Number 19

GILBERT COSULICH TO GIVE JOURNALISM THIS SEMESTER, ANNOUNCED

News Editor of Morning Journal to Be in Charge of 16-Hour Journalism Course.

A course in journalism, consisting of sixteen lectures of one hour each, will be offered this semester as announced by President David Spence Hill January 30.

The course will be in charge of Gilbert Cosulich, news editor of the Morning Journal, and will extend over sixteen weeks, a one-hour lecture being given every Friday afternoon at 4 o'clock.

The course will comprise news writing, editorial work, preparation of headlines, the organization of a newspaper office, and allied subjects.

Before coming to the Journal Mr. Cosulich was connected with the Associated Press in Denver, El Paso and Mexico City. More recently he was assigned by the Associated Press to cover the surrender and the return trip of Mrs. Clara Smith Hamon, charged with the murder of Jake L. Hamon, Oklahoma millionaire.

ELECTRICAL LABORATORY IMPROVED AND CHANGED

Professor Carey Accomplishes Wonderful Results with Present Equipment and Small Expenditure of Money.

During the past semester Professor Carey has been very busy building an electrical laboratory. Those who are familiar with the electrical laboratory will recall that heretofore the equipment of the laboratory consisted of a few standard machines and numerous second-hand ones which were considered scarcely more than junk. They will also remember that this equipment, good and bad, was piled in one corner of what was called the Electrical Laboratory.

The Electrical Laboratory today reminds one of a modern industrial plant. Concrete bases have been built upon which the motors and generators have been installed and so arranged that either all or any part of them may be utilized at one time. Each concrete base has a small switch panel which is connected to a large centrally located switch-board upon which are located meters, switches, etc.

Together with the building of the laboratory the second-hand machinery has been repaired and many new pieces of apparatus have been built. Some of the most important pieces of apparatus which have been built by Professor Carey are a test board, a plate condenser and a reactance coil.

In carrying out the building of the laboratory a new office has been built in the northeast corner of the Engineering building and the old office converted into a store room and instrument shop.

All of these improvements have been made with a very small expenditure of money, but with a considerable amount of hard work on the part of Samuel Bosenbach and Professor Carey.

WILLIAM GARDNER, D. D., TO ADDRESS ASSEMBLY

At the general assembly today the Reverend William Gardner will give the principal address. He is general secretary of the board of education of the Episcopal Church of America. Professor Lukens plans to have special music of a religious nature for the occasion.

INTER-FRATERNITY GAMES START SATURDAY EVENING

Pi Kappa Alpha Plays Alpha Delta and Sigma Chi Unorganized Men.

Conversation should at least be stimulated by the fact that on Saturday, February 5, at 7:00 p. m., at the Y. M. C. A. Gym, the second round of the interfraternity basketball tournament will be staged.

The first contest in which the Sigs and the Independents will feature will undoubtedly result in a lopsided victory for the wearers of the iron cross. Their defeat of the Pi Kappa Alpha Quintet shows their strength.

The second game, Pi Kappa Alpha vs. Alpha Delta, is apt to meet the title of a "real contest." If the word of the dopsters may be taken as authentic to any degree both teams will be taxed to their limit to secure a victory. A victory for either team will probably mean second place in the tournament for the winner.

The line-ups for the various teams will be little changed from the last occasion on which the "splendid gladiators" met.

VICE-PRES. OF STUDENT BODY TO BE ELECTED.

Norman D. Mayne and Miss Blanche Gouly Out for Office.

At the assembly coming Friday the students will vote for their choice to fill the office of vice-president of the student body left vacant by the withdrawal of Earl Gerhardt from the institution.

Nominations have been posted for some time and the interest has centered upon the only two candidates which have been regularly nominated. Mr. Mayne is a Junior, coming here last year from Beloit College, Beloit, Wisconsin, to which institution he had returned after his discharge from the army, before the disastrous result of gassed lungs brought him to the "heart of the well country." Miss Gouly is also a Junior. She spent her first year in college at Colorado College. Miss Gouly is chairman of the Junior Prom. this year.

PROF. ELLIS AUTHOR OF BULLETIN ON OIL

Robert W. Ellis, professor of geologist, has made a survey of the oil situation in New Mexico, which has been published in the form of a bulletin of the University. With the growing demand for petroleum, due to the increase in motor vehicle production, oil burning ships and home production of dye stuffs, new fields are constantly being sought, and because of its proximity to the wealthy fields of Texas, and the producing districts of Colorado, New Mexico has been considered by many to be the future savior of the petroleum industry.

One eastern company alone is reported to have spent \$90,000. in gathering data on the geology of the state, and up to the present time, efforts have failed to demonstrate the presence of oil in paying quantities, although some traces have been discovered.

Because of the steadily increasing demand for information concerning the geological possibilities of New Mexico, with particular regard to oil, Professor Ellis has gathered data which is both comprehensive and complete. He takes up the state as

(Continued on page 4)

REGISTRAR REPORTS ONLY ABOUT 3 PERCENT DROPPED

About 8% on Six Weeks' Probation; Record Good, Freshmen Make Large Part of 3%.

Registrar Kirk reported that while figures were not available because of the fact that many students were appealing their cases, only about three percent of the student body would not be allowed to register for work this semester and only about eight percent of the student body were on six weeks' probation to bring their work up.

The fate of the students is decided by the Student Standing Committee, which committee passes on each case. Appeal may be made to the president. Registrar Kirk reported that the Freshman class suffered most from the slaughter.

DORMITORY WINS FROM KAPPA KAPPA GAMMA

Miss Beckman Hurt in the Last Frame of Game.

On Wednesday afternoon the Dormitory girls' basketball team succeeded in defeating the strong Kappa aggregation by the score of 44 to 10. The game was featured by the brilliant basket shooting of the two Dormitory forwards, Misses Gerhart and Nelson. The team work of the Dorm girls was also excellent. Although the Dormitory ran up a large score the Kappa girls never failed to fight their best, and in the pinches Jack Hill, Gail Beckman and Helen Stowell showed up well.

Early in the game the Dormitory started their machine and at the end of the first third practically had the game won. The second third saw a Kappa rally, however, but superior playing on the part of the Dormitory enabled them to enlarge their score. The third period was unfortunately terminated by an accident to Miss Beckman's neck.

The line-up:
Dorm. K. K. G.
H. Nelson, F. E. Hill, F.
E. Gerhardt, F. G. Beckman, F.
B. Breeden, C. L. Cleveland, C.
B. Guley, C. M. McGuire, C.
L. Sherwood, G. H. Stowell, G.
D. Crawford, G. H. MacArthur, G.
Field goals: Gerhardt, 11; Nelson, 11; Beckman, 2; Hill, 3.
Referee: Mrs. Wittmeyer.
Score: Dormitory, 44; Kappa Kappa Gamma, 10.

MANY STUDENTS ATTEND THE MIDDLETON RECITAL

A large number of Varsity students were in attendance at the Arthur Middleton Recital, at the High School auditorium last Monday evening. Throughout the series of recitals which have been held by the Fortnightly Musical Club and the American Legion, U. N. M. students have been among the most enthusiastic supporters. They have shown their appreciation of the efforts of these organizations to bring the best class of music to Albuquerque and have helped to demonstrate that the people of this city are responsive to real musical art.

Arthur Middleton is a baritone of the Metropolitan Opera Company and is one of the widest known and best liked of the American singers. He is an exponent of American artists for Americans and demonstrated conclusively, by the quality, range, flexibility and volume of his voice that a man does not have to be named De Casserole, Sauerberger, Jumpinski or Noizi to be an artistic musician.

WASHINGTON BIRTHDAY FETE IS WANTED, SAY STUDENTS AT ASSEMBLY

Committee Is Named with Bob Hopewell, Chairman, to Put All-Varsity Function Across.

The student body voted unanimously for the Washington Birthday fete proposed by the Weekly the last assembly of the past term. The appointment by Student Association President Scruggs of a committee headed by Mr. Robert Hopewell to look after the affairs pertaining to the fete has put the required punch into the affair to arouse great interest. The personnel of the committee is: Chairman, Robert Hopewell; Rex Craig; Cullen Pearce, Fred Wagner, George Bryan, Helen MacArthur, Winonah Dirón, Mary Sands, Helen Shotwell and Clyda Wilson.

While Chairman Bob Hopewell has not yet made definite plans as to the fete, it is understood that all organizations on the bill will be asked to donate some attraction for the carnival. As far as it is known the only organization to start work on their part is the Dorm men, who are working on a play.

Basketball Committee.
At the same assembly which voted for the fete considerable discussion was carried on about basketball and on motion duly seconded and carried a committee was named by the chair to investigate basketball conditions for the student body. Mr. John Fernstrom was made chairman by the motion and President Scruggs appointed to assist him Dwight McClure, George White and Arthur Brown.

DEBATERS, ATTENTION; SCHEDULE ANNOUNCED

The following schedule has been arranged for debates to be held during the spring of 1921. Owing to the short time before the try-outs will be held it is necessary that those desiring to compete for a place on the teams begin work on their debates at once.

February 24, 1921.—Try-outs for the debate with New Mexico College of Agriculture and Mechanic Arts. Debate to be held in Las Cruces on March 3 or 4. Question, "Resolved That the United States Should Subsidize the American Merchant Marine." New Mexico takes the affirmative.

March 3 or 4, 1921.—Debate with New Mexico College of Agriculture and Mechanic Arts. Debate to be held at Las Cruces.

March 24, 1921.—Try-outs for debates to be held with Universities of Southern California and Arizona on the Question, "Resolved, That the Candidates for the Presidency of the United States Should Be Selected by a National System of Direct Primaries." New Mexico to uphold the affirmative side of the question with Arizona and the negative side against the University of California. U. S. C. debate to be held here and Arizona debate to be held in Tucson.

April 11, 1921.—Debate with University of Southern California. Debate to be held in Albuquerque.

April 29, 1921.—Debate with University of Arizona. Debate to be held at Tucson, Arizona.

The University of Texas will debate us on the question, "Resolved, That the Several States Should Establish Courts on Industrial Relations Similar to That of Kansas." This debate will be held in Albuquerque on either the 14th or 21st of April. As soon as definite dates are secured date for try-out will be posted. We will also debate Colorado College sometime in May on

SOCIETY

ALPHA DELTA PI INFORMAL.

Last Monday evening from 8 to 11:30 the Alpha Delta Pi girls were hostesses at an informal dance given in the dancing grill of the College Inn. A small but merry crowd danced to fine music and then were served a delicious lunch.

ALPHA DELTA AT HOME.

Sunday the Alpha Delta Fraternity held the last of their series of at homes to University organizations when they entertained the Dorm men.

FACULTY LADIES ENTERTAIN.

What portends to be one of the most original stunt parties of the year is to be given by Mrs. M. V. Wittmeyer, Mrs. John D. Clark, Mrs. Charles H. Hodgkin and Mrs. L. B. Mitchell for all faculty members Friday evening, February 4, in the Girls' Gymnasium. While the plans made for the party have been kept secret, many rumors are out as to the evening's entertainment.

ROBERT HOPEWELL HOST.

Robert Hopewell was host at an informal dance given Wednesday evening at the Country Club for a few friends. Miss Joy Spruce was the guest of honor, as she leaves this week for the University of Texas. University society at Hopewell's party made its acquaintance with a young lady from Johnstown, Pa., who has not definitely decided to attend the institution. She is Miss Catherine Glazier.

PROFESSOR ELLIS AUTHOR
OF OIL BULLETIN
(Continued from page 1)

a whole, and then county by county, giving the histories of many drilling and exploiting operations. The text is accompanied by a map, showing locations of past and present drillings, and favorable structure for oil.

FAVORITISM.

"She bane rotten serman," grumbled the big Swede from one of the Twin Cities, when he returned from his first attendance at an American church. "All the time the minister bane talk about St. Paul and never say a word about Minneapolis."

CHANGING TIMES.

He: You seem rather distant this evening.
She: Well, your chair isn't nailed to the floor.

Mary: How did you vote this year, Amy, dear?

Amy: In my brown suit and hat and the dearest new squirrel fur piece. Oh, it's a dear!

He: What did your father say when you told him my love was like a mad, gushing river?
She: Papa said "Dam it."

LOGICAL.

'07—You are always behind in your studies.

'23—Well, you see, sir, it gives me a chance to pursue them.—College World.

Cactus will impoverish land of which it has possession.

LOCALS

Among those who entered the University this week is Miss Floryda Sain, from Roswell. Miss Sain was at the University last year.

Miss Eleanor Simpkins, a former student at the Varsity, has arrived in town from her home in Missoula, Montana.

Kenneth Wilkinson of Fort Sumner, N. M., is attending the University this semester. Mr. Wilkinson was student here last year.

Bill Bacon entered the Varsity this week. Mr. Bacon is a former student and a member of Sigma Chi fraternity.

Burch Foraker, former U. N. M. student and Sigma Chi, entered the Varsity this semester.

Harvey Blom of Roswell, N. M., former Varsity student, is back at school this week.

Miss Florence O'Hara of Clovis, N. M., has arrived in town to enter the University. Miss O'Hara attended here last year and has many friends on the hill.

The following students registered this week for the first time at the University: Louise Darrows, Las Animas, N. M.; Lawrence Dixon, Bakerfield, Calif.; Jane Heron, Albuquerque, N. M.; Russell Edgar, Albuquerque, N. M.; Arthur B. Sheldon, Fort Wingate, N. M.; Frank Reeve, Alameda, Calif.; Dorothy Wagner, Albuquerque, N. M.; Ruth Dougherty, Socorro, N. M.; Richard Coffman, Dayton, Ohio; Deane McLaughlin, Albuquerque, N. M.; Nelle Hess, Mannington, W. Va.; Anna M. Walker, Embudo, N. M.; Maude I. Busert, Albuquerque, N. M.; Vincent Connolly, Albuquerque, N. M.; Edith Witmore, Albuquerque, N. M.

Albert Newcomer, an engineering student who has been working in Arizona with the government road bureau, has entered the last semester of the year.

The Sigma Chi basketball team, through their manager, Ralph S. Brooks, have secured two games for the near future. They will play the Albuquerque Business College on Wednesday, February 9 and the Albuquerque High School January 18.
