"THAT SOMETHING"

TOLD BY MR. WEDGE

Mr. Wedge, Who is Interested in Harvard, Delivers Inspiring Talk. Attorney Klock Also Speaks.

At an assembly held Monday morning at 10 o'clock in Rodey Hall, Dr. Wedge gave the same talk which made such an impression on the Rotary Club last week. In introducing the speaker, Dr. Boyd said that the message which Dr. Wedge had to give us was one of the most forceful that he had ever heard. After the talk, we were of the same opinion.

Dr. Wedge's story was that of a man, who in the middle age of life, was a complete failure and who through the discovery and use of "That Something" made a success of himself. When asked to describe "That Something", the man could not find words to define it. It is faith, confidence, ambition, and even more. It is all that goes to make a man a success; it is that without which no man, no matter what his ability, can be a success in life. Every man has it, but is not always aware of it. Some find it early in life, some as did the man told about, in middle age, others when they have passed the threshold of life. It is best expressed by "I will."

Dr. Wedge followed the life of the man who found it from the time that he was turned down in his appeal for help by a man who told him to go find "That Something" until he secured the most important position in a large sales concern.

The story was an excellent example of what a man can do if he wills to do it. It was an example of what any of us can do if we will it so.

At the close of Dr. Wedge's speech, President Boyd introduced Attorney Klock, who made an eloquent appeal for women to register for war service. This registration does not entail leaving home or making great sacrifices, but it being carried out to find out just what each woman can do best. If she can knit two hours a week the government wants to know it. If she can give money, the government wants to know it; if she can serve in any other way, the government wants to know it.

This registration is not an enlistment, it is not binding, but is intended to discover what resources are at the disposal of the government.

Miss Erna Fergusson has charge of registering University girls. Some thirty-five registered Monday. Anyone else desiring to register can secure the proper blanks from Miss Fergusson.

SNAPSHOTS.

The editor of the *Mirage* wishes all who have snapshots suitable for the annual to turn them in as soon as possible. It is the aim of the staff to secure and print as many pictures as possible. These pictures will be of interest not only to students here but also to those in the army who will secure the *Mirage*.

ATHLETIC DIRECTOR HAS BEEN SECURED

Van Devanter, Davidson College Star of Three Years Ago, is Engaged to Direct Baseball, Track, etc.

Mr. Van Devanter of Davidson College, has been secured by President Boyd to finish the present school year as athletic director. Mr. Van Devanter was a prominent athlete while in school, having played football, basketball, baseball, and engaged in track work. For two years after leaving college Mr. Van Devanter was high school coach in Virginia. He has located here temporarily and will do what he can to help athletics at the Varsity.

Already a call has been issued for baseball candidates. A meeting was held Tuesday afternoon after school to decide what will be done. The Weekly went to press to early to learn what was accomplished, but results will be published next week.

One of the most important duties of the new director will be to manage the annual interscholastic track meet which is held at the University every year and in which many of the high schools of the state participate. Professor Weese will help in the management of this meet. He will attend to the advertising, the bringing of teams and their accommodations, while Mr. Van Devanter will have charge of the track, and of all the events. This meet is always looked forward to by the various high schools of the state. At the present date Roswell has won the cup which is given as a prize to the winner, twice, and Albuquerque has won it twice.

The cup becomes the permanent property of the school winning it three times in succession. It is expected that there will be a hot fight between Roswell and Albuquerque, for Albuquerque has won it the last two years.

DEBATING TRYOUT THURSDAY.

Thursday night at 8 o'clock in Rodey Hall the contestants who are trying for the debating team which will meet the Aggies, will take part in a preliminary to determine the three best. The question, is "Resolved, that the Philippines shall be given their independence within two years after the close of the present war." The University has the affirmative. In the tryout Thursday night, Miss Garrett and Harold Booker will uphold the affirmative, while Clyde Morris, Allen Williams and Mr. Gould will argue for the negative. The judges have been chosen from down town lawyers.

The debate with Cruces will take place in Albuquerque on March 9, 1918.

DR. BOYD AWAY.

Dr. D. R. Boyd left the early part of this week for Chicago, to be gone until after the first of March. He will attend the National Service convention as a New Mexico representative.

KENOSHA SYSTEM IS TO BE URGED

All Members of Faculty Sign Pledges to Give Part of Income to War Help. Students Expected to Help.

At a meeting of the faculty last week every member signed a pledge to give part of his income to the "Patriot's War Work Fund," after the plan had been explained to them. Signing one of these pledges frees one from all obligations to respond to other solicitations for help.

A campaign will be conducted among the students for this purpose in the near future.

The pledge card reads as follows:

Ordinary Pledge

Patriot's War Work Fund

I hereby agree to give to the Patriot's War Work Fund for War Relief \$.....monthly annually payable in advance, beginning with the month year ending February 28, 1918, Jan. 31, 1919. The above amount is not less than 1% of my earnings for this period. This pledge holds good during the period of the war, with the understanding that in so giving I am doing my full patriotic duty for War Relief and am under no obligations to respond to other solicitations for that purpose.

Signed

Home Address

Business Address

Attest: Member Patriot's War Work Fund Committee

.....
This pledge has no connection with the sale of Liberty Bonds, War Saving Certificates or Thrift Stamps, which are investments, and not contributions.

TENNIS CLUB REORGANIZED.

The tennis club, for some time past totally defunct, has taken on signs of life. A meeting was held Tuesday noon, at which time a president, secretary, treasurer and manager, all combined, was elected. Rex Craig was elected.

At the meeting it was brought out that the University is going to build some new courts north of the chemistry building, but it did not develop how soon they were to be built. It is hoped that the court will be built in the near future, for the weather will soon be right for playing.

If you are interested in tennis, and did not attend the meeting, see Craig and he will tell you what to do to become a member.

CAMPUS IMPROVEMENTS.

Mr. Adams, the University landscape gardener, is back on the job again and the improvements are going on rapidly. New walks are being laid out, new hedges planted and various bits of grading are carried out. A roadway to the Country Club has been built through west of the University grounds. At the Estufa, the road branches, going on each side of it. It is the University's idea to close the road by the reservoir as soon as the new road is completed.

PAUL G. REDINGTON ADDRESSES VESPERS

Recently Chosen City Manager is Speaker at Sunday Afternoon Service. Talks on Civic Life.

The vespers Sunday afternoon were unusually interesting, especially to those who are interested in Albuquerque. Mr. Paul G. Redington told of what the commission-manager form of government has done and would do for the city of Albuquerque. He stated that the city now was somewhat handicapped by lack of funds, but that in the near future it was hoped to accomplish more. He stated that inspection of the dairies, bakeries, and restaurants had been accomplished, and in the majority of cases, conditions were found to be excellent.

Among some of the aims of the administration are the increase of the police force, including the appointment of a police woman; the strict enforcement of all laws now on the statute book; the enactment of other needed laws; the possible purchase of a paving outfit so that the city may pave its own streets; the care of the parks now owned, and the establishment of more, including the one on the banks of the Rio Grande; the motorization of the city sprinkling apparatus; the conservation of waste paper and keeping the city clean; and strict fumigation laws.

Mr. Redington said that members of the commission and himself are always ready and glad to receive suggestions from the residents of the city, and that whenever possible and practicable these suggestions would be acted upon.

There were several musical numbers, including a solo by Mrs. Benning, and a duet by Mrs. Benning and Robert Sewell.

MAGDALENA TRIP IS NOW ASSURED.

Girls' Basketball Team to Play at Magdalena Saturday. Several Practice Games Last Week.

Manager Ed King, of the girls' basketball team, has announced a game to be played with Magdalena, at Magdalena, probably on Saturday night. This is the first outside game that has been arranged for the University girls for years, and marks a departure from the set custom of the school. Ever since Magdalena was defeated at the armory by the University team, they have been asking for a return game on their own court.

Captain Katherine Angle has been putting the team through stiff practice the past week, in preparation for this game. Several practice games were scheduled, one with the Business College, and one with the high school. Since the last game, with no more games in sight, the girls had let up on practice, but this week's hard work is expected to make up for all former neglect.

WEDNESDAY, FEBRUARY 20, 1918.

OLD TIMES.

The new landscape gardener is back, and under his direction more of the old University landmarks are being done away with. The last thing to go was the old outdoor gymnasium. This gym has not been in use recently, but those of us who have lived here for years recall the time when it was the center of attraction, not only for the male part of the student body, but also for some of the small boys from town. In those days there were plenty of trapezes, bars and the like. We can remember how as small boys we climbed the Hill on a hot and dusty day just to see how many times we could climb ourselves, or how long we could hang by our toes. Climbing the Hill then was not the easy task that it is now; then Railroad avenue (now Central) had not been graded. It was a series of hills instead of the long gradual slope that it now is.

Those were the days of Walter Allen, Clarence Heald, Kenneth Heald, Kirk Bryan and others, who are now highly successful men in their chosen lines. To us then they were nothing less than heroes, and we were transported to the seventh heaven of delight when one of them would call us "Sonny" and let us go get his shoes, or perform some similar errand. We used to stand and gaze in awe at the "stunts" they did on the rings and flying bars, and wonder if we would ever be large enough to go to Varsity and do what they were doing. Now that we're here it's hard to realize that we have the same opportunities and advantages, in fact, better ones, than those men had.

Dr. Maynard C. Harding, now in the army, and who is considered one of the nation's authorities on infantile paralysis, was the man who built the old outdoor gym. He was working his way through the University, and did it to help pay his expenses. Only last year Dr. Harding visited the University and gave us a short talk.

Surely the time does fly. How many years will it be before some of us will come back to the old school as recognized leaders in our respective lines?

Professor Worcester says that dirt is only matter out of place. There is surely a lot of misplaced matter around Kwataka then.

The average man's arm is thirty inches long, the average woman's waist is thirty inches around. How wonderful are thy works, O Nature!

The farther away these soldier boys get, the harder it is to win a maiden's heart.

NURSES WANTED.

Miss Louie Croft Boyd, some time instructor in sanitation and home nursing in the department of home economics, and now connected with the city and county hospital at Denver in the capacity of a teacher of nurses, makes an appeal to the women of this institution, particularly to seniors and those who do not expect to return next year, to consider what they can do to meet the growing demand for trained nurses. Generally speaking, every apprentice or probationer releases immediately for war service a graduate nurse. This fact is not generally known. The women, who have been inclined to offer themselves as nurses in the war service, have learned that they can not be accepted unless they are trained nurses and that the period of training may not be completed before the possible end of the war. These women are hereby informed that they can serve vicariously. If they cannot go themselves, they can take the place of a trained nurse and allow her to go. The curriculum of the training course can be seen in the Dean's office.

THE BATTLE CRY.

(Note: Being an answer to a certain article which appeared last week.)

Four score and seven years ago, 'Tis thus the story goes, Our great granddads, to make us free With Britain came to blows.

We've lived in peace and happiness, Few clouds have crossed our skies; But now, that all the boys have gone, Hokona's filled with sighs.

Now they, the girls of honkydonk, A man-catch plan have thought, While we, the male variety, With hard thoughts plans are fraught.

The darkest page in history, Before us open stands, Shall we succumb without a word, Or fight them, every man?

We're outnumbered, no use to doubt; They're seven to our one; Shall we haunt alleys and dark spots, The female ones to shun?

Or shall we take the bitter pill, And do as they command; To take them out when they suggest, While they spend all they can?

Or shall we, herolike, uphold Our heritage so proud, And independent be of all Who seek to sew our shroud?

I am no orator nor fool, Who mortal minds disgust, But I along with old Pat Hen Take liberty, or bust.

So courage take, ye haunted males, We'll all united be, And if the damsels go too fast— Well, you just wait and see. —BLANCO III.

Fetz, (to Craig, who is making the air blue): "Don't swear like that, Rex."

Craig: "Well, how do you want me to swear, then?"

Lost—A fountain pen. Margaret McCanna.

Ditto—Louise Loyd Lowber.

PHI MU OPEN HOUSE.

Sunday afternoon from five to six the girls of the Phi Mu sorority held open house at their chapter house. Many of those who attended vespers availed themselves of the hospitality of the Phi Mus and were well rewarded. Miss Grace Stortz, accompanied by Professor Seder, sang several songs, which were enjoyed. Light refreshments were served throughout the hour.

PI KAPPA ALPHA TO ENTERTAIN.

Members of the Pi Kappa Alpha fraternity will entertain at an informal dance at the Woman's Club on the eve of Washington's birthday.

ALPHA GAMMA TEA.

Alpha Gamma gave a very informal tea at the home of Miss Katherine Conway from four to six Saturday afternoon. Refreshments displaying the symbols and colors of Valentine Day were served. Knitting and gossiping were the main features.

SIGMA CHI DANCE.

The Sigma Chi boys were delightful hosts at an informal dance given in honor of St. Valentine, Friday evening. Programs, decorations and all the little things which go to make a dance a success, were fashioned to carry out that idea—heart's were scattered about profusely that night! Punch was served and everyone rejoiced that Valentine's day came at least once a year. Miss Lay chaperoned the party.

The present besides the hosts were: Misses Bear, Bursum, Reagan, Boellner, Davis, Garten, Ohmart, Vincent, Standley, Cavanaugh, McMillan, Estelle Harris, Anne Harris, Cunningham and Messrs. Kellam and Pavey.

They stood on the hill at midnight,
The moon was beginning to rise;
He hoped she would not disappoint him,
He tried to look into her eyes.

Said he: "I must be going home now,"
Stepping forward for that fond embrace;
But she pushed him aside with a shudder,
"Not yet—cut that hair off your face."

Another young man, living down town,
The light steps of Hokona braved;
And she cooed and she sighed as she whispered,
"Gee, I'm glad you are not camouflaged."

So, you men of Kwataka, take notice—
You're riding to death and a fall;
Unless you get those razors busy,
There'll be no more Hokona—that's all.

BLANCO III.

LOCALS

The high school students have announced another dance to be held Friday evening, February 22, at Colombo hall, to which all University students are invited.

Ed Lighton, who was a student last quarter, leaves in a day or so for Socorro, N. M., to work on the Rio Grande drainage project. Lighton will have charge of a party.

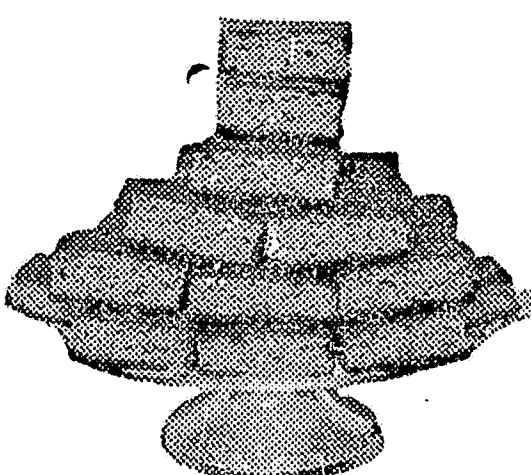

Last week a New Mexico dance was held in San Diego, California. "Bill" Grimmer said that a bunch of former Varsity men were there, including Charlie Clark, Les. Boldt, Donald Wilson, Harold Sellers, John McFie, Jr., all of whom are in the army or navy.

Al Hunt, registrar of the University, has resigned and will return to his home in Mississippi within the next day or so. Mr. J. P. Williams, recently from North Carolina, has been secured to take his place. Mr. Williams has already entered upon his duties.

A letter received from Thoralf Sundt was headed "Somewhere in France" January 20, 1918. Thor is in the 25th Engineers. On his way over he ran into "Fiji" Newman, who was going over on the same boat.

Lieutenant William Grimmer of the aviation is home for a short visit to relatives and friends. "Bill" reports having seen "Blanco" in Los Angeles on the day of his departure for Albuquerque.

NUTRITIOUS CORN BREAD.

One New York hotel has arranged a thoroughly patriotic corn bread recipe. It combines cornmeal with rye flour, both of which are being consumed in greater quantities this year in order to release wheat flour for the allied nations. This recipe fills a large pan—16 by 22 inches—and contains the following ingredients: One quart milk, four ounces butter substitute, ten ounces light syrup or honey, three eggs, pinch salt, two pounds cornmeal, one pound rye flour and two ounces baking powder.

The butter and syrup are thoroughly mixed. Then add the eggs gradually, pour in the milk, then add the rye flour mixed with the cornmeal and baking powder. Bake in a hot oven.

FORTY TO FIFTY MEN REQUIRED FOR EACH AIRPLANE IN ACTIVE SERVICE.

In a statement issued by Howard E. Coffin, chairman of the Aircraft Production Board, is the following:

"In discussing the accomplishments of the air service in the consummation of the army program, it will be well to point out the impossibility of certain proposals enthusiastically and persistently put forward by word of mouth and in the press. We have seen and heard much of the proposal of '100,000 airplanes' to be provided by the United States within the next year. In a country where one great industry produces 1,500,000 motor cars per year, the fabrication of 100,000 planes might seem easy, but actual figures based upon three years of practical experience in the war show that there are now between 40 and 50 men of the auxiliary services required for each active machine at the front. If this same ratio should be adhered to in our service, it would mean that some 4,000,000 men would be required in our aeronautical department on foreign soil between our ports of debarkation and the fighting front.

"Even though this number of men could be reduced by 50 per cent by increased efficiency and standardization, the number required is still staggering. Consider, also, the overseas transportation problem as related to material only and without reference to personnel and its maintenance. The transportation of finished planes, properly crated, with the necessary spares, accessories and equipment is in itself a serious problem, in view of the situation in ship tonnage."

WHATEVER IS—IS BEST.

I know as my life grows older
And mine eyes have clearer sight
That under each rank wrong, somewhere,
There lies the root of Right.
That each sorrow has its purpose
By the sorrowing oft repress,
But as sure as the sun, brings
morning—
Whatever is—is best!

I know that each sinful action,
As sure as the night brings shade,
Is somewhere, sometime, punished,
Tho' the hour be long delayed.
I know that the soul is aided
Sometimes by the heart's unrest,
And to grow means often to suffer—
But whatever is—is best!

I know there are no errors,
In the great Eternal Plan,
And all things work together
For the final good of man.
And I know when my soul speeds onward,
In its grand Eternal quest,
I shall say as I look back earthward
Whatever is—is best.

"BLANCO" BUSTS INTO LIMELIGHT IN EL PASO

George White, who enlisted in the aviation corps of the navy here about ten days ago and left for El Paso, won medals for being one of the star performers in a hexathlon contest held at the Y. M. C. A. in El Paso last week by placing in each of the three events in which he was entered. Out of a score of contestants White, although handicapped by lack of practice, was one of eight to qualify for the finals. In the finals he made new records for the El Paso association in both the high jump and shot put. He won the former with a jump of 5 feet six inches and the latter with a put of 38 feet. He took fifth place in the standing broad jump, and was given fourth rank as the best all-around athlete in the contest.

After his placing in the semi-finals White's entry was contested on the ground that he was an army man, but was allowed to stand. In both the high jump and shot put the margins between White's record and those of his nearest competitor were large.

Last year "Blanco" was putting the shot about 40 feet and was consistently clearing the bar at 5 feet 10 inches, 5 feet 11 inches, and on two occasions cleared it at 6 feet. He holds an official record of 5 feet 10 inches, which is the state record.

SATURDAY'S SHOOT.

Results of Rifle Club Shoot, Feb. 16, 1918.

Out of a possible 100 points the following scores were made:

	200 yards prone	300 yards prone	300 yards kneeling	300 yards standing	Total
Wand	20	21	20	21	82
Short	20	20	15	23	78
Buchly	21	14	21	17	73
Wood	20	9	21	20	70
Greenleaf ...	15	15	20	19	69
Leupold	19	12	18	19	68
Papen	13	13	18	21	65
Paulsen	14	10	17	19	60
Sharp	12	13	15	19	59
Craig	11	7	16	18	52
Moore	16	0	17	19	52
Scruggs	2	8	12	12	34

Note.—The next shoot will be on the 500 and 600-yard ranges with the B target, and the following shoot will be rapid firing with the D target on 200, 300 and 500-yard ranges. Following soon after the N. R. A. medal shoot will be held.

At the next shoot, time allowing, simulated rapid firing will be practiced. A good attendance is therefore desired.

A. W. WAND.

P. S. Faculty members of the club are not permitted to compete for the N. R. A. medal. This will give the students a chance.

Laying Linoleum.

In laying linoleum on the floor of a room care should be taken to eliminate as much tacking as possible. Around edges of the room it should be cut so as not to touch, that it may have room to spread. Constant treading upon it has a tendency to spread it and, if it has no room, it will bulge in spots in the middle of the room.
