From time to time, the United States-Mexico Law Journal receives excellent articles for publication on important legal issues in the United States and Mexico. Unfortunately, the Journal does not presently have the financial and other resources to publish more than one volume each year. The volume published is based exclusively on the presentations at the United States-Mexico Law Institute Annual Conference each fall. The presentations are edited by the staff of the Journal at the University of New Mexico School of Law. The Institute was organized in 1992 with the cooperation of the American Bar Association Section of International Law and Practice and the University of New Mexico School of Law.
