VARSITY DROPS LAST GAME TO AGGIES

Lobos Fight Gamely Against Farmers But Lack Punch to Put It Over.

Playing what was probably the best basketball they have shown all season, the Lobos outscored the Farmers in the first three quarters of Tuesday's game, leading with a score of 12 to 10 at the half and at one time gaining a six point lead in the last half, only to have the husky Farmers come from behind with a last minute spurt and win the game, 29 to 26.

The Lobos were fairly accurate in finding the basket, although close guarding made chances for short shots exceedingly scarce. The Lobo guards also kept their opponents pretty well isolated from the basket, and the Farmers had difficulty in judging their shots, missing many throws by a narrow margin. A somewhat slippery floor slowed the game up considerably and caused several nasty spills.

For the visitors Hines and Martin forwards, broke even on the number of points scored, each ringing up three field goals and a foul throw, while "Chief" Boone, rangy center, tossed three baskets from the floor.

Stowell, Lobo captain, was the outstanding player on the floor, tossing three sensational baskets from midfloor, and making good eight out of nine attempts at foul throws, in addition to keeping his man well guarded. Bryan's clever defense of the basket was a potent factor in holding the Aggie score down, while Hyder, at center, and Wilkinson, at forward, gave a good account of themselves.

Jim Burton refereed the game in a capable manner.

The Line-up.

| Aggies | | Lobos |
|--------|----|-----------------|
| Hines | RF | Marshall |
| Martin | LF | Horgan |
| Boone | C | Hyder |
| Wesley | RG | Stowell (capt.) |
| Buell | LG | Bryan |

Field goals: Aggies—Hines 3, Martin 3, Boone 3, Wesley 2, Buell 1. Lobos—Horgan 1, Wilkinson 2, Hyder 3, Stowell 3.

Free throws: Aggies—Hines 4, Martin 1. Lobos—Stowell 3.

Substitutions: Aggies—none. Lobos—Wilkinson for Horgan, Horgan for Marshall, Marshall for Horgan.

Clearly demonstrating superiority in teamwork, the Aggie basketball team romped away with the second of their two-game series with the Lobos Wednesday night, with the score of 38 to 15, thereby clinching their hold on the collegiate basketball championship of the state.

The Farmers took the lead at the start of the game and had the game apparently on ice at the half, with the score 25 to 8. Varsity tightened up a good bit in the last half and held the visitors to 13 tallies to their own 7. The superior size of the Aggies gave them considerably the edge, both in defensive and offensive play, which they used to full advantage, while their ability to find the basket with both long and short shots was almost uncanny, a decided improvement over their performance of the night before. The Lobo offense was noticeably much poorer than in the first game and their defensive playing far from good.

Martin, tall Aggie forward, was the star of the game, tossing in goals from all over the floor for a total of eighteen points. Hines, the other Farmer forward, registered four field goals, but was successful in but two of eight attempts at free throws. Hunter, guard, made three goals, while Wesley played a stellar game at stationary guard.

Marshall was high point man for the Lobos, with three goals. Stowell found the hoop with one spectacular heave from midfloor, but made good only three of seven free throws. Hyder rang up two goals, and Bryan did good work as stationary guard, but neither played up to the standard he set in the first game.

Tony Pegue refereed very satisfactorily. So well pleased were the

VISITING LAWMAKERS ADDRESS STUDENTS

Legislators Favorable Impressed With University and Promise All Aid Possible.

Members of the visiting committee from the state legislature were present at last Friday's assembly, and several addressed the student body briefly.

Senator D. K. B. Sellers, of Albuquerque, introduced the congressman, and President Hill introduced O. N. Marron who welcomed the visiting legislators in behalf of the University and Bernalillo County. He paid an eloquent tribute to the work of President Hill in placing the University on an efficient basis and earning it the respect of the larger universities of the country. He closed his remarks by urging the appropriations committee "to consider the future citizens of the state, and give till it hurts."

Senator Hedgecock of San Miguel county responded to Mr. Marron's welcome and promised a square deal for the University up to the limit of the state's finances.

Senator Abeyta of Rio Arriba county said he believed the members of the Senate were fully aware of the merits and needs of the University and felt sure they would do anything in their power to further its good work.

Senator Brickley of Luna and Otero counties, chairman of the Senate educational committee, spoke of the value of being prepared and of the opportunities awaiting the individual with an education as contrasted with those awaiting the unprepared.

Senator Zinn of Quay county made a few remarks in which he took a fling at the Republican Senate, which he said it required the skill of a burglar for a Democrat to break into.

Don Richardson, representative from Chaves County, a former U. N. M. student and student body president, spoke briefly after a tremendous roar of applause from the assembly had greeted his appearance, and chided the student body for their apparent lack of the old time pep, after which the students joined in a "Lobo for Richardson" and a yell for the "Solons."

The musical portion of the program consisted of a violin solo by Mr. Ancona and a vocal solo by Miss Maude Riordan of the University.

On the platform with the legislators sat E. B. Swope of the City Commission, M. L. Fox, manager of the Chamber of Commerce, G. E. Breese, B. C. Hernandez, O. A. Larrazola, O. N. Marron, and A. A. Sedillo.

Y. W. C. A. HOLDS PEPPY MEETING

The waning spirit of the campus Y. W. C. A. had an abrupt revival last Tuesday afternoon. Fifty-two girls ventured forth, enticed by the promise of sandwiches and coffee and the afternoon passed quickly and pleasantly. Several prominent campus characters were present in caricature and some of the take-offs were very good and appropriate.

Generally everyone did as they pleased, showing that the Y. W. stands for something besides deep study. Next week, it is hoped that the girls will show their backbone and come again—this time with the enticement of having their minds broadened.

Aggies with his officiation that Coach Brown wished to take him to Socorro to referee the Aggie-Miner games.

| Summary | | |
|---------------------|-------|-------------|

Substitutions: Aggies—none. Lobos—Horgan for Wilkinson, Wilkinson for Marshall, Brown for Wilkinson, Betts for Hyder, Hyder for Betts.

COMMITTEE FROM LEGISLATURE VISITS CAMPUS

Inspecting Committee from Legislature Visits Campus

Express Satisfaction With Condition of University Plant.

Seventeen members of the state legislature visited the university Friday, making a careful inspection of buildings and equipment under the personal escort of President Hill, and accompanied by a committee of Albuquerque citizens.

The object of the visit of the legislators was to give them first hand information of the operation of the State University, information which will prove invaluable to them in fixing the appropriation for the maintenance of the university during the next two years. Members of the committee expressed commendation of the manner in which the institution is being operated and expressed surprise at the efficiency of operation which has enabled the school to keep within its appropriation the past three years and still show remarkable growth and improvement in every respect.

After visiting the various buildings and departments, the legislators attended the regular Friday assembly and several made brief talks to the students. They were then escorted to Sara Reynolds Hall where luncheon was served by the Home Economics department.

The committee was composed of the following members:

Senate members—Jose C. Rivera, San Miguel County; Demetrio Quintana, San Miguel County; C. G. Hedgecock, San Miguel and Guadalupe counties; E. A. Abeyta, Rio Arriba County; E. M. Brickley, Luna and Otero counties; J. S. Lea, Chaves County; A. L. Zinn, Quay County; and Julian R. Hall, Curry County.

House members—A. W. Drake, Harding County; Don M. Richardson, Chaves County; E. F. Puryear, Chaves County; D. W. Smith, Grant and Hidalgo counties; R. C. Woods, San Juan County; and J. H. Welch, Quay County.

STATE TOURNAMENT TO START FRIDAY

Roswell, Las Vegas, Hagerman and Albuquerque Favored to Win in Meet Held by U. N. M.

With the conclusion of the four sectional basketball tournaments which took place in Las Vegas, Roswell, Las Cruces and Albuquerque last Friday and Saturday, all is in readiness for the state tournament which will be run off at the U. S. Armory here in Albuquerque this week-end under the auspices of the State University. The eight teams which were selected to participate in this tournament have almost all arrived and are in good shape for the championship play for the state title which carries with it the beautiful loving cup offered by the Albuquerque Morning Journal.

Of course, just at this time everyone is figuring out the winner according to available dope, but the dope this year is far from conclusive even on the surface, and it is more than likely that that famous bucket will have more than one or two upsets during the tournament. Not a single team in the whole state comes here with a record free from defeats—in fact there is probably not an undefeated basketball team in the whole state this year. Hagerman claimed the honor for a long time but Roswell tripped them up in the finals in the sectional tournament on the east side and Clayton was likewise upset by the Las Vegas Normals up at Meadow City.

If one attempted to determine the winner beforehand according to dope, the sheet would run somewhat like this. Early in the season, Hagerman met and defeated Roswell by a large score. Roswell then journeyed to Alamogordo and took a fall out of the Alamogordo High School team, touted to be one of the strongest aggregations in the southern part of the state. Alamo successfully defeated Las Cruces, Tularosa, and Albuquerque High Schools during the season. Coming up north, Albuquerque High in turn has defeated Las Vegas Normal and Santa Fe High, a team which in turn had beaten the strong Normal team. Then the Normals down Clayton, Reason-

ANNOUNCES ORATORY PRIZES FOR SOCIETY

Board of Regents Offer Awards in Contests Open Only to Members of Society.

Wednesday afternoon, February 21, the Lowell Literary Society held another meeting to discuss matters relating to the prospects for debating and allied activities during the spring months. Various plans were taken under consideration.

The chief item of business was the announcement by Pres. Hill of two prizes for oratory and debating which are open only to members of the society. The contents of the letter relating to the contests and the proposed method of procedure follow below.

February 21, 1923, Mr. John C. Howard, President, The Lowell Literary Society, State University of New Mexico. My dear Mr. Howard:

I am writing this note to inform you that the University Authorities are offering for this year two prizes to be called, respectively:

THE REGENTS' PRIZE FOR ORATORY and THE REGENTS' PRIZE FOR DECLAMATION

These prizes consist of twenty-five dollars (\$25) and fifteen dollars (\$15) respectively, and are to be awarded under conditions to be prescribed by the President of the State University, and only a regularly enrolled member of the Lowell Literary Society may win the prizes in open competition during the month of May.

The undersigned has not had time to draw up the regulations which he is authorized to formulate, but in general I think they will be as follows:

(1) Contestants for the prize in Oratory must be selected by actual competition at different meetings of the Lowell Literary Society from a field of active candidates not less than six in number. The judges for the choice of the three contestants to appear for the public finals in May must include at least one faculty member to be named by the undersigned.

(2) The contestants must be actual members, with dues paid, in the Lowell Literary Society.

(3) All orations must be submitted not less than two weeks in advance of the finals to a designated faculty committee.

(4) All orations must be original and shall not be in the nature of declamations of the words of some one else.

(5) Orations shall not exceed, on any account, fifteen minutes in delivery.

(6) The contests are open both to men and women students, all of whom must be regularly registered and eligible according to all academic standards.

(7) One student may not enroll in both contests during this year.

(8) Contestants for the prize in Declamation shall be selected in the same manner as above. Time limit five minutes.

(9) The declamation shall be in the nature of memorized repetition of selected prose or poetry.

(10) All general conditions governing preliminary and also final contests as described above are applied to the contest in declamation as well as in oratory.

I wish that you would read this letter carefully to your Society, and you will please notify me within three weeks from this date (February 21, 1923) of the names of the contestants, if any, for the two prizes.

I am, Cordially yours, DAVID SPENCE HILL, President.

DSH:CD.

ing thus, it would seem that Hagerman is the team of the tournament but there are a few little discrepancies which prove how invalid any such reasoning is. Hagerman has since met and been defeated by Roswell High, Albuquerque was decisively trimmed by Las Vegas, and a few minor things like that leave the result as much in doubt as ever.

However at present, Albuquerque High, Roswell, and Las Vegas Normal loom up as the pick of the lot, with Harwood School, Clayton and Hagerman as serious contenders, Albuquerque, Las Vegas, Las Cruces and Roswell hold the same advantage of having won their sectional tournaments but that counts for little or nothing. Of all the teams, Tularosa and Las Cruces from the southern section seem to offer less promise of opposition than any others, though either may spring a surprise. If Cruces does as well this year as it has done in the past in comparison

(Continued on page 4.)

ALBUQUERQUE WINS IN LOCAL NET MEET

Beats Harwood in Finals by Wide Margin. Both Teams to Enter State Tournament.

Friday and Saturday, February 22 and 23, the sectional basketball tournament for the central section of the state was held at the Albuquerque Armory under the auspices of the Albuquerque High School. Six teams including three from Albuquerque, two from Santa Fe and one from Belen were entered in the tournament which produced some of the prettiest basketball seen around here during the present season. When the end of the tournament was reached and the dust cleared away, it was found that the Albuquerque High School Bulldogs, state high school basketball champions for the past two years, had come out on top of the heap, while the scrappy little team from the Harwood School took second honors and so gained with Albuquerque High the right of entering their team in the finals which will be played in Albuquerque this week-end under the auspices of the University.

By the drawing held by the various coaches at the Y. M. C. A., it was arranged that the first night Albuquerque High School played Menaul School, Santa Fe met Belen, and Harwood School tangled with St. Michael's College of Santa Fe. The first game that night was the scrappiest, the closest and probably the best game of any played throughout the whole series. Menaul and the A. H. S. aggregations were both in top form, and each side was determined to fight to the death to prevent their defeat which would mean at once elimination from the sectional tournament, and all possible opportunity of going on to the state meet. Previous dope placed them just about on a par, and the game snowed them to be such. The end of the first half of the game found the score 2 to 3 in favor of the High School, after twenty minutes of whirlwind play in which neither side could score more than one field goal. The second half of the play loosened up to a slight extent though open shots at the goal were few and far between and after a secesaw period of swift and beautiful play, the game ended in a tie, 13 to 13. At this time, Cruz, center for Menaul was put out on personal fouls and the High School forged ahead to a 19 to 14 victory, largely owing to their greater accuracy on free shots. It was a game fight from start to finish, with Menaul displaying perhaps the edge on the High School but with all of the breaks going for the Bulldogs.

The other two games of the evening were far slower affairs, both going by rather onesided scores. Santa Fe had little trouble with Belen winning 25 to 15 and Harwood walked away from Harwood by an even greater margin, 30 to 10.

The next afternoon, Harwood and Santa Fe tangled in the semifinals. The teams were very nearly evenly matched, but by virtue of greater endurance Harwood nosed out ahead 37 to 31, thus going into the finals. Albuquerque took revenge for a previous defeat at the hands of Belen and trounced them, 30 to 11. That left two Albuquerque teams to play off the finals.

The finals were not what was generally expected as Albuquerque virtually ran away from the Harwood team, who were decidedly off form on their shooting, while Albuquerque was more than a little lucky. The game ended 31 to 16, giving the sectional championship and the Mindlin Cup to Albuquerque High School. It is undeniable that Albuquerque played in luck throughout the tournament but there is also no doubt that they are well qualified to represent the district in the state meet and will put up a strong bid to repeat on the state title.

The first all-sectional team as selected by one of the downtown papers was

Long (A. H. S.) Right Forward. Madrid (Harwood) Left Forward. Cruz (Menaul) Center.

Glassman (A. H. S.) Right Guard. Wilson (A. H. S.) Left Guard.

It is notable that only Albuquerque teams are represented in the selection and although all of the men named were undeniably good, the choice might well have been otherwise.

SOCIETY

Sunday afternoon, February 25, Xi of Phi Mu entertained their mothers and patronesses at afternoon tea. The Phi Mu chapter house was beautifully decorated with pink sweet peas. Mrs. Spencer Browne, formerly Miss Lina Ferguson of this city, who has just returned from France, and Miss Edna Mosher presided at the tea tables.

The Ki-Yote Club has issued invitations to a dance at the Masonic Temple Friday night, March 2.

CO-ED DANCE BRINGS OUT BRILLIANT ARRAY

Feminine Gallants Outpoint Males in Every Way, According to General Opinion.

The annual Co-Ed Dance held in the gymnasium last Friday evening was the peppiest and most colorful social occasion of the semester. The costumes ranged from cradle to the grave with all possible variations. Shal boys and bare knees were the outstanding features of the affair. To add variety to the entertainment an Indian War Dance and a fight kept the evening from becoming monotonous.

Greenwich Village sent down a couple of hard-looking specimens who compared very favorably with a couple of pirates and some self-confessed jewel thieves of international reputation. A lady of the early eighties found herself conspicuous in full skirts and a couple of early colonial portraits stepped out of their frames for the evening.

The Rudolph Valentino of the event was a young vaquero from "across the river" whose high hat and gaudy zarape were the cause of much envy among the sterner sex, especially those in full dress whose black-and-white served to show up the brilliancy of the caballero's costume. He was most attentive to a lady in a black mantilla and a fortunate fairy in scarlet net.

Pictures of several of the costumes were taken the morning after and will eventually find their way to the office of the Mirage staff.

The guests numbered almost every co-ed on the Hill and, from the detailed knowledge they possess, some of the boys must have had gallery seats.

CO-ED REFLECTIONS

CO-ED REFLECTIONS

After sizing up Cruces' giants and the Varsity team—it hardly seems fair to penalize our men for over-guarding.

Speaking of basketball, our men were sure adept at catching the ball as it came down from the basket after the other side had made a goal. However, we wonder if theirs was the fault that most of their time was spent under their own goal.

Some girls walk home and some prefer to be carried home—people should learn to beware of the swimming pool.

Some fellows evidently try to see how many girls they can hang their frat pin on within a year.

After seeing a hearse parked in front of a frat house recently for a period of time, proof is thrust upon one that they must be a dead bunch.

It's funny what fellows will do in hopes of getting something to eat—they will even carry chairs to a Y. W. C. A. meeting.

We wonder why a certain young assistant in Biology burned so red at the reference made to a telephone call overheard in the main building. Even History Profs like to go car riding.

The fellow that had his heart bent for the second time must not be discouraged but should remember that the third time is a charm.

In pepping up the Y. W. we wonder if perhaps if the men were invited to attend, more girls couldn't be thereby enticed.

One nice thing—being pledged to a frat won't make one fellow any more conceited—it's impossible.

The widely advertised prize for the handsomest man was carried off by Mr. Gertrude Soash and Miss Anne Herron was given a doll as the youngest guest. The Sailor-boy and the Baker ran a close second.

Extract from Tommie Thompson's diary: "If at first you don't succumb, fly, fly again."

At the Co-Ed dance:
Nellie: "Gee, Gertrude, you sure

do make a good man! You're the silliest thing I ever saw!"

C. O.: "I hear the Legislative committee inspected one room in the Boy's Dorm that had banana peelings all over the floor."

Pollock: "That must have been Grencko's room."

C. O.: "What makes you think so?"

Pollock: "Well, there were some there about a month ago!"

New Mexico Proverbs

The plainest girls get the handsomest men. (Poor things!)

Young man, put not your faith in Kipling's test—too many girls read him too.

Absence MAY make the heart grow fonder but its best not to take any chances.

Study is an unnecessary evil. Age is no antidote for love.

MOST ANY NIGHT.

It was about 10:10 at night, And Central dozed in peace—

Came a great light 'round the corner And the jangle of a bell.

A sudden rush from "Liberty" By "the biggest on the Campus"

And his steady companion (Who had left his pillow home.)

The taxi drivers stared indifferently, Then gasped

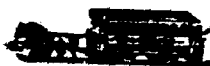

As two feminine figures Dashed madly after.

Could it be two damsels Chasing their loves?

In the true flapper fashion? A sigh of relief—

They had managed to catch—

THE LAST CAR UP THE HILL.

HUMAN NATURE IN GENERAL.

Nothing so disappoints a girl as to spend the whole evening trying to convince a man that she can't be kissed—and then, to discover that she has succeeded.

In the modern girl's vocabulary "A Dream" may refer to a glorified hat, a glorified lover or merely to the poetic legs of a moving picture actor.

A man is chiefly interested in the beginning of a love affair; but a woman always wants to take a peep at the last chapter and see how it is "going to turn out" before she can work up any vital enthusiasm over it.

Confessing to a woman is a man's method of pouring soothing syrup over his conscience. His sins would lack half their joy if he never had the pleasure of "regretting" them.

hind me, temptation" s When ryd,u When a woman says "Get thee behind me, temptation" she covers her face and runs; when a man says it he peeps through his fingers—and walks backward.

Sometimes a woman fancies she can read her fate in the palm of her hand; sometimes she thinks she can read it in the stars; but most of the time she can read it by the first glance into a man's eyes.

Love in a cottage has given place to experimental marriage in studio-apartment. — Copyright, 1922, by Helen Rowland.

UNITED STATES COAST GUARD COMPETITIVE EXAMINATION

The United States Coast Guard will hold a competitive examination for appointment of cadets and cadet engineers commencing April 16, 1923.

This is an exceptional opportunity for young men of the right caliber to complete their education at Government expense and to become commissioned officers in the United States Coast Guard, one of the military services of the United States, in which is offered service afloat and ashore.

Cadets are trained to become line officers, and the age limits for appointment are 18 to 24 years.

Cadet Engineers are trained to become engineer officers, and the age limits for appointment are 20 to 25 years.

Cadets and cadet engineers are trained and educated at the Coast Guard Academy at New London, Conn., and each summer are taken on an extended practice cruise.

Cadets and cadet engineers receive the same pay and allowances as midshipmen in the Navy (\$780 per annum and one ration per day).

Upon graduation, after three years in the Academy, a cadet becomes a commissioned officer in the grade of ensign in the United States Coast Guard. A cadet engineer, upon graduation, after one year at the Academy, is commissioned an ensign (engineer). Commissioned officers of the Coast Guard rank with officers in the Army, Navy and Marine Corps, and receive corresponding pay and allowances, grade for grade.

The mental examination for cadets,

which will follow the physical, will consume three days. Applicants for cadetships who present satisfactory certificates that they have completed the equivalent of a four year high school course and received fourteen credits in subjects prescribed by Headquarters will be required to take a written examination in the following subjects only: Mathematics (algebra and geometry), history and English. Those who do not present certificates showing that they have had the equivalent of fourteen credits, as prescribed, will be required to take an examination in the following subjects: Mathematics (algebra and geometry), history, English, physics or chemistry or general science, Latin or German or French or Spanish, and general information. A high school graduate should be able to pass the examination for cadet. Those who have not attended high school should, if possible, present certificates showing what courses of study they have pursued and their extent.

Applications to take this examination should be filed at once in order that each candidate may be advised whether or not he will be required to take the qualifying examination.

Cadet engineer candidates who present satisfactory evidence that they have completed a course in mechanical engineering at an engineering school will be required to pass an examination in history, English and general information. Candidates for cadet engineer who have not completed a course in mechanical engineering at an engineering school should present certificates showing the extent of the courses of study pursued by them in the following subjects, in which they will be examined: Mathematics, physics, applied mechanics, steam engineering, electricity, history, English, and general information.

A mark for general adaptability will be assigned to applicants for both cadet and cadet engineer.

The examination is strictly competitive.

Examinations will be held at Boston, New London, New York, Philadelphia, Washington, Norfolk, Savannah, Key West, Mobile, Galveston, Buffalo, Detroit, Chicago, Fort Stanton, San Francisco, Seattle, should sufficient applicants be designated at these cities to warrant holding such examination, and such other places as may be designated.

The opportunity this year is particularly favorable, as there are an unusually large number of vacancies. All existing vacancies will be filled this year if possible. Successful candidates will report at the Academy about three weeks after the close of the examination. For further particulars write to THE COMMANDANT, U. S. COAST GUARD, WASHINGTON, D. C.—Published by request.
