## ANNUAL STUDENT BODY ELECTION

Hall Elected President, with Parker and Miss McKowen Made Secretary and Vice-President.

Tuesday morning, following the assembly period, the annual election of the student body was held in accordance with constitutional requirements.

A large crowd, numbering practically every student in the institution was on hand, and the greatest interest and enthusiasm manifested at any such election for quite a period of time, was in evidence.

### Candidates Nominated.

Ex-officio President Mary M. Cooper, in a neat speech, set forth the reasons of the meeting, following which Secretary Ernest W. Hall read the minutes of the last assemblage. The minutes standing approved, Miss Cooper called for nominations for president of the student body for the present and coming semester.

Mr. Lee W. Walker, in a pointed speech, wherein he dwelt upon the needs of a man qualified in as many as possible different respects to represent the student body for next year, which he declared would be "THE YEAR" of the University, then nominated Ernest W. Hall as president, which was received with great enthusiasm and followed by much applause of those present.

Mr. Walker was followed by Mr. James J. Redfield, who admitted that all the qualifications stated by Mr. Walker were requisite in a president, but stated that in his estimation there was one man eminently qualified in these different aspects to hold such an important place, and therefore gave the name of his choice for the position, Mr. W. Frank Gouin. Mr. Redfield's speech and nomination were also received with enthusiasm by the assemblage, showing the popularity of both men, and the evident desire of the students to distribute praise impartially to both.

### Other Nominations.

The nominations for president then being closed, the next in order was the vice-presidency. Mr. Nelson F. Newman proceeded to place before the assemblage the name of Miss Ruth E. McKowen, which met the same applause as the first two. There being no further nominations for the vice-presidency, the office of secretary-treasurer was the next in order. Mr. Floyd Lee then nominated Mr. Charles K. Parker for this office. Great applause.

The office of the editorship of The Weekly having been made vacant by the withdrawal of Le Claire Murphy. Miss Cooper then announced that names were in order for that position. Mr. B. Oscar Brown placed the name of William J. Higgins, former editor, in nomination, and there being no opposition, nominations for this position were declared closed.

### Elected by Acclamation.

Mr. E. Foster Brown then proposed that the three sole candidates for the offices of Vice-President, Secretary and Weekly editor, be declared elected by acclamation, and only the candidates for Presidency be voted on. This motion carried, and Miss McKowen, Mr. Parker and Mr. Higgins were accord-

## VESPER SERVICES DRAW FINE CROWD

Large Audience Greeted W. H. Day, Y. M. C. A. Interstate Secretary, in First Speech Here.

In spite of the inclement weather Sunday a fair sized audience was present at the Vesper services to hear Mr. W. H. Day, recently elected interstate secretary of the Y. M. C. A., in his first appearance before an Albuquerque audience.

Mr. Day made a fine impression as a speaker and we hope to have him talk again soon. As he had been assigned no subject he talked on the growth and the far-reaching effects of the Y. M. C. A., inasmuch as right now we are very much interested in the movement especially because of the fact that a Y. M. C. A. building is being built here.

He told about how our own army and navy are equipped with paid secretaries and organized Y. M. C. A.'s at every army post and on every battleship and how the Y. M. C. A.'s of the foreign countries now engaged in that great conflict were helping the armies and making the soldier's life more cheerful.

He then related several incidents illustrating the great good that the Y. M. C. A. is doing in the ordinary walks of life in North America, and particularly to railroad men. Also to young men coming to the city. He also touched on the student volunteer movement among the educational institution of the world, stating that whereas formerly parents hesitated to send their children to college on account of the bad influences there, now they consider the college the safest place they could be as over fifty per cent of college students belong to the Y. M. C. A.

Prof. Worcester introduced all those present to Mr. Day after the services.

Thanks to Prof. Seder, very good music was rendered at the services. Miss Rose Harsch sang the offertory solo and the Vesper choir chanted the Lord's Prayer and also gave "Jesus, Word of God Incarnate."

Altogether it was too bad that the hall was not filled and all people, especially students on the hill, missed a very good service by not being there.

ingly declared elected by acclamation.

### Hall Is Victor.

Ballots were then distributed, and each student, upon his name being called from the register, came forward and dropped his vote in the ballot box. The counting, which was done in the presence of the entire assemblage, showed Mr. Hall elected by a comfortable majority over Mr. Gouin.

Mr. Hall made a neat speech of acceptance, thanking the students for their support of him, and asking of them the same hearty co-operation that had been accorded former presidents. He assured them that on his part he would do everything possible to conduct his office fairly and squarely, for the benefit of all.

The time being up, and no further business left to transact, the meeting came to an end, with everybody satisfied as to the fairness of the election, however he may have felt as to its outcome.

## POPULAR VARSITY GIRL IS BRIDE

Marjorie Stowell, Well-Known Co-Ed, Becomes Wife of M. W. Akers on Thursday Evening.

At a pretty home wedding, witnessed by only a few friends of the couple, Miss Marjorie Stowell, one of the most popular and well-known co-eds of the Varsity, was united in matrimony to M. W. Akers, formerly business manager of the Albuquerque Sanatorium.

The wedding took place at the bride's home on last Thursday evening, the ceremony being performed by the Rev. James C. Keegan, pastor of the First Methodist Church of Belen, also a student at the University the past year.

Miss Stowell has been a student at the University for the past two years, where her ever-ready good nature and willingness to give her assistance in all University enterprises have won her a host of friends who wish her the best of happiness and success in her new sphere of life.

Mr. Akers was for some time past business manager of the Albuquerque Sanatorium, from which place he resigned to accept a place at the Silver City Cottage Sanatorium. While in Albuquerque Mr. Akers made a wide circle of friends, and the young couple are both followed by the good wishes of everybody fortunate enough to be numbered among their acquaintances.

After a honeymoon, spent in Texas, Arizona and California, Mr. and Mrs. Akers will take up their residence at Silver City, where Mr. Akers enters upon his managerial duties.

## CHARLOTTE PRATT WEDS JAMES HUBBELL

Popular Singer of Albuquerque, Former Student of University, Is Another Bride.

Thursday morning of last week was solemnized the marriage of Miss Charlotte Pratt and Mr. James Hubbell, both of Albuquerque.

Miss Pratt was a student of the University a few years ago, where her sweet singing and pleasant manner won her a wide number of friends and admirers. She is well-known in New Mexico musical circles where her splendid voice has won her more than local recognition.

The groom, Mr. Hubbell, is a well-known, popular and aggressive business man of Albuquerque.

After a honeymoon spent in Chicago and other eastern points, Mr. and Mrs. Hubbell will return to Albuquerque to make their future home.

### Paw Knows Everything.

Willie: Paw, what is an excuse? Paw: The only thing you can't think of when you get home at 2:00 a. m., my son.

### Hug! Hup!

"I thought you told me that the Wise Guy was a light weight boxer," said the Old Fogey. "Why, he weighs 200 pounds and never had a glove on in his life."

"I know it," replied the Grouch, "But he sold me some strawberries last summer."

## VARSITY WINS IN BASKETBALL

Trims Crack Western Union Quintette in Fast Game. A. M. S. Beats Varsity's Second Team.

The first big game of the season was played at the Armory on Saturday evening, January 16th, with the Western Union Linemen. It was one of the fastest and cleanest contests played in Albuquerque this season. The ball was in play five minutes before either side was able to make a basket. "Bud" Friday dropped the ball in for the first score, and after the ice was broken the Varsity succeeded in scoring six more baskets in the first half to the W. U. L's one.

### Varsity Finishes Strong.

The second half started off with a rush by the Varsity Quintette and the Western Unions were not able to keep the pace, although they played a snappy game, and threw seven field goals and two free ones to the Varsity's sixteen field throws.

The final score was: Varsity 46, W. U. L. 18.

The line-up of the two teams was as follows:

U. N. M.	W. U. L.
J. McCanna	Green
R. McCanna	A. Corder
Friday	Phillips
Calkins	Lake
Claiborne	C. Corder

### Large Crowd Present.

A large crowd witnessed the game, considering the state of the weather, and everyone apparently was well pleased with it. The U. N. M. boys were in the best of form, and played a particularly fast game. The team work was excellent, and kept the W. U. L.'s guessing throughout the entire game. The visitors played well, but were simply outclassed.

### Scrubs Defeated.

In the preliminary contest, between the Varsity Scrubs and the Albuquerque High School, the scrubs were badly beaten by the score of 40 to 17.

## OUR STREET.

"Our Street." How often we hear the expression. It is in the mouth of the society woman and the laundress, the business man and the laborer.

To the child it defines a world. "Our Street" is the limit of his vision and his adventures. It is the home of his intimates and the children of other streets are alien.

To the man Our Street is a term of civic pride. He uses the expression with regard to his business locality or his residence district. His tone admits that his business could not be better placed. Pugnaciously he asserts it. And when it means home his tone betrays affection and gentle pride—a trace of the primitive man who has made a home and finds his work well done.

To the woman, like the child, the street is a world—her every-day world. If it is beautiful it satisfies her; if ugly, it lowers her. Always it is responsible for her daily atmosphere. It is the strongest influence in her life.

The pride that pervades the expression shows that mere difference of social position or age cannot change the fundamental principles of life.

—D. McM.

## GET BUSY.

Now is the time of the year the high school graduates in New Mexico, as well as elsewhere, are beginning to make their plans for continuing with their education.

There is no better, or nearly so effective an advertisement for any university or college as a loyal, enthusiastic and "boosting" student body. The high school graduate naturally turns to a student from the University and wants his impressions of life and work there and here is where we should get in our good work.

We can write to as many friends as we have ready to go on with their education, urge them to consider the Varsity, have University literature sent them, and anything else we may think of to interest them in the University. This will get them started thinking U. N. M. and when we return home in vacation we can further the good work so started by personal talks.

Try to do your part in this work then, and let us see if we cannot make 1915-16 "The Year" at the Varsity.

## ELIGIBILITY TO REPRESENT THE UNIVERSITY OF NEW MEXICO.

Any student, in order to be eligible to represent the University in any organization bearing its name, in any public contest, game or exhibition or to act in any editorial, managerial, official or representative capacity in a University organization during any semester must have passed two-thirds of all the work in which he was enrolled during the previous semester and be in full standing during the current semester. A student, in order to be in full standing must obtain a passing grade in at least two-thirds of the work for which he is registered, or if he is registered in less than fifteen hours work, he must attain a passing grade in at least ten hours. Any student, in order to be eligible to take part in any public contest, game or exhibition must have been a member of the University for at least four weeks previous to the date of such event, or from the beginning of the semester, if such event take place less than four weeks after the beginning of the semester; and in order to be eligible to act in any editorial, managerial, official, or representative capacity, the student must have been a member of the University during at least one semester previous to that during which he receives his election or appointment. An exception to the last clause will be granted in the case of class officers.

## -LOCALS-

Miss Treasure Hartmann left for her home in El Paso Sunday after spending a week visiting the Varsity. Even Red couldn't persuade her to register.

Who said this wasn't some classy school? With our hourly double jitney bus line between here and town what care we for snow or rain?

When the Saturday classes were initiated, we thought that was bad enough but when the chauffeur told us at 7 p. m. that he had to hurry back up the hill for an eight o'clock class we thought that was too much.

Luke McLuke Says—

You often see a man who needs a new hat when he doesn't want it. But you never saw a woman that way.

The longer you live the more you feel certain that Sleeping Sickness isn't fatal and that it isn't confined to Africa.

In order to comply with the eternal fitness of things, it should be so ordained that the man who would rather fight than eat will cop out a suffragette when he marries.

A Gentleman has to be careful not to use foul language when there are ladies present. But an Evangelist can say what he pleases and get away with it.

When a Corn Fed is filling her skirt to the straining point, it must make her mad to read that skirts are to be fuller next Spring.

There are a whole lot of first-class colleges of music in this country. But you can't prove it by a man who lives in a flat building in which there are a half a dozen pianos.

The Pantaloon Skirt has made its appearance. But it will hardly become so popular that Friend Husband will have to hide his suspenders every night.

Some people admire Billy Sunday because he is funny. But he isn't half as funny as the people who put up with him and for him.

There is nothing strange about the fact that women do not talk in their sleep. They have the whole day, and a man has to talk some time.

It may not be so awfully long until the Juvenile Courts will be fining Parents for being Disobedient to their children.

The hardest man to amuse is the man who has nothing else to do but seek amusement.

When we extend a Helping Hand there is seldom anything in it.

The fact that they are in the Evening of Life doesn't prevent a lot of old fools from trying to make a Night of it.

The world is growing better. A silk hat and a frock coat do not count as much as they used to.

The old-fashioned woman who used to churn her own butter now has a married daughter who won't eat country butter because it is cheaper than the other kind.

The two nicest things in the world are a pretty girl and a man who minds his own business.

Any time you happen to hit a one street town you can bet that it has a Palace Hotel and a Bon Ton Restaurant.

We used to marry in haste and repent at leisure. But nowadays we marry at leisure and repent in haste. Large cities may be wicked places but we have lived in most all of them and we have noticed that you'll never see much sin unless you go out looking for it.

Every married woman knows a whole lot more than she can find out.

## SPLENDID BASKETBALL SEASON NOW ASSURED

Elaborate Plans Being Made for Trip Through Southern Part of State, With Return Games Here.

Everyone who has followed the U. N. M. basketball team this winter, admits that Coach Hutchinson has turned out a crackerjack team. At the beginning of the season about fifteen good men came out for practice, and from them the present first team has been picked. Although only two real games have been played, we judge that with good support our Varsity can pull down the championship. They beat the High School first team and on last Saturday night cleaned up the fast Western Union Linemen's team, 46-18. Even our Coach was surprised that the Varsity made such an excellent showing, while the players say that if they had been up to top-notch form they would have beaten the Western Union still worse.

Next Friday evening for a curtain raiser for the big game the University second team will meet the Business College second team.

A trip is being planned by Coach Hutchinson for the first part of February in which the Varsity will meet the A. & M., El Paso Y. M. C. A., Deming High School, and Silver City Normal School. It will take about a week to make the complete trip, and there will be some hot competition among the second team men to be selected as subs and be taken along on the trip.

The first team line-up follows:  
R. McCanna, F.  
Friday, F.  
J. McCanna, C.  
Calkins, G.  
Claborne, G.

The second team is generally made up of: Brorein, McGary, Dennis, Feather, and Walker. There are also two or three other good men who are at present ineligible.

After the trip the Varsity will have a number of games on our home floor with the A. & M., El Paso Y. M. C. A., Silver City Normal, and Las Vegas Y. M. C. A. All these games will be well worth seeing for U. N. M. now has the best team it has had in many years, and as stated before stands a good chance of producing a championship team.

## From Exchanges

### Marked Down.

Charles broke the spell as in a dejected tone of voice he said:

"Miss Fraser, I love you, but dare not dream of calling you mine. Yesterday I was worth \$25,000, but today, by a turn of fortune's wheel, I have but a few paltry hundreds to call my own. I would not ask you to accept me in my reduced state. Farewell forever."

"Good gracious! Reduced from \$25,000 to \$100! What a bargain! Of course, I'll take you!! You might have known I couldn't resist!"

### Touring the Orient.

The vicar's wife (inquiring after black sheep)—And how is your son doing since he went to New York?

Hodge (whose son has written to him from the famous New York prison)—E's gone on to China, apparently; mum: "E writes to me from Sing Sing."

### Her Dainty Speech.

There was one young woman in the box party at the theater who took no part in the noisy clatter and giggle. With her gaze fixed upon the stage, she watched the progress of the play, indifferent to the gayety around her except that her delicate, aristocratic, finely chiseled features bore a look of weariness and a scornful smile curled her lips.

At last, however, she turned her head slowly and looked at the other members of the party. Then she spoke to the elderly matron sitting by her side. "That chicken in the blue kimono," she said, "thinks she's the whole custard!"

### Not Ready Enough.

"The drunkenness that is prevalent among the wives of English volunteers has caused consternation all over the country," said Patriarch Alfred Noon, of the Sons of Temperance, in an interview in Boston.

"These women, with their various allowances from the government and private funds, have more cash than they ever had in their lives before. There's no man in the house, no meals to cook—hence out go the women

with their babies after breakfast to the nearest pub, and by 10 or 11 o'clock they're drunk for the day.

"English beer is as much to blame as anything else for English drunkenness. Beer they call it over there, but we call it stout or porter or ale. It is almost as strong as whiskey.

"I heard an Englishman once compare the native beer with the lager of Germany and America."

"Why, after our good old beer," he said, "them foreign brews tastes like kissin' your sister."

### Tip From a Fighter.

Richard Bennett, the actor, was a prizefighter when he was a young man, and, as a result of this accomplishment, he has many friends in the ranks of pugilism.

One evening during a performance in the middle west, Abe Attell went behind the scenes and called on Bennett in his dressing room.

"Are you going to play San Francisco?" asked the pugilist.

"Yes," replied the actor, "I think we'll put on the play in the Greek theater over at Berkeley for one or two special performances."

"Take a tip from me, Bennett," cautioned Attell, not getting the real significance of the theater's name; "don't do that. If you do you'll lose a lot of money. There ain't enough Greeks in that town to fill a moving-picture house."

### HADLEY LABORATORY SHOULD BE REBUILT.

(University News)

Within about eighteen months four buildings of educational institutions in New Mexico were burned—one at Roswell, one at Las Cruces, one at El Rito and Hadley Hall at the university. All of these have been rebuilt, except Hadley Hall. When it was burned, only a small sum was realized from the insurance, and temporary quarters were provided for the science work of the university. These quarters were very restricted and inadequate, and there is immediate need of providing further accommodations, and it is therefore urgent that Hadley Hall be replaced at an early date.

### Gift of Mrs. W. C. Hadley.

The generosity of Mrs. Walter C. Hadley of Philadelphia, formerly of Albuquerque, made possible the erection of the university's science hall. To her liberal gift, smaller amounts from various citizens of Albuquerque and New Mexico were added, and a splendid building adequate to meet the demands at that time, was erected and named in honor of Mrs. Hadley.

Cost the State Nothing.  
On May 23, 1910, this beautiful

building was completely destroyed by fire. It cost the state nothing and yet no appropriation has been made to replace it. Mrs. Hadley most generously, at a time of need, gave thousands of dollars to the university. Her money put into the building went up in smoke and not a thing remains upon the campus today to represent her gift, but the lone namestone, saved from the fire marked "Hadley Laboratory."

The time has surely come when, from the crying need of the university for adequate science facilities, and in justice to Mrs. Hadley, the legislature should make an appropriation for a science building that would be a credit to the state of New Mexico.

### EARLY TREATMENT OF CANCER.

(Journal of American Medical Association)

Cancer of the breast is not at first accompanied by any noticeable change in the size or shape of the breast, or in the consistency of the remainder of it. The disease sometimes shows itself as a hardening or shrinking of the breast with indrawing of the nipples. In such cases the pores of the skin over the location of the disease later become very pronounced so that the appearance is much like that of pigskin. But in the beginning there is no change noticeable except the lump or hardness. If a woman discovers this sign she should go at once to a physician in whom she can have perfect confidence. He will determine the necessity for further counsel. The patient should not handle or irritate the affected part, but should do exactly as the doctor advises. No one more earnestly desires her to be cured than he.

This does not mean that there is more danger because someone in the family has suffered from cancer. Nor, on the other hand, is one safe just because the disease never appeared in the family before.

The unfounded fear of cancer will cause many of the symptoms of the disease. Like the baldheaded man who caught cold from sitting under a window which he thought was open, a woman has been known to worry forty pounds away on account of a lump in her breast, which, removed by a simple operation, proved not to be cancer—and the forty pounds came back with the relief which followed.

Cancer of the breast will be permanently cured if it is extirpated before it has spread beyond the place where it began. It becomes constitutional if neglected. Any woman may be attacked by cancer of the breast. A mother nursing her child is not immune. Pain comes late, but it does not mean that the case is hopeless. "In the early treatment of cancer lies the hope of cure."

### BASIS OF ALL MEXICO TROUBLES.

(Cleveland Leader.)

The newspapers "joshed" the silent John Lind to a considerable extent while he was on his mission in Mexico. They wanted to know what was going on under cover down there and he wouldn't tell anybody but the president. But none the less they and the country have great respect for him and his opinions and they are sure he used his eyes and ears to good purpose in Mexico. Now that he gives his views on the Mexican situation they are glad to listen.

Mr. Lind looks upon the political plotting, the avarice, the recklessness, the ruthlessness, the dishonesty and the ignorance which appeared to be prime causes of the revolts and revolutions since the rule of Diaz, as merely symptoms. Of the basic cause of these troubles, he says:

"The inhabitants of Mexico are essentially agricultural, but they have been deprived of the land. Probably less than 5 per cent of the families own their own homes. One of the first acts of the Spanish conqueror was to distribute the arable lands of the people among his lieutenants. Some small communities in the remote sections, or such as occupied least desirable land, were left undisturbed. But as a whole the nation was made homeless and has continued so to the present day. This has been, and will be, the cause of revolts until the question is settled."

That is getting down to the bottom of the matter. It seems like good, hard sense. But are Mexicans capable of righting this wrong for themselves? And can any other nation, even the United States, settle it for them? Must they go on through struggle and bloodshed until they can clearly see and grasp the liberty they now perceive but dimly?
