VARSIITY BASKET TOSSERS LOSE TO THE AGGIES

POTTERY EXHIBIT IS COMING HERE SOON

Day to be Set Apart for Varsity Students for the Display at Woman's Club.

The National Federation of Woman's Clubs of the U. S. is sending out to the various cities of the U. S. an interesting pottery exhibit. Through the combined efforts of the Woman's Club and Tuesday Club of this city, we will have an opportunity of seeing this exhibit.

Specimens will be shown of all the different makes of pottery to be found in the U. S. These will be displayed at the Woman's Club some time in the near future. Definite arrangements have not yet been made, but a day will be set aside for all University students who wish to take advantage of this. As soon as the time has been decided upon, notice will be posted on the bulletin board.

INTERESTING ASSEMBLY IS HELD ON THURSDAY

Prominent Speakers Pay Tribute to Washington and Lincoln; Present Situation Discussed.

Washington's birthday was celebrated at the University by a fitting memorial service, somewhat unusual because of late state and national developments.

Honorabe T. J. Mabry delivered an address in the memory of the late Governor de Baca, whose remains were being laid to rest in Las Vegas at the hour Mr. Mabry was speaking. Because of the patriotism and sacrifice for his fellow citizens always shown by Gov. de Baca, it was indeed fitting that a part of last Thursday's service should be devoted to the memory of our deceased executive.

Perhaps no one could have been selected by the committee more fitted to speak of Washington and Lincoln than venerable ex-Governor Stover. "I remember how seventy years ago we"—is an introduction to remarks that indeed ought to receive the careful attention of every listener. Mr. Stover paid a beautiful tribute to the lives of both Washington and Lincoln, emphasizing the sacrifice they made for the nation. Dr. Boyd spoke of the present danger that faces our country. He did not venture to prophecy but he denounced the imposition that certain foreign nations have dared attempt to levy on us, and urged every student to be ready to respond, as did the heroes of other days, to whatever call may come. It may be that we will remain at peace; or it may be that a disastrous war may come.

"At all events," said Dr. Boyd, "we should give to our nation whatever she may be able to use for her perpetuation, and for the maintenance of established rights among nations."

Las Cruces Broke Chain of Victories Accorded to Cherry and Silver Team in Hot Contest Last Friday Night at Aggie Gym to Tune of 30 to 27; Exciting Crowd Witnessed Game; U. N. M. Men Played Fast and Furious, But Were Unable to Take Long End of Score.

The Cherry and Silver basket tossers journeyed to the lower part of the state last week and were defeated by the Las Cruces Agricultural College to the tune of 30-27. The game was the fastest exhibition of the indoor sport ever witnessed by the fans at Mesilla Park, and although we received the small end of the score, the team deserves a great deal of credit. The entire squad then went to El Paso, spending Saturday and Sunday there, and returned home yesterday morning. (The crowd at the station was enormous.)

Upton caged the first basket not more than five seconds after the first whistle blew, which took the Aggies completely off their feet. Moore and Nohl guarded like veterans, as did also Feather, while Upton played the floor well, and the first half ended 16 to 11 in favor of the Varsity. The Aggie rooters who crowded the gymnasium were breathless and the cheering, the loudest ever heard in the Aggie gym, was completely stilled at the end of the first half.

The second half started with a rush and the Aggies made the first basket. Varsity made one field goal and a foul, but the Aggies came back with three goals and one foul, putting them one point ahead. The baskets were then made in rapid succession and the Varsity men were unable to overcome the lead. The score stood 28 to 27, when Buens of the Agricultural College was put in at forward in place of Vickers and just as the whistle blew, he caged the last basket, making the final score 30 to 27. The cheering which was heard at this time would almost deafen one. The game

was the fastest ever played in the Aggie gym and excitement was the "pass word."

Feather at center outjumped Osterhout, the star Aggie center almost every time, and played an exceptionally good game. Nohl played a splendid game at guard keeping his man from making the points he was expected to. Upton, at forward, caged his share of the baskets and was in the game all the time. Moore, the "recruit" guard, distinguished himself admirably. This was the first regular game young Moore has played this season, and also his initial appearance on a floor. He caged two pretty baskets from the center of the floor and played like an old timer at guard. The entire team worked well together, time after time, taking the ball from one end of the floor to the other.

The hospitality extended by the Farmers is characteristic of their institution, and the Varsity players, as well as the University itself, desire to take this opportunity to compliment the Agricultural College as a whole. The dance after the game tended to drown the sorrow of defeat, and the climax came when the squad arrived at El Paso and "took in the sights," Saturday and Sunday. The experience in Juarez was also well worth the effort. Feather also had a very exciting stitution, and the Varsity players, as

The basket ball season is over now and having only lost one game, it has been indeed a very successful year. The next number on the program is baseball and track. All men interested are requested to report for practice immediately.

TELEGRAM IS SENT TO PRESIDENT WILSON

Sentiment of Faculty and Students Expressed in Message to Executive

Following Dr. Boyd's address on last Thursday morning, the following telegram was approved of unanimously by the entire audience, and sent on to President Wilson:

Feb. 22, 1917.

"The faculty and student body of the University of New Mexico in convocation today hereby resolve that there is no more patriotic way of celebrating this, our national holiday, than in expressing to you their hearty approval of your course in the present strained relations with the central powers and in assuring you of their genuine co-operation in whatever steps you may take to preserve the rights of humanity.

DR. BOYD,
Pres. University of New Mexico.
FLOYD LEE,
Pres. Student Body.

SPECIAL MUSICAL PROGRAM TUESDAY

Fortnightly Club Offers Special Treat to the University Students and Friends.

All music lovers will be greatly interested in the program to be given by the Fortnightly Club in Rodey hall on Tuesday, February 27. The concert will begin at eight o'clock.

The program follows:

Chorus—Soldier's ChorusFaust
Chorus -
Piano Solo—Polanalse, A major.....
Mrs. Mabel Himoe
Sopran Solo—Mimi's Song, La Boheme
Mrs. S. B. Miller
Trio—2 violins and piano—
Puccini Liebaume-Liste
Lorna Lester, Bruno Diekmann,
Stanley Seder
Chorus—Waltz Chorus from "Fair
Scene" in "Faust".....
Chorus
Soprano Solo
Mrs. F. W. Nichols

PROF. BONNETT GIVES INSTRUCTIVE LECTURE

Civics of New Mexico Explained to Geology Class; Few Outsiders Present.

On Monday morning, Feb. 24, Professor Bonnett gave a very interesting lecture to Dr. Kirk's class in Geology 8. His subject was "Civics of New Mexico." Beginning with the government nearest to us; that of the school district, he explained the different forms as found in this state.

The city government, with its system of checks, which causes deadlocks, in the government as illustrated in the present state of affairs in the Albuquerque council; the county, governed for the most part by the commissioners, and that of the state which is modeled for the most part after the federal government, were all thoroughly explained.

The court system was discussed and explained, as well as the present situation caused by the death of de Baca.

The lecture proved very instructive to all members of the class, and many who were not members took this opportunity to learn of these situations and conditions. Perhaps the only reason that more were not present was the fact that the hour of the lecture was eight o'clock.

UNIVERSITY EXPRESSES SORROW AT GOV.'S DEATH

Students and Faculty Extend Sympathy to Bereaved Family.

The faculty and student body of the University of New Mexico were grieved to learn of the death on Sunday, February 18, of our governor, E. C. de Baca. We wish to extend our heartfelt sympathy to the bereaved family whose loss has been our loss and a loss to the whole state.

HAVE YOU

Any snap shots of college life—campus scenes, pictures of games, trips, picnics, slumber parties, unsuspected photos of those affiliated with cupiditis; or even dog fights, cat fights—anything interesting?

If so, the Mirage wants them. Hand in soon to Lina Fergusson, Myrl Hope, G. L. Butler, or Pryor B. Timmons.

Piano SoloPaganini-Shuman
Atude C minor.....Chopin
Trio—from "Faust"
Mrs. Bradford, Mr. Padel,
Mr. F. W. Nichols

This is certainly a favor on the part of the Fortnightly club, and a large audience is expected.

COLLEGE SPIRIT.

Since foot ball season has closed, our college spirit has been declining by spurts until now it is hard to find any at all.

Dr. Hall in his address to us, not long ago, congratulated us on being in a small university where we know all our fellow-students and we study directly under the heads of departments, rather than under less-efficient subprofessors. More than all this, however, he congratulated us because, through this very fellowship, we may have greater college spirit.

"College Spirit" is merely the name for that feeling that prevents college life's being a mere grind. It is this "togetherness" and mutual helpfulness that the business self-made man who has never been to college misses more, perhaps, than any other part. Without this spirit, each man and woman works for himself or herself, as the case may be, losing sight of the courtesies and even the rights of the "other fellow."

With it, each athlete goes into every contest feeling that he will "Fight to the Finish" not merely for the personal satisfaction and glory to be gained, but for the honor of his school. Each debater puts forth his arguments with just twice as much force, knowing that whether the judges may all decide in his favor, or not, when he has done his best, the "college spirit" of the students will cause them to shake his hands anyhow and hope we will win next time.

As has been said, our college spirit has been rapidly declining until many of the students did not even know that our basket ball team was leaving on Friday morning to play the "Aggies." With this disinterested point of view naturally a victory or a loss will not mean much one way or the other.

Perhaps foot ball may keep you keyed up to a higher pitch of excitement but let us all "Wake Up" and show a lively interest in basket ball and debates since these two activities have the floor at the present time. Let us "get behind" our representatives and help them whether they are working in athletics or some other line and show them "We are with them" and give Dr. Hall reason to congratulate us on our "College Spirit."

"GO ASK WILLIE" PICTURES FINISHED

Ed King to Take Orders for Cast Pictures First of Week.

All those wishing pictures of any of the groups or "leads" of this year's play, "Go ask Willie," see Ed King the first of the week. Mr. King will

have prints of each picture taken and will be able to give you the prices for any or all of them. Special negatives other than the finished one which he will have with him, may be had, for an additional charge of 50 cents, for the finishing of the negative.

Get your order in now and have your pictures for a souvenir of the famous play.

RIFLE CLUB ONCE MORE PRACTICE

Sharp Shooters Again Begin Operations at Order of Captain Gruner With Coming of Fair Weather.

The Rifle Club has once more begun operations. For the past two or three weeks the men have been unable to continue operations because of the bad humor of the "weather man." A notice that practice would be once more opened up was put on the board by Captain Gruner, in hopes that it might come true.

Luckily for the "men behind the guns," Saturday was a fair day and a directly under the heads of departments, rather than under less-efficient subprofessors. More than all this, however, he congratulated us because, through this very fellowship, we may have greater college spirit.

CURRENT EVENTS.

Feb. 17. Germans seize mile and a half of foe's line; take many men. Manufacturers of news print leave the prices to commission.

Feb. 18. Car shortage is worst in nearly ten years, report. All guardsmen on border ordered home; regulars stay. British troops turn tables on foes; get mile and a half front.

Feb. 19. Gov. E. C. de Baca dies after long illness from incurable disease.

Feb. 20. Death of Major General Funston causes dismay in all military circles. All machinery of legislature pauses; death of de Baca mourned.

Feb. 21. Funston's body lies in state in historic old Alamo building.

Feb. 22. President wants to avoid war; but means to protect U. S. Food riots in New York resumed with less violence.

Feb. 23. Germany to lose all colonies if entente powers are successful. Allies prepare for great drive from Saloniki in early spring.

Feb. 24. French steamer carrying troops and convoyed is sunk by U-boat.

Feb. 25. Seven Dutch vessels sunk, while observing German rules.

This Prevents Seasickness.

Encouraging tests have recently been made by an eastern inventor with a self-adjusting berth for steamships. In its present form the device has somewhat the appearance of a lawn or porch swing set in a reclining position, but although it might be employed in such capacities it is primarily intended to provide a level, vibrationless bed for steamer passengers. The bunk is suspended at the head and foot from an angular beam, which in turn is hung from the crossbar of the supporting frame. The arrangement permits the bed to remain level at all times, regardless of either the longitudinal or lateral motions of a vessel. Furthermore, the vibrations of the engines and propellers are not transmitted to the occupant of a suspended berth. The apparatus was tried out and commended by passengers and officers aboard a steamer plying between New York and Norfolk. The device is protected by patents—Popular Mechanics Magazine

PHI MU TEA.

A very delightful tea, given at the Phi Mu house last Saturday afternoon, was greatly enjoyed by the mothers and a few friends.

SIGMA CHI DANCE.

Since the Sigma Chis are all going into solitary confinement and strict principle for the next forty days, it was necessary to celebrate the event with a dance at the house on Monday night. It was a case of the storm preceding the calm this time, and the dance was proclaimed one of the best of the semester. Refreshments, under the personal direction of Bill Grimmer, though delicious, evidenced the fact that a raid had been made on the kitchen in the absence of the Lord High Chef.

The guests were: Misses Annette Weinman, Julie Hubbell, Lina Ferguson, Helen Wilson, Lillian Spickard, Mildred Cady, Helen Vincent, Evelyn Trotter, Louise Bell, Alma Baldrige, Laura Colgan, Martha Henderson, Hazel Hawkins, Allie Atkinson, Adelaide Shields, Margaret Flounoy, Evangeline Perry, Kathryn Little, Kathleen Long, Ethel Kleke, Katherine Keleher, Angelica Howden, Grace Stortz, Mrs. Shields, and Mr. and Mrs. Ross chaperoned.

ALPHA GAMMA CARD PARTY.

Kathleen and Evelyn Long entertained the Alpha Gammas and friends at their home on Thursday afternoon. The house was fittingly decorated for

Washington's birthday and little red and gold hatchets were used as favors. A number of parties spent the afternoon in the mountains.

SIGMA CHI DINNER.

On Friday night a dinner was given at the Sigma Chi house in honor of "Red and Josephine." Dancing followed the dinner, and then the party adjourned to the movies. Those present were: Katherine Johnson, Lillian Spickard, Mildred Cady, Julie Hubbell, Helen Vincent, Laura Colgan, and Evangeline Perry; Messrs. Kenneth Balcomb, Newell Manville, Al Hunt, T. Doxey, Pelham McClellan, George Walker, Mr. Pender, Carlton Clerk.

KAPPA DELTA NUS.

Last Friday afternoon the Kappa Delta Nu girls entertained with a party in the Chapter Rooms. One of the girls who has travelled through Russia, gave a most interesting description of the customs, dress and food of the Russians. Innumerable questions of the country and people were answered by the speaker afterwards.

Two letters were written to the absent members, Miss Lulu Cooper, and Miss Thelma Portney; after which delicious refreshments were served.

The invited guests of the Sorority were: Mrs. Hodgkin, Mrs. Lupold, Miss Sisler, Miss Boyd, Daphne Cobb, Hortense Switzer, Fern Reeves, Helen Darrow, and Bessie Strong.

They chased each other round the Until it sounded like a storm.

Daus can tell the sad, sad story Of peace that comes without victory.

A NEW FRATERNITY TO APPEAR ON HILL

Debating Club to Petition Fraternity in Near Future.

On February 22 a meeting was held of the Debating Club of the University. All who have represented the University in any inter-collegiate debate are eligible to membership of the club. At this meeting, a committee was appointed to investigate the standing and principles of the various honorary forensic fraternities. This committee will begin this work immediately. On the report of the said committee, a choice will be made by vote of the members of the club, and a charter petitioned from the fraternity chosen.

"BOYS WILL BE BOYS."

This saying is of course not new As for sentiment it still is true.

When a boy becomes a man He should act it, if he can.

But when two Profs meet with a clash They sure do make the water splash.

It happened on last Friday night And Oh, the Profs they were a sight.

Daus tried to douse Prof. Worcester Of which it was surely no use ter.

For Worcester gave Professor Daus A flush of water in the house.

LOCALS

Did you see Herr Gruner fussing Thursday morning?

The steel has arrived and the floors of the chemistry building are being laid with all speed.

Josephine Johnson, who came up from Roswell Monday with her aunt and brother, has been a guest at the Phi Mu house the last week.

From a Freshman quiz paper—Sulphur dioxide produces an irritating sensation on the lungs and broncho tubes and broncho tubes when inhaled.

Lucien Hoch is the authority for the statement that Earl actually "set up" two fellows free of charge.

Our old friend "Shep" of last year's fame, has returned for a short visit.

Mr. Robert Bingham, the well-known Yale half back, was a visitor on the campus Thursday morning.

First Girl—Mr. Dauber said my face was classic. What is classic?

Second Girl—Oh, most anything old.

Office Man Is Safest Risk.

Do you know how much risk of injury or death there is in your daily occupation? The actuary of the state workmen's compensation department has it all figured out in dollars and cents.

The man who takes the least risk is the man employed in office work, such as a bank clerk.

Office employees are rated at a premium of 11 cents on each \$100 for the aggregate pay roll of the institution by which they are employed.

Newspaper men are rated at 18 cents on the \$100. This includes all branches of the newspaper business, representing a chance of 18 in 1,000 that a newspaper man will be killed or injured in the line of duty.

The figures indicate that a window cleaner takes his life in his hands every time he crawls around on the outside of a building letting the daylight in. He is rated at \$1.65 per \$100. The highest premium rate is \$5.55 on the professional wrecker, who runs the risk of having a brick building fall on him.

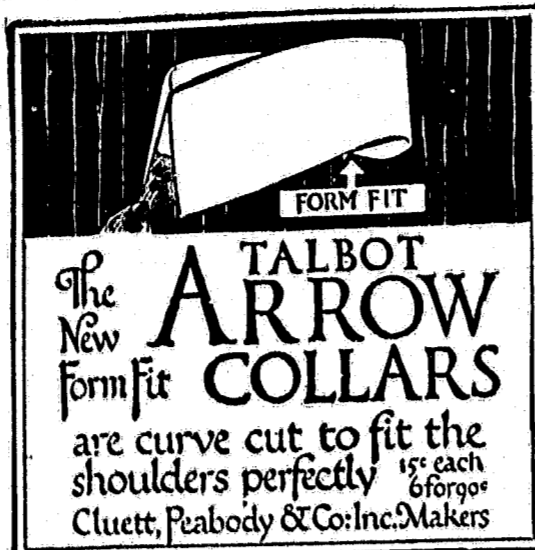

The Cotswolds.

The Cotswolds are another example of the variety of natural scenery that England succeeds in packing away within her narrow seabarred boundaries. Here, within three hours of the largest city in the world, you can walk in complete loneliness over a grassy road that follows the route laid out by Roman engineers, with a tumbling skyline of real mountains on your right, and a sweep of empty fields falling away to the left. You can take tea in an old Roman villa, where the tiled courtyard is still smooth and tight; you can sleep in an inn that has apparently not changed its habits or its bill of fare since the days of Richard the Lion Hearted.

Beware the Loaded Gun.

The man who returns from hunting and sets his loaded gun in the corner or hangs it on the wall is, in reality, setting a death-trap. Yet it is surprising how often this is done. The gun we "didn't know was loaded," is an old, old story, says Farmer's Guide.

You cannot be too cautious. The loaded gun you may keep on the wall to shoot crows with when they get in the corn is liable to cause you more loss than a million crows can. It takes only a second to put a cartridge in a gun when the time is at hand. It takes no longer to take it out.

To the Editor of the U. N. M. Weekly:

The department of the English language and rhetoric calls attention to the following paragraph which appears on page 69 of the University catalogue of the present year:

"Speaking and writing for other departments and for student organizations. The courses in composition are intended to be sufficiently flexible to permit the giving of credit for a satisfactory amount and quality of work done for other departments or for student organizations. Such work must be performed under the supervision of this department or, in the case of other departments, under the joint supervision of the departments concerned."

The provisions of this paragraph go into effect in the present semester, with the issue of the catalogue. Its application to course papers and theses, student speaking, and debating, and the like, are too numerous for detailed discussion here.

Student Publications.

The department has worked out the following general plan for the giving of credit for news and editorial writing for student publications and the editing of student newspapers:

10,000 words is the recognized unit in college composition, entitling a student to one hour's credit. This amount need not all be done in any one semester. And for every 1,000 words of satisfactory composition after the first 10,000 one-tenth of one hour's credit may be given. Such composition will be graded just as that done inside the classroom.

Students registered for English Language 1 and 2 will receive appropriate credit in these courses for such outside work. Those who have completed these courses may register for English language 61 and 62 for expository writing, etc., and for course 65 and 66 for newspaper writing, and will receive credit in accordance with the plan outlined above. Students who have earned at least three hours credit in courses 65 and 66 may receive not more than three hours' credit a semester for the work of editing student newspapers. This credit will be divided between the writing of headlines and the make-up of the paper on some such basis as one-tenth of an hour's credit for each in each issue of the paper.

In conclusion, attention is called to the fact that the plan outlined above does not in any way interfere with the existing organization or any future organization of the student publications concerned. It is only a part of the general plan for the giving of credit for composition done outside the classroom to such students as may wish to work for it.
