## FRESHMEN GIRLS BEST UPPERCLASSES

Basketball Game Ends With Score 26-12 in Favor of Wearers of the Green.

That the Freshmen need to be instructed as to what they should do was proved when they had to pay a penalty of three free throws to the upperclassmen for calling "time out" before time, at a game of basketball between the freshmen girls and the upperclass girls in the boys' gymnasium, Monday evening.

With a score of 26 to 10 in their favor, they got excited and proceeded to parade around the basketball court when their supposed-to-be time keepers, who went up on the roof of the gymnasium, stuck their heads through a window and shouted "time out." Coach Purdy, the referee, and the time keeper couldn't be convinced by a Freshman that nineteen minutes are equal to twenty, so Judge Purdy, as it was in this case, wanting to be fair with both teams, pronounced a sentence of three fouls against the Freshmen for misconduct.

During the time these free throws were being thrown off, was the only time that the Freshies kept quiet. They all went back into their corner and stared at the basketball as if, through some mysterious means, the ball might fall into the basket and the score be turned in favor of their opponents. Freshmen have to excuse their own mistakes and look up and onward to their only and highest ideal, "to be an upperclassman in an upperclassmen's heaven, where all the green has faded from the conscience and grey matter is in its stead." So be patient; it takes fifteen hours for three quarters for the Freshman and his green to react under the catalytic influence of college life and give a gray precipitate of an upperclassman. When this does happen they will no longer give their old high school yells at a University. They will no longer be in the transition state, but in for the "Varsity, the Silver and the Red."

Oh, no, the game wasn't a three-day session. It was just like any other game of basketball, except that the Freshmen wanted to put Darrow out when Beals was substituted for Clarke, who was injured during the game. They also wanted to end the game too soon, while they were in the lead, and acted somewhat fresh.

The Freshman players? Well, they wore green caps and everywhere they went they left a green streak. With two "sons" as centers, namely Stevenson and Jacobson, Goss and Hunt as forwards, and Lee and Grigsby as guards, the Freshmen put it over the upperclassmen a little in scoring points in the game. Goss with five field goals and two free throws to her credit, and Hunt with seven field goals, starred for the Freshmen. Jacobson and Stevenson played a fast game; in fact they kept

## MIRAGE STAFF PLANS FOR 1919 NUMBER

Opposition Develops to Idea of Getting Out Regular Annual. Decision Left to Future.

Plans for the publication of the university annual, the "Mirage" have been begun, and the editor, Miss Elizabeth Arnot has announced a partial staff. More will be added within a short time, until the list is completed.

Those who have already been chosen for the staff are: Mabel Goss, assistant editor; Frances Bear, Beatrix Black, Albert Newcomer and Mary Sands, associate editors; and Chester Boldt, business manager. Miss Arnot is experiencing difficulty in securing artists; at present no one with any ability in that line has been found. Any student who is able to cartoon, or otherwise wield a pencil and paint brush, is asked to communicate with the editor, with a view to become a member of the staff.

At the meeting of the staff held Monday noon, some doubt was expressed as to the advisability of publishing a regular annual as has been the custom in former years. The experience of the managers of the 1918 "Mirage," was cited as proof that the undertaking would not be a success from a financial standpoint. After some discussion it was almost definitely decided not to attempt anything so elaborate a scale as heretofore, provided some suitable and acceptable substitute could be found.

Several suggestions were made. One of them being that a small book be published, containing pictures of the Senior class and cartoons and sketches portraying student life and happenings. If this plan can be worked up successfully, it will probably be adopted. Further discussion was planned for another staff meeting to be held in the near future.

their opponents guessing at times as to where they were. Lee and Grigsby did excellent work as guards.

The upperclassmen? Oh, they didn't play in streaks. With Borgerding and Hayerford starring with two and eight points respectively, the Freshmen's lead was greatly diminished. Borgerding played part of the game as forward and the rest of the game as guard. She was out of place when playing as a forward, but at home again when playing the part of guard. She must be commended for her excellent guarding. Pearl Hayerford makes up for her lack of size in the way she fights for the ball. She has a decided advantage in that she can run all around her opponents, and a decided disadvantage in that she has to look up to them when they get the ball. Darrow and Wood played a good center, while Chess and Clarke-Beal did good guarding throughout the whole game.

## R. O. T. C. IS STILL AN OPEN QUESTION

Meeting of Male Students Decides Nothing Except That It Will Be Best To Wait Until Next Fall.

After the explanation and discussion of the proposed R. O. T. C. last Thursday, the question still remains a debatable one. The general opinion seemed to be that the proposal should be dropped until next fall, when more favorable conditions might prevail. The men who have seen service, either in the army or S. A. T. C., while agreeing that the R. O. T. C. is a good thing, and should be installed here at some future date, also agree that they have had all the military discipline they care for at present.

The meeting was called to order by Dean Mitchell, who gave the floor to Lieutenant Lisanby, assigned to the university as commandant in case the R. O. T. C. is established. Lieutenant Lisanby gave a brief description of the R. O. T. C., its regulations and aims.

As described by Lisanby, the R. O. T. C. for the first two years is compulsory. It will not attempt to regulate the conduct of the student except during the time when he is spent in class. Then the student would bear the same relation to the commanding officer that he would to any professor in whose class he was. This two years of military tactics, consisting of a minimum of three hours a week, would be required for graduation unless the student was excused for physical disability, and would take the place of the now in effect. Credit may or may not be given toward graduation, at the option of the Faculty. The student would not be any more liable for military service than anyone else in civil life.

After two years, if a man chooses, he may continue for two more years, after signing papers which hold him liable for service under a certain conditions, and must enroll for a minimum of five hours per quarter in military tactics. He will be given the privilege of attending summer camps with expenses paid, and upon graduation with a degree in military tactics, will be commissioned a second lieutenant in the regular army for a period not to exceed six months, at a salary of \$100 per month. Then he is commissioned in the reserves and dismissed from active service.

Even though a man wishes to take only the first two years, and then drop it, he will be given one complete outfit, including hat, shoes, shirt, trousers, etc., and will be allowed to purchase additional equipment from the quartermasters' department. Those desiring to take the four years will, after two years, be allowed

(Continued on page 4.)

## Y. W. C. A. IS LOSER TO VARSITY GIRLS

With Score 8-4 Against them at End of First Half, U. N. M. Team Comes Back Strong in Second Period, Score 21-14.

By a score of 21 to 14, the University Girls basketball team defeated the Y. W. C. A. Girls' team on the Y. M. C. A. court last Tuesday. The game started at 8 p. m. sharp, with about 500 spectators present, the largest crowd that has watched a game of basketball on the Y. M. C. A. floor this year.

Beals and Goss starred for the University by making eleven and ten points respectively for their team. Stephenson and Jacobson also did excellent playing, as center and guard. Antoine scored more points than any other player in the game, having all of the "Y" team's score to her credit. Antoine and Hill were both knocked out during the game but the former played to the finish. During the game Jacobson was substituted for Borgerding in the first half, and Babcock and Klienworth were substituted for Hill and Watson respectively in the second half.

Both teams showed good team play and played a fast game. In the first half, the Y. W. C. A. held the lead, the score being tied only once at 4-4 and the half ending with a score of 8-4 in their favor. The second half however was not so easily managed when the varsity showed some of their old time "pep" and tied the score three times, 8-8, 12-12, and 14-14, then took the lead and gradually raised their score to 21 while holding the score of the "Y" at 14.

The lineup for the game was as follows:

U. N. M.	Y. W. C. A.
Beals	Antoine
Goss	Hill
Stephenson (capt.)	Mitchell
Wood	Watson
Borgerding	Stutchfield
Chess	Wicham

Substitutes—Jacobson for Borgerding, Babcock for Hill, Klienworth for Watson.

Points scored by individuals—Beals 11, Goss 10, Antoine 14. Referee Mrs. Williams. Umpire Switzer. Time Keepers Turnbulle-Hart. Scorers G. Elliot-M. Sands. Line Umpires Walking-Black.

### L. T. EMMONS BACK.

Lieutenant Glenn L. Emmons, of the U. S. aviation, has returned to Albuquerque after five months service overseas. Emmons was attached to the British unit of the American army in England. He will remain here a few days, and then go to California where his parents live, for a visit. It is his intention to return to New Mexico as soon as possible.

Thomas Gallagher, Athletics  
Ray Walker, Locals

WEDNESDAY, FEBRUARY 12, 1919

Nothing especially important this week, thank you.

## THE PULSE OF THE STUDENT BODY.

The Weekly is intended to be a paper setting forth student opinion. It is our aim to bring to attention the things in which the students generally are most interested.

If we do not do this, we would like to know the fact. As has been said before, these columns are open to all, and we urge you to state your views on any question that you think we are wrong on. We will be glad to publish these communications.

Needless to say, they must be signed. We stand back of our statements and others must do the same.

Have you noticed how regularly the flags on the hill are raised and lowered each morning and evening? Mr. Grose, the Superintendent of grounds, is to be congratulated for putting into practice the ordinary rules of flag etiquette, which not every one before him has done.

## R. O. T. C.—YES OR NO?

The discussion brought forth at the men's meeting last Thursday over the question of establishing a unit of the R. O. T. C. at this institution revealed the fact that the men are not opposed to military training in itself, provided that it is not like the S. A. T. C. It also appears that the military training could be arranged so as not to interfere with outside work, upon which the majority of students are forced to rely if they remain in school.

These things being true, there seems to be no good reason why the unit should not be established.

The opposition to the plan can be traced, to a great extent, back to the rather unhappy S. A. T. C. experience a large number of men met last fall. It is fear of the recurrence of such experiences that keeps down enthusiasm for the new proposition. Personal animosities and dissatisfactions contracted there have not entirely disappeared.

But we must look at the question from a far broader viewpoint; we must take a glance into future years and decide the matter after looking at it from every angle. We must ask ourselves if the school will be better or worse off without it, five years hence. Practically all of the universities of the country are establishing these units, and we must decide whether it will be better for this one to go with the others or stand alone.

It is our opinion that a thoughtful, unprejudiced study of the merits of

the proposition will show its desirability. Of course it may work a hardship upon a few and be unpopular with others, but for the school as a whole we think it will work for the best.

Personal animosities will not last forever, and we must look beyond them in reaching our decision.

## NEW RULES AT THE DORM.

Since the last issue of the WEEKLY several rules of the girls' dormitory have been changed. Chief among these was the rescinding of the new rule restraining girls from walking about the campus with boys. It is understood that the rules heretofore observed will be used instead of the later ones, more recently annulled.

The matron has decided that the dormitory shall be governed by rules made by the girls themselves, and with this end in view a committee of five was appointed to draw up such regulations as seem most desirable. The committee as yet has not made its report, but is expected to within the next few days.

## REPLIES FROM FRATERNITIES.

Prompt and unanimous in approval of the plan have been replies of the fraternities, who were asked by the Weekly to state their views on the question of compiling grades at the end of each quarter, showing the comparative standing of each organization.

This plan, in brief, is to announce the grades of the pledges and active members as soon after each quarter as possible; the grades to be averaged for each fraternity, showing which stands ahead.

Such a plan is almost sure to raise the standard of work, and it is gratifying to note the unqualified approval of every fraternity on the Hill.

A statement from the Registrar on this subject appears in another column.

Following are the communications received:

## Alpha Chi Omega.

"Alpha Gamma of Alpha Chi Omega wishes to express its approval of the plan suggested by the editor of the Weekly, that all fraternity grades be published."—Pearl Hayerford.

## Kappa Kappa Gamma.

"Kappa Kappa Gamma is very much in favor of the plan proposed in the Weekly, advocating the compilation of grades at the end of each quarter, showing the grades of the various fraternal organizations."—Anne E. Harris.

## Kappa Delta Nu.

"In answer to the request made in the last issue of the Weekly, I wish to state that Kappa Delta Nu is heartily in accord with the proposed plan of each fraternity submitting the grades of its members to the Dean at the end of each quarter."—Katherine Shotwell.

## Phi Mu.

"XI chapter of Phi Mu most heartily supports the plan of posting fraternity grades at the end of each quarter. Ever since the beginning of the local chapter there has been a scholarship cup. During the past year, the old custom of posting inter-fraternity grades has disappeared, and we think the plan should be reinstated, as a good method of improving university grades."—Katherine Angle.

## Pi Kappa Alpha.

"Pi Kappa Alpha has always believed that there should be a regular

report made from the office as to the quality of work being done by the members of each fraternity. In the absence of such reports in the last year we have endeavored to get monthly reports from the teachers as to the kind of work being done by our men, but this was a tedious process and could create no competitive interest as if every fraternity were rivals for the honor of having the best grades. We are absolutely in favor of the plan."—Chester Boldt.

## Alpha Delta.

In answer to the recent article concerning the question of fraternities and grades, the Alpha Delta Fraternity wishes to state that it highly com-

mends the compilation of grades by the different sororities and fraternities at the end of each quarter. Such a practice will promote friendly rivalry, and thus tend to raise the standing of all members and of the students body in general.

We feel that every organization, unless it is doubtful of the ability of its individual members, should endorse the plan and assist in making it a part of the university.

To show that we are interested in the matter we investigate the grades of all Alpha Delta members each month. The results make a substantial showing and without doubt they will improve with an incentive of this form.—J. M. Scruggs.

## APHA CHI OMEGA DANCE.

The Alpha Chi Omega fraternity gave one of the most delightful dances

of the year at the Woman's Club on Saturday night, Feb. 8. Mr. and Mrs. Howard chaptered and with Lloyd Kellam at the piano dancing was in order until midnight. Refreshing punch was served by the Alpha Chi pledges and a happy time was had by all those fortunate enough to be present.

Those who danced were Dorothy Stevenson, Jimmie Chess, Pearl Hayerford, Ernest Hammond, Beatrix Black, Luther Thomas, Dovie Reynolds, Gene Moots, Mayme Hart, Ralph Brooks, No-la Keen, Leonard Trenchard, Hortense Switzer, Mr. Coffee, Gladys Hayden, Bert Newcomer, Flora Chess, Frank Stead, Daphne Cobb, Mr. Jordan, Aileen Bixler, Lieut. Weber, Vera Kiech, Frank Westerfield, Ruth Peares, Lyle Hawthorne, Ruth Kildred, Hugh Cooper, Dorothy Cleve, Vic Miller, Clyda Wilson, Thomas Bunn, Irene Seward, Dick Bruce, Velma Prichard, Horace Stead, Lucille Makin, Byrl Whitten, Helen Darrow, Johnny Scruggs, Norrine Switzer, Billy Foster, Anne Harris, Roy Walker, Frances

Bear, Chet Boldt, Katherine Angle, G. Swedes, Bunny Thompkins, Ben Becker, and Mr. and Mrs. Howard.

There was a high school dance Friday night at Colombo hall, and as usual a good many Varsity students were in evidence. Among those who were present were: Anne Harris, Annette Jacobson, Martha Borgerding, Alexandria Vaughney, Dorothy Stevenson, Ruth Kidd, Dorothy Cleve, Beatrix Black, Marian Spicer, Skinner Skangini, Perkins Potson, Lloyd Kellam, Leonard Trenchard, Charlie Culpepper, Ralph Brooks and Luther Thomas.

Evelyn Hunt, of Raton, N. M. registered last week for work at the University.

Registrar J. P. Williams is confined at his home, suffering with cold.

## WOMAN'S LAND ARMY INTERESTINGLY EXPLAINED

Dr. Ida H. Oglinie and Miss Della West Martin spoke to the girls of the University Thursday morning, concerning the land army campaign. These women are recruiting for the Woman's Land Army and had some most interesting facts to relate concerning their work. Dr. Oglinie had with her some interesting slides taken of one unit of farmerettes in New York state.

These slides were shown along with Dr. Oglinie's explanation of them. Dr. Oglinie is of Columbia University, and the visit of both these ladies was enjoyed immensely.

Last week was open season on members of the WEEKLY staff. No casualties have been reported as yet.

Great souls are always loyally submissive, reverent to what is above them; only small, mean souls are otherwise.—Carlyle.

## SIGMA CHI TEAM

WINS CHAMPIONSHIP

By Defeating the Santa Fe Shop Team, While the P. K. A's Lost to the R. O. P's, they Capture Shield Offered to Winner.

Standing of the teams in the Duke City League Basketball Tournament:

	W.	L.	Pct.
Sigma Chi	5	1	.667
Pi Kappa Alphas	4	2	.600
R. O. P.	3	3	.500
Santa Fe	0	6	.000

The series of games in the Duke City League Basketball Tournament were ended Saturday night at the Y. W. C. A. when the Sigma Chi's won championship by cleaning up on the Santa Fe Shop's team 27 to 16, while the Pi Kappa Alphas lost to the R. O. P's, a score of 27 to 22.

The men who starred for the Sigma Chis were Gerphiede, a last years star of the local high school, and Witten from the Deming High. Foraker also did good work as center. The score between the Sigma Chis and the Shops indicates that the former showed a superiority as basketball players through the whole game.

The Pi Kappa Alphas lost the championship in the most unexpected way. Some of their men had gotten hurt in practice games and the fraternity had to use substitutes to play against the R. O. P. who played their best game that night.

The standing of the two fraternity teams has been keenly contested in the tournament and neither of the teams had anticipated the ending of the serious of games so soon. The whole University looked forward to next Saturday as the deciding game when the Sigma Chis and Pi Kappa Alphas had been scheduled to play for championship. Because of that fact there were but few of the varsity students to see the championship go to the Sigma Chis.

The lineup of the Greek letter teams was:

Sigma Chis: Gerphiede Miller, Waite, Payton, forwards; Foraker, center; McClure and Witten, guards.

Pi Kappa Alphas: Moore, Pendergrass and Sganzi, forwards; McCanna, center; Pate, Hesselden and Moots, guards.

## FIRST TEAM NOT YET CHOSEN.

No definite decision has been made as to whom shall play Cruces, on the varsity team. There will be a game with Manual at the Manual School next Friday night. The Manual school will furnish a wagon to take about 25 including the players. The coach expects to try out about two or three more players in this game and he wants every one to be planning on going out that night to root for the old Alma Mater. If there are more than 25 who want to go let it be known and maybe we can get the university to give us the use of some of its cars that night.

The situation is still further complicated by the fact that he has a rival who is often seen strolling around with her on the campus. By the adoring way he (the rival) looks up into her face we surmise that he also is hard hit and will do anything in his power to keep the affections of the lady.

In the opinion of Mr. Santo, one of our worst fussers, there is no truth in the rumor. He bases his opinion on the belief that no man could possibly be in love and pull down five successive pluses in sociology exams.

Many are inclined to believe he is right and we await developments with the keenest interest.

**R. O. T. C. IS STILL  
AND OPEN QUESTION**

(Continued from page 1.)

commutations for two years at the rate of 40c a day, and transportation and expenses for three summers in a training camp. In addition they may secure special training without any tuition cost.

After this explanation, and after answering a number of questions asked by the students, Lieutenant Lisanby withdrew. Dean Mitchell then called for student opinion on the subject. The opposition which developed grew mainly out of the unfortunate experiences at the S. A. T. C. last quarter, when a good deal of personal feeling was aroused.

Several members of the faculty spoke in favor of the plan. They brought out the fact that every State University in the United States had a unit of the R. O. T. C., and that two years military drill was required for graduation in all of them, and in the leading universities and colleges of the country.

**PROFESSOR DU HADWAY.**

Professor Du Hadway died at the Presbyterian sanatorium at 2:00 o'clock Tuesday morning, following an attack of influenza-pneumonia, which developed into meningitis.

Professor Du Hadway was professor of mathematics and physics at the University. He came to New Mexico last fall from Ohio.

The body will be shipped to his father's home in Greenville, Ohio, for burial.

The faculty met Tuesday afternoon to draw up resolutions on his death.

**THE UNIVERSITY PLAY.**

By far the greatest thing the university did last year was to put on the play "Up in the Air." The little trip the play took down the valley did the school more actual good than a ton of propaganda could do. Although the venture was not exactly a financial success, no one can doubt that it paid in the long run.

Now the question is, are we going to do anything of the kind this year?

Mr. Seder, to whose ability and interest the success of the play was in a great measure due, is not here this year. But Miss Hickey is, that is a whole lot in our favor. Then there is Kellan, who has already achieved a little reputation as a music juggler, as well as other lesser lights who only need the bushel removed to reveal their ability in full glory.

We have already made quite a reputation for ourselves through the annual play, and it is a favorable

one. Now it is up to us to keep it going, if possible.

Here's hoping that the university will give a play this year, that it will be possible to take several little trips. We can get no better advertising.

**LOCALS.**

Full dress rehearsal for "I'll Say So," was held Tuesday night at the Crystal. A number of University students are taking part in this production, which promises to be a local play of unusual merit.

Paul Mozley, former student of U. N. M., who for the past year has been a chemist in the munition works at Atlanta, Ga., has returned to Albuquerque and was on the hill Monday. We understand he expects to make this his home.

Miss Mable Goss has been added to the library force.

Clyde Morris, R. W. Davis and Byron Morris returned from a business trip to Gallup Sunday morning.

Frank Greenleaf was initiated into the Alpha Delta fraternity last Wednesday.

The exclusive little parties which Doctor Perrin has been giving every Sunday evening to his friends in the dorm are certainly much appreciated by the lucky men who have received invitations.

Have you noticed that Mr. Stacher and Mr. Gallagher have been stepping out a good deal lately? Three dates on three successive nights is their latest record.

The new rules at the girl's dorm are the occasion of a great deal of satisfaction on the part of the Fussers' Club at Kwataka. It is expected that the swing will become as popular as it was last year.

The Coyote club has now finished its good work and the members will hold a meeting soon to decide when the big Coyote dance will be held.

"Snooks" Pendergrass will be out to basketball practice again today. He has been laid up with a sprained ankle for the past week.

Doctor Jack Harris was the host at a banquet at the Alvarado Monday evening. His guests were the members of the championship Sigma Chi basketball team and other members of the Sigma Chi fraternity.

**DO YOU KNOW.**

The brand new "Uncle" that wears such a broad grin these days?

The two attractive "new girls"? Who fell down and broke her—journey?

Who "takes after naps"? The two people who have such vivid imaginations they can even imagine mistletoe?

The young lady who inquired after her friends "musical instrument"? That eavesdropping at the "hot-air" registers is an awful lot of fun—for some people.

The man who made two proposals in one night—good ones too?

Who ordered the "dummy tassel and some coffee"?

The girl who said to a certain chap, "O, don't act like a gentleman?"

About Lloyd Kellam's latest song hit—"I'll Say So"?

The definition of a "broad"? That this basketball contest is sure hard on the social season?

That some people would go through life without a proposal if it wasn't for the Coyotes?

The prominent personage who was chased away from Hokona?

That Socrates has a new hat? Who combines business and pleasure?

The best joke on the campus and the biggest one?

The girl who falls down stairs just for effect?

Who the "Jew" is and where he got the name?

That the Phi Mus are some noddies.

That twenty-five beans is an awful lot to pay for an error in judgment?

That a varsity student (a boy) kicks too high?

That the Chinese version of a name often hits too close to the truth for comfort.

The most conceited man on the campus and the deep mystery as to what he is conceited about?

About the exclusive little Stag Luncheon and who gave it?

About the "Dance of Mystery"? Who is past redemption, and why?

Who the "Oil Maggot" is? That she is "just twenty."
