## STUDENT CONVENTION A SUCCESS

Concluding Report Made by U. N. M. Delegates to Des Moines Convention.

The fact that the leaders in the missionary work in all the fields were present at Des Moines, and spoke to the assembled delegates was in itself a distinct advantage. In addition to the opportunity of hearing these men and women in assembly addresses, any delegate might make arrangements through their delegation leaders for personal conferences. Hundreds of students took advantage of this unusual opportunity and in consequence gained added light concerning their chosen field for service and renewed enthusiasm to continue in the preparation for their life work.

Another source of particular benefit was the sectional conferences held every afternoon at the various churches. The conferences were under the direction of men and women who were intimately acquainted with the work in their particular fields. The sectional conferences, as the name implies, were discussions of the needs of the individual fields. One of the best of these meetings was the one held in the First Methodist Church the afternoon of January third. This was the conference on Latin America, and concerned the work in Mexico, Porto Rico, Cuba, and South America. One of the outstanding features of this meeting was a discussion by Dr. D. (Continued on page 4.)

### FRESHMAN ELECTION HELD.

Owing to Sophomores having control of the paper last week, no publicity was given the Freshman election which was held Friday, January 23. Under the existing constitution the Freshmen are not allowed to organize until the second quarter of each school year, it being thought advisable to keep the members of that class in a stage of training for some time. By the time of the election this year each one knew his fellow class-man, and much interest was displayed by the Freshmen as a whole. (It is also said that some upperclassmen were pretty much concerned too.) Despite some predictions to the contrary on the part of various dignified old-timers here, an exceedingly orderly and well conducted meeting was carried on under the chairmanship of Miss Frances Bear, Vice-President of the Student Body. George Martin was elected president, Belle Barton vice-president, Myrl Williams secretary, and "Toad" Brenneman representative on the Student Council.

N. B.—Things will probably begin to happen in the near future.

## ARIZONA HERE WEDNESDAY

Quintet from Arizona Play Here Wednesday and Thursday. Hard Fought Games Expected.

Wednesdays and Thursday nights, February 4 and 5, the Universities of New Mexico and Arizona will clash for the first time in three years when the squads from the two schools will play two games of basketball at the Armory. The last time the two schools met was in 1917 when the quintet from the neighboring state went down in defeat at the hands of the Varsity squad in one of the fastest basketball games ever seen in Albuquerque. At that time Arizona was planning to put the finishing touches on a tour of this section of the country, and they made the scalps of every school they had met at their belt when they arrived in the Duke City. However, that was where their troubles began and the Varsity supporters are hoping to see the same thing happen this year.

(Continued on page 3.)

### PRES. HILL TALKS AT "Y."

An attendance of about eighty enjoyed Dr. David S. Hill's address, "The Choosing of a Career," which was given at the weekly fellowship lunch at the Y. M. C. A. Sunday evening. Dr. Hill stated that three essential things constitute the life of every man. The first of these is his body, a temple too often desecrated by evil passions; destructive intemperance, and the blindness of ignorance; a sacred trust which, through bestial desires, base impulses, and unheeded warning is often so wantonly violated. The second embodiment of man is his unknown self, the self which he alone is conscious of, the self which he guards so zealously from the outer world. The third element in everyone's life is the manifestation of his interests, the disavowment of his efforts. This is his profession. Choosing a vocation is the most critical decision in life and before plunging into any life-long endeavor the problem should be weighed from every conceivable angle. At present opportunity is fairly shrieking to the youth who is about to cross the threshold of realities regardless of the scope to which he is to confine his efforts. With such promising prospects, it is every man's duty to be rational. He must have a full realization of his potentialities and his limitations. He must argue the extent of his aptitude and must be conscious of his compelling motives. After this is done, he should, without any more delay take the critical step.

Too many people, according to Dr. Hill, are of the irresponsible type who, like the wandering Peer Gynt, (Continued on page 4.)

## MINERS DEFEAT VARSITY

Varsity Loses First Basketball Game of Season by Score of 48 to 26.

### Business College Wins From Girls.

In the first game of the season the Varsity basketball squad suffered defeat at the hands of the Socorro Miner's team, Friday evening at the armory by a score of 48 to 26 in favor of the Miners.

Both teams were fast but the visitors found the basket with greater accuracy than did the players of the Cherry and Silver. The first half ended with the Miners in the lead with the score 24 to 13.

In the first part of the last half the Varsity seemed to rally but it was shortlived. The trio, Dixon, Hammel and Cooke, took the ball the length of the court and made their scores with precision. Witten and Gerpheide for U. N. M. played a good game altho the later didn't seem able to put the ball thru the basket in his usual form.

The line up was as follows:

U. N. M.; guards, Foraker, Greenleaf, Witten; center, Gerpheide; forwards, Rogers, Brenneman, Howden. Socorro Miners; guards, Mason, Kennedy, Mitchell; center Cooke; forwards, Hammel, Dixon.

Points made; Gerpheide 14, Rogers, 10, Brenneman 2, Mason 2, (Continued on page 2.)

### PREPARATIONS MADE FOR THE FLU

With the Spanish influenza again ravaging the eastern part of the country and daily threatening the great western states, Albuquerque is not ignorant of the fact that she may be hit at any time. Already arrangements are being made for many emergency hospitals scattered throughout the city, and a reserve force of medical men is being compiled. The University as usual is right up to the moment in such matters, and plans are being formulated to turn Rose Cottage into a temporary hospital should it become necessary to have such. At the present time free medical advice is being given to all University students at the Men's Gymnasium between four and four thirty each afternoon by competent doctors. If you have a bad cold or feel achy, don't wait hoping to wear it off but turn your steps in the direction of the gym and help keep off the flu epidemic by putting yourself in good shape. Everyone knows how the flu knocked out one quarter's work of last year, and it is to be hoped that such will not be the case this time. At the present there is little or practically no flu in the town, and no fear should be felt on the part of University students in the opinion of various medical men.

## STUDENTS ELECT OFFICERS

Clyde Morris Elected President of the Student Body, and Louis Gerpheide Member of the Athletic Council.

In accordance with the ruling of the Student Council designating Tuesday, January 27, as election day on the hill, nominations for President of the Student Body and one member of the Athletic Council were posted on the bulletin board one week in advance of the above time. For President of the Student Body Chalmers Bowers and Clyde Morris were nominated, and for the Athletic Council Louis Gerpheide and Frank Steed were the nominees.

A ballot box was posted beneath the bulletin board on Tuesday, and was the center of many discussions during the day. The "polls" were closed at five in the afternoon, and the following results made known shortly afterwards: Clyde Morris was elected president by a vote of 78 to 56, and Luis Gerpheide was elected member of the Athletic Council by a vote of 85 to 55. These men take up their respective duties immediately, remaining in office until the spring elections.

### BACK THE MIRAGE.

Each year an interesting book appears on the hill, important in subject-matter, always unique in style, spicy and pleasing in description designs, manly forces and beauties galore. Interesting? Yes, to every student of the University, to every alumnus, to every prospective student, and to all the parents connected either directly or indirectly with our school. Interesting not only now but in the years to come when you are out in the world struggling to make your goal and worried perhaps by the cares and vexations of every day life. What a sigh of relief as you pick up this old book, carefully turn its pages made precious by time. As the familiar faces and scenes greet you out of the distance, your present worries are all forgotten, and once more you are a school boy or girl again, living over those old happy days as the mirage of old events passes before your mind.

We are all immensely interested in the present condition of our school annual, and we are equally certain that we mean to manifest our interest by giving the Mirage Staff our entire support. We each want one of these interesting and attractive books, for the present as well as for future pleasure. We all want to boost our school, and a splendid way to do this is to boost the Mirage.

Miss Dora Russell has been pledged Kappa Delta Nu.

Entered in the Post Office in Albuquerque, New Mexico, February 11, 1914, as second class matter.

WEDNESDAY, FEBRUARY 4, 1919.

## CLASS EDITIONS.

The Sophomore are to be congratulated on their edition of the Weekly [which was published last week (even if they did take a little material not intended for them.) It was attractive, full of life, and interesting. To anyone connected with the newspaper business it fairly demonstrated work, thought, and care on the part of those in charge. We hope the Freshmen will be the next ones to give us a class edition. From them we anticipate the very attractive "green" edition. Oh, not green in anything except the very effective color in which it is printed. We chance to remember what an attractive edition the Freshies of last year brought forth to our view. But by the way, that is handing a bouquet to these already self-satisfied Sophs again! But we will have to admit that they are a "classy" bunch with lots of pep and school spirit. We hope the Juniors will decide to give us their class edition, and the Seniors surely should be able to get out one issue with two or three editors of the Weekly numbered in their group as well as various newspaper folks. What about it folks?

## UNIVERSITY DRIVE ALMOST OVER.

On Monday morning it was announced that subscription to the Home Economics Building totalled \$11,400 or just \$600 short of the required amount. It is practically an assured thing now that the drive will be successful, but if any University student can interest any one in the matter he should do it. Reports have not been received from all University students yet, and it is hoped that their contributions will go quite a distance in overcoming the remaining shortage.

## KODAK DAY FRIDAY.

Everybody get out their kodaks and be prepared Friday to take pictures for the Mirage. Announcement of this was made in the last Weekly, and it is felt that everyone should do his part Friday and make some pictures which are really typical of the University campus and life. Make yourself useful and feel that you have a real interest in this year's annual.

## MINERS DEFEAT VARSITY.

(Continued from page 1.)

Mitchell 2, Cooke 12, Hammel 10, Dixon 22.

Fouls; Foraker 2 Witten 2, Gerphelde 3, personals, 2 T., Rogers 2, Brennenman 4 personals, 2 T., Mason 1, Mitchell 2, Cooke 2, personals, 4 T., Hammel 1, Dixon 1, personal, 3 T.

Free tries missed; Rogers 6, Dixon 4.

In the other game of the evening between the girls of the University and the Albuquerque Business College, the latter was awarded the game by the official score keeper though there has been much dispute as to which really won, there being only a point difference either way. Probably much of the controversy lies in the fact that the final whistle blew just as the ball was going into the Varsity goal, and if it was counted the score would stand 19 to 18. On the other hand if it were not counted the score would lie 18 to 17 in favor of the Business College. At any rate the game was a good one, and future contest will no doubt be arranged between the two teams so as to decide which the better.

The Varsity team showed lack of team work and not quite enough practice, but there was an abundance of evidence shown that many University girls have the makings of star players. The line up was:

University. Guards, Flora Chess, Myra Jackson; Centers, Blanche Gouley and Dorothy Stephenson; forwards, Mary von Nyveheim and Norma Rasmus.

Business College: Guards, J. Wickham and J. McDonough; Centers, McGuire and Smithson; Forwards, Kenny and Fracaroli.

## SPANISH PLAYS PRESENTED.

Under the auspices of the Community Playhouse Association the Spanish program presented in Rodey Hall January was a decided success, and showed much work as well as skill on the part of all those concerned. Decidedly pleasing effects were produced through the stage scenery as arranged by Miss Ethel Hickey, and clearly showed how much can really be accomplished by students along the dramatic line.

A good sized crowd was in attendance, and the occasion was a notable one in that it was the first wholly Spanish program ever before presented at the University. Performances by various members of the Playhouse Association will be presented every few weeks, and from the ranks of the actors taking part in these plays, an all-star cast will be selected for the Annual Musical Comedy which will be presented in the spring.

The artist was painting—sunset, red, white and blue streaks and green dots. The old rustic, at a respectable distance, was watching.

"Ah," said the artist, looking up suddenly, "perhaps to you, too, nature has opened her sky pictures page by page. Have you seen the lambent flame at dawn leaping across the livid east; the red-stained sulphurous islets floating in the lake of fire in the west, the ragged clouds at midnight, black as raven's wings, glotting out the shuddering moon?"

"No," replied the rustic, shortly; "not since the State went bone-dry."

THE Y.W. DANCE.

"If young men have an idea they are essential to joy making at a party, they should take a peep at one of the all girl affairs, and have the conceit taken out of them by noting the supreme happiness of the revelers, Wednesday night in Rody Hall, at the annual Y. W. C. A. party—with apologies to the Evening Herald. The co'eds, looked decidedly charming in their mid-west togs, their dress suits, and all the brothers, fathers, and friend's borrowed clothes. Florence O'Hara was mistaken time after time again for a "real man" and Evelyn Hunt was quite the toast of the evening. Miss Rose and Mrs. Linda Spence Brown chaperoned, while Buster Kellam furnished the music, ably assisted by Mr. Milton Daveport.

The pledges of the Phi Mu Fraternity will entertain the alumnae and the active chapter, at a Valentine, leap-year, masquerade, Friday evening, Feb. 6th.

The Gamma Nu Fraternity will give an informal dance at the Woman's Club, Saturday evening, Feb. 7th. The committee in charge, is composed of the three charter members, George White, Douglas Howden, and Willard Hopewell.

Miss Katherine Angle entertained Wednesday afternoon in complement to Miss Dewey MacZath, the guest of Mrs. Frederick Winn, of Silver City. Miss MacZath has a lovely soprano voice, and she made a host of friends while here.

Mrs. Rodney, mother of Miss Maud Rodney, and Miss Dewey MacGrath were guests of honor at the weekly luncheon, Thursday noon.

## IBANEZ ENTERTAINED

Prof. Roscoe R. Hill of the department of history in the University, entertained at dinner Jan 18, Vicente Blasco Ibanez, the celebrated Spanish author who spent the day in Albuquerque.

After the dinner Prof. Hill made it possible for University people and scores of citizens to meet personally the great author, at an informal reception, held at the home of Prof. and Mrs. Hill on East Silver Avenue.

Ibanez, author of "Four Horsemen of the Apocalypse" a great book of the war, is socially, a charming personality even though he speaks no English, for those who could not understand his words were delighted while observing his facial expression.

Professor Roscoe Hill and others accompanied the famous visitor on trips to Isleta and to Santa Fe, his interest in these places being greatly enhanced because a New Mexico novel is to be evolved from his fertile brain.

The University News has been changed from a monthly paper to a quarterly. Though the change was deemed necessary by those in charge, yet it was looked on with much regret by the many readers of that well edited publication.

## OPTOMETRIST

op-tom-e-trist

An optometrist is one who refracts or "tests" the eyes without the use of drugs or drops. He never treats diseases of the eye, specializing in the fitting of glasses.

Optometrists are the only specialists who are required by law, in any state, to qualify themselves for this work. My one and only Specialty is the refracting of the eye, and the fitting of "Eyeglasses that Satisfy" for the relief of all abnormal strains which impair the vision, waste the vitality, and lower the sum of human efficiency.

### HAPPENINGS ON THE HILL.

Lorena Burton, Belle Barton, Helen MacArthur, Irene Fee, and Frances Parker were initiated into Kappa Kappa Gamma on Saturday evening.

Miss Shirley Warren, Assistant in Home Economics and Manager of the Dining Hall, left Sunday night for Louisville, Kentucky. Miss Warren will be missed on the campus.

Misses Joy Spruce, Claire Burson and Margaret Lee spent Tuesday in Santa Fe.

Miss Irene Wicklund is the new assistant in the library and postmistress.

Cards have been received from Don Richardson telling of his safe arrival at Oxford, England, and of a good trip over the sea.

### STUDENT CONVENTION SUCCESS.

(Continued from page 1.)

H. Honeycutt of the work being done in a modern agricultural college in Brazil, the only school of its kind in that nation, which is larger than the United States and Alaska combined.

The possible spiritual heart of the entire convention was the meeting held every noon at the Plymouth Congregational Church. This was a prayer service held for those who had signed the Student Volunteer Declaration card. It was at this meeting that the Unseen Power for whose Glory the convention was called was most powerfully felt. Anyone having even a limited spiritual conception could not but be impressed by a sense of the presence of a Power not human.

Mention should be made of the exhibit in the auditorium. This exhibit consisted of posters, placards, and pictures depicting the needs, conditions, and problems in various fields. Each non-Christian religion was treated separately and its evils and the results of its practice were shown graphically by means of photographs. For example, the greatest moral evil of Mohammedanism and Buddhism, the degraded condition of its womanhood, was shown by means of posters on which were printed excerpts from sacred scriptures. The following will serve as examples:

Mohammedanism: "Ye may divorce your wife twice and then either retain them with humanity or dismiss them with kindness."

"Of other women who seem good to your eyes, marry but two, or three, or four."

Buddhism: "Just as when the taint of mildew falls upon a field of rice in fine conditions that field of rice does not continue long, just so under whatsoever doctrine and discipline women are allowed, that religion will not last long."

"Bad conduct is the taint of woman."

"Verily the life of woman is always darkness."

In a like manner the great evils and tremendous needs of the time were treated. India, Africa, China, The Near East, Latin America, and many other countries were fully discussed and treated by this exhibit.

This discussion of the convention might be enlarged upon for more than the space usually taken by all the material in the Weekly, but under present conditions that is not thought advisable. One of the delegates returned with forty pages of notes, and the other had almost the same amount plus a small burden of literature and various information.

Too much praise cannot be given the executive committee for the efficient and thorough manner in which they conducted the convention. We are sorry we have only one hat to take off to the people of Des Moines for their courtesy and hospitality, even the policemen and street car conductors being only too glad to be of any help possible.

In closing let it be stated that the convention was assured success for those that went there searching for light and inspiration. For those that went there looking for a good time playing around and spending the students good money in celebrating and sight-seeing, we are very glad to say that the convention was a sad, sad failure. But inspiration there was in abundance, so we may truly say the convention was a splendid success and argues well for the spread of Christianity throughout the world.

### PROF. HILL SPEAKS.

(Continued from page 1.)

lead a life without a design or purpose, or who after making the necessary considerations lack the decision of a further step. Dr. Hill stated that the majority of the successful men have chosen their professions at or before the age of twenty.

—Albuquerque Morning Journal.

### PICTURES TAKEN THIS WEEK.

Announcement has been made by the manager of the Mirage that the group of pictures of the different classes will be taken Friday and Saturday, February 6 and 7. The Freshmen pictures will be taken Friday at 12:00 o'clock in front of the Administration Building. Arrangements will be made at the dining hall to serve dinner at 12:15 P. M.

The Juniors and Sophomores will have their pictures taken on Saturday morning in front of the Administration Building.

There isn't a student in the University who is not anxious to have his school make the best showing possible, and in order to do so, it is necessary that every member of each class be present. Let's all show our college spirit and be there on time.
