CHINESE Y. M. C. A. WORKER REGISTERS

On account of a Break Down in Health in New York, Chih Hiu Chao Comes to University of New Mexico.

The university this quarter has the distinction of having among its students a real Chinaman. Chih Hiu Chao, a graduate of Soo Chow university.

Soon after graduation from the Chinese university, Mr. Chao was chosen for Y. M. C. A. work among the Chinese laborers in France and left Sept. 10th of this year, arriving at San Francisco the 3rd of October, and reaching New York the 11th, where he was to study a month before proceeding overseas. He had hardly commenced work when he was brought down with the Spanish Influenza, which left him in such weakened condition that he had to give up his work for a time and expects to spend a year or more in New Mexico to regain his health.

Mr. Chao is one of the highest class of Chinaman, his father being a successful merchant who gave his son all the advantages of an education. At the age of thirteen he began the study of medicine under a private tutor, but soon came to realize that simply the study of herbs and roots, without the knowledge of western science, could never give him the realization of his ambition. He therefore determined to study the English language and sciences, and entered Soo Chow University at the age of 17, from which he recently received his A. B. degree.

Although he has been in this country less than four months, Mr. Chao speaks English fluently and only gets "stuck" when one uses idiomatic or slang expressions.

"Just the other day," he said, when being questioned by a group of interested students, "my hostess asked me how she should fix my rice. I told her that I did not know that rice could be fixed and was at a loss to know what she meant until she explained that 'to fix' meant 'to cook' as well as to make permanent."

The most difficult part of the English language for him to master was the "s" which is added to the third person singular. "I open and you open," he said, "but he opens." It seemed that I could never learn to add the 's' at the right place, for till he is now as good an American. So I just had to go over 'I open, you open, he opens' in my mind hundreds of times until the rule was thoroughly mastered."

He finds things in this country, of course, vastly different from those in his home country, but has quickly adjusted himself to the new surroundings so that he can feel as much at home as a native American.

(Continued on Page 3)

REGISTRATION FOR WINTER QUARTERS

About Twenty New Students from Other Schools Register. Total Figures Pass 150 Mark.

Registration for the Winter Quarter exceeded 150, on the opening day. More than half of the students are men this quarter, a fact which attracts attention, after the conditions of the past year. The outlook for a prosperous year is good.

Some twenty students from other colleges and schools enrolled. Among them are: Huntsman, Reba, Logan College, Russellville, Ky.; Trenchard, Leonard, University of Ill.; Russell, Helen, Blackburn College; Chao, Chih Hui, Soochow University, Soochow, China; Wilson, Clyda, Polytechnic, Kansas City, Mo.; Woodworth, Harold E., Purdue University; Steed, Frank, University of Ariz; Gregory, Mary Isabel, I. W. C. Jacksonville, Ill.; Malcolm, Mrs. Florence, San Jose State Normal, Calif.; Long, Miss Callie, Louisiana State Normal; Hamm, Adali Eugene, Central State Normal, Oklahoma; Kiech, Vera, Gallaway College; Morris, Mrs. Daisy, Florence Ala., Normal, U. of Ala.; Clark, Clara Louise, Smith College; Gregory, J. B.; Public and Missouri Military Academy; Shepard, Jean Key; Radcliffe College, Cambridge, Mass.

UNIT OF R. O. T. C. FOR U. N. M., REPORT

Word Received From War Department Indicates that Military Training will be Part of Curriculum at University.

A unit of the Reserve Officers' Training corps is to be established at the University of New Mexico at once, according to the announcement which has just been received by the university authorities, from District Inspector Major McCaskey, of San Francisco. Word has also been received that Lieutenant C. R. Lisanby will be commandant. It is announced that all men will be eligible to membership in this R. O. T. C.

Further details in regards to the matter are lacking. In fact, Major McCaskey states that the rules which will govern the establishing and maintaining of the R. O. T. C. will be largely determined by the war heads and the next congress. It is certain, however, that the R. O. T. C. is to be established in leading universities and colleges. The rules governing the old R. O. T. C. will not apply unless they are re-adopted.

The University of New Mexico has been expecting an announcement regarding this plan for some time. It is understood that application for such a unit was made upon disbandment of the S. A. T. C.

ATHLETIC DIRECTOR DUE JANUARY 15TH

L. H. Purdy, of Wisconsin Has Been Secured To Act As Coach. Comes Highly Recommended.

L. H. Purdy, the new athletic director recently secured by the university, will arrive to take up his duties about January 15th. He comes to New Mexico from the Picatinny Arsenal in New Jersey, where he was engaged in special work in textile chemistry, and the manufacture of high explosives.

A record of the athletic activities of the new coach shows that his work has been varied and successful. He is a graduate of the Avoca, Wisconsin High School, where he took part in all forms of athletics. At the university of Oregon he was prominent in inter class football, basketball, and track. Later at the university of Wisconsin, where he took his B. A. degree, Purdy played on the scrub teams in football, basketball, and track, but was ineligible for the teams, because of the ruling that men cannot play until after their first year.

At the time Mr. Purdy entered war work, he was engaged as coach at the Valley City State Normal in North Dakota, where he was highly successful in his work.

Speaking of Mr. Purdy, the president of the State Normal said, "He is a man who inspires the confidence of his boys, and one who has been able to inject more spirit and interest in his work than the average coach. His influence has been wholesome and good, his work highly successful."

Mr. Purdy is an all round athlete having and excellent knowledge of football, base ball, basket ball, and track, probably excelling in the latter.

LIEUTENANT GRIMMER CITED.

Lieutenant W. E. Grimmer, Jr., former Varsity man, now with the 28th Aero Squadron, A. E. F., has been promoted to flight commander which means that he will lead the patrols. In a letter to his parents dated the ninth of December, Lieutenant Grimmer quotes from general orders No. 32, and dated November eleventh, as follows: "The Air Service commander, First Army, cites the following officers and men for exceptional devotion to duty; First Lieutenant Wm. E. Grimmer, A. S. U. S. pilot of the 28th Aero Squad, by his attitude of self-sacrifice and devotion, and his willingness to undertake hazardous missions under any conditions, set an excellent example for his comrades. By order Colonel Milling, W. C. Sherman, Lt. Col., G. S., U. S. A., Chief of Staff."

ASSEMBLY, MONDAY, AT 11 A. M.

A call has been posted by President Boyd for a general assembly of all students to be held Monday, January 13, at 11:00 A. M. At this assembly announcements of interest to every member of the University will be made. At the close of the assembly, it is planned, to have a Student Body meeting for the purpose of discussing the steps to be taken in various reorganizations. Classes for that hour will be dropped and all students are urged to be present.

SENIOR CLASS TO ORGANIZE AT ONCE

The Senior class will hold its first meeting Friday noon, January 10, in room 25 of the main building. Miss Allie Atkinson, president of last year's Juniors will preside.

At this meeting organization of the class will be effected, and officers elected. Plans for the coming year will be discussed. It is also probable that the purchase of pins will be arranged for.

There are at present about a dozen Seniors, not all of whom will be graduated in June, however. The loss of last quarter will delay the graduation of several until September. Among those in the class are: Eunice Latamore, Helen Vincent, Allie Atkinson, Mary Brorein, Marion Spicer, Ethel T. Wolverton, Martha Greenlee, Elizabeth Arnot, Eleanor Anderman and Ernest Hammond.

SOME STARTLING BITS OF INFORMATION.

The joys of an instructor in modern history, covering the period leading up to the great war, can be imagined if the reader will scan the following list of choice gems:

Duma was the high priest of Turkey.

Duma is the head of the Greek Church.

Goschen was the assassin of Francis Ferdinand.

Goschen was the man sent by Victoria to quell an uprising in Africa.

Zabern is a village in Bosnia.

Heligoland is a province in Africa belonging to Germany.

Heligoland is an island lying off the coast of Turkey.

Heligoland is an island off the German coast in the Black Sea.

Lloyd George, chief adviser of Edward VII up to the present time.

Ulster was a French prime minister.

WEDNESDAY, JANUARY 8, 1919.

THE PAST—THE FUTURE.

The thing to do now is to get all the excitement and unrest out of our system and to settle down to good hard work.

School has started, strictly speaking, for the first time this year. One quarter has passed, but what a quarter it was! The quarantine, the S. A. T. C. camp, the general uncertainty and unstable state of things made it one long to be horribly remembered.

All that is over. The world is at war no longer. Things will be on a war basis no longer, but on peace. We must readjust ourselves, and do it quickly. We must get down to work in dead earnest and tolerate no waste of time and efforts. The keenest period of competition the world has ever seen is just beginning, and the one that gets the start will get there first. It's a serious proposition we are up against, and we must realize it.

Just a word to the Freshmen, don't be misled by thinking that last quarter's work was a fair example of what will be expected of you in the future. Conditions then were unusual, and unusual allowances were made. Such will not be the case from now on. The best you can do is the least that is expected, and the sooner you realize that the university is a place for business the sooner you will fit into the nature of things.

It is up to us all to get back to earth after two years of "up in the air," and to do it as quickly and with as little commotion as possible."

AGE AND ACTION.

Such little stunts as the one which was pulled off one night early in vacation have no place in university life.

When we are children, children's acts are to be expected; when we get as far as high school, a few little escapades are tolerated, but when we get as far as the university we should cease to be eighth graders.

When a man gets as far as the university he should have a certain sense of decency and honor and respect for ladies.

Everyone knows who were responsible for this little affair. This is unfortunate, for otherwise it might be laid on the shoulders of irresponsible parties, but as it is the blame must stay where it belongs and the disgrace must be kept on the Hill.

Concert, Etude Rubinstein
Assisted by Miss Stortz, Miss Pritchard, Miss Marshall and Mr. Geick, tenor of New York.

The program of the Organ Recital to be given in this is:

The Famous Nuptial March.....
..... Guilmont
Communion in G Batiste
Traumeri Schuman-Penfield
Military March Calkin
Schiller March

Franfare Lemmens
Processional Grand March.....
..... S. B. Whitney Bosbor
Toccata and Fregue in D Minor...
..... Bach

A shaggy mountaineer was coming to town the other day, and when he got to the university he observed the sign—"Speed Limit 15 miles per Hour." He grabbed his whip and furiously began beating his bony animals.

"Giddap," he shouted, "I don't believe we'll make it, but we'll do the best we can."

Y. M. C. A. BASKETBALL
LEAGUE IS STARTED.

University Represented by Two Fraternity Teams, which Win Opening Games Last Week.

Standing of Teams.

	W.	L.	Pct.
Sigma Chi	1	0	1.000
Pi Kappa Alpha	1	0	1.000
R. O. P.	0	1	.000
Santa Fe Shops	0	1	.000

The Sigma Chi and Pi Kappa Alpha fraternities of the university of New Mexico were victors in the initial games of the city league basketball tournament, which opened on the Y. M. C. A. court last Saturday night.

The first contest of the double-header between the Sigma Chis and the R. O. P. aggregation went to the former, 25 to 24, after the first half of the game had ended 20 to 8 against them. The second contest between the Pi Kappa Alpha men and the Santa Fe shop team was one-sided from the start, the final score being 62 to 18, in favor of the fraternity.

Gerpheide of the winning team in the first contest and Binkert of the R. O. P., did most of the basket shooting for their teams, the former getting 5 to his opponents' 4. The feature of the second game was the team work of the McCanna brothers of the P. K. A.'s, who, notwithstanding their service in the navy and long absence from practice, played like the veterans they did when attending the university. Sganzzini of the Pi Kappa Alpha team also played well, making a total of eight field goals. The games were well attended. The line-up of the games follows:

First Game.

Sigma Chi (25) . . . P. R. O. P. (24)
Gerpheide . . . F. . . . Binkert
Foraker . . . F. . . . Talley
Wait . . . C. . . .
With Brooks, Payton . . . G. . . . Pixley
Bacon, Bryan . . . G. . . . Bass
Field Goals—Gerpheide 5, Binkert 4, Foraker 2, Wait 3, Bacon 1, Talley 2, With 2, Bass 3; free throws—Wait 3, Binkert 1, Bass 1. Referee, McChesney, scorer—Peterson; umpire—Green.

Second Game.

Pi K. A. (62) . . . P. . . . Shops (18)
R. McCanna . . . F. . . . McGough
Sganzzini . . . F. . . . Ymestra, Dent
J. McCanna . . . C. . . . Silver
Hesselden . . . G. . . . Braden
Pate, Patton . . . G. . . . Parenti
Field Goals—Sganzzini 8, R. McCanna 9, J. McCanna 7, Hesselden 4, Pate 2; McGough 2, Silver 2, Parenti 2, Ymestra 2; free throws—R. McCanna 1, J. McCanna 1, Silver 2. Referee—McChesney; scorer—Peterson; umpire—Green.

This coming Saturday night, Jan. 11th, the Phi Kappa Alphas and Sigma Chis will line up against each other at the Y. M. C. A., and afterwards the two shop organizations will clash.

FORMER VARSITY MAN
IS MARRIED IN FRANCE.

Word has just been received of the marriage of Miss Lou C. Klein, an American Red Cross nurse, stationed at base hospital No. 116, in France, to Lieutenant Chester A. Lee, son of Mr. and Mrs. F. W. Lee of 711 South Arno street, and a brother of Lawrence E. Lee, a prominent Albuquerque lawyer. The wedding took place at the American headquarters at Chaumont.

The bride is a Pennsylvania girl, and has been serving as a Red Cross nurse at the front for several months. Mr. Lee is well known to Albuquerque people. He was born and educated in the city, and was a student at the University of New Mexico. He was also a graduate of the forestry school at Yale, of the class of '17. Following his graduation he entered the forestry service here, and in September of 1917, he joined a forestry regiment, the Tenth Engineers, and went with them to France. He was transferred from this regiment for special work the latter part of 1918, during the last few months of the drive was engaged in cutting and placing trench work and timber-up front. He was commissioned a lieutenant during his period of service in France.

EXTRACTS FROM WAR RISK
LETTERS.

The following extracts are called to our attention by former Prof. Wand, now at Camp Humphries, Va.

1. I ain't got no book turnin and am writing for infirmation.
2. If you do not send me my allotment, I will be compelled to lead and immortal life.
3. Just a line to let you know I am a widow and four children.
4. Previous to his departure we were married by a justice of the Piece. He was inducted into the Surface.
5. I have a four months old baby, and he is my only support.
6. A lone woman and sparsely dependant.
7. I did not know my husband has a middle name and if he had I don't think it is "None."
8. I need his assistance to keep me inclosed.
9. Caring to my condition which I haven't walked in 3 months from a broke leg, whose number is 375.
10. Your relation to him. (ans.) I am still his beloved wife.
11. In service with the U. S. Army.
12. I received my Insurance Polish and have since moved my post office.
13. I am his wife and only air.
14. You ask my allotment number? I have four boys and two girls.
15. Please correct my name as I could not and would not live under a consumed name.

UP-TO-DATE, IF NOT POETIC.

Richard Le Gallienne said in a recent lecture: "Sincerity is the only thing that will give success to a poet. Technical excellence, such as Swinburne's, counts for nothing with the public. The public doesn't understand it."

"The public is a good deal like a pretty girl I was talking to the other day on the beach.

"Of course," I said to her, "You know what hexameters are, don't you?"

"Sure," she said, "I guess I ought to. I've ridden in them often enough."—New York Globe.

"What is the price of these chickens?" said the lady who does her own marketing.

"A dollar and a quarter apiece, ma'am," replied the market woman. "Did you raise them yourself?" asked the lady.

"Yes, ma'am. They was only a dollar ten last week," was the reply. —The Youth's Companion.

WANTED TO KNOW.

Wanted to know which member of the Junior class contrived the addition to Prof. Leonian's coat in a botany class last week.

U. N. M. WEEKLY

PUBLISHED BY THE STUDENTS OF THE UNIVERSITY OF NEW MEXICO

Vol. XXI

ALBUQUERQUE, NEW MEXICO, JANUARY 15, 1919

No. 5

1919 CATALOG OFF
PRESS IN FEBRUARY

Several Changes in Courses, and in
Entrance and Graduation Re-
quirements: No German Offered.

The 1919 catalogue, which will soon be off of the press, reveals a number of changes in courses and regulations.

No German Course.

Changed conditions in world affairs seem to have changed the attitude toward teaching the German language in many parts of our country. At the University of New Mexico the language has been pushed out by the pressure of circumstances without official action. There is no demand for German, consequently there has been no professor employed and no provision made for the subject this year.

Romance Languages.

Advanced courses of high order in romance languages are to be offered by Professor Drake, who is well equipped for this work.

Sociology and Philosophy.

In the courses accepted for admission to the College of Arts, Philosophy and Sciences the subjects of sociology and philosophy have been added to the group of history, government and economics.

Names Changed.

What have heretofore been designated as Schools of Education and Home Economics are now called departments in the College of Arts, Philosophy and Science.

Hereafter the Department of Education will offer courses only for the preparation of teachers for high schools, or secondary schools. The work which has been given for grade and rural school teachers, has been discontinued to avoid duplication of courses offered by the state normal schools.

Mrs. Partridge, director of physical education for women, offers an attractive course in folk dancing.

B. A. or B. S.

For exactly the same work a student may choose either the B. A. or the B. S. degree.

No Thesis Required.

The thesis requirement for Bachelor of Science in Engineering has been removed.

General Regulations.

For conditional admission to the University fourteen units will be accepted, and fifteen for full standing.

The maximum number of hours a student may carry is sixteen, and eighteen on petition.

The number of hours for a minor study is decreased from eighteen to sixteen hours.

Hours for graduation from College of Arts, Philosophy and Science have been reduced from 192 to 186 on the four-quarter basis.

For home economics and engineering the same hours will be required, or a reduction from 216 to 186.—University News.

SENIORS ELECT OFFICERS.

At a meeting of the Senior Class held Friday, January 10, officers for the year 1919, were elected. They are: President, Miss Allie Atkinson; Vice President, Miss Vera Klech; Secretary-Treasurer, Miss Roberta Wood.

Several committees were appointed to consider plans for the future, and to look into the matter of class pins.

There are at present twelve Seniors, not all of whom will be graduated at the same time. One or two will be able to finish in March, four or five in June, and the remainder of the class will be require three quarters' work before graduation.

Another meeting of the class has been called for Friday, January 17, at 12:30 in room 25 of the main building.

BASKETBALL PRACTICE
BEGINS ON THE HILL

New Coach Starts Athletics Immediately Upon His Arrival. States That No Previous Experience Needed To Come Out and Try For teams.

L. H. Purdy, the new athletic coach, arrived last Friday and began at once to work on plans for future athletics at the U. N. M. The first two or three days after his arrival were spent in looking the field over, and in cleaning up the gymnasiums and checking up on apparatus.

When spoken to about the outlook, Mr. Purdy stated that he was short on equipment and apparatus, but that he hoped to secure more at once. He stated that he would ask the athletic council to meet to discuss plans with him, and to appropriate money for immediate needs.

Asked whether he thought it practicable to have a basketball team this year, he said:

"I want to see seventy-five men out for basketball practice Wednesday night. It makes no difference whether a man has ever played basketball before in his life or not. We will organize a rookies' squad, in which those men will be played, and taught how to play. If one of us makes a mistake he will be laughed at, by men who are very likely to make the same mistake or worse."

Continuing, he said, "I saw the game between your fraternity teams Saturday night, and there is material in those bunches for a successful team. I don't know what other material there is, but there is doubtless just as good outside of these organizations."

Already, Mr. Purdy has been coaching the girls who are out for practice, "There are about ten girls out, when there should be fifty he stated, and I want to see those fifty out."

BUSINESS COURSES
PROVING POPULAR

Department Under Direction of Professor Howard Enrolls More Students Than Expected.

That the new courses in Business Administration which were added to the curricula this quarter are going to be well received is evinced by the fact that fifty students are enrolled at the present time. Nineteen of these are in the class of Business Law, 17 are taking Accounting and 14 are enrolled in the class of Economics.

These courses, which will be followed in succeeding quarters by more advanced ones, give the groundwork of business principles which are invaluable to the business man or woman. Several of those enrolled are working down town part of the day and were only attracted to the university by the new subjects being offered.

Prof. Russell M. Howard, an officer in the S. A. T. C. camp here was retained by the university after his discharge, has charge of the department. Prof. Howard formerly taught in the school of commerce of the Oregon Agricultural College.

Below is the list of courses to be offered in this department in the fall, winter, spring, and summer quarters, respectively:

Introduction to Accounting. Principles of Accounting. Advanced Principles Accounting and Industrial Evolution.

Business Organization and Management. Principles of Economics. Principles of Economics and Transportation.

Advertising and Selling. Business Law, Business Law and Insurance. Factory Cost Accounting, Theory and Practice of Auditing, Accounting Problems and Labor Problems.

Public Finance, Corporation Finance, Money and Banking, and Foreign Trade and Exchange.

(The last two groups are given in alternate years.)

The first practice for men was called for Wednesday evening at 6:30 in the U. N. M. gymnasium. All fellows who have the time are urged to come out, whether they have played before or not.

"I want this understood," stated Coach Purdy, "That athletics at the University of New Mexico will for all, and not for those few who are skilled players, and who need the training and experience least of all."

The girls have been practicing and will continue to do so, two practices a week being held at the Armory.

The coach has begun planning for basketball and track, and will make some announcements regarding them in a short time.

Dwight McClure is ill with the influenza, at the home of Birch Foraker.

IT MAKETH ME SICK.

Yea, verily, I have had many sickening experiences. I have been on the ocean when the fishes were fed, I have seen lovesick couples by moonlight, and I have eaten limburger cheese. But the thing that maketh me sicker than all others, yea, verily I say unto you it turneth my stomach inside out and maketh me exceedingly painful, is to see one who is not an officer buy a cap and putts and try to look like one.

Sigma Chi	1	1	.500
R. O. P.	1	1	.500
Santa Fe	0	2	.000

By taking the first game of last Saturday night's basketball program at the Y. M. C. A. gymnasium the Pi Kappa Alpha basketballers went into the lead in the city league. They played the Sigma Chis. The score was 42 to 30.

The game was hard fought. Frequent misses in attempts to cage the ball held the score down as well as the guarding ability of the fraternity men's defensive players. Ray and Joe McCanna, playing with the winners, showed something of their old-time form and were big factors in their team's winning. Sganzzini and Moots also put up good basketball while Gerpheide and Wait of the Sigma Chis starred for the losing five.

In the second game the Santa Fe shops quintet strengthened its position of the bottom of the standing by losing again—to the R. O. P. team. The score was 32 to 24.

Lineup for first game:

P. K. A. (42) . . . Sigma Chi (30)
McCanna, R. . . . L. F. . . . Wait
Sganzzini . . . R. F. . . . Gerpheide
