P. K. A. RETAINS LEAD IN TOURNEY

Rushing Style of Play Defeats Alpha Delta Quintette By 18-9 Score.

Playing a rushing style of basketball, the P. K. A. quintette increased their lead in the inter-fraternity tournament, last Tuesday, by defeating the fast Alpha Delta team, 18 to 9, in one of the hardest fought games yet seen on the Y. floor. As a result of this contest, the P's have a three game lead on their nearest rival. The game which was to have been played between the Independents and the Sigma Chi's went to the latter by default.

In the P. K. A.-Alpha Delta struggle, the latter started the scoring when Bryan, star forward, caged a long one from mid-field; and increased their lead when Bursey sunk one from the foul line on a foul by Jones. A spurt, however, soon tied the score; the P's working their signals to advantage. From this time it was nip and tuck until the last few minutes of play when White and Jones each scored one from the field and Dow made a free basket. The half ended P. K. A. 11, Alpha Delta 6.

The second half started with hard rough playing on both sides, with little apparent advantage to either team. No score was made during the first six minutes of play. The scoring was again started by Bryan who dribbled rapidly down the floor and caged one of his deadly one handed scoops. This was the last score made by the Alpha Deltas except on a free throw. During the remainder of the game the P's managed to run their score up to twenty points.

Bryan, of the Alpha Deltas, was the star performer of the game, shooting all the field goals made by his team, and rarely missing an opportunity to score. Mapes played his usual steady game at guard. For the P. K. A. five, Dow was the most consistent scorer, making three from the field and missing only one out of four chances for the foul line. The line-up was:

Alpha Delta	Pi Kappa Alpha
Bryan	r.f. Jones
Wilkinson	r.f. Dow
Jells	c. White
Mapes	r.g. Igou
Bursey	l.g. Wilfley

CAST FOR WONDER HAT TRIES OUT IN RODEY

Dramatics now hold the center of the stage at the University. Last Tuesday afternoon, tryouts were held in Rodey hall for the play which is to be given March 11th, under the able direction of Mrs. Rockwood. Miss Helene Jackson, club president, after careful consideration, has chosen from a number of plays, "The Wonder Hat," as one well suited, but it will not be difficult to see "The Wonder Hat" is a one-act play, one of the so-called little theatre productions—and provides roles for five characters, three masculine, Pierrot, Harlequin and Punchinello; and two feminine, Margot, and Columbine. While the play is not long or complicated, it is a delightful skit, and is admirably suited for the purpose of the club.

The cast has not been fully selected, but it will not be difficult to secure an all-star cast from among the amateurs who presented themselves for the tryouts. According to Mrs. Rockwood, practice will be held daily in Rodey hall, in order to perfect the players in their parts. Costumes are now under construction. Scenery will be made and handled by the more artistic members of the Dramatic club.

BASKETBALL TEAM READY FOR NORMAL

Women's State Championship at Stake in Contest March 3, Practice Daily.

Daily practice, under the direction of Coach Miss McCormack, is rapidly developing the University Sextette into smooth working basketball machine; and the team is looking confidently forward to a victory over the fast sextette of the Normal University. The game is to be played on March 3, at the Armory.

Several practice games with the girl's team of the Albuquerque High School have been played within the last couple of weeks in order to develop the necessary team work by active competition, and to determine the best possible line-up to send in against the Normalites. While the team has not been definitely determined upon, the probable line-up will be: forwards, Misses Gerhardt and Parsons; centers, Misses Stephenson and Nelson; guards, Misses McGuire and Mitchell. Others on the squad are Misses Sherwood, Guley, Walters, Andrews and Walker.

The team from the Normal University claims to be the most formidable girls basketball organization in the state, having played some ten games this season without sustaining a defeat. They also claim the undisputed championship of the state for the past four or five years during which time they have been unbeaten. Should the Varsity sextette be successful in hanging the Indian sign on the crew from Las Vegas, they would be safe in stating themselves the best women's organization in the Southwest.

With the exception of inter-class and inter-fraternity basketball, this will be the first scheduled game for a sextette representing the University as a whole. Efforts are being made to make the game a financial success, and should it pay its own expenses, it is probable that a return game will be scheduled to be played at Las Vegas. It is possible that a preliminary game will be played between two of the leading contestants in the Inter-Fraternity league.

ELDER LEADS ATHLETES IN FRESHMAN CONTESTS

Robert Elder, ex-Albuquerque high school star, is leading all his classmates in the Freshmen all-around athletic contests staged by Coach Johnson three times a week, in the gymnasium and on the track. To date Elder has taken first place in all the events he has entered with the exception of the hundred yard dash, the half mile run, and the strength test.

Next to Elder in efficiency are Clark and Akinhead. The former has proven himself a sprinter of ability and should make a creditable showing later in the Spring in the middle distance events. Akinhead has been running a high average of points in competition, although he has no first places to his credit. Louie Hernandez had everything to himself in the half-mile event. Hernandez was Albuquerque High School's star 880 yard man last year.

Good track material is being brought to light by Coach Johnson by this method. The members of the Freshman class are taking an enthusiastic interest in the work, and finding the vents they are best suited for. With a number of last year's stars back, the University should have no difficulty in putting an excellent track team on the field this Spring.

A good way to get an obstinate man to do a thing is to tell him he can't. He'll hop right to it just to prove you wrong.

BEAUTY CONTEST TO CLOSE MARCH 17

Rivalry Among Backers Evident. Short and Snappy, Motto Of Management.

March 17, the date set for a number of interesting University events, will see the finish of the annual "Vanity Fair" contest conducted by the management of the Mirage to determine the University's most beautiful and most popular co-ed. The contest started with a swing a few days ago with the arrival of the tags with which to conduct the sale of the Year Book.

Already numerous sales have been reported, and rivalry is being evinced among the backers of the various delightful candidates for honors. So far quite a number of votes have been turned in, but no statistics have been made of the standings. However, from looking them over, Miss Spargo and Miss Tully seem to be leading in their respective contests. A complete list of contestants and their standings will be published in the next issue of the Weekly.

This year's contest, as the management puts it, will be short and snappy. Winners in the respective divisions will be photographed in several attractive poses, each to have a full page in the year book. Five hundred votes are given to each purchaser of the Mirage which will sell as usual at \$4 a copy. \$2 is to be collected at the time of the purchase, the balance to be paid on delivery of the book.

The editorial staff has reported that this year's edition, will be bigger and better than ever, offering a complete history of the school year in picture and story. Mr. Faw, photographic editor, may be seen on the campus daily, shooting various items of interest, and it is safe to say that no campus activity will go unrecorded.

CHALLENGE TOURNAMENT TO BEGIN IMMEDIATELY

Striking activities have been resumed by the Tennis club. The tournament committee has announced the rating of members according to the showing made in the Winter tournament. Using this list as a basis, a rating tournament has been arranged to continue until the Annual Cup Matches in the Spring.

On or after the 20th of February, challenges may be issued by any member to the next highest ranking player. Those challenged must accept or default the match within one week after the date of challenge. By means of this tournament, the president of the club will have some definite evidence of the ability of each player. In this manner, the choice of a team to represent the University in the Inter-collegiate matches this Spring, will be greatly facilitated.

The following rating has been made on the basis of individual record in the Winter tournament. The list is headed by Vernon Wilfley, who went through the long series of games undefeated.

1. Vernon Wilfley.
2. Frank Reeves.
3. Fred Wagner.
4. Pat Miller.
5. Edward Horgan.
6. Menefee Long.
7. Tom Calkins.
8. Walter Berger.
9. Lawrence Dow.
10. L. Fertsch.
11. Walter Bowman.
12. Kenneth Wilkinson.
13. Eddie Mapes.
14. William Clark.
15. John Fernstrom.
16. Morley Cassidy.
17. Joe Bursey.

ALPHA DELTS WIN DEFEAT SIGMA CHI

33-33 Tie at End of Last Half Calls for Extended Period of Fast Play.

Continuing their fast playing, since their come-back from cellar position, the Alpha Delta quintet defeated the Sigma Chi basketeers in one of the most interesting games of the season.

Alpha Delta tasted first blood when Bursey made a free goal on a foul off Wagner. The Sigs came back with a burst of speed and rolled up four points in rapid succession, then increased this by four more while their opponents were making two. The Alpha Deltas lost a little of their confidence and got their team work to going and ended the half 12 to 20 in their favor.

In the second half the Alpha Deltas started off well and with a ten point lead apparently had the game clinched. They relaxed in playing and allowed the Sigs to roll in five long ones from the middle of the floor. From this time on the outcome of the game was in doubt. The game ended a tie, 33 to 33, as the whistle blew.

Miller fouled, but Bursey failed to make goal. An extra five minutes was allowed to play off the tie. After one minute of play the Alpha Deltas again took the lead when Bursey shot a free goal. A minute later Greenleaf made a field goal but it was not needed. The game ended 33-36 favor of Alpha Deltas.

The game was featured by close guarding on the part of the winners and long shots on the part of the losers. Bryan, star forward of the Alpha Deltas was the outstanding player of the game, while Stowell at forward and Furgerson at guard did excellent work for the Sigs.

P. K. A. won its game from the Independents by default. This is the third time the Independents have failed to put a team on the floor. Two teams, however, were made up and a scrub game was played, in which no rules were followed and no referee officiated. It was very amusing. The line-up for the Alpha Deltas-Sigma Chi was:

Alpha Deltas	Sigma Chi
Bryan	r.f. Miller
Wilkinson	r.f. Stowell
Jells	c. Popejoy
Mapes	r.g. Wagner
Bursey	l.g. Furgerson

JOHN MILNE MAKES TALK ON DUKE CITY SCHOOLS

Friday assembly was heard by the usual crowd. John Milne, superintendent of the Albuquerque Public schools made a short talk on the advancement of the schools of which he is the head. His talk included some interesting statistics. Twenty years ago, according to John Milne, when vice president Hodgins of the State University was the head of these schools, there were employed only some fifteen teachers; now this number has increased sevenfold.

The High School at Albuquerque not only gives instruction to those who attend, but it spends three thousand dollars per year in paying transportation of students who live out of town, and need it.

President Hill was confined to his home with a cold and was unable to preside over the meeting.

Dr. Coan after an absence of more than a month has recovered sufficiently from his operation to be up again and though still weak, he will probably be able to return to his class next week. The students will all be glad to welcome him back after his enforced vacation.

who desire to do anything along these lines should join the Society as soon as possible in order to begin work for the coming year. The meeting has been called by George Bryan, who was last year manager of debate.

some runners, etc., in various designs and have an unlimited supply. They also are carrying an excellent grade of fraternity stationery engraved with crests of the various fraternal organizations on the Hill and, best of all, they have two kodaks which they will loan—free.

low the example shown in other universities by making contributions, giving prize awards, and loan funds to the University. During the past year the following were noted: The gift of \$1,500 by citizens for

seniors, Cullen Pearce, Vernon Wilfley, Ed Horgan, and George Bryan, who constitute the total active membership of the Khatable Senior Honor Society, met for a short get-together and business meeting. While the organization is still a comparatively

game of the season. Equipment is the best made for athletic use. The new uniform form with the present uniform that the sweaters are reinforced leather to prevent any chance tearing.

NORMALCY

During the present year there has been much less interest in social affairs and a marked decrease in the number of such functions over previous years. Students have expressed their sentiments concerning this change in emphasis from the social to the scholastic in various terms of disapproval, disgust or rebellion. And this is perfectly rational and understandable. Last year there was an unbroken series of dances, at homes, teas and picnics, but during the present year very few functions of this sort have been given and these few only through long-established custom and a desire on the part of the faculty to balance pleasure with work. All play and no work has as its effect evils of no less consequence than those resulting from its more popular derivative. If a sudden change is being worked out, it is a change for the better—for better men and women, better students, and a better University.

There is but little truth and less evidence to support the assertion that there is a thirst for pleasure now prevalent in the Universities and in the country at large which must eventually result in destruction. There never was a time when so many young people sought education, and the bulk of these are enrolled in extension or summer-session courses where house parties and social frills are virtually non-existent. Of course, there are many individuals whose sense of values is lamentable. But as for the implication that human nature has become warped, the testimony is altogether insufficient; in fact, there is evidence that many of us are becoming too serious and earnest. If we play more than we did formerly, it is to offset the hard hold which work has upon our lives. Surely no superficial change brought about by a new generation can obscure the age-old truth that life must be nicely balanced between work and pleasure, and too heavy a weight upon the pleasure side spells emptiness and ashes.

The war is over. In the University, the reaction that everywhere followed it is also over. The sooner that we realize this, so much sooner will we cease our purposeless grumbling and complaints, and arrive at some real standard of happiness and contentment.

In the last edition of the Weekly, an article dealing with the Society of Engineers appeared, which contained remarks detrimental to the character of Cullen Pearce. This article was printed without the knowledge of the editor, and had it been edited would not have appeared. The editor takes this means of apologizing for his negligence in this matter.

KOYOTES HAVE SPLIT IN ORGANIZATION; AT DORM

Reports have been heard to the effect that the renowned Koyote Klub of the men's dormitory, has had a split, or at least a division of thought in its organization. While this is a serious matter, and probably induced from the absence of Longears Stahl, who succeeded Dixon, it is said that the damage is not irreparable.

From rumors that are circulating around the dormitory, several interesting facts are gathered. After the departure of Swish-tail Dixon to the Alpha house, the pack was again left leaderless. However, a few members got together and elected a new leader, and proceeded to the business of pledging the new arrivals. Thus far all running most smoothly.

The unconsulted members, at this juncture, took it upon themselves to do the initiating stunt, goal and all, without soliciting the aid of the new officials. Tuesday night, the initiation was carried through with all the harrowing details, but the august officials were not in on the ceremonial. Therefore the legitimacy of the initiation is being questioned; but it is now being generally considered valid inasmuch as one faction did the pledging and the opposing faction did the initiating.

Since this is the first breach the organization has ever sustained, many of the ardent co-workers are slightly alarmed; but it is hoped that a reconciliation will soon be effected. The new members of the Koyote Klub are R. Chant and I. J. Coury.

LOWELL SOCIETY HOLDS INTERESTING MEETING

The Lowell Literary Society held its second meeting on Tuesday, February 28th, in room 26. Miss Mary Sands, recently elected president of the society, presided. The society is preparing for its meeting with the University of Southern California, which is scheduled for the 20th of March. The question has not yet been determined. Greater interest in debating is being shown this year, and it is likely that some very strong teams will defend the University in the coming contests.

The following was the program for the meeting held last Tuesday:
Orator: Thos. V. Calkins.
Debate: Resolved, that a court of industrial relations for the judicial settlement of industrial disputes should be adopted by the several states. The judges declared the contest a draw. The affirmative was taken by Mr. Charles Caldwell and Miss Margaret Gussdorf, the negative by Mr. George Martin and Mr. Leigh Sterrett.

VERY LIBRE

According to Dr. Skeel, eminent authority on very libre vers, who delivered a learned address before the Woman's club last week: Free poetry can be learned very easily in a few lessons, and anybody can construct a free verse poem that an American editor will pay money for by the simple expedient of adding a single line of passionate emotion. It would not be safe to leave the student to his own devices at the start; he could quite safely be given a little list of last lines which could be used (preferably in italics) in any poem of the kind. "Oh God!" is one; "Ah! the Pain," is another. Behold the final result:

"Misty air
A long, straight street
Of flat houses
A solitary policeman
With a shiny
Cape
A red pillar-box
A boy
In the distance
Whistling a tune.

Ah, God, the pain."
As Dr. P. H. D. Q. & X. Skeel puts it—"That's the balmy Dope."

Thoughts on Assembly, Feb. 24th

The maiden sang with beauty rare
Her manner sure was charming;
Her face and dress uncommon fair
Her glances, they were warming.

When the last sweet note had fled,
Silence found divided ranks
Mankind went quite off its head—
The girls were frowning, scowling
blanks.

Perhaps it was those glances sly,
Besides the voice that charmed us,
But still I can't but wonder why
The girls looked so dolorous.

Scientific Chemical Contest,
By increasing the
Degrees Fahrenheit of the
Ozone.
The dog used to wag his
Tail, with the normal
Sideswipe—negatively
As it were.
He now manipulates it
Straight up and down
In order to agree with
Everything Igou says.
Some Chow, Eh, wot?

"Harum-Scarum" is a perfectly good word used in connection with a person who is exceedingly wild, reckless or thoughtless. The word probably originated from a combination of the two English verbs, "hare," to excite or worry, and "scare," to frighten. Locke, in his "Essay on Education," uses "hare" as a verb in this manner: "To hare and scare them is not to teach but to vex them." In this country, it is generally supposed that "harum-scarum" is an Americanization, due probably to Washington Irving's use of it in his "Alhambra," where he wrote: "From a walk, the horse soon passed to a trot, from a trot to a gallop and from a gallop to a harum-scarum scamper."

"George," she said, "before I give you a final answer you must tell me something! Do you drink anything?"
A smile of relief lighted his handsome countenance—was that all she wanted to know? Proudly, triumphantly, he clasped her in his arms and whispered in her shell-like ear: "Anything!"—Dollar Bill.

Do Two and Two Make Four?
The famous logician Archbishop Whately was having an argument with a friend, when the friend said: "One cannot argue with you, for you will never admit one's premises. I don't believe that you would admit without argument that two and two make four." Certainly not," said the archbishop. "For instance, they might make 22."

A person who is too nice an observer of the business of the crowd, like one who is too curious in observing the labor of the bees, will often be stung for his curiosity.—Pope.

Success is sold in the open market. You can buy it—I can buy it—any man can buy it who is willing to pay the price for it.

SOCIETY

Alpha Delta—Sunday afternoon, the 20th, Alpha Delta entertained the men students of the University at a smoker. The afternoon was passed in conversation and furnished a good chance to get together and make a pleasant break in the general monotony.

Alpha Delta Pi—Alpha Delta Pi announces the initiation of three new members, Esther Morgan, Ruth Morgan and Maude Nelson. The initiation rites were held at the Cameron home on Copper Avenue and later the actives and pledges were entertained by Mrs. Helen Scruggs.

Alpha Chi Omega—Alpha Gamma of Alpha Chi Omega has issued invitations for an at home and tea at the chapter house on East Silver, Sunday afternoon, from four to six. The tea is in honor of the faculty and students of the University.

Pi Kappa Alpha—"El Humo de la Estufa," spasmodic publication of Beta Delta chapter, will soon be off the press. The last edition is edited by Mr. Walter E. Bowman, assisted by Mr. Frank Neher, Mr. George White and Mr. George Martin.

Kappa Kappa Gamma—The actives and pledges of Kappa Kappa Gamma will be entertained at tea by Miss Wilma Snyder at her home on 9th Street, Saturday afternoon. Miss Snyder graduated into the ranks of the alumane last semester.

Sigma Chi—Saturday afternoon Beta Xi of Sigma Chi initiated three new members: John Wilkinson, Abe Stowell and Clyde McCulloh rode the goat.

Phi Mu—The Phi Mus entertained at dinner last Wednesday evening, Washington's Birthday. The actives and pledges and Miss Erna Ferguson, Miss Louise Lowber and Miss Edna Mosher were present. A delicious dinner was served and a lively evening brought a fitting climax to the holiday festivities.

WAGNER MADE MEMBER OF PIPE AND PEN CLUB

Papers were read by all the members of the Pipe and Pen club at their last meeting which was held at the home of Dr. L. B. Hessler on University heights. Failure of a member to be prepared with a paper involves a penalty of the price of tobacco for the next meeting.

Mr. Frederick Wagner, who was pledged to the organization some time ago, presented his second paper and was initiated to the club. His paper was on the Unique Architecture of the Southwest, which draws

its style from characteristics of three peoples, the Spaniards, the Indians, and the American.

Following the meeting Dr. Hessler served a light luncheon of cheese, pumpkin pie and whipped cream, and coffee. The next regular meeting will be held at the home of Dean L. B. Mitchell.

Apparently the article in the Weekly with regard to the Matrimonial Bug has some effect—for last Saturday afternoon Miss Mary Mullen and John Popejoy, captain of next year's football team were united in the bonds. They motored to Bernalillo and were married there, intending to keep it a secret until later, but, unfortunately—the little bird gave it out that some carrot-headed University student had got married. For a time, it was rumored that Deacon Thomas Calkins was the man but he denied the allegations. Finally the wedding ring and the blushing bride admitted it and we welcome one more among the "happy" wedded couples on the hill.

Miss Katherine McDowell has returned to school. For the past two weeks she had been in quarantine from scarlet fever, but has safely recovered.

Mortarboard Junior held a meeting last Saturday afternoon at the home of Grace Peterson. It was a very dignified session and a constitution for the organization was drawn up and adopted. At the close of the business session, light refreshments were served.

Two locomotive engineers met on the street. Bill sang out to Jim: "We voted to strike at the meeting today, but I didn't see you there."

"No," replied Jim, "I couldn't get downtown on account of the street-car men's strike. Those fellows haven't any consideration at all for the public."
