FLOYD LEE RAPIDLY GAINING IN SANTA FE

Popular student injured in automobile accident is recovering; no serious injury resulted.

The whole University was very sorry to hear of the misfortune that happened to one of the Varsity students, Floyd Lee. Floyd was on his way to Santa Fe to make arrangements for the play's going there, when the auto in which he was riding turned turtle on La Bajada hill. Mr. A. B. McMillen and Laurence Lee, both in the same car at the time, escaped unhurt. It seems the car turned on Floyd hurting him rather seriously. Dangerous internal injuries were feared at first but later reports are that his condition is not as serious as was thought.

Floyd is now at St. Vincent's hospital in Santa Fe, and, we hope, recovering rapidly.

When speaking of the accident Floyd said: "That car certainly was heavier than Colorado."

CHERRY AND SILVER DEFEATS A. H. S. TEAMS

Varsity sextette defeated their much younger opponents, 17-13, in rough and tumble contest; fast and exciting game ends with Varsity men in lead.

The Varsity girls defeated the A. H. S. team last Friday night in first game of the season by a score of 17 to 13. The game was rough and slow, but good material was plainly evident.

The speedy little high school basketballers met defeat at the hands of the Cherry and Silver, much heavier and more experienced, quintette last Friday night in the Armory hall by the score of 36 to 23. The game was fast and exciting and might have been any one's game until the last five minutes of play. Several times during the contest the A. H. S. crept close to the heels of the Varsity team, but were unable to gain the lead at any stage of the game.

The plucky little down town lads went in confident of winning and fought strenuously throughout the entire period. Their team work far surpassed that of the Varsity, but they were not able to cage sufficient baskets to place them in the lead. The high school team will easily outclass any other teams that they are likely to come in contact with this season.

The Cherry and Silver team played straight through, and with the exception of Feather in at guard, used the same line-up as she started with against the Y. M. C. A. Feather played his first game at guard, and showed up admirably well. Wigely, Thackrey and Joe McCanna played their usually good game, and every man on the team credited himself with at least one basket.

Hard and strenuous practice will be necessary this week in order to "GET THE WILDCATS," and furthermore, a

Pep meeting will be held Thursday morning for the purpose of creating enthusiasm and encouraging the team for their contest with the University of Arizona Thursday night. The exact hour is not definitely known as yet but will be posted on the bulletin board. Everyone is urged to be present and learn the yells if you do not already know them. The hearty support of the student body is necessary and in fact absolutely essential in order that the Cherry and Silver might come out victorious. The team is out practicing hard every day and deserves to be backed. Tell your friends about the game. There will be a dance after. The financial success of this contest is just as necessary as the final score. Be at the rally and also at the game!

"GO ASK WILLIE" CAST TO PERFORM IN SANTA FE

Late popular production to be staged in ancient city with the courtesy of the citizens there.

Final arrangements have been definitely made by the managers of the Dramatic club for the staging of "Go Ask Willie" in Santa Fe, Friday night. The entire cast will journey to the Ancient City and represent the University in the clever musical comedy which was put on here last month in the Crystal theatre. The company leaves Friday morning and will return Saturday evening.

Managers King and Lee have made all necessary arrangements and a record breaking attendance is expected. The University has a good reputation in Santa Fe in the dramatic line and this production will simply mean one more feather in our cap. The citizens of the capital have always been willing to support the U. N. M. in any such undertakings, and desiring to keep up friendly relations with everyone, the company will reproduce the comedy Friday night in the Elks theatre.

Quite a few students have expressed their desire to accompany the cast, and the more rooters along, the more fun, so make up your mind early and buy a ticket.

A joint recital of organ and vocal music has been announced for Tuesday evening, January 30th, at the Congregational church. It will be given by Professor Seder, organist, and Robert T. Sewell, baritone, and will be open to the public. An interesting program of organ music, including symphonic and operative numbers, (the latter from the Wagner operas), and well-known song classics, have been arranged.

The members of the Freshman domestic science class, will give a dinner for their upper class sisters this week.

Professor Hill will lecture to the Teachers' Association at Santa Rosa, N. M., the latter part of this week.

great deal more support than was offered last Friday night will be necessary at the hands of the student body. There is plenty of room in the Armory, so please do not be afraid you will have to stand up. There will be a dance after the game. Tell your friends.

FRANCES INGRAM NEXT CLUB PROGRAM

Contralto artist of the Chicago Grand Opera Association, with enviable reputation will sing Monday, February 5th.

The second concert in the Fortnightly Club series will be given next Monday evening, Feb. 5th, at the high school auditorium. The artist is Frances Ingram, contralto of the Chicago Grand Opera Association, who has acquired an enviable reputation in the last few years as a singer. Season tickets for the three remaining numbers, Ingram, Granz, the pianist, whose date is March 8th, and Fanning, baritone, who appears April 10th, will be sold at a reduced rate, and can be obtained from Prof. Seder, who can also supply individual tickets for the Ingram concert.

CIRCULO ESPANOL MEETING SUCCESSFUL

Second gathering of new organization proves more instructive to those present; interesting program carried out.

The last meeting of the Circulo Espanol was decidedly a great success, and all members who failed to attend missed a very delightful program. The numbers were interestingly arranged, and the pep and spirit with which the meeting was carried through, showed very plainly that there was a great deal of improvement since the last meeting.

There were about thirty members present and the conversation which took place, immediately after the regular program, was enough to make anyone talk Spanish. Absolutely nothing was said in English the entire evening, which added considerably to the effect of the understanding.

Having worked up a good appetite, the entire crowd partook of a delicious luncheon served about eleven o'clock, and the second meeting of the Circulo was pronounced even a greater success than the first.

GET THE WILDCATS.

President Boyd delivered an address at Clovis last Friday night to the citizens and Teachers' Association.

DR. W. SCOTT HALL TO SPEAK TO STUDENTS

Interesting lecture promised to all who attend; one of best known physiologists in country will be with us.

The students of the University and visitors will have a rare treat February sixth when Dr. Winfield Scott Hall of Northwestern University will be with us. Dr. Hall is one of the best known physiologists in the country, and is a man of pleasing personality, always eager to instruct either publicly or privately in the subjects in which he specializes.

Arrangements are not yet complete, but it is likely that Dr. Hall will address the men twice, and will speak to any groups beside that request it. A meeting is being planned for the women.

One of the members of our faculty who heard Dr. Hall speak to university students says he can recommend him unreservedly. The dean of the University of Idaho says:

"Just a line to say how successful everyone considers the visit of Dr. Winfield Scott Hall to have been. There has not been a word of unfavorable comment. His assembly was one of the largest of the year; and the reaction throughout the campus was highly favorable in every way.

"He spoke twice to men's mass meetings, 600 to 800 men hearing him each time. He spoke in four fraternity houses to big crowds of 50 to 100 in each place, other bunches coming in. We kept him busier than we should, but his stay was of immense value to us all."

CANDIDATES FOR DEGREES.

Candidates for Degree of Bachelor of Arts.

Laura Chase Allen—Major, biology; minor English literature.

Allene Atkinson Bixler—Major, biology; minor, psychology.

Louie Crofie Boyd—Major, biology; minor, English literature.

UNDERSTUDIES AND ASSISTANTS

The automobile accident on La Bajada Hill, which resulted in the serious injury of Mr. Floyd Lee, brings to our minds the old saying, that "There is always some one to fill his place." The saying may be true enough, but how well will he who fills the place do the work? Mr. Lee, at the time of the accident was on his way to Santa Fe, in the interest of the annual play, of which he is one manager. He is manager of the basketball team and is a member of the Athletic Council. Knowing as we do that his injuries are going to rob the student body of his services for some time to come, we ask ourselves the question, "Are his assistants familiar with his work, and can they step into the breach, completing his unfinished tasks?"

The student body are for the most part endowed with assistant, but how many are there? How many assistants are really doing their work, keeping in touch with their lines of endeavor, that they may later, as managers, serve most efficiently? Our athletic director has his substitutes trained, and a few understudies are prepared for dramatics. The majority of our student body offices are too much of the "one man" type. We can increase our efficiency greatly if we cultivate and improve our system of training up understudies and assistants. **GET THE WILDCATS.**

Dr. Mitchell (on finding "cis" in Latin 2). "Can anyone tell me what part of speech it is? Well, can anyone tell me what part of speech 'kiss' is in English?"

Hunter (eagerly). "It may be noun or verb."

Dr. Mitchell. "Not correct. It is a co-ordinate conjunction connecting two co-ordinate clauses."

German Professor (explaining difference between German and English words of same spelling). "Now, in German we have the word 'hell' which means bright, unlike the English 'hell'."

Bright Freshman. "Well then, professor, in German it would be perfectly correct to say, 'He is a hell of a student.'"

PROPOSED PLAN FOR WEEKLY.

In consultation with higher authorities, the present staff of the Weekly has decided that a plan such as the following, will be adopted, after the necessary steps have been taken. The Weekly will be placed on a credit basis, allowing each member of the staff the privilege of earning one, or two, hours' credit, provided the work meets a certain standard. As yet, this standard has not been set, and the committee for doing same has not been selected. The plan follows:

"10,000 words is the recognized unit in college composition, entitling a student to one hour's credit. If there are 500 words in a column, then two columns, or 1,000 words, is one-tenth of an hour's credit, and twenty columns, or 10,000 words, is the requisite amount for one hour's credit. If there are four hundred words in a column, then five columns or two thousand words is two-tenths of an hour's credit, and twenty-five columns, or 10,000 words, is the requisite amount for one hour's credit. There seems now to be space in the Weekly for about 9 columns of 400 words, or 3,600 words.

15 issues, 54,000 words, will be about 5.4 hours' credit.

16 issues, 57,600 words, will be about 5.7 hours' credit.

17 issues, 61,200 words, will be about 6.1 hours' credit.

This amount makes possible a staff of six, who each earn one hour's credit; of five, if one earns two hours' credit; of four, if two earn two hours' credit each, and so on down.

Composition shall be graded in accordance with the system in use in the University, on the basis of news value, newspaper form and English. Writing deemed unsatisfactory shall receive no credit.

A student who has earned one hour's credit becomes a reporter and is thereby entitled to all the privileges of a staff, including that of voting. A reporter who has earned three hours' credit becomes an assistant editor and is thereby eligible for the office of editor.

The work of editing the paper shall be prorated into credit on a basis similar to that for reporting. The maximum credit that may be received for this work is three hours a semester.

Editorial writing shall be counted in the same way as news reporting. An editor may receive whatever credit he earns for these forms of writing. If the maximum credit for editing is three hours a semester, then it would be about two-tenths of an hour for each of fifteen, sixteen or seventeen issues or four columns. Perhaps the making-up might count one or two columns, and the headlines might count one or two columns. Thus any editor might earn a total of six or seven hours' credit a semester."

As is plainly evident, this plan, if adopted, will take the election out of the hands of the student body, and place it in the hands of the staff, which will be better qualified to choose the editor.

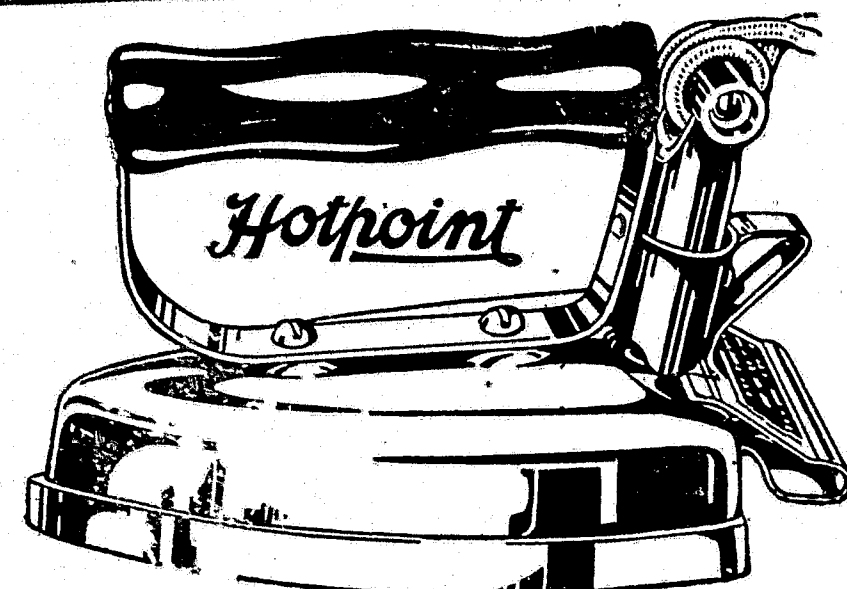

Any suggestions will be gladly received, and the opinion of the student body at large is desired. It will be necessary, however, to write out any corrections or suggestions and hand them to the editor or staff. We are coming to the point now where some system is necessary for the betterment of the paper, and to allow the editor and staff the privilege of making credit.

Rabbit hunting is becoming a popular sport with several members of the Pi Kappa Alpha fraternity.

Alpha Delta Informal.

The Alpha Delta Fraternity gave their annual informal dance at the Woman's Club on Friday night. The room was gay in decorations of gold and blue, the fraternity colors. Jones and Ralph Meyers furnished splendid music. Punch was served during the evening, and a luncheon of sandwiches, coffee and pickles were served later in the evening. Those present were Kathren Little, Helen Wilson, Helen Thacker, Julie Hubbard, Evelyn Trotter, Mary Brorien, Sylvia Rosenberg, Alice Lewis, Lillian Williams, Lillian Kempenich, Helen Latamore, Miss Hackell, Helen Darrow, Carolyn Michael, Beatrice Selsor, Lulu Cooper, Hortense Switzer, Mildred Cady, Alberta Hawthorne, Mamie Mills, George Butler, Reed Garton, Dick Upton, John Larsh, Louis Nohl, J. Hoover, "Doggie" Hoffman, Milan Doering, Pryor Timmons, Adlai Feather, Joe Eldott, Arthur Wimberly, Viotti Croft, Homer Clark, Forest Fielder, Lee Walker, Van Oleson, Jason Williams, E. Dunlap, Steve Powell, Geo. White, Earl Olds, Clifford Wolking, Howard

Marrow, Dr. and Mrs. Kirk chaperoned.

On Saturday evening, following the initiation, a dinner was given by the Alpha Gamma's in honor of Lois Davis and Martha Borgerding at the home of Katherine Conway. The especially delightful dinner was followed with dancing and singing, which continued until a late hour.

Sigma Chi Banquet.

Beta Xi chapter of Sigma Chi, held a banquet for new members at the Alvarado Hotel on Saturday night. The members just initiated are William Grimmer, Herbert Hickey, James Costin, Newell Manville, Thomas Doxey, Jr., John Steed, Fred Sabin, George Givan and E. C. Clark. W. A. Keleher of Zeta Chapter acted as toastmaster and various members of the fraternity responded with toasts.

The Phi Mu's enjoyed a dinner at their house on last Wednesday evening. They were also hostesses Sunday afternoon to the University at large, having held open house from four until six.

WHO'S WHO.

(With apologies to George for mutilation of his meter and fractures of his individual characteristics.)

George White, the boy of noted verse, On criticisms not adverse

To showing up our younger sprouts. When I think of him, a voice then shouts:

"Gimme?"

When George's face would fill the room,

A silence reigned; 'twas most a gloom; He'd cast his chances in a game

But the words from him were just the same:

"Gimme?"

He'd borrow a chip or two or three, Just for a fellow's hand to see,

When he lost his face was like a mask, Only one, one thing would George ask:

"Gimme?"

George never bought a cigarette, But why should this cause mental fret?

Can't he find some ignorant hick That with one word old George can stick?

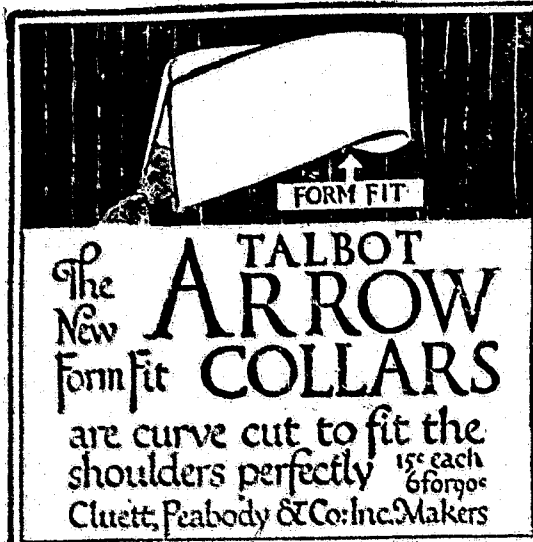

"Gimme?"

I wonder what, after George is dead, And wandering 'round all over head, Saint Peter'll find to relieve the strain,

When George starts in that darned refrain:

"Gimme."
