A GUIDE TO THE LITERATURE OF THE SOUTHWEST,

XLII

THIS BIBLIOGRAPHY attempts to list, with such thoroughness as time and resources permit, current materials dealing with the Southwest. The Southwest, as here defined, includes all of New Mexico, Arizona and Texas, and parts of Utah, Oklahoma, Colorado and California.

In order to conserve space, items from periodicals that are indexed in the *Readers' Guide to Periodical Literature*, the *Education Index*, the *Industrial Arts Index* and the *Agricultural Index* have been eliminated.

Included in this issue are mainly those titles which were published or came to our attention between March 1, 1952 and May 31, 1952.
