processes, innovations, technical information, and other new technology. The Center combines sophisticated techniques of handling and retrieving information with a multidisciplinary staff of experienced engineers and business specialists, complemented by the faculty and the resources of the University and by other participating Centers throughout the nation.

The four major services are: (1) problem-solving searches, starting with identification and definition of the client's problem and then performing a computerized search of many hundreds of thousands of technical documents and finally selecting those data relevant to the problem; (2) current awareness searches which screen new technical documents which become available each two weeks and pass on to the client all new information applicable to his specific area of technical interest; (3) Industrial Application Reports, which announce on a monthly basis new ideas and innovations thought to have the potential for significant impact on participating firms; (4) general services, including access to special bibliographies and marketing technology and a wide range of aids in management, engineering, and the sciences, with these aids being made available through Institute and other campus programs.

Three programs provide these services: (1) a statewide industrial program for small business which includes continuing contact of firms by field engineers and educational seminars conducted in cooperation with New Mexico State University and the New Mexico Institute of Mining and Technology supported by the Office of State Technical Services of the Department of Commerce; (2) a re-

gional industrial program for the larger firm supported by the Office of Technology Utilization of the National Aeronautics and Space Administration; (3) a national natural resources program specializing in the application of new technology to the natural resources firm also supported by NASA's Office of Technology Utilization.

THE OFFICE OF RADIOLOGICAL SAFETY

W. L. Tabor, Radiological Safety Officer

On behalf of the Faculty Committee on Radiological Control, the Radiological Safety Officer promulgates the policies, procedures, standards, and rulings concerning radiation and radiological safety aspects of radiation licenses at the University so as to assure the safety of students, faculty, staff and the general public.

THE OFFICE OF RESEARCH AND FELLOWSHIP SERVICES

Arthur V. Houghton III, Professor of Mechanical Engineering, Director

The broad purposes of the Office of Research and Fellowship Services are:

- (1) to foster a more effective and more extensive program in research and other scholarly pursuits within the University;
- (2) to make a continuing survey of the research and other scholarly and creative interests, activities, and needs, as well as of the human and physical resources, within the University; and to disseminate this information to departments, the University administration, and possible sponsors of research;
- (3) to coordinate, insofar as possible and desirable, the various research and fellowship activities on campus;
- (4) to seek funds in support of research and other scholarly and creative activities and interests in the University, including faculty and student fellowships; and to disseminate to appropriate individuals, faculty, and administration information concerning application procedures for such financial aid;
- (5) to assist faculty members in determining that proposals are prepared in accordance with the policies of the University and of the sponsoring agency;
- (6) to act as the University's reviewing agency for all research proposals submitted to outside agencies, except for those emanating from the School of Medicine.

ERIC H. WANG CIVIL ENGINEERING RESEARCH FACILITY

The University of New Mexico has operated this facility since its organization in 1961 as the Air Force Shock Tube Facility. Located on Sandia Base and owned by the Air Force Weapons Laboratory, the laboratories conduct research relating to the civil engineering of Air Force bases anywhere in the world; primary emphasis is placed upon the response of facilities designed to resist the effects of nuclear weapons.

Theoretical as well as experimental research programs provide thesis and dissertation topics for graduate students as well as part-time employment for undergraduate students and research topics for faculty and full-time staff.

OTHER RESEARCH PROGRAMS

RESEARCH ALLOCATIONS COMMITTEE

This Committee supervises and allocates the University Research Fund. It works with the Vice President for Research and meets with him formally at least once each semester to discuss the availability and allocation of funds. The Committee receives requests from faculty members for grants-in-aid, determines faculty eligibility for grants from the Fund and the amount of such grants, and appraises the merits of proposed research projects as well as the productivity of the applicants.

BUREAU OF EDUCATIONAL PLANNING AND DEVELOPMENT

Richard F. Tonigan, Associate Professor of Educational Administration, Director

The Bureau is a field service organization which serves as a vehicle for connecting the interests and talents of the faculty, graduate students and the University with the educational planning efforts of a great variety of educational agencies.

The Bureau contracts with public and private organizations to analyze educational problems and to develop feasible solutions. Its staff works with school systems; colleges and universities; local, state and national educational agencies; industry, private planning and consulting firms; and overseas missions and governments.

The Bureau of Educational Planning and Development helps to plan and improve education both by providing selected field service and research experiences beneficial to the development of graduate students and to stimulate the interests of the faculty and selected graduate students with the planning and implementation efforts of a great variety of educational agencies.

The Bureau guides the activities of two major organizations: The New Mexico Research and Study Council, comprised of 30 New Mexico School Districts which jointly provide funds for the development of projects for the districts; and the School Plant Planning Service, which gives assistance to school districts in developing curricula and facilities.

The Bureau encourages the development of both proven and innovative concepts in organizational planning, curriculum and facility planning, administration, educational financing and teacher training.

The activities of the Bureau of Educational Planning and Development may be supported by gifts and grants.

THE BUREAU OF ENGINEERING RESEARCH

W. W. Grannemann, Professor of Electrical Engineering, Director.

Established in 1937 as an Engineering Experiment Station, the Bureau of Engineering Research is an integral part of the College of Engineering. Research

activities in the College of Engineering are directed toward (1) maintaining an engineering faculty who are leaders in the discovery and development of new engineering knowledge, (2) supporting the engineering graduate program by affording graduate students high-level research opportunities, and (3) service to the citizens and industry of the State of New Mexico.

It is the purpose of the engineering research program not only to train future research workers, but also to carry out a program of research that assures both sound investigations of a fundamental nature in the engineering sciences and work devoted to the solution of State problems and to greater utilization of the State's natural resources. Through publications, cooperative activity with New Mexico industry, and the conduct of sponsored contract research projects, it is the purpose of the Bureau of Engineering Research to play a prominent role in the industrial and technical development of New Mexico.

MILITARY TRAINING

AIR FORCE ROTC

The purpose of Air Force ROTC is to select and train students who possess the character, intelligence, aptitude, and desire to become officers in the United States Air Force.

Air Force ROTC is a 2-year program for university students. Normally, processing of new students begins during the first semester of the sophomore year. However, all male students who have 2 years of academic work remaining for their degree, either baccalaureate or graduate, are eligible for enrollment. The initial processing includes a written and physical examination. After acceptance, the prospective cadet attends a 6-week field training course during the following summer.

The individual must be a male citizen of the United States, at least 17 years of age, and be able to complete all commissioning requirements prior to age 30 for non-flying training and age 26½ for pilot or navigator training.

Uniforms and textbooks for Air Force ROTC courses are provided by the Air Force. Participants receive over \$130 for the six-weeks training period (in addition to six cents per mile travel pay) and \$50 per month for 20 months. Total cadet pay for the 2-year program will be approximately one thousand dollars. Students selected for flying training receive free flight training during the second year of the program and may qualify for a Private Pilot's Certificate.

Cadets are required to attend Aerospace Studies courses for 3 hours per week. Credit for Air Force ROTC courses may be applied toward an academic degree. Most undergraduate colleges of the University have made arrangements whereby Aerospace Studies courses may be used as elective courses.

NAVAL ROTC

The Naval Reserve Officers Training Corps Unit at UNM participates in three Navy-Marine Corps officer candidate programs leading to service as a commissioned officer in the Navy or Marine Corps.

Students in the Regular NROTC program receive tuition, various fees, textbooks, uniforms, and \$50.00 per month subsistence allowance. Applicants for this

program compete nationally by means of the ACT or SAT scores. Applications may be submitted to the Navy between 1 April and 10 November.

Students in the Contract NROTC program receive Naval Science textbooks, uniforms for four years, and \$50.00 per month subsistence allowance for the last two years. Applications for this program should reach the Navy prior to 1 September.

The Navy Enlisted Scientific Education Program (NESEP) offers enlisted personnel of the U.S. Navy and U.S. Marine Corps a four year college scholarship with full pay and allowances. The fields of chemical, electrical, and mechanical engineering are currently available to NESEP students at the University of New Mexico.

Further information concerning the NROTC programs can be obtained from high school and college counselors, recruiting stations, and the NROTC Unit, UNM, 710 Yale Blvd., NE, Albuquerque, New Mexico 87106.

ADMISSION AND REGISTRATION

APPLICATION AND CREDENTIALS

ALL COMMUNICATIONS regarding entrance to the undergraduate colleges of the University should be addressed to the Director of Admissions. The University requires that each applicant file an application for admission (form to be obtained from the Office of Admissions and Records) and pay a \$10 application fee. In addition, he must have his credentials sent directly to the Director of Admissions from the high school or college(s) previously attended; transcripts in the possession of students are not acceptable for entrance purposes. **Deadlines for the receipt of applications and credentials (including test scores when applicable) are July 15 for the fall 1970 semester and January 1 for the 1971 spring semester. The deadline for Dental Hygiene is April 1. (See 1971-72 Calendar, p. 11, for new application deadline for that school year.)**

Students are accepted for admission to the undergraduate colleges of the University for the spring semester (see Calendar, p. 9) as well as for the fall and summer sessions, except that students may enroll for the first semester of Dental Hygiene only in the fall. Applicants for Dental Hygiene or Dental Assisting programs are referred for special admission procedures and requirements to the College of Pharmacy section of this catalog.

Applicants for the Graduate School, the School of Law, or the School of Medicine should make application directly to those schools and are referred for specific information about admission to the respective sections of this catalog and to the bulletins of those schools.

AMERICAN COLLEGE TESTS (ACT)

The American College Testing Program battery of tests is required for advisement and placement purposes of all students applying for admission as beginning freshmen and of transfer students applying with fewer than 26 semester hours of college credit acceptable by this University. Other national tests may not be substituted for the ACT. Although the American College Test is given several times each year, it is recommended that it be taken on a summer or early fall testing date following completion of the student's junior year in high school. Students are required to register with ACT in advance of the testing sessions. High school seniors should consult their counselors for registration deadlines and testing dates and places. Students who have completed high school may obtain a test registration form from a nearby high school or college testing office or by writing for information to: ACT Registration Unit, P.O. Box 414, Iowa City, Iowa 52240. ACT standard scores or percentiles appearing on transcripts do not fulfill University requirements. Only the complete packet of test information containing predictive data as well as test scores mailed directly to the University by ACT will meet this need.

APPLICATION FEE

An Application Fee of \$10 is payable when the application for admission is submitted. This fee is not refundable. The application and credentials of students who apply for admission but do not enroll are kept on file for one calen-

dar year after the beginning of the session for which application was made. The Application Fee paid with the original application will be extended to cover a reapplication for a session starting within that time-limit.

FRESHMEN

HOW TO APPLY

Each freshman applicant is required to:

1. Present an application for admission (See p. 97).
2. Enclose with the application form the \$10 application fee.
3. Have ACT scores (see p. 97) sent to the Director of Admissions.
4. Request that his high school send an official transcript of his record to the Director of Admissions.

When the application, transcript, and ACT results have been received, the Office of Admissions will send to the applicant notice of eligibility or ineligibility for admission. When the student applies early in his senior year, a preliminary notice of eligibility is issued as soon as processing is completed. This preliminary notice is firm for the student's planning purposes subject to completion of his high school program. Final notifications of admissions for the fall semester are issued starting about May 1 and are accompanied by an advisement and registration appointment, a housing application form if the student requires dormitory accommodations, registration instructions and a medical examination form. Final notifications of admission for the spring semester are issued starting about November 1.

WHEN TO APPLY

A high school student, especially one who also is applying for financial aid, is urged to apply for admission and financial aid early in his senior year. The applicant should have his high school mail to the Director of Admissions a transcript complete for his first six semesters. A student who applies during his final senior semester should provide a transcript complete for the first seven semesters. The deadline for receipt of applications and all required credentials, including results of the American College Test, is July 15 for the fall semester and January 1 for the spring semester. An application is processed as soon as possible after all required items are available. A preliminary notification of admission is then issued to the admissible student subject only to receipt of a final official transcript showing grades and credit for the senior year and the graduation date.

ADMISSION BY CERTIFICATE

The standard of preparation for admission to freshman status in the University is the 4-year high school course. High schools accredited by regional accrediting associations, state departments of education, or state universities, are recognized by the University of New Mexico. Graduates of accredited high schools who meet qualitative requirements of the University may be admitted upon presentation of transcripts showing a minimum of 15 acceptable units. Graduates of unaccredited or partially accredited high schools who present transcripts which meet admission requirements in all respects except accredita-

tion may become eligible for admission upon validating the unaccredited high school work by qualifying scores on the American College Test.

The minimum qualitative requirement for admission is a grade average of C (2.0 on a 4.0 system) in previous academic work, exclusive of grades in physical education activity and ensemble music courses. The applications of students whose records do not meet the indicated requirements may be subject to review by the Committee on Entrance and Credits.

The University recommends that freshmen be at least 16 years of age.

SUBJECT MATTER PREPARATION. The University's essential concern is that the applicant be adequately prepared for successful participation in the college program he plans to pursue. A fixed pattern of subject matter is not prescribed, but the student is urged to include in his preparation a substantial number of the college preparatory courses available in his high school or preparatory school. It is strongly recommended that the student planning to study in the areas listed below have completed the indicated high school courses as background for his college studies:

Engineering or Architecture. A student intending to major in either of these areas, in order to complete his prescribed curriculum without loss of time, should have completed at least two years of algebra, one year of plane geometry, and one-half year of trigonometry or college preparatory mathematics.

Mathematics and Statistics. For students planning to enroll in college mathematics courses, this department recommends completion in high school of at least two years of algebra and one year of geometry. More advanced courses, particularly trigonometry, are desirable for students planning to take calculus.

Pharmacy. One year of chemistry, one year of biology, one year of physics, at least two years of algebra and one year of geometry, and four years of English are recommended.

Nursing. This college strongly suggests completion of a minimum of two years of college preparatory mathematics and at least two years of laboratory science (biology, chemistry, or physics).

Dental Hygiene. Two years of high school science, preferably biology and chemistry, are recommended for prospective dental hygiene students and they should include in their preparation a well-rounded variety of subject areas.

Pre-Medicine, Pre-Dentistry, Sciences, Business and Administrative Sciences. Students planning to enter these or similar fields are advised to include in their high school programs at least intermediate algebra and plane geometry.

Latin American Studies. At least two years of high school Spanish are recommended.

EARLY ADMISSION

The University does not encourage early admission but will admit a limited number of highly qualified applicants after completion of the junior year of high school. To be considered for early admission, the applicant must have

achieved an exceptional record on a minimum of fifteen units in an accredited high school, have the unqualified recommendation of his principal or headmaster, and have achieved a score satisfactory to the University on the American College Test. A personal interview with the Director of Admissions is required before a decision is made.

ADMISSION BY EXAMINATION

A student 19 years of age or older who has not been graduated from high school may be admitted if he achieves a standard score average of 50 or above on the high-school-level General Educational Development tests or standard scores averaging 22 or above on the American College Test.

UNIVERSITY COLLEGE

All freshmen are enrolled in the University College until they have completed satisfactorily a minimum of 26 semester hours and have met specific requirements for admission to the degree-granting colleges of the University or to the Bachelor of University Studies program. Students are referred to the University College section of this catalog.

CEEB ADVANCED PLACEMENT PROGRAM

The University participates in the Advanced Placement Program of the College Entrance Examination Board. By department, placement and credit is awarded as follows:

Biology. Credit to a maximum of 8 semester hours is granted for scores of 5 and may be allowed for scores of 4 upon review by the departmental faculty. A maximum of 4 semester hours may be allowed for grades of 3 upon departmental review. Courses equivalencies are determined by the Department of Biology.

Chemistry. Credit for Chemistry 101L and 102L granted for scores of 3 through 5. Credit for Chemistry 121L and 122L granted for scores of only 4 and 5.

English. Credit granted for scores of 4 and 5. A score of 3 may be acceptable upon review by departmental faculty.

History. Credit granted for scores of 4 and 5. A score of 3 may be acceptable upon review by departmental faculty.

Mathematics. Credit determined by score (3 minimum) and a personal interview.

Modern Languages. Credit granted for scores of 4 and 5. A score of 3 may be acceptable upon review by departmental faculty.

Physics. Credit is determined by score (3 minimum) and a personal interview with departmental faculty.

EXAMINATION TO ESTABLISH OR VALIDATE CREDIT

A student admitted to regular status in an undergraduate college of the University may, with appropriate approval, take an examination to establish or

validate credits in courses appearing in the University's general catalog. See p. 154 in the General Academic Regulations section of the catalog.

TRANSFERRING STUDENTS

HOW TO APPLY

Each new student who has attended other colleges or universities and who is seeking admission to an undergraduate college is required to file with the Office of Admissions and Records an application for admission (form to be obtained from that office) accompanied by the required \$10 Application Fee. He should also request the authorities at each institution attended to send an official transcript of his record to the Director of Admissions. The student who is applying with fewer than 26 semester hours of college credit acceptable by this University must also have sent to the Director of Admissions his official scores on the American College Tests (see p. 97) and a complete official transcript of his high school work. No application will be processed until all required items, including the ACT scores where applicable, are on file.

A student currently enrolled in another institution at the time he makes application and applying for admission for the following session to one of the undergraduate colleges of this University should arrange to have forwarded to the Director of Admissions an official transcript which includes a listing of courses in progress as well as all completed work. On the basis of these partial credentials, a determination of admission status will be made pending receipt of the final transcript, thus enabling the student to make definite his plans for transfer.

The student must indicate on the application all previous college attendance. An applicant is not permitted to ignore previous college attendance or enrollment even though he may prefer to repeat all of his previous college courses. A student found guilty of non-disclosure or misrepresentation in filling out the admission application form, or a student who finds after admission or enrollment that he is ineligible for academic or any other reason to return to his last institution and who fails to report this immediately to the Admissions Office, will be subject to disciplinary action, including possible dismissal from the University.

Applicants seeking admission to the Graduate School, the School of Law, or the School of Medicine of this University are referred for admission requirements and procedures to those respective sections of this catalog and to the **Bulletin** of the respective School.

WHEN TO APPLY

The application, required credentials, and ACT results (when applicable) must be on file in the Admissions Office not more than 6 months in advance of the session for which application is being made and *not later than July 15* for the fall semester and January 1 for the spring semester.

UNIVERSITY COLLEGE

All students who have completed fewer than 26 semester hours of acceptable college credit will be required to enroll in the University College. (See p. 161.)

The student who has completed 26, but fewer than 64, semester hours of acceptable college credit and who is found admissible but who has not met the special admission requirements of the degree-granting college of his choice may

be required to enroll in the University College until he has qualified for transfer to the degree-granting college. (See the respective college sections of this catalog for admission requirements.)

The University College will not accept students who have attempted 72 or more academic semester hours or who have earned 64 or more academic semester hours.

ADMISSION PROCEDURE

When the application, Application Fee, all required credentials, and the ACT results (if applicable) have been received, the Office of Admissions will send to the applicant a notice of eligibility, or ineligibility, for admission. In some cases preliminary notice of eligibility will be issued prior to the final notice of admission. The final notice of admission will be accompanied by an advisement and registration appointment, a housing application form if the student requires dormitory accommodations, registration instructions, and a medical examination form.

An evaluation of the transferred credit will be completed as soon as possible after the admission status has been determined. In some instances it will not be prepared until after the notification of admission has been issued. If the student receives his evaluation prior to registration, he should retain it for use during advisement.

REGULATIONS

The minimum qualitative requirement for University admission is a grade average of C in all previous college work, exclusive of grades in physical education activity and ensemble music courses. The applications of students whose records do not meet the indicated requirements may be subject to review by the Committee on Entrance and Credits. A student under suspension from any other college or university will not be considered for admission during the period of disqualification.

Students from fully accredited institutions ordinarily will be given full credit for work transferred, insofar as the courses taken are the same as, or equivalent to, courses offered in the college in which the student enrolls in this institution. Courses in which grades of D are earned in other institutions are not acceptable for credit in The University of New Mexico.

Only an approximate evaluation can be made prior to registration, and all credit is tentative until the student has completed at least one semester of satisfactory work in residence.

Credits transferred from an accredited junior college will be accepted up to a maximum to be determined by the college in which the student is enrolled. In accepting junior college credits, no courses will be considered as above sophomore-level.

No credit is accepted from technical institutes which are not members of regional accrediting associations. Only credit earned in non-technical subjects is accepted from technical institutes which are accredited by a regional accrediting association.

Applicants from unaccredited institutions must have the equivalent of a 2.5 University of New Mexico index to be eligible for admission by transfer. Credit

earned in unaccredited institutions is usually accepted on the same basis as by the state university of the state in which the institution is situated. When acceptance of credit on a validation basis is indicated, the student will be required to validate such credit by at least a 2.0 index on his first 30 semester hours of residence study here. Where it seems proper, examinations for the validation of credit may be required.

Independent study and extension credit from institutions not accredited by regional accrediting associations is not accepted for transfer. A student who has completed such correspondence or extension work in a course comparable to one offered by this University has the privilege of establishing credit here under the regulations governing special examinations to establish credit.

UNCLASSIFIED STUDENTS. Students transferring from unaccredited or partially accredited institutions are unclassified until they have validated credit in accordance with the University regulations. This designation is also used temporarily when the evaluation has not been made and definite classification cannot, therefore, be determined.

CONCURRENT ENROLLMENTS. Credit will not be granted for college courses carried either through extension or independent study or in residence at another institution of college level, when a student is enrolled for residence credit in this University, except upon prior written approval of the dean or director of the college in which the student is enrolled here.

READMITTED STUDENTS

A student who has previously enrolled in residence in the University but whose attendance has been interrupted by one or more regular semesters is required to file an application for readmission whether he plans to attend in degree or in non-degree status. The degree student who, during his absence from the University, has attended another collegiate institution, or has taken college-level courses by correspondence or extension, must provide complete official transcripts of such studies. The Application Fee is not required of undergraduate students who have formerly attended the University in degree status. Students applying for readmission in regular status are required to meet the application deadlines.

A student enrolled in another institution at the time of application and applying for readmission to one of the undergraduate colleges should arrange to have forwarded an official transcript which includes a listing of courses in progress as well as all completed work. On the basis of these partial credentials, a determination of readmission status will be made pending receipt of the final transcript, thus enabling the student to make definite his plans for re-entry.

An applicant for readmission to the Graduate School, to the School of Law, or to the School of Medicine will have the required transcripts sent to the respective School.

Credit earned during suspension from this University will not be accepted for transfer, but attendance at another institution during suspension must be indicated on the student's application for readmission and an official transcript of record must be furnished.

UNIVERSITY COLLEGE

The readmitted student in regular status who has not completed 26 semester hours of acceptable college credit will be required to enroll in the University College (see p. 161).

The readmitted student in regular status who has completed 26, but fewer than 64, semester hours of acceptable college credit and who is found readmissible but who does not meet the special admission requirements of the degree-granting college to which he is seeking readmission may be required to enroll in the University College until he has qualified for transfer to the degree-granting college. (See the respective college sections of this catalog for admission requirements.)

The University College will not accept students who have attempted 72 or more academic semester hours (including hours with grade of Incomplete) or who have earned 64 or more academic semester hours.

NON-DEGREE STUDENTS

Persons wishing to pursue credit courses, either evening or daytime, without meeting the full requirements for admission to undergraduate status, may apply for non-degree status in the University's Community College provided the following qualifications are met:

The applicant must be at least 21 years of age, or must have been graduated from high school. (High school graduates who have not been out of high school for a year or more may not enroll in non-degree status, but should file formal application for degree status in the University.)

A student who has exhausted his eligibility in the University College and who is not academically eligible to enter a degree-granting college of this University may not enroll in non-degree status.

A former student previously enrolled in regular status in an undergraduate college of the University should apply after an absence from the University for readmission to regular status. He should not apply for non-degree status.

It is not the policy of the University to permit students from other countries who are in the United States on a student visa to register in non-degree status.

The applicant who wishes to register in non-degree status is required to file a short application form with the Office of Admissions. These forms may be obtained from that office.

Previous academic records are not required of applicants for non-degree status. It is urged, however, that non-degree students planning to enroll in advanced courses requiring prerequisites bring with them at registration some evidence that prerequisites have been fulfilled.

Applicants for non-degree status are required to certify that they are not under suspension from any college or university. A student found guilty of non-disclosure or misrepresentation in filling out the admission application form, or a student who finds after admission or enrollment that he is ineligible for academic or any other reason to return to his last institution and who fails to report this immediately to the Admissions Office, will be subject to disciplinary action, including possible dismissal from the University.

The student registered in non-degree status is subject to all University regu-

lations governing registration, attendance, and academic standing. Credit earned in non-degree status is recorded on the student's permanent record and may be applied in an undergraduate degree program when the student has satisfactorily established degree status by meeting the entrance requirements of the University and of the degree-granting college of his choice. Normally credit earned in non-degree status may not be allowed toward an advanced degree. For circumstances under which such credits may be applied towards a graduate degree at the University of New Mexico, see the **Graduate School Bulletin**. Students in non-degree status who do not have a bachelor's degree or equivalent may not enroll in 500-600 level courses.

The student in non-degree status may not enroll for more than 7 semester hours during a regular session without special approval of the Director of the Community College.

THIRTY-HOUR LIMITATION ON NON-DEGREE STATUS

A student is permitted to earn a maximum of thirty semester hours of credit in non-degree status, except that a student who has previously completed a baccalaureate degree and who does not plan to work toward an advanced degree may petition the Committee on Entrance and Credits to earn hours beyond the normal thirty hour limitation. No undergraduate college of the University will accept in a degree program in excess of 30 semester hours earned while the student has been registered in non-degree status, nor is a college obligated to accept any hours earned in non-degree status which do not fulfill college degree requirements. The student who does not have a baccalaureate degree and who is approaching the 30-hour limitation in non-degree status, if he wishes to continue taking courses for credit, should consult the Admissions Office concerning procedures required to establish regular degree status. If regular status is not attained, the student will be allowed to register in courses as an auditor only, receiving no credit.

Non degree students applying for regular status are required to follow admission procedures and to provide all items requested of transfer students (see p. 101).

CREDITS FOR TEACHER CERTIFICATION

Non-degree students desiring to take education courses leading to teacher certification must successfully complete the College of Education screening examination. Students who have an earned degree may take such education courses during their first semester of enrollment provided that they complete screening concurrently; students without an earned degree are not eligible to enroll in most education courses until completion of the screening process. All non-degree students planning to take education courses should consult the Office of the Dean, College of Education, before enrollment.

GRADUATE STUDENTS

Refer to "Graduate School" and to the **Graduate School Bulletin**.

LAW STUDENTS

Refer to "School of Law" and to the **Law School Bulletin**.

MEDICAL STUDENTS

Refer to "School of Medicine" and to the **Medical School Bulletin**.

STUDENTS FROM OTHER COUNTRIES

The University admits qualified students who are citizens of other countries. The non-citizen is required, for visa purposes, to enter in regular status. He is, therefore, required to present, in addition to the application for admission: official certified transcripts from each secondary school attended; official certified transcripts from each college and university attended; American College Tests (ACT) scores, if applicable (see p. 97); official certifications of any state or national examinations taken; evidence of satisfactory results on the "Testing of English as a Foreign Language" (TOEFL) examinations in areas where these examinations are administered (in other areas, a certificate or statement from the American consul as evidence of a competent reading, writing, and speaking knowledge of the English language will be considered); and a certified statement which shows ability to meet financial responsibilities while in the United States.

To facilitate his admission procedure, the applicant should gather all credentials and send them in the same mail to the Director of Admissions, except that TOEFL and ACT results are sent direct to the University by the testing offices. Applications for graduate-level study (beyond a first college-level degree) and all the credentials listed above (excepting only the secondary school credentials) should be mailed to the Dean of the Graduate School.

VETERANS

A veteran is defined as any person who served in the Armed Forces for a minimum of 90 days from September 16, 1940, to July 26, 1947, or who during a subsequent period of active duty, became eligible under one of the Public Laws governing educational benefits for veterans.

The veteran student should follow the requirements and procedures outlined in the "Admission and Registration" section of the catalog in seeking admission to the University. For certification of eligibility for educational benefits under one of the Public Laws, he should make application to the Regional Office of the Veterans Administration for his home state.

Credit for service training and experience is granted on the basis of measured educational achievement, in conformity with the procedures recommended by the North Central Association of Colleges and Secondary Schools and the American Council on Education. Students who were eligible for educational benefits under one of the Public Laws or who served on active duty during a period of at least 1 calendar year after July 26, 1947, must apply for such credit during the first semester of enrollment in regular status. Any credit tentatively allowed will become a part of the student's permanent record after he has completed a minimum of 12 semester hours at this University. Total semester hours of military credit to be accepted in a specific degree program will be at the discretion of the degree-granting college of this University in which the student is registered. A maximum of 8 semester hours elective credit is allowed for basic or recruit training apportioned as follows: First Aid, 2 semester hours; Hygiene, 2 semester hours;

Physical Education Activity, 4 semester hours. Eight semester hours, apportioned the same as credit granted for service in the U. S. Armed Forces, will be granted to foreign students who have completed military training, provided they can show official credentials in support of their statements. Credit earned in specialized army and navy programs conducted by college and university staffs is allowed in accordance with the recommendations of the administering institution. Credit for work done in formal training programs is allowed in accordance with the recommendations of the American Council on Education or on the basis of examinations here. U. S. Armed Forces Institute courses are acceptable if courses have been taken through university extension divisions accredited by regional accrediting associations. Other U.S.A.F.I. courses may be accepted if recommended by the American Council on Education and validated by successful scores on "End-of-Course Tests" or "Subject Standardized Tests." U.S. Armed Forces Institute correspondence courses not directly transferable or validated by these tests may be established by examination in this University. No credit is allowed for the College-Level General Educational Development Tests nor for the Comprehensive College Tests (General Examinations). The veteran has the opportunity, while enrolled in regular status in the University, to demonstrate his competence in any University subject, and to earn credit in that subject, by making a satisfactory grade on an examination to establish credit (see p. 154).

MEDICAL EXAMINATIONS

A student enrolling for 8 or more semester hours for the first time, or returning to the University after an absence of one year or more, is required to have a physical examination from his own doctor. This must be reported on the official University forms (provided at the time the student is notified of his admission) and must be filed with the Student Health Service **prior to his registration**. Students will be re-examined by the University physicians when such examinations are indicated. Health-seeking students may be accepted at the University if, in the judgment of the University physicians, their admission does not endanger themselves or their associates. The University may refuse enrollment to, or cancel the enrollment of, any student who is unfit to carry on class work, or whose condition might be a menace to the health of other students.

REGISTRATION

ORIENTATION

At the beginning of each semester a new-student orientation period is conducted. The purpose of the program is to acquaint new students with each other and with returning students, to help them feel more at home in new surroundings, to permit them to meet advisers and counselors, and to familiarize them with University methods and life.

After students arrive on campus, they may obtain from the Student Council a **Freshman Handbook**, which contains information about students organizations, library rules, campus regulations, suggestions for effective study, and other valuable information.

Students are assigned by deans (or director) of colleges to faculty advisers who assist them during the advisement period in planning their academic pro-

grams. Advisers keep a permanent file on their advisees and are available for consultation.

REGISTRATION PROCEDURE

Details of the registration procedure are contained in a special notice issued by the Admissions and Records Office, and distributed to students with their appointments for advisement and registration.

TIME OF REGISTRATION

Students are urged to register on the days set aside for registration (see University Calendar). A late registration fee is charged to each student who does not complete his registration on the specified days. No student may enroll late in any course unless he has the permission of the instructor concerned and of the dean or director of the college in which he is enrolled.

PAYMENT OF TUITION AND FEES.

Payment of tuition and fees is required in advance of registration. Instructions for payment and payment deadline dates are made available to the student in advance of each session. For specific information about tuition and fees, see p. 109.

SELECTIVE SERVICE REGULATIONS FOR EDUCATIONAL DEFERMENT

Selective Service regulations place the responsibility for requesting educational deferment on the individual student. The request must be made in writing directly to the student's local draft board. The written request for deferment must be renewed at the beginning of each school year. The University, at the student's request, will confirm his enrollment. At registration a Selective Service card is included in the registration packet of every male student. Completion of this card constitutes a request that confirmation of enrollment be sent to the student's local draft board. The University's notification is not a substitute for the student's own written request for deferment. In order to expedite a student's written request, the Selective Service System has made available a form **Request for Undergraduate Student Deferment**. These forms are available in the Records Office and in the Office of the Dean of Men. When the student feels there are special circumstances his board should know about his enrollment, he should consult with the Records Office in the Administration Building. Draft eligible male students should familiarize themselves thoroughly with Selective Service regulations governing educational deferment.

STUDENT RESPONSIBILITY

The University will hold the student responsible for completion of the courses for which he has been enrolled, unless he obtains approval for a change in his registration, or files an official withdrawal from the University.

CHANGE IN ENROLLMENT

See "General Academic Regulations."

STUDENT EXPENSES

FEES FOR REGULAR SESSION

FEEES ARE CHARGED according to the number of semester hours carried by a student; auditors (those enrolled in a course for no credit) pay the same fees as students enrolled for credit. All tuition and fee charges, as well as fees for special services, are subject to change without notice.

REGISTRATION FEES:

Undergraduate

	Per Semester	
	N.M. Residents	Non-Residents
Students carrying 12 or more hours:		
Tuition and Fees ¹	\$210.00	\$525.00
Student Group Health and Accident Insurance Premium (optional) ²	9.00	9.00
Total Tuition and Fees with Group Insurance	\$219.00	\$534.00
All students carrying 11 hours or fewer:		
Tuition and Fees, per semester hour	\$ 17.50	\$ 43.75

Law and Graduate

	Per Semester	
	N.M. Residents	Non-Residents
Tuition and Fees ¹		
Students enrolling for 12 or more semester hours	\$210.00	\$525.00
Students enrolling for 11 semester hours	204.50	493.25
Students enrolling for 10 semester hours	187.00	449.50
Students enrolling for 9 semester hours	169.50	405.75
Students enrolling for 8 or fewer hours:		
Tuition and Fees, per semester hour	18.50	44.75
Student Group Health and Accident Insurance Premium ² ..	9.00	9.00

Graduate students who enroll for master's thesis or for doctoral dissertation pay regular tuition rates.

Applied music fees of \$32 per credit hour, in addition to regular tuition, will be charged all full-time University students enrolling for applied music courses beyond their curriculum requirements. Part-time students should consult the Music Department for a schedule of applied music fees.

Medical School

	Per Semester	
	N.M. Residents	Non-Residents
Tuition and Fees ¹	\$300.00	\$600.00
Student Group Health and Accident Insurance is arranged by the Medical School; premium to be determined.		

¹ Tuition and fees in the case of all new students includes a \$5 matriculation fee; and in the case of all full-time students, includes fees for major athletic events.

² The group health and accident insurance is available only to students enrolling for 8 or more semester hours. Participation is at the student's option, except that foreign students are required to have this coverage for themselves and dependents.

TUITION AND FEE PAYMENT

All students are required to pay tuition and fees, or to make arrangements satisfactory to the University for such payment, **prior** to the beginning of the advisement and registration procedure.

Instructions for payment of tuition and fees are outlined in the Fee Announcement which is sent to the student with his appointment for advisement and registration.

Checks or money orders should be made payable to THE UNIVERSITY OF NEW MEXICO and should be mailed to the Cashier, The University of New Mexico, Albuquerque, New Mexico, 87106. **Do not mail cash. To assure credit to the proper student account, it is mandatory that payment be accompanied by the Student Payment Record form and the Cashier's Record form.** These forms bear the student's name and identification number.

HOUSING FEES

See Catalog section "Student Housing."

OTHER FEES FOR SPECIAL SERVICES

Application fee	\$10.00
Change in program after end of fourth week	5.00
Late payment penalty (tuition)	5.00
Late registration fee	5.00
Removal of Incomplete grade, per course	2.00
Examination to establish or validate credit†, per credit hour	2.50
Penalty for dishonored checks	2.00
Late ACT Testing	10.00
Graduate School Foreign Language Test	6.00
Miller Analogies Test	5.00
Air Force ROTC activity fee, per year payable in full Semester I	10.00
Graduation fee, all bachelor's and master's candidates	10.00
Master's thesis binding fee	8.00
Architectural thesis fee	8.00
Law students' dues for N.M. Student Bar Association, per yr.	10.00
Engineering Co-op Fee	15.00
English 010	20.00
Mathematics 010	20.00
Mathematics 020	20.00
Home Economics 445L (Home Management)	50.00
Horseback Riding (PE 131)	30.00
Men's Bowling (PE 137)	6.50
Women's Bowling (PE 130)	13.00
Skiing (PE 141)	30.00
Ice Skating (PE 143)	30.00
Chemistry Laboratory Breakage Deposit Card	10.00
Pharmacy Laboratory Purchase Card	5.00
Architecture Desk Damage Deposit	5.00
Applied Music (see p. 109)	

RESIDENCE FOR TUITION PURPOSES. A resident student, subject to the qualifications below, is defined as one who shall have maintained bona fide residence in the State of New Mexico for at least 12 consecutive months immediately preceding his or her registration or re-registration in The University of New Mexico

† Applies to college credit already earned in another college-level institution but not directly acceptable under University regulations.

and who can provide evidence satisfactory to the University of his or her intent to retain residence in New Mexico.

Any person unable to qualify as a resident for tuition purposes shall be required to pay the non-resident fee.

The following general rules govern:

A Minor Student is entitled to resident student status upon proof of the bona fide residence in New Mexico of his, or her, custodial parent or guardian for the one year immediately preceding the student's registration or re-registration.

An Adult Student is entitled to resident student status if he or she has maintained bona fide residence in New Mexico continuously for 12 months immediately preceding his or her registration or re-registration and if he or she can provide evidence satisfactory to the University of intent to retain residence in the State. The residence of a married woman is determined by the residence of her husband.

Teachers. Any person who has taught in a public or parochial school system in New Mexico on a full-time basis for a full school year of approximately nine months immediately in advance of his registration or re-registration may qualify as a resident of New Mexico for tuition purposes, provided such person can give evidence satisfactory to the University of intent to continue to make New Mexico his home.

Special Residence Problems. Persons who have special problems concerning residence should arrange for a conference with the Director of Admissions.

Changes in Residence Status. A change in status from non-resident to resident for tuition purposes can be made only after satisfactory evidence has been presented in writing to the Director of Admissions that residence requirements have been met.

BREAKAGE. The tuition provides for a nominal amount of breakage in laboratory or other courses. Excessive breakage will be charged separately to the students responsible therefor.

INSURANCE PLAN. See p. 140 for explanation.

ASSOCIATED STUDENTS FEE. The assessment of this fee is a voluntary action of the student body, through its organization, the Associated Students of The University of New Mexico, and the University collects this fee as an accommodation to the Associated Students. The amount of the fee is determined by vote of the members of the Associated Students and is subject to change at any time by new vote. The fee is included in the fees paid by all full-time students. The Associated Students Fee is distributed to the student organizations as shown in the Constitution of the Associated Students. Copies of the Constitution may be obtained from the Office of the Deans of Men and Women.

GRADUATE STUDENT FEE. Graduate students are assessed a fee varying in amount depending on the number of hours taken, determined by the Graduate

Student Association and set forth in their constitution. The University collects this fee as an accommodation and it is turned over to the Graduate Student Association.

STUDENT ACCOUNTS. Students are required to pay all accounts due the University during one semester **before** registering for a new semester.

REFUNDS UPON WITHDRAWAL

When a full-time student withdraws voluntarily from the University during the 1st week of the semester, \$5 of his tuition will be retained as a service fee. After the 1st week, registration fees will be refunded (where the student withdraws voluntarily) to the end of the 5th week of the semester as follows:

80% refund during the 2d week

60% refund during the 3d week

40% refund during the 4th week

20% refund during the 5th week

Students withdrawing after the 5th week of a semester, or those withdrawing at any time under discipline or because of academic deficiencies, will not be entitled to any refund. There is no refund for English 010, or Mathematics 010 or 020 after the first week of classes.

PROGRAM CHANGE. Five dollars is charged for each change of program form processed after the fourth week of classes. Tuition, as applicable, is charged for all courses added. The refund schedule above, for withdrawal, applies when courses are dropped and a tuition adjustment is necessary. There is no refund for English 010, Mathematics 010 or 020 after the first week of classes.

ESTIMATE OF TOTAL EXPENSE

The minimum amount necessary for expenses of resident students while attending the University is estimated as follows, per semester:

Tuition and fees	\$210.00
Student health and accident insurance	9.00
Books and supplies	75.00
Board and room	466.50*
Clothing, laundry, misc.	239.50
Total, per semester	<u>\$1,000.00</u>

Non-resident students must add \$315 per semester to the foregoing tuition.

* Semester average for school year (see page 115).

STUDENT HOUSING

FACILITIES

THE UNIVERSITY operates residence halls for undergraduate students. All of these structures are modern, relatively new buildings with attractive living accommodations designed to meet the academic needs of University students. The convenience and economy of housing and dining facilities located on campus within easy walking distance of classroom and recreation facilities are welcomed by students carrying a full academic load.

It is hoped that the housing services will be an integral part of the total educational experience provided by the University. Each hall is supervised by qualified staff skilled in counseling and in advising student groups. Residents of each hall elect a governing body which plans and organizes a full program of cultural, intramural, and governmental activities. All residents are afforded the opportunity to enjoy and participate in a democratic type of group living.

HOUSING POLICY

Undergraduate students may live either on or off campus. If the student elects to live on campus, he is required to sign a housing contract for at least one entire semester. First semester freshmen whose homes are not in Albuquerque must have written consent of parents to live off campus.

Living quarters in residence halls are available to all undergraduate students with a minimum course load of eight (8) semester hours. A portion of the residence hall capacity is reserved for returning undergraduate students. The remaining space is assigned to undergraduate students new to the University in the order of receipt of room and board contracts and deposits.

In the event space is available, housing applications may be accepted from graduate students.

GENERAL REGULATIONS

All students occupying rooms in residence halls are required to take their meals at the University dining halls.

The University will close its residence halls during the Christmas recess. When the halls are to be closed, they must be vacated by noon of the first day of the recess. They will be re-opened the day before classes resume.

All residents must vacate their rooms no later than 24 hours after their last final examination unless they are scheduled to participate in Commencement following the spring semester.

Dogs or other pets are not permitted in University buildings or on University premises for sanitary reasons.

Any change in address should be reported immediately to the Records Office, which will in turn notify the Dean of Men or Dean of Women and the dean or director of the college in which the student is enrolled.

Married women students seeking on-campus housing should first consult with the office of the Dean of Women.

ADVANCE HOUSING DEPOSIT**RESERVATION FEE AND PERSONAL LIABILITY FEE**

An advance deposit of \$25.00 is required of all students who desire University accommodations. The deposit is retained by the University against possible losses or damages incurred by the resident for as long as the student remains in the residence halls.

FORFEITURE PROVISIONS

The deposit is automatically forfeited if an applicant for housing fails to give notice of cancellation, or if notice of cancellation is received later than August 15 in the case of a fall reservation, or January 10 if the reservation is for spring. The deposit is also forfeited if a student does not claim his reservation by the first day of classes or if he fails to complete residence for the period of his room and board contract.

RESERVATION PROCEDURE**NEW AND READMITTED STUDENTS**

The Director of Admissions will study each student's application for admission or readmission and his high school or college transcript. When the applicant has been found admissible, the procedures will be as follows:

1. The student will be informed of his acceptance and will be sent Residence Hall and Room Assignment applications along with the room and board contract.
2. After reading the terms and conditions of the contract, the student should complete the applications (to include the signature of his parent or guardian if he is under 21 years of age) and return them with his advance housing deposit of \$25.00 to the Housing Reservations and Collections Office.
3. When the student's completed applications and deposit are received, a residence hall assignment will be confirmed by the Housing Reservations and Collections Office.
4. In requesting a room assignment, the student should bear in mind that De Vargas and Laguna Halls will be reserved for returning upperclassmen.

STUDENTS CONTINUING IN ATTENDANCE

Students living in the residence halls during spring semester are given the opportunity to renew their housing reservations for the following year. Unless a contract is renewed with the Housing Reservations and Collections Office by May 1, living space will be assigned to another student and the deposit balance will be automatically refunded by July 15.

CHANGES IN STUDENTS' PLANS

Should an applicant for admission or readmission to the University find it impossible to keep an advance reservation, he should notify the Director of Admissions and notify the Housing Reservations and Collections Office in writing.

Any student whose hall reservation has been confirmed will receive a refund of his housing deposit if he cancels his reservation no later than August 15 for the fall semester or no later than January 10 for the spring semester.

ROOM AND BOARD FEES

To gain the maximum financial advantage of the room and board contract, students must remain in the halls for both fall and spring semesters. Students who are in residence for the fall semester are given the opportunity to extend their contract for room and board for the spring semester.

Rates include a \$3.00 residence hall social fee for each semester. These rates do not provide for rent during the Christmas recess or for meals during the official recesses listed in the Academic Calendar. All rates for University room and board are subject to change whenever necessary to defray operating costs.

All the foregoing rates for University housing for men or women provide for University-supplied bed linens. All other personal linens, pillows, towels, and blankets are provided by the student. The use of electric blankets is not permitted. A telephone is furnished in each student room.

PAYMENT OF ROOM AND BOARD

Room and board is payable in advance to the Housing Reservations and Collections Office, LaPosada 203. Payment may be made in full or in deferred payments as described below. When the deferred payment plan is used, a fee of \$5.00 per semester is charged and is included in the payments shown below.

ROOM AND BOARD PAYMENT SCHEDULE 1970-71

	TYPE OF ROOM	
	DOUBLE	SINGLE
FALL SEMESTER		
One payment in full by August 15	\$541.50	\$592.50
or		
Deferred Payment Plan		
1st payment August 15	171.50	222.50
2nd payment September 15	125.00	125.00
3rd payment October 15	125.00	125.00
4th payment November 15	125.00	125.00
SPRING SEMESTER—for FALL residents remaining in the halls		
One payment in full by January 15	391.50	442.50
or		
Deferred Payment Plan		
5th payment January 15	100.00	100.00
6th payment February 15	100.00	100.00
7th payment March 15	100.00	100.00
8th payment April 15	96.50	147.50

	TYPE OF ROOM	
	DOUBLE	SINGLE
SPRING SEMESTER ONLY—For students entering halls for spring semester ONLY		
One payment in full by January 15	\$466.50	\$517.50
or		
Deferred Payment Plan		
1st payment January 15	171.50	222.50
2nd payment February 15	100.00	100.00
3rd payment March 15	100.00	100.00
4th payment April 15	100.00	100.00

REFUND PROVISIONS

If a room and board contract is officially terminated, and a resident moves out of the residence hall before the end of either semester, room and board will be adjusted on the following basis:

- Rent:** The resident will forfeit his advance housing deposit and will be charged 10% of the total semester rate for each week or partial week of occupancy, beginning with the date of check-in.
- Board:** The resident will be charged for meals through the end of the week of classes during which his formal check-out occurs, except for a student moving out during the last two weeks of a semester who will be charged the full semester rate for meals.

DINING HALLS

To the extent that facilities permit, students living off-campus or in fraternity or sorority houses are permitted to eat at the University dining halls. Information concerning rates and types of meal tickets can be obtained from the Housing Reservations and Collections Office, LaPosada 203.

MARRIED STUDENT HOUSING

The University owns and operates some furnished one-bedroom apartments for married students. An applicant for this type of housing must be enrolled in The University of New Mexico as a full-time student. Apartment residents may remain in University housing during the summer months if they plan to re-register for the fall semester. No dogs or other pets are permitted.

FINANCIAL AID

The Student Aids Office is responsible for the administration of undergraduate student financial aid and financial counseling to students who apply for aid. Students who are interested in loans, scholarships, or Work-Study employment should apply to this office. Some of the programs administered by the Student Aids Office are: National Defense Education Act Loans, Nursing Student Loans, Cuban Loans, United Student Aid Fund Loans, Federal Guaranteed Loans, University Short Term Loans, The Federal Work-Study Program, The University Scholarship Program (both Academic and Athletic) and the Educational Opportunity Grant Program. The Student Aids Office is located in Building Y-1 (Air-Force ROTC Building).

The Placement Center administers all student employment except the Federal Work-Study Program. The Placement Center Office is located in T-10.

LOAN FUNDS

The University administers its own Student Loan Fund and cooperates in the administration of several others. Applications and information concerning all loan funds are available in the Student Aids Office.

The maximum amount available from this fund is \$100. General rules applying to the University loan funds are:

1. Applicant must have been in residence at The University of New Mexico for at least one semester.
2. Applicant must be receiving grades of "C" or better in subjects carried at the time of application.
3. Applicants desiring loans from the Student Loan Fund may be requested to have the signature of one substantial local citizen on the bank note.
4. In order for a student to be eligible to apply for a student loan, it will be necessary for him to have paid in full any previous loans which he has obtained.

Six other loan funds are available for small, short-term loans: The Mortar Board Loan Fund, the Khatali-Vigilante Loan Fund, the Joe L. Kramer Loan Fund, the Phikeia Loan Fund, the Donald R. Fellows Memorial Loan Fund, and the S. U. B. Club Loan Fund. These six funds are administered through the Office of the Dean of Men.

Other loan funds available to students at the University are: The American Association of University Women's Loan Fund; Revolving Loan Fund of the Ancient, Free and Accepted Masons of New Mexico; Educational Loan Fund of the Grand Commandery of Knights Templar of New Mexico; The McGaffey Memorial Loan Fund of the Albuquerque Rotary Club; The Women's Club Loan Fund; The Altrusa Club Loan Fund; The G. Perry Steen Memorial Student Loan Fund; Zonta Club of Albuquerque Loan Fund; A. & L. Rosenbaum Loan Fund; The Pharmacy Scholarship Loan Fund; The Kiwanis-Milne Loan Fund; the State Bar of New Mexico Loan Fund; the Lois and Harry Bruch Memorial Loan Fund; the Walter B. Fuente Memorial Loan Fund; and the Faculty Women's Club Loan Fund.

NATIONAL DEFENSE STUDENT LOANS

The National Defense Student Loan Program is one of the features of Public Law 85-864, the National Defense-Education Act of 1958. Under the terms of the act, funds are available for loans to qualified undergraduate and graduate students. The deadline for filing a loan application is July 1 for the fall semester and December 1 for the spring semester.

NURSING STUDENT LOANS

Low interest loans, from Federal funds, are available to regularly enrolled students in the College of Nursing who are in need of funds to help finance their education.

The student must be enrolled in the College of Nursing to qualify for a loan under this program. Interested students should apply to the Director of Student Aids, Bldg. Y-1. Deadlines for applications are July 1 for the fall semester and December 1 for the spring semester.

FEDERAL PROGRAM OF LOW-INTEREST INSURED LOANS TO STUDENTS

The University participates in this program established under the Higher Education Act of 1965, PL 89-329, as amended. Loans made to students under this program are endorsed with Federal funds. Applicants may secure these loans from commercial lending institutions after being certified by the University. Repayment starts 9 months after the student leaves school. Interest will be paid by the Federal Government while the student remains in school if his adjusted family income is less than \$15,000 per year. The student must pay 7% simple interest during the payout period beginning the first day of the tenth month after he ceases to be a full-time student. Interested students should contact the Director of Student Aids, Building Y-1, for further information.

UNITED STUDENT AID FUND LOANS

The University of New Mexico has established a reserve with United Student Aid Funds, so that students may obtain low-cost, long-term bank credit. This reserve enables United Student Aid Funds to endorse bank loans made to needy students by their hometown banks. The applicant applies to the loan officer at his hometown bank. Applications are available from either the bank or the Student Aids Office.

COLLEGE WORK-STUDY PROGRAM

The University participates in the College Work-Study Program established under the Economic Opportunity Act of 1964. This program permits colleges and universities to employ students who are in need of earnings from part-time employment in order to pursue their courses of study. Students are limited to 15 hours per week while enrolled full time in the University. During summer, and periods when the University is not in session, they may work 40 hours per week. Interested students should apply to the Director of Student Aids, Building Y-1, for application forms and further information.

OTHER STUDENT EMPLOYMENT

The part-time employment program administered by the Placement Center is quite extensive, including work both on and off the campus. Campus jobs are located in the various offices of the University, in the dining halls, and in the dormitories. A few students obtain work in private homes where they may earn their room and board in exchange for a few hours of work a day. The Center also has many calls from business and private citizens in Albuquerque for students to fill part-time jobs.

Any student wishing part-time employment is requested to file an application with the Placement Center. Applications for part-time employment must be renewed each year. For Placement Center Service to graduating students and alumni see p. 141.

VOCATIONAL REHABILITATION

(For the Physically Handicapped)

Through the New Mexico Division of Vocational Rehabilitation which operates under the supervision of the State Board for Vocational Education, the State and Federal Government offer financial assistance for payment of tuition to those students who have physical disabilities. Other assistance may also be given to these physically handicapped students who are financially unable to provide the services for themselves.

The following are some of the requirements for acceptance for service by the program:

(1) Applicant must have a permanent physical disability, whether congenital or as a result of an accident or a disease, and (2) must be capable of carrying a course and maintaining at least a "C" average. (3) Training in the course chosen must offer an opportunity for employment for the individual without being injurious to his health and must be within his physical capacities.

Both men and women are eligible for the service. Those with military service who have acquired physical disabilities will be accepted only after their training under the Veterans Administration has expired.

The Rehabilitation Service is a part of our system of public education as are our grammar schools, high schools, colleges and universities. Those who can qualify should apply for this service.

HOW TO APPLY. Those students having disabilities who wish to apply should do so by writing to one of the New Mexico Rehabilitation Offices at the National Building, Suite 1116, 505 Marquette Ave., N.W., Albuquerque, New Mexico; P.O. Box 2406, Santa Fe, New Mexico; Petroleum Building, Roswell, New Mexico; Dennison Building, 1480 N. Main Street, Las Cruces, New Mexico; 207 East Broadway, Farmington, New Mexico; or P.O. Box 328, Las Vegas, New Mexico. A counselor will arrange an interview to discuss the program in detail with those who have applied. Application must be made and case accepted before obligation for tuition has been made.

SCHOLARSHIPS AND AWARDS

The University awards scholarships to a substantial number of its entering freshmen and upperclassmen each year. The qualifications expected of the recipients and the amounts of the awards vary. Some carry special stipulations or require that the student major in a specific field, but the majority of awards require only a strong scholastic record and a need for financial assistance.

Announcements of awards for scholarships, prizes, medals, and certificates are made after approval by the Faculty Scholarships, Prizes, and Loans Committee. Information on all scholarships and awards may be obtained from the University Student Aids Office.

Students holding University sponsored scholarships must reapply for them each semester. Deadlines are June 1 for the fall semester and December 1 for the spring semester.

Application for admission to the University of New Mexico, and scores on the American College Tests (in the case of freshman applicants), must be on file in the Admissions Office before a student can be awarded a scholarship (see "Admissions" section of this catalog). A scholarship application must also be submitted to the Student Aids Office; only one scholarship application is required regardless of the number of scholarships in which a student may be interested. Scholarship application forms may be obtained from the Student Aids Office. High school seniors may also obtain forms from their high school counselors or principals. April 1 is the deadline for applying for financial aid for the following fall semester.

These factors are considered in awarding scholarships: (1) the academic record; (2) scores on the ACT, if applicable; (3) need for financial assistance; and (4) the recommendation of the student's counselor or principal (in the case of freshman applicants).

The Thomas S. and Louise Freeman Bell and the Daniel C. Jackling Scholarships are for students with outstanding academic records. The Bell and Jackling Scholarships vary in amount from \$300 to \$800, with a financial evaluation by College Scholarship Service used as the criterion for determining the amount of the award. Tuition scholarships are awarded to students with outstanding academic records. Financial need is not so important a consideration in the awarding of these scholarships as in the Bell and Jackling awards.

Athletic Grants-in-Aid are available to a limited number of students and are granted on the basis of recommendation and predicted academic success. The aggregate of all institutional aid authorized by these grants-in-aid to any individual does not exceed tuition, general institutional fees, board and room, books, and \$135.00 per year for incidental expenses.

A few scholarships are available for students who are not residents of New Mexico. These students are required to file statements with College Scholarship Service regardless of the award sought.

Fellowships and Assistantships for graduate students are also available. Application for these may be made to the Dean of the Graduate School.

A listing of the scholarships and prizes available to University of New Mexico students follows.

EDUCATIONAL OPPORTUNITY GRANTS

The University of New Mexico, under provisions of the Higher Education Act of 1965, PL 89-389, awards several Educational Opportunity Grants each year to incoming freshmen and enrolled students. In order to be selected a student must:

- (1) be accepted for enrollment and be in good standing;
- (2) show evidence of academic or creative promise and capability of maintaining good standing in his course of study;
- (3) be of **exceptional financial need** and unable to pursue a course of study without the Grant.

Students who think they are qualified should write or see the Director of Student Aids, Bldg. Y-1, for application forms and further information.

Scholarships open to Freshmen and Upperclassmen are listed first followed by Freshmen only and Upperclass only. Each section is divided into College or Department except those not specified or one of a kind, which are listed as Miscellaneous.

FRESHMEN AND UPPERCLASS SCHOLARSHIPS

Miscellaneous

Albuquerque Breakfast Lions Club Scholarship. A \$200 annual scholarship given to a student who suffers a handicap of vision not correctable to a reading level. Recipient may be resident or non-resident.

The Albuquerque Downtown Lions Club Scholarship. The awards cover full tuition costs for instate students. The recipients must be graduates of New Mexico high schools, must signify their intention of taking, or must be pursuing, a course in the field of physical therapy. They must show need for financial help and have demonstrated ability to do college work.

The Albuquerque Veterinary Practitioners Association Scholarships. Two \$250 scholarships will be awarded annually to applicants demonstrating financial need and/or expressing interest in the study of veterinary medicine. Selection of the recipients shall be left to the Committee on Scholarships, Prizes, and Loans. Recipients may be freshmen or upperclass.

American Business Women LaJolla Chapter. A \$100 scholarship awarded by semester to a freshman or sophomore woman who will enter the field of Business Education, Special Education, or therapy of handicapped persons. Scholarship is based on financial need and is renewable. Selection is made by chapter.

The Clayton C. and Agnes May Barber Memorial Scholarships. A trust fund established in 1956 by the wills of the late Clayton C. Barber, former employee of the University, and of his wife, Agnes May Barber, provides scholarships for children of the employees of the physical plant.

The Thomas S. and Louise Freeman Bell Scholarships. Income from a trust fund is used for scholarships for worthy students. The purpose of this gift is solely to help promote and encourage among the students a higher grade of scholarship and application to studies.

The Vera Darnall Memorial Student Assistance Fund. A short-term student assistance fund established by friends in memory of the late Mrs. Vera Darnall, Administrative Assistant to the Director of Admissions and Registrar at The University of New Mexico. The fund is to be used for students with financial need and is administered by the Office of Student Aids.

The Joe Feinsilver Student Assistance Fund. Mr. Feinsilver set up a \$36,000 trust, income from which is to be used to help students in financial need. The program is administered through the Student Aids Office.

The Daniel C. Jackling Scholarships. Income from a trust fund is used for scholarships for worthy students. The purpose of this gift is solely to help promote and encourage among the students a higher grade of scholarship and application to studies.

The Gloria Keating Memorial Foreign Student Assistance Fund. A short-term assistance fund established by friends in memory of the late Mrs. Gloria Keating, Foreign Admissions evaluator in the Admissions Office of the University. The fund, administered by the Office of Student Aids, is to be used for foreign students with financial need.

The Kirtland Air Force Base Officers' Wives Scholarships. Two \$500 scholarships awarded annually to a freshman and an upperclassman of any Armed Services personnel assigned to Kirtland Air Force Base or to children of retired Air Force personnel living in the immediate area. No discrimination regarding race, color or creed. The recipients are selected on the basis of their academic achievement, recommendations and citizenship. Type of courses and number of class hours will also be taken into consideration. Award is renewable if academic achievement is outstanding. Selection is made by the Scholarship Division of the Student Aids Office.

The Kiva Club Scholarships. A few tuition awards are made to Indian students each year by the University of New Mexico Kiva Club.

The Kiwanis Club of Highland Scholarship. The Kiwanis Club of Highland each year awards a year's tuition scholarship to a deserving student who is a resident of Albuquerque.

The Carlisle Kruger Memorial Scholarship. A \$500 scholarship is awarded annually to a male student who is in good academic standing and who participates in intercollegiate track.

Pueblo of Laguna Scholarship. The governing body of the Pueblo has established a scholarship fund to assist students who are members of the pueblo to obtain their college education. The size of the award varies according to the student's needs. Final selection is in the hands of a committee set up by the Governor of the Pueblo. Applications can be obtained directly from the Pueblo Governor's Office.

The Gladys Milliken Student Assistance Fund shall be used through short term loans to assist junior and senior women students in the Department of Health, Physical Education and Recreation in completing their education.

National Merit Scholarship. A supplemental grant to the public colleges attended by National Merit Scholars for assistance to students who are not Merit Scholars. For National (unsponsored) Merit Scholars the grant is \$100 a year, up to a maximum of 20 annual grants at any one college.

The Osoff Scholarship and Loan Fund. An organization of Albuquerque women grant financial assistance in the memory of Frieda Osoff, prominent Albuquerque humanitarian and philanthropist. The aid is in the form of either scholarship or loan available to a varied number of students and is granted on the basis of need and scholastic ability. Applications may be obtained at the Student Aids Office with the selection of recipient and amount of award determined by the organization.

Premcco Track Scholarship. An award of \$500 made to a regularly enrolled student who participates in intercollegiate track and field. Selection is made by the Committee on Scholarships, Prizes, and Loans based on recommendation of the Director of Athletics.

Sandia Base Woman's Club Scholarships. The Sandia Base Woman's Club awards two \$250 tuition scholarships, one for an entering freshman and the other for a second-year student. The awards are to be made on the basis of financial need and scholarship. Students applying for the scholarships must be legal dependents or wards of Armed Forces personnel attached to Sandia Base, or of personnel employed at Sandia Base by the Sandia Corporation, or of personnel employed at Sandia Base by A.E.C.

The Santa Fe Motor Company Scholarship. The scholarship is awarded to a dependent of an employee of the Santa Fe Motor Company covering full tuition, fees, and board and room.

Sam Stratton Scholarship. Granted by the New Mexico High School Coaches Association in the name of Sam Stratton, former coach and president of the Coaches Association. Recipient must be physically handicapped, attend a New Mexico college or university and show financial need. Application may be made through local high school coach.

The Universal Constructors Scholarship. Universal Constructors of Albuquerque established several annual scholarships of \$700 each for sons and for daughters of weekly employees. The scholarships may be renewed to the original recipients each semester until graduation, provided that they maintain a satisfactory academic record and have financial need.

Engineering

The Associated General Contractors of New Mexico Scholarships. The Associated General Contractors of New Mexico present a number of scholarships yearly to Civil Engineering students. These scholarships are in the amount of \$200.00 per year for 4 years and may be granted to freshmen at The University of New Mexico or at New Mexico State University.

Music

Band Grant-In-Aid. Awards of \$100 made to students selected by the Music Department to participate in The University of New Mexico "Pep" Band.

Nursing

Carlsbad Memorial Hospital Auxiliary. A nursing scholarship for freshman or upperclass. Applicants should apply directly to the Auxiliary and selection is made by the Auxiliary.

The Forty and Eight Voiture 703 Scholarship in Nursing. A scholarship sponsored by Voiture 703 in Albuquerque for a student in nurse's training. The award pays \$150 per year for 4 years.

The Osoff Nursing Loan Fund. A short-term loan fund has been established by an organization of Albuquerque women in the memory of Frieda Osoff, prominent Albuquerque humanitarian and philanthropist. No interest rates are charged with individual stipulations established for re-payment of loans. Applicants may apply through the College of Nursing.

Pharmacy

The New Mexico Allied Pharmaceutical Scholarship. A scholarship of \$300 a year for 5 years is awarded on the basis of scholarship, ability, and need to a graduate of a New Mexico high school who enrolls in the pharmacy program. This scholarship was established and is maintained by the contributions of New Mexico pharmacists.

FRESHMAN SCHOLARSHIPS

Miscellaneous

The Albuquerque City Panhellenic Scholarships. Each year the Albuquerque City Panhellenic provides a number of scholarships for entering freshman women from the Albuquerque public high schools. The awards are based on recommendations from the high school principals, scholastic aptitude, participation in extracurricular activities, and financial need.

American Legion Auxiliary Department of New Mexico Scholarship. A \$100 scholarship is given to the finalists in the American Legion Department Oratorical Contest.

The Philo S. Bennett Scholarship. The income from a trust fund of \$1,200 is awarded annually to a woman student, at the beginning of the second semester of her freshman year, who is most worthy, who has resided in New Mexico for at least the preceding 4 years, and who will continue as a resident student in the University.

The Burkhardt-Parsons Memorial Scholarships. The income from a trust fund established by the late Mrs. Miriam P. Burkhardt provides approximately \$800 for scholarships to be awarded annually to freshmen students who are graduates of the Albuquerque public schools. The scholarships are awarded for Semester II of the current academic year.

The Department of Chemical Engineering Scholarships. Income from a trust fund is awarded to worthy second semester freshmen interested in Chemical Engineering to encourage scholarship.

The James M. Doolittle Memorial Scholarship. The interest from a trust fund of \$1,000 established by Mrs. J. M. Doolittle in memory of her husband, Mr. James M. Doolittle, is awarded each year to a student who has made a high scholastic average in a New Mexico high school, who enters The University of New Mexico as a freshman, and who is in need of financial assistance.

The General Motors Scholarship. A scholarship sufficient to supplement fully the resources of the student so that he will be assured of 4 years of college is made available annually to an entering freshman by the General Motors Corporation. The award is made by the University.

The Simon and Maud Herzstein Scholarship. Awarded to a legal resident of Union County, New Mexico, who has demonstrated qualities of character and intellect which will enable him to lead a life of useful, devoted, and cheerful service. Recipient is designated by Committee on Scholarships, Prizes, and Loans at end of freshman year; scholarship awarded at beginning of Semesters I and II of sophomore year.

The Frederick Herbert Kent and Christina Kent Scholarships. Three scholarships are awarded annually to high school students, residents of the State, on the basis of high school grades, recommendation of the principal, and financial need.

Kiwanis Club of Sandia Scholarship. A scholarship awarded by the Sandia Kiwanis Club to a member of the Highland High School Key Club. The award is for \$300 and goes to a young man who has shown leadership ability, good citizenship, and has established a good high school record.

The Louis A. McRae Scholarship Fund. Established in the name of Mr. Louis A. McRae, a pioneer of New Mexico and long-time friend of The University of New Mexico, the income from a trust fund is awarded to a first-semester freshman, resident of New Mexico.

The New Mexico Philosophical Society Tuition Scholarship Essay Contest. New Mexico high school students may win a tuition scholarship for one year at one of five state institutions of higher learning by writing an essay on "the doctrine of human equality." The contest is sponsored jointly by the Philosophical Society and the five schools.

Monica A. Novitski Scholarship. Awarded to a first year dental hygiene student with financial need and scholastic ability. Selection is made by the Director of the Dental Hygiene Programs.

Dr. Joseph Franklin Schoen Scholarship. A tuition scholarship established by the Contractors' Equipment and Supply Company in honor of Dr. Schoen. The award goes to an entering freshman in any of the professional colleges of the University. Selection of the recipient is based on scholastic ability and need for financial assistance.

Arts and Sciences

Helene Wurlitzer Foundation of New Mexico Arts and Sciences Scholarship. A resident tuition scholarship awarded by the Wurlitzer Foundation is made to a Taos High School graduate who will enroll in the College of Arts and Sciences here at the University. The recipient is recommended to the Foundation by the principal of Taos High School.

Engineering

The Caroline Thornton Carson Memorial Scholarship. The income from a trust fund of \$20,000 established by Mr. James G. Oxnard and Mr. Thornton Oxnard in memory of their mother provides a scholarship for a freshman engineering student who has high academic record, and who is of high moral character and in need of financial assistance. There shall be no restrictions as to race, color, religion, or sex.

The Contractors' Equipment and Supply Company Scholarship. A tuition scholarship established by the above company for an entering freshman who intends to major in engineering. Selection of the recipient is based on scholastic ability and need for financial assistance.

Home Economics

American Home Economics Association, College Chapter. Each year the Home Economics Club awards a \$100 scholarship to a major in Home Economics. Recipient must be a second semester freshman member of the club, show financial need, and have a grade-point average of 2.5. Selection is made by donor.

Music

The Music Performance Awards. From the proceeds of departmental concerts, the faculty of the Department of Music in 1956 established a number of awards to be given freshman students on the basis of auditions conducted among New Mexico high school seniors in piano, voice, stringed instruments, and wind instruments, the judges to be faculty members of the Department of Music. The scholarships are paid in two installments; in order to receive the second half of his scholarship a recipient must maintain creditable grades as defined by the Department of Music. Interested high school seniors may obtain information about auditions from the Department of Music.

Nursing

The Allstate Insurance Company Foundation Scholarship in Nursing. The recipient is to be a first-year nursing student selected on the basis of financial need, interest in a nursing career, and scholastic ability. Preference will be given to students who have residence in New Mexico, or secondly, in the Rocky Mountain states.

The Forty and Eight Grand Voiture of New Mexico Scholarships in Nursing. The following scholarships are given annually to freshmen in the College of Nursing upon the recommendation of the Dean of the College: **Bob Mullin Memorial Scholarship**, \$300 per year for 4 years; **Earle Stark Memorial Scholarship**, \$150 per year for 4 years; **Grand Voiture Scholarship**, \$150 per year for 4 years.

The Jessie Smith Noyes Foundation Scholarship. Merit type scholarships for graduating seniors of New Mexico high schools who are entering the field of nursing. Scholarships are renewable based upon grades and financial need.

Speech

The Department of Speech Forensic Scholarship for Freshmen. A scholarship awarded annually to a worthy freshman. The basis for awarding the scholarship is forensic excellence, good scholarship, and need. The Department of Speech is to make recommendations to the Scholarships, Prizes, and Loans Committee.

FRESHMAN AWARDS AND PRIZES

High School Achievement Award. Presented to entering freshmen from the UNM Alumni Association and Greater University of New Mexico Fund on the basis of scholastic achievement and recommendation of their high school principals.

Kappa Alpha Theta Poetry Awards. To stimulate interest in creative writing, Kappa Alpha Theta annually presents awards in amounts of \$15 and \$10 for the two outstanding poems presented to the English Department.

The Kappa Kappa Gamma Alumnae Memorial Prize for Poetry. An annual prize of \$25 to be awarded as a first prize for poetry in the undergraduate literary contests in the English Department. This prize was established by the Kappa Kappa Gamma Alumnae Association in memory of all deceased members of the Association and of the New Mexico Chapter of Kappa Kappa Gamma.

The Phi Kappa Phi Freshman Prizes. Cash prizes of \$25 are awarded to the man and woman who, while carrying a full-time course of study, rank highest in general scholarship for the freshman year.

UPPERCLASS SCHOLARSHIPS

Miscellaneous

Air Force Reserve Officers Training Corps Cadet Scholarships. Two scholarships, in the amounts of \$100 and \$50, are awarded annually to cadets in AFROTC. The awards are based on academic ability, leadership, and financial need.

Albuquerque Beta Sigma Phi. A \$1000 scholarship to be given to a sophomore, junior or senior female student majoring in the field of her choice with preference going to a daughter of a Beta Sigma Phi member. Scholarship is given in two equal payments of \$500 per year for a period of two years. Recipient must be a resident of the state of New Mexico and maintain a 2.5 grade point average while receiving the scholarship. Selection is made by the Committee on Scholarships of the Student Aids Office.

Albuquerque Chapter of the National Secretaries Association Scholarship. An annual award of \$150 made to a female student at the University. Selection of the recipient is made by the association.

The American Association of University Women Scholarship. A \$200 scholarship granted by the Albuquerque branch of the A.A.U.W. to promote advanced training for women. It is given to a graduate woman student, selected on the basis of scholarship, financial need, and ability as indicated by recommendation from professors.

The American Petroleum Institute Scholarships. The Institute each year awards a number of scholarships of \$500 to outstanding students.

The Ballut Abyad Scholarship. The interest from a trust fund of \$2,500 is given annually to either a man or woman student at The University of New Mexico who is in need of financial assistance.

The Eva Boegen Newman Center Memorial Scholarships. Two \$50 scholarships awarded annually by the Aquinas Hall Newman Center in memory of Mrs. Eva Boegen, one to a student who maintains at least a B average and has financial need, and one to a student who maintains at least a C average and has financial need. (See also the Eva Boegen Newman Center Prize listed below.)

The Chi Omega Alumnae Scholarship. A scholarship equal to one semester's resident tuition given each year by the Chi Omega Alumnae to a woman student who has earned a minimum of 30 semester hours at The University of New Mexico, who has creditable scholarship, and who has need of financial assistance.

Lena C. Clauve Scholarship of the Maia Chapter of Mortar Board. A scholarship established in honor of Lena C. Clauve by the Maia Chapter of Mortar Board. It is to be awarded to a woman student who has completed 3 semesters of creditable work at the University and is in need of financial assistance. The recipient is selected by a special Mortar Board Committee.

The Lou Beverly Damron Memorial Scholarship. At least \$100 of the proceeds from a trust fund established by the parents of Lou Beverly Damron, Class of 1952, as a memorial to their son, is awarded annually to a member of Sigma Chi Fraternity above the rank of freshman who has the highest scholastic record during the year.

El Encanto Chapter of the American Business Women's Association. Tuition scholarship awarded each semester on the basis of financial need. Applications may be obtained at the Student Aids Office with selection of recipient determined by the organization.

The Edward Grisso Memorial Scholarship Fund. A trust fund established by Mr. W. D. Grisso of Oklahoma City as a memorial to his son provides a scholarship each fall for a junior male student who has made the most improvement in grades during his sophomore year over his freshman year. The recipient is selected by a special advisory board.

The Lena Heath Memorial Scholarship. Income from trust fund established for educational scholarships to be used for students who have demonstrated serious purpose and ability by satisfactorily completing at least two years of their college work.

The Gwinn Henry Memorial Scholarship Fund. A \$500 fund established by the University of New Mexico Alumni Letterman's Association as a memorial to the late Coach Gwinn Henry is used to assist in the education of a worthy student athlete who is regularly enrolled at The University of New Mexico.

Russell E. Herbert Memorial Scholarship. Granted by the Mesa Lodge #68, Ancient, Free and Accepted Masons of New Mexico, a tuition scholarship for one year for a deserving student of high moral character and graduate of an Albuquerque high school. Recipient is selected by the Mesa Lodge #68.

The Kappa Kappa Gamma Memorial Scholarship. A scholarship of \$150 is given each year by Kappa Kappa Gamma Sorority to a woman student who has earned a minimum of 30 semester hours at The University of New Mexico, who has creditable scholarship, and who has need of financial assistance.

The Kennecott Copper Corporation Scholarships. The Chino Mines Division provides a number of \$500 scholarships to students in New Mexico institutions. Two of these scholarships are awarded to students who are sophomores or upperclassmen at the University, who are majoring in certain specified fields, who have acceptable scholarship and financial need, and who are recommended to the Chino Mines Scholarship Committee by the University through the Scholarships, Prizes, and Loans Committee.

Marshall Scholarships. These are offered by the British Government in gratitude for the Program for European Recovery. Graduating seniors and graduate students of either sex under 26 years of age are eligible for the 24 new awards made annually. The scholarships are for two years, and may be extended for a third year. They are tenable in any university in the United Kingdom for study leading to a degree in any field. The stipend covers tuition, fees, transatlantic passages, and a maintenance grant of \$1,540.

The Abraham Lincoln Mitchell Scholarship. Miss Dorothy Coulter of Albuquerque has established a trust fund in the amount of \$4,000 in honor of Abraham Lincoln Mitchell. The income from this fund is to be awarded to a man or woman student of The University of New Mexico who has completed the freshman year of college. First consideration will be given second or third-year students in the School of Law. Students interested in the field of race relations will be given special consideration.

The New Mexico Petroleum Industries Scholarships. Each year the N.M.P.I.C. awards two scholarships of \$250 to students of the six state institutions.

Pi Beta Phi Arrowcraft Scholarship. An annual scholarship is awarded to a University of New Mexico student, either a graduate or undergraduate, for summer study in Gatlinburg, Tennessee. Credit is given through the University of Tennessee. The program includes concentrated study in all major areas of crafts. The award covers room, board and tuition and is awarded in the spring.

Residents Housing Council Scholarships. Two annual scholarships, each in the amount of \$300, will be available to dormitory residents. One scholarship will be awarded to a female student, the other to a male student, upon the recommendation of the Residents Housing Council.

The Rhodes Scholarship. The trustees of the will of Cecil Rhodes provide for a maximum of 32 scholars each year, each scholar to receive an honorarium of \$2,000 per year and to study 2 or 3 years in Oxford University, England. Early in the fall semester a representative of the University nominates candidates to the state committee for selection. This committee may select 2 men to represent the State of New Mexico before the district committee, which in turn selects no more than 4 scholars to represent the 6 states which compose a district. The scholarship is for graduate students and applications should be directed to the Graduate School.

The Wilma Loy Shelton International Fellowship for Women. This annual fellowship, established in 1951 by The University of New Mexico Chapter of Mortar Board, senior women's honorary society, to promote international understanding through the education of women leaders, awards \$400 provided by the active chapter of Mortar Board plus tuition and fees provided by the University to a foreign woman student, preferably in the Graduate School, to be chosen by a special committee.

Sigma Chi Mothers Club Scholarships. Two \$120 scholarships, one to be awarded in the spring semester and one in the fall, to members of the Sigma Chi Fraternity who are above the rank of freshman, have financial need, and have satisfactory scholarship.

Student Affairs Scholarships. An amount equal to full resident tuition given in the name of the Vice-President for Student Affairs, to the elected President and Vice-President of Associated Students of The University of New Mexico. These scholarships are to be awarded during the year of service.

University Dames Club Scholarship. A scholarship is awarded annually by the University Dames Club to an active member or the husband of an active member of the Dames Club. Recipient must be a full-time student.

University Golfer's Association Scholarship. A \$375 scholarship is given to a student participating in the intercollegiate golf program of the University. The recipient will be selected by the coach of the golf team, who will make his recommendation to the Scholarships, Prizes, and Loans Committee of the University.

Eric L. Williams Memorial Scholarship. The University of New Mexico Golf Course has established in memory of Eric L. Williams an annual scholarship consisting of tuition and fees, awarded to a student active in the collegiate golf program.

Archaeology

The Archaeological Society of New Mexico Scholarship. A scholarship is awarded to a student majoring in archaeology. The recipient of this scholarship will be selected by the members of the Department of Anthropology.

Architecture

Albuquerque Chapter of the American Institute of Architects Scholarship. A \$350 tuition scholarship is awarded annually to a promising student who has graduated from the University with a Bachelor of Fine Arts in Architecture degree, and who is continuing in the graduate program in architecture at The University of New Mexico.

Albuquerque Sand and Gravel Scholarship. A \$250 tuition scholarship is awarded annually to a student in the graduate program in architecture who has received his first degree from another school.

Alumni and Friends of the Department of Architecture Grants-In-Aid. Annually, the organization, alumni and friends of the Department of Architecture, sets aside varying amounts for grants-in-aid for students in need of financial assistance.

Charles D. Jack Scholarship. Dividends earned from a fund established by Mr. Charles D. Jack are awarded annually to an undergraduate student in the form of a loan to be awarded to a student who has financed his own education through his own or through parental efforts for the first three years of his schooling. The loan is without interest.

Kinney Brick Company Scholarship in Architecture. The Kinney Brick Company of Albuquerque, New Mexico, has established two awards of \$250 each for students in the architecture program. One tuition award of \$250 is awarded to an undergraduate student in need of financial assistance; and the second tuition award of \$250 is awarded to a student in the graduate program, who has need of financial assistance.

New Mexico Concrete Masonry Association Award in Architecture. Dividends earned from a fund established by the New Mexico Concrete Masonry Association awarded annually as a tuition scholarship to an undergraduate student in need of financial assistance.

Lumber Merchandisers Association Scholarship. A \$100 tuition scholarship is awarded annually to an undergraduate student in need of financial assistance.

Arts and Sciences

The George A. Kaseman Memorial Scholarship. A trust fund established by Mrs. George A. Kaseman as a memorial to her late husband, to perpetuate his interest in the development of New Mexico by aiding young people in obtaining a university education, provides an annual scholarship of \$750 or more to be awarded to a student in the College of Arts and Sciences, preferably a resident of New Mexico, who shall rank in the upper one-fifth of his high school graduating class and who shall have economic need for this scholarship.

Botany

Gertie May Barnes Memorial Scholarship. Presented by the New Mexico Iris Society an award of \$125 to a senior or graduate student in the field of botany.

The Dora Lewis Sanders Scholarship. An annual scholarship of \$100 established by the New Mexico Federation of Garden Clubs in 1951 is awarded to a junior or senior student majoring in botany.

Business and Administrative Sciences

Albuquerque Advertising Club Scholarship. The scholarship in the amount of \$150 per semester to a major in the School of Business and Administrative Sciences with a concentration in advertising, or if that is not available, an expressed desire to enter some aspect of the advertising profession. Recipient will be selected by the School with approval of the Club.

American Business Women La Jolla Chapter. A \$100 scholarship awarded by semester to freshman or sophomore female who will enter the College of Business or Special Education or therapist of handicapped persons. Scholarship is based on financial need and is renewable. Selection is made by chapter.

Albuquerque Legal Secretaries Association Scholarship. The scholarship in the amount of \$100 is awarded to a female student enrolled in the School of Business and Administrative Sciences. The award may be made to the same student in successive years. Preference may be given to a student who plans to stay in New Mexico after graduation. Financial assistance must be a factor in making the selection. Recipient shall be selected by the Committee on Scholarships, Prizes, and Loans upon the recommendation of the Dean of the School of Business and Administrative Sciences.

The Sam Angell, Jr. Memorial Scholarship in Business Administration. A \$250 scholarship awarded each semester by the New Mexico Association of Independent Insurance Agents, Inc., to a junior or senior in the School of Business and Administrative Sciences who desires to pursue insurance industry as an independent agent; selection to be made by Dean.

Auxiliary of the New Mexico Society of Certified Public Accountants Scholarship. The award is given to a senior man or woman on the basis of academic standing in the School of Business and Administrative Sciences. The scholarship is for \$200 for one semester only. Organization requests a brief letter expressing why applicant is interested in the field of study to accompany application. Applications are supplied by the Dean of the School and selection is made by the auxiliary.

The Credit Women's Breakfast Club of Albuquerque Scholarship. This scholarship of \$50 is awarded to a woman student in the School of Business and Administrative Sciences upon recommendation of the Dean of that School.

The Duke City Business and Professional Women's Club Scholarship. A scholarship of \$200 is awarded annually to a sophomore or junior woman student in the School of Business and Administrative Sciences or the College of Education on the basis of scholarship, need, and the recommendation of the dean of the college involved.

Ernst & Ernst Accounting Firm Scholarship. A \$500 scholarship to a full-time student majoring in accounting, either an undergraduate at the upperclass level, or a graduate student working for a master's degree. Selection will be made by the School of Business and Administrative Sciences through the scholarship committee.

The Alonzo Bertram McMillen Memorial Scholarship. The Occidental Life Insurance Company established this scholarship as a memorial to the late Alonzo Bertram McMillen, a founder of the company, to cover the cost of room, board, and tuition. The scholarship is awarded annually to a student in the School of Business and Administrative Sciences who is a resident, is of excellent character, shows active interest in good citizenship and in general student activities, has an average academic record, and is in need of financial assistance.

George J. Neff Scholarship in Accounting. A resident tuition scholarship awarded annually for Semester II in memory of Mr. George J. Neff, CPA, founder of Neff & Co., the New Mexico firm of certified public accountants.

The New Mexico Society of Certified Public Accountants Scholarship. Awarded on basis of a competitive examination. Information available at the Student Aids Office.

The Southern Union Gas Company Scholarships. Three scholarships of \$500 each, one for a student in the School of Business and Administrative Sciences and two for students in the Department of Mechanical Engineering. Recipients must be male students, preferably juniors or seniors. They shall be of good character and proven ability and shall be in need of financial assistance.

Drama

The University Theatre Training Scholarship. The Department of Dramatic Art provides a scholarship of \$150 each semester which is awarded in the spring of each year upon recommendation of the faculty of the Department on the basis of need, scholarship, and suitability for the training involved.

Education

The Albuquerque Classroom Teachers Association Scholarship. A scholarship awarded annually to a student in the College of Education who is preparing to teach in the elementary schools of New Mexico.

The Alpha Delta Kappa—Gamma Chapter Scholarship. A \$50 annual scholarship to be given to a woman in her junior or senior year who is training to become a teacher.

Bandelier Parent-Teacher Association Scholarship. Awarded for the second semester to a junior or senior in the College of Education. The recipient shall have indicated a sincere desire to enter the teaching profession, be of high moral character, have a high academic standing and financial need.

The Bernalillo County Council of Parent-Teacher Association Scholarships. Several annual scholarships of \$250 each have been provided for juniors or seniors in the College of Education preparing to teach in the elementary schools of New Mexico.

Ward Curtis Scholarship Fund. An award of \$200 granted by the New Mexico State Congress of Parent Teachers Association to an upperclass student in Education and a graduate from a New Mexico high school. Need, scholastic ability and devotion to ideals of democracy and education shall be stipulations to this award.

The Daughters of Penelope Memorial Scholarship. An annual scholarship in the amount of \$50 established in memory of all deceased members of the Helen of Troy Chapter 19, to be awarded to a man or woman student who is a resident of New Mexico and who plans to teach in the elementary or secondary schools. Scholarship and need are determining factors.

Delta Kappa Gamma Grant-in-Aid in Education. A scholarship of \$75 awarded for the spring semester by the Albuquerque Chapter of Delta Kappa Gamma Society, an international honorary for women educators. The recipient must be a junior or senior in the College of Education who needs financial assistance.

The Duke City Business and Professional Women's Club Scholarship. A scholarship of \$200 is awarded annually to a sophomore or junior woman student in the School of Business and Administrative Sciences or the College of Education on the basis of scholarship, need, and the recommendation of the dean of the college involved.

The Ives Memorial Scholarships. These scholarships were established in memory of Mrs. Julia Louise Ives and Mrs. Helen Andre Ives. The income from a \$15,000 fund provides three scholarships for women students. Candidates must be residents of New Mexico, preferably living in Albuquerque, in good health, of good moral character, of high scholastic standing, and they must intend to teach. The scholarships are awarded by the President of the University in July of each year.

Kappa Kappa Iota—Beta Conclave Scholarship. An annual scholarship of \$50 to be given to a worthy senior from the College of Education, upon recommendation of the Dean of the College.

The Kathleen McCann Memorial Scholarship of Pi Lambda Theta. Alpha Mu Chapter of Pi Lambda Theta, women's honorary society in education, has established a scholarship of \$100 as a memorial to the late Professor Kathleen McCann. The scholarship is awarded to a woman student above freshman rank who is preparing to teach.

The John Milne Memorial Scholarship Fund. A trust fund of \$5,000 established as a memorial to the late John Milne, Superintendent of Albuquerque Public Schools for 45 years, provides scholarships for students who plan to be teachers.

The Bess Popejoy Scholarship. A resident tuition scholarship granted by the University of New Mexico in recognition of the life-long interest of Mrs. Tom Popejoy in the welfare of women students. The grant is made annually to a second semester junior woman majoring in elementary education.

The Millicent A. Rogers Foundation Scholarship in Education. This scholarship of \$500 is awarded annually to a resident above the rank of freshman in the College of Education, on the basis of need and scholastic achievement. The Millicent A. Rogers Foundation has been established by the sons and friends of the late Mrs. Millicent A. Rogers, who was for many years a resident of Taos and who was deeply and actively interested in the people and the culture of the region.

The Dr. C. R. Spain Memorial Scholarship. A scholarship based upon the income from a trust in memory of the late Dr. C. R. Spain in the field of education. Recipient may be upperclass or graduate student. Applications may be obtained from the Student Aids Office.

Engineering

The American Society for Quality Control Scholarship. A scholarship of \$200 established by the Albuquerque Section of the American Society for Quality Control is awarded annually to a junior or senior in the College of Engineering on recommendation of the Dean of that college. The scholarship has been established to promote interest in the application of statistical methods and quality control in the engineering field.

Associated General Contractors of New Mexico, Building Branch. Two \$250 scholarships awarded to students pursuing the construction option in the Department of Civil Engineering. Must be a full-time student; academic qualifications, need and interest in the construction industry will be criteria for selection. Scholarship can be renewed if recipient's academic record is good and satisfactory progress is being made toward a degree in Civil Engineering. Recommended by the faculty of the Department of Civil Engineering.

The Carter Scholarships. Income from a trust fund established by Mr. and Mrs. Rufus H. Carter, Jr., provides scholarship awards for qualified students in the Colleges of Engineering and Nursing. Recipients are selected on the basis of financial need and scholarship.

The Harry and Mable F. Leonard Scholarship Fund. This is a scholarship established by the Leonards for an undergraduate student in engineering or geology. The recipient must be a resident of the State of New Mexico. The need for financial aid is the primary factor in selection and scholarship is the second.

The Phillip D. Miller Memorial Scholarship. Mrs. Kathleen P. Miller has established a scholarship in memory of her husband, Mr. Phillip D. Miller. The scholarship is given annually to an upperclass student interested in a career in engineering, with the opportunity of having the award renewed if his academic work is satisfactory. The award is for \$350.

The Rust Tractor Company Scholarship. The Rust Tractor Company has established a scholarship of \$250 to go each year to a sophomore in Civil Engineering. The award is open to residents of New Mexico and can be renewed each year until graduation if the recipient's academic work is good and he continues to progress satisfactorily toward a degree in Civil Engineering.

The Southern Union Gas Company Scholarships. Three scholarships of \$500 each are provided, one for a student in the School of Business and Administrative Sciences and two for students in the Department of Mechanical Engineering. Recipients must be male students, preferably juniors or seniors. They shall be of good character and proven ability and shall be in need of financial assistance.

The Standard Oil Company of Texas Scholarship in Chemical Engineering. A scholarship of \$500 is awarded to a junior or senior in the Department of Chemical Engineering on recommendation of the faculty of that department on the basis of scholarship, extracurricular activities, and good citizenship. A matching grant of \$500 is made to the Department of Chemical Engineering, available periodically on a rotational basis.

Universal Oil Products Scholarship. Chemical Engineering scholarship of \$500 established by the Universal Oil Products Company of Des Plaines, Illinois, is awarded to a junior or senior in the Department of Chemical Engineering on recommendation of the faculty of that department on the basis of scholarship, extra-curricular activities and good citizenship. A matching grant of \$500 is made to the Department of Chemical Engineering.

The Western Electric Fund Scholarship. Through this fund, Western Electric provides an annual scholarship to a student in the College of Engineering. The award is for tuition, fees, and books.

Fine Arts

The Alpha Delta Pi Alumnae Scholarship in Art. The Albuquerque Alumnae Club of Alpha Delta Pi sorority has established a scholarship to be awarded to a sophomore woman in the Department of Art, who has attended the University at least one year and who is recommended by the faculty of the Department of Art on the basis of need and creative ability. The scholarship is paid to the recipient at the beginning of her junior year.

Art Fund Scholarships. The Art Department receives a limited amount of funds each year from projects it sponsors. This income is used for scholarships for students in the Art Department.

The New Mexico Art League Scholarship. A scholarship of \$100 provided to promote art education is awarded on the basis of scholarship, need and ability to a junior or senior student on recommendation of the faculty of the Art Department.

Helene Wurlitzer Foundation of New Mexico Fine Arts Scholarship. The foundation offers a resident tuition scholarship to a student in the College of Fine Arts at the University of New Mexico. Selection of the recipient will be made by the Governing Board of the Foundation in connection with the College of Fine Arts.

Geology

The Albuquerque Gem and Mineral Club Scholarship. An annual scholarship of \$200 to be awarded to a deserving geology major with special interest in mineralogy.

The Aztec Oil and Gas Company Scholarship. Aztec Oil and Gas Company annually awards \$400 to a geology major on the basis of need, scholarship, and interest in following a career in petroleum exploration. The recipient preferably will be a New Mexico resident at the junior or senior level. Selection is made by the Department of Geology.

C. L. Herrick Memorial Fellowship in Geology. A fellowship granted in geology to a graduate student. Applicants should inquire at the Department of Geology.

The Harry and Mable F. Leonard Scholarship Fund. This is a scholarship established by the Leonards for an undergraduate student in engineering or geology. The recipient must be a resident of the State of New Mexico. The need for financial aid is the primary factor in selection and scholarship is the second.

History

The Alfred and Miriam N. Grunsfeld Scholarships. The income from a \$10,000 trust fund provides two scholarships for men and two for women. The conditions governing the Grunsfeld Scholarships are as follows: (1) recipients must be legal residents of the State of New Mexico; (2) recipients must have been in full-time attendance at the University during their sophomore year; (3) recipients shall not have completed more than 66 semester hours by the end of the semester in which they are awarded the scholarships; (4) at least three of the four scholarships shall be awarded to students who declare at the time of application their intention to major in the Department of History or the Department of Political Science (a subsequent change in the major from either of these two departments to another department may terminate the award); (5) in selecting the recipients, consideration shall be given to their general scholarship and to their financial need.

The John F. Kennedy Memorial Scholarship. Income from a trust fund is awarded to a student or students engaged in original and scholarly research in the humanities or social sciences, preferably in the history of New Mexico and the Southwestern United States. Recipients shall be designated by the Scholarships, Prizes, and Loans Committee upon recommendation by the chairmen of the humanities and social science departments. Neither race nor creed is a factor in the selection of recipients. Two distinguished citizens of New Mexico, Calvin P. Horn and Senator Clinton P. Anderson, were instrumental in the establishment of this fund which is financed by private contributions and by the income derived from the sale of a book written by Mr. Horn entitled *New Mexico's Troubled Years*.

Home Economics

Albuquerque Food Service Association Scholarship. A scholarship in honor of Dr. Charles R. Spain, former Superintendent of Albuquerque Public Schools, is given a graduate of an Albuquerque public high school. Financial need and potential for completing degree with a major in Home Economics are necessary. Applicant must have completed 13 hours in Home Economics and have enrolled in 13 additional hours.

The Albuquerque Home Economics Club Scholarship. An annual scholarship of \$100 awarded to a sophomore majoring in home economics. The scholarship will be awarded on the basis of financial need, scholarship and interest in following a career in home economics. The award will be announced in May of the academic year.

The Kappa Omicron Phi Scholarship. Pi Chapter of this national professional honorary in home economics provides a \$60 scholarship for a senior who is a major in home economics. It is awarded on the basis of scholarship and financial need.

New Mexico Extension Homemakers Council. Two scholarships of \$150 awarded annually to upperclassmen majoring in Home Economics. Recipients must be residents of New Mexico and shall have been members of a 4-H Club, in the upper third of their class during the previous school year and must be in need of financial assistance. Applications may be obtained from the Student Aids Office. The deadline is April 1 of each year with selection to be announced by June 1 of the same year.

The Elizabeth P. Simpson Scholarship. A scholarship equal to one semester's resident tuition given each year by Chi Omega Alumnae of Albuquerque in honor of Mrs. Elizabeth P. Simpson, Professor Emeritus of Home Economics and Chi Omega member. The award is granted to a woman student who has earned a minimum of 30 semester hours at The University of New Mexico, who has creditable scholarship, and is in need of financial assistance.

Journalism

The Toppino-Golden Scholarship in Journalism. A scholarship of \$100 which was established to encourage students to pursue a career in journalism is awarded in the fall of each year by the Journalism Department.

Medicine

Bernalillo County Chapter of National Infantile Paralysis Foundation Scholarship. Two annual scholarships are provided for students in the School of Medicine or related field. Recipients must be New Mexico residents and are selected upon recommendation from the Dean of the School of Medicine or department chairman.

The Bernalillo County Medical Association Scholarship. A scholarship in the amount of \$300 given to a first-year medical student who must be a resident of Bernalillo County.

The Clarence Milton Botts, Jr., Memorial Scholarship. The income from a trust fund of \$5,000, given by the late Dr. W. R. Lovelace as a memorial to Lieutenant Colonel C. M. Botts, Jr., who was killed in action near Manila, Philippine Islands, May 15, 1945, is awarded each year to a premedical student of junior or senior rank who is outstanding in scholarship and who gives promise of being a good medical student.

The Dr. Eric P. Hausner Memorial Scholarship. The income from a trust fund established by the Santa Fe Chapter of the Heart Association is awarded annually to a junior or senior student who has been accepted for admission to an approved medical college.

Charles May Memorial Scholarship Fund. A memorial scholarship fund established by Mr. May's wife. The interest from a \$5000 trust fund is awarded each year to a premedical student with outstanding scholarship and the promise of being a good medical student.

The Thomas M. Wilkerson Memorial Scholarship. The income from a trust fund of \$5,000 established by the late Dr. W. R. Lovelace in honor of Major Thomas M. Wilkerson, who was killed January 29, 1946, while in the service of his country, is awarded each year to a junior or senior premedical student who is outstanding in scholarship and who gives promise of being a good medical student.

The Women's Club of Albuquerque Scholarship. The Women's Club of Albuquerque has established an annual \$100 scholarship for a first-year woman student in the University's School of Medicine. Selection, made upon the recommendation of the Dean of the School of Medicine, is based on scholastic ability and financial need.

Music

Beta Sigma Phi Scholarship in Music. A \$250 scholarship established by the Albuquerque chapters of Beta Sigma Phi for a woman student majoring in music who is a resident of Albuquerque. The recipient must be of high moral character, have a satisfactory academic record, and have genuine financial need. Preference will be given members or relatives of members of Beta Sigma Phi. The scholarship is renewable each year.

The Carl Cramer Memorial Band Scholarship. Friends of the late Carl Cramer have established this scholarship to be awarded to a member of the University band. Primary selection criteria are scholastic and musical ability and financial need.

Mu Phi Epsilon Scholarship, Albuquerque Alumnae Chapter. A scholarship of \$75 awarded each spring, to be applied toward tuition for the following fall semester by this national professional music sorority. The recipient, who must be a music major, is selected by a committee from the Music Department and Mu Phi Epsilon.

The Presser Foundation Scholarship in Music. A scholarship of \$400 is awarded by The Presser Foundation of Philadelphia to a student in music upon recommendation of the President of the University and the Chairman of the Music Department.

Sigma Alpha Iota Grant. The Albuquerque Alumnae chapter of Sigma Alpha Iota, International Professional Fraternity for Women in Music, will make available one or two grants to a music major(s). Recipient(s) will be selected on the basis of musicianship, scholarship and need by faculty members of the Music Department, or Chairman, and the Scholarship Committee of the Alumnae chapter. Recipient need not be a member of Sigma Alpha Iota.

The Sigma Alpha Iota Patroness Scholarship. The Albuquerque Patroness chapter of Sigma Alpha Iota will make available one or more scholarships to qualifying applicants in the field of Music. There will be a Patroness Scholarship Committee appointed yearly to organize and review qualifications with the University of New Mexico Scholarships, Prizes, and Loans Committee. Application is restricted to members of Alpha Sigma Chapter of S.A.I. National Honorary Music Fraternity, and they must apply direct to the sponsors of the scholarship.

The Albert Gallatin Simms Music Scholarship Fund. A trust fund established by music lovers who have enjoyed the June Music Festivals for many years has been established as a means of expressing their gratitude to Mr. Simms. The income from the fund will provide one or more scholarships for students majoring in music and studying stringed instruments.

The Berta Hurt Van Stone Memorial Scholarship. Mr. and Mrs. Walter M. Mayer of Santa Fe, New Mexico, have established a scholarship of \$100 to be given annually in memory of Mrs. Berta Hurt Van Stone, Mrs. Mayer's mother, to a student majoring in the field of music.

Nursing

Army Nurse Corps Candidate Program. An effort by the Army to train nurses for the Army Nurse Corps. The Army pays the tuition, fees, room, board, books, and supplies. Application is made through the Army Recruiting Station.

Bernalillo County Medical Association Women's Auxiliary Scholarship. A \$300 scholarship based on financial need is given to a student in the College of Nursing. Preference is given to a Bernalillo County resident. Scholarship is awarded to the university on alternate years.

The Carter Scholarships. Income from a trust fund established by Mr. and Mrs. Rufus H. Carter, Jr., provides scholarship awards for qualified students in the Colleges of Engineering and Nursing. Recipients are selected on the basis of financial need and scholarship.

The Gerald Champion Memorial Hospital Auxiliary Nursing Scholarship. An annual award of \$100 is made to a student from Otero County who is following the program in Nursing. Recipient is selected by the Auxiliary.

The Forty and Eight Voiture 1377 Scholarship in Nursing. The Los Alamos Voiture of the Society of Forty and Eight provides a scholarship of \$100 to be awarded to a student in the College of Nursing upon recommendation of the faculty of that College.

The Portia Irick Nursing Scholarship. A fund established under the joint sponsorship of the Altrusa Clubs and Business and Professional Women's Clubs throughout New Mexico in honor of Portia Irick, who was an outstanding public health nurse in New Mexico.

The Florence Knapp Nursing Scholarship. A \$100 scholarship provided by the New Mexico Nurses Association, District #19, of San Juan County, for a Nursing student who is a resident of that county.

The Reverend Uvaldo Martinez Memorial Scholarship. A scholarship provided by the New Mexico Health Foundation as a memorial to the late Reverend Uvaldo Martinez is awarded to a student who desires to enter the field of public health nursing in New Mexico, is Spanish-speaking, needs financial assistance, and shows creditable scholarship.

Navy Nurse Corps Candidate Program. An effort by the Navy to train nurses for the Navy Nurse Corps. The Navy pays the tuition and fees, room and board, and books and supplies. Application is made through the Navy Recruiting Station.

New Mexico Nurses Association District #1. A scholarship of \$150 is awarded every three years to the University of New Mexico to a student in the College of Nursing. Selection is based upon academic achievement, nursing aptitude, and the recommendation of the Dean of the College of Nursing.

New Mexico Nurses Association District #14. A \$400 scholarship to a senior student from New Mexico based upon financial need to enter or finish his education in the field of nursing. Applications must be received prior to January 1 of the academic year. Beginning or transfer students must have a letter of acceptance from the school they plan to enter.

New Mexico Nurses Association District #16. A tuition scholarship in the amount of \$300 to a student enrolled in the College of Nursing and approved by the Dean of the College of Nursing. Scholastic ability and financial need must be shown. Scholarship is renewable provided recipient meets the required qualifications.

New Mexico State Medical Society Women's Auxiliary Scholarship in Nursing. A \$300 scholarship awarded annually to a student in the College of Nursing upon recommendation of the Dean of that College.

The Jean Norris Scholarship in Nursing of the Progress Women's Club of Albuquerque. This scholarship provides \$300 for a student in the College of Nursing upon recommendation of the Dean of that College. It was established to honor Jean Norris who was a nurse and a past president of the club.

The Progress Women's Club of Albuquerque Scholarship in Nursing. This scholarship provides \$300 per year for a student in the College of Nursing. The recipient is selected upon recommendation of the Dean of the College.

Millicent A. Rogers Foundation Scholarship in Nursing. An award of \$500 is made to a student in the College of Nursing.

The Student Nurse Association Scholarship. The Student Nurse Association of The University of New Mexico offers a scholarship each year to a nursing student who is active in the Association.

Pharmacy

The American Foundation for Pharmaceutical Education Scholarships. These scholarships are awarded to third-, fourth- or fifth-year students in the College of Pharmacy who rank in the upper quarter of their classes scholastically and who can demonstrate need. The scholarships vary in value and are made possible by an annual grant from the American Foundation for Pharmaceutical Education.

The John W. Dargavel Foundation Scholarship. The John W. Dargavel Foundation, sponsored by the National Association of Retail Druggists, annually provides a \$200 scholarship for a third-, fourth-, or fifth-year student in the College of Pharmacy. The award is made by the College of Pharmacy.

The Davis Brothers Scholarship. A scholarship of \$350 provided by the Albuquerque Division of Davis Brothers, Inc., is awarded annually to a student in the College of Pharmacy on the basis of scholarship, ability, and need.

The Eva M. Farone Memorial Scholarship. A scholarship of \$500, established in memory of the late Eva M. Farone by her husband, is awarded annually to a qualified and deserving student in the College of Pharmacy. Preference will be given to women students.

The Fox-Vliet Senior Scholarship. Two scholarships of varying amounts are awarded annually by the Fox-Vliet Drug Company of Albuquerque to needy and deserving fifth-year students in the College of Pharmacy.

Health Professions Scholarship Program. A series of grants from the United States Public Health Service has enabled the College of Pharmacy to award scholarships in varying amounts to third-, fourth-, and fifth-year students in the College of Pharmacy.

McKesson and Robbins, Inc. Pharmaceutical Scholarship. A scholarship of \$300 established by the El Paso and Amarillo Divisions of McKesson and Robbins, Inc., to be awarded annually to a student in the College of Pharmacy.

The New Mexico Allied Drug Travelers Association Scholarship. A scholarship of \$300 is awarded annually to a junior or senior student in the College of Pharmacy who has creditable scholarship and who has need of financial assistance.

Pharmacy Alumni Association Scholarship. The Pharmacy Alumni Association of New Mexico annually awards a \$300 scholarship to a pharmacy student of junior or senior rank. The recipient is selected by a committee composed of Pharmacy Alumni Association members.

The Women's Pharmaceutical Auxiliary Scholarship. A scholarship established by the Women's Pharmaceutical Auxiliary in New Mexico to cover the cost of tuition is awarded annually to a student in the College of Pharmacy upon the recommendation of the Dean and the approval of a committee of the Auxiliary.

Philosophy

The Theo Karvelas Scholarship in Philosophy. Mr. Theo Karvelas, longtime Albuquerque resident and friend of the University, has established a \$250 annual scholarship for students majoring in philosophy. Criteria for selection of recipients are financial need and academic ability.

Political Science

The Alfred and Miriam N. Grunsfeld Scholarships. The income from a \$10,000 trust fund provides two scholarships for men and two for women. The conditions governing the Grunsfeld Scholarships are as follows: (1) recipients must be legal residents of the State of New Mexico; (2)

recipients must have been in full-time attendance at the University during their sophomore year; (3) recipients shall not have completed more than 66 semester hours by the end of the semester in which they are awarded the scholarships; (4) at least three of the four scholarships shall be awarded to students who declare at the time of application their intention to major in the Department of History or the Department of Political Science (a subsequent change in the major from either of these two departments to another department may terminate the award); (5) in selecting the recipients, consideration shall be given to their general scholarship and to their financial need.

Speech

The Don Kirby Forensic Scholarship. A scholarship of \$100 established by Mr. Kirby because of his belief that participation in forensic activities is of extreme importance to college students. Selection of the recipient is based on forensic excellence, good scholarship, and need. The award is made by the University Scholarships, Prizes, and Loans Committee upon the recommendation of the Department of Speech.

UPPERCLASS AWARDS AND PRIZES

The Student Branch of the American Pharmaceutical Association Sophomore Award in Pharmacy. The University of New Mexico Branch of the American Pharmaceutical Association annually awards an appropriate book and certificate to the sophomore student in the College of Pharmacy who ranks highest in scholarship in his class.

American Society for Testing Materials Membership Awards. Two student memberships in the American Society for Testing Materials are awarded to two outstanding senior students in architecture.

Evelyn Duffett Ancona Prize (Music). A \$25 prize is awarded each April to an active member of Alpha Sigma Chapter of Sigma Alpha Iota who has made a valuable contribution to the group through her active interest and participation.

The Architectural Design Faculty Awards. Three prizes, each consisting of a current architectural book, are awarded annually to the outstanding second year, third year, and fourth year student in Architecture.

The Eva Boegen Newman Center Prize. An annual prize of \$50 is awarded to the student who renders outstanding service to the Newman Center.

The George E. Breece Prize in Engineering. A cash prize consisting of the income from a \$600 trust fund is awarded to a graduating senior in engineering, who is enrolled for a full time course of instruction, upon the basis of character, general ability, and excellence of scholastic record as shown during the last 2 consecutive years of residence in the University.

The Chemical Rubber Company Handbook Award in Physics. A current copy of the *Handbook of Chemistry and Physics* will be awarded annually to the student in Physics 160, 161, or 262 selected as most capable by the Chairman and staff of the Physics Department.

The Charles Florus Coan Prize. The income from a trust fund donated by faculty and friends as a memorial to Charles Florus Coan, Ph.D., Professor of History and Political Science, is awarded annually, for excellence in scholarship, to a worthy student whose major field of study is history.

The Marian Coons Prize. A memorial prize consisting of the interest from a \$750 trust fund is given each year to the regularly enrolled senior in the Department of Home Economics who is voted the most kind by her classmates and teachers in that department.

The Harry L. Dougherty Memorial Prize in Engineering. A cash prize consisting of the income from a trust fund contributed by colleagues, students, and friends, as a memorial to Mr. Harry L. Dougherty, Assistant Professor of Civil Engineering, is awarded each year to the student in the College of Engineering who has made the highest scholastic average in residence during his freshman and sophomore years while carrying a normal course of study.

Faculty Award in Pharmacy. The Faculty of the College of Pharmacy annually makes an appropriate award to the graduating senior in the College of Pharmacy who has attained the highest grade average for the entire course in pharmacy.

Faculty Womens Club Award. \$100 is awarded each February to a junior or senior woman who has been outstanding on the UNM campus.

Dr. Reginald Fisher Award. A memorial prize given to an outstanding student in Inter-American Affairs. Preference is given to a student from Mexico or one studying some phase of Mexico.

The Charles LeRoy Gibson Memorial Prize. The interest from a trust fund created by students and colleagues of Charles LeRoy Gibson, Ph.D., Associate Professor of Chemistry, is given to the senior student, major or minor in chemistry, who is judged most outstanding by the faculty of that department.

Robert P. Goodkin Prize. An annual prize of \$25 to be awarded to an Indian student majoring in Sociology. The award was established by Mr. and Mrs. R. P. Goodkin to recognize outstanding achievement in this area.

The H. J. Hagerman Prize. An annual \$50 cash prize was established by the New Mexico Taxpayers Association in 1938. This is awarded to the regularly enrolled undergraduate student who presents the best original study in the field of taxation and public finance in New Mexico. The study should be submitted by December 1 to the faculty of the Department of Economics.

The Hamilton Watch Award. Each year the Hamilton Watch Company presents a watch to an outstanding senior in the College of Engineering. The recipient is selected by the College of Engineering Scholarship Committee.

R. E. "Jake" Haverstock Award in Art. An award of \$150 will be made each year to a student in the Art Department who has demonstrated some form of unusual ability or progress in any field of that Department.

The Telfair Hendon, Jr., Memorial Prize. The interest from a trust fund of \$500 established by John F. Hendon in memory of his brother, Mr. Telfair Hendon, Jr., Instructor in English, is given to the graduating senior who has achieved the highest scholastic record as a major in the Department of English.

The H. E. Henry Award in Pharmacy. A pocket watch appropriately engraved is presented annually to a male student in the graduating class of the College of Pharmacy on the basis of scholarship, ability, and promise in the field of pharmacy.

Kappa Alpha Theta Poetry Awards. To stimulate interest in creative writing, Kappa Alpha Theta annually presents awards in amounts of \$15 and \$10 for the two outstanding poems presented to the English Department.

The Kappa Kappa Gamma Alumnae Memorial Prize for Poetry. An annual prize of \$25 to be awarded as a first prize for poetry in the undergraduate literary contests in the English Department. This prize was established in memory of all deceased members of the Association and of the New Mexico Chapter of Kappa Kappa Gamma.

The Barbara Kiker Memorial Prize. Friends of the late Mrs. Barbara Kiker have established a trust fund at the University to support a memorial prize in Dance. Recipients shall be either male or female students who are regularly enrolled at the University and who have made contributions toward the excellence of the Dance Program of the University. Recipients shall be selected by the Faculty Committee on Scholarships, Prizes, and Loans based upon recommendations received from the Chairman of the Department of Music. The \$50 prize shall be awarded annually near the end of the Spring Semester.

Langell Art Supply Stores Award. The recipient of this \$25 award is selected by the faculty of the Art Department for the best creative work of art, in painting, submitted in the annual student art show.

Law Prizes, see School of Law Bulletin.

The Mike S. Millican Memorial Prize. The interest from a trust fund established by colleagues of Mike S. Millican, members of the Chemistry Department, and friends of the University, is given to a senior student with a B.S. major in chemistry who is judged outstanding by the faculty of the department.

The New Mexico Section of the American Society of Civil Engineers Award. A certificate of merit with entrance dues paid for junior membership in the A. S. C. E., together with a membership badge, is given to a graduating student in civil engineering who excels in scholarship, holds membership in the student section of the engineering society, is active in student engineering organizations, and who, in the opinion of his professors, shows promise of becoming a successful engineer.

New Mexico Section of the American Vacuum Society. In order to stimulate and encourage interest in vacuum science and technology, the New Mexico Section of the American Vacuum Society has established a \$100 award for a qualified graduate or undergraduate student submitting a brief essay. Included in the award will be a one year student membership in the American Vacuum Society and the New Mexico Section.

The New Mexico Society of Professional Engineers' Wives Award. The Women's Auxiliary of the New Mexico Society of Professional Engineers awards each spring to a graduating senior in the College of Engineering a cash prize equivalent to the registration fee for the New Mexico Engineer-in-Training Examination. The prize is awarded on the basis of need, scholarship, and interest in Professional Engineering Registration.

The Phi Kappa Phi Senior Prize. Fifty dollars is given each year by the local chapter of Phi Kappa Phi to the graduating senior of any of the colleges of the University who makes the highest scholastic record of his class.

Phi Sigma Kappa Prize in Creative Play Writing. Phi Sigma Kappa has established an award of \$30 annually for the best one-act play submitted in the creative writing contest.

Carl Redin Memorial Prize for Drawing. An award of \$25 to be made for the best creative work of art submitted in the annual student art show.

Reynolds Metals Company Competition. An annual award of \$250 to the student submitting the best original design for a building component in aluminum.

The Rose Rudin Roosa Prize. The income from a \$1,000 trust fund is awarded each year to the upperclassman or graduate student in the Department of Political Science who has indicated in the opinion of his professors, the most positive interest in the development of good citizenship. A paper is required.

The George St. Clair Memorial Prize. The interest from a trust fund established by colleagues, students and friends of George St. Clair, Professor of English, Department Head and Dean of the College of Fine Arts, is granted to the student who has made the greatest contribution in acting, stage design, lighting, or production in the Department of Dramatic Art.

The Katherine Mather Simms Memorial Prize. A \$50 prize as a memorial award is made each year to a regularly enrolled undergraduate, who has been in residence at least one semester preceding the time of the contest, on the basis of excellence in prose composition and on the quality of a competitive essay.

The Smead Manufacturing Company Prize. For outstanding achievement in business education a student is annually awarded a prize consisting of membership in the United Business Education Association, a subscription to the U.B.E.A. Forum, and a binder embossed with the student's name.

The Student Nurse Association Award. The Student Nurse Association gives a cash award each year to the nursing student who is chosen the Student Nurse of the Year.

The Lenna M. Todd Memorial Prize. The interest from a trust fund of approximately \$2,000 is awarded annually to the student or students doing the best work in creative writing in the Department of English. This endowment was created by the will of Dana Paul Todd, as a memorial to his mother, Mrs. Lenna M. Todd. Dana Todd, Class of '33, served in the United States Army in the Philippines and died in a Japanese prison camp at Osaka, on or about August 15, 1943.

The Wall Street Journal Award. A prize consisting of a one year's subscription to the *Wall Street Journal* and a suitably engraved medallion are given annually to the graduating senior in the Finance Concentration of the School of Business and Administrative Sciences who has the highest scholastic average.

The Eric H. Wang Memorial Fund. Because of Mr. Wang's interest in the improvement of the engineering profession, the interest from a trust fund established in his name is used to help senior engineering students either to pay for special refresher courses taken prior to the Engineer-in-Training examination or to pay the EIT examination fee.

The Irene R. Wang Memorial Prize. Two annual prizes (\$50 plus accrued interest) established by Mrs. Eric H. Wang in memory of her daughter, to two freshmen enrolled in the General Honors Program who have excelled in written work.

MEDALS AND CERTIFICATES

AIA School Medal Award for General Excellence in Architecture. The American Institute of Architects Medal is presented annually to an outstanding student graduating with the Masters degree in Architecture.

AIA Certificate. The AIA Certificate for excellence in Architecture is presented annually to an outstanding student in Architecture.

The Beta Alpha Scholarship Key in Accounting. A certificate of achievement and a gold key are awarded annually by Beta Alpha, honorary accounting fraternity, to the graduating senior in the School of Business and Administrative Sciences with the highest grade in all his accounting courses.

Delta Sigma Pi Scholarship Key. This key is awarded annually by Delta Sigma Pi, national professional fraternity in business administration, to that male senior who upon graduation ranks highest in scholarship for the entire course in commerce and business administration.

The C. T. French Medal. The medal is awarded to a graduating senior of the College of Arts and Sciences who has obtained, during his last two years of continuous residence, the highest general average for scholarship in a program of not less than 14 credit hours a semester.

The Kappa Psi Award in Pharmacy. A certificate is awarded annually to the male student who has the highest scholastic average in the senior class of the College of Pharmacy. If the student is a member of Kappa Psi, a key is awarded in addition to the certificate.

The Kappa Psi Junior Award in Pharmacy. Gamma Rho Chapter of Kappa Psi pharmaceutical fraternity annually awards an appropriate book and certificate to the junior student in the College of Pharmacy who ranks highest in scholarship in his class.

The Kappa Psi Scholarship Honors Certificate. The Grand Council of Kappa Psi pharmaceutical fraternity awards annually a certificate to each member of Kappa Psi who completes the full junior and/or senior year (last 2 years of the professional curriculum) with a minimum grade-point average of 3.0 for each year. A member may qualify for a certificate for each of the 2 years.

John Gaw Meem Medal. The John Gaw Meem Medal is presented annually to a student graduating with a Masters in Architecture degree for excellence in design.

The New Mexico Pharmaceutical Association Award in Pharmacology and Other Biological Sciences. The New Mexico Pharmaceutical Association annually awards an appropriate book, or books, and certificate to the graduating senior in the College of Pharmacy who ranks highest in scholarship in the required courses in Pharmacology and other biological sciences.

The College of Pharmacy Alumni Association Award in Pharmaceutical Chemistry and Chemistry. The Alumni Association of the College of Pharmacy annually awards an appropriate book, or books, and certificate to the graduating senior in the College of Pharmacy who ranks highest in scholarship in the required courses in pharmaceutical chemistry and chemistry.

The Phi Gamma Nu Scholarship Key. This key is awarded annually to the senior woman student, not necessarily a member of the fraternity, who upon completion of seven semesters of college work ranks highest for the entire course in Business and Administrative Sciences or Business Education. The award is made by the Dean of the School of Business and Administrative Sciences and the Dean of the College of Education.

The Phi Sigma Certificates in Biology. Each year the National Society of Phi Sigma awards a certificate to a regularly enrolled undergraduate student and another certificate to a graduate student in The University of New Mexico for excellence in biology and promise of future achievement.

STUDENT SERVICES

ALL divisions of the University concerned with student welfare and activities are under the coordinating supervision of the Vice President for Student Affairs. There follow descriptions of some of the services and programs which supplement the University's educational program and assist the student in his academic and personal development.

Information in regard to Admission and Registration, Student Housing, and Financial Aid will be found in those respective sections of this catalog. An explanation of the orientation and advisement program is given on pp. 107-108.

DEANS OF MEN AND OF WOMEN

The Deans of Men and of Women and their staffs are responsible for most of the personal counseling of individual students. Records of the extra-curricular activities are compiled and kept in this office.

The Deans are responsible for the counseling programs in the residence halls and for the supervision of social fraternities and sororities. They also serve as advisers to the student honorary and service organizations.

COUNSELING AND TESTING SERVICES

See "University College and Counseling Center," p. 166.

OFFICE OF INTERNATIONAL PROGRAMS AND SERVICES

INTERNATIONAL PROGRAMS. The growth of international programs at the University of New Mexico reflects a phenomenal development characteristic of American universities. The Office maintains a listing of faculty capabilities for overseas programs, and coordinates new international projects which the University may undertake.

INTERNATIONAL STUDENT PROGRAM. The University of New Mexico is committed to the support and encouragement of an international student program. The Director of the International Office acts in a liaison capacity with faculty and administrative departments of the University on behalf of the foreign students. His staff also endeavors to assist the student from abroad by counseling with him and by encouraging him to use the services offered by the University in areas such as academic advising, student health insurance (foreign students are required to have this coverage for themselves and dependents), counseling and testing, housing and employment.

In addition to making proper referrals, the International Office provides orientation programs, community hospitality, and immigration assistance to the student from abroad. The Director attempts, moreover, to give a maximum of personal attention to the unique problems of the foreign students.

FULBRIGHT PROGRAM. The Director of International Programs and Services acts as Fulbright Program Adviser. His duties in this capacity include publicizing the Fulbright competition, announcing grants offered, providing application forms, counseling American students, and arranging faculty committees for interviews and evaluations.

AMERICAN STUDENTS ABROAD. Information may be obtained on institutions of higher education throughout the world, admission practices, equivalence of credentials, costs, and living accommodations. Also available are awards and special programs during the academic year, summer opportunities, organizations in the U.S. providing services to Americans going abroad, and government regulations affecting U.S. citizens overseas.

HEALTH SERVICE

The Student Health Service provides facilities for medical advice, treatment, and if necessary, bed care, for acute illnesses of relatively short duration. The Student Health Service is not a teaching department and is staffed by experienced physicians and graduate nurses. Consultation with the physicians is available at regular morning and afternoon office hours, and the Service is open for emergency care 24 hours a day.

The Student Health Service is supported by a budgeted allocation from fees and is available to all students carrying 8 or more semester hours. Beyond this there is no charge for medical services rendered. It should be noted, however, that drugs ordered on prescription must be purchased by the student from any drugstore. Should the services of a specialist be required, the student will be referred for treatment at his own expense.

Each student enrolling for the first time, or re-enrolling after an absence of a year or more, is required to arrange for a physical examination by his own physician prior to enrollment or re-enrollment. The examination is to be reported on a form prepared by the Health Service. Evaluation of the health of a student whose medical examination reveals a condition affecting his eligibility, or his ability to perform satisfactorily, is the responsibility of the Health Service. A student whose condition indicates the need for a limitation of activity in physical education, or an excuse from the physical education requirement, may obtain such an excuse from one of the University physicians. The Health Service is authorized to exclude from residence halls or classrooms a student suffering from contagious or communicable disease.

Full information is contained in the brochure, "This Is Your Health Service," which is issued at registration and should be preserved for reference.

INSURANCE PLAN

The University, after study and consultation with representatives of insurance companies, has adopted an insurance plan designed to protect students against those burdensome expenses which may result from unexpected severe illness, injury, or major surgery. Participation is optional on the part of the student, except that foreign students are required to have this coverage for themselves and dependents.

The University plan provides low-cost coverage, through a national insurance company, while the student is in school and while he is away during interim vacation periods. It provides for medical, surgical, and hospital benefits to apply against expense incurred for necessary care **beyond that provided by the Student Health Service.** Benefits under this plan are payable in addition to those the student may receive from any other policy.

Any student enrolled during a regular semester for 8 or more semester hours is eligible to participate in the plan during that semester upon payment of a special fee (see Student Expenses). Arrangements may also be made for protection during the summer session or summer vacation period.

Details of this insurance plan, including a schedule of benefits, are mailed to new and readmitted students as a part of the admissions procedure.

PLACEMENT CENTER

The Placement Center is maintained to assist students in finding part-time employment to supplement their incomes while they are in school, and to aid graduating seniors and alumni in finding suitable and satisfactory employment in permanent positions. For information concerning service to enrolled students see p. 119.

The Placement Center acts as a general clearing house for registrants seeking employment and for employers and school administrators seeking college-trained personnel. Seniors who are graduating, alumni who are seeking a change, and students who are seeking part-time employment are urged to register with the Center, Building T-10, 1910 Roma, N.E.

For career placement, the Center keeps on file a complete record of each registrant's scholarship, employment experience, activities, and personal qualifications and seeks the proper placement of the individual, commensurate with his training and background. The Center maintains constant contact with the conditions and trends of the nation's job market. Representatives from industry and school administrators are urged to visit the campus to interview seniors for possible employment.

No fee is charged for services rendered. Graduates are invited to use the services of the Center in the years following their graduation.

STUDENTS AIDS OFFICE (See p. 117).

DIVISION OF VETERANS AFFAIRS

The University of New Mexico is fully approved for the training of students eligible under the Veterans Administration educational assistance programs. The Division of Veterans Affairs was established to provide every possible service to these students, and to aid in the solution of any problems that might arise in the students' relations with the University and the Veterans Administration. The student is given assistance in obtaining a certificate of eligibility from the Veterans Administration, certification of his registration so that training allowance may start, proper withdrawal or interruption of his educational program, and information of any changes in procedures and regulations of the University and the Veterans Administration. This Division also has the authority to provide educational or vocational counseling to any student under the Veterans Administration educational program, and to assist students in the selection of an objective and in the development of a program of education. All documentary forms necessary for these government programs are available in this office.

NEW MEXICO UNION

The New Mexico Union is planned to provide a focal point for the cultural and recreational activities of the University. It is the center of a consolidated program enlisting the joint efforts of student government, programming committees, student organizations, and staff to bring about a balance of activities providing the greatest values and benefits for the University community. All students are members of the Union, and their cooperation and contributions are depended upon to assure its total success. The Union Board, made up of students, faculty, and administrative representatives, formulates policy for the operation of the Union. The Program Directorate, working with the Union staff, has the responsibility of planning and executing a program of activities for the Union.

The Union Activities Center is the hub of out-of-class activities at the University. A feature of the Union is the Master Calendar, which lists all campus events of student interest. The Associated Students' Bookstore, located in the Union, has available all the books and materials required by University students. Union food services include several snack bar areas, cafeteria, dining room, and catering facilities. Also included are a hobby-crafts area, music listening rooms, banking facilities, barber shop, a 200-seat auditorium, and complete games facilities, including bowling, table tennis, and billiards. Lounges, a ball-room, many meeting rooms, and the Alumni Offices round out the facilities which enable the Union to serve the University community.

ATHLETICS

The University's intercollegiate athletic program is a department within itself but works closely with the Physical Education Department, which, in turn, shares a responsibility with all other segments of the University to maintain general academic standards of high quality. Athletes are expected to participate, first and primarily, as full members of the student community. The faculty of the University, within its powers, assumes responsibility for keeping the environment conducive to these objectives.

Intercollegiate athletics are governed by regulations of the Western Athletic Conference, the general athletic policy of the University, the North Central Association of Colleges and Secondary Schools, and the National Collegiate Athletic Association.

Varsity sports include football, basketball, track and field, cross country, baseball, tennis, golf, swimming, wrestling, and gymnastics.

The University also sponsors an intramural program designed to supplement the prescribed courses in physical education. The intramural program includes swimming, tennis, handball, golf, cross-country, track and field, volleyball, touch football, bowling, baseball, lacrosse, softball and basketball. A parallel program of sports appropriate for women is sponsored by the Women's Recreational Association.

Many indoor sports are centered on the main campus in Johnson Gymnasium, which includes an indoor pool, two large arenas, handball courts, and other specialized areas. The University Basketball Arena, with a seating capacity of 15,000, is located on the south campus, just west of University Stadium, which

seats 30,000. Outdoor recreational facilities maintained by the University include a golf course, tennis courts, and numerous playing fields, located both on the main and south campuses. Additionally a modern baseball field is located on the south campus.

CULTURAL OPPORTUNITIES

The Associated Students, through several committees, present a varied fare of concerts, theater, and lectures. Students may also purchase season tickets for Community Concerts, the Civic Symphony, and the Albuquerque Little Theater, in some instances at reduced rates.

The University Art Museum in the Fine Arts Center presents masterworks of traditional and contemporary art as well as the work of faculty and students. The Jonson Gallery, also on the campus, offers one-man shows by contemporary artists. New Mexico has a long tradition in the visual arts. Museums and galleries abound in the State. Those in Albuquerque and Santa Fe are readily accessible to the interested student.

RELIGIOUS LIFE OF THE CAMPUS

While the University itself maintains no religious program, various religious disciplines maintain campus centers which serve the University community. Ministers, priests and rabbis are available to assist the students through worship services, personal counsel, and in group activities. The various religious centers offer courses in religion and Bible study each semester.

Religious organizations affiliated with the University and serving the University community are: The Baha'i Student Association, the Baptist Student Union, the Canterbury Episcopal Chapel, Chi Alpha Fraternity, the Christian Science Organization, the Christian Student Center, the Deseret Club, the Hillel Counselorship, the Islamic Society, the Lobo Christian Fellowship, the Lutheran Student Association, the Aquinas Newman Center, the Quaker Association, the United Ministries in Higher Education, and the Wesley Foundation.

The Alumni Memorial Chapel, located conveniently in the center of the campus, is a non-sectarian religious sanctuary financed by contributions from alumni and friends of the University. It is available to any religious group, whether Protestant, Catholic, Jewish, Mohammedan, or other, for meetings on a scheduled basis. It is also open throughout the school year for private meditations. It has become a very popular wedding chapel available to any current member of the University community and to alumni.

STUDENT ORGANIZATIONS

ASSOCIATED STUDENTS

All undergraduate students enrolled for 12 or more semester hours are affiliated as "The Associated Students of The University of New Mexico." The Associated Students function under a constitution approved by student referendum, ~~by the faculty~~, and by the Regents of the University. The government of the Associated Students has three principal branches: the executive, consisting of the President and certain appointed executive officers; the legislative, consisting

of the Student Senate composed of 20 senators elected at large; and the judicial, consisting of the Student Court appointed by the President and approved by the Senate.

GRADUATE STUDENT ASSOCIATION

All graduate students are members of the Graduate Student Association, approved in 1969-70 by the faculty, administration, and Regents of the University. The purpose of the Association is to serve the special needs of graduate students by providing the opportunity of self government.

ASSOCIATED WOMEN STUDENTS

The Associated Women Students is composed of all regularly enrolled undergraduate women students of the University. The purpose of the organization is to govern women students in women's affairs and to promote broad social interests for all women students. It is governed by a council, the members of which are representatives of all women's organizations on the campus.

HONORARY AND SERVICE ORGANIZATIONS

The following organizations are active: Phi Beta Kappa, Phi Kappa Phi, Blue Key, Mortar Board, Alpha Phi Omega, Chakaa, Las Campañas, Spurs, Vigilante, Circle K, and Gamma Sigma Sigma.

Many professional and departmental organizations are also active on the campus.

SOCIAL GROUPS

Fraternities: Alpha Epsilon Pi, Alpha Kappa Lambda, Alpha Tau Omega, Delta Sigma Phi, Kappa Alpha, Kappa Sigma, Lambda Chi Alpha, Omega Psi Phi, Phi Gamma Delta, Phi Delta Theta, Phi Sigma Kappa, Pi Kappa Alpha, Sigma Alpha Epsilon, Sigma Chi, Sigma Phi Epsilon.
Sororities: Alpha Chi Omega, Alpha Delta Pi, Chi Omega, Delta Delta Delta, Delta Gamma, Kappa Alpha Theta, Kappa Kappa Gamma, Phi Mu, Pi Beta Phi.

Fraternity and sorority relations are controlled by the Interfraternity Council and the Panhellenic Council respectively.

Other social groups: Town Club.

For information in regard to other student organizations and activities, see the **Student Handbook**.

STUDENT PUBLICATIONS

The **New Mexico Lobo**, the campus newspaper, is published daily every regular week of the University year, and **The Mirage** is the campus yearbook issued at the end of the spring semester each year. **The Thunderbird**, a literary magazine issued twice during each semester, carries literary contributions submitted by students.

The publications are edited and managed by students under the supervision of the Student Publications Board comprised of both student and faculty members, the majority of the Board, however, being student members.

The student editors and managers of these publications are elected by the Publications Board for a period of two semesters.

GENERAL ACADEMIC REGULATIONS

THE STUDENT is advised to familiarize himself with the academic regulations of the University. He is solely responsible for complying with all regulations of the University, of his respective college, and of the departments from which he takes courses, and for fulfilling all requirements for his particular degree.

CLASS HOURS AND CREDIT HOURS

A class hour consists of 50 minutes. One class hour a week of recitation or lecture, throughout a semester, earns a maximum of one credit hour. One class hour a week of laboratory, orchestra, chorus, studio, or physical training, throughout a semester, earns from one-third to one-half credit hour.

GRADES

The grades awarded in all courses are indicative of the quality of work done. Their significance in most courses is as follows:

- A, Excellent. 4 grade points per credit hour.
- B, Good. 3 grade points per credit hour.
- C, Average. 2 grade points per credit hour.
- D, Barely Passed (not considered passing in Graduate School). 1 grade point per credit hour.
- F, Failed. F is also given in any course which the student drops after the fourth week of a semester or second week of a summer session while doing failing work.

GRADES IN HONORS COURSES

Grades assigned in the General Honors Program, the Undergraduate Seminar Program, some departmental honors courses, and a few seminars are as follows:

- A, Honors. 4 grade points per credit hour.
- CR, Grade of Pass. Gives credit for the course but is not computed in the scholarship index.
- NC, No Credit. Not computed in scholarship index.

Certain workshops and courses may be taken under CR and NC, as above, only with the approval of the Committee on Entrance and Credits.

CREDIT (CR) GRADE OPTION ENROLLMENT FOR UNDERGRADUATES ONLY

Effective with the 1970 Spring Semester the University adopted regulations whereby students may elect to take certain courses on a Credit Grade Option basis.

The following limitations apply:

1. Only one course per semester will be allowed;
2. A maximum of 24 hours under this option will be allowed toward the degree;
3. Student may not enroll for a course which he has previously taken under the regular grading system;
4. The following may **not** be taken under this option: a) courses in General Honors Program and the Undergraduate Seminar Program; b) courses

which are a part of the student's major (as defined by the major department), with the exception of those courses especially approved for use of credit-no credit grading (such as Secondary Education 461-462, Student Teaching); however, the student cannot be penalized by a department if, in the process of selecting or changing major fields, he has taken a course in his major on a Credit Grade Option basis. In addition to any course work taken on this basis, the Bachelor of University Studies program requires that a minimum of 40 semester hours of upper division courses be taken on a letter grading basis.

At registration the student indicates his desire to take a course under the Credit Grade Option and completes an authorization form. His college office and the instructor of the course are notified. Student may not change from the Credit Grade Option to a regular credit basis (or vice versa) after his registration is completed. If he does not wish to continue under the basis as registered, his only recourse is to officially withdraw from the course. A final grade of CR (Credit) indicates satisfactory completion of the course, but the hours are not computed in the scholarship index.

OTHER GRADES

I, Incomplete. The grade of I is given only when circumstances beyond the student's control have prevented his completing the work of a course within the official dates of a session. (See grade of PR.) The I automatically becomes an F if not removed (1) within the first 12 weeks of the next semester of residence, (2) within the next 4 semesters, if the student does not re-enroll in residence. The student may change the I to a passing grade by satisfactorily performing the work prescribed by the instructor. (Arrangements should be made with the instructor within a reasonable time in advance of the planned date of completion.) The student obtains from the office of his dean or director a permit to remove the I, pays the \$2 fee, and takes the card to the instructor, who completes it and returns it to the Office of Admissions and Records where official entry on the student's record is made. A student may re-enroll in a course for which a grade of I still stands on his record only upon petition to, and approval by, the Committee on Entrance and Credits for change of the Incomplete grade to a grade of W.

W, Dropped Without Discredit. W is given in any course which the student drops officially after the fourth week of the semester or second week of the summer session, while doing passing work, subject to the regulations for dropping a course or for withdrawal from the University. These regulations appear under "Change in Program of Studies" below, and under "Withdrawal from the University" on p. 149.

CR, Credit. At the graduate level CR is used to report satisfactory completion of a master's thesis or doctor's dissertation.

NC, No Credit. At the graduate level NC is used to report unsatisfactory completion of master's thesis or doctor's dissertation.

PR, Progress. This grade is used to indicate that a thesis or dissertation is in progress but not complete. When the thesis or dissertation is complete, CR or NC is reported. When, in the judgment of an instructor, the nature of a 500-level

course does not permit meaningful eight-weeks' grades, the symbol PR may be used to indicate satisfactory progress.

CHANGE IN GRADE. No grade except I can be raised by a special examination. A grade of I can be changed to a passing grade in a manner to be determined in each case by the instructor concerned with the approval of the dean or director of the college. (See I above.)

Any other change in grade, after the grade is on record in the Office of Admissions and Records, may be made only after reasons for such change have been submitted in writing by the instructor concerned, and approved by the Committee on Entrance and Credits.

GRADE REPORTS

At mid-semester (normally the end of the eighth week of the semester) only grades for students in University College are reported to the Records Office.

Copies of end-of-semester grades are mailed to parents of undergraduate students, with the exception of married students and students over 21 years of age.

SCHOLARSHIP INDEX

A student's academic standing is referred to in terms of a scholarship index obtained by dividing the total number of grade points earned at the University of New Mexico by the total number of hours attempted at the University of New Mexico, exclusive of hours in nonprofessional physical education and ensemble music. Hours given a grade of W, CR, or I will be excluded in the computation, but hours of F will be counted. All honors and prizes depending upon scholarship are determined by ranking students according to this index.

CHANGES IN ENROLLMENT

CHANGE IN PROGRAM OF STUDIES. The student who desires to add a course to, or drop a course from, his program of studies should obtain from his college office the form for change in program of studies. The student obtains signatures when called for and returns the form to his college office. The college office sends the form to the Office of Admissions and Records where official entry is made on the student's record. A course may not be added to a student's program after the second week of the semester or the first week of the summer session (see the Academic Calendar).

A student has the right to withdraw from a course, or courses, during the first four weeks of the semester or the first two weeks of the summer session without a grade, except that a grade of F assigned by an instructor on the basis of University regulations relating to student dishonesty will be shown and counted on the official transcript. When a student exercises the right of withdrawal after the first four weeks of the semester or the second week of the summer session up to and including the last day of the twelfth week of the semester or the sixth week of the summer session he will receive a grade of W if he is passing the course or a grade of F if he is failing the course at the time of withdrawal, as determined by the instructor in the course. The effective date of withdrawal is the date of issuance as entered on the Change in Program of Studies by the student's college or school office. A student cannot withdraw from a course, or courses, after the end of the

twelfth week of the semester or the sixth week of the summer session and receive a grade of W without petition to, and approval by, the dean or director of his college or school, which approval is limited to hardship cases involving circumstances beyond the student's control. For regulations governing withdrawal from all courses for which a student is enrolled, refer to "Withdrawal from the University" below. In the School of Law, a student desiring to drop a course after the first 8 weeks must petition the faculty of that School in writing to drop the course and receive a grade of W therein.

The student is responsible for the completion of every course for which he has registered; if he drops a course at any time without filing the official change of program form, he will receive a grade of F in the course. A fee of \$5 is charged for any change made in the student's program of studies after the end of the fourth week of the semester or after the end of the second week of the summer session.

CHANGE IN SECTION. Transfer from one section to another section of the same course is effected by application to, and approval by, the department chairman involved. By use of the Section Change Authorization form, the department chairman notifies the Records Office of the approved change. No withdrawal grade is assigned in a section change. A fee of \$5 is charged for any section change authorized after the end of the fourth week of the semester or after the end of the second week of the summer session.

CHANGE IN COLLEGE. A student who desires to change his registration from one college to another within this University shall petition the dean or director of the college in which he is currently enrolled. This petition requires approval of both colleges and is then filed in the Office of Admissions and Records.

CHANGE IN ADDRESS. Each student is expected to keep the University authorities informed as to his address. Any change in address should be reported immediately to the Office of Admissions and Records.

ADDITION OF INDEPENDENT STUDY OR EXTENSION COURSES TO PROGRAM. A resident student may enroll for independent study and extension courses only when the addition of such courses does not cause his program to be in excess of the maximum load allowed, and only after permission has been given by the dean or director of his college.

WITHDRAWAL FROM THE UNIVERSITY

When a student wishes to withdraw from all the courses in which he is enrolled during a semester, or summer session, he should secure a withdrawal card from the office of the Dean of Men or Women. Any unmarried undergraduate student under 21 years of age must have a letter of permission from parents to withdraw from the University. No grades are assigned when a student withdraws officially from the University during the first 4 weeks of the semester or the first 2 weeks of the summer session, except that grades of F assigned on the basis of University regulations relating to student dishonesty will be shown. Grades of W or F are shown on the student's record if he withdraws officially from the University after the first 4 weeks of the semester or first 2 weeks of a

summer session, except that a student may withdraw from the University after the twelfth week of the semester or the sixth week of the summer session with a grade or grades of W only on petition to, and approval by, both the dean or director of his college or school and the personnel dean, which approval is limited to hardship cases involving circumstances beyond the student's control. When a student leaves the University during a semester and does not carry out his withdrawal according to this regulation, he becomes liable for a grade of F in all his classes, even though he is passing his courses up to the time of leaving.

MILITARY WITHDRAWAL. Under faculty regulations an undergraduate student who formally withdraws from the University before the end of the twelfth week of the semester to enter military service is entitled to a grade of W in each course in which he is enrolled. Military orders or evidence of enlistment must be made available to the Dean of Men at the time of withdrawal. A student who withdraws to enter military service after completing twelve weeks of instruction will receive full credit for each course in which he is enrolled provided the instructor certifies a grade of C or better for the course at the date of formal withdrawal. He will receive a grade of W if the instructor certifies a grade of less than C. A final semester senior who has satisfactorily completed at least half of the work in courses for which he is enrolled that semester, provided these would complete his degree requirements, may be certified for graduation by the faculty of his college.

REPETITION OF COURSE

A student may repeat a course without special permission (but may receive credit only once), except for one in which a grade of Incomplete was earned (see p. 147). When a student repeats a course in which he has previously made a D or F, hours and points for all attempts will be counted in his scholarship index. Hours and points for repetition of a course in which the student has previously earned a grade of C or better will not be counted in his scholarship index.

AUDITED COURSES

A student may register for a course as an auditor, without credit, provided he obtains the permission of the instructor concerned and of the dean or director of the college having jurisdiction over his program of studies. The fee for audited courses is the same as for credit courses.

A student may not change from audit to credit basis after the first 2 weeks of the semester or the first week of the summer session.

He may change from credit to audit basis within the first 4 weeks of the semester or the first 2 weeks of the summer session regardless of his grade at the time the change is made. Change from credit to audit between the end of the fourth week and the end of the twelfth week of the semester or between the end of the second week and the end of the sixth week of the summer session can be made only if the undergraduate student is earning a passing grade. The student enrolled for graduate credit may change from credit to audit after the fourth week of the semester or the second week of the summer session only if he is earn-

ing a grade of A or B. After the twelfth week of the semester or the sixth week of the summer session, a student enrolled for undergraduate credit may, subject to approval by the dean or director of his college, change from credit to audit only if he is earning a grade of C or better.

CLASSIFICATION

A student admitted to one of the degree-granting colleges from the University College will be classified on entry into the degree-granting college as a sophomore. Classification beyond sophomore status will be determined by the college on the basis of the student's progress toward his chosen degree.

SCHOLASTIC REGULATIONS

DEAN'S LIST

At the end of each semester all the undergraduate colleges and the School of Law recognize excellence in scholarship by publishing the names of students who have achieved outstanding academic records. These Deans' Lists are made available to University and outside news media.

SCHOLASTIC STANDING

The standing of all students (including those who withdraw from the University during the session) with respect to scholarship is checked at the end of each semester and summer session (or at the time of withdrawal). At such times, all students who are deficient in scholarship are placed on probation, or suspended, in accordance with the following regulations. A student placed on probation at any time will remain on probation until the next final examination period.

PROBATION

UNIVERSITY COLLEGE. The minimum scholarship index to remain in good academic standing in the University College is 1.40 through the semester or summer session in which a student has equaled or exceeded the limit of 30 hours attempted. Thereafter the minimum scholarship index required shall be 1.70. A student is placed on academic probation at the end of any semester or summer session in the University College if his scholarship index falls below the applicable minimum indicated above.

DEGREE-GRANTING COLLEGES AND NON-DEGREE STATUS. A student in a degree-granting college or in non-degree status is in good academic standing if his academic record shows either: (1) a scholarship index (as defined in this catalog) of 2.0 or better, or (2) a grade-point average of 2.0 or better on all work taken while enrolled in a degree-granting college or in non-degree status. A student will be placed on academic probation at the end of any semester or summer session when his academic record fails to equal one of the two minimums set out above. (The student is reminded that the grade-point average required for graduation from some colleges may be, in certain individual cases, higher than the grade average necessary to avoid probation.)

SUSPENSION

UNIVERSITY COLLEGE. A student is subject to suspension at the end of any semester or summer session in which he was carried on academic probation as defined above, unless he has succeeded in removing himself from such probation by acquiring the minimum scholarship index. No student, however, is subject to suspension or dismissal because of his grade-point index until the end of the semester or summer session in which the cumulative number of hours attempted exceeds 16.

DEGREE-GRANTING COLLEGES AND NON-DEGREE STATUS. A student in a degree-granting college or in non-degree status whose name has appeared on a probation list at the end of any semester or summer session is subject to suspension at the end of his next semester or summer session if he has not qualified for removal from probation status by that time.

A student who has been suspended is not eligible to re-apply for admission for a period of one calendar year from the date of suspension. The readmission of a suspended student to the University after the expiration of the suspension period is contingent upon the approval of the dean or director of the college to which he is seeking admission or readmission. A student who is suspended for poor scholarship or who, after having been placed on probation, fails to re-register for the following semester, shall be considered as on probation upon his return to the University. The same regulation applies to a student who withdraws from the University while on probation (unless his withdrawal grades make him subject to suspension). A dean may require a student who is on probation at the time of registration to enroll for the minimum number of hours, and he may at any time require a student on probation to drop as many hours as seem to be in excess of the student's ability.

School of Business and Administrative Sciences: For additional regulations, see section "School of Business and Administrative Sciences."

College of Nursing: For additional regulations, see section "College of Nursing."

College of Pharmacy: For additional regulations, see section "College of Pharmacy."

SUSPENSION BY SCHOLARSHIP COMMITTEES OR DEANS. Regulations on probation and suspension as described above apply only at the end of a semester or summer session. However, during the progress of any semester or summer session the dean of a college may refer the case of a delinquent student to a college committee on scholarship; and such committee may recommend to the dean probation or suspension from the University for such student.

Attention is called also to the possibility of suspension as a result of excessive absences. See below.

GRADUATE SCHOOL DISQUALIFICATION

See the **Graduate School Bulletin**.

ATTENDANCE

Students are expected to attend all meetings of the classes in which they are enrolled. No extensions of the vacation periods are given to any students,

regardless of the location of their homes. Non-attendance at classes due to late registration is considered the same as absence incurred after registration.

Instructors will keep a record of class attendance, and will report excessive absences to the dean or director of the college concerned. A student with excessive absences may be dropped from a course with the grade of F, by the dean or director of the college upon recommendation of the instructor. The dean or director may suspend a student from the University, on the grounds of neglected duty, when he has thus been dropped from two courses.

Absences due to illness, field trips, athletic trips, etc., are to be reported by the student to the instructor and to the Personnel Dean. Such report does not relieve the student of responsibility for lost work. It is the duty of the student to take the initiative in arranging with his instructors to make up work missed.

Students who are absent and unexcused from final examinations, or other closing exercises of the classes in which they are enrolled shall be given the grade of F. A grade of I may be given when there is a valid reason for absence from the examination.

DISHONESTY IN ACADEMIC MATTERS

Every student is expected to abide by the highest standards of honorable conduct in academic matters. Dishonest action in connection with tests, quizzes, or assignments, whether in the classroom or out, generally will be cause for dismissal from the University.

Non-disclosure or misrepresentation in filling out applications or other University records will make a student liable for disciplinary action, including possible dismissal from the University.

TRANSCRIPTS OF CREDIT

No charge is made for transcripts of record requested by the student to be sent to other collegiate institutions, state departments of education, employers, or prospective employers. A student may be issued without charge a maximum of one transcript for his personal use during a year of his enrollment in the University. Transcripts of record cannot be issued until all outstanding accounts with the University have been cleared.

SCHOLASTIC STATUS. An undergraduate student has the status: "in good standing," "on probation," or "under suspension." The University's period of suspension is one calendar year. At the expiration of the suspension period, the student may apply for readmission; but re-enrollment requires the approval of the college dean or director.

HONORABLE DISMISSAL. The status "in good standing," or "on probation," entitles the student to honorable dismissal, and on transcripts no separate statement of honorable dismissal is necessary. Whether he completes a semester, or withdraws with permission before the end of the semester, a student is entitled to honorable dismissal provided that he has the necessary scholastic status and is in good standing regarding conduct and financial obligations. Honorable dismissal implies that the University will permit the student to re-register in the next session.

EXAMINATIONS

REGULAR EXAMINATIONS. Examinations in each course are held at the close of each semester, and at intervals during the semester at the discretion of the instructor. All students, including graduating seniors, are required to take semester final examinations.

SPECIAL EXAMINATIONS. A special examination is one taken at a time other than regularly with the class. Classified as special examinations are: examinations given to make up missed regular course examinations; examinations to establish credit; examinations to validate unaccredited, or otherwise unacceptable, credit earned at other college-level institutions; examinations to remove a grade of I; and examinations for the removal of entrance deficiencies.

A fee is charged for all special academic examinations administered by the faculty. All examinations to establish or validate credit are charged for on a per-credit-hour basis. (See p. 110).

Before the student is admitted to a special examination, he must present to the instructor a permit signed by the dean or director of his college. For those examinations where a fee is required, the permit must show the Comptroller's receipt of the fee.

EXAMINATION TO ESTABLISH OR VALIDATE CREDIT. A student admitted to regular status in an undergraduate college of the University may, with appropriate approval, take an examination to establish or validate credit in courses appearing in the University's general catalog and in which he has not been previously enrolled at the University of New Mexico. An interview with the department concerned is required. Upon recommendation of the department chairman and approval by the dean or director of his college, the student secures from his college office a permit for the examination, pays in advance the required fee of \$2.50 per credit hour, and presents the receipted permit to the department as authorization to take the examination. Credit will be allowed and placed on the student's permanent record only if a grade of C or better is earned. Credits earned by examination may count toward graduation requirements but do not apply to residence requirements.

DEGREE REQUIREMENTS

The student may graduate under the catalog requirements for the year in which he was enrolled for the first time in the degree-granting college of The University of New Mexico from which he is seeking a degree, provided he completes graduation requirements within a continuous six-year period. If a student interrupts his attendance, or transfers from one degree-granting college to another within the University, he must graduate under the catalog in effect at the time of his readmission or transfer.

For information concerning the various degrees offered, and for course and scholastic requirements leading to these degrees, students should refer to those sections of the catalog devoted to the colleges.

The student is solely responsible for knowing the rules and regulations concerning graduation requirements and for registering in the courses necessary to meet specifications for the degree.

TWO UNDERGRADUATE DEGREES. Two undergraduate degrees may not be granted a student until he has earned the equivalent of 5 years' college work (as represented by a minimum of 30 semester hours above the requirements for the first degree) and has fulfilled all requirements for both degrees, including senior residence requirements. A transferring graduate should notify the Director of Admissions when applying for admission if he plans to work for a second undergraduate degree.

SCHOLASTIC REQUIREMENT. The minimum University requirement for a bachelor's degree is at least a 2.0 cumulative grade-point average on the last 124 semester hours of degree work or such greater number as is required for the degree sought. The individual colleges, however, have the privilege of requiring for their respective degrees an average higher than this minimum. The average is computed entirely on the University of New Mexico work. The student is referred to the various college sections for individual college requirements.

PHYSICAL EDUCATION REQUIREMENT. By recent action of the Faculty, Physical Education is no longer a University requirement. See the college section of this catalog for the degree college in which you plan to earn your degree for specific Physical Education requirements.

For specific requirements leading to degrees in the various curricula, students should refer to the courses of study outlined in the listings of the different colleges.

DIVIDENDS AND PENALTIES. For every 15 semester hours of A, or for every 30 semester hours of B, the hours required for graduation are reduced by one. The maximum of such dividends allowed is four. Dividends may not be applied toward senior residence requirement. For every 15 semester hours of D, the hours required for graduation are increased by one. Dividends and penalties are awarded or assessed only on work done in residence at the University of New Mexico. No dividends or penalties are given in the Colleges of Engineering, Fine Arts, Nursing, and Pharmacy, and the School of Business and Administrative Sciences.

SENIOR ON-CAMPUS RESIDENCE CREDIT REQUIREMENTS. A student who has earned less than 60 semester hours of residence credit previous to classification by his college as a senior (see "Classification") shall earn 30 semester hours of residence credit on the Albuquerque campus during the senior year.

A student who has earned 60 semester hours, but less than 90, of residence credit previous to senior status shall earn 24 semester hours of residence credit on the Albuquerque campus in the senior year.

A student who has earned 90 or more semester hours of residence credit previous to senior status shall earn 15 semester hours of residence credit on the Albuquerque campus in the senior year.

In no case is the number of hours specified to be earned in the senior year to be interpreted as necessarily the last hours.

A student may fulfill part or the whole of this on-campus residence requirement by summer session attendance.

A student may, with approval of his department chairman and of his college, fulfill senior residence requirements at an established University of New Mex-

ico off-campus center provided the student has successfully completed at least 30 semester hours on the University's main campus in Albuquerque prior to enrollment for the senior year at the UNM center. For special regulations governing senior residence requirements in specific subject areas at Los Alamos Graduate Center, see p. 274.

The student who has completed a baccalaureate degree and who is seeking a second undergraduate degree will be reclassified by the degree college in accordance with the hours and requirements completed toward the new degree. Senior on-campus residence credit requirements for the second degree will be determined on the same basis as those for the first degree.

DEFINITION OF RESIDENCE CREDIT. Residence credit is defined as credit earned by attendance in regular classes on the University of New Mexico main campus, in any of its field sessions, or up to 60 semester hours of credit earned in any of the University's off-campus residence credit centers. Credits earned in extension or independent study (correspondence) courses, by examination, or credits transferred from other accredited collegiate institutions are not considered residence credit at the University of New Mexico.

RESIDENCE REQUIREMENTS IN MAJOR AND MINOR. At least one-half of the minimum number of credit hours required for major study and one-fourth of the minimum number of credit hours required for minor study must be class or laboratory work earned in residence in the University. When a senior transfer student plans to complete a major by presenting credit hours earned in residence at another institution, the major department, or the director of the interdepartmental major, may modify this ruling, not, however, below one-fourth of the total minimum hours required for the major (or the interdepartmental major).

EXTENSION AND INDEPENDENT STUDY CREDIT HOURS ALLOWED TOWARD DEGREE

1. Credit is allowed for independent study and extension courses completed at this University or through other colleges and universities accredited by regional accrediting associations.
2. As many as 40 semester hours in independent study and extension courses will be allowed toward the bachelor's degree provided that at least 10 of the 40 have been earned in extension courses taught by regular resident instructors of the University. Of this 40-hour maximum, no more than 30 hours will be allowed in independent study work.
3. Credit for extension and independent study courses completed in institutions not accredited by regional accrediting associations is not accepted for transfer. A student who has completed such correspondence or extension work in a course comparable to one offered by the University has the privilege of establishing credit here under the regulations governing special examinations to establish or validate credit.
4. The hours earned by independent study or extension from accredited institutions other than the University of New Mexico may be counted towards degree requirements but the grades will not be included in the grade-point average of the student. (See "Scholarship Index," p. 148.)

5. Courses taken from other institutions must correspond to those offered at the University of New Mexico.
6. Any graduating senior not in residence who expects to offer credits earned by independent study toward fulfillment of degree requirements must have prior approval of the dean of his college.
For regulations governing the addition of independent study or extension courses to the student's program while he is in residence, refer to p. 149.
7. No credit will be given for a course taken by independent study if the student has previously received a grade of F in the course at this University. Exceptions to this rule can be made only upon petition to, and approval by, the Committee on Entrance and Credits.
8. The student is solely responsible for complying with all regulations stated in the current **Independent Study Bulletin**.

COMMENCEMENT

Commencement exercises are held once a year at the end of Semester II. Students whose requirements were completed and degrees conferred in the preceding summer session or fall semester, as well as those who complete requirements in the spring semester, are invited to attend. Attendance is optional.

HONORS WORK AND GRADUATION WITH HONORS

It is possible for a student to graduate with General Honors (Honors in General Studies), or with Departmental Honors, or with both. The designations for the various levels of Honors in General Studies are as follows: **cum laude** in General Studies, **magna cum laude** in General Studies, **summa cum laude** in General Studies. The student becomes a candidate for Honors only; the level of Honors with which he is graduated is determined by the General Honors Council. Designations for graduation with Departmental Honors are as follows: **cum laude**, **magna cum laude**, and **summa cum laude**. In Departmental Honors also the student is a candidate for Honors and the level of Departmental Honors with which he graduates is determined by his department (or college, in colleges which are not departmentalized).

Graduation with Honors, either General or Departmental, is in no sense automatic. The student is required to make application for candidacy. Information regarding Honors in General Studies and the method of gaining admission to this program can be obtained in the office of the Director of General Honors.

Information regarding the Honors Program in a specific department or college can be obtained in the main departmental or college office.

THE GENERAL HONORS PROGRAM. The General Honors Program (leading to graduation with Honors in General Studies) is available to students in any undergraduate degree-granting college or division of the University, including candidates for the B.U.S. degree. Requirements for graduation with Honors in General Studies are as follows:

1. A 3.2 over-all grade-point average.

2. Completion of the 9 hours in courses under "General Studies—General Honors Program" listed in the "Courses of Instruction" section of this catalog.

3. Completion of any six of the one-hour seminars listed under "General Studies—Undergraduate Seminar Program" in the section of this catalog entitled "Courses of Instruction."

4. Completion at the University of New Mexico of all of the last 60 hours of the work for the bachelor's degree.

5. Certification by the General Honors Council.

In addition to these specific requirements, the General Honors Council may set such additional qualitative requirements as are approved by the University Faculty. Completion of the required courses does not necessarily mean that the student will graduate with General Honors.

The student normally becomes a candidate for graduation with Honors in General Studies at the beginning of his junior year, and should make application at that time. The sequence of specific Honors courses begins in the second semester of his junior year. The requirement of six one-hour courses in the Undergraduate Seminar Program can be met at any time in his four undergraduate years. The student's program will be crowded in his last two years if he has not taken some of the six one-hour seminars before becoming a candidate for graduation with Honors in General Studies. Nevertheless, it is possible for a student to complete the total requirement in the four semesters of his junior and senior years.

The major purposes of the program of General Honors are as follows: (1) to supply additional breadth to the student's general education; (2) to put the able student more directly into contact with other able students so that his achievement may be more nearly in line with his potentialities and so that he may take advantage of the intellectual opportunity and the greater challenge; (3) to give the able student full opportunity to express himself in writing and in vital discussions in small groups.

To better fulfill these purposes and to take emphasis off grades as such, the faculty of the University has adopted the following system of grading in General Studies (General Honors) courses: A (grade of "Honors") is computed in the scholarship index like any other A; CR (grade of "Pass") gives credit for the course but does not compute this credit in the scholarship index; NC (grade of "No Credit") neither gives credit nor computes the hours in the scholarship index. If a student performs at Honors (A) level, he gets full credit in every way for his performance. At the same time, the student is not penalized in any way if he attempts Honors work and does not perform at the highest level.

Performance and the level of achievement in the General Honors Program will not be judged by mechanical quantitative standards. The student will be under guidance in small groups by a variety of faculty members. The program, in short, is designed to offer the student an opportunity; and the student is expected to respond with liveliness, imagination, and complete conscientiousness.

The candidate for General Honors may be dropped from the program at any time when his performance shows that he is not responding fully to the opportunities being offered him.

Special advising is available to all students who are candidates for General Honors. Information about the advising of Honors students can be obtained in the office of the Director of General Honors.

Students in General Honors will be constantly encouraged to undertake also Departmental Honors.

THE UNDERGRADUATE SEMINAR PROGRAM. The offering, each semester, of fifteen or more one-hour seminars on topics of general interest is to be continued. Classes are limited to fifteen students and are designed to permit fullest participation in class discussion. These seminars have no prerequisites, require no specific technical background, and are open to any full-time undergraduate student in good standing in any college or any class, including the freshman class. The grading system is as follows: A (Honors or excellent), CR (Pass), NC (Fail); CR and NC are not computed in the grade-point average. These are not "Honors" courses and enrollment is not restricted to "Honors" students, although candidates for graduation with Honors in General Studies are required to take a certain number of these seminars.

Small classes, lively discussions, acceptance by students of a high level of responsibility for the success of the courses, outstanding teachers, timely and relevant topics, emphasis upon evaluation of ideas and concepts rather than upon achieving of skills or information—these are features of these courses intended to appeal to students with a desire to learn and to contribute to the improvement of the educational process.

THE DEPARTMENTAL HONORS PROGRAM. A Departmental Honors program is available to the qualified student in many departments of the University and will ultimately be available in nearly all departments. The student should inquire of the chairman of his major department (or the dean of the college in colleges which are not departmentalized) as to the availability of a program. Candidates for a B.U.S. degree may be candidates for graduation with departmental honors only if they meet the requirements for the major and for the Departmental Honors program in a certain department.

Normally, the student enters a Departmental Honors program in his junior year. He should at least make his intention of graduating with Departmental Honors known to his chairman or dean early in his junior year. Admission to Departmental Honors candidacy can in no case be granted later than the beginning of the student's senior year.

Minimal requirements for graduation with Departmental Honors are as follows: (a) an over-all grade point average of 3.2; (b) not less than 6 credit hours in independent study, senior thesis, or special courses open only to candidates for graduation with Honors in the department (or college, if the college is not departmentalized).

Departments or colleges may have differing additional quantitative and qualitative requirements. The prospective Departmental Honors student should confer with the chairman of the department (or the dean of the college) regarding the requirements above the minimum requirements set forth just above.

The purposes of departmental honors programs are as follows: (1) to intensify and deepen the student's knowledge in his major field; (2) to put this specialized

knowledge into better relationship with knowledge in related fields and in the larger general area of the student's specialization; (3) to bring the student under closer guidance of, and into closer acquaintance with, teachers in his field.

Graduation with Departmental Honors shall never be a matter solely of performance in standard courses or of grade-point averages in either the field of specialization or the entire program of the student. Continuance in departmental honors programs and the level of honors at which the candidate shall be graduated are both in the discretion of the department.

SCHOOL OF LAW GRADUATION HONORS

The J.D. degree may, in the discretion of the Law School faculty, be awarded with the honors indicated to graduating students who have achieved the following over-all grade-point averages in their law school work: 3.4, **cum laude**; 3.6, **magna cum laude**; 3.8, **summa cum laude**.

GRADUATION WITH DISTINCTION

Students graduating from the University of New Mexico who have completed a minimum of 60 hours in residence, and who have a scholarship index of 3.5 or better for all work completed at this University, will receive the degree "With Distinction." Any questions concerning eligibility which might arise in unusual circumstances will be reviewed and decided by the Entrance and Credits Committee.

UNIVERSITY COLLEGE AND COUNSELING CENTER

THE UNIVERSITY College and Counseling Center is an educational services division serving all UNM students, faculty and staff, as well as the community at large. This division incorporates the University College, Bachelor of University Studies degree program, Associate of Arts in Human Services degree program, Counseling Center, Testing Center, English Languages Services, Vocational Library, and the Office of Veterans Affairs.

UNIVERSITY COLLEGE

All freshmen and many sophomores of the University are enrolled in the University College. The fundamental purpose of the College is to provide a maximum opportunity for each student to create an individualized program of studies best suited to his particular needs, interests, and aptitudes.

A student in the University College may select from the large number of courses offered by the academic departments at UNM. Persons who are undecided about a major field of study, or students who desire to change their academic major, may select the appropriate courses with a minimum of restrictions. Special advisers are available to students who desire specialized assistance in the formulation of a program of studies.

A freshman who HAS decided to prepare for admission to a particular degree-granting college of the University will be assigned an adviser from the faculty of that college. With his adviser's approval, he should undertake the program of courses recommended by his chosen college for the freshman year. These programs are described in the sections of this catalog devoted to the several colleges.

Some freshmen have NOT decided upon a particular field of study. Such a student is encouraged to develop, with the aid of an academic adviser, a program of first-year courses designed to help him discover areas of interest and special competence. A student may also request vocational guidance through the Counseling Center. A student using this exploratory approach may need more than four years of academic work to earn a degree if he later chooses to enter a degree program having many specific freshman courses.

Students who have decided on an academic major and meet the admission requirements of their chosen degree-granting college are urged to transfer from the University College without delay. Students who wish further to explore differing areas of interest may remain in the University College through the sophomore year, subject to the scholastic regulations of the College.

For those students who do not find a 4-year course leading to a degree advisable, the University College can provide a variety of 2-year programs leading to a certificate of completion.

A second major function of the University College is frequent communication with a student regarding his academic record and its implications. To this end the College engages in several specific practices: (1) The staff maintains complete and current academic records which are open to a student at any time; (2) students are periodically sent letters and notices informing them of partic-

ular circumstances; (3) special advisers on the staff of the College have particular competence in dealing with students and are unusually knowledgeable in academic policies and procedures.

A third major responsibility of the University College is research investigation regarding UNM student characteristics. The University staff has long been active in seeking to describe and analyze patterns of student enrollment and retention at UNM, the patterns of vocational choice, the relationships between student aptitude, interests and academic scholarship. In recent years there has been an intensification of this research function particularly in the areas of non-intellective factors.

ADMISSION REQUIREMENTS

For admission requirements to the University College, see the "Admission" section of this bulletin. The University College will not accept students who have attempted 72 or more academic semester hours or who have earned 64 or more academic semester hours.

No student may enroll in the University College after he has been admitted to any degree-granting college of the University of New Mexico.

CONTINUATION IN UNIVERSITY COLLEGE

No student will be permitted to re-enroll in the University College if at the end of his previous semester or term of enrollment he had attempted a total of 72 or more semester hours (including hours with grade of Incomplete) or earned a total of 64 or more semester hours.

SCHOLASTIC REGULATIONS

See p. 151.

ADMISSION TO A DEGREE-GRANTING COLLEGE

The **minimum** requirements for transfer from the University College to any degree-granting college are:

1. Twenty-six hours of earned credit.
2. (a) A scholarship index of at least 2.0 on all hours attempted;

or

 (b) A scholarship index of at least 2.0 on all hours attempted in the previous 2 semesters of enrollment; provided that, if fewer than 26 hours were attempted in the previous 2 semesters, a scholarship index of at least 2.0 shall be required on all work attempted in as many previous consecutive semesters as are necessary to bring the student's total hours attempted to at least 30.

For additional admission requirements of a particular degree-granting college, refer to the admission regulations set forth in the section of this catalog devoted to that college.

CERTIFICATE OF COMPLETION

Upon application to the University College Office, a University College Certificate will be awarded to any student who meets the following requirements: (1) completion of 60 semester hours of college work with a passing grade, of which

at least 30 hours have been earned in the University of New Mexico with 15 of these 30 hours earned in the University College of the University of New Mexico; and (2) a cumulative average of 1.70 on all work attempted through the semester or session in which the total of college credits earned first becomes 60 or more. (Nonprofessional courses in physical education may not be counted in these totals.)

Students seeking the University College Certificate may pursue courses in the Department of Naval Science only with the permission of the Director of the University College and the Professor of Naval Science.

BACHELOR OF UNIVERSITY STUDIES

The degree of Bachelor of University Studies is offered by the faculty of the University of New Mexico and is administered through the University College and Counseling Center. This program was initiated in April 1969.

The fundamental purpose of the degree program is to permit a student to assume the responsibility for developing an individualized program of studies designed to meet his particular needs. The program permits both inter-college and inter-departmental combinations of courses that would be difficult or impossible to obtain if one were meeting the specific requirements of any particular undergraduate degree college program. A student also may structure a program of studies so that the sequence and combination of courses reflect either specialized or broad patterns of educational experience.

Strict compliance with degree program scholarship requirements will be mandatory for entrance and continuation in the program. An informational interview is required of all students applying for admission. This interview is generally held prior to entry into the program; students entering at the time of registration must present themselves for the interview before the end of the fourth week of that semester. The interview is informational in nature and is not utilized to restrict entrance to the program. A student within the Bachelor of University Studies program is responsible for complying with the General Academic Regulations of this University specified for the degree-granting colleges. Questions regarding any aspect of the program should be addressed to the Director of the University College and Counseling Center.

ADMISSION

All freshman students are admitted to the University College. A detailed statement of entrance requirements is contained in the section of this catalog titled "Admission and Registration."

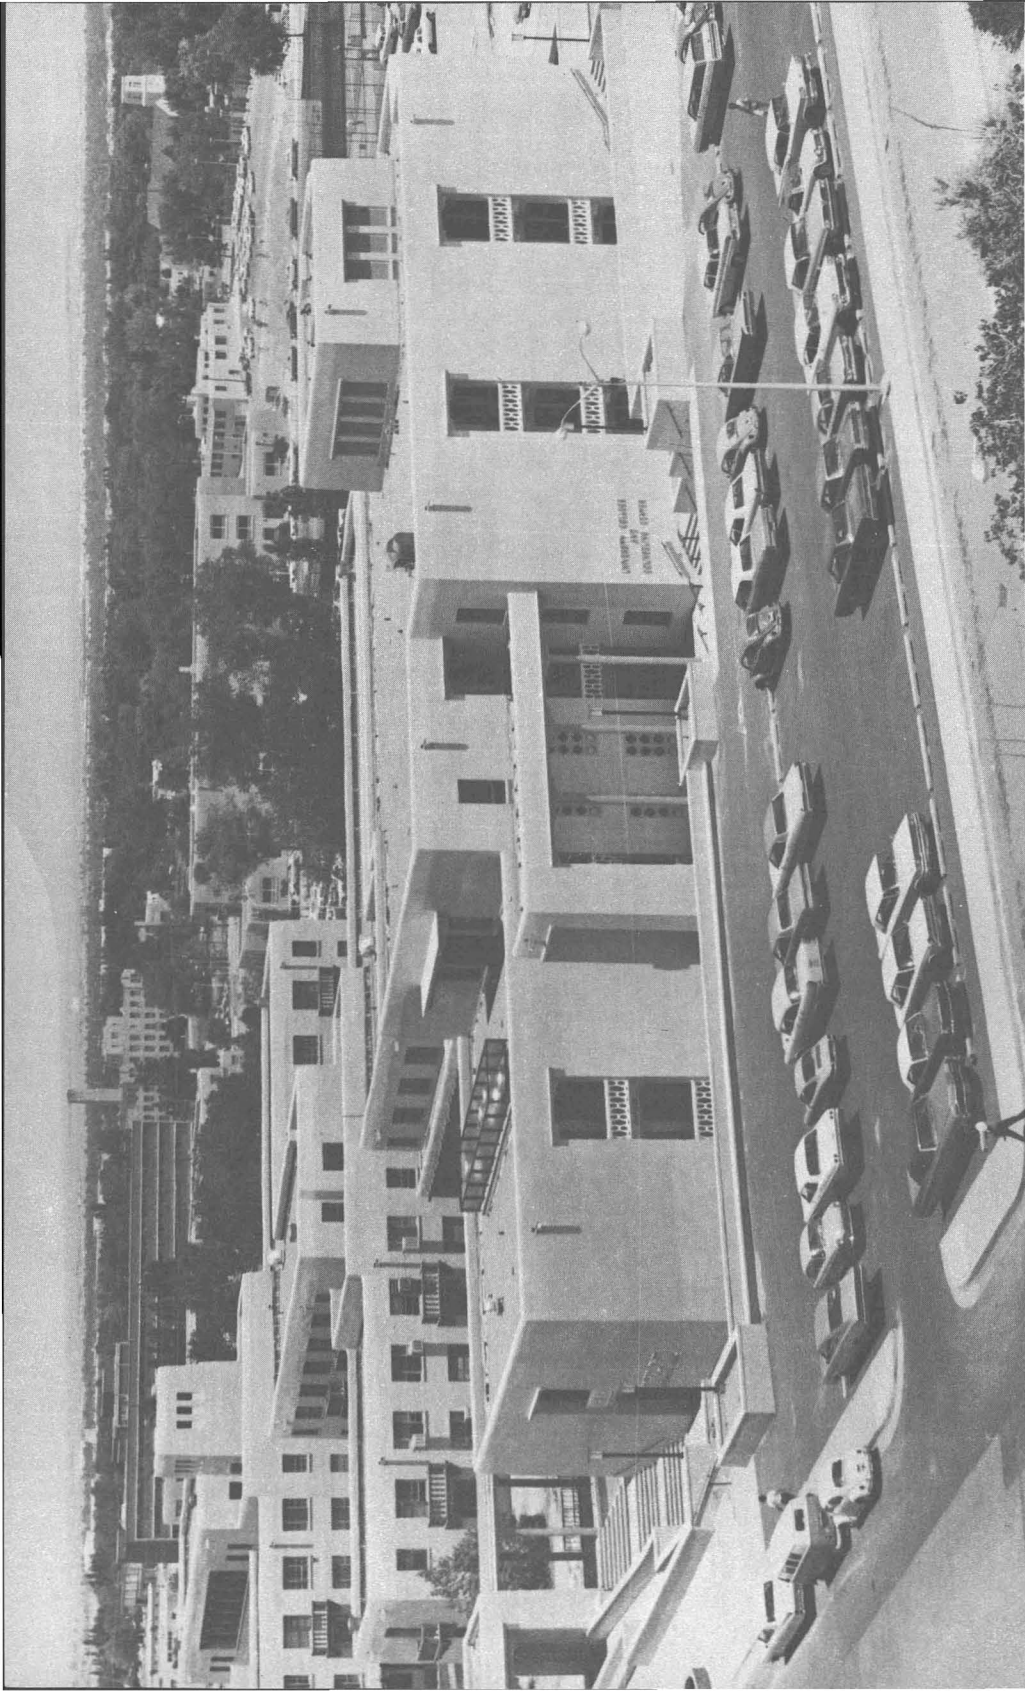

ADMISSION FROM UNIVERSITY COLLEGE

Requirements for transfer from the University College into the Bachelor of University Studies program are as follows:

1. Twenty-six hours of earned credit.
2. (a) A scholarship index of at least 2.0 on all hours attempted;

or

- (b) A scholarship index of at least 2.0 on all hours attempted in the previous 2 semesters of enrollment; provided that, if fewer than 26 hours

Student Health Center-University College and Counseling Center

were attempted in the previous 2 semesters, a scholarship index of at least 2.0 shall be required on all work attempted in as many previous consecutive semesters as are necessary to bring the student's total hours attempted to at least 30.

3. An informational interview.

TRANSFER FROM OTHER COLLEGES IN THIS UNIVERSITY

Transfer to the Bachelor of University Studies program from a degree granting college of the University of New Mexico requires a scholarship index of 2.0 on all work attempted at the University of New Mexico. A student may petition to transfer at any time. Admission will be granted following an informational interview if the student meets the above requirement.

TRANSFER FROM OTHER ACCREDITED INSTITUTIONS

A student from another institution seeking to enter the Bachelor of University Studies program must meet the University's general qualitative admission requirements for transfer, and must also present a minimum of 26 transferable semester hours of credit. All transfer work acceptable to the Admissions Office of the University is acceptable in this program. The required informational interview must be held no later than the end of the fourth week of the initial semester in the program.

DEGREE REQUIREMENTS

A student planning to graduate at the close of a given semester must make application for the degree with the Bachelor of University Studies clerk in the University College office by the end of the fourth week of that semester. He is encouraged to make such application when he has earned approximately 80 hours toward the degree. A summary specifying the work remaining for the degree will be prepared and sent to the student; however, the student is solely responsible for completing all the requirements for graduation. No academic dividends or penalties are given in the Bachelor of University Studies program.

The specific graduation requirements are as follows:

1. A minimum of 128 semester hours earned in academic subjects. This does not include physical education activity courses.

2. A minimum grade point average of 2.0 on all work attempted at the University of New Mexico.

3. A minimum of 40 semester hours earned in upper division level courses.

4. A minimum grade point average of 2.0 earned on all upper division course work attempted at the University of New Mexico.

5. A minimum of one session of enrollment on the main campus of the University of New Mexico (semester or summer session) subsequent to admission to the Bachelor of University Studies program.

6. A minimum of six semester hours of academic work earned while enrolled in the Bachelor of University Studies program.

7. Fulfillment of the senior on-campus residence requirement of this University.

ASSOCIATE OF ARTS DEGREE IN HUMAN SERVICES

The degree of Associate of Arts in Human Services is offered by the University of New Mexico through the University College and Counseling Center.

The degree is available only to persons enrolled in the Albuquerque Concentrated Employment Program—New Careers, who complete its prescribed two-year curriculum and who earn at least 24 hours of regular University credit work with a minimum of a 2.0 grade point average on all course work attempted at the University of New Mexico.

For information regarding possible eligibility for this program contact Career Opportunity Program, 1819 Roma Ave. N.E. or call 277-2602.

COUNSELING CENTER

The University counseling services are located in the University College and Counseling Center office. All students of the University of New Mexico are eligible for these services without charge. Students are counseled with regard to personal and social matters and vocational and educational decisions by trained professional counselors whenever such services are deemed necessary and are requested by the individual student. Assistance is provided through interviews, group experiences and the use of psychological tests which help to define problem areas and personal strengths. The results of these tests and any information disclosed in the process of being interviewed are considered confidential.

Special advisers also provide help with problems relating to scheduling and program planning. This can include a review of the student's academic progress as it relates to dropping and adding courses, transferring to a degree college or meeting academic requirements. Students who need assistance in these areas beyond that provided by their regular academic adviser are encouraged to make an appointment.

Students wishing to avail themselves of these services may telephone (277-2631) or stop in to make an appointment.

ENGLISH LANGUAGE SERVICES

English language instruction in college-level reading, writing, listening, speaking, and study skills for students requiring intensive work (especially second-language and second-dialect speakers) will be offered in special programs to be announced. Inquiry should be made at the University College and Counseling Center.

Courses in speed reading and study skills for those who are already average or better than average college readers are offered in the Department of Continuing Education.

DIVISION OF VETERANS AFFAIRS

See p. 141.

TESTING DIVISION

The Testing Division of the University College and Counseling Center is located in the Student Health Center and University College Building. The

Division coordinates special group testing required by the University and gives individual tests as requested by the Counseling Center and the Office of Veterans Affairs. The Division also serves as a testing center for national programs such as the Graduate Record Examinations, Miller Analogies Test, Law School Admission Test, American College Test, GED (high school equivalency test), and numerous others. Information concerning these programs may be obtained from the Division.

In addition to testing services, the Division performs institutional research related to the University testing programs and provides consulting services to UNM faculty and staff in the area of measurement and evaluation. By special arrangement, Division personnel are available to assist non-UNM institutions or agencies with problems related to the field of testing. The Division has a test library which contains most of the standardized tests published in the areas of intelligence, achievement, aptitude, interest, and personality. The library is open to faculty, staff, qualified students, and qualified non-students.

TWO-YEAR SECRETARIAL PROGRAM

In recognition of the increasing demand for trained office personnel, this program is designed to give students not only the basic knowledge and skills necessary for initial employment, but also a solid background in the liberal arts. In recent years greater appreciation of the value of well-planned and well-directed office services has opened an attractive field of employment for college-trained men and women. Those who choose this curriculum are able to advance more rapidly toward positions requiring managerial and supervisory responsibility.

Freshman Year

Electives would be taken from the following areas as determined by the student's major adviser:

English	Mathematics	Psychology
Fine Arts	Political Science	Sociology

A student who has had business subjects in high school would be advised to omit Bus Ed 112, 113, and 114. This arrangement would enable the student to select 9 more hours from the list of electives.

COLLEGE OF ARTS AND SCIENCES

THE COLLEGE OF ARTS AND SCIENCES offers instruction in subjects or fields which relate to man's cultural, social, and scientific achievements, with more regard to historical and philosophical backgrounds and developments than to immediate practical use. Although the fields of study offered in the College underlie the more specialized work of the graduate, professional, or vocational school, the degrees and courses of study are designed as ends in themselves, supplying knowledge of mankind's and the student's own potentialities which will enable him to live better and later to perform better in his chosen field.

DEGREES

Upon the recommendation of the faculty and the President of the University, the degree of Bachelor of Arts or Bachelor of Science is conferred by the Regents upon those candidates who have completed all specified requirements. Differing requirements are specified for the Bachelor of Arts degree and for the Bachelor of Science degree if biology, chemistry, geology, or psychology is the subject of major study. A candidate who completes the requirements for a major in dietetics, mathematics, or physics will receive the degree of Bachelor of Science unless special request is made for the Bachelor of Arts degree. (Bachelor of Science in Medical Technology is the only choice of degree in that field.) A candidate who completes requirements with a major in any other subject will receive the Bachelor of Arts degree.

RELATION TO PROFESSIONAL AND VOCATIONAL COURSES

Courses preparatory to law, medicine, and the other professions are planned and taught as cultural subjects and do not infringe upon the work of the professional school. Concerning the limited acceptance of work in business administration, education, engineering, law, medicine, nursing, pharmacy, and fine arts, see "Electives" and "Special Curricula."

ADMISSION

All freshman students are admitted to the University College. A detailed statement of entrance requirements is in the "Admission" section of this catalog.

ADMISSION FROM UNIVERSITY COLLEGE

Requirements for transfer from the University College into the College of Arts and Sciences are as follows:

1. Twenty-six hours of earned credit.
2. (a) A scholarship index of at least 2.0 on all hours attempted;

or

- (b) A scholarship index of at least 2.0 on all hours attempted in the previous 2 semesters of enrollment; provided that, if fewer than 26 hours were attempted in the previous 2 semesters, a scholarship index of at least 2.0 shall be required on all work attempted in as many previous consecutive semesters as are necessary to bring the student's total hours attempted to at least 30.

3. Completion of English 101 and 102.
4. Of the 26 hours mentioned in "1" above, 23 hours must be acceptable towards graduation from the College of Arts and Sciences.
5. A student planning to major in one of the departments in the College of Arts and Sciences should transfer to the College from University College at the end of his second semester, if he has fulfilled the minimum requirements listed in points 1, 2, 3, 4 above.

TRANSFER FROM OTHER COLLEGES IN THIS UNIVERSITY

Transfer to the College of Arts and Sciences from another degree-granting college of the University of New Mexico requires a scholarship index of 2.0 on all work attempted while the student was enrolled in the other degree-granting college(s).

TRANSFER FROM OTHER ACCREDITED INSTITUTIONS

A student seeking to transfer to the College of Arts and Sciences from another accredited institution must meet the University's general qualitative admission requirements for transfer and, in addition, must present a minimum of 26 semester hours, 23 hours of which must be in courses acceptable toward graduation from the College of Arts and Sciences.

TRANSFERRED GRADE OF D. Courses with grade of D transferred from another institution cannot be allowed for credit in the University of New Mexico. In certain sequences of courses in the College of Arts and Sciences, however, where grades of D from another institution are involved, it is possible for a student to secure a waiver of certain lower-division requirements. For information upon this possibility, the student may consult the Dean of the College.

GRADUATION REQUIREMENTS

Candidates for the degree of Bachelor of Arts or Bachelor of Science are required to complete a total of 124 semester hours in academic subjects, and 4 semester hours in physical education, with a grade-point average of 2.0.

In the first 2 years, whether the student is technically enrolled in the College of Arts and Sciences or not, he is expected to acquire certain basic essentials and to explore several different fields to determine where his interests lie. In the last 2 years the student devotes himself to the completion of his group requirements, to his major and minor, and to the permitted electives that he may wish to take.

As soon as the student has earned as much as 80 semester hours toward his degree, he should pick up a degree application from the Dean's office, have it completed, and return it to the Dean's office. A summary showing exactly what is required for completion of the degree will be prepared and sent to the student. **The student is solely responsible for completing all requirements for graduation.**

Specific graduation requirements are as follows:

1. Completion of 124 acceptable semester hours in academic subjects and 4 semester hours in physical education.

2. Either (a) a grade-point average of 2.0 on all college level work ever attempted, or (b) a grade-point average of 2.0 on the last 124 semester hours. Grades in non-professional physical education and ensemble music are not counted under either option.

3. Completion of at least 40 hours in courses numbered 300 or above, with at least a 2.0 average in all such hours attempted.

4. Completion of at least 1 major and 1 minor, or 2 majors; or fulfillment of all requirements in one of the combined curricula of the College of Arts and Sciences definitely specified in the catalog.

5. Completion of the Group Requirements described below.

6. A student expecting to graduate in June, 1971, must make application for his degree in the College of Arts and Sciences office by January 4, 1971.

GROUP REQUIREMENTS

The purpose of the following group requirements is to insure that the student will explore various fields of knowledge before beginning to concentrate too heavily in a field of his choice. The group requirements also aim to give a certain guarantee of the breadth of the student's knowledge regardless of the specialty he may wish to choose in taking his degree. The student should arrange his program so that he will be able to fulfill these group requirements as early in his career as possible. He has not earned the right to concentrate in his specialty until he has made a reasonable effort to fulfill the group requirements. The following rule, therefore, is extremely important:

A student may not take any courses numbered 300 or above (junior-senior courses) until he has completed 30 hours in the 5 groups and unless he is also concurrently enrolled in 1 course in a majority of the groups in which he still has deficiencies. (If there are deficiencies in 4 or 5 groups, at least 1 course in each of 3 of those groups must be taken; deficiencies in 2 or 3 groups, at least 1 course in each of 2 of those groups; deficiency in 1 group, 1 course in that group.) Exceptions to this rule can be made only with the written permission of the Dean of the College.

The acceptability of transferred work toward fulfilling group requirements lies in the judgment of the Director of Admissions and the Dean of the College.

No course may be counted toward the satisfaction of requirements in more than one group, but a course may be counted toward the fulfillment of both a group requirement and a major or minor requirement.

Courses in General Studies, taken in the Honors Program, may, with the approval of the Dean, be counted toward the satisfaction of requirements in similar areas in Groups III, IV, and V, up to a maximum total of 6 hours.

The requirements in the groups are as follows:

I. English. Six semester hours must be earned in English 101, 102 (unless English 101 has been waived), and 3 additional credit hours must be earned in a course in literature numbered above 250. Normally English 101 and 102 should be completed within the first 2 semesters of enrollment in the University.

II. Foreign Language. The student is required to take as many semesters of one foreign language as he needs to complete the fourth semester course in that language. For the student who chooses a language which he has not previously studied, this ordinarily means a *minimum* of 4 semesters, as well as a minimum of 12 semester hours.

Students who have studied a language in high school, or those who believe they have proficiency in a language, may determine the level at which they should begin language study by consulting the Chairman of the Department of Modern and Classical Languages. See individual language for details.

To receive credit hours toward graduation for demonstrated competence in a foreign language, without actually taking courses in the language, a student must take examinations to establish credit. (See p. 154.)

III. Humanities. Nine semester hours (not more than 6 from any one area) must be completed in courses in the following areas: (a) History; (b) Literature (either English or foreign) numbered above 250; (c) Philosophy; (d) Art History or Music History or Speech (to the extent of 3 semester hours).

IV. Social Science. Nine semester hours (not more than 6 from any one area) must be completed in courses in the following areas: (a) Anthropology; (b) Economics; (c) Geography; (d) Political Science; (e) Sociology.

V. Mathematics and Natural Science. Fourteen semester hours (not more than 8 from any one area, and including 2 semesters in courses that require laboratory work) must be completed in courses in the following areas: (a) Astronomy; (b) Biology; (c) Chemistry; (d) Geology; (e) Mathematics; (f) Physics; (g) Psychology.

MAJOR AND MINOR STUDIES

At the beginning of his junior year a student shall select and declare (1) a major and a minor subject or (2) two major subjects, or (3) one of the special curricula of the College, and his program of studies thereafter shall meet with the approval of the chairman of his major department or the supervisor of the special curriculum.

Only work of at least C quality is accepted toward the major and the minor; in the case of a special curriculum, all work within the general area of the specialization must be of at least C quality. (Courses in which grades of D are earned in the University of New Mexico may be accepted as electives and in fulfillment of group requirements.)

For the Bachelor of Science degree in the College of Arts and Sciences in departments requiring a major and a minor, the major department may specify in lieu of a single minor in one department a distributed minor in courses in related departments. The distributed minor shall consist of not less than 30 semester hours nor more than 36 semester hours. With the permission of the Dean, some relaxation may be allowed in the rules relating to number of hours required in courses numbered 300 or above and to penalties for excessive hours in freshman courses when these rules are in conflict with distributed minor requirements. In all cases, however, the student will be expected to have at least 35 hours in courses numbered 300 or above. The student should consult the chairman of his major department if he wishes to take a distributed minor.

A distributed minor in Comparative Literature or in Russian Studies may be elected by candidates for either the Bachelor of Science or Bachelor of Arts degree. A distributed minor in American Studies is also available for students majoring in Anthropology, Economics, English, History, Philosophy, Political Science or Sociology. A distributed minor in Paleoecology is offered to students majoring in Anthropology, Biology, Chemistry, or Geology.

CERTIFICATION TO TEACH IN HIGH SCHOOL

It is often possible for a student taking a degree in the College of Arts and Sciences to achieve certification as a secondary school teacher in New Mexico on the same basis as students graduating from the College of Education and without going beyond the 124 semester hours required by the College of Arts and Sciences for graduation. To do this, however, requires careful planning of the program. In certain major-minor combinations a student cannot achieve the B.A. or B.S. degree from the College of Arts and Sciences and also achieve teacher certification without taking more than 124 semester hours. The plan is possible only when the major-minor combination (or double major) is in subject areas usually offered in high school (see p. 215 for approved areas). All students at the University of New Mexico who expect to follow a course of study leading to certification are subject to the requirements for admission to teacher education listed on p. 196 in the College of Education section in this catalog.

In selecting courses to meet group requirements, students seeking both teacher certification and a bachelor's degree in Arts and Sciences must include the following courses:

1. A course in speech and a course in general psychology.
2. Hours offered in laboratory science must be taken in biology, chemistry, geology, physics, or astronomy.
3. At least 6 hours in fine and practical arts, of which one course in history of architecture, art, or music may also be counted toward fulfillment of the A&S requirement in humanities.

Students interested in following this plan should consult the office of the Dean of the College of Arts and Sciences as early as possible, preferably at the beginning of the sophomore year but at least by the beginning of the junior year. Additional time may be required to complete the program if advice is sought too late.

ELECTIVES

A student who has fulfilled all other requirements for graduation may use electives to complete his total of 124 hours for graduation, subject to the restrictions stated below.

Subject to approval by the Dean, a maximum of 24 hours in any combination, earned in courses offered in the Colleges of Education*, Engineering, Fine Arts**, Law, Nursing, and Pharmacy, the School of Business and Administrative Sciences, or in Aerospace Studies or Naval Science, is acceptable as electives in the College of Arts and Sciences, with the following exceptions:

* Except in the case of a Home Economics Major, when a maximum of 34 hours will be accepted, and in the APSCOE Program (p. 177) where 25 hours are allowed.

** Except in the case of an Art major, when a maximum of 32 hours will be accepted.

- (1) Courses in typing or in office machines and filing in the College of Education.
- (2) Ensemble music in excess of 4 hours.
- (3) Shop work in excess of 3 hours.
- (4) Courses in health, physical education, and recreation in excess of 7 hours, the 7 permissible hours to be chosen from courses Health Education 171, 312, Physical Education 397, 398, 399, 466, 489, Recreation 175, 452, 480.
- (5) Courses in educational methods, supervision, and practice teaching, except 3 hours of high school methods and 6 hours of high school practice teaching. However, Educational honors students in the APSCOE Program (see p. 177) may be allowed up to 15 hours of student teaching (Intern Training) if taken in one semester. (If the student has taken the full 24 hours of Education plus the additional courses required for certification to teach in a New Mexico high school, these 24 hours will be accepted in the College of Arts and Sciences. See "Certification, etc.," immediately above.)
- (6) All courses in elementary education, nursing, and pharmacy which are primarily vocational or directed toward professional practice.

GENERAL RULINGS

1. Students with less than junior standing may not carry more than 8 hours in one department during one semester.

2. Not more than 50 hours in courses open to freshmen may be taken without a penalty of 1 hour for every 3 excessive hours.

Exceptions to these rules may be made only by the Dean.

NORMAL FRESHMAN-SOPHOMORE PROGRAMS

A student wishing ultimately to enter the College of Arts and Sciences should take the following standard program while enrolled as a freshman in the University College. Deviations from this program should be made only with the permission of the University College adviser.

First Semester		Second Semester	
†Engl 101 (Group I)	3	Engl 102	3
At least 9 hours from		At least 9 hours from	
Groups II, III, IV, or V	9-10	Groups II, III, IV or V	9-10
Elective	3	Elective	3
PE Activity	1	PE Activity	1
	<u>15 - 16 + PE</u>		<u>15 - 16 + PE</u>

If a student intends to take a degree in the College of Arts and Sciences, his program as a sophomore (whatever college he is enrolled in as a sophomore) should be as follows. Deviations should be made only with the permission of the student's adviser.

First Semester		Second Semester	
At least 12 hours from		At least 12 hours from	
Groups I, II, III, IV, or V	12-13	Groups I, II, III, IV, or V	12-13
Elective	3	Elective	3
PE Activity	1	PE Activity	1
	<u>15 - 16 + PE</u>		<u>15 - 16 + PE</u>

† If the student fails to make a satisfactory score on the ACT, he will be required by his adviser to take remedial work or tutoring.

PRE-PROFESSIONAL AND OTHER CURRICULA

Students are cautioned against assuming that 4-year college courses always prepare for professional work. At least one year of specialized graduate work is advisable, even if not actually required.

Students who plan to study Law will normally complete a degree in the College of Arts and Sciences before gaining admittance to a Law School.

Students wishing advice concerning curriculum preparatory to professional studies in Forestry may consult Professor Loren D. Potter, Department of Biology; those interested in curricula preparatory to Medicine or Dentistry may consult Dr. Earl Bourne, Chairman of the Premedical Advisory Committee; those interested in Medical Technology may consult Dr. John Beakley, Department of Biology.

CURRICULUM PREPARATORY TO DENTISTRY

The minimum requirement for admission to accredited dental schools is 2 years of acceptable academic work with a scholarship index of 2.5.

Because of the varying requirements of different dental schools, it is not possible to formulate a definite predental program. However, among the courses required for admission are English, social science, biology, physics, inorganic and organic chemistry.

The student should select the dental school(s) to which he plans to seek admission, and then, with the assistance of the predental adviser, plan a course of study which will meet the admission requirements of the school(s) in which he is interested. A student who plans to do more than 2 years preparatory to entering a dental school should select courses which will give him a broad liberal arts background as well as courses which will prepare him for the more technical requirements of dental school.

Ordinarily, the student will be expected to plan his academic program in such a manner that, if his plans to go to dental school do not materialize, he will still have made progress towards a baccalaureate degree.

Further information and advice may be obtained from Dr. Earl Bourne, Chairman, Premedical Advisory Committee.

CURRICULUM PREPARATORY TO FORESTRY

Because of the variable admission requirements of different schools of forestry, the student is advised to seek admission information from the Department of Biology. Two years of preforestry are available.

CURRICULUM PREPARATORY TO MEDICINE

The requirement for admission to medical schools approved by the Association of American Medical Colleges and by the Council on Education of the American Medical Association is ordinarily at least 90 semester hours in a college of arts and sciences. However, because of the large number of applications to medical schools in recent years, it is difficult to gain admission without a bachelor's degree.

Although the requirements for admission to the various medical schools in the United States vary somewhat, there are certain basic minimum science requirements common to all. These include one year of general biology, general

chemistry, a year of organic chemistry, a year of physics, and a year of mathematics with calculus. In addition, 27 of the 96 approved schools specifically require quantitative analysis, 11 require embryology, and 18 require qualitative analysis or physical chemistry. A few include specific language requirements and courses in the social and behavioral sciences. Exact requirements for each school are included in **Medical School Admission Requirements, U.S.A. and Canada**, a volume put out each year by the Association of American Medical Colleges. Students interested in a particular school should consult this volume.

In recent years medical schools have increasingly tended to give equal consideration for admission to students majoring in the humanities or social sciences. A liberal background and breadth of education are felt to be desirable for anyone seeking a professional career. Good performance in the minimum science requirements is particularly important for these students, however, since they must demonstrate that they can handle the quantitative scientific material which is crucial in the modern medical curriculum.

Students interested in medical school generally take the Medical College Admissions Test in the spring of their junior year or the fall of their senior year. Hence it is advisable to complete the minimal basic science requirements by the end of the junior year. Because there are many more applicants for admission than there are places available, there is no assurance that a given student will qualify. Students should, therefore, select their major fields on the basis of their own interests, rather than from the limited viewpoint of specific pre-professional education.

Premedical students expecting to major in biology or chemistry are advised to complete the following course of studies during the first two years. Those majoring in the humanities or social sciences will need to take the same basic science courses before admission to medical school, but they will be able to spread them over a somewhat longer period.

First Year		Second Year	
Engl 101, 102	3-3	Engl Lit, Psych 101	3-3
French, German, or Russian	3-3	French, German, or Russian	3-3
Chem 101L, 102L	4-4	Chem 253L, Biol 371L or 386L or 393L	4-4
Biol 101L, 102L or 121L, 122L	4-4	Humanities or Social Science	3-3
Math 121 or 150 or 162, or 180-181	4-6	Physics 151, 152, 153L, 154L	4-4
PE Activity	1-1	PE Activity	1-1

Further information and advice may be obtained from Dr. Earl Bourne, Chairman of the Premedical Advisory Committee.

MEDICAL TECHNOLOGY CURRICULUM

Certification as Medical Technologist

For requirements relating to certification as a medical technologist without a bachelor's degree, write to Registry of Medical Technologists, Box 44, Muncie, Indiana. Required college academic training, preceding 12 months in an approved School of Medical Technology, is 90 semester hours including 4 semesters of chemistry, 4 semesters of biology, and 1 semester of mathematics, with physics recommended.

Degree of Bachelor of Science in Medical Technology

The curriculum and requirements leading to the degree of Bachelor of Science in Medical Technology are listed below. Following the prescribed academic work, candidates for the degree must satisfactorily complete a 12-month medical technology program at a school of medical technology approved by the American Society of Clinical Pathologists. Before completing the year's work at the school of medical technology, for which 16 hours of credit are allowed, the student must satisfactorily complete a minimum of 108 academic hours, of which at least 45 shall be earned while the student is in residence on the campus of the University of New Mexico. Thirty of these 45 hours shall be earned at the University of New Mexico after the student has attained junior status. Of the 53 hours of specified courses in science and mathematics, not fewer than 21 hours shall be earned in residence on the campus of the University of New Mexico.

The order of courses in the prescribed program should be followed as closely as possible. Students wishing to follow this program should make their intention known to the Medical Technology adviser, Dr. John Beakley, Department of Biology, as early in their student careers as possible.

The program described below meets all Group Requirements and all requirements as to major and minor in the College of Arts and Sciences.

The number of hours from outside the College of Arts and Sciences which can be counted towards this degree is reduced from the usual 24 hours to 12 hours (not counting the 16 hours of credit from the hospital course).

PRESCRIBED PROGRAM—MEDICAL TECHNOLOGY

First Semester		Freshman Year	Second Semester

The program can be accelerated by completion of two summer sessions and entrance to the school of medical technology in June or September.

After completing the above course program and completion of a 12-months' course in medical technology at an approved school, the student will submit a transcript of his work (to complete his application) for the degree of Bachelor of Science in Medical Technology from the University of New Mexico.

THE APSCOE PROGRAM

The Albuquerque Public Schools and the College of Education have a co-operative Secondary English curriculum development program now being conducted at Jackson Junior High and Manzano High School. It is essentially an honors program for which students are selected on the basis of earlier demonstrated abilities. Students in the program spend a full semester in service training and education at the school and may earn up to 15 hours credit in practice teaching.

Detailed information concerning the APSCOE program may be obtained from the Director of the program, Dr. Peter Prouse, in the Department of Secondary Education.

COMBINED CURRICULUM IN ENGINEERING AND ARTS AND SCIENCES

Degrees in both the College of Arts and Sciences and the College of Engineering may be obtained by following a 5-year curriculum to be outlined in each case, jointly, by the deans of the two colleges. Any student interested in this curriculum should confer with the deans before the end of the sophomore year.

FOR CURRICULA RELATING TO FOREIGN STUDIES

See "Language and Area Center for Latin America," "Division of Inter-American Affairs," "Department of Political Science," "Western European Studies," and "Russian Studies."

LANGUAGE AND AREA CENTER FOR LATIN AMERICA

Marshall R. Nason, Professor of Modern Languages, Director
 Advisory Committee: Professors M. R. Nason (Chairman), E. Lieuwen (History), M. C. Needler (Latin American Studies, Political Science), W. Liepe (Economics), K. Schwerin (Anthropology), G. W. Merckx (Sociology), W. H. Roberts (Modern Languages).

The Language and Area Center for Latin America, partially supported by federal funding under NDEA Title VI, is an administrative unit of the College of Arts and Sciences and the Graduate School. It does not directly offer any degree programs or courses but is responsible for coordination and technical

* Courses to meet the Arts and Sciences Group Requirements pp. 170-171.

services in connection with the University's total program of academic work in the Latin American field. It prepares studies, reports, and proposals, and is concerned with plans for course offerings, staffing needs, coordination of library purchases, the interchange of scholars, and the arrangement of lecture series.

Applications for NDFL Title VI and for Fulbright-Hayes fellowships are also received and processed by the Center.

Students interested in pursuing courses of study related to Latin America should consult the catalog listings under "Division of Inter-American Affairs" (immediately below), "Ibero-American Studies," and the Departments of History and Modern and Classical Languages, as well as offerings in the social science fields of anthropology, economics, political science, and sociology.

The Language and Area Center is the administrative unit responsible for the overseas study program of the Andean Study and Research Center at Quito, Ecuador. (See below.)

DIVISION OF INTER-AMERICAN AFFAIRS

Martin C. Needler, Associate Professor of Political Science, Director

The Division of Inter-American Affairs is an administrative unit of the College of Arts and Sciences and of the Graduate School. Founded in 1941, the division offers the Bachelor of Arts and Master of Arts degrees in the field of Latin American Studies.

The undergraduate curriculum in Latin American Studies is designed to provide basic training in fundamental subjects and a choice of supplementary courses to meet individual needs and preferences. Emphasis is given equally to language study and the social sciences. Proficiency in Spanish and a reading knowledge of Portuguese are basic requirements for the Latin American major and students are encouraged to use the languages as tools in various advanced courses in the program. For degree requirements, see course listings under "Latin American Studies."

SCHOLARSHIP AID. Several tuition scholarships are reserved for students in Latin American Studies, the number awarded in any one year depending on the availability of funds. Undergraduates should apply to the Director of the Division; graduate students should submit the regular scholarship forms provided by the Graduate School.

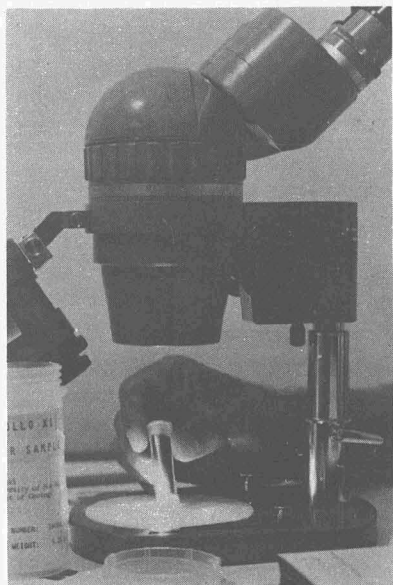

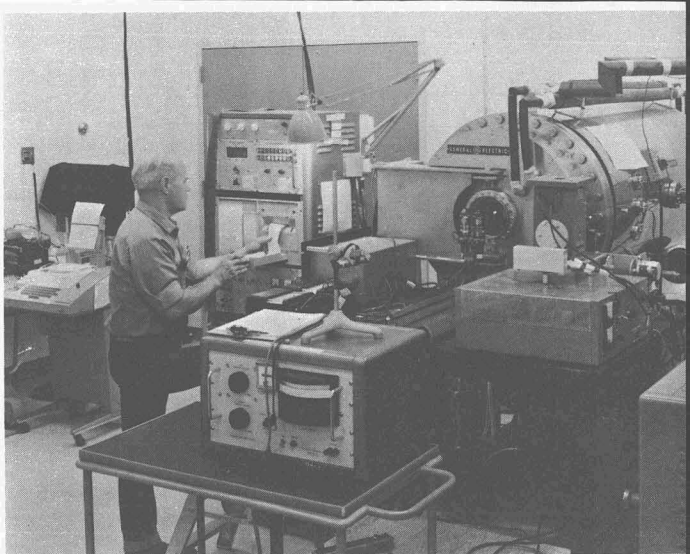

ANDEAN STUDY AND RESEARCH CENTER, QUITO, ECUADOR

Marshall R. Nason, Professor of Modern Languages, Director

In order to provide advanced and graduate students in Latin American language and area studies an opportunity for overseas field work, study and research, the University has established an Andean Study and Research Center at Quito, Ecuador. The Center also serves as a research base for faculty and graduate degree candidates and is equipped with microfilm equipment and other facilities appropriate to such activity.

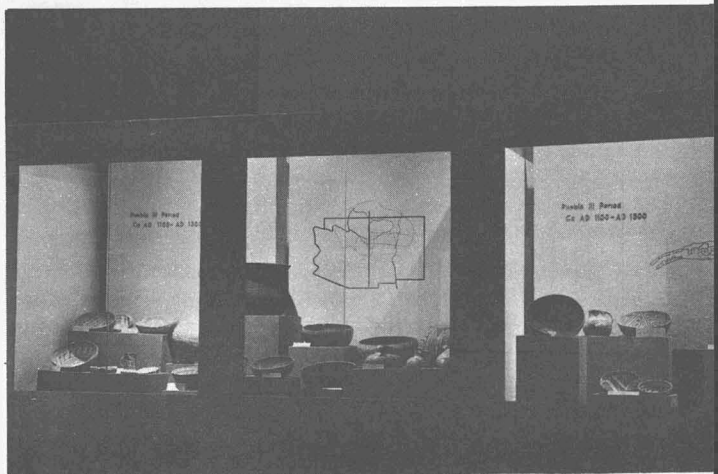

The Andean Center constitutes a physical transfer of a portion of the Albuquerque based Latin American Language and Area program to an overseas site and is, therefore, a fully accredited program designed to serve the student's

A Physics
Laboratory

Lunar
Samples—
Department
of Geology

Department of
Anthropology—
Maxwell Museum

degree requirements while giving him significant cross-cultural exposure and the opportunity to improve his language skills. The study plan is designed to maximize the advantages of the South American location; it offers optimum opportunities to work with host-country specialists and to observe directly the social and cultural realities of a region which, because of its great diversity, constitutes virtually a Latin American microcosm.

By keeping the cost of study at the Andean Center (including international and in-country travel) at a figure close to the outlay of a UNM student living in a University residence hall, it is hoped that all aspirants to specialization in the Latin American field, both graduate and undergraduate, will find it possible at some point in their training to avail themselves of this exceptional opportunity for study and research abroad.

The Andean Center occupies a handsome facility independent of either of the Quito universities, but close enough to both to facilitate class attendance at either. The building houses all classroom and administrative functions and provides certain social conveniences for the students. Enrollees, generally, reside in Ecuadorian homes.

The program of studies is so structured that the study of Latin American history, languages (including Portuguese) and literatures are standard components. Emphasis in the social sciences, other than history, may vary from year to year. Special attention is called, however, to anthropological field research in patterns of rural social organization which may evolve as an on-going concern in conjunction with the Instituto Ecuatoriano de Antropología. Efforts are also being made to provide special training for students in pre-professional fields such as journalism and education. Students desirous of informing themselves as to the exact course offerings for any semester should contact the Director, Language and Area Center for Latin America. The Quito Center is staffed by a Resident Director chosen from the UNM faculty, an Ecuadorian Associate Director and a bi-national teaching faculty consisting of UNM and Ecuadorian specialists.

Enrollment is open to juniors, seniors, and graduate students in good standing at the University of New Mexico or any other students eligible for admission to the University of New Mexico, provided they have the necessary linguistic skills to accommodate classroom work in Spanish and the normal requisites for upper division work. However, students should be reminded of the senior residence rule on page 155, which states that those who wish to fulfill senior residence requirements at Quito must have completed 30 hours in residence on the University of New Mexico campus prior to enrolling at the foreign center. A pre-registration system has been provided for scheduling of courses and payment of fees prior to group departures for Quito. Students potentially interested in attending the Center should place themselves on the Language and Area Center mailing list for special advisory releases.

Students who are recipients of University fellowships, scholarships and Title IV or VI grants (i.e., those which do not require that the recipient render specific service at Albuquerque) may utilize such assistance at the Andean Center. Special federal support is available for a limited number of students (seven to ten) of Spanish surname who are unable to meet the cost of such training from their own resources.

N.R.O.T.C. CURRICULUM (See page 277)**DEPARTMENTS OF INSTRUCTION**

The College of Arts and Sciences offers work in the fields listed below:

American Studies	Journalism
Anthropology	Latin-American Studies
Biology	Linguistics and Language Pedagogy
Chemistry	Mathematics and Statistics
Comparative Literature	Modern and Classical Languages
Economics	Paleoecology
Economics-Philosophy	Philosophy
English	Physics and Astronomy
English-Philosophy	Political Science
Geography	Psychology
Geology	Russian Studies
History	Sociology
Ibero-American Studies†	Speech
Western European Studies	

Major and minor requirements and descriptions of the courses offered will be found, listed by departments, in the catalog section "Courses of Instruction." The student is referred also to the Departments of Art, Dramatic Art, Home Economics, and Music for major or minor studies acceptable in the College of Arts and Sciences.

† Ph.D. program only.

SCHOOL OF BUSINESS AND ADMINISTRATIVE SCIENCES

As indicated by the following notice, the faculty of the School of Business and Administrative Sciences wishes to encourage all new students considering a degree in Business Administration to carefully evaluate the "Three-Two" Program within the framework of their academic career and their future goals. This curriculum which leads to the degree of Master of Business Administration is made in keeping with a philosophy which emphasizes the desirability of graduate level professional preparation for careers in management. Ordinarily, the minimum time required to earn the degree of M.B.A. is six years (four years of undergraduate study leading to the baccalaureate degree plus two years of graduate study). However, the School offers a special program for University of New Mexico undergraduates which reduces the time required to earn the two degrees by as much as one year. This special program is known as the "Three-Two Program." A detailed description of this program follows the description of the B.B.A. degree requirements.

NOTICE: The degree program leading to a Bachelor of Business Administration will be phased out in four years. To be eligible to enroll in the B.B.A. program, therefore, students must meet the following conditions:

1. have entered the University of New Mexico as a freshman no later than September 1970;
2. have completed 26 hours of undergraduate course work (including successful completion of English and Mathematics requirements) with a grade-point average of 2.0 by June 1, 1971; and
3. have transferred to the School of Business and Administrative Sciences by June 30, 1971.

Students who have entered the program under the above conditions and who have not completed their requirements for graduation by June 1974 will be treated as individual cases in order to provide them with the opportunity of completing requirements for a Bachelor of Business Administration degree. **The faculty of the School of Business and Administrative Sciences strongly encourages all students not currently enrolled in the School to consider the professional Master of Business Administration program, which may be completed in a total of five years of study. (See p. 187.)**

BACHELOR OF BUSINESS ADMINISTRATION DEGREE PROGRAM ADMISSION

ADMISSION FROM THE UNIVERSITY COLLEGE. The minimum requirements for transfer from the University College to the School of Business and Administrative Sciences are:

1. Twenty-six hours of earned credit.

2. (a) A scholarship index of at least 2.0 on all hours attempted;
or
(b) A scholarship index of at least 2.0 on all hours attempted in the previous 2 semesters of enrollment; provided that, if fewer than 26 hours were attempted in the previous 2 semesters, a scholarship index of at least 2.0 shall be required on all work attempted in as many previous consecutive semesters as are necessary to bring the student's total hours attempted to at least 30.
3. A scholarship index of at least 2.0 on all Business and Administrative Sciences and Economics hours attempted.
4. Successful completion of English 101 and 102 or their equivalent.
5. The successful completion of Mathematics 122 or 181.

TRANSFER FROM OTHER COLLEGES IN THIS UNIVERSITY

Students seeking to transfer from other degree-granting colleges of the University must present at least 26 semester hours of acceptable credit with a grade-point average of 2.0 or better on all work attempted. Transfer students must meet the minimum requirements for transfer from the University College (see above) except that qualification 2(b) under these requirements shall not apply. Any student admitted to the School of Business and Administrative Sciences lacking mathematics, statistics, or accounting will be required to take certain of these courses the first semester of enrollment.

TRANSFER FROM OTHER ACCREDITED INSTITUTIONS

Transfers must meet normal requirements for admission to this University. In view of the rather distinctive nature of our Business and Administrative Sciences program, it is the general policy of this School not to accept as transfer credit work in Business and Administrative Sciences completed elsewhere at the junior and senior levels.

DEGREES

DEGREES OFFERED

For the degree of Bachelor of Business Administration, the student is required to complete satisfactorily a 4-year course including a chosen field of concentration and to maintain a 2.0 cumulative grade-point average as specified under "Scholastic Regulations" below. To receive the degree, the student must have completed satisfactorily at least 124 semester hours, excluding physical education activity courses, and to have met all the requirements of the University and of the School of Business and Administrative Sciences.

For the degree of Master of Business Administration, the student should consult the **Graduate Bulletin**. The special "Three-Two" program is described further in this section.

DEGREES IN COMBINATION WITH OTHER COLLEGES. If a student wishes to secure a degree in another college, he is urged to seek advice early in his college career from the deans of the colleges concerned. With care in selecting his program of studies, it is possible for a student to secure two degrees in one to two extra years, depending on the degrees he seeks.

SCHOLASTIC REGULATIONS

The student should become familiar with the general academic and scholastic rules which apply to all students enrolled in the University (see pp. 151-153).

Special attention is called to the rules on probation and suspension.

GRADUATION REQUIREMENTS

Special rules for the School of Business and Administrative Sciences are as follows:

1. To graduate with the B.B.A. degree a student must have a scholastic index of 2.0 on all his semester hours attempted at the University of New Mexico, except that those University College hours with grade points that had not been certified for entrance to the School of Business and Administrative Sciences may be excluded.

2. To graduate with a B.B.A. degree a student must have a grade-point average of 2.0 on all Business and Administrative Sciences and Economics hours attempted.

3. To graduate with the B.B.A. degree a student must have earned a minimum of 124 hours of degree work.

4. To graduate with a B.B.A. degree a student must have earned a minimum of 54 hours in courses in Business and Administrative Sciences and Economics.

5. The normal load for students in the School of Business and Administrative Sciences shall be 16-17 hours (not counting PE).

6. The following will count as laboratory science: Physics, Chemistry, Biology, and Geology.

7. To receive the B.B.A. degree, transfer students must take a minimum of 18 hours in Economics and Business and Administrative Science subjects while enrolled in the School of Business and Administrative Sciences.

Requirements for the degree of Bachelor of Business Administration (for description of courses, see section "Courses of Instruction"):

A. GENERAL REQUIREMENTS	Credit
1. English 101 and 102, Literature numbered above 300 (6 hrs.)†	12
2. History 101, 102 (6 hrs); Political Science 102	9
3. Behavioral Science (Psych 102, Soc 101, and Anth 102)	9
4. Math 121 and 122 or Math 180 and 181	6-8
5. Phil 455 or 255 or History 306 (or 6-8 hrs. of lab science exclusive of Psych)	3
6. Fine Arts elective	3
7. Course work outside area of Bus and Adm Sci	12
Total	54-56
B. SPECIFIC REQUIREMENTS IN ECONOMICS AND BUSINESS COURSES COMMON TO ALL CONCENTRATIONS	
B&AS 105, 106, Fundamentals of Accounting	3-3
B&AS 202, Data Processing	3
B&AS 225, Accounting for Management Control (for non-accountants)	3
B&AS 289, Statistical Analysis	3
B&AS 306, 307, Man, Society, and Law; Law of Contracts	3-3
B&AS 308, Principles of Marketing	5
B&AS 310, Business Finance	3
B&AS 329, Quantitative Analysis for Mngt	3
B&AS 330, Organization Theory	5
B&AS 492, Senior Seminar	3
Econ 200, 201, Prin and Probs; Prin of Econ	6
Econ 315, Money and Banking	3
Total	49
C. CONCENTRATION REQUIREMENTS (varies with concentration)	15-18
D. FREE ELECTIVES	1-3
Total hours of credit for degree	124

† Speech 101, 411, or 412 (3 hrs.) may be substituted for 3 hrs. of Literature.

General Studies. Students who accept an invitation to join the General Studies program (see p. 157) may apply their various seminars to satisfying appropriate General Requirements as approved by the Dean of the School.

English. The beginning freshman will take either English 101 or English 102, depending on the scores made on the ACT English area.

Laboratory Science. Laboratory science means laboratory courses in Chemistry, Physics, Geology, and Biology.

Mathematics. During the freshman year the student must take Mathematics 010 (Arithmetic for College Students—non-credit) as a prerequisite to Mathematics 121 or 180 if his ACT score in Mathematics is not satisfactory.

Air Force and Naval ROTC. Students enrolled in the Air Force ROTC and Naval ROTC may receive the degree of Bachelor of Business Administration and their commissions at the end of 4 years. To do this the student must use his required Naval and Air Force courses as his "free electives." Thus, each student enrolled in the School of Business and Administrative Sciences must be sure he is taking the required courses for the degree.

FRESHMAN PROGRAM (Taken in the University College)

1st Semester		2nd Semester

	15		

JUNIOR AND SENIOR YEARS

During the first semester of the junior year students should file in the Dean's office an application for the B.B.A. degree. This application will include a declaration by the student of his field of concentration. A graduation summary sheet will then be prepared and a copy will be supplied the student. No student will be included on a list of candidates for graduation unless an application for degree has been approved.

During the junior and senior years students in the School of Business and Administrative Sciences must take any of the General Requirements, as listed on p. 184, which were not taken in the first 2 years. General prerequisites to all upper-division courses are Economics 200, 201, B&AS 105, 106, 202, 225, and 289, but any course may have a specific prerequisite which will be stated in its description.

CONCENTRATIONS

1. **ACCOUNTING.** Advisers: Mr. Mori, Mr. Christman, Mr. Caplan

Those students who are looking toward careers in either private accounting or public accounting should follow the Accounting concentration. Knowledge of accounting principles and

practices is basic to any business venture both for the purpose of internal control and for guiding policy. The proper keeping of records and their analysis, a proper function of the accountant, is especially necessary in tax matters, both federal and local. Those students who aspire to become Public Accountants probably should take more than the minimum number of courses required in the Concentration.

Concentration requirements in addition to specific requirements: B&AS 421, 384, 447, 449.

Note: Students in this concentration probably will have enrolled in B&AS 373 and 374 during their sophomore year. Students who begin accounting in their sophomore year may enroll in B&AS 374 and 384 concurrently in their junior year.

Recommended Electives: B&AS 327, 328, 422, 450, and 487.

2. FINANCE. Adviser: Mr. Edgel

A survey of the courses offered in this concentration will reveal that they have been carefully selected to give the student a sound basic understanding of the principles and practices of both private and public finance. Thus the program serves not only those who plan to enter the banking, insurance, investment security, and similar businesses; it will also provide highly useful training for the average citizen who will almost certainly deal with banks, buy life insurance, make some investments, vote on fiscal proposals, and pay the tax collector. To provide the student with an informed and intelligent approach to such problems is the aim of the concentration.

Concentration requirements in addition to specific requirements: B&AS 363, 366, 469.

Note: Students in this concentration are required to take 6 hrs. from the recommended electives.

Recommended Electives: B&AS 373, 374; Econ 303, 350.

3. GENERAL BUSINESS. Advisers: Mr. Huber, Mrs. Saner.

If a student has developed no special interest in one of the other concentrations, he should choose General Business. As the title implies, this program gives a student a broader and more diversified training than the other programs but with no less emphasis on the basic knowledge and principles which are common to all good business practices. For those students who plan to take a graduate degree in business and administrative sciences this concentration is suggested, as a field of specialization may be chosen after receiving the bachelor's degree. Likewise those students planning to enter the School of Law or other professional schools, after graduation, should give careful consideration to choosing this concentration.

Concentration requirements in addition to specific requirements:

- a. 12 hours in B&AS including one advanced course from each of the four functional areas.
- b. 6 hours in Economics from the following: 300, 303, 320, 350, 360, 407, and 450.

4. INDUSTRIAL ADMINISTRATION. Adviser: Mr. Finston.

This concentration is designed to foster an understanding of managerial functions and responsibilities in a changing world. Emphasis is upon developing management perspective, improving decision-making ability, and broadening perception of inter-personal and organization relationships. The importance of administration is steadily growing in recognition, whether the enterprise is large or small, and whether it is industrial, commercial, governmental, educational, or philanthropic. Students planning careers in general management, personnel, or labor relations administration should select this concentration.

Concentration requirements in addition to specific requirements: B&AS 493, 496; Soc 341 or Psych 451; Econ 320.

5. MARKETING. Advisers: Mr. Winter, Mr. Slate.

The major function of marketing executives is to make decisions. In order to do this, they need authority to implement decisions, alternative decisions from which to choose, and information upon which to base their actions. Administrators need facts concerning the world-wide marketing system. They need to know about consumer wants and means of satisfying these wants in an efficient but profitable manner. The modern marketing management concept provides a systems approach to the analysis of marketing problems. It insures a more rational means of solving problems through the use of new analytical tools and a framework conceived to provide interdisciplinary action. The principal task of marketing management today is the adoption of this modern concept in light of the many fundamental changes now taking place in marketing within the United States and abroad. The area will consist of a survey of normative models for decision-making in different marketing situations. It will discuss the various analytical tools available to the marketing executive in planning, organizing, and controlling marketing programs.

Concentration requirements in addition to specific requirements: B&AS 305, 410, 483, 486; Econ 332.

THE "THREE-TWO" PROGRAM FOR THE MASTER OF BUSINESS ADMINISTRATION DEGREE*

Completion of the "Three-Two" program is accomplished in the following manner:

1. For the first 3 years of his university studies, the student pursues a normal program of undergraduate work in either (a) the College of Arts and Sciences, (b) one of the other colleges in the University, or (c) the Bachelor of University Studies program.
2. During the third year of academic work, application is made for admission to the M.B.A. program of the School of Business and Administrative Sciences.
3. In his fourth year of academic work, the student begins the first year of the M.B.A. program and also completes the requirements for a Bachelor's degree in his undergraduate field. Cooperating departments throughout the University will accept the courses in Business Administration taken during this year as constituting a minor for the purposes of the Bachelor's degree. At the end of the fourth year, all requirements for the Bachelor's degree will ordinarily have been met and the degree awarded.
4. During the fourth year of academic work, application is made for admission to the graduate School. In order to continue in the M.B.A. program, the student is expected to meet the following requirements: (a) complete the Bachelor's degree requirements with an overall grade point average of 2.5; (b) maintain a "B" average in Business and Administrative Sciences courses; and (c) be accepted for admission by the Graduate School.
5. In his fifth year of study, the student will complete the second-year requirements and electives of the M.B.A. program.

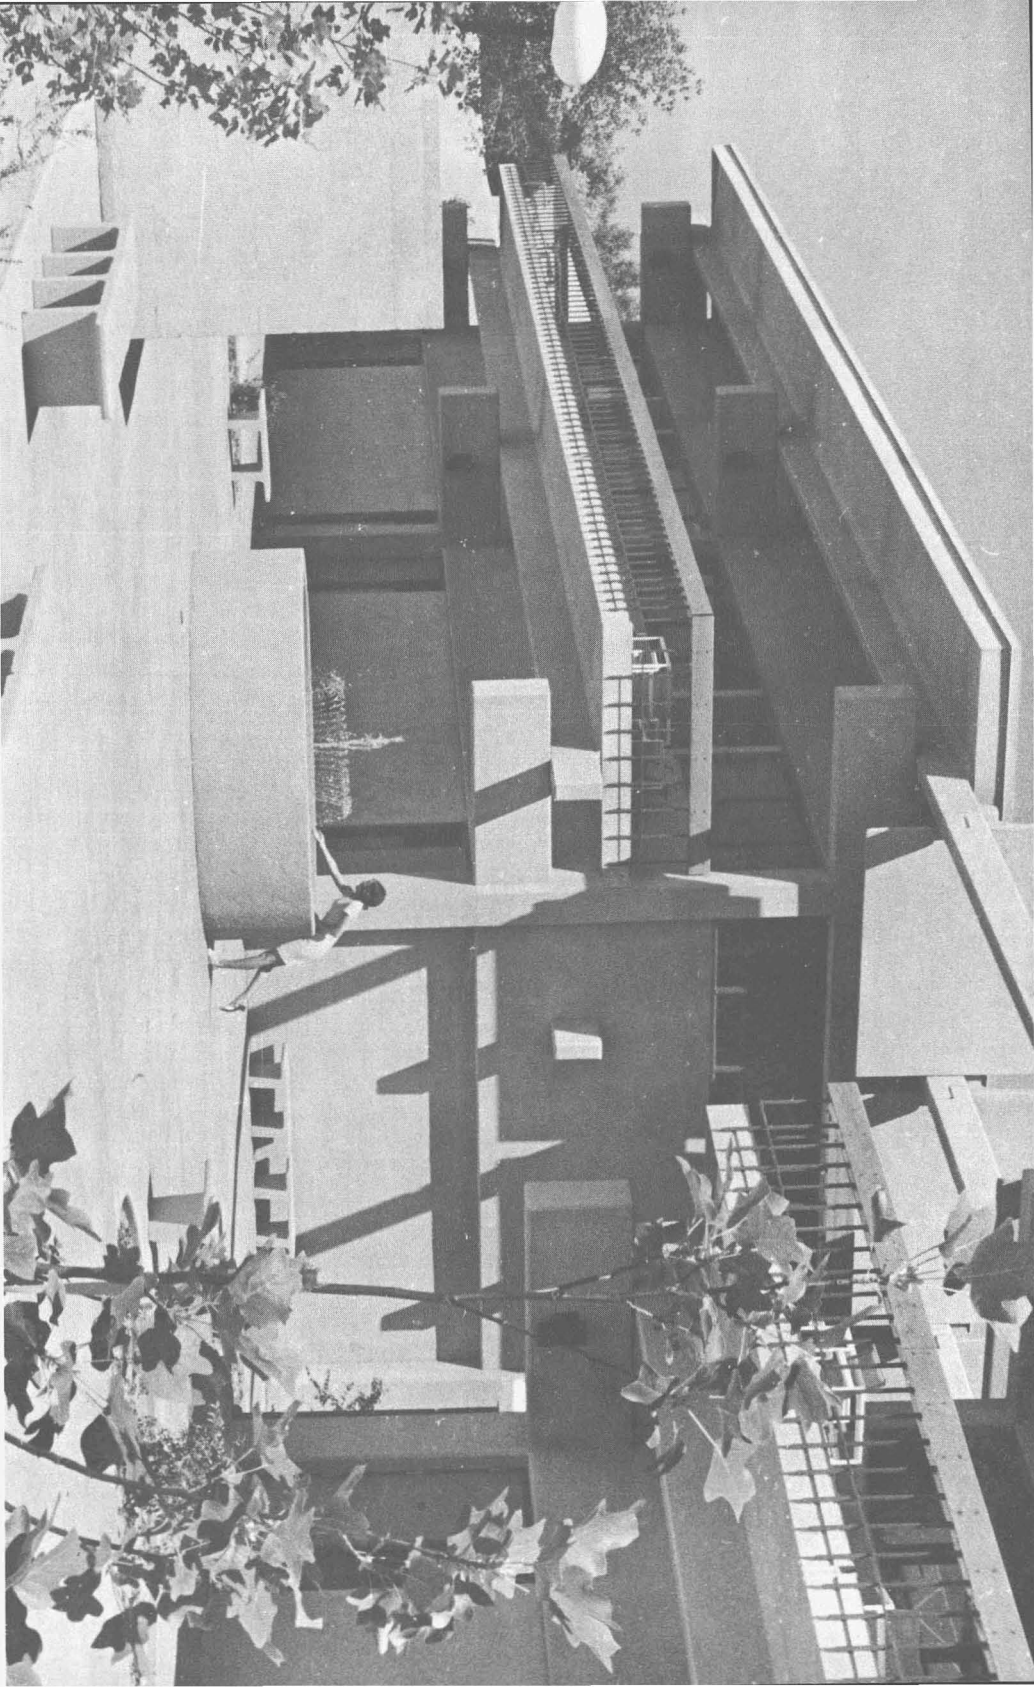

ADMISSION

As indicated above, students electing the "Three-Two" program must apply for admission to the School of Business and Administrative Sciences during the third year of their undergraduate program. Application should be made to the Coordinator of Graduate Studies, Room 290, School of Business and Administrative Sciences in the semester preceding the beginning of the fourth year. The deadline for application is July 1st for the fall semester and December 1st for the spring semester. **No undergraduate student will be permitted to enroll in any 500 level course offered by the School unless he has been officially admitted for study.**

Requirements for admission are:

1. Completion, by the end of the semester in which application is made, of at least 90 hours of course work towards the Bachelor's degree. Not less than 30 of these hours must have been taken at the University of New Mexico.

* Students who will have earned a Bachelor's degree prior to entering the M.B.A. program should refer to the Bulletin of the School of Business and Administrative Sciences for details concerning admission, curriculum and degree requirements. Copies of this Bulletin may be obtained from the Coordinator of Graduate Studies, School of Business and Administrative Sciences, The University of New Mexico, Albuquerque, New Mexico, 87106.

Business Administration Building

2. A minimum grade point average of 2.5 on all work taken at the University of New Mexico.
3. Demonstration of sufficient breadth in the undergraduate program (see "Breadth Requirements" following.)
4. Completion, with a grade of "C" or better, of the following courses in mathematics and economics (or their equivalents): Math 162 and 163 or 180 and 181; Economics 201, 300, and 303. (Note: These requirements can be met after admission to the School—see below.)
5. A satisfactory score on the Admission Test for Graduate Study in Business must be submitted to the School. This examination is administered by the Educational Testing Service. Detailed information about the test and application forms may be acquired from the UNM Testing Center or by writing directly to Educational Testing Service, Box 966, Princeton, New Jersey, 08540. Since an application cannot be considered without the results of this test, students are urged to make arrangements to take it early in the semester preceding admission to the School.

TRANSFER FROM OTHER ACCREDITED INSTITUTIONS

Transfers must meet normal requirements for admission to this University. In view of the rather distinctive nature of our Business and Administrative Sciences program, it is the general policy of this School not to accept as transfer credit work in Business and Administrative Sciences completed elsewhere at the junior and senior levels.

DEGREES IN COMBINATION WITH OTHER COLLEGES OF THIS UNIVERSITY

At the graduate level, joint programs are being planned with the School of Law, Department of Nuclear Engineering, and the Department of Architecture. The student must satisfy the academic requirements of both entities, and early consultation on his curriculum with the respective schools or departments is encouraged.

BREADTH REQUIREMENTS

It is the objective of the School of Business and Administrative Sciences to offer graduate, professional education within an intellectual framework provided by a broad liberal arts pre-professional program. The faculty of the School has identified a set of recommended courses which it believes provides the kind of undergraduate preparation that is appropriate as a basis for study in Business and Administrative Sciences. This set of courses is listed below. Most of these courses can also be used in partial fulfillment of the group requirements of the College of Arts and Sciences. Together with a major selected by the student within the College of Arts and Sciences, these recommended courses provide an ideal preparation for work in this School. It should be emphasized, however, that many other possible combinations of course work in Arts and Sciences or in other Colleges of the University can provide equally acceptable preparation. For this reason, few specific course requirements have been established as prerequisites for admission to the School. Each application will be considered individually with respect to the breadth requirement. In instances where a student's prior academic record appears lacking

in breadth, the student will be advised as to the additional course requirements necessary to correct the deficiencies. Such additional work will, in most cases, extend the time required to complete the "Three-Two" program by at least one semester.

Recommended Courses for the First Three Years
of the "Three-Two" Program

English and Literature	9 hours
Economics 201, 300, 303	9 hours
Behavioral Sciences (Recommended courses: Psych, Soc-Psych, Anthro)	10 hours
Political Science	3 hours
History and Philosophy	9 hours
Mathematics 180 and 181 or 162 and 163	6-8 hours
Laboratory Science	8 hours

A student who has not met the Mathematics and Economics requirements listed above may still be admitted. He will, however, be required to take one or two additional courses offered by the School during his fourth year. These additional courses may increase the length of his program by a semester or summer session.

In order to reduce the possibility of a lengthened program, students who are considering the "Three-Two" program are encouraged to consult with an adviser in the School of Business and Administrative Sciences at the earliest possible date in their academic career. Cooperative planning by the student, his adviser in the major field, and an adviser from this School should enable the development of an undergraduate program which meets the needs and interests of the student while, at the same time, providing the background required for admission to the M.B.A. program.

THE M.B.A. PROGRAM

Model Curriculum
Fourth Year of "Three-Two" Program

Area	Semester I	Semester II*
Quantitative Methods		B&AS 501 (3)
Accounting and Information Systems	B&AS 502 (3)	B&AS 503 (3)
Organizational Economics		B&AS 505 (3)
Organizational Behavior	B&AS 506 (3)	B&AS 507 (3)
Organizational Environment	B&AS 508 (3)	B&AS 509 (3)
Major Field or Electives	(6)	
Total	15	15

The fifth year course of studies is the normal second year of the M.B.A. curriculum. A reasonable degree of specialization is possible in the areas of Ac-

* In order to provide some minimum level of flexibility, students, with the consent of their adviser, may defer one of these courses to the first semester of the second year and substitute in its place either a) an elective or b) one of the required second-year management courses.

counting, Finance, Marketing, Management Science and Organizational Behavior. See the **Bulletin of the School of Business and Administrative Sciences** for details. Statements setting forth specific course requirements, specialization options, and detailed information on course sequencing for the "Three-Two" program may be obtained from the Coordinator of Graduate Studies, Room 290, School of Business and Administrative Sciences.

COLLEGE OF EDUCATION

 ONE of the most important and urgent responsibilities of the University of New Mexico is the effective preparation of teachers and other school personnel (e.g., principals, counselors, supervisors, and superintendents). In this connection, the University's College of Education plans, develops, coordinates, and evaluates the preparation programs for these teachers and other school personnel. The College of Education is solely responsible for all the courses, seminars, and professional laboratory experiences which constitute the professional education portions of these programs.

The College of Arts and Sciences and the College of Fine Arts work closely with the College of Education both in determining and meeting the educational needs of those expecting to serve, or already serving in elementary and secondary schools. The University of New Mexico Advisory Committee on Teacher Education, a group of faculty members and administrative officers representing these colleges, has agreed upon and now supports the following principles, procedures, and requirements with respect to undergraduate teacher education programs offered by the University.

There shall be at this institution **only one approved** preparation program leading to **any one teaching** objective. (This principle does not preclude flexibility and elective possibilities in a program.)

Every teacher education program at the University shall include at least: 48 semester hours of general (liberal) education; 50 semester hours of subject-matter specialization (subject area or areas in which the person expects to teach); and 24 semester hours of professional education. (In certain programs, some work may count for both professional education and subject matter specialization.)

All University of New Mexico students requesting admission to a teacher education program shall be subject to the same admission requirements, irrespective of the college in which enrolled.

Every University of New Mexico student who expects to teach in an elementary or secondary school after receiving the bachelor's degree at this University is required to submit formal application for admission to the teacher education program he wishes to pursue. Admission to such a program is separate from: 1) admission to the University; and 2) admission to a degree-granting college.

ACCREDITATION

The University of New Mexico is **fully** accredited by the National Council for the Accreditation of Teacher Education (NCATE). This full accreditation covers all bachelor's degree programs described in this section of the catalog and **all** graduate programs for teachers and other school personnel listed in the current **Graduate School Bulletin**, including those offered at the master's, sixth-year, and doctoral levels.

This **full** accreditation means that graduates of this institution's teacher education programs are eligible to apply not only for appropriate certification to teach in New Mexico, but also for comparable certification (same level and/or same subject field) in all of the 28 states of the United States which have

entered voluntarily into a reciprocity agreement for certification based upon NCATE accreditation of institutional programs.

The University is also an active member of the American Association of Colleges for Teacher Education which, in 1968, presented the College of Education with a Distinguished Achievement Award for Excellence in Teacher Education. The award, one of five in the nation, was in recognition of the College's new elementary teacher education program.

CERTIFICATION

Every University of New Mexico program which leads to teacher certification for New Mexico elementary and secondary schools includes at least four years of college work. The completion of a bachelor's degree in one of these programs at the University makes the person eligible to apply for a **4-year Provisional Certificate**† in New Mexico. This certificate entitles the holder initially to teach in the State for four years and may be renewed only once for an additional four years. Forms for application for a New Mexico certificate are available from the Graduation Clerk in the College of Education.

By the end of the eight year period of Provisional Certification the holder must qualify for either the Continuing Certificate or the Professional Certificate or other special field certificates. Persons interested in these certificates should consult the **Graduate School Bulletin**, department chairmen in the College of Education, or the dean of that college.

Certification may also be obtained in the areas of Special Education, Guidance and Counseling, School Administration, Teaching English as a Second Language, and Reading Specialist. For further information consult department chairmen in the College of Education.

CONTINUING CERTIFICATE.† Students desiring the **Continuing Certificate** must complete a 30 semester-hour graduate program not necessarily culminating in a master's degree. The major portion of credits in this program must be in subject-matter areas.** Each student desiring this certificate must plan a program with an adviser. This is a five-year certificate and may be renewed for five-year periods.

PROFESSIONAL CERTIFICATE.† Students desiring the **Professional Certificate** must complete a master's degree, the major portion of which must be graduate credit earned in subject matter areas.** All master's degree programs at the University of New Mexico do not necessarily meet such requirements. Students interested in obtaining this certificate should consult the **Graduate School Bulletin** and their advisers in the College of Education **before** planning a master's degree program. This certificate does not need to be renewed.

UNDERGRADUATE PROGRAMS

All the University of New Mexico undergraduate programs accredited by NCATE are devoted solely to the preparation of regular classroom teachers

† Detailed information concerning curriculum may be found in other sections of this catalog, and in the **Graduate School Bulletin**.

**With the exception of the Language Arts and Children's Literature area, only courses listed under a specific subject (usually offered in the College of Arts and Sciences) in the catalog are considered "subject matter" areas.

(elementary or secondary) and of teachers in special areas (e.g., Art Education; Health Education; Physical Education; Music Education; Industrial Education; Special Education; and Home Economics) who may teach in grades 1 through 12. (See curricula for all these programs in later sections of the catalog.) An undergraduate major is also offered in the field of Recreation.

SCHOLASTIC REGULATIONS

See pp. 151-153.

DEPARTMENTAL HONORS

A departmental honors program is offered in several of the departments of the College of Education. Application for participation in the program must be made during the junior year. The program may consist of any one of the following: (1) a senior thesis, (2) a reading and tutorial program under the major adviser, (3) honors in student teaching. All students permitted to enter the honors program will meet University regulations as described on pp. 157-160. Permission of the major adviser is required for enrollment in 497 courses, Reading and Research in Honors.

MAXIMUM NUMBER OF HOURS

No student in the College of Education may enroll for more than 18 semester hours during a regular semester or 9 semester hours during a summer session, plus 1 hour of physical education (or military drill in the case of NROTC students), unless his standing for the previous semester was at least B in two-thirds of his studies, with no grade below C; and then only by presenting a written petition to the chairman of his department, who may, at his discretion, grant permission to enroll for extra hours, not to exceed 21 including physical education in a regular semester or 11 semester hours in a summer session.

GRADUATE PROGRAMS

The College of Education offers through the Graduate School programs leading to the master's degree, the Doctor of Philosophy degree, and the Doctor of Education degree. Consult the current **Graduate School Bulletin** for details of these programs. Sixth-year graduate programs leading to "Certificate of Education Specialist" are also available. Consult the current **Graduate School Bulletin** and appropriate departments for details of these programs.

ADMISSION TO THE COLLEGE OF EDUCATION

All freshman students are admitted to the University College. A detailed statement of entrance requirements is in the "Admission" section of this catalog.

ADMISSION FROM UNIVERSITY COLLEGE

Requirements for transfer from the University College to the College of Education are as follows:

1. Twenty-six hours of earned credit.
2. (a) A scholarship index of at least 2.0 on all hours attempted;
or
(b) A scholarship index of at least 2.0 on all hours attempted in the previous 2 semesters of enrollment; provided that, if fewer than 26

hours were attempted in the previous 2 semesters, a scholarship index of at least 2.0 shall be required on all work attempted in as many previous consecutive semesters as are necessary to bring the student's total hours attempted to at least 30.

3. Successful completion of the process required for **Admission to a Teacher Education Program** (see below).

TRANSFER FROM OTHER COLLEGES IN THIS UNIVERSITY

A student will be eligible for transfer to the College of Education from other degree-granting colleges of the University if he has a scholarship index of 2.0 or better on all work attempted at the University, and has completed successfully the process for **Admission to a Teacher Education Program**. (See below.)

TRANSFER FROM OTHER ACCREDITED INSTITUTIONS

All students transferring from other accredited institutions who have met the University's general qualitative admission requirements for transfer may be enrolled provisionally for two semesters (or one semester and summer session) in the College of Education, during which time they must complete all regular admission requirements. Transfer students who, during their first two semesters (or one semester and summer session) of provisional enrollment, complete successfully the process of Admission to a Teacher Education Program, and who have a grade-point index of at least 2.0 at the end of their first period of enrollment in the College may then be enrolled in regular status in the College. Two semesters of provisional enrollment constitute the maximum period during which a transfer student is allowed to complete all requirements for full Admission to a Teacher Education Program.

ADMISSION TO A TEACHER EDUCATION PROGRAM

Undergraduates. All undergraduate students enrolled in University College or any degree college at this University wishing to pursue a teacher education program must successfully complete the process required for Admission To a Teacher Education Program. No students will be eligible to enroll in upper division professional education courses which are required for initial certification, unless they have been admitted to a teacher education program at the University of New Mexico.

Non-Degree and Graduate Students. The student in non-degree status who has not earned a baccalaureate is ineligible to enroll in any upper division professional education courses required for initial certification until he has successfully completed the process of Admission to a Teacher Education Program. The student who has earned a degree may enroll in any course offered by the College of Education for which he has the necessary prerequisites. However, if the student is planning to work for initial certification, or towards certification in a new teaching field, he must complete the process for Admission to a Teacher Education Program during his first semester of enrollment.

Requirements for Admission to a Teacher Education Program

Any student who wishes to apply for admission to a teacher education program must first have fulfilled all the requirements listed on p. 194 under Admission to the College of Education with the following exception: students in a degree college must have a 2.0 grade point average on **all** work done at this University. Additional requirements are the following:

1. Completion of an Application to a Teacher Education Program form, available in the Office of the Dean of the College of Education.
2. Attendance at a Screening Session which is held once each session, in February, June and September.
3. Successful completion of all tests administered at a Screening Session.
4. Evidence of satisfactory performance on an academic ability test (SCAT or ACT).
5. A successful interview with a College of Education faculty member, in which the student indicates a positive desire and intent to enter the teaching profession; and gives evidence of physical, personal and emotional qualities deemed adequate for successful teaching.
6. Completion of a departmental physical fitness test by all men physical education majors.

The requirements for admission to a teacher education program referred to in the preceding paragraphs are considered to be **minimal**; even though students meet these requirements they may not be eligible for admission to certain programs.

Note: Any student admitted to a teacher education program **after the first semester of his junior year**, may be required to spend one or more **additional** semesters beyond the usual four-year period, in order to complete the desired program.

PROGRAMS REQUIRING ENROLLMENT IN THE COLLEGE OF EDUCATION

The following teacher education programs are available only to students enrolled in the College of Education: a) Business Education; b) Elementary Education; c) Health Education; d) Home Economics; e) Industrial Arts Education; f) Physical Education; g) Composite in Science (Secondary level); h) Composite in Social Studies (Secondary level); and i) Composite in Communication Arts (Secondary level). Also, the bachelor's degree with a major in Recreation is offered only through the College of Education.

PROGRAMS OPEN TO STUDENTS ENROLLED IN OTHER COLLEGES

Persons wishing to pursue either the Art Education Curriculum or the Music Education Curriculum may enroll in either the College of Education or the College of Fine Arts.

All students expecting to complete teaching majors in general subject areas usually found in the secondary school curriculum (e.g., English, Mathematics, History, Biology, Chemistry, Physics, Foreign Languages, Political Science and

Speech) and wishing to be recommended and certified to teach in one or more of these areas at the junior or senior high school level may enroll in either the College of Education or the College of Arts and Sciences.

Note: It is urged that all University of New Mexico students who are not enrolled in the College of Education but who are expecting to be certified keep in close touch with the College of Education in the planning of programs and in the choice of electives.

PROFESSIONAL LABORATORY EXPERIENCES

All degree programs offered through the College of Education include organized and sequential experiences with children and youth. These required experiences (usually referred to as **professional laboratory experiences**) include directed observation of pupils at work and at play, guided participation with groups of children, and the formal student teaching assignment(s).

OBSERVATION AND PARTICIPATION. Selected elementary and secondary schools in the Albuquerque Public Schools, other nearby school systems, and selected community agencies are used for observation and participation with children and youth. These pre-student teaching experiences are carefully planned and directed cooperatively by University faculty members and representatives of the cooperating school systems and agencies.

STUDENT TEACHING. The student teaching assignment is considered one of the most important prerequisites to graduation and certification for teaching. The student teaching assignment is carried on under the personal direction of selected cooperating teachers in the Albuquerque area public and private school systems and professors from the University. The University of New Mexico is indebted to the administration and teachers of the Albuquerque Public Schools for the excellent working relationships and learning laboratories provided under these arrangements. Because of the importance of this experience, specific requirements are set up for admission to student teaching.

Requirements for Admission to Student Teaching

It is recommended that the student read and thoroughly understand the following requirements. To be admitted to student teaching the student must have:

1. Been regularly admitted and be in good standing in the college in which enrolled **at the time** of application. This requirement means specifically that the student is not on probation at the time of application.
2. Been admitted to a teacher education program at the University of New Mexico. Any stipulations indicated at the time of admission must have been removed.
3. Applied for admission to student teaching with the University supervisor of student teaching (elementary or secondary) the **spring before** the actual student teaching begins.
4. Passed a physical examination, including a chest x-ray, as required of

regular teachers in the elementary and secondary schools. Evidence of the examination and its findings, completed within three months of the date of application, must be filed with the Directors of Secondary or Elementary School Student Teaching at the time application is made.

5. Achieved a general grade-point average of at least 2.0 (C) in all courses attempted at the University of New Mexico. Graduate students must also meet these requirements and maintain a 3.0 grade-point average.

6. Achieved a grade-point average of at least 2.3 in all courses attempted in the major teaching area. Some departments may and do require a higher grade-point average.

7. Completed Speech 256 (or approved substitute).

8. Completed satisfactorily all prerequisites for student teaching listed in the current University catalog.

9. Demonstrated ability to use effectively appropriate audio-visual equipment. (Elementary student teachers are exempt from this requirement.)

10. Planned a total semester schedule of no more than 15 hours of course work, including student teaching. (A course load of 12 hours is highly recommended.) Elementary student teachers must be available the entire school day during one semester of the junior year and the entire school day during one semester of the senior year. Secondary student teachers must have a minimum block of three hours daily (between 8:30 a.m. and 3:00 p.m.) clear for assignment in the schools.

11. Arranged his personal schedule in order to be available to start an assignment in the fall when public school students report for the start of school (usually late in August or early September). When applying for student teaching assignments in the spring, students should carefully check starting dates with an adviser.

12. Filed application for degree in the office of the dean of the college.

Each Secondary Student Teacher Must Also Have:

1. Submitted recommendations from three faculty members indicating that the student is believed ready for student teaching.

2. Completed a major portion of work in his teaching major and minor.

3. Attained at least a 2.5 grade-point average in a major (teaching) concentration and at least a 2.2 grade-point average overall.

Each Elementary Student Teacher Must Also Have:

1. Completed at least one semester or summer session in resident study. Those not in the regular modular program must have completed at least one course in the Department of Elementary Education:

2. Attained at least a 2.2 grade-point average overall prior to entering junior level courses in Elementary Education; attained at least a 2.5 grade-point average in all junior module courses in Elementary Education.

ELEMENTARY EDUCATION. The modular program in elementary education combines student teaching, methods courses, and foundations courses in a single

time unit consisting of full days during one semester of the junior year and one semester of the senior year. The courses that are included in these modules are clearly indicated in the curriculum for Elementary Education. Students enrolled in elementary student teaching will receive a grade of CR (credit is awarded) or NC (no credit is awarded) in the course **El Ed 400**, Student Teaching. The hours for this course are not computed in the scholarship index. The methods courses in the modules will be graded with the usual A,B,C,D, or F grades.

Students are responsible for planning their programs so that the junior module is taken during the junior year and the senior module is taken during the senior year. In some instances where program scheduling difficulties are evident, students may be permitted to take both modules during the senior year. In these special instances the student must petition the director of student teaching no later than the first semester of the junior year to have the request considered.

Most of the students will be assigned to schools that have been designated as student teaching centers. In these centers a student teacher is placed with each classroom teacher in the building, thus as many as 15-20 student teachers are scheduled in each center.

Students may be permitted to take student teaching apart from the modular program. In these cases the student must meet all the requirements for entry into student teaching and must petition the director of student teaching to have the request considered.

Special Facilities Located in the College of Education

LEARNING MATERIALS CENTER. The Learning Materials Center serves the educational needs of students, teachers, and faculty members by providing a comprehensive collection of materials and media to be used in the teaching-learning process. The library collection includes textbooks, courses of study, curriculum guides, resource units, films and filmstrips, tapes and other teaching materials. The center also provides an audio-visual laboratory equipped with the latest media materials and equipment. A production center is available for the design and production of all forms of graphic materials.

MANZANITA CENTER. Manzanita Center is a laboratory where both undergraduate and graduate students may, under supervision, observe and participate with children and youth in a variety of educational activities. The College's nursery and kindergarten groups are housed here. Also available for research and study purposes are other special groups of children, as well as selected individual children and youth who have been referred to this Center for diagnosis of educational deficiencies and for remedial services.

INDUSTRIAL EDUCATION LABORATORIES. Industrial Education laboratories are maintained for the use of students in various Industrial Education courses in woods, metals, welding, power mechanics, electricity, and drafting.

HOME ECONOMICS LABORATORIES. Modern food and clothing laboratories are available to both undergraduate and graduate students.

THE HUMAN PERFORMANCE LABORATORY. The laboratory, located in the Carlisle Gymnasium and administered by the Department of Physical Education, special-

izes in environmental and exercise physiological research and provides opportunities for qualified students and faculty to conduct scientific investigations in areas related to hyper- and hypobaria, metabolism, exercise capacity, muscular strength, reaction time, anthropometry, and fat free body weight. The outstanding feature of the facility is a compression-decompression chamber which is man-rated over a pressure span of 9.5 absolute atmospheres to 8 mm Hg, i.e., from 310 feet simulated water depth to 100,000 feet simulated altitude.

THERAPEUTIC PHYSICAL EDUCATION LABORATORY. This laboratory encompasses some 4000 square feet and has all of the necessary equipment to provide special physical education and exercise therapy for the students and staff of the University of New Mexico. A major responsibility of the laboratory involves training of Corrective Therapists, Special Physical Educators, Athletic Trainers, and pre-Physical Therapy students. Research regarding the motor skill learning of handicapped children is carried out.

THERAPEUTIC PHYSICAL EDUCATION PLAYGROUND. This two acre playground has been developed to investigate the play patterns and recreation needs of handicapped children.

The College of Education maintains a Bureau of Educational Planning and Development. For details of the purposes and activities of this Bureau, see p. 94.

DEGREES AWARDED BY THE COLLEGE OF EDUCATION

Upon the completion of all specified requirements, including approval by the general faculty, candidates will be awarded the following degrees in the College of Education:

Bachelor of Science in Education for those who major in business education, elementary education, mathematics, or a science;

Bachelor of Science in Home Economics Education for those who major in home economics;

Bachelor of Science in Health Education for those who major in health education;

Bachelor of Science in Physical Education for those who major in physical education;

Bachelor of Arts in Recreation for those who major in recreation;

Bachelor of Science in Industrial Arts Education for those who major in industrial education;

Bachelor of Music Education for those who major in music education;

Bachelor of Arts in Education for majors in all other subjects.

REQUIREMENTS FOR GRADUATION

1. Completion of an application for degree check **no later than the last semester of the junior year**. Application can be obtained from the Office of the Dean.

2. Completion of a minimum of 124 semester hours plus physical education (or equivalent NROTC credits). No more than 5 semester hours of credit earned in workshops may be used towards any bachelor's degree. (See course 429 listed with each of the Education departmental offerings).

3. A scholarship index of 2.0 or higher on the 124 semester hours being counted for graduation, at least a 2.0 grade-point average on all work attempted at the University of New Mexico, and at least a 2.3 grade-point average in the major teaching fields.

4. Completion of 40 semester hours in courses numbered 300 or above.

5. Removal of all high school deficiencies.

6. For minimum residence requirements, see p. 155.

7. Registration with the UNM Placement Bureau.

8. Completion of the prescribed curriculum which leads to the desired degree (see CURRICULA, pp. 203-220). **The student is solely responsible for completing all requirements for graduation, as described in this catalog.**

9. Students who plan to teach in the State of New Mexico must complete the Application for New Mexico Certificate form available from the Graduation Clerk.

NOTE: Students who plan to teach in the secondary schools must complete a teaching major or minor in subjects usually taught in secondary schools. See description of programs in Secondary Education for details. Students who plan to teach in the elementary schools must complete a major or minor of at least 24 semester hours in a subject area. They must follow the curriculum as outlined on pp. 205-206.

GENERAL (LIBERAL) EDUCATION REQUIREMENTS

All prospective educational personnel should be broadly educated as a foundation for a successful professional career. It is required, therefore, that each UNM student expecting to get a degree from the college include in his preparation program a minimum of 48 semester hours of general education plus 4 hours of Physical Education. In general, the group requirements as currently listed for the College of Arts and Sciences and for the College of Fine Arts will satisfy the general education requirements for those expecting to teach, but there are some minor exceptions which will be explained by the Dean of the College of Education. The College of Education requires **all** its graduates to complete the general education requirements as follows. Minimum requirements in items numbered 1 to 6 below must be met; 7 and 8 are optional, but a total of 52 semester hours is required.

REQUIRED AREAS:

Semester
hours

1. **Humanities and Social Science.** The following fields are accepted in this area: anthropology, economics, geography, history, literature, philosophy, political science, and sociology. At least one course in literature (including writing, linguistics, literature from all countries, and foreign language literature courses) and work in two other areas are required. 9-15
2. **Behavioral Science.** A course in General Psychology is required. 3-6
3. **Biological and/or Physical Science.** At least 8 hours in laboratory sciences, including 2 separate labs, are required. Work acceptable for meeting this requirement is offered in the following departments: Astronomy, Biology, Chemistry, Geology, Nuclear Engineering, or Physics. 8-12

4. **Communication Arts.** English 101 and 102 and Speech 256* 6-15
are required. (If English 101 has been waived a minimum of 6
hours is required).
5. **Fine and Practical Arts.** Work in art, art education, industrial 6-12
education, music, architecture, music education, creative dance,
dramatic art, business education, and home economics may be
taken to meet this requirement. At least one course in history
or appreciation (e.g., of music, art, or of architecture) is re-
quired.
6. **Health, Physical Education, and Recreation.** 4 semesters of activity 4-8
courses in physical education are required. An additional
4 semester hours of work in courses other than activity courses
may be included.

OPTIONAL AREAS:

7. **Mathematics.** 3-6
8. **Foreign Language.** Two semesters of a language are required if 6
this area is represented.

Total required	52 sem. hrs.
----------------	--------------

NROTC students may substitute required naval science courses for courses in required Physical Education. The courses in naval science may also be substituted for certain courses in several of the curricula when approved by the appropriate department chairman.

PROFESSIONAL EDUCATION REQUIREMENTS

Most students pursuing teacher education curricula must complete the three professional education courses listed below:

1. **Educational Foundations 290:** Foundations of Education
2. **Educational Foundations 300:** Human Growth and Development*
3. **Educational Foundations 310:** Learning and the Classroom*

In addition to these three courses (the professional core) every student must take other professional education courses as prescribed in the curriculum he is following. A minimum of 24 semester hours in professional education is required.

CURRICULA

Curricula are outlined on the following pages under the respective departments for the purpose of directing students in their chosen fields of work. There are curricula for students preparing to teach in secondary schools and for students who wish to teach in the elementary schools.

Special curricula are provided for students preparing to teach art, music, physical education, home economics, business subjects, or industrial arts in elementary or secondary schools.

* Or approved substitute

Descriptions of the courses offered will be found, listed by departments, in the catalog section "Courses of Instruction."

A special curriculum is provided for students preparing for professional positions in the field of recreation.

ART EDUCATION

MAJOR STUDY (TEACHER CERTIFICATION FOR ART AND PROVISIONAL SECONDARY CERTIFICATES)

A student may enroll in either the College of Education or the College of Fine Arts and satisfy requirements for teacher certification at the secondary level.

The candidate for the B.A. in Education must complete at least 40 semester hours in courses numbered 300 or above.

There are two curricula that prepare the student to teach art in the public schools in New Mexico. The curriculum outlined in detail below qualifies students to apply for a special certificate endorsed for the teaching of art in grades K-12. In the case of these students requiring K-12 certification in Art Education, no minor is required, but the student must complete the required 50 hours in subject matter specialization and 24 hours of professional education.

* Choose from General Education requirements listed on pp. 201-202.

† Students enrolled in the College of Fine Arts must meet group requirements listed on pp. 238-240. This curriculum includes all but 3 hours, which should be taken at this time.

‡ Student teaching may be divided between 2 semesters of the senior year.

CURRICULUM FOR SECONDARY TEACHERS

The second curriculum prepares the student to teach art and a second subject area in grades 7-12. Completion of a departmental minor is required and may be selected from the approved list shown on p. 215. "Electives" in K-12 curriculum may be used to meet minor requirements for secondary teachers. Also, students selecting this curriculum will substitute general courses above 300 for Art Education 400 and 401 in curriculum above. These are the only differences in the curricula.

The successful completion of this curriculum entitles the graduate to apply for the special Professional Secondary Certificate endorsed for the teaching of art and the minor subject by the New Mexico State Department of Education.

MINOR STUDY IN ART EDUCATION

Elementary Education students only: Art 103, 104, 105, and 130; Art Education 110, 115, 220, and 401.

M. Methods and Student Teaching Module. (These courses to be taken concurrently. Students must plan their programs so that the Methods and Student Teaching Modules do not fall in the same academic year.)

MINOR REQUIREMENTS FOR ELEMENTARY EDUCATION MAJORS

Elementary Education majors are required to obtain a minor by completing 24 semester hours in a subject area or a 30 semester hour composite minor approved by the Department of Elementary Education.

Students wishing to pursue a 24 semester hour minor in a subject area should consult the Minor Study requirements in the appropriate department in the "Courses of Instruction" section. Those interested in preparing to teach in special education classrooms will also find the Minor Study in Special Education under Department of Guidance and Special Education in this section; this minor requires 25-28 hours.

Composite minors have been approved in Bilingual Education, Early Childhood Study, Science, and the Social Sciences.

COMPOSITE MINOR IN BILINGUAL EDUCATION. This is designed for students wishing to prepare for teaching bilingual children. In the freshman and sophomore years, the student will complete twelve hours of foreign language unless he can demonstrate acceptable language proficiency (such as at the 301 course equivalency level).

In addition to the language study, the student will complete a minimum of 18 hours, including the required 12 hours in Section A and electives selected from Sections B and C.

A. Required courses (12 hours)		Psych 260 Psych of Adjust	3

El Ed 305 Tchg in Kdgn-Prim Yrs 3
 El Ed 405 Curr for Early Chld 3

COMPOSITE MINOR IN SCIENCE. This is designed for students wishing to pursue a broad fields study of science. Acceptable fields include astronomy, biology, chemistry, geology, physical science, and physics.

The minor must include at least 12 semester hours of work in each of two departments (such as Biology and Geology) and at least 6 semester hours in a third department.

COMPOSITE MINOR IN THE SOCIAL SCIENCES. This is designed for students wishing to pursue a broad fields study of the social sciences. Acceptable fields include anthropology, economics, geography, government, history, and sociology.

The minor must include at least 12 semester hours of study in each of two departments (such as History and Geography) and at least 6 semester hours in a third department.

Students who successfully complete the curriculum for elementary education and earn a bachelor's degree are eligible to apply for a Provisional Elementary Certificate. This is a four-year, grades 1-8 certificate, renewable **only once**.

By the end of the eight-year period of Provisional Certification the holder must qualify for either the Continuing Certificate, the Professional Certificate, or other special-fields certificates. For information regarding these certification programs see p. 193.

GUIDANCE AND SPECIAL EDUCATION

This department offers graduate programs (Master's) in the fields of Guidance and Counseling and Special Education, the Education Specialist (sixth year) in Guidance, and the Doctorate in Pupil Personnel Services. Students wishing to pursue any of these programs should refer to the **Graduate School Bulletin**.

An undergraduate minor with emphasis on Mental Retardation is offered in the field of Special Education at both the elementary and secondary levels.

HOME ECONOMICS

MAJOR STUDY IN COLLEGE OF EDUCATION

CURRICULUM FOR STUDENTS PREPARING TO TEACH HOME ECONOMICS

This curriculum leading to a degree of Bachelor of Science in Home Economics Education is designed to prepare the student to teach Home Economics in junior and senior high schools, for Home Economics Extension work, and for a career in Home Economics in business. The curriculum for students preparing to teach in public schools is approved by the State Department of Vocational Education for positions in the federally-aided schools of the state.

At least 36 hours of home economics subject-matter for a major and 24 hours in a teaching minor are required for a 4-year provisional vocational home economics certificate or a 4-year provisional secondary certificate in New Mexico. Some suggested minors are: Art, Biology, Business Education, English, Journalism, History, Library Science, Modern Languages, Music, and Special Education.

CURRICULUM FOR STUDENTS WISHING A DOUBLE MAJOR IN HOME ECONOMICS AND DIETETICS

For a combined major in Home Economics Education and Dietetics, the student takes all courses under "Curriculum for Students Preparing to Teach Home Economics," except minor hours. In addition the following are required: H Ec 427L, 428, 431L, 433, 434; Biol. 121, 233L; B&AS 105 and B&AS 496 or Psych 451. The

* Choose from General Education requirements listed on pp. 201-202.

program totals 133 hours for graduation. This program qualifies the individual for an internship and a teaching certificate.

MAJOR STUDY IN ARTS AND SCIENCES

A major study in Home Economics in the College of Arts and Sciences prepares the student for a career in Home Economics in business or in the home. Following courses are required: H Ec 102, 120L, 150L, 222L, 325, 341, 408L, 418, 431L, 443, and either 252 or 254L. Chemistry 141L and 281, and Biology 136 and 233L are also required.

The dietetic program in the College of Arts and Sciences requires 136 hours for graduation. Following courses are required: H Ec 102, 120L, 150, 222L, 325, 326L, 427L, 428, 431L, 434, 443, and 6 hours from 252, 341 408L, 418; Biol 136, 139L, 233L; Chem 141L, 142L, 281; Econ 100 or 330; Psych 102, 210, 451; Soc 101; B&AS 105; Art History, 3 hours; approved electives to complete a distributed minor, and additional courses to meet the requirements of the College of Arts and Sciences.

If a student majors in Home Economics in the College of Arts and Sciences, she may not have any other hours outside the college.

SECONDARY EDUCATION

CERTIFICATION REQUIREMENTS

Successful completion of any of the following programs under the heading of Secondary Education prepares the graduating senior for application for a four-year, provisional teaching certificate issued by the State Department of Education, Santa Fe, New Mexico. University departmental approval is given to all students successfully completing the following programs. Non-degree students and students already holding their bachelor's degrees but taking work in Pro-

* Choose from General Education requirements listed on pp. 201-202.

** Student teaching may be scheduled in either semester of the senior year.

fessional Education may or may not be on approved programs. All students working towards certification should consult with their advisers in Professional Education if they are interested in meeting certification requirements.

Certification beyond the four-year provisional certificate depends upon additional academic and professional course work. See p. 193 for a description of teaching certificates.

Since it is possible to earn a master's degree in Secondary Education without meeting certain certification requirements related in some instances to undergraduate preparation, graduate students need to consult with their advisers in Professional Education as do undergraduate students. See **Graduate School Bulletin** for further details.

PROGRAMS FOR TEACHERS IN SECONDARY SCHOOLS

The following curricula, leading to the degrees of Bachelor of Arts in Education and Bachelor of Science in Education, are designed for students preparing for junior and senior high school teaching. Each student should select one of these curricula no later than 4 semesters prior to his expected date of graduation. The general conditions under which students may select these curricula are to be found under "Degree Requirements" of the "General Academic Regulations."

For graduation from the College of Education in Secondary Education the candidate must have successfully completed, in conformity with the regulations prescribed for the several major and minor concentrations, not less than one departmental major concentration and one departmental minor concentration. These concentrations shall total at least 51 semester hours of credit.

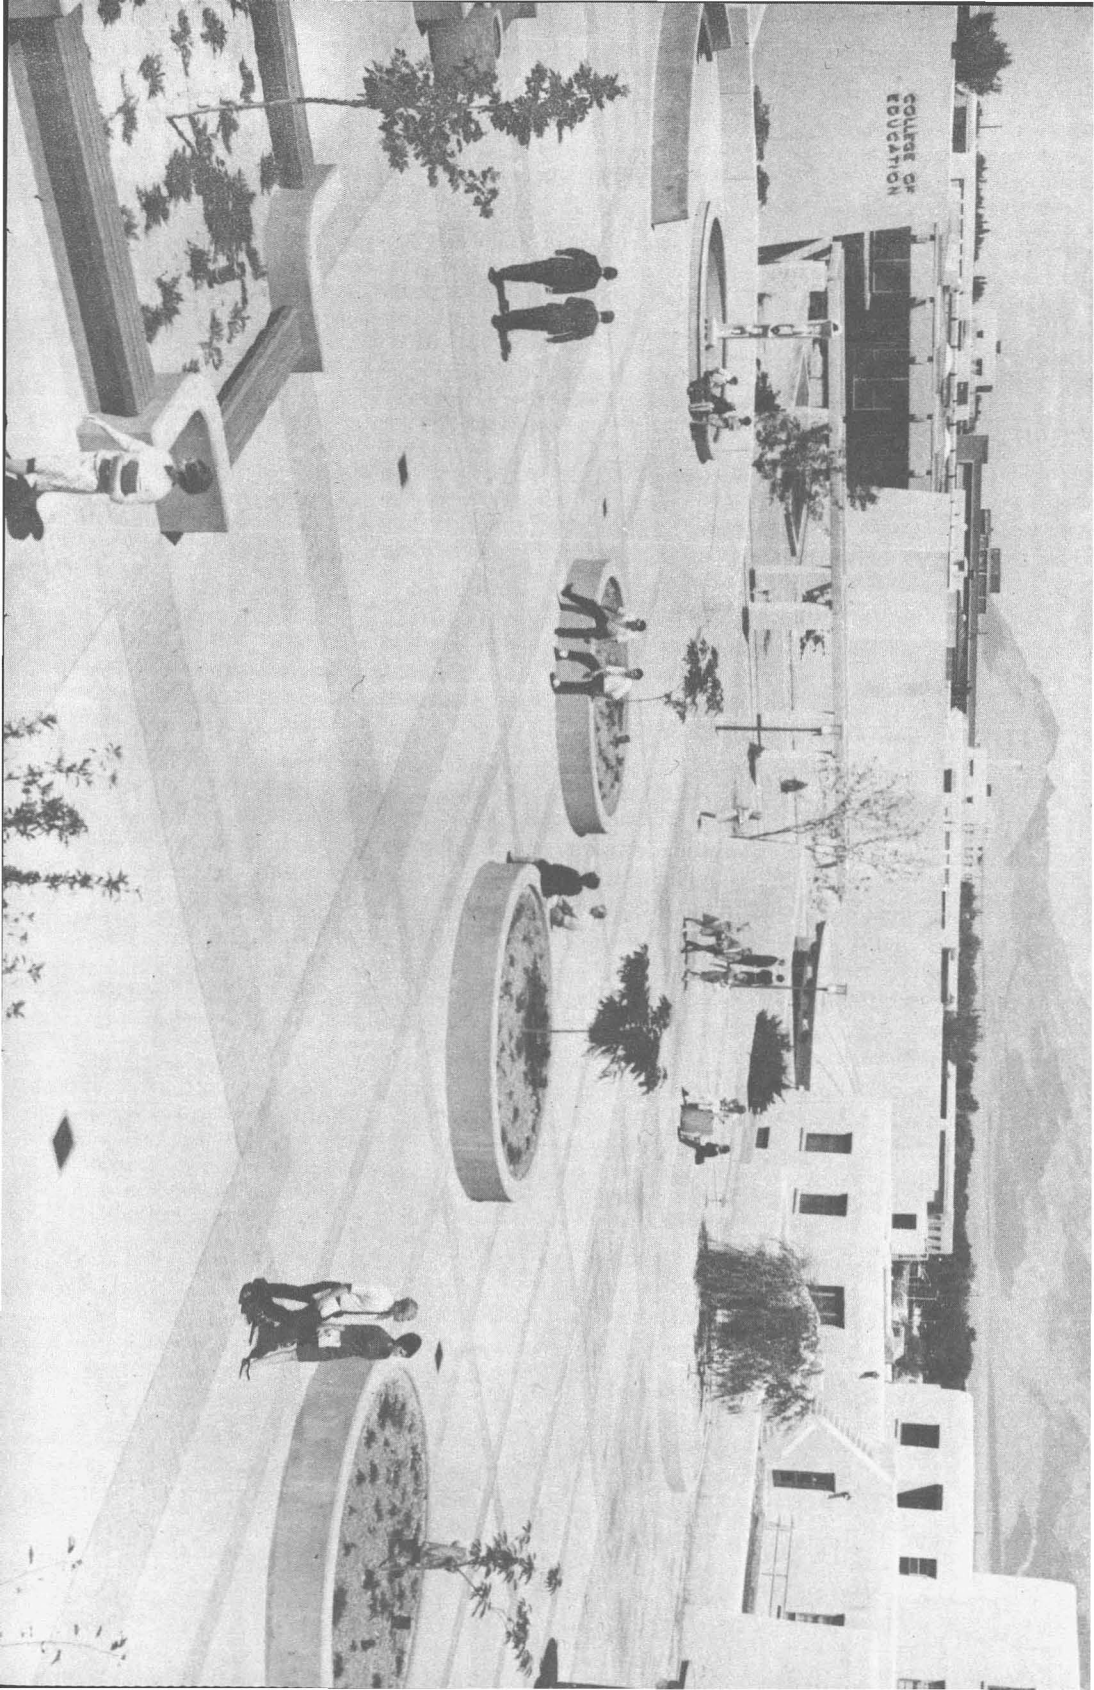

Acceptable as major or minor concentrations are: Biology, Chemistry, English, French, Geography, Geology, German, Political Science, History, Mathematics, Physics, Spanish, Speech, and Teaching of English as Second Language. Acceptable as minor concentrations **only** are: Anthropology, Astronomy, Business and Administrative Sciences, Dramatic Art, Economics, Journalism, Latin, Library Science, Philosophy, Portuguese, Psychology, Sociology, and Teaching of Reading in Secondary School. All teaching minors must include at least 18 semester hours.

Students who wish to elect teaching major and minor concentrations not listed above will consult the Chairman of the Department of Secondary Education and the department concerned for detailed information and requirements.

SPECIAL FIELDS FOR TEACHING

1. Art Education: For details see p. 203.
2. Business Education: For details see p. 204.
3. Home Economics: For details see p. 211.
4. Industrial Education: For details see p. 213.
5. Music Education: For details see p. 213.
6. Physical Education for Men: For details see p. 208.
7. Physical Education for Women: For details see p. 209.
8. Health Education: For details see p. 210.

GENERAL EDUCATION. The General Education program for students in Secondary Education is the same as that required of other undergraduate students in Education (see pp. 201-202 of this catalog).

DEPARTMENTAL REQUIREMENTS FOR STUDENT TEACHING. Students under jurisdiction of this department must present an over-all grade-point average of at least 2.2 and a grade-point average in a major (teaching) concentration of at least 2.5 at the time of enrollment in student teaching.

COMPOSITE TEACHING AREAS

The composite teaching major area is designed to enable the prospective teacher to acquire unified learning within a broad field of closely related subject matter disciplines which would not be possible in a single subject-matter major teaching area.

The application of this unified knowledge to the teaching of currently unified or generalized secondary school subjects (e.g., Communication Arts, General Science, Social Studies) is an avowed purpose of this form of preparation.

The composite is also designed to prepare students to teach adequately in several closely related subjects. This type of preparation will be of advantage to novice teachers beginning their careers in small secondary schools in which they must expect multiple rather than single subject teaching assignments.

COMPOSITE IN SOCIAL STUDIES IN SECONDARY EDUCATION. The composite major in general social studies shall consist of at least 54 hours, including freshman courses, of which at least 24 hours must be in the Department of History, including 2 courses in United States and 2 courses in European or World History; 9 hours in the Departments of Political Science or Economics; 12 hours in the Departments of Anthropology, Geography, Philosophy, or Sociology; and 9 hours in electives from these departments. No minor is required with the general social studies major, but one is strongly recommended.

COMPOSITE IN SCIENCE. The composite major in science shall consist of at least 54 hours in the broad fields of science and mathematics. No minor is required, but one is strongly recommended. Three areas of concentration are available in the composite major.

Physical Science: This program requires 8 hours of mathematics 162 and above, 30 hours selected from the combined areas of physics and chemistry (a minimum of 11 hours from each field). Three to four hours of industrial education may be selected from I.E. 115L, 116L, 245, or 280L. The balance of the 54 hours may be selected from chemistry, physics, mathematics, geology, astronomy, or biology. Eight hours of biology are recommended.

† See p. 197 for admission requirements. Music Education 462 may be included as a second experience in student teaching, with the approval of the adviser.

Earth Science: This program requires 8 hours of mathematics 162 and above, 3 hours of astronomy, 8 hours of chemistry, 11 hours of physics (including 103), geography 351, and 20 hours of geology. The balance of the 54 hours may be selected from any of the areas above or from biology.

Life Science: This program requires 4 hours of mathematics, 8 hours of chemistry, 24 hours of biology. Six hours may be selected from Anthropology 307L, Psychology 295 and 493. The balance of the 54 hours can be selected from chemistry, biology, physics, or geology.

COMPOSITE IN COMMUNICATION ARTS IN SECONDARY EDUCATION. The composite major in communication arts shall consist of at least 54 hours. At least 24 of these hours must be in English, including one course in each of these areas: critical approaches to literature, linguistics, creative or informative writing, southwest literature, British literature, American literature, contemporary literature, and one elective course in English. All communication arts majors are also required to take Secondary Education 442 (Teaching Reading in the Secondary Schools). An additional concentration of 18 hours is required in **one** of these departments: Speech, Dramatic Art, or Journalism. Nine (9) hours of electives should be chosen from the following courses: Speech 315, 411; Journalism 100, 465, 494. In addition to the 54-hour major, all communication arts students are required to pursue the 24-hour professional education program including Secondary Education 430 (Teaching of the Communication Arts). No minor is required with the communication arts major, but one is strongly recommended.

PROGRAM IN SECONDARY EDUCATION LEADING TO CERTIFICATION IN TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES

The Department of Secondary Education offers an approved major or minor course of study leading to certification in Teaching of English to Speakers of Other Language. The general and professional education requirements of the college and the department must be met. Candidates for admission into this program should apply for special screening at the time they apply for admission into the College of Education. Before graduation the candidate will show evidence of proficiency in spoken and written English, knowledge of the culture and traditions of the United States, knowledge and understanding of the cultures of the Southwest, ability to communicate basic ideas in a second language, knowledge of the structure of English and of one or more of the languages spoken in New Mexico, understanding of the principles of second language pedagogy and ability to apply these principles in the use and development of effective teaching methods.

Major: The major shall include 36 hours of interdisciplinary study including course work in each of these areas: foreign language (preferably Spanish or one of the Indian languages) 12 hours; linguistics, contrastive analysis of languages, methods on teaching English to speakers of other languages, English language phonology, cultural anthropology, grammar of English (an upper division course), education in cross-cultural settings, and an elective chosen with the approval of the adviser in the Department of Secondary Education.

Minor: The minor shall include 24 hours of interdisciplinary study including course work in each of these areas: foreign language (preferably Spanish or one of the Indian languages, 6 hours; linguistics, grammar of English (an upper division course), methods in teaching English to speakers of other languages, cultural anthropology, English language phonology, and an elective chosen with approval of the adviser in the Department of Secondary Education.

Broad Field Certification: A student may elect to work toward certification in Teaching English to Speakers of Other Languages under the broad field concept. It is recommended that the applicant then augment the major of 36 hours with 21 additional hours in foreign language and English for a total of 57 semester hours: foreign language (preferably Spanish or one of the Indian languages) 12 hours; English 9 hours including American literature, creative or informative writing (upper division course), speech (upper division course).

Professional Education: The student must pursue the professional education program of 24 hours, including appropriate pre-student teaching and student teaching experiences in the application of approaches, methods, and techniques in teaching English to speakers of other languages in the Southwest.

PROGRAM IN TEACHING OF READING IN THE SECONDARY SCHOOLS

Students in the Department of Secondary Education may apply for admission into a minor program leading to certification in the Teaching of Reading in the Secondary Schools. The general and professional education requirements of the college and the department must be met, and the student must also pursue a program in another major teaching field. Candidates for admission into the minor in reading program should apply for special screening at the time they apply for admission into the College of Education. The minor in teaching reading in the secondary school will include 24 hours of interdisciplinary course work in each of these areas: Secondary Education 442 (Teaching Reading in the Secondary Schools), psychology of reading, classroom diagnosis of reading, a practicum in the secondary classroom, tests and measures, adolescent psychology, adolescent literature, and linguistics. The professional education program will be designed to provide appropriate pre-student teaching and student teaching experiences in the application of approaches, methods, and techniques in teaching reading in remedial, developmental, and accelerated programs in secondary school settings.

‡‡ See p. 197 for admission requirements. Student Teaching may be taken during either or both of the semesters in the senior year, but must be arranged not later than the Spring semester of the junior year.

COLLEGE OF ENGINEERING

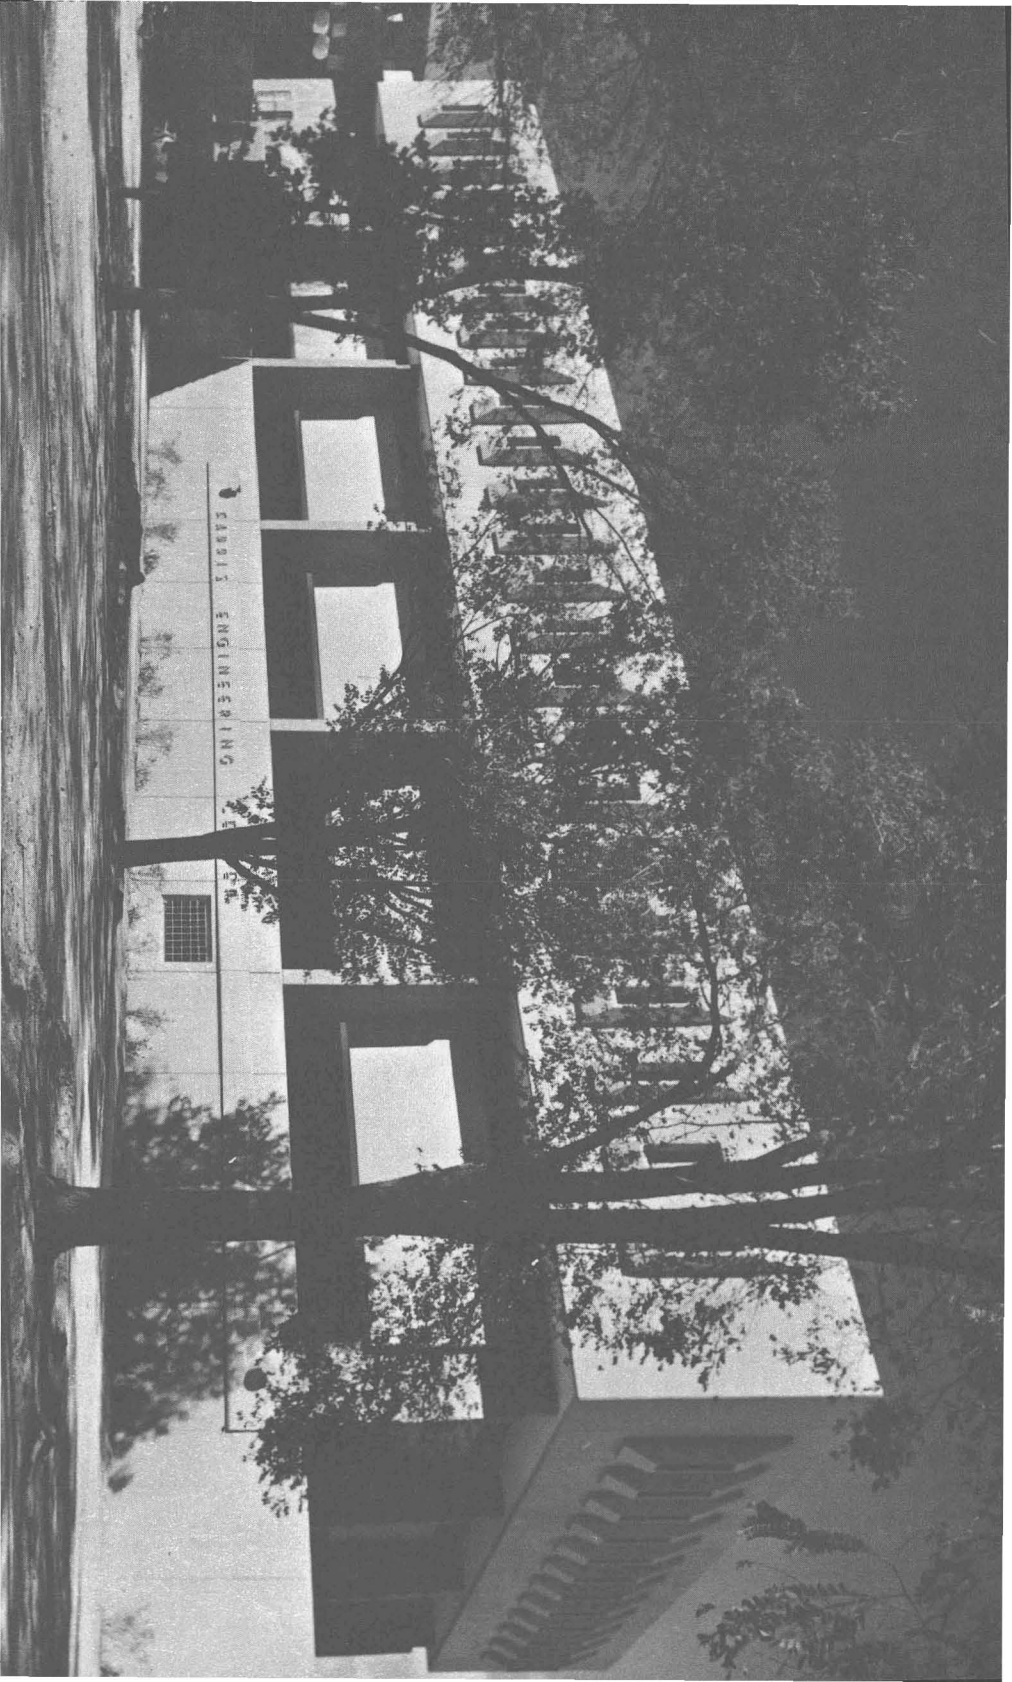

THE ENGINEER is a creator and a builder. He directs his imagination, ingenuity, resourcefulness, and intelligence to the economical usage of our natural resources. He is beginning to probe the mysteries of cosmic space. Few professions offer the individual greater challenge, stimulation, and satisfaction of creative accomplishment. In these days, when breathtaking technological advances are commonplace, the engineer requires ever greater breadth and depth of mathematical and scientific cognition. Of increasing importance is the ability for clear self-expression and a sympathetic appreciation of the social, economic, and human values of the world in which we live. The engineer is not only an interpreter of science and mathematics to the producers of human material needs, but he is also a manager of men, money, materials, and machines in effecting the satisfaction of these needs.

The continued growth of American industry and technology has created a demand for engineers far in excess of supply. Present and predicted enrollments in schools of engineering indicate that the shortage will continue for many years to come. Certainly, no profession offers greater challenges or a more promising future. Surveys show that the income of the engineer compares very favorably with that of the other professions. American industry and commerce are increasingly utilizing engineers in top administrative positions.

The several curricula of the College of Engineering are designed to give the student suitable education, attitudes, and motivations for his entry into a successful career as a practicing engineer, administrator, researcher, or educator. The undergraduate programs are solidly founded on mathematics and the natural sciences with additional emphasis being placed upon human values and relations. This broad grounding in itself is not sufficient, however, and these curricula strive to develop the beginnings of sound judgment, perspective, and a penetrating curiosity. Many graduates continue their formal education at the post-graduate level and work toward the master's or doctor's degree. The student must realize, however, that education does not stop with the completion of college. More truthfully, this is when education really begins. The true professional engineer never stops learning; he is continually broadening his intellectual horizons. One indication of continued growth and development is registration as a professional engineer. Every state has established criteria of education and experience which must be met before an engineer can enjoy this status.

In the College of Engineering, the student is afforded an opportunity for scholarly study, laboratory exercise, and research participation. He daily rubs shoulders with engineers nationally recognized in their fields. The University of New Mexico strongly believes that engineering teachers must be competent engineers in their own right, and faculty members are encouraged to participate actively in professional practice and research. This experience keeps the faculty informed on new developments, increases their understanding of subjects taught, and gives the student the benefit of their findings and personal experiences. Faculty and students work side by side in research and instructional laboratories.

The College of Engineering maintains a Bureau of Engineering Research. For details of the Bureau's purposes and activities, see p. 94.

Farris Engineering Center

It is important that the high school student who wishes to pursue professional engineering studies at the University of New Mexico orient his subject selection in the proper directions at the earliest possible moment. The student properly prepared will be able to follow the regular pattern of studies without the necessity of making up scholastic deficiencies. Students inadequately prepared in mathematics or English are required to take remedial work for no credit to remove these subject deficiencies. Students with particularly high scores in the English area of the ACT are excused from English 101 (3 hours); those who are placed in Mathematics 163 are excused from Mathematics 162 (4 hours).

Students intending to study engineering should take in high school all of the mathematics and English possible as well as chemistry and physics. The mathematics should include a minimum of 2 units of algebra, 1 unit of geometry, and $\frac{1}{2}$ unit of trigonometry or college-preparatory mathematics.

All freshman students are admitted to the University College. A detailed statement of entrance requirements to University College is in the "Admission" section of this catalog. All freshman engineering students, during their residence in University College, take the prescribed freshman engineering course of study as set forth on p. 226. In addition, each freshman engineering student is advised by a faculty member of the student's major engineering department.

To be eligible for transfer to the College of Engineering from the University College, the student must meet the requirements listed below:

1. Completion of 26 semester hours of acceptable credit.
2. (a) A scholarship index of at least 2.0 on all hours attempted;

(b) A scholarship index of at least 2.0 on all hours attempted in the previous 2 semesters of enrollment; provided that, if fewer than 26 hours were attempted in the previous 2 semesters, a scholarship index of at least 2.0 shall be required on all work attempted in as many previous consecutive semesters as are necessary to bring the student's total hours attempted to at least 30.

A student will be eligible for transfer to the College of Engineering from other degree-granting colleges of the University or from other accredited institutions if he has a grade-point index of 2.0 or better on all work attempted in the other degree-granting colleges or institutions, and if he has completed 26 semester hours of acceptable credit.

The College of Engineering offers 4-year programs of study leading to the degrees of Bachelor of Science in Chemical Engineering, Bachelor of Science in Civil Engineering, Bachelor of Science in Electrical Engineering, and Bachelor of

Science in Mechanical Engineering. These 4-year curricula are designed for the student who enters without deficiencies and who is capable of carrying the required scholastic loads indicated under the respective departmental programs. Otherwise, the student should plan on spending more than 8 regular semesters to complete requirements for his degree.

The College of Engineering is a member of the American Society for Engineering Education. The curricula in Civil, Electrical and Computer Science, and Mechanical Engineering are accredited by the Engineers' Council for Professional Development.

SPECIAL FIELDS

In addition to the major fields of study listed above, it is possible for the student to specialize in some degree by choosing appropriate elective courses within the basic curriculum of his major department. A few of the many possibilities are: Aerospace Engineering, Computers, Fuel Processing, Structural Engineering, and Theoretical and Applied Mechanics. All departments make use of the modern, high-speed computers located in the Engineering College and the University of New Mexico Computing Center.

DEGREES IN COMBINATION WITH OTHER COLLEGES

If a student wishes to secure a degree in another college together with his engineering degree, he is urged to seek advice early in his college career from the deans of the colleges concerned. With care in selecting his program of studies, it is possible for a student to secure two degrees in one additional year.

AEROSPACE STUDIES, NAVAL SCIENCE

It is possible for students enrolled in the Air Force ROTC or the Naval ROTC to complete their degree program in 4 years. However, students may need an extra semester to complete the requirements for both a degree and a commission. The student should consult the department chairman concerned in planning his program.

COOPERATIVE EDUCATION PROGRAM

The College of Engineering offers a Cooperative Education Program for students intending to pursue a program in Civil, Electrical and Computer Science, or Mechanical Engineering. This is a five year curriculum which combines classroom study alternated with a planned program of related engineering work experience in industry. The objective of this program is to provide, to the student, an opportunity to study engineering while simultaneously obtaining practical engineering experience through productive employment. This program gives the student an opportunity to earn a major portion of college expenses.

A student who wishes to take part in the Engineering College's Co-op program will enroll at the University and indicate his (or her) intention to study engineering. During the first semester the student should apply to the Dean of Engineering for co-op status. Students must complete at least one semester of the usual freshman engineering program with at least a "C" average before being assigned to his first work phase. Co-op students will normally go on their first work phase either during the second semester of their freshman year or at the beginning of the

summer following the freshman year. Thereafter, the student will alternate between school and work phase.

Prior to leaving the campus for every work phase, the co-op student must register for the co-op work phase and pay a registration fee of \$15.00. This registration maintains the student's academic and selective service status. This registration must be completed before the end of the twelfth week of a regular semester or before the end of the sixth week of a summer session.

In the exceptional case of a student entering the first work phase prior to the first academic phase, he must apply for early admission to the University, have been accepted by the University and registered for the co-op work phase for the academic term matching said work phase.

GRADUATE STUDY

A program of graduate studies is offered by the College of Engineering leading to the Master of Science degree with a major in Chemical Engineering, Civil Engineering, Electrical Engineering and Computer Science, Mechanical Engineering, and Nuclear Engineering. A fifth year of study leading to the Master's degree is strongly recommended for students of more than usual ability who believe that they can profit from the additional study.

A program of graduate study in **Mechanics**, leading to advanced degrees, is offered jointly by the departments of civil and mechanical engineering. Also available in the College of Engineering is a graduate program in **Science of Materials**.

A program of graduate study in **Computer Science**, leading to advanced degrees, is available in the Engineering College. Graduate students should consult the engineering departmental listings in the **Graduate School Bulletin** for additional information on the computer study options available in that department. Descriptions of the computer and computer related courses offered by the several engineering departments will be found in the "Courses of Instruction" section of this catalog.

The College of Engineering offers through the Graduate School a program leading to the degree of Doctor of Philosophy in Engineering, under which study concentrations may be pursued in a variety of engineering fields. Consult the current **Graduate School Bulletin** for details of these programs.

SCHOLASTIC REGULATIONS

The student should become familiar with the general academic and scholastic rules which apply to all students enrolled in the University (see pp. 151-153). Special attention is called to the rules on probation and suspension.

COURSES NUMBERED 300 OR ABOVE

A student may be admitted to courses numbered 300 or above in the College of Engineering (1) if he is not more than 8 hours short of completing all freshman and sophomore requirements, (2) if he has completed all prerequisites for the course in question, (3) if the remaining lower-division requirements appear on his program, or (4) at the discretion of the Dean of the College. If a student fails a required lower-division course while enrolled in a 300-level course, he will not be eligible to enroll in additional 300-level courses until all required freshman and sophomore courses have been completed.

The College of Engineering will not accept 300-level or above engineering courses which have been taken by extension or correspondence.

MAXIMUM SEMESTER HOUR LOAD

The maximum semester hour load for students in the College of Engineering is 20 hours, including physical education. Only in exceptional cases and with approval of the Dean of the College will a student be permitted to carry 21 hours.

GRADUATION REQUIREMENTS

Specific graduation requirements are as follows:

1. Candidates for the Bachelor of Science in any of the engineering departments must complete all of the work outlined in their respective curricula. **The student is solely responsible for completing all requirements for graduation.**
2. Each candidate for a degree must have at least a 2.0 grade-point average on work taken at The University of New Mexico which is counted toward his graduation. Three-fourths of the semester hours offered toward a degree must be of C grade or better.
3. For minimum residence requirements, see p. 155.
4. If a beginning student is placed in Mathematics 163 because of high ACT scores in that area and completes the course with a grade of C or better, the hours required for graduation will be reduced by four.
5. If a student is placed in English 102 because of high ACT scores in that area and completes the course with a grade of C or better, the hours required for graduation will be reduced by three.
6. Four semesters Physical Education Activity.

CURRICULA OFFERED BY THE COLLEGE OF ENGINEERING

The College of Engineering offers work in the departments listed in alphabetical order on the following pages. Curriculum requirements are set forth under each department. Descriptions of the courses offered will be found, listed by departments, in the catalog section "Courses of Instruction."

COURSE OF STUDY FOR ALL ENGINEERING STUDENTS

First Semester		Freshman Year		Second Semester		Hrs.	
	Cr.	Lect.-Lab.			Cr.	Lect.-Lab.	
Chem 101L Gen	4	(3-3)		CE 102L Engr Comp Meth	3	(2-4)	
Engl 101 Wrting w/Rdgs in Expos	3	(3-0)		Physics 160 Gen	3	(3-0)	
CE 104L Intro to Engr	4	(1-6)		Math 163-Intro-to Anal	4	(4-0)	
Math 162 Intro to Anal	4	(4-0)		**Elective	3	(3-0)	
				***Science Elective	3 or 4	(3-3)	
	15	(11-9)			16 or 17	(15-7)	
PE Activity	1			PE Activity	1		

** English 261, humanities, or social science elective. Consult adviser.

*** Students who intend to major in Chem Engr must take Chem 102L or 122L. Others should consult adviser.

NOTES:

1. High school preparation for Mathematics 162 should include at least 2 units of algebra, 1 of geometry, and $\frac{1}{2}$ of trigonometry or college preparatory mathematics. Students who do not qualify for Mathematics 162 on the ACT mathematics test will be required to take remedial mathematics.

2. Students with unsatisfactory scores in the ACT English area will be required to take remedial English.

3. For a description of the freshman courses refer to p. 398 for Mathematics; to p. 371 for English; to p. 306 for Chemistry; to p. 354 for Civil Engineering; and to p. 438 for Physics.

4. The courses listed in this freshman year program by name and number are considered to be part of the student's major and may not be taken on a credit (CR) basis (see p. 146 for an explanation of the grading system).

CHEMICAL ENGINEERING

Chemical Engineering is that branch of engineering concerned with the development and application of manufacturing processes in which chemical or certain physical changes of material are involved.

The course in Chemical Engineering is designed to afford the student broad training in the fundamentals of mathematics, physics, chemistry, and engineering to meet the needs of the chemical or related industries where men competent to design, develop, and operate new processes and to improve existing processes are required. The chemical engineer is not specifically trained for only one industry. The distinctly professional courses of Unit Operations and Unit Processes enable him to apply his knowledge to any chemical or process industry with relatively little difficulty.

The graduate chemical engineer will find many avenues of opportunities in research and development; production, operation, and maintenance; management and administration; design, construction, and installation; technical service and sales; consulting; teaching, and technical writing, etc., in such industries as industrial chemicals, petroleum, explosives, plastics, rubber products, paper and allied products, synthetic rubber, food products, drugs, insecticides, glass, cement, clay, iron and steel, paints and varnishes, oils, soaps, rayon and synthetics.

CHEMICAL ENGINEERING LABORATORY. The Chemical Engineering building has a floor space of over 8,000 sq. ft. and contains a laboratory adequately equipped with pilot plant equipment for use in the study of Unit Operations of Chemical Engineering such as fluid flow, heat flow, evaporation, distillation, air conditioning, absorption, filtration, crystallization, etc., and Unit Processes such as nitration, sulfonation, hydrogenation, etc.

The process development laboratory is well equipped for the study of small scale manufacture of chemical products.

Adequate classroom space and design laboratory are available. Shop facilities are in conjunction with the well-equipped Engineering Shop.

	15	(13-6)				15	(12-9)

NOTE:

Electives, in consultation with the Department Chairman, may be chosen from technical or non-technical fields depending upon the needs of the student. Students enrolled in the ROTC programs may, with the approval of the Department Chairman, substitute Aerospace Studies or Naval Science for up to 6 hours of technical electives.

CIVIL ENGINEERING

Civil Engineering is an extremely broad professional field. Areas of interest include such seemingly diverse subjects as the theory of traffic flow, electronic computations, microbiology, the chemistry of polymers, network theory, earth physics, the stresses and strains induced in aerospace structures, the psychology of automobile driver behavior, the problems of air and water pollution, and the effects of earthquakes on structures. Civil Engineering problems involve the physical, mathematical, life, earth, social and engineering sciences, and may involve many other professional areas. However, Civil Engineering does have a unique and unified role. In particular, Civil Engineering is concerned with the engineering (planning, design and construction) of systems of constructed facilities related to man's basic needs and desires. The facilities are often large or extensive and must be engineered as operational systems involving the complex interaction of many components with each other as well as with the physical

* Reduced for students placed ahead in freshman mathematics and/or English.

and social environment. Typical Civil Engineering facilities include transportation systems, water conservation and distribution systems, pollution control and waste disposal projects, and various structural systems such as buildings, bridges, and aerospace vehicles and launching facilities.

The scope and complexity as well as the interdisciplinary involvement of Civil Engineering continues to increase rapidly with the development of modern science and technology, and the population growth with its spiraling demands upon the air-land-water environment. The future challenges to the profession are immense. The preparation of the Civil Engineering student is aimed toward meeting these challenges through innovative application of known principles, creative research to discover new approaches, and imaginative design to fulfill society's needs. Civil Engineers with advanced education beyond the baccalaureate are in increasing demand. Students with sufficiently high grades should continue to the master's degree or beyond.

CONSTRUCTION OPTION. R. H. Clough, Adviser. Students who are interested in careers in the construction industry can elect to follow the construction option which is offered by the Department of Civil Engineering. This option, which culminates in a bachelor's degree in Civil Engineering, allows the student to take courses in accounting, economics, construction management, labor relations, and other construction-related courses. Students who wish to take the construction option must enter the program at the start of their sophomore year, and they will be encouraged to take jobs in the construction industry during the summer months.

HONORS PROGRAM. Eligible freshmen and upper classmen in the Department of Civil Engineering are urged to enroll in the Honors Program. Civil Engineering students may graduate with General Honors (Honors in General Studies) or with Departmental Honors, or with both. Information is available from University College Advisers, Departmental Advisers, and the University Honors Center.

COOPERATIVE EDUCATION PROGRAM. The Department of Civil Engineering offers a Cooperative Education Program which alternates classroom study with a planned program of related work experience (see page 224 for further details). In some cases it is possible for a student to work in engineering practice under the program during the summer immediately after graduation from high school. Additional information may be obtained from the Chairman of the Department of Civil Engineering.

CIVIL ENGINEERING LABORATORIES. The Civil Engineering Laboratories have been designed to be an integral part of the educational process as well as an introduction to modern industrial laboratory practice in materials quality control, design, and research. Well-equipped instructional laboratories are provided for engineering measurements, mechanics of materials, concrete and bituminous materials, soil mechanics, fluid mechanics, and sanitary engineering. Modern experimental equipment and techniques are utilized in all laboratories.

COMPUTATIONAL FACILITIES. Freshmen engineering students are introduced to the use of the IBM 360 Computer. Sophomore and upper division classes have

access to key punch machines and the computer. In addition the Civil Engineering Department provides analog computer facilities. The use of modern digital and analog computers is an integral part of the instruction at all levels.

	16	(16-0)					15	(15-0)

NOTES:

Electives are to be chosen from the humanities and social sciences. See Department Chairman for list of approved courses.

See Department Chairman for list of approved technical electives. Students enrolled in the ROTC programs may, with approval of the Department Chairman, substitute Aerospace Studies or Naval Science for up to 6 hours of technical electives.

ELECTRICAL ENGINEERING AND COMPUTER SCIENCE

Electrical Engineering technology is changing very rapidly. Standard practice one year becomes obsolete the next. For these reasons the curriculum in Electrical Engineering and Computer Science stresses fundamental concepts as well as current application methods. Thus the student is prepared to understand new developments in this dynamic technical field.

AREAS OF SPECIALIZATION. The curriculum provides considerable freedom in choice of electives, particularly during the senior year. The student can pursue

* Reduced for students placed ahead in freshman mathematics and/or English.

his interests in such areas as computers, control systems, communications, electronics, microwaves, solid state, and systems. The student may also choose to develop a strong supporting program in such areas as business administration, life sciences, and mathematics.

An increasing number of students are continuing their studies beyond the bachelor's degree. Such students should select their elective courses in the senior year so that they form a coherent pattern with the graduate courses in their area of specialty.

COMPUTER SCIENCE. A program with a specialization in computer science is available. A student may elect as many as 30 hours of coursework in the computer and related areas in this program.

SPECIAL 5-YEAR PROGRAMS. This department participates in the College of Engineering Cooperative Education Program. It is a five-year curriculum which offers during alternate semesters (including the summer session) classroom study and during off semesters a planned program of related engineering work experience in industry.

For students who wish to combine a B.S. Degree in engineering with a Master's Degree in Business Administration, there is available in cooperation with the School of Business and Administrative Sciences a "three-two" program. The student must satisfy the academic requirements of both entities, and early consultation on his curricula is encouraged.

Students interested in Nuclear Engineering may arrange their undergraduate electives so that a Master's degree in Nuclear Engineering may be obtained within an additional year.

ELECTRICAL ENGINEERING LABORATORIES. Laboratories are available in the major specialty areas of Electrical Engineering. Laboratory courses are organized around design and the solution of engineering problems rather than a pattern of routine experiments. Students interested in pursuing individual study may do so under the departmental honors program or courses in individual problems.

CURRICULUM IN ELECTRICAL ENGINEERING AND COMPUTER SCIENCE

NOTES:

1. At least 15 hours of electives are to be taken in the humanities and social sciences.
2. Normally, at least 12 hours are taken in Electrical Engineering to form a coherent program.
3. The remaining electives may be taken in any field with departmental approval. Students completing the ROTC programs may, with the approval of the Department Chairman, substitute up to 6 hours of Aerospace Studies or Naval Science for free elective.

MECHANICAL ENGINEERING

Mechanical engineering is concerned with engineering research, development, design, production, and operation of mechanical systems, as well as with the management of these activities. In general, mechanical systems either generate power from fuel, or they transmit power or motion. Typical mechanical systems include: power plants, such as central electrical power generation stations, jet and rocket engines, and fuel cells; environmental control systems for terrestrial or space applications; and all kinds of devices for transmitting or controlling motion and power, ranging from high-speed printers for computers to miniature devices for rocket or spacecraft control.

In view of the rapid expansion and changes taking place in technology, the preparation of the engineering student must be broad; hence the program of study is designed to give the engineer not only the basic skills of his profession but also a general education which enhances the ability to adapt to the changing needs of his profession. The undergraduate curriculum begins with a thorough preparation in mathematics and physical sciences together with studies in the humanities and social sciences. The basic science courses are followed by the fundamental courses of engineering science: mechanics; thermodynamics; electrical circuits, and materials science. These courses are followed by courses in which the student has an opportunity to analyze and design important engineering systems.

The laboratory content of the curriculum provides instruction in the bases and the techniques of engineering measurements and the methods of experimental engineering.

In the senior year, students have the opportunity to choose technical electives which apply the principles previously learned. Students may choose electives in preparation for graduate study, to enhance their preparation for a

broad career in mechanical engineering, or they may choose sequences of technical electives to gain proficiency in selected areas.

The Mechanical Engineering Department participates in the Cooperative Education Program described on p. 224 of this catalog. Interested students desiring further information should contact the department chairman or the Dean of the College of Engineering.

A combined ME-MBA program is available in which a student may earn both a BS in Mechanical Engineering and a Master of Business Administration degree within five years. Study during at least one summer session is necessary. To complete requirements for both degrees, the student should begin his planning for the combined program during the sophomore year. Details are available from the Department of Mechanical Engineering and the School of Business and Administrative Sciences.

Graduate study for the Master of Science and Doctor of Philosophy degrees is offered by the department. Programs are offered in the areas of solid mechanics, fluid mechanics, thermodynamics, and heat transfer. A program is available for students desiring emphasis in digital computer applications. For further information on graduate programs, contact the Graduate Adviser in the Mechanical Engineering Department.

CURRICULUM IN MECHANICAL ENGINEERING

Hours required for graduation: 130* + 4 P.E.

Technical Elective	3	(3-0)					
	14	(10-12)			15	(15-0)	

* Reduced for students placed ahead in freshman mathematics and/or English.

NOTES:

Electives are to be chosen from the humanities and social sciences, with the approval of the Department Chairman.

Technical electives may be chosen from the following courses: ME 350, 352L, 355, 356, 359L, 365, 414, 480, 482, 490, 491, 492, and other engineering and science courses, with approval of the Department Chairman. Students enrolled in the ROTC programs may, with approval of the Department Chairman, substitute Aerospace Studies or Naval Science for up to 6 hours of technical electives.

NUCLEAR ENGINEERING

Nuclear Engineering is concerned with the release, control and utilization of energy from all types of nuclear processes; and with the control and utilization of radiation. It is a relatively new branch of engineering with rapid changes and frequent breakthroughs which requires men capable of developing new ideas and new concepts.

Graduate nuclear engineers find many challenging opportunities in projects concerned with fission reactors, controlled nuclear fusion, space propulsion, direct energy conversion, water desalination, etc. In these new areas, basic research relating to the end product is equally as important as the development, design and production of the product.

In order to prepare students to develop new ideas and new concepts in accord with the ever changing needs, the nuclear engineering curriculum emphasizes an advanced background in the fundamental areas of mathematics, science and engineering, as opposed to emphasis on current technology.

Elective courses in nuclear engineering are available as a minor option for bachelor's degree programs in all of the undergraduate engineering departments. Nuclear engineering graduate programs are available leading to a Master of Science and to a Doctor of Philosophy. A student expecting to do graduate work in nuclear engineering should concentrate on physics, mathematics, and nuclear engineering in his undergraduate course work in addition to acquiring a high degree of competence in one of the other branches of engineering or in science.

NUCLEAR ENGINEERING LABORATORIES. The principal equipment in the nuclear engineering laboratories includes the following: AGN-201 critical reactor; Febe-tron flash x-ray machine, 20,000 curie Co-60 facility, activation analysis cell; pulsed neutron generators; natural uranium, sub-critical reactor; gamma-ray spectrometer; multi-channel analyzers; graphite pile; and supporting radiation counting equipment.

In addition to the well-equipped laboratories on campus, the advanced reactors and radiation equipment of the Sandia Laboratory and Los Alamos Scientific Laboratory are utilized for both instruction and research.

UNDERGRADUATE COURSE WORK. Undergraduate course work in the following areas is highly recommended for the student expecting to do graduate work in nuclear engineering:

- Atomic and Nuclear Physics
- Advanced Applied Mathematics
- Digital Computer Programming

Thermodynamics and Heat Transfer
Fluid Mechanics
Principles of Circuits
Engineering Materials Science

In addition, it is recommended that senior year electives be chosen from the following:

NE 430 Intro to Nucl Engr
NE 460 Fund of Nucl Engr I
NE 461 Fund of Nucl Engr II
NE 463L Radiation Measurements and Analysis

COLLEGE OF FINE ARTS

THE COLLEGE OF FINE ARTS offers instruction in architecture, art, dance, drama, and music. Its courses are designed to advance understanding of the arts as a vital force in civilization, to promote scholarship, and to provide advanced instruction for those who wish to enter professional careers in architecture and in the fine arts.

The pre-professional curricula are designed for students of high ability who have serious professional intentions in architecture or the fine arts. Admission to these curricula is limited and is separate from: (1) admission to the University; and (2) admission to the College of Fine Arts. Requirements for admission to the pre-professional curricula are stated below. Students completing all specified requirements in the pre-professional curricula with majors in architecture, art, or dramatic art receive the degree of Bachelor of Fine Arts; those completing a major in music receive the degree of Bachelor of Music.

The general (or liberal arts) curricula place principal emphasis upon the historical and philosophical background of the arts, and are designed for students who seek a liberal education centered upon the arts. Students completing all specified requirements in the general curricula receive the degree of Bachelor of Arts in Fine Arts.

The curricula in art education and music education and the program leading to teacher certification with a major in dramatic art are offered in cooperation with the College of Education. These curricula lead to the degrees of Bachelor of Fine Arts (with majors in art education or dramatic art) and Bachelor of Music Education.

A special (experimental) curriculum is offered at the present time only in the department of art. Students are admitted to this program only upon the basis of interviews and a review of past work. The special curriculum is described in greater detail on page 242.

For information regarding graduate study in architecture, art and music, leading to the degrees of Master of Architecture, Master of Arts, Master of Fine Arts, Doctor of Philosophy, Master of Music and Master of Music Education, the **Bulletin** of the Graduate School should be consulted.

ADMISSION

All freshman students are admitted to the University College. A detailed statement of entrance requirements is in the "Admission" section of this catalog.

ADMISSION FROM UNIVERSITY COLLEGE

Any student enrolled in the University College who wishes to transfer to the College of Fine Arts is advised to follow during the freshman year the suggested first-year curriculum in the particular field of his interest. The various curricula are set forth in this section of the catalog.

The requirements for transfer from the University College to the College of Fine Arts are:

1. Twenty-six hours of earned credit.

2. (a) A scholarship index of at least 2.0 on all hours attempted;

or

(b) A scholarship index of at least 2.0 on all hours attempted in the previous 2 semesters of enrollment; provided that, if fewer than 26 hours were attempted in the previous 2 semesters, a scholarship index of at least 2.0 shall be required on all work attempted in as many previous consecutive semesters as are necessary to bring the student's total hours attempted to at least 30.

3. A grade of "C" or better in English 102, or its equivalent.

TRANSFERS

A student will be eligible for transfer to the College of Fine Arts from other degree-granting colleges of the University or from other accredited institutions if he has completed at least 26 hours of acceptable college credit, and has a scholarship index of 2.0 or better on all work attempted in the other degree-granting colleges or institutions. Students wishing to enter the Teacher Education Programs or the Pre-Professional Curricula offered by the College of Fine Arts may make application for admission to these programs and curricula during the first semester after admission to the University.

ADMISSION TO THE PRE-PROFESSIONAL CURRICULA

The requirements for admission to the pre-professional curricula of the College of Fine Arts are:

1. Completion of a minimum of 12 hours of specified prerequisite courses (see departmental listings below) with a grade average of 2.5.
2. Satisfaction of such additional proficiency requirements as may have been established by the major department.

Applications for admission to the pre-professional curricula must be filed with the Assistant Dean of the College of Fine Arts no less than eight weeks prior to the beginning of the semester in which such enrollment is to be effective.

If after a student is admitted to the pre-professional curriculum he fails to maintain an average of 2.5 in all courses attempted in his major field of study, or if he is placed on academic probation, the student will be excluded from the program. While excluded from the pre-professional curriculum the student may enroll in certain advanced courses (see department listings) only with permission of the department chairman. Upon improvement in his grade average, the student may petition the Scholarship Committee of the College for readmission to the pre-professional curriculum.

ADMISSION TO TEACHER EDUCATION PROGRAMS

In addition to the above requirements, students expecting to follow and complete a curriculum leading to certification to teach are subject to the requirements for admission to teacher education listed on p. 195 in the College of Education section of this catalog.

GRADUATION REQUIREMENTS

1. Completion of all course requirements outlined in one of the several curricula offered by the College.
2. Completion of at least 40 hours in courses numbered 300 or above.
3. A scholarship index of 2.0 or higher, except that University College hours not considered for admission to the College of Fine Arts and not used in satisfaction of degree requirements may be excluded.
4. If enrolled in a Teacher Education program other than music, a grade-point average of at least 2.3 in the major teaching field; if in music, a grade-point average of at least 2.5.
5. If enrolled in one of the Pre-Professional Curricula, a grade-point average of at least 2.5 in all courses taken in the major field of study.
6. Completion of the Group Requirements appropriate to the program or curriculum in which the student is enrolled. These are described below.
7. Completion of an application for degree at the beginning of the first semester of the senior year. This application is made in the Office of the Assistant Dean.

The student is solely responsible for completing all requirements for graduation.

GROUP REQUIREMENTS**PRE-PROFESSIONAL CURRICULA**

Candidates for graduation in these curricula must have completed no fewer than 48 hours in the following areas:

English 101 and 102	6 hours
Natural Science or Mathematics	8
Social Science	6
Humanities and Fine Arts (including a minimum of 2 hours in each area)	9
Additional hours chosen from fine arts, foreign languages, humanities, mathematics, natural science, speech, and social science	15
PE Activity	4
	<hr/>
	Total 48 hours

GENERAL (LIBERAL ARTS) CURRICULA

Candidates for graduation in these curricula must have completed no fewer than 60 hours in the following areas:

English 101 and 102	6 hours
Natural Science or Mathematics	8
Social Science	9
Humanities	9
Fine Arts	6

Additional hours chosen from fine arts, foreign languages, humanities, mathematics, natural science, speech, and social science	18
PE Activity	<u>4</u>
Total	60 hours

TEACHER EDUCATION PROGRAMS

Candidates for graduation in these programs must have completed no fewer than 48 hours in the following areas:

English 101 and 102	6 hours
Dramatic Art 101 or a course in Speech	3
Natural Science (including 3 hours in psychology and 8 hours of laboratory science chosen from courses offered by the Departments of Biology, Chemistry, Geology, and Physics and Astronomy)	11
Humanities and Social Science (including 3 hours in English literature)	12
Fine Arts	3
*Additional hours chosen from fine arts, foreign languages, humanities, mathematics, natural science, speech, and social science	9
PE Activity	<u>4</u>
Total	48 hours

A student may not take courses numbered 300 or above until he has completed at least 24 hours in satisfaction of the group requirements; a student who has completed more than 24 hours but fewer than 44 hours may take courses numbered 300 or above provided that he is concurrently enrolled in at least one course (excluding P.E.) which will serve to reduce the remaining deficiency. Exception to this rule can be made only with the written permission of the Assistant Dean of the College.

The acceptability of transferred work toward fulfilling group requirements will be determined by the Director of Admissions and the Assistant Dean of the College. Students who accept an invitation to join in the General Studies program (see p. 157) may apply their various seminars to satisfying appropriate requirements as approved by the Assistant Dean of the College.

To clarify these requirements, the following definitions are given:

Natural Science. Astronomy, Biology, Chemistry, Geology, Physics, and Psychology; History 305, 306 (History of Science), Philosophy 455 (Philosophy of the Natural Sciences), and Nuclear Engineering 230.

Social Science. Anthropology, Economics, Geography, Sociology, and Political Science.

* Majors in Music Education may include 6 hours of music history or literature in satisfaction of this requirements

Humanities. English literature, literature courses offered by the Department of Modern and Classical Languages, History (except courses 305 and 306), and Philosophy (except course 455).

Fine Arts. Architecture, Art, Dance, Drama, Fine Arts, and Music; except that students may not use courses in the field of their major in satisfaction of such requirements.

DEPARTMENTAL HONORS

A departmental honors program is offered in each of the departments of the College of Fine Arts. A student who wishes to enter one of these programs should so inform his department chairman prior to beginning his senior year.

Minimal requirements for graduation with Departmental Honors are as follows: (a) an over-all grade point average of 3.2; (b) completion of Fine Arts 490, an interdepartmental proseminar; and (c) completion of the Senior Thesis course offered by the student's major department.

For general information about departmental honors programs, see p. 159.

SCHOLASTIC REGULATIONS

Students in the College of Fine Arts will be governed by the scholastic regulations given under "General Academic Regulations."

Students on academic probation, as well as those who have had academic difficulties in the past, are strongly advised to limit their programs to a maximum of 15 hours. Programs in excess of 18 hours should be attempted only by students who have clearly demonstrated superior academic ability.

DEPARTMENTS OF INSTRUCTION

The College of Fine Arts offers work in four departments as listed below. Descriptions of the courses will be found, listed by department, in the catalog section, "Courses of Instruction." Courses in Dance are offered in the Department of Music. Certain interdepartmental courses are listed under "Fine Arts."

ARCHITECTURE

The Department offers a six-year professional program: the four-year undergraduate program leading to the Bachelor of Fine Arts and a two-year graduate program leading to a Master of Architecture degree. The undergraduate program is designed to give the student a broad experience in environmental concerns in architecture and to prepare him to continue his professional studies in one of three options in the graduate program. For information about this program, see the **Graduate School Bulletin**.

Students intending to study architecture should emphasize mathematics, physics, social science, and art in high school.

BACHELOR OF FINE ARTS DEGREE

The degree of Bachelor of Fine Arts, with a major in Architecture, and a minor in another field as provided for in the catalog under each department, is granted

upon completion of 128 hours of prescribed courses below. Courses taken in fulfillment of the group requirements may be counted toward satisfaction of the minor requirements.

Students applying for admission to the Fine Arts College in the pre-professional curriculum must achieve a grade average of 2.5 in all required 100 and 200 level architecture and art courses.

PRE-PROFESSIONAL CURRICULUM

- | | |
|--|-----------------|
| 1. Group requirements, including Math 180, 181, and 3 hours chosen from Math 122, Physics 151, CE 102L or B&AS 202. | 48 hours |
| 2. Major in Architecture, including Art 103 and 3 hours chosen from Art 105 and 130; 3 hours chosen from Art 104, 182, 277, 286 and Arch 104; CE 211L and 6 hours chosen from CE 212L, 315L, 316L, 471L and 472†; Arch 201, 202, 301, 302, 385, 386; 3 hours chosen from Arch 101, 161; 3 hours chosen from Arch 261, 262; 2 hours chosen from Arch 361, 465; and 7 hours chosen from Arch 401, 402, 429, and 472. | 68 hours |
| 3. Electives | <u>12 hours</u> |
| | Total 128 hours |

ART

The majors in art and art education offered by the College of Fine Arts are described below. For a description of the major in art in the College of Arts and Sciences and for minor study requirements, refer to the "Courses of Instruction" section, p. 290.

PRE-PROFESSIONAL CURRICULUM

A studio major is offered under the pre-professional curriculum. The following courses must be completed with a grade average of 2.5 or higher as prerequisites for admission to the pre-professional curriculum: 103, 104, 105, 130, 183, 270, 271; and 9 hours chosen from 183, 213, 257, 268, and 287. This curriculum leads to the degree of Bachelor of Fine Arts.

- | | |
|---|-----------------|
| 1. Group requirements, including 6 hours in a single modern or classical language | 48 hours |
| 2. Major in art, including the prerequisite courses listed above; 205, 272; 9 hours chosen from courses in art history and criticism numbered 300 or above; a minimum of 6 hours in advanced courses in a single studio field; and 2 hours in courses 493 and/or 498. | 60 |
| 3. Electives | <u>20</u> |
| | Total 128 hours |

† Students electing the Community Design option may substitute 6 hours in courses from other disciplines, approved by the faculty, in place of the hours to be chosen from CE.

GENERAL (LIBERAL ARTS) CURRICULUM

A major in the history and criticism of art is offered under the general curriculum. It is also possible under this curriculum to combine study of art history and criticism with a limited specialization in the studio area. Students enrolled in the general curriculum may not use more than 30 hours in studio courses in satisfaction of degree requirements. This curriculum leads to the degree of Bachelor of Arts in Fine Arts.

- | | |
|--|-----------------|
| 1. Group requirements, including as many semesters of one foreign language as needed for completion of the intermediate courses (251, 252) in that language. For the student who chooses a language which he has not previously studied, this ordinarily means a minimum of 4 semesters (12 semester hours). | 60 hours |
| 2. Major in art, including courses 103, 104, 105, 130, 270, 271, 272; 3 hours chosen from 183, 213, 257, 268, and 287; and a minimum of 12 hours chosen from courses in art history and criticism numbered 300 or above. | 48 |
| 3. Electives | 20 |
| | Total 128 hours |

SPECIAL (EXPERIMENTAL) CURRICULUM

A special curriculum has been established on an experimental basis to provide a flexible program of studies for a small and selected group of students whose primary focus is in one or more of the following fields: drawing, painting, sculpture, lithography, photography and film. Students wishing to enter this program may make written application to the Committee on the Special Curriculum; admission will be upon the basis of interviews and a review of past work within and outside the University.

In entering this curriculum the student makes a firm commitment to work rigorously and intensively at the highest level of his creative and intellectual capacities. Students who do not fulfill this commitment may at the discretion of the Committee be dropped from the program at any time.

Students completing the special curriculum will receive the degree of Bachelor of Fine Arts. None of the statements appearing on pages 236-240 with respect to other curricula offered by the College of Fine Arts (Requirements for admission to the College, group requirements, graduation requirements, etc.) apply to this program.

Requirements for the B.F.A. degree in the special curriculum are as follows: (1) completion of 128 hours, (2) completion of a program of studies approved by the Committee on the Special Curriculum and the Dean of the College of Fine Arts.

CURRICULA IN TEACHER EDUCATION

A student may enroll in either the College of Fine Arts or the College of Education and satisfy requirements for teacher certification.

Two closely related curricula are offered. One prepares the student to teach art and a second subject area in grades 7-12; in this program completion of a

Art
Museum

Popejoy
Hall

Department
of
Architecture

departmental minor is required. The other qualifies the student to teach art in grades K-12; in this program a minor is not required. Both curricula are described in detail in the College of Education section of the catalog, pages 203-204.

Students who complete one of these curricula while enrolled in the College of Fine Arts will receive the degree of Bachelor of Fine Arts, with a major in art education.

Students enrolled in the College of Fine Arts must satisfy all Group Requirements as listed on pages 238-240.

DRAMATIC ART

The majors in dramatic art offered by the College of Fine Arts are described below. For a description of the major in dramatic art in the College of Education and for minor study requirements, refer to the "Courses of Instruction" section.

In addition to the stated course requirements, students majoring in dramatic art are required to participate in all phases of production of three-act and one-act plays. So far as is possible, this work is correlated to class work.

PRE-PROFESSIONAL CURRICULUM

A major in dramatic art is offered under the pre-professional curriculum. All courses in dramatic art specified in the freshman and sophomore years (below) must be completed with a grade average of 2.5 or higher as prerequisites for admission to the pre-professional curriculum; 132 hours are required for graduation with the degree of Bachelor of Fine Arts.

Students who wish to complete this curriculum with an **Emphasis in Television-Radio** may substitute the following courses for 18 hours of the required dramatic art courses listed below: Speech 251, 265, and 6 hours selected from 465 or 466, and 480; Dramatic Art 351 and 352. All course substitutions and the sequence in which all courses are to be taken shall follow a curriculum pattern established by the department.

GENERAL (LIBERAL ARTS) CURRICULUM

This curriculum leads to the degree of Bachelor of Arts in Fine Arts.

1. Group requirements	60 hours
2. Major in Dramatic Art, including courses 101, 102, 115, 116, 129, 140, 255, 256, 275, 276, 285, 286, 305, 306, 335, 336.	48
3. English Literature, to be chosen from English 339, 437, 441, 442, 448	9
4. Electives	<u>11</u>
Total	128 hours

It is strongly urged that students majoring in Dramatic Art broaden their study by choosing electives from departments of other colleges of the University, especially courses in the social sciences, so as to gain better insight into the problems of contemporary society.

CURRICULUM IN TEACHER EDUCATION

This curriculum leads to the degree of Bachelor of Fine Arts; 132 hours are required for graduation. In addition to the course requirements below, students in this curriculum are subject to requirements for admission to teacher education listed on p. 195 in the College of Education section of this catalog.

MUSIC

The majors in music and music education offered by the College of Fine Arts are described below.

For minor study requirements in music and in creative dance and choreography, refer to the "Courses of Instruction" section, p. 420.

NASM MEMBERSHIP

The University of New Mexico is a member of the National Association of Schools of Music. The requirements for entrance and for graduation as set forth in this catalog are in accordance with the published regulations of the National Association of Schools of Music.

PROGRAM FOR FRESHMAN YEAR IN MUSIC (ALL CURRICULA) DURING ENROLLMENT IN THE UNIVERSITY COLLEGE

Completion of courses 105, 106, 107, and 108; and 4 hours in Applied Music (a total of 12 hours) with a grade-point average of 2.5 or higher is prerequisite to admission to the pre-professional curricula in music. Freshmen in all music curricula, except Music Education, should enroll for the following courses:

Engl 101, 102 Wrting w/Rdgs in Expos & Lit	}	11-12 hours each Semester
Mus 105, 106 Music Theory I & II		
Mus 107, 108 Ear-Training I & II		
PE Activity		
One of the following: Social Science Language Mathematics or Science		

In the following curricula freshmen should enroll for additional courses as indicated:

Applied music, Instrumental	}	3 hours each semester
Music 119, 120 (major instrument) Ensemble		
Applied music, vocal	}	4 hours each semester
Music 119, 120 (voice)		
Music 119, 120 (piano) Ensemble		
Theory and Composition	}	3 hours each semester
Music 119, 120 (piano)		
Music 155 (Orch Instrum) each semester		
Ensemble		
General (Liberal Arts) Curriculum	}	1 hour each semester
Music 119, 120 (piano)		

Freshmen in Music Education should enroll for the following courses:

PROFESSIONAL CURRICULA

The Department of Music offers professional curricula leading to the degree of Bachelor of Music with concentrations in Theory and Composition, Applied Music, and Applied Music Pedagogy; for requirements in these curricula, see below.

THEORY AND COMPOSITION (132 hours)

College group requirements (48 hours): English 101 and 102, 6 hrs.; natural science or mathematics, 8 hrs.; social science, 6 hrs.; humanities and fine arts, 9 hrs.; additional hours chosen from fine arts, foreign languages, humanities, mathematics, natural science, speech, and social science, 15 hrs.; physical education, 4 hrs.

Applied music (14 hours): Piano, 8 hrs.; 155, 4 hrs.; Voice, 1 hr.; elective, 1 hr.

Theory (32 hours): 105, 106, 107, 108, 205, 206, 207, 208, 309, 310, 405, 406, 409, 410, 453, 463.

Conducting (4 hours): 363, and 364 or 365.

History and literature (16 hours): 271, 272, 311, 312, plus 8 additional hours.

Ensemble: 8 hours.

Elective: 10 hours.

APPLIED MUSIC (PIANO OR ORGAN) (132 hours)

College group requirements (48 hours): English 101 and 102, 6 hrs.; natural science or mathematics, 8 hrs.; social science, 6 hrs.; humanities and fine arts, 9 hrs.; additional hours chosen from fine arts, foreign languages, humanities, mathematics, natural science, speech, and social science, 15 hrs.; physical education, 4 hrs.

Applied Music (34 hours): 28 hours in major instrument (completion of 402); 155 and/or voice, 2 hrs.; 395, 1 hr.; 231 and/or 395, 3 hrs.

Theory (26 hours): 105, 106, 107, 108, 205, 206, 207, 208, 309, 310, 405, 406, and 409 or 453.

Conducting (2 hours): 363.

History and literature (16 hours): 271, 272, 311, 312, 449, plus 6 additional hrs.

Ensemble: 4 hours, 2 hours of which must be in chorus.

Elective: 2 hours.

APPLIED MUSIC (INSTRUMENTAL, OTHER THAN PIANO OR ORGAN) (132 hours)

College group requirements (48 hours): English 101 and 102, 6 hrs.; natural science or mathematics, 8 hrs.; social science, 6 hrs.; humanities and fine arts, 9 hrs.; additional hours chosen from fine arts, foreign languages, humanities, mathematics, natural science, speech, and social science, 15 hrs.; physical education, 4 hrs.

Applied Music (34 hours): 28 hours in major instrument (completion of 402); piano, 4 hours; 231, 2 hours.

Theory (26 hours): 105, 106, 107, 108, 205, 206, 207, 208, 309, 310, 405, 406, and 409 or 453.

Conducting (2 hours): 363.

History and literature (14 hours): 271, 272, 311, 312, 449, plus 4 additional hours.

Ensemble: 8 hours.

APPLIED MUSIC (VOCAL) (132 hours)

College group requirements (48 hours): English 101 and 102, 6 hrs.; natural science or mathematics, 8 hrs.; social science, 6 hrs.; humanities and fine arts, 9 hrs.*; additional hours chosen from fine arts, foreign languages, humanities, mathematics, natural science, speech, and social science, 15 hrs.†; physical education, 4 hrs.

Applied Music (38 hours): 28 hours in voice (completion of 402); piano, 4 hours; plus 230, 4 hrs.; and 387, 2 hrs.

Theory (24 hours): 105, 106, 107, 108, 205, 206, 207, 208, 309, 310, 405, and 2 hours selected from 406, 409, 453.

Conducting (2 hours): 363.

History and literature (12 hours): 271, 272, 311, 312, 449, plus 2 additional hours.

Ensemble: 8 hours.

APPLIED MUSIC PEDAGOGY (128 hours)

College group requirements (48 hours)‡: English 101 and 102, 6 hrs.; natural science or mathematics, 8 hours; social science, 6 hours; humanities and fine arts, 9 hours; additional hours chosen from fine arts, foreign languages, humanities, mathematics, natural science, speech, and social sciences, 15 hours; physical education, 4 hrs.

Applied Music (32 hours): 28 hours in major instrument (completion of 402); Piano Majors: 395, 1 hr.; plus 3 hrs. from 231 and/or 395. Others: Piano and/or elective, 4 hrs.

Theory (24 hours): 105, 106, 107, 108, 205, 206, 207, 208, 309, 310, plus 4 hours selected from 405, 406, 453.

Conducting: (2 hours): 363.

Pedagogy (4 hours): 388 and 389.

History and Literature: 10 hours.

Ensemble: Piano majors, 4 hrs. Others, 8 hours.

Electives: Piano majors, 4 hrs. Others 0.

GENERAL (LIBERAL ARTS) CURRICULUM

A major in music history and literature is offered under the general curriculum. This program includes a thorough preparation in the area of music theory and a limited amount of applied music. The curriculum is designed for those students who desire a broad understanding of the art of music in relation to other academic disciplines. This curriculum leads to the degree of Bachelor of Arts in Fine Arts.

1. Group requirements, including as many semesters of one foreign language as needed for completion of the intermediate course (251, 252) in that language. For the student who chooses a language which he has not previously studied, this ordinarily means a minimum of 4 semesters (12 semester hours).

60 hours

* Dramatic Art 315-316 recommended in satisfaction of the fine arts requirement.

† Student must complete 12 hours (or the equivalent) in any one, or any combination of these languages: French, German, or Italian.

‡ 6 hours of Psychology recommended to be included in the required subject area (science or additional hours). Majors in Vocal Pedagogy must also complete 12 hours of modern language.

2. Major in music:
 Theory (24 hours): 105, 106, 107, 108, 205, 206, 207,
 208, 309, 310, 405, 406.
 Music history and literature (20 hours): 271, 272, 311,
 312, 449, and 10 hours chosen from other courses in music
 literature.
 Applied music (8 hours): Piano, 4 hours; elective, 4 hours.
 Ensemble: 4 hours

56

3. Electives

12

 Total 128 hours

CURRICULUM IN MUSIC EDUCATION (for students preparing to teach music in grades 1-12)

(Leading to the degree of Bachelor of Music Education. Hours required for graduation, 133)
 (Qualifies the graduate for the Music Certificate).

College group requirements (48 hours): English 101 and 102, 6 hrs., Speech 256 or approved substitute, 3 hrs.; natural science (including 3 hrs. in Psychology and 8 hrs. of laboratory science chosen from courses offered by the departments of Biology, Chemistry, Geology, and Physics and Astronomy), 11 hrs.; humanities and social science (including 3 hours in English literature), 9 hrs.; fine arts (Dramatic Art 315 and 316 recommended), 6 hrs.; additional hours chosen from the fine arts, foreign languages, humanities, mathematics, natural science, speech, and social science, 9 hrs.**; physical education, 4 hrs.
 Professional education (25 hours): Ed. Fdn 290, 3 hrs.; Ed. Fdn 300, 3 hrs.; Mus Ed 294, 444, 446, 451, 9 hrs.; Mus Ed 313 or 314, 2 hrs.; Mus Ed 366, 2 hrs.; El Ed 400, 3 hrs.; Mus Ed 461, 3 hrs.

Theory (24 hours): 105, 106, 107, 108, 205, 206, 207, 208, 309, 310, 453, plus 2 hours selected from 405, 406, 409, 463.

Applied Music (22 hours): Completion of 319 in area of concentration. Piano or organ concentrates (24 hours): 395, 1 hr.; 1 hr. selected from 231 or 395; completion of 319 in area of concentration.

Conducting (4 hours): 363, and 364 or 365.

Ensemble: 8 hours. Piano and organ concentrates: 6 hrs. all in chorus.

History and Literature (2 hrs., plus 6 hours counted under the additional hours in the required subject area): 271, 272, 311, 312.

Students majoring in music education who wish also to obtain general certification in elementary education should consult their advisers. To complete requirements for both certificates requires more than a four-year program.

** Majors in Music Education will include 6 hours of music, history or literature in satisfaction of this requirement.

THE GRADUATE SCHOOL

GRADUATE WORK leading to the master's degree is offered in the following fields: Anthropology, Architecture, Art, Biology, Business Administration, Chemistry, Comparative Literature, Economics, Education (Art, Elementary, Guidance, Music, Physical, Recreation, Secondary, Special, Teaching Business Subjects, Teaching English, Teaching Home Economics, Teaching Industrial Subjects, Teaching Mathematics, Teaching Science, Teaching Spanish), Engineering (Chemical, Civil, Electrical, Mechanical, Nuclear), English, French, Geography, Geology, History, International Affairs, Latin-American Studies, Mathematics, Music, Philosophy, Political Science, Physics, Portuguese, Psychology, Public Administration, Sociology, Spanish, Speech.

The degree of Doctor of Philosophy is offered in the following fields: American Studies, Anthropology, Art History, Biology, Chemistry, Economics, Education, Engineering, English, Geology, History, Ibero-American Studies, Mathematics, Medical Sciences, Philosophy, Physics, Political Science, Psychology, and Romance Languages.

In Education, the degree of Doctor of Education is offered.

Applicants should contact the Graduate School and the chairman of the department concerned.

ADMISSION, FELLOWSHIPS, TRAINEESHIPS, AND ASSISTANTSHIPS

Graduates of any recognized college or university may apply for admission to the Graduate School. All communications regarding admission, as well as all inquiries concerning graduate study, should be addressed to the Dean of the Graduate School.

A formal application is required of all students, including graduates of the University of New Mexico, who seek admission to the Graduate School. Application blanks and the **Graduate School Bulletin** may be obtained by writing to the Dean of the Graduate School. Applicants from institutions other than UNM must have two transcripts of all undergraduate and graduate work sent **directly to the Graduate Office** from **each** institution previously attended. Even though a master transcript may carry records from other institutions, University regulations require that these records be sent from each institution. **Transcripts in the possession of students will not be accepted for entrance purposes.**

In order to be assured of consideration for admission, students should have their applications, transcripts, and the \$10.00 application fee on file in the Graduate Office at least two months in advance of the beginning date of the session in which they plan to enroll. The final deadlines for receipt of applications and all required credentials are: for Semester I, July 15; for Semester II, January 1; for the Summer Session, May 1. No student is assured of admission until he has received an official offer of admission from the Dean of the Graduate School.

Although each application is reviewed individually, in general an over-all average of B and at least a B average in the intended major field are required for admission to regular graduate status and consideration for financial aid. For status categories, consult the **Graduate School Bulletin**.

Fellowships, traineeships, and assistantships are available for well-qualified, degree-seeking graduate students. **Application deadline for financial aid is January 31.**

While the Graduate School reserves the right to refuse admission to any student for scholastic or non-scholastic reasons, such refusal will in no case be based upon race, color or religion.

GRADUATE CREDIT FOR WORK TAKEN AS AN UNDERGRADUATE

Graduate credit for work taken as a senior may be granted only if the student:

1. is within ten hours of the baccalaureate degree;
2. is to complete all requirements for that degree during the semester in which the graduate credit is sought;
3. has an overall gradepoint average of at least 3.0 on a 4-point scale;
4. seeks no more than six hours of graduate credit during that semester (three during the summer session); courses must be listed in the Graduate School Bulletin;
5. obtains **in advance** the approval of the major department and the Dean of the Graduate School.

GRADUATE CREDIT AND EXTENSION OR CORRESPONDENCE COURSES

A maximum of six hours of credit may be granted for graduate extension courses taken from the University of New Mexico, but no extension credit may be transferred from other institutions.

The University accepts no correspondence credit toward its advanced degrees.

OFF-CAMPUS RESIDENCE CENTERS

The University offers graduate credit for work taken at the Holloman Graduate and Continuing Education Center and the University of New Mexico Residence Center at Los Alamos. For information concerning these centers, see pages 274 and 275.

INFORMATION

For further information regarding advanced work, the conditions under which higher degrees may be obtained, and fellowships and assistantships, consult the **Graduate School Bulletin** or the Graduate School.

SCHOOL OF LAW

THE STATE BAR of New Mexico having previously adopted a resolution to that end, and the Legislature of New Mexico having made financial provision, the Regents of The University of New Mexico, on March 31, 1947, as expressly authorized by Laws 1889, Ch. 138, Sec. 15, approved the establishment of a School of Law. The School is fully accredited: it was approved by the American Bar Association on February 24, 1948, and membership in the Association of American Law Schools was granted in December 1948. The School offers a curriculum leading to the degree of Juris Doctor (J.D.).

Information concerning the School is found in the **School of Law Bulletin** which may be obtained by writing to the Dean of the School of Law, 1915 Roma, N.E., Albuquerque, New Mexico 87106.

ADMISSION

A formal application of the School of Law must be filed by all students, both beginning and transfer. Beginning students are accepted for the fall semester only.

The School of Law is continually concerned not only with its own curriculum but also with the quality of prelegal education and with the continuing self-education which should be pursued by all members of the profession. In consequence, it is urged that students enter the School with as broad a cultural and educational background as possible. Accordingly, the basic requirement for admission is a baccalaureate degree from an accredited college or university.

All applicants for admission to the School of Law are required to take the Educational Testing Service's Law School Admission Test (LSAT); to avoid delay on application, the test should be taken no later than February preceding the fall semester for which application is made.

Two transcripts of all work done at other institutions must be sent directly to the Dean of the School of Law.

An evaluation of the applicant's chance of success in the study of law and in the profession is based on the aptitude test, the undergraduate record, and other factors.

STUDENT AIDS

See the **School of Law Bulletin** for scholarships, prizes, awards, and loans available to law students.

ADDITIONAL EXPENSES

All students registered in the School of Law become members of The University of New Mexico Student Bar Association and are expected to pay, in addition to the University's tuition and fees for residents or for non-residents, membership dues for the Association. The current dues are \$10.00 per year, payable to the School of Law at registration.

SCHOOL OF MEDICINE

A SCHOOL OF MEDICINE for The University of New Mexico was approved in 1960, and a grant for the initial development of the school was made available by the Kellogg Foundation in the same year. The New Mexico Legislature made a token appropriation toward support of the school at its 1961 session and in 1963 provided major support for future development. The School of Medicine enrolled its first entering class in the fall of 1964 and progress to the third year and subsequent full four-year program was approved in 1966. The first class received the M.D. degree in 1968.

FACILITIES

The Medical Science Building on the north campus near the Bernalillo County Medical Center was completed in 1967 and is now in full use. It contains first and second year student laboratories, study areas and conference rooms as well as office and laboratory space for faculty and administration. The Bernalillo County Medical Center, together with the Albuquerque Veterans Administration Hospital, provides the primary resource for student experience in clinical medicine.

PROGRAM

The School of Medicine is a professional and graduate school of the University. In addition to providing education in the basic and clinical sciences for the Doctor of Medicine degree, opportunities are available for work leading to a Doctor of Philosophy degree. Further resources for medical education at the internship, resident, and post-graduate education levels are offered through hospitals associated with the University program.

The educational program provides a unified experience in the biological science areas basic to medicine: anatomy, biochemistry, physiology, microbiology, pathology, pharmacology, clinical laboratory medicine, and an early introduction to clinical medicine through seminars, history-taking and physical diagnosis. The school program is planned to take advantage of recent advances in medical teaching, early involvement of the student in research, and multi-disciplinary approaches when appropriate. It is designed to provide an environment in which each medical student can develop to the level of his highest potential. The ability to recognize and achieve excellence is considered a primary attribute, whether a student will eventually become a practicing physician, a teacher, or a research scientist.

ADMISSION

The first few entering classes were limited to 24 students but an entering class of 36 was admitted in 1968-69 and a class of 48 is planned in 1970-71. The requirements for admission parallel those of most approved medical schools in this country. It is probable that a special admission plan will be developed for exceptionally talented students at The University of New Mexico who wish to identify themselves early in college with a career in the area of human biological science or medicine.

In general, the admission requirements include a bachelor's degree from an accredited institution with a major field of concentration in an academic discipline within the arts and science college. Students who major in the humanities or social sciences are given equal consideration with those who major in the sciences, providing, of course, they have shown the ability to handle scientific material effectively.

In addition to the general requirements indicated above, the following specific courses must be taken:

- General Chemistry, including laboratory, one year;
- Organic Chemistry, including laboratory, one year;
- General Biology, including laboratory, one year;
- General Physics, including laboratory, one year;
- College Mathematics, one year. Mathematics through calculus is strongly recommended.

The courses taken to fulfill the specific requirements listed above should be those required of students majoring in the respective fields.

Applicants are required to take the Medical College Admission Test, preferably in May of their junior year, and in most instances an interview with the Committee on Admissions of the School of Medicine is necessary.

Exceptions to the general requirements outlined above may be made for special program students, for qualified students who wish to enter medical school after only 3 years of college, and at the discretion of the Committee on Admissions.

Preference for admission is given to qualified applicants who are residents of New Mexico or of regional states which do not have their own medical schools and which participate in the Western Interstate Commission for Higher Education student exchange program.

Admission materials may be obtained by writing to the Office of Admissions of the School of Medicine. It is recommended that applications be filed not later than November 1 of the year preceding anticipated enrollment. Applications will not be accepted after 1 January 1971.

FEES

Application Fee \$10. Non-refundable.

Tuition and Fees—See p. 109.

INFORMATION REQUESTS

Inquiries are welcome and interested students may write or call at the Office of Admissions, School of Medicine, 915 Stanford, NE. 87106.

COLLEGE OF NURSING

THROUGHOUT history, nursing has been responsive to the health needs of society. The faculty of the College of Nursing believes that it has as its primary responsibility the task of serving the citizens of New Mexico. The increasingly complex nature of the health care system demands even greater numbers of qualified professional nurses. In conjunction with all health professions, the professional nurse is an agent who acts in behalf of the patient in an effort to maintain or modify patterns of functioning related to the maintenance of optimal health.

The faculty of the College of Nursing, as an integral part of the University of New Mexico, believes that education is an organized, expanding, and integrative process focused on the learner. Through this process each student assimilates knowledge, examines values and is encouraged to develop that which is creative. The faculty is dedicated to the belief that baccalaureate education is the basis for professional nursing practice. Professional nursing practice requires a synthesis of knowledge drawn from the liberal arts and sciences, with particular emphasis on all aspects of human behavior.

PURPOSE

Graduates of the College of Nursing will be prepared as beginning practitioners with the ability to give patient and family-centered nursing care in hospitals and in the greater community. Graduates of the College of Nursing will be qualified to apply for graduate study in nursing, particularly in teaching, supervision, administration, and clinical specialty areas.

ACCREDITATION

The basic program in nursing was first accredited by the National League for Nursing in December 1959 and re-accredited in 1967.

LICENSURE OF GRADUATES

Graduates of the College of Nursing are eligible to take the State Board Examinations which provide the legal basis for becoming registered nurses.

ADMISSION

All students seeking admission to the College of Nursing must meet requirements for admission to the University.

It is strongly recommended that high school students who contemplate coming into the Nursing program have completed 2 units of college preparatory mathematics and at least 2 units of a laboratory science (Biology, Chemistry, Physics).

Freshman students are admitted to the University College. A detailed statement of entrance requirements is in the "Admission and Registration" section of this catalog. Transfer from the University College to the College of Nursing requires:

1. Twenty-six hours of earned credit acceptable toward the nursing degree.
2. (a) Scholarship index of 2.0 or better on all hours attempted;

or

- (b) Scholarship index of 2.0 or better on all hours attempted in the previ-

ous two semesters of enrollment. If fewer than 26 hours were attempted in the previous 2 semesters, a scholarship index of 2.0 or better shall be required on all work attempted in as many previous consecutive semesters as are necessary to bring the student's total hours attempted to at least 30.

3. The student must make a grade of C or better in English 102.

TRANSFERS

Students seeking to be accepted as transfer students from other accredited institutions must meet requirements for admission to the University.

Students seeking to transfer from other degree-granting colleges within the University, must present at least 26 semester hours of acceptable credit with a scholarship index of 2.0 or better on hours attempted while enrolled in the other degree-granting college.

EXAMINATIONS TO ESTABLISH CREDIT

Students may request to establish or validate credit by examination for courses according to the policies stated under "General Academic Regulations." Not more than 30 hours in nursing may be established in this manner.

GENERAL INFORMATION

Students in the nursing program are subject to the general policies and procedures described in the appropriate sections of this catalog and the specific regulations included in the section, "College of Nursing." All students are responsible for compliance with rules and regulations set forth in this catalog.

All services concerned with student welfare and activities are under the coordinating supervision of the Vice President for Student Affairs. For descriptions of services and programs see "Student Services" section in this catalog.

Athletic, cultural, recreational, religious, and social activities of the University are available to all students. Students in the College of Nursing are eligible for membership in the National Student Nurses' Association through the New Mexico Student Nurses' Association.

Academic advisers assigned to students in the nursing program are selected from the faculty in the College of Nursing.

Students are responsible for their living arrangements and costs. Nursing students must comply with the University regulations as stated in the "Student Housing" section of this catalog.

Students are responsible for their own transportation to and from clinical facilities including public health. If owning and driving a motor vehicle, the student is responsible for maintaining licensure and insurance coverage.

HONORS PROGRAMS

The General Honors Program is available to qualified students in the nursing program. For information see appropriate section in this catalog.

A Departmental Honors Program is available to qualified students in the College of Nursing. See in this catalog "Departmental Honors Program."

The purposes of the Departmental Honors Program are: (1) to intensify and deepen the student's knowledge in nursing; (2) to put this specialized knowledge

into better relationship with knowledge in related fields and in the larger general area of nursing; (3) to bring the student under closer guidance of and into closer acquaintance with, teachers in nursing. The student applies to enter the program during the junior year. Qualifications include a scholarship index of 3.2 or better. Transfer students must have completed 15 semester hours at the University.

Requirements for graduation with Departmental Honors are as follows: (1) an over-all scholarship index of 3.2; (2) 6 hours in Honors Study in addition to the usual requirements for the degree; (3) at least 60 hours earned at the University; and (4) approval of faculty. The level of honors at which the candidate shall be graduated is at the discretion of the faculty of the College of Nursing.

DEAN'S LIST

At the end of each semester the names of students who have made outstanding academic records are put on the Dean's List, which is made available to University and outside news media. To qualify for the Dean's List in the College of Nursing, a student must have carried at least 12 academic hours and made a grade-point average of 3.2 or better.

SCHOLARSHIPS

Various types of financial aid are available to University students generally. In addition, there are certain scholarships, from local and national organizations and private individuals, which are specifically for students in the College of Nursing (see listing under Financial Aid section of this catalog). Information regarding scholarships, loans, and traineeships may be obtained at the College of Nursing and the University Student Aids Office.

EDUCATIONAL FACILITIES

Zimmerman Library, the general University library, is available to students in nursing.

The Library of the Medical Sciences includes nursing and medical publications.

Classrooms located on the main campus and in the clinical facilities are used for classes in nursing.

CLINICAL FACILITIES

Clinical facilities are located in the greater Albuquerque area and include Bernalillo County Medical Center, Bataan Memorial Hospital, Presbyterian Hospital Center, Nazareth Hospital, Veterans Administration Hospital, Bernalillo County Health Department, Sandia Army Base Hospital, Indian Health Service, and the Bernalillo County Mental Health Center.

Special learning opportunities, such as field trips to other facilities, may be arranged.

HEALTH PROGRAM

Students in the College of Nursing follow the requirements for medical examinations described in the "Admission and Registration" section of this catalog and use the Health Service described in the "Student Services" section of this

catalog. Nursing students are required to carry insurance for hospitalization and medical care. Students who do not have health insurance policies will find an adequate policy available through the University. It may be purchased at the time of registration.

Students must present health and immunization records, also a report of an annual Tuberculin Test administered two months previous to enrollment for nursing practice courses, as specified by the College of Nursing.

A student who is pregnant and who wishes to enroll in nursing courses which include clinical practice must present a doctor's statement of approval and have the permission of the Exceptions Committee of the College of Nursing.

UNIFORMS

Uniforms, which are worn in the nursing practice periods will be purchased by the student and are available at the Associated Students' Bookstore.

ACADEMIC REGULATIONS

Students in the nursing program are subject to the general regulations of the University and in addition, to the specific regulations in the College of Nursing.

Students enrolled in the College of Nursing are expected to be progressing toward the Bachelor of Science in Nursing degree.

Students are required to maintain a scholarship index of 2.0 or better to be eligible to enroll in upper division Nursing courses.

Students must have a grade of C or better in each upper-division nursing course in order to progress to the sequential nursing course.

To enroll in an upper-division nursing course the student must have had the prerequisite nursing course during the year immediately preceding or must give evidence of knowledge of the content in the prerequisite course before being permitted to enroll in the upper-division nursing course.

Maximum credit load for which a student may register is 18 semester hours.

The College of Nursing reserves the right to request a student to withdraw for unprofessional conduct or unsafe nursing practice.

REQUIREMENTS FOR GRADUATION

The degree of Bachelor of Science in Nursing is granted to basic and registered nurse students on fulfillment of the following requirements:

1. Completion of 127 semester hours of course work of the prescribed curriculum.
2. Completion of 2 semester hours of non-professional activity physical education.
3. Completion of at least 60 semester hours of upper-division course work. Such courses are numbered 300 or above.
4. For minimum residence requirements, see "Degree Requirements" in the section of this catalog entitled "General Academic Regulations."
5. Unanimous recommendation for the degree by the faculty of the College of Nursing.

CURRICULUM

Descriptions of the courses offered will be found, listed by departments, in the catalog section "Courses of Instruction." Prerequisites are included in the course descriptions.

Students who participate in the General Honors program may apply General Studies seminars to satisfy appropriate requirements upon approval by the Dean, College of Nursing.

Students who wish to make substitutions in the program may present their request to the Exceptions Committee of the College of Nursing.

The following required curriculum is one suggested sequence; others can be arranged in consultation with adviser.

COLLEGE OF PHARMACY

IT IS the primary purpose of the College of Pharmacy to prepare its students so that they may not only achieve success in the practice of the profession but may also effectively assume their responsibilities as educated citizens. In addition to providing the opportunity to acquire the necessary knowledge, the College also purposes to inculcate in its students those habits of industry and thoroughness and the qualities of loyalty and ethical behavior which the profession demands of its practitioners.

The College of Pharmacy also provides a consultant service to the profession in the State of New Mexico in connection with unusual prescriptions and other aspects of pharmaceutical practice.

In addition, the Dental programs are administered by the College of Pharmacy. (See p. 265.)

OPPORTUNITIES IN PHARMACY

The profession of pharmacy offers, to properly trained individuals, a wide variety of opportunities for service in interesting and satisfying positions. More than 80 per cent of the graduates of colleges of pharmacy enter community pharmacy. Others occupy positions as manufacturing pharmacists, sales representatives, hospital pharmacists in civilian and governmental hospitals, analysts for state and federal food and drug departments, and as pharmacists in the Army, Navy, Air Force, Public Health Service, and Veterans Administration. Limited numbers are engaged in editing or writing for pharmaceutical publications and as managing officers of local, state, and national pharmaceutical organizations. Positions as research workers in manufacturing plants and as teachers in colleges of pharmacy are open to those who prepare themselves by pursuing graduate work toward advanced degrees.

RECOGNITION

The College of Pharmacy is accredited by the American Council on Pharmaceutical Education, the national accrediting agency in pharmaceutical education, and holds membership in the American Association of Colleges of Pharmacy.

SCHOLARSHIPS

In addition to financial aid that is available to University students generally, certain scholarships are available specifically to students in the College of Pharmacy. Information and applications may be obtained from the Office of the Dean, College of Pharmacy.

LAWS RELATING TO LICENSURE AS A PHARMACIST

The laws relating to the requirements for licensure as a registered pharmacist by examination in the State of New Mexico are presented below in simplified form.

Persons of good moral character who have satisfactorily completed not less than 30 semester hours in an approved college of pharmacy, or the equivalent thereof, shall, upon application and payment of the required fee, be issued a certificate of registration as a pharmacy intern.

An applicant for examination for licensure as a registered pharmacist by the New Mexico State Board of Pharmacy must be a graduate of a recognized college of pharmacy, must be not less than 21 years old, of good moral character, and not addicted to the use of narcotic drugs or alcoholic beverages. However, before he can receive a certificate as a registered pharmacist he must have had not less than 1 year of approved pharmaceutical experience under the direction of a qualified pharmacist. Further information regarding licensure as a pharmacist may be obtained from the Secretary of the New Mexico State Board of Pharmacy whose address is available in the office of the College of Pharmacy.

HIGH SCHOOL PREPARATION

It is important that the high school student who wishes to pursue the pharmacy program at the University of New Mexico College of Pharmacy orient his subject selection in the proper direction at the earliest possible time.

It is recommended that the student intending to obtain a Bachelor of Science degree in Pharmacy take the following subjects in high school: 1 year of chemistry; 1 year of biology; 1 year of physics; mathematics, including at least 2 years of algebra and 1 year of geometry; and 4 years of English. These are recommended subjects, NOT requirements for admission.

ADMISSION

All freshman students are admitted to the University College. A detailed statement of entrance requirements is in the "Admission" section of this catalog.

ADMISSION FROM UNIVERSITY COLLEGE. The **minimum** requirements for transfer from the University College to the College of Pharmacy for the study of pharmacy are:

1. Twenty-six hours of earned credit.
2. (a) A scholarship index of at least 2.0 on all hours attempted;

or

- (b) A scholarship index of at least 2.0 on all hours attempted in the previous 2 semesters of enrollment; provided that, if fewer than 26 hours were attempted in the previous 2 semesters, a scholarship index of at least 2.0 shall be required on all work attempted in as many previous consecutive semesters as are necessary to bring the student's total hours attempted to at least 30.

In addition to the foregoing **minimum** requirements, the student who wishes to transfer to the College of Pharmacy from the University College should have completed Chemistry 101L and 102L and Biology 121L and 122L with grades of C or better. Students who have not obtained a grade of C or better in each of these courses may be admitted to the College of Pharmacy but will be required to obtain grades of C or better in each of these courses before being allowed to enroll in other courses in these fields or in courses for which these are prerequisite.

Students who have not completed the recommended freshman Pharmacy pro-

gram in the University College will almost certainly find it necessary to spend more than the normal time to complete the requirements for graduation.

(For admission requirements for students of Dental Hygiene, see p. 266.)

TRANSFERS

Students who wish to transfer to the College of Pharmacy from other degree-granting colleges of the University or New Mexico residents transferring from other accredited non-pharmacy institutions must present at least 26 semester hours of acceptable credit with a grade-point average of at least 2.0 on all hours attempted in the other degree-granting colleges or institutions. Those who present 2 years of college-level work, including the courses outlined in the preprofessional and first professional years of the Pharmacy curriculum (excepting Pharmacy 231-232, which may be taken in the second professional year), may be admitted to the second professional year.

Admission of those students desiring to transfer from other colleges of pharmacy will be based on the requirements specified above.

SCHOLASTIC REGULATIONS

In general, students in the College of Pharmacy will be governed by the scholastic regulations described under "General Academic Regulations." In addition, the faculty of the College of Pharmacy has adopted the following rules and regulations:

1. Deficiencies in grade points incurred while in residence may not be removed by an excess of grade points earned in extension or correspondence courses.

2. Credit will not be transferred for any required course taken in another institution if an unsatisfactory grade has been previously received in the course at the University of New Mexico. For this purpose a grade of F in a non-professional course, or a grade of D in a course in the fields of Pharmacy, Pharmaceutical Chemistry, Pharmacognosy, Pharmacology, Pharmacy Administration, and Institutional Pharmacy shall be considered to be an unsatisfactory grade.

3. Generally, only work of C quality or better is acceptable as credit toward graduation in the required courses of the major fields of Pharmacy, Pharmaceutical Chemistry, Pharmacognosy, Pharmacology, Pharmacy Administration, and Institutional Pharmacy. However, a student who receives grades of D in no more than a total of three such required courses may, upon written petition to the faculty of the College of Pharmacy, be granted credit toward graduation for the work in such courses. (For the purposes of administering this rule, each semester of a course which runs throughout the year shall be considered as a separate course.)

4. No student will be permitted to enroll in the professional courses of the fifth year if his grade average is less than 2.0.

MAXIMUM NUMBER OF HOURS

Students in the College of Pharmacy may not normally enroll for more than 18 credit hours per semester not including required physical education courses.

ACADEMIC ADVISEMENT

In order to provide proper assistance to students in the election of courses and other academic matters, the College of Pharmacy has established a system of academic advisement. Each student is assigned to a faculty adviser who is authorized to act in all academic matters which do not require the approval of the Dean. The faculty advisers assist students in planning their programs, approve all elections of courses, authorize changes in programs, and furnish advice on other academic matters. Students are urged to consult with their advisers regularly.

AFROTC AND NROTC

The courses in Aerospace Studies and Naval Science are acceptable as elective courses in the Pharmacy curriculum.

MINIMUM RESIDENCE REQUIREMENT

Students entering the College of Pharmacy with advanced standing from non-pharmacy colleges are required to complete not less than 6 semesters of full-time resident study before they will be recommended for the degree of Bachelor of Science in Pharmacy. Those transferring from other colleges of pharmacy may be given credit for more than 2 years of work provided the courses and credit are applicable to the work outlined in the curriculum of this College.

REQUIREMENTS FOR GRADUATION

The degree of Bachelor of Science in Pharmacy is granted upon completion of all the specified requirements. The candidate for this degree must:

1. Complete all of the work outlined in the pharmacy curriculum. Of the 31 elective hours, the student may not elect more than a total of 14 hours of course work in the professional and/or basic science areas; he must elect at least 17 hours in the humanities, social sciences, and/or fine arts from courses offered in the Colleges of Arts and Sciences, Education, Engineering, Fine Arts, and Nursing, the Schools of Law or Business and Administrative Sciences, or the Departments of Aerospace Studies or Naval Science. The student, with the approval of his adviser, will be expected to complete logical sequences of courses in the fields he elects.
2. Complete a total of not less than 160 semester hours plus 4 semester hours of physical education or its equivalent.
3. Maintain a grade average of 2.0 on all hours attempted* at the University of New Mexico in satisfying the scholastic requirement of the University for the bachelor's degree.
4. Receive grades of C or better in all the required courses in the fields of Pharmacy, Pharmaceutical Chemistry, Pharmacognosy, Pharmacology, Pharmacy Administration, and Institutional Pharmacy, except that a candidate who has received grades of D in no more than a total of three such required courses may, upon written petition to the faculty of the College of Pharmacy, be granted credit toward graduation for the work in such courses. (For the purposes of administering

* Exclusive of hours in nonprofessional physical education and ensemble music.

this exception, each semester of a course which runs throughout the year shall be considered as a separate course.)

5. Satisfy the minimum residence requirement.
6. Be unanimously recommended for the degree by the faculty of the College of Pharmacy.

CURRICULUM LEADING TO THE DEGREE OF BACHELOR OF SCIENCE IN PHARMACY

(Descriptions of the courses offered will be found, listed by departments, in the catalog section "Courses of Instruction.")

DENTAL PROGRAMS

The Dental Programs have three offerings:

1. A two-semester Dental Assisting Program leading to a Certificate of Proficiency;
2. A two-year Dental Hygiene Program leading to the degree of Associate of Science in Dental Hygiene; and
3. A four-year (or more) program leading to the degree of Bachelor of Science in Dental Hygiene.

DENTAL ASSISTING

The Dental Assisting Program is a two-semester course which starts each year in the fall semester only. It is open to applicants who meet University admission requirements and are selected by an Admissions Committee of the Program. Students transferring from another institution or from another college in this University must have a C average. On satisfactory completion of the program the student is awarded a Certificate of Proficiency in Dental Assisting.

Dental assistants are auxiliary personnel to the dental profession. Dental assistants perform supportive duties to the dentist in all dental procedures, assume responsibilities in dental office management and are responsible for instrument sterilization, x-ray developing and similar duties. Individuals trained as dental assistants can be employed immediately on completion of their education. Licensure is not required.

Each year the class is limited to 20 students due to limited teaching facilities. The Admissions Committee selects the class on the basis of high school records, ACT results and a personal interview.

Communications regarding application to the Dental Assisting Program may be directed to the Director of Dental Programs, The University of New Mexico, Albuquerque.

REQUIREMENTS FOR THE CERTIFICATE IN DENTAL ASSISTING

The Candidate for the certificate must:

1. Complete all work outlined in the curriculum.
2. Be unanimously recommended by full-time Dental Assisting Program faculty.

EXPENSES

In addition to tuition, housing, and school supplies, students in the Dental Assisting Program are required to purchase supplies and uniforms. The approximate cost of these expenses is \$110.00.

LOANS AND SCHOLARSHIPS

Students of the Dental Assisting Program qualify for the same kinds of financial assistance as all full-time students at the University.

Scholarship awards up to a maximum of \$200 are available to dental assisting students through the Juliette A. Southard Scholarship Trust Fund of the American Dental Assistants Association. Information concerning these is available from the office of the Director of the Dental Programs or from the Central Office of the Association.

CURRICULUM LEADING TO THE CERTIFICATE IN DENTAL ASSISTING

DENTAL HYGIENE

OPPORTUNITIES IN DENTAL HYGIENE

Dental Hygiene is a health service profession with the emphasis on prevention of dental diseases. A dental hygienist is educated to provide dental services to patients under the supervision of a dentist. These services include: cleaning patients' teeth, teaching patients home care of their mouths, examining patients' teeth and charting findings for the dentists' inspection, taking and developing dental x-rays, applying topical fluorides, assisting the dentists with routine office duties, speaking on dental health to groups, helping in community health programs.

The demand for the services of dental hygienists is great in private dental office practice. An Associate graduate is prepared for this type of employment and is considered a clinical dental hygienist. A dental hygienist with a bachelor's degree may be employed as a clinical dental hygienist or may choose to work as a dental health educator or to teach in a dental hygiene school. The financial rewards vary with the type of employment and the community standards. Incomes of dental hygienists compare favorably with those in similar health professions.

QUALIFYING TO PRACTICE

An Associate degree in Dental Hygiene entitles its recipient to take the licensing examinations in dental hygiene in all 50 states, the District of Columbia, and Puerto Rico. A student enrolled in the baccalaureate degree program will be qualified for such examinations on completion of the third year of the curriculum. All dental hygienists must have licenses in the states in which they wish to practice.

STUDENT LOANS, SCHOLARSHIPS AND AWARDS

Student loans are available from the New Mexico Dental Association. Recipients of loans must have been residents of New Mexico for 10 years and must be enrolled in the Dental Hygiene Program at the time application for loan is made.

The New Mexico Dental Association awards scholarships to dental hygiene students when funds are available.

Various scholarships are available to dental hygiene students through the American Dental Hygienists' Association. Students who have completed their first year of training are eligible. Students in all the dental hygiene programs in the United States compete for these scholarships. Information concerning application for them is available from the Director.

John K. Phelan Essay Award in Clinical Dental Hygiene. Two cash awards presented annually to graduating dental hygiene students for the best essays submitted on subjects relating to the clinical practice of dental hygiene.

See "Scholarships and Awards" section, pp. 117-138 for other financial assistance.

ADMISSION

Both the associate and the baccalaureate degree offerings are open to those students who meet the admission requirements as described under "Admission" and who are selected by the Admissions Committee of the Program.

Prospective dental hygiene students should have two units of high school science, preferably Biology and Chemistry. In addition, they should include in their high school courses a variety of subject areas so that they have a well-rounded background. Students applying to either program will be accepted on the basis of scholarship, aptitude, and interest.

The American Dental Hygienists' Association, in cooperation with the Council on Dental Education of the American Dental Association, conducts an aptitude testing program for applicants to dental hygiene schools. Testing periods are in May, November, and February of each year. There are various testing centers in the Western States, one of which is Albuquerque. An application for the test can be obtained from the Dental Hygienists' Association, 304 East 45th Street, New York, New York 10017 or from the office of the Dental Programs. Reports on test scores are sent directly to the dental hygiene schools indicated by the applicant.

The deadline date for receipt of applications and credentials required for the Dental Hygiene Program is **April 1**. All requirements for admission must be fulfilled by this date. Communications **regarding entrance** to the Dental Hygiene Program should be **addressed to the Director of Admissions** of The University of New Mexico. The applicant should make an appointment directly with the **Director of the Dental Hygiene Program for a personal interview** before the deadline date. The Admissions Committee of the Dental Hygiene Program selects the class for the following September during the month of April. The Office of Admissions of the University notifies the applicant of acceptance or non-acceptance.

Freshman students with no previous college work will be admitted to the University College for the first year's work in dental hygiene. Students with 26 hours or more of acceptable college-level work will be admitted to the College

of Pharmacy. No transfers from other schools of dental hygiene can be accepted in the Associate degree program.

It should be pointed out that the first year of the degree offering is comparable to the first year requirements of many majors. It is expected that some beginning freshmen will decide on dental hygiene after having registered in courses. In this event, it is possible for a student to qualify for entrance into the Dental Hygiene Program in the sophomore year. Such a student's individual situation will be considered by the Dental Hygiene Admissions Committee.

Beginning freshmen electing the degree program will be expected to complete the first year's work with a minimum grade-point index of 2.5 to be admissible to the professional courses in their second year. These individuals and those applicants to the baccalaureate degree program who have already earned a certificate or an Associate degree must meet the April 1 deadline for completion of their credentials.

EXPENSES

In addition to tuition, housing, and school supplies, students in the Dental Hygiene Program are required to purchase instruments, clinical supplies, and uniforms. The approximate cost of these expenses for the 2-year program is \$500-600; cost for the degree program is \$750-850.

The Dental Hygiene Program at the University of New Mexico participates in the Student Exchange Program operated by the Western Interstate Commission for Higher Education, under which legal residents of Western States without a professional school in this field pay the same tuition and fees at this institution as residents of the State of New Mexico. To be certified as eligible for this program, the student must write to the WICHE certifying officer in his home state who will send the proper application forms. State eligibility requirements vary, and the number of students included from each state depends upon appropriations by the state legislature. For addresses of state certifying officers, write to the Western Interstate Commission for Higher Education, Fleming Law Building, Boulder, Colorado.

Dental hygiene students are eligible for junior membership in the national organization, the American Dental Hygienists' Association.

PROGRAM FOR ASSOCIATE OF SCIENCE DEGREE IN DENTAL HYGIENE

Facilities limit each class to 24 students. Students are selected by the Admissions Committee in the month of April and are admitted in the fall semester only. Dental hygiene students should be capable of maintaining high scholastic standards; if a dental hygiene student withdraws after starting the program, the place in the class cannot be filled by a student transferring from another field of study.

Requirements for Admission are:

1. Admissibility to the University of New Mexico as described in bulletin (refer to "Admission").
2. Personal interview before April 1.
3. Satisfactory scores in Dental Hygiene Aptitude Test.

It is the responsibility of each applicant to arrange for the aptitude test and the personal interview.

Every dental hygiene student must be admissible to the College of Pharmacy when the third semester of the two-year program has been completed. This means that a grade point average of 2.0 or better is required before a student can enter the final semester of the curriculum.

REQUIREMENTS FOR THE ASSOCIATE OF SCIENCE DEGREE

The candidate must:

1. Complete all of the work outlined in the curriculum below.
2. Maintain a grade average of at least 2.0 in the last 66 hours of college-level work* attempted at The University of New Mexico.
3. Be unanimously recommended by the full-time Dental Hygiene Program Faculty.

PROGRAM FOR BACHELOR OF SCIENCE DEGREE IN DENTAL HYGIENE

This degree offering is available to beginning students and to licensed dental hygienists. All prospective students should be aware that they can and **must** qualify for dental hygiene licensure before they enter the final year of the degree offering. Before enrolling in courses in the College of Education they must pass that college's screening criteria and fulfill its teacher education requirements.

Licensed dental hygienists who wish to return to school to earn a degree in dental hygiene must meet these requirements:

1. Completion of an associate degree or certificate program in dental hygiene at an accredited school with no less than 60 transferable credits and a grade point average of 2.5 or better on a 4 point system.

* Exclusive of hours in nonprofessional physical education and ensemble music.

2. Written recommendation from director of dental hygiene school in which applicant completed original work.
3. Written certification from a dentist-employer attesting to length of employment with him. (Minimum of 120 days a prerequisite for DH 420L.)
4. Records of medical and dental examination within past three months.
5. Personal interview if residence of applicant is within 500 mile radius of Albuquerque.
6. Pass College of Education screening criteria.
7. Fulfill College of Education requirements for admission to teacher education.

DEGREE REQUIREMENTS

The degree of Bachelor of Science in Dental Hygiene is granted upon completion of all specified requirements. These are:

1. Completion of 131 semester hours as outlined in the curriculum plus 4 semester hours of physical education or its equivalent.
2. A 2.0 scholarship index in all hours attempted at the University of New Mexico.
3. At least a 2.4 grade point average in all dental hygiene courses.
4. Unanimous recommendation by the full-time Dental Hygiene Program Faculty.

OTHER DIVISIONS OF THE UNIVERSITY

TELEVISION PROGRAMMING

THE UNIVERSITY offers instruction via television in a number of courses selected from residence offerings. These courses are selected by the University Television Committee and are recommended to the Administration through the office of the Vice President for Academic Affairs.

Like all other residence course offerings, courses taught via television receive residence credit, applicable to undergraduate degree programs of the University. These telecourses are broadcast over Channel 5—KNME, which is owned and operated jointly by The University of New Mexico and the Albuquerque Public Schools.

The University's academic course offerings in television production are coordinated with Channel 5.

DIVISION OF CONTINUING EDUCATION

EXTENSION

The Division of Continuing Education, formerly the Division of Extension, was established as a separate unit with a full-time director in 1928, and has been conducting instruction by independent study and extension class continuously since that date. On May 7, 1930, the Division of Continuing Education of The University of New Mexico became a member of the National University Extension Association, the acknowledged accrediting agency for institutions which offer instruction by correspondence or extension class.

Extension and independent study courses allow many people who are unable to attend classes in residence to pursue their educational programs. A special independent study bulletin is issued periodically giving regulations and information concerning courses offered by the Division of Continuing Education. For a copy of the **Independent Study Bulletin** and further information address the Director, Division of Continuing Education, The University of New Mexico, Albuquerque, 87106.

EXTENSION CLASSES. The University is always pleased to arrange extension classes in any community in the State. Any of the regular University courses may be offered by extension provided there is a large enough group in any one center to justify doing so, and as long as the class is not dependent upon the campus library and laboratory facilities. Persons interested in having an extension class offered in a specific community should address their inquiries to the Director, Division of Continuing Education. For questions concerning audit status refer to p. 150.

INDEPENDENT STUDY COURSES. A number of courses are offered which are carried on entirely by mail and are planned and conducted by qualified university personnel. Credit received in this manner may be applied toward an undergraduate degree to the extent of 30 semester hours, subject to the approval of the dean of the college in which the student is enrolled. (See additional regulations on p. 156.)

SUMMER SESSION

A summer session of 8 weeks is conducted each year on the campus. (For dates, see the Calendar.) Every attempt is made to meet specialized needs of the particular student group of the session. Emphasis is placed on advanced and graduate work. A special program is offered for teachers and school administrators. The summer climate is warm but delightful; nights are cool. The residential halls are regularly operated during the Summer Session. For a copy of the **Summer Session Bulletin** and further information, address the Director, Summer Session, The University of New Mexico, Albuquerque, 87106.

COMMUNITY COLLEGE

The Community College offers a program of late afternoon, evening, and Saturday courses, both credit and non-credit, and supervises the programs of all students enrolled in the University for non-degree work. The Community College has these objectives:

1. To make it possible for adults to supplement their education along general, cultural lines or in the fields of their special interest.
2. To make it possible for employed persons who are unable to attend the regular daytime program of the University to supplement their education through the evening offerings, and thereby become more valuable in their work and as citizens.
3. To assist those mature students who cannot meet the regular admission requirements of the University to obtain some college credit while working off their admission deficiencies.

CREDIT COURSES. The standards and requirements maintained for credit courses taken in non-degree status in the Community College are the same as those required in the 4-year degree-granting colleges of the University. The instruction is carried on by members of the regular University faculty. Credits earned are recorded on the permanent academic record of the student, and subject to the restrictions set forth on p. 105 of this catalog, are applicable in the regular degree programs of the University.

NON-CREDIT COURSES. The only prerequisite necessary for the non-credit offerings is the desire to learn. Classes are open to any adult interested in further training in either professional or vocational fields, or as a means of better enjoying leisure time.

The **Community College Bulletin** listing both credit and non-credit courses offered each semester will be supplied to anyone making a request, to the Director, Division of Continuing Education, The University of New Mexico, Albuquerque, 87106.

THE UNIVERSITY OF NEW MEXICO—GALLUP BRANCH

The Division of Continuing Education has supervision of instruction at the Gallup Branch. For information, see Off-Campus Residence Centers below.

CONFERENCES, INSTITUTES, AND SHORT COURSES

All conferences and special courses connected with the University of New Mexico are coordinated through the Division of Continuing Education. The de-

velopment of any conference, institute, or short course is, of necessity, a cooperative process, from initiation and planning through the actual operation, between a specific department of instruction on campus and the special interest group desiring the activity.

Business, professional, or lay groups interested in a series of meetings to discuss topics of special interest should contact the Director, Division of Continuing Education, who will make the necessary arrangements for the meetings.

ADULT EDUCATION PROGRAMS

To any community, club, or organization which wishes help in setting up adult education activities the University will be glad to give all the assistance possible. Such activities as classes for illiterates, club study groups, forums, lecture series, etc., will receive special attention. Upon request, the University will make specific written suggestions for organizing any or all of these activities.

HARWOOD FOUNDATION

The Harwood Foundation, located at Taos, New Mexico, is operated in connection with the Division of Continuing Education as an extension and field center. Various credit classes are offered by extension during the academic college year whenever demand exists. A library is maintained the year around for the people of the vicinity.

CIVIL DEFENSE PROGRAM

Under contract with the Office of Civil Defense, Department of the Army, courses in various civil defense specialities are offered to the public free of charge. Courses are normally conducted, in cooperation with the State Civil Defense Office, throughout the state where there is a need to increase the civil defense operational capability in the area. Conferences on civil defense subjects are also conducted in various communities in cooperation with municipal and county officials.

OFF-CAMPUS RESIDENCE CENTERS

THE LOS ALAMOS RESIDENCE CENTER

This Center is divided into Graduate and Undergraduate Divisions, with limited course offerings in each given during Semesters I and II. No formal courses are conducted during summer sessions.

THE GRADUATE DIVISION. The University of New Mexico and the Los Alamos Scientific Laboratory (LASL), operated by the University of California (Berkeley), cooperate in the advanced training of graduate students specializing in chemistry, engineering, mathematics, and physics. Under these arrangements, it is possible for a properly qualified doctoral candidate to carry on research for his dissertation. Acceptance of students for research at Los Alamos is subject to certain conditions specified by the Laboratory. Further information concerning work offered may be obtained by writing to the Director at Los Alamos or to the chairman of the department concerned at the University.

THE UNDERGRADUATE DIVISION. Lower division courses are offered primarily in response to local demand. A list of courses offered in a particular semester may

be obtained from the Center Director or from the Division of Continuing Education at the University.

SENIOR RESIDENCE REQUIREMENTS. Because of the wide diversity of courses offered, it is possible to complete an undergraduate major in chemistry, engineering, mathematics, or physics, provided at least 15 hours of the senior residence requirements are completed on the UNM campus in Albuquerque.

THE UNIVERSITY OF NEW MEXICO—GALLUP BRANCH

The University of New Mexico has as its primary responsibility, the task of serving the citizens of the state by offering opportunities of education at the higher levels. It has generally been the policy of the University to provide these educational opportunities on the main campus, with supplementary programs in extension and independent study.

The Board of Regents of The University of New Mexico, acting through its president and administrative staff, in cooperation with the Gallup-McKinley County Board of Education, established in 1957 a residence credit extension center in Gallup. This center was known as the Gallup Community College, and continued to offer a limited number of courses until June 1968.

The University of New Mexico—Gallup Branch began its first full-term instruction in September 1968, under the supervision of the Division of Continuing Education. Basic beginning courses in the undergraduate colleges of the University are offered. The enrolled student should ascertain from the dean of his college which courses are applicable toward his degree program. Ultimately, the Gallup Branch will offer a program which will enable the student attending full-time for two years to enroll on the main campus or transfer to another university as a junior. In addition, the University has been authorized to offer at the Gallup Branch other technical and para-professional post high-school courses or programs which are responsive to needs of the Gallup area.

Academic requirements and regulations, as well as tuition and fees, will be the same at the Branch as on the main campus. The Branch will make use of facilities in the Gallup High School, including classrooms, library, and laboratories. Most classes will be held in the late afternoon and evening, although some daytime classes will be offered.

All communications regarding entrance to the Gallup Branch of the University should be addressed to the Director of Admissions, The University of New Mexico, Albuquerque, New Mexico 87106. The University requires each student to file an application for admission, to pay a \$10.00 application fee, and to have his credentials sent directly to the Director of Admissions from the high school or college previously attended. Transcripts in the possession of students are not acceptable for entrance purposes.

THE HOLLOMAN GRADUATE AND CONTINUING EDUCATION CENTER

The University of New Mexico and the Holloman Air Force Missile Development Center cooperate in offering advanced training for students of biology, business and administrative sciences, mathematics, engineering, and psychology. A limited number of courses in these fields is scheduled for each regular semester and summer session. A few undergraduate courses are also available. It is possi-

ble for properly qualified students to complete the requirements for the master's degree in residence at the center.

Further information concerning graduate work in these fields at the Holloman Air Force Missile Development Center may be obtained by writing to the Director of the Holloman Graduate and Continuing Education Center or to the chairman of the department concerned.

ANDEAN STUDY AND RESEARCH CENTER, QUITO, ECUADOR

This Center was established to provide juniors, seniors, and graduate students in good standing at the University of New Mexico in the Latin American Language and Area Studies program an opportunity for overseas field work, study, and research. The Andean Center constitutes a physical transfer of a portion of the Latin American Language and Area Center program to an overseas site and is, therefore, a fully accredited program offering courses in Latin American history, languages (including Portuguese), and literatures applicable toward degrees. For information concerning courses offered during specific semesters, students should contact the Director, Language and Area Center for Latin America (see page 178).

The Andean Center occupies a handsome facility independent of either of the Quito universities but close enough to both to facilitate class attendance at either. Students normally reside in Ecuadorian homes.

DIVISION OF PUBLIC ADMINISTRATION

The University offers a Master of Arts degree in Public Administration to prepare students in a graduate program for careers in the public service. This program is built around a core curriculum in Public Administration, but permitting a number of options for persons with different interests. The inter-departmental and inter-school nature of the program is designed to utilize all of the University's resources relating to public administration and to offer students a broad choice in professional preparation.

Course offerings within the Division are set up to provide (1) general preparation for students seeking to enter career service at an entrance level in local, state, or federal government; (2) special preparation in the administrative and policy aspects of the public service for persons who already have achieved some subject-matter competence; and, (3) upgrading courses for persons already in the public service.

PUBLIC SCIENCE POLICY AND ADMINISTRATION. The program for advanced study in this field offers a special focus on public science policy and administration for scientists and administrators presently engaged in middle management positions in scientific industries and agencies, and for students with advanced study in fields of science, engineering, and administration.

LEGAL AND JUDICIAL ADMINISTRATION. Law students at the University who are entering their second year of legal studies may enter the program and work for both a Law degree and the Master of Arts degree in Public Administration. This program will ordinarily require extra summer study.

For description of courses offered in Public Administration, see the "Courses

of Instruction" section of this catalog. For Core Curriculum see the **Graduate School Bulletin**.

AIR FORCE RESERVE OFFICERS TRAINING CORPS

This department is administered by personnel of the United States Air Force under rules promulgated by the Department of the Air Force and The University of New Mexico.

The mission of Air Force ROTC is to commission career-oriented second lieutenants in response to Air Force requirements.

Students may enter the Air Force ROTC from any college of the University. However, new students may enter the program only in the fall semester. Transfer students with an ROTC background can receive credit for previous ROTC experience and enter the program in the spring or fall semester as directed by the Professor of Aerospace Studies.

Processing of new students begins during the first semester of the student's sophomore year. Specifics may be obtained by contacting the Air Force ROTC staff members in Bldg. Y-1. A \$10 annual activity fee will be collected at the beginning of the fall semester. This fee makes up an activity fund which is administered by the cadets. (For further information refer to the section on Military Training under "General Information," p. 95 in this bulletin.)

DEPARTMENT OF AEROSPACE STUDIES

Freshman Year

No freshmen or sophomores will be enrolled in Aerospace Studies during the 1970-71 academic year. All interested freshmen are encouraged to visit the AFROTC building and complete a Personnel Questionnaire. When so doing, they will be advised of the procedures for taking the written and physical examinations as well as other processing data.

Sophomore Year

Pre-processing for new students of the 2-year program. (Interested sophomores contact the Professor of Aerospace Studies.)

Junior Year

First Semester

AF ASP 300 Aerospace Power
and Astronautics

NAVAL RESERVE OFFICERS TRAINING CORPS

The NROTC program provides a means whereby the student can be financially assisted toward attainment of an undergraduate degree and toward service to his country as a commissioned officer in the Navy or Marine Corps.

DEPARTMENT OF NAVAL SCIENCE

Students enrolled in the NROTC Unit may be enrolled in most colleges in the University. Completion of the Naval Science requirements will constitute completion of a minor in the College of Arts and Sciences.

Freshman Year	
First Semester	Second Semester
Nav Sc 103 Naval Organization and Management	Nav Sc 104 Naval Ships Systems
3	3
Prior to Senior Year	
Pol Sc 203 International Politics: Basic Factors	Hist 375 Military History of the US
3	3
Junior Year	
Nav Sc 303 Navigation and Naval Operations	Nav Sc 304 Navigation and Naval Operations
3	3
Senior Year	
Nav Sc 403 Weapons I	Nav Sc 404 Weapons II or Nav Sc 406 Weapons III
3	3

Marine Corps subjects, given below, are substituted by Marine Corps applicants during the junior and senior years:

Junior Year	
Nav Sc 331 Evolution of Warfare	Three hour elective from one of the areas shown below
3	3
Senior Year	
Nav Sc 341 Amphibious Warfare	Three hour elective from one of the areas shown below
3	3

Elective areas for Marine Corps option students: anthropology, behavioral science, communication methods, computer science (upper level), economics, geography, management engineering, modern and classical languages, philosophy, political science, sociology, and world history.

All NROTC students attend two hours of Naval Science drill/laboratory per week.

In addition to the above, NROTC students must take certain additional courses:

(a) Students majoring in chemistry, engineering, mathematics, physics, or education with a teaching major in mathematics or physical science must complete two semesters of calculus and two semesters of chemistry or physics.

(b) Students majoring in other fields may substitute for the above requirements two semesters of statistics and probability, two semesters of biological/earth sciences, and one semester of computer science.

COURSES OF INSTRUCTION

ON THE following pages, under the respective department and division headings, are listed the courses offered for residence credit by the University as well as requirements for major and minor studies in the various departments.

Courses are numbered from 001 through 699. Courses from 001 to 099 may or may not carry credit, but are not applicable toward a baccalaureate degree; from 100 to 199, lower division, are normally open to freshmen; from 200 to 299, lower division, normally open to sophomores; from 300 to 499, upper division, normally open to juniors, seniors, fifth-year undergraduates, and graduates; 500 to 699, graduate and professional, normally open to students enrolled in the Graduate School only, the School of Law, or the School of Medicine.

Symbols used in departmental faculty listings:

- | | |
|--|---|
| ¹ On sabbatical leave for the year | ⁴ On leave for the year |
| ² On sabbatical leave for first semester | ⁵ On leave for first semester |
| ³ On sabbatical leave for second semester | ⁶ On leave for second semester |

Symbols used in course descriptions:

- *—course allowed for graduate credit to students enrolled in the Graduate School. Normally, a Graduate student enrolled in a starred course numbered below 500 is required to do extra work in the course.
- L—part of the course is laboratory work. Hours of lecture and laboratory are given at end of description.
- F—course is given in field session
- []—former course number or title
- ()—semester hours' credit; credit hours separated by a hyphen (1-3) indicates variable credit in the course.
- †—May be repeated for credit with permission of department chairman (or dean).
- ††—May be repeated for credit with permission of department chairman (or dean) and instructor.
- ‡—May be repeated for credit as subject matter varies.
- ‡‡—(Used by departments as footnote for repetition qualification not covered by three footnotes immediately above.)
- < >—session in which course is expected to be offered (except for Law and Medicine, where registration is conducted by the School). Session indicated for year courses (such as 301-302) refers to both semesters unless otherwise stated. Courses such as 551, 552, 599, 699 will be offered every session; no indication will be given unless it differs. Session offered for other courses not indicating this information must be obtained from department chairman.

When a prerequisite course number is not preceded by a department designation, reference is to the department under which the prerequisite statement appears.

A schedule of course offerings, including hours of meeting, is issued at the opening of each session. **The University reserves the right to cancel any listed course or to make a substitution in instructors when necessary.**

ACCOUNTING

See Business and Administrative Sciences.

AEROSPACE STUDIES

PROFESSOR A. D. Norton, Lt Col, USAF (Chairman); ASSOCIATE PROFESSOR C. F. Liggett, Major, USAF.

CURRICULUM

See p. 277.

300-301. Aerospace Power and Astronautics. [Growth and Development of Aerospace Power] (3, 3)

Critical analysis of the development of air power and aerospace power to include doctrine, technology, organization, and the utilization of manned and unmanned aircraft and space vehicles. Evolution and evaluation of U.S. space programs. Review of main characteristics of the solar system, types of orbits, and trajectories. Examination of current and planned capabilities for space operations. In each semester, students will take field trips, participate in group discussions, and prepare oral and written reports. <Fall 1971 and Spring 1972, and alternate years>

400-401. Concepts of Leadership and Management. [The Professional Officer] (3, 3)

Theory and application of leadership concepts to Air Force situations. Review of the Military Justice System. Theory and practice of Air Force management to include information systems, quantitative approaches to decision-making, and resource control techniques. In each semester, students will take field trips, prepare oral and written reports and participate in group discussions, case studies, and problem-solving exercises. <Fall 1970 and Spring 1971, and alternate years>

AMERICAN STUDIES

COMMITTEE IN CHARGE: ASSOCIATE PROFESSOR Joel M. Jones (English), Chairman; PROFESSORS G. Arms (English), B. Bunting (Art), V. D. Coke (Art), W. M. Dabney (History), D. B. Hamilton (Economics), P. F. Schmidt (Philosophy), E. W. Tedlock (English); ASSOCIATE PROFESSORS H. V. Rhodes (Political Science), R. Rudisill (Art), F. Szasz (History).

An American Studies minor may be elected by undergraduate students majoring in the departments of Anthropology, Art History and Criticism, Economics, English, History, Philosophy, Political Science or Sociology. Requirements for the doctor's degree in American Studies are listed in the **Graduate School Bulletin**.

MINOR STUDY

The requirement is 24 hours, including 9 hours in American Studies courses (American Studies 285, 301, 302) and 15 hours in approved courses in literature, history, or social science. With the approval of the chairman of the major department, options within the major may permit the election of additional courses in the American area (normally 9 hours in all within the major). Since courses counted toward a major cannot also be counted toward a minor, requirements vary somewhat according to the student's major department. In addition to 9 hours in American Studies, approved courses are as follows:

For majors in Anthropology, Economics, Political Science, or Sociology:

6 hours in literature or history (normally chosen from English 432, 435, 467, 468, 469, 470; History 361 through 379); 6 hours in a social science other than the major (normally from Anthropology 305, 308, 357, 358, 404; Economics 320, 350, 360; Political Science 306, 368, 375; Sociology 441, 445, 461); 3 hours in Philosophy 332 or Art 472.

For majors in Art History and Criticism or in Philosophy:

6 hours in literature or history (as above); 6 hours in a social science (as above); 3 hours in Philosophy 332 (for majors in Art) or in Art 472 (for majors in Philosophy).

For majors in English:

6 hours in history (as above); 6 hours in a social science (as above); 3 hours in Philosophy 332 or Art 472.

For majors in History:

6 hours in literature (as above); 6 hours in a social science (as above); 3 hours in Philosophy 332 or Art 472.

285. American Life and Thought. (3) Baughman, Jones, Remley
Important themes and issues of our society (1607 to the present), as reflected in American literature. Prerequisite: Engl 282, or Hist 161 or 162. <Fall, Spring>

301-302. Interdepartmental Studies in the Culture of the United States. (3, 3)
Subjects, varying from semester to semester, will be topical in 301 (as "Present Predicaments" and "Politics of the Transcendentalists") and chronological in 302 (as "Historical Crises of the 20th Century" and "Academia in the Novel"). May be repeated for credit as subject matter varies, with permission of American Studies Undergraduate Adviser or of the chairman of the student's major department. <Summer, Fall, Spring>

***501. Interdepartmental Seminar in the Culture of the United States.** (3)
Civil War period; the formation of an American view during the early national period, 1775-1828; American society and painting, 1918-1941; pragmatism, realism, and naturalism—a comparative exploration of the literary and philosophical traditions at the turn of the century. <Summer, Fall, Spring>

***699. Dissertation.** (3-9 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.

ANTHROPOLOGY

PROFESSORS, J. M. Campbell (Chairman), H. W. Basehart², F. H. Ellis³, F. C. Hibben³, S. S. Newman, J. N. Spuhler; **ASSOCIATE PROFESSORS** L. R. Binford, P. K. Bock, B. J. Rigsby, K. R. Schwerin, B. Spolsky, G. P. Springer; **ASSISTANT PROFESSORS** J. J. Brody, J. M. Sebring; and new appointments to be made.

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

Anthropology 101, 102, 201, 493, and 27 additional semester hours in courses numbered from 300 through 499 within the Department. Anthropology courses are offered in five major divisions: anthropology, physical; archaeology; ethnology, general; linguistics; and technical. A student must concentrate in one of the first four and take a minimum of 9 hours in that division. Three hours must be taken in the technical division. Six hours must be taken in two of the other three divisions, and 3 hours must be taken in the remaining division. No more than 3 semester hours of Field courses may be applied toward the fulfillment of the requirements of the appropriate division of concentration. In selecting from general ethnology, a student must take at least 3 hours in courses numbered 305, 306, 310, 314, 321, 336, 357, 358, 382 and 383, and at least 3 hours in courses numbered 301-302, 308, 316, 350, 352, 389, 397, 399, and 404. Upper division courses from other departments, chosen with the approval of the Chairman of this Department are acceptable as electives toward a major in Anthropology.

MINOR STUDY

17 hours in addition to Anthropology 101 and 102, and at least 6 hours to be taken in courses numbered above 300. No more than 3 semester hours of Field courses may be applied toward the minor.

DISTRIBUTED MINOR FOR ANTHROPOLOGY MAJORS. With the consent of the Department Chairman, a major may offer an American Studies minor as well as a minor in a single department. For requirements, see American Studies.

ANTHROPOLOGY, GENERAL

- 101. **Origin and Antiquity of Man.** (3)
Introductory course dealing with the physical origins of man and the development of human culture as revealed by archaeology. <Summer, Fall, Spring>
- 102. **Development of Culture.** (3)
The concept of culture as exemplified by contemporary peoples. <Summer, Fall, Spring>
- 201. **Principles and Fields of Anthropology.** (3)
Introduction to the history, literature, and current problems in the major fields of anthropology. Includes lectures by all members of the department on strategies of research and frontiers of knowledge in their specialties. Prerequisites: 101, 102. <Spring>
- 275F. **General Field Session.** (2-6)
Introductory summer field course in archaeology, linguistics, or general ethnology. <Summer only>
- *422. **Education and Anthropology.** (3)
(Also offered as Ed Fdn 422.) An overview of educational implications from the field of anthropology. <Offered upon demand>
- *475F. **Advanced Summer Field Session.** (2-6)
For upper-division and graduate students. Field course in archaeology, linguistics, or general ethnology. An advanced course that includes intensive instruction in field techniques and the opportunity for independent research on the part of the student. Prerequisite: 275F or equivalent. <Summer only>
- *493. **History of Anthropology.** (2) Basehart
The development of anthropological theory from the 19th century to the contemporary period, with major emphasis on cultural anthropology. Limited to majors and minors in anthropology. <Spring>
- *499F. **Field Research.** (2-6)
Field research for qualified advanced or graduate students with previous experience in archaeology, linguistics, or general ethnology. Problems are selected on the basis of student-faculty interest and field research opportunities. Students are expected to work under minimal supervision and to produce publishable reports. Prerequisite: permission of staff. <Offered upon demand>
- *505. **Proseminar: Introduction to Research.** (3)
Methods and techniques of collecting and analyzing data and of writing scientific reports. Limited to graduate majors. <Fall>
- *509. **Seminar: Anthropological Theory.** (3)
Intensive analysis of selected problems and theories, both historical and contemporary, in anthropology. Limited to graduate majors. <Fall>
- *511. **Advanced Research.** (3)
Individual research projects in Archaeology, General Ethnology, or Linguistics. Limited to graduate majors. <Offered upon demand>

General prerequisites: Anthropology 101 and 102 or equivalent.

ANTHROPOLOGY, PHYSICAL

- *307L. **Physical Anthropology: Osteology.** (3)
A laboratory course in the identification of human skeletal materials with attention to problems in the evolution of the primates. 2 lectures, 2 hrs. lab. <Offered upon demand>
- *450. **Physical Anthropology.** (3) Spuhler
The biological organization of past and present primate and human properties. <Fall>

- *451. **Biology, Society, and Culture.** (3) Spuhler
The biological bases of behavior, social behavior of the non-human primates, and the evolution of human behavior. <Spring>
- *452. **Human Population Genetics.** (3) Spuhler
The conditions for stability and change in gene and genotype frequencies in human breeding populations. <Spring 1972 and alternate years>
- *510. **Seminar: Physical Anthropology.** (3) Spuhler
Specific topics related to problems in human biology. Prerequisite: Graduate status. <Spring 1972 and alternate years>

ARCHAEOLOGY

- §266F. **Archaeological Field Techniques.** (2) Brody
An introduction to site surveying, excavation techniques, field conservation, cataloging principles and techniques, field mapping, and site reporting. <Offered upon demand>
- *312. **European Prehistory.** (3) Hibben
The archaeological backgrounds of Europe and contiguous areas in the Mediterranean, Africa, and Asia from earliest times to the historical period. <Spring 1972 and alternate years>
- *355. **Southwestern Archaeology: Mogollon and Hohokam.** (3) Ellis
The development of the various branches of Mogollon and Hohokam cultures, from Southwestern Desert Culture roots; influences from Mexico are examined. <Fall>
- *356. **Southwestern Archaeology: Pueblo Area.** (3) Ellis
The development of Basket Maker-Pueblo culture through its periods and regional branches from a combination of Southwestern Desert Culture roots and borrowed traits. <Spring>
- *362. **Archaeology of the Old World.** (3) Hibben
Prehistory of Africa, Asia, and Oceania with emphasis on Egypt, Mesopotamia, India, and China. In each area the prehistoric sequence is brought up to historic times. <Fall 1971 and alternate years>
- *384. **Archaeology of Mexico, Central America, and the West Indies.** (3) Hibben
Prehistoric beginnings of human culture from the appearance of man in the New World to the Spanish Conquest. Emphasis is on the Valley of Mexico, the Mayan area, and contiguous regions. <Fall 1971 and alternate years>
- *385. **American Archaeology: North America.** (3) Hibben
Prehistory of the North American continent from the first appearance of man in America to the European contact period. The American Southwest and Mexico are excluded. <Spring 1972 and alternate years>
- *386. **American Archaeology: South America.** (3) Hibben
The archaeology of the continent of South America from the time of the Paleo-Indian to the European period. Emphasis is upon the Andean area. <Offered upon demand>
- *391. **Classical Archaeology.** (3) Hibben
Cultural beginnings of Greece, Rome, and associated cultures in the Mediterranean area from the Neolithic period to the Byzantine empire. <Fall 1970 and alternate years>
- *392. **Strategy of Archaeology.** (3) Binford
An upper division introduction to the purpose and theory of the study of archaeology; relates archaeology to anthropological principles and the practice of science. Additional prerequisite: 201. <Fall 1970 and alternate years>
- *507. **Seminar: Archaeological Theory and Method.** (3)†
The approaches and strategies of the study of archaeology with an emphasis on methodological rather than technical procedures. <Spring>
- *514. **Seminar: South American Archaeology.** (3)
Readings, group discussions, and presentation of a research paper on aspects of South American prehistory. <Offered upon demand>
- *516. **Seminar: European Prehistory.** (3) Hibben
Individual and group discussion of the cultural backgrounds of European archaeology, with special reference to recent developments in the field. <Spring 1972 and alternate years>

§ No prerequisite.

- *557. **Seminar: Early Man in the New World.** (3) Hibben
Special readings and discussion of various aspects of Paleo-Indian problems. <Offered upon demand>
- *582. **Seminar: American Archaeology.** (3)† Binford, Campbell, Hibben
Detailed readings and discussion of various aspects of North American archaeology. Special reading by each seminar member will result in a paper presented to the entire group. <Offered upon demand>
- *594. **Seminar: Southwestern Archaeology.** (3) Ellis
Individual research dealing with a current problem selected for group study. <Offered upon demand>

ETHNOLOGY, GENERAL

- §301-302. **Interdepartmental Studies in the Culture of the United States.** (3, 3) George, Sanborn, Szasz
(Same as American Studies 301-302).
- *305. **The American Indian: North America.** (3) Rigsby
Major culture types and selected ethnographic examples of North American Indian cultures. <Fall 1971 and alternate years>
- *306. **The American Indian: South America.** (3) Schwerin
Major culture types and selected ethnographic examples of South American Indian cultures. <Fall>
- *308. **Psychological Anthropology.** (3) Bock
Materials and concepts useful in understanding the influence of group culture upon personality and of the individual upon his society. <Spring 1971 and alternate years>
- *310. **Peasant Cultures of the World.** (3) Bock
An introduction to the comparative study of peasantry. Focuses on the social and economic organization of peasant societies and the relationships of these groups to the civilizations of which they are a part. <Fall 1970 and alternate years>
- *314. **Latin American Culture and Societies.** (3) Schwerin
Culture patterns common throughout Latin American and their historical antecedents. Analyses of the variations among selected Latin American societies. <Spring 1971 and alternate years>
- *316. **Applied Anthropology.** (3)
The application of anthropological methods and principles to problems of inter-cultural communication and social change. <Fall 1971 and alternate years>
- *321. **Ethnology of Asia.** (3) Sebring
Survey of modern social structures and cultures of Asia with emphasis upon selected areas and problems. <Spring 1971 and alternate years>
- *336. **Ethnology of Africa.** (3) Basehart
Cultural and social patterns characteristic of sub-Saharan Africa with special reference to problems of culture history and comparative political organization. <Fall 1970 and alternate years>
- *350. **Methods in Cultural Anthropology.** (3) Ellis
Methods used in the collection and ordering of anthropological data for historical, scientific, and administrative problems. <Spring 1971 and alternate years>
- *352. **Primitive Literature.** (3) Newman
Comparative study of literature as a historical phenomenon, as a reflection of a cultural setting, as a formal expression for aesthetic purposes; examples drawn from oral literature. <Fall 1971 and alternate years>
- *357. **Southwestern Ethnology: Non-Pueblo Peoples.** (3) Ellis
The cultures, and relationships of Pima, Papago, Yaqui, Tarahumara, Seri, Yumans, Navajos, and Apaches. <Fall>
- *358. **Southwestern Ethnology: Pueblo Peoples.** (3) Ellis
The origin, social organization, material culture, and relationships of Southwestern Pueblo tribes. <Spring>
- *361. **Social Implications of Technological Change.** (3)
(Also offered as Soc 361.) The impact of technological change on societal institutions with special attention to underdeveloped areas. Prerequisite: Soc 101 or equivalent.

§ No prerequisite.

- *365. Urbanization in Latin America. (3)**
(Also offered as Soc 365.) Analyzes the processes related to urbanization in Latin America, comparing them with developments following industrialization and rural-to-urban migrations elsewhere. Emphasis on social and cultural changes accompanying rural-to-urban migration. Prerequisite: Soc 101 or equivalent.
- *369. American Indian History. (3) Ellis**
(Also offered as Hist 369.) Survey of American Indian history from white contact to the present. <Fall>
- *382. Middle American Ethnology. (3) Schwerin**
Emergence of the modern Indian cultures of Mexico and Guatemala. Persistence and change in social institutions and cultural patterns. <Spring>
- *383. Caribbean Ethnology. (3)**
A descriptive and analytic survey of modern West Indian sociocultural systems, taking into consideration their African, European, and East Indian cultural antecedents. <Offered upon demand>
- *389. Cultural Evolution. (3) Schwerin**
Nineteenth century theories of cultural evolution and revival of the evolutionary view in contemporary anthropology. Selected cultural examples are analyzed in terms of the modern theories. <Fall 1970 and alternate years>
- *397. Music in Society. (3) Springer**
Examinations of the functions of music in tribal and modern society; tools of analysis; survey of selected samples of musical culture. Prerequisite: ability to read simple music. <Fall 1970 and alternate years>
- *399. Comparative Value Systems. (3) Sebring**
A comparative treatment of values, world views, belief systems of selected societies; basic premises and tenets revealed in a society's interpretation of its experiences; examination of relation between values, world views. <Fall 1970 and alternate years>
- *404. Comparative Social Structure. (3) Basehart**
A systematic comparative analysis based upon the intensive study of a limited number of social systems. Primarily for graduate students. <Offered upon demand>
- *506. Cultural Ecology. (3) Campbell**
Analysis of cultural technological adaptations to environment in cross-cultural perspective. <Spring 1971 and alternate years>
- *508. Processes of Culture Change. (3) Basehart**
Analysis of contemporary anthropological approaches to problems of social and cultural change. <Spring 1972 and alternate years>
- *512. Seminar: Ethnology. (3)†**
Specific topics related to problems in the interpretation of ethnological data. <Fall, Spring>
- *513. Anthropological Problems in Latin America. (3)**
Analyses of current anthropological problems in the area. <Spring 1972 and alternate years>
- *584. Interdisciplinary Seminar on Problems of Modernization in Latin America. (3) Lieuwen, Merx, Needler, Schwerin**
(Also offered as Econ, Hist, Pol Sci, and Soc 584.) <Spring>
- *595. Seminar: Southwestern Ethnology. (3) Ellis**
Individual research related to a current problem selected for group study. <Fall 1971 and alternate years>
- *610. Kinship Studies. (3) Basehart**
An introduction to the forms and variations of kinship systems. <Fall 1971 and alternate years>

LINGUISTICS

- 292. Introduction to the Study of Language. (3 or 4)**
(Same as Ling 292.) Students who enroll for 4 hours credit must complete work in weekly discussion group in addition to the 3 hours of lecture.
- *313L. Linguistic Field Methods. (3) Newman**
Practice in transcribing from oral dictation, phonemic analysis, introduction to problems of morphology. 2 lectures, 2 hrs. lab. <Offered upon demand>

- *317L. Phonological Analysis.** (3) Newman, Rigsby
Phonetic principles and phonological theory, descriptive analysis of phonological systems, transcriptional practice and problems from selected languages. 2 lectures, 2 hrs. lab. <Fall>
- *354. The Nature of Language.** (3) Newman, Spolsky
Introduction to modern descriptive linguistics, principles of comparative linguistics, language as a social and psychological phenomenon. <Fall>
- *359. Language and Culture.** (3) Rigsby, Spolsky
An examination of the interrelations of language and speech with other selected aspects of culture. Prerequisites: 317L, 354, or equivalent. <Spring>
- *405. North American Indian Languages.** (3) Rigsby, Spolsky
Introduction to the study of North American native languages and survey of contemporary speech communities; intensive examination of the structure of one or more Southwestern native languages. Prerequisite: 292 or 354, or equivalent. <Fall>
- *418L. Grammatical Analysis.** (3) Newman, Rigsby
A continuation of 317L. Principles of grammatical analysis and the theory of grammar, descriptive analysis of grammatical structures, problems from selected languages. 2 lectures, 2 hrs. lab. <Spring 1971 and alternate years>
- *446. Introduction to Comparative Linguistics.** (3) Newman
The comparative method applied to Indo-European and to unwritten languages; other methods and techniques used in comparing languages. Prerequisites: 313L, 317L, 354 or permission of instructor. <Spring 1971 and alternate years>
- *459. Language and Society.** (3) Spolsky
An introduction to sociolinguistics, with special reference to language reflections of socio-cultural organization, multilingualism, and language planning. Prerequisite: a course in Linguistics. <Spring>
- *554. Seminar: Linguistic Theory.** (3) Rigsby
Current topics and issues in phonology, syntax, or semantics. Prerequisite: 317L or 418L or equivalent. <Offered upon demand>
- *555. Seminar in Linguistics and Language Pedagogy.** (1-3) Newman, Rigsby, Spolsky, Springer
(Same as Ling 555.) Selected topics. Prerequisite: permission of instructor. <Offered upon demand>
- *660. Methods of Comparative Linguistics.** (3) Newman
Evaluation of different methods used in the comparison of languages; current trends in comparative linguistics. <Offered upon demand>
- *661. Types of Linguistic Structure.** (3) Newman
Linguistic analysis and synthesis, language as an integrated system, varieties of language structures. <Offered upon demand>

TECHNICAL

- §260L. Beginning Museum Techniques and Methods.** (3) Brody
An introduction to the history, philosophy, and purpose of museums. Techniques and problems of museum administration, education, collection, exhibition, conservation, and public relations. 2 lectures, 2 hrs. lab. <Fall>
- *303L. Chronology.** (3) Ellis
Methods of dating in relationship to archaeological problems. Prerequisite: permission of instructor. 1 lecture, 4 hrs. lab. <Offered upon demand>
- *311. Material Culture.** (3) Ellis
Materials and techniques of manufacture, with emphasis on analysis and identification of the prehistoric and historic Southwestern tribes. <Offered upon demand>
- *360L. Advanced Museum Techniques and Methods.** (3) Brody
Specialized work on a sub-curatorial level in one area of anthropology, art, or folk art. Emphasis on conservation, cataloging, and interpretation of collection materials to the public. 2 lectures, 2 hrs. lab. <Spring>
- *409L. Southwestern Pottery.** (3) Ellis
Prehistoric pottery types of Mogollon and Pueblo cultures: identification and relationships. Prerequisites: 355 and 356 or permission of instructor. 2 lectures, 2 hrs. lab. <Spring 1972 and alternate years>

§ No prerequisite.

INDIVIDUAL STUDIES

*551-552. Problems. (1-3 hrs. each semester)

*599. Master's Thesis. (1-6 hrs. per semester)

See the Graduate School Bulletin for total credit requirements.

*699. Dissertation. (3-9 hrs. per semester)

See the Graduate School Bulletin for total credit requirements.

ARCHITECTURE

PROFESSORS D. P. Schlegel (Chairman), B. Bunting, J. J. Heimerich; ASSOCIATE PROFESSORS R. B. Riley, W. L. Weismantel; ASSISTANT PROFESSORS J. G. Borrego, R. R. Eichorn; VISITING LECTURER M. L. Pillet; LECTURERS (Part-time) R. W. Nordhaus, A. Predock; and new appointments to be made.

Explanation of footnotes not indicated will be found on page 279.

CURRICULA

See p. 241.

101. **Introduction to Architecture.** [Introduction to Architecture and Urbanism] (3) Riley
An introduction to the idea of building form as a product of social, perceptual and technological determinants. <Fall, Spring>
104. **Visual Communications.** [Visual Ordering Systems] (3) Eichorn
Problems in visual analysis with emphasis on observation, recording and communication techniques. Lectures, laboratory and shop work. <Fall, Spring>
161. **The City.** (3) Riley
(Also offered as Soc 161). An introduction to the idea of urban life, treating persistent physical, social, and symbolic themes in the historical and contemporary city. <Fall>
201. **Fundamentals of Design.** (3) Eichorn
An analytic and rational approach to design; systems analysis, operational techniques and human behavior as form determinants; application of problem-solving and decision-making techniques to design. Lectures, laboratory and shop work. Prerequisite: Art 103. <Fall>
202. **Fundamentals of Design.** (3) Eichorn
Continuation of 201. Prerequisite: 201. <Spring>
261. **Ancient and Medieval Architecture.** (3) Bunting <Fall>
262. **Renaissance and Baroque Architecture.** (3) Bunting <Spring>
- °301. **Elements of Architecture I.** (4)
Introduction of a design method for architecture with emphasis on analysis, manipulation of space and integration of basic functional, structural and material problems. Prerequisite: 202. Corequisites: 385 and CE 211L. <Fall>
- °302. **Elements of Architecture II.** (4)
Continuation of 301. Prerequisite: 301. Corequisites: 386 and CE 212L. <Spring>
361. **Architecture Since 1750.** (2) Pillet <Fall>
362. **Problems in Theory and Criticism.** (2) Riley <Spring>
- *372. **History of Urban Development.** (3) Roebuck
(Also offered as Hist 372.) A study of the development of the city with emphasis on the modern period and on the economic and social history of urban growth. <Fall>
- °385. **Building Technology I.** (2) Heimerich, Schlegel
Properties of materials used in construction; simple building assemblies; mechanical and electrical equipment of buildings; simple illumination. Closely related to work done in 301. Prerequisite: 202. <Fall>
- °386. **Building Technology II.** (2) Heimerich, Schlegel
Continuation of 385 with the addition of problems directly related to work done in 302. Prerequisite: 385. <Spring>

° Open only to students enrolled in the professional curriculum in architecture.

- °401. **Community Design.** (4)
Design as the relation between land forms, plant materials, surfaces, and buildings: an introduction to site planning, landscape architecture, and urban design. Prerequisite: 302. Corequisite: CE 315L. <Fall>
- °402. **Architectural Design.** (4)
Design of a single building with emphasis on detailed development of technical integration. Prerequisite: 401. <Spring>
- *429. **Problems.** (1-6)† Borrego <Fall, Spring>
- 462. **Seminar.** (2)
Prerequisite: senior standing. <Spring>
- *465. **City Planning Methods.** [Introduction to City Planning] (3) Weismantel
(Also offered as Econ, Pol Sci and Soc 465.) Topics include perceptual form of the city; planning and decision-making theory; national and regional policy; public control over development; direct action techniques. This is a multi-discipline introduction to urban studies with emphasis on planning and control. <Fall>
- *466. **Economics for City Planning.** (3) Weismantel
(Also offered as Econ 466.) This course introduces quantitative methods of city and development planning. Topics include cost-benefit analysis, including heroic quantification and social physics (simultaneous design of transportation and land use.) Prerequisite: Econ 201. <Spring>
- *471. **American Architecture.** (3) Bunting
The history of American architecture from the 17th century to World War II. <Spring>
- *472. **Planning Design.** (3) Weismantel
Normative studies at city to regional scale integrating social science and physical design methods. <Spring>
- *483-484. **Construction Implementation.** (2, 2) Heimerich
Comprehensive analysis of the building process. <483-Fall, 484-Spring>
- °485. **Building Technology III.** (2) Heimerich, Schlegel
Advanced construction materials, building assemblies and mechanical systems, partially related to work done in 401. Advanced illumination and acoustics. Prerequisite: 386. <Fall>
- °486. **Building Technology IV.** (2) Heimerich, Schlegel
Continuation of 485 with emphasis on problems directly related to work done in 402. Prerequisite: 485. <Spring>
- 490. **Interdepartmental Proseminar.** (3) Honors Staff
(Same as Fine Arts 490.) <Fall>
- *501. **Studio Workshop.** (6) Pillet, Weismantel
Directed group or individual assignments in architecture, community design, or environmental science. **May be repeated to a total of 18 hours.** <Fall, Spring>
- *551. **Problems.** (1-3) Pillet
Research in architectural and planning problems. **May be repeated for a maximum of 6 hours.** <Fall, Spring>
- *562. **Seminar.** (2) <Fall, Spring>
- *563. **Protective Construction.** (3-4) Heimerick
Planning, design and analysis of building types for protection of personnel against effect of nuclear radiation. Prerequisite: Graduate standing or permission of instructor. <Fall>
- *581. [481] **Architectural Programming.** (2) Schlegel
The methods of developing a building program. <Fall, Spring>
- *599. [499] **Thesis.** (1-6) Pillet
Prerequisite: 581. <Fall, Spring>

ART

Chairman to be appointed; PROFESSORS C. Adams (Dean), G. Z. Antreasian³, B. Bunting⁶, V. D. Coke⁴, J. Kacere, C. E. Paak, S. D. Smith³, J. Tatschl⁶; ASSOCIATE PROFESSORS R. Ellis², F. Hammersley, R. W. Lewis, C. Mattox; ASSISTANT PROFESSORS D. George, M. Howard, J. N. Kraft, R. Rudisill, M. E. Smith; INSTRUCTORS F. Boyden, W. R. Lazorik⁶, G. Johnson; ADJUNCT

° Open only to students enrolled in the professional curriculum in architecture.

PROFESSOR E. Boyd; LECTURERS H. D. Rodee, D. Rosenzweig (part-time); and new appointments to be made.

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

1. For the student enrolled in the College of Fine Arts, a 60-hour Professional Curriculum is offered leading to the degree of B.F.A. (See curriculum, p. 241).

2. For the student enrolled in the College of Fine Arts, a 48-hour General (Liberal Arts) Curriculum is offered leading to the degree of B.A. in Fine Arts. (See curriculum, p. 242).

3. For the student enrolled in the College of Arts and Sciences, a 32-hour major may be taken in one of two fields of specialization: Studio or Art History and Criticism.

Of these 32 hours, at least 12 must be in courses numbered above 300.

Those specializing in Studio take the following:

6 hours chosen from Art 101, 103, 104, or 105.

8 hours of Art History and Criticism including Art 270, 271, or 272.

18 hours additional in the field of specialization.

Those specializing in Art History and Criticism take the following:

12 hours Studio including Art 103 and 105.

20 hours of Art History and Criticism including Art 270, 271, and 272.

If a student majors in Art in the College of Arts and Sciences, he may not count toward graduation any other hours taken outside that College. An Art adviser shall be appointed by the Art Department, and the program approved by him.

MINOR STUDY

The minor consists of 20 credit hours. The student minoring in Art is expected to specialize in a single field (such as the crafts, history of art, lithography/drawing, painting/drawing, or photography, etc.) but he should also take one or more of the general introductory courses offered by the department. Prerequisite courses shall be taken. The student must consult an Art Department adviser regarding his minor, and the advised program in his minor must be approved by his major department.

PERIOD MINOR

For requirements, see Comparative Literature.

MATERIALS AND STUDENT WORK

Students enrolling in Art courses furnish their own material except certain studio equipment provided by the University.

ALL WORK when completed is under the control of the department until after the exhibitions of student work. Each student may be required to leave one or several pieces of original work with the department.

CREDIT

For 1 semester hour of credit it is expected that the student do 3 clock hours work per week through the semester. This includes time spent in recitation, preparation and studio. If full studio hours are not assigned in the schedule, outside assignments will be given by the instructor.

GENERAL

- 101. **Art Appreciation.** (3) Rudisill, Tatschl
Introduction to the visual arts; acquaints the general student with various fields, media, and masterpieces. <Summer, Fall, Spring>
- 210. **Introduction to the Cinema.** (3)
(Same as Fine Arts 210.) <Fall>
- 490. **Interdepartmental Proseminar.** (3) Honors Staff
(Same as Fine Arts 490.) <Fall>

STUDIO

- 103-104. **Visual Fundamentals.** (3,3) Howard
An introductory course dealing with the problem of visual organization. <Summer, Fall, Spring>
- 105. **Fundamentals of Drawing.** (3)
Pictorial Interpretation of form. <Summer, Fall, Spring>
- 182. **Painting.** (3)† S. D. Smith
Painting for non-majors. <Fall, Spring>
- 183. **Fundamentals of Painting.** (3)
Descriptive painting in the oil medium with emphasis on the still life as subject matter. Prerequisites: 103, 105. <Summer, Fall, Spring>
- 205. **Beginning Drawing.** (3)††
Understanding of form through a proficiency in drawing. Prerequisite: 105. <Summer, Fall, Spring>
- 213. **Beginning Sculpture.** (3)
Sculptural techniques in various media. Prerequisites: 103, 104. <Fall, Spring>
- 257. **Beginning Jewelry and Metalwork.** (3)†† Lewis
The handworking of various metals. Prerequisites: 103, 104. <Fall, Spring>
- 268. **Beginning Ceramics.** (3)†† Paak
Ceramic techniques. Prerequisites: 103, 104. <Summer, Fall, Spring>
- 277. **Graphic Design.** (3) Kraft
(Also offered as Journ 277) The problems of graphic design and communication. Prerequisite: 103. <Fall>
- 283. **Beginning Painting.** (3) Hammersley
Composition, form and color in painting. Exploration of the acrylic media. Prerequisite: 183. Corequisite: 205. <Summer, Fall, Spring>
- 286. **Photography.** (3)†
Photography for non-majors. <Fall, Spring>
- 287. **Beginning Photography.** [Photography] (3) Lazorik
Introductory course in still photography. Prerequisite: 103 or permission of instructor. <Summer, Fall, Spring>
- 293. **Beginning Watercolor Painting.** (3)†† S. D. Smith
Fundamentals of watercolor painting. Emphasis will be placed on the landscape as a subject. Prerequisite: 103, 105. <Spring 1972 and alternate years>
- 305. **Intermediate Drawing.** (3)††
Drawing as a foundation for painting and sculpture. Prerequisite: 205. <Summer, Fall, Spring>
- *343. **Advanced Landscape Painting.** (2)†† S. D. Smith
Landscape painting in various media. Prerequisites: 283, 305. <Fall>

†† Instructor and Department Chairman must approve repetition of this course. May be taken for credit no more than three times.

357. **Intermediate Jewelry and Metalwork.** (3)‡‡ Lewis
Development of metalworking techniques with emphasis on the creative application of various skills. Prerequisite: 257. <Fall, Spring>
368. **Intermediate Ceramics.** (3)‡‡ Paak
Experimental approaches to ceramic design. Prerequisite: 268. <Summer, Fall, Spring>
373. **Intermediate Sculpture.** (3)‡‡ Johnson
Relationships of various materials to specific conceptual problems. Prerequisite: 213. <Summer, Fall, Spring>
374. **Lithography.** (3)‡‡ Antreasian
Techniques and methods of lithography. Prerequisite: 305. <Fall, Spring>
383. **Intermediate Painting.** (3)‡‡ Hammersley
Development of the concepts and ideas of painting. Both oil and acrylic media will be used. Prerequisite: 283. <Summer, Fall, Spring>
387. **Intermediate Photography.** (3)‡‡ Lazorik
Practical and historical study of still photography with emphasis on the development of different techniques to engender various kinds of content. Prerequisite: 287. <Summer, Fall, Spring>
388. **Cinematic Photography.** (3)‡‡ Lazorik
Basic study of film-making. Prerequisite: 287 or Journ 261. <Fall, Spring>
393. **Intermediate Watercolor Painting.** (3)‡‡ S. D. Smith
Watercolor as an expressive medium. Emphasis will be placed on the landscape as a subject. Prerequisite: 293. <Offered upon demand>
- *405. **Advanced Drawing.** (3)†† Kacere
Drawing as an expressive medium. Prerequisite: 305. <Summer, Fall, Spring>
- *457. **Advanced Jewelry and Metalwork.** (3)†† Lewis
Experimental use of metal-working processes. Prerequisite: 357. By permission of instructor only. <Summer, Fall, Spring>
- *468. **Advanced Ceramics.** (3)†† Paak
Experimental approach to ceramic design based on a thorough knowledge of processes. Prerequisite: 368. By permission of instructor only. <Summer, Fall, Spring>
- *473. **Advanced Sculpture.** (3)†† Mattox
Investigation of individual problems based on a thorough knowledge of materials and methods. Prerequisite: 373. <Summer, Fall, Spring>
- *474. **Advanced Lithography.** (3)†† Antreasian
Continuation of 374. Prerequisites: 374, 405. By permission of instructor only. <Fall, Spring>
- *483. **Advanced Painting.** (3)†† Kacere and Visiting Artists
Development of concepts and ideas as related to an individual approach to painting. Prerequisites: 383, 405. <Summer, Fall, Spring>
- *486. **Techniques of Photography.** (3)††
Exploration of special cameras and such processes as photo silk-screening, photo montage, photograms, and high contrast film processing. Prerequisite: 287. <Fall, Spring>
- *487. **Advanced Photography.** (3)†† Coke, Kraft
The practice of photography as a creative means of expression with emphasis on various approaches to the development of a personal vision. Prerequisite: 387. <Summer, Fall, Spring>
- *488. **Advanced Cinematic Photography.** (3)‡ Lazorik
Continuation of 388. Prerequisite: 388 and permission of instructor. <Spring>
- *493. **Seminar: Painting, Sculpture, Lithography, Photography.** (1)††
Criticism for advanced and graduate students in painting, sculpture, and lithography. No more than 2 hrs. of credit may be counted toward a graduate degree. <Fall, Spring>

‡‡ Instructor and Department Chairman must approve repetition of this course. May be taken for credit no more than three times.

° Enrollment will be limited to students who have earned a 3.5 grade average in 6 hours (or 3.0 grade average in 9 hours) of the 300 level prerequisite noted in the course description. Transfer students must present a satisfactory portfolio to the department faculty in lieu of this requirement.

- *498. **Seminar: Crafts.** (1)††
Criticism for advanced and graduate students in crafts. No more than 2 hrs. of credit may be counted toward a graduate degree. <Fall, Spring>
- 499. **Senior Thesis.** (3)
Directed study in the major field, culminating in a written thesis or exhibition. Open to students by faculty invitation only. <Spring>
- *505. **Projects in Drawing.** (3)‡ Kacere, Mattox <Fall, Spring>
- *537. **Methods and Theories of Visual Fundamentals and Drawing.** (3) Howard
Required of all graduate assistants assigned to Art 103, 104, and 105 who have not had a year's teaching experience in visual fundamentals, design, or drawing. By permission of instructor only. <Fall>
- *551-552. **Problems.** (2-3 hrs. each semester to a maximum of 6)
Graduate work in projects or fields not covered in the regular catalog courses.
- *573. **Projects in Sculpture.** (3)‡ Mattox
Directed individual assignments. <Fall, Spring>
- *574. **Projects in Lithography.** (3 or 6)‡ Antreasian
Prerequisite: 474 or permission of instructor. <Fall, Spring>
- *583. **Projects in Painting.** (3)‡
Directed individual assignments. <Summer, Fall, Spring>
- *587. **Projects in Photography.** (3)‡ Coke
Directed individual assignments <Fall, Spring>
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements <Fall, Spring>
- *699. **Dissertation.** (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements <Fall, Spring>

ART HISTORY AND CRITICISM

- 130. **Contemporary Art.** (3) Ellis, Johnson
Emphasis will be given to the theoretical bases of the major movements since Impressionism. <Fall, Spring>
- 270. **History of Art I.** (3) Bunting
Introductory study of Prehistoric, Near Eastern, Egyptian, Greek, Roman, Early Christian, Byzantine and Romanesque Art. <Fall, Spring>
- 271. **History of Art II.** (3) Bunting
Introductory study of Western Art from the beginning of the Gothic period to the end of the Renaissance. <Summer, Fall, Spring>
- 272. **History of Art III.** (3) George
Introductory study of Western Art from the beginning of the Baroque period to 1874. <Summer, Fall, Spring>
- 301-302. **Interdepartmental Studies in the Culture of the United States.** (3, 3)
(Same as American Studies 301-302.) <Offered upon demand>
- 303. **Chinese and Japanese Art.** (3) Rosenzweig
A study of selected examples of Chinese and Japanese Art. <Spring>
- *400. **Museum Practices.** (3) Ellis
Practical and theoretical work in museum practices such as registration, conservation, exhibition and cataloging works of art. <Spring>
- *401. **African and Oceanic Art.** [Primitive Art] (3) M. E. Smith
Art of Africa and Oceania. <Fall 1971 and alternate years>
- *410. **American Indian Art.** (3)
Prehistoric and historic art forms of the Indians of North America. <Summer>
- *411. **Pre-Columbian Art.** (3) M. E. Smith
The art of Middle America prior to the 16th century. <Fall>
- *412. **Pre-Columbian Art.** (3) M. E. Smith
The Art of South America prior to the 16th century. <Offered upon demand>
- *420. **History of the Graphic Arts.** (3) Tatschl
Drawing and printmaking from the 13th century to the present. <Fall>

- *427. **History of Photography.** (3) Rudisill
Consideration of the historical development and aesthetic character of photography from 1839 to the present. <Fall, Spring>
- *430. **Greek and Roman Art.** (3) Rodee
History of painting and sculpture from 1800 B.C. to the 6th century A.D. <Offered upon demand>
- *440. **Medieval Art.** (3) Bunting
A survey of architecture, painting, and sculpture from the dissolution of the Roman empire to the 16th century, with emphasis on the religious art forms of the 12th and 13th centuries. <Fall 1970 and alternate years>
- *450. **Spanish Colonial Art.** (3) M. E. Smith
Architecture, sculpture, and painting in the period of Spanish colonization and the relation of these art forms to both the Spanish and the native Indian traditions. <Spring>
- *451. **Fifteenth and Sixteenth Century Art in Italy.** (3) Bunting
Painting and sculpture from the late 14th century through Mannerism. <Fall 1970 and alternate years>
- *452. **Fifteenth and Sixteenth Century Art in Northern Europe.** (3) Rodee
Painting and sculpture from the late 14th century through Mannerism. <Fall 1971 and alternate years>
- *461. **Seventeenth and Eighteenth Century Art in Italy.** (3)
Painting and sculpture during the Baroque and Rococo periods. <Spring 1971 and alternate years>
- *462. **Seventeenth and Eighteenth Century Art in Northern Europe.** (3)
Painting and sculpture in France, Germany, the Low Countries, and England during the Baroque and Rococo periods. <Fall 1971 and alternate years>
- *471. **Hispanic Art.** (3) M. E. Smith
Survey of Hispanic art in Europe. <Fall>
- *472. **Art of the United States.** (3) George
History of painting and sculpture from colonial times to 1906. <Fall>
- *479. **American Art: 1906-1940.** (3) George
History of painting and sculpture from 1906 to the beginning of World War II. <Spring>
- *481. **Nineteenth Century Art.** (3) Coke
History of painting and sculpture from the late Rococo period through Impressionism. <Fall, Summer 1970 and alternate summers>
- *482. **Foundations of Modern Art.** (3) Coke, Rodee
History of painting and sculpture from Post-Impressionism to Surrealism. <Spring, Summer 1970 and alternate summers>
- *491. **Later 20th Century Art.** (3) Coke
History of painting and sculpture from Surrealism through Abstract Expressionism. <Fall>
- 499. **Senior Thesis.** (3)
Directed study in the major field, culminating in a written thesis. Open to students by faculty invitation only. <Spring>
- *500. **Bibliography and Research.** (2) Bunting, George
Bibliography and research techniques in the study of art history. <Spring>
- *501. **Interdepartmental Seminar in the Culture of the United States.** (3)
(Same as American Studies 501.) <Offered upon demand>
- *503. **Methods in Art History.** (2)
Preparation and research procedures to be used in preparing critical and art historical research papers. <Fall>
- *551-552. **Problems.** (2-3 hrs. each semester)
Graduate work in projects or fields not covered in the regular courses. Maximum 6 hours. <Fall, Spring>
- *560. **Problems in Pre-Columbian Art or African Art or Oceanic Art.** [Problems in Pre-Columbian and Primitive Art] (2)† M. E. Smith <Fall>
- *561. **Problems in Ancient and Medieval Art.** (2)† <Offered upon demand>
- *571. **Problems in Renaissance and Baroque Art.** (2)† <Spring>
- *572. **Problems in the Art of the United States.** (2)† George <Fall>

- *580. *Problems in Spanish Colonial Art.* (2) Boyd
Prerequisite: 450 and a reading knowledge of Spanish. <Fall>
- *581. *Problems in 19th Century Art.* (2)† Coke, Rodee <Fall, Spring>
- *582. *Problems in 20th Century Art.* (2)† Adams, Coke <Fall>
- *592. *Art Since 1950.* (3) Adams
A critical study of painting and sculpture produced during the last two decades. <Spring>
- *599. *Master's Thesis.* (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements. <Fall, Spring>
- *699. *Dissertation.* (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements. <Fall, Spring>

BIOLOGY

PROFESSORS L. D. Potter (Chairman), H. J. Dittmer, J. S. Findley, M. W. Fleck, C. C. Hoff, W. J. Koster; ASSOCIATE PROFESSORS J. W. Beakley, C. S. Crawford², W. G. Degenhardt, W. W. Johnson, D. E. Kidd, W. C. Martin, M. L. Riedesel; ASSISTANT PROFESSORS J. S. Booth, E. W. Bourne, G. V. Johnson, J. D. Ligon, G. L. Traut; ASSOCIATES C. M. Bogert, R. Holland, U. C. Luft, P. B. Sears.

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

B.S. Degree: (recommended for professional biologists and for those entering graduate programs and professional fields such as medicine). Biology 121L and 122L; two courses from the three following groups with no two from the same group although additional courses from any of the three groups may be used as electives: (botanical 363L or 372L), (zoological 371L or 386L), (microbiological 393L); 429L or 460L or 478L; 407; 408 and 409L; 400; plus 8 hours of biology electives. Total biology 37 hours. Mathematics 121 or 150 or 162 or 180 and 181; Chemistry 101L or 121L, 102L or 122L, and 281 or 301-303L; Physics 151 and 152. (For those interested in microbiology, physiology, or medicine Chemistry 301-303L and 302-304L are recommended.) Grades of "C" or better are required of Biology majors in all of the above courses.

B.A. Degree: (available for biology majors in Education or in Arts and Sciences obtaining a teaching certificate and others in a liberal arts program). Biology 121L-122L (or 101L-102L with a 2.5 average and no grade below a "C"); two courses from the three following groups with no two from the same group although additional courses from any of the three groups may be used as electives: (botanical 363L or 372L), (zoological 371L or 386L), (microbiological 393L); 429L or 460L or 478L; 407; 408 and 409L; plus 12 hours of biology electives. Total biology 39 hours. Mathematics 121 or 150 or 162 or 180 and 181; Chemistry 101L or 121L and 281 or 301-303L. Grades of "C" or better are required of biology majors in all of the above courses.

A student desiring to concentrate in some special field of biology such as bacteriology, botany, ecology, physiology, or zoology, should consult an appropriate staff member early in his college career.

MINOR STUDY

Biology 101L-102L or 121L-122L and 12 additional hours. Grades of "C" or better are required in biology courses used for a minor.

MINOR STUDY IN PALEOECOLOGY

See p. 431.

CURRICULA PREPARATORY TO DENTISTRY, FORESTRY, MEDICAL TECHNOLOGY, OR MEDICINE

See pp. 174-177.

Note: Credit will be allowed for only 101L-102L or 121L-122L; for only 233L or 393L; for only 136-139L or 429L or 430L; or for only 236L or 429L or 430L.

- 101L. General Biology.** (4) Degenhardt, Dittmer, Fleck, Koster
The fundamental structures and functions of higher plants and animals with emphasis on principles and the unity, rather than the diversity, of phenomena. 3 lectures, 3 hrs. lab. <Fall, Spring>.
- 102L. General Biology.** (4) Degenhardt, Dittmer, Fleck
A continuation of 101L. Survey of the plant and animal kingdoms; heredity, environmental relations, and evolution. Prerequisite: 101L. 3 lectures, 3 hrs. lab. <Summer, Fall, Spring>
- 121L. Principles of Biology.** (4) Kidd, Traut
Molecular basis of life and cell theory. Emphasis on development of ideas rather than descriptive aspects. 3 lectures, 3 hrs. lab. <Fall, Spring>
- 122L. Principles of Biology.** (4) Kidd, Traut
Heredity, development, and evolution. Prerequisite: 121L. 3 lectures, 3 hrs. lab. <Fall, Spring>
- 136. Human Anatomy and Physiology.** (3) Bourne, Fleck
The structure and functions of the human body. Lectures emphasize physiology. May be taken with, or independently of, 139L. Not accepted toward a biology major. <Summer, Fall>
- 139L. Human Anatomy and Physiology Laboratory.** (2)
Laboratory work in elementary anatomy and physiology with emphasis on anatomy. Cannot be taken independently of 136. 3 hrs. lab. <Summer, Fall>
- 233L. Paramedical Microbiology.** (4) Beakley
Introduction to microbiology, with emphasis on principles of infection and immunity. Prerequisites: 102L or 122L and Chem 101L or 141L. Not accepted toward a biology major. 2 lectures, 6 hrs. lab. <Fall>
- 236L. Paramedical Anatomy and Physiology.** (4) Bourne
Principles of anatomy and physiology as applied to man. Prerequisites: 102L or 122L; Chem 281. Not accepted toward a biology major. 3 lectures, 3 hrs. lab. <Spring>
- *323. Introduction to Biological Chemistry.** (3)
(Same as Chem 323.) <Spring>
- *324L. Introduction to Biological Chemistry Laboratory.** (1)
(Same as Chem 324L.) <Spring>
- 326L. Physiology of Exercise.** (3) Riedesel
Physiological processes and their relation to exercise. Prerequisite: 102L or 122L. 2 lectures, 3 hrs. lab. <Fall>
- *363L. Flora of New Mexico.** (4) Martin
Identification, classification, and nomenclature of vascular plants. Field trips required. Prerequisite: 102L or 122L. 3 lectures, 3 hrs. lab. <Fall>
- *371L. Invertebrate Zoology.** (4) Hoff
Evolution; morphology; and complementarity of structure, environment, and function of the invertebrates. Prerequisite: 102L or 122L. 2 lectures, 4 hrs. lab. <Fall, Spring>
- *372L. Comparative Plant Morphology.** (4) Dittmer
The origin, morphogenesis, and evolution of members of the plant kingdom. Prerequisite: 102L or 122L. 2 lectures, 4 hrs. lab. <Spring>

- *386L. General Vertebrate Zoology.** (4) Findley
Principles of classification; ecology, behavior, and speciation of the vertebrates. Prerequisites: 102L or 122L. 3 lectures, 3 hrs. lab. <Summer, Spring>
- *393L. General Bacteriology.** (4) Beakley, Booth
Taxonomy, anatomy, physiology, and ecology of bacteria; principles of bacteriological technics, sterilization, and host-parasite relationships. Prerequisites: 102L or 122L, 8 hrs. of Chem. Chem 301-303L recommended. 2 lectures, 6 hrs. lab. <Summer, Fall, Spring>
- 400. Senior Seminar.** (2)
(Offered each semester, cannot be repeated for credit). <Fall, Spring>
- *401L. Biometrics.** (4) W. Johnson
Collection, handling, and statistical treatment of biological data. Prerequisites: 20 hrs. of Biol and Math 121 or 150 or 162 or 180 and 181. 2 lectures, 6 hrs. lab. <Spring>
- *407. Concepts of Ecology.** (3) Potter
Interrelationships of physical and biotic environments. Prerequisite: 16 hrs. of Biol or instructor's permission. <Summer, Spring>
- *408. Genetics.** (3) W. Johnson
Structure, function, and transmission of hereditary factors with emphasis on mathematical description. May be taken with, or independently of, 409L. Prerequisite: 102L or 122L. <Fall, Spring>
- *409L. Genetics Laboratory.** (1) W. Johnson
Genetic principles using the fruit fly and lower organisms. May not be taken independently of 408 without permission of instructor. 3 hrs. lab. <Fall, Spring>
- *410. Evolution.** (3) Martin
History of the principle and theories of evolution. Prerequisite: 408. <Spring>
- *412L. Comparative Embryology of the Vertebrates.** (4) Koster
Prerequisites: 102L or 122L, 371L or 386L. 2 lectures, 6 hrs. lab. <Fall>
- *414L. General Entomology.** (4) Crawford
Biology and classification of the insects. Prerequisite: 102L or 122L. 2 lectures, 4 hrs. lab. <Fall>
- *415L. Insect Ecology.** (4) Crawford
Environmental effects limiting activity, distribution, and abundance of terrestrial arthropods with special reference to insects. Prerequisite: 414L; 407 or equivalent recommended. 3 lectures, 3 hrs. lab. <Spring 1971 and alternate years>
- *416L. Histology.** (4) Bourne
Microscopic structure of vertebrate tissues, emphasizing correlation of structure and function. Prerequisite: 12 hours of Biol. 2 lectures, 4 hrs. lab. <Fall>
- *417L. Cytology.** (4) Bourne
Study of plant and animal cells. Prerequisite: 12 hours of Biol, including 429L or 460L or 478L. 2 lectures, 4 hrs. lab. <Spring>
- *421L. Comparative Vertebrate Anatomy.** (5) Ligon
Prerequisites: 122L and 371L or 386L. 2 lectures, 6 hrs. lab. <Spring>
- *429L. Cellular Physiology.** (4) Riedesel
Prerequisites: 16 hrs. Biol, Chem 281 or 301-303L, Math 121 or 150 or 162 or 180 and 181. Chem 301-303L recommended. 3 lectures, 3 hrs. lab. <Fall>
- *430L. Vertebrate Physiology.** (4) Riedesel
Functions and structures with emphasis on fundamental physiological processes and mechanisms. Prerequisite: 429L or 478L. 3 lectures, 3 hrs. lab. <Spring>
- **435L. Teaching of Biology.** (3) Degenhardt, Engman
(Same as Sec Ed 435L.) Prerequisites: Biol 102L or 122L, Sec Ed 361. 2 lectures, 3 hrs. lab. <Fall>
- *437. Paleobotany.** (3) Read
(Same as Geol 437.)
- *443L. Comparative Physiology.** (4) Riedesel
A comparison of physiological processes with emphasis on osmoregulation, nutrition, and metabolism. Prerequisites: 371L, 430L or 478L. Organic chemistry recommended. 3 lectures, 3 hrs. lab. <Spring 1971 and alternate years>

** Graduate credit only for graduates in Education.

- *454L. **Pathogenic Bacteriology.** (4) Beakley
The properties and characteristics of disease-producing bacteria and their relationship to disease. Prerequisites: 393L and Chem 281 or 301-303L. 2 lectures, 6 hrs. lab. <Fall>
- *456L. **Immunology.** (4) Beakley
Principles of antigen-antibody reaction, hypersensitivity, and auto-immune diseases. Laboratory preparation, detection, and measurement of antibodies. Prerequisites: 393L and Chem 302-304L. Chem 323 recommended. 2 lectures, 6 hrs. lab. <Spring>
- *460L. **Physiology of Bacteria.** (4) Booth
Cytology; growth and reproduction; fermentation, respiration, and other enzymatic activities of bacteria. Prerequisites: 393L and Chem 281 or 301-303L. 3 lectures, 3 hrs. lab. <Spring>
- *473L. **Mycology and Plant Pathology.** (4) Kidd
A taxonomic study of the fungi, with some consideration of the causative factors and economic aspects of plant diseases. Prerequisite: 363L or 372L or 393L. 2 lectures, 4 hrs. lab. <Fall>
- *474L. **Plant Anatomy.** (4) Martin
Structure of vascular plants. Prerequisite: 102L or 122L. 2 lectures, 4 hrs. lab. <Spring 1971 and alternate years>
- *475L. **Pharmacology I.** (4)
(Same as Pharmacology 475L.) Not allowed for undergraduate Biology credit. <Fall>
- *476L. **Pharmacology II.** (5)
(Same as Pharmacology 476L.) Not allowed for undergraduate Biology credit. <Spring>
- *477. **Economic Botany.** (3) Dittmer
Plants of economic importance throughout the world, geographic distribution, relation to world economy, and population distribution. Prerequisite: 8 hrs. in Biology. <Spring 1972 and alternate years>
- *478L. **Plant Physiology.** (4) G. Johnson
Physiology of the cell; general physiology of higher plants. Prerequisites: 16 hrs. in Biol, Chem 281 or 301-303L, Math 121 or 150 or 162 or 180 and 181. Chem 301-303L recommended. 3 lectures, 3 hrs. lab. <Fall>
- *479. **Conservation.** (3) Dittmer
Various aspects of conservation including soil, water, mineral, wildlife, forestry, range, and human. Lecture, demonstration, field trips. Prerequisite: 8 hrs. in Biol. <Summer, Spring 1971 and alternate years>
- *481L. **Medical Entomology.** (3) Hoff
The insects and arachnids of importance in human and veterinary medicine. Emphasis in the laboratory on identification. Prerequisites: 102L or 122L and 8 additional hrs. in Biol. 2 lectures, 2 hrs. lab. <Spring 1971 and alternate years>
- *482L. **Parasitic Protozoa and Helminths.** (4) Hoff
The protozoa and worms important in human and veterinary medicine. Emphasis on the structure and life-cycle of various forms, with practice in laboratory identification. Prerequisite: 371L or 393L. 2 lectures, 4 hrs. lab. <Fall>
- *484L. **Limnology.** (4) Koster
Fresh-water habitats and aquatic invertebrates with special reference to problems of productivity. All-day field trips required. Prerequisite: 102L or 122L. 3 lectures, 3 hrs. lab. <Spring 1972 and alternate years>
- *486L. **Ornithology.** (4) Ligon
Classification, phylogeny, natural history and literature of birds. Early morning field trips required. Prerequisites: 386L, 421L. 3 lectures, 3 hrs. lab. <Fall>
- *487L. **Ichthyology.** (4) Koster
Classification, phylogeny, natural history and literature of fishes. All-day field trips required. Prerequisite: 102L or 122L. 3 lectures, 3 hrs. lab. <Spring 1971 and alternate years>
- *488L. **Herpetology.** (4) Degenhardt
Classification, phylogeny, natural history and literature of reptiles and amphibians. All-day and one or more overnight field trips required. Prerequisite: 102L or 122L. 2 lectures, 6 hrs. lab. <Spring>

- *489L. Mammalogy.** (4) Findley
Classification, phylogeny, natural history and literature of mammals. All-day field trips and one or more overnight field trips required. Prerequisites: 386L, 421L. 3 lectures, 3 hrs. lab. <Fall 1971 and alternate years>
- *490L. Histological Technique.** (3)
The preparation for microscopic examination of plant and animal structures, tissues, and cells. Additional emphasis on topics of special interest to individual students. Prerequisites: 102L or 122L, and permission of instructor. 1 lecture, 4 hrs. lab. <Spring>
- *491L. Radiobiology.** (4) Fleck, G. Johnson
Properties of radiation; principles, theory, and use of detection and counting instruments; visits to installations using radiation in industry, medicine, and research. Prerequisites: 429L or 460L or 478L, Physics 151-153L, Chem 281 or 301-303L. One year of organic chemistry recommended. 2 lectures, 6 hrs. lab. <Fall>
- *492L. Radiobiology.** (4) Fleck, G. Johnson
Interaction of radiation with matter; biologic effects of radiation; radiation syndrome; relative radiosensitivity of cells, organs, and organisms; health physics and practical applications of radiation. Prerequisite: 491L; pre- or corequisites: Physics 152-154L. One year of organic chemistry recommended. 3 lectures, 3 hrs. lab. <Spring>
- *493L. Plant Mineral and Water Relations.** (4) G. Johnson
Absorption and utilization of minerals and water with emphasis on problems of semi-arid lands. Prerequisite: 478L or 460L or 429L. 2 lectures, 6 hrs. lab. <Fall 1971 and alternate years>
- *494L. Plant Metabolism and Growth.** (4) G. Johnson
Advanced treatment of photosynthesis, respiration, and hormonal control of growth. Prerequisite: 478L or 460L or 429L. 2 lectures, 6 hrs. lab. <Spring 1971 and alternate years>
- *501. Seminar: Current Topics in Biology.** (2)‡ <Summer, Fall, Spring>
- *503. Research Techniques.** (2) Koster
The basic techniques used in exploring biological literature, in planning experiments, in making and recording observations, and writing the report. Prerequisite: 16 hours in Biol. <Fall>
- *504. Environmental Physiology.** (3) Riedesel
Principles of physiological limits and adaptations in relation to environmental stresses. Prerequisites: 430L; Math 121 or 150 or 162 or 180 and 181; Physics 151-153L; or permission of instructor. <Fall>
- *508L. Advanced Invertebrate Zoology.** (4) Hoff
Emphasis on the phylogeny of invertebrate groups, principles of comparative morphology and embryology. Prerequisite: 371L. 2 lectures, 4 hrs. lab. <Spring 1972 and alternate years>
- *509. Advanced Genetics.** (3) W. Johnson
Detailed consideration of hereditary material, transfer of genetic information, and evolution and integration of genetic systems. Prerequisite: 408. <Spring 1971 and alternate years>
- *510. Genetics of Speciation.** (3) W. Johnson
Factors affecting the genetic composition of populations. Prerequisite: 408. <Spring 1972 and alternate years>
- *511L. Insect Physiology.** (4) Crawford
Physiology of terrestrial arthropods with special reference to insects. Prerequisites: 414L, 429L, and Chem 281 or 301-303L. 3 lectures, 3 hrs. lab. <Spring 1972 and alternate years>
- *525. Fundamental Concepts of Biology.** (3) Fleck
Trend of scientific thought and method from earliest times to the present; origin and history of important biological principles. Prerequisite: 16 hrs. in Biol. <Summer, Spring>
- *551. Problems.** (2-3)††
- *554L. Advanced Mammalogy.** (4) Findley
Recent advances and special topics in Mammalogy. Prerequisite: 489L. 3 lectures, 3 hrs. lab. <Fall 1970 and alternate years>
- *555. [555L] Animal Behavior.** (3) Ligon
Evolutionary origins and trends of major behavioral patterns, with special reference to vertebrates; innate and learned components of behavior. Prerequisites: 386L and 430L or permission of instructor. <Fall>

- *556L. Animal Behavior Laboratory. (1) Ligon**
Special laboratory and field projects in animal behavior. Optional. May not be taken independently of 555. 3 hrs. lab. <Fall>
- *563L. Advanced Plant Taxonomy. (4) Martin**
Experimental approach to plant systematics, application of nomenclatural code, and mechanics of monographic studies. Prerequisites: 408 and 363L. Recommended: 407, 474L, and 478L. 2 lectures, 6 hrs. lab. <Spring 1972 and alternate years>
- *571L. Physiological Plant Ecology. (4) Potter**
Autecological studies stressing physiological effects of environment. Prerequisites: 407 or 471L and 478L. 3 lectures, 3 hrs. lab. <Fall 1970 and alternate years>
- *572L. Ecology of North American Vegetation. (4) Potter**
Ecology of origin, use, and productivity of North American plant communities. Prerequisite: 407 or 471L. 3 lectures, 3 hrs. lab. <Fall 1971 and alternate years>
- *599. Master's Thesis. (1-6 hrs. per semester)**
See the *Graduate School Bulletin* for total credit requirements.
- *699. Dissertation. (3-9 hrs. per semester)**
See the *Graduate School Bulletin* for total credit requirements.

BUSINESS AND ADMINISTRATIVE SCIENCES

PROFESSORS R. R. Rehder (Dean), E. H. Caplan, R. L. Edgel, H. V. Finston, P. T. Mori, W. Peters, D. M. Slate, L. G. Winter; ASSOCIATE PROFESSORS K. Christman, R. H. Jehenson, R. Lenberg; ASSISTANT PROFESSORS A. A. Blumenfeld, J. A. Fitzsimmons, W. Shinnick, W. R. L. Taylor, C. S. Telly, J. Yeakel; LECTURERS R. B. Kool (Part-time), M. I. Mondlick (Visiting).

CURRICULA AND CONCENTRATIONS

See pp. 184-191.

- 105. Fundamentals of Accounting. (3)**
Critical examination of the concepts and procedures underlying financial accounting. Topics include: the accounting cycle; conceptual bases for collecting and presenting data; valuation theory and its application to assets and liabilities; concepts and determination of business income; funds flow analysis. Credit in 105 can be obtained without continuing 106. Prerequisites: Open to students of sophomore status or to freshman eligible to enroll in Math 121 or 180. <Fall, Spring>
- 106. Fundamentals of Accounting. (3)**
Continuation of 105. <Fall, Spring>
- 200-201. Principles and Problems; Principles of Economics. (3, 3)**
(Same as Economics 200-201.)
- 202. Data Processing. (3)**
Evolution, language, and media of data processing; the systems concept; function, operation, and control of IBM punch card machinery; the stored program concept; CPU functions; storage and input-output media; programming the IBM 1401 in machine, symbolic, and interpretive languages; data processing applications to In Line, Random Access, and On Line-Real Time Systems. 3 class hrs. Prerequisite: Math 121 or 180. <Fall, Spring>
- 225. Accounting for Management Control. (3)**
Interpretation, use, and analysis of accounting reports and supplementary information for management planning, coordination, and control. Effects of taxation and price levels on administrative decisions. The application of various theories and concepts which underlie cost accounting and budgeting. Prerequisites: 105, 106. 225 must be completed prior to admission to the second semester of the junior year. Students failing to meet this requirement will substitute 384 for 225. <Fall, Spring>
- 289. Statistical Analysis. (3) Peters, Shinnick**
(Also offered as Econ 289.) Introduction to the analysis of numerical data, pertinent to business and economics. Includes descriptive statistics, sampling, inference, index numbers, time series and correlation. Emphasis is on the logic of analysis, application, and interpretation. Prerequisite: Math 122 or 181. <Fall, Spring>

- 305. Introduction to International Business.** (3) Winter
Will provide an understanding of international business operations—the managerial and operational problems of a global enterprise and focus on socio-economic differences. Structure and functions of a world-wide organization. Emphasis to global business decision-making. Prerequisite: Econ 200. <Fall>
- 306. Man, Society, and Law.** (3) Huber, Telly
An intensive examination of the nature, functions and ends of law. The major philosophical schools of thought concerning the nature of man, organizations and governments discussed from a conceptual approach. Natural Law concepts beginning with the ancient Greek philosophers through the periods of Hobbes, Locke, Rousseau, Kant to contemporary views of law stressing sociological jurisprudence with emphasis on application of law to current business and social problems and the external constraints on man and decision-making which result from laws. Prerequisite: upper-division standing. <Fall, Spring>
- 307. Law of Contracts.** (3) Huber, Kool, Telly
An intensive examination emphasizing a conceptual approach through the case method of transactions between men and organizations. Development of an understanding of the elements of agreements, the types of agreements which are legally enforceable, and the legal remedies available to the parties thereto. Prerequisites: 306 and upper-division standing. <Spring>
- 308. Principles of Marketing.** (5) Lenberg, Slate, Winter
Designed to give the student an understanding and appreciation of the marketing process within the framework of the firm. The central purpose is to develop a comprehension of the increasingly important role of behavioral and quantitative models in developing marketing strategy in domestic and international markets. Prerequisites: Econ 200, 201. <Fall, Spring>
- 310. Business Finance.** (3) Edgel, Mondlick
Concerns basic principles and practices influencing the decision-making responsibility for every phase of business operation where profits and funds management are directly or indirectly concerned. Includes sources and uses of short- and long-term funds, determinants of capital requirements, methods of obtaining capital, internal financial management, application of capital and cash budgeting techniques to complex problems, and utility analysis of choices involving risk. Prerequisites: 225 or equivalent, Econ 201. <Fall, Spring>
- *315. Money and Banking.** (3) Chung, Parker
(Same as Econ 315.)
- *320. Economics of Labor Relations.** (3) Cohen
(Same as Econ 320.)
- 327. Life Insurance.** (3) Mori
The economic aspects of risk as exemplified by life insurance; basic actuarial considerations; detailed investigation of provisions and costs of policies and their suitability for various types of buyers; organization of the business. <Fall>
- 328. Property and Casualty Insurance.** (3) Christman, Mori
Basic principles and theories of insurance will be treated generally, followed by a special study of fire, liability, marine, automobile, and aviation insurance. Fidelity and surety bonds will also be included in the study of property insurance. <Spring>
- 329. Quantitative Analysis for Management.** (3) Peters, Reid, Schinnick
The application of modern quantitative methods to business problems. Includes allocation, inventory, and waiting line models, decision theory, forecasting and advanced statistical techniques. Prerequisites: 289 and 202. <Fall, Spring>
- 330. Organization Theory.** (5) Finston
Fundamentals of organization and management which apply not only to industrial organizations but to any enterprise involving sizeable groups of people. Study of the manager's job in setting goals and in utilizing both human and material resources to meet organization objectives. Introduction to human relations case problems. <Fall, Spring>
- *332. Government Control of Business.** (3) Parker
(Same as Econ 332.)
- 340. Transportation.** (3)
(Same as Econ 340.)
- *350. Public Finance.** (3) Blumenfeld, Boyle, Therkitdsen
(Same as Econ 350.)

- *362. Economic Fluctuations.** (3) Chung, Hamilton
(Same as Econ 362.)
- *363. Investment Analysis and Management.** (3) Edgel
Theory and techniques basic to control of investment risks and optimization of investment returns. Includes investment media and priorities, security market operations, portfolio analysis and management, profitability analysis, planning and management of investment programs, timing of securities transactions, and the significance of financial institutions as purchasers of corporate securities. Major emphasis is placed on the decision-making responsibilities of the financial manager with respect to investment analysis and management. Prerequisite: 310. <Fall>
- *364. Rise of Modern Industry.** (3) Hamilton
(Same as Econ 364.)
- *366. Problems and Policies in Business Financial Management.** (3) Edgel
Development of analytical and decision-making skills necessary to cope with the wide range of problems which confront the financial manager. Includes planning, directing, controlling and financing current operations as well as long-term capital commitments. General problem areas covered include internal versus external financing, internal rate of return, financing expansion of business through mergers and consolidations, and dividend policy. Emphasis is placed on the development of a policy-making framework for sound decision-making under conditions of uncertainty and risk. Prerequisite: 310. <Spring>
- *373. [263] Intermediate Accounting I.** (3)
Study of accounting theory with emphasis on asset valuation and income determination. Problems relating to the control of and the accounting for current assets. The accounting issues resulting from the corporate form of organization. Prerequisite: Minimum grade of C in 106. <Fall, Spring>
- *374. [264] Intermediate Accounting II.** (3)
Continuation of 373. Problems relating to the control of and the accounting for liabilities and noncurrent assets. The analysis and interpretation of financial statements, including the impact of income taxes and changing price levels. Prerequisite: 373. <Fall, Spring>
- *384. Managerial and Cost Accounting.** (3)
An investigation of the concepts and procedures involved in the development, presentation and interpretation of accounting information as an aid to management in planning and control. Topics include: usefulness and limitations of accounting data in evaluating alternative courses of action and in controlling current operations; methods of collecting costs information; problems of cost estimation and allocation; standard costs; budgeting; cost-value relationships. Prerequisite: 106. <Fall, Spring>
- *410. Marketing Communication.** (3) Slate, Winter
An investigation of communications theory including market, audience, and individual behavior; relationships of communications in the marketing mix; personal and nonpersonal forms of communications including sales management and advertising; problems of determining advertising appropriations, budgets, campaign strategy, media analysis, and evaluation of the communications effort of the firm. Prerequisite: 308. <Fall>
- *411. Theories of Communication.** (3) Hughey
(Same as Speech 411.)
- *412. Business and Organizational Communication.** (3) Hughey
(Same as Speech 412.)
- *421. [321] Advanced Accounting I.** (3)
Problems and theory relating to partnership dissolution and liquidation, consignments, installment sales, the statement of affairs, realization and liquidation, estates and trusts, insurance, and other areas. Prerequisite: 374. <Fall>
- *422. Advanced Accounting II.** (3)
Branch accounting; preparing consolidated financial statements; effecting combinations and mergers. Prerequisite: 374. <Spring>
- *447. Auditing.** (3)
Auditing principles and procedure; preliminary considerations, planning the audit program, classes of audits, audit reports, professional ethics and legal responsibility; case problems. Prerequisite: 421. <Spring>
- *449. Income Tax Accounting.** (3)
Federal and state income tax laws and regulations; history and background; sources of

tax law; tax services; organization and procedures of the Internal Revenue Service; tax returns, rates and credits; deductions and exclusions; withholding provisions; capital gains and losses; community property clauses. Prerequisite: 374 or junior status. Credit may be obtained in 449 without continuing into 450. <Fall>

***450. Income Tax Accounting. (3)**

Continuation of 449. <Spring>

***469. Monetary Theory and Credit Institutions. (3) Edgel**

Study of monetary policies and their effects upon corporate financial policy, money markets, price levels, and aggregate economic growth and stability. Includes analysis of short-term money markets and forces influencing their behavior. General areas covered are commercial bank management mortgage financing, credit institutions, and international financial management, including financial requirements, problems, sources, and policies of firms doing business internationally. Prerequisite: 310 and Econ 315. <Fall>

***483. Marketing Research. (3) Slate, Winter**

Research methods and techniques as an aid to marketing management and the application of these tools to the process of obtaining information upon which to base marketing strategy. Prerequisites: 289, 308. <Spring>

***486. Marketing Logistics. (3) Slate, Winter**

In this course the student considers analysis and development of an integrated distribution network. A systems approach is applied to the problems of marketing logistics. Economic analysis and quantitative tools are used in decision-making concerning the physical flow of goods. Included are warehousing and inventory planning. Prerequisites: 308, 329. <Fall>

***487. Contemporary Accounting Topics. (3)**

An examination of selected theoretical issues related to current controversy in accounting. Prerequisite: 374. <Fall>

***490. Methods Engineering. (3)**

(Same as ME 490.)

492. Senior Seminar. (3) Lenberg, Slate, Telly

Emphasis is placed on the specific functions of top management. A variety of case studies offers the student an opportunity to develop a habit of administrative thinking as company-wide objectives and policies are formulated, and consistent plans and programs are carried into action. Prerequisite: senior standing. <Fall, Spring>

***493. Labor Law and Collective Bargaining. (5) Finston, Kool**

Case studies of common, statutory, and administrative law, with emphasis on modern labor legislation and related court and administrative agency decisions affecting labor-management relations. An examination of the game theory approach to collective bargaining strategy and tactics. Intensive analysis of negotiation and arbitration cases involving wages, employee discipline, seniority rights, management prerogatives, and other collective bargaining issues. Prerequisite: 330 or permission of instructor. <Fall>

***496. Advanced Theory in Personnel Management. (3) Finston**

An investigation into the behavioral models underlying the instruments, their nature, administration and interpretation as used in personnel management. Implications for interviewing, testing, training, performance evaluation, and wage and salary administration. Prerequisite: 330 or permission of the instructor. <Spring>

***497L. Laboratory in Advanced Theory in Personnel Management. (2)**

Emphasizing recruitment, placement, and evaluation. The use and interpretation of psychological testing data including the application blank in selection training and interviewing techniques; selection and placement, performance evaluation, counseling, disciplinary and exit situations. Pre- or corequisite: 496 or permission of instructor, 4 hrs. lab. <Spring>

***500. Quantitative Analysis I. (3) Peters, Reid**

Mathematical foundations of the quantitative analysis of administrative problems. Linear systems and matrix algebra, introduction to differential and integral calculus, set theory, and probability. Applications to business and administrative situations. <Fall>

***501. Quantitative Analysis II. (3) Peters, Reid**

Statistical methods for decision making and analysis of administrative problems. Significance tests and decision procedures, Bayesian decision theory, and multi-variate statistical methods. Applications to business and administrative situations. Prerequisite: 500 or equivalent. <Fall>

***502. Accounting and Management Information Systems I. [Managerial Accounting and Control] (3)**

An examination of the basic concepts, principles and postulates of financial accounting theory and their relation to the objectives of income determination and asset valuation. Emphasis is on financial statements as a source of economic data and investor information. Topics include the financial accounting model, theories of valuation, data accumulation and analyses, and funds flow. <Fall>

***503. Accounting and Management Information Systems II. (3) Caplan**

The study of management information systems as collectors, generators, and processors of data. Particular emphasis on the role of accounting in management decision-making and control. Topics include budgeting, incremental analysis, planning capital expenditures, standard costs and analyses of variances, responsibility accounting, and computer-based management information systems. <Spring>

***504. Organizational Economics I. [Business Economics I] (3)**

Theory of buyer behavior; theory of the firm; market structures and output and price determination; value and distribution theory; capital theory; theory of income, employment, money and interest; partial and general equilibrium theory; welfare economics. <Fall>

***505. Organizational Economics II. [Business Economics II] (3)**

Concepts, methods, and techniques of applied economic analysis to a wide range of problems and decisions of the organization; product/service competition, profits, cost, demand, price, promotion, and capital formation; benefit maximization under least cost constraints; planning, programming, and budgeting. <Spring>

***506-507. Organizational Behavior I and II. (3, 3)**

Intensive examination of behavioral science research and theory, as well as contemporary organizational and decision theory, as a basis for understanding, managing, and changing organizations. Relevant concepts drawn from humanistic psychology, industrial sociology, cultural anthropology, and political science are employed as analytical tools which help explain individual behavior, small-group behavior, and behavior of the total organization as a large-scale system. Emphasis is upon a comparative organizational approach which views every organization, public or private, as a socio-technical system. <506—Fall, 507—Spring>

***508. Organizational Ecology. (3) Slate**

The nature of environmental change on the structure and operation of the organization; social, political, legal, ethical, and technological systems are examined as they relate to each other and to the management of small and large scale organizations. <Fall>

***509. Organizational Intelligence Systems. [Law and Society] (3)**

An investigation of the development and applicability of intelligence system measuring and gathering techniques to organizational problems and decision-making; organizational and administrative processes of adaptation to the external environment are analyzed in terms of information needs; underlying concepts and techniques related to information requirements of the external environment of the organization are explored and analyzed under situations of change, risk, and uncertainty. <Spring>

***511. Marketing. (3) Lenberg, Slate, Winter**

The purpose of this course is to provide an understanding of the marketing-decision-making process and to develop in the student analytical and conceptual abilities as well as problem-solving capacity. Surveys normative models for decision-making in different marketing situations and discusses various analytical tools available to the marketing executive for appraising, diagnosing, organizing, planning and formulating of marketing programs. Marketing problems discussed within the system of the firm in an international setting. Student's attention directed towards an understanding of the economic, social and political forces leading to change in the market place and the development of concepts that are useful in evaluating marketing situations. Emphasis upon the construction of a marketing plan, strategy, and tactics. <Fall>

***520. Operations Research and Production Management. [Seminar in Systems Analysis] (3)**

This course builds on the mathematical and statistical foundations of 500-501 to offer a survey of the use of quantitative methods and models in the design and control of operating systems. Emphasis is on comprehension of operation problems and quantitative models in order to build a capability for intelligent management use of operations research. Prerequisite: 501. <Spring>

- *521. Seminar in Managerial Economics.** (3) Slate
Selected topics of current importance in the area of managerial economics; significant books and articles read and discussed. Emphasis given to problems in the area of production and resource allocation. <Spring>
- *522. Marketing Management.** [Seminar in Marketing] (3) Slate, Winter
Provides an understanding of the marketing decision-making process. Surveys normative models for decision-making in different marketing situations. Various analytical tools available to the marketing executive for appraising, diagnosing, organizing, planning and formulating of marketing programs are discussed. Directed toward an understanding of the economic, social and political forces leading to change in the market place and the development of concepts that are useful in evaluating marketing situations, including the international setting. <Spring>
- *523. Seminar in Organizational Theory.** (3) Finston
Advanced theory of organization structure and behavior with emphasis upon behavioral science research contributions. Advanced cases focus upon management's role in resolving inter-personal, inter-group, and inter-organization problems. <Fall>
- *524. Seminar in Law and Society.** (3) Huber, Telly <Fall>
- *525. Seminar in Accounting Theory.** (3)
An examination and discussion of theoretical issues and developments in accounting with emphasis on contemporary problems of financial reporting and the emerging concept of management information systems. Prerequisite: 421 or equivalent. <Spring>
- *526. Financial Management.** [Seminar in Finance] (3)
The finance function and its relation to other functions and to general policy of the firm. Topics include: the finance function, analysis and budgeting of funds, management of current assets, financing short- and intermediate-term needs, planning long-term debt policy and capital structure, capital costs and capital budgeting, dividend policy, valuation, mergers, and acquisitions. Prerequisites: 503 and 505. <Fall>
- *527. Seminar in International Business.** (3) Winter
The problems of intense and sophisticated competition in world markets which confront U.S. businessmen. As company activities in foreign business grow, management must acquire better understanding on which to base reasonable decisions. Emphasis on the development of an international business strategy. Considers crucial differences in foreign business such as psychological aspects, sociological structure, as they relate to U.S. business operations abroad. <Spring>
- *528. Seminar in Administrative Theory and Decision Making.** (3) Slate, Telly
A critical evaluation is made of the modern systems approach to organizational decision-making. An appraisal of traditional theory followed by an examination of current theory and its relationship to policy, planning and control in light of the environmental factors of power, authority, leadership and communications within the organization. <Spring>
- *529. Seminar in Managerial Control.** (3)
The nature of management control: characteristics of management control systems; implications of traditional and modern organization theories for control; uses and limitations of accounting systems and reports in the control process. Cases, readings, and student papers related to major fields where possible. Prerequisite: 503 or permission of the instructor. <Spring>
- *530. Mathematical Programming.** (3)
Extension of linear programming to the integer and quadratic cases; dynamic programming. Although some theory will be necessary, this course is of primarily an applied nature. Problems will be devised to run on the computer. Prerequisite: 501 or permission of instructor. <Fall>
- *531. Seminar in Quantitative Methods.** (3) Peters
Research design for administrative and behavioral studies. Emphasis on construction and testing of hypotheses involving relationships among many variables. Group and/or individual projects will be carried through employing computer programs for the analyses of multi-variate data. Prerequisites: 500, 501, or equivalent. <Fall>
- *535. Advanced Accounting Theory and Practice.** (3)
The application of advanced accounting principles to practical cases and accounting problems. Prerequisite: permission of instructor. <Fall>
- *551-552. Problems.** (1-3 hrs. each semester) Caplan, Edgel, Finston, Slate, Telly, Winter
Special permission of the adviser and of the Dean of the School of Business and Administrative Sciences required.

- *555. **Seminar in Advanced Tax Accounting.** (3)
Case studies in advanced federal income tax problems; federal estate and gift taxes; a study of those New Mexico State taxes which concern the public accountant. <Spring>
- *582. **Seminar in Corporation and Society.** (2) Desiderio, Telly
(Also offered as Law 582.) A conceptual study of the business organization and its relationship to the environment in which it adapts, accommodates, and reacts. Selected topics will be discussed and written upon pertaining to the corporation vis-a-vis society, government, economics, foreign governments, values, unions, the individual, freedom, progress, stability, power and ownership. <Spring>
- *598. **Seminar in Integrative Management.** [Administrative Research and Problems] (3)
Emphasizes system-oriented, inter-functional planning and administration with an interdisciplinary approach. Applications of Information and Intelligence Systems as the basis for management action. A variety of case studies and projects are used to develop a capacity for administrative decision-making employing strategic and operational planning, and other integrative devices.
- *599. **Administrative Research and Problems I and II. (Thesis)** (1-6)

CHEMISTRY

PROFESSORS R. N. Castle (Chairman), G. H. Daub, M. Kahn, S. E. Smith; ASSOCIATE PROFESSORS R. D. Caton, L. D. Hansen, U. Hollstein, B. T. Kenna (part-time), E. P. Papadopoulos; ASSISTANT PROFESSORS W. M. Litchman, D. R. McLaughlin, R. E. Tapscott, N. E. Vanderborgh, D. L. VanderJagt, E. A. Walters; INSTRUCTORS L. DiStefano, M. P. Malm.

The program of the Department of Chemistry conforms to the standards prescribed by the American Chemical Society; however, students who wish to be certified to the American Chemical Society should elect Chemistry 431, Inorganic Chemistry.

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

For the degree of Bachelor of Arts: Chemistry 121L (or 101L), 122L, 301, 302, 303L, 304L, and at least 11 additional hours selected from courses numbered 311-499; or Chemistry 101L, 102L, 253L, 301, 302, 303L, 304L and at least 8 additional hours selected from courses numbered 311-499.

For the degree of Bachelor of Science: Chemistry 121L (or 101L), 122L, 307, 308, 309L, 310L, 311, 312, 313L, 314L, 350, 352L and at least 10 additional hours selected from courses numbered 323-499; or Chemistry 101L, 102L, 253L, 307, 308, 309L, 310L, 311, 312, 313L, 314L, 350, 352L and at least 10 additional hours selected from courses numbered 323-499. The program must also include Physics 160, 161, 163L, 262, 264L, Mathematics equivalent to 265, and German equivalent to 252 or 262.

MINOR STUDY

20 hours in Chemistry, including Chemistry 101L, 102L, 253L, and either 301, 302, 303L and 304L or 311, 312, 313L and 314L; or Chemistry 121L (or 101L), 122L, 301, 302, 303L and 304L or 311, 312, 313L, 314L and 3 additional hours

selected from courses numbered 323-499. Chemistry 141L, 142L, and 281 do not count toward the minor.

100L. Chemistry for the Citizen. (4)

Basic introductory course in descriptive and nonquantitative terms, covering the history and philosophy of chemistry, the make-up and interaction of molecules, chemistry in our environment, applications in industry, and the earth sciences. 3 lectures, 3 hrs. lab. <Fall, Spring>

101L. General Chemistry. (4)

Introduction to the chemical and physical behavior of matter. Prerequisite: Grade of C or better in Math 010 or an ACT math score high enough to exempt student from Math 010. 3 lectures, 3 hrs. lab. <Summer, Fall, Spring>

102L. General Chemistry. (4)

Continuation of 101L and including qualitative analysis. Prerequisite: 101L or 121L with grade of C or better. 3 lectures, 3 hrs. lab. <Summer, Fall, Spring>

121L. General Chemistry. (4)

A comprehensive study of the chemical and physical behavior of matter with application of these principles to quantitative laboratory techniques and inorganic preparations. This course is designed for the student intending to major in science. Prerequisites: 1 yr. high school chemistry and qualifying ACT scores. 3 lectures, 3 hrs. lab. (Credit not allowed for both 121L and 101L.) <Fall>

122L. General Chemistry. (5)

Introduction to chemical equilibrium and the periodic properties of the elements. Application of these principles to qualitative and quantitative analysis. Prerequisite: 121L with grade of C or better or 101L with grade of C or better and permission of instructor. 3 lectures, 6 hrs. lab. (Credit not allowed for both 122L and 102L.) <Spring>

141L. Elements of General Chemistry. (4) Malm

A one-semester course in general chemistry. 3 lectures, 3 hrs. lab. (Credit not allowed for both 141L and 101L.) <Fall>

142L. Elements of Organic Chemistry. (4) Malm, DiStefano

A brief course in organic chemistry. Prerequisite: 141L or 101L. 3 lectures, 3 hrs. lab. <Spring>

253L. Quantitative Analysis. (4) Caton, Vanderborgh

Theory and techniques of volumetric and gravimetric analysis. Prerequisite: 102L. 2 lectures, 6 hrs. lab. <Summer, Fall, Spring>

281. Integrated Organic Chemistry and Biochemistry. (4) Malm

A survey interrelating the major principles of organic chemistry and biochemistry. Prerequisite: 101L or 141L. <Fall, Spring>

****301. Organic Chemistry. (3) Castle, Daub, Hollstein, Papadopoulos**

The chemistry of the compounds of carbon. Prerequisite: 102L or 122L; it is mandatory that 303L be taken concurrently. <Summer, Fall, Spring>

****302. Organic Chemistry. (3) Castle, Daub, Hollstein, Papadopoulos**

Continuation of 301. Prerequisite: 301; it is mandatory that 304L be taken concurrently <Summer, Fall, Spring>

****303L. Organic Chemistry Laboratory. (1)**

To be taken concurrently with 301. 3 hrs. lab. <Summer, Fall, Spring>

****304L. Organic Chemistry Laboratory. (1)**

To be taken concurrently with 302. 3 hrs. lab. <Summer, Fall, Spring>

****307. Organic Chemistry. (3) Castle, Daub, Hollstein, Papadopoulos**

The chemistry of carbon compounds with emphasis upon mechanisms and spectral methods. Prerequisites: 102L or 122L and permission of instructor; it is mandatory that 309L be taken concurrently. <Fall>

****308. Organic Chemistry. (3) Castle, Daub, Hollstein, Papadopoulos**

Continuation of 307. Prerequisite: 307; it is mandatory that 310L be taken concurrently. <Spring>

****309L. Organic Chemistry Laboratory. (2)**

To be taken concurrently with 307. 6 hrs. lab. <Fall>

**** Available for graduate credit except for graduate majors in chemistry.**

- **310L. Organic Chemistry Laboratory.** (2)
To be taken concurrently with 308. 6 hrs. lab. <Spring>
- **311. Physical Chemistry.** (3) Kahn, Litchman, McLaughlin
The quantitative principles of chemistry, developed by numerous problems. Prerequisites: 253L or 122L, Math 264; pre- or corequisites: Math 265, Physics 262. <Fall>
- **312. Physical Chemistry.** (3) Kahn, Litchman, McLaughlin
Continuation of 311. Prerequisite: 311. <Spring>
- **313L. Physical Chemistry Laboratory.** (1) Kahn, Litchman, McLaughlin
Experimental study of the subjects discussed in 311-312. Prerequisite: 311. 3 hrs. lab. <Spring>
- **314L. Physical Chemistry Laboratory.** (1) Kahn, Litchman, McLaughlin
Continuation of 313L. Prerequisite: 312. 3 hrs. lab. <Fall>
- **323. Introduction to Biological Chemistry.** (3)
An introductory course dealing with the chemistry of biological compounds and their transformation in plants and animals. Prerequisite: 302 or 308. <Spring>
- **324L. Introduction to Biological Chemistry Laboratory.** (1)
3 hrs. lab. <Spring>
- **350. Special Methods in Quantitative Analysis.** (3) Caton, Vanderborgh
A lecture survey of the theory and practice of qualitative and quantitative analysis. An introduction to instrumental methods. Prerequisites: 122L or 253L, 311. <Spring>
- **352L. Special Methods in Quantitative Analysis Laboratory.** (2) Caton, Vanderborgh
Laboratory and conferences. Chemical and instrumental analyses; colorimetry; potentiometric and conductometric titrations. Pre- or corequisite: 350. 6 hrs. lab. <Spring>
- *405L. Qualitative Organic Analysis.** (4) Castle, Daub, Hollstein, Papadopoulos
Identification of carbon compounds through the characteristic reactions of the functional groups. Prerequisites: 302-304L and permission of instructor. 2 lectures. 6 hrs. lab. <Fall>
- *406L. Organic Preparations.** (2-4) Castle, Daub, Hollstein, Papadopoulos
The synthesis of organic compounds utilizing the usual reactions such as Grignard, Friedel-Crafts, etc. Prerequisites: 304L or 310L and permission of instructor. 6 to 12 hrs. lab. <Summer, Fall, Spring>
- *407. The Chemistry of the Alkaloids.** (3) Castle, Hollstein
The chemistry involved in the isolation, proof of structure and synthesis of typical representatives of the different classes of alkaloids. Prerequisites: 302 or 308 and permission of instructor. <Offered upon demand>
- *415. Structure of Matter.** (3) Litchman, McLaughlin, Walters
Elements of molecular orbital theory; dipole moments; dissociation energies; quantum mechanical description of chemical bonds; hybridization; chemical consequences of structure. Enrollment only by permission of instructor. <Fall>
- *420. Advanced Organic Chemistry.** (3) Castle, Daub, Hollstein, Papadopoulos
Prerequisite: 302 or 308 with grade of B or better or permission of instructor. <Spring>
- *431. Inorganic Chemistry.** (3) Hansen, Tapscott
A systematic study of the chemical properties of the elements and their compounds, including an introduction to coordination chemistry. Prerequisite: 311; pre- or corequisite: 312. <Fall>
- *436L. Techniques in Inorganic Chemistry.** (3) Hansen, Tapscott
Techniques used in the synthesis and characterization of inorganic compounds. Prerequisites: 122L or 253L. 1 lecture, 6 hrs. lab. <Offered upon demand>
- *454L. Instrumental Analysis.** (4) Caton, Vanderborgh
Instrumentation and applications of instrumental methods to chemical analysis, including spectrophotometric, electroanalytical, X-ray diffraction, neutron activation, and chromatographic methods. Prerequisite: 352L or permission of instructor. 2 lectures, 6 hrs. lab. <Spring>
- *458. Advanced Analytical Chemistry.** (3) Caton, Vanderborgh
A survey of the principles of analytical chemistry with emphasis on modern methods of chemical analysis. Prerequisites: Chem 350-352L or permission of the instructor. <Fall>
- *460. Advanced Physical Chemistry.** (3) Kahn, Litchman, McLaughlin
Includes the thermodynamics and kinetics of chemical reactions and their relationship to the structure of chemical substances. Prerequisite: 312. <Spring>

**** Available for graduate credit except for graduate majors in chemistry.**

- *481. **Biological Chemistry.** (3)
Prerequisites: 302 or 308. <Spring>
- *482. **Biological Chemistry.** (3)
Continuation of 481. Prerequisite: 481. <Fall>
- *483L. **Biological Chemistry Laboratory.** (1)
Pre- or corequisite: 481. 3 hrs. lab. <Fall>
- *484L. **Biological Chemistry Laboratory.** (1)
Pre- or corequisite: 482. 3 hrs. lab. <Spring>
- 497-498. **Undergraduate Problems.** (2-5 hrs. each semester) <497—Summer, Fall; 498—Spring>
- *501. **The Chemistry of the Heterocyclic Compounds.** (3) Castle, Daub, Papadopoulos
The chemical properties and synthesis of representative members of the various classes of the heterocyclic compounds. Prerequisite: 302 or 308 and permission of instructor. <Offered upon demand>
- *502. **The Chemistry of the Heterocyclic Compounds.** (3) Castle, Daub, Papadopoulos
Continuation of 501. Prerequisite: 501. <Offered upon demand>
- *504. **Theoretical Organic Chemistry.** (3) Daub, Walters
The more important theories of organic chemistry. Prerequisites: 302 or 308, 312. <Fall 1970 and alternate years>
- *505. **Theoretical Organic Chemistry.** (3) Daub, Walters
Continuation of 504. Prerequisite: 504. <Spring 1971 and alternate years>
- *506L. **X-ray Crystallography.** (4) Rosenzweig
(Also offered as Geol 506L.) Principles of X-ray diffraction, Debye-Scherrer, Weissenberg, and precession methods. Space group symmetry and its determination. Prerequisites: Math 264 or 311, and permission of instructor. 2 lectures, 6 hrs. lab. <Fall 1971 and alternate years>
- *507L. **Crystal Structure Analysis.** (3) Rosenzweig
(Also offered as Geol 507L.) Structure factor calculations; Fourier methods; the Patterson function; examples of complete structure analysis. Prerequisites: 506L and permission of instructor. EE 336 is strongly recommended. 2 lectures, 3 hrs. lab. <Spring 1972 and alternate years>
- *508. **Advanced Topics in Organic Chemistry.** (3)† Castle, Daub, Walters, Hollstein
Prerequisites: 302 or 308 and permission of instructor. <Spring>
- *509. **Advanced Topics in Organic Chemistry.** (3)† Castle, Daub, Hollstein, Walters
Topics such as carbohydrates, synthesis of polycyclic compounds, relation of chemical structure to physiological activity. Prerequisites: 302 or 308 and permission of instructor. <Fall>
- *511. **Advanced Seminar in Physical Chemistry.** (3)† Kahn, Litchman, McLaughlin
Prerequisite: 312 or permission of the instructor. <Offered upon demand>
- *513. **Radiochemistry.** (3) Kahn
Elementary nuclear theory; radiations and their interactions with matter; detection of radiation. Prerequisite: 312. <Offered upon demand, Fall>
- *514. **Advanced Topics in Radiochemistry.** (3)† Kahn
Principles, ideas, and tracer techniques in the application of radioactivity to chemistry. Prerequisite: 513 or permission of instructor. <Offered upon demand, Spring>
- *532. **Advanced Topics in Inorganic Chemistry.** (3)† Hansen, Tapscott
Prerequisites: 311, 431. <Offered upon demand>
- *534. **Advanced Topics in Analytical Chemistry.** (3)† Caton, Vanderborgh
Prerequisite: 312. <Offered upon demand>
- *537. **Chemistry of the Metals.** (3) Hansen, Tapscott
Descriptive and physical chemistry of the metallic elements and their compounds, including ligand field theory as applied to the group B transition elements. Prerequisite: 431. <Offered upon demand>
- *538. **Chemistry of the Non-Metals.** (3) Hansen, Tapscott
Descriptive chemistry of the non-metallic elements and their compounds. Prerequisite: 431. <Offered upon demand>

- *541. **Electroanalytical Chemistry.** (3) Caton, Vanderborgh
Theory and applications of electroanalytical methods including potentiometry, voltammetry at controlled potential and at constant current, coulometry, amperometry, and chronopotentiometry; theory of electrode processes, potentials and kinetics of electrochemical reactions. Prerequisite: 312 or permission of instructor. <Offered upon demand>
- *542. **Analytical Separation Methods.** (3) Caton, Vanderborgh
Theory and practice of liquid-liquid extraction, precipitation and crystallization, columnar liquid-solid adsorption processes, ion exchange processes, gas chromatography, paper chromatography, and thin layer chromatography. Prerequisite: 312 or permission of instructor. <Offered upon demand>
- *561. **Quantum Chemistry I.** (3) Litchman, McLaughlin
Fundamentals of quantum theory. Observables, operators, eigenvalue problems, one-dimensional systems, simple three-dimensional systems, perturbation theory, variational methods. Prerequisite: 415 or equivalent. <Offered upon demand>
- *562. **Quantum Chemistry II.** (3) Litchman, McLaughlin
Application of quantum theory to atoms and molecules. Many-electron problem, radiation theory. Electronic, vibrational, rotational, and resonance spectroscopy. Matrix methods. Prerequisite: 561. <Offered upon demand>
- *563. **Statistical Mechanics.** (3) Litchman, McLaughlin
Classical and quantum statistical mechanics with application to thermodynamic systems. Prerequisite: 415 or permission of instructor. <Offered upon demand>
- *567. **Advanced Thermodynamics.** (3) McLaughlin
Classical thermodynamics with applications in chemistry. Prerequisite: 312. <Offered upon demand>
- *568. **Kinetics.** (3) McLaughlin, Walters
Phenomenological description of chemical reactions in the gas and liquid phases and analysis of mechanisms using classical and modern theories. Prerequisite: 312. <Offered upon demand>
- *581. **Advanced Topics in Biological Chemistry.** (3)†
Typical subjects: Nucleic Acids, Detoxification Mechanisms, Chemistry of Natural Products, etc. Prerequisites: 323 or 481 and 482 <Offered upon demand>
- *599. **Master's Thesis.** (1-6 hrs. per semester) Castle, Caton, Daub, Hansen, Hollstein, Kahn, Litchman, McLaughlin, Tapscott, Vanderborgh, Walters
See the *Graduate School Bulletin* for total credit requirements.
- *650. **Research.** (2-6 to a maximum of 12) <Summer, Fall, Spring>
- *699. **Dissertation.** (3-9 hrs. per semester) Castle, Caton, Daub, Hansen, Hollstein, Kahn, Litchman, McLaughlin, Tapscott, Vanderborgh, Walters
See the *Graduate School Bulletin* for total credit requirements.

CLASSICAL LANGUAGES

CLASSICS

See Modern and Classical Languages.

COMPARATIVE LITERATURE

COMMITTEE IN CHARGE: ASSOCIATE PROFESSOR J. E. White (Languages), Chairman; PROFESSORS G. W. Arms (English), W. D. Jacobs (English), R. R. MacCurdy (Languages), D. A. McKenzie (Languages), W. H. Roberts (Languages); ASSOCIATE PROFESSORS T. Holzapfel (Languages), J. B. Zavadil (English); ASSISTANT PROFESSOR J. F. Hailand (English).

The major in Comparative Literature is an interdepartmental major administered jointly by the Department of English and the Department of Modern and

Classical Languages. For descriptions of individual courses see the listings under the two departments.

MAJOR STUDY

The minimum requirement of 30 hours includes: 250 or 306 or 466; 9 hours of literature in a foreign language; and the remainder drawn from courses listed under Comparative Literature below.

Students may minor in literature (British or American or any foreign language), but courses taken to satisfy the major cannot be used to satisfy the minor requirement. Other minor fields particularly recommended are anthropology, art history, history, and philosophy.

Students planning to major in Comparative Literature are requested to consult with an adviser either in their sophomore year or early in their junior year. Programs will be carefully planned in both the major and the minor.

MINOR STUDY

15 hours including 6 or 9 hours in literature in a foreign language and 6 or 9 hours from courses listed under Comparative Literature below.

PERIOD MINOR STUDY

In consultation with the designated adviser and with his approval, an interdisciplinary minor with emphasis on one historical period (including proficiency in an appropriate foreign language) may be composed of a minimum of 18 hours in a pattern of appropriate courses drawn from literature, history, fine arts, music, philosophy, or other related courses. Adviser: Associate Professor White (Languages).

250. Approaches to Literature (3)

(Same as English 250.)

275. World Literature from Homer to Dante. (3) Jacobs, Kuntz, Zavadil

(Same as English 275.)

276. World Literature from Rabelais to Mann. (3) Dickey, Jacobs, Kuntz, Warner

(Same as English 276.)

306. Introduction to the Study of Foreign Literatures. (3)

(Same as Modern Language 306.)

***335. French Literature in Translation. (3) Kolbert, Murphy**

(Same as French 335.)

***336. German Literature in Translation. (3) Holzapfel, Jespersen**

(Same as German 336.)

***337. Spanish Literature in Translation. (3) MacCurdy**

(Same as Spanish 337.)

***338. Russian Literature in Translation. (3) T. Holzapfel**

(Same as Russian 338.)

***339. Greek Drama in Translation. (3) Thompson**

(Same as Greek 339.)

***340. Latin Literature in Translation. (3) Thompson, Zavadil**

(Same as Latin 340.)

***342. Greek non-Dramatic Literature in Translation. (3)**

(Same as Greek 342.)

***437. Contemporary Drama. (3) Dickey, Jacobs**

(Same as English 437.)

- *456. **Literature of Medieval Europe.** (3) Zavadiil
Selected authors and genres, Augustine to Petrarch. <Spring>
- *461. **The Folktale in English.** (3) Baughman
The tradition of folk motifs and themes in the development of the tale as a form of storytelling in English and American literature. <Fall>
- *462. **The Epic.** (3) Buchanan
Major heroic poems, beginning with the *Iliad* and terminating with *Paradise Lost*, treated both as works of art in their own right and as principal components of the genre. <Fall>
- *465. **Tragedy.** (3) Dickey, MacCurdy, Trowbridge, Simons
Selected tragedies from world literature in translation and theories of the tragic form. Prerequisite: 3 hrs. in literature. <Spring>
- *466. **Literary Criticism.** (3) Arms, Dickey, Trowbridge
A history of major critical attitudes toward literature. Prerequisite: 6 hrs. in literature. <Fall>
- *475. **Dante.** (3) White
Principally the *Vita Nuova* and the *Divine Comedy*. <Spring 1971 and alternate years>
- *580. **Seminar in Modern Languages and Literatures.** (3)
(Also offered as Mod Lang 580.) Intradepartmental seminar to provide opportunity for study in literary or other topics which relate to more than one foreign language and culture.

COMPUTING AND INFORMATION SCIENCE

COMPUTING SCIENCE COMMITTEE: ASSOCIATE PROFESSOR S. Bell (Mathematics), Chairman; PROFESSORS A. Erteza (Electrical Engineering and Computer Science), A. Houghton (Mechanical Engineering), D. Morrison (Mathematics), W. Peters (Business and Administrative Sciences); ASSOCIATE PROFESSOR L. Shampine (Mathematics); ASSISTANT PROFESSORS R. DeVries (Electrical Engineering and Computer Science), D. Sparks (Electrical Engineering and Computer Science).

The Computing Science Committee directs the Division of Computing and Information Science, an instructional unit reporting to the Vice President for Academic Affairs, which has neither director nor staff. In exercising this direction, the Computing Science Committee is responsible for coordination and planning of teaching programs in the general area of computing theory and technology. Although the Division does not directly offer any degree programs, students interested in the field may present courses with computing content as a concentration for a departmental master's degree in Engineering, Mathematics, or Business and Administrative Sciences.

The Division will have a director and faculty on both full-time and joint appointments, and will offer a complete program at all levels as soon as practicable, including a graduate program in the "non-hardware" aspects of computer science complementing the program in Electrical Engineering and Computer Science. To assist in reaching these goals, the Department of Mathematics and Statistics is assembling a nucleus for the Division's staff, and these people will be responsible for development toward the Division's program objectives, while continuing to teach present computing courses.

In addition to the courses listed below, several departments regularly teach courses pertinent to computing science. Interested students, undergraduate or graduate, may consult the catalog listings under the School of Business and Administrative Sciences, the College of Engineering, and the Department of Mathematics and Statistics. Inquiries may be addressed to Professor Bell.

PERTINENT COURSES OFFERED BY THE DEPARTMENT OF ELECTRICAL ENGINEERING AND COMPUTER SCIENCE:

- **335. Introduction to Digital Computers. (3)**
- **336. Introduction to Digital Computer Programming. (2)**
- **337. Introduction to Computer Science. (3)**
- *435. Introduction to Assembly Language Programming. (3)**
- *436. Advanced Engineering Programming. (3)**
- *437. Digital Computer Operating Systems. (3)**
- *438. Logic Design. (3)**
- *439. Computer Methods in Engineering Analysis. (3)**
- *536. Advanced Logic Design. (3)**
- *538. Design of Digital Systems. (3)**
- *539. Scientific Computing for Engineers. (3)**
- *636. Decomposition Theory. (3)**

PERTINENT COURSES OFFERED BY THE DEPARTMENT OF MATHEMATICS AND STATISTICS:

- 271. Introduction to FORTRAN Programming. (0)**
- *475-476. Elements of Numerical Analysis. (3, 3)**
- *553. Computer Evaluation of Mathematical Functions. (3)**
- *554. Theory of Automata. (3)**
- *555. Data Structures. (3)**
- *556. Algorithmic Languages and Compilers. (3)**
- *557. Computational Mathematics. (3)**
- *579. Selected Topics in Applied Mathematics. (3)**
- *672. Advanced Numerical Analysis—Eigenvalues. (3)**
- *673. Advanced Numerical Analysis—Ordinary Differential Equations. (3)**
- *674. Advanced Numerical Analysis—Partial Differential Equations. (3)**
- *677. Applications of Mathematics to Computing Science. (3)**

CURRICULUM AND INSTRUCTION

See Education, Curriculum and Instruction.

DENTAL HYGIENE

PROFESSOR M. Novitski (Director); ASSISTANT PROFESSOR M. L. duFault; INSTRUCTORS L. Keeffe, V. R. Mellott; PART-TIME LECTURERS C. E. Cullen, R. Sei, W. Thornberry, R. J. Walpole; PART-TIME INSTRUCTORS M. Atkinson, L. Baca, T. D. Breshears, D. Chavez, D. Clifford, W. Graham, R. Harris, C. Miera, H. Naeve, I. Navarre.

DENTAL HYGIENE

CURRICULUM

See pp. 269-271.

- 100. Orientation. (2) Keeffe**
Survey of dental hygiene, dentistry, and related professions. Personal and oral health. Introduction to patient education. <Fall>
- 101L. Preclinical Dental Hygiene. (2)**
Introduction to the clinical skills of dental hygiene. 1 lecture, 3 hrs. lab. <Fall>
- 102L. Clinical Dental Hygiene. (3)**
Techniques of oral hygiene procedures in a clinical environment. Prerequisites: 100, 101L, 111L. 2 lectures, 8 hrs. lab. <Spring>

**** Available for graduate credit except for graduate majors in Electrical Engineering.**

- 110. Oral Anatomy. (3) Novitski**
Anatomy of head and neck with emphasis on oral structures and their functions. Prerequisite: 100 or permission of instructor. <Spring>
- 111L. Dental Anatomy. (2) Keffe**
Morphology of tooth structure. 1 lecture, 3 hrs. lab. <Fall>
- 112L. [112.] Oral Radiography. (1) Thornberry**
The physics of roentgenology, the operation of the x-ray machine, and the practice of taking and developing dental x-rays. 1 lecture, 2 hrs. lab. <Spring>
- 200L. Integrative Dental Hygiene. (3)**
Continuation of 102L. Integration of dental hygiene sciences with experiences in clinical procedures. Prerequisite: 102L. 2 lectures, 11 hrs. lab. <Fall>
- 202L. Integrative Dental Hygiene (4)**
Continuation of 200L. Prerequisite: Completion of all courses in first 3 semesters of curriculum. 1 lecture, 16 hrs. lab. <Spring>
- 210L. Histology. (2) Walpole.**
Introductory study of cells, tissues, and organic systems of human body with emphasis on oral structures. Prerequisite: 110. 1 lecture, 2 hrs. lab. <Fall>
- 212. Pathology. (2) Walpole**
Introduction to general pathology; pathology of diseases affecting teeth and their supporting structures; oral manifestations of systemic disturbances. Prerequisites: 210L, Biol 136, 139L, 233L. <Spring>
- 220L. Dental Materials. (2) Sei**
A survey of materials used in dentistry; training in common dental laboratory procedures. Corequisite: 200L. 1 lecture, 2 hrs. lab. <Fall>
- 222. Dental and Public Health Education. (2) Atkinson**
Teaching of dental health; methods and materials to use; theory and practice of preventive dentistry and public health. Open to dental hygiene students with 30 hours in the dental hygiene curriculum. <Spring>
- 230. Oral/Dental Medicine. (2) Cullen**
Diagnosis and recognition of the nature and cause of the disease process; principles of treatment; diagnosis, etiology, prevention and control of diseases of teeth, their surrounding and supporting structures. Relation of dental health to total health. Prerequisite: 102L. <Fall>
- 240. Dental Hygiene Seminar. (0)**
Required for certification. Attendance at one-day dental hygiene seminar presented annually between fall and spring semesters. Prerequisite: 3rd semester standing. <Fall>
- 242. Practice Management and Ethics. (1) Novitski**
The principles of professional ethics; the laws and regulations related to dentistry and dental hygiene; essentials of office management, record keeping, and practice building. Prerequisite: 4th semester standing. <Spring>
- 325. Nutrition. (3) Harris**
(Same as Home Economics 325.) <Fall, Spring>
- 400. Seminar. (2) duFault**
Critical analysis of literature in the health and education professions. Prerequisite: permission of instructor. <Fall, Spring>
- 410. Dental Health Education Methods. (3) duFault**
The selection, analysis and use of effective dental health education media for individuals and groups. Prerequisite: permission of instructor. <Fall, Spring>
- 420L. Advanced Clinical Dental Hygiene. (3)**
Instruction and practice in current periodontal, radiographic, hospital and geriatric dental hygiene procedures. Prerequisite: Certification and licensure in dental hygiene with a minimum of six months (120 days) of working experience in a general dental or periodontal practice, subject to review by Dental Programs faculty; documentation of experience required. 2 lectures, 8 hrs. lab. <Fall, Spring>
- 430. Introductory Dental Hygiene Teaching Internship. (3)**
Techniques of preclinical instruction of dental hygiene with practice in teaching and evaluating laboratory performances of students in certificate program. Pre- or Corequisite: 420. 2 lectures, 2 hrs. practice. <Fall>

432. Dental Hygiene Teaching Internship. (4)

Continuation of 430 with emphasis on clinical instruction and evaluation. Prerequisite: 420.
1 lecture, 8 hrs. practice. <Spring>

DENTAL ASSISTING**CURRICULUM**

See p. 266.

121L. Introductory Dental Sciences. (3) Cullen, Miera, Thornberry

Dental radiography, principles and practice. Microbiology with emphasis on oral bacteria and immunology. Principles and practice of sterilization. Introduction to patient and office management. 3 lectures, 2 hrs. lab. <Fall>

122L. Advanced Dental Science. (5) Breshears, Harris, Miera, Walpole

Study of materials used in dentistry; laboratory training in handling materials and in dental laboratory procedures. Introduction to manifestations of oral diseases, the use of anesthetic agents and the dental auxiliary's role in their administration. Relation of diet and nutrition to general and oral health. Detailed study of dental office management. Study of dental specialties, dental literature, and dental health materials. Prerequisites: 121L and 131L. 4 lectures, 11 hrs. lab. <Spring>

131L. Principles of Dental Assisting. (2) Miera

Detailed study of art of dental assisting. 1 lecture, 3 hrs. lab. <Fall>

132L. Practicum in Dental Assisting. (3) Miera, Novitski

Supervised clinical practice of dental assisting in selected facilities. Prerequisites: 121L and 131L. 12 hrs. lab. <Spring>

DRAMATIC ART

Chairman to be appointed; PROFESSORS E. Snapp, J. Yell; ASSOCIATE PROFESSOR N. Blackburn; ASSISTANT PROFESSOR C. Sirkel; INSTRUCTOR E. Schulte.

MAJOR STUDY

College of Fine Arts: See pp. 244-246.

College of Education: Dramatic Art 101, 115, 116, 129, 275, 276, 285, 286, 305, 306, 361, and English 441 or 442 or 465. Total 36 hours.

MINOR STUDY

College of Education: Dramatic Art 101, 115, 116, 129, 285, 286, 305, 306, and English 441 or 442 or 465. Total 27 hours.

College of Arts and Sciences: A minimum of 24 hours including Dramatic Art 115, 116, 305, 335, English 441 or 442 or 465; 3 hours to be chosen from Dramatic Art 129, 306, or 336; 6 additional hours in Dramatic Art numbered 300 or above.

101. Voice and Diction. (3) Sirkel

Training for the effective use of the speaking voice: basic principles of voice production, diction, and phonetics. Credit will not be allowed for both Speech 101 and Dramatic Art 101. <Fall, Spring>

102. Voice and Diction. (3) Yell

Specialized training in the use of the voice for interpretation of stage roles and for students preparing to enter speech-oriented careers. Prerequisite: 101 or equivalent. <Spring>

115. Theatre Appreciation. (3) Sirkel

An introduction to the theatre in terms of the rewarding experience and personal enjoyment it affords both those who create it and those who appreciate it. <Fall>

116. Theatre Appreciation. (3) Sirkel

Continuation of 115. <Summer, Spring>

129. **Stage Craft.** (3) Schulte
Methods, materials, and techniques of stage carpentry. Students construct scenery for season's productions. 3 lectures, 3 hrs. lab. <Fall, Spring>
130. **Stage Craft.** (3) Schulte
Continuation of 129. Prerequisite: 129 or permission of instructor. <Fall, Spring>
140. **Makeup.** (3) Blackburn
A practical course on the art of makeup for stage and television, covering both basic principles and specific techniques. Majors only, or permission of instructor. <Fall, Spring>
210. **Introduction to the Cinema.** (3)
(Same as Fine Arts 210.) <Fall>
255. **Stage Lighting.** (3) Blackburn
Theory and practice of present-day methods of lighting the stage. <Fall>
256. **Stage Lighting.** (3) Blackburn
Continuation of 255. Prerequisite: 255. <Spring>
275. **Technical Production.** (3) Schulte
Analysis, planning, and construction of stage scenery and properties; study of the theatre plant. Prerequisite: minimum of 1 semester of stage craft. 3 lectures, 3 hrs. lab. <Fall>
276. **Technical Production.** (3) Schulte
Continuation of 275. Prerequisite: 275. <Spring>
285. **Acting Technique.** (3) Snapp
Basic methods of interpretation for stage, television, and screen. 3 lectures, 2 hrs. lab. <Fall>
286. **Acting Technique.** (3) Snapp
Continuation of 285. Prerequisite: 285. <Spring>
305. **Rehearsal and Performance.** (3) Yell
Techniques for the director in both rehearsal and performance; a study of acting styles as related to periods of theatre history. <Fall>
306. **Rehearsal and Performance.** (3) Yell
Continuation of 305. Prerequisite: 305 or permission of instructor. <Spring>
315. **Theatre Production for Teachers: Acting and Directing.** (3) Snapp
Essentials of acting and directing; rehearsal methods and production organization. May not be taken by drama majors for credit. 3 lectures, 2 hrs. lab. <Fall>
316. **Theatre Production for Teachers: Technical Production.** (3)
Essentials of stagecraft, lighting, makeup, scene and costume design; backstage organization and production techniques. May not be taken by drama majors for credit. Students are required to serve on a technical crew for one production. 3 lectures, 2 hrs. lab. <Spring>
317. **Educational Theatre.** (3) Snapp
The organizing and teaching of drama and dramatic activities in the junior and senior high schools. Special emphasis given to the uses of educational theatre as an integral part of the school curriculum and the student activities program. <Spring>
335. **Theatre History.** (3) Blackburn
The development of dramatic art from the Greeks to the present day, with a study of historical backgrounds of dramatic thought and with special emphasis on production techniques. <Fall>
336. **Theatre History.** (3) Blackburn
Continuation of 335 to present day. <Spring>
351. **Radio-Television Drama Production.** (3) Yell
Basic directing techniques for the dramatic radio and television program. Workshop. 3 lectures, 3 hrs. lab. <Fall 1971 and alternate years>
352. **Advanced Radio-Television Drama Production.** (3) Yell
Advanced directing techniques, adapting and editing the dramatic radio-television program. Workshop. Prerequisite: 351 or permission of instructor. 3 lectures, 3 hrs. lab. <Spring 1971 and alternate years>
355. **Playwriting.** (3) Snapp
Writing, reading, and analysis of student plays is supplemented by a critical examination

of their playing qualities as revealed in laboratory performances before invited groups. Prerequisite: upper-division standing or permission of instructor. 2 lectures, 2 hrs. lab. <Fall 1970 and alternate years>

356. **Playwriting.** (3) Snapp
Continuation of 355. Prerequisite: 355 or permission of instructor. <Spring 1970 and alternate years>
- *361. **Advanced Rehearsal and Performance.** (3) Snapp
Advanced study of directing techniques; analysis of scripts and methods of interpretation in production. Prerequisite: 305-306. <Fall>
- *362. **Advanced Rehearsal and Performance.** (3) Snapp
Continuation of 361. Prerequisite: 361. <Spring>
375. **Scene Design.** (3) Schulte
Materials, techniques, and methods of scene design and scene painting. Student designs compete for season's productions. <Fall>
376. **Scene Design.** (3) Schulte
Continuation of 375. Prerequisite: 375 or permission of the instructor. <Spring>
385. **Costume Design.** (3) Sirkel
Historic, modern, and stylized costume and how to design it for the stage. Students execute costumes for season's productions. <Fall>
386. **Costume Design.** (3) Sirkel
Continuation of 385. Prerequisite: 385 or permission of instructor. <Spring>
490. **Interdepartmental Proseminar.** (3) Honors Staff
(Same as Fine Arts 490.) <Fall>
499. **Senior Thesis.** (3) Honors Staff
Directed study in any major field of the theatre arts. Open to seniors approved by the departmental honors committee. <Fall, Spring>

ECONOMICS

PROFESSORS S. Cohen (Chairman), G. Boyle, D. Hamilton, N. Wollman; ASSOCIATE PROFESSORS S. Ben-David, P. Chung, M. Gisser, G. Hufbauer, P. Jonas⁴, W. Liepe, P. C. Roberts, D. Tailby, P. Therkildsen; ASSISTANT PROFESSORS F. L. Brown, A. Parker, N. Van Cott; ADJUNCT PROFESSORS A. Blumenfeld, L. Zink.

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

Economics 200, 201, 289, 300, 303, 315, and 18 additional hours in Economics, 15 of which must be upper division. Mathematics 180 or equivalent is required. Students planning to undertake employment upon graduation rather than further study are advised to take accounting, marketing, and organization theory in the School of Business and Administrative Sciences. Additional courses in mathematics and quantitative techniques are recommended for all students.

DISTRIBUTED MINOR FOR ECONOMICS MAJORS. With the consent of the departmental chairman, a major may offer an American Studies minor as well as a minor in a single department. For requirements, see American Studies.

MINOR STUDY

Economics 200, 201, and 12 hours in upper-division courses in Economics of which at least one course must be either Economics 300 or 303.

100. **Introduction to Economics.** (3)
Origins of capitalism, transplantation and adaptation in the New World, and new institutions in 19th and 20th century America. <Fall, Spring>

⁴ Undergraduate students not enrolled in the professional curricula or teacher education curricula may take this course only with permission of the department chairman.

- 200. Principles and Problems.** (3)
Economic problems of the United States at home and abroad. <Fall, Spring>
- 201. Principles of Economics** (3)
Introduction to micro-theory, macro-theory, money and banking and international trade theory. Prerequisite for upper division courses. <Fall, Spring>
- 289. Statistical Analysis.** (3) Peters, Shinnick
(Also offered as B&AS 289.) Introduction to the analysis of numerical data, pertinent to business and economics. Includes descriptive statistics, sampling, inference, index numbers, time series and correlation. Emphasis is on the logic of analysis, application, and interpretation. Prerequisite: Math 122 or 181. <Fall, Spring>
- **300. Micro-economic Theory.** (3) Gisser, Wollman
Intermediate economic analysis with emphasis on equilibrium models under perfect and imperfect competition. Prerequisite: 201. <Fall, Spring>
- 301-302. Interdepartmental Studies in the Culture of the U.S.** (3, 3)
(Same as American Studies 301-302.) May be taken for departmental credit only with the consent of the chairman.
- **303. Macro-economic Theory.** (3) Van Cott
Composition, fluctuations, growth, and distribution of national income. Prerequisite: 201. <Fall Spring>
- 310. Business Finance.** (3)
(Same as B&AS 310.)
- **315. Money and Banking.** (3) Chung, Parker
Principles of money, credit, and banking; organization and operation of the banking system; and the relationship between money, banking, and the level of economic activity. Prerequisite: 201. <Fall, Spring>
- *320. Economics of Labor Relations.** (3) Cohen
Labor force, unions, labor-management relations, legislation, wages, and level of employment. Prerequisite: 201. <Fall, Spring>
- *330. Consumer Economics.** (3) Hamilton
The theory of consumption. Prerequisite: 201.
- *331. The Economics of Poverty.** (3) Hamilton
Defines the scope of poverty problems, relates the problem to economic theory, and examines possible solutions. Prerequisite: 201.
- *332. Government Control of Business.** (3) Parker
Government and social control of business enterprise, including public utilities; the economics of rate making in public utilities. Prerequisite: 201. <Spring>
- 340. Transportation.** (3)
Principles and problems of transportation. Prerequisite: 201.
- *350. Public Finance.** (3) Blumenfeld, Boyle, Therikildsen
(Also offered as Pol Sci 350.) Taxation, governmental borrowing, financial administration, and public expenditures. Prerequisite: 201.
- *360. History of Economic Thought.** (3) Tailby
Development of the principal economic doctrines and schools of economic thought from the Physiocrats to Keynes. Prerequisite: 201.
- *362. Economic Fluctuations.** (3) Chung, Hamilton
The history of the theory of economic fluctuations, including contemporary theory; proposals to increase economic stability. Prerequisite: 201.
- *364. Rise of Modern Industry.** (3) Hamilton
Institutional and technological forces in the evolution of the industrial economy. Prerequisite: 201.
- *400. Economic Theory.** (4)
Emphasis on theory of the Firm and National Income determination. Prerequisites: 300 and 303, or equivalents.
- *407. Mathematical Methods in Economics.** [Economic Applications of Differential and Difference Equations] (3) Brown
A survey course designed to develop those mathematical results and methods which find frequent use in economic analysis. Prerequisite: One year of calculus or consent of instructor.

** Available for graduate credit except for graduate majors in Economics.

- *409. **Economic Statistics.** (3) Ben-David, Brown, Jonas
Prerequisites: Statistics, Economic Theory.
- *415. **Central Banking.** (3) Chung
Major developments in central banking theory and practice and comparative analysis of central banking in developed and underdeveloped money markets. Prerequisite: 315.
- *420. **Economic Problems of Underdeveloped Countries.** (3) Liepe, Tailby
Theories, policies, and practices, with emphasis on Latin American economic problems. Prerequisite: 201.
- *422. **Economic Security.** (3) Therkildsen
Public and private annuity, unemployment compensation, workmen's compensation, and medical programs. Prerequisite: 201.
- *424. **International Economics.** (3) Huffbauer, Liepe
Trade and balance of payments adjustments, theories of the gains from trade, policy issues. Prerequisite: 201.
- *425. **Trade Unionism in the United States.** (3) Cohen
History of American labor movement. The labor management relationship with emphasis on the economics of collective bargaining. Prerequisite: 320.
- *440. **Regional Analysis.** (3)
Analysis of regional economies, economic models. Prerequisite: 201.
- *442. **Natural Resources.** (3) Wollman, Ben-David
Land, water, mineral, energy resources; development, allocation, pricing; productivity and effects on national income and balance of payments. Prerequisite: 201.
- *445. **Economics of the Budget Process.** (3) Boyle
Relationship of private and public sectors of the economy; allocation theory with respect to public resources; economic, political, and administrative aspects of government budgeting. Prerequisite: 350 or permission of instructor.
- *450. **Comparative Economic Systems.** (3) Jonas
A critical analysis of the proposed major reforms of the existing economic system. Prerequisite: 201.
- *455. **The Soviet Economic System.** (3) Jonas
Structure, institutions, growth rate, international position, and economic and military potentials of U.S.S.R. economy. Prerequisite: 201.
- *465. **City Planning Methods.** [Introduction to City Planning] (3) Weismantel
(Also offered as Arch, Pol Sci, and Soc 465.) Topics include perceptual form of the city; planning and decision-making theory; national and regional policy; public control over development; direct action techniques. This is a multidiscipline introduction to urban studies with emphasis on planning and control. <Fall>
- *466. **Economics for City Planning.** (3) Weismantel
(Also offered as Arch 466.) This course introduces quantitative methods of city and development planning. Topics include cost-benefit analysis, including heroic quantification and social physics (simultaneous design of transportation and land use). Prerequisite: 201. <Spring>
- *485. **Philosophical Foundations of Economic Theory.** (3) Evans, Hamilton
(Same as Economics-Philosophy 485.) Prerequisite: 201.
- *495-496. **Departmental Seminar.** (3, 3)
Problems in economic theory and their relationship with changing character of economy. Prerequisite: undergraduates require approval of department.
- 497-498. **Reading for Honors.** (3, 3)
- 499. **Senior Honors Thesis.** (4)
- *500. **Micro-economic Theory.** (3) Gisser
Competition and monopoly; value and distribution; general equilibrium; welfare economics. Prerequisites: 407 or equivalent; one year of calculus.
- *501. **Advanced Micro-Theory.** (3) Gisser
Prerequisites: 500, Math 314. <Spring>
- *503. **Seminar in Economic Theory and Applied Economics.** (3)
Recent developments in the testing and application of alternative economic theories. Prerequisite: permission of instructor.
- *504. **Quantitative Analysis II.** (3)
(Same as B&AS 501.)

- *505. **Macro-economic Theory.** (3) Van Cott
Comparative statics, dynamics, and money flows. Prerequisites: 303, Math 180-181. <Fall>
- *506. **Advanced Macro-economic Theory.** (3) Van Cott
Fiscal policy, monetary policy, and models of economic growth. Prerequisites: 505 and Math 314. <Spring>
- *507. **Programming and Growth.** (3)
Recent developments in mathematical programming and growth models. Prerequisites: 407 and Math 314.
- *508. **Seminar in Quantitative Methods.** (3) Peters
(Same as B&AS 531.)
- *509. **Econometrics.** (3) Brown
Introduces student to theoretical econometric models and will include static theory with exact equations, static theory with stochastic equations, dynamic theory with exact equations, and dynamic stochastic theory. Prerequisites: Math 180, 181, 314, 345, and 346.
- *510. **Econometrics.** (3) Brown
Empirical methods in econometrics with emphasis upon the identification of econometric parameters, statistical estimation, and statistical testing. Prerequisite: 509.
- *511. **History of Economic Thought.** (3) Tailby
The contributions of the great economists to the development of economic doctrine. Prerequisite: graduate status in Economics or permission of instructor.
- *512. **Economic History.** (3) Tailby
The evolution of the economic order, its changes, causes and effects, and the impact of changing institutions on economic life. Prerequisite: graduate status in Economics or permission of instructor.
- *515. **Theory of Money and Banking.** (3) Chung, Parker
Major developments in monetary and banking theory. Prerequisite: 303 or 315.
- *516. **Monetary Problems and Policies.** (3) Chung, Parker
Treatment of important contemporary monetary problems and major issues in monetary policies. Prerequisite: graduate standing in Economics.
- *520. **Seminar in Labor Economics.** (3) Cohen
Prerequisite: 320 or equivalent.
- *521. **Comparative Labor Movements.** (3) Cohen
Theories of trade union movements. International labor movements. National movements in Western Europe, the Socialist States, and the underdeveloped nations. Prerequisite: 320 or equivalent and graduate standing.
- *531. **Standards and Levels of Living.** (3) Hamilton
An analysis of the determinants of levels and standards of living, income distribution, and the use of budget studies and expenditure studies. Prerequisite: graduate status in Economics or permission of the instructor.
- *532. **The Theory of Consumption.** (3) Hamilton
The traditional theory of consumer preference, behaviorist theory, and modern interdisciplinary theory of consumer behavior. Prerequisite: graduate standing in Economics or permission of instructor.
- *542. **Seminar in Natural Resource Planning.** (3) Ben-David, Wollman
Micro-economic applications and systems analysis, economics of exhaustible resources. Prerequisite: 300 or 500.
- *543. **Seminar in Natural Resource Planning.** (3) Ben-David, Wollman
Macro-economic analysis of natural resource problems, public investment, growth and international trade in natural resources. Prerequisite: 303 or 505.
- **546. **Economic Education.** (2 or 4) Parker, Doxtator
(Also offered as Sec Ed 546.) A survey of those areas most relevant to contemporary social studies curriculum: comparative economic systems, role of government, poverty, international economic problems, etc. Guidance in introduction of economics into the classroom. Examination, development, and evaluation of instructional materials.
- *551-552. **Problems.** (2-3 hrs. per semester)
- *560. **Theory of Public Finance.** (3) Boyle, Therkildsen
Economic theory and its application to the public economy: welfare economics and other

** Available for graduate credit except for graduate majors in Economics.

theoretical tools applied to taxation, public expenditure, and public debt. Prerequisite: Permission of instructor.

- *562. **State and Local Finance.** (3) Boyle, Therkildsen
An analysis of the economics of state and local expenditures, taxation and administration of public funds. Particular attention to the problems, policies and practices in New Mexico and neighboring states. Prerequisite: 350 or graduate status in Economics or permission of instructor.
- *565. **Seminar in Fiscal Policy** (3) Boyle, Therkildsen
An analysis of the effects of fiscal policy upon: (1) the level of employment and prices; (2) the rate of growth; and (3) the distribution of income. Prerequisite: graduate status in Economics.
- *570. **Institutional Economics.** (3) Hamilton
The "American contribution" to economic thought as found in the work of Veblen, Mitchell, Commons, and other institutional economists. Prerequisite: graduate status in Economics or permission of instructor.
- *579. **Monetary Aspects of International Economics.** (3) Liepe
Price and income mechanisms of balance of payments adjustment, fixed versus flexible exchange rates, capital movements, international monetary institutions and their reform. Prerequisite: 424 or permission of instructor.
- *580. **International Trade Theory.** (3) Hufbauer, Liepe
Theory of trade and welfare and its applications. Prerequisite: 424 or permission of instructor.
- *582. **Theories of Economic Development and Growth Models.** (3) Hufbauer, Liepe
Theories and controversies in economic development and their policy implications.
- *583. **Seminar in Economic Development with Particular Application to Latin America.** (3) Liepe
Economic theory applied to case studies in development. Prerequisite: graduate status in Economics or permission of instructor.
- *584. **Interdisciplinary Seminar on Problems of Modernization in Latin America.** (3) Lieuwen, Merckx, Needler, Schwerin
(Also offered as Anthro, Hist, Pol Sci, and Soc 584.) <Spring>
- *599. **Master's Thesis** (1-6 hrs. per semester).
See the Graduate School Bulletin for total credit requirements.
- *699. **Dissertation.** (3-9 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.

ECONOMICS-PHILOSOPHY

The combined major in Economics and Philosophy is an interdepartmental major administered jointly by the two departments. Students interested in this program should consult Prof. David Hamilton in the Department of Economics, who is the adviser to all students in the Program.

This major is directed toward a deepened and fuller understanding of the theoretical phases of economics and toward the extension of philosophy into one of its traditional areas of interest; namely, that of value theory and its application.

MAJOR STUDY

Students completing an Economics-Philosophy major are not required to have a minor. The minimum requirement is 45 hours, including: Economics 200, 201, 300, 303, 315, and 360 or 450, and three hours to be selected from 320, 332, 340, 350, 422 or 424; Philosophy, twenty-one hours selected from courses chosen in consultation with your adviser.

MINOR STUDY

Not offered.

- *485. **Philosophical Foundations of Economic Theory.** (3) Evans, Hamilton
Philosophical backgrounds of classical and neo-classical, socialist and communist, and institutionalist economics. Prerequisite: Economics 201. <Spring 1971 and alternate years>

EDUCATION, ART

ASSOCIATE PROFESSOR D. J. McIntosh (Chairman); ASSISTANT PROFESSOR W. Rutkowski;
INSTRUCTORS R. Hough, J. Waldie.

CURRICULUM

See pp. 203-204.

MINOR STUDY

See p. 204.

- 110. Creative Art in Elementary School. (3)**
Developing art awareness through comprehension and expression. <Summer, Fall, Spring>
- 115. Creative Craft in Elementary School. (3)**
Developing craft awareness through comprehension and participation. <Summer, Fall, Spring>
- 120-121. Techniques of Craft Education. (1-3, 1-3)**
Beginning crafts. <Fall, Spring>
- 130-131. Techniques of Design Education. (3, 3)**
Design in everyday life. <Fall>
- 210-211. Creative Art in Secondary School. (3, 3)**
Fundamentals of art education. <Fall, Spring>
- 220. [320] Pre-teaching Experience in Art. (3)**
Introductory art teaching. <Summer, Fall, Spring>
- 351. Problems. (1-3)**
- 400. Student Teaching in the Elementary School. (3-6-9, maximum total allowed 15)**
Prerequisites: 110-115 or 210-211; 220; Corequisite: 401. <Fall, Spring>
- 401. [400] Children and Art. (3)**
Pre-school through adolescence. <Fall>
- *410. Creative Paper Crafts. (3) <Offered upon demand>**
- *429. Workshop. (1-4)**
Carries graduate credit when specifically approved by the Graduate Committee. For degree restrictions see p. 200 of this catalog or consult the Graduate School Bulletin.
- 434. Teaching Art in Secondary School. (3)**
Objectives, motivation, and procedures. Prerequisite: Ed Fdns 310. <Spring>
- 461. Student Teaching in the Secondary Schools. (3-6-9, maximum total allowed 15)**
Corequisite: 434. <Summer, Fall, Spring>
- 462. Student Teaching in the Secondary Schools. (3-6-9, maximum total allowed 15)**
<Summer, Fall, Spring>
- 463. Student Teaching in the Secondary Schools: Professional Education Block. (6-15)**
<Summer, Fall, Spring>
- *500. Seminar. (1-3)‡ McIntosh**
<Summer, Fall, Spring>
- *529. Workshop. (1-3)**
For degree restrictions consult the Graduate School Bulletin.
- *551-552. Problems. (1-3 hrs each semester)**
- *599. Master's Thesis. (1-6 hrs. per semester)**
See the Graduate School Bulletin for total credit requirements.
- *699. Doctoral Dissertation. (3-9 hrs. per semester)**
See the Graduate School Bulletin for total credit requirements.

EDUCATION, BUSINESS

See Education, Secondary

EDUCATION, CURRICULUM AND INSTRUCTION (GENERAL)

The Department of Elementary Education and the Department of Secondary Education (see these departments for faculty listing) jointly offer graduate and undergraduate courses in the area of Curriculum and Instruction. Also available through these departments is a graduate plan leading to the award of Education Specialist in Curriculum and Instruction (Sixth-Year Program). See the **Graduate School Bulletin** for further information.

- *429. **Workshop. (1-4)**
For degree restrictions see p. 200 of this catalog or consult the **Graduate School Bulletin**.
- *431. **Audio-Visual Materials and Techniques. (3)** Kline
(Also offered as Lib Sci 431.) An interpretation and application of principles and methods from the regular undergraduate programs in teacher education into terms of audio-visual materials and their use in teaching. Prerequisite: Senior standing with minimum of 12 hours in professional education. <Summer, Fall, Spring>
- *432. **Production of Instructional Materials for the Classroom. (3)** Kline
(Also offered as Lib Sci 432.) Requires an interpretation of the psychological principles of learning and the application of these principles to the production of instructional materials using a variety of media including graphics, overhead projection, still and motion picture photography, recordings, and television. <Summer, Fall, Spring>
- *435. **Remedial Reading Problems. (3)** Van Dongen, Walters, Zintz
Prerequisite: El Ed 331 or permission of instructor. <Summer, Fall, Spring>
- *436. **The Elementary School Library. (3)**
(Also offered as Lib Sci 436.) A survey of principles and problems in organizing and maintaining library programs in elementary schools. Not open to students who have taken Lib Sci 428. <Fall>
- *481. **Education Across Cultures in the Southwest. (3)** Angel, Condie, Zintz
Educational implications of the Pueblo, Navajo, Apache, and Spanish-American cultures. Research on New Mexico school problems will be reviewed and evaluated. <Summer, Fall, Spring>
- *482. **Teaching English as a Second Language. (3)** Brodkey, Condie, Spolsky, Ulibarri, White, Zintz
Pre- or corequisite: English 492 or equivalent. <Summer, Fall, Spring>
- *515. **Remedial Teaching Techniques. (3)** Walters, Zintz
Diagnosis of learning difficulties; developmental and corrective measures for use with individual learners. <Summer, Spring 1971 and alternate years>
- *529. **Workshop. (1-4)** <Offered upon demand>
- *530. **Adult Education. (3)** Holemon
(Also offered as Ed Adm 530.) Origin, development, philosophy, objectives, methods, and materials. <Spring>
- *532. **The Reading Process. (3)** Van Dongen, White, Zintz
Reading and perception; visual and auditory perception in word recognition; psychological and physical factors involved in vision and hearing; visual and auditory tests; neurological impairment and learning disabilities. Uses of mechanical aids in reading improvement; psychology of learning and theory of measurement applied to reading; cognition; affect; reading and semantics; sociology of reading. <Summer 1970 and alternate years, Spring>
- *535. **Practicum in Learning Disabilities (Reading). (3)** Van Dongen, Zintz
Tutoring severely disabled readers under supervision. Prerequisites: 435 and El Ed 531 or Sec Ed 520. <Summer, Fall, Spring>
- *541. **Principles of Curriculum Development. (3)** Angel, Drummond, Howard, Ivins
Social, philosophical, and psychological bases related to principles of curriculum development at all levels of education. <Summer, Spring 1971 and alternate years>
- *560. **Supervision of Instruction (Elementary and Secondary). (3)** Aragon, Auger, Drummond, Holemon, Ivins.
(Also offered as Ed Adm 560.) Purposes of supervision in the instructional program; theory and nature of instructional leadership; supervision as group leadership; classroom

visitation and conferences as supervisory techniques; and evaluation of supervision. Special attention to role of principal and general supervisor in instructional improvement. <Summer, Fall, Spring>

- *561. **Practicum in the Supervision of Instruction.** (3) Auger, Ivins
Combines a structured seminar in the content and techniques of supervision with a supervised practicum in the supervision of instruction. May be repeated for a maximum of 12 hours. <Fall, Spring>
- *581. **Bilingual Education.** (3) Angel, Condie, Gonzales, Spolsky, Ulibarri, Zintz
Prerequisite: 481. <Summer, Spring>
- *601. **Curriculum Appraisal and Improvement of School Programs.** (3) Crawford, Howard, Ivins
(Also offered as Sec Ed 601.) <Fall>
- *610-611. **Internship I and II.** (3-6, 3-6)
(Also offered as Ed Fdn, PE, Hlth Ed, Recrea, and Sec Ed 610-611.) Available to selected advanced graduate students; offers an opportunity to apply, under careful supervision, significant principles from educational theory and research in classroom or parallel research situations. <Summer, Fall, Spring>

EDUCATION, EDUCATIONAL ADMINISTRATION

ASSOCIATE PROFESSOR R. L. Holemon (Chairman); PROFESSORS R. Lawrence (Dean), P. V. Petty, C.C. Travelstead; ASSOCIATE PROFESSORS R. E. Blood, H. Hughes, H. Lavender, R. Tonigan; ASSISTANT PROFESSORS J. Aragon, M. Burlingame.

The programs offered in this department are at the graduate level. Information concerning these programs is contained in the **Graduate School Bulletin**.

- *410. **Introduction to Educational Administration.** (3) Blood, Burlingame
An overview of the field of educational administration including school organization, operational areas, and principles. Required of all school administration majors. <Summer, Fall, Spring>
- *412. **Public Education in New Mexico.** (2) Aragon
A comprehensive survey of the New Mexico public school system and its tax supported system of higher education. <Fall, Spring>
- *429. **Workshop.** (1-4)
Carries graduate credit when specifically approved by the Graduate Committee. For degree restrictions see p. 200 of this catalog or consult the **Graduate School Bulletin**. <Offered upon demand>
- *510. **School-Community Relations.** (3) Holemon, Hughes
The underlying principles of satisfactory and constructive relationships between the school and the community along with the development of practices which will implement these principles. <Fall, Spring>
- *520. **The School Principalship.** (3) Blood
The organizational, administrative, and supervisory responsibilities of the school principal—elementary and secondary. <Summer, Fall, Spring>
- *521. **Public School Finance.** (3) Hughes
Basic principles underlying the financing of public schools. Special attention is given to New Mexico. <Fall>
- *522. **School Business Management.** (3) Tonigan
Practices in school budgeting, purchasing, funds accounting, auditing, payroll administration, supply management, and miscellaneous business transactions. <Spring>
- *526. **Educational Planning and the School Plant.** (3) Tonigan
The teaching-learning concepts involved in the planning of desirable school plants. Prerequisite: a course in curriculum. <Summer, Spring>
- *529. **Workshop in Educational Administration.** (1-4)
For degree restrictions consult the **Graduate School Bulletin**. <Offered upon demand>
- *530. **Adult Education.** (3) Holemon
(Also offered as C&I 530.) Origin, development, philosophy, objectives, methods, and materials. <Spring>

- *531. **Administration of Staff Personnel.** (3) Holemon
The principles of educational administration applied to the organization and administration of the staff personnel. <Summer, Spring>
- *532. **Current Educational Problems.** (3)
A group study of specific problems in education. Usually offered as an off-campus course. <Summer, Fall>
- *551-552. **Problems.** (1-3 hrs. each semester)
- *560. **Supervision of Instruction (Elementary and Secondary.)** (3) Aragon, Auger, Drummond, Holemon, Ivins
(Also offered as C&I 560.) Purposes of supervision in the instructional program; theory and nature of instructional leadership; supervision as group leadership; classroom visitation and conferences as supervisory techniques; and evaluation of supervision. Special attention to role of principal and general supervisor in instructional improvement. <Summer, Fall, Spring>
- *561. **School Law.** (3) Angel
Legislation and court decisions, with special reference to New Mexico school law. <Summer, Fall>
- *564. **School and Community Surveys.** (3) Holemon
Practices and techniques in all phases of school and community surveys. <Fall>
- *571. **State and Federal Educational Administration.** (3) Burlingame
State school systems; federal and state policy; and forms of control. <Fall, Spring>
- *581. **Seminar in Educational Administration.** (2) Burlingame, Holemon
Advanced reading and problem study in educational administration. Required of majors; others may be admitted upon consultation with instructor. <Summer, Fall, Spring>
- *612-613. **Field Experiences in Educational Administration.** (3, 1-3)
Planned, practical experiences in connection with the actual administration of a school system. Designed to provide supervised administrative practice for those school administration students who lack actual experience. <Offered upon demand>
- *626. **Educational Buildings and Equipment.** (3) Tonigan
Problems of building construction and maintenance. Standards and practices. Field trips are included. Prerequisite: 526. <Offered upon demand>
- *629. **Seminar for Practicing School Administrators.** (1-3)
A graduate seminar for practicing school administrators offered only during summer sessions. It provides study of the latest practices and trends in specialized areas of school administration. <Offered upon demand>
- *630. **Administration in Higher Education.** (3) Lavender
An overview of higher education principally for students who are likely to have some administrative as well as teaching responsibilities in higher education. Prerequisite: master's degree or permission of instructor. <Spring>
- *699. **Doctoral Dissertation.** (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.

EDUCATION, EDUCATIONAL FOUNDATIONS

ASSOCIATE PROFESSOR A. W. Vogel (Chairman); PROFESSORS F. Angel (Assistant Dean), J. G. Cooper, R. Ruiperez; ASSOCIATE PROFESSORS W. P. Moellenberg, J. C. Moore, J. T. Zepper; ASSISTANT PROFESSORS D. Bachelor, L. A. Dahmen, J. Fashing, R. M. Gorman, M. Harris, K. Sutton; INSTRUCTOR W. Merz.

Explanation of footnotes not indicated will be found on page 279.

- 290. **Foundations of Education.** (3) Angel, Bachelor, Vogel, Zepper
An introduction to the philosophical, social, historical, and comparative foundations of education. <Summer, Fall, Spring>
- 292. **Introduction to the Study of Language.** (3 or 4)
(Same as Ling 292.) Students who enroll for 4 hours credit must complete work in weekly discussion group in addition to the 3 hours of lecture. <Fall, Spring>
- 300. **Human Growth and Development.** (1-3) Dahmen, Merz, Moellenberg
Principles of growth and development and implications for the school curriculum. <Summer, Fall, Spring>

- 310. Learning and the Classroom.** (3) Gorman, Harris, Merz, Price, Rosenblum
(Also offered as Psych 210.) The basic principles of learning and their application to classroom situations. <Summer, Fall, Spring>
- 351. Problems.** (1-3)
- *411. History of American Education.** (3) Bachelor, Vogel, Zepper
The development of American education from the Colonial period to the present. An analysis of the contributions of teachers, statesmen, philanthropists, psychologists, sociologists, and philosophies to educational thought and practice in the U.S.A. Prerequisite: a course in American history. <Offered upon demand>
- *412. History of Education.** (3) Bachelor, Vogel, Zepper
The development of education in world civilizations (with the exception of the U.S.A.). An analysis of educational thought and practice in historical perspective. Prerequisite: courses in world history. <Offered upon demand>
- *415. Philosophies of Education.** (3) Vogel, Sutton, Zepper
A survey of philosophical systems and their application to education. Prerequisite: 290 or equivalent. <Summer, Fall, Spring>
- *416. Workshop in Intercultural Relations.** (4)
(Also offered as Soc 416.) <Offered upon demand>
- *421. Sociology of Education.** (3) Bachelor, Fashing
(Also offered as Soc 421.) The comparative study of the structure and functioning of educational institutions in the developing and developed societies. <Summer, Fall, Spring>
- *422. Education and Anthropology.** (3)
(Also offered as Anth 422.) An overview of educational implications from the field of anthropology. <Offered upon demand>
- *429. Workshop in Foundations of Education.** (1-4)‡
For degree restrictions see p. 200 of this catalog or consult the *Graduate School Bulletin*. <Offered upon demand>
- *474. Evaluation in the School Curriculum.** (3) Cooper, Gorman, Moellenberg, Moore
An analysis of the educational and psychological tests used in a school testing program. <Summer, Fall, Spring>
- *500. Research Applications to Education.** (3) Cooper, Harris, Merz
Application of research findings to educational problems. Emphasis is on the consumption of research rather than the production. <Summer, Fall, Spring>
- *501. Research Methods in Education.** (3) Cooper, Dahmen, Harris, Moellenberg
Required of candidates for a graduate degree in the College, except that M.A. candidates may, with approval of their departments, take 500. Methods, techniques, and designs of educational research. Elementary statistics and data processing are taught in assigned laboratory sections as part of this course. <Summer, Fall, Spring>
- *502. Seminar.** [Research Seminar in Education] (2)
Studies in the foundations of education as determined by staff interests and departmental needs. <Offered upon demand>
- *503. Seminar in Human Growth and Development.** (3) Dahmen, Loughlin, Moellenberg, Merz
Research oriented seminar; implications for classroom practices. <Offered upon demand>
- *504. Computer Applications in Educational Research.** (3) Cooper, Dahman, Moore
Designed to acquaint graduate students already competent in the methodology of educational research with the possibilities afforded by computers for educational problem solving. Course involves both theory and practice. Prerequisite: 501 or permission of instructor. <Offered upon demand>
- *510. Seminar in Classroom Learning.** (3) Dahman, Gorman, Harris, Merz
A comprehensive examination of selected learning theories with reference to their application in classrooms or other learning situations. Prerequisite: Upper division or graduate course in Learning or Educational Psychology. <Offered upon demand>
- *515. Comparative Philosophies of Education.** (3) Vogel, Sutton, Zepper
Inquiry into differences of basic outlook and their implications for educational practice of competing philosophical positions. <Offered upon demand>
- *516. Educational Classics.** (3) Zepper
A philosophical critique of outstanding educational and philosophical works taken from lists of educational classics. Primary source readings are the basis of study. Prerequisite: 415 or equivalent work in philosophy. <Offered upon demand>

- *517. **Educational Ideas in Literature.** (3) Vogel
An investigation into the educational ideas found in works of literature of the world. <Offered upon demand>
- *518. **Comparative Education.** (3) Bachelor, Ruiperez, Vogel, Zepper
A comparative and evaluative study of the purposes, objectives, organization, and methodology of contemporary educational systems of representative European, Latin American, and Afro-Asian countries. Prerequisite: permission of instructor. <Offered upon demand>
- *551-552. **Problems.** (1-3 hrs. each semester)
- *555. **Seminar in Linguistics and Language Pedagogy.** (1-3) Newman, Rigsby, Spolsky, Springer
(Same as Ling 555.) Selected topics. Prerequisite: permission of instructor. <Offered upon demand>
- *574. **Theory and Construction of Educational Measures.** (3) Gorman, Harris, Moore
This course deals at an advanced level with the mathematical theory and the statistical methods used in the construction, analysis, and interpretation of measures employed in educational research and practice. Prerequisite: 474 or similar course, or permission of instructor. <Offered upon demand>
- *581. **Seminar: Sociology of Education.** [Seminar in the Foundations of Education] (3) Bachelor, Fashing
(Also offered as Soc 581.) Opportunity for students with appropriate backgrounds in Sociology or Education to gain experience in field research projects chosen by instructor or by agreement. <Summer, Fall, Spring>
- *603. **Research Design and Statistics in Education.** (3) Cooper, Harris, Moore
Application of advanced techniques in statistical treatment of education data. These techniques include testing experimental hypotheses, regression and prediction, analysis of variance, non-parametric methods, and partial and multiple correlation. Prerequisite: a course in statistics. <Summer, Fall, Spring>
- *604. **Multivariate Design and Analysis in Educational Research.** (3) Cooper, Moore
Advanced techniques of regression, factor analysis, canonical analysis, and multiple discriminant analysis are applied to educational problems. Computer applications of these techniques will be stressed. Prerequisite: 603. <Offered upon demand>
- *610-611. **Internship I and II.** (3-6, 3-6)
(Also offered as C&I, PE, Hlth Ed, Recrea, and Sec Ed 610-611.) Available to selected advanced graduate students; offers an opportunity to apply, under careful supervision, significant principles from educational theory and research in classroom or parallel research situations. <Summer, Fall, Spring>
- *645. **Advanced Seminar in Foundations of Education.** [Advanced Seminar in Education] (3)†
For doctoral and master's students in Education. Ideas, concepts, problems, research and critical issues facing education today. Designed to help students integrate and synthesize course work taken in Education and cognate fields, as this work may be related to and helpful in the solution of the problems under consideration. Individual student preparation and reports followed by critical reaction from other students and faculty members participating in the seminar. <Offered upon demand>
- *650. **Dissertation Seminar.** (1) Cooper, Harris
For doctoral students planning dissertation research. Recent advances in data processing, critical examination of design of projects and related issues. Corequisite: 699.
- *699. **Doctoral Dissertation.** (3-9 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.

EDUCATION, ELEMENTARY

ASSOCIATE PROFESSOR D. W. Darling (Chairman); PROFESSORS H. D. Drummond, M. V. Zintz;
ASSOCIATE PROFESSORS K. Auger, L. B. Condie, C. S. Loughlin, B. Spolsky, L. H. Walters;
ASSISTANT PROFESSORS D. Brodkey, D. Gonzales; INSTRUCTORS R. V. Dongen, M. L. Ulbarri.

CURRICULA

See pp. 204-207.

305. **Teaching in the Kindergarten-Primary Years.** (3) Loughlin
Strategies and materials of effective learning experiences and classroom organization for young children. <Spring>

319. **Physical Education in the Elementary School.** (2) Gugisberg, Hinger
(Also offered as PE 319.) Five class meetings a week. <Summer, Fall, Spring>
321. **Teaching of Social Studies in the Elementary School.** (3) Drummond <Summer, Fall, Spring>
331. **Teaching of Reading in the Elementary School.** (3) Auger, Gonzales, Van Dongen, Walters, Zintz <Fall, Spring>
333. **Teaching of Oral and Written English in the Elementary School.** (2) Condie, Loughlin, Ulibarri, Walters <Summer, Fall, Spring>
341. **Techniques of Literary Presentations.** (3) Gonzales, Walters
An exploration of the art and materials of storytelling in schools and recreation centers. Folk and fairy tales, myths, legends, fables, epic and hero tales, and realistic stories will be studied, presented and evaluated. <Offered upon demand>
351. **Problems** (1-3) <Summer, Fall, Spring>
353. **Teaching of Science in the Elementary School.** (3) Tweeten
Prerequisites: 1 yr. biological science; 1 yr. physical science. <Summer, Fall, Spring>
361. **Teaching of Mathematics in the Elementary School.** (2) Darling
Prerequisites: Math 111, 112. <Fall, Spring>
400. **Student Teaching in the Elementary School** (3-6-9)
Pre- or corequisites: 321, 331, 333, 353, 361. See also additional requirements on p. 199. <Fall, Spring>
- *405. **Curriculum for Early Childhood.** (3) Loughlin
Education of children 2-5. Prerequisite: H Ec 408L. <Spring and Summer 1971 and alternate years>
- *421. **The Social Studies Program in the Elementary School.** (3) Drummond
Prerequisite: 321. <Fall>
- *429. **Workshop.** (1-4)
Carries graduate credit when specifically approved by the Graduate Committee. For degree restrictions see p. 200 of this catalog or consult the **Graduate School Bulletin**. <Offered upon demand>
- *431. **The Reading Program in the Elementary School.** (3) Auger, Gonzales, Van Dongen, Walters, Zintz
Prerequisite: 331. <Summer, Spring>
- *433. **The Oral and Written English Program in the Elementary School.** (3) Condie, Loughlin, Ulibarri, Walters
Prerequisite: 333. <Summer, Fall>
- *441. **Children's Literature.** (2) Gonzales, Walters
(Also offered as Lib Sci 441.) Pre- or corequisite: 331 <Summer, Fall, Spring>
- *453. **The Science Program in the Elementary School.** (3) Tweeten
Prerequisite: 353.
- *461. **The Mathematics Program in the Elementary School.** (3) Darling
Prerequisite: 361. <Summer 1971 and Fall 1970 and alternate years>
497. **Reading and Research in Honors.** (3-6)
Prerequisite: see p. 194. <Fall, Spring>
- *505. **Seminar in Early Childhood Education.** (3-12) Loughlin
Current literature and research in early childhood education; implications for curriculum decision. Prerequisite: 405. <Summer 1970 and alternate years, Fall>
- *511. **Curriculum in the Elementary School.** (3-12) Auger, Darling, Drummond
Problems in selecting, organizing, and presenting content in the elementary school. <Summer, Fall>
- *521. **Seminar in the Social Studies.** (3-12) Drummond
Prerequisite: 421. <Summer 1971 and alternate years, Spring>
- *529. **Workshop.** (1-4)
For degree restrictions consult the **Graduate School Bulletin**. <Offered upon demand>
- *531. **Seminar in Teaching Reading.** (3-12) Auger, Gonzales, Van Dongen, Walters, Zintz
Prerequisite: 431. <Summer, Fall>
- *533. **Seminar in the Language Arts.** (3-12) Ulibarri, Walters, Zintz
Prerequisite: 433. <Summer 1971 and alternate years, Spring>

- *541. *Seminar in Children's Literature.* (3-12) Gonzales, Walters <Summer and Fall 1971 and alternate years>
- *551-552. *Problems.* (1-3 hrs. each semester)
Prerequisite: Ed Fdn 500 or 501.
- *553. *Seminar in Teaching Elementary Science.* (3-12) Tweenen
Prerequisite: 453. <Summer>
- *561. *Seminar in Teaching Elementary Mathematics.* (3-12)
Prerequisite: 461. <Summer 1970 and Spring 1971 and alternate years>
- *599. *Master's Thesis.* (1-6 hrs. per semester)
Prerequisite: Ed Fdn 501. See the *Graduate School Bulletin* for total credit requirements.
- *699. *Doctoral Dissertation.* (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.

EDUCATION, GUIDANCE AND SPECIAL EDUCATION

ASSOCIATE PROFESSOR L. C. Bernardoni (Chairman); PROFESSOR G. L. Keppers (Assistant Dean); ASSOCIATE PROFESSORS L. A. Bransford, W. Fishburn, R. Micali, F. Papcsy, H. Whiteside; ASSISTANT PROFESSORS M. Heisey, L. Munoz, S. Winther, G. Zick; INSTRUCTORS J. Blumenfeld, Z. VanHoose; and new appointments to be made.

This department offers graduate programs (Master's) in the field of Guidance and Counseling and Special Education, the Education Specialist (sixth year) in Guidance, and the Doctorate in Pupil Personnel Services. Students wishing to pursue any of these programs should refer to the *Graduate School Bulletin*.

An undergraduate minor with emphasis on Mental Retardation is offered in the field of Special Education at both the elementary and secondary levels. A concentration in rehabilitation counseling is available at the Master's level in Guidance and Counseling.

GUIDANCE

- *410. *Vocational Rehabilitation Counseling* (3) Fishburn
Designed to enable students to become acquainted with the major philosophies and principles of vocational rehabilitation, including the historical background, legal basis, the role of the counselor and other professional specialists in the field of rehabilitation. Prerequisite: permission of instructor. <Fall>
- *415. *Guidance: Philosophy, Principles, and Practices.* (3) Bernardoni, Heisey, Zick
To assist the student to develop an adequate philosophy of guidance services and to understand the principles of guidance practice in keeping with this philosophy. <Summer, Fall, Spring>
- *429. *Workshop in Guidance.* (1-3)
Carries graduate credit when specifically approved by the Graduate Committee. For degree restrictions see p. 200 of this catalog or consult the *Graduate School Bulletin*. <Offered upon demand>
- *431. *Mental Health.* (3) Bernardoni, Heisey, Micali
Aims to help classroom teachers, supervisors, principals, deans, advisers of students, and guidance workers to understand the personal problems affecting success and failure of pupils. <Summer, Fall, Spring>
- *512. *Differential Diagnosis I.* (3) Heisey, Micali
To promote a competency in the administration, scoring, and diagnostic interpretation of various individual tests of intelligence, achievement, and personality that are commonly used in a school setting. Prerequisite: Ed Fdn 474 or Psych 331. <Summer, Fall, Spring>
- *513. *Socio-Economic Information in Guidance.* (3) Bernardoni, Keppers, Fishburn
The essential nature of environmental information in educational, vocational, and personal-social guidance services and of the methods of collecting, organizing, filing, evaluating, and using such information. Prerequisite: 415 or permission of instructor. <Summer, Fall, Spring>

- *514. Organizing and Supervising Guidance Services.** (3) Bernardoni, Heisey, Winther
Includes such topics as sound organization practice and patterns, understanding of the total pupil personnel program, qualifications and acquisition of staff, facilities, budgetary needs, evaluation, and possible ways of initiating a guidance program. Prerequisite: basic guidance courses or permission of instructor. <Spring>
- *515. Differential Diagnosis II.** (3) Bernardoni, Heisey, Micali
A study of the principles and problems of individual testing. Problems of testing young children and exceptional persons are considered. Prerequisite: 512 and permission of instructor. <Spring>
- *516. The Case Study in Guidance.** (3) Bernardoni, Heisey, Micali
The techniques available for understanding an individual, the values and limitations of each technique, and methods of synthesizing the data about an individual. Prerequisites: 512, Ed Fdn 474 or Psych 331. <Summer, Fall, Spring>
- *517. Group Techniques in Guidance.** (3) Fishburn, Zick
The plans and functions of group methods in the guidance program, the values and limitations of each method and the techniques to be utilized. Prerequisite: 431 or Psych 305. <Summer, Fall, Spring>
- *518. Techniques of Counseling.** (3) Bernardoni, Heisey, Zick
Various techniques employed in counseling and in developing competence in applying the techniques consistent with the basic personality and philosophy of the individual counselor. Prerequisites: 513, 516, Psych 305 or permission of instructor. <Summer, Fall, Spring>
- *519. Practicum in Guidance.** (3-6)
To provide the student experience in the practical application and integration of the principles and methods of guidance which he has studied. Pre- or corequisite: 518. <Summer, Fall, Spring>
- *529. Workshop.** (1-4)
For degree restrictions consult the **Graduate School Bulletin**. <Offered upon demand>
- *550. College Personnel Work.** (3) Bernardoni, Whiteside
Philosophy and principles of college personnel services, as well as the nature and extent of various personnel services on college campuses. Prerequisite: permission of instructor. <Spring>
- *551-552. Problems.** (1-3 hrs. each semester)
- *599. Master's Thesis.** (1-6 hrs. per semester)
See the **Graduate School Bulletin** for total credit requirements.
- *620. Seminar in Guidance.** (3) Bernardoni, Zick
Current problems and research in the field of guidance. Prerequisites: experience as a school counselor, basic courses in guidance, or permission of instructor. <Fall>
- *621. Client-Centered Counseling.** (3) Bernardoni, Heisey, Zick
An approach to counseling through a consideration of personal problems of the client. Prerequisites: 518, 519. <Fall>
- *622. Multiple Counseling.** (3) Fishburn, Zick
Counseling through various group approaches. Prerequisite: 517. <Spring>
- *623. Play Therapy.** (3) Heisey, Zick
To develop in the student the ability to utilize techniques of play therapy and to provide experiences and applications that will provide insights into the inner world of childhood problems. Prerequisite: 518. <Spring>
- *630. Advanced Practicum in Guidance.** (3-6)
Experience in the practical application and integration of the principles and techniques of counseling in a clinical setting. Prerequisite: 519. <Fall, Spring>
- *699. Doctoral Dissertation.** (3-9 hrs. per semester)
----- See the **Graduate School Bulletin** for total credit requirements. -----

SPECIAL EDUCATION

MINOR STUDY

Special Education 250, 371, 381, 440, 473, 479, 400 or 462, plus electives.

- 250. Introduction to Special Education.** (1) Bransford
Work experience in Special Education settings. <Fall, Spring>

- *371. Education of the Exceptional Child. (3)**
Survey of the characteristics and educational needs of exceptional children. <Summer, Fall, Spring>
- *381. Nature and Needs of the Mentally Retarded. (3)**
A study of the social, medical, emotional, physical, and mental characteristics of the mentally retarded child. Methods of classifying, diagnosing, and treating retarded children will be discussed from medical, psychological, sociological, and educational points of view. Prerequisite: 250, 371. <Summer, Fall, Spring>
- 400. Student Teaching in the Elementary School. (3-6-9, maximum total allowed 15) <Summer, Fall, Spring>**
- *429. Workshops in Special Education. (1-3)**
Carries graduate credit when specifically approved by the Graduate Committee. For degree restrictions see p. 200 of this catalog or consult the *Graduate School Bulletin*. <Offered upon demand>
- *440. Social and Psychological Problems in Special Education. (3)**
Cultural, social, intellectual, adjustive and educational factors relevant to the understanding of etiological and therapeutic problems in Special Education. Prerequisite: 371. <Summer, Spring>
- 461. Student Teaching in the Secondary Schools. (3-6-9, maximum total allowed 15)**
Prerequisite: 473; Corequisite: 479 <Summer, Fall, Spring>
- 462. Student Teaching in the Secondary Schools. (3-6-9, maximum total allowed 15) <Summer, Fall, Spring>**
- 463. Student Teaching in the Secondary Schools: Professional Education Block. (6-15) <Summer, Fall, Spring>**
- *467. Survey of Physical Defects. (3) Papcsy**
(Also offered as PE 467.) To investigate the etiology, characteristics, and treatment programs necessary for teaching the physically handicapped child. Prerequisite: 371 or permission of instructor. <Fall>
- *473. Teaching the Mentally Retarded. (3) Bransford**
Objectives, curriculum, content, methods, organization of work. Prerequisite: 381 <Summer, Fall, Spring>
- *475. Education of Emotionally Disturbed Children. (3) Micali, Munoz**
Behavioral characteristics and causes of emotional and social deviancy in children as they affect education. Types of treatment and educational programs which can be provided within a school setting. <Summer, Fall, Spring>
- *476. Teaching the Physically and Neurologically Impaired. (3) Van Hoose**
A study of children who have learning disabilities due to neurological or unknown causes and the techniques required for their education. Prerequisites: 371 and 473. <Fall, Spring>
- *479. Methods and Materials in Special Education. (3) Blumenfeld**
The interpretation, design, development, and implementation of methods and materials in Special Education. Prerequisite: 473. <Fall, Spring>
- *521. Clinical Program in Therapeutic Physical Education. (3) Papcsy**
(Also offered as PE 521.) Clinical experience in the instruction of the mentally retarded in motor skills. <Summer, Fall, Spring>
- *523. Education of the Severely Retarded. (3)**
To investigate the etiology, characteristics, curriculum development, and treatment programs for the severely retarded child and adult. Prerequisites: 381 and 473. <Spring>
- *529. Workshops in Special Education. (1-4) <Offered upon demand>**
- *551-552. Problems. (1-3 hrs. each semester) <Offered upon demand>**
- *571. Curriculum Development in Special Education. (3)**
The development of curriculum and materials which can be used to teach exceptional children at various maturational levels in the regular class, in special classes and schools. Prerequisites: 473, 475, and 476 or permission of instructor. <Spring>
- *573. Seminars in Special Education. (3)**
Mental retardation; emotional disturbance; neurologically impaired. <Fall, Spring>
- *574. Organization and Supervision of Special Education Programs. (3) Bransford**
Outlines organizational and administrative provisions for exceptional children; screening, identification, placement, and ancillary services within educational setting. Prerequisite: permission of instructor. <Fall>

- *577. **Education of Gifted Children.** (3) Christiansen, Kelly
Programs for/and principles of teaching the gifted. <Summer, Spring>
- *578. **Advanced Techniques of Teaching the Physically and Neurologically Impaired.** (3) Van Hoose
A comprehensive study of the neurologically handicapped with a detailed emphasis on research and educational techniques. Prerequisites: 371 and 476, or permission of instructor. <Spring>
- *580. **Practicum in Special Education.** (3-6)
Supervised participation in clinical practice, utilizing individual and group procedure, with exceptional children and their parents. Adaptation of clinical procedures to public school programs. Prerequisites: 12 hours of Special Education or approval of supervisor. <Summer, Fall, Spring>
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.
- *699. **Doctoral Dissertation.** (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.

EDUCATION, HEALTH, PHYSICAL EDUCATION AND RECREATION

PROFESSORS A. H. Seidler (Chairman), L. R. Burley (Assistant Chairman, P.E.), W. W. Clements (Assistant Chairman, Basic Instruction), M. Gugisberg, H. E. Kenney, E. A. Scholer (Assistant Chairman, Recreation), E. M. Small (Assistant Chairman, Health Education); ASSOCIATE PROFESSORS J. S. Beres, P. Douglass, F. J. Hinger, L. F. Locke, J. M. McCabe, F. McGill, F. E. Papcsy, J. H. Walker; ADJUNCT ASSOCIATE PROFESSOR J. Greenblatt; ASSISTANT PROFESSORS H. A. Atterbom, B. Benison, J. A. Boaz, B. J. Bond, L. F. Diehm, D. H. Hunt, S. A. King, E. E. G. Medford, J. K. Olson, G. T. Petrol, C. L. Piper, D. S. Warder; ADJUNCT ASSISTANT PROFESSORS R. Burgan, F. Cohn, E. R. Porter; LECTURER F. N. Roche; INSTRUCTORS L. K. Estes, R. Jacobsen, J. H. Mechem, R. Mitchell; ADJUNCT INSTRUCTORS D. Corbin, L. E. Willock; ASSOCIATES IN PHYSICAL EDUCATION R. Feldman (Head Football Coach), H. Hackett (Head Track Coach), R. King (Head Basketball Coach), R. Leigh (Head Baseball Coach).

The Department offers a number of programs. The service program in Physical Education (see Non-Professional Courses) is open to all students in the University and is required by some of the degree granting colleges (for specific requirements, refer to group requirements of each individual college). The instructor in each course should be consulted concerning proper clothing or uniform.

The Department offers curricula leading to undergraduate and graduate degrees in the preparation of community health educators and teachers of Health Education and Physical Education. In addition, it offers undergraduate and graduate degree programs in Recreation designed to train recreation leaders and administrators. A park and recreation field service is operated by the Department. The Center for Leisure and Recreation which is part of the Institute for Social Research and Development works closely with this Department.

Men physical education majors must pass a departmental Physical Fitness Test before admission to the College of Education.

CURRICULA

See pp. 208-211.

PHYSICAL EDUCATION

NONPROFESSIONAL COURSES—PHYSICAL EDUCATION

Activity courses are offered both fall and spring semesters; swimming, golf, tennis, and horseback riding courses are also offered summer sessions.

101. **Beginning Swimming.** (1) Mechem, Olson

102. **Intermediate Swimming.** (Women Only) (1) McGill, Piper

103. **Advanced Swimming.** (1) Mechem, Piper
Prerequisite: ability to swim.
104. **Lifesaving.** (1) Mechem, McGill
Prerequisite: ability to swim.
107. **American Country Dance.** (1) King
108. **Ballroom Dance.** (1) King
109. **Beginning Contemporary Dance.** (1) Benison, Waters
111. **Mexican & New Mexican Dance.** (1) King
112. **International Folk Dance.** (1) Benison, King
115. **Gymnastics.** (1) Benison, Olson
116. **Apparatus Stunts.** (1) Mitchell
117. **Individual Tumbling.** (1) Papcsy
118. **Movement Fundamentals.** (1) Benison, Small
119. **Personal Defense. (Men Only)** (1) Seidler
120. **Wrestling. (Men Only)** (1) Jacobsen
121. **Weight Lifting. (Men Only)** (1)
123. **Outward Bound.** (1) Warder
124. **Developmental Physical Education.** (1) Atterbom
125. **Badminton.** (1) McGill
126. **Beginning Golf.** (1) McGill, Petrol, Piper
127. **Intermediate Golf. (Women Only)** (1) McGill, Piper
128. **Beginning Tennis.** (1) Estes
129. **Intermediate Tennis. (Women Only)** (1) Estes
130. **Bowling. (Women Only)** (1) Olson
Special fee of \$13 charged.
131. **Horseback Riding.** (1) Corbin
Special fee of \$30 charged.
135. **Basketball-Softball.** (1) Hodges, Olson
136. **Field Hockey.** (1) McGill
137. **Flickerball-Bowling.** (1)
Special fee of \$6.50 charged.
138. **Speedaway-Volleyball. [Speedaway-Basketball]** (1) Olson
139. **Soccer.** (1)
140. **Volleyball-Badminton.** (1) Burley
141. **Skiing. [Ice Skating and Skiing]** (1)
Eight weeks course, meets twice weekly for two hours. Special fee of \$30 charged.
142. **Track and Field. (Women only)** (1) Piper
143. **[Part of 141] Ice Skating.** (1)
Meets twice weekly for 16 weeks. Special fee of \$30 charged.
149. **Therapeutic Physical Education.** (1) Papcsy
Prerequisite: Permission of University Health Service.

PROFESSIONAL COURSES—PHYSICAL EDUCATION

Some of the following courses are scheduled to meet more periods per week than indicated by the number of credit hours. These courses, in addition to lectures, include professional activity, laboratory, or field types of class experiences. To identify these courses, the number of class meetings per week is stated after the course description.

151. **Body Mechanics and Self-Testing Activities.** (1) Piper, Benison
Three class meetings per week. <Fall>
152. **Team Sports.** (1) McGill, Olson
Three class meetings per week. <Fall>

160. **Physical Fitness Programs.** (2) Atterbom, Mechem
The professional course in physical fitness programs. 5 class meetings per week. <Fall>
161. **Fundamentals of Basketball.** (2) King
The professional course in the coaching of basketball. 5 class meetings per week. <Fall>
162. **Fundamentals of Football.** (2) Feldman
The professional course in the coaching of football. 5 class meetings per week.
163. **Swimming.** (2) Mechem
The professional course in swimming. Prerequisite: ability to swim. 5 class meetings per week. <Spring>
201. **Gymnastics.** (2) Mitchell
The professional course in gymnastics. Prerequisite: 117. 5 class meetings per week. <Fall>
202. **Theory and Practice of Baseball.** (2) Leigh
The professional course in the coaching of baseball. 5 class meetings per week. <Fall>
203. **Combatives.** (2) Jacobsen
The professional course in combatives. 5 class meetings per week. <Spring>
204. **Theory and Practice of Track and Field.** (2) Hackett
The professional course in the coaching of track and field. 5 class meetings per week. <Spring>
210. **Folk Dance.** (1) Benison, King
Three class meetings per week. <Spring>
211. **Individual and Dual Sports.** (1) McGill, Olson
Three class meetings per week. <Spring>
301. **Recreational Sports.** (2) Hunt
(Also offered as Recrea 301.) The professional course in recreational sports. Prerequisite: PE 160 or permission of instructor. 5 class meetings per week. <Fall>
302. **Recreational Sports.** (2) Hunt
(Also offered as Recrea 302.) Continuation of 301. Prerequisite: PE 160. <Spring>
307. **Team Sports in the Secondary School.** (2) Olson
Prerequisite: 152 or permission of instructor. 5 class meetings per week. <Fall>
308. **Individual and Dual Sports in the Secondary School.** (2) McGill, Olson
Prerequisite: 211 or permission of instructor. 5 class meetings per week. <Spring>
309. **Aquatics and Gymnastics.** (2) Benison, Olson, Piper
Prerequisite: 115 and Red Cross Life Saving or permission of instructor. 5 class meetings per week. <Spring>
310. **Folk Dance in the School Program.** (2) Benison, King
Prerequisite: 210 or permission of instructor. 5 class meetings per week. <Fall>
319. **Physical Education in the Elementary School.** (2) Gugisberg, Hinger
(Also offered as El Ed 319.) 5 class meetings per week. <Summer, Fall, Spring>
- 326L. **Physiology of Exercise.** (3) Riedesel
(Same as Biol. 326L.) <Fall>
345. **Professional Laboratory Experiences in Health, Physical Education, and Recreation.** (1-3)
(Also offered as Recrea 345.) May be repeated to a maximum of 4 semester hours. <Fall, Spring>
351. **Problems.** (1-3) <Summer, Fall, Spring>
360. **Officiating in Sports.** (2) McGill, Olson
Discussion and practice in officiating techniques in soccer, speedball or field hockey, basketball, etc. Prerequisite: permission of instructor. 5 class meetings per week. <Fall>
366. **Teaching of Contemporary Dance.** (2) Benison, Waters
Selection of methods and materials for teaching modern dance. 5 class meetings per week. <Fall>
373. **The Treatment of Athletic Injuries.** (2) Diehm <Spring>
397. **Kinesiology.** (4) Burley, Locke, Olson
The science of human motion. Prerequisite: Biol 136, 139L. <Fall, Spring>
398. **Principles of Physical Education.** (3) Kenney, Seidler
The aims and objectives of physical education: physiological, psychological, and sociological principles which underlie practices in the profession. Prerequisite: permission of instructor. <Fall>

- 399. Organization and Administration of Physical Education.** (3) Clements, Gugisberg, Kenney
Program building including criteria for the selection of activities and progression, and other factors affecting course of study construction such as facilities, equipment, budget, laws, policies, professional responsibilities. Prerequisite: permission of instructor. <Spring>
- *429. Workshop.** (1-4)
Carries graduate credit when specifically approved by the Graduate Committee. For degree restrictions see p. 200 of this catalog or consult the Graduate School Bulletin. <Summer>
- 444. Teaching of Physical Education.** (3) Gugisberg, Hinger
(Also offered as Sec Ed 444.) <Fall>
- 452. Organization of Sports Programs.** (3) Clements, Hunt, McGill
(Also offered as Recrea 452.) Organization and administration of games and sports in intra-mural, interschool, and community recreation programs. Prerequisite: permission of instructor. <Fall, Spring>
- 461. Student Teaching in the Secondary Schools.** (3-6-9, maximum total allowed 15)
Prerequisite: 444. <Summer, Fall, Spring>
- 462. Student Teaching in the Secondary Schools.** (3-6-9, maximum total allowed 15)
<Summer, Fall, Spring>
- 463. Student Teaching in the Secondary Schools: Professional Education Block.** (6-15)
<Summer, Fall, Spring>
- 464. Theory of Football.** (3) Feldman
To review and enlarge the student's knowledge of the basic techniques of football and to acquaint him with the principles, techniques, and strategy of coaching football at the junior high, high school, and college levels. Prerequisite: senior standing. <Fall>
- 465. [463] Theory of Basketball.** (3) King
To review and enlarge the student's knowledge of the basic techniques of basketball and to acquaint him with the principles, techniques, and strategy of coaching basketball at the junior high, high school, and college levels. Prerequisite: senior standing.
- 466. [461] Special Physical Education.** (3) Papcsy
The field of adaptive and corrective physical education and its relationship to the regular curriculum in P.E. Prerequisite: 397. <Fall>
- *467. Survey of Physical Defects.** (3) Papcsy
(Also offered as Spec Ed 467.) To investigate the etiology, characteristics, and treatment programs necessary for teaching the physically handicapped child. Prerequisite: Spec Ed 371 or permission of instructor. <Fall>
- *486. Principles of Therapeutic Recreation and Physical Education.** (3) Papcsy
(Also offered as Recrea 486.) Philosophy, principles, relationships, and contributions of therapeutic recreation as background for the recreation leader, physical educator, hospital administrator, and other personnel. <Spring>
- *488. Motor Learning and Performance.** (3) Locke
Psychological and neurophysiological factors related to the development of motor skill; emphasis on the teacher's role in facilitating learning. Prerequisite: Psych 210 or Ed Fdn 310, or permission of instructor. <Fall>
- *489. Tests and Measurements in Physical Education.** (3) Burley
Techniques to determine abilities, needs, and placement in the physical education program. <Fall, Spring>
- *490. Supervision of Physical Education Programs.** (3) Burley, Clements
Supervisory techniques stressing cooperative planning will be applied to city and county programs in New Mexico. Each student will be required to develop a problem in terms of his particular needs and situation. Prerequisite: permission of instructor. <Fall>
- *491. Administration of Varsity Athletics.** (3) Kenney, Seidler <Fall>
- *492. History of Physical Education.** (3) Papcsy, Clements <Spring>
- *494. Clinical Program for Corrective Therapy.** (3-6) Papcsy and Members of the Hospital Staff
Lectures and actual clinical experience in corrective therapy as integrated into the Physical Medicine and Rehabilitation program of a hospital. Prerequisite: Open to Seniors and Graduate Physical Education majors. <Summer, Fall, Spring>
- 497. Reading and Research in Honors.** (3-6)
Prerequisite: see p. 194. <Summer, Fall, Spring>

- *504. Research in Physical Education.** (1) Locke
An examination of the role of research in the conduct of physical education programs. Attention given to the nature and status of programs for the preparation of research specialists in the area. Discussion of special problems related to research in physical education such as information retrieval, research development and research dissemination. Prerequisite: Graduate standing, Ed Fdn 500 or 501 or 603 or equivalent experience. <Spring>
- *505. Foundations for a Philosophy of Physical Education.** (3) Burley, Kenney, McGill, Seidler
Prerequisite: at least 3 hours in history, principles, or methods of physical education. <Summer, Fall>
- *510. Curriculum Construction in Physical Education.** (3) Burley, Kenney, Locke, Seidler
<Summer, Spring>
- *514. The Remedial Program in Physical Education.** (3) Burley, Papcsy <Summer, Spring>
- *516. Seminar in Physical Education.** (3) <Summer, Fall, Spring>
- *521. Clinical Program in Therapeutic Physical Education.** (3) Papcsy
(Also offered as Spec Ed 521.) Clinical experience in the instruction of the mentally retarded in motor skills. <Summer, Fall, Spring>
- *523. Analysis of Physical Education Activities.** (3) Seidler
Analysis of a selected number of physical education activities by application of principles and methods of advanced physiology of exercise, mechanics, and kinesiology. <Spring, Summer>
- *527. Physiological Aspects of Exercise and Sport.** (3) Atterbom, McGill
Theory of and laboratory investigations in the physiological aspects of exercise and sport. <Summer, Fall>
- *529. Workshop.** (1-4)
For degree restrictions consult the **Graduate School Bulletin**. <Summer>
- *530. Laboratory Investigations in Exercise Metabolism.** (3) Atterbom, McGill
A study of pertinent research with application of selected measurement techniques in the laboratory. Prerequisite: Undergraduate course in exercise physiology and permission of instructor. <Summer, Fall>
- *540. Sport in American Culture.** (3) Hunt, Locke
An examination of the nature and place of sport in American life and an analysis of the interrelationships between sport and institutions, social systems and culture. Prerequisite: Soc 101 or equivalent. <Summer, Spring>
- *551-552. Problems.** (1-3 hrs. each semester)
- *560. The Analysis of Teaching Physical Education.** (3) Locke
An examination of models and instruments for the behavioral analysis of teaching and their application to physical education. Prerequisite: Permission of instructor. <Summer, Fall>
- *588. Psychological Aspects of Sports.** (3) Locke, Papcsy
An examination of the relationship between participation in sport and the psychological status of the individual. Attention to such factors as personality, motivation, and mental health as they relate to sport participation. Prerequisite: Psych 260 or 308 or equivalent. <Summer, Spring>
- *595. Facilities Planning, Construction, and Utilization.** (3) Kenney, Seidler
To acquaint education students with planning and construction concepts and to help prepare them to serve as physical education, athletic, and recreation program consultants to professional planners and planning committees. <Summer, Spring>
- *599. Master's Thesis.** (1-6 hrs. per semester)
See the **Graduate School Bulletin** for total credit requirements.
- *610-611. Internship I and II.** (3-6, 3-6)
(Also offered as C&I, Ed Fdn, Hlth Ed, Recrea, and Sec Ed 610-611.) Available to selected advanced graduate students; offers an opportunity to apply, under careful supervision, significant principles from educational theory and research in classroom or parallel research situations. <Summer, Fall, Spring>
- *699. Dissertation.** (3-9 hrs. per semester)
See the **Graduate School Bulletin** for total credit requirements.

HEALTH EDUCATION

164. **First Aid.** (2) Burley, Clements, Petrol
First aid and prevention of the common injuries and accidents occurring in and about the school. <Fall, Spring>
171. **Personal and Community Health.** (3) Beres, Clements, Douglas, Hinger, McCabe, Medford, Petrol, Walker <Summer, Fall, Spring>
301. **General Safety Education.** (3) Clements
Basic principles of safety education. Current safety programs as they apply to school, home, and community. <Spring>
312. **Fundamentals of Human Sex and Sex Education.** (3) Beres, Cohn, Douglass, McCabe, Medford
Basic knowledges, attitudes, and issues regarding the biomedical, psycho-social, historical, semantic, and comparative cultural aspects of human sexuality from conception to senility. Consideration is given to adjustment needs and problems of children and adults in contemporary American society and to sex education programs in the schools. <Summer, Fall, Spring>
351. **Problems.** (1-3)
402. **Traffic Safety Education in Secondary Schools.** (3) Clements
Those enrolling must be licensed drivers. Discussion includes improvements of traffic conditions; the school's part in the safety program; the need for high school courses; methods and equipment for skill tests; insurance costs, and records for behind-the-wheel training; classroom teaching methods; and physical tests for drivers. <Summer only>
- *429. **Workshop.** (1-4)
Carries graduate credit when specifically approved by the Graduate Committee. For degree restrictions see p. 200 of this catalog or consult the **Graduate School Bulletin**. <Offered upon demand>
461. **Student Teaching in the Secondary Schools.** (3-6-9, maximum total allowed 15)
<Summer, Fall, Spring>
462. **Student Teaching in the Secondary Schools.** (3-6-9, maximum total allowed 15)
<Summer, Fall, Spring>
463. **Student Teaching in the Secondary Schools: Professional Education Block.** (6-15)
<Summer, Fall, Spring>
469. [369] **Elementary School Health and Health Education.** (3) Small, Gugsberg
Stress is placed on understanding current information related to health of elementary school children, planning and directing learning experiences in health and safety, promoting a healthy environment for learning and ways of working as an effective member of the school health team. Open to health specialists, elementary school administrators, and classroom teachers. Prerequisite: 171, Ed Fdn 300, or permission of instructor. <Summer, Fall, Spring>
470. [370] **Secondary School Health and Health Education.** (3) Small, Douglass
Responsibilities of the teacher in providing certain health services, desirable environmental conditions, and health instruction in secondary grades; basic health principles, unit planning, methods, and use of community resources. Prerequisite: 171. <Fall>
- *490. **Supervision of Health Programs.** (3) Douglass, Small
Supervisory techniques and procedures stressing cooperative planning with local and regional official and voluntary health programs and agencies. Prerequisite: permission of instructor. <Spring 1971 and alternate years>
- *495. **Studies in Community Health.** (3) Clements, Douglass, Small
New developments in research in major health problems; the ecology of local, national and world health problems; motivational research as applied to changing health behaviors. Prerequisite: Nurs 352; permission of instructor. <Offered upon demand>
- *496. **Investigations in School Health.** (3) Clements, Douglass, Small
Prerequisite: 469 or 470 or permission of instructor. <Offered upon demand>
497. **Readings and Research in Honors.** (3-6)
Prerequisite: see p. 194.
- *506. **Analysis of Health Concepts and Practices.** (3) Douglass, Small
Prerequisite: minimum of an undergraduate minor in Health Education or permission of instructor. <Summer>

- *511. Administration of a School Health Program.** (3) Douglass, Small
Prerequisite: minimum of undergraduate minor in Health Education or permission of instructor. <Spring 1972 and alternate years>
- *516. Seminar in Health Education.** (3) Douglass, Small
A review of the research and literature in health and health education; planned as the initial course for graduate students in health education. Prerequisite: Minimum of undergraduate minor in Health Education or permission of instructor. <Fall>
- *529. Workshop.** (1-4)
For degree restrictions consult the **Graduate School Bulletin**.
- *551-552. Problems.** (1-3 hrs. each semester)
- *599. Master's Thesis.** (1-6 hrs. per semester)
See the **Graduate School Bulletin** for total credit requirements.
- *610-611. Internship I and II.** (3-6, 3-6)
(Also offered as C&I, Ed Fdn, PE, Recrea, and Sec Ed 610-611.) Available to selected advanced graduate students; offers an opportunity to apply, under careful supervision, significant principles from educational theory and research in classroom or parallel research situations. <Summer, Fall, Spring>
- *699. Dissertation.** (3-9 hrs. per semester)
See the **Graduate School Bulletin** for total credit requirements.

RECREATION

- 175. Foundations of Recreation.** (3) Boaz
History of leisure and recreation; concepts of play and recreation; major recreation agencies. <Fall>
- 275. Camp Leadership.** (3) Warder
To introduce students to camp experiences; to study needs for camping with emphasis on school-camp programs; and to study organizational and administrative aspects with emphasis on leadership functions. Prerequisite: permission of instructor. <Spring>
- 290. Social Recreation.** (2) Piper
Experience in selection of materials, and leadership techniques in group work in social and recreational games, mixers, and dances for use in recreation programs. 5 class meetings per week. <Fall, Spring>
- 301. Recreational Sports.** (2) Hunt
(Also offered as PE 301.) The professional course in recreational sports. Prerequisite: PE 160 or permission of instructor. 5 class meetings per week. <Fall>
- 302. Recreational Sports.** (2)
(Also offered as PE 302.) Continuation of 301. Prerequisite: PE 160. <Spring>
- 311. Education for Leisure.** (3) Boaz <Spring>
- 321. Recreational Leadership.** (3) Boaz
Methods and materials in recreational leadership: theory, principles, and practice. <Fall, Spring>
- 345. Professional Laboratory Experiences in Health, Physical Education, and Recreation.** (1-3)
(Also offered as PE 345.) May be repeated to a maximum of 4 semester hours. <Fall, Spring>
- 351. Problems.** (1-3) <Summer, Fall, Spring>
- *429. Workshop.** (1-4)
Carries graduate credit when specifically approved by the Graduate Committee. For degree restrictions see p. 200 of this catalog or consult the **Graduate School Bulletin**. <Offered upon demand>
- 452. Organization of Sports Programs.** (3) McGill
(Also offered as PE 452.) Organization and administration of games and sports in intramural, interschool, and community recreation programs. Prerequisite: permission of instructor. <Fall>
- *454. Development of Recreation Programs.** (3) Boaz
The course is concerned with all phases of the planning and evaluation of the recreation program: promotion, utilization of resources and facilities and leadership. Prerequisites: 175, 290, 321. <Fall>

475-476. Field Work in Recreation. (3,3) Warder.

Theory and practice in recreation leadership in centers, playgrounds, etc. Prerequisite: 480 or permission of instructor. <Summer, Fall, Spring>

***477. Industrial and Institutional Recreation. (3)**

Planning, organizing, and conducting recreation programs in industry, hospitals, commercial settings, private agencies and other types of institutions. Prerequisite: 175 or permission of instructor. <Offered upon demand>

***478. Outdoor Recreation. (3) Warder**

Organization and administration of all types of outdoor recreation-leadership, programming, financing, etc. Includes programs in camps, resorts, ranches, lodges, and state and national parks. Prerequisite: 175 or permission of instructor. <Fall>

***479. Park Management. (3) Burgan**

The principles, practices and problems involved in public park management, with emphasis upon facility design, maintenance, finance and administration. Prerequisite: 480 or permission of instructor. <Spring>

480. Administration of Recreational Programs. (3) Scholer

The organization, administration, and conduct of recreation programs on the community level. Prerequisite: 175. <Spring>

***485. Outdoor Education. (3)**

A philosophical and practical orientation to the nature and role of outdoor education in modern society. The interrelationships of education to natural resources and their significance to the school and its total curriculum enrichment. Prerequisite: open to all undergraduates upon permission of instructor. <Fall>

***486. Principles of Therapeutic Recreation and Physical Education. (3) Papcsy**

(Also offered as PE 486.) Philosophy, principles, relationships, and contributions of therapeutic recreation as background for the recreation leader, physical educator, hospital administrator, and other personnel. <Spring>

497. Reading and Research in Honors. (3-6)

Prerequisite: see p. 194. <Offered upon demand>

507. History and Philosophy of Recreation. [Foundations for a Philosophy of Recreation] (3) Boaz <Fall>**508. Recreation Administration. (3) Scholer**

Organization and administration of public recreation, administrative practices and techniques. <Fall>

516. Seminar in Recreation. (3) Scholer <Spring>**524. Evaluation of Recreation Resources and Programs. (3) Scholer**

Determining recreational needs, interests, and opportunities of individuals and communities through surveys, studies, and appraisals; evaluating and appraising community recreation programs and services; and research in the field of recreation. <Fall>

***529. Workshop. (1-4)**

For degree restrictions consult the **Graduate School Bulletin**. <Offered upon demand>

***540. Recreational Use of Public Lands. (3) Warder**

Policy, development, and administration of outdoor recreation as encountered in forest, park, and wildland administration. <Spring>

551-552. Problems. (1-3 hrs. each semester)**555. Socio-Psychological Concepts of Leisure. (3) Boaz**

Basic sociological and psychological concepts of leisure and their impact upon society. <Spring>

***599. Master's Thesis. (1-6 hrs. per semester)**

See the **Graduate School Bulletin** for total credit requirements.

***610-611. Internship I and II. (3-6, 3-6)**

(Also offered as C&I, Ed Fdn, Hlth Ed, PE, and Sec Ed 610-611.) Available to selected advanced graduate students; offers an opportunity to apply, under careful supervision, significant principles from educational theory and research in classroom or parallel research situations. <Summer, Fall, Spring>

***699. Dissertation. (3-9 hrs. per semester)**

See the **Graduate School Bulletin** for total credit requirements.

EDUCATION, HOME ECONOMICS

ASSOCIATE PROFESSORS E. Snell (Chairman), R. B. Harris, F. M. Schroeder; ASSISTANT PROFESSORS I. H. McMurray, M. M. Smith; INSTRUCTORS C. Hill, J. Miller.

MAJOR STUDIES AND CURRICULUM

See p. 211.

MINOR STUDY

A total of 24 hours, at least 9 hours numbered above 300, chosen from the following 4 areas and from the following courses:

1. Family Relations and Child Development, 6 hours: H Ec 102, 408L, 418.
2. Clothing and Textiles, 6 hours: H Ec 150L, 252, 254L, 456L.
3. Foods and Nutrition, 6 hours: H Ec 120L, 222L, 325.
4. Housing, House Furnishings, and Home Management, 6 hours: H Ec 341, 443, 444.

Any substitutions must be approved by the Chairman of the Department.

HOME ECONOMICS

102. Infant Growth and Development. (3) Schroeder

An introduction to the basic needs and growth factors of the child with emphasis on the prenatal period, infancy, and through the second year. <Fall, Spring>

120L. Food Science. (3) Harris

Principles of selection and preparation of food including economic aspects. 1 lecture, 4 hrs. lab. <Fall, Spring>

150L. Clothing Selection and Construction. (3) McMurray

Clothing selection and construction from the standpoint of artistic, economic, and hygienic standards for the individual. 1 lecture, 4 hrs. lab. <Fall, Spring>

222L. Meal Management. (3)

Principles of selection and preparation of food. Meal planning and service. Prerequisite: 120L or equivalent. 1 lecture, 4 hrs. lab. <Fall, Spring>

252. Textiles. (3) McMurray

Construction, identification, use and care of clothing and household textiles. <Fall, Spring>

254L. Tailoring. (3) McMurray

Construction of a wool suit or coat emphasizing fitting and techniques of finishing. Consumer information in relation to clothing. Prerequisite: permission of instructor. 1 lecture, 4 hrs. lab. <Fall, Spring>

325. Nutrition. (3) Harris

The relation of nutrition to the health program; normal nutrition for all ages, prenatal through old age. <Fall, Spring>

326L. Nutrition Laboratory. (1) Harris

Calculating and visualizing amounts and proportions of nutrients in foods, and analysis of recipes to determine nutritive value. 2 hrs. lab. <Fall, Spring>

341. The House and Its Furnishings. (3) Miller

Guides in the selection of a house and furnishings with emphasis upon the use of space for function, economy, and beauty. <Spring>

351. Problems. (1-3)

*408L. Child Growth and Development. (2-3) Schroeder

Pre-school through adolescence. For laboratory work, observation, and participation in nursery school and in kindergarten. 2 lectures, 2 hrs. lab. <Fall, Spring>

418. Family Relationships. (3)

Family relationships as they affect courtship, marriage, parenthood, old age, and community responsibilities and activities. <Fall, Spring>

427L. Large Quantity Food Production. (3)

Standard methods of food production in quantity; food cost control; standardization of formulas; menu planning and food service. Prerequisites: 120L, 222L, 431L. <Spring 1972 and alternate years>

- 428. Diet Therapy.** (3) Harris
The adaptation of diets in the treatment of impaired digestive and metabolic conditions. Prerequisites: Chem 141L, 142L, 281. <Spring 1972 and alternate years>
- *431L. Experimental Foods.** (3)
Experimental methods applied to food preparation, food marketing and food laws. Prerequisites: 222L, Chem 141L, 142L. 2 lectures, 3 hrs. lab. <Spring 1971 and alternate years>
- *433. Advanced Nutrition.** (3) Harris
Nutritive value of foods, analyses of adequate diets for normal individuals of all ages, and the relation of nutrition to the health of the world's populations. Prerequisites: 325 or equivalent; Chem 141L and 142L, or equivalents; Biol 136. <Spring 1971 and alternate years>
- 434. Organization and Management.** (3)
A study of the principles of organization and management applied to food service installations. Prerequisite: Psy 102; pre- or corequisite: Psy 451. <Spring 1972 and alternate years>
- 443. Home Management.** (3) Smith
Use of money, time, and energy for the satisfaction of family needs. Selection, use, and care of equipment in the home. <Fall>
- *444. Family Finance.** (3) Smith
Economic problems of direct concern to the family. Types and adequacy of income and its apportionment in terms of family needs and interests. Factors affecting family finance today. Decisions to be made and alternatives available. Prerequisites: a basic course in Economics, Home Management Principles, Psychology, and Sociology. <Spring>
- 445L. Home Management Residence.** (4) Smith
Six weeks' residence with supervised planning, buying, preparation, and serving of meals, housekeeping; care of a resident infant. Pre- or corequisites: 102, 443. Special fee of \$50 charged. <Fall, Spring>
- *456L. Creative Design in Clothing.** (3) McMurray
To develop some creative ability in dress designing through manipulation of a basic pattern. Prerequisites: 150L, 254L; Art Ed 130, 131. 1 lecture, 4 hrs. lab. <Offered upon demand>
- *509L. Organization and Management of Nursery Schools and Kindergarten.** (3) Schroeder
Organization and administration of nursery schools and kindergartens with emphasis on curriculum, housing, equipment, budget, and staff and with parent and student participation. Practicum in teaching a group of preschool children. Prerequisite: 408L or Ed Fdn 300. 1 lecture, 4 hrs. lab. <Offered upon demand>
- *510. Young Child At Home and School.** (3) Schroeder
Research related to the physical, mental, emotional, and social development of the child as affected by his environment at home and school. Prerequisite: a course in child development. <Offered upon demand>
- *520. Family Living in Modern Society.** (3)
Pertinent research in the field of family life and family life education. Prerequisite: 418 or Soc 225. <Offered upon demand>
- *529. Workshop.** (1-4)
For degree restrictions consult the **Graduate School Bulletin**. <Offered upon demand>
- *535. Seminar in Nutrition.** (3) Harris
A critical study of recent research in nutrition. Prerequisite: 325 or 433. <Offered upon demand>
- *549. Managing Family Resources.** (3)
Research findings and developments in relation to management in the home and their application to homes in today's society. Prerequisites: 443, Econ 330. <Offered upon demand>
- *551-552. Problems.** (1-3 hrs. each semester)
- *554. Socio-Psychological Aspects of Clothing.** (3) McMurray
Research findings and developments related to the sociological, psychological, economic, and cultural aspects of clothing. Prerequisites: at least undergraduate courses in two of the following areas: Anthropology, Economics, Psychology and Sociology. <Offered upon demand>
- *555. Seminar in Textiles.** (3)
Recent research and developments in the field of textiles as related to end products in wearing apparel and household textiles. Prerequisite: 252. <Offered upon demand>

HOME ECONOMICS EDUCATION

429. **Workshop.** (1-4)
For degree restrictions see p. 200 of this catalog. <Offered upon demand>
- *437. **Teaching of Home Economics.** (3) Snell <Spring>
441. **Student Teaching in the Secondary Schools.** (3-6-9, maximum total allowed 15)
Prerequisite: 437. <Summer, Fall, Spring>
442. **Student Teaching in the Secondary Schools.** (3-6-9, maximum total allowed 15)
<Summer, Fall, Spring>
443. **Student Teaching in the Secondary Schools: Professional Education Block.** (6-15)
<Summer, Fall, Spring>
445. **Home Economics Seminar.** (1-2) Snell
History and trends in home economics, professional organization for home economists; Federal and state laws pertaining to, and research facilities available for, home economics. <Fall, Spring>
- *475. **Evaluation in Home Economics.** (3) Snell
Newer concepts concerning evaluation and testing instruments and techniques for home economics. The construction and use of evaluative devices for home economics in the classroom and ways of determining their value. Pre- or corequisite: 461. <Offered upon demand>
- *480. **Curriculum Development for Home Economics.** (3) Snell
Curriculum, methods, and facilities for courses which use home economics knowledge and skills. Prerequisite: major in home economics and teaching experience. <Offered upon demand>
497. **Reading and Research in Honors.** (3-6)
Prerequisite: see p. 194. <Offered upon demand>
- *570. **Seminar in Home Economics Education.** (3) Snell
Survey of literature related to research in home economics education in elementary and secondary schools, in adult programs, and in programs serving out-of-school youth including those programs for wage earning. Means of improving present curriculum and methods in all types of home economics programs. Prerequisite: major in home economics. <Offered upon demand>

EDUCATION, INDUSTRIAL

See Education, Secondary

EDUCATION, LIBRARY SCIENCE

PROFESSOR D. O. Kelley.

MAJOR STUDY

Not offered.

MINOR STUDY

Library Science 424, 425, 427, 429, 430, 431, 432, and 441 or 451, and one of the following: 426, 428, or 436.

- *424. **Fundamentals of Library Science.** (3)
A survey of the history of libraries; social forces affecting the objectives and functions of modern libraries; types of library service; the library profession, its philosophy, publications and organizations; major trends and problems. <Summer, Fall>
- *425. **Reference and Bibliography.** (3)
Introduction to standard works of reference. <Summer, Fall>
- *426. **The Public Library.** [Public Library Administration] (3)
The place of the library in the community; its organization, financing, and administration. <Spring>
- *427. **Classification and Cataloging.** (3)
Principles of classification and the techniques of cataloging. <Summer, Fall>

***428. The Secondary School Library. (3)**

Practical study of the management of the secondary school library, including the organization of the book collection, housing, equipment, and maintenance. Not open to students who have taken 436. <Summer, Spring>

***429. Selection of Materials for Libraries. (3)**

A survey course covering tools and principles of selection of books. <Summer, Spring>

***430. Reading Guidance. (3)**

Study of research concerning reading with implications for libraries; reading interests and habits and evaluation of books for various purposes; advisory services in relation to the library's general educational function. <Summer, Spring>

***431. Audio-Visual Materials and Techniques. (3) Kline**

(Also offered as C & I 431.) An interpretation and application of principles and methods from the regular undergraduate programs in teacher education into terms of audio-visual materials and their use in teaching. Prerequisite: Senior standing with minimum of 12 semester hours in professional education. <Summer, Fall, Spring>

***432. Production of Instructional Materials for the Classroom. (3) Kline**

(Also offered as C & I 432.) Requires an interpretation of the psychological principles of learning and the application of these principles to the production of instructional materials using a variety of media including graphics, overhead projection, still and motion picture photography, recordings, and television. <Summer, Fall, Spring>

***436. The Elementary School Library. (3)**

(Also offered as C & I 436.) A survey of principles and problems in organizing and maintaining library programs in elementary schools. Not open to students who have taken 428. <Summer, Fall>

***441. Children's Literature. (2) Gonzales, Walters**

(Also offered as El Ed 441.) Pre- or corequisite: El Ed 331. <Summer, Fall, Spring>

***451. Books and Related Material for Young People. (3)**

A survey of books and non-book materials suitable for students of junior and senior high school age. Emphasis on utilization and evaluation of materials, adolescent reading, viewing and listening interests, and reading guidance for curriculum and personal needs. <Summer, Spring>

EDUCATION, MUSIC

See Music Education.

EDUCATION, PHYSICAL

EDUCATION, SECONDARY**SECONDARY EDUCATION**

PROFESSORS R. J. Duxtator (Chairman), B. M. Crawford, W. H. Ivins, P. Prouse, W. B. Runge;
ASSOCIATE PROFESSORS W. Engman, A. W. Howard, R. Kline, G. Stoumbis, P. Tweeten;
ASSISTANT PROFESSORS G. Hirshfield, G. Prigmore, R. White, and Staff.

BUSINESS EDUCATION

ASSOCIATE PROFESSORS J. Rider, V. Reva; **ASSISTANT PROFESSOR** J. Heemstra⁴; **INSTRUCTORS** C. G. Sampley, L. Krebs (part-time).

INDUSTRIAL EDUCATION

PROFESSOR C. R. Brown; **ASSOCIATE PROFESSOR** R. A. Warner; **ASSISTANT PROFESSOR** R. D. Nesbitt; **INSTRUCTOR** G. Cunico; and Staff.

In these Departments, programs are offered for secondary school teachers of academic subjects, Business Education teachers, Industrial Arts teachers, and general courses in curriculum and instruction for teachers and curriculum specialists.

CURRICULA

Secondary Education, see pp. 214-220.

Business Education, see pp. 204-205.

Industrial Education, see p. 213.

SECONDARY EDUCATION

Explanation of footnotes not indicated will be found on page 279.

351. **Problems.** (1-3) <Offered upon demand>
361. [301, 310] **Pre-Student Teaching Experience in Secondary Education.** [Foundations of Secondary Education, Materials and Methods of Teaching] (6)
Approximately one-half of the student's time in the experience will be spent in educational offices and/or classroom situations. <Summer, Fall, Spring>
- *429. **Workshop.** (1-4)
Carries graduate credit when specifically approved by the Graduate Committee. For degree restrictions see p. 200 of this catalog or consult the **Graduate School Bulletin.** <Offered upon demand>
430. **Teaching of Communication Arts.** (3) Hirshfield, Prouse, White
Prerequisite: 361. <Fall>
431. **Teaching of Sciences.** (3) Engman, Tweenen
Prerequisite: 361. <Spring>
432. **Teaching of Social Studies.** (3) Doxtator, Stoumbis
Prerequisite: 361. <Fall, Spring>
433. **Teaching of Industrial Subjects.** [Teaching of Industrial Arts] (3) Brown, Nesbitt, Warner
(Same as I Ed 433.) <Spring>
434. **Teaching Art in Secondary School.** (3) Rutkowski
(Same as Art Ed 434.) <Spring>
- **435L. **Teaching of Biology.** (3) Degenhardt, Engman
Prerequisite: 361, Biol 102L or 122L. 2 lectures, 3 hrs. lab. <Fall>
436. **Teaching of English.** (3) Prouse, Simons
Prerequisite: 361, Engl 102. Carries credit both in Education and in English. <Fall, Spring>
- *437. **Teaching of Home Economics.** (3) Snell
(Same as HEc Ed 437.) <Spring>
- **438. **Teaching of Mathematics.** (3) Mitchell
Prerequisite: 361. <Fall>
439. **Teaching of Business Subjects.** (3) Rider
(Same as Bus Ed 439.) Prerequisite: Sec Ed 361. <Fall, Spring>
- *440. **Teaching of French.** (3) T. Book
(Also offered as French 440.) Prerequisite: Sec Ed 361. <Spring>
- *441. **Teaching of Spanish.** (3) Lamadrid
(Also offered as Span 441.) Prerequisite: Sec Ed 361. <Offered upon demand>
- *442. **Teaching of Reading.** (3) White
Prerequisite: 361. <Summer, Fall>
- *443. **Work Experience in Secondary Schools.** (3) Runge
Development of present practices in work experience programs for secondary school students. Special emphasis is given to organization and administration of vocational education cooperative part-time work plans for distributive office and industrial occupations. <Summer only>
444. **Teaching of Physical Education.** (3) Gugisberg, Hinger
(Also offered as PE 444.) <Fall>
- *445. **Teaching of German.** (3) Jespersen
(Also offered as Germ 445.) Prerequisite: Sec Ed 361. <Offered upon demand>
461. **Student Teaching.** (3-6-9, maximum total of student teaching allowed, 15. See 462 below.)
Observation and teaching in New Mexico schools. May be completed in one or two semes-

** Credit for undergraduate teaching majors and graduates in Education only.

ters. Assignments during a second semester will place more emphasis on teaching in an additional subject, or grade level, and will provide fewer hours in observation and participation. Weekly seminar meetings with University staff members are required. Prerequisites: 361; 2.3 grade point average in teaching major (2.5 for students under jurisdiction of Sec Ed Department); minimum of twelve hours in professional education. See also additional requirements on pp. 197-198. <Summer, Fall, Spring>

- 462. Student Teaching.** (3-6-9, maximum total of student teaching allowed, 15. See 461 above)
A second student teaching experience.
- 463. Professional Education Block.** (6-15)
Ordinarily the professional secondary education sequence of courses includes foundations, methods, and student teaching taken during different semesters. This block combines one or more of these courses with student teaching. Larger amounts of time will be required as compared to conventional courses. Application should be made at least one semester in advance. See instructor for special scheduling. Prerequisites include College of Education core courses or permission of the instructor.
- 497. Reading and Research in Honors.** (3-6)
Prerequisite: see p. 194. <Offered upon demand>
- *500. Advanced Instructional Strategies.** (3)
Examination and study of recent developments in field of instructional theory and its application to the classroom. <Spring>
- *501. High School Curriculum.** (3) Doxtator, Hirshfield, Howard, Ivins
Setting, development, and present form of the secondary school curriculum. Includes specific attention to problems of development of classroom instruction, guidance and activity programs, and related parts or auxiliaries of the total secondary school program. <Summer, Fall>
- *502. The Junior High School.** (3) Crawford, Howard, Ivins
Backgrounds of the junior high school and its purposes related to pupils' characteristics. The fundamental learning program, guidance and exploration, the pupil population, the teacher's role, leadership and organization in the curriculum. <Summer, Spring>
- *503. Student Activities in the Secondary School.** (3) Ivins, Prouse
The activity concept in learning; relationship of activities to needs and characteristics of adolescents; and purposes of the activities program. The basic principles and problems in the organization and administration of activities programs, as well as sponsorship and the teacher's role in activities. <Summer>
- *504. The Two Year College Curriculum.** (3) Nesbitt, Stoumbis
The background of the two year college movement, perspectives on its current status, and projections for the future of the two year college. The philosophical, curricular, instructional, administrative, and organizational characteristics of the program will be considered with emphasis on their relationships to foundational structures in education. <Fall>
- *508. Seminar in Supervision of Student Teaching.** (1-3) Howard, Nesbitt, Rider, Runge
<Offered upon demand>
- *510. Developments in Industrial and Vocational Education.** (3) Nesbitt, Runge, Warner
(Also offered as I Ed 510.) <Summer only>
- *520. Instructional Trends in the Communication Arts.** (3) Prouse, Hirshfield, White
Analysis of the associative use of the language arts and communication competency, with emphasis upon recent research and instructional trends in the field. <Summer, Fall>
- *521. Seminar in English Curriculum and Instruction.** (2-5) Prouse
Application of other MAT in English course learning to practical problems of curriculum and instruction in secondary school English classes. <Summer only>
- *527. Studies in Rhetoric for Teachers.** (3) Pickett, Prouse, Warner, White
(Also offered as Engl 527.) An examination of a variety of approaches to the teaching of writing. <Spring>
- *528. Studies in Reading and Literature for Teachers.** (3) Pickett, Prouse, Warner, White
(Also offered as Engl 528.) Applications of knowledge of the reading process to the teaching of literature. <Summer only>
- *529. Workshop.** (1-4)
For degree restrictions consult the **Graduate School Bulletin**. <Offered upon demand>
- *530. Seminar in Science Teaching.** (3)† Tweenen
Seminar in topics for advanced science students. <Summer only>

- *540. Instructional Trends in the Social Studies.** (3) Doxtator, Stoumbis
An analysis of social studies curricula, state and nationwide. Emphasis upon proposals for change and current experiments. Students are expected to develop a proposal for experimentation in their own local situations. <Summer, Fall>
- **546. Economic Education.** (2 or 4) Parker, Doxtator
(Also offered as Econ 546.) A survey of those areas of economics most relevant to contemporary social studies curriculum: comparative economic systems, the role of government in a free enterprise system, the poverty problem, international economic problems, etc. Guidance in the development of a plan for introducing economics into the classroom. Examination, development, and evaluation of instructional materials. <Summer, only>
- *551-552. Problems.** (1-3 each semester)†
- *556. Proseminar in Problems of Language Instruction.** (3)
(Same as Span 556.) <Offered upon demand>
- *590. Seminar.** (3) Crawford, Doxtator, Ivins <Fall>
- *599. Master's Thesis.** (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.
- *601. Curriculum Appraisal and Improvement of School Programs.** (3) Crawford, Howard, Ivins.
(Also offered as C & I 601.) <Fall>
- *610-611. Internship I and II.** (3-6, 3-6)
(Also offered as C&I, Ed Fdn, PE, Hlth Ed, and Recrea 610-611.) Available to selected advanced graduate students; offers an opportunity to apply, under careful supervision, significant principles from educational theory and research in classroom or parallel research situations. <Summer, Fall, Spring>
- *699. Dissertation.** (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.

BUSINESS EDUCATION

- ¶111. **Begining Typewriting.** (2) Reva
The learning of the keyboard by the touch system. **Students who have had typewriting in high school or business school will not receive credit in 111.** <Offered upon demand>
- ¶112. **Intermediate Typewriting.** (3) Heemstra, Krebs, Sampley
Business forms, correspondence and letter styles, manuscripts, tabulation, speed building with individual goals. Prerequisite: knowledge of typewriter operation and keyboard. **Students who have had two years of typing in high school or business school will not receive credit in 112.** <Fall, Spring>
- §113. **Shorthand Theory.** (3) Krebs, Sampley
Gregg theory and essentials of writing; speed goal: 50 wpm minimum. **Students who have studied shorthand in business college or high school will not receive credit.** <Fall, Spring>
- §114. **Beginning Dictation.** (3) Sampley
Review of theory; development of transcription; speed goal: 80 wmp minimum. Prerequisites: 111, 113, or equivalent. <Fall, Spring>
117. **Office Machines and Filing.** (2) Reva
Laboratory work in filing, transcription from recorded dictation, mimeograph, direct process duplicators, listing and non-listing calculators. Prerequisite: 112. <Fall, Spring>
201. **An Introduction to Data Processing for Business Education.** (3) Heemstra
An introduction to terminology, basic uses of the major machines, business applications, social implications, curriculum and teaching problems. <Fall, Spring>
- §253. **Transcription.** (3) Heemstra, Krebs
Review of theory; dictation and transcription from shorthand notes correctly and speedily. Mailable letters are required. Prerequisites: 112 and 114 or equivalent. Speed goal: 120 wpm. <Fall, Spring>

** Available for graduate credit except for graduate majors in Economics.

¶ No credit allowed toward degrees in Colleges of Arts and Sciences, and Pharmacy.

§ A maximum of 6 hours credit allowed in shorthand in the College of Arts and Sciences. No credit allowed toward degree in the College of Pharmacy.

- 257. Secretarial Office Practice.** (3) Reva
Development of the ability to apply secretarial skills to office duties and to handle efficiently the responsibilities of a secretarial position. Prerequisites: 112, 114, or equivalent. <Fall, Spring>
- 262. Advanced Typewriting.** (3) Heemstra, Rider
Production, with efficiency and accuracy, of business letters, reports, manuscripts, tabulation, rough drafts, corporation reports, legal documents, study of skill performance problems from point of view of teacher and/or office supervisor. Individual speed goals. Prerequisite: 112. <Fall, Spring>
- 265. Business Communications.** (3) Reva
Prepares the student to understand terms, policies, and procedures in business relations; letter writing, reports, memoranda, and other media of communication. <Fall, Spring>
- 351. Undergraduate Problems.** (1-3) Rider
- 429. Workshop in Business Education.** (1-4) Heemstra, Rider <Offered upon demand>
- 439. Teaching of Business Subjects.** (3) Rider <Fall, Spring>
- 461. Student Teaching in the Secondary Schools.** (3-6-9, maximum total allowed 15)
Corequisite: 439. <Summer, Fall, Spring>
- 462. Student Teaching in the Secondary Schools.** (3-6-9, maximum total allowed 15)
<Summer, Fall, Spring>
- 463. Student Teaching in the Secondary Schools: Professional Education Block.** (6-15)
<Fall, Spring>
- *501. Foundations of Business Education.** (3) Rider
The various phases and functions of Business Education brought into proper perspective as one broad area. <Offered upon demand>
- *503. Readings in Business Education.** (3) Rider
Analysis of research and literature and implications of findings for Business Education. <Offered upon demand>
- *510. Seminar in Typewriting Education.** (3) Rider
The principles, methods, procedures, and problems in the teaching of typewriting at all levels for all objectives. <Offered upon demand>
- *511. Seminar in Shorthand Education.** (3) Rider
The principles, methods, procedures, and problems in the teaching of shorthand and transcription. <Offered upon demand>
- *512. Seminar in Bookkeeping and Accounting Education.** (3) Rider
The principles, methods, procedures, and problems in the teaching of bookkeeping and accounting. <Offered upon demand>
- *513. Seminar in Socio-Business Education.** (3) Rider
The principles, methods, procedures, and problems in the teaching of the various classes included in the area of socio-business education such as: General Business, Consumer Economics, Applied Economics, Business Principles, Business Organization, Introduction to Business, Business Law, Business Communications, Business Arithmetic, and Economic Geography. <Offered upon demand>
- *514. Seminar in Office and Distributive Education.** (3) Heemstra, Rider, Runge
The principles, methods, procedures, and problems in the teaching and coordinating of vocational office and distributive education classes and programs with emphasis upon advanced skills combined with actual and simulated work experiences on or off campus. <Offered upon demand>
- *529. Workshop in Business Education.** (1-4) Heemstra, Rider
For degree restrictions see department chairman. <Offered upon demand>
- *551-552. Problems.** (1-3 hrs. each semester) Heemstra, Rider

INDUSTRIAL EDUCATION

Explanation of footnotes not indicated will be found on page 279.

I. TECHNICAL <Courses in this section will also be offered upon demand in summer session>

- 101. Shop Computation.** (3) Brown, Cunico
Practical application of algebra, geometry, and trigonometry in the solution of applied problems found in the industrial arts. <Fall>

- 110L. Machine Woodworking.** (3) Brown, Warner
Introduction to the woodworking area. Emphasis on the proper use of hand tools, power machinery, and basic finishing methods. Use of wood turning tools and equipment in spindle, faceplate and special turning processes. 1 lecture, 5 hrs. lab. <Fall, Spring>
- 111L. Drafting I.** (2) Cunico, Nesbitt
Essentials of drafting, including the use of instruments, lettering, orthographic projections, dimensioning, auxiliary views, pictorials, sections, graphic symbols. 1 lecture, 3 hrs. lab. <Fall>
- 112L. Drafting II.** (3) Cunico, Nesbitt
A continuation of 111L, with emphasis on advanced dimensioning, detail and assembly drawings, exploded views, etc. Prerequisite: 111L. 1 lecture, 5 hrs. lab. <Spring>
- 115L-116L. General Woodwork.** (2, 2) Brown, Nesbitt, Warner
Designed to meet the individual needs of non-majors. Basic instruction in the care and use of hand tools, power machinery, and finishing methods used in the processing of woods. 5 hrs. lab. <Offered upon demand>
- 117L-118L. General Metalwork.** (2, 2) Nesbitt, Warner
Designed to meet the individual needs of non-majors. Basic instruction in the care and use of hand tools and power machinery in the fabrication of metals. 5 hrs. lab. <Offered upon demand>
- 120L. Machine Metalworking.** (3) Warner
Introduction to the metalworking technology with emphasis upon the proper use of tools and machines and their operations. 1 lecture, 5 hrs. lab. <Fall, Spring>
- 225. Design in Industrial Arts.** (2) Brown, Warner
Theory and utilization of design principles in the development and use of the various materials of industry. 1 lecture, 3 hrs. lab. Prerequisite: 110L, 111L. <Fall>
- 230L. Power Mechanics.** (3) Nesbitt
A basic course pertaining to the internal combustion engines. Experiences in the maintenance and repair, with reference to the consumer level, on the automobile and various other small engines. 2 lectures, 2½ hrs. lab. <Fall, Spring>
- 245. Slide Rule.** (2) Brown
The use of the various scales for solving technical problems. <Offered upon demand>
- 261L. Drafting III.** (2) Cunico, Nesbitt
Problems involving the point, line, and plane; and practical problems involving the above principles with emphasis on triangulation, developments, intersections, perspective. Prerequisite: 111L. 1 lecture, 3 hrs. lab. <Fall>
- 262L. Drafting IV.** (3) Brown, Warner
The principles of style and design of residential dwellings are studied with emphasis upon architectural drawings and construction details. Prerequisite: 111L. 1 lecture, 5 hrs. lab. <Spring>
- 265L. Finishing and Maintenance.** (3) Brown
Techniques, processes and application of finishes on the various kinds of wood. Practice in tool and machine maintenance and repair, tool fitting and sharpening, and saw filing. 1 lecture, 5 hrs. lab. <Fall, Spring>
- 280L. Electricity and Electronics I.** (3) Cunico
An introductory course in electrical theory and its application in the field of lighting, heating, communication, and electronics. Individual and group experiences are derived through experimentation and the construction of electrical projects. 2 lectures, 2½ hrs. lab. Prerequisite: permission of instructor. <Fall, Spring>
- 285L. Welding.** (3) Baldwin, Nesbitt, Warner
Arc and oxyacetylene welding with some inert welding. Techniques, methods, and processes are considered with emphasis on the welding and cutting of the common metals. 1 lecture, 5 hrs. lab. Prerequisite: permission of instructor. <Fall, Spring>
- 315L. Pattern Making and Foundry.** (3) Brown, Warner
The construction of various patterns and core boxes used in pattern making. Principles and practices involved in the foundry industry. Experiences in the operation, care and maintenance of pattern making and foundry tools and equipment. 1 lecture, 5 hrs. lab. Prerequisite: 110L, 111L, 120L. <Fall>
- 335L. Intermediate Power Mechanics.** (3) Nesbitt
Hydraulic and mechanical methods of transmitting power. Theory and function of gear and hydraulic transmissions. 1 lecture, 5 hrs. lab. Prerequisite: 230 or equivalent. <Fall>

- 350L. Cabinet Making. (2)** Brown, Cunico
Advanced instruction in the use of power woodworking machinery. Emphasis on cabinet and furniture designing and construction. Basic techniques and processes in upholstery. Prerequisite: 110L or equivalent. 5 hrs. lab. <Spring>
- 365L. Advanced Machine Metalworking. (3)** Warner
Advanced course in the machine tool area. Includes experiences in the various processes and practices of metal machining. Emphasis on work with the metal working lathe, shaper, surface grinder, and the horizontal and vertical milling machines. Maintenance and repair of tools and machinery. 1 lecture, 5 hrs. lab. Prerequisite: 120L or equivalent. <Spring>
- 380L. Electricity and Electronics II. (3)** Cunico
Application of the theories and principles involved in the use of vacuum tubes, power supplies, amplifiers, receivers, and transmitters. An introduction to transistor principles and their application. Prerequisite: 280L or permission of instructor. 2 lectures, 2½ hrs. lab. <Fall>
- 386L. Metal Fabrication. (3)** Nesbitt, Warner
An introduction to the various aspects and basic processes in the hot and cold forming of metals. Techniques will be utilized in the use of the tools and equipment for metal fabrication, which includes such areas as sheet metal, metal spinning, forging and ornamental metal. 1 lecture, 5 hrs. lab. Prerequisite: 285. <Spring>
- 461. Student Teaching in the Secondary Schools. (3-6-9, maximum total allowed 15)**
Prerequisite: 433. <Summer, Fall, Spring>
- 462. Student Teaching in the Secondary Schools. (3-6-9, maximum total allowed 15)**
Prerequisite: 433. <Summer, Fall, Spring>
- 463. Student Teaching in the Secondary Schools: Professional Education Block. (6-15)**
Prerequisite: 433. <Summer, Fall, Spring>
- 470L. [462L] Carpentry. (3)** Brown
Plot layouts, foundations, floor and wall framing, roof construction, rafter cutting, inside and outside finishing, and the use of the steel square. A scaled model house is constructed. Prerequisite: 110L or equivalent. 1 lecture, 5 hrs. lab. <Spring>
- 475L. Metal Technology. (1-3)** Warner
Advanced hand tool and machine processes in the areas of forging, bench metal, sheet metal, welding, foundry, art metal, and other areas of metal working used in the school shop situation. Students will choose the area or areas in which they desire to concentrate additional experiences. Lab hours arranged. Prerequisite: 120L, 365L. <Fall, Spring>
- 480L. Wood Technology. (1-3)** Brown
Advanced course designed to meet the individual needs of students wishing to concentrate in a specialized area of woodworking. Lab hours arranged. Prerequisite: 110L, 350L. <Fall, Spring>

II. PROFESSIONAL

- 105. Introduction to Industrial Education. (2)** Brown, Nesbitt, Warner
Orientation of the student to industrial arts and its place in general education. <Fall>
- 351. Problems. (1-3)** <Fall, Spring>
- 429. Workshop in Industrial Education. (1-4)**
For degree restrictions, see p. 200 of this catalog. <Offered upon demand>
- 433. Teaching of Industrial Subjects. [Teaching of Industrial Arts] (3)** Brown, Nesbitt, Warner
Methods of developing instructional units, teaching methods associated with industrial curricula, and the selection and evaluation of teaching materials used in the classroom. <Spring>
- 466. Theory and Organization of Industrial Education. (3)** Brown, Nesbitt, Warner
An analysis of organizing and teaching of industrial arts as found in the modern school. <Fall>

III. GRADUATE STUDY <Will be offered upon demand any session>

- *490. Measurement and Evaluation Techniques. (3)** Brown, Nesbitt, Warner
Methods of measuring achievement in industrial subjects. Emphasis is given to evaluation of manipulative activities and technical knowledge.
- *492. Instructional Analysis. (3)** Brown, Nesbitt, Warner
Techniques and methods used to identify content for instruction in the practical and

industrial subjects. Analysis of occupations or activities in determining content for instructional purposes.

- *505. **Development, Selection, Use, and Organization of Instructional Materials.** (3) Brown, Nesbitt, Warner
Research in the study of sources, values, limitations, and classification of instructional materials. Emphasizes objectives, theories, and practices underlying the formation, evaluation, and revision of learning materials.
- *510. **Developments in Industrial and Vocational Education.** (3) Nesbitt, Runge, Warner
(Also offered as Sec Ed 510.) Includes history, developments, movements motivating the present programs in vocational, distributive, office and secretarial, trade and technical, industrial, home economics, and health education. A thorough study will be made of federal legislation with implications for new programs, the New Mexico State Plan for Vocational Education, secondary and post-high school program development, apprenticeship training, and technical level courses.
- *511. **Laboratory Planning and Design.** (3) Brown, Nesbitt, Warner
An appraisal and analysis of current laboratory requirements. Research in the problems associated with the development of modern industrial education laboratory facilities. Revision of present facilities to meet current demands. Special attention given to lighting, heating, cooling, ventilation, color, building materials used in construction, location in relation to other educational areas and the selection and placement of equipment for efficient operation and work flow.
- *515. **Industrial Accident Prevention.** (3) Nesbitt
The principles of accident prevention, philosophies involved, psychology of safety, personal protective devices, machine guarding, occupational diseases and other areas pertinent to industrial safety, industrial and vocational instructors and personnel in industry.
- *520. **Administration of Industrial and Vocational Programs.** (3) Warner
Problems and procedures in organizing and administering the various types of programs in the practical arts areas. A study of the laws on the federal, state and local levels relating to these arts.
- *525. **Advanced Technical Knowledge and Skills.** (3)†
Individual or group study in research and experimentation with advanced industrial subject information, skills, knowledges, attitudes and concepts. Areas of work can be in the woods, metals, drafting, electrical power mechanics, industrial plastics and ceramics, or other related areas.
- *529. **Workshop.** (1-4)
For degree restrictions consult the Graduate School Bulletin.
- *551-552. **Problems.** (1-3 hrs. each semester)

ELECTRICAL ENGINEERING AND COMPUTER SCIENCE

See Engineering, Electrical

ELEMENTARY EDUCATION

See Education, Elementary

ENGINEERING

Students enrolled in the Cooperative Education Program in those Engineering departments allowing academic credit for work phases (see page 224) are required to evaluate their work experience. They register for the appropriate course the school phase session immediately following the work phase.

- 109. **Evaluation of Cooperative Education Work Phase 1.** (1)
- 110. **Evaluation of Cooperative Education Work Phase 2.** (1)
- 209. **Evaluation of Cooperative Education Work Phase 3.** (1)
- 210. **Evaluation of Cooperative Education Work Phase 4.** (1)
- 309. **Evaluation of Cooperative Education Work Phase 5.** (1)
- 310. **Evaluation of Cooperative Education Work Phase 6.** (1)

ENGINEERING, CHEMICAL

PROFESSOR T. T. Castonguay (Chairman); ASSOCIATE PROFESSOR K. E. Cox, ASSISTANT PROFESSORS R. E. Dascher, G. H. Quentin, J. H. Turner

CURRICULUM

See p. 228.

- 251. **Chemical Calculations.** (3)
More extensive problem work in the stoichiometric principles of chemistry, including composition changes; the material balance; units and dimensions. Prerequisite: Chem 102L or equivalent. <Fall>
- 252. **Industrial Stoichiometry.** (3)
The application of the fundamental laws of chemistry, physics, and mathematics to industrial chemical calculations. Prerequisites: 251 or equivalent, Physics 161, Math 264. <Spring>
- 317. **Process Calculations.** (3)
Numerical and graphical techniques; calculations involving phase equilibria, multistage processes and thermochemistry; application of computers to the solution of material and energy balances. Prerequisite: 252. <Fall>
- 353. **Advanced Chemical Engineering Calculations.** (3)
Prerequisite: Math 265. <Fall>
- **354L. Process Dynamics.** (3)
Application of special mathematical techniques to chemical processes; topics in process control and instrumentation. Prerequisite: 353. 2 lectures, 3 hrs. lab. <Spring>
- 360. **Natural Gas Production and Transmission.** (3)
Prerequisite: 411 or ME 301. <Spring>
- 398. **Field Trip.** (0)
Required for graduation. Annual inspection tour to leading chemical plants in different sections of the country. Approximately one week is spent on these visits. Prerequisite: senior standing. <Spring>
- **401. Principles of Thermodynamics I.** (3)
The laws of thermodynamics; irreversible processes; development of the energy properties; applications to chemical and physical systems. Prerequisites: Math 265, Physics 262. <Fall>
- **402. Principles of Thermodynamics II.** (3)
Continuation of 401 with applications to chemical engineering processes; physical and chemical equilibria. <Spring>
- **411. Unit Operations I.** (3)
Transport phenomena. The mechanisms and the related mathematical analysis of heat, mass, and momentum transfer. Macroscopic balances. Prerequisites: 252 or the equivalent, Math 265, Physics 262. <Fall>
- **412. Unit Operations II.** (3)
A continued lecture and recitation of the Unit Operations and their applications to the chemical industries: problems in heat transfer, evaporation, humidification, drying, crystallization, phase separation, and related topics. Prerequisite: 411 or the equivalent. <Spring>
- **413. Unit Operations III.** (3)
A continuation of Unit Operations; problems in mass transfer, phase relationships, extraction, distillation, and related topics. Prerequisite: 412. <Fall>
- **414L. Unit Operations Laboratory I.** (2)
Laboratory practice and experimental study of Unit Operations covered in 411 and 412. Corequisite: 412. 6 hrs. lab. <Spring>
- **415L. Unit Operations Laboratory II.** (2)
Experimental laboratory study of the Unit Operations covered by 412 and 413. Prerequisite: 414L; corequisite: 413. 6 hrs. lab. <Summer only>
- 451-452. **Seminar.** (1, 1)
Senior year. Reports on selected topics and surveys; presentation and discussion of papers from current technical journals, and topics of interest to the chemical engineer. <451-Fall, 452-Spring>

**** Available for graduate credit except for graduate majors in Chemical Engineering.**

- *454. Process Modeling and Optimization. (3)**
Quantitative description of chemical engineering systems. Optimum process design parameters and operating conditions. Prerequisite: 353 or permission of instructor. <Spring>
- **461. [361] Chemical Engineering Materials I. (3)**
Introduction to the physical basis of the structure sensitive and insensitive properties of solids. The relations between the structure and properties of metals, alloys, polymers, and ceramics. Phase equilibria and transformations, strengthening mechanisms, solid state kinetics, and diffusion. Mechanical behavior of solids. Prerequisite: 412. Recommended: Chem 312. <Fall>
- **462. [362] Chemical Engineering Materials II. (3)**
Electronic and magnetic properties of solids. Modern theory of corrosion. Application of corrosion theory and corrosion prevention. Oxidation and high temperature metal-gas reactions. Selection of materials for the chemical industry. Prerequisite: 461. <Spring>
- **471. [470] Applied Chemical Kinetics. (3)**
The kinetics of homogeneous and heterogeneous catalytic and non-catalytic reactions for flow and non-flow processes. Elementary principles of chemical reactor design and operation. Prerequisites: 353, 402. <Fall>
- 472. Chemical Engineering Economics. (3)**
Factors other than engineering and chemical which determine the feasibility of putting a chemical on the market. Particular reference to control of raw materials, markets, competition, patent situation, and related topics. Prerequisites: 413, Econ 200 or equivalent. <Spring>
- 481L. Chemical Engineering Process Laboratory I. (2)**
Research and development laboratory studies on chemical processes and products. Emphasis on creativity in pursuing research objectives. Literature survey, laboratory notebook and report writing stressed. Prerequisite: Chem 311. 6 hrs. lab. <Fall>
- 482L. Chemical Engineering Process Laboratory II. (2)**
Continuation of 481L, but may be taken as an independent unit. Prerequisite: Chem 311; corequisite: 461 or 462. 6 hrs. lab. <Spring>
- **494L. Chemical Engineering Design. (3)**
Practice in engineering creativity and decision-making. Selection of the optimum process for making a given product. Process design of equipment. Prerequisites: 401, 413. 2 lectures, 3 hrs. lab. <Spring>
- *501. Chemical Engineering Seminar. (1-3)**
Individual study on advanced phases of chemical engineering and industrial chemistry. Research, reports, and conferences. <Fall, Spring>
- *521. Advanced Transport Phenomena I. (3)**
Molecular transport. The equations of change applied to momentum, energy and mass transfer. Analogies between these phenomena and their limitations. Transport between two independent variables, unsteady state problems. Diffusivity and the mechanisms of mass transport. Boundary layers. Prerequisite: 411 or equivalent. <Fall>
- *522. Advanced Transport Phenomena II. (3)**
Turbulent transport phenomena. Homogeneous turbulent flows. Transport phenomena molecular and turbulent. Turbulent shear flows—channels and pipes. Convective dispersion. Solutions of the diffusion equation. Extension of mathematical models of turbulent flows to the real world. Prerequisite: 521. <Spring>
- *523. Equilibria and Staged Operations. (3)**
An advanced study of the mass transfer operations of chemical engineering. Equilibria of non-ideal systems. Multicomponent operations. <Fall>
- *531. Petroleum Process Engineering. (3)**
Oil and natural gas recovery, secondary recovery methods. The processing of petroleum, refinery design methods, and operation. The manufacture of petro-chemicals from petroleum feed stocks. <Fall>
- *532. Advanced Process Dynamics and Control. (3)**
Dynamics of complex processing systems such as packed-bed reactors and mass transfer equipment. Sampled-data control systems involving on-line gas chromatographs and process control computers. <Spring>

**** Available for graduate credit except for graduate majors in Chemical Engineering.**

- *541. **Catalysis.** (3)
Rate equations and theories of heterogeneous and homogeneous catalysis. Adsorption phenomena. Physical characterization of catalysts. Catalyst preparation, poisoning and deactivation. Experimental methods and applications to industrial processes. <Fall>
- *542. **Advanced Chemical Engineering Thermodynamics.** (3)
Advanced thermodynamics with reference to its application in chemical engineering. <Spring>
- *543. **Irreversible and Statistical Thermodynamics.** (3)
Application of modern thermodynamic concepts and techniques to chemical engineering. <Fall>
- *551-552. **Problems.** (1-3 hrs. each semester)
Advanced readings, design, or research.
- *561. **Kinetics of Chemical Processes.** (3)
Rate equations for simple and complex chemical processes, both homogeneous and heterogeneous. Experimental methods and interpretation of kinetic data for use in chemical reactor design and analysis. Application to complex industrial problems. <Fall>
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.
- *699. **Dissertation.** (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.

ENGINEERING SCIENCE OF MATERIALS

The following courses form the offerings in the graduate program in Engineering Science of Materials.

- *591. **Theoretical Physical Metallurgy.** (3)
Electronic structures and the bonding of solids, crystal structures and crystal imperfections. The physical and mechanical behavior of metals. *Prerequisite:* 561; *recommended:* Phys 430. <Fall>
- *592. **Physical Metallurgy of Alloys.** (3)
Equilibrium and nonequilibrium phase relations in binary and ternary alloys. Interrelations of microstructures and physical and mechanical properties. Control of structures and properties by alloying and by thermal and mechanical treatment. *Prerequisites:* 461, 591. <Spring>
- *593. **Ceramics.** (3)
Mechanical, thermal, chemical and electrical properties of ceramic materials. Fabrication techniques, materials selection and applications of ceramic products. *Prerequisites:* 461; *recommended:* 591, Chem 311-312, Geol 304L. <Fall>
- *594. **Polymer Science and Engineering.** [Plastics.] (3)
Basic chemistry and synthesis reactions of polymers. Effect of polymer structure and composition on mechanical properties. Viscoelastic behavior of amorphous polymers and response of crystalline polymers to stress. Electrical and optical properties. Fabrication, selection, and evaluation of plastics. *Prerequisites:* 461, Chem 301; *recommended:* 411, Chem 302. <Spring>
- *595. **Seminar in Materials.** (1-3) <Fall>
- *596L. **Physical Metallurgy Laboratory.** (1)
The techniques and applications of metallography; preparation of metallographic sections; microscopy and photomicrography; X-ray diffraction techniques; physical, chemical, and mechanical evaluation of metal specimens. Pre- or corequisite: 592. 3 hrs. lab. <Spring>
- *597. **Crystalline Defects in Solids.** (3)
Theory of crystalline defects and application to material properties. Defect species such as vacancies, interstitials, impurities, dislocations, stacking faults and grain boundaries. Physical properties: mechanical, kinetic, electrical, and magnetic. Irradiation damages in solids. Direct observation of defects. *Prerequisite:* 461. <Fall>
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.
- *699. **Dissertation.** (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.

ENGINEERING, CIVIL

PROFESSORS C. L. Hulsbos (Chairman), R. H. Clough, W. R. Gafford, R. G. Huzarski, J. E. Martinez, M. C. May, G. E. Triandafilidis, J. T. P. Yao, E. M. Zwoyer; ASSOCIATE PROFESSORS J. B. Carney, Jr., M. M. Cottrell, R. L. Johnson, Jr., C. C. Patterson; ASSISTANT PROFESSORS W. T. Abbott, G. W. May, C. Omid'varan.

CURRICULUM

See p. 230.

102L. Engineering Computational Methods. (3)

Graphical methods applied to empirical equations, graphical calculus, and nomography; digital computer programming (FORTRAN IV). Corequisite: Math 162 or equivalent. 2 lectures, 4 hrs. lab. <Fall, Spring>

104L. Introduction to Engineering. (4)

Description of engineering, design of new products by groups of students, and development of graphical, analytical, communicative and other engineering skills. 1 lecture, 6 hrs. lab. <Fall, Spring>

202L. Engineering Statics. (3)

Statics of particles and rigid bodies in two and three dimensions using vector algebra as an analytical tool; centroids; distributed loads; trusses, frames; friction. Prerequisite: Physics 160; corequisite: Math 264. 2 lectures, 3 hrs. lab. <Summer, Fall, Spring>

§211L. Introduction to Architectural Structural Analysis. (3)

Study of loads on architectural structures and their behavior; properties of structural materials and shapes. Elementary mechanics of materials. Prerequisites: Math 151 or 162 or 181; corequisite: Arch 301. Open only to students who have been admitted to the professional curriculum in Architecture. 2 lectures, 3 hrs. lab. <Fall>

§212L. Architectural Structures I. (3)

Behavior of structural systems; choice and planning of structural systems. Design of truss and frame members in metals and wood. Prerequisite: 211L; corequisite: Arch 302. Open only to students who have been admitted to the professional curriculum in Architecture. 2 lectures, 3 hrs. lab. <Spring>

270L. Construction Materials. (1)

A laboratory study of the physical, mechanical, and chemical properties of engineering materials. 3 hrs. lab. <Fall, Spring>

281L. Engineering Measurements. (3)

Principles and theories of physical measurements of spatial quantities; theory of probable error and adjustment of observations; use of measuring instruments and systems using surveying techniques where desirable. Corequisite: Math 163. 2 lectures, 3 hrs. lab. <Fall>

282L. Engineering Surveys. (2)

Engineering applications of theories and principles developed in 281L; horizontal and vertical control surveys, topography, alignment curve geometrics, modern survey systems, and instruments; introduction to photogrammetry and geodesy. Prerequisite: 281L. 1 lecture, 3 hrs. lab. <Spring>

302. Mechanics of Materials. (3)

Stresses and strains associated with elastic and plastic behavior of members stressed in tension, compression, torsion, and flexure; Mohr's circle construction; principles of combined stresses and resultant deformation; columns and buckling phenomena; preliminary consideration of statically indeterminate members. Prerequisite: 202L. <Summer, Fall, Spring>

303L. Mechanics of Materials Laboratory. (1)

Laboratory practice in the application of strain measuring and indicating devices directed at verification of fundamental principles developed in 302; mechanical, electrical and photoelastic equipment usage. Corequisite: 302. 3 hrs. lab. <Fall, Spring>

305. Structural Analysis I. (2)

Analysis of determinate structures including beams, frames, roof and bridge trusses subjected to both fixed and moving loads by algebraic and graphical methods; introduction to deflection theory, moment-area, conjugate beams, and virtual work. Corequisite: 302. <Fall>

****306. Structural Analysis II. (3)**

Statically indeterminate structures; use of moment-area, conjugate structure, virtual work, slope deflection and moment-distribution methods; sidesway and multi-degree of freedom structures; introduction to structural dynamics. Prerequisite: 305 or permission of instructor. <Spring>

§315L. Architectural Structures II. (3)

Approximate and simplified methods of proportioning reinforced concrete members. Design of reinforced concrete buildings, including foundations, in accordance with current codes. Prerequisite: 211L; corequisite: Arch 401. 2 lectures, 3 hrs. lab. <Fall>

§316. Undergraduate Research in Architectural Structures. (3)

Individual research problems in structural analysis and design as applied to architectural structures. Prerequisite: 212L, 315L, or permission of instructor. <Spring>

324L. Structural Design in Metals. (3)

Methods of design of tension, compression, and flexure members of metal including their connections; the analysis and design of structural elements of metal as consistent with modern practice. Prerequisite: 305. 2 lectures, 3 hrs. lab. <Spring>

****331L. Fluid Mechanics. (3) Carney, Martinez**

The mechanics of incompressible and compressible flow; fluids at rest; geometry of fluid motion; general equations of motion; laminar and turbulent flow, boundary layer, lift, form drag; flow through pipes, pipe systems, and open channels; laboratory study of basic principles of fluid mechanics. Prerequisite: 202L; corequisite: ME 206L. 2 lectures, 3 hrs. lab. <Fall>

****332. Water Resources and Hydraulic Engineering I. (3) Carney, Martinez**

Components of hydrologic cycle; ground water flow, stream flow, storage requirements; flood routing; conveyance by canals, flumes, pipe systems; hydraulic machinery. Prerequisite: 331L. <Spring>

****336L. Sanitary Engineering I. (3) Martinez, Patterson**

The principles of sanitary science as applied to the control of the environment, water supply and waste-water disposal, air and water pollution, and solid waste disposal. Corequisite: 332. 2 lectures, 3 hrs. lab. <Spring>

360L. Soil Mechanics. (3)

Physical, chemical, and mechanical properties of soil as an engineering material; relation of properties to engineering problems. Prerequisite: 302. 2 lectures, 3 hrs. lab. <Spring>

370. Engineering Materials Science. (3)

(Also offered as ME 370.) The structure of matter and its relation to mechanical properties. Mechanical behavior of structural materials: metals, ceramics and polymers. Prerequisite: 302; Corequisite: ME 301. <Fall, Spring>

380L. Cartography. (3)

Map projection and use of maps to show areal distribution and graphic representation of statistical data. Prerequisite: permission of instructor. 2 lectures, 3 hrs. lab. <Spring 1972 and alternate years>

382. Transportation Engineering. (2)

The planning, economics, finance, location, geometric design, and administration of transportation systems. Prerequisite: junior standing in Civil Engineering. <Fall>

***401. Advanced Mechanics of Materials. (3) Johnson, G. May, Omid'varan**

State of stress and strain at a point, stress-strain relations, strain energy, elastic instability, stress concentrations, shear center, bending of curved beams, torsion of prismatic bars, stresses in symmetrical bodies, yield criteria. Prerequisites: 302, Math 311. <Spring>

***402. Tensor Analysis and Continuum Mechanics. (3)**

Tensor analysis in Euclidean space, kinematics of continua, the stress tensor, linear constitutive equations for elastic solids, compressible viscous fluids, and viscoelastic media. Prerequisites: 302, Math 311. <Fall>

***403. Linear Viscoelasticity. (2) Cottrell, Albrecht**

Viscoelastic models, beams, vibrations, waves, buckling; viscoelasticity in three-dimensional problems, applications. Prerequisite: 370 or permission of instructor. <Offered upon demand>

** Available for graduate credit except for graduate majors in Civil Engineering.

§ No credit allowed in College of Engineering.

- 411. Reinforced Concrete Design. (3)**
Structural mechanics of concrete beams, slabs, columns, walls, and footings; checking and proportioning of members and connections in accordance with specifications for elastic, ultimate, and prestressed concrete design. Prerequisite: 306. <Fall>
- *415. Intermediate Structural Analysis. (3)** Johnson, G. May, Omid'varan
Topics in indeterminate structural analysis; introduction to matrix methods with application to trusses, continuous beams, frames and composite structures. Prerequisite: 306 or permission of instructor. <Fall>
- *416L. Analysis and Design of Structural Systems. (3)**
Analysis, design, and optimization of various structural systems. Topics to be selected from the following systems: buildings, bridges, aerospace structures, plates, cylindrical shell panels, space frames. Structural model analysis. Prerequisites: 306 and permission of instructor. 2 lectures, 3 hours lab. <Offered upon demand>
- **417L. Structures Workshop I. (2)** Gafford
Advanced topics in structures for Architectural majors. Prerequisite: permission of instructor. 6 hrs. lab. <Fall>
- **418L. Structures Workshop II. (2)** Gafford
Advanced topics in structures for Architectural majors. Prerequisite: permission of instructor. 6 hrs. lab. <Spring>
- *420. Plastic Design of Structures. (3)** Johnson, G. May, Omid'varan
Basic theorems of plastic collapse, bending moment-curvature relationships, methods of plastic analysis and design, deflection estimates, influence of axial and shear forces on the plastic moment. Prerequisite: 306. <Fall>
- *421L. Introduction to Structural Dynamics. (3)** Cottrell, Yao
Basic theory of structural vibrations; structural response to dynamic loads; laboratory simulation of dynamic response of structures with electrical and mechanical analogies and applications of analog computer. Prerequisites: 306, ME 206L, Math 311. 2 lectures, 3 hrs lab. <Spring>
- *430. Applied Hydrodynamics. (3)** Carney, Patterson
Principles of dimensional analysis, dynamic similarity, flow nets, irrotational flow, gravity flow, unsteady flow, boundary layer theory, separation, cavitation, drag; pumps and turbines. Prerequisite: 331L. <Fall 1971 and alternate years>
- *431. Intermediate Hydrology. (3)** Carney, Martinez
Hydrometeorology, soil moisture, runoff cycle, losses, overland flow, flood routing, runoff routing. Prerequisites: 332 and permission of instructor. <Fall 1971 and alternate years>
- *432. Water Resources and Hydraulic Engineering II. (3)** Carney, Martinez
Applied hydrology, hydraulics, and water resources development. Prerequisite: 332. <Fall 1970 and alternate years>
- *436L. Sanitary Engineering II. (2)** Martinez, Patterson
Design of wastewater treatment plants using traditional design parameters and experimental design parameters. Population forecasting, plant hydraulics, stream sanitation, optimization analysis. Prerequisite: 336L. 1 lecture, 3 hrs. lab. <Fall>
- *437. Sanitary Engineering III. (2)** Martinez, Patterson
Design of water treatment plants; desalination by distillation, reverse osmosis, electrodialysis, freezing; water resources development. Prerequisite: 336L. <Spring>
- *440. Arid Land Engineering. (3)** Huzarski
Engineering studies related to problems of air, water, ground, and culture, relevant to arid and semi-arid regions. Prerequisite: senior standing and permission of instructor. <Offered upon demand>
- *450. Introduction to Probabilistic Methods in Engineering. (3)** Carney, Clough, Yao
Applications of the theory of probability and statistics to engineering problems such as measurement errors, traffic flow, sanitary engineering, water resources, hydrology, construction management, yield and fracture strength of metals. Prerequisite: permission of instructor. <Fall>
- *451. Engineering Analysis. (3)** Cottrell
Methods of theoretical analysis of typical engineering systems. Applications of ordinary and partial differential equations, finite differences and matrices to solve engineering

** Available for graduate credit except for graduate majors in Civil Engineering.

problems. Prerequisites: Math 311 or equivalent and permission of instructor. <Offered upon demand>

- *452L. **Computer Applications in Civil Engineering.** (3) Abbott
Use of digital computers to solve typical problems in various areas of Civil Engineering, including use of stored programs and preparation of original programs. Prerequisite: 102L or EE 336, senior standing in Engineering. 2 lectures, 3 hrs. lab. <Spring>
- *453. **Numerical Methods in Civil Engineering.** (3)
Methods of discrete analysis of engineering systems. Applications of numerical techniques to solve engineering problems. Prerequisite: 102L or EE 336, Math 311 or equivalent. <Spring 1972 and alternate years>
- *461. **Soil Engineering for Highways and Airfields.** (3) Carney, Clough
Soil classification, soil surveys, air photo interpretation, engineering soil maps, subsurface drainage, frost action, excavation and embankments, stabilization, slope stability, field and laboratory testing. Prerequisite: 360L. <Fall>
- *462. **Engineering Foundations.** (3) Carney, Clough
Application of principles of soil mechanics to analysis and design of footings, piles, caissons, cofferdams, and other substructures. Prerequisite: 360L. <Spring>
- *463. **Intermediate Soil Mechanics.** (3) Carney, Clough, Triandafilidis
Soil-water relationships, shear strength, consolidation, introduction to physico-chemical properties of soils. Prerequisite: 360L. <Fall>
- *464. **Rock Mechanics.** [Soil and Rock Engineering] (3)
Physical properties, stress strain relationships and classification of rock masses, tunneling, stress concentrations, blasting requirements, relation of rock properties to blast damage. Prerequisite: 360L. <Offered upon demand>
- *471L. **Building Construction.** (3) Gafford
Engineering and architectural details within the framework of a building; floor and roof systems; bearing curtain walls; use and relative costs of materials; building codes; selected field trips. Prerequisite: senior standing in Engineering or permission of instructor. 2 lectures, 3 hrs. lab. <Offered upon demand>
- *472. **Construction Contracting.** [Construction Management] (3) Clough
Management principles as applied to the conduct and control of a construction contracting business; estimating methods, bidding, construction contracts, bonds, insurance, project planning and scheduling, cost accounting, labor law, labor relations, and safety. Prerequisite: permission of instructor. <Fall, Spring>
- *475L. **Materials Technology.** (3) Martinez
Theories of concrete-mix proportioning, use of concrete additives; testing of concrete aggregates and cement; asphalts; design of bituminous paving mixtures. Prerequisite: senior standing in Engineering. 2 lectures, 3 hrs. lab. <Offered upon demand>
- *476. **Highway and Airport Pavements.** (3) Martinez
Principles of highway and airport pavement design. Prerequisite: 360L. <Spring>
- *482. **Traffic Engineering.** (3) M. May
Application of engineering principles to the problems of highway traffic; traffic counts, origin and destination surveys, accident studies, traffic estimates, planning studies; highway and intersection capacities; traffic control; geometric design principles. Prerequisite: senior standing in Engineering. <Spring>
- 490. **Professional Problems in Engineering.** (2)
Ethical and professional considerations in the engineer's relationship to other engineers, his clients, and society; contractual agreements common to engineering; professional economics. Prerequisite: senior standing in Engineering. <Spring>
- *491-492. **Special Topics in Civil Engineering.** (1-3 to a maximum of 6)
Advanced studies in various areas of civil engineering.
- 493. **Special Topics in Civil Engineering—Honors.** (1-3 to a maximum of 6)
Prerequisite: 3.2 grade-point average. <Offered upon demand>
- 494. **Honors Seminar.** (3)
Prerequisite: 3.2 grade-point average. <Offered upon demand>
- *501. **Indeterminate Structural Analysis.** (3) Johnson, G. May, Omid'varan, Yoo
Matrix methods in structural analysis; displacement method; force method; energy principles. Analysis of two- and three-dimensional framed structures. Introduction to finite element method. Prerequisite: 415 or permission of instructor. <Spring>

- *502. **Advanced Structural Analysis.** (3) Johnson
Comprehensive presentation of matrix structural analysis; application of variational principles; finite element method. Analysis of complex structures using digital computers. Prerequisite: 501 or permission of instructor. <Fall>
- *505. **Advanced Reinforced Concrete.** (3) Hulsbos, Zwayer
Behavior of reinforced concrete members and structures; ultimate strength design; review of current literature. Prerequisites: 306, 411. <Fall>
- *506. **Prestressed Concrete.** (3) Hulsbos
Theoretical and practical aspects of behavior and design of prestressed concrete structures. Prerequisite: 411. <Spring 1971 and alternate years>
- *507. **Design of Concrete Plates and Shells.** (3) Hulsbos
Design of slabs, folded plates, and thin shell structures. Principles of ultimate strength, limit design, and yield line theories. Prerequisite: 411. <Spring 1972 and alternate years>
- *510. **Advanced Structural Design in Metals.** (3) Johnson, Omid'varan, Yao
Advanced structural design in steel and aluminum alloys; relation of code requirements to theoretical and experimental studies of elastic and inelastic structural behavior; analysis and design of light-gage members. Prerequisite: 324L. <Fall>
- *516. **Theory of Plates.** (3) Cottrell, G. May, Omid'varan
Classical plate theory; behavior of discrete and continuous plate structures. Boundary value problems, and analysis of ribbed and folded panels. Numerical methods of solution. Selected topics. Prerequisite: 401 or permission of instructor. <Spring 1972 and alternate years>
- *517. **Discrete and Macro Mechanics.** (3) Omid'varan
Discrete synthesis of continuous elastic media. Numerical and closed field solutions to the discrete mathematical models of a continuum. Field solutions to the stability and stress analysis of interconnected elastic systems. Introduction to macro mechanics concerning behavior of composite discrete-continuum elastic media. Prerequisite: permission of instructor. <Spring 1972 and alternate years>
- *518. **Elastic Stability.** (3) Cottrell, Omid'varan
General concept of stability of elastic systems and its connection with eigenvalue problems; elastic and inelastic stability of columns, beam-columns, frames and plates; torsional instability, dynamical stability. Special topics such as stability of nonlinear systems, nonconservative problems, discretized mathematical models. Prerequisites: 402, Math 312, or permission of instructor. <Spring>
- *519. **Theory of Shells.** (3) Cottrell, Omid'varan
Theory of surfaces, general theory of elastic shells with small displacements, shells of revolution, cylindrical shells, various approximate theories and methods of analysis, buckling and vibration. Prerequisites: 402, Math 312. <Fall 1970 and alternate years>
- *520. **Vibration of Elastic Systems.** [Dynamics of Structures] (3) Cottrell
Response of discrete and continuous dynamical systems, damped and undamped, to harmonic and arbitrary time-dependent loads. Fourier and Laplace transform methods, convolution integrals. Energy methods, Lagrange's equations, and Hamilton's principle. Prerequisites: 421L or ME 414, and Math 312. <Fall>
- *521. **Design of Structures for Dynamic Loads.** (3) Cottrell
Nature of dynamic loading from earthquakes and bomb blasts; nature of dynamic resistance of structural elements and complete structures; criteria for design of blast- and earthquake-resistant structures; application to actual problems. Prerequisite: 421L or ME 414, 501. <Offered upon demand>
- *523. **Random Vibrations.** (3) Cottrell, Yao
(Also offered as ME 523.) Introduction to mathematical description of stochastic processes. Fourier transforms, power spectral density and auto-correlation functions, analysis of response of mechanical systems to random excitation. Properties of narrow band Gaussian distributions. Applications of vibration problems in road vehicles, ships, airplanes, and space vehicles. Prerequisites: 520 or permission of instructor. <Fall>
- *530. **Radiological Health.** (3) Patterson
Atomic structure. The nature of radiation and its interactions with matter, detection, statistics of counting, shielding, biological effects. Reactors, radioactive waste handling, environmental control. Prerequisite: permission of instructor. <Offered upon demand>
- *531. **Advanced Water Treatment and Plant Design.** (3-4) Patterson
The theory and practice of water treatment. Chemistry of coagulation, softening, disin-

fection, demineralization. Unit processes of flocculation, sedimentation, filtration, and demineralization. Plant hydraulics. A design problem must be completed to receive four hours credit. Prerequisite: permission of instructor. <Fall 1971 and alternate years>

- *532. **Advanced Waste Water Treatment and Plant Design.** (3-4) Patterson
The theory and practice of waste water treatment. Biological waste treatment, unit processes, plant hydraulics, and stream sanitation. A design problem must be completed to receive four hours credit. Prerequisite: permission of instructor. <Fall 1970 and alternate years>
- *533. **Water Resources Engineering.** (3) Patterson
An analysis of river basin development control. Legal and economic factors in water use and reuse. The American experience in political organization for river basin control. Fundamentals of mathematical models for optimizing river basin development. Prerequisite: permission of instructor. <Offered upon demand>
- *534L. **Advanced Sanitary Lab.** (3) Patterson
Advanced technological procedures applied to water analysis. Atomic absorption, flame emission, spectrophotometry, monometric techniques, design of experiments, pilot plant operations. Prerequisite: permission of instructor. 1 lecture, 6 hrs. lab. <Offered upon demand>
- *535. **Open Channel Hydraulics.** (3) Carney, Martinez, Patterson
Surface curves in open channels; steady and unsteady flow; boundary resistance; standing waves in supercritical flow; hydraulic jump; surges and waves; slowly varied flow involving storage. Prerequisite: 332. <Fall 1971 and alternate years>
- *536. **Hydraulic Structures.** (3) Carney, Martinez, Patterson
Design of hydraulic structures such as spillways, stilling basins, concrete dams, canals, measuring devices, sediment excluders, and other hydraulic devices. Prerequisite: 535. <Offered upon demand>
- *551-552. **Problems.** (1-3 hrs. each semester)
Advanced reading, analysis, design, or research.
- *560. **Advanced Soil Mechanics.** (3) Carney, Clough, Triandafilidis
Selected topics in advanced soil mechanics. Prerequisite: 401 or 402, 463. <Offered upon demand>
- *561L. **Advanced Soil Mechanics Laboratory.** (2) Carney, Clough
Advanced soil testing procedures, laboratory study of the mechanical and physical properties of soil, soil-exploration. Corequisite: 463. 1 lecture, 3 hrs. lab. <Fall 1970 and alternate years>
- *562. **Advanced Foundation Engineering.** (3) Carney, Clough, Triandafilidis
Theoretical and practical aspects of various foundation design problems; footings, mats, piles, piers and earth retaining structures, subsoil exploration programs and methods of soil sampling. Prerequisite: 463. <Spring>
- *563. **Earth Structures.** (3) Carney, Clough
Analysis and design of earth dams, embankments, and excavations; flow nets, slope stability. Prerequisite: 463. <Spring 1972 and alternate years>
- *568. **Physico-Chemical Properties of Soils.** (3)
Study of physico-chemical aspects of soils and their relation to soil engineering problems. Prerequisite: 463. <Offered upon demand>
- *572. **Construction Project Management.** [Construction Planning and Scheduling] (3) Clough
Management principles as applied to the time and cost control of a construction project; planning and scheduling using CPM, least cost expediting, resource leveling, field cost accounting. Prerequisite: permission of instructor. <Spring>
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.
- *601. **Structural Reliability.** (3) Yao
Application of the theory of probability and statistics in structural engineering; study of probable values of loads and resistances of structural elements; safety analysis and reliability prediction of structural and mechanical systems; reliability-based designs. Prerequisite: 450 or Math 345 or 441. <Fall 1971 and alternate years>
- *623. **Random Processes in Mechanics.** (3) Yao
Review of probability theory and random vibration; response of simple nonlinear systems to stationary random loading; diffusion of probability of states of a dynamic system; the Fokker-Planck equation; first passage problems; random fatigue; reliability function of

mechanical systems under random loading. Prerequisites: 523 or 601 or permission of instructor. <Offered upon demand>

*650. Research. (1-6 to a maximum of 12)

*660. Soil Dynamics. (3) Triandafyllidis

Behavior of soils subjected to loads, elastic and inelastic wave propagation in soils, ground motion, machine foundations, wave effects on structures, seismic studies, pile driving, and dynamic soil testing. Prerequisites: 401 or 402, 463. <Offered upon demand>

*691-692. Seminar. (1-3 hrs. each semester) <Fall, Spring>

*699. Dissertation. (3-9 hrs. per semester)

See the Graduate School Bulletin for total credit requirements.

ENGINEERING, ELECTRICAL AND COMPUTER SCIENCE

PROFESSORS A. H. Koschmann (Chairman), W. J. Byatt, A. Erteza, W. W. Grannemann, S. Karni, R. D. Kelly, H. D. Southward; ASSOCIATE PROFESSORS L. T. Boatwright, M. D. Bradshaw, J. Djuric, H. K. Knudsen, D. P. Petersen, R. H. Williams; ASSISTANT PROFESSORS Ronald C. DeVries, S. Gurbaxani, D. Sparks; VISITING ASSISTANT PROFESSORS S. F. Moon, B. L. Rao; ADJUNCT PROFESSORS G. Bashien, R. A. Braasch, J. A. Cooper, S. D. Stearns, D. C. Wunsch.

CURRICULUM

See p. 231.

203. Introduction to Electrical Engineering I. (3) Williams

Basic electrical elements and sources. Ohm's Law and Kirchoff's Laws. Resistive networks, node and loop analysis. Superposition. Sinusoidal sources and complex representation: impedance, phasors, power. Three-phase circuits. Tubes and semiconductors. Simple electronic circuits. Prerequisite: Physics 160; corequisite: Math 264. <Summer, Fall, Spring>

204. Introduction to Electrical Engineering II. (3)

Electronic devices. Rectifier circuits. Triode, pentode and transistor amplifier models. Electronic instrumentation and measurements. Basic open-loop and closed-loop control systems. Electromechanical energy conversion. Prerequisites: 203 and Physics 161. (Normally not taken by EE majors.) <Fall>

206L. Electrical Engineering Laboratory I. (2) Rao

Solution of engineering problems by experimental and analytic techniques. Corequisite: 203. 1 lecture, 3 hrs. lab. <Fall, Spring>

207L. Electrical Engineering Laboratory II. (2)

Prerequisite: 206L; corequisite: 211. 1 lecture, 3 hrs. lab. <Spring, Summer>

211. Circuits and Systems I. (3) Koschmann

Circuit elements and laws. Network topology. First order and second order circuits; zero-state response, impulse response, oscillations and stability. Nth order circuits; input-output relations; superposition and convolution. Loop and node analysis. Sinusoidal steady state analysis. Prerequisite: C or better in 203; corequisites: 207L, Math 265. <Spring, Summer>

311. Electric Circuit Analysis. (3) Karni.

Transient and steady-state behavior of electric networks; introduction to Laplace transform methods, pole-zero plots, and generalized impedance functions; magnetic circuits. Prerequisite: grade of C or better in 211. <Fall, Summer>

312. Electric Circuit Analysis. (3) Karni, Knudsen.

Continuation of 311. Prerequisite: 311. <Spring>

**321. Electronic Circuits I. (3) Boatwright, Kelly.

Fundamentals of linear and nonlinear transistor and vacuum tube circuits, amplifiers, feedback theory, oscillators modulation and demodulation. Prerequisite: grade of C or better in 211; corequisite: 325L. <Fall, Spring>

**322. Electronic Circuits II. (3) Boatwright, Kelly

Continuation of 321. Prerequisite: 321; corequisite: 326L. <Fall, Spring>

**325L. Electronics Laboratory I. (2) Boatwright

Prerequisite: 207L; corequisite: 321. 1 lecture, 3 hrs. lab. <Fall>

** Available for graduate credit except for graduate majors in Electrical Engineering.

- **326L. Electronics Laboratory II. (2) Kelly**
Continuation of 325L. Prerequisite: 325L; corequisite: 322. <Fall, Spring>
- **335. [435] Introduction to Digital Computers. (3) Erteza, Sparks**
Computer organization, computer logic, binary and decimal arithmetic units, coding and basic programming, including hands-on use of the IBM 1620 Computer. Prerequisite: Math 265 or equivalent, or permission of instructor. <Summer, Fall, Spring>
- **336. [436L] Introduction to Digital Computer Programming. (2) Sparks**
Flow diagramming, introduction to time-share system control language, FORTRAN programming. Emphasis is on solution of problems using the computer. Prerequisite: Math 265 or equivalent, or permission of instructor. <Summer, Fall, Spring>
- **337. Introduction to Computer Science. (3)**
A thorough introduction to algorithms, stored program computers, and programming languages. Concept and properties of an algorithm, language and notation for describing algorithms. <Fall>
- 361. Electromagnetic Fields and Waves I. (3) Bradshaw, Djuric.**
Static electric and magnetic fields; vector calculus; Maxwell's equations; plane, cylindrical and spherical waves. Applications to transmission lines, wave guides, coaxial lines and antennas. Prerequisite: grade of C or better in 211; corequisite: 311. <Fall>
- 362. Electromagnetic Fields and Waves II. (3) Bradshaw, Djuric.**
Continuation of 361. Prerequisite: 361. <Spring>
- *400. Methods for Systems Analysis. (3)**
Theory and application of matrices and linear vector space to systems analysis; linearity and linear operators; complex variables, Fourier series and Fourier transforms; Laplace and z-transforms. Prerequisite: senior standing. <Fall, Spring>
- *401. Statistical Methods in Electrical Engineering. (3) Petersen**
Problems in Electrical Engineering involving the application of probabilities and statistical methods to noise in amplifiers and communication links, reliability, quality control, tolerance assignment in design, planning of tests, calibration. Prerequisite: senior standing. <Spring>
- *421. Electronics III. (3) Kelly**
Computer and waveforming circuits. Linear waveshaping, diode gates, large-signal transistor models, breakpoint and driving-point-impedance techniques, transient response of diode and transistor circuits, limiters (clippers), clampers, arbitrary current-voltage and transfer characteristics, logic circuits, stretchers, multivibrators, and sweep circuits. Prerequisite: 322. <Fall>
- *422. Electronics IV. (3) Kelly**
Driving-Point Impedance Methods. Extension of driving-point-impedance techniques and breakpoint techniques to feedback amplifiers: operational amplifiers, regulated power supplies, special topics on Field Effect and Unijunction transistors. Emphasis on analysis by inspection. Prerequisite: 421. <Spring>
- *423. Advanced Electronics and Instrumentation. (3) Kelly**
Standard measuring techniques and limitations; oscilloscopes, vacuum-tube voltmeters, bridges. Use of electronics instrumentation in obtaining and recording data from various transducers. Corequisite: 322 or permission of instructor. <Offered upon demand>
- *425L. Electronics Laboratory III. (2) Kelly**
Prerequisite: 326L. Corequisite: 421. 1 lecture, 3 hrs. lab. <Fall>
- *426L. Electronics Laboratory IV. (2) Kelly**
Continuation of 425L. Prerequisite: 425L; corequisite: 422. 1 lecture, 3 hrs. lab. <Spring>
- *431. Servomechanisms. (3)**
Theory and applications of servomechanisms to control problems. Prerequisite: 312. <Spring>
- *432L. Servomechanisms Laboratory. (2)**
Corequisite: 431. 1 lecture, 3 hrs. lab. <Spring>
- *433. Digital Computer Graphics and Communications. (3) Sparks**
Introduction to graphic display devices, scopes, vector generation, character generation and light-pen keyboard entry devices. Programming computer displays. Concepts of online operation including telecommunications. Methods of direct graphical design input. Prerequisite: 335 or 336 or equivalent. <Fall>

**** Available for graduate credit except for graduate majors in Electrical Engineering.**

- *434L. **Logic Design Laboratory.** (2) DeVries
Corequisite: 438. 1 lecture, 3 hrs. lab. <Fall, Spring>
- *435. **Introduction to Assembly Language Programming.** (3)
Study of assembly language programs using the IBM 1620 and emphasizing documentation and flow charting. Expansion to MACROS and FOCAL, etc. Prerequisites: 335, 336 or equivalent. Not a repetition of former 435 (Introduction to Digital Computers). <Fall>
- *436. **Advanced Engineering Programming.** (3)
Solving engineering problems using discipline-oriented special programs. Large scale problems are solved using programs such as CSMP (Continuous System Modeling Program), SCEPTRE, CINDA. Prerequisites: 335, 336 or equivalent. Not a repetition of former 436L (Introduction to Digital Computer Programming). <Spring>
- *437. **Digital Computer Operating Systems.** (3)
Introduction to Time-Share Operating System, basic functions of the system, Control Cards, and System Control options. Assembly Language programming using the IBM 360. Use of the UNM IBM 360/40 required. Prerequisite: 435. <Fall, Spring>
- *438. **Logic Design.** (3) DeVries
Number systems and codes; Switching Algebra; combinatorial circuits; fundamental-mode, pulse-mode and clocked-sequential circuits; hazards. Prerequisite: senior standing. <Fall, Spring>
- *439. **Computer Methods in Engineering Analysis.** (3) Erteza
Methods of engineering analysis, with emphasis on numerical and computer solutions. Includes problem formulation, numerical methods, and programming for computer solution. Prerequisites: senior standing, knowledge of Fortran programming. <Spring>
- *441. **Introduction to Communication Systems.** (3)
Principal types of communication systems, including radar systems; amplitude, angle, and pulse modulation; noise; capacity of communication channels. Prerequisite: 312. <Offered upon demand>
- *442. **Principles of Radar Systems.** (3)
Analysis of radar systems using the general principles of communications systems and communication theory. <Offered upon demand>
- *445L. **Communications Laboratory I.** (2)
Corequisites: 441 and permission of instructor. 1 lecture, 3 hrs. lab. <Offered upon demand>
- *461. **Electromagnetic Propagation.** (3) Djuric
Application of Maxwell's equations to the solution of simple wave propagation problems; reflection and refraction of plane waves; Poyntings' vector; radiation from dipoles and loop antennas; ground and tropospheric wave propagation; the role of the ionosphere in propagation. Prerequisite: 362. <Spring>
- *462. **Microwave Theory.** (3) Gurbaxani
Theoretical and practical considerations associated with microwave devices and circuits. Prerequisites: 362, 306L. <Fall>
- *465L. **Microwave and Traveling Wave Laboratory.** (2)
Corequisite: 462. 1 lecture, 3 hrs. lab. <Fall>
- *470. **Solid State Physical Electronics and Technology I.** (3) Southward
Physical phenomena in solid state electronic devices, energy band theory of solids, application of solid state electronic phenomena to diodes, transistors, and related devices. Prerequisite: Physics 330, Pre- or corequisite: 321. <Fall>
- *472. **Solid State Physical Electronics and Technology II.** (3) Southward
Continuation of 470. Quantitative solid state device theory, current device technology, physics and design of integrated circuits. Prerequisite: 470. <Spring>
- *475L. **Solid State Engineering Laboratory I.** (2)
Pre- or corequisite: 470. 1 lecture, 3 hrs. lab. <Fall>
- *476L. **Solid State Engineering Laboratory II.** (2)
Continuation of 475L. Prerequisite: 475L; corequisite: 472. 1 lecture, 3 hrs. lab. <Spring>
- *481. **Electromechanical Energy Conversion Principles.** (3)
Application of field principles, conservation of energy, linear and non-linear magnetic circuit theory to the study of two-way flow of energy between electrical and mechanical systems. Analysis of selected ac and dc machines and transformers. Prerequisites: 311, 361. <Offered upon demand>

- *482. Principles of Direct Energy Conversion.** (2) Erteza
Conversion of various forms of energy into electrical form. Study of use of thermo-electric, electro-chemical, photo-voltaic, thermionic, and magnetohydrodynamic effects for direct energy conversion. Prerequisites: 203, Physics 330; ME 301 or ChE 401. <Offered upon demand>
- *484. Active Microwave Devices.** (3)
The construction, operation and application of microwave devices such as magnetrons, klystrons, traveling wave tubes, masers and parametric amplifiers. Prerequisites: 322, 462. <Offered upon demand>
- 491. Undergraduate Problems.** (1-3 hrs. per semester) <Fall, Spring>
- 493. Honors Seminar.** (1-3)
A special seminar open only to honors students. Registration requires permission of the Department Chairman. <Fall, Spring>
- 494. Honors Individual Study.** (1-6)
Open only to honors students. Registration requires permission of the Department Chairman and of the supervising professor. <Fall, Spring>
- *498. Seminar.** (1-3)
Prerequisite: senior standing and permission of instructor. <Fall, Spring>
- 499. Seminar.** (1-3)
Prerequisite: senior standing and permission of instructor. <Fall, Spring>

All courses following are understood to have the prerequisite of graduate standing in Electrical Engineering or permission of instructor.

- *500. Basis of Modern System Theory.** (3) Petersen
Characterization of systems; state space and state transition matrices; response of linear systems, superposition and convolution. Prerequisite: 400. <Fall>
- **502. Electrical Engineering Principles for Advanced Students.** (3)
Electrostatics, steady currents, magnetostatics, and Maxwell's equations. Lumped circuit approximation. Linear circuits, transforms, transients, and feedback. For students not majoring in Electrical Engineering. Prerequisite: knowledge of differential equations, vector analysis, and elementary electric circuits. <Offered upon demand>
- *512. Linear Network Theory.** (3) Karni
Graph theory and applications to network analysis. General network analysis; network functions. Multi-terminal networks. Energy functions, passivity, and positive-real matrices. Prerequisite: 500. <Spring>
- *531. Automatic Control Theory.** (3) Knudsen
State-space formulation of control theory; stability and controllability; control of linear and nonlinear systems; sampled data systems, with application to digital computer controlled processes; optimal control. Prerequisites: 431 and 500. <Spring>
- *533. Methods of Operation Research.** (3)
Methods of linear integer and dynamic programming as applied to systems engineering. Prerequisites: 400. <Fall>
- *536. Advanced Logic Design.** (3)
Application of modern algebra, lattice theory, Boolean algebra to logic design; cellular n-cube; minimization theory; memory elements; sequential machine theory; tree circuits. Prerequisite: 438. <Fall 1970 and alternate years>
- *538. Design of Digital Systems.** (3) DeVries
Over-all design of digital systems; basic gating and storage elements, digital control units; arithmetic units; input and output to digital systems; digitalization of analog data. Prerequisite: 438. <Spring>
- *539. Scientific Computing for Engineers.** (3)
Review of numerical techniques for interpolation, integration, smoothing, linear algebra, etc. Introduction to topics in engineering computation; transfer functions and transforms, digital filtering, time series analysis, etc. Prerequisites: knowledge of FORTRAN, advanced calculus, LaPlace transforms. <Fall>
- *541. Random Signals in Engineering Systems.** (3) Petersen
Statistical description of random signals in communication and control systems. Transforma-

** Available for graduate credit except for graduate majors in Electrical Engineering.

tion associated with linear and nonlinear systems. Application to filtering, interpolation and prediction problems. Prerequisite: 400, 401 or equivalent. <Fall>

- *542. **Statistical Communication Theory.** (3) Petersen
Statistical theory of signal transmission. Markov systems, information measures, channel capacity, and coding theorems. Detection and extraction of signals in noise background based on statistical decision theory. Prerequisite: 400, 401 or equivalent. <Spring>
- *561. **Electromagnetic Waves I.** (3) Djuric
Electrostatic and magnetostatic problems. Maxwell's equations and their application to plane, cylindrical and spherical electromagnetic waves. <Fall>
- *562. **Electromagnetic Waves II.** (3) Djuric
Continuation of 561. Prerequisite: 561. <Spring>
- *570. **Solid State Engineering I.** (3) Byatt
Classical, quantum, and statistical principles of solid state engineering. Crystal properties and band structure of solids. Prerequisite: Physics 330. <Fall>
- *572. **Solid State Engineering II.** (3) Southward
Lattice vibrations and thermal properties of solids, transport phenomena in metals and semiconductors, semiconductor minority and majority carrier devices. Prerequisite: 570. <Spring>
- *573. **Solid State Engineering III.** (3) Byatt
Dielectrics, ferroelectrics, magnetism, magnetic resonance phenomena, optical properties; lasers, masers and related optical devices. Prerequisite: 572. <Fall>
- *574. **Experimental Techniques in Solid State Engineering.** (3)
Prerequisite: 570 or permission of instructor. <Offered upon demand>
- *575. **Theory of Solid State Devices.** (3)
Theory of junction devices, microelectronics, and bulk semiconductor devices. Prerequisite: 572 or permission of instructor. <Spring>
- *582. **Advanced Direct Energy Conversion.** (3) Erteza
Review of quantum physics, thermostatics and statistical physics, irreversible thermodynamics, and transport theory. Energy conversion techniques utilizing the thermoelectric, thermionic, photovoltaic, electrochemical and magnetohydrodynamic phenomena. Analysis of models of energy conversion devices. Prerequisites: 470, 482 or equivalent. <Offered upon demand>
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.
- *611. **Passive Network Synthesis.** (3)
Realizability and positive-real matrices. Lumped, linear, time invariant one-port synthesis. Transfer function synthesis. Approximation. Topics in multiterminal and distributed-parameter network synthesis. Prerequisite: 512. <Fall 1970 and alternate years>
- *613. **Nonlinear Systems.** (3) Karni
Stability of linear time-variant and nonlinear systems by the direct method of Liapunov, perturbation theory and classical techniques. Lure and Popov stability theory. Prerequisite: 500. <Spring 1971 and alternate years>
- *614. **Active Network Synthesis.** (3) Karni
Controlled sources, gyrators, negative immittance converters. Realizability conditions for lumped, linear, active networks. Active RC one-port synthesis. Negative resistance amplifiers. Nonreciprocal lossless active two-port synthesis. Prerequisite: 611. <Fall 1971 and alternate years>
- *615. **Topology of Systems.** (3)
Advanced topics in graph theory. Topological synthesis of linear multiport networks, loop and cut-set matrices and communication nets. Prerequisite: 512. <Offered upon demand>
- *631. **Optimal Processes.** (3)
Optimal control analysis by calculus of variations, maximum principle and mathematical programming techniques. Applications to system design. Prerequisite: 531. <Fall 1970 and alternate years>
- *633. **Special Topics in Control Theory.** (3)
Topics to include nonlinear, distributed and adaptive control processes; computation of optimal trajectories and plant identification—with application to engineering systems and biocybernetics. Prerequisite: 531. <Offered upon demand>

- *636. **Decomposition Theory.** (3) DeVries
Multilevel Boolean minimization; functional decomposition (Curtis-Ashenhurst and Roth-Karp); machine decomposition. Prerequisite: 536 or permission of instructor. <Spring>
- *641. **Information Theory and Coding.** (3)
Advanced topics in information and coding theory. Prerequisite: 542. <Offered upon demand>
- *643. **Special Topics in Communication Theory.** (3)
Advanced topics from the areas of sampled-data systems, multi-variable and multi-dimensional systems, coding, and adaptive signal processing, detection theory. <Fall 1970 and alternate years>
- *651-652. **Problems.** (1-3 hrs. each semester) <Offered upon demand>
- *661. **Antennas.** (3) R. H. Williams
Elements in antenna theory; pattern synthesis. Cylindrical antenna theory. Aperture antennas; Babinet's principle. Fundamentals of traveling wave antennas, structures with reflectors, and lenses. Prerequisite: 562. <Offered upon demand>
- *662. **Microwave Techniques.** (3) Byatt
The interactions of electronic currents with microwave fields with applications to magnetrons, klystrons, traveling wave tubes and related physical devices; wave guide circuits. Prerequisite: 562. <Offered upon demand>
- *663. **Magnetohydrodynamics.** (3) Byatt, Erteza, Grannemann
Particle dynamics in electromagnetic field. Cyclotron and Larmor frequency. Macroscopic viewpoint and Boltzmann equation. Perturbation concepts. Study of pinch phenomena and pinch stability. Current experimental machines. Prerequisite: 562. <Fall 1971 and alternate years>
- *664. **Advanced Electromagnetic Propagation.** (3) R. H. Williams
Theories dealing with anomalous wave propagation; evaluation of fields considering a spherical earth and the ionosphere; use of geometric-optical and residue series to compute fields; propagation through a non-homogeneous atmosphere. Prerequisite: 562. <Offered upon demand>
- *669. **Seminar in Electromagnetic Waves.** (3) <Offered upon demand>
- *671. **Charge Transport Phenomena in Solids.** (3) Byatt, Grannemann
Theory of charge transport in solids involving such topics as band structure, the Fermi surface, scattering by electrons, electron-photon interaction, scattering by lattice imperfections, grain boundaries, dislocations and electron theory of imperfection resistance, surface and size effects. Prerequisites: 570 and permission of instructor. <Spring 1972 and alternate years>
- *672. **Quantum Electronics.** (3) Southward
Theoretical and experimental aspects of lasers and masers. Prerequisite: 570 or permission of instructor. <Spring 1972 and alternate years>
- *673. **Radiation Effects in Solid State Devices.** (3) Southward
Effects of ionizing and damaging radiation on solid state devices and related materials. Prerequisite: 572 or permission of instructor. <Fall>
- *679. **Seminar in Solid State Theory.** (3) <Offered upon demand>
- *695, 696, 697, 698. **Seminar.** (3, 3, 3, 3) <Offered upon demand>
- *699. **Dissertation.** (3-9 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.

ENGINEERING, MECHANICAL

ASSOCIATE PROFESSOR M. W. Wildin (Chairman); PROFESSORS B. Albrecht, R. C. Dove (Dean), C. T. Grace (Assistant Dean), A. V. Houghton, F. D. Ju, V. J. Skoglund; ASSOCIATE PROFESSORS W. E. Baker, K. T. Feldman, C. G. Richards; ASSISTANT PROFESSORS G. F. Cochran, Y. C. Hsu, L. Martin, H. L. Schreyer, F. C. Wessling, Jr.

CURRICULUM

See p. 233.

201L. Introduction to Engineering Design. (3)

Study methods of engineering design to satisfy observed needs. Conduct an actual design project from proposal through final report. Corequisite: CE 202L. 2 lectures, 3 hrs. lab. <Fall, Spring>

- 206L. Dynamics. (3)**
Principles and applications of dynamics. Prerequisite: CE 202L; corequisite: Math 265. 2 lectures, 3 hrs. lab. <Summer, Fall, Spring>
- 261. Society and Computers. (3)** Houghton
Interrelation between technology and society via computers is the subject. Logic structures underlying use of computers in design, analysis, communication, and control will be studied together with application to law, society, finances, art and technology. Basic knowledge of algebra will be assumed. Approach is non-mathematical. Prerequisite: Sophomore standing. <Offered upon demand>
- 300. Mechanical Engineering Analysis. (3)**
Principles of similitude and numerical analysis and their application to mechanical systems. Prerequisite: 206L. <Fall>
- 301. Thermodynamics. (3)**
Principles of thermodynamics. First and second laws, properties and equations of state, kinetic theory. Prerequisites: Chem 101L, Physics 161; corequisite: Math 265. <Summer, Fall, Spring>
- **302. Thermochemistry and Gas Dynamics. (3)**
Thermodynamics of reactions and requirements of equilibrium. Isentropic flow, thermodynamics of shock waves, supersonic characteristics of internal and external flow. Prerequisite: 301, 317 or permission of instructor. <Spring>
- 314L. Dynamics of Mechanical Systems. (3)**
Kinematic and kinetic analysis of machine elements and systems. Balancing of machine elements. Introduction to vibrations. Prerequisite: 206L. 2 lectures, 3 hrs. lab. <Fall, Spring>
- **317. Fluid Mechanics. (3)**
Basic concepts and principles of viscous compressible fluids, including continuity, momentum, and energy principles. Applications to incompressible, laminar, or turbulent flows over flat plates, inside of tubes, and around solid objects. Prerequisite: 206L; corequisite: 301. <Fall, Spring>
- 318L. Mechanical Engineering Laboratory I. (2)**
Experiments which relate basic physical concepts to mass, length, time and temperature. Techniques of measurements. Corequisites: 301, 314L, 317. 6 hrs. lab. <Spring>
- **320. Heat Transfer. (3)**
Principles and engineering applications of heat transfer by conduction, radiation, and free and forced convection. Prerequisites: 300, 301, 317. <Fall, Spring>
- 350. Engineering Economy. (3)**
A study of methods and techniques used in determining comparative financial desirability of engineering alternatives. Includes time value of money (interest), depreciation methods and modern techniques for analysis of management decisions. Prerequisite: junior standing. <Spring>
- 351L. Mechanical Engineering Laboratory II. (2)**
Experiments and analysis of simple physical systems which illustrate basic physical principles. Comparison of measured and calculated results; error analysis; analog computers. Prerequisites: 302, 318L, 320, 370 or permission of instructor. <Fall>
- 352L. Mechanical Engineering Laboratory III. (2)**
Experimental engineering projects involving complex systems. Planning, fabrication, performance, analysis, and reporting of an original experiment. Prerequisite: 351L. 6 hrs. lab. <Offered upon demand>
- 355. Engineering Statistics and Quality Control. (3)**
Statistical methods applied to quality control problems; significance tests; correlation analysis; sequential sampling; analysis of variance; design of experiments. Prerequisite: senior standing. <Fall 1970 and alternate years>
- 356. Industrial Engineering (3)**
A survey of Industrial Engineering principles, methods, and techniques used to assist management in making sound operational decisions. Prerequisite: senior standing, or permission of instructor. <Fall 1971 and alternate years>
- 357L. Analysis of Mechanical Components. (3)**
Response of elastic systems to transients, two degree of freedom systems, dynamics of

** Available for graduate credit except for graduate majors in Mechanical Engineering.

continuous systems, and stress analysis of mechanical components. Prerequisites: 300, 314L, CE 302. 2 lectures, 3 hrs. lab. <Spring>

358L. Design of Solid Systems. (3)

Applications of mechanics of materials, materials science, and dynamic analysis to the design of elements of mechanical systems. Prerequisite: 357L. 2 lectures, 3 hrs. lab. <Fall>

359L. Mechanical Engineering Design. [Product Design]. (3)

Employs the methods and techniques of engineering design to design engineering systems, components or products. Each student participates in a semester-long design project. Prerequisites: 358L, 363L. 1 lecture, 6 hrs. lab. <Spring>

363L. Analysis of Fluid Systems. (3)

Engineering analysis of fluid systems based on the principles of fluid mechanics, heat transfer, and thermodynamics. Prerequisites: 302, 317, 320, or permission of instructor. 2 lectures, 3 hrs. lab. <Fall>

****365. Environmental Control System Design. (3)**

The design of systems for the conditioning and control of ambient environments for people, processes, equipment, or foods. Prerequisites: 301, 317, 320. <Spring>

370. Engineering Materials Science. (3)

(Also offered as CE 370.) The structure of matter and its relation to mechanical properties. Mechanical behavior of structural materials: metals, ceramics and polymers. Prerequisite: CE 302; corequisite: 301. <Fall, Spring>

***414. Intermediate Dynamics. (3)**

Kinematic and kinetic analysis of particles and rigid bodies, applications to space and mechanical systems; vibration analysis of multidegree of freedom systems, introduction to wave propagation in solids. Prerequisites: Math 311; ME 314L and 357L, or CE 421L, or permission of instructor. <Spring>

451-452. [491] Undergraduate Problems. (1-3 hrs. per semester to a maximum of 6)

A project of an original nature carried out under faculty supervision. A student may earn ME 451 or 452 credit for an industrial project by prearranging approval of the project by a faculty adviser and the department chairman. Prerequisite: Senior standing and permission of instructor. <Offered upon demand>

461-462. Seminar. (1-3 hrs. per semester to a maximum of 6)

Organized study by a group of students under faculty supervision. Prerequisite: Senior standing and permission of instructor. <Offered upon demand>

***480. Analysis of Mechanical Control Systems. (3)**

Dynamic analysis and design of thermodynamic, hydraulic, and mechanical control systems; concept of feedback; performance and stability of systems. Prerequisites: 302, 314L, 317; Math 311 or equivalent. <Fall>

***482. Energy Conversion Systems. (3)**

Principles and engineering analysis of systems for converting energy into useful work. Review of energy sources, quantum and solid state physics, statistical and irreversible thermodynamics. Study and analysis of energy conversion by electro-mechanical, thermo-electric, electrochemical, photo-voltaic, thermionic and magnetohydrodynamic techniques. Prerequisites: 302, 317, 320, EE 204 or permission of instructor. <Fall>

***490. Methods Engineering. (3)**

Introduction to problems of work methods and work measurements associated with increasing productivity and decreasing the cost of producing goods and services. Methods used in developing procedures for effective utilization of effort in industrial operations. Analytical study of manufacturing systems. Prerequisites: 355, and senior standing. <Offered upon demand>

***492. Stress Analysis of Mechanical Systems. (3)**

Analysis for stress, strain, and deformation of problems encountered in mechanical design, such as unsymmetrical bending of beams, buckling, torsion of noncircular cross sections, plates and shells. Prerequisite: 358L, or permission of instructor. <Spring 1972 and alternate years>

***500. Numerical Techniques in Mechanical Engineering. (3)**

Numerical techniques for solving ordinary and partial differential equations which arise in Mechanical Engineering. Emphasis on applications of implicit, explicit, and iterative methods. Prerequisite: Math 475. <Offered upon demand>

**** Available for graduate credit except for graduate majors in Mechanical Engineering.**

- *501. Heat Conduction. (3)**
Formulation of equations and boundary conditions for heat transfer problems involving conduction. Techniques of solution, including: separation of variables, Laplace transforms, finite differences, and variational methods. Use of a digital computer is required. Prerequisites: 320, 503, Math 312, or permission of instructor. <Spring>
- *503. Advanced Fluid Mechanics I. (3)**
General principles and applications of fluid mechanics. Prerequisites: 301, 206L, Math 311, or their equivalents. <Fall>
- *506. Advanced Thermodynamics I. (3)**
Precise development of thermodynamic definitions, principles, and analytical methods. Prerequisites: 301, 302, or equivalents, Math 311. <Fall>
- *507. Similitude in Engineering. (3)**
Basic theory and applications of similitude. Metrology, similarity, dimensional analysis, and design and interpretation of similar and distorted models. Prerequisites: 501 or 503 or 516. <Offered upon demand>
- *509. Advanced Gas Dynamics. (3)**
Two-dimensional flow of ideal gases including shock waves, friction and heat transfer. Prerequisites: 501, 503. <Offered upon demand>
- *510. Boundary Layers. (3)**
Derivation of boundary layer equations, similarity solutions, integral methods and experimental results for laminar boundary layers. Stability of laminar boundary layers. Boundary layer transition. Turbulent fluctuations and transport. Turbulent boundary layers. Prerequisite: 503. <Offered upon demand>
- *511. Radiant Heat Transfer. (3)**
Principles of thermal radiation, thermodynamic and electromagnetic bases of material property relations, basic equations of radiative transfer, techniques of analysis, including approximate methods. Prerequisite: 320. <Offered upon demand>
- *514. Variational Mechanics. (3)**
Variational method, energy principles, direct methods for mechanical problems, advanced topics. Prerequisite: At least one semester of graduate study or permission of instructor. <Offered upon demand>
- *515L. Experimental Stress Analysis. (3)**
Modern techniques for measurement of strains and stresses, including studies of mechanical gages, electrical gages and circuits, brittle coating, photoelasticity, and Moiré fringe method. 2 lectures, 3 hrs. lab. <Offered upon demand>
- *516. Elasticity I. (3)**
Field theory of elasticity; Saint Venant's problems; introduction to plane theory of elasticity. Prerequisites: Math 311; corequisite: Math 312 or equivalent. <Fall>
- *517. Elasticity II. (3)**
Muskhelishvili method in plane theory of elasticity, three dimensional theory of elasticity, advanced topics. Prerequisite: 516; corequisite: Math 313. <Offered upon demand>
- *520. Analysis of Thermal Stresses. (3)**
Continuum theory of thermodynamics; coupled theory of thermoelasticity; plane problems of thermoelasticity; special topics. Prerequisite: 516. <Offered upon demand>
- *522. Theory of Shells in Mechanical Engineering. (3)**
Introduction to Riemannian space and differential geometry of a surface, linear theory of shells, membrane and bending theory of shells. Special topics. Prerequisite: 516, 541, or permission of instructor. <Offered upon demand>
- *523. Random Vibrations. (3)**
(Also offered as CE 523.) Introduction to mathematical description of stochastic processes, Fourier transforms, power spectral density and auto-correlation functions, analysis of response of mechanical systems to random excitation. Properties of narrow band Gaussian distributions. Applications of vibration problems in road vehicles, ships, airplanes, and space vehicles. Prerequisites: CE 520 or permission of instructor. <Offered upon demand>
- *541. Tensor Analysis in Mechanics. (3)**
Tensor analysis in the affine and metric space, kinematics of motion, deformation analysis in continuum mechanics, theory of objectivity. Corequisite: 503 or 516 or equivalent. <Offered upon demand>
- *551-552. Problems. (1-3 hrs. each semester)**
Advanced reading, design or research.

- *561-562. Special Topics.** (1-3 hrs. each semester)
- *591-592. Seminar.** (1-3 hrs. each semester)
- *599. Master's Thesis.** (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.
- *603. Theoretical Fluid Mechanics.** (3)
Theoretical analysis of special fluid systems. Laminar flow and two and three dimensional potential flow. Use of special coordinates, complex variables, conformal mapping, free streamlines, sources and sinks. Prerequisites: 501, 503. <Offered upon demand>
- *604L. Experimental Methods in Mechanics.** (3)
Modern techniques for the measurement of motion (including displacement, velocity, and acceleration); force; pressure; and temperature. The emphasis is on the measurement of transients. Prerequisites: 515L or permission of the instructor. 2 lectures, 3 hrs. lab. <Offered upon demand>
- *605. Convection.** (3)
Theory and experimental results for convection of single- and multi-component fluids. Prerequisites: 501, 503. <Offered upon demand>
- *606. Kinetic Theory and Statistical Mechanics.** (3)
Principles of kinetic theory and statistical mechanics, and their application to engineering problems. Prerequisites: 506, Math 341. <Offered upon demand>
- *607. Hypersonic Flow of Ideal Gases.** (3)
Basic concepts. Hypersonic similarity. Mach number independence. Small perturbation theory. Approximate methods. PLK method. Newtonian Theory. Applications to slender and blunt bodies. Prerequisites: 503, 509 or permission of the instructor. <Offered upon demand>
- *608. Hypersonic Flow of Real Gases.** (3)
Equilibrium properties of air to 10,000°K. Compressible boundary layers and their interactions. Non-equilibrium and high temperature effects. Applications to flow over slender and blunt bodies. Prerequisites: 503, 506, 509 or permission of the instructor. <Offered upon demand>
- *624. Nonlinear Theory of Elasticity.** (3)
Axioms of mechanics, stress tensors, constitutive equations of Green and Cauchy, hyperelasticity, hypoelasticity. General topics in elastostatics, finite elastic waves and elastic stability. Prerequisite: 541. <Offered upon demand>
- *671. Mechanics of Inelastic Continuum.** (3)
Physical aspects of inelastic deformation. Constitutive equations of the inelastic (anelastic, viscoelastic, plastic, and viscoplastic) continuum. One-dimensional problems. General theorems and boundary value problems. Prerequisite: 516 or 503 or equivalent. <Offered upon demand>
- *699. Dissertation.** (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.

ENGINEERING, NUCLEAR

PROFESSOR G. A. Whan (Chairman); ASSOCIATE PROFESSORS W. L. Everett, J. A. Horak, R. L. Long, R. D. O'Dell; ADJUNCT PROFESSORS R. L. Coats, R. M. Jefferson, L. D. Posey, J. A. Reuscher, K. J. Touryan.

- ***230. Applications of Nuclear Energy.** (3)
A course designed to acquaint the non-technical student in the humanities with nuclear energy and its peaceful applications in many areas affecting human affairs. Course content includes atomic and nuclear structure, fission, fusion, nuclear reactors, nuclear explosives, accelerators, applications of radioisotopes, and socio-economic considerations. <Spring>
- *430. Introduction to Nuclear Engineering.** (3)
Principally for non-nuclear engineering majors. The nucleus and nuclear properties; fission process and chain reaction; survey of design and operation of reactors and associated equipment; effects, uses, and detection of radiation. <Fall, Spring>
- *460. Fundamentals of Nuclear Engineering I.** (3) Everett, Posey, Whan
Radioactivity, nuclear reactions and cross-sections, conservation laws, elementary par-

*** This course should not be taken for credit by engineering and science majors.

** Available for graduate credit except for graduate majors in Nuclear Engineering.

ticles and particle distributions, neutron physics, and electromagnetic radiation. Recommended prerequisites: Physics 330, Math 311. <Fall>

- *461. **Fundamentals of Nuclear Engineering II.** (3) O'Dell, Reuscher, Whan
Radiological health and safety, radiation shielding, nuclear fuel and fuel cycles, reactor heat transfer, reactor systems and economics, and radioisotope applications. Recommended prerequisites: Physics 330, Math 311. <Fall>

- *463L. **Radiation Measurements and Analysis.** (3)
The detection and analysis of charged particles, neutrons, and electromagnetic radiation. Experiments to demonstrate the properties of radiation: radioactive decay, cross-sections, detection, counting, statistics, energy distributions, scattering, absorption, activation and safety monitoring. Prerequisites: 460 or Physics 330 and permission of instructor. 2 lectures, 3 hours lab. <Spring, Summer>

- *470. **Materials for Nuclear Applications.** (3) Horak
Selection and fundamental properties of materials for nuclear applications; physical and extractive metallurgy as related to nuclear materials; behavior of materials under irradiation; corrosion of materials. Prerequisite: 430 or equivalent; Recommended CE 370. <Fall>

- *476. **Reactor Fuel Processing.** (3)
Fuel cycles in nuclear reactors; production of reactor fuels; processing of spent fuels by precipitation, solvent extraction, etc.; and separation of isotopes. Prerequisite: 430 or equivalent. <Offered upon demand>

491. **Undergraduate Problems.** (1-3) <Summer, Fall, Spring>

- *510-511. **Nuclear Reactor Theory I & II.** (3, 3)
Basic theory of reactors; multiplication, slowing down, diffusion and transport of neutrons; applications to bare, reflected, homogeneous, heterogeneous, thermal, and fast reactor systems; introduction to reactor dynamics. Prerequisite: 460; pre- or corequisite: Math 312. <510-Spring, 511-Fall>

- *513L-514L. **Nuclear Engineering Laboratory I & II.** (2, 2)
Laboratory studies to demonstrate neutron and gamma reactions in fuels, moderators, and shields. Experiments to demonstrate the characteristics and operation of nuclear reactors, and nuclear research techniques. Prerequisites: 463L, 510. 6 hours lab. <513L-Fall, 514L-Spring>

- *515. **Seminar.** (1-3)
Selected topics in nuclear engineering. <Offered upon demand>

- *520. **Interaction of Radiation and Matter.** (3) Everett, Posey
Thompson scattering, elastic collisions, quantum mechanical theories of scatter, ionization of matter by charged particles, radiative collisions, Compton scatter, photoelectric effect and pair production. Prerequisites: 460, Math 312. <Fall>

- *521. **Radiation Effects on Materials.** (3) Horak, Posey
Theory of radiation interaction with matter; application to crystalline lattices, fluids, plastics, and elastomers; radiation chemistry and chemical reactions in intense radiation fields; reactor materials and radiation effects on reactor design. Prerequisites: 460, 470 or equivalent. <Spring>

- *526. **Radiation Shielding.** (3) Whan
Radiation sources; methods of calculating the attenuation of gamma rays, high energy electrons, and fast neutrons; shielding of reactors, accelerators, and radioactive materials. Prerequisite: 460 or equivalent. <Offered upon demand>

- *551-552. **Problems.** (1-3 hrs. each semester)
Advanced reading, analysis, design, or research.

- *560. **Reactor Kinetics and Control.** [Control of Nuclear Reactors and Power Plants.] (3) Long, O'Dell

Reactor kinetics and transient response; reactor and power system transfer functions and stability analysis; reactor and plant control systems and instrumentation. Prerequisite: 510; recommended: EE 431. <Spring>

- *580-581. **Controlled Fusion I & II.** (3, 3) Everett, Touryan
Basic theory of plasmas: orbit theory, kinetic equations, transport phenomena, confinement, plasma oscillations, instabilities. Theory of fusion systems: conditions for thermonuclear reactions, formation and heating, containment, diagnostics. Characteristics of existing devices; pinch systems, magnetic mirror systems, Stellarator systems, Astron systems, etc. Prerequisites: Math 312, and permission of instructor. <580-Fall, 581-Spring>

***590L. Nuclear Systems Design. (3)**

Examination of the main variables in nuclear systems design; nuclear system, heat removal, radiation effects, structure, controls, shields, economics, etc. Design problem. Prerequisites: 461, 510. 1 lecture, 6 hrs. lab. <Fall>

***599. Master's Thesis. (1-6 hrs. per semester)**

See the *Graduate School Bulletin* for total credit requirements.

***610. Advanced Reactor Theory. (3) Hansen, O'Dell**

Development of the theory of reactor systems and description of calculational methods for homogeneous and heterogeneous reactors. Prerequisite: 511. <Offered upon demand>

***611. Transport Theory. (3) O'Dell**

The Boltzmann transport equation; legendre polynomial expansions; introduction to Fourier transform techniques and Case's method; energy dependent collision probabilities and thermalization kernels. Prerequisite: 511. <Spring>

***699. Dissertation. (3-9 hrs. per semester)**

See the *Graduate School Bulletin* for total credit requirements.

ENGLISH

ASSOCIATE PROFESSOR J. Zavadil (Chairman); PROFESSORS G. W. Arms, E. W. Baughman, F. M. Dickey, W. D. Jacobs², K. G. Simons, E. W. Tedlock, Jr., H. Trowbridge, D. Wynn; ASSOCIATE PROFESSORS E. Buchanan, P. B. Davis, J. Jones, J. M. Kuntz, R. Pickett; ASSISTANT PROFESSORS J. Barbour, L. S. Catlett, S. V. DeWitt, M. Eaves, R. Fleming, G. Frumkin, J. Holland, D. Johnson, J. Martin, I. P. Melada, M. J. Power, D. Remley, R. C. Rich, S. Rodefer, J. L. Ruff, E. Spolsky, M. Stroud, J. Thorson, M. Tillotson, F. B. Warner, M. B. Whidden; INSTRUCTORS D. Logan, W. Carstens (Part-time).

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

Normally an English major consists of 33 hours above the 199 level, at least 18 of which should be in courses numbered 300 and above. The student, with the help of his departmental adviser, who must approve his program, can choose those courses which fit his needs and desires. The following program is recommended, but not required, for students intending to obtain a teaching certificate or to do graduate work in English:

- 1) English 250. Approaches to Literature. 3 hours.
- 2) English 253-254. Key Works in English Literature. 6 hours.
- 3) A reasonable distribution of courses in English, American, and other literature.

Students preparing to teach English in secondary schools are required to take English 436, Teaching of English, and a course in linguistics offered by the department of Anthropology or Education or English. A student wishing to concentrate in linguistics should consult Professor Bernard Spolsky.

MINOR STUDY

18 hours in English courses numbered above 103, including at least 6 hours numbered 300 or above.

GROUP REQUIREMENTS

English 101 is a required course for all students except those who are exempted on the basis of entrance tests in this area. English 102 is required of all students, except transfers who may offer an equivalent course toward the satisfaction of the group requirements, and Engineering students. Students whose test

results do not meet the entrance requirements for English 101 will be required to take English 010 prior to taking English 101.

Additional group requirements are as follows:

College of Arts and Sciences: 3 credit hours in a course in literature numbered above 250. Up to 6 additional hours in literature may be offered in meeting the requirements under Group III: Humanities.

School of Business and Administrative Sciences: 6 credit hours in literature including 3 upper-division hours. (See "General Requirements" of the School of Business and Administrative Sciences.)

College of Education: see Education curricula.

COURSES IN GENERAL LITERATURE FOR GROUP REQUIREMENTS IN ALL COLLEGES

The following courses in the lower division are recommended for students selecting hours for the group requirements or for general reading: 257, 275, 276, 277, 282, 285. English 300 is recommended for students eligible to register for an upper-division course. Not accepted as literature are 250, 261, 262, 263, 303, 320, 321, 322, 403, 436, 492, 494.

DEPARTMENTAL HONORS

Normally students seeking Honors in English must have advanced junior standing and an overall grade point average of 3.0, with 3.2 in English. Honors candidates will take in their senior year English 498 and 499. For further information, apply to the Department of English.

DISTRIBUTED MINOR

Distributed Minor for English Majors: a major may offer an American Studies minor as well as a minor in a single department. For requirements, see American Studies.

COMPARATIVE LITERATURE

The major in Comparative Literature is an interdepartmental major administered jointly by the Department of English and the Department of Modern and Classical Languages. See p. 310. Also, for a Period Minor see Comparative Literature, p. 311.

I. WRITING AND LINGUISTICS

010. English Review. (0)

A non-credit course designed to increase the student's ability to express himself. Special fee of \$20. <Summer, Fall, Spring>

101. Writing with Readings in Exposition. (3) Davis

Expository writing and reading. <Summer, Fall, Spring>

102. Writing with Readings in Literature. (3) Davis

Analytic writing and reading. <Summer, Fall, Spring>

103. Fundamentals of English as a Second Language. (3)

A course in speaking, writing, and understanding English, designed for students to whom English is a second language. English 103 precedes, and is not a substitute for, English 101. <Fall, Spring>

261. Expository Writing. [Creative Writing: The Essay] (3) Davis, Staff

An intermediate course with emphasis on rhetorical types, structure, and style. <Fall, Spring>

262. Creative Writing: Prose Fiction. (3) Frumkin, Rodefer

263. Creative Writing: Poetry. (3) Frumkin, Rodefer

- 292. Introduction to the Study of Language.** (3 or 4) Pickett
(Same as Ling 292.) Students who enroll for 4 hours credit must complete work in weekly discussion group in addition to the 3 hours of lecture.
- *303. Phonetics.** (3) Chreist
(Same as Speech 303.)
- 320. Technical Writing.** [Advanced Technical Writing] (3)
Practice in the writing and editing of technical, engineering, and scientific reports and articles. Prerequisite: 261 or permission of instructor. <Offered upon demand>
- *321. Advanced Creative Writing: Prose Fiction.** (3) Frumkin, Rodefer.
Prerequisite: permission of instructor.
- *322. Advanced Creative Writing: Poetry.** (3) Frumkin, Rodefer.
Prerequisite: permission of instructor.
- *403. History of the English Language.** (3) Kuntz
The etymology, morphology, phonetics, and semantics of English; the relation between linguistic and cultural change. <Fall, Spring>
- 436. Teaching of English.** (3) Logan, Simons
(Same as Sec Ed 436.) <Fall, Spring>
- *492. Introduction to Linguistics.** (3) Pickett <Fall>
- *494. English Grammars.** (3) Pickett
Prerequisite: 492 or its equivalent. <Spring>
- *527. Studies in Rhetoric for Teachers.** (3) Pickett, Prouse, Warner, White
(Also offered as Sec Ed 527.) An examination of a variety of approaches to the teaching of writing. <Spring>
- *528. Studies in Reading and Literature for Teachers.** (3) Pickett, Prouse, Warner, White
(Also offered as Sec Ed 528.) Applications of knowledge of the reading process to the teaching of literature. <Summer only>
- *529. Workshop in Basic Communication.** (4)
(Also offered as Speech 529.) <Summer only>
- *537. Teaching Composition.** (3) Davis
Required of all teaching assistants in the Department of English who have not had at least one year of experience in teaching college composition. Problems in teaching the reading and writing of expository prose, literary analysis, and the critical essay. <Fall>
- *555. Seminar in Linguistics and Language Pedagogy.** (1-3) Newman, Rigsby, Spolsky, Springer
(Same as Ling 555.) Selected topics. Prerequisite: permission of instructor.
- *673. Language Seminar.** (4) Pickett
Phonology of English speech, linguistic structure; American dialect and regional vocabulary; related subjects.

II. LITERATURE

1. British

- 253. Key Works in English Literature, Early.** (3)
From Old English through the Restoration.
- 254. Key Works in English Literature, Later.** (3)
From the Restoration to the present.
- 351. Chaucer: The Canterbury Tales.** (3) Spolsky, Stroud, Zavadii <Fall, Spring>
- *415. [515] Old English.** (3) Fleming, Spolsky
Elementary grammar, translations of prose and poetry, exclusive of Beowulf. <Fall>
- *416. [516] Beowulf.** (3) Fleming, Spolsky
Prerequisite: 415 or permission of instructor. <Spring>
- *441. Shakespeare: Histories and Comedies.** (3) Dewitt, Dickey, Holland, Simons, Whidden
<Fall, Spring>
- *442. Shakespeare: Tragedies.** (3) Dewitt, Dickey, Holland, Simons, Whidden <Summer, Fall, Spring>
- *444. The Early Seventeenth Century.** (3) Buchanan
Cavalier and Metaphysical poets, major prose writers. <Fall>
- *445. The Later Seventeenth Century, Exclusive of Milton.** (3) Catlett, Thorson
Restoration drama and poetry, scientific and philosophical prose. <Spring>

- *446. *Milton*. (3) Buchanan <Fall, Spring>
- *448. *Elizabethan Drama exclusive of Shakespeare*. (3) Dewitt, Dickey, Holland, Simons <Spring>
- *454. *Middle-English Literature*. (3) Spolsky, Zavadii
A general survey of 13th- and 14th-century literature. <Spring>
- *457. *Elizabethan Poetry and Prose*. (3) Dickey, Holland, Simons, Whidden <Fall>
- *473. *Age of Swift and Pope, 1700-1744*. (3) Catlett, Thorson, Trowbridge <Fall>
- *474. *Age of Johnson, 1744-1798*. (3) Catlett, Thorson, Trowbridge <Spring>
- *478. *The Romantic Period*. (3) Johnson, Ruff, Tillotson
The 18th-century background of Romanticism, and the major poets, Blake to Keats. <Fall>
- *481. *Victorian Poets*. (3) Melada
Representative poets from 1830-1890. <Fall>
- *482. *Victorian Prose*. (3) Davis, Melada
Representative prose writers from 1830 to 1890. <Spring>
- *485. *The Eighteenth Century Novel, Defoe to Austen*. [Early English Novel] (3) Davis, Power, Thorson <Fall, Spring>
- *486. *The Victorian Novel, Scott to Hardy*. [Later English Novel] (3) Davis, Warner <Fall Spring>
- *500. *Introduction to Graduate Study*. (3)‡
An intensive course in an author, period, or genre designed primarily to prepare students for advanced work. <Summer, Fall, Spring>
- *619. *Studies in Middle-English Literature (1100-1500)*. (4)‡ Spolsky, Zavadii
- *623. *Studies in the English Renaissance (1500-1616)*. (4)‡ Buchanan, Dickey, Holland, Whidden
- *625. *Studies in the 17th Century*. (4)‡ Buchanan, Dickey, Thorson
- *633. *Studies in the 18th Century*. (4)‡ Thorson, Trowbridge
- *643. *Studies in the 19th Century*. (4)‡ Davis, Johnson, Melada, Ruff, Warner

2. American

- 277. *Southwestern Literature*. (3) Baughman, Fleming, Remley
Myth, legend, and song of the Indians; literary values in the Spanish colonial narratives; literature of the Santa Fe trail and the cattle country; contemporary writing. <Fall, Spring>
 - 282. *American Literature*. (3)
A general survey to the present with emphasis on writers of the 19th century. <Summer, Fall, Spring>
 - 285. *American Life and Thought*. (3) Baughman, Fleming, Jones, Remley
(Same as American Studies 285.)
 - 301-302. *Interdepartmental Studies in the Culture of the U.S.* (3, 3)
(Same as American Studies 301-302.) May be taken for departmental credit only with the consent of the Chairman.
 - *467. *Colonial and Revolutionary Period in American Literature*. (3) Martin, Tedlock
Leading writers from 1600 to 1800. <Fall>
 - *468. *The Romantic Period in American Literature*. (3) Arms, Baughman, Jones, Martin
Major writers from Irving to Melville. <Fall, Spring>
 - *469. *The Period of Realism in American Literature*. (3) Arms, Baughman, Fleming, Jones, Tedlock
Major writers from Whitman to Henry Adams. <Fall, Spring>
 - *470. *American Humor*. (3) Baughman, Fleming, Remley
American humorists from 1830 to the present. <Spring>
-
- *500. *Introduction to Graduate Study*. (3)‡
An intensive course in an author, period, or genre designed primarily to prepare students for advanced work. <Summer, Fall, Spring>
 - *501. *Interdepartmental Seminar in the Culture of the United States*. (3) Arms, Jones, Tedlock
(Same as American Studies 501.)
 - *603. *Studies in the Literature of Colonial and Revolutionary America (1600-1800)*. (4)‡ Martin, Tedlock

- *606. *Studies in 19th Century American Literature (1800-1912)*. (4)‡ Arms, Baughman, Fleming, Jones, Martin, Remley

3. General, Comparative, and Contemporary

210. *Introduction to the Cinema*. (3) Dickey
(Same as Fine Arts 210.)
250. *Approaches to Literature*. (3)
An introduction to scholarly and critical methods, designed for English majors and for students with an interest in literary study. <Summer, Fall, Spring>
257. *Masterworks of Later Literature*. (3)
Selected novels and plays or poems written since 1830. <Summer, Fall, Spring>
275. *World Literature from Homer to Dante*. (3) Jacobs, Kuntz, Zavadil
Masterpieces of European and Asiatic literature, including the Bible. <Fall>
276. *World Literature from Rabelais to Mann*. (3) Dickey, Jacobs, Kuntz, Warner
Masterpieces of European literature. <Spring>
300. *Genres: Studies in Poetry or Drama or Narrative Fiction*. (3)‡ <Fall, Spring>
- *338. *Russian Literature in Translation*. (3) T. Holzapfel
(Same as Russian 338.)
- *339. *Greek Drama in Translation*. (3) Thompson
(Same as Greek 339.) <Offered upon demand>
- *340. *Latin Literature in Translation*. (3) Thompson
(Same as Latin 340.) <Offered upon demand>
- *432. *Contemporary Poetry*. (3) Jacobs, Rodefer, Tedlock, <Fall, Spring>
- *435. *Contemporary Fiction*. (3) Tedlock
British, American, and European novelists since 1912. <Fall, Spring>
- *437. *Contemporary Drama*. (3) Dickey, Jacobs
European and American playwrights from Ibsen to the present. <Fall, Spring>
- *438. *Literary Movements since 1940*. (3) Frumkin, Jacobs, Johnson, Rodefer, Tedlock
Significant writers and schools of the post-war period. Specific subject to be designated by the instructor. <Fall, Spring>
- *456. *Literature of Medieval Europe*. (3) Zavadil
(Same as Comparative Literature 456.) <Spring>
- *461. *The Folktale in English*. (3) Baughman
(Same as Comparative Literature 461.) <Fall>
- *462. *The Epic*. (3) Buchanan
(Same as Comparative Literature 462.) <Fall>
- *465. *Tragedy*. (3) Dickey, MacCurdy, Simons, Trowbridge
(Same as Comparative Literature 465.) <Spring>
- *466. *Literary Criticism*. (3) Arms, Dickey, Johnson, Trowbridge
(Same as Comparative Literature 466.) <Fall>
- *475. *Dante*. (3) White
(Same as Comparative Literature 475.)
- *480. *Philosophy and Literature*. (3) Johnson, Schmidt, Tedlock
(Same as English-Philosophy 480.) <Spring>
- *490. *Special Studies in Literature*. (3)‡
Intensive study of one or more writers, to be designated by the instructor. <Summer, Fall, Spring>
- *491. *Special Studies in Literary Criticism*. (3)‡
Intensive study of individual critics or critical theories, to be designated by instructor. <Fall, Spring>
- *500. *Introduction to Graduate Study*. (3)‡
An intensive course in an author, period, or genre designed primarily to prepare students for advanced work. <Summer, Fall, Spring>
- *512. *Critical Approaches to Literature*. (3) Warner <Fall>
- *610. *Seminar in Literary Criticism*. [Methods of Literary Study] (4)‡
- *660. *Studies in Contemporary Literature*. (4)‡ Jacobs, Johnson, Tedlock

***675. Types, Backgrounds, and Forces. (4)‡**

Drama, religious perspectives, archetypal patterns, and other subjects to be designated by the instructor.

III. INDIVIDUAL STUDIES**497. Individual Study. (1-3)****498. Honors Study. (3) Honors Staff**

Open only to seniors enrolled in departmental honors.

499. Honors Study. (3) Honors Staff

Prerequisite: 498.

551. Problems for the Master's Degree. (1-3 hrs. per semester)‡**599. Master's Thesis. (1-6 hrs. per semester)**

See the *Graduate School Bulletin* for total credit requirements.

651. Problems for the Doctor's Degree. (1-3 hrs. per semester)‡**699. Dissertation. (3-9 hrs. per semester)**

See the *Graduate School Bulletin* for total credit requirements.

ENGLISH-PHILOSOPHY

The combined major in English and Philosophy is an interdepartmental major administered jointly by the two Departments. Students interested in this program should consult Professor David Johnson, who is the adviser for all students in the program.

The purpose of the interdepartmental major is to develop an understanding of the history of ideas, ideals, and values; their expression in literature and philosophy; and the relation of these fields. The major will serve the interests of general education, and will also be useful to many preprofessional students.

MAJOR STUDY

Students completing the English-Philosophy major are not required to have a minor. It is recommended that courses in literature and philosophy in related periods be taken concurrently where possible.

The minimum requirement is 45 hours, including: English 275; 253 or 254 or 276; 466; 441 or 442 or 446; 6 additional hours of literature above 300; philosophy, 18 hours; an additional 6 hours numbered 300 or above in English or in Philosophy; and English-Philosophy 480.

MINOR STUDY

Not offered.

***480. Philosophy and Literature. (3) English and Philosophy Staffs**

Selected philosophical movements and their relationship to literary masterpieces. Prerequisites: 6 hours of literature and 3 hours of Philosophy from the courses specified as requirements for the program.

FINE ARTS

(See also Architecture, Art, Dramatic Art, Music.)

210. Introduction to the Cinema. (3)

An historical and critical survey, with examples, of major tendencies in the development of the motion picture as an art form. <Fall>

490. Interdepartmental Proseminar. (3)

Open to juniors and seniors with the requisite grade-point average. See p. 240 for specific requirements. May be repeated for credit. <Fall>

FRENCH

See Modern and Classical Languages.

GENERAL STUDIES

A limited number of hours of credit in courses in General Honors and in the Undergraduate Seminar Program can be counted towards appropriate Group Requirements of the College of Arts and Sciences or towards general graduation requirements in other colleges. Application to apply such credit should be made in the office of the dean of the college from which the student plans to graduate.

THE GENERAL HONORS PROGRAM

These General Honors courses are designed for students enrolled in the General Honors program. This program is not to be confused with the Departmental Honors program described on page 159 of the catalog.

Specific information about General Studies and the General Honors program can be obtained from the office of the Director of General Honors.

Explanation of footnotes not indicated will be found on page 279.

302. Major Traditions in Western Culture. Part I: The Greeks to 1600. (3) Simons

401. Major Traditions in Western Culture. Part II: Seventeenth Century to the Present. (3) Simons, Skabelund

402. Great Issues (Senior Honors Colloquium). (3)

Selected issues for class discussion and as subjects of individual projects. Required of all candidates for graduation with Honors in General Studies.

THE UNDERGRADUATE SEMINAR PROGRAM

Topics and instructors vary from section to section and from semester to semester. Open to all full-time undergraduate students. No prerequisites. Enrollment limited to 15 students per class. Grading on Modified Pass-Fail system. See page 146.

301-302. Seminars in the General Area of the Humanities. (1, 1)‡ Various sections, various topics each semester.

303-304. Seminars in the General Area of the Sciences (Non-Laboratory). (1, 1)‡ Various sections, various topics each semester.

305-306. Seminars in the General Area of the Social Sciences. (1, 1)‡ Various sections, various topics each semester.

GEOGRAPHY

PROFESSORS R. E. Murphy (Chairman), R. E. Snead; **ASSOCIATE PROFESSOR** I. Bennett; **ASSISTANT PROFESSOR** E. M. Barrett.

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

Geography 101, 102, 263; Anthropology 101 or 102; Geology 101; and 8 upper-division courses (not fewer than 23 hours) including Geography 351, 380L, 401, and 481. One other of the required upper-division courses may be selected, upon approval by the Chairman of the Department, from a related field of study. Mathematics 121 (or the equivalent) is highly recommended for geography

majors contemplating graduate work, particularly those wishing to emphasize climatology or economic geography.

MINOR STUDY

Geography 101, 102, and 15 additional hours including one of the following: 263, 351, 381.

GROUP REQUIREMENTS

Geography 479 and 481 are accepted as non-laboratory sciences in fulfillment of the Science (Group V) requirement of the College of Arts and Sciences; all other Geography courses except 380L are accepted toward fulfillment of the Social Science (Group IV) requirement in that College.

I. INTRODUCTORY COURSES

101. General Geography. (3)

World Geography; physical elements. An introduction to the use of maps and globes and to a systematic analysis of world climates, vegetation, soils, and landforms, their distribution, interrelation, and significance to man. <Summer, Fall, Spring>

102. General Geography. (3)

World geography; human elements. An introduction to human geography comprising a systematic analysis of world population, demographic factors, ethnic groups, predominant economies, and political units, their distribution, interrelation, and the effect upon them of the physical earth. <Fall, Spring>

263. Economic Resources. (3)

A systematic survey of world economic geography with emphasis on the resources of arable land, energy sources, and basic minerals and on the primary crop and manufacturing regions. <Fall>

II. REGIONAL COURSES

Each of the following regional courses involves a description, analysis, and synthesis in spatial association of the physical and human attributes of particular parts of the earth. These attributes include climates, vegetation types, soils, landforms, population, demographic factors, ethnic groups, economic circumstances, and political arrangements. The synthesis of these physical and cultural phenomena is used as the basis for characterizing individual regions and subregions.

*301. South America. (3) Barrett

Regional geography of South America. <Fall 1970 and alternate years>

*302. Middle America. (3) Barrett

Regional geography of Mexico, Central America, and the West Indies. <Spring 1971 and alternate years>

*303. North America. (3)

Regional geography of the United States and Canada. <Spring 1972 and alternate years>

*330. Southeastern Asia. (3) Bennett

Regional geography of southeastern Asia including the area from Burma and North Viet Nam southeastward through Malaysia, Indonesia, and the Philippines. <Spring 1972 and alternate years>

*331. Eastern Asia. (3)

Regional geography of China, Korea, and Japan. <Fall 1970 and alternate years>

*332. Western Europe. (3) Murphy

Regional geography of Europe from the Atlantic eastward through Finland, Germany, Austria, and Italy. <Fall 1970 and alternate years>

*333. The Soviet Union and Eastern Europe. (3)

Regional geography of the U.S.S.R. and of eastern Europe from Poland southward through Czechoslovakia, Hungary and the Balkans. <Fall 1971 and alternate years>

- *336. **The Middle East and the Indian Subcontinent.** (3) Snead
Regional geography of southwestern and south central Asia from Turkey through India and southward through the Suez, Arabia, and Ceylon. <Spring 1972 and alternate years>

III. UPPER-LEVEL SYSTEMATIC COURSES, PROBLEMS, AND SEMINARS

- *351. **Systematic Climatology.** (3) Bennett
An analysis of factors affecting climatic variations and types, particularly solar and terrestrial radiation, temperature conditions, atmospheric pressure and wind patterns, and moisture and precipitation characteristics. Prerequisite: 101 or Physics 103 or permission of the instructor. <Fall>
- *352. **Regional Climatology.** (3) Bennett
The classification and world distribution of temperature regimes, air mass types, precipitation areas, and climatic regions. Prerequisite: 351 or 101 and permission of instructor. <Spring 1971 and alternate years>
- *373. **Map Reading and Air Photo Interpretation.** (3) Snead
Techniques of analysis of maps and aerial photographs for geographic study and research. Prerequisite: 101. <Fall 1971 and alternate years>
- 380L. **Cartography.** (3) Huzarski
(Same as CE 380L.) Map projection and use of maps to show areal distribution and graphic representation of statistical data. 2 lectures, 3 hrs. lab. Open to Geography majors and minors. <Spring 1972 and alternate years>
- *381. **Political Geography.** (3) Murphy
Study of political areas of the world from a spatial point of view, including problems of size, population, boundaries, location, productivity, ethnic grouping, and political power. <Spring 1972 and alternate years>
- *401. **Geographic Writings and Analysis.** (3)
Examination of the work of some principal geographers with emphasis on developments, trends and methodology. Limited to majors and minors in geography. <Spring>
- *405. **Field Methods.** (3) Bennett, Snead
Training in field mapping and other field techniques used in geography, with particular emphasis on studies of land utilization, physiography, urban geography, and micro-climatology. The Albuquerque vicinity is used as a case study area, and classes meet frequently in the field. <Fall>
- *429. **Workshop in the Principles of Physical Geography.** (4) Murphy
Fundamental aspects of physical geography, its concepts, methods, and tools, and the technique of their application and utilization. Lecture, demonstration, and individual participation. <Summer only>
- *430. **Workshop in the Principles of Human Geography.** (4) Murphy
Fundamental aspects of human geography, its concepts, methods, and tools, and the technique of their application and utilization. Lecture, demonstration, and individual participation. <Summer only>
- *479. **Conservation.** (3) Dittmer
(Same as Biol 479.) Various aspects of conservation including soil, water, mineral, wildlife, forestry, range, and human. Lecture, demonstration, field trips. Prerequisite: 8 hrs. in Biology. Open to Geography majors and minors. <Summer only>
- *481. **Geomorphology.** (3) Snead
(Also offered as Geol 481.) Origin, development, and classification of land forms, with detailed consideration of gradation processes. Open to Geography majors and minors who have completed Geol 101. <Spring 1971 and alternate years. Taught as Geology 481 each alternate year>
- 491-492. **Problems.** (1-3 hrs. each semester)
Supervised individual study and field work. <Summer, Fall, Spring>
- *501. **Seminar in the History and Philosophy of Geography.** (3) Barrett, Murphy
The development of geography as a field of study from the ancient to the modern world. Analysis and discussion of various points of view which have arisen from time to time in regard to content and research. An examination of the purposes and achievements of geographical inquiry. <Spring>
- *511. **Seminar in Physical Geography.** (3)† Bennett, Snead
Specific topics in physical geography. Research techniques and new developments. <Fall>

- *512. **Seminar in Human Geography.** (3)‡ Barrett, Murphy
Specific topics in human geography. Research techniques and new developments.
- *521. **Seminar in Regional Geography** (3)‡
Regional analysis and synthesis as applied to specific areas of the earth. <Fall 1970 and alternate years; Fall, Spring 1971-72 and alternate years>
- *551-552. **Problems.** (2-3 hrs. each semester)
Supervised individual study for graduate students.
- *599. **Master's Thesis.** (1-6 hrs. per semester)

GEOLOGY

Chairman to be appointed; PROFESSORS W. E. Elston, J. P. Fitzsimmons, Klaus Keil (Director, *Institute of Meteoritics*), A. Rosenzweig, S. A. Wengerd; EMERITI PROFESSORS V. C. Kelley, S. A. Northrop; ASSOCIATE PROFESSORS R. Y. Anderson, E. F. Cruft, L. A. Frakes, L. A. Woodward; ASSISTANT PROFESSORS G. R. Clark, A. M. Kudo; FACULTY ASSOCIATES W. E. Hale, C. B. Read, C. V. Theis, R. T. Zbur.

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

For the degree of Bachelor of Arts: Geology 101, 102, 105L, 106L, 201L, 302L, 307L, 311L, 319L, and 7 additional hours in approved courses. Chemistry 101L, 102L; Mathematics 162; and either Biology 101L and 102L or Physics 151, 152, 153L, 154L are required. With permission of the Chairman, students preparing to teach Earth Sciences in secondary schools will be encouraged to substitute some or all of the following courses in meeting requirements for the Bachelor of Arts degree: Geology 465, 481, Physics 103, Astronomy 101.

For the degree of Bachelor of Science: Geology 101, 102, 105L, 106L, 201L, 302L, 307L, 311L, 319L, 420L, 421L, and 422L; Chemistry 102L; Electrical Engineering 336L; Mathematics 265; Physics 262; Psychology 280; and either §Biology 102L (or 122L) and 371L or Chemistry 311-312.

Physical Chemistry (312) is required for students intending to do advanced work in geochemistry, mineralogy, petrology, economic geology, or meteoritics.

Students wishing to specialize in paleontology may be allowed to substitute approved biology courses for Mathematics 265 and Physics 151-152 for Physics 160-262.

On completing all required courses for one of the options listed above the student will have a distributed minor.

MINOR STUDY

Geology 101, 102, 105L, 106L, and 12 additional hours.

MINOR STUDY IN PALEOECOLOGY

See p. 431.

101. **Physical Geology.** (3)

Materials composing the earth, and work of agencies, both external and internal, modifying its surface.¶ <Summer, Fall, Spring>

102. **Historical Geology.** (3) Anderson, Wengerd

History of the earth; rise and succession of the various forms of life. Prerequisite: 101.¶ <Summer, Fall, Spring>

§ Students interested in astrogeology, engineering geology, geomorphology, geophysics, hydrogeology, or structural geology may make equivalent substitutions in mathematics, physics, or engineering as approved.

¶ The sequence 101, 102, 105L, 106L will satisfy prerequisite listed as 120L and vice versa. Credit may not be earned both ways.

- 105L. Physical Geology Laboratory. (1)**
Minerals, rocks, and topographic maps; occasional field trips. **Credit suspended when credit in Geology 101 is not earned.** Corequisite: 101. 3 hrs. lab. <Summer, Fall, Spring>
- 106L. Historical Geology Laboratory. (1)**
Fossils and paleogeographic maps; emphasis on the historical geology of New Mexico. **Credit suspended when credit in 102 is not earned.** Corequisite: 102. 2 hrs. lab. <Summer, Fall, Spring>
- 120L. General Geology. (5)** Elston
General geology for science, science education, and engineering students. An introductory course in basic principles of physical and historical geology. The relationship of geology to other sciences is emphasized. Recommended for all students intending to major in geology. 4 lectures, 3 hrs. lab. including field trips. Students may receive credit for either the sequence (101, 102, 105L, 106L), or the single course 120L, but not both.
- 201L. Mineralogy. (4)** Rosenzweig
Elementary crystallography; fundamentals of chemical and physical mineralogy; elements of mineral identification. Prerequisite: 105L or 120L; pre- or corequisite: Chem 101L. 2 lectures, 6 hrs. lab. <Fall>
- 209. The Earth Environment. (3)** Anderson, Frakes, Clark
(Also offered as Paleoe 209.) Studies of the atmosphere, the ocean, and the terrestrial environment as a total system, including environments of the past. Interrelationships of physical, biological, and human processes and resources. Prerequisite: permission of instructor. <Spring>
- **302L. Petrology. (3)** Elston, Fitzsimmons
Classification, hand-specimen identification, occurrence, and origin of rocks. Prerequisite: 201L; pre- or corequisite: Chem 102L. 2 lectures, 3 hrs. lab. <Spring>
- **304L. Determinative Mineralogy. (3)** Cruft, Rosenzweig
Classification of minerals; mineral associations; methods of mineral identification; laboratory study of minerals and mineral suites. Prerequisite: 302L, Chem 102L. 1 lecture, 6 hrs. lab. <Spring>
- **307L. Structural Geology. (4)** Woodward
Nature and origin of rock structures and deformation; map and stereographic problems. Prerequisites: 106L or 120L, and Math 162. 3 lectures, 3 hrs. lab. <Spring>
- **309L. Principles of Stratigraphy. (4)**
Prerequisite: 106L or 120L; some biology is strongly recommended. 3 lectures, 3 hrs. lab. <Spring>
- **311L. Invertebrate Paleontology. [Paleontology] (4)** Clark
General principles and familiarization with diagnostic features of fossils. Introduction to environmental implications. Prerequisite: 106 or 120L. 2 lectures, 6 hrs. lab. <Fall>
- **319L. Field Geology and Reports. (4)** Woodward
Principles and techniques of field mapping; content and arrangement of reports; layout and preparation of illustrations. Prerequisite: 307L. 1 lecture and 1 full day in field each week. <Fall>
- *420L. Advanced Field Geology. (3)** Kudo, Woodward
Geological mapping with plane table; mine mapping; special field problems. Prerequisite: 319L. 1 full day in field each week. <Spring>
- *421L. Optical Mineralogy. (4)** Fitzsimmons
Optical properties and microscopic determination of nonopaque minerals. Prerequisite: 201L or equivalent. 2 lectures, 6 hrs. lab. <Fall>
- *422L. Petrography. (2)** Elston, Fitzsimmons
Study of rocks by means of the petrographic microscope, stressing mineral content, textural relations, and classification of rocks. Prerequisite: 421L; pre- or corequisite: 302L. 6 hrs. lab. <Spring>
- *426. Fundamentals of Geophysics. (3)** Zbur
Physical properties of rocks and their application to instrumental methods of determining subsurface geology. Prerequisites: 307L, Math 162, Physics 151, 152, 153L, 154L (or equivalent).

** Available for graduate credit except for graduate majors in Geology.

***429L. Paleontological Techniques. (3) Clark**

Laboratory methods for the preparation of fossils for study and illustration. Includes techniques essential to related subjects such as palynology and chemical paleontology. Prerequisite: 311L or equivalent. 6 hrs. lab. and field trips. <Spring>

***431L. [432L, 433L] Palynology-Micropaleontology. (4) Anderson**

Studies of the morphology, methods of identification, ecology and applications of pollen, spores, nanofossils, foraminifera, and other microfossils. Prerequisite: 106L or 120L; some biology is strongly recommended. 3 lectures, 3 hrs. lab. <Fall>

***436L. Paleozoic and Mesozoic Stratigraphy. (4)**

The stratified Paleozoic and Mesozoic rocks of North America, their correlation, stratigraphic relations, and guide fossils. Prerequisite: 309L. 2 lectures, 6 hrs. lab. <Offered upon demand>

***437. Paleobotany. (3) Read**

The fossil floras of the western hemisphere. Prerequisites: 106L and Biol 102L.

***441L. Sedimentology. (4) Frakes**

A study of sedimentary materials, their origin, diagenesis, distribution, and correlation in stratified rocks with emphasis on recent and ancient environments of sedimentation and early diagenesis. Prerequisite: 201L and 302L. 3 lectures, 3 hrs. lab. <Fall>

***442. Petroleum Geology. (3) Wengerd**

An inductive approach to the principles of oil origin, migration, and accumulation. Characteristics of oil and gas reservoirs; techniques of petroleum exploration. Prerequisite: 441L or permission of instructor. <Spring 1971 and alternate years>

***455L. Air Photogrammetry and Photogeology. (3) Wengerd**

Photogrammetric computations; stereoscopy; preparation of planimetric, topographic, and photogeologic maps. Prerequisites: 106L or 120L, Math 162, or permission of instructor. 1 lecture, 6 hrs. lab. <Fall 1970 and alternate years>

***462L. Hydrogeology. (3) Hale, Wengerd**

Occurrence and development of water with special emphasis on the Southwest. Prerequisites: 106L or 120L, and senior standing. 2 lectures, 3 hrs. lab. <Spring 1972 and alternate years>

***465. Lunar and Planetary Geology. (3) Elston**

The geology of the moon and planets as deduced from visual and geophysical observations, space probe data, laboratory experiments, meteorites, tektites, and terrestrial analogs of lunar and planetary features. Prerequisites: 101 or 102, or permission of the instructor. Graduate geology majors must take 466L concurrently in order to obtain graduate credit for 465.

***466L. Lunar and Planetary Geology Lab. (1) Elston**

Geologic interpretation of lunar and planetary photographs from terrestrial and space-probe sources, study of USGS lunar geologic maps, petrographic examination of meteorites, tektites, and terrestrial rocks subjected to shock metamorphism. Must be taken concurrently with 465. Prerequisites: 307L, 422L. 3 hrs. lab.

***471. Metallic Mineral Deposits. (3) Elston**

Occurrence, reserves, classification, properties, origin, exploration, mining, beneficiation, and utilization. Prerequisite: 302L. <Fall 1971 and alternate years>

***472. Nonmetallic Mineral Deposits. (3) Elston**

Occurrence, reserves, classification, properties, origin, exploration, mining, beneficiation, and utilization. Prerequisite: 471. <Spring 1972 and alternate years>

***481. Geomorphology. (3) Wengerd**

(Also offered as Geog 481.) Origin, development, and classification of land forms, with detailed consideration of gradation processes. Prerequisite: 307L, or 106L and permission of instructor. <Fall 1971 and alternate years>

***482L. Geomorphology of the United States. (3) Fitzsimmons**

Detailed study of the physiographic provinces and sections of the United States; emphasis on Western United States. Prerequisite: 481 or permission of instructor. <Fall 1971 and alternate years>

***487L. Morphological Crystallography. (3) Rosenzweig**

The 32 point groups; crystal form and habit; crystal projections; crystal measurement and drawing. Prerequisite: Math 264. 2 lectures, 3 hrs. lab. <Fall 1970 and alternate years>

- *490. [590] Geologic Presentation.** [Graduate Conference] (1)
Student reviews of geologic literature and critique. **Strongly recommended for all geology majors.** Prerequisite: senior standing. <Fall, Spring>
- 491-492. Problems.** (2, 2)
- *501L. Sedimentary Geochemistry.** (3) Cruft
Physical chemistry of aqueous solutions at low temperature. Evolution of the atmosphere and hydrosphere. Chemical oceanography, geochemistry of chemical and biogenic sediments. Pre- or corequisite: 302L. 2 lectures, 3 hrs. lab. <Fall 1970 and alternate years>
- *502L. High-temperature Geochemistry.** (3) Kudo
Applications of thermodynamics to metamorphic and igneous rock formation. Introduction to experimental petrology. Pre- or corequisite: 302L or 422L, Chem 311-312. 2 lectures, 3 hrs. lab. <Spring 1971 and alternate years>
- *504L. Isotope Geochemistry.** (3) Cruft, Kudo
Distribution of nuclides; radioactive processes in nature; age-dating techniques; theory of neutron activation activities; and variation of isotope ratios in natural environments. Prerequisite: 501L or 502L, or permission of instructor. 2 lectures, 3 hrs. lab. <Spring 1972 and alternate years>
- *506L. X-ray Crystallography.** (4) Rosenzweig
(Also offered as Chem 506L.) Principles of X-ray diffraction, Debye-Scherrer, Weissenberg, and precession methods. Space group symmetry and its determination. Prerequisites: Math 264 or 311, and permission of instructor. 2 lectures, 6 hrs. lab. <Fall 1971 and alternate years>
- *507L. Crystal Structure Analysis.** (3) Rosenzweig
(Also offered as Chem 507L.) Structure factor calculations; Fourier methods; the Patterson function; examples of complete structure analysis. Prerequisites: 506L and permission of instructor. EE 336 is strongly recommended. 2 lectures, 3 hrs. lab. <Spring 1972 and alternate years>
- *512L. Petrography of Opaque Ores.** (3) Keil
Determination and paragenesis of minerals in polished sections. Prerequisites: 421L, 471. 1 lecture, 6 hrs. lab. <Fall 1970 and alternate years>
- *513L. Meteoritics.** (3) Keil
Origin, classification, and composition of meteorites; their relationships to the history of the solar system. Prerequisite: 422L or permission of instructor. 2 lectures, 3 hrs. lab. <Spring>
- *517L. Instrumental Methods in Geochemistry.** (2-4)†‡ Cruft, Keil, Rosenzweig
Study of selected major instrumental techniques in current use in geochemistry. 1 or 2 lectures, 3 or 6 hrs. lab. <Spring>
- *518L. Microprobe Analysis.** (3) Keil
Theory, instrumentation, and application of electron, laser, and ion beam microprobe techniques; quantitative analysis of geological materials. Prerequisite: permission of instructor. 2 lectures, 3 hrs. lab. <Fall>
- *519L. Selected Topics in Geochemistry.** (2-4)† Cruft, Kudo
A detailed analysis of selected current topics, primarily but not exclusively, using a geochemical approach. <Spring>
- *520. Selected Topics in Geobiology.** (3)†‡ Clark
Discussion of current and classic research in geobiology. Prerequisite: permission of the instructor. <Spring>
- *521L. Metamorphic Petrology.** (3) Fitzsimmons
Recrystallization and metasomatism in the transformation of solid rock masses and the structural modifications attending them. Prerequisite: 422L. 2 lectures, 3 hrs. lab. <Spring>
- *525L. Advanced Structural Geology.** (3) Woodward
Description and analysis of major structural types; map studies and problems. Prerequisite: 307L. 2 lectures, 3 hrs. lab. <Fall 1970 and alternate years>
- *528. Regional Tectonics.** (2) Woodward
Principles of regional structural synthesis and analysis. <Fall 1971 and alternate years>
- *531L. Igneous Petrology.** (3) Kudo
Genesis of magmatic rocks; eruptive mechanisms; tectonic setting and differentiation trends of igneous rocks in continental, oceanic, orogenic, and nonorogenic environments. Prerequisites: 421L and 422L or 302L. 2 lectures, 3 hrs. lab. <Fall>

***537L. Stratigraphic Analysis. (3) Wengerd**

Quantification of stratal variations on regional bases utilizing statistical approaches to thickness, sediment content, inherent sedimentary structure, and fluid distribution in sedimentary rocks. Prerequisites: 441L. 2 lectures, 3 hrs. lab. <Fall 1971 and alternate years>

***539. Environmental Reconstruction. (3) Anderson, Frakes**

(Also offered as Paleoe 539.) Concepts and methods of reconstructing sedimentary environments and ancient ecosystems from the standpoint of variability of physical, biological, and geochemical parameters. Prerequisite: permission of instructor. <Spring>

***542L. Subsurface Geology. (3) Wengerd**

Well-logging and correlation techniques; study of cuttings, drilling-time logs, electric logs, radioactivity logs, and insoluble-residue logs; construction of subsurface-contours, isopach, and isopleth maps, and detailed cross-sections. Pre- or corequisite: 442 or 462L. 1 lecture, 6 hrs. lab. <Offered upon demand>

***544L. Advanced Sedimentology. (4) Frakes**

A study of sedimentary materials from origin through lithification; sedimentary processes and environments; methods of studying sedimentary materials—thin section and other techniques used in determining the depositional and diagenetic history of a sedimentary rock. Prerequisites: 421L, 441L, or permission of the instructor. 3 lectures, 3 hrs. lab. <Spring>

547-548. Seminar. (2, 2)**551-552. Problems. (2-3 hrs. each semester)*****599. Master's Thesis. (1-6 hrs. per semester)**

See the Graduate School Bulletin for total credit requirements.

***699. Dissertation. (3-9 hrs. per semester)**

See the Graduate School Bulletin for total credit requirements.

HISTORY

PROFESSORS F. W. Iklé (Chairman), D. C. Cutter, W. M. Dabney, E. Lieuwen¹, G. D. Nash, G. E. Rothenberg, R. W. Shugg (part-time), G. W. Smith; ASSOCIATE PROFESSORS T. S. Floyd, D. E. Skabelund, W. W. Wagar; ASSISTANT PROFESSORS R. H. Dalkart, R. N. Ellis, R. Kern, N. Pugach, R. Robbins, J. Roebuck, C. Steen (Visiting), F. M. Szasz, D. D. Sullivan, L. C. Tulga; INSTRUCTOR J. Porter; and new appointments to be made.

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

The history program for majors, as outlined below, is designed to provide some of the cultural background necessary for intelligent and responsible living, and also to prepare students for such specific activities as careers in law, the civil and diplomatic services, and the teaching profession.

Requirements: Four lower-division courses which must include 101 and 102, and one of the following pairs: 161 and 162, 251 and 252, or 281 and 282.

Eight 300- or 400-level courses, which must include 309 and a minimum of two courses each from three of the following areas: *European, United States, Hispanic-American, Far Eastern history.*

MINOR STUDY

The planned program outlined below is designed to supplement a student's work in his major field. The lower-division requirement includes a minimum of two semester courses to be selected from the following: History 101, 102, 161, 162, 251, 252, 281, 282. The upper-division requirement includes a minimum of five semester courses, at least three of which must be concentrated in European history, American history, Hispanic-American history, or Far Eastern history.

The prerequisites for certain courses may be waived with permission of instructor.

PERIOD MINOR

For requirements, see Comparative Literature.

DISTRIBUTED MINOR FOR HISTORY MAJORS

A major may offer an American Studies minor as well as a minor in a single department. For requirements, see American Studies.

100. *The Making of the Modern World.* (3)

This course will deal in a global context with the historical roots and the relevance of the great issues facing man today, such as nationalism, colonialism, imperialism, Marxism, and its various offshoots—Maoism and Castroism, industrial and military technology, urbanization, and the question of race and ethnic minorities. <Fall>

101-102. *Western Civilization.* (3, 3) Robbins, Roebuck, Rothenberg, Skabelund, Sullivan, Tulga, Wagar

101—Ancient times to 1648; 102—1648 to present. <Summer, Fall, Spring>

161-162. *History of the United States.* (3, 3) Dabney, Nash, Pugach, Smith, Szasz

Survey of the economic, political, intellectual, and social development of the United States, including the place of the US in world affairs, (161) from 1607 to 1865; (162) from 1865 to the present. <Summer, Fall, Spring>

251-252. *Eastern Civilizations.* (3, 3) Iklé, Porter

251—The development of the traditional societies of India, Southeast Asia, China, and Japan until the 16th century; 252—The impact of western colonialism and imperialism on Asia, nationalism, and modern Asian states. <251—Fall; 252—Spring>

281. *History of Latin America.* (3) Floyd

Spanish and Portuguese occupation and colonial control in the Americas. <Fall>

282. *History of Latin America.* (3) Dolkart, Lieuwen

Emergence of national states in Latin America. <Spring>

301-302. *Interdepartmental Studies in the Culture of the United States.* (3, 3)

(Same as Amer St 301-302.) May be taken for departmental credit only with the consent of the chairman. <Fall, Spring>

*303. *History of World Communism.* (3) Robbins

From Marx to the present. <Spring>

*305. *History of Science to 1687.* (3) Skabelund

Evolution of scientific ideas and the role of science in the formation of Western civilization from antiquity to the Newtonian synthesis. <Fall>

*306. *History of Science since 1687.* (3) Skabelund

Development of scientific thought from the Newtonian synthesis to the present. <Spring>

309. *Historiography.* (3) Kern, Wagar

Development of historical thought and writing. <Summer, Fall, Spring>

- *311. **Ancient Civilizations of the Near East.** (3) Tulga
Prerequisite: 101. <Spring>
- *313. **Greece.** (3) Tulga
A survey of developments in Greek civilization from early times to the reign of Justinian.
Prerequisite: 101. <Spring>
- *314. **Rome.** (3) Tulga
Survey of the rise, decline, and fall of Roman power from the Italian expansion to the establishment of the successor states. Prerequisite: 101. <Fall>
- *321. **Early Middle Ages, 300 to 1050.** (3) Sullivan
Prerequisite: 101. <Fall>
- *322. **High Middle Ages, 1050 to 1300.** (3) Sullivan
Prerequisite: 101. <Spring>
- *323. **Renaissance Era, 1300 to 1520.** (3) Sullivan
Prerequisite: 101. <Fall>
- *325. **The Reformation, 1500 to 1648.** (3) Sullivan
Prerequisite: 102. <Spring>
- *332. **Early Modern Europe, 1648 to 1763.** (3) Steen
Europe under the Old Regimes. Prerequisite: 102. <Fall>
- *333. **French Revolution and Napoleon.** (3) Steen
Prerequisite: 102. <Spring>
- *335. **Modern Europe, 1815 to 1914.** (3) Kern, Wagar
Restorations and revolutions; national unification and industrialism; the "generation of materialism" and the origins of the first World War. Prerequisite: 102. <Fall>
- *336. **Europe since 1914.** (3) Wagar
The World Wars and the search for peace; social and economic tensions; Europe in the era of the Cold War and the welfare state. Prerequisite: 102. <Spring>
- *339. **Military History of Europe to 1790.** (3) Rothenberg <Fall>
- *340. **Military History of Europe since 1790.** (3) Rothenberg <Spring>
- *341. **France.** (3) Steen
From 1500 to the present. <Fall>
- *343. **History of England to 1688.** (3) Roebuck
Survey of medieval foundations, Tudor era, and seventeenth century social and political revolutions. <Fall>
- *344. **History of Modern England since 1688.** (3) Roebuck
Emphasis on social, political, and intellectual developments. <Spring>
- *345. **The British Empire and Commonwealth.** (3) Roebuck
Survey of British colonial policy and nation-building since 1815. Emphasis on Ireland, Canada, Australia, India, and South Africa. <Fall>
- *347. **Early Russia to 1689.** (3) Robbins <Fall>
- *348. **Modern Russia, 1689 to 1917.** (3) Robbins <Spring>
- *349. **Soviet Russia.** (3) Robbins
Emphasis upon domestic developments. <Fall>
- *350. **Traditional Chinese History.** (3) Porter
From the beginnings to the Manchu conquest, 1644. <Fall>
- *351. **Modern Chinese History.** (3) Porter
From 1644 to the present. <Spring>
- *352. **History of Japan.** (3) Iklé
Social, political, and economic institutions from historical beginnings to modern times.
<Spring>
- *354. **The Far East in the Contemporary World.** (3) Iklé
Emphasis upon diplomatic relations between Asia and the West. <Fall>
- *356. **History of the Near East.** (3) Iklé
From ancient Mesopotamia to the present. <Fall>
- *357. **History of Africa since 1800.** (3) Roebuck
Survey of the African continent during colonial and national periods. <Spring>
- 360. **History of New Mexico.** (2) Cutter, Ellis
Survey from Cabeza de Vaca to 1912. <Fall, Spring>

- *363. **The Old South.** (2) Shugg <Spring>
- *364. **Political History of the United States.** (3) Smith
From 1789 to the present. <Spring>
- *369. **American Indian History.** (3) Ellis
(Also offered as Anth 369.) Survey of American Indian history from white contact to the present. <Fall>
- *370-371. **American Diplomacy.** (3, 3) Pugach
Diplomatic history of the United States from Independence to 1898; from the Spanish American war to the present. <370—Fall; 371—Spring>
- *372. **History of Urban Development.** [Urban History of the U.S.] (3) Roebuck
(Also offered as Arch 372.) A study of the development of the city with emphasis on the modern period and on the economic and social history of urban growth. <Fall>
- *373. **History of the American Frontier.** (3) Ellis
Anglo-American expansion from the 17th century to the 1890's. <Fall>
- *374. **The Trans-Mississippi West.** (3) Ellis <Spring>
- *375. **Military History of the United States.** (3) Rothenberg, Smith
Introductory survey of military affairs in the United States from the Revolution to the present. <Spring>
- *376-377. [377] **Economic History of the United States.** (3, 3) Nash
Topical study of American economic life—agriculture, industry, labor, and commerce—stressing the relations of government and business; 376—from 1400 to 1860; 377—from 1860 to the present. <376—Fall; 377—Spring>
- *378-379. **Constitutional History of the United States.** (3, 3) Dabney
378—From English origins to 1876; 379—From 1876 to the present. <378—Fall; 379—Spring>
- *380. **History of the Southwest.** (3) Cutter
Spanish exploration and occupation of the Southwest; colonial government and missions. <Fall>
- *384. **Inter-American Relations.** (3) Dolkart, Floyd, Lieuwen
Relations among the American republics from 1810, with emphasis upon the Pan-American movement and the recent period. 282 strongly recommended as a prerequisite. <Fall>
- *395. **Iberian History.** (3) Kern
Spanish and Portuguese history to 1700. <Fall>
- *396. **Iberian History.** (3) Kern
Spanish and Portuguese history since 1700. <Spring>
- *397. **Mexico to 1821.** (2) Cutter, Floyd
Prerequisite: 281. <Fall>
- *398. **Mexico since 1821.** (2) Dolkart, Floyd, Lieuwen
Prerequisite: 282. <Spring>
- *405. **Social History of Science and Technology.** (3) Skabelund
The wider roles of science and technology in Western history. <Spring>
- *428. **European Intellectual History, 1762 to 1870.** (3) Wagar
The Enlightenment synthesis; its culmination and decline; the romantic era; liberalism and positivism; Darwin and Marx. <Fall>
- *429. **European Intellectual History, 1870 to the Present.** (3) Wagar
Science and religion in the post-Darwinian generation; the anti-positivist reaction; the age of anxiety from Spengler to Sartre. <Spring>
- *438. **European Diplomatic History.** (3) Rothenberg
Since 1815. Prerequisite: 102. <Fall>
- *442. **Germany.** (3) Rothenberg
From 1815 to present. Prerequisite: 102. <Fall>
- *461. **The American Colonies, 1607 to 1763.** (3) Dabney
The settlement of British America and a study of American institutions in their infancy. Prerequisite: 161. <Fall>
- *462. **The American Revolution and the Federal Republic, 1763 to 1820.** (3) Dabney
Prerequisite: 161. <Spring>

- *465. **The Era of Sectional Conflict, 1820 to 1860.** (3) Smith
The impact of nationalism and sectionalism upon American life from the Missouri Compromise to the election of Lincoln. Prerequisite: 161. <Fall>
- *466. **The Civil War.** (3) Smith
Political, social, economic, military, and diplomatic history of the period 1860-1865. Prerequisite: 161. <Fall>
- *467. **Reconstruction and the New Nationalism, 1863-1898.** [The United States from Reconstruction to 1898] (3) Smith
Prerequisite: 163. <Spring>
- *468-469. **Recent History of the United States.** (3, 3) Nash
468—From 1898 to the time of the great depression; 469—From the time of the great depression to the present. Prerequisite: 162. <468—Fall; 469—Spring>
- *470. **Philosophy of History.** (3)
(Also offered as Philosophy 470.) Nature, structure, and presuppositions of history and historical methods. <Spring>
- *475. **Intellectual and Social History of the United States, 1607 to 1860.** (3) Szasz <Fall>
- *476. **Intellectual and Social History of the United States since 1860.** (3) Szasz <Spring>
- *482. **The Mexican Revolution.** (2) Lieuwen
Emphasis upon theory and interpretation. <Spring>
- *483. **Modern and Contemporary Latin America.** (2) Lieuwen
Social revolutions in the Latin American area since World War II. Prerequisite: 282. <Fall>
- *486. **Southern South America.** (3) Dolkart
Argentina, Chile, and Uruguay since 1810. Prerequisite: 282. <Spring>
- *488. **The Andean Republics.** (3) Dolkart
Peru, Bolivia, and Ecuador since 1810. Prerequisite: 282 and reading of the Spanish language. <Fall>
- *489. **History of Brazil.** (3) Floyd
From 1500 to the present. Prerequisite: 281 and 282. <Spring>
- 493. **Reading and Research in Honors.** (3)
Prerequisites: senior standing and permission of major adviser.
- 494. **Senior Thesis.** (3)
Prerequisite: 493.

Departmental requirements provide that the following seminars may be repeated only once:

- *500. **Seminar in Historical Research Methods.** (2) Nash, Szasz <Fall, Spring>
- *501. **Interdepartmental Seminar in the Culture of the United States.** (3)
(Same as American Studies 501.) <Fall, Spring>
- *504. **Seminar in Ibero-American Studies.** [Interdepartmental Seminar] (3)‡ Dolkart, Floyd, Herron, T. Holzapfel, Lieuwen, Nason, Tomlins
(Also offered as Iber-Amer Studies, Port, and Span 504.) History, literature, and institutions of Latin America. <Fall, Spring>
- *520. **Seminar and Studies in Ancient History.** (3) Tulga <Spring>
- *521. **Seminar and Studies in Medieval History.** (3) Sullivan <Fall>
- *532. **Seminar and Studies in Early Modern European History.** (3) Steen <Fall>
- *540. **Seminar and Studies in European Intellectual History.** (3) Wagar <Fall>
- *542. **Seminar and Studies in Modern European History.** (3) Rothenberg <Spring>
- *545. **Seminar and Studies in British History.** (3) Roebuck <Spring>
- *547. **Seminar and Studies in Modern Russian History.** (3) Robbins
Emphasizes the period 1861-1917. <Spring>
- *548. **Seminar and Studies in Iberian History.** (3) Kern
- *551-552. **Problems.** (1-3 hrs. each semester)
- *554. **Seminar and Studies in Far Eastern History.** (3) Iklé, Porter <Spring>
- *562. **Seminar and Studies in Early American History.** (3) Dabney
Pre- or corequisite: 462. <Spring>

- *564. *Seminar and Studies in American Intellectual and Social History.* (3) Szasz <Fall>
- *566. *Seminar and Studies in Civil War Period.* (3) Smith
Intensive study of bibliography, research in source materials, and the writing of original papers on the period of the Civil War and Reconstruction. <Spring>
- *568. *Seminar and Studies in Recent American History.* (3) Nash
Topical investigation in American history since 1900. <Spring>
- *569. *Seminar in the Military History of World War II.* (3) Shugg <Fall>
- *570. *Seminar and Studies in United States Diplomatic History.* (3) Pugach <Spring>
- *573. *Seminar in American Western History.* (3) Ellis <Spring>
- *579. *Seminar in Southwest History.* (3) Cutter <Fall, Spring>
- *581. *Seminar in Colonial Latin American History.* (3) Floyd
Emphasis upon the constitutional and cultural history of the Spanish colonies in America. <Fall>
- *582. *Seminar in Recent Latin American History.* (3) Lieuwen, Dolkart
The national period of Latin America. <Fall, Spring>
- *584. *Interdisciplinary Seminar on Problems of Modernization in Latin America.* (3) Lieuwen, Merx, Needler, Schwerin
(Also offered as Anth, Econ, Pol Sci, and Soc 584.) <Spring>
- *599. *Master's Thesis.* (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.
- *699. *Dissertation.* (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.

JOURNALISM

ASSOCIATE PROFESSORS A. G. Hillerman (Chairman), L. L. Jermain; **ASSISTANT PROFESSORS** J. P. Crow, E. MacLeod; **LECTURERS** E. Conger, G. M. Hunsley, R. Lawrence.

MAJOR STUDY

Advertising-Management Sequence: 33 hours including 251, 252, 277, 311, 312, 322, 401, 469, and Speech 315 and 411.

News-Editorial Sequence: 30 hours including 251, 252, 301, 311, 312, 322, 475, and 494. Six hours may be chosen from appropriate courses in other departments, with permission of department.

Television-Radio Sequence: 33 hours including 251, 252, 301, 311, 322, 440, 475, and 494, and Speech 251, 265, and 465.

Journalism 100 counts toward the major but is not required. It is recommended for all who plan on a Journalism major.

MINOR STUDY

18 hours including Journalism 251 and 252.

- 100. Introduction to Mass Communication.** (2)
The meaning of mass media in society, with emphasis on their processes and effects. <Fall, Spring>
- 251. News Writing and Reporting.** (3)
Emphasis on news elements, writing techniques and story structure. 2 lectures, 2 hrs. lab. <Fall, Spring>
- 252. News Writing and Reporting.** (3)
Emphasis on reporting methods and advanced writing for the media. 2 lectures, 2 hrs. lab. <Fall, Spring>
- 253. Newspaper Practice.** (1)
Open to staff members of *The Lobo*. May be repeated three times. <Fall, Spring>
- 261. News Photography.** (3)
Training in the use of the camera, and in the taking, developing, and printing of pictures for media use, together with some study of desk preparation of photographs for the photoengraving process. Prerequisite: permission of instructor. 1 lecture, 4 hrs. lab. <Fall, Spring>
- 277. Graphic Design.** (3)
(Also offered as Art 277.) Graphic design in communication. Prerequisite: Art 103. <Fall>
- 301. History of Journalism in the United States.** (3) Jermain
American newspaper and magazine history from the early Colonial periodicals through the present-day streamlined mass-production newspaper. <Fall>
- 302. Editorial and Special Writing.** (3) Hillerman
Writing of the editorial essay and the information editorial, and in the writing of the column, and of other interpretive matter. Prerequisites: 251 and 252. <Spring>
- 311. Copy-Editing and Makeup.** (3) Crow, Jermain
Practice in the assembling and editing of news copy, in headline writing, and in page makeup. Prerequisites: 251, 252. 2 lectures, 2 hrs. lab. <Fall, Spring>
- 312. Copy-Editing and Makeup.** (3) Crow, Jermain
Continuation of 311, with emphasis on wire copy and problems of typography. Prerequisite: 311. 2 lectures, 2 hrs. lab. <Fall, Spring>
- 322. Law of the Press.** (3) Jermain
Lectures, discussions, and case histories in the law of libel and the Constitutional guarantees, and in laws relating to contempt and injunction proceedings and other checks of law upon the press. <Spring>
- 332. Writing the Magazine Article.** (3) MacLeod
Writing non-fiction for publication. Prerequisite: permission of instructor. <Fall>
- 388. Cinematic Photography.** (3)
(Same as Art 388.)

- 401. Advertising.** (3) MacLeod
Theory, strategy and techniques of advertising and advertising campaigns. Prerequisite: permission of instructor. 2 lectures, 2 hrs. lab. <Spring>
- 440. News Programming.** (3)
Oral and visual news presentation, multi-channel communication problems, melding text with recordings and text with film, with emphasis on originating and producing radio and television news broadcasts and documentaries. Prerequisites: 252 and permission of instructor. 2 lectures, 2 hrs. lab. <Fall>
- 465. Management of High School Publications.** (3)
A survey of the problems in production of high school newspapers and yearbooks, as well as some incidental publications, including approaches to design, advertising content, the news and editorials, circulation and printing, and over-all business administration and staff management. Not open to Journalism majors. <Offered upon demand>
- 469. Media Management.** (3) Crow
The functions of management in the communications field, with emphasis on departmental problems, laws, personnel, and changing technology. Prerequisites: 312 and 322. <Spring>
- 475. Advanced Reporting.** (3) Hillerman
Discussions of, and work in, news and interpretive coverage of matters and events of public concern; visits to, and investigations into, community areas and public bodies, during additional arranged sessions each week; production of a series of newspaper or magazine-type articles by each student, each eventually during the semester to work upon a specific problem, situation, or crusade, of public significance. Prerequisite: permission of instructor. <Fall, Spring>
- 494. Mass Media as a Social Force.** (3) Hillerman
The power and the problems of the communications media with emphasis on evolving ethical standards. <Fall>
- 495. The Mass Media as a Social Force in Latin America.** (3) Davila <Spring>

LATIN

See Modern and Classical Languages.

LATIN AMERICAN STUDIES

ASSOCIATE PROFESSOR M. C. Needler, Director

This is an interdepartmental program administered by the Division of Inter-American Affairs. The program itself does not constitute professional training or prepare students for specific careers; however, it provides a solid foundation in language skills and area competence that can be valuable in business, public service, or further professional training.

MAJOR STUDY

Language and literature (31 hours): Spanish 251§, 252, 292, 301, 302, 357, 358; Portuguese 275, 276, 277, 278. Social Sciences (27 hours): History 281, 282, 384; Geography 301, 302; Political Science 355; Economics 200, 201, 420. Electives (12 hours): These should normally be courses of specifically Latin American content (e.g., Philosophy 323, Hispanic and Latin American Philosophy, or Sociology 365, Urbanization of Latin America), but may also be courses of generalized content with applicability to the Latin American field (e.g., Economics 424, International Economics). The Division makes available prior to the beginning of each semester a list of the electives in Latin American Studies being

§ Admission to Spanish 251 requires completion of one year of the language in college or two years in high school. Native speakers of Spanish should follow a slightly different sequence of courses (see course listings under Modern Languages).

offered that term. Substitutions can be arranged in the list of required courses, if necessary, to enable the student to attend the University's Quito Center, which the department encourages, or for similar well-grounded academic reasons.

MINOR STUDY

24 hours, including Spanish 301-302, History 281 and 282, Political Science 355, Economics 420, and six hours of Latin American electives. An equivalent number of hours of additional approved electives may be substituted for any of the required courses which the student is counting toward his major.

498. Individual Reading and Research. (1-3)

Prerequisite: permission of department chairman.

***551-552. Problems. (1-3 hrs. each semester)**

***584. Interdisciplinary Seminar on Problems of Modernization in Latin America. (3)** Lieuwen, Merckx, Needler, Schwerin
(Same as Anth, Econ, Hist, Pol Sci, and Soc 584.)

***599. Master's Thesis. (1-6 hrs. per semester)**

See the *Graduate School Bulletin* for total credit requirements.

LAW

PROFESSORS T. Christopher (Dean), W. Barnett, W. Ellis, F. Hart, L. Kanowitz, H. Muir, A. Utton, J. Walden, H. Weihofen; VISITING PROFESSOR M. Sharp; ASSOCIATE PROFESSOR M. Fink; ASSISTANT PROFESSORS R. Desiderio, J. Hoffman, R. Walker; LECTURER W. Weismantel; Assistant Dean H. Geer; Director of Institute of Public Law and Services R. Sawyer.

Note: Some courses may not be offered in certain years. An offering sheet and class schedule for a particular year may be obtained from the law school.

FIRST YEAR COURSES

#500. Historical Introduction to the Legal System. (2)

#501. Constitutional Law I. (2)

Nature and scope of judicial review; the federal system; national legislative powers; limitations on governmental power for the protection of persons accused of crime.

#502. Contracts and Agency I. (3)

Promises and consideration—the bargain; fairness, duress, and mistake.

#503. Contracts and Agency II. (3)

Supervening events, default as an excuse, damages; an introduction to multiple-party transactions; express, implied, and apparent authority of agent.

#504. Criminal Law. (3)

Criminal law viewed as a means for the prevention of criminal behavior.

#505. International Law I. (3)

A study of the nature and sources of international law and its application to problems relating to international agreements, membership in the international community, nationality, jurisdiction, state responsibility, and force and war.

#506. Legal Research and Writing. [Legal Research] (1)

Materials and methods of legal research.

#507. Moot Court. (1)

#508. Property I. (3)

Personal property; "original" ownership; the evolution of interests in real property, briefly treating feudalism and tenure, freehold estates, future interests, and concurrent ownership; leases.

#509. Property II. (3)

Sales of land, including the real estate contract, the deed, the recording system, and methods of title assurance; the use of land, including easements and licenses, real covenants, and related public controls of land use.

Required.

- #510. **Torts and Master-Servant I.** (3)
Tort law examined as a means for compensating harms, discouraging substandard behavior, and allocating losses.
- #511. **Torts and Master-Servant II.** (3)
Continuation of Torts and Master-Servant I.
- #512. **Civil Procedure I.** (3)
The fundamentals of procedure in litigation from the commencement of an action through appeal, with particular emphasis on procedural devices for raising issues of substantive law.
587. **Introduction to Law.** (3)
Emphasis on the legislative process.

SECOND AND THIRD YEAR COURSES

Commercial Law

520. **Business Associations I.** (3)
The fundamental course in business organizations and their operation. Major emphasis will be placed upon the closed corporation and partnerships.++
521. **Business Associations II.** (3)
Financing business associations; introduction to securities regulation; distributions; mergers; sales of assets; consolidation; and amendment of charters and other basic agreements. Major emphasis on publicly owned corporations. Prerequisite: 520.
522. **Commercial Transactions I.** (3)
Problems of sales, commercial paper, and security interests in personal property.
523. **Commercial Transactions II.** (2)
Continuation of 522.
528. **Creditors' Rights.** (3)
Enforcement of judgments, fraudulent conveyances, general assignments, creditors' agreements, bankruptcy, and arrangements.++
558. **Contracts III.** (3)
A study of particular transactions: building contracts, shopping center leases, selling transactions, fraudulent transfers and related matters, procurement contracts.
581. **Insurance.** (3)
The insurance contract.

Procedure

516. **Civil Procedure II.** (3)
An examination of selected topics, including multi-party litigation, the right to a jury trial, former adjudication, and personal and subject matter jurisdiction. A brief survey of the development of legal and equitable remedies. The law governing actions in the federal courts.++
517. **Trial Practice Workshop.** (1)
Prerequisite: 532.
529. **Criminal Procedure.** (2)
Administration of the criminal process, including legal control of police practices, and procedure before, during, and after trial in the light of constitutional requirements.
531. **Remedies. [Equitable Remedies]** (3)
Introduction to the forms of judicial remedies, principles governing their scope and availability, and consideration of grounds for choosing between alternative remedies; includes general principles of damages, restitution and equitable remedies with special emphasis on misappropriation of money, diversion of trade, mistake and injuries to personality.
532. **Evidence.** (3)
A study of the rules of evidence.
552. **Federal Jurisdiction.** (3)
Federal judicial power; applicable law in the federal courts; the original jurisdiction of the United States District Court; venue and process; jurisdiction and procedure of the United States Court of Appeals; jurisdiction of the Supreme Court.++
563. **National Moot Court Competition.** (2)++

- # Required.
+ Second year only.
++ Third year only.

Property

524. Community Property. (1)

The New Mexico community property system, and its relationship to common law property rights. +

544. Oil and Gas Law. (3)

Major emphasis on the oil and gas lease; selected additional materials, at instructor's discretion, on conservation of natural resources, taxation of mineral interests, solid mineral mining, and the public domain. ++

547. Water Law. (2)

Western law of surface and ground water with emphasis on New Mexico administrative procedures; the problems of federalism as they affect water rights.

554. Wills and Future Interests. (3)

A detailed study of the legal devices used to provide for successive enjoyment of family property—future interests and powers of appointment—and their characteristic problems. Special emphasis on construction of dispositive provisions in deeds and wills as a prelude to estate planning and drafting. +

557. Trusts. (2)

The nature, creation and termination of trusts; the rights of the beneficiary; the duties and liabilities of the fiduciary; problems of trust administration, including charitable trusts. +

578. Real Estate Transactions. (3)

Public Law

515. Employee's Rights. (2)

Workmen's compensation and federal wage and hour legislation.

518. Administrative Law. (3)

The system of legal control exercised by administering agencies other than the courts.

525. Conflict of Laws. (3)

The concepts of domicile and jurisdiction of courts; the effect of foreign judgments; and the law applied to torts, contracts, and status. ++

526. Constitutional Law II. (3)

State power to regulate and to tax; intergovernmental immunities; limitations on governmental power for the protection of economic and property interests; freedom of expression and association; freedom of religion; equal protection of law. +

535. Food and Drug Law. (2)

A study of the Federal Food, Drug, and Cosmetic Act, and of the work of the Federal Trade Commission in connection with false advertising of food, drugs, and cosmetics. ++

537. Labor Law. (3)

Historical introduction; the negotiation and administration of the collective bargaining agreement; the establishment of the collective bargaining relationship; recourse to economic weapons; the individual and the union. ++

542. Legal Process. (3)

An examination of the main institutions and processes of the American legal system in the perspective of their everyday working interrelationships. Particular attention is given to legislative jurisdiction and to problems of statutory interpretation.

546. Antitrust Law. (3)

Restraints of trade and monopoly at common law and under the federal antitrust laws, including the Sherman Act, Federal Trade Commission Act, and Clayton Act. ++

548. Legislation. (2)

Legislative process and roles of participants; the forming of legislative policy and law-making.

556. Local Government. (3)

Municipal corporations, counties, special units of local government, and problems relating thereto such as organization, procedures in legislative and other functions, responsibility in tort and contract, finance, and relationships with the state and national government.

+ Second year only.

++ Third year only.

Taxation

- 527. Business Planning. (3)**
A combination of advanced work in Business Associations and Federal Income Taxation in the context of business planning and counseling. Prerequisites: 520, 534. ++
- 530. Estate, Gift, and Inheritance Taxation. (2)**
Federal taxation of property transfer, both inter vivos and testamentary. Prerequisite: 534.
- 534. Federal Income Taxation. (4)**
Income taxation of individual and business taxpayers including items of income, deductions, exemptions, credits; the splitting of income among taxpayers; capital gains and losses; tax practice and procedure; accounting and income taxation; and an introduction to partnership trust, and corporate income taxation. +
- 536. State and Local Taxation. (2)**
Survey of taxation on the state and local level including problems of jurisdiction to tax, taxation of multi-state businesses, ad valorem property taxes, sales and use taxes, gross receipts taxes, income taxes, and immunities from taxation. The student will work with the New Mexico Statutes or, if he prefers, the statutes of another state of his own choosing.
- 545. Estate Planning. (2)**
The criteria for selecting one or another of the available methods of disposition of property, with particular emphasis upon federal income, estate and gift tax consequences. Prerequisites: 530, 534, 554, 557. ++
- 551. Corporation Tax. (2)**
Federal income taxation of corporations and shareholders, including definition of corporation, organization of corporation, dividend distributions, redemptions, liquidations, and Subchapter S corporations. Prerequisite: 534.

Family Law

- 533. Family Law. (3)**
Marriage, separation, and divorce; economic relations as between husband and wife, parent and child.

Law and Poverty

- #541. Legal Aid. (0)**
Service in the office of the Legal Aid Society of Albuquerque and in neighborhood centers three hours each week during one semester. Required of all senior students.

- 570. Law of the Poor. (2)**

Professional Skills and Functions

- 538-539 Law Journal. (1, 1)**
(See 568-569)

- 540. Legal Accounting. (2)**
A critical examination of selected issues relating to generally accepted accounting principles and an introduction to corporate financial problems. Emphasis throughout will be laid on the legal contexts in which the lawyer is likely to confront accounting problems.

- 543. Legal Writing. (2)**
Exercises and drills in legal writing and methods to be done independently by each student. Prerequisite: 506 or equivalent. +

- #572. The Legal Profession. (3)**
The lawyer as counselor, advocate, citizen, and public servant, with emphasis on analysis of the nature of his professional responsibilities; contemporary problems of the organized bar. ++

- 568-569. Law Journal. (1, 1)**
Second-year students with superior academic records are selected to compete for positions as student editors of the **Natural Resources Journal**. During the course of their second year they must perform assigned editorial tasks and write two case comments of publishable quality. Upon successful completion of this work, they are elected to the editorial board and receive 2 credit hours for their work. During their third year as student editors they are assigned greater editorial responsibility under the immediate supervision of the Faculty Editor, and are also required to write one Law Note of publishable quality. Upon successful completion of their editorial duties, they receive an additional 2 hours of ungraded credit.

Required.

+ Second year only.

++ Third year only.

Seminars

- 549. Comparative Law. (2)
- 555. Jurisprudence. (2)
- 559. Research. (1)
- 560. Women and the Law. (2)
- 562. Special Research. (3)
- 571. Law and Psychiatry. (2)
- 573. Logic and Evaluation in the Law. (2)
- 574. Mining and Public Lands. (2)
- 576. Current Legal Problems. (2)
- 577. Legal Counseling. (2)
- 579. Juvenile Courts and Juvenile Delinquency. (2)
- 580. Law and Control of the Urban Environment. (2)
- 582. The Corporation and Society. (2)
(Also offered as B&AS 582.)
- 583. International Legal Problems. (2)
- 584. Indian Law. (2)
- 585. Law and Religion. (2)
- 586. Contracts. (2)
- 588. Contract in Public Law. (2)
- 590. Commercial Law. (2)

LINGUISTICS AND LANGUAGE PEDAGOGY

COORDINATING COMMITTEE: ASSOCIATE PROFESSOR B. Spolsky (Anthropology and Elementary Education), Chairman; PROFESSORS F. Chreist (Speech), M. Zintz (Elementary Education); ASSOCIATE PROFESSORS R. Pickett (English), B. Rigsby (Anthropology); ASSISTANT PROFESSORS G. Bills (Modern and Classical Languages), R. White (Secondary Education).

The Program in Linguistics and Language Pedagogy coordinates course offerings and degree programs in the field of linguistics. It does not control these courses or programs.

Undergraduates in Arts and Science interested in linguistics will usually do best to major in Anthropology, English, Modern Languages, or Speech. These departments include within their majors a number of courses in linguistics. By adding a minor in linguistics, a relatively strong concentration can be built up. Undergraduates in Elementary or Secondary Education might choose to minor in linguistics in order to fulfill New Mexico State certification requirements for Teachers of English to speakers of other languages.

Explanation of footnotes not indicated will be found on page 279.

MAJOR OR MINOR IN THE COLLEGE OF EDUCATION

For major or minor program leading to Certification to Teach English to Speakers of other languages and for minor in Teaching Reading in the Secondary Schools, see Department of Secondary Education in College of Education section.

For Composite Minor in Bilingual Education, see Department of Elementary Education in College of Education section.

MINOR IN THE COLLEGE OF ARTS AND SCIENCES

An introduction to linguistics (Linguistics 292, Anthropology 354, or English 492) and 15 hours selected from the following, although Coordinating Committee may approve others:

Anthropology 313, 317L, 359, 405, 418L, 446, 459; Education, Curriculum and Instruction 481, 482; Secondary Education 430, 436; English 403, 494; French 405, 440; German 405, 445; Spanish 441, 453; Philosophy 445; Speech 303, 315, 411, 430.

292. Introduction to the Study of Language. (3 or 4)

Students who enroll for 4 hours must complete work in weekly discussion group in addition to the 3 hours of lecture. <Fall, Spring>

***555. Seminar in Linguistics and Language Pedagogy. (1-3)‡** Newman, Rigsby, Spolsky, Springer

MATHEMATICS AND STATISTICS

PROFESSORS L. Koopmans (Chairman), J. Blum, D. Dubois¹, B. Epstein, R. Hildner (Adjunct Professor), E. Hille, A. Hillman, W. Kyner, D. Morrison (part-time), G. M. Wing, S. Zacks; **ASSOCIATE PROFESSORS** S. Bell, R. Cogburn (Visiting), R. DeMarr, R. Entringer, T. Guinn, R. Hersh¹, S. Kao, J. Lewis, E. Marchi, R. Metzler, I. Miller, M. Mitchell, P. Pathak, L. Shampine, A. Steger, W. Zimmer; **ASSISTANT PROFESSORS** R. Allen, A. Carasso, J. Davis, H. T. Davis, J. Derr, G. Efroymsen, J. Ellison, J. Gevirtz, A. Gibson, R. Griego, L. Hahn, J. Loustaunau, C. Onneweer, C. Qualls; **INSTRUCTOR** R. Grassl; and new appointments to be made.

Explanation of footnotes not indicated will be found on page 279.

For students planning to take mathematics courses at the University, the Department of Mathematics and Statistics recommends that at least two years of algebra and one year of geometry be taken in high school. More advanced courses, in particular trigonometry, would be especially desirable for students who plan to take calculus.

MAJOR STUDY

264, 265 and 21 hours in courses numbered above 300, approved by the Mathematics Department. Undergraduates who intend to continue on toward a graduate degree in mathematics are advised to take courses in at least one of the languages: French, German, Russian.

A student who wishes to enroll in any course requiring a prerequisite must earn a minimum grade of C in the prerequisite course.

DEPARTMENTAL HONORS

Undergraduates or prospective undergraduates who intend to continue their studies through the Ph.D. degree or who are interested in challenging problems (possibly including intercollegiate competition) should see the Chairman of the Department as early as possible for details of the Mathematics Honors Program.

COMBINED PROGRAM IN MATHEMATICS AND ENGINEERING

Students interested in the fields of computer design, guided missiles, electronics, or aeronautics are advised to take one of the following engineering minors:

Minor in Electrical Engineering: EE 203, 211, 206L, 311, 321, 361; plus 2 courses selected from EE 312, 362 and 322, 421, 431.

Minor in Mechanical Engineering: CE 202L, 302, ME 206L, 301, 317, plus 2 courses selected from ME 302, 314L, 318L, 320, and 357L.

MINOR STUDY

264, 265 and 6 hours in courses numbered above 300. A student who wishes to enroll in any course requiring a prerequisite must earn a minimum grade of C in the prerequisite course.

I. INTRODUCTORY COURSES

- 010. Arithmetic for College Students.** [Intermediate Algebra] (0)
Number system, common and decimal fractions with their applications, measurements associated with geometric figures, variables and equations. Special fee of \$20.00 is charged. <Summer, Fall, Spring>
- 020. Basic Algebra.** (0)
Functions, equations, inequalities, graphing and related topics in elementary algebra. Special fee of \$20.00 is charged. <Summer, Fall, Spring>
- 030. Elementary Algebra.** (0)
(Offered at Los Alamos Graduate Center only) Ten weeks of remedial high school algebra plus six weeks of college algebra.
- 101. Mathematics, A Survey of the Art.** (3)
This course is intended to introduce the student to some of the great ideas of Modern Mathematics and their impact on our civilization. There are no formal prerequisites but the course will be challenging and at the same time rewarding. <Offered upon demand>
- 121. Elementary Mathematics.** (4)
Topics in algebra, elementary functions, the concepts of differential and integral calculus. Designed for students in Business Administration and Social Sciences, and others who do not intend to study calculus intensively. Prerequisite: 020 or an adequate ACT score in Mathematics. <Summer, Fall, Spring>
- 122. Introduction to Finite Mathematics.** (4)
Mathematical models and their interpretations; game and decision theory; linear and dynamic programming; elementary probability and Markov chains. Prerequisite: one of 121, 150, 162, or 180. <Fall, Spring>
- 130. Algebra and Trigonometry.** (3)
(Offered at Los Alamos Graduate Center only) Algebra of the basic number system, algebraic and trigonometric functions and applications. Prerequisite: 030 or permission of instructor.
- 150-151. Algebra, Trigonometry, and Calculus.** [Introduction to Elementary Analysis] (4, 4)
The two semesters cover the same material as Math 162 in a more detailed fashion plus extra work in trigonometry. Assignments in 151 require use of the computing laboratory. <Summer, Fall, Spring>
- 162-163. Introduction to Analysis.** (4, 4)
Algebra and trigonometry. Differential and integral calculus, exponentials and logarithms, and techniques of integration. Assignments require use of the computing laboratory. Prerequisite to 163 is 162 or 151. <Summer, Fall, Spring>
- 180-181. Mathematical Analysis for the Social and Biological Sciences.** (3, 3)
Review of algebra and trigonometry; number systems; coordinating geometry; survey of differential and integral calculus of one and several variables. <180-Fall, 181-Spring>
- 241-242. Elementary Probability and Statistics.** (3, 3)
An elementary pre-calculus development of the principles and methods of probability and statistics. Prerequisite: one of 121, 150, 162, or 180. 241 or 341 prerequisite for 242. <241-Fall, 242-Spring>
- 264-265. Calculus with Coordinate Geometry.** (4, 4)
Taylor polynomials, infinite sequences and series, vector algebra, and quadric surfaces. Vector valued functions, partial derivatives, and multiple integrals. Assignments require use of the computing laboratory. Prerequisite: 163. <Summer, Fall, Spring>
- 271. Introduction to Fortran Programming.** (0)
This non-credit course is designed to provide the facility with programming needed in those mathematics courses using it as a tool. Normally meets 3 times a week for six weeks. <Fall, Spring>
- 275. Algorithms, Computation and Mathematics.** (3)
An elementary introduction to computing science. The objective of the course is an understanding of the relationship between mathematics, computing, and problem solving. Pre- or corequisite: 121 or 150 or 162 or 180. <Fall>

276. Introduction to Data Structures. (3)

Lists, arrays, and strings. Machine language instruction, sub-routines and relative addressing. In-pu-t and out-put processing. Prerequisite: 275. <Spring>

II. COURSES FOR TEACHERS AND EDUCATION STUDENTS

The following courses are intended primarily for undergraduate and graduate students in the College of Education, for others seeking teaching certification, and for participants in Teacher's Institutes. Other persons may be admitted to these courses by permission of the Department Chairman.

111. Arithmetic for Elementary School Teachers. (3)

The intuitive and logical background of arithmetic; drill in fundamental operations; algorithms of arithmetic in base ten and other bases; problem solving. <Summer, Fall, Spring>

112. [212] Structure of Arithmetic. (3)

Properties of natural numbers, integers, and rationals and operations therewith; decimal representations and the reals; measurement. Prerequisite: 111 or equivalent; satisfactory score on math section of ACT. (See curriculum in Elem Educ, p. 205) <Summer, Fall, Spring>

200. Fundamental Concepts of Mathematics. (3)

Survey of elementary logic, algebra, trigonometry, analytic geometry, and calculus stressing fundamental concepts and applications. <Offered upon demand>

211. Foundations of Elementary Mathematics. (2)

Topics from elementary arithmetic, algebra, and geometry designed for the in-service teacher. <Offered upon demand>

§213. Elementary Algebra from a Modern Viewpoint. (3)

Algebraic systems; axiomatic approach to the real number system; functions. <Fall>

§214. Elementary Geometry from a Modern Viewpoint. (3)

Ideas of intuitive geometry; concepts of informal geometry with attention to precise terminology. <Spring>

¶300. Vector Geometry. (3)

A vector treatment of lines, planes, curves, and surfaces. <Offered upon demand>

¶301. Introductory Analysis I. (3)

Functions, limits, and derivatives with applications. <Offered upon demand>

¶302. Introductory Analysis II. (3)

Definite integrals with applications. <Offered upon demand>

¶303. Sequences and Series. (3)

Convergence and error analysis for sequences and series. Prerequisite: 302. <Offered upon demand>

¶304. Foundation of Secondary Mathematics. (3)

Sets, Boolean algebras, applications to logic. <Offered upon demand>

¶305. History of Mathematics. (3)

A survey of the history of elementary mathematics. Prerequisite: 265 or equivalent. <Offered upon demand>

¶306-307. Topics in Geometry. (3, 3)

Geometric transformations, convex sets, intuitive topology. <Offered upon demand>

¶308. Topics in Higher Algebra. (3)

Theory of equations and algebraic structures; problem solving techniques. <Offered upon demand>

¶309-310. Applications of Mathematics. (3-5, 3)

Introduction to programming, computer-oriented mathematics, and topics in numerical analysis. <Offered upon demand>

¶ These courses are available for graduate credit for the degree of Master of Arts in Secondary Education, Master of Arts in Teaching Mathematics, and Master of Arts in Teaching Science.

§ Math 213 and 214 may be used in place of Math 111 and 112 to satisfy Elementary Education requirements. (See curriculum, p. 205)

III. UPPER LEVEL UNDERGRADUATE COURSES

- **311. Engineering Mathematics. (3)**
Vector algebra and calculus; ordinary differential equations. Prerequisite: 265. <Summer, Fall, Spring>
- **312. Advanced Engineering Mathematics I. (3)**
Infinite sequences and series of functions; uniform convergence; Taylor and Fourier expansions with applications to ordinary and partial differential equations; special functions. Prerequisite: 311. <Summer, Fall, Spring>
- **313. Advanced Engineering Mathematics II. (3)**
Theory of functions of a complex variable with applications to physical and engineering problems. Prerequisite: 311. <Summer, Fall, Spring>
- **314. Linear Algebra with Applications. (3)**
Effective solution of systems of linear equations. Eigenvalues and eigenfunctions of symmetric linear operators. Applications to problems in the physical and social sciences. Prerequisite: 1 year elementary calculus. <Summer, Fall, Spring>
- **315. Generalized Functions and Operational Methods. (3)**
Theory of integral transforms and generalized functions, with applications to differential and integral equations arising in engineering and mathematical physics. Prerequisite: 313. <Offered upon demand>
- **318. Combinatorial Analysis. (3)**
Permutations, combinations, recurrence relations, generating functions, enumeration techniques, and graph theory. <Offered upon demand>
- **319-320. Theory of Numbers. (3, 3)**
Divisibility, congruences, primitive roots, quadratic residues, diophantine equations, continued fractions, partitions, number theoretic functions. <319-Fall, 320-Spring>
- **321. Linear Algebra. [Introduction to Higher Algebra] (4)**
Linear transformations, matrices. Canonical forms. Spectral theorems in inner product spaces. (Content expanded from 322 as offered before 1970-71). <Summer, Fall, Spring>
- **322. Abstract Algebra. [Introduction to Higher Algebra] (3)**
Groups and rings, homomorphisms, permutation groups, quotient structures, ideal theory. Prerequisite: 321 or permission of instructor. (Same content as 321 offered before 1970). <Summer, Fall, Spring>
- **331-332. Survey of Geometry. (3, 3)**
Topics from affine, projective, Euclidean, and hyperbolic geometries. <Offered upon demand>
- **345-346. Statistical Methodology. [Statistics for the Sciences and Engineering] (3, 3)**
Brief introduction to probability. Estimation, tests of hypotheses, sampling methods, non-parametric methods, regression, analysis of variance, and applications. Prerequisite: One year of elementary calculus. <345-Summer, Fall, Spring; 346-Spring>
- 351-352. Undergraduate Honors Seminar. (1-3 hrs. each semester)**
The use of induction, analogy, generalization, specialization, and other techniques in solving mathematical problems. Permission of instructor required. May be repeated for credit with permission of instructor. <351-Fall, 352-Spring>
- **361-362. Advanced Calculus. (3, 3)**
A rigorous development of the differential and integral calculus of functions of one and several real variables. <361-Fall, 362-Spring>
- *415. Foundations of Mathematics. (3)**
Peano axioms; ordinal and cardinal numbers, axiom of choice. <Offered upon demand>
- *421. Theory of Fields. (3)**
Galois theory of algebraic field extensions. Transcendental extensions. Prerequisite: 321, 322. <Offered upon demand>
- *431. Introduction to Topology. (3)**
Metric spaces, topological spaces, continuity, concepts used in analysis. Prerequisite: 361. <Fall>
- *434. Introduction to Differential Geometry. (3)**
Differential geometry of curves and surfaces in Euclidean 3-space. Prerequisite: 361-362. <Offered upon demand>

** Available for graduate work in fields other than Mathematics.

- *441. [341] **Probability and Its Applications.** [Probability Theory] (3)
Mathematical models for random experiments, random variables, expectation. The common probability distributions and some of their applications. Joint distributions, conditional probability and independence. Laws of large numbers, the central limit theorem and a brief introduction to stochastic processes. Prerequisite: Two years of calculus or 345-346. <Fall>
- *442. [441] **Applied Stochastic Processes.** [Stochastic Processes for the Physical Sciences] (3)
Markov chains and Markov processes. Stationary processes and harmonic analysis. Applications of importance in the physical and biological sciences and engineering. Prerequisite: 441 or equivalent. <Spring>
- *443. [343] **Statistical Distributions.** [Mathematical Statistics] (3)
Univariate and multivariate distributions, moments, moment inequalities, transformations. Characteristic functions, generating functions. Special distributions. The multivariate normal distribution. Distribution of quadratic forms. Distribution of order statistics. Characterizations of distributions including the moment problem. Prerequisite: 441, 314 or permission of Instructor. <Fall>
- *444. [344] **Statistical Inference.** [Mathematical Statistics] (3)
General concepts of estimation, hypothesis testing and the general statistical decision problem. Minimum risk unbiased, maximum likelihood, Bayes, and minimax estimation; admissibility. The power of tests. Confidence and tolerance intervals. Prerequisite: 443. <Spring>
- *445. **Linear Models and Their Applications.** (3)
Linear estimation. Gauss-Markov theorem. Generalized least squares estimators. Theory of estimable functions. Tests of linear hypotheses. Confidence ellipsoid. Geometrical interpretations. Computer programs. Computing laboratory and application of theory. Prerequisite: 443. <Offered upon demand>
- *446. **Sampling Theory and Practice.** (3)
Methods of Sample selection: random and systematic samples, stratified and multi-stage sampling. Allocation principles and use of supplementary information. Sampling and non-sampling error. Design and execution of survey data. Computer utilization and a sampling project. Prerequisite: 346 or permission of instructor. <Offered upon demand>
- *447. **Methods of Multivariate Analysis.** (3)
Properties of the multivariate normal and related distributions. Tests of hypothesis based on these distributions. Multivariate analysis of variance, discriminate analysis, principle components and factor analysis with applications. Prerequisite: 314, 346. <Offered upon demand>
- *448. **Non-Parametric Methods.** (3)
Statistical problems and their non-parametric solutions. Rank order tests, sign tests, chi-square tests, and Kolmogorov-Smirnov tests. Tolerance intervals and non-parametric estimation. Relative efficiency of non-parametric inference. Prerequisite: 444. <Offered upon demand>
- *449. **Topics in Probability and Statistics.** (3)†
- *461. **Functions of a Complex Variable.** (3)
Analytic functions, Cauchy theorem and consequences, conformal mapping. <Offered upon demand>
- *462. **Introduction to Ordinary Differential Equations.** (3)
Physical origins of differential equations, elementary methods of solution, existence theorems, series and asymptotic solutions, perturbation and numerical methods, phase-plane analysis, and elements of Sturm-Liouville theory. Prerequisite: permission of instructor. <Fall>
- *463. **Introduction to Partial Differential Equations.** (3)
Classification of second-order partial differential equations; properly posed problems; separation of variables, eigenfunctions, and Green's functions; brief survey of numerical methods and variational principles. Prerequisite: 462. <Spring>
- *464. **Applied Matrix Theory.** (3)
Determinants. Theory of Linear Equations. Matrix analysis of differential equations. Eigenvalues, eigenvectors, and canonical forms. Variational principles. Generalized inverses. Prerequisite: 314 or permission of instructor. <Offered upon demand>
- *472. **Fourier Series and Integrals.** (3)
Convergence and summability theory of trigonometric series; Bessel's and Parseval's relations; Fourier integrals and their inversion; expansions in series of orthogonal functions;

selected applications. Prerequisite: 361 or permission of instructor. <Offered upon demand>

***473-474. Integral Equations and Boundary Value Problems. (3, 3)**

Theory of integral equations, eigenfunction expansions, boundary-value problems, conversion into integral equations, variational methods, approximation methods. Prerequisite: 314 or 321; corequisite: 312 or 362. <473-Fall, 474-Spring>

***475-476. [476] Elements of Numerical Analysis. (3, 3)**

Theory and application of procedures for solving fundamental computational problems in mathematics including systems of linear equations, orthogonalization, interpolation, approximation, definite integrals, roots of nonlinear equations, ordinary differential equations. Prerequisites: Fundamentals of advanced calculus, systems of linear equations, ordinary differential equations. Corequisite: 271. <475-Fall, 476-Spring>

***481. Linear Spaces. (3)**

Linear spaces, normed linear spaces, Hilbert spaces, applications to differential and integral equations. Prerequisite: 431. <Offered upon demand>

***499. Individual Study. (1-3 hrs. per semester, to a maximum of 6)**

Guided study, under the supervision of a faculty member, of selected topics not covered in regular courses. Admission by approval of the Department Chairman.

IV. GRADUATE COURSES

Satisfactory completion of 321, 322 and 361-362, or evidence of equivalent preparation, is required for admission to any of the following courses.

***511-512. Analytic Number Theory. (3, 3)**

Prime number theorem, twin primes, Dirichlet's theorem, selected topics. <Offered upon demand>

***513-514. Algebraic Number Theory. (3, 3)**

Arithmetic in number fields, ideals, valuations; class field theory, Prerequisite: 322. <Offered upon demand>

***519. Selected Topics in Number Theory. (3)†**

***521-522. Modern Algebra. (3, 3)**

Topics in groups, rings and fields. Prerequisite: 421. <Offered upon demand>

***523-524. Abelian Groups. (3, 3)**

Structure of Abelian groups and modules over special rings. Homological and duality theorems. Prerequisite: 521. <Offered upon demand>

***525-526. Lattice Theory. (3, 3)**

Distributive, modular and orthomodular lattices, Boolean algebras. Lattice congruences, products and sums of lattices. Selected topics. Prerequisites: 521-522. <Offered upon demand>

***527-528. Theory of Rings. (3, 3)**

Ideal theory of commutative rings. Special types of rings, representation and structure theory. Prerequisites: 521-522. <Offered upon demand>

***529. Selected Topics in Algebra. (3)†**

***531-532. Topology. (3, 3)**

Convergence structures, uniform spaces, characterization theorems, selected topics. <531-Fall, 532-Spring>

***533-534. Algebraic Topology. (3, 3)**

Homology theory, fundamental theorem, cohomology theory, homotopy. <Offered upon demand>

***536. Differential Geometry. (3)**

Introduction to the theory of differential manifolds. <Offered upon demand>

***539. Selected Topics of Geometry and Topology. (3)†**

***541-542. Probability Theory. (3, 3)**

Measure theoretic foundations of probability. Characteristic functions. Independence and zero-one laws. Limit theorems: convergence of series, strong law of large numbers, law of the iterated logarithm, central limit theorems. Conditional expectation, martingales and convergence theorems. Prerequisite: 564. Recommended: 441. <541-Fall, 542-Spring>

- *543. **Advanced Statistical Inference I.** [Mathematical Statistics] (3)
Measure theoretic discussion of sufficient statistics. Minimal risk unbiased estimation, efficiency of unbiased estimators, large sample theory. Best asymptotically normal and maximum likelihood estimators. Bayes and minimax estimators. Equivariant estimators and admissibility. Prerequisite: 444, 564. Corequisite: 541. <Fall>
- *544. **Advanced Statistical Inference II.** [Mathematical Statistics] (3)
The Neyman-Pearson Theory of testing hypotheses: Uniformly most powerful unbiased, invariant tests. Monotone and Bayes procedures in the fixed sample case. Bayes sequential testing and the Wald SPRT. Prerequisite: 543. <Spring>
- *545-546. **Stochastic Processes.** (3, 3)
Structure theorems, martingales, Markov processes, stationary processes, selected topics. Prerequisites: 541-542. <Offered upon demand>
- *549. **Selected Topics in Probability and Statistics.** (3)†
- *551-552. **Problems.** (1-3 hrs. each semester)†
- *553. **Computer Evaluation of Mathematical Functions.** (3)
Develops the mathematical and computational tools for understanding and evaluating mathematical subroutines such as sin and tan and for devising subroutines for the less commonly available functions. Prerequisites: 475-476 or equivalent with permission of instructor. <Offered upon demand>
- *554. **Theory of Automata.** (3)
Finite State Machines and Turing machines. Minimal State Machines. Equivalence of states and machines. Semigroup structure. The Prime Decomposition theory of Krohn and Rhodes. Complexity in machines and semigroups. Regular events. Prerequisite: Permission of instructor. <Offered upon demand>
- *555. **Data Structures.** (3)
Lists, strings, arrays, tree structures, allocation, collection, multilinked structures, sorting, searching, data management. Prerequisites: EE 435 and 437, or equivalent, with permission of instructor. <Offered upon demand>
- *556. [566] **Algorithmic Languages and Compilers.** (3)
Concepts and properties of an algorithm, analysis of computational problems, and development of algorithms. Description of algebraic languages and techniques used in their compilation. Study of syntax semantics, ambiguities, procedures, replication, iteration, and recursion. <Offered upon demand>
- *557. [567] **Computational Mathematics.** (3)†
This course will vary from time to time depending upon demand and staff availability. Topics which may be covered are linear, dynamic, and integer programming, perturbation and asymptotic methods, Monte Carlo methods, computational methods for linear algebra, ordinary differential equations, partial differential equations, approximation theory, quadrature, roots of equations. <Offered upon demand>
- *561-562. **Functions of a Complex Variable.** (3, 3)
Analyticity, Cauchy theorem and formulas, Taylor and Laurent series, singularities and residues, conformal mapping, selected topics. <561-Fall, 562-Spring>
- *563-564. **Functions of a Real Variable, Measure, Integration.** (3, 3)
Functions of one and several real variables, measure theory, integration, function spaces. <563-Fall, 564-Spring>
- *565. **Harmonic Analysis.** [Classical Harmonic Analysis.] (3)
Fourier analysis on the circle, real line, and on compact and locally compact groups. Prerequisites: 562, 564, 581 (or consent of instructor). <Offered upon demand>
- *569. **Selected Topics in Analysis.** (3)†
- *571-572. **Ordinary Differential Equations.** (3, 3)
Existence and uniqueness theorems, linear systems, stability theory, asymptotic integration, topology of integral curves. Prerequisite: 462. Corequisites: 561, 563. <Offered upon demand>
- *573-574. **Partial Differential Equations.** (3, 3)
Equations of first order, classification of equations and systems, elliptic equations and introduction to potential theory, hyperbolic equations and systems, parabolic equations. Prerequisites: 473-474. <Offered upon demand>
- *575. **Calculus of Variations.** (3)
Classical theory, Euler-Lagrange equations, conditions for a minimum, Hamilton-Jacobi theory, direct methods, applications. Prerequisites: 473-474. <Offered upon demand>

***576. Approximation Theory. (3)**

Best approximation by polynomials and rational expressions. Linear positive polynomial operators. Degree of approximation. Interpolation. Algorithms. Corequisite: 563. Recommended: 581. <Offered upon demand>

***577-578. Integral Equations. (3, 3)**

Theories and applications of non-singular integral equations—Volterra, Fredholm, Hilbert-Schmidt. Estimation of eigenvalues. Singular value decomposition. Theory of completely continuous operators. Topics such as nonlinear, singular, and dual integral equations. Corequisites: 563, 581. <Offered upon demand>

579. Selected Topics in Applied Mathematics. (3)†**581-582. Functional Analysis. (3, 3)**

Linear transformations on Banach and Hilbert spaces, integral equations, spectral theory, semi-groups of operators, Banach algebras, topics in nonlinear analysis. Prerequisites: 563-564. Recommended: 473-474. <Offered upon demand>

***583. Linear Topological Spaces. (3)**

Locally convex spaces, separation axioms, duality, generalized functions. Prerequisite: 481. <Offered upon demand>

***584. Banach Algebras. [Banach Algebras and Spectral Theory] (3)**

Representation of commutative and non-commutative Banach algebras, abstract harmonic analysis, spectral decomposition of linear algebras. Prerequisites: 431, 481. Recommended: 531. <Offered upon demand>

589. Selected Topics in Functional Analysis. (3)†**619. Seminar in Number Theory. (1-3)†*****621-622. Theory of Groups. (3, 3)**

Permutation groups, free groups, Abelian groups, Sylow theorems, solvable, super solvable and nil-potent groups. Prerequisites: 521-522. <Offered upon demand>

***623-624. Multilinear and Homological Algebra. (3, 3)**

Tensor products, tensor and exterior algebras. Derived functors, homological dimension, cohomology theories. Prerequisites: 521-522. <Offered upon demand>

629. Seminar in Algebra. (1-3)†**631-632. Algebraic Geometry. (3, 3)**

General theory of places, algebraic varieties, absolute theory of varieties, products, projections, and correspondence, normal varieties, divisors and linear systems, differential forms. <Offered upon demand>

639. Seminar in Geometry and Topology. (1-3)†**649. Seminar in Probability and Statistics. (1-3)†*****650. Reading and Research. (1-6)†*****669. Seminar in Analysis. (1-3)†*****672. [Part of 673-674, Expanded] Advanced Numerical Analysis—Eigenvalues. (3)**

Develops modern procedures for solving the eigenvalue problem for symmetric and unsymmetric matrices. The technique of backward error analysis will be extensively employed. Prerequisites: 475-476 and a sound knowledge of the fundamentals of linear algebra. <Offered upon demand>

***673. [Part of 673-674, Expanded] Advanced Numerical Analysis—Ordinary Differential Equations. (3)**

Develops the theory of one-step, linear multistep and hybrid methods for the solution of ordinary differential equations. Practical stability criteria and techniques for estimating error will also be studied. Prerequisites: 475-476 and 462 or equivalent, with permission of instructor. <Offered upon demand>

***674. [Part of 673-674, Expanded] Advanced Numerical Analysis—Partial Differential Equations. (3)**

Finite difference approximations to pure initial value problems for systems of linear hyperbolic and parabolic equations and the Kreiss theory. Stability of mixed problems via energy estimates. The Gershgorin treatment of the Dirichlet problem for second order elliptic equations in the plane. Asymptotic formulas for the rate of convergence of iterative methods. Other topics if time permits. Prerequisites: 475-476, 463 and an acquaintance with the elementary principles of functional analysis in Banach spaces, or equivalent, with the consent of instructor.

***675-676. Differential Operators. (3, 3)**

Detailed study of linear ordinary differential operators and of various classes of linear partial differential operators, using methods of functional analysis. Prerequisite: 481, 473-474 or 573-574. Recommended: 581-582. <Offered upon demand>

***677. Applications of Mathematics to Computing Science. (3)**

The objective of the course is to apply mathematical tools, in particular, algebraic tools, to problems in computing science. Topics to be studied are finite automata, pattern recognition, theorem proving, information retrieval, and data communication. Mathematical tools to be studied and employed include groups of transformations, semi-groups and their ideals, in particular free semi-groups, graph theory and Galois fields. <Offered upon demand>

***679. Seminar in Applied Mathematics. (1-3)†**

***689. Seminar in Functional Analysis. (1-3)†.**

***699. Dissertation. (3-9 hrs. per semester)**

See the Graduate School Bulletin for total credit requirements.

MEDICAL SCIENCES

Anatomy

PROFESSORS A. J. Ladman (Chairman), L. M. Napolitano; ASSISTANT PROFESSORS S. E. Dietert, T. J. Leppi, F. Mora; INSTRUCTOR R. O. Kelley.

Biochemistry

PROFESSORS R. B. Loftfield (Chairman), F. N. LeBaron; ASSISTANT PROFESSORS A. C. Atencio, T. J. Scallen, L. F. Smith, G. Wild, B. M. Woodfin.

Epidemiology and Community Medicine

PROFESSOR R. O. Oseasohn (Chairman); ASSOCIATE PROFESSOR I. Miller; ASSISTANT PROFESSORS H. B. Brown, B. J. Eberle, S. S. Obenshain, A. E. Pressman; INSTRUCTOR N. L. Quenk; LECTURER M. S. K. Schwabach.

Medicine

PROFESSORS R. C. Williams, Jr. (Chairman); L. L. Conrad, R. H. Fitz, A. H. Greenhouse, D. H. Law IV, R. O. Oseasohn, E. R. Simon; ASSOCIATE PROFESSORS O. Appenzeller, W. A. Baxley, W. R. Hardy, A. L. Kisch, S. W. Thompson, R. Whang; ASSISTANT PROFESSORS H. B. Brown, C. J. Condon, R. P. Eaton, W. G. B. Graham, D. H. Gregory, E. L. Klingler, Jr., J. K. Leach, R. D. Lueker, R. P. Messner, G. S. Nakai, W. H. R. Nye, D. L. Palmer, R. S. Watts; INSTRUCTORS P. S. Avasthi, R. J. Cronin, A. D. Kellner, D. J. Klepper, G. Kronvall, W. P. Reed, N. H. Zeller; LECTURERS C. McKinney, D. R. McKinney.

Microbiology

PROFESSORS L. C. McLaren (Chairman), J. V. Scaletti, J. A. Ulrich; ASSOCIATE PROFESSOR S. Tokuda; ASSISTANT PROFESSORS T. I. Baker, C. E. Cords.

Neurology

PROFESSOR A. H. Greenhouse (Chairman); ASSOCIATE PROFESSORS O. Appenzeller, E. A. Liske, S. W. Thompson; ASSISTANT PROFESSORS E. M. Barnett, J. M. Bicknell, L. Garcia-Bunuel, R. N. Pesch, B. Porch, R. D. Snyder, L. K. Welch; INSTRUCTORS D. F. Archibald, J. A. Lewis.

Obstetrics/Gynecology

PROFESSORS R. A. Munsick (Chairman), E. A. Zimmermann; ASSOCIATE PROFESSOR H. Vorherr; ASSISTANT PROFESSOR P. A. Henderson.

Pathology

PROFESSORS R. E. Anderson (Chairman), R. S. Stone, J. A. Ulrich; ASSOCIATE PROFESSORS W. C. Black, W. R. Hardy, S. W. Jordan, G. M. Troup; ASSISTANT PROFESSORS J. E. Brinker, P. W. Day, C. R. Key, M. Kornfeld, L. L. Leonard, G. W. Long, T. S. McConnell, R. L. Sopher; INSTRUCTOR S. Weitzner; LECTURERS J. H. Meadows, L. A. Saxton.

Pediatrics

PROFESSOR E. A. Mortimer, Jr. (Chairman); ASSOCIATE PROFESSORS R. F. Castle, W. M. Michener; ASSISTANT PROFESSORS J. A. Browder, W. K. Castle, A. H. Cushing, G. Eisenberg, P. M. Mershon, S. S. Obenshain, R. D. Snyder, D. K. Worden; ADJUNCT ASSISTANT PROFESSOR S. M. Stark (Part-time); INSTRUCTORS V. Henderson, G. Nabavi, P. O. Rekstad; ADJUNCT INSTRUCTOR C. C. Geil⁴ (Part-time).

Pharmacology

PROFESSORS L. Beck (Chairman), T. Cooper⁴; ASSOCIATE PROFESSOR H. Vorherr; ASSISTANT PROFESSORS T. F. Burks, V. D. Jones, D. V. Priola; INSTRUCTOR C. T. Spalding; VISITING INSTRUCTOR D. G. Wyse.

Physiology

PROFESSORS S. Solomon (Chairman), A. Despopoulos; ASSISTANT PROFESSORS K. G. Kastella, M. Pollay, A. Ratner, G. K. Weiss; ADJUNCT ASSISTANT PROFESSOR J. Q. Koenig (Part-time).

Psychiatry

PROFESSOR R. A. Senescu (Chairman); ASSOCIATE PROFESSORS R. Kellner, J. Levy, L. M. Libo, B. K. Ruebush, W. W. Winslow; ASSISTANT PROFESSORS J. F. Carlin, A. Frank, L. Garcia-Bunuel, R. Gervais, S. I. Glover, D. T. Goates, J. R. Graham, C. Neighbor, G. D. Otis, A. T. Quenk, T. S. Schuster, R. L. Snyder, Jr., D. K. Worden; ADJUNCT ASSISTANT PROFESSORS T. P. Lowry (Part-time), W. Sears (Part-time); INSTRUCTORS R. Blachly, A. W. Curran, H. Diaz, B. G. Douglas, J. Harfl, R. J. McCarthy, L. J. Miller, S. R. Perls, L. Romero, A. R. Rustebakke, J. W. Sterling, E. T. Suazo, M. Urdaneta, E. M. Waldman, F. N. Webber; ADJUNCT INSTRUCTORS M. E. Springer (Part-time), L. R. Taylor (Part-time).

Radiology

PROFESSORS B. G. Brogdon (Chairman); ASSOCIATE PROFESSOR J. L. Howarth; ASSISTANT PROFESSORS R. J. Benjamin, C. F. Mueller, J. D. Shoop, J. L. Simon; INSTRUCTOR H. G. Pena; LECTURER G. H. Trovato.

Surgery

PROFESSORS T. Cooper⁴, W. S. Edwards, G. E. Omer, Jr.; ASSOCIATE PROFESSORS E. T. Peter (Chairman), J. R. Gay, I. E. Hendryson, L. E. Lamb, L. M. Overton, M. Pollay; ADJUNCT ASSOCIATE PROFESSORS R. A. Gooding (Part-time), J. K. Weaver (Part-time); ASSISTANT PROFESSORS L. H. W. Banowsky, W. R. Blakeley, R. J. Kaplan, L. H. Lackner, J. Mainzer, Jr., F. Mora, J. M. Shuck, D. E. Smith, A. W. Talley; ADJUNCT ASSISTANT PROFESSOR R. J. C. Brown (Part-time); INSTRUCTOR R. L. Fulton.

Explanation of footnotes not indicated will be found on page 279.

CLINICAL SCIENCE

504-505. Clinical Science I. (5, 5)

The basis for and methods of evaluating the patient as a human being. Lectures and seminars, practical demonstrations and experience.

530-531. Clinical Science II. (5, 5)

Continues to emphasize the development of the student's skills in evaluating the numerous factors which influence human behavior in health and disease. Further experience in history-taking and physical examination, coordinated with study of the disease process as it affects the various organ systems of the body. Prerequisites: 504-505.

556-557. Clinical Science III. (19, 19)

Will comprise experience with hospitalized and ambulatory patients in the major clinical disciplines. Students will be given increasing degrees of responsibility for patient care in the hospital setting under the direct supervision of faculty members. Prerequisites: 504-505, 530-531; Med Biol 500-501, 502L-503L, 526-527, 528L-529L.

560. Neurobiology; Surgical Sub-Specialties. [General Surgery] (16)

This quarter occupies the student's full time in two consecutive block periods of six weeks each. The Neurobiology portion is devoted to a clinical experience in neurology and in neurosurgery. During the period of assignment to surgery an opportunity is also included to participate in patient care activities in several of the surgical sub-specialties.

561. Clinical Science IV. (16)

The student may elect a sub-internship assignment on one of the several major clinical services in a medical school teaching hospital. During this quarter it is expected that the student will have immediate but supervised responsibility for patient care, will attend departmental and inter-departmental conferences, and occupy considerable time in self-instruction using the medical literature.

MEDICAL BIOLOGY***420. Biochemistry of the Nervous System. (2) LeBaron, Wild**

An intermediate level treatment of biochemical topics especially pertinent to the nervous system. These will include: Metabolism and function of transmitter substances; the basic biochemical processes occurring in nervous tissue; alterations in these processes which are associated with functional activity and with pathological states; and the biochemical bases of the effects of drugs on function of the nervous system. Prerequisite: one year college-level biology and one year college-level chemistry.

500-501. Medical Biology I. (13, 13)

A unified and interdisciplinary study of biological principles basic to medicine; selected pertinent material from Anatomy, Biochemistry, Physiology, Microbiology, Pathology, and Pharmacology; biological organization and function from the molecular through cell, tissue, organ system, and whole organism biology. Lectures and seminars. Prerequisites: Math 162; Chem 101L, 102L, 301, 302, 303L, 304L; Biol 101L, 102L; Physics 151, 152, 153L, 154L.

502L-503L. Medical Biology I Laboratory. (6, 6)

Laboratory experience designed to illustrate experimentally those biological principles being considered in 500-501. Prerequisites: same as for 500-501.

526-527. Medical Biology II. (11, 11)

A transdisciplinary study of biological principles, basic to the manifestations of disease in human beings; a unified approach utilizing pertinent material from Microbiology, Immunology, Pharmacology, Preventive Medicine, and Pathology; clinical aspects of disease commonly studied in introductory courses in Medicine, Obstetrics and Gynecology, Pediatrics, and Surgery; the interrelationships between altered structure and function are considered at the several levels of biological organization. Lectures and seminars. Prerequisites: 500-501, 502L-503L.

528L-529L. Medical Biology II Laboratory. (6, 6)

Laboratory experience designed to illustrate experimentally those biological principles being considered in 526 and 527. Prerequisites: 500-501, 502L-503L.

532-533. Elective Project and Tutorial. (2, 2)

Each student is required to develop, under faculty guidance, an independent scholarly project related to studies in progress during the semester.

552-553. Medical Biology III. (6, 6)

Will reinforce, in relation to clinical problems, the principles presented in Medical Biology I and II. Prerequisites: 500-501, 502L-503L, 526-527, 528L-529L.

562. Tutorial. (16)

During this quarter the student is assigned to a preceptor of his choosing. Together with his tutor, the student selects a topic of intensive study and is required to submit a critical manuscript on the designated topic. The student may supplement this study period by a laboratory or clinical experience complementary to his topical assignment.

563. Open Quarter. (16)

Considerable flexibility is permitted the student in his choice of activity during this quarter. Some students may choose to take a vacation for all or part of the time, perhaps utilizing the occasion to visit prospective internship situations. Others may use the quarter for research activity, additional clinical study, or in occasional instances, to make up scholastic deficiencies as may be required by the faculty.

***590-591. Medical Biology I. (3-13 hrs. each semester)**

Same content as 500-501, except that credit is variable and will be arranged with the instructors. Prerequisites: same as for 500-501.

***592L-593L. Medical Biology I Laboratory. (6, 6)**

Same content as 502L-503L. Prerequisites: same as for 500-501.

***594-595. Medical Biology II. (3-11 hrs. each semester)**

Same content as 526-527, except that credit is variable and will be arranged with the instructors. Prerequisites: 590-591, 592L-593L.

***596L-597L. Medical Biology II Laboratory. (1-6 hrs. each semester)**

Laboratory experience designed to illustrate experimentally those biological principles being considered in 594-595. Prerequisites: same as for 594-595.

***610L. Experimental Cytology. (3-6) Adamo, Dietert, Ladman, Leppi, Napolitano**

Detailed survey of cellular structure as related to function in a variety of tissues and species. Selected laboratory experience with fixatives and staining methods. Prerequisites: 590-591 or equivalents.

***611L. Fine Structure and Electron Microscopy. (6-12) Dietert, Ladman, Leppi, Napolitano**

A consideration of the ultrastructure of various cells and tissues as revealed by the electron microscope. A systematic examination of all the organelles with particular emphasis on the evolution of current thought of structure as related to function. In the laboratory, theory and instruction in the techniques basic to tissue processing, sectioning and use of the electron microscope. Some practical photographic techniques involved in data recording. Prerequisites: 590-591 and 610L or equivalent and approval of Anatomy Department Chairman.

***612L. Histochemistry and Cytochemistry. (4-6) Dietert, Ladman, Leppi, Napolitano**

An exposition of the theory and practice of methods used to elucidate chemical constituents and activities in cells and tissues. Consideration given to methods used in protein, lipid and carbohydrate localizations. Special emphasis directed towards enzyme localization and modification. Selected topics including radio-autography, differential centrifugation, and in vitro cell systems. In the laboratory, opportunities to have experience in several of these areas will be given. Prerequisites: 590-591 and 610L or equivalent.

***613. History of Anatomy. (1-2) Ladman**

A consideration of past and present workers and their impact on the substance of the Anatomical Discipline.

***618. Seminar in Anatomy. (1)**

Weekly or biweekly discussions of pertinent information in the current literature relative to selected topics in morphology.

***620. Advanced Biochemistry. (4)‡ LeBaron, Lofffield, Scallen, Smith**

An exhaustive treatment of one or two broad topics in Biochemistry, the subject being different each year and rotating in a 3- or 4-year cycle. Topics will include: Chemistry and Metabolism of Nucleic Acids and Proteins, Metabolic Control Mechanisms, Chemistry and Metabolism of Macromolecules, Chemistry and Metabolism of Carbohydrates and Complex Polysaccharides. Prerequisites: Chem 311-312 and either Chem 481-482 or Med Sci 590-591.

***621. Biochemistry of Proteins. (3)‡ Lofffield, Smith, Woodfin**

In alternate years the structure of proteins or the metabolism of proteins will be covered in depth. The former will cover the physical chemistry and ultrastructure of the protein molecules and determination of amino acid sequences. The alternate course will cover protein biosynthesis and breakdown and the interrelationships of protein synthesis and nucleic acid metabolism. Prerequisites: Chem 311-312 and either Chem 481-482 or Med Sci 590-591.

***622. Biochemistry of Phospholipids. (3) LeBaron**

A detailed discussion of the chemistry and metabolism of phospholipids, their interrelationships with other constituents in macromolecular complexes, their relationships to membranes, and their other possible functions. Prerequisites: Chem 323 or 481-482 or Med Sci 590-591.

***623. Biochemistry of Steroids. (3) Scallen**

Includes such topics as the isolation, proof of structure, chemical synthesis, stereochemistry and absolute configuration of important steroids; biosynthesis and metabolism of cholesterol, adrenal steroids, androgens and estrogens. Prerequisites: Chem 301-302; Chem 323 or 481 or Med Sci 590-591.

***631L. Introduction to Research Techniques in Microbiology. (2)‡**

Methods and techniques employed for research in microbial physiology, genetics, virology and immunology; includes independent literature review, laboratory experimentation, interpretation and expression of data in acceptable science writing form. Prerequisite: Approval of Microbiology Department Chairman.

***632. Advanced Microbiology. (3) Scaletti**

Chemical and physical properties of microorganisms; special staining; growth; influence of environment on growth, nutrition, enzymes and metabolism. Prerequisites: biochemistry, general microbiology or equivalent. (Offered in alternate years.)

- *633L. Advanced Microbial Physiology and Metabolism.** (4) Scaletti
Advanced treatment of microbial metabolic cycles, enzymes and energy-yielding reactions, electron transport systems in fermentation and oxidative processes; advanced metabolic methods for microbial enzyme studies. Prerequisites: biochemistry, general microbiology or equivalent. (Offered in alternate years.)
- *634. Biochemical Genetics.** (2-4)† Baker
Advanced treatment of genetics and molecular biology in microbial systems, a student participation course. Limited to 8 students. Prerequisites: Med Sci 590 or biochemistry; Introductory Genetics and Microbiology. (Offered in alternate years.)
- *635L. Immunochemistry.** (2-4)† Tokuda
Advanced treatment of the nature of antigens and antibodies; chemical basis of immunologic specificity; qualitative and quantitative aspects of antigen-antibody reactions; hypersensitivity; transplantation and tumor immunity. Prerequisites: biochemistry, general microbiology and permission of instructor. (Offered in alternate years.)
- *636. Advanced Virology.** (3) Cords, McLaren
Advanced treatment of the biology and biochemistry of bacterial and animal viruses. Prerequisites: biochemistry, immunology, virology or equivalent. (Offered in alternate years.)
- *637L. Virology Laboratory.** (2) Cords, McLaren
Research techniques related to virology. Prerequisites: biochemistry; pre- or corequisites: immunology and virology. (Offered in alternate years.) 6 hrs. lab.
- *638. Microbiology Seminar.** (1)
- *650. Translocations in Biological Systems.** (3)
Survey of mechanisms by which solutes and water move across membranes in biological systems. Theoretical basis of solute movement will first be considered followed by a detailed description of translocation in specific cells and tissues. Prerequisites: 590-591 or Biol 429L, 430L and permission of instructor; pre- or corequisite: Chem 311-312. <Fall 1971 and alternate years>
- *651. Integrative Functions of the Endocrine System.** (3) Despopoulos
Advanced seminar emphasizing interactions of the endocrine secretions in tissues of sex and reproduction, growth and intermediary metabolism. Prerequisites: 590-591 or equivalent and permission of instructor. <Fall 1971 and alternate years>
- *653. Renal Water and Electrolyte Metabolism.** (4) Physiology and Medicine Staffs
A comprehensive advanced treatment of nephron function followed by a treatment of gross aspects of water and electrolyte metabolism. Prerequisites: 590-591, or Biol 429L, 430L and permission of instructor. <Fall 1971 and alternate years>
- *658. Physiological Techniques.** (3-6)
The student works with individual members of the Physiology staff learning current research techniques. Prerequisites: 590-591 or Biol 429L, 430L.
- *659. Seminar in Physiology.** (2)
- *690. Research in Medical Sciences.** (2-6 hrs. per semester to a maximum of 12 hrs.)
- *695. Research.** (2-6 hrs. per semester to a maximum of 12 hrs.)
- *699. Dissertation.** (3-9 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.

MODERN AND CLASSICAL LANGUAGES

PROFESSORS W. H. Roberts (Chairman), J. Kolbert⁴, R. R. MacCurdy, D. A. McKenzie, M. R. Nason, S. R. Ulibarri; ASSOCIATE PROFESSORS C. M. Book, E. T. Book, P. H. Fernández, R. Halzapfel⁸ (Assistant Chairman), T. Halzapfel⁸, J. E. Tomlins², J. E. White; ASSISTANT PROFESSORS J. J. Bergen, G. D. Bills, R. Cobos, R. D. Herron, R. C. Jespersen, E. E. Lamadrid, P. Murphy, G. Peters, T. A. Sackett, D. B. Thompson; INSTRUCTORS A. V. Gilbert, L. J. Márquez, R. Welsh; PART-TIME INSTRUCTORS L. Hoshour, E. Robert, M. F. Sovereign.

Explanation of footnotes not indicated will be found on page 279.

GROUP REQUIREMENTS

Portuguese 396, Spanish 345 and 346, and courses in the Modern Languages Division are not accepted toward fulfillment of Foreign Language group requirements (Group II in the College of Arts and Sciences).

LANGUAGE LABORATORY

The Department operates a Language Laboratory where students in beginning languages and conversation and composition classes go for weekly exercises in pronunciation. Any student having special difficulties may be assigned work in the Laboratory. No extra credit is allowed for this work which is done chiefly in connection with regular courses.

PLACEMENT OF FRESHMEN

Students who have studied FRENCH or GERMAN in high school and who intend to continue the same language at the University are required to take a placement examination administered by the department. Students who have studied LATIN, RUSSIAN, or SPANISH in high school are not required to take a placement examination. Normally students with 2 years' high school credit in LATIN, RUSSIAN, or SPANISH who intend to continue the study of the same language will take a second (102) semester course; students with 3 years will take a third (251) semester course; students with 4 or more years will take a fourth (252) semester or higher course. However, a student is free to select his own level and may elect to take the beginning course (101) for credit. Students who wish to begin the study of ITALIAN or PORTUGUESE must have studied 6 hours of another Romance language or Latin (or the equivalent). Students should not plan on taking GREEK to satisfy the language requirement since the second year course is offered only when there is sufficient demand.

PERIOD MINOR

Students majoring in any foreign language may take the period minor described under COMPARATIVE LITERATURE offerings on p. 310.

MODERN LANGUAGES

No major or minor study offered.

292. Introduction to the Study of Language. (3 or 4)

(Same as Ling 292.) Students who enroll for 4 hours credit must complete work in weekly discussion group in addition to the 3 hours of lecture.

306. Introduction to the Study of Foreign Literatures. (3)

Designed to give students experience in the methods and techniques of literary criticism by means of exercises in various procedures of analysis. Recommended for all undergraduate majors in modern languages. Prerequisites: the intermediate courses or equivalent.

457. Special Topics in Modern Languages. (3)**515. Medieval Paleography. (1) White*****516. Old Provençal-Old Catalan. (3) White*****517. Comparative Romance Philology. (3) White*****518. Medieval Romance Lyric. (3) Tomlins, White**

Representative readings in medieval lyric poetry in French, Portuguese, Provençal, and Spanish, including an introduction to the Hispano-Arabic lyric. Prerequisite: Span 501 or French 501.

***555. Seminar in Linguistics and Language Pedagogy. (1-3) Newman, Rigsby, Spolsky, Springer**

(Same as Ling 555.) Selected topics. Prerequisite: permission of instructor. <Offered upon demand>

***580. Seminar in Modern Languages and Literatures. (3)**

(Also offered as Comp Lit 580.) Intradepartmental seminar to provide opportunity for study in literary or other topics which relate to more than one foreign language and culture.

CLASSICS**MAJOR STUDY**

15 hours of Latin in courses numbered above 250, including 251, 252, or 303, 304; 9 hours of Greek numbered above 250; History 313, 314; and Philosophy 201.

MINOR STUDY

Not offered.

COMPARATIVE LITERATURE

The major in Comparative Literature is an interdepartmental major administered jointly by the Department of English and the Department of Modern and Classical Languages. See p. 310.

FRENCH**MAJOR STUDY**

24 hours in French courses numbered above 290, including 301, 302, 351, 352, 405; and 2 years of college work in another foreign language (or reading knowledge).

MINOR STUDY

12 hours in French courses numbered above 290 including 301 or 302.

ELEMENTARY AND INTERMEDIATE COURSES—PLACEMENT

Students who have studied French in high school and who plan to continue it at the University are required to take a placement test administered by the department.

101-102. Elementary French. (3, 3) Yr. T. Book and Staff

Credit for 101 suspended until 102 (or more advanced course) is completed.

105. Basic French for Graduate Students. (3)

Fundamentals of French grammar. Accelerated course for students preparing to take graduate reading examination. Will not satisfy language requirement of College of Arts and Sciences. Undergraduates may not enroll without permission of instructor. <Fall Semester on demand>

106. Rapid Reading for Graduate Students. (3)

Continuation of French 105. Rapid Reading of French texts in the sciences and humanities. Will not satisfy language requirement of the College of Arts and Sciences. Undergraduates may not enroll without permission of instructor. <Spring Semester on demand>

251-252. Intermediate French. (3, 3) Murphy

Prerequisites: 101-102, or equivalent.

254. French Conversation and Composition. (3) Hoshour

Designed primarily to give qualified students of 251-252 extra practice in the oral use of the language; therefore, it is recommended that it be taken concurrently with 251 or 252. Enrollment limited to 15 students.

French 252 or the equivalent is prerequisite to all courses listed below, except 335.

***301-302. Advanced Composition and Conversation. (3, 3) C. Book, Hoshour, Kolbert, Murphy**

Prerequisite: 254 or the equivalent.

306. Introduction to the Study of Foreign Literatures. (3)

(Same as Mod Lang 306.)

***335. French Literature in Translation. (3) Kolbert, Murphy**

- *351-352. **Survey of French Literature.** (3, 3) C. Book, Murphy, White
351: Origins to 1800. 352: 1800 to present.
- *401. **French Stylistics and "Explication de Textes".** (3) C. Book, Kolbert
Required for the M.A. degree.
- *405. **French Phonology.** (3) T. Book
Phonetic and phonemic system of French. Required for the undergraduate major.
- *411. **French Poetry of the Renaissance.** (3) Kolbert
- *412. [470] **French Non-Poetic Literature of the Renaissance.** (3) Kolbert, Murphy
- *422. [410] **French Dramatic Literature of the Classical Period.** (3) White
- *423. [415] **French Non-Dramatic Literature of the Classical Period.** (3) White
- *431-432. [420] **French Literature of the 18th Century.** (3, 3) Murphy
431: Through 1750; 432: Since 1750.
- *440. **Teaching of French.** (3) T. Book
(Also offered as Sec Ed 440.) Prerequisite: Sec Ed 361. <Spring>
- *441. [430] **French Prose Fiction of the 19th Century.** (3) T. Book, Kolbert
- *442. [435] **French Dramatic Literature of the 19th Century.** (3) T. Book
- *451. [441] **French Prose of the 20th Century.** (3) T. Book, Kolbert
- *452. **French Dramatic Literature of the 20th Century.** (3) T. Book
- *460-461. [460] **Survey of French Poetry.** (3, 3) C. Book, Kolbert
460: Until 1800; 461: Since 1800.
- 497. **Undergraduate Problems.** (1 to a maximum of 4)
- 498. **Reading and Research for Honors.** (3)
Open to juniors and seniors approved by the Honors Committee.
- 499. **Honors Essay.** (3)
Open only to seniors enrolled for departmental honors.
- *501. **History of the French Language.** (3) White
Evolution of Latin to French with selected medieval readings. Required for the M.A. degree.
- *502. **Readings in Medieval French Literature.** (3) White
- *505. **Introduction to Research Methods.** (1) C. Book, T. Book, Kolbert
Resources available for research and how to use them. Required for the M.A. degree.
- *510. **History of French Literary Criticism.** (3) Kolbert
- *515. **Medieval Paleography.** (1) White
(Same as Mod Lang 515.)
- *516. **Old Provençal-Old Catalan.** (3) White
(Same as Mod Lang 516.)
- *517. **Comparative Romance Philology.** (3) White
(Same as Mod Lang 517.)
- *518. **Medieval Romance Lyric.** (3) Tomlins, White
(Same as Mod Lang 518.)
- *520. **French Thought.** (3) Murphy, White
- *521. **Parnassian and Symbolist Poetry.** (3) Kolbert
- *523. **Realism and Naturalism.** (3) T. Book, Kolbert
- *524. **Literature and Art in the 19th Century.** (3) C. Book
- *551. **Problems.** (1-6 hrs. per semester)
For M. A. candidates.
- *560. **Seminar in French Literature.** (3)‡
Topic may deal with individual authors, genres, or periods.
- *599. **Master's Thesis.** (1-6 hrs. per semester)
- *651. **Problems.** (1-6 hrs. per semester)
For Ph.D. candidates.
- *699. **Dissertation.** (3-9 hrs. per semester)
See the **Graduate School Bulletin** for total credit requirements.

GERMAN**MAJOR STUDY**

A student may select one of the following two options with the approval of the German adviser.

1. 33 hours in German courses above 300.
2. 27 hours in German courses above 300, and 2 years of college work in another foreign language (or reading knowledge).

MINOR STUDY

- 12 hours in German courses numbered above 300.

ELEMENTARY AND INTERMEDIATE COURSES—PLACEMENT

Students who have studied German in high school and who plan to continue it at the University are required to take a placement test administered by the department. This examination is for advisement only and no student will be forced to take a course for which he does not feel qualified. A student, if he so desires, may take the beginning course (101) for credit.

CHOICE OF READING OR ORAL EMPHASIS IN SECOND YEAR

Students have the choice in the second year of a reading or an oral emphasis. The completion of either 204 or 252 or 262 satisfies the foreign language requirement of the College of Arts and Sciences.

101-102. Elementary German. (3, 3) Yr. Jespersen

Credit for 101 suspended until 102 (or more advanced course) is completed.

105. Basic German for Graduate Students. (3)

Fundamentals of German grammar. Accelerated course for students who are interested in a reading knowledge of German. Will not satisfy language requirement of the College of Arts and Sciences. Undergraduates may not enroll without permission of instructor. <Fall>

106. Reading for Graduate Students. (3)

Continuation of German 105. Reading of German texts in the sciences and humanities. Will not satisfy language requirement of the College of Arts and Sciences. Undergraduates may not enroll without permission of instructor. <Spring>

203-204. Intermediate German—Oral Emphasis. (3, 3) Jespersen

Prerequisites: 101-102 or the equivalent.

251-252. Intermediate German—Reading Emphasis. (3, 3) R. Holzapfel, McKenzie, Welsh

Prerequisites: 101-102, or the equivalent.

254. German Conversation and Composition. (1-3)

For intermediate students who want to improve speaking and writing skills. It is recommended that it be taken concurrently with 203-204 or 251-252. May be repeated for up to three hours credit.

262. Scientific German. (3) McKenzie, Welsh

Prerequisite: 251 or equivalent.

General prerequisites for the following courses: German 204 or 252.

301-302. Advanced Conversation and Composition. (3, 3) Gilbert, Welsh*306. Introduction to the Study of Foreign Literatures. (3)**

(Same as Mod Lang 306.)

307. Introduction to German Literature. (3) R. Holzapfel

307 is a prerequisite for all literature courses listed below, except 336.

336. German Literature in Translation. (3) Holzapfel, Jespersen**345. German Civilization. (3) Welsh*****351-352. Survey of German Literature. (3, 3) R. Holzapfel, Jespersen**

- *401-402. **Contemporary Germany.** (3, 3) Peters
Development of language skills on an advanced level using cultural materials from contemporary Germany. Prerequisite: 302 or equivalent.
- *405. **German Phonology.** (3)
Phonetic and Phonemic system of German.
- *445. **Teaching of German.** (3)
(Also offered as Sec Ed 445.)
- *455. **Medieval and Renaissance Literature.** (3) McKenzie
- *460. **Classicism.** (3)
- *465. **Romanticism.** (3) Jespersen
- *470. **Realism and Naturalism.** (3) Jespersen
- *475. **Contemporary Literature.** (3) R. Holzapfel
- *477. **Modern German Drama.** (3) R. Holzapfel
- *480. **The "Novelle".** (3) Jespersen
- *485. **Lyric Poetry.** (3)
- 490. **Undergraduate Seminar.** (3) R. Holzapfel, Jespersen, McKenzie
- 497. **Undergraduate Problems.** (1 to a maximum of 4)
- *551. **Problems.** (1-6 hrs. per semester) R. Holzapfel, Jespersen, McKenzie

GREEK

MAJOR STUDY

Not offered.

MINOR STUDY

A minor may possibly be worked out if sufficient demand arises.

Students who contemplate attending a school of theology requiring an undergraduate degree should plan to take Greek 101 and 102 in the junior year and Greek 301 and 302 in the senior year.

- 101-102. **Elementary Greek.** (3, 3) Yr. Thompson, White
Preparation for work in Classical Greek or in New Testament Greek. **Credit suspended for 101 until 102 (or more advanced course) is completed.** (Alternates yearly with 301-302.)
- 301-302. **Classical Greek.** (3, 3) White
(Alternates yearly with 101-102.) Prerequisite: 102 or equivalent.
- *339. **Greek Drama in Translation.** (3) Thompson
- *342. **Greek Non-Dramatic Literature in Translation.** (3)
- 497. **Undergraduate Problems.** (1 to a maximum of 4)
- *551. **Problems.** (1-6 hrs. per semester)

ITALIAN

No major or minor study offered.

- 275-276. **Beginning Italian (Accelerated).** (3, 3)
Prerequisite: 6 hours (or equivalent) of another Romance language or Latin. (Offered in alternate years.)
- 295-296. **Advanced Italian.** (3, 3)
Prerequisite: 276 or equivalent.
- *475. **Dante.** (3) White
(Same as Comp Lit 475.)
- 497. **Undergraduate Problems.** (1 to a maximum of 4)

LATIN

MAJOR STUDY

Not offered.

MINOR STUDY

12 hours in courses numbered above 250.

ELEMENTARY AND INTERMEDIATE COURSES—PLACEMENT

Normally students with 2 years' high school credit in Latin will take the second (102) semester course; students with 3 years will take the third (251) semester course; students with 4 years will take the fourth (252) semester or higher course. However, a student may elect to take the beginning course (101) for credit.

101-102. Elementary Latin. (3, 3) Yr. Thompson

Credit for 101 suspended until 102 (or more advanced course) is completed.

251-252. Intermediate Latin. (3, 3) Thompson

Prerequisites: 101-102 or the equivalent.

*303-304. Readings in Latin Literature. (3, 3)††

Designed for students with 3 or 4 years of high school Latin or other students who are capable of work more advanced than Latin 251-252. The readings assigned may vary to fit the needs and interests of the students. Regular consultations with the instructor scheduled.

*340. Latin Literature in Translation. (3) Zavadił, Thompson

*351-352. Latin for Language Students. (3, 3) McKenzie

A comparative study of Latin and its relationship to modern languages for upper-division and graduate students; the reading of selected classical and medieval texts.

497. Undergraduate Problems. (1 to a maximum of 4)

*551. Problems. (1-6 hrs. each semester)

NAVAJO

101-102. Elementary Navajo. (3, 3)

Speaking ability developed through memorization of dialogue patterns, structure drills, and classroom contact with native speakers.

203-204. Intermediate Navajo. (3, 3)

Includes study of chants, legends, ceremonials, folklore, and music.

*311-312. Introduction to Navajo. (3, 3)

PORTUGUESE

MAJOR STUDY

30 hours in Portuguese courses including 301, 307, 6 hours of Portuguese literature, 12 hours of Brazilian literature, and 2 years college work in another foreign language (or reading knowledge).

MINOR STUDY

18 hours in Portuguese courses.

275-276. Beginning Portuguese (Accelerated). (3, 3)

Prerequisite: 6 hours (or equivalent) of another Romance language or Latin.

277-278. Portuguese Drill. (2, 2)

Corequisite: 275-276.

General prerequisites for the following courses: 301 and 307, or the equivalent. 307 may precede 301 in the student's schedule.

*301. Advanced Composition and Conversation. (3) <Fall, Spring>

306. Introduction to the Study of Foreign Literatures. (3)

(Same as Mod Lang 306.)

*307. Introductory Readings in Literature. [Introduction to Portuguese and Brazilian Literature]
(3) <Fall, Spring>

- *351. Survey of Portuguese Literature. (3) Herron, Tomlins
- *352. Contemporary Portuguese Literature. (3) Herron
- *357. Brazilian Poetry from the Colonial Period to Modernism. [Survey of Brazilian Literature] (3)
- *358. Brazilian Poetry from Modernism to the Present. [Contemporary Brazilian Literature] (3)
- *361. Brazilian Prose Fiction and Essay from Beginnings to Modernism. (3)
- *362. Brazilian Prose Fiction and Essay from Modernism to the Present. (3)
- *365. Camões and Gil Vicente. (3) Tomlins
- *396. Iberian History. (3)
(Same as Hist 396.)
- *421. Modern Brazilian Drama. (3)
- 497. Undergraduate Problems. (1 to a maximum of 4)
- *501. History of the Portuguese Language. (3)
Evolution of Latin to Portuguese with selected medieval readings. Required for the M.A. degree.
- *504. Seminar in Ibero-American Studies [Interdepartmental Seminar] (3) Dolkart, Floyd, Herron, T. Holzappel, Lieuwen, Nason, Tomlins
(Also offered as Hist, Ibero-Amer Studies, and Span 504.) History, literature, and institutions of Latin America. <Fall, Spring>
- *515. Medieval Paleography. (1) White
(Same as Mod Lang 515.)
- *516. Old Provençal-Old Catalan. (3) White
(Same as Mod Lang 516.)
- *517. Comparative Romance Philology. (3) White
(Same as Mod Lang 517.)
- *518. Medieval Romance Lyric. (3) Tomlins, White
(Same as Mod Lang 518.)
- *551. Problems. (1-6 hrs. per semester) Herron, Tomlins
For M.A. candidates.
- *560. Seminar in Portuguese Literature. (3)‡
Topic will deal with individual authors, genres, or periods.
- *570. Seminar in Brazilian Literature. (3)‡
Topic will deal with individual authors, genres, or periods.
- *599. Master's Thesis. (1-6 hrs. per semester)
- *651. Problems. (1-6 hrs. per semester) Herron, Tomlins
- *699. Dissertation. (3-9 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.

RUSSIAN

MAJOR STUDY

Not offered.

MINOR STUDY

18 hours in Russian courses numbered above 250, including Russian 254 and 307.

ELEMENTARY AND INTERMEDIATE COURSES—PLACEMENT

Normally the student with 2 years of high school Russian will take a second (102) or third (251) semester course; the student with 3 years will take the third (251) or the fourth (252) semester course. However, a student may elect to take the beginning course (101) for credit.

101-102. Elementary Russian. (3, 3) Yr.

Credit for 101 suspended until 102 (or more advanced course) is completed.

- 105. Basic Russian for Graduate Students. (3)**
Fundamentals of Russian Grammar. Accelerated course for students preparing to take graduate reading examination. Will not satisfy language requirement of the College of Arts and Sciences. Undergraduates may not enroll without permission of instructor. <Fall Semester on demand>
- 106. Rapid Reading for Graduate Students. (3)**
Continuation of Russian 105. Rapid reading of Russian texts in the sciences and humanities. Will not satisfy language requirement of the College of Arts and Sciences. Undergraduates may not enroll without permission of instructor. <Spring Semester on demand>
- 251-252. Intermediate Russian. (3, 3)**
Prerequisites: 101-102, or the equivalent.
- 254. Russian Conversation and Composition. (3)**
May be taken concurrently with 251 or 252.
- 306. Introduction to the Study of Foreign Literatures. (3)**
(Same as Mod Lang 306.)
- 307. Introduction to Russian Literature. (3)**
- *338. Russian Literature in Translation. (3) T. Holzapfel**
- *345. Russian Civilization. (3)**
Required for the major in Russian Studies.
- 497. Undergraduate Problems. (1 to a maximum of 4)**

SPANISH

MAJOR STUDY

24 hours in Spanish courses numbered above 290, including 301-302, 351-352, and 453; and 2 years of college work in another foreign language (or reading knowledge). (It is recommended that students who do not speak Spanish natively take 254 concurrently with 251 or 252.)

MINOR STUDY

12 hours in Spanish courses numbered above 290.

ELEMENTARY AND INTERMEDIATE COURSES—PLACEMENT

No placement examination is given to new students to assign them to Spanish classes. Normally students with 2 years' high school credit will take the second (102) semester course; students with 3 years will take the third (251) semester course; students with 4 or more years will take the fourth (252) semester or higher course. However, the student may elect to take the beginning course (101) for credit.

COURSES FOR SPANISH-SPEAKING STUDENTS

New Mexican students who speak Spanish natively and who have had less than 2 years of high school Spanish should take Spanish 112. Those who have had 2 or more years of high school Spanish should take Spanish 225 and/or 226. Students who take 225, 226 cannot receive credit for 251, 252, or 254. Spanish 112, 225, 226 are not designed for foreign students whose education has been in Spanish.

I. LANGUAGE

- 101-102. Elementary Spanish. (3, 3) Yr. Lamadrid and Staff**
Credit for 101 suspended until 102 (or more advanced course) is completed.
- 105. Basic Spanish for Graduate Students. (3)**
Fundamentals of Spanish grammar. Accelerated course for students preparing to take graduate reading examination. Will not satisfy language requirement of the College of Arts and Sciences. Undergraduates may not enroll without permission of instructor. <Fall Semester on demand>

106. **Rapid Reading for Graduate Students.** (3)
Continuation of Spanish 105. Rapid reading of Spanish texts in the sciences and humanities. Will not satisfy language requirement of the College of Arts and Sciences. Undergraduates may not enroll without permission of instructor. <Spring Semester on demand>
112. [201] **Español elemental para estudiantes de habla española.** (3) Márquez
Exercises in grammar and vocabulary building. For New Mexican Spanish-speaking students who have had less than 2 years of high school Spanish.
- 225-226. [255-256] **Español avanzado para estudiantes de habla española.** (3, 3) Cobos, Márquez
For New Mexican Spanish-speaking students who have had 2 or more years of high school Spanish or Spanish 112.
- 251-252. **Intermediate Spanish.** (3, 3) Lamadrid and Staff
251 and 252 offered every semester.
254. **Elementary Spanish Conversation.** (3)
Designed to give qualified students of intermediate Spanish extra practice in the oral use of the language. Enrollment limited to 15 students. Pre- or corequisite: 251 or 252.
- *301-302. **Advanced Composition and Conversation.** (3, 3) Cobos, Márquez
Prerequisite: 226, 252, 254 or the equivalent.
- *401. **Expository Writing.** (3) Fernández
A study of stylistics, text analysis, and critical writing in Spanish. Prerequisites: 301-302.

II. LINGUISTICS, PHILOLOGY, AND METHODOLOGY

- *303. **Patterns of Modern Spanish.** (3) Cobos, Lamadrid
A review of Spanish in terms of structural linguistics with oral pattern drills and written composition.
- *441. **Teaching of Spanish.** (3) Lamadrid
(Also offered as Sec Ed 441.) Prerequisite: Sec Ed 361. <Offered upon demand>
- *453. **Spanish Phonology.** (3)
Phonetic and phonemic system of Spanish.
- *501. **History of the Spanish Language.** (3)
Introduction to linguistics and study of the phonological, morphological and semantic evolution from Latin to Spanish; intensive reading of selected Old Spanish texts. Required of all candidates for a graduate degree.
- *515. **Medieval Paleography.** (1) White
(Same as Mod Lang 515.)
- *516. **Old Provençal-Old Catalan.** (3) White
(Same as Mod Lang 516.)
- *517. **Comparative Romance Philology.** (3) White
(Same as Mod Lang 517.)
- *540. **Seminar in the Language of Spain or Spanish America.** (3)† T. Holzapfel, Nason
Topic selected according to the specialization of the professor and of the students.
- *541. **Research Methods for Teachers.** (3) Lamadrid
- *554. **Spanish Linguistics: Theory and Application to Teaching.** (3) Lamadrid
Pre- or corequisite: 453.
- *556. **Proseminar in Problems of Language Instruction.** (3)† Lamadrid
Pre- or corequisites: 453 and 554.

III. LITERATURE

A. Peninsula Literature

292. **Introduction to Spanish Literature.** (3) Ulibarri
Prerequisites: 251-252, or the equivalent.

Spanish 292 or the equivalent is prerequisite for all literature courses listed below, except 337.

- *337. **Spanish Literature in Translation.** (3) MacCurdy
- *350. **Nineteenth Century Spanish Novel.** (3) Fernández, Sackett, Ulibarri
- *351-352. **Survey of Spanish Literature.** (3, 3) Fernández, MacCurdy

- *421. *Nineteenth Century Spanish Drama*. (3) Sackett
- *456. *Special Topics in Spanish Literature*. (3)‡
- *460. *Spanish Poetry*. (3) Ulibarri
- *461. *Contemporary Spanish Literature*. (3) Fernández
- *466. *Spanish Drama from the Beginning through the 17th Century*. (3) MacCurdy
- *475. *Cervantes: The Quijote*. (3) MacCurdy
A detailed analysis of the *Quijote* and treatment of its place in world literature.
- *476. *Cervantes: Other Works*. (3) MacCurdy
Works other than the *Quijote* with emphasis on the *Novelas Ejemplares* and the theatre.
- *502. *Proseminar in Medieval Spanish Genres*. (3) Tomlins
Readings in the epic (*El Cid*), hagiography (*Berceo*), lyric elements in didactic literature (*Sem Tob* and *Juan Ruiz*), chronicle (*Alfonso X*), and the lyric tradition of Hispano-Arabic, Galician-Portuguese, and Portuguese poetry. Prerequisite: 501.
- *507. *Seminar in the Spanish Novel*. (3) Fernández, Sackett
- *518. *Medieval Romance Lyric*. (3) Tomlins, White
(Same as Mod Lang 518.)
- *560. *Seminar in Spanish Literature*. (3)‡
Topic will deal with individual authors, genres, or periods.
- *565. *Seminar in the 20th Century Spanish Essay*. [Seminar in the 20th Century Essay] (3)
- *566. *Seminar in Golden Age Drama*. (3) MacCurdy
- *571. *Seminar in Spanish Poetry*. [Spanish Poetry] (3) Ulibarri
- *578. *Seminar: The Spanish Picaresque Novel*. (3) MacCurdy

B. Spanish American Literature

- *347. *Introduction to Spanish American Fiction*. (3) T. Holzapfel
- *357-358. *Survey of Spanish American Literature*. (3, 3) Nason, T. Holzapfel, Roberts
- *455. [465] *Special Topics in Spanish American Literature*. (3)‡
- *462. *Spanish American Theater*. (3) T. Holzapfel
- *463. *Modern Spanish American Poetry*. [Contemporary Spanish American Poetry] (3) Roberts
- *464. *Criollismo in Spanish American Literature*. (3) Nason
- *467. *Literature of the River Plate Region*. (3) Nason
- *504. *Seminar in Ibero-American Studies*. [Interdepartmental Seminar] (3)‡ Dolkart, Floyd, Herron, T. Holzapfel, Lieuwen, Nason, Tomlins
(Also offered as Hist, Ibero-Amer Studies, and Port 504.) History, literature, and institutions of Latin America. <Fall, Spring>
- *562. *The Modernist Movement in Spanish American Poetry*. (3) Roberts
- *563. *Seminar in 20th Century Spanish American Fiction*. (3)
- *564. *Seminar in Spanish American Essay*. (3)
- *567. *Seminar in Spanish American Literature*. (3)‡ Nason, T. Holzapfel
Intensive study of individual authors, specific genres, or periods. A new subject is normally given each semester, occasionally different topics are offered concurrently.

IV. CIVILIZATION AND FOLKLORE

- 296. *Highlights of Hispanic Culture*. (3) Cobos
- 297. *Southwestern Hispanic Folklore*. (3) Cobos
- *345. *Spanish Civilization*. [Hispanic Civilization] (2) Fernández, Ulibarri
- *346. *Ibero-American Civilization*. (3) Cobos
- *361. *Hispanic Folktales*. (3) Cobos
- *362. *Hispanic Folk Ballads and Songs*. (3) Cobos

V. GENERAL

- 306. *Introduction to the Study of Foreign Literatures*. (3)
(Same as Mod Lang 306.)
- 497. *Undergraduate Problems*. (1 to a maximum of 4)

498. **Reading and Research for Honors.** (3)
Open to juniors and seniors approved by the Honors Committee.
499. **Honors Essay.** (3)
Open only to seniors enrolled for departmental honors.
- *505. **Introduction to Research Methods.** (1) T. Holzapfel, Sackett
Required of all candidates for a graduate degree.
- *506. **Spanish Bibliography.** (1) MacCurdy, Sackett
Required of candidates for the Ph.D. degree.
- *551. **Problems.** (1-6 hrs. per semester)
For M.A. candidates.
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.
- *651. **Problems.** (1-6 hrs. per semester)
For Ph.D. candidates.
- *699. **Dissertation.** (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.

MUSIC

Chairman to be appointed; PROFESSORS J. Batcheller, K. Frederick, W. Keller, H. M. Miller, T. Philips, W. E. Rhoads, G. Robert, M. Schoenfeld; ASSOCIATE PROFESSORS L. Felberg, D. McRae, J. Snow; ASSISTANT PROFESSORS F. Bowen, J. de Keyser, A. Edwards, E. Ehly, W. Seymour, E. Waters, J. Whitlow; LECTURER W. Selby; PART-TIME LECTURERS R. Jannotta, W. Sharp; ARTIST-IN-RESIDENCE H. Garcia.

Applied Music faculty:

Piano	W. Keller, G. Robert, M. Schoenfeld, W. Seymour
Organ	W. T. Selby
Violin and Viola	K. Frederick, L. Felberg
Cello	J. de Keyser
Wind Instruments and Percussion	F. Bowen, E. Edwards, R. Jannotta, W. Rhoads W. Seymour, W. Sharp, J. Whitlow
Voice	E. Ehly, D. McRae, T. Philips, J. Snow
Classical Guitar	H. Garcia

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

For curricula leading to the Bachelor of Music, see pp. 247-249.
See following page for additional requirements.

MINOR STUDY IN MUSIC

College of Arts and Sciences: 20 hours including Music 105, 106, 107, 108, 6 hours selected from 139, 140, 371, 372, and 4 hours of applied music. (Minor in Music Education, see p. 214.)

PERIOD MINOR

For requirements, see Comparative Literature:

MINOR STUDY IN DANCE

20 hours, including Music 105 with 107, 139 or 140, 3 hours in drama elective, 8 hours in Music 259 and 359, and 2 hours of applied music. Students working toward a minor in dance are required to present a dance demonstration and to perform with the Dance Workshop.

ENSEMBLE

One credit hour represents from 2 to 4 hours a week of rehearsal.

Course numbers for ensemble music are: 143, 233, 241, 243.

Every undergraduate music major must participate in a major ensemble (band, chorus, or orchestra) during each semester of full time enrollment (12 or more hours), meeting the specific requirements listed below as a minimum.¶ Excess credits in ensemble music will not count toward a degree.

THEORY AND COMPOSITION CONCENTRATION

8 hours of ensemble, 2 of which must be in chorus

APPLIED MUSIC (PIANO OR ORGAN) CONCENTRATION

4 hours of ensemble, 2 of which must be in chorus

APPLIED MUSIC (INSTRUMENTAL OTHER THAN PIANO OR ORGAN) CONCENTRATION

8 hours of ensemble: wind and percussion majors take band; string majors take orchestra

APPLIED MUSIC (VOCAL) CONCENTRATION

8 hours of ensemble

APPLIED MUSIC (PEDAGOGY) CONCENTRATION

8 hours of ensemble (Piano or organ majors follow the requirements for the Applied Music concentration)

GENERAL (LIBERAL ARTS) CURRICULUM

4 hours of ensemble, 2 of which must be in chorus

MUSIC EDUCATION CURRICULUM

8 hours of ensemble (Piano or organ concentrates: 6 hours, all in chorus. Vocal concentrates take chorus; wind and percussion concentrates take band; string concentrates take orchestra.)

HISTORICAL MUSIC LITERATURE

Students may be required to attend listening periods of 1 to 3 hours each week at the option of the instructor.

The following courses come under the heading of "Historical Music Literature": 271, 272, 273, 274, 311, 312, 375, 411, 412, 449, 476, 477, 478, 479, 493.

APPLIED MUSIC

Applied music is offered in the following areas: piano, voice, string instruments, wind instruments, percussion, organ, and classical guitar. Students should consult the appropriate advisers before enrolling for applied music.

Students intending to register for Applied Music must file a teacher assignment card in the Department of Music office prior to the beginning of the registration period each semester.

Students studying Applied Music may be required to perform before a faculty jury for grading and course number assignment at the conclusion of each semester of study.

Applied Music courses may be repeated upon recommendation of the faculty.

In Applied Music, the Department offers degree courses, and also secondary courses for students desiring a cultural background in music. The student may continue these courses through 4 years. The degree courses are 119-120, 201-202, 301-302, 401-402, 501-502 (graduate courses); 591-592 (graduate recital). Degree courses carry 2 or 4 hours credit each for 1 or 2 half-hour lessons per

¶ Except for piano or organ majors or concentrates, who need only to meet the specific requirements.

week respectively. The secondary courses are 119-120, 219-220, 319-320, 419-420, 519-520 and 569-570 (graduate courses), and carry 1 hour credit each for 1 half-hour lesson a week. Applied Music study in piano includes training and practical experience in accompanying as part of the course of study.

Credit for group instruction in piano (111-112, 211-212), voice (109-110), and orchestral instruments (155) can be counted as applied music credit in satisfying the total requirements in applied music outside the area of concentration in all major and minor curricula.

JUNIOR AND SENIOR RECITALS

A student whose field of concentration is applied music is required to give a public recital (of approximately 45 minutes playing time) in his junior year and another (of approximately 60 minutes playing time) in the senior year.

Music Education majors are required to give all or part of a senior recital (minimum of 30 minutes playing time) in the major area of performance.

REQUIREMENT FOR JUNIOR STANDING IN MUSIC

Before entering the junior year of study each student majoring in music or music education must appear before the music faculty for approval to pursue a stated degree program. Applicants should have completed or be currently enrolled in Music 206 and 208. Music Education students may not receive student teaching assignments until they have been approved for the degree program.

EXAMINATIONS

PLACEMENT EXAMINATIONS: All incoming freshmen and all new transfer students who intend to major or minor in music, are required to take a placement test in Music Theory during pre-registration week as announced in the student orientation handbook.

All new students intending to study applied music must audition with the appropriate applied music teachers. Consult with the music office for details.

PROFICIENCY EXAMINATIONS: Before graduation every candidate for the bachelor's degree in a professional curriculum must demonstrate proficiency at the **piano** by successfully passing an examination. Music Education students must have passed this examination and also a voice proficiency examination prior to enrolling for student teaching.

In addition to passing the piano and voice proficiency examinations, music education majors are required to demonstrate proficiency in other areas by passing courses as outlined below:

Music Education Piano/Organ concentrates: 3 hours of orchestral instruments.

Music Education Wind concentrates: 3 hours of woodwinds§, 3 hours of brass§, 1 hour of percussion, and 1 hour of strings.

Music Education String concentrates: 1 hour of woodwinds, 1 hour of brass, 1 hour of percussion, 4 hours of other strings.

SENIOR COMPREHENSIVE EXAMINATIONS: All candidates for bachelor's degrees in music (including majors in the liberal arts curriculum) must take a senior com-

§ Other than the major.

prehensive examination in music (and also music education in the case of candidates for the Bachelor of Music Education degree) during their last semester of residence prior to completing the requirements for the degree. Dates and hours for these examinations will be posted well in advance. For further details consult the office of the Department of Music.

ADMISSION TO STUDENT TEACHING

Requirements for admission to student teaching

1. Attainment of junior standing in the Department of Music.
2. Attainment of a 2.5 grade-point average in music and music education, and a 2.0 grade-point average over-all.
3. Applied music: passed proficiency examination for piano and voice; instrumental student teachers must have taken at least 2 courses (or the equivalent) in woodwinds, 2 courses in brass, and 1 course in strings.
4. For the additional requirements for student teaching by the College of Education, see page 197-199.

RECITAL AND CONCERT ATTENDANCE REGULATION

All students registered for 5 or more hours in the department are required to attend a specified number of the departmental recitals and concerts each semester as a regular part of their musical education. The number of recitals and concerts required is determined by the department at the beginning of each semester. Fulfillment of this requirement is necessary for graduation.

Applied music fees of \$32 per credit hour, in addition to regular tuition, will be charged all full-time University students enrolling for applied music courses beyond their curriculum requirements. Part-time students should consult the Music Department for a schedule of applied music fees.

103. Fundamentals of Music Theory. (2)

A theoretical study of notation, scales, key signatures, and intervals. Credit is not allowed toward a major or minor in music or music education. <Summer, Fall>

104. Basic Ear-Training. (2)

Designed to relate the aural apprehension of musical sounds to the materials learned in Music 103 through sight-singing, rhythmic and melodic dictation, and keyboard drill. Credit is not allowed toward a major or a minor in music or music education. <Summer, Fall>

105. Music Theory I. (2)

Fundamentals of music: scales, key signatures, intervals, triads, simple four-part writing. Prerequisite: Adequate score on music theory placement test, or completion of Music 103 with a grade of C or better. <Fall, Spring>

106. Music Theory II. (2)

Diatonic part-writing and analysis: inversions, dominant seventh chords, non-harmonic tones, simple modulation. Prerequisite: 105 with grade of C or better. <Summer, Spring>

107. Ear-Training I. (2)

Perception through sound of the materials of 105, with special emphasis on melodic, rhythmic, and harmonic dictation, and the singing of melodies and intervals. Prerequisite: Passing score on music theory placement test or completion of Music 103 with grade of C or better. <Fall, Spring>

108. Ear-Training II. (2)

Perception through sound of the materials of 106, with more advanced singing and dictation. Prerequisite: 107 with grade of C or better. <Summer, Spring>

109-110. Group Voice. (1, 1)

Open to all beginners in voice exclusive of voice majors. <Fall, Spring>

111. **Group Piano.** (1) Seymour
Open to all beginners in piano exclusive of piano majors. <Fall, Spring>
112. **Group Piano.** (1) Seymour
Prerequisite: 111. <Fall, Spring>
- 119-120. **Applied Music.** Freshman major, secondary or elective course. (1 or 2 hrs. each semester) <Summer, Fall, Spring>
139. **Music Appreciation A.** (3) Miller, Whitlow
Introduction to music. The basic materials and properties of music; media, forms. Not open to students majoring in music. <Fall>
140. **Music Appreciation B.** (3) Miller, Whitlow
Introduction to music literature. Symphony, opera, religious music, solo song, dance music, and other major categories of music literature. Not open to students majoring in music. <Summer, Spring>
143. **University Chorus.** (1)†† Ehly
Open to all University students. <Summer, Fall, Spring>
155. **Orchestral Instruments.** (1)†
Group instruction in the playing of woodwind, brass, percussion, high string instruments and low string instruments. <Summer, Fall, Spring>
- 201-202. **Applied Music.** Major Sophomore Course. (2 or 4 hours each semester) <Summer, Fall, Spring>
205. **Music Theory III.** (2)
Chromatic alterations and analysis: secondary dominants, chorale harmonization, remote modulation. Prerequisites: 106 and 108 with grade of C or better. <Fall>
206. **Music Theory IV.** (2)
Continued chromatic alterations and analysis. Prerequisite: 205 with grade of C or better. <Spring>
207. **Ear-Training III.** (2)
More advanced singing and dictation, correlated with the materials of 205. Prerequisite: 108 with grade of C or better. <Fall>
208. **Ear-Training IV.** (2)
Continuation of advanced singing and dictation. Prerequisite: 207 with grade of C or better. <Spring>
211. **Group Piano.** (1) Seymour
Open to all students. Prerequisites: 112 and permission of instructor. <Fall>
212. **Group Piano.** (1) Seymour
Open to all students. Particular attention given to preparation for the piano proficiency examination. Prerequisites: 211 and permission of instructor. <Spring>
- 219-220. **Applied Music.** Sophomore Secondary or Elective Course. (1 or 2 hours each semester) <Summer, Fall, Spring>
230. **Opera Studio.** (2)† Philips
Study and performance of all aspects of Music Theater. Open by audition to singers, conductors, pianists, stage directors, and producers. <Fall, Spring>
231. **Chamber Music.** (1)†
The practice, performance, and study of chamber music in various ensemble groups. <Summer, Fall, Spring>
233. **Symphony Orchestra.** (1)†† Frederick
Study and public performance of symphonic literature. <Fall, Spring>
241. **University Band.** (1)†† Rhoads
Study and performance of marches and concert band literature. Appearance and performance in uniform at football games, Commencement, and other University functions. <Summer, Fall, Spring>
243. **A Cappella Choir.** (1)†† Ehly
Auditions required. Open to all University students with permission of instructor. <Fall, Spring>

†† Maximum of 8 hours' credit allowed toward degrees in the College of Fine Arts or College of Education, 4 hours in other colleges.

- ¶259. **Modern Dance.** (1-2)† Waters
Explorations in movement leading into choreography. Open to all University students with permission of instructor. <Fall, Spring>
271. **Music Literature I.** (2) McRae, Miller
Introduction to the study of music history. Survey of music before 1580. <Fall>
272. **Music Literature II.** (2) McRae, Miller
Survey of music from 1580 to 1750. <Spring>
273. **Opera.** (2) McRae, Phillips
The history of opera and its principal composers. <Summer 1970 and alternate years>
274. **Concerto.** (2) McRae
The form and its principal composers from Bach to the present.
295. **Music in Recreation.** (2) Batcheller
The social foundations and practices of music in recreation. Stress will be placed on equipping the recreational leader with effective means to deal musically with young children, older children, and adults. Emphasis will be placed on all phases of the public performance from planning to production. <Fall>
296. **Music in Recreation.** (2) Batcheller
Designed to prepare the major in recreational leadership for practical supervision of recreational music programs covering appreciation of music, music in the hospital as entertainment and therapy, music in the industrial plant, and music in the community center. Prerequisites: 295 or permission of instructor. <Spring>
- 301-302. **Applied Music.** Major Junior Course. (2 or 4 hrs. each semester) <Summer, Fall, Spring>
309. **Form and Composition.** (2) Keller, Miller
Analysis of the structural elements of music from Gregorian Chant to the present, and the application of standard formal procedures to the creative process of music composition. Prerequisites: 206, 208. <Fall>
310. **Form and Composition.** (2) Keller, Miller
Continuation of 309. Prerequisite: 309 <Spring>
311. **Music Literature III.** (2) Miller, Whitlow
Survey of music from 1750 to 1900. <Fall>
312. **Music Literature IV.** (2) Miller, Whitlow
Survey of music since 1900. <Spring>
314. [214] **Fundamentals of Music Theater.** (2) Phillips
(Same as Music Ed 314.) <Fall>
- *319-320. **Applied Music.** Junior Secondary or Elective Course. (1 or 2 hours each semester)
Prerequisite: 4 hrs. credit in the instrument to be studied, or equivalent. **Maximum allowable graduate credit 4 hrs. or equivalent.** <Summer, Fall, Spring>
- ¶359. **Dance Workshop.** (1-2)† Waters
Rehearsal and production experiences. Open to all University students with permission of instructor. <Fall, Spring>
363. **Conducting.** (2)
Basic theory and technique of conducting. Prerequisites: 206, 208; junior standing in the major field; piano proficiency. <Fall>
364. **Choral Conducting.** (2) Ehly
Choral conducting, techniques, score reading, interpretation. Prerequisite: 363. <Spring>
365. **Instrumental Conducting.** (2) Frederick, Rhoads
Instrumental conducting techniques, score reading, interpretation. Prerequisite: 363. <Spring>
371. **General History of Music.** (3) Miller
From antiquity to the present. Non-technical study of the forms, styles, schools, principal composers, and representative masterpieces of each era. Not open to students majoring in music. <Fall>

¶ 8 hours' credit may be substituted for activity PE requirement and Ensemble Music elective in College of A&S.

- 372. General History of Music.** (3) Miller
Continuation of 371. <Spring>
- 375. Symphonic Literature.** (2) McRae, Miller
A survey of the developments in orchestral music from Bach to the present. <Fall>
- 387. Vocal Coaching.** (1)† Robert
One half-hour of private instruction per week. Required of all senior voice majors and open to juniors with permission of instructor. <Fall, Spring>
- *388. Music Pedagogy.** (2)
Designed especially for the music student who plans to teach privately—preparation for beginners at various age levels. Prerequisite: permission of instructor. <Fall>
- *389. Music Pedagogy.** (2)
Continuation of 388, treating problems in teaching intermediate and moderately advanced students. Prerequisite: 388 and permission of instructor. <Spring>
- 391-392. Undergraduate Problems.** (1-3 hrs. each semester)
Prerequisite: permission of instructor. <Summer, Fall, Spring>
- 395. Accompanying.** (1) Robert
Students accompany other students in practice and at recitals as part of the requirement for receiving credit. <Fall, Spring>
- 401-402. Applied Music.** Major Senior Course. (2 or 4 hours each semester) <Summer, Fall, Spring>
- *405. Counterpoint.** (2) Frederick, McRae, Robert
Analysis and writing in the style of the 16th century. Prerequisite: permission of instructor. <Fall>
- *406. Counterpoint.** (2) Frederick, McRae, Robert
Analysis and writing in the style of the 18th century. Prerequisite: permission of instructor. <Spring>
- 409. Composition.** (2) Keller
Techniques and procedures in the composition of music in various forms, styles, and media. Prerequisite: 310. <Fall>
- 410. Composition.** (2) Keller
Continuation of 409. Prerequisite: 409. <Spring>
- *411. Contemporary Period.** (2) McRae, Miller
Stylistic innovations and tendencies in the music of the twentieth century and the study of representative works by the principal composers. Prerequisite: permission of instructor. <Fall>
- *412. Baroque Period.** (2) Keller, Miller
A study of the music of Western Europe from 1600 to 1750 with emphasis on forms, styles, principal composers, and performance practices. Prerequisite: permission of instructor.
- *419-420. Applied Music.** Senior Secondary or Elective Course. (1 or 2 hrs. each semester)
Prerequisite: 4 hrs. credit in the instrument to be studied, or equivalent. **Maximum allowable graduate credit 4 hrs. or equivalent.** <Summer, Fall, Spring>
- *437. Special Studies in Music Literature.** (2)‡
Intensive study of one composer or genre of composition, to be designated by the instructor. <Offered upon demand>
- *449. Music Repertory.** (2)†
Comprehensive study of the solo repertory for voice or individual instruments. The specific area to be studied is announced in the class schedule when the course is offered. <Spring>
- *451. Foundations of Musical Behavior.** (3)
(Same as Music Ed 451.) <Fall>
- 453. Instrumentation.** (2) Rhoads
Properties and limitations of band and orchestral instruments; detailed score study of instrumental techniques from the past to the present, scoring of works carrying through to completion of projects for actual performance. Prerequisites: 206, 208. <Fall>
- *463. Advanced Instrumentation.** (2) Rhoads
The scoring of larger works for the major ensembles carrying through to actual performance. Prerequisite: 453. <Spring>

- *471. **The Classical Period.** (2) McRae, Miller
The music of the age of Haydn, Mozart, and Beethoven, their immediate forerunners and their contemporaries. Prerequisite: permission of instructor. <Spring 1971, Fall 1972 and alternate years>
- *472. **The Romantic Period.** (2) McRae, Miller
Music in the nineteenth century after Beethoven; a study of the leading composers and their works. Prerequisite: permission of instructor.
- *476. **The Medieval Period.** (2) Keller
A study of music from the Early Christian era to the mid-fifteenth century. Prerequisite: permission of instructor.
- *477. **The Renaissance Period.** (2) Keller
The music of Western Europe from the middle of the fifteenth century to the close of the sixteenth century; its structure, styles, principal composers, and its place in Renaissance society. Prerequisite: permission of instructor.
- *478. **History of Chamber Music.** (2) Miller, de Keyser
A survey of chamber music literature from the Baroque to the present. <Spring>
- *479. **Choral Literature.** (2) McRae, Ehly
The principal developments in choral music from Gregorian Chant to the present. <Summer>
- 490. **Interdepartmental Proseminar.** (3) Honors Staff
(Same as Fine Arts 490.) <Fall>
- *493. **United States Composers.** (2) McRae
The creative trends in the art music of the United States from the 17th century to the present. Special emphasis upon the style and contributions of the most important composers. <Fall>
- 499. **Senior Thesis.** (3)
Open to seniors approved by the departmental honors committee. <Summer, Fall, Spring>
- *501-502. **Applied Music.** Major Graduate Course. (2 or 4 hrs. each semester) <Summer, Fall, Spring>
- *505. **Advanced Composition** (2)† Keller
Individual guidance in composing for various instrumental and vocal ensembles; survey of techniques in appropriate fields; completion of one or more major works for public performance. May be repeated to the limit of 4 hrs. credit. <Fall, Spring>
- *519-520. **Applied Music.** Graduate Secondary or Elective Course. (1 or 2 hrs. each semester) <Summer, Fall, Spring>
- *531. **Bibliography and Research.** (3) Miller, Stephenson
The study and application of basic methods in musical bibliography, acquaintance with major reference sources; projects in bibliography. Materials and basic techniques of musical research. Prerequisite: permission of instructor. <Fall>
- *533. **Seminar in Music.** (3)† Miller
Explorations in various areas of musical research. Prerequisite: permission of instructor. <Spring>
- *535. **History of Music Theory.** (3) McRae
The historical development of theoretical principles in music, and their application from earliest times up to the present. Study of the relevant documents and texts. Prerequisite: permission of instructor.
- *551-552. **Problems.** (1-3 hrs. each semester)
- *564. **Advanced Choral Conducting.** (2) Ehly
Prerequisites: 363 and 453, or the equivalent. <Summer>
- *565. **Advanced Instrumental Conducting.** (2) Frederick, Rhoads
Prerequisites: 363 and 453, or the equivalent.
- *569-570. **Applied Music.** Graduate Secondary or Elective Course (1 or 2 hrs. each semester)
- *591-592. **Graduate Recital.** (2, 2)
For the degree of Master of Music in Applied Music the student is required to perform a full-length graduate recital (a) which he has selected and prepared subject to the approval of a committee comparable to a graduate thesis committee and (b) for which he has written comprehensive program annotations (also subject to the approval of the same committee) and which will be printed on the program of the graduate recital. Work in 591, 592, is

to be in addition to that done in 501, 502 (performance majors) or in 519-520, 569-570 (music education concentrators). Students may distribute their major applied study over more than one year but in such cases will be subject to the current fee for applied music for each one-half hour lesson after the first year of study has been completed.

***599. Master's Thesis. (1-6 hrs. per semester)**

See the *Graduate School Bulletin* for total credit requirements.

MUSIC EDUCATION

CURRICULUM

See p. 213.

- 293. **Music Skills for the Elementary Classroom Teacher. (2)** Batcheller <Summer 1970 and alternate summers, Fall, Spring>
- 294. **The Teaching of Music in the Elementary Schools. (2)** Batcheller
Prerequisite: 293 for non-music majors. <Summer, Fall, Spring>
- 313. **Administration of Instrumental Music. (2)** Rhoads
Organization and administration of band, marching band, and orchestra. Prerequisite: junior standing in music. <Fall>
- 314. [214] **Fundamentals of Music Theater. (2)** Philips
A study of technical, theatrical, and musical problems of producing music theater in schools. <Fall>
- 366. **Beginning Student Teaching in Music. (2)**
Orientation with Music Education experiences in practice teaching. Prerequisite: Admission to student teaching and Junior standing in music.
- *429. **Workshop. (1-4)**
Carries graduate credit when specifically approved by the Graduate Committee. For degree restrictions see p. 200 of this catalog or consult the *Graduate School Bulletin*. <Summer>
- *440. **Investigations in Music Education. (3)** Seymour
A specific area for investigation is announced in the class schedule when the course is offered. <Summer>
- *443. **Music for the Pre-school Child. (2)** Batcheller
Directed toward the teacher in private pre-school institutions, church school, kindergarten, and the music consultant.
- *444. **Supervision of Music in the Elementary Schools. (2)** Batcheller
Emphasis on the role of the music consultant, curriculum development, and the materials of instruction. Prerequisite: 294. <Spring>
- *445. **Junior High School Music. (2)**
The junior high school student, the position of music in the junior high school curriculum, and methods and materials for junior high school music activities.
- *446. **Secondary School Music. (2)**
The secondary schools, the students, the music curricula, the methods and materials. <Spring>
- *451. **Foundations of Musical Behavior. (3)** Seymour
Acoustics, perception, learning and affective response in musical behavior. Prerequisite: permission of instructor. <Fall>
- *459. **Advanced Elementary Music Education. (3)** Batcheller
The teaching of music in the elementary classroom: the development of techniques in the teaching of melodic and harmonic music reading; advanced investigations in the use of instrumental and vocal materials; guided research in the current audio-visual aids and the evaluation of music ensemble participation. Prerequisite: permission of instructor.
- 461. **Student Teaching in the Secondary Schools. (3-6-9, maximum total allowed 15).**
- 462. **Student Teaching in the Secondary Schools. (3-6-9, maximum total allowed 15).**
- 463. **Student Teaching in the Secondary Schools: Professional Education Block. (6-15)**
- *532. **Research Techniques in Music Education. (3)** Seymour
Bibliographical methods and techniques in music education and related fields; methods and techniques of research; semantic knowledge of statistics. Prerequisite: permission of instructor. <Summer 1970 and alternate summers, Fall>

- *534. **Seminar in Music Education.** (3)
Individual and group investigation in music education and related areas; reading and discussion of current writings in the above fields. Prerequisite: permission of instructor. <Spring>
- *550. **Philosophy of Music Education.** (3) Batcheller, Seymour
Philosophical foundations and principles of music education and their application to practices in school. Prerequisite: permission of instructor.
- *551-552. **Problems.** (1-3 hrs. each semester)
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the **Graduate School Bulletin** for total credit requirements.

NAVAL SCIENCE

PROFESSOR K. B. Brown, Captain, USN (Chairman); ASSOCIATE PROFESSOR B. B. De Witt, Lieutenant Colonel, USMC; ASSISTANT PROFESSORS D. E. Hancock, Major, USMC; G. D. Fitzpatrick, Lieutenant, USN; G. L. Genson, Lieutenant, USN; G. J. Catchpole, Lieutenant, USNR

CURRICULUM

See p. 277.

000. **Naval Professional Laboratory.** (0)
Drills and information program for NROTC midshipmen. (30 hours each semester)
103. **Principles of Naval Organization and Management.** (3) Catchpole
An introduction to the structure and principles of naval organization and management. Naval organization and management practices and underlying concepts are examined within the context of American social and industrial organization and practice. Included are lines of command and control; organization for logistics, service, and support; functions and services of major components of the Navy and Marine Corps; and shipboard organization. Emphasis is placed on management and leadership functions. <Fall>
104. **Introduction to Naval Ships Systems.** (3) Catchpole
An introduction to types, structure, and purposes of naval ships. Ship compartmentation, propulsion systems, auxiliary power systems, interior communications, ship control, and elements of ship design to achieve safe operations are included. <Spring>
303. **Navigation and Naval Operations.** (3) Genson
A study of the theory, principles, and procedures of ship navigation and employment. Included are spherical trigonometry, mathematical analysis, spherical triangulation, sights, sextants, and publications and report logs. Tactical formations and dispositions, relative motion, and maneuvering board and tactical plots are analyzed. Rules of the road, lights, signals, and navigational aids including inertial systems are studied. <Fall>
304. **Navigation and Naval Operations.** (3) Genson
Continuation of 303. <Spring>
331. **Evolution of Warfare.** (3) Hancock
A study of the evolution of the basic principles and techniques of warfare from 490 BC to the present time. Emphasis is placed on an understanding of the theoretical principles underlying modern tactics and strategy. <Fall 1971 and alternate years.>
403. **Naval Weapons Systems I.** (3)
A systems approach to the study of weapons. The techniques of linear analysis of ballistics and weapons are introduced. The dynamics of the basic components of weapons control systems are investigated and stated as transfer functions. <Fall>
404. **Naval Weapons Systems II.** (3)
A study of the principles of selected phases of the weapons control problem, including propulsion systems, trajectories, flight paths, and damage criteria. Methods of solution of the weapons system control problem are demonstrated. Design and testing of weapons compartments are reviewed. Procedures for evaluating weapons systems effectiveness are studied. Prerequisite: Math 163 <Spring>
406. **Naval Weapons III.** (3)
A descriptive course of naval weapons for students not having calculus. (Open to NROTC students who have not completed Math 163.) <Spring>

431. Amphibious Warfare. (3) Hancock

A study of the concepts, techniques and history of amphibious warfare. The role of the U.S. Marine Corps in the development and implementation of amphibious warfare is emphasized. <Fall 1970 and alternate years>

NUCLEAR ENGINEERING

See Engineering, Nuclear

NURSING

PROFESSORS B. L. Murray (Dean), V. Crenshaw; **ASSOCIATE PROFESSORS** J. Baca, B. Hicks; **ASSISTANT PROFESSORS** E. Bear, S. Bray, A. Dinauer, H. Kee, M. Moore, C. Oseasohn, M. Pozorski; **INSTRUCTORS** S. Ferketich, J. Maurin, C. Rhinehart; **CLINICAL INSTRUCTORS** V. Begley, T. Berg, L. Blacklock, S. Cota, J. Pease, G. Scelza.

CURRICULUM

See p. 259.

201L. Fundamentals of Nursing Process. (5)

Study of basic concepts in nursing care and the applications in nursing practice focused on care, comfort, cleanliness and safety needs of hospitalized patients. Prerequisite: sophomore standing in nursing. 3 lectures, 6 hrs. lab. <Fall>

202L. Determinants of Patient Care. [Medical-Surgical Nursing I] (5)

Study of the patient, including his family, with focus on attitudes toward health and illness, patient and family resources and environment, sick role, and problems of illness. Prerequisite: 201L. 3 lectures, 6 hrs. lab. <Spring>

303. Medical-Surgical Nursing. (4)

The acquisition and application of theoretical content that is basic to the care of adult patients with medical and surgical conditions. Study includes the natural history, pathophysiology, and factors which influence illness and recovery from illness. Prerequisite: junior standing in the College of Nursing. Corequisite: 304L. <Fall, Spring>

304L. Medical-Surgical Nursing Laboratory. (6)

The application of knowledge and skills learned in 303 in a clinical setting. Prerequisite: junior standing in the College of Nursing. Corequisite: 303. 18 hrs. lab. <Fall, Spring>

320. Pediatric Nursing. (2)

A study of the principles of growth and development from birth through adolescence which guide the nursing care of children at home, in the hospital and in the community. Includes a survey of the major health problems which occur during childhood. Prerequisite: junior standing in the College of Nursing. Corequisite: 321L. <Fall, Spring>

321L. Pediatric Nursing Laboratory. (3)

Clinical practice in selected facilities to increase skill in the use of nursing process in assessing, planning and implementing the nursing care necessary to meet the needs of the child and his family. Prerequisite: junior standing in the College of Nursing. Corequisite: 320. 9 hrs. lab. <Fall, Spring>

330. Maternity Nursing. (3)

A family-centered approach to the study of human reproduction, pregnancy, birth and infancy. Includes a study of gynecological nursing. Prerequisite: junior standing in the College of Nursing. Corequisite: 331L. <Fall, Spring>

331L. Maternity Nursing Laboratory. (3)

Clinical practice in selected facilities to increase skill in the use of the nursing process in assessing, planning and implementing the nursing care necessary to meet the needs of the childbearing family. Prerequisite: junior standing in the College of Nursing. Corequisite: 330. 9 hrs. lab. <Fall, Spring>

351. Psycho-Cultural Aspects of Nursing. (2)

Study of psychological and cultural differences as they relate to nursing care of patients; further development of sensitivity to people. <Fall, Spring>

352. Fundamentals of Public Health Science. (2)

An introduction to the science of public health, historical developments and the philosophy which provide the rationale for community health practices; principles and

methodology of epidemiology and vital statistics; and the relationship of man to his environment. Prerequisite: Biology 233L or 393L; junior standing. Not restricted to students in Nursing. <Fall, Spring>

451L. Psychiatric Nursing. (7)

Principles and practice of nursing care of patients with psychiatric disorders; interpersonal, physiological, emotional, cultural factors. Prevention and treatment of mental illness; learning experiences in hospital and community agencies. Prerequisites: senior standing in the College of Nursing. 3 lectures, 12 hrs. lab. <Fall, Spring>

452L. Public Health Nursing. (9)

Theory and practice designed to introduce the student to public health nursing in the community. Various settings provide opportunity for the student to apply the philosophy of comprehensive family-centered care through health teaching and guidance, demonstration of therapeutic nursing care, assistance in social and emotional adjustment, and control of the environment. Prerequisite: senior standing in the College of Nursing. 3 lectures, 18 hrs. lab. <Fall, Spring>

462. Nursing Seminar. (5)

Content is selected by students and instructor from current issues and trends in or involving nursing, primarily presented for discussion by students and guest speakers. Some subjects to be included are: (a) nursing organization, (b) state and federal legislation, (c) selected aspects of service and education, (d) research utilization, (e) consultation, and (f) significant social issues. Prerequisite: completion of all 300-level nursing courses. <Fall, Spring>

463L. Nursing Practicum. (6)

Examination of the nature and types of organizational systems; emphasis on nursing practice within the health systems. Participation in administering nursing services. Prerequisite: completion of all 300-level nursing courses. 3 lectures, 9 hrs. lab. <Fall, Spring>

497. Independent Study. [Special Studies in Nursing] (1-3)

Prerequisite: senior standing and permission of instructor. <Fall, Spring>

498. Honors Study. [Independent Study] (3)

First part of two courses in Departmental Honors. Prerequisite: junior standing in the College of Nursing; a 3.5 or better grade-point average. <Fall>

499. Honors Study. [Senior Thesis] (3)

Second part of Departmental Honors. Prerequisite: 498. <Spring>

PALEOECOLOGY

COMMITTEE IN CHARGE: ASSOCIATE PROFESSOR R. Y. Anderson (Geology), Chairman; PROFESSORS J. S. Findley (Biology), F. C. Hibben (Anthropology), L. D. Potter (Biology).

Interdepartmental undergraduate and graduate minors in Paleoeology are offered to majors in the Departments of Anthropology, Biology, Chemistry, and Geology.

UNDERGRADUATE MINOR

The minor requires 30-36 hours in courses listed in the "Paleoeology Pool" including Paleoeology 209 or 539. No more than 18 hours may be taken in any one department and courses in the major field may not be used for the minor. The following courses have been approved (see appropriate departmental listings for course descriptions and prerequisites):

Anthropology 266F, 303L, 307L

Biology 101L, 102L, 363L, 371L, 372L, 393L, 407, 408, 410, 484L, 487L, 489L

Chemistry 101L, 102L or 122L, 253L, 301, 302, 303L, 304L, 311, 312

Geology 101-102-105L-106L or 120L; 201L, 302L, 309L, 421L, 431L, 441L, 501L.

Mathematics 241, 242, 441

GRADUATE MINOR

Requirements are listed in the **Graduate School Bulletin**.

209. The Earth Environment. (3) Anderson, Clark, Frakes

(Also offered as Geol 209) Studies of the atmosphere, the ocean, and the terrestrial environment as a total system, including environments of the past. Interrelationships of physical, biological, and human processes and resources. Prerequisite: permission of instructor. <Spring>

451-452. Problems in Paleoeocology. (2, 2)***539. Environmental Reconstruction.** (3) Anderson, Frakes

(Also offered as Geol 539.) Concepts and methods of reconstructing sedimentary environments and ancient ecosystems, from the standpoint of variability of physical, biological and geochemical parameters. Prerequisite: permission of instructor. <Fall 1971 and alternate years>

551-552. Problems.** (2-3 hrs. each semester)**PHARMACEUTICAL CHEMISTRY*PHARMACOGNOSY****PHARMACOLOGY****PHARMACY ADMINISTRATION****PHARMACY, INSTITUTIONAL**

See Pharmacy.

PHARMACY

PROFESSORS C. A. Bliss (Dean), G. L. Baker; **ASSOCIATE PROFESSORS** W. C. Fiedler, K. H. Stahl; **ASSISTANT PROFESSORS** H. L. Bober, J. W. Levchuk; and new appointments to be made.

Explanation of footnotes not indicated will be found on page 279.

CURRICULUM

See p. 264.

231. Orientation I. (1)

A survey of the profession of pharmacy. <Fall>

232. Orientation II. (1)

A continuation of 231. Prerequisite: 231 <Spring>

341L. Introductory Pharmacy. (5) Fiedler

Fundamental principles and processes of pharmacy, including metrology and pharmaceutical calculations. Prerequisites: Chem 302-304L; Biol 393L (or concurrent enrollment); Physics 152-154L. 4 lectures, 3 hrs. lab. <Summer, Fall>

380. Animal Health. (1)

An introduction to animal husbandry and animal health problems. The interrelationship of pharmacy and veterinary medicine and the social and economic relationships between men and animals. Prerequisite: Third-year standing. <Spring>

434. History of Pharmacy. (2) Fiedler

The historical development of pharmacy as a profession. Prerequisite: 447L. <Spring>

443L. Operative Pharmacy I. (5) Fiedler

A survey of the preparations of pharmacy; the applications of physical principles to compounding and the manufacture of preparations; technology of pharmacy. Prerequisites: 341L; Phmcog 372L; Phm Ch 361. 3 lectures, 6 hrs. lab. <Fall>

444L. Operative Pharmacy II. (5) Fiedler

A continuation of 443L. Prerequisite: 443L. 3 lectures, 6 hrs. lab. <Spring>

- 447L. Dispensing Pharmacy I. (5) Baker**
Dispensing pharmacy is broadly defined as the translation of the sciences underlying pharmacy into the art of pharmacy. More specifically it is the application of the scientific and practical knowledge upon which the practice of pharmacy is based to the extemporaneous compounding of drugs and medicines and making these available under proper control. Prerequisite: 444L; Phmcol 476L. 3 lectures, 6 hrs. lab. <Fall>
- 448L. Dispensing Pharmacy II. (5) Baker**
A continuation of 447L. The compounding and dispensing of prescriptions including incompatibilities. Prerequisite: 447L. 3 lectures, 6 hrs. lab. <Spring>
- 493. Inspection Trip. (0)**
Required for graduation. Annual inspection tour to leading pharmaceutical manufacturing plants in various sections of the country. Approximately one week is spent on this tour. Corequisite: 447L. <Fall>
- 497. Problems in Pharmacy. (1-3)††**
Experimental and library problems in some phases of pharmacy. Prerequisites: permission of instructor and of the Dean. <Fall>
- 498. Problems in Pharmacy. (1-3)††**
Experimental and library problems in some phases of pharmacy. Prerequisites: permission of instructor and of the Dean. <Spring>

PHARMACEUTICAL CHEMISTRY

- 361. Inorganic Pharmaceutical Chemistry. (2) Baker**
The chemical and pharmaceutical properties of the official and non-official inorganic substances used in medicine or in the preparation of medicinal substances. Prerequisite or corequisite: Pharm 341L. <Fall>
- 463. Organic Pharmaceutical Chemistry I. (3) Stahl**
A study, from the chemical viewpoint, of organic substances used in pharmacy and medicine. Prerequisite: Chem 323. <Fall>
- 464. Organic Pharmaceutical Chemistry II. (3) Stahl**
A continuation of 463. Prerequisite: 463. <Spring>
- 465L. Organic Pharmaceutical Chemistry Laboratory I. (2) Stahl**
The synthesis and analysis of representative organic compounds used as drugs. Prerequisite: Chem 253L; Corequisite: 463. 6 hrs. lab. <Fall>
- 466L. Organic Pharmaceutical Chemistry Laboratory II. (2) Stahl**
The synthesis and analysis of representative organic compounds used as drugs. Prerequisite: Chem 253L; Corequisite: 464. 6 hrs. lab. <Spring>
- 497. Problems in Pharmaceutical Chemistry. (1-3)†† Stahl**
Experimental and library problems in some phases of pharmaceutical chemistry. Prerequisite: permission of instructor and of the Dean. <Fall>
- 498. Problems in Pharmaceutical Chemistry. (1-3)†† Stahl**
Experimental and library problems in some phases of pharmaceutical chemistry. Prerequisite: permission of instructor and of the Dean. <Spring>

PHARMACOGNOSY

- 372L. General Pharmacognosy. (4) Stahl**
Drugs of plant and animal origin. Prerequisites: Biol 122L; Chem 253L, 302, 304L; Corequisite: Chem 323. 3 lectures, 3 hrs. lab. <Spring>
- 497. Pharmacognosy Problems. (1-3)†† Stahl**
Experimental and library problems in some phases of pharmacognosy. Prerequisites: permission of instructor and of the Dean. <Fall>
- 498. Pharmacognosy Problems. (1-3)†† Stahl**
Experimental and library problems in some phases of pharmacognosy. Prerequisites: permission of instructor and of the Dean. <Spring>

PHARMACOLOGY

- 276. Principles of Pharmacology. (3)**
The actions of drugs on living tissue and the basis upon which drugs are classified for their therapeutic usefulness. Includes the subdivisions of pharmacology: pharmacodynamics,

posology, toxicology, and pharmacy. Prerequisites: Biol 393L; Chem 142L or 281. Pre- or corequisites: Biol 136-139L or 236L. (Open only to students in the College of Nursing and in the Dental Hygiene Program.) <Spring>

278L. Principles of Pharmacology Laboratory. (1)

Instruction and practice in pharmaceutical calculations. The actions of drugs in important pharmacological classes upon living animals will be demonstrated. Pre- or corequisite: 276. (Open only to students in the College of Nursing and the Dental Hygiene Program.) 3 hrs. lab. <Spring>

***475L. Pharmacology I. (4)**

A study of the effects produced by drugs and the mechanisms whereby these effects are produced. Includes the subdivisions of pharmacology, materia medica, therapeutics, posology, toxicology, and biometrics. The actions of the more important drugs are demonstrated upon living animals. Prerequisites: Chem 323; Biol 429L, 430L. 3 lectures, 3 hrs. lab. <Fall>

***476L. Pharmacology II. (5)**

A continuation of 475L. Prerequisite: 475L. 4 lectures, 3 hrs. lab. <Spring>

477. Pharmacology III. (3)

Agents used locally or systemically for the prevention or treatment of microbial and parasitic infections; immunological products, antibacterial, antiviral, antiprotozoal, and antifungal drugs, as well as those used in helminth diseases. Prerequisite: 476L. <Fall>

479. Psychopharmacology. (1)

A study of the tranquilizers, antidepressants, and psychedelic drugs. The methodology of psychopharmacologic research is emphasized. Prerequisite: 476L. <Fall>

497. Pharmacology Problems. (1-3)††

Experimental and library problems in some phases of pharmacology. Prerequisite: permission of instructor and of the Dean. <Fall>

498. Pharmacology Problems. (1-3)††

Experimental and library problems in some phases of pharmacology. Prerequisite: permission of instructor and of the Dean. <Spring>

PHARMACY ADMINISTRATION

421. Pharmacy Record Keeping and Financial Analysis. (3) Bober

Principles and practices involved in the keeping of records and the interpretation of financial reports applicable to retail pharmacy. Prerequisites: Pharm 232, Econ. 200. <Fall>

422. Pharmaceutical Law. (3) Bober

Laws and regulations relating to the practice of pharmacy. Includes commercial law, federal and state drug laws. Prerequisites: Pharm 232, 444L. (or concurrent enrollment.) <Spring>

423. Pharmacy Management. (3) Bober

Management activities involved in the organization, control, and operation of retail pharmacies. Prerequisite: 421. <Fall>

497. Problems in Pharmacy Administration. (1-3)†† Bober

Research and library problems in some phases of pharmacy administration. Prerequisite: permission of instructor and of the Dean. <Fall>

498. Problems in Pharmacy Administration. (1-3) Bober

Research and library problems in some phases of pharmacy administration. Prerequisite: permission of instructor and of the Dean. <Spring>

PHARMACY, INSTITUTIONAL

452L. [Pharm 450] Institutional Pharmacy Practice. (3) Levchuk

A study of the characteristics of modern patient care programs in an institutional setting. Principles and techniques for providing pharmaceutical services in hospitals. Prerequisite: Pharm 443L. 2 lectures, 3 hrs. hospital experience. <Spring>

455L. Drug Information. (3) Levchuk

A study of methods and techniques for drug information handling and its effective utilization in rational drug therapy. A survey of the components of a formalized drug information service including drug literature evaluation, drug data handling, information dissemination, specialized drug information services for clinical applications. Prerequisite: Pharm 444L. 2 lectures, 2 hrs. lab. <Fall>

456L. Clinical Practice. (3) Levchuk

A study of the delivery of pharmacy services in the clinical setting and the functions of the pharmacist as a member of the health care team. Utilization of case studies as a means of becoming familiar with drug therapy and potential drug-related problems. Prerequisites: 452L or 455L; permission of instructor and of the Dean. 2 lectures, 3 hrs. clinical experience. <Spring>

PHILOSOPHY

PROFESSORS P. Schmidt (Chairman), H. Alexander, A. Bahm, M. Evans; ASSOCIATE PROFESSOR C. McDermott; ASSISTANT PROFESSORS B. O'Neil, H. Tuttle, H. Zacks, and new appointment to be made.

Philosophical studies are one basic way to focus a liberal education. The philosophy major is designed to meet the needs of several different groups of students: (1) as a central background for a liberal education; (2) as a pre-professional major (for example, pre-law, pre-theological or even pre-medical); (3) as an inter-disciplinary program (for example, English-Philosophy, or Economics-Philosophy, or other courses in the philosophy of some field); and (4) for graduate study in Philosophy. A detailed statement is available from the department.

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

30 hours, which may include 6 hours at the 100 level if taken in proper sequence, and of which 24 hours must be distributed as follows: 201 and 202, 6 hours; 256, 3 hours; 358, 3 hours; 441 and 442, 6 hours; one course taken from 354, 356, 385, 3 hours; and one course taken from 365, 367, 380, 445, 455, 465, 470, 3 hours.

MINOR STUDY

15 hours in courses numbered 200 and above.

DEPARTMENTAL HONORS

Consult department adviser.

PERIOD MINOR

For requirements, see Comparative Literature, p. 310.

100. Introduction to Philosophical Problems. (3)

Selected problems in values, knowledge and reality. Social, political and religious philosophy. <Summer, Fall, Spring>

101-102. Humanities. (3, 3)

Introduction to comparative religions, philosophies, and arts. <101-Fall, 102-Spring>

145. Thought and Expression. (3)

Processes of communicating, symbolizing, thinking abstractly, imagining, generalizing, defining and inferring. <Fall, Spring>

201. Ancient European Philosophy. (3)

An historical study; especially of Greek philosophy. <Summer, Fall, Spring>

202. Modern European Philosophy. (3)

An historical study from the Renaissance through Kant. <Summer, Fall, Spring>

255. Scientific Method. (3)

Meaning and verification, scientific truth, hypotheses, models, empirical evidence, measurement, induction and probability, statistical knowledge. <Fall>

256. Introduction to Logic. (3)

Fallacies of argument; traditional forms of deductive and inductive inference. <Summer, Fall, Spring>

- 263-264. Comparative Religions. (3)**
Introduction to the world's religions. 263: Eastern religions; 264: Western religions. <263-Fall, 264-Spring>
- 301-302. Interdepartmental Studies in the Culture of the U.S. (3, 3)**
(Same as American Studies 301-302.) May be taken for departmental credit only with the consent of the Chairman.
- *303. Medieval European Philosophy. (3)**
Major thinkers from Augustine through Ockham. [Offered upon demand]
- *323. Hispanic and Latin-American Philosophy. (3)**
Major movements and trends. <Fall 1970 and alternate years>
- *332. North American Philosophy. (3)**
Early developments, idealism, pragmatism, naturalism, realism, and analysis. <Spring>
- *334. Indian Philosophy. (3)**
Upanishads, Bhagavad-gita, Jainism, Buddhism, the six Hindu systems, and recent developments. <Spring>
- *336. Chinese Philosophy. (3)**
Confucian, Taoist, Mohist, Legalist schools and their influence on Buddhist and modern developments. <Offered upon demand>
- *344. Recent Philosophy. (3)**
From Kant to mid-Twentieth Century. <Fall>
- *346. Contemporary Philosophy. (3)†**
Post World War II philosophies. <Summer, Spring>
- *348. Comparative Philosophy. (3)**
Examination of conflicting ideals and presuppositions of Hindu, Chinese and Western philosophies. Prerequisite: acquaintance with the history of Hindu, Chinese, and Western philosophies. <Spring>
- *354. Metaphysics, Ontology and Cosmology. (3)**
Principles and systems of reality, being, existence; origin and structure of the universe. <Spring>
- *356-357. Symbolic Logic. (3, 3)**
Methods and techniques of modern logic. <356-Fall, 357-Spring>
- *358. Ethical Theory. (3)**
Inquiry concerning goodness, rightness, obligation, justice and freedom. <Summer, Fall>
- *365. Philosophy of Religion. (3)**
Inquiry into the nature of religion. <Fall>
- *367. Philosophy of Art and Aesthetics. (3)**
Concepts and theories about aesthetic experience and judgment; artistic meaning and evaluation. <Spring>
- *380. Philosophy of Law and Morals. (3)**
Nature and function of public law and its relation to moral belief. <Offered upon demand>
- *385. Philosophy of Mind and Knowledge. (3)**
Classical and contemporary problems in epistemology. <Fall>
- *429. Aesthetics Institute Workshop. (1)**
A one-week session in Taos, New Mexico, at the Lawrence Ranch and Harwood Foundation, featuring lectures in general aesthetics, discussions, and gallery talks by Taos artists. Carries graduate credit when specifically approved by the Graduate Committee. May be repeated to a maximum of 3 hours. <Summer only>
- *441. Philosophical Movements. (3)‡**
Topic varies. <Summer, Fall, Spring>
- *442. Individual Philosophers. (3)‡**
Figure varies. <Summer, Fall, Spring>
- *445. Philosophy of Language. (3)**
Philosophies of meaning with special attention to the relations between language and thought. Prerequisite: 145 or permission of instructor. <Spring>
- *455. Philosophy of the Natural Sciences. (3)**
Critical examination of methods and concepts of the natural sciences. <Spring>
- *465. Philosophy of the Social Sciences. (3)**
Examination of the structure, methods and presuppositions of social sciences. <Fall>

- *470. **Philosophy of History.** (3)
(Also offered as History 470.) Nature, structure and presuppositions of theories of history and historical methods. <Spring>
- *480. **Philosophy and Literature.** (3)
(Same as English-Philosophy 480.) Prerequisites: 6 hours of literature and 3 hours of philosophy from the courses specified as requirements for the program. <Spring>
- *485. **Philosophical Foundations of Economic Theory.** (3)
(Same as Economics-Philosophy 485.) Prerequisite: Econ 201. <Spring 1971 and alternate years>
- 497. **Honors Seminar.** (3)†
For departmental honors in philosophy. <Offered upon demand>
- 498. **Reading and Research.** (3)† <Offered upon demand>
- 499. **Senior Thesis.** (3)†
For departmental honors. <Offered upon demand>
- *501. **Interdepartmental Seminar in the Culture of the United States.** (3)
(Same as American Studies 501.)
- *526. **Seminar in Asian Philosophers.** (3)‡ <Offered upon demand>
- *541. **Seminar in Philosophical Movements.** (3)‡ <Fall, Spring>
- *542. **Seminar in Individual Philosophers.** (3)‡ <Fall, Spring>
- *551. **M.A. Problems.** (1-3 hrs. per semester)‡
- *599. **M.A. Thesis.** (1-6 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.
- *651. **Ph.D. Problems.** (1-3)‡
- *654. **Ph.D. Seminar in Metaphysics.** (3) <Fall 1970 and alternate years>
- *655. **Ph.D. Seminar in Epistemology.** (3) <Fall 1971 and alternate years>
- *656. **Ph.D. Seminar in Logic.** (3) <Spring 1971 and alternate years>
- *658. **Ph.D. Seminar in Value Theory.** (3) <Spring 1970 and alternate years>
- *699. **Dissertation.** (3-9 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.

PHILOSOPHY-ECONOMICS

See Economics-Philosophy.

PHILOSOPHY-ENGLISH

See English-Philosophy.

PHYSICAL EDUCATION

See Education, Health, Physical Education, and Recreation.

PHYSICAL SCIENCE

No major or minor study offered.

- 261-262. **Introduction to Physical Science.** (3, 3)
Prerequisite: permission of instructor.

PHYSICS AND ASTRONOMY

PROFESSORS V. H. Regener (Chairman), C. L. Beckel, J. G. Breiland, C. Dean, J. W. Evans, J. R. Green, J. L. Howarth, C. P. Leavitt, R. Thomas; ASSOCIATE PROFESSORS H. S. Ahluwalia, H. C. Bryant, A. W. Peterson; ASSISTANT PROFESSORS S. S. Alpert, C. Chandler, B. D. Dieterle, J. D. Finley III, C. L. Hyder, D. S. King, D. B. Swinson; LECTURERS P. J. Cooper, D. N. Glidden, S. F. Hayes, A. H. Paxton.

Explanation of footnotes not indicated will be found on page 279.

Prerequisite to major and minor study in Physics and in Astrophysics are

the basic courses Physics 160, 161, 163L§, 262, 264L§, and Mathematics 264, 265. Freshman students planning to major or minor in Physics or Astrophysics and having the necessary mathematics prerequisites usually take Physics 160 and Mathematics 162 in their first semester and Physics 161 and Mathematics 163 in their second semester.

MAJOR STUDY IN PHYSICS

Physics 301, 302, 303, 304, 305, 306, 307L, 308L; Mathematics 311, 312; Chemistry 101L, 102L.

MINOR STUDY IN PHYSICS

Four courses selected from Physics 301, 302, 303, 304, 305, 306; Mathematics 311.

MAJOR STUDY IN ASTROPHYSICS

Physics 301, 302, 303, 304, 305; Astronomy 270, 271, three Astronomy courses numbered above 299; Mathematics 311.

MINOR STUDY IN ASTROPHYSICS

Physics 302; Astronomy 270, 271, one Astronomy course numbered above 299; Mathematics 311.

GRADUATE STUDY

Prerequisite for all courses numbered 500 and above: an undergraduate major in Physics equivalent to that outlined above.

PHYSICS

- 102. Introduction to Physics.** (3) Hayes, Howarth
An elementary course, primarily for non-science majors, including demonstrations. <Fall, Spring>
- 103. Meteorology.** (3)
Introduction to the physics of the atmosphere. Weather analysis and forecasting.
- 105L. Introduction to Physics.** (4) Howarth
An elementary course, primarily for non-science majors, including demonstrations and laboratory work.
- 108. Introduction to Musical Acoustics.** (3) Dean
An elementary course on the physics of musical sounds and instruments. <Fall, Spring>
- 151. General Physics.** (3)
Mechanics, sound, heat. The sequence 151, 152, 153L, 154L is required of premedical, pre dental, and preoptometry students, also of NROTC students in A & S and of Pharmacy students. Prerequisites: One of the courses Math 121, 150, 160, 180. <Summer, Fall, Spring>
- 152. General Physics.** (3)
Electricity and magnetism, optics. Prerequisite: 151. <Summer, Fall, Spring>
- 153L. General Physics Laboratory.** (1)
Mechanics, sound, heat. Pre- or corequisite: 151. 3 hrs. lab. <Summer, Fall, Spring>
- 154L. General Physics Laboratory.** (1)
Electricity, magnetism, optics. Pre- or corequisite: 152. 3 hrs. lab. <Summer, Fall Spring>
- 160. General Physics.** (3)
Mechanics, sound. The sequence Physics 160, 161, 163L, 262, 264L is required of students planning to major in certain sciences and in engineering. Pre- or corequisite: Math 150 or 162. <Summer, Fall, Spring>

§ Not required for the minor study in Astrophysics.

- 161. General Physics.** (3)
Heat, electricity, magnetism. Prerequisite: 160; pre- or corequisite: Math 151 or 163.
<Summer, Fall, Spring>
- 163L. General Physics Laboratory.** (1)
Mechanics, sound, heat. Pre- or corequisite: 161. 3 hrs. lab. <Summer, Fall, Spring>
- 262. General Physics.** (3)
Optics, modern physics. Prerequisite: 161; pre- or corequisite: Math 264. <Summer, Fall, Spring>
- 264L. General Physics Laboratory.** (1)
Electricity, magnetism, optics. Pre- or corequisite: 262. 3 hrs. lab. <Summer, Fall, Spring>
- **301. Heat and Thermodynamics.** (3) Alpert, Bryant, Dean, Green, Howarth, Thomas
Kinetic theory; specific heats; conduction, convection, radiation; change of state; classical thermodynamics. Pre- or corequisite: Math 311. <Fall>
- **302. Optics.** (3) Alpert, Bryant, Dean, Green, Howarth, Leavitt, Thomas
Geometrical optics; wave theory of light; Fresnel and Fraunhofer diffraction; polarization; dispersion, absorption and scattering. Pre- or corequisite: Math 311. <Spring>
- **303-304. Analytical Mechanics.** (3, 3) Bryant, Dean, Green, Leavitt, Thomas
Statics and dynamics of particles and rigid bodies; introduction to Lagrange's method. Pre- or corequisites: Math 311, 312. <303-Fall, 304-Spring>
- **305-306. Electricity and Magnetism.** (3, 3) Beckel, Bryant, Dean, Green, Howarth, Thomas
Electrostatic and electro-magnetic field theory. Direct and alternating current circuit theory. Pre- or corequisites: Math 311, 312. <305-Fall, 306-Spring>
- **307L-308L. Junior Laboratory.** (2, 2) Alpert, Bryant, Swinson
Heat, electricity, electronics, optics. 1 lecture, 3 hrs. lab. each semester. <307L-Fall, 308L-Spring>
- **330. Atomic and Nuclear Physics.** (3) Alpert, Bryant, Dean, Green, Leavitt, Swinson, Thomas
Special relativity, quantum effects, atomic structure, X-rays, nuclear structure and nuclear reactions, instruments of modern physics. Prerequisite: 262 or equivalent. <Fall, Spring>
- *400. Seminar.** (1 hr. per semester) <Fall, Spring>
- *430. Physics of Matter.** (3) Dean, Green, Leavitt
An introduction to experiment and theory in the structure of matter: physical properties and mechanics of fluids, binding in solids, mechanical and thermal properties of solids, electrical and magnetic properties of matter, semi-conductors, plasmas. Prerequisite: 330 or equivalent. <Fall>
- *434. Radiological Physics.** (3) Howarth
Radiation dosimetry, applications to diagnostic and therapeutic radiology, the use of radioactive materials in biology and medicine. <Offered upon demand>
- *435. Introduction to Plasma Physics.** (3) Ahluwalia
Adiabatic invariants, orbit theory, plasma oscillations, hydromagnetic waves in plasmas, pinch effect, dimensionless parameters, applications. <Offered upon demand>
- *437. Introduction to Space Physics.** (3) Leavitt, Peterson
(Also offered as Astronomy 437) Solar activity and the solar wind, interplanetary particles, solar-terrestrial effects, the earth's magnetosphere and radiation belts, lunar and planetary measurements, cosmic radiation in space. <Offered upon demand>
- *445. Cosmic Radiation.** (3) Ahluwalia, Swinson
(Also offered as Astronomy 445) Primary cosmic radiation, the production and detection of secondary radiation, time variations, extensive air showers, applications to high-energy physics. <Offered upon demand>
- 451-452. Problems.** (1, 1)
- 453-454. Problems.** (2, 2)
- *461-462. Research Methods.** (1, 1)
- *463-464. Research Methods.** (2, 2)
- *466. Methods of Theoretical Physics.** (3)† Alpert, Beckel, Dean, Finley, Thomas
A selection of mathematical methods applied to physics. <Spring>
- *491-492. Contemporary Physics.** (3, 3) Bryant, Dean, Green, Leavitt, Regener, Swinson
Theory of special relativity, introduction to quantum mechanics; atomic and nuclear physics, cosmic rays. <491-Fall, 492-Spring>

** Available for graduate credit except for graduate majors in Physics.

- *493L-494L. **Contemporary Physics Laboratory.** (2, 2) Bryant, Swinson
Spectrographic methods; lasers; atomic structure; natural and artificial radioactivity; cosmic rays. 6 hrs. lab. <Fall>
- *500. **Advanced Seminar.** (1-3) <Fall, Spring>
- *503. **Classical Mechanics I.** (3) Green, Thomas
Lagrangean dynamics, rigid bodies, oscillations, continuous systems. <Fall 1971 and alternate years>
- *504. **Classical Mechanics II.** (3) Thomas
Hamiltonian dynamics, canonical transformations, Hamilton-Jacobi theory, applications of mechanics. <Spring 1972 and alternate years>
- *505. **Statistical Mechanics and Thermodynamics.** (3) Thomas
Classical and quantum statistics with applications to molecules and elementary particles. <Spring>
- *511. **Electrodynamics I.** (3) Alpert, Green, Thomas
Electrostatics, Maxwellian theory of fields, classical theory of radiation. <Fall 1970 and alternate years>
- *512. **Electrodynamics II.** (3) Green, Thomas
Covariant form of field equations, classical theory of charged particles. <Spring 1971 and alternate years>
- *521. **Quantum Mechanics I.** (3) Thomas
Experimental foundation, Schrödinger equation, operator formulation, approximation methods. <Spring>
- *522. **Quantum Mechanics II.** (3) Thomas
Many electron system, semiclassical theory of radiation, high and low energy potential and resonant scattering. Dirac electron theory. <Fall>
- *523. **Quantum Mechanics III.** (3) Thomas
Scattering of spin one-half particles, selection rules, polarization analysis, second quantization of the radiation field. <Spring 1972 and alternate years>
- *524. **Quantum Mechanics IV.** (3) Thomas
Classical fields of scalar quanta, relativistic wave equations, quantum theory of fields. <Fall 1970 and alternate years>
- *530. **Selected Topics in Solid State Physics.** (3)‡ Dean
Structure and properties of crystal lattices, insulators and electronic conductors, semiconductors. Prerequisite: 521. <Offered upon demand>
- *531. **Atomic Structure.** (3) Beckel
Hydrogen atom, complex atoms, methods of calculating atomic properties. Prerequisite: 521. <Offered upon demand>
- *532. **Molecular Structure.** (3) Beckel
Rotational, vibrational, and electronic properties of simple molecules. Prerequisite: 531. <Offered upon demand>
- *534. **Selected Topics in Biophysics.** (3)‡ Howarth
Biological and medical applications of physical principles and methods, aspects of radiation dosimetry and radiological physics, physical aspects of radiobiology, the physics of perception. <Offered upon demand>
- *537. **Selected Topics in Space Physics.** (3)‡ Ahluwalia, Leavitt
(Also offered as Astr 537.) Particles and fields in space; plasmas and magnetic fields, trapped radiation, solar effects, acceleration mechanisms, origins and composition of galactic radiation, experimental techniques. <Offered upon demand>
- *539. **Selected Topics in Laser Physics.** (3)‡ Alpert
Principles of lasing systems, transition probabilities, spectral line shapes, optical cavity mode structure, rate equations, coherence, giant pulse techniques, nonlinear phenomena. Prerequisites: 302 and 521. <Offered upon demand>
- *540. **Introduction to Nuclear Physics.** (3) Leavitt
Nuclear characteristics, radioactive decay, kinematics and conservation laws, interaction with matter, detection methods, scattering measurement, mesons and high-energy experiments, fission. <Offered upon demand>
- *541. **Theoretical Nuclear Physics I.** (3) Finley, Green, Leavitt, Thomas
Properties of nuclei, decay processes, nuclear reactions, two-nucleon problem. Prerequisite: 521. <Offered upon demand>

- *542. **Theoretical Nuclear Physics II.** (3) Finley
Nuclear models. Prerequisite: 521. <Offered upon demand>
- *543. **Selected Topics in High-Energy Physics.** (3)‡ Finley, Leavitt
S-matrix theory, field theory, symmetries, weak interactions, electromagnetic interactions, hadron resonances. Prerequisite: 521. <Offered upon demand>
- *551-552. **Problems.** (1-4 hrs. each semester)
- *566. **Advanced Methods of Theoretical Physics.** (3)‡ Beckel, Thomas <Offered upon demand>
- *570. **Theory of Relativity.** (3) Finley
Special relativity, tensor analysis and Riemannian geometry, selected topics in general relativity. Prerequisite: 503. <Offered upon demand>
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.
- *650. **Research.** (6-12)
- *699. **Dissertation.** (3-9 hrs. per semester)
See the *Graduate School Bulletin* for total credit requirements.

ASTRONOMY

- 101. **Introduction to Astronomy.** (3) King, Peterson
An elementary course, primarily for non-science majors, including observations with the telescope. <Fall, Spring>
- 270-271. **General Astronomy.** (3, 3) King, Peterson
The solar system, stellar astronomy, the galaxy, extra-galactic systems, cosmology. Pre- or corequisite: Math 150 or 162. <270-Fall, 271-Spring>
- 272L-273L. **General Astronomy Laboratory I and II.** (1, 1) King, Peterson
Observation of the moon, planets, and stars. Pre- or corequisite: 270-271. 3 hrs. lab. <272L-Fall, 273L-Spring>
- *311-312. [311L-312L] **Research Methods.** (1, 1) King, Peterson <Offered upon demand>
- *421. **Introduction to Astrophysics.** (3) King
Observational results, radiation laws, absorption and emission of radiation, simple applications to a variety of astrophysical problems. <Fall>
- *422. **Planetary Physics.** (3) Peterson
The planetary systems, planetary atmospheres. <Offered upon demand>
- *423. **Solar Physics.** (3) Hyder
The sun as a star, photosphere, chromosphere, corona, solar activity, solar emission of matter and radiation, experimental techniques. Prerequisite: 421. <Offered upon demand>
- *424. **Stellar Structure.** (3) King
Chemical composition, temperature, energy sources of the stars. Prerequisite: 421. <Offered upon demand>
- *425. **Galactic Nebulae and Interstellar Matter.** (3) Peterson
Formation and evolution of gaseous nebulae, excitation mechanisms, elemental abundances, absorption, scattering and polarization by interstellar grains and gases. Star formation. Prerequisite: 421. <Offered upon demand>
- *426. **Dynamical Systems in Astronomy.** (3) King
Principles of celestial mechanics, planetary systems and satellite orbits, binary and multiple stars, clusters, structure and evolution of galaxies. Prerequisites: Phys 303-304. <Offered upon demand>
- *437. **Introduction to Space Physics.** (3) Leavitt, Peterson
(Also offered as Physics 437) Solar activity and the solar wind, interplanetary particles, solar-terrestrial effects, the earth's magnetosphere and radiation belts, lunar and planetary measurements, cosmic radiation in space. <Offered upon demand>
- *445. **Cosmic Radiation.** (3) Ahluwalia, Swinson
(Also offered as Physics 445) Primary cosmic radiation, the production and detection of secondary radiation, time variations, extensive air showers, applications to high-energy physics. <Offered upon demand>
- *537. **Selected Topics in Space Physics.** (3)‡ Ahluwalia, Leavitt
(Also offered as Physics 537) Particles and fields in space; plasmas and magnetic fields, trapped radiation, solar effects, acceleration mechanisms, origins and composition of galactic radiation, experimental techniques. <Offered upon demand>

POLITICAL SCIENCE

Chairman to be appointed; PROFESSORS C. F. Heady, E. C. Hoyt, A. H. Rosenthal, J. Sorenson; ASSOCIATE PROFESSORS M. C. Needler³, H. V. Rhodes, R. J. Sickels, H. P. Stumpf; ASSISTANT PROFESSORS W. J. Brisk, C. Garcia, N. S. Gilbert (Visiting), H. D. Holt (Visiting), T. P. Wolf³, R. D. Wrinkle; and new appointments to be made.

MAJOR STUDY

A total of 33 hours including Political Science 100, 102, 203, and 8 upper division courses in Political Science, including a minimum of one course from each of the following four groups:

Group A (International Relations and Comparative Government): 342, 343, 351, 355, 356, 357, 358, 442, 450, 457, 458, 459, 469.

Group B (Local Government and Public Administration): 301, 302, 304, 308, 350, 421, 422, 425.

Group C (Political Theory): 361, 362, 368.

Group D (National Government and Politics): 305, 306, 311, 312, 375, 410, 475, 476.

Up to 6 hours of the major study requirement may be satisfied by related courses from other departments, chosen with the prior approval of the Department of Political Science.

MINOR STUDY

A total of 21 hours including Political Science 100, 102, and 203.

DISTRIBUTED MINOR FOR POLITICAL SCIENCE MAJORS

With the consent of the Departmental Chairman, a major may offer an American Studies minor as well as a minor in a single department. For requirements, see American Studies.

I. LOWER DIVISION COURSES (May be taken in any sequence; no prerequisites)

100. **American Government.** (3) <Fall, Spring>

102. **Introduction to Comparative Politics.** [Comparative Politics] (3)

Ordinarily, an examination of four political systems, including Great Britain, France, and West Germany. <Fall, Spring>

203. **International Politics: Basic Factors.** (3) <Fall, Spring>

II. UPPER DIVISION COURSES (Students below junior standing must have permission of instructor to enroll)

*301. **Municipal Government and Administration.** (3) Wrinkle

Organization, administration, and problems of counties, municipalities, metropolitan areas, and administrative districts. Prerequisite: 100. <Offered upon demand>

*302. **State Government in the United States.** (3)

Prerequisite: 100. <Offered upon demand>

303. **Problems of Democracy.** (3)

Government problems of contemporary importance. (Ordinarily restricted to upper division education majors. No credit allowed for Political Science majors or minors. Credit not allowed for both 100 and 303.) <Fall, Spring>

*304. **The Government of New Mexico.** (3)

Prerequisite: 100. <Offered upon demand>

*305. **Public Opinion.** [Public Opinion and Propaganda] (3) Wolf

Public opinion, its content and measurement, and its relation to public policy. <Fall>

*306. **Political Parties.** (3) Wolf

The American party system, national, state, and local. <Fall>

- *308. **Politics in Action.** (3)
Current political action: local campaigns, primaries, legislative programs, lobbying. Prerequisite: 100 or 102. <Offered upon demand>
- *310. **Problems of Communism and the Soviet Union.** (3) Hoyt
An interdisciplinary study of Communist ideology and Soviet power, dealing with historical origins and present nature of the Soviet system; the relationships between the Russian Communist leaders and revolutionaries in other countries; the place of communist ideology in world history and world politics and its relation to rival political beliefs and systems. (Special course for secondary school teachers. Not counted toward Political Science major.) Permission of instructor required. <Offered upon demand>
- *311. **The Legislative Process.** (3)
The recruitment, formal and informal procedure, and power structure of legislative bodies; their place in contemporary American Government. Prerequisite: 100. <Offered upon demand>
- *312. **The American Presidency.** (3) Sickels
The constitutional base of the office, its roles and responsibilities, and its relations with other political institutions. Prerequisite: 100. <Offered upon demand>
- *342. **American Foreign Policy.** (3) Hoyt
Prerequisite: 203. <Offered upon demand>
- *350. **Public Finance.** (3) Blumenfeld, Boyle, Therkildsen
(Also offered as Econ 350.) Taxation, government borrowing, financial administration, and public expenditures. Prerequisite: Econ. 201.
- *351. **Comparative Politics: Developing Countries.** (3) Brisk <Fall, Spring>
- *355. **Governments and Politics of Latin America.** (3) Needler
The political dynamics of the Latin American republics in the context of political development. Recommended preparation: Hist 282. <Fall>
- *356. **Governments and Politics of Latin America.** (3) Brisk
Contemporary political problems of Latin America, with emphasis on the problem of revolution and the politics of nationalism, communism, and the non-Communist radical left. <Spring>
- *357. **Government and Politics of the Soviet Union I.** (3)
A study of the evolution of the Soviet political system with emphasis on dynamics and institutional structure. Prerequisite: 102 or permission of instructor.
- *358. **Mexican Government and Politics.** (3) Needler
Prerequisite: 355 plus reading knowledge of Spanish. <Offered upon demand>
- *359. **Politics of Brazil.** (3) <Offered upon demand>
- *361. **Classical Political Theory.** (3) Rhodes
Prerequisite: 100 or 102 recommended. <Offered upon demand>
- *362. **Modern Political Theory.** (3) Rhodes
Prerequisite: 100 or 102 recommended. <Offered upon demand>
- *363. **Latin American Political Theory.** (3)
The development of political philosophy in Latin America with emphasis on contemporary thinkers. Knowledge of modern Latin American history is recommended. <Offered upon demand>
- *368. **American Political Thought.** (3) Rhodes
Recommended preparation: 100. <Offered upon demand>
- *375. **Law and Politics I.** (3) Stumpf
The nature of the judicial process and the role of law and courts in the American political system, with emphasis on the United States Supreme Court. Prerequisite: 100 or permission of instructor. <Fall>
- *403. [343] **International Law and Organization.** (3) Hoyt
Prerequisite: 203. <Offered upon demand>
- *410. **The Policy-Making Process.** (3)
The political interaction of interest groups, administrative agencies, executives, and legislative bodies in the formulation of policy in field chosen by instructor. Prerequisite: 100. <Offered upon demand>
- *421. [321] **Public Administration.** (3) Woodruff
(Also offered as Pub Adm 421.) The organization, administration, and operation of federal, state, and local agencies with emphasis on the dynamics and problems involved in carrying out public policy. <Fall, Spring>

- *422. **The Administrative Process.** (3) Hunger
(Also offered as Pub Adm 422.) Using the case-study approach, examines concepts, issues, and methods of solving problems involved in the actual administration of public policy at all levels of government. Prerequisite: 421 or comparable experience. <Offered upon demand>
- *425. **Public Personnel Administration.** (3) Rosenthal
(Also offered as Pub Adm 425.) Examines concepts involved in the administration of public personnel programs at local, state, and federal levels, including considerations of motivation, behavior, and employee organizations. Prerequisite: 421. <Offered upon demand>
- *442. **International Politics II.** (3)
Contemporary problems of international politics considered on a regional basis; foreign policies of the United States and other powers. Prerequisite: 203.
- *450. **Politics and Governments of Modern Asia.** (3) <Offered upon demand>
- *457. **Government and Politics of the Soviet Union II.** (3)
Contemporary political problems of the Soviet Union, with emphasis on tensions and accommodations between political leadership and socio-economic forces. Prerequisite: 357 or permission of instructor. <Offered upon demand>
- *458. **Government and Politics of Eastern Europe.** (3)
A study of the institutional structures and socio-political forces of the Communist countries of Eastern and South-Eastern Europe (exclusive of the USSR). Prerequisite: 357 or permission of instructor. <Offered upon demand>
- *459. **Soviet Foreign Policies.** (3)
A survey and analysis of goals and methods of Soviet foreign policies toward the West, the uncommitted countries, Communist China and Eastern Europe. Prerequisite: 203 or 357. <Offered upon demand>
- *465. **City Planning Methods** [Introduction to City Planning] (3) Weismantel
(Also offered as Econ, Arch, and Soc 465.) Topics include perceptual form of the city; planning and decision-making theory; national and regional settlement policy; public control over development; direct action techniques. This is a multidiscipline introduction to urban studies, with emphasis on planning and control. <Fall>
- *467. **Governments and Politics of Germany.** (3) <Offered upon demand>
- *469. **Comparative Politics: The Industrial Democracies.** (3)
Ordinarily, an examination of themes common to the political systems of Western Europe, North America, and Japan. Recommended preparation: 102 or the instructor's permission. <Spring>
- *475. **Law and Politics II.** (3) Stumpf
Prerequisite: 375 or permission of instructor. <Spring>
- *476. **Civil Rights.** (3) Sickels <Offered upon demand>
- *498. **Readings in Political Science.** (3)
Seminar open to graduate students and to undergraduates who have had 18 hours of B-level work in Political Science. <Offered upon demand>
- 499. **Senior Thesis.** (3)

III. GRADUATE COURSES

- *501. **Interdepartmental Seminar in the Culture of the United States.** (3) Arms, Tedlock, G. W. Smith
(Same as American Studies 501.) <Fall, Spring>
- *510. **Pro-Seminar in American Government and Politics.** (3) <Offered upon demand>
- *511. **Research Seminar in American Government and Politics.** [Seminar in Urban Government] (3) <Offered upon demand>
- *520. [580] **Pro-Seminar: Comparative Government and Politics.** (3) <Offered upon demand>
- *521. **Research Seminar in Comparative Government and Politics.** [Seminar in Public Administration] (3) <Offered upon demand>
- *530. **Pro-Seminar in International Relations.** (3) <Offered upon demand>
- *531. **Research Seminar in International Relations.** (3) <Offered upon demand>
- *540. [531] **Pro-Seminar in Political Theory.** (3) <Offered upon demand>
- *541. **Research Seminar in Political Theory** [Research Seminar in International Politics] (3) <Offered upon demand>

- *551-552. Problems. (1-3 hrs. each semester)
- *553. [596] Methodology. (3)
Required of all political science graduate students. <Fall>
- *554. Research Techniques. (3) <Spring>
- *584. Interdisciplinary Seminar on Problems of Modernization in Latin America. (3) Lieuwen, Merxx, Needler, Schwerin
(Also offered as Anthro, Econ, Hist, Soc 584.) <Spring>
- *599. Master's Thesis. (1-6 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.
- *699. Dissertation. (3-9 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.

PORTUGUESE

See Modern and Classical Languages.

PSYCHOLOGY

PROFESSORS F. A. Logan (Chairman), D. T. Benedetti, H. C. Ellis¹, G. R. Grice, R. D. Norman, J. M. Rhodes, S. Rosenblum; ASSOCIATE PROFESSORS D. P. Ferraro, K. P. Koenig, L. E. Price, B. K. Ruebush; ASSISTANT PROFESSORS D. W. Bessemer, T. P. Friden, R. J. Harris, P. J. Johnson, S. Roll.

Explanation of footnotes not indicated will be found on page 279.

The student wanting a complete introduction to Psychology should take both 101 and 102 with their associated laboratories, 103L and 104L. These courses are strongly recommended for all students and are **required** for major and minor programs and for most upper-level courses. However, credit can be obtained for 101 and/or 102 separately. Normally, students should take at least one 200-level course before registering for more advanced courses. Acceptance of transferred credits toward a major or minor in Psychology must be approved by the department.

MAJOR STUDY

The Psychology major is encouraged to broaden his training in related fields, especially Biology, Mathematics, and the Social Sciences. Toward this end, up to 8 hours credit toward the major requirements (if not used toward the minor requirement) may be counted from the following courses: Biology 323, 324L, 371L, 386L; Mathematics 121, 122, 241, 242, 441; Anthropology 354, 308; Economics 300, 407; Sociology 331, 471; and others justified by the student and approved by his adviser.

The Honors major requires 29 hours credit beyond 8 hours General Psychology, including 280, 391, 392, 491, 492, and one laboratory course numbered above 300.

The standard major requires 26 hours credit beyond 8 hours General Psychology, including 280, 472 and one laboratory course numbered above 300.

The degree of Bachelor of Science is conferred if the minor is in or distributed among Biology, Chemistry, Mathematics or Physics. Otherwise, the Bachelor of Arts degree is conferred.

MINOR STUDY

12 hours beyond 8 hours General Psychology.

DEPARTMENTAL HONORS

Superior sophomore students, especially those anticipating graduate study in Psychology or interested in research training, are invited to apply for admission to the undergraduate Honors Program beginning in the junior year.

101. **General Psychology I.** (3) Price, Ferraro
An introduction to the areas of learning, motivation, and comparative-physiological psychology. <Fall>
102. **General Psychology II.** (3) Norman
An introduction to the areas of perception, individual differences, and personality-social psychology. <Spring>
- 103L. **General Psychology I Laboratory.** (1) Feeney
Classroom projects and demonstrations. 2 hrs. lab. requiring bi-weekly reports. Pre- or corequisite: 101. <Fall>
- 104L. **General Psychology II Laboratory.** (1) Norman
Classroom projects and demonstrations. 2 hrs. lab. requiring bi-weekly reports. Pre- or corequisite: 102. <Spring>
107. **Introductory Psychology.** (3) Norman
A general introductory course for special summer school students. Not acceptable as substitute for 101 or 102. <Summer only>
210. **Educational Psychology.** (3) Rosenblum
(Also offered as Ed Fdn 310) Introduction to the application of psychological principles to the learning and teaching process. Prerequisite: 101 or 102. <Summer, Fall, Spring>
221. **Psychology of Learning.** (3) Ellis
Survey of laboratory learning situations with application of principles to practical situations. Prerequisite: 101. <Spring>
260. **Psychology of Adjustment.** (3) Benedetti, Rhodes
A study of adjustive processes and psychological health. Prerequisite: 102. <Fall, Spring>
262. **Interpersonal Relations.** (3) Harris
Structure and processes involved in relationships between individuals. Prerequisite: 102. <Spring 1972 and alternate years>
280. **Psychological Statistics I.** (3) Bessemer, Harris
An introduction to inferential statistics: sampling theory, estimation techniques, evaluation of experimental data. Prerequisites: Math 010 or eligibility for Math 121. <Summer, Fall, Spring>
282. **Psychological Research Techniques.** (3) Johnson
An introduction to the methods of behavioral research. Individual projects. Prerequisite: 280. <Spring>
295. **Physiological Psychology.** (3) Feeney
Survey of research on the biological bases of behavior. Prerequisite: 101, or 102, or Biol 101L. <Fall>
- *301. **Social Psychology.** (3) Harris
The behavior of individuals as influenced by other humans. Prerequisite: 221 or 260. <Fall>
- *303L. **Social Psychology Laboratory.** (2) Harris
Laboratory study of the role of social factors influencing psychological processes. Prerequisite: 280; corequisite 301. 4 hrs. lab. <Fall>
- *305. **Psychology of Personality.** (3) Koenig
Theories, development, and measurement of personality. Prerequisite: 221 or 260 <Fall>
- *308. **Abnormal Psychology.** (3) Koenig
An introduction to the field of psychopathology. Prerequisite: 221 or 260. <Spring>
- *311. **Developmental Psychology.** (3) Rosenblum
The child from conception through adolescence with emphasis upon experimental analyses of behavioral development. Prerequisite: 102. <Fall>

- *314. **Introduction to Child Research.** (3) Price
The study of the young child with emphasis on research, theory, and methodology. Prerequisite: 101. <Spring>
- *316L. **Child Research Laboratory.** (2) Price
Laboratory projects. Corequisite: 314. 4 hrs. lab. <Spring>
- *321. **Learning: Human Skills.** (3) Johnson, Ellis
Methods, principles and theories of human verbal and perceptual-motor learning. Prerequisite: 221. <Fall>
- *322. **Psychology of Perception.** (3)
Methods, principles and theories of perception. Prerequisites: 101, 102. <Spring>
- *323L. **Human Skills Laboratory.** (2) Johnson, Ellis
Laboratory projects. Prerequisite: 280; corequisite: 321. 4 hrs. lab. <Fall>
- *324L. **Psychology of Perception Laboratory.** (2)
Laboratory projects. Prerequisite: 280; corequisite: 322. 4 hrs. lab. <Spring>
- *325. **Learning: Conditioning.** (3) Ferraro
Methods, principles and theories of classical, instrumental and operant conditioning. Prerequisite: 221. <Spring>
- *327L. **Conditioning Laboratory.** (2) Ferraro
Laboratory projects. Corequisite: 325. 4 hrs. lab. <Spring>
- *331. **Psychological Testing.** (3) Norman
Problems related to mental measurement; review of various types of tests and their practical applications. Prerequisite: 280. <Fall>
- 391. **Junior Honors Seminar.** (3) Logan
Contemporary viewpoints and issues in historical perspective. Prerequisite: 221 and permission of instructor; pre- or corequisite 280. <Fall>
- 392. **Junior Honors Seminar.** (3) Logan
Continuation of 391. Prerequisite: 391. <Spring>
- *411. **Cognitive Development.** [Conceptual Processes in Children] (3) Johnson
The development of conceptual, intellectual and linguistic behavior in children. Prerequisites: 101, 102. <Fall>
- *412. **Advanced Educational Psychology.** (3) Rosenblum
Emphasis on the research applications of psychology to education. Prerequisite: 221. <Spring>
- *414. **Learning, Motivation and Perception in Children.** (3) Price
Analysis of theoretical and experimental literature on learning, motivation, and perception in simple and complex situations with children. Prerequisite: 221. <Spring>
- *415. [313] **The Psychology of Mental Retardation.** (3) Rosenblum
Theory and research dealing with various aspects of mental deficiency and retardation. Prerequisite: 102. <Fall>
- *416 [312] **Child Clinical Psychology.** (3) Rosenblum
Theories and practices related to an understanding of children and adolescents who deviate from the norm intellectually, physically, and emotionally. Prerequisite: 102. <Spring>
- *417. **Programmed Learning.** (2) Ellis, Ferraro
Application of principles of learning necessary for the preparation and use of programmed instructional materials, with practice in frame-writing, construction and evaluation of programs. <Summer only>
- *422. **Motivation of Behavior.** (3) Feeney
Principles and physiological basis of motivation. Prerequisite: 101 <Spring>
- *424L. **Motivation Laboratory.** (2) Feeney
Laboratory projects. Prerequisite: 280; corequisite: 422. 4 hrs. lab. <Spring>
- *426. **Learning: Conceptual Processes.** (3) Johnson
Methods, principles, and theories of thinking, concept formation, and problem solving. Prerequisite: 221 <Spring>
- *428L. **Conceptual Processes Laboratory.** (2) Johnson
Laboratory projects. Prerequisite: 280; corequisite: 426. 4 hrs. lab. <Spring>

- *450. **Special Topics in Psychology.** (3)‡
Seminars concerning selected contemporary issues. Prerequisite: permission of instructor.
<Offered upon demand>
- *451. **Industrial Psychology.** (3)
Application of psychological principles to industrial needs. Prerequisite: 102. <Fall>
- *452. **Engineering Psychology.** (3)
Problems arising from man-machine relationships. Prerequisite: 102. <Spring>
- *466. **Introduction to Clinical Neuropsychology.** (3) Rhodes
Application of psychophysiological techniques and principles to clinical problems. Prerequisite: 221 or 260. <Spring>
- *472. **History of Psychology.** (3) Benedetti
Survey of the major developments and systems in the history of psychology. Prerequisite: 101 or 102. <Spring>
- *473. **Mathematical Psychology.** (3) Bessemer
Survey of mathematical descriptions of behavior. Prerequisite: 280. <Spring>
- *482. **Psychological Statistics II.** (3) Harris
Multivariate analysis: multiple regression, multivariate analysis of variance, canonical correlation, factor analysis. Prerequisite: 280 or equivalent. <Spring>
- 491. **Senior Honors Seminar.** (3) Ellis
Experimental methods and laboratory techniques. Senior thesis based on independent research. Prerequisite: 392. <Fall>
- 492. **Senior Honors Seminar.** (3) Ellis
Continuation of 491. Prerequisite: 491. <Spring>
- *493. **Advanced Physiological Psychology.** (3) Rhodes
Intensive examination of neurophysiological bases of behavior. Prerequisite: 221 <Fall>
- *494. **Comparative Psychology.** (3) Bessemer
Heredity, maturation, learning, and the higher mental processes as revealed in various animals. Prerequisite: 221. <Fall>
- *495L. **Advanced Physiological Psychology Laboratory.** (2) Rhodes
Laboratory projects. Prerequisite: 280; corequisite: 493. 4 hrs. lab. <Fall>
- *496L. **Comparative Psychology Laboratory.** (2) Bessemer
Laboratory projects. Prerequisite: 280; corequisite: 494. 4 hrs. lab. <Fall>
- 499. **Undergraduate Problems.** (1-3 hrs. each semester; maximum 6)
- *501. **Advanced Social Psychology.** (3) Harris
Prerequisite: 301. <Spring 1971 and alternate years>
- *503. **Theories of Personality.** (3) Norman
Prerequisite: 305 or 308. <Fall 1971 and alternate years>
- *505. **Research Techniques in Experimental Psychology.** (2) Ferraro
Shop techniques, elementary principles of electric circuits. <Summer only>
- *509. **Seminar in Teaching.** (3) Benedetti
A seminar/practicum in the teaching of psychology. Prerequisite: permission of instructor.
<Fall>
- *511. **Research Methods in Child Development.** (3) Price
Review of principal research methods and designs in child development. Supervised research experience. <Fall>
- *512. **Theory in Educational Psychology.** (3) Logan
The relation of theories of learning to educational psychology. <Offered upon demand>
- *514. **Seminar in Learning, Motivation and Perception in Children.** (3) Price
Examination of selected topics and issues on learning, motivation, and perception in children. Prerequisite: 414. <Spring 1971 and alternate years>
- *516. **Seminar in Developmental Abnormalities.** (3) Rosenblum
Critical examination of research on developmental disorders in children and adolescents. Prerequisite: 312. <Spring>
- *521. **Psychological Statistics III.** (3) Bessemer
Probability theory, methods and problems of statistical inference. Prerequisite: 280 or equivalent. <Fall>

- *522. **Design of Experiments.** (3) Ellis
Examination of problems of design, control and evaluation of experiments. Prerequisite: 521. <Spring>
- *523. **Methods of Behavioral Research.** (3) Grice
An analysis of the scientific method as applied to the study of behavior. Prerequisite: 522. <Fall>
- *531. **Introduction to Projective Techniques.** (3) Norman
Prerequisite: 308. <Fall 1971 and alternate years>
- *532L. **Individual Mental Testing.** (3) Norman
Practical laboratory study and discussion of Binet and Wechsler tests. Prerequisite: 331. <Fall>
- *551. **Graduate Problems.** (1-3 hrs. each semester)†
- *568. **Cognitive Processes.** (3) Johnson
A study of thinking, concept formation, judgment, and problem-solving. <Fall>
- *571. **Theories of Learning.** (3) Logan, Ferraro
Systematic examination of the major issues in learning. Prerequisite: 321, or 325 or 426. <Fall>
- *572. **Seminar in Discrimination Learning.** (3) Logan
Critical analysis and development of theories of discrimination and related learning processes. Prerequisite: 571. <Offered upon demand>
- *574. **Experimental Analysis of Operant Behavior.** (3) Ferraro
An advanced study of the experimental literature, methodology, and applications of free-operant conditioning. Prerequisite: 571. <Spring 1972 and alternate years>
- *576. **Seminar in Classical Conditioning.** (3) Grice
An examination of experimental issues and theoretical interpretations of classical conditioning. Prerequisite: 571. <Spring>
- *578. **Seminar in Human Learning: Transfer and Memory.** [Human Learning: Transfer and Retention] (3) Ellis
An examination of experimental issues and theoretical interpretations of transfer and memory. <Fall>
- *582. **Seminar in Perceptual Learning.** [Perceptual Learning] (3) Ellis
Analysis of the processes by which conditions of learning modify perceptual behavior. <Fall>
- *584. **Stimulus Control in Operant Conditioning.** (3)† Ferraro
An analysis of free operant procedures resulting in discriminative processes. Prerequisite: 571 and permission of instructor. <Spring 1971 and alternate years>
- *591. **Animal Learning: Complex Processes.** (3) Bessemer
Analysis of complex learning processes and problem solving in animals, with emphasis on the primates. <Spring>
- *594. **Seminar in Sensory Neuropsychology.** (3) Feeney
Discussion of the neural processing of sensory information, including structure-function analysis, control of sensory input and sensory-motor interaction. <Spring>
- *596. **Seminar in Physiological Psychology.** (3) Rhodes
Examination of current research and issues. Prerequisite: 496L. <Spring>
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the Graduate School Bulletin for total credit requirements.
- *601. **Seminar in Clinical Psychology.** (3)†
Introduction to major theoretical and research issues in contemporary clinical psychology. Prerequisite: permission of instructor. <Fall>
- *614. **Seminar in Treatment of Disturbed Children and Adolescents.** (3) Ruebush
Review of theory and research in the major types of therapeutic intervention and methods of behavior change with children and adolescents. Supervised experience in treating a disturbed child or adolescent. Prerequisite: permission of instructor. <Spring>
- *615. **Experimental Psychotherapy I.** (3) Koenig
Application of experimental methods and theories to clinical problems. Prerequisite: permission of instructor. <Fall>
- *616. **Experimental Psychotherapy II.** (3) Koenig
Application of experimental methods and theories to clinical problems. Prerequisite: permission of instructor. <Spring>

***650. Special Topics in Psychology. (3)‡**

Seminars concerning selected contemporary issues. Prerequisite: permission of instructor.
 <Offered upon demand>

***699. Dissertation. (3-9 hrs. per semester)**

See the *Graduate School Bulletin* for total credit requirements.

PUBLIC ADMINISTRATION

PROFESSORS A. H. Rosenthal (Director), G. L. Boyle, E. H. Caplan; ASSOCIATE PROFESSOR L. W. Woodruff; ASSISTANT PROFESSOR J. M. Hunger

Courses in this department are designed to prepare students at the graduate level for careers in federal, state, and local government. For curriculum leading to the degree of Master of Arts in Public Administration, see the *Graduate School Bulletin*.

***421. Public Administration. (3) Woodruff**

(Also offered as Pol Sc 421) The organization, administration, and operation of federal, state, and local agencies with emphasis on the dynamics and problems involved in carrying out public policy. <Fall, Spring>

***422. The Administrative Process. (3) Hunger**

(Also offered as Pol Sc 422) Using the case-study approach, examines concepts, issues and methods of solving problems involved in the actual administration of public policy at all levels of government. Prerequisite: 421 or comparable experience. <Offered upon demand>

***423. Urban Affairs. (3) Hunger**

Designed for graduate students in Public Administration preparing for careers in local or state government. Includes all aspects of the administration of local government. Prerequisite: 421.

***424. Intergovernmental Administrative Relations. (3) Rosenthal**

Examines the history, structure, dynamics, and problems involved in the operation of the federal system, particularly the administrative relationships of federal, state, and local governments. Prerequisite: 421.

***425. Public Personnel Administration. (3) Rosenthal**

(Also offered as Pol Sc 425) Examines concepts involved in the administration of public personnel programs at local, state, and federal levels, including considerations of motivation, behavior, and employee organizations. Prerequisite: 421. <Offered upon demand>

429. Workshop for Interns. (1-3 hrs. per semester, to a maximum of 6)

Available only for students concurrently involved in an intern program approved by the Division.

551-552. Problems. (1-3 hrs. per semester, to a maximum of 6)**595. Seminar: Public Science Policy and Administration. (3) Rosenthal**

Designed for students preparing for or continuing education in the administration of large-scale science and technological programs in public agencies and in public-private companies. Prerequisite: 421.

***596. Seminar: Public Science Policy and Administration. (3) Rosenthal**

Continuation of 595.

***597. Research Methodology. (3) Woodruff**

Required. Examines research methods and approaches useful for the collection, analysis and interpretation of data in the field of Public Administration. Prerequisite: 421.

***598. Research Methodology. (3) Woodruff**

Continuation of 597.

***599. Thesis. (1-6 hrs. per semester) Rosenthal**

See the *Graduate School Bulletin* for total credit requirements.

RUSSIAN STUDIES

COMMITTEE IN CHARGE: ASSOCIATE PROFESSOR W. Wagar (History), Chairman; PROFESSOR R. Murphy (Geography); ASSOCIATE PROFESSORS P. Chung (Economics), R. Holzapfel (Modern Languages); ASSISTANT PROFESSOR R. Robbins (History).

The combined major in Russian Studies is administered by the interdepartmental committee listed above. The object of the program is to provide the student with a broad knowledge of modern Russia through study of the social sciences, humanities, and language. Study of the Russian language beyond a reading knowledge is required. The major requires no minor field for graduation. The program also offers a minor.

Major in Russian Studies

FOREIGN LANGUAGE, 18 hours

Russian 101, 102, 251, 252, 307, 345

ECONOMICS, GEOGRAPHY, AND POLITICAL SCIENCE, 18 hours

Economics 200, 201, 450 or 455

Geography 333

Political Science 357, and one of the following: 457, 458, or 459

HISTORY, 9 hours

History 102, 348, 349

ADDITIONAL REQUIREMENTS, 18 hours to be selected following consultation with the adviser:

Economics 360

Geography 102, 331

Political Science 203, 361, 362

History 303, 335, 336, 340, 354

Russian 338

Sociology 101, 451, 461

Minor in Russian Studies, 21 hours

FOREIGN LANGUAGE

Russian 101, 102, 251, 252

9 ADDITIONAL HOURS CHOSEN FROM:

Economics 450, 455

Geography 333

Political Science 357, 457, 458, 459

History 303, 348, 349

Russian 307, 338, 345

SOCIOLOGY

PROFESSOR R. F. Tomasson¹ (Chairman); ASSOCIATE PROFESSORS C. E. Woodhouse (Acting Chairman), H. C. Meier; ASSISTANT PROFESSORS D. L. Bachelor, J. Fashing, H. G. McCann, P. H. McNamara, G. W. Merckx, D. Stratman, A. Ugalde², and staff.

Explanation of footnotes not indicated will be found on page 279.

MAJOR STUDY

36 hours of course work, including 101, 371, 471, and 481, and including two courses in Economics, Political Science, and/or Anthropology at the 200 level or above. (Note special requirements for 481.)

MINOR STUDY

18 hours in Sociology courses, of which 9 must be above 300, and including 101 and 371 or 471.

DISTRIBUTED MINOR FOR SOCIOLOGY MAJORS

With the consent of the departmental chairman, a major may offer an American Studies minor as well as a minor in a single department. For requirements, see *American Studies*.

101. Introduction to Sociology. (3) Tomasson

Basic course; prerequisite to all other courses in the department. <Summer, Fall, Spring>

General Prerequisite: 101 or equivalent.

161. The City. (3) Riley

(Also offered as Arch 161) An introduction to the idea of urban life, treating persistent physical, social, and symbolic themes in the historical and contemporary city. <Fall>

211. Social Problems. (3) Fashing, Ugalde

A sociological approach to understanding social problems with emphasis on current American social problems. <Fall, Spring>

215. Social Stratification. (3) Bachelor, Meier

An examination of class, status, and power in society, including some of the consequences of stratification systems. <Spring>

216. Race and Cultural Relations. (3) McNamara, Merckx

The historical, comparative, and social psychological study of race and cultural relations in the United States and elsewhere. <Fall, Spring>

225. Structure and Functions of the Family. (3) Meier

Functional analysis of family structure in varying societal contexts; functional foundations of marriage and family institutions, alternative patterns of family role organization, and interconnections with other social structures of wider social systems. <Fall>

226. Sociology of the Barrio. (3) Baca, Zinn**301-302. Interdepartmental Studies in the Culture of the U.S. (3, 3)**

(Same as American Studies 301-302.) May be taken for departmental credit only with the consent of the Chairman.

***312. Juvenile Delinquency. (3) Stratman**

The nature of juvenile delinquency, its prediction, prevention and control.

***313. Criminology. (3) Stratman**

The nature of crime, types of criminal behavior, and explanations of crime.

***314. Sociology of Corrections. (3) Stratman**

The police, courts, prisons, probation and parole and recent developments in the area of crime control. Prerequisite: 312 or 313.

***321. Sociology of Medical Practice. (3)**

Analysis of medical care settings like hospitals with special attention on the professional roles of medical practitioners and the role of the patient.

***331. Collective Behavior. (3) Woodhouse**

Theoretical analysis of groups which emerge spontaneously in response to social strain, and of social behavior in the form of panics, crazes, hostile outbursts, and social movements.

***341. Industrial Sociology. (3)**

An examination of the social organization of the work place, work and society, role of labor organizations in industry.

***351. The Urban Community. (3) McNamara**

The form and development of the urban community with respect to demographic structure, spatial and temporal patterns, and functional organization. Metropolitan emergence and city-hinterland relations.

***361. Social Implications of Technological Change. (3)**

(Also offered as Anth 361.) The impact of technological change on societal institutions with special attention to underdeveloped areas.

***365. Urbanization in Latin America. (3)**

(Also offered as Anth 365.) Analyzes the processes related to urbanization in Latin America, comparing them with developments following Industrialization and rural-to-

urban migrations elsewhere. Emphasis on social and cultural changes accompanying rural-to-urban migration.

- *371. **History of Social Thought.** (3) Woodhouse
Examination of the rise of sociology as a scientific discipline, principally during the 19th century, with special attention to the contributions of Comte, Marx, Durkheim, Tönnies, Simmel, and Weber. <Fall, Spring>
- *381. **Sociology of Science.** (3) McCann
An examination of the structure of science and its role in society. Topics will include science as a social institution, values of science, science and public policy, and the development of science.
- *411. **Deviant Behavior.** (3) Stratman
The nature of deviant behavior as it is revealed through a review of theory and research on deviant behavior. Selective examination of particular types of individual and sub-cultural deviancy. Prospects for the emergence of a general theory of deviant behavior. Prerequisite: 312 or 313.
- *416. **Workshop in Intercultural Relations.** (4)
(Also offered as Ed Fdn 416.) <Summer only>
- *421. **Sociology of Education.** (3) Bachelor, Fashing
(Also offered as Ed Fdn 421.) The comparative study of the structure and functioning of educational institutions in the developing and developed societies. <Fall, Spring>
- *422. **Sociology of Religion.** (3) McNamara, Ugalde
The study of the development, structure, and functioning of religious institutions in both western and non-western societies.
- *425. **Latin American Institutions.** (3) Ugalde
A study of selected institutional arrangements in various Latin American societies.
- *435. **Small Group Analysis.** (3) Meier
Behavioral dynamics and emergent structures in small groups and interpersonal networks; the interplay of informal and institutionalized patterns of social relationships.
- *441. **Formal Organizations.** (3) McNamara
An examination of the nature and types of formal organizations, formal organizations and society, and various aspects of their internal structure.
- *445. **Occupations and Professions.** (3) Woodhouse
A comparison of occupational subcultures; the patterns of interaction and the social norms which characterize relations among colleagues, and their relations with the people being served; recruitment and mobility within occupations; the process of professionalization.
- *451. **Population Problems.** (3) McCann
Study of fertility, mortality, migration, and the composition of populations. Emphasis on sources and evaluation of data.
- *461. **Social Change.** (3) Woodhouse
The conditions and processes related to the formation of new social structures and the emergence of new social norms as exemplified by political revolutions, reform movements, and cultural diffusion. Theories of social change will be critically analyzed.
- *465. **City Planning Methods.** [Introduction to City Planning.] (3) Weismantel
(Also offered as Arch, Econ, and Pol Sci 465.) Topics include perceptual form of the city; planning and decision-making theory; national and regional settlement policy; public control over development; direct action techniques. This is a multidiscipline introduction to urban studies with emphasis on planning and control.
- *471. **Contemporary Sociological Theory.** (3) Merckx
Analysis and comparison of major contributions to sociological theory since 1900, considering their continuity with older theoretical positions and application in contemporary research. <Fall, Spring>
- *481. **Research Methods in Sociology.** (3) Meier
A consideration of the sociological research enterprise from problem formulation to the interpretation of findings; elementary principles of theory verification, research design, instrumentation, and the treatment of empirical data. Field and/or laboratory exercises. Prerequisite: 9 hours of sociology and Mathematics 241-242 or equivalent, or permission of the instructor. <Fall, Spring>

- §*485. **Seminario de Investigación sobre la Sociedad Mejicano-Americana.** (3) Merkx
El análisis de investigaciones empíricas sobre la organización, cultura, y ecología de la sociedad mejicano-americana en el suroeste. El curso comprenderá también la formulación de proyectos de investigación empíricos. Cada estudiante llevará a cabo un trabajo de investigación en el campo. La lengua de instrucción del curso será español. Se requiere: Dominio de español, nueve horas de sociología incluyendo 481, o permiso del instructor.
490. **Directed Study.** (1-3 hrs. up to maximum of 6) Bachelor, Fashing, McNamara, Meier, Merkx, Stratman, Tomasson, Ugalde, Woodhouse
Restricted to students with substantial background in Sociology. Permission of Chairman required.
- *500. **Seminar: Social Organization.** (3)
- *501. **Interdepartmental Seminar in the Culture of the United States.** (3)
(Same as American Studies 501.)
- *502. **Seminar: Social Systems Analysis.** (3) Meier
Critical examination of alternative approaches to social system analysis; conceptual analysis of system elements, processes, and organization from the standpoint of heuristic utility.
- *503. **Seminar: Political Sociology.** (3) Woodhouse
An exploration of sociological theories pertinent to the functioning of political systems, and the application of these theories to case studies of political behavior.
- *504. **Seminar: The Control of Deviance.** (3) Stratman
A consideration of social processes and structures tending to prevent or reduce deviance. Prerequisite: 312, 313, or 411.
- *505. **Seminar: Theory of Complex Organizations.** (3)
The development and formalization of various contributions to complex organization theory.
- *506. **Seminar: Comparing Nations.** (3) Tomasson
Comparative study of the structure and functioning of various institutions in the developed societies. Topics will change from year to year.
- *507. **Seminar: Sociological Theory.** (3)‡
Detailed analysis of theoretical contributions to sociology by individuals and/or schools of thought. Subject depends upon instructor.
- *508. **Seminar: Comparative Latin American Social Systems.** (3) Ugalde
Comparative study of the social structures and processes of selected Latin American countries. Emphasis will be given to stratification, mobility, and social change. Prerequisite: 425 or permission of instructor.
- *531. **Sociology Teaching Practicum.** (3) Tomasson
A course specifically and only for teaching assistants in Sociology 101 dealing with the problems and methods of teaching sociology. Meetings will be held throughout the academic year, but credit will be given only for the spring semester.
- *551-552. **Problems.** (2-3 hrs. each semester) Bachelor, Fashing, McCann, McNamara, Meier, Merkx, Stratman, Tomasson, Ugalde, Woodhouse
- *581. **Seminar: Sociology of Education.** (3) Bachelor, Fashing
(Also offered as Ed Fdn 581.) Opportunity for students with appropriate backgrounds in Sociology or Education to gain experience in field research projects chosen by instructor or by agreement. <Summer, Fall, Spring>
- *584. **Interdisciplinary Seminar on Problems of Modernization in Latin America.** (3) Lieuwen, Merkx, Needler, Schwerin
(Also offered as Anth, Econ, Hist, and Pol Sci 584.) <Spring>
- *599. **Master's Thesis.** (1-6 hrs. per semester) Bachelor, Fashing, McCann, McNamara, Meier, Merkx, Stratman, Tomasson, Ugalde, Woodhouse
See the *Graduate School Bulletin* for total credit requirements.

§ Limited to students with competence in Spanish.

SPEECH

PROFESSORS W. C. Eubank (Chairman), E. W. Bundy, F. M. Chreist, S. G. Fletcher, H. O. Ried; ASSOCIATE PROFESSORS L. E. Lamb, C. B. Owens; ASSISTANT PROFESSORS D. S. Butt, J. W. Carey, R. C. Dick, D. J. Draper, G. M. Goldhaber, R. B. Hood, J. A. Kline, B. E. Porch (Part-time), R. D. Snell, M. J. VanGraber; and new appointments to be made. CONSULTANT IN AUDIOLOGY T. W. Norris; CONSULTANT IN TELEVISION F. C. Hempen.

MAJOR STUDY

36 hours in Speech, including 101 and 102 (or equivalent), 251, 260, 280, 303, 470, 495 or 496, and 498.

EMPHASIS IN COMMUNICATION DISORDERS. 39 hours, including 101, 102 and 33 hours chosen from the following: 280, 285, 292, 303, 320, 321, 325, 330, 422, 425, 427, 430, 435, 436, 437, 438L, 450, 451L, 458.

EMPHASIS IN TELEVISION-RADIO. 42 hours completed in the Departments of Speech and Dramatic Art. Required Speech courses: 101, 102, 251, 260, 265, 280, 303, 470, 480, 495 or 496 or 498, and 3 hours selected from 465 and 466. Required Dramatic Art courses: 351 and 6 hours selected from 305, 306, and 352.

EMPHASIS IN TELEVISION-RADIO JOURNALISM. 42 hours completed in the Departments of Speech and Journalism. Required Speech courses: 101, 102, 251, 260, 265, 280, 303, 470, 480, 495 or 496 or 498, and three hours selected from 465 and 466. Required Journalism courses: 251, 252 and 494.

MINOR STUDY

21 hours completed in the Department of Speech, including 101, 102, 260, 280 and 470.

Students in the College of Arts and Sciences may minor in Dramatic Art. For course requirements, see p. 315.

101. Fundamentals of Speech. (3)

The preparation and delivery of original extempore speeches and experience with selected interpersonal communication situations; emphasis on the study of speech communication principles. <Summer, Fall, Spring>

102. Fundamentals of Speech. (3)

An introduction to the areas of study in the field of speech. Students will perfect speaking abilities and investigate special topics. <Fall, Spring>

103. Speech Improvement. (1 hr. per semester, to a maximum of 3)

Clinical work for students having articulation, voice and language problems in oral communication. <Summer, Fall, Spring>

105. Speech for Foreign Language Students. (1 hr. per semester, to a maximum of 3)

Clinical work for students who speak English with a foreign accent. <Summer, Fall, Spring>

250. Parliamentary Procedure. (1) Eubank, Owens, Van Graber

Study and practice of the rules governing the proceedings of groups and deliberating assemblies. <Fall, Spring>

251. Introduction to Radio and Television. (3) Bundy

Origin and development of broadcasting; nature, functions, obligations, and responsibilities of radio and television in modern society; observation of studio operations and techniques. Prerequisite: permission of instructor. <Fall>

255. Public Speaking. (3)

Critical analysis of significant public speeches. Emphasis on audience analysis and adaptation, organization and delivery. Speech majors and minors should take 101 and 102, and not 255. Credit will not be allowed for both 101 and 255. Students having completed 255 may take 305. <Summer, Fall, Spring>

- 256. Public Speaking for Teachers.** (3)
Theory and practice of oral communication adapted to the special needs of the classroom teachers. 1 lecture, 2 hrs. performance. Prerequisite: Education majors only. <Spring>
- 260. Oral Interpretation.** (3) Eubank, Van Graber
Voice training with emphasis upon the developing of voice and body in oral communication; oral reading of poetry and prose excerpts. Prerequisite: 101 or 255. <Fall, Spring>
- 265. Production Procedures in Radio and Television.** (3) Bundy
Theory, methods, tools, and techniques of basic television-radio production. Prerequisite: 251 or permission of instructor. <Spring>
- 277. Discussion and Leadership Training.** (3) Dick, Eubank, Goldhaber, Owens
Theory and practice of elements of discussion and related leadership training. Prerequisite: permission of instructor. <Fall>
- 278. Argumentation and Debate.** (3) Carey, Dick, Eubank
Theory and practice of principles of argumentative speaking and debate aimed at training the student to be a more effective advocate in the public forum. Prerequisite: permission of instructor. <Spring>
- 280. Scientific Bases of Speech.** (3) Chreist
The bases of the speech process as presented in the scientific materials of such related fields as physics, physiology, psychology, and linguistics. <Fall>
- 285. Introduction to Speech Pathology.** (3) Butt, Chreist
Nature of speech disorders. Prerequisite: 280 or permission of instructor. <Spring>
- 292. Introduction to the Study of Language.** (3 or 4)
(Same as Ling 292.) Students who enroll for 4 hours credit must complete work in weekly discussion group in addition to the 3 hours of lecture.
- 299. Controversy in Contemporary Discourse: Critical Analysis.** (3) Eubank, VanGraber
A multi-media approach to the study of vital issues of today as reflected in the voices of a wide variety of communicators—including the agitator, the demagogue, and the protestor as well as the more traditional representatives of the establishment. Provides the student with critical and analytical tools for examining and evaluating discourse on controversial issues. <Fall>
- *303. Phonetics.** (3) Chreist
English phonetics as applied to the problems of articulation, pronunciation, rhythm, dialects, and to the teaching of speech, English, and to speech correction. <Fall, Spring>
- *305. Advanced Public Speaking.** (3) Carey, Dick, Eubank, Owens
Rhetorical principles combined with construction and delivery of various forms of public address. Prerequisites: 101 and 102 or 255 or permission of instructor. <Fall, Spring>
- *315. Problems of Interpersonal Communication.** (3) Goldhaber
Application of modern communication theory in the interview and small group environment. Emphasis upon identifying and eliminating barriers to communication. Prerequisite: permission of instructor. <Fall>
- *320. Acoustics of Speech and Hearing.** (3) Fletcher
Principles and processes of sound generation, transmission and reception in human communication. 2 lectures, 2 hrs. lab. <Spring>
- *321. Introduction to Audiology.** (3) Lamb
History of audiology; the auditory stimulus; pathological conditions of the auditory system; basic methods of individual pure tone audiometry. Prerequisite: permission of instructor. <Fall>
- *325. Processes of Speech Articulation.** (3) Butt
A detailed study of the science of speech articulation, including consideration of motor and sensory systems in the coordination of patterns of oral activity, and the role of learning processes in development of typical and atypical articulation. Prerequisite: 303. 2 lectures, 2 hrs. lab. <Spring>
- *330. Speech Pathology in the Schools.** (3) Butt
An introduction to types of speech and hearing problems found in the schools. <Summer>
- *350. General Semantics.** (3) VanGraber
Critical examination of the theory of general semantics, with emphasis upon its application to communication in general and oral communication in particular. Work of Korzybski, Rapaport, Lee, Hayakawa, etc., will be considered. <Spring>
- *354. The Nature of Language.** (3) Newman
(Same as Anthropology 354.)

- *359. **Language and Culture.** (3) Rigsby
(Same as Anthropology 359.)
- *361. **Advanced Oral Interpretation.** (3) Eubank, Van Graber
Theory and techniques involved in the interpretation of prose, drama, and poetry. The student will build and present a lecture-recital. Prerequisite: 260 or permission of instructor. <Spring>
- 365. **Television Film.** (3) Bundy
Basic film production and utilization for communication by television. Prerequisite: permission of instructor. <Fall>
- *403. **History of the English Language.** (3) Kuntz
(Same as English 403.)
- *411. **Theories of Communication.** (3) Goldhaber, Kline
Critical analysis of contemporary theories, concepts, models, and empirical research relevant to communicative processes ranging from intrapersonal communication to mass communication. Prerequisite: permission of the instructor. <Spring>
- *412. **Business and Organizational Communication.** (3) Goldhaber
Examination of theoretical and research literature of industrial and organizational communication; analysis of basic interpersonal communication problems in industry. Prerequisite: permission of instructor. <Fall>
- *415. **Advanced Interpersonal Communication.** (3) Goldhaber, Kline
Prerequisite: 315 or permission of instructor. <Spring>
- *422. **Hearing Conservation.** (3) Lamb
The role of the speech and hearing specialist in hearing conservation programs; screening audiometry; special tests for infants and children; hearing problems in industry. Prerequisite: 321 or permission of instructor. <Spring>
- *425. **Aural Rehabilitation.** (3) Hood
Theoretical and methodological approaches to the training of hearing impaired individuals through speech reading, auditory training, and hearing aids. Prerequisite: 321 or equivalent. <Spring>
- *427. **Problems of the Hearing-Impaired.** (3) Hood
Problems encountered by the deaf and hard of hearing, including communication abilities, psychological and sociological adjustment, educational achievement, and vocational placement. <Fall>
- *430. **Development of Speech and Language.** (3) Butt
The study of acquisition of phonetic and morphemic skills in the child and in the adult. Prerequisite: Psych 311. <Fall>
- *435. **Processes of Phonation.** (3) Chreist
The scientific study of normal and atypical processes of phonation as they affect communication. Prerequisites: 285 and 325. <Fall>
- *436. **Stuttering.** (3) Butt
The theories of stuttering and other rhythmic disorders and approaches to treatment. Prerequisite: 285 or permission of instructor. <Spring>
- *437. **Aphasia.** (3) Porch
Symbolic disorders of communication, including receptive and expressive speech and language problems. Prerequisites: 285 and 430 or permission of the instructor. <Fall>
- *438L. **Processes of Phonation Laboratory.** (1) Chreist
Projects and demonstrations in support of theory presented in 435. Pre- or corequisite: 435. <Fall>
- *450. **Anatomy and Physiology of Speech and Hearing.** (3) Fletcher
Structure and function of the speech and hearing mechanisms as they relate to normal and disordered communication. Prerequisite: permission of the instructor. <Fall>
- *451L. **Anatomy of Speech and Hearing Laboratory.** (1) Fletcher
Laboratory study of the organs involved in speech and hearing. Pre- or corequisite: 450. 3 hrs. lab. <Fall>
- *458. **Clinical Practice.** (1-3, to a maximum of 6)
Speech pathology and audiology in the clinic. Prerequisite: permission of instructor. <Summer, Fall, Spring>

- *465. **Broadcast Programming and Policy.** (3) Bundy
Principles of television and radio programming; analysis of programming practices; regulations governing broadcasting; responsibilities of broadcasters. Prerequisites: 251 and permission of instructor. <Fall>
- *466. **Television and Radio Writing.** (3) Bundy
Theory, analysis, and practice in writing station and program continuity. Prerequisite: permission of instructor. <Spring>
- *470. **Teaching Speech in the Schools.** (3) Eubank, Snell
For teachers in the elementary and secondary schools. Prerequisite: permission of instructor. <Fall>
- *480. **Advanced Television-Radio Production and Directing.** (3) Bundy
Practicum in television-radio. Detailed study of directing techniques; planning, preparation, and presentation of program projects. Prerequisite: completion of all other requirements of Television-Radio Emphasis. <Fall>
- *485. **Advanced Television Film.** (3) Bundy
Continuation of 365. Practicum in TV film; detailed study of film production and utilization for communication by television. Planning, preparation and filming of program project. Prerequisite: 365 or permission of instructor. <Spring>
- *490. **Administration of the Forensic Program.** (2-3) Dick, Eubank, Owens
Directing competitive speech activities: debate, discussion, oratory, extemporaneous and impromptu speaking, oral interpretation, tournaments and festivals in high school and college. Prerequisite: 470 or permission of instructor. <Summer, Fall>
- *492. **Introduction to Linguistics.** (3) Pickett
(Same as English 492.)
- 493. **Reading and Research in Honors.** (3) <Summer, Fall, Spring>
- 494. **Senior Thesis.** (3) <Summer, Fall, Spring>
- *495. **American Public Address.** (3) Dick, Eubank, Owens
Speeches of great American speakers studied against the background of their lives and the issues of the times. Prerequisites: 101, 102, 277, or permission of instructor. <Fall, 1971 and alternate years>
- *496. **British Public Address.** (3) Eubank, Owens
Speeches of great British speakers studied against the background of their lives and the issues of the times. Prerequisite: 101, 102, 277, or permission of instructor. <Fall 1970 and alternate years>
- *498. **Persuasion.** (3) Dick, Eubank, Owens
Open to seniors and graduates. Theory of persuasion. Construction and delivery of persuasive speeches. Prerequisite: permission of instructor. <Spring>
- *499. **Classical Rhetoric.** (3) Carey, Eubank, Owens
Roots of rhetorical thought from the fifth century B.C. to the first century A.D. Primary attention to the relevant works of Plato, Aristotle, Isocrates, Cicero and Quintilian. <Fall>
- *500. **Introduction to Graduate Study.** (3) Eubank, VanGraber
The various areas within the field of speech with emphasis on research problems, techniques and bibliography. Each student will submit a seminar paper demonstrating research ability. Required of all graduate students. <Fall>
- *503. **Physiologic Phonetics.** (3) Fletcher
Prerequisites: 303 and 450. <Fall>
- *504. **Acoustic Phonetics.** (3) Fletcher
Prerequisite: 303 or permission of instructor. <Spring>
- *506. **Seminar in Foreign Accent.** (3) Chreist
Prerequisite: 303, 354 or 492 and/or permission of the instructor. <Spring>
- *520. **Seminar in Television and Radio.** (3) Bundy <Spring>
- *529. **Workshop in Basic Communication.** (4) Goldhaber, Simons
(Also offered as Engl 529.) <Summer only>
- *530. **Retarded Speech and Language Development.** (3) Butt
Differential diagnosis and therapy for developmental retardation in speech and language. <Fall>

- *531. **Communication Problems of the Cerebral Palsied.** (3) Butt
Etiology and symptomatology of cerebral palsy, evaluation procedures and varied approaches to therapy. Prerequisite: 285 or permission of instructor. <Spring>
- *535. **Seminar in Cleft Palate.** (3) Fletcher <Summer only>
- *536. **Seminar in Research in Stuttering.** (3)
Prerequisite: 436 or permission of instructor. <Fall>
- *537. **Seminar in Aphasia.** (3) Porch
Prerequisite: 437 or permission of instructor. <Spring>
- *540. **Renaissance and Modern Rhetoric.** (3) VanGraber
Development of rhetorical thought from the Middle Ages through the 19th century, focusing on such theorists as Erasmus, Wilson, Ramus, Campbell, Blair and Whately. Emphasis on adherence to and significant deviation from Classical theories and traditions. Prerequisite: permission of instructor. <Spring 1970, Summer 1971 and alternate years>
- *541. **Contemporary Rhetoric.** (3) VanGraber
Critical consideration of rhetorical thought in the 20th century, with emphasis on the contribution of general semantics, linguistics, philosophy and literary criticism. Focus on theorists such as I. A. Richards, Kenneth Burke, A. J. Ayer, and Stephen Toulmin. Prerequisite: permission of instructor. <Summer 1970 and Spring 1971 and alternate years>
- *542. **Communication Research.** (3) Goldhaber
Critical consideration of the nature and selection of research problems in speech communication, with special emphasis on measurement methodologies, techniques of data collection and analysis, and interpretation of results. Prerequisite: permission of instructor. <Spring>
- *543. **Seminar in Interpersonal Communication.** (3) Goldhaber, Kline
Prerequisites: 315, 415, or permission of instructor. <Summer 1970 and on demand>
- *544. **Seminar in Business and Organizational Communication.** (3) Goldhaber
Prerequisite: 412 or permission of instructor. <Summer 1971 and on demand>
- *545. **Seminar in Public Address.** (3) Dick, Eubank, Owens
Prerequisite: 495 or 496. <Spring, Summer>
- *547. **Seminar in Rhetorical Criticism.** (3) Eubank, Owens, VanGraber
Study and application of principles of rhetorical criticism and methods of research. Critical analysis and evaluation of political and legislative speaking. <Summer, Spring>
- *551-552. **Problems.** (2-3 hrs. each semester)
- *555. **Seminar in Linguistics and Language Pedagogy.** (1-3) Newman, Rigsby, Spolsky, Springer
(Same as Ling 555.) Selected topics. Prerequisite: permission of instructor. <Offered upon demand>
- *558. **Special Tests in Speech Pathology.** (3) Butt
A study of special tests of speech and language behavior. Instruction in integrating test data with other diagnostic information. <Fall>
- *560. **Audiology and Audiometry.** (3) Hood
Techniques of evaluating residual hearing; administration and interpretation of differential diagnostic hearing tests; speech audiometry and hearing aid evaluation. Prerequisites: 321, 425, or permission of instructor. <Fall>
- *561. **Clinical Audiology.** (3) Lamb
Principles of differential diagnosis of organic and nonorganic hearing disorders; application of special audiometric techniques. Prerequisite: 560 or equivalent. 2 lectures, 2 hrs. lab. <Spring>
- *563. **Speech Audiometry and Hearing Aids.** (3) Hood
Theory and application of speech materials in the assessment of auditory disorders; characteristics of hearing aids; hearing aid evaluation procedures. Prerequisites: 321, 560, or permission of instructor. <Spring>
- *565. **Seminar in Aural Rehabilitation.** (3) Hood
Prerequisite: 321, 425, or equivalent. <Summer only>
- *566. **Seminar in Audiology.** (3) Lamb
Prerequisites: 560, 561, or permission of instructor. <Summer>
- *599. **Master's Thesis.** (1-6 hrs. per semester)
See the **Graduate School Bulletin** for total credit requirements.

WESTERN EUROPEAN STUDIES

COMMITTEE IN CHARGE: ASSOCIATE PROFESSOR W. Wagar (History), Chairman; PROFESSOR R. Murphy (Geography); ASSOCIATE PROFESSORS P. Chung (Economics), R. Holzapfel (Modern Languages); ASSISTANT PROFESSOR R. Robbins (History).

The combined major in Western European Studies is administered by the interdepartmental committee listed above. The object of the program is to provide the student with a broad knowledge of the area in the social sciences and the humanities buttressed by a strong background of language study. Proficiency in French, German or Spanish is required. Students are expected to use the languages as tools in the advanced courses of the program. No minor is required.

FOREIGN LANGUAGE, 24 hours

One of the following is required:

French 101, 102, 251, 252, 301, 302

German 101, 102, 203, 204, 301, 302

Spanish 101, 102, 251, 252, 301, 302

In addition, six hours above 300 are required in the literature since 1800 conducted in the respective language. In Spanish, the literature must be Peninsular.

HISTORY, 24 hours

History 101, 102, 335, 336

Twelve additional hours chosen from 303, 333, 340, 341, 344, 396, 428, 429, 438, 442

ECONOMICS, GEOGRAPHY, POLITICAL SCIENCE, AND SOCIOLOGY, 30 hours

Economics 200, 201, 450

Geography 332

Political Science 102, 203, 362, 469

Six additional hours chosen from the following:

Economics 360, 364, 424

Geography 381

Political Science 442

Sociology 371

LITERATURE, ART, MUSIC, 6 hours chosen from the following:

English 432, 435, 437, 478, 481, 482, 486

Music 312

Art 481, 482, 491

ENROLLMENT AND DEGREE STATISTICS

*ENROLLMENT FOR 1969-70

	Men	Women	Total
Semester I, 1969-70	9,440	6,252	15,692
Semester II, 1969-70	8,947	5,993	14,940
Summer Session, 1969 (including workshops)	2,664	2,396	5,060

SUMMARY OF DEGREES CONFERRED 1901-1969

Earned Degrees					Total Earned Degrees	Honorary Degrees
Bachelor's	Master's	Law	Medicine	Doctor's		
19,282	5,483	416	34	573	25,788	113

* Exclusive of independent study, extension, and non-credit courses.
