MEMORIAL EXERCISES

MONDAY IN RODEY

Vote Taken Tuesday Results in the Adoption of Plan for Regular Assemblies, to be Initiated Next Quarter.

In accordance with the plan proposed for the consideration of the question of Regular Student Body Assemblies, a vote was taken Tuesday, February 17, and resulted in the adoption of the plan before the students by a large majority.

Various changes had been made in the plan as first proposed and these changes seemed to satisfy most of the objections offered. In accordance with the plan adopted Tuesday, assemblies will not be started until the beginning of next quarter, thus giving ample opportunity for the arrangement of all classes. At present there are a number of classes which are scheduled at eleven o'clock on Fridays, but these will be so arranged as to avoid all conflicts during the next term.

By the adoption of this plan the University has done away with the old uncertainty in regard to Student Body Assemblies, and it is hoped to be able to heighten the present morale of the school by means of regularly worked out programs, many of which will take the form of "pop" meetings. The hour is open for anything which can be shown to be of value to the students as a whole, and the whole idea will be looked upon with much interest as being a forerunner of next year.

The plan as finally adopted is as follows:

1. TIME: Regular Assemblies will be held on Fridays in Rodeo Hall from 11 a. m. to 12 m.

2. PURPOSES: An effort will be made to render these Assemblies profitable by means of regularly prepared programs.

3. CREDIT: Credit of one-half hour will be awarded to each student attending at least ten of these Assemblies during one quarter. No credit will be given for extra additional Assemblies. No credit will be given for time missed on account of illness.

4. PENALTY FOR ABSENCE

Three consecutive, unexcused absences from regular Assemblies or four unexcused absences at any time during a quarter will cause the student to lose credit for chapel during the quarter, and will render him subject to discipline.

5. MEANS FOR ENFORCING ATTENDANCE: The President the Student Body, the Student Council—as at present and as hereafter constituted—and the Student Body will agree:

(a) To collect attendance slip
(Continued on page 3.)

Committee at Work to Modernize Eligibility Rules at Varsity; Either a Revision of Old Rules or New Code to be Enacted.

In accordance with the reorganization of the University of New Mexico in all lines of work, and to settle all questions as to eligibility rules in this institution, it has been deemed advisable by President David S. Hill to appoint a committee to make an exhaustive study of all matters connected with such rules, and to draw up either a revision of the existing set or else an entirely new code. Various complaints have been made about the justness of the present regulations, and while these complaints were not the moving force in the appointment of the committee, yet it was seen that there might be certain conditions existing at the University now which were not foreseen when the Eligibility Rules in force at present were drawn up.

The committee as composed at present is: Professor J. D. Clark, Professor J. S. Landers, Professor A. O. Weese, Coach John McGough, Mr. Laurence Lee, Mr. Allen Bruce, Mr. Clyde Morris, and Miss Mayme Hart. The student body has selected by the president of the Student Body to represent the women. A careful study will be made of the existing conditions at the University under the present Eligibility Rules, the Rules of the Rocky Mountain Conference, after which a report will be made to the administration of the University for action. The committee begins work immediately, and it is hoped to have something definite drawn up within the next few weeks.

DR. BELL SPEAKS TO STUDENT BODY

Dr. H. H. Bell of New York City representative of the Life Work Department of Church World Movement, spoke to members of the Student Body last Wednesday evening in Rodey hall. About one hundred students and faculty members heard Dr. Bell's address, which to many was a revelation of the work which churches are attempting.

Dr. Bell is one of a team of three persons which is traveling throughout the states of New Mexico, Arizona, Nevada and California, presenting to the student bodies of the colleges, and universities of those states, the great need of workers in altruistic causes, in various countries in the world.

Dr. Bell's subject was "The Challenge to Life Investment." He spoke of the chaotic condition in the world and the revolution through which society is now passing. He mentioned

Series of Seven Games to be Held Between Classes; Frosh Defeated in Three Games Played So Far.

In accordance with the plans of Coach John McGough to keep school spirit alive in basketball and to train a nucleus this year for a champion basketball team next season, the Freshmen and Upperclassmen have been playing on a series of interclass games for the past week. A series of seven games is to be played, the team winning four or more of the seven winning the championship.

Much enthusiasm is being aroused in the games, and a large number of men are coming out for the hoop sport who have never before put in their appearance on the gymnasium floor, with the result that the coach is finding new material to be used when the occasion requires it. The games, while being necessarily a trifle rough at times, are played according to the rules, and everyone who witnesses the contests is furnished an abundance of fun. Spirit galore is evident, for both sides have their rooters on the floor and improvised yells of all kinds, sorts, and descriptions are heard in the gym or wherever the game is played. The Freshmen have the greater number of players, but they have so far lacked the necessary teamwork to take the big end of the score, the upperclassmen taking all three of the games played so far. However, the upperclassmen have the larger number of enthusiasts out to back them though when some of the Green cappers get started on the warpath there is no show for anyone else to make himself heard. For details just go to any of the games and you won't take long to find out who are suitable applicants for Pro Luken's chorus, if strength of voice be the sole requisite.

The first game of the series was featured by a great deal of rough play on the part of each team. A number of the players were put out of the game by Coach McGough who acted as referee in all three of the contests. The Freshmen held the lead well into the second half when the upperclassmen started the steam roller, jumping into the lead by ten points. The Freshmen rallied and tied the score but a long field goal by Witten, one by Greenleaf and one by Howden just before the final whistle gave the game to the Sophomores. Witten of the Sophomores and Wilfley of the Frosh played the stellar part.

In the second game Greenleaf went wild in the first half making so many baskets for the Sophomores that the spirited play of the Freshmen during

(Continued on page 4.)

Student Assembly Held for Patriotic Purposes; Half Holiday Declared Monday Afternoon In Honor of Washington.

In memory of George Washington, first president of the United States and founder of his country, a Student Body Assembly was held Monday morning at eleven o'clock in Rodey Hall. Plans should have been made last week for appropriate exercises on February 23, February 22 being Sunday, but no one seemed to know just what was expected, and consequently nothing was done. However, a very interesting program was prepared on short notice, and a large crowd of students was in evidence in spite of the lack of time for proper publication of the Assembly.

Although no official declaration is made in the University catalogue for a legal holdiday on February 22, it has been the custom in the past to celebrate it in a fitting way, and President David S. Hill, after being besieged by numerous requests for a holiday and after due consideration of the matter, deemed the occasion a very appropriate time to show respect to the hero of the United States. Accordingly a program was arranged, and Monday afternoon declared a half holiday, during which all classes at the University were dismissed.

Dr. L. B. Mitchell presided at the Assembly, the program opening with the singing of America by the audience. Dr. Mitchell then made a brief talk describing some of the sterling qualities of Washington after which the speech of Edward Everett, entitled "The Moral Grandeur of Washington," was read by Miss Mary Sands. The University mixed chorus gave several selections and was followed by the reading of Washington's Farewell Address by Clyde Morris. Dr. Mitchell brought out the adaptability of many parts of this Farewell Address to present day problems, after which the chorus was again called upon. Dr. Hill made a very inspiring talk at the conclusion of which the entire Student Body heartily pledged itself to the upholding of the laws, and honor of the United States. After the announcement of the suspension of all work at the University during Monday afternoon was made by Dr. Mitchell, the Star Spangled Banner was sung by the audience, and the meeting dismissed.

Mr. J. P. Williams has recovered from an attack of the flu and has resumed his duties at the University as Business Director.

DEVELOPING LEADERSHIP.

The average college student, in his rush for credits and in his conscientious search for knowledge, often neglects the development of that which is the logical result of a proper college education—leadership. Without this quality an education is a selfishly sought advantage instead of a power which is to be used in blazing trails for other people to follow and find filled with benefits.

A student should assume that the world is waiting for his leadership. In the background of consciousness he should feel a responsibility to the citizenship which is making his education possible. He should realize that he is one of the favored few who has been given the opportunity of a fuller development than his average fellowman. He should remind himself that twenty years from now, he has failed proportionately if he is not a leader in his chosen work. With this spirit directing his college life he will find himself developing that leadership which he needs to carry him to his goal.

MISS HICKEY ON U. N. M. TRADITIONS

"U. N. M. customs?" repeated Miss Hickey to the young reporter. "Certainly. I have been here about as long as any of the faculty members and can tell you of many. Now this is Washington's birthday. George's birthday has always been an especially memorable one with University students. As far back as twelve years, this day has been commemorated by some student activity, such as a banquet or something like that, don't you know. In 1916 and 1917 it took the form of a carnival. One of the store buildings down town was donated for the purpose, and all kinds of booths and vaudeville attractions were in evidence. Oh yes, on the second floor was a dance—they had a living skeleton and 'everything.'"

"I even suppose they had a motor-dome," asked the reporter.

"Now they did, and Paul Diehman ran the motorcycle, but when you got inside there was just a chubby little fellow going around on a tricycle. It was just a sell."

"Who was the 'chubby little fel-

low,' Miss Hickey," questioned the Weekly reporter.

"You will laugh," smiled Miss Hickey, "but he is in one of my Freshmen English classes now, and he is just as chubby and red checked as ever. No, no, I won't tell; that would be giving it away, don't you know."

"What else did they do," was the next question.

"Oh yes, there was a boy at school who looked just like Pat O'Grady, and he got a policeman's uniform, arrested students on the street, and took them right up to the Carnival, and mobs followed him there. In addition they had a continuous vaudeville show with a villain, and hero, and a heroine, and everything, all acted by boys."

"I bet the town was interested in the Carnival," ventured the reporter.

"Interested, well I'd say so. The picture shows just had to shut down, for everyone was at the Carnival."

"What else did they do?"

"Well, there was the Fall Sing, and Indian Pow-wow; just after school started they had this affair. President Light started that custom after seeing the boys give a Navajo Indian dance around the fire. St. Patrick's Day Rush was originated by Dr. Gray and was a tremendous affair, but thank goodness, it did not continue over three or four days, as did these last few class fights. Oh yes, I believe in fights, but I abhor paint! I have visions of yellow paint yet."

"The May Day Fete is another custom which has been kept up and a fine one. It should take the form of a pageant or something like that."

"How about the Musical Comedies?" interrupted her interrogator.

"We are going to have one this spring, but it is not finished yet. The name? Oh I had it named once, but have decided to change it so I won't tell that. Now run along young man, I'm busy and have wasted enough time with you. Oh yes, but wait a minute. There's the Faculty vs. Student's baseball game. The faculty was not too dignified in those days to play baseball. I laugh yet to think of seeing Prof. Hodgkin catch a fly quite by accident—no one was more surprised than Prof. Hodgkin, he just put up his hands and the ball fell in. He was playing side field, or whatever you call it. There goes that bell, and I must hurry or that bunch will cut their class."

"Thanky Miss Hickey, many, many thanks," the young reporter called after the disappearing figure, and started to look for the misspelled words in his writings.

Jason Williams, former Varsity student and member of the Alpha Delta Fraternity, was visiting friends in the city last Wednesday and Thursday. Jason was Manager of the Weekly for some time and well known in all Varsity circles.

The fraternities at Denver University will stage an Athletic Smoker on April the ninth. Boxing will be the chief amusement.

DEMOCRATS ATTENTION!

(Printed through request of founders of the movement.—Editor.)
Now is the time for all good men to come to the aid of their party. This is the presidential year; it is only fitting that the Democrats of

the University of New Mexico should organize. Our great country is in a condition where only the Jeffersonian principals of the Democratic party can bring her safely through the crisis. Those principals which in the past four years has brought the great World War to a successful finish. Must be perfected on. Mr. Albert Simms, State Democratic Chairman has requested that such organization as the students make to affiliate with the Junior Jeffersonian Club of Albuquerque.

All interested are urged to come Monday at 2:30 at Rodey Hall. Speeches will be made by prominent Democrats, both ladies and gentlemen. Come prepared to sing "Hail, Hail the Gang's All Here."

Democratic party has always stood for equal suffrage and cordially invites the ladies to be present. COME ONE, COME ALL!

SPANISH CLUB MEETS.

The second meeting of the Spanish Club of the University was held Tuesday evening, February 24th, from seven forty-five to nine. Quite a large number of students were present as well as a good attendance from down-town people, and a very entertaining as well as instructive program was given.

Such meetings of the Spanish Club are open to all students of the University, and any people from down-town who may have an interest in the Spanish language. While a knowledge of Spanish is of the greatest assistance in the meetings, yet anyone who wishes to learn is cordially invited.

The program as presented Tuesday evening was as follows:

Cancion: "El Galan Incognito," by the Misses Lelia Waring, Mary von Nyvenheim, and Helen Nelson.

Recitacion: Poema—Miss Grigsby. A Journey in Spain by Professor Roscoe R. Hill.

Seleccion Orquestral.
Recitacion: Poema—Miss Irene Wicklund.

Cancion: "La Paloma," by the Misses Margaret Lee, Clydia Wilson, Margaret Gott, Anne Cristy, Tonchita Perez, Lelia Waring, Mary von Nyvenheim, and Evelyn Kinsinger.

Charles Gerhardt was in charge of the program, after the completion of which refreshments were served, and a very pleasant evening reported by all present.

CONCERNING CORRECT SPEECH.

Oh why should the spirit
Of grammar be proud,
With such a wide margin
Of language allowed?

Of course, there's a limit—
"I knowed" and "I saw,"
"I seen" and "done it,"
Are rather too raw.

But then there are others
No better than they
One hears in the talking
That he hears every day.

"Where at?" asks one person.
Quite thoughtless. And: "Who,"
Asks another, did "Mary
Give that bonnet to?"

Hear a maid as she twitters:
"Oh yes, I went out
With she and her fellow.
In his runabout."

And hear the man saying
"Between you and I,
That block of Pacific
Would make a good buy."

And this from a mother
Took in to her boy:
"I rather you shouldn't
Do things to annoy."

And this from a student
Concerning a show,
Who says to a maiden,
"Let's you and I go."

There's lots of good people
That's talking like that
Who could learn from we critics
To know whey're at.

POPULARITY CONTEST HAS A GOOD START

The U. N. M. Beauty and Popularity Contest has a fine start and this week should bring out some strong voting and large sales for the Mirage.

One thing that does not seem to be quite clear is what to do with sales of more than one Mirage.

It is merely this: When the books of votes were printed only one containing tickets for 500 votes were printed and two containing votes for 300 votes were printed. These books containing 300 votes are held by Frank Nehr and Anne Cristy and the book of 500 votes is held by J. M. Scruggs. So when you have sales of two or three Mirages just see one of the three above named, but do not change the 100 votes to read 300 votes.

The main draw back seems to be "Lack of Funds" and while this is having some effect on the sales there is no reason why 100 more books can't be sold by Friday. The Popularity Contest, Monday evening, stood:

Beary 1600, Stephenson 700, Angle 300, Spruce 200, Patton 100, Wilson 100.

The Beauty Contest stood:
Spruce 1400, Miller 300, Lee 300, Joyner 200, Barton 200, Sain 200, Fallis 100, MacIvane 100.

The thing to do now is to get busy and put your favorite across. Call on all your friends for their support. It's only just and fair that we honor our ladies in this highly complimentary way. The male students get enough attention centered on them during the year in athletics and the ladies are woefully neglected, and now is our chance to redeem ourselves.

LET EVERYONE VOTE BY FRIDAY.

PLAN FOR STUDENT ASSEMBLIES ADOPTED

(Continued from page 1.)
from each student present at each Regular Assembly. These attendance slips will be delivered by the Student Monitors to the President of the Student Body who will deliver them to the office of Dean Mitchell, or other official designated by the President of the University.

(b) The President of the Student Body will appoint, before the first Assembly of each quarter, ten regular Monitors who will attend promptly and regularly to the collection of the attendance slips at five minutes after eleven on each day of the Assemblies in Rodey hall.

EXCHANGE.

The Exchange is glad to acknowledge the receipt of some very nice class editions this week.

Simmons College will have one of the strongest college nines in Texas having seven letter men on this year's team.

The Honor System has been proposed by the student body of Denver University and is now before the faculty for ratification.

The Conference schedule for February 21st is: Colorado Tigers vs. Colorado Aggies at Fort Collins and Denver University vs. Colorado Miners at the School of Mines. The most interesting point of notice in this game is that the game will decide whether Colorado College or Colorado Aggies will win the championship of the Conference. As it now stands each of the two teams have an even break with the scoring of each at .667.

During the last football season a new world record was established by the Leopards of East Denver High School. During the season the Leopards played nine games in which they piled up a score of 549 points to the opponents 0. Another record which they made this year was the score of 148-0 in a single game with L. D. S. U.

Baylor University Team cleans up on the Baylor Medics with a close fought score of 29-26.

UPPERCLASSMEN WIN THREE BASKETBALL GAMES

(Continued from page 1.) The second half was in vain. This game was probably the best exhibition of team work, fight, and spirit that has been seen in the series. Although the Sophomores piled up an overwhelming lead in the first half, the Freshmen came back strong in the last period and if it had not been for the close guarding of McClure and Witten the Freshmen would have been victorious. At the final whistle the score was 27 to 21. A victory for the upperclassmen.

The third game at the Y. M. C. A. was featured by the long lucky shots made by the upperclassmen. It seemed impossible for Howden to miss a long shot. Again the Sophomores led at the end of the first half and again the guards on the upperclass team stopped the Freshmen in their fight for victory.

In every game of the series an excellent spirit of sportsmanship predominated. True, during the game there were times when a riot seemed near, but when the contest was over the players of both teams complimented the others on their playing. The losers smiled but held the determination that the next game would be theirs.

A notice of the next game will be

posted on the bulletin board and the boys participating in these contests want to see their classes get out and back them.

DR BELL SPEAKS TO THE STUDENT BODY

(Continued from page 1) ed Russia as an example of a country which was crying for highly-trained, Christian young men and women who would bring to Russia enlightenment in social, and political matters India was cited as a country which was in great need of teachers of Social Economy, Hygiene, Physical Culture, Domestic Science, Printing, Sanitation, Agriculture, Christianity and general civilization which would give those Indian people the right and ability to live.

Dr. Bell made his audience realize that in the face of world problems the American college man and woman had a great responsibility in the deciding of their life work and the place in which they would spend their lives. They were made to realize that Christianity is a sample application of the best principles of living, to social, spiritual and political life, and the right of all people the world over, to have the opportunity of making the most and best of life.
