No. 6

## OPENING ASSEMBLY HELD JANUARY 16TH.

**Dr. Boyd Calls Students Together  
For Announcements; New Coach  
Speaks On School Spirit.**

The first general meeting of the student body this quarter was held in Rodey Hall Thursday morning and was presided over by President Boyd. The purpose of the assembly was to get before the members of the university a statement of the aims and problems of the future, and for announcements of general interest.

The meeting began with the singing of "Alma Mater" and "Oske-wow-wow," after which Dr. Boyd spoke of the sphere of influence and activities the students would control during the school year.

"The part of a school which is considered the most necessary," he said in beginning, "is of course the course of study. And yet, important as that is, the student who leaves these halls having gained only the knowledge that the books he has studied have given him, has missed the vital part of his education. There are things which cannot come out of books, but can be learned by leadership and association among one's fellow students. It is this practical knowledge that student activities offer you."

Dr. Boyd expressed his interest in the various fraternities, sororities, and all student organizations, and voiced the hope that at an early date the dramatic club, debating club Y, M. C. A. and Y. W. C. A. would be again working in their old-time way, and that athletics would soon become of absorbing interest. "Student activities are the channels through which we express our life and spirit, and the way we take hold of them is an index to the way we will later grasp the problems of business life."

"The purpose of the university is to train young people for public leadership," he concluded, "and I hope that you will take hold of these things and become leaders in them. You can do nothing that will benefit you more."

He then called upon the new athletic coach Mr. Purdy, to outline his plans for the future work under his department.

Mr. Purdy gave an excellent talk, telling straight forwardly just what he expected from the students, and what could be accomplished if unanimous support was given him. "And anyone who hears the Coyotes these nights," he said, "may be sure that there is plenty of pep to get behind us with."

His policy is to have athletics, not for the fifteen or twenty men who excel in them, but for the hundreds who do not, as well. He wants every student, man or woman, weak or strong, big or little, to come out and get into something, and guarantees

that he can find something that they can do profitably. He refuted all the old arguments about "being too fat or too busy, etc.," and showed clearly just why no one could afford to neglect the physical side of their education no more than the mental side.

Notwithstanding the lateness of the season, he has already called basketball practice and discovered an abundance of good material for girls' and boys' teams. But he also plans "scrub teams," that is, composed of persons who have had absolutely no previous experience. "In this way and by similar means, he said, we can have athletics that will deserve the name, for athletics for the few who are already athletics is not what we are working for, so much as to get everybody interested and engaged in some kind."

He related several of his experiences while he was a student, and named one university in particular which for many years dominated the policies of the state, urging the students and faculty of U. N. M. to work together to make this institution a leader in the community and state. "If everybody will all pull together," he said, "this university will be just about four times as important next year as it is now."

The meeting was then turned over to Dr. Boyd, who made a few closing remarks and dismissed the assembly.

## OFFICERS ELECTED BY STUDENT BODY

**Presiden, Vice-President and Secretary Chosen. Executive Committee Formed To Draw Up New Constitution.**

The 10:00 o'clock hour last Friday morning was given over to a student assembly for the purpose of electing an organization for the coming year and planning for various school activities.

Perkins Patton, last year's secretary and the only officer now in school, called the meeting to order and asked for nominations for a President of the student body. Only one candidate, Ernest Hammond, was nominated, who was duly declared President, and took the chair.

The new President called for the election of a Vice President and a Secretary. Miss Anne Cristy and Miss Helen Vincent were nominated for the first office, Miss Cristy being elected by ballot. For Secretary Miss Beatrix Black, Ray Walker and John Scruggs were nominated, Mr. Scruggs having the majority of the votes cast.

A general discussion of a constitution then ensued. The old constitution was declared to be outgrown and of no further practical value, and it was determined to create a new one. Mr. Patton advocated a Student Council, to be composed of

the three officers of the Student Body, the presidents of the Senior and Junior classes with an additional member from each to be elected by the class, and a member from each the Sophomore and Freshmen classes, to be elected by the class, making a total of nine members. Mr. J. P. Williams was called upon to give his opinion as to the advisability of creating such a body, and he stated that from what he had observed in other schools this plan was very successful. Upon a motion by Mr. Patton the assembly voted to elect an Executive Committee on the same plans as the Council, and authorized the meeting of the Committee as soon as practicable, which should formulate a Constitution to be brought before the student body for their ratification. It is expected that the constitution will embody the Council plan.

The President called upon the classes to meet at once to organize and select their representatives for the Committee, and arrange for the time and places for these meetings.

Prof. Hodgkin read the letter received from the State College challenging us to debate, and asked for remarks. Several indicated their interest in the matter and willingness to try out for the team. Clyde Morris, Thos. Gallagher and Allen Williams were appointed to confer with the faculty committee, call a meeting of all interested in debating, and prepare for meeting Cruces.

Dr. Clark announced that the athletic council, or what was left of it, was considering the advisability of scheduling a football game with Denver University, to be played here next Thanksgiving day. He also urged that vacancies in the athletic council be filled at once.

Coach Purdy spoke briefly on athletics, and expressed a desire for the game with Denver.

No further business being presented, the assembly was adjourned.

## NEW WEATHER BUREAU IS NOW WORKING.

The weather recording apparatus, installed on top of the Administration building is now in working order. Accurate records of temperature, direction and velocity of the wind, amount of sunshine, and amount of precipitation are being kept by Professor Leupold. A record of each day's temperature, giving the maximum, minimum and mean temperatures is posted on the bulletin board every 24 hours.

## PROFESSORS MEET CLASSES AGAIN.

Professors Drake and McCarty are back with their classes after having prolonged siezes of the flu. Prof. Du Hadway is still out, and in a serious condition at a local hospital. Prof. Barnhardt was also taken with the disease last week and is confined to his home.

## PROSPECTS ARE GOOD FOR WINNING TEAMS

**Excellent Material Shows Up At Both  
Boys' and Girls' Practices.**

For the first time in several years the athletic coach has all the good material he needs for a champion girls basketball team. At the present time there are about twenty-five girls trying out for positions on first and second teams, and who have all the pep and push, one could desire. They have planned inter-fraternity games to be played each week end, but as yet a definite schedule has not been made. Each fraternity boasts of several good players, who have had previous experience. Phi Mu has Katherine Angle, Mable and Dorothy Gibbs. Alpha Chi Omega is well represented by Beatrix Black and Dorothy Stevenson. Kappa Kappa Gamma, has Martha Boegerding Margaret Lee and Annette Jacobsen, while Kappa Delta Nu claims Helen Darrow and Lucile Longine, for university players.

Several of these girls have had previous experience in High Schools, and other school teams. Katherine Angle was on the varsity team last year, and was captain of the team. Helen Darrow has also had experience on U. N. M. teams. Annette Jacobsen played last year on the Ward-Belmont team in Tennessee.

In boys basketball, there is also good material for a winning team. Twelve to fifteen men have been reporting regularly for practice, and several more are expected to come out for the team. The Steed brothers from the University of Arizona are showing up well in practice. Pen-tergrass, of the Clovis High School last year's state champion, is out for our forward, while Sganzi of the Albuquerque High School, has announced his intention of grabbing a place on the team. For guards. Greenleaf, former A. H. S. man and a university football man in 1917, Whitten, Culpepper and Patton are working hard. The team seems to be short a center, but provided Gerpheide is able to come out, this difficulty will be solved.

The Coach introduced a new defense system, which if worked right, will make the team much more effective. He is also putting into practice, many plans used by the best teams in the east. In spite of the handicap of a late start, Mr. Purdy expects to turn out a good team.

He has announced that all men who expect to make the varsity must be out for practice regularly from this time on. A practice game has been arranged with the R. O. P. team, to be played Thursday night at 7:00 o'clock in the university gymnasium.

Eugene Moots has been on the sick list lately, but is out again.

Single Copies, 5 Cents.

Entered in the Post Office in Albuquerque, New Mexico, February 11, 1914, as second class matter.

Ernest Hammond..... Editor  
Allen Williams..... Assistant Editor  
Frances Bear..... Associate Editor  
Katherine Angle..... Associate Editor  
J. M. Scruggs..... Business Manager

WEDNESDAY, JANUARY 22, 1919.

## THOSE TENNIS COURTS.

The university went to considerable expense last year to make the tennis courts. It is up to the students to see that they are well kept.

A little work and care would keep the courts in good conditions. They will not be fit to play on if a few persist in getting on them, without tennis shoes as some have done lately.

Why not reorganize the Tennis Club, and draw up some rules and regulations that will insure decent courts and give everyone a fair chance at them? In the meantime each person should appoint himself a committee of one to see that no one uses them without tennis shoes.

Doubtless the university would be glad to get the courts in good condition if they had any assurance that they would be kept that way. Interest by the students themselves, the very ones that will profit by the improvements, is all that is needed.

## YOU CAN HELP.

Let us again call your attention to the fact that the Weekly is a student paper, and its columns are open to the students of this institution.

Every person is urged to contribute something to make the paper a live one. A personal from every student would more than fill these pages. While we don't expect everybody to know a different piece of news, we do know that you know things that would be of interest to the students which we do not know and which will not appear unless you hand them in. Editing the Weekly is a thankless and workful job at best.

So please remember that this is your paper, and don't hesitate to give us the news that may come into your possession. Hand it in to the Editors, or place it in the Weekly box of the faculty exchange, just to the right of the door of room 10. Your help will be appreciated.

## THAT QUESTION OF FRATERNITIES AND GRADES.

In the first issue of the Weekly this year we strongly advocated the compilation of grades at the end of each quarter showing the standing of the various fraternal organizations. This is a thing which should be insisted upon, and be made a regular practice.

We are going to ask for the opinions of each of the fraternities upon this question, and their answers will be published in an early issue of the

Weekly. If your fraternity is in favor of this plan, write us about it. If you are against it, write just the same. If no reply is received, it will look as if you are afraid of the results of this plan, so write, if you favor it or not.

Will a representative of Kappa Kappa Gamma, Phi Mu, Alpha Chi Omega, Kappa Delta Nu, Alpha Delta, Pi Kappa Alpha and Sigma Chi please see that these communications are in our hands within the next week?

This poll of opinion will show where the fraternities stand upon this matter, and will enable us to stand together and know what we are fighting for.

Hand the communications to the Editor or place in the faculty exchange before the middle of next week.

## WEEKLY NOTES.

Bob Sewell, U. N. M. 1915, writes from Gerolstein, Germany, that he is having a fine time there. Bob enlisted last summer and has been over there since last July.

Herald Booker, a U. N. M. student last year, was in the city for a few days recently, visiting friends. He was discharged from the navy and was enroute to his home in Oklahoma.

Sigma Chi reports the initiation of Ralph Brooks, Albert Newcomer, Victor Miller, Gustaves Swedes, Byrd Witten, and Louis Gerpheide. The ceremony was held at the home of Pelham McClellan and was followed by a very informal early morning feed at a local cafe.

Mr. Gentry, one of the prominent inmates of our boys' dorm, looks rather the worse for wear these days. Rumor hath it that he was one of the sweet singers who entertained the girls Sunday morning.

Dr. Perrin, our genial Dean of Music, was observed in a mad rush for the car line Monday night. Now that we have our fine new track, why wouldn't a match race between the Doctor and Jimmy Chess, for the benefit of the Armenians, be in order?

Herbert Hickey is again down with the flu. He had it in October, which was followed by pneumonia, and he only recently seemed fully recovered from the former attack.

Mrs. Helen King, formerly Miss Helen Aldrich, and one time a student of the varsity, is the guest of Allie Atkinson at the Phi Mu House. Mrs. King is enroute from Springer to California.

Henry the Varsity Baggage man. Phone 939.

## HE WAS AN APT PUPIL.

Old Clerk—Just watch me wait on this lady, and you'll get an idea how it is done. Is there anything I can do for you today, madam?

Lady—Have you any canned peas?  
Old Clerk—Certainly, madam (taking down a can), and they have the flavor and freshness of the pea from the vine.

Lady—I will take three cans.  
Old Clerk—You see how it's done;

Pi Kappa Alpha.....	3	0	1.000
Sigma Chi.....	2	1	.750
R. O. P.....	1	2	.250
Santa Fe.....	0	3	.000

Playing excellent ball, the two fraternity teams in the city basketball league won easily over the two shop aggregations in Saturday night games. Superior team work and shooting ability in both games marked the playing of the college men.

The Sigma Chi team smothered their opponents, the Santa Fe shop boys, in the first game, the score being 54 to 16.

In the second contest between the Phi Kappa Alphas and the R. O. P. team, the former won, 50 to 11. In this game Sganzi of the Pi Kappa Alphas startled the audience, and his team mates by shooting a basket from a sitting position.

Lineup for first game  
Sigma Chi (54) Santa Fe (16)

Substitutes: Bryan for McClure, Miller for Bryan, Moore for Hesselden, Pendergrass for McCanna, Robinson for R. McCanna, With for Bass, Dent for Gavin, Bass for Binkert.

## JUNIORS AND SOPHS MEET TO ORGANIZE.

Officers Are Elected and Representatives For Executive Committee Are Chosen.

Monday noon, the Junior and Sophomore classes met for the purpose of organizing and electing officers. No officer from last year was present in either class, and it was necessary to elect a temporary chairman until presidents were chosen. There was little competition in any of the elections, that for secretary of the Sophomore class probably developing the most. For this office the Misses Clark, Angle and Gibbs were nominated, Miss Angle being elected.

In the Junior class, Chester Boldt was elected president without any opposition, Miss Rebecca Skipworth was elected vice-president, and Miss Flora Chess, secretary. For representative on the Student Executive Committee, Miss Mayme Hart was chosen.

The Sophomores elected Miss Frances Bear, president, Thomas Gallagher, vice-president, and Katherine Angle, secretary. Perkins Patton, who proposed the Student Council or Executive Committee plan was

unanimously chosen to represent the Sophomores on this committee.

The Senior class will hold a meeting Tuesday noon or Wednesday to elect their other representative.

The Freshman class will meet Tuesday noon in Rody Hall, and under the direction of the upper classmen, elect officers.

## COLLEGES IN EAST REVIVING ATHLETICS.

By William Abbott.

College sports are rapidly returning to normal conditions. They are coming back without any frills and no great changes in the training system, although many physical educators have made repeated efforts to bring in new methods for the readjustment period. The only readjusting so far is that thousands of youths are scrambling out of khaki and going in for sports with more enthusiasm, because military training developed a keener appreciation for athletics.

Yale a short time ago started practice for all winter sports and early preparation for the spring sports organization. Squads for wrestling, basketball, hockey and athletics were summoned, and it was expected that a large number of veterans would be available as a nucleus for the various teams being raised for the purpose of co-operating with other institutions.

The Bulldog that was so engrossed in war work last November that he couldn't take enough time to form a makeshift football team to play for the united war drive now makes one long leap back to old conditions with the ending of the war.

Yale's example is being followed at other colleges. It is announced at Cambridge that Harvard is busily engaged in a big sport program and that President Lowell heartily recommends a general use of boxing for the Crimson undergraduates. Can you beat that? It only goes to prove that Harvard has been quick to learn.

Princeton has been a forerunner in the movement for a prompt revival of sports. Back in October the Orange and Black was willing to eke out a few hours from military drills to form a varsity football eleven that would tackle Harvard and Yale in aid of the United War Drive which was then being collected, the plan fell through because Harvard and Yale couldn't make the proper arrangements; but the offer only showed Princeton's anxiety to get busy with sports. Now that the war department has relinquished its control of colleges, the Tiger is again on the job in the field of athletics.

How Columbia feels about the situation is shown in the decision of the Morningside Heights authorities for a two-year rowing program which provides Fred Plaisted, who was Jim Rice's assistant for many years as coach for the crews. This is a mere indication of Columbia's determination to boom sports.

Prof. E. Stanley Seder, who was in charge of the School of Music last year, is now organist in one of Chicago's largest churches.

**WHAT DO YOU THINK OF.**

The way this paper is run?

The way in which most of us "let the other fellow do it" in this school?

A student body of 150 which hasn't a word to say at a meeting?

The support athletes receives on the hill?

The new Executive Committee, and the proposed Student Council?

A student who refuses to take part in any student activity, when he is capable and has the time?

A school which has no regular assembly hour, at least once or twice a month?

We would like to know. Don't be afraid to say what you think! we're going to tell you in the next few issues what we think of them, but we want all sides, not ours alone.

**WHAT WOULD YOU DO TO THE PROF.**

Who wants the school paper to print just what he deems advisable about his department and nothing else?

Who always meets you on the campus just after you have cut his class?

Who sees you at the picture show the night before the quiz and spends an hour explaining to the class that you flunked it because you went to the deadly movie?

Who, when interviewed by a reporter, always says that his stories are not printed as he gives them, and that from now on he wants his stories to go in as he writes them. (And this regardless of his lack of news sense.)

Who always wants you to give an excuse for not being prepared.

Who comes late to his classes, but will not tolerate lateness in his students?

Who never dismisses his class until the second bell rings?

**WHITE BREAKS INTO PRINT IN ENGLAND.**

George White, former university football and track man participated in a track meet held last fall at the U. S. Naval Air Station in Killingholme, England, and placed in three events. He won first in the running high jump, second in the running broad jump and third in the standing broad jump. Records for the events were not given.

**TWO U. N. M. MEN MAJORS.**

But two University men so far as reported, have been raised to the rank of Major in the war. Douglas W. Johnson was sent by the government to France on a special mission with the rank of major, but Clarence E. Heald has come up from one of fice to another until he has reached the high honor of being promoted to the rank of major.

Major Heald has been stationed at Camp Eutis, Virginia. His promotion is an unusual honor for a man of his age.

Major Douglas W. Johnson, of U. N. M. class of 1901, has just returned to his post as professor in physiology at Columbia university, New York City, from Europe, where he was sent on a special military mission by the government last summer. His mission carried him through England, France, Italy, Albania and as far as Saloniki. In a letter to a friend he recounts some remarkable experiences, from being on a boat that was attacked by German submarines, to planting himself in a camouflaged three top station, where he watched at a close and dangerous range one of the heaviest battles fought on the western front. To walk over the battlefield afterwards, he said, was a sickening sight. Being under United States government direction and commission, Major Johnson was received most cordially by the generals of the allied armies and shown every courtesy and assistance.

"Sedentary work," said the college lecturer, "tends to lessen the endurance."

"In other words," butted in the smart student, "the more one sits, the less one can stand."

"Exactly," retorted the lecturer; "and if one lies a great deal, one's standing is lost completely."—Ex.

**LOCALS.**

John M. Scruggs, manager of the Weekly returned Sunday night from Kansas City, Mo., where he was called last week by the death of his father.

Miss Frances Bear is again attending classes, after an illness of two weeks.

Extracts from a local society column, "Miss Anne Harris was a dream of loveliness in a gown of rich white lace, made frill upon frill, suggestive of a choice white rose bud. There is always 'class' to Anne Harris."

A division of the R. O. T. C. will be organized at the University of Colorado at the beginning of the second term, and drill will be compulsory for all first and second year men in the university.—Ex.

**DO YOU KNOW?**

The new Queen of the Tonk?  
The shocking occurrence that happened at one of the cottages Monday night?

"Venus at the Pump?"  
The wild, wild woman, who is wilder on Fridays?  
What the F. F. F. club is?  
Why she slept when he proposed?  
When we will be able to give our faces that much needed washing?

An old lady, who had been introduced to a doctor who was also a professor in a university, felt somewhat puzzled as to how she would address the great man.

"Shall I call you 'Doctor' or 'Professor'?" she asked.

"Oh, just what you wish," was the reply "as a matter of fact, some people call me an old idiot."

"Indeed," she said sweetly; "but, then, they are people that know you."—Ex.

Phi Mu held its monthly supper party Tuesday evening. Katherine Angle and Anne Cristy were hostesses. During the evening Grace Stortz and Leo Clur Cavanaugh entertained the company with music and songs.

Eat at the New Republic Cafe.
