OPERA CHORUS TO SING AT AUTO SHOW

Under Direction of Professor Seder, Chorus is Rapidly Becoming Famous. Furnish Program for Friday Night.

The University Opera Chorus, directed by E. Stanley Seder, will give a concert and program at the New Mexico automobile show, at the armory, on Friday night—Red Cross and society night. This concert will only add another to the list of triumphs scored by this organization, which is rapidly becoming well known all over the state. Professor Seder has had unsurpassed talent with which to work this year and has made the most of his opportunity. Without doubt this will be one of the most pleasant features of the show.

The program follows:

"O Italia, Italia Beloved" . . . Donizetti
University Opera Chorus.
Baritone solo, "Prologue," from
Pagliacci Leoncavallo
Robert T. Sewell.
Soprano solo, "For All Eternity"
 Mascheroni
(Violin obligato by the performer.)
Miss Grace Stortz.
"Song of the Vikings" Faning
University Opera Chorus.
Soprano solo, "Waltz from Romeo
and Juliet" Gounod
Miss Hortense Switzer.
Quartet from Rigoletto Verdi
Misses Estelle Harris, Margaret
Standley, Stanley Seder, Robert
T. Sewell.
Sextet from Lucia Donizetti
University Opera Chorus.
Duet, "Calm as the Night" . . . Goetze
Miss Estelle Harris, Robert T. Sewell.
Duet, "Give Me All of Your Love,"
from "Flora Bella" Schwarzwald
Misses Grace Stortz,
Hortense Switzer.
Medley of Patriotic Airs
University Opera Chorus.
Lieut. J. A. Crozier of the British
and Canadian recruiting mission for
New Mexico and Arizona will give a
twenty-minute address on Friday
night.
Miss Estelle Harris and Miss Hor-
tense Switzer will be soloists for the
show.

ASSEMBLY NOTICE

An assembly has been called for Thursday morning, February 28, at 11 o'clock, in Rodey Hall. Father W. S. Foley, S. J. of the Detroit University, will address the students at that time. Father Foley is in the city for the Catholic services which are being held here, and has kindly consented to address the students of the University. All classes will be dismissed at that hour and everyone is expected to attend assembly.

MUSICAL COMEDY IS SET FOR APRIL

Dramatic Club Plans to Stage Annual Play Some Time in April. Will Be a Musical Comedy Written by Miss Hickey and Professor Seder.

Work has been begun upon the annual play which the Dramatic Club of the University has been in the custom of giving. The play this year will be a musical comedy, words written by Miss Hickey, of the department of English, and music by Professor Seder, of the College of Fine Arts. These two are the authors of the musical comedy, "Go Ask Willie," which was staged with such success last year by the Dramatic Club. The name of the new play has not yet been announced.

The cast of girls has already been tentatively chosen, both the leads and choruses. The girls who are to appear in the chorus spent a busy hour at noon Monday, settling on costumes. Miss Lina Fergusson, who designed the pleasing costumes seen in "Go Ask Willie," will again have charge of the costuming. At the meeting Monday, the girls were given a general idea of what might be expected in the matter of costumes. Although no definite announcement of the cast has been made, it is practically certain that the play will revolve around the three Opera Chorus stars, Miss Estelle Harris, Miss Grace Stortz, and Miss Hortense Switzer.

An announcement of the male cast will be made some time in the near future. The directors are up against a somewhat harder proposition in choosing male members, because of the scarcity of material. This is the first year in the history of the institution that such a condition has arisen. Heretofore, if there was any scarcity at all, it was among the female element rather than the male.

Ed King is manager of the Dramatic club, and as such will have charge of staging the play. King has had plenty of former experience, having managed "Go Ask Willie" last year. It is not known yet whether the play will show in Santa Fe or not, but the chances are that it will.

If the play is to be staged in April, a director must be secured immediately and practice begun. It will mean plenty of good hard practice between now and April.

Y. M. C. A.

The University Y. M. C. A. is planning to give a stag party the early part of the evening, in the gymnasium, on next Monday night. Mr. Gale Seaman, international secretary, will be in the city at that time, and will make a short talk to the fellows. All University men, whether members of the Y. M. C. A. or not, are cordially invited to attend. Watch the bulletin board for a more definite announcement as to the hour, and further details.

BASKETBALL GIRLS LOSE TO MAGDALENA

Picked Team from Magdalena and Surrounding Towns Defeats U. N. M. in Close Game by Score of 22-18

The girls' basketball team lost a hard fought game to the Magdalena girls on the Magdalena court, Saturday night, February 23. The game was hard fought throughout, but the aggregation of former stars gotten together by the mining town proved a little too much for the University team, crippled a little by lack of some of last quarter's best players. For Magdalena, Miss Stuppi, who showed up so well against the local Business College, starred; Margaret Flournoy also played an excellent game. For the University, Captain Angie and Helen Darrow showed up especially well.

The team left Albuquerque Friday morning at 10 o'clock and was met by Magdalena people in cars, when they went up to Magdalena by car. They returned to Albuquerque Sunday night. The girls who made the trip were: Katherine Angle (captain), Darrow, Keene, Heinrich, Kieko, Mitchell, Gibbs. Manager Ed King accompanied them.

Manager King is trying to secure a game with the Albuquerque high school girls, to be played Friday night as a preliminary to the Clovis-Albuquerque boys' game.

PI KAPPA ALPHA TO CELE- BRATE 50th ANNIVERSARY.

Friday evening, March 1, Beta Delta chapter of Pi Kappa Alpha will give its third annual banquet at the Y. M. C. A. The affair this year takes the nature of a celebration in honor of the fiftieth anniversary of the founding of Pi Kappa Alpha, and will be observed as such. Owing to the war and loss of men belonging to the chapter, the fraternity thought it best to celebrate in a quiet way, keeping in mind those who are in the service and who for that reason will be absent.

Plans were laid at the national convention last year for a semi-centennial to surpass anything ever attempted by the Pi's. A convention and gathering of men from all over the United States was to have been held in Richmond, Va., but the declaration of war in April caused all these plans to be abandoned until after the close of war.

The Pi Kappa Alpha fraternity was founded at the University of Virginia, March 1, 1868. The local chapter was installed May 21, 1915.

Dave Chavez and Claude Mann, both Varsity students and prominent athletes, have enlisted in the army and will leave for El Paso next Tuesday. Dave was left end on the football team last fall, and Claude was left half. Claude was captain-elect for next year.

AGGIES' OPPONENTS CHOSEN THURSDAY

Miss Opal Garrett, Clyde Morris and Allen Williams Compose Team Which Will Debate With the Aggies March 9.

At the preliminary tryout held Thursday night in Rodey hall, to determine the personnel of the debating team which will cross swords with our old rivals, the Aggies, Miss Opal Garrett, Clyde Morris and Allen Williams were chosen. Only four out of the six who had announced their intention of trying out, were present to take part in the preliminary.

At the tryout, Miss Garrett and Clyde Morris upheld the affirmative, while Mr. Gould and Allen Williams argued in favor of the negative of the question, "Resolved, that the Philippines be given their independence within two years after the close of the present war."

There were to have been some judges from town, but for some reason they were not secured, so faculty members had to be the judges. A new requirement this year was that all contestants hand in a written brief before making their arguments. This served to make the contestants much better acquainted with their subjects than they otherwise would have been. One professor said that the contestants had shown more real knowledge of their subject than any previous set of contestants which he had seen at this institution.

The three members have been assigned their points, and are all working hard to win the debate Saturday night, March 9. The debate will probably take place in the high school auditorium.

DR. BOYD TO RETURN.

Dr. D. R. Boyd is expected to return from Chicago the latter part of this week. Dr. Boyd has been attending the National Security Congress as a representative of New Mexico. While there, Dr. Boyd took an important part in the work of the Congress, and also spoke at one of the Chicago high schools.

HIGH SCHOOL MEET SCHEDULED FOR MAY

Interscholastic Track Contest will Probably Take Place on the University Field on May 10 and 11.

Work has been begun by Professor Weese and Mr. Van Devanter on the annual interscholastic track meet, held each year under the auspices of the University, in which the various high schools of the state compete.

The plans laid include the notification of every high school in the state of the date, May 10 and 11, and the place where the meet is to be held.

WEDNESDAY, FEBRUARY 27

The United States is at war. Surely, if we pay any attention to present-day events, we are aware of that fact. If we read the newspapers and magazines, if we have eyes to see our khaki-covered brothers and sweethearts, we know something about it. But do we grasp its full significance?

We are afraid that we do not. If we did fully realize what it means to those who are giving their all in all for the cause of democracy, we who are left behind would do more than we are doing now. Things that are allowable in ordinary times are nothing less than criminal in such times as these. True, we are doing much already; the girls are doing their bit knitting and saving sweets, and all are cutting down on needless expenditures.

But none of us is doing his best, which must be done before this thing is over. When we do that we will devote ourselves more to the work in hand. There will be no wasted minutes or hours. There will be no failures in classes; none will be "cut." Every one will do the very best that is in him, which very few, if any, now do.

We have improved, but not as much as we can. And until we are doing the very best that is possible, we will be—slackers.

Some say the war has not been brought home to us. All pray that it will not be brought any closer. But there is only one path that is left for us, if we are to be true and loyal patriots, and that is the path of service. May we come to see wherein we are not doing the most that we can, and do it. We can do more.

The University Opera Chorus is having an unusually busy week. Rehearsals were held Sunday afternoon and Tuesday evening, the latter occasion including a delightful social evening at the home of Miss Switzer. Thursday noon the chorus were guests of the Rotary Club, singing several selections at their dinner. Friday evening the chorus gives a program of numbers by the chorus, and solo, duet and quartet numbers by members of the chorus have been arranged, and promises to be a feature of the auto show. Misses Hortense Switzer and Estelle Harris have been engaged as soloists of the show, and will appear in solo numbers at the various programs. Professor Seder will act as accompanist during the show, and will direct the Friday night concert.

Recent enrollments in the Fine Arts college include Miss Earle, in piano, and James Wait, in voice. Wait will be remembered as the bandit in last year's musical comedy.

DO YOU KNOW?

All about the telephone?
The boy of age, but who, sad to say, has become a "cigarette fiend"?
The pretty little down town girl who says she'd get along fine if it just wasn't for that "other girl"?
The girl who is a perfect Harrison Fisher type?

The fraternity man whose heart is divided between two fair damsels—in other words, "who is on the fence?"

The pretty little high school girl who seems to be "taking" the Varsity boys by storm?

Whether it is necessary to have a brother in the war in order to wear a service pin?

The girl who says she is through with the brutal sex?

That men are certainly scarce these days?

That "Professors may come and Professors may go, but Brother stays on forever?"

The most persistent dancer at the Wednesday night dances?

The man who is so fond of "bright eyes?"

The girl who received the telephone call from his mother?

The girl whose favorite expression is "notch?"

The boy who wears the grin from ear to ear, just because—She is here?

Who says, "You've got to marry me or become my wife?"

That there seems to be a lot of fraternity jewelry floating around these days?

Who offered, and who was offered, the diamond-set fraternity pin?

Why the Dorm porch swing is to be moved?

The girl who simply "spreads joy" in the Dorm?

Who will go to Belen, and when?

The girl who, when she was "sat on," said, "O, wait a minute?"

The girl who is quite as cute as she is talented?

The woman-haters who just won't be vamped?

The boy who everybody says is "a jolly good fellow?"

—SELALI.

VERDANT TRIBE INDIGNANT.

The freshman class is accused of taking from the training house, six new sweaters, value twenty-five dollars; three old sweaters, value seven dollars and fifty cents; two pairs of stockings, value two dollars and thirty cents. Each freshman's breakage fee is charged with one dollar and twenty-one cents. If the freshman class took these—keep still. If you did not, squeal and squeal loud enough to be heard.

We do not believe in taxation without representation. Hereafter if a cake is stolen by a student it must be charged to the freshman class.

If you have ten dollars belonging to John Smith and ten belonging to Sam Jones, and Albert Williams take two dollars and forty cents from you, then you take one dollar and twenty-one cents each from Smith and Jones.

If some student runs into and destroys the new tennis nets, it will be charged to the freshman class, unless the class proves that an upper classman helped; then the athletic council will have it charged to the men of the student body.—A Freshman.

The dates for the summer quarter have been definitely announced. The quarter will begin June 15 and end August 31.

Social Events

PI KAPPA ALPHA DANCE.

One of the most enjoyable dances of the season was that given Friday evening at the Woman's Club by the Pi Kappa Alpha Fraternity. Cider was served throughout the evening to the happy dancers.

Those who enjoyed the hospitality of the Pi K. A. s were: Misses Harris, Von Wachenhusen, Davis, Reagan, Bursum, Standley, Ohmart, Stortz, Cavanaugh, Darrow, Boellnes, Bear, Shottwell, Zimmerman, Lee, Boldt and Chess. Messrs. Slater, Barton, Myers, Bruce, Pavey, White, Hickey, Scruggs. Mr. and Mrs. Lester Cooper chaperoned.

A merry crowd of picnics spent Washington's birthday at Whitcomb's Springs.

Some of these ladies are still so popular we can't have any more tag dances.

Vespers last Sunday were addressed by Reverend Lynd, of the Congregational church. Rev. Lynd made an exceedingly interesting talk. Special music was also part of the program.

Buckley won first prize for having the most becoming mustache.

Fetzer had the best.
Bruther had just enough to shave.
Senator William's was so good he refused to shave it off.

PROFESSOR WOOD TO LEAVE.

Professor F. A. Wood, of the department of mathematics, has announced that he will leave to join the army within the next few days. Professor Wood has become firmly established during his short stay at U. N. M., and it is with regret that we learn of his departure. It will be remembered that Professor Wood gave his services to the football team as coach, when a regular coach could not be secured, and this free of charge. His conduct around the boys' dorm. has been such that he was considered as one of the fellows.

This is the second time within a year that the University has had to look for a new head for the mathematics department. The first occasion arose when Professor Edington, who is now in the army, resigned.

Scruggs told Fetzer he could have the bleachers, if he would not show that picture that was snapped of him and—

Bruther and Sister say they will be Juniors sometime soon, so they had their pictures taken with the Junior class. Guess they were ashamed of the Sophs.

Never trust a man too close or a woman too far. I threw a kiss at her. What did she say? Said I was awful lazy.

Allen Williams says anybody from Kansas is all right.

A solo by a well known trio — Scruggs, Chet and McClure — "I Never Knew What Love Could Do."

Small College Has Its Own Work to Do and Must Do It Efficiently

By L. P. POWELL, President of Hobart College

There are a few small colleges that stay small, and unless some of them mend their ways they will grow yet smaller as the years go by; for supporters are not going to confuse smallness with inefficiency, and the small college, however small, must function efficiently, or it will cease to have a reason for existence. But here and there you find a small college of which the alumni can proudly as well as truly say, with Daniel Webster, "It is a small college. And yet there are those who love it."

The small college is the real college. It has no ambition to be a university. It is not tainted seriously with the distinctively university spirit. It still stands for general mental discipline, a liberal outlook on life and what we call cultural interests, without longer narrowing the term merely to the pursuit of classical study.

The small college today must serve a valid purpose. It cannot rest on the laurels of the past.

The small college today must do well its own special work. Problems it has. What live institution has not problems, whether it is big or little? The small college has suffered much through the persistence of puerilities, but they are going. Sense and solidarity are taking their place. Brutal "hazing," vulgar "horsing," premature "rushing," vulgar "padding," and excessive drinking, made possible by scholarship funds given to the college by good Christians, are going because they have to go—and they are going rapidly because they cannot withstand the pitiless publicity of good breeding.

Old Illustrated Book.

One of the oldest illustrated books is an edition of "Aesop's Fables," published about 1471. It has initial letters of great interest, and upward of 160 very curious wood cuts. The copies which have survived the centuries are bound in thick oak boards, covered with stamped leather. There was a book published in Florence only five years after the Aesop which had three copper-plate engravings, and one of the most remarkable features of the early illustrated works is the grace and excellent fancy of their tail-pieces and type, and the fresh look which the ink has.

We learn with much regret that Coach Wood is going to leave us. He will be missed by Kwataka. He tried to win her before he went for the army, even went so far as shaving twice a day. Coach, you have our good wishes and sympathy.

HIGH SCHOOL MEET SCHEDULED FOR MAY.

(Continued from page 1.) and an invitation to the school to participate. Even if a school cannot send a full team, it is urged to send as many men as possible. If one is all that it is possible for the school to send, the school should by all means send him. Individual medals are given for each event, and a cup for the winning team.

The events this year will probably consist of the following:

100-yard dash.
220-yard dash.
440-yard run.
880-yard run.
One mile run.
High jump.
Broad jump.
Pole vault.
120-yard high hurdles.
220-yard low hurdles.
Shot put.
Hop, step and jump.

Work will be begun on the track in the near future, to have it ready for the meet. The track has been damaged a little since last year, but a few teams and men can put it in first class condition in a very short time.

As has been the custom in former years, the University will take care of all outside athletes who attend, feeding them and furnishing a place to sleep.

Miss Anita Hubbell was pledged Alpha Gamma last week.

The Alpha Gammas are now proudly wearing the "blue and blue."

Word has been received from San Antonio, Texas, that Lieutenants Glenn Emmons and Walter Gavin have been transferred from the infantry to the aviation branch of the army.

A beautiful service flag containing thirty-one stars now adorns one of the windows of the Pi K. A. room at Kwataka.

Two Systems.

Prof. Wood, Ph. D., of mathematics, takes them to the Alvarado and stuffs them; H. Lee, Ph. D., of Campuistry, takes them over on top of the Estufa and "stuffs" them. We suggest you Hooverize, Professors.

A number of University girls will take part in the auto show, February 28 to March 2. Some will have charge of booths, and others will have charge of various other activities.

The Y. W. C. A. has a new bulletin board in the lower hall, made and put up by Professor Leupold. Hereafter all Y. W. C. A. notices will appear on the new board.

Isn't it funny, after she did everything to make you shave it off, and then when you did, she didn't notice the difference.

Rex Craig has been pledged Alpha Delta.

O YOU SPRING FEVER.

When the winds begin a blowin' with the balminess of spring,
And the old sun shines a hundred per cent pure,
When the birds begin to twitter and the grass turns into green,
That's when old Spring Fever gets me, to be sure.

Oh, I like the hearty lessons and the tasks that make us sweat,
When we have to keep wrapped up in fur and coat;
But when old King Winter leaves us and the gentle SPRING comes in,
These unending, plagued lessons get my goat.

So I make a move, Your Honor, that we institute a change
In the plan of knowledge-getting of this school;
I will vouch for every member, when he hears my plan in full,
That he'll back it with his heart, hand, might and soul.

It's just this—instead of our beloved teachers every day
Giving lessons of the self-same length and whim,
That they make them just as long in winter as they are right now,
And, the warmer grows the weather, shorten them.

You can see with ease, my comrades, how the plan will work out best,
For the interests of the students and the rest,
For we all feel more like working, and will do our work the best,
When the sleet and snow and blizzards give us zest.

So I make this as a motion, that our work be shortened up,
As the warmer grow the zephyrs on the hill;
We will doubtless work so very much the harder when it's cold,
That we'll really smile to take the bitter pill.

—Blanco III.
