KIWANIS, ROTARY, CHAMBER COMMERCE, REPRESENTED AT ASSEMBLY

Informal Talks by Prominent Business Men Afford Interesting Morning Program.

Last Friday morning the most frequent question asked was, "What are we going to have in Assembly this morning?" And, as usual, the answer came, "I don't know." But those of us who were wise enough to go, as most of us did, found that one of the best as well as one of the most unusual programs of the year had been provided.

Assembly began with two selections by a male octette, selected from the faculty and students, which were both vigorously applauded. The attendance slips were collected by the monitors, and Irene Wicklund made a few remarks about the "Hearty Party."

Doctor Hill then rose to introduce the speakers of the day. He said that there were three organizations in Albuquerque that were the soul of the city. These organizations were the Kiwanis Club, the Rotary Club and the Chamber of Commerce. And consequently he had brought some representative men from each group to speak to the Varsity students.

Mr. Sidney Weil was then introduced as a man of "unbounded irrepressibility" and a typical Kiwanian. He told the students the meaning of the word "Kiwanis," which is the Indian for "barter," but in its application it means barter of joy for joy, happiness for happiness. He spoke of the rise of the club in Detroit, Michigan, in 1915, and told (Continued on page 2)

SPIRITS CONSULTED BY MANY U STUDENTS

Reporter Tells of Funny Happenings at Spiritualist Meeting.

Have U. N. M. students got the old spirit. Well, you would think they have from the large Varsity representation at the Sunday spiritual services.

Skinny has a regular pew reserved and incessantly pesters the Spirits with questions as "What happened at Belen last Friday?" Frank Cassidy received great comfort having an aunt's bunion relieved via the spiritualistic route.

The Spirits bungled when they divulged a secret regarding the loss and "location" of a certain Alpha Delta pin. The unfortunate victim received a little satisfaction from the statement that the owner would never return it. Said person was at loss as to whether the interpretation meant that he had a sure thing or if the maiden had taking ways accompanied with the lack of scruples some girls possess regarding such matters.

Some kind friend implored that the fate of Clarence Grunsfeld be relieved as to the possibilities of his returning to school. When the medium gave out the information that some one present was contemplating doing an act which might be termed crooked, several persons were known to survey a quick route for the door in case any names were mentioned. Fortunately for Skinny and Fern, the atmosphere was too hazy to enable the reader to distinguish proper names.

This article is not meant to cast any reflections on this form of worship, but merely serves to demonstrate that the students are up to the minute spiritually as well as socially.

Helen MacArthur has returned to school after a brief illness.

AMERICAN LEGION BACKS MEMORIAL LIBRARY ON HILL

Hugh A. Carlisle Post Passes Resolution to Legislature.

At a recent meeting the Hugh A. Carlisle Post of the American Legion proved themselves to be behind the University to the last man. The following resolution favoring the building of a library at the University by the State to stand as a memorial to the soldiers of New Mexico who so gallantly gave their lives in the great war was passed. The resolution is as follows:

To the Fifth Legislature of the State of New Mexico in Session Assembled:
Whereas, It is just and right that (Continued on page 2.)

SIGS TAKE FIRST PLACE; ALPHA DELTA SECOND; PI KAPS THIRD

Series of Games Has Proved Good Basketball Material on Hill.

The Sigma Chi Fraternity was successful in winning the championship of the interfraternity basketball games by defeating the strong Alpha Delta team in the last game of the series at the Y. M. C. A. Saturday afternoon. The Sigma Chi machine was slow in starting, with the result that at the end of the first half the score stood 7 to 4 with the Sigs as favorites. In the last half the Alpha Deltas were held to one basket, while the Sigma Chis hit the iron ring for (Continued on page 4.)

NEW MEXICO ELECTRICAL ASSN. HOLDS CONVENTION U ENGINEERS ATTEND

Association Extends Invitation Which Is Gladly Accepted.

The New Mexico Electrical Association held their seventh annual convention in the Chamber of Commerce building on February 14, 15 and 16. About one hundred men were present, including representatives from manufacturing companies all over the United States.

The engineering students of the University were extended an invitation to attend the meetings of the convention and many of them took advantage of this opportunity and in this way were able to hear many interesting papers and discussions and also given a chance to meet some of the big engineers of the country.

The Westinghouse Electrical and Manufacturing Company gave a special exhibit for about twenty-five of the engineering students on Better Merchandising. Accompanying the exhibit were educational talks by Mr. J. C. Jones, supply division manager, and Mr. C. H. Paulin, of the merchandising section of the company. The entire exhibit was put on at a large expense by the Westinghouse Company for the purpose of educational lines only.

On Tuesday morning Prof. Carey gave a very interesting paper before the convention on Lightning and Lightning Protection. This paper was of particular interest, since many of the men present were central station managers.

On Wednesday afternoon about twenty of the members of the association visited the University campus. They were very much pleased with conditions here.

ANGLE TO REPRESENT THE FROSH CLASS ON STUDENT COUNCIL

Plans for Freshman Edition of the Weekly Taken Up. Roslington to be Editor.

Thursday noon the Freshman class held its first meeting in the second semester, for the purpose of electing one representative to the Student Council.

By the recently adopted Constitution, the Freshman class is allowed only one representative to the Student Council, and he can not be elected until the second semester. So the meeting was called for this purpose.

When nominations were put in order by the president there were two nominations made, Dick Angle and Harold Brandebury. Vote was cast by ballot, and the final result was: Angle 26; Brandebury 19. Angle was declared elected Freshman representative to the Student Council.

The president then said that it would be necessary to elect an editor for the Freshman edition of the Weekly and asked for nominations. Bill Roslington was nominated by Miss Pepita Espinosa. Nominations were then closed and he was unanimously elected. Roslington was empowered by the president to pick his own staff and to co-operate in every way with George Bryan in order that the issue may be a great success.

The question of electing a vice-president to fill the place of Betty Morrisette was considered, but as it is not definitely known whether she has left school or not, the matter was left unchanged. After a brief discussion on various matters, the meeting was adjourned.

Raymond Natziger entered the University last week as a student.

SOME WASHINGTON-ISMS

Merit rarely goes unrewarded. I hope I shall always possess firmness and virtue enough to maintain what I consider the most invaluable—the character of an honest man.

Be courteous to all, but intimate to few. I never say anything of a man that I have the smallest scruple in saying to him.

There is no experience equal to that which is bought. Let your promotion result from your own application and from intrinsic merit—not from the labor of others.

I hold the maxim no less in public than in private affairs that honesty is the best policy. True friendship is a plant of slow growth.

Associate yourself with men of good quality if you esteem your own reputation; for it is better to be alone than in bad company. Happiness depends more upon the internal frame of a person's mind than on external pleasure.

To contract new debts is not the way to pay old ones. Idleness is disreputable under any circumstances, productive of no good, even though unaccompanied by vicious habits.

It is easier at all times to prevent an evil than to rectify mistakes.

SOME LINCOLN-ISMS.

Hold on with a bulldog grip. All in that one word "thorough." This nation should be on the Lord's side.

Let us have faith that right makes might. I am glad of the chance to finish this big job.

Nothing valuable can be lost by taking time. When you can't remove an obstacle plow around it.

Many have got into the habit of being dissatisfied. Let them laugh as long as the thing works well. Be sure you put your feet in the right place, then stand firm.

When you have written a wrathful letter—put it in the stove. Don't shoot too high—aim low and the common people will understand.

I do not think much of a man who is not wiser today than he was yesterday. The Lord must love the common people—that's why He made so many of them.

Meet face to face and converse together—the best way to efface unpleasant feeling. Take all of the Bible upon reason that you can, and the balance on faith, and you will live and die a better man.

HEALTH LABORATORY CONTINUES ACTIVITY

Hundreds of Free Microscopic Examinations Made for Sick Who Can Not Pay.

At the State University of New Mexico, the Public Health Laboratory, which is conducted jointly by the State Health Department and the University, has completed an extremely busy and useful month. The report of the Bacteriologist, Miss Greenfield, for January shows some 422 microscopic examinations for persons living in different parts of New Mexico.

Director A. O. Weese of the Department of Hygiene at the State University has prepared a summary of the work of the Health Laboratory for the entire twelve months ending January 31, 1921.

The Laboratory was partially opened for business on February 1, 1921, upon the basis of a co-operative agreement between State Health Commissioner C. E. Waller and President David S. Hill of the State University. Delay in the arrival of materials and especially containers for mailing infective materials prevented its getting under way until May 1, 1920, when the number of examinations was (Continued on page 3)

NATIONAL UNIVERSITY OF MEXICO MAKES GIFT

Many Volumes of Mexican and South American Literature Received as a Token of Friendship.

The University Library is in receipt of a shipment of ninety books covering a large number of the best South American and Mexican authors which were secured through the efforts of Professor Hannibal Ibarra. Professor Ibarra received also for his own library some thirty duplicate copies.

The Universidad Nacional de Mexico, located at Mexico City, when answering Professor Ibarra's letter said that they were sending the volumes as a sign of their good will to the students and faculty of the University of New Mexico.

The collection of books covers subjects of history, philosophy, travel, fiction, and kindred subjects. There are also some very fine translations from American and French authors. Some of the noted Spanish authors who have their books included in the books are: Enrique Gonzales Martinez, Sor Juana Inez de la Cruz, Amado Nervo, Manuel Guterrez Najarra, Ruben Dario, Jose Vasconcelos and Jose Enrique Rodo.

During the past year the following were noted:
The gift of \$1,500 by citizens for the grandstand, \$600 of which was

who were to be given along these lines should be the Society as soon as possible in order to begin work for the coming year. The meeting has been called by George Bryan, who was last year manager of debate.

signs and have an unlimited supply. They also are carrying an excellent grade of fraternity stationery engraved with crests of the various fraternal organizations on the Hill and, best of all, they have two kodaks which they will loan—free—

low the example shown by older universities by making contributions, giving prize awards, and loan funds to the University.

seniors, Owen Pearce, Vernon Wiley, Ed Horgan, and George Bryan, who constitute the total active membership of the Khatahle Senior Honor Society, met for a short get-together and business meeting. While the organization is still a comparatively

equipment is the best made for athletic use. The new uniform with the present untearable sweaters are reent leather to prevent any tearing.

FRIDAY, FEBRUARY 21, 1921.

LINCOLN AND WASHINGTON.

Do the lives of the men who have helped to bring greatness to our country mean all that they should to us? February 12 and February 22 mark the birthdays of two great Americans. Honest Abe should teach us that it pays to play fair, that you should honor a man for what he is, not what he wears; and that we should give God and the Bible first place in our lives. No man has more to offer in the way of example to college men than Abraham Lincoln.

Washington, the Father of his Country, has been by some spread eagle orators, robbed of his manhood and cloaked with a weak and illusory semi-divinity. George Washington was above all, a man. He was master of himself and could not be licked. He is an inspiration to the red blooded young men of America.

At this time your minds should turn to the contemplation of these two great men of America, that we may benefit from what we know of them.

AMERICAN LEGION BACKS MEMORIAL LIBRARY ON HILL

(Continued from page 1.)
the State of New Mexico should erect a memorial, dedicated to our fellow comrades who gave their all in its behalf; and,

Whereas, In this day of economy we should erect something that would render service as did our heroes dead, to this state; instead of building a bronze shaft or statue; and,

Whereas, The State University of New Mexico, owned, supported and appreciated by the entire state, is in dire need of a library and auditorium;

Therefore, Be It Resolved, That the Hugh A. Carlisle Post of the American Legion, composed of honorably discharged ex-service men, respectfully memorializes and petitions the Legislature of the State of New Mexico to enact such legislation as is sufficient for the building of a combination library and memorial hall, in which shall be preserved trophies and memorials of the late war and tablets bearing the names of those who made the supreme sacrifice, to be placed on the campus—a tribute to the dead, and a service and an inspiration to the living.

Respectfully submitted,
Hugh A. Carlisle Post No. 13,
American Legion.

KIWANIS, ROTARY, CHAMBER OF COMMERCE, REPRESENTED AT ASSEMBLY

(Continued from page 1.)
of its development and many activities throughout the United States.

E. N. Boule, introduced as being famous as a good Kiwanian, manager of Gross, Kelly Co., and as a modest and retiring bachelor, made an excellent little speech. He said, "The foundations of our ideals are shaking and it remains for the coming generation in America to bring them back to stay. Responsibility faces them all. We want truth, honesty and pep in business. We need men who can speak well, who can express their opinions publicly; we need speakers!" Mr. Thomas Hughes was called up from the audience as "another great Kiwanian," but he objected at being taken out from the students where he really belonged and being placed with a bunch of old men.

Charles M. Barber was then introduced to represent the Rotary Club. He said that before anything else he desired to congratulate the University because of its progress under President Hill. He predicted that the future would see a great increase in size and numbers at U. N. M. Mr. Barber then told of the Rotary Club, its slogan, "He gains most who serves best," and its various activities, especially right here in Albuquerque. Among the things the Rotary Club has helped bring about is the present commission form of government, paving the streets, building a cabin for the Boy Scouts, and other things. Doctor Hill then called Doctor Clark up before the students on a pretext and showed them—another good-looking Rotarian.

Last, but not least, as the time-worn expression goes, came the Chamber of Commerce, represented by the vice president, Doctor Wylder, and Mr. Step-Lively Watkins, the secretary. Doctor Wylder spoke briefly and said primarily that the purpose of the Chamber of Commerce was to watch Albuquerque's growth and make it the kind of a city one would want to live in. For weeds will grow spontaneously; if you want that kind of a city, leave it alone. As noon was now approaching the speakers cut their remarks short and closed one of the most enjoyable assemblies of the whole year.

Frederick was sitting on the curb, crying, when Billy came along and asked him what was the matter.

"Oh, I feel so bad 'cause Major's dead—my nice old collier!" sobbed Frederick.

"Stuck," said Billy. "My grand-mother's been dead a week, and you don't catch me crying."

Frederick gave his eyes and nose a swipe with his hand, and, looking up at Billy, sobbed, despairingly: "Yes, but you didn't raise your grandmother from a pup."—Harper's.

The College Inn

SOCIETY

Reluctantly, we must face the fact that our frivolities have been at their ebb during the past week. Que hay? No dances; the anticipated Washington fete a broken bubble; no divorces, and not even any indication of newly found affluence. But—Despondency, take flight! for the future promises much. Our pompous Juniors are busily preparing an elaborate Prom (distinctly formal—buy, rent or steal), many rumors of a Sophomore dance may soon materialize, and even the "enterprising Frosh" have undertaken to put over a real "balle."

And why, at our genial University, have social activities dared to decline? "INITIATION," and all that it implies, answers the question fully. Many are the brave pledges who have passed through the mystic terrors to attain their active memberships. Pray tell us, oh Spirits who have already consoled adherents of

this institution to your beliefs with "manifestations," will the patient, abused pledges of yesterday, who (I must pause to weep) still remain pledged, be able to make three-fourths B's and nothing below C's next term?

ALPHA CHI OMEGA.

Five pledges were initiated, after having suffered various hardships, to the inconceivable extent of "no dates for an entire week," into the Alpha Chi Omega sorority. They are Misses Mary Mize, Miriam Schiebe, Juliet Fleischer, Edna Hillyer and Helen Lindsey.

The new actives were delightfully entertained at a luncheon at the Alvarado Saturday.

Thursday evening, the College Inn was graced with additional charming waitresses in the persons of the newly initiated pledges. Although no dishes were broken, the proprietor fails to report the same to be true of "hearts" and he is still busy informing the many inquisitive patrons of the resignation of the "drawing cards." Fat tells us that their occupation proved very profitable, judging from the dimes and quarters received at the Varsity Shop from these particular young ladies.

SIGMA CHI.

The Sigma Chis report new actives as follows: Messrs. Dean Wait, Maxwell-Fergusson and Jackson Harris.

PHI MU.

The new Phi Mu members are Misses Clarissa Parsons and Susan Tully. A dinner was given at the Phi Mu House in their honor, to which all alumni, actives and pledges were invited and which proved to be a very charming affair.

ALPHA DELTA.

The newly initiated are H. B. Brandebury, Cecil Cooper, Elmer Bryon and Horace Moore.

The last "smoker" of a series of four was given by the Alpha Delta fraternity last Sunday afternoon. The faculty members were the guests and a very enjoyable afternoon was provided for them, Robert Cartwright and Willard Stoffer being in charge.

These affairs have proved to be a strong foundation for the promotion of closer companionship between all students, and faculty members as well, which is so beneficial to the spirit of any university.

ALPHA DELTA PI.

Mary Wood and Hazel Morris are the latest active members.

Mrs. Jack Lapraik is planning an affair in honor of the new initiates.

WASHINGTON BIRTHDAY FETE POSTPONED BY ELIGIBILITY COMMITTEE

The eligibility bug-bear has attacked the Washington Birthday Fete. It is now lying in a critical condition and it will be some time before it can recover. There is some probability, even, of death!

There were to have been stunts by the various organizations, basketball games, dancing, refreshments, and an eight-piece orchestra; but all George White's arrangements have been upset. The matter will be brought up in the next assembly.

inations began to increase steadily. The number examined during the first fourteen days of February has been 778. At this rate the total for the month will be over 1,500.

The entire cost of the work to the state during the year was about \$4,000. If the 3,788 examinations had been done privately for compensation at an average cost of \$10 each, the amount paid would have been over \$37,000. The greatest values received, however, are in terms of contributions to the health and well-being of individuals and of families throughout the whole state.

ALPHA CHI TOSSERS WIN CLOSE GAME

Phi Mu Valiantly Defends Goal Only to be Beaten by One Basket.

In one of the most exciting and close games of the girls' basketball series the Alpha Chi Omega sorority won from the Phi Mu sorority by only one basket. The game was close from start to finish and offered exciting moments to the interested spectators.

Dorothy Stevenson was the star, ring forward for the Alpha Chies, while Susan Tully and Clarissa Parsons, who constitute the total active membership of the Khatanle Senior Honor Society, met for a short get-together and business meeting. While the organization is still a comparatively

LOCALS

Miss Laura Crawford of Roswell is in the city for a few days on her way to Las Vegas, where she will enter the State Normal School. She was a student at the Varsity last semester.

Ralph Miller, who attended the University of Colorado last semester and who is also a former U. N. M. student, entered the Varsity recently. He was pledged Pi Kappa Alpha this week.

Bob Hopewell and Johnny Myers returned to school this week. It seemed for a time that both fellows had left school for good, as they did not register again after the end of the last semester.

The Sigma Chis are without a house mother. Mrs. Harriet St. Louis, their former house mother, left this week for her home on account of illness.

Bish Howden and Bob Hopewell were fined by the city authorities this week, \$15.00 each, for alleged exceeding the speed limit.

Betty Morrisette returned to her home in El Paso this week. It is probable that she will not return to the University.

Mrs. Dana Collins of Oklahoma, member of the Alpha Chi Omega sorority, visited on the hill recently with her sorority sisters.

The University Library during the past week received 90 volumes of Spanish literary works from the National University of Mexico, at Mexico City. The books were sent here due to the efforts of Professor Ibarra.

Mr. Bent and Mr. Gray, members of the Legislature, visited the University campus last Tuesday.

Mr. Bowlés, chief engineer of the Federal Light and Power Company of New York, visited the campus last Tuesday.

Mr. Bent, manager of the Tucumcari Light and Power Company, has asked the Electrical Engineering department to assist him in designing a device for preventing overheating of bearings of motors, generators, turbines, etc.

SIGS TAKE FIRST PLACE; ALPHA DELTA SECOND; PI KAPS THIRD

numerous baskets, placing the score at the final whistle, Alpha Delta 7, Sigma Chi 23. The game was unusually rough and was featured by excellent team work on the part of the Sigma Chis. The two Gerpheides were the stars of the game for the Sigma Chis while Greenleaf and Brown did excellent work for the Alpha Deltas.

The second game of the afternoon was played between the Pi Kappa Alphas and the Independents, which resulted in placing the Independents as cellar champions of the league. The Pi Kappa Alphas had the best of the game throughout the contest. The result was never in doubt. The playing of Dow and Wilfley for the Pi Kaps was a feature. Pearce and Wagoner starred for the Independents. The final score was 23 to 8.

CARNIVAL DANCE FINANCIAL SUCCESS FOR ARMENIANS

The Carnival Dance given under the auspices of the A. D. P. for Armenian Relief was well attended both by University and town people. The pink lemonade, heart-shaped cakes and patties were served at the refreshment booth by maids in frilly caps and aprons. The bareback riders furnished a good deal of amusement for the crowd during the evening and an Egyptian princess foretold the future of many a damsel and youth.

The floor was in good condition and the peppy music furnished by the 8-piece orchestra made every one's feet tingle and eager to be in the whirl of gay dances. When the music would stop there was plenty of noise furnished by the whistles, horns and whirrigigs which were obtained at the Carnival booth.

Besides the money taken in at the door there was a considerable amount made at the different booths. It is certain the money obtained from this affair will be of great help to the suffering people and the A. D. P. wish to thank all who so willingly helped in making the dance a social and financial success.

STUDENT OPINION

To the Editor:

Help! Warm weather is coming and so is baseball. Are we going to get out on that athletic field this spring and show some real stuff? U. N. M. must not be defeated this season in baseball. In order to do this, every man who ever saw a baseball must go out on that field with a bat, ball, or glove, and show what he has got.

Competition is the life of anything. Let's have a little competition in baseball. Make the other fellow work to get a place on that team. Show a little real spirit. If you can't play baseball come out anyway and do a little yelling.

From all appearances it looks like a good season this year, and there will probably be a few trips, besides various local games with the Indian school, Menaul, and others. Come on, Varsity, let's get together and put over the best baseball season U. N. M. has ever had.

CARTWRIGHT.

WARD TO BE ON STUDENT COUNCIL

Sophomores Have an Interesting Meeting.

The Sophomores had a meeting Tuesday noon and filled the place left vacant by Stewart McArthur through electing Walter Ward to the Student Council. Helen Nelson was unanimously elected secretary, taking the place of Johnnie Whittier, who did not return to school the second semester.

March 17, 1921, when with other
elaborate ceremonies the Engineers
pay honor to their patron, Saint Pat-
ty was given last Saturday evening
by Mrs. W. G. Hopewell for her son,
Willard Hopewell, who spent the hol-
idays at home.

tertaining with a dance at the Woman's
