ALBUQUERQUE, NEW MEXICO, FEBRUARY 25, 1919

No. 11

R. O. T. C. ADOPTED BY MALE STUDENTS

After proposition is more thoroughly explained to them, men vote in favor of establishing unit at U. of N. M.

At an assembly held at 10 o'clock Monday, the men of the University voted unanimously in favor of the proposed unit of the R. O. T. C. at the University of New Mexico. This action was taken after several points, about which there had been some doubt and discussion, were made clear by Registrar Williams.

Mr. Williams obtained his information from an army officer sent here to confer with Dr. Boyd concerning the R. O. T. C. Some of the points as they were presented to Mr. Williams, and by him to the students, are:

That during the first two years, complete equipment will be issued, and that should a student elect to continue for two more years, full equipment and subsistence at the rate of probably \$25 per month will be given.

That credit on military training will positively be given for service in the army and in the S. A. T. C. Exact amount not yet determined.

That a West Point man with the rank of captain or higher will be assigned to the institution as commanding officer.

That a man will be privileged to attend a summer camp, but not forced to, and that he will be furnished transportation, equipment, and subsistence for the camp.

That the classes would be scheduled so as to least interfere with any outside work of the students, probably in the morning, and that more than one class might be organized.

That the work will consist of a maximum of three hours per week for the first two years.

That since a great part of the work is theoretical, credit towards graduation will probably be granted, just as in other studies.

That the unit may be organized now with less than 100 men but that 100 must be present next fall to retain the R. O. T. C. at the institution.

That the R. O. T. C. will probably be compulsory for the first two years.

That the physical requirements will not be so strict as for the army.

That the commanding officer will have no more control over a student than the professor of any class has.

Opinion among the men students at the University of Kansas has changed almost as much as it has in New Mexico. At the beginning of the quarter they favored the establishment of a R. O. T. C. but now a great many are against it, according to the "Daily Kansan." The tide took just the opposite turn at this place.

AGGIES TAKE TWO FROM UNIVERSITY

Farmers Overwhelm U. N. M. in First Game and Win Handily in the Second. Return Games Here Friday and Saturday

Though defeated by the State Agricultural College by the scores of 57 to 20 last Friday and 40 to 22 on Saturday, the University basketball team returned Sunday morning in high spirits and determined to make it a different story when they play the Aggies at the local Y. M. C. A. next Friday and Saturday nights.

The Aggies, experienced in college athletics, showed the Varsity men some real college basketball. After the first five minutes of the first game, when the score stood 6-0 in favor of the Varsity, there never was any doubt as to the result. When the Aggies made their first basket, the U. N. M. team blew up and the Farmers scored at will, from the middle of the floor or elsewhere. Their five man defense system worked to perfection, so much so that the Varsity seldom got hold of the ball.

In the first half of the second game, the Farmers again made a clean get-away, the half ending with a score of 26 to 8 in their favor. The University men came back strong in the second half, scoring the same number of points that the Aggies did.

After the games entertainments were furnished for the players, of which the most attractive was the dance given from 7 to 9 in the gym. Lieutenant Wills, who was stationed here as an officer in the S. A. T. C. last quarter, took the players out to his home and showed them a "good time," as some of them expressed his kindness. The team was royally treated while in Cruces.

Line-up for first game.

University (20)	Aggies (57)
Sganziini f	Hill
Pendergrass f	Ross
Foraker c	O'Hara
Greenleaf (c) g	Butler (c)
Steed g	Graham

Moots was substituted for Greenleaf.

Field goals: Hill, 11; Ross, 10; O'Hara, 7; Pendergrass, 4; Sganziini, 2; Foraker, 2; Greenleaf, 1; Moots, 1.

Line-up for the second game:

University (22)	Aggies (40)
Moots f	Hill
Pendergrass f	Ross
Foraker c	O'Hara
Greenleaf (c) g	Butler (c)
Steed g	Graham

Culpepper was substituted for Greenleaf.

Field goals: Hill, 10; Ross, 6; Pendergrass, 5; Foraker, 3; O'Hara, 1; Moots, 1; Greenleaf, 1.

Students at K. U. are raising a great rumpus, burning effigies and holding mass meetings in their efforts to secure student government.

ELIGIBILITY RULES WILL BE ENFORCED

Rules Formerly in Force, Before Adoption of S. A. T. C. are Re-established and Will Be Strictly Adhered To.

The faculty announces that from this date on, eligibility rules formerly in effect at the University will be rigidly enforced. This means that all students desiring to engage in any form of activity must be doing satisfactory work in the class room. The rules announced by the faculty are practically the same as those which were in force up until the time the S. A. T. C. was installed. Below is a copy of the bulletin posted by the faculty.

"Any student, in order to be eligible to represent the university in any organization bearing its name, in any public contest, game or exhibition or to act in any editorial, managerial, official or representative capacity in a university organization during any quarter must have passed two-thirds of all work in which he was enrolled during the previous quarter and be in full standing during the current quarter. A student, in order to be in full standing, must obtain a passing grade in at least two-thirds of the work in which he is registered, or if he is registered in less than fifteen hours of work, he must attain a passing grade in at least ten hours. Any student, in order to be eligible to take part in any public contest, game, or exhibition, must have been a member of the university for at least four weeks previous to the date of such event, or from the beginning of the quarter, if such event takes place less than four weeks after the beginning of the quarter and in order to be eligible for any editorial, managerial, official, or representative capacity, the student must have been a member of the university at least one quarter previous to that during which he receives his election or appointment. An exception to the last clause will be granted in the case of class officers.

"The list of those ineligible shall be posted as soon after the beginning of the quarter as possible and at the beginning of the fifth and ninth weeks of the quarter, shall go into effect automatically with the posting, and shall remain in effect until the next list is posted. Additions may be made to the list at any time by the committee on eligibility in the case of the students who are reported as having failed or as having dropped enough courses to disqualify them.

"Within the period of his ineligibility a student, after passing an examination or satisfactorily performing other tasks assigned him for this purpose by his instructor, may re-establish his eligibility by presenting to the committee on eligibility evidence that his disability has been

DEBATING TEAM IS CHOSEN BY JUDGES

Three Members of Team, Allen Williams, Clyde Morris, and George Gentry, and One Alternate, Don Higgins, Picked.

At the preliminary contest held Friday night in Rodey Hall, Allen Williams, Clyde Morris, and George Gentry, with Don Higgins as alternate were chosen to represent the university in the annual debate with the Aggies which will take place at Las Cruces, March 21. Williams was named Captain of the team as his standing was highest. The contestants placed in the order named.

Seven contestants tried out for the team, the four mentioned above and in addition, Kenneth Wilkinson, George Bryan and Carl Hunter. The work of each man was good, and the decision of the judges was reached only after careful deliberation. The judges were Professor Landers, Registrar Williams, and Russell Brown.

Only a small audience was present at the try-out.

The question to be debated, reads, "Resolved, that the Monroe Doctrine should not be continued as part of the permanent foreign policy of the United States." The varsity has the negative side.

All the contestants with the exception of Hunter took the negative side in the preliminary. Professors Sherwin and Mitchell gave arguments for the affirmative.

DR. MANN LECTURES TO UNIVERSITY GIRLS

Dr. Mann, of Washington D. C., arrived here, Sunday evening, from Colorado State University, and is now located at the dormitory. Dr. Mann, is a physician of not and is a member of several national hygiene committees in Washington. After the war, she volunteered her services to the Y. W. C. A. to give a lecturing tour in all the southwestern universities and is now giving four lectures to the girls of the U. N. M.

removed. It shall be in the province of the instructor under whom the disability has been incurred to decide whether such disability may be removed, or how it may be removed.

"A person who has been declared to be ineligible must have removed such disability at least one week before the starting of any event in which he desires to participate, or, in the case of leaving town, one week before the time of leaving.

"The manager or person in charge of any event for which eligibility as under these rules is required, shall in no case allow one who has been declared ineligible to enter that event unless such manager or person in charge shall have received from some member of the eligibility committee notice in writing that the disability has been removed."

COURSES CALLED AND UNCALLED FOR

It is the purpose of the University to establish certain courses of study just as soon as the students want them, and not before.

For this reason a course on conversation has never been started—simply because it is not needed.

But such a course does seem to have been started, somewhat spontaneously, and is proving none too popular. To be sure, one would scarcely expect music and higher planes of conversation to supplement each other.

"Oh, I like the lessons well enough, what there is of them," said a down town student who is receiving instruction, etc., in the College of Fine Arts, "but there's too much else. I pay for an hour's lesson, and get instead fifteen minutes lesson and a forty five minutes' account of Europe and other parts of the globe, well interspersed with tales of woe contracted at the hands of another man connected with the University."

To be sure, if a person pays for music, let him get music. If he wants conversation, he can get it without paying for it.

There is a law against selling food under false labels; we wish it might be applied to education in the same manner.

WE'RE NOT WHIPPED.

The Varsity basketball team returned to Albuquerque Sunday morning after playing a two-game series with the N. M. A. C. at Las Cruces. We lost both games, but the players took their defeat like men. Not a word of complaint has been heard. All join in praise of the way they were treated while in Cruces.

Close examination of the score book and a hint or two dropped by the coach tell a story which all should know. The first game was lost by an overwhelming score. The Varsity men could do nothing against the superior team work and shooting of the Aggies. But did the team lose heart? No! They went into the game Saturday determined to give the Farmers a stiff run for their money. They didn't have much hope of winning. The score at the end of the first half was 26-8. Yet the U. N. M. players didn't know they were whipped. They played Cruces to a stand still the last half, when there wasn't a chance of winning. Each team scored an equal number of points, making the final score 40-22.

It was one of the best exhibitions

of fighting spirit and a come-back that has come to our notice. And this from a team not one of whom is 21 years of age and not one of whom had ever played a game of college basketball before in his life.

The fellows know they lost both games, but they won't admit that they have been whipped. They're coming back Friday and Saturday when we play the Aggies here, and they're coming back strong! They're going to fight like demons, and fight every minute of the game. And if the Aggies win, they can indeed feel proud, for it will not be the easy matter that it was at Las Cruces.

"OH, JOY."—DAD.

The new faculty ruling that the record of work being done by students shall be reported to their parents each month is one that will meet with the approval of the parents, at least.

All too often father and mother send their darling to college to get all the education he can, and the child gets as little as possible. The parents remain in blissful ignorance, attributing the short and far-between letters they receive to the burden of scholastic duties.

It is mighty easy for one to forget what he came to school for; at least, what Dad sent him for. And it's a hard proposition for Dad to get a correct report of Son's (daughter's) work, under the old quarter report system.

The problem of the school is to get into closer touch with the parent; to work in closer co-operation with him, that the student may get the proper proportion of books and campusty, and not neglect one for the other. We believe the recent change in the matter of reports is a step towards solving the problem.

AN APPRECIATION.

It is gratifying to see the unfailing support given the University by the Albuquerque Evening Herald.

That paper lets no opportunity pass for speaking a good word for the school. It gives liberally of its space to University happenings, and is always working to keep it before the public eye.

For that reason University students are backing the Herald.

INFORMAL DANCE.

Mr. Grover Devine gave a dancing party in honor of Louise Dady, at the Country Club, Monday evening. Miss dady is visiting her fraternity sister and expected to leave in the near future for her home in Holbrook, Arizona.

NEW FACULTY LEGISLATION.

The regulations affecting the weekly report of delinquencies of students are amended to read:

Instructors shall report at the end of the fourth and eighth weeks of each quarter to the Dean of the university, on blanks provided for that purpose, the academic standing and the record of attendance of each student enrolled in their courses.

"The Registrar shall send copies of this report to students and to parents or guardians of students who are members of the Freshman and Sophomore classes.

"Such reports shall be similarly

issued in the cases of other students, when requested, or when deemed advisable by the Dean.

"This legislation shall go into effect upon its adoption."

This legislation was construed by the faculty as in no wise curtailing the right of an instructor of reporting delinquent students at any time and requesting administrative officials to take cognizance of such cases.

Reports, showing class attendance and grades, will be issued for the month of February.

GIRLS' BASKET BALL.

Coach Purdy has arranged a double-header for the girls' basketball team, to be played on the Y. M. C. A. floor, March 11th. The first team will play a return game with the Y. M. C. A. and the second team will play the Albuquerque Business College. Come out and show some "pep."

(To be continued.)

Wrist Blotter.

In these days of wrist watches there seems to be a call for the simple wrist blotter recently invented by Harland W. Cardwell of Texarkana, Tex. This device consists merely of a curved blotter back, blotter and a wrist strap, so that the blotter may be worn on the right hand of the user. Thus the blotter is instantly available for use, and the pen does not have to be laid down.

Eat at The New Republic Cafe.

NOT ARDENT WORDS OF LOVE

At First, Though, It Would Seem
That Salesman Was Addressing
His Adored One.

"No one ever loved you half as well as I do," he said to her. She made no answer. "How did you come to love me?" he pleaded. Still the girl refused to speak, although she smiled encouragingly at this. "Your name is written on my heart. The world is dark without you. I've built a bungalow for you and me. Let us fly to an isle in the tropic sea. The kiss you gave me set my heart on fire."

The girl was not offended. She scowled a little, but not at him. She seemed in deep thought. Suddenly she looked into his pleading orbs. "No," she said. "Nothing like that." "My Oola-loola girl. When—"

The girl shook her head and left the counter. The young salesman had been naming the latest popular songs. Doesn't sound like a national anthem epidemic, does it?

Was it a Caveman Rarebit?

Exploration of caves in South Berkshire, Conn., resulting in the discovery of stalactites and stalagmites, big white spiders weaving their webs, bats incruited in the crystals and a submarine brook, made Jack Newboy of Lenoxdale recall the day that he went rabbit hunting in the Patterson woods. Newboy's dog chased a rabbit into a cave. Jack waited outside for results. He waited two hours, called the dog and, getting no results, went home. He found the dog was at home and had the rabbit. Pat, his brother, explained: "I was fishing on a lake not far from the shore when I heard a commotion in the water nearby and was surprised to see a rabbit in the water. As I watched the dog came to the surface, swam after the rabbit and captured him."

Putting It Prettyly.

A great big soldier boy had picked a little bit of a girl. When a fellow "joshed" him a bit, he said: "Yes, Bill, she would have been taller, but she's made of stuff so choice and fine and scarce that the Lord just naturally couldn't make enough of it here to make her any bigger."

PRESIDENT URGES SECURING OF DATES

President Boyd has sent out a circular letter to all fraternities and sororities on the hill, calling their attention to the fact that date cards for any sort of entertainment should be secured from Dr. Clark, chairman of the committee on non-athletic relations.

It appears that several fraternities and sororities have been violating or disregarding the ruling concerning this matter.

The letter reads:

February 18, 1919.

To Representatives of all Fraternities and Sororities:

My Dear Friend:

This note is a suggestion that, in order to avoid conflicts of dates and other troubles of this kind, we desire that each sorority or other organization that plans to have an entertainment or any social affair, should confer with Dr. Clark, chairman of the committee on non-athletic relations.

None has been made recently, and therefore this note.

Yours very truly,

DAVID R. BOYD,
President.

EXIT SPARROW.

When the authorities of the university laid out the lawns about the buildings, and planted new trees, on the advice of bird lovers they had a number of bird houses about the campus, hoping that many song birds would be attracted to the campus and that they would remain here.

The scheme would have been satisfactory had not the English sparrow arrived first. They promptly took complete possession, though at times they allowed a few song birds to come to the fountain or swimming pool. This particular spring desirable song birds have been more numerous than ever before.

A year ago sparrow traps were set, and the sparrows made nests in the traps. Poison was thought of but experts did not advise its use. Still the sparrows increased.

Now the U. N. M. has a few authorized volunteer sparrow eliminators using 22 caliber shot cartridges such as the wild west show shooters use in crowded tents. At 25 or 30 feet they get Mr. Sparrow. At twice that distance they won't penetrate paper.

Early results show that it takes about two cartridges to get a sparrow, but the sparrows are getting fewer. Considerable care has to be taken to distinguish sparrows from finches. Just now the season is at its best to assist in the distinction. The sparrows are building nests and they refuse to remain long away from these nests. The female sparrow, which is not as distinctly marked

as the male, is very conspicuous in the nest building.

The sparrow is very localized as to his residence. In some cities certain blocks will be infested while those adjoining are free. Because of the isolation of the campus there is some hope of reducing the numbers of this little pest.

LOCALS.

The Phi Mus held an initiation ceremony Sunday evening for five of their pledges. The new members are Mabel Goss, Modine Bates, Marian Spicer, Dorothy Dawson, and Flora Marshall.

Miss Louise Dady, a last year's student, has been a visitor at the Kappa house the past week. She left Tuesday night for her home in Arizona.

Alpha Chi Omega announces the initiation of Miss Dovie Reynolds on Monday evening.

Miss Hester Kennamore, matron of the girls' dorm, has been called East by the serious illness of her mother.

Herbert Hickey, a last year's student, resumed his work at the Varsity this week. After receiving a commission at the Presidio last summer he was stationed at the State College at Las Cruces, and was just recently discharged.

Byron Morris has been pledged Alpha Delta.

Carl Moore and Boone Vaughn have been on the sick list lately but are now able to attend classes.

Miss Elizabeth O'Hara of Clovis has registered for work at the University and is staying at the girls' dorm.

Miss Violet Jahns is now living at the girls' dorm.

Dr. Boyd returned Monday from Santa Fe, where he attended several educational meetings.

Mr. Joseph Maas, former proctor of the boys' dormitory, died early Sunday morning at the St. Joseph hospital. Flags were ordered for half mast over the University.

Margaret Flournoy arrived Thursday from Washington, D. C., to spend a couple of weeks, and will then leave for El Paso.

Emmett Hannum, a former student of the U. N. M., has been discharged from the marines, and is expected in Albuquerque shortly.

Bill Probert, former Varsity man, and later star full back on the Kansas Aggie football team where he was picked for the all-conference full back,

was a visitor on the hill Sunday afternoon, while passing through town.

Mrs. Howard was hostess to the Alpha Chi Omegas at a delightful luncheon Sunday evening.

Patton is running in competition with Doc. Perrin by organizing a class in vocal training. His specialty is Swiss yodeling and other religious airs. When we all become proficient in opening our hearts to such outbursts of happiness, the campus will fairly reverberate with echoes that rival those of the Tyrolean Alps.

Y. M. C. A. ORGANIZED.

A Varsity branch of the Y. M. C. A. was organized Monday morning. The following officers were elected:

Thomas Gallagher, president.

Frank Overstreet, vice-president.

J. J. Sharp, secretary-treasurer.

Plans were discussed for a weekly luncheon to be held Monday evening at 6 o'clock in the dining hall. It is the aim to have speakers at these luncheons, and make them resemble the fellowship luncheons of the city Y. M. C. A.

It is also planned to work an affiliate membership with the local Y. M. C. A., but nothing definite has been done toward that end.
