NEW FRATERNITY AT VARSITY ANNOUNCED

Alpha Delta Comes Out With Twenty-Six Members—Another Epoch in Varsity's Progress.

The students at the Varsity have at last been assured of the existence of the new fraternity—the Alpha Delta. Many students have had "hunches" that there was another fraternity besides the Tri Alpha and Sigma Tau, but the members of Alpha Delta have kept their organization so secret that it was not until last Monday, when they formally announced themselves in public, that their existence could be really vouched for by the rest of the Varsity students.

The new fraternity is really not a new fraternity at all. The organization has been in existence since 1913, and among its alumni are the names of some of the most popular Varsity graduates. Realizing that their organization must eventually become known publicly, and believing that they would be a greater asset to the University and be better able to promote the social welfare here by being publicly known, the Alpha Deltas came out on March the twenty-second.

That the University of New Mexico is educationally equal to the best colleges in the country is now generally admitted. And socially, the presence of the new fraternity indicates all the more clearly that the University is a live institution. With three fraternities and one sorority, it is socially equal to the best college of its size in the country. And a smaller college offers far more opportunity for sociability among its students than a large one. The University can well be proud of the fact that there never has been a serious break in the student body on account of fraternities and sororities. This is something which many other colleges cannot boast about; in some cases the disruptions being so severe as to necessitate the abolishment of all secret societies from the institutions. It is hoped that the new fraternity will not be the cause of any break in the serenity which has characterized the U. N. M. student body's activities. Indeed the Alpha Delta should more firmly cement the friendship between students and faculty.

The active members of Alpha Delta are Messrs. B. O. Brown, E. B. Allen, R. W. Barnes, H. A. Blum, E. F. Brown, G. L. Butler, G. R. Claiborne, M. L. Doering, J. M. Eldodt, A. Feather, E. W. Hall, J. Hollenbeck, E. W. Johnson, E. E. King, C. Little, R. E. Loudon, P. Menaul, C. Miller, L. E. Nohl, E. Olds, J. K. Polk, E. Porterfield, O. C. Ritch, P. Simmons, L. W. Walker, C. Wolking.

The pin symbol of the new fraternity is of rather unusual design. It is in the shape of a cudgel, across the center of which are the letters U. N. M. It is done in gold and blue. With the three fraternities and a sorority at the Varsity the students may look forward to a rather lively social season next winter.

President Boyd leaves Thursday evening for an extended trip of two weeks.

IMPORTANT! Y. M. C. A. Meeting!!

Tuesday evening, March 30th, at 7:00 o'clock sharp, instead of the regular meeting of the Bible Class, there will be one of all men of the University, faculty as well as students, in Rodey Hall, to discuss plans for the coming of Mr. Harry L. Heinzmann, of Kankakee, Illinois, Western Traveling Secretary of the Y. M. C. A., on April 22-25th.

This meeting will be addressed by Dr. L. C. Reed, instructor of the Bible Class, and Dean A. Worcester, who has prominently identified himself with Y. M. C. A. work since coming to the University.

In addition to these speakers, Messrs. Albert S. Hunt and Kenneth C. Balcombe will relate particulars of their trips to Estes Park, which they took in the interest of the University's Y. M. C. A.

Every man please be present and help make this a success!

KENNETH C. BALCOMBE,

President Y. M. C. A.

BASEBALL NOW HOLDS ATTENTION

Old Stand-bys and Promising New Material Look Excellent for Success in National Game.

With the passing of the basket ball season interest now centers in base ball and track. The last few days of balmy weather has induced many to join Coach Hutchinson's crowd of base ball enthusiasts in an effort to throw off the attacks of "spring fever."

Fred Calkins, as one of the members of the old squad, has been appointed temporary captain. Joe McCanna, Ray McCanna and "Swede" Olds are also back on the diamond and can be relied upon to play the national game in their old creditable style. There is new material galore. Brantley, Nohl, Parker, Frilay, Feather and Simmons are showing up well. Feather and Simmons bid fair to add materially to the pitching staff. A noticeable feature of each evening's practice is the good showing at batting. If the men improve upon their present hitting ability, as can be expected, they will present a formidable front to any twirler they may face.

Everything possible is being done to make the season of interest to both players and fans. The athletic field has been graded and the diamond reset to avoid the evil effects of old soil. A new backstop of real live proportions has been set up and is a great improvement. The bleachers will be carried to the side lines so that spectators may have a full view of the diamond. At the managerial end H. S. Fullerton is planning practice games with the local high school and the Menaul school. Although they have lost the services of Clark, their "old reliable" pitcher the Indians will have a worthy team in the field.

St. Michaels is also slated for a game or two and as the crowning event of the season the Aggies will

(Continued on Page Three.)

GREEN TRIUMPHS ON ST. PATRICK'S DAY

Orange Bunch no Match for Adherents of Brian Boru, Sarsfield and the Irish Brigade.

On the morning of the 17th, which dawned bright and clear, there were to be observed green on all spots of the campus. The tank was green; there were green flags painted on the cement walks, and from the flag pole flew a green flag, while its base was encrusted in green stripes.

All the beautiful and glorious morning the green reigned supreme; then, during the mystic hours of the noon-day luncheon, when the noble-minded were tending to their business, and proceeding to satisfy the inner man, a bunch of ruffians stole quietly and sneakingly to the flag pole, and protected by the fact of no valiant defenders to uphold the honor of the Fenians, Clan-na-Gael, or other descendants or adherents of Sarsfield, the Irish brigade, etc., proceeded to remove the emblem of Erin and substitute in its place the badge of degradation. All this, of course, while nobody was around.

Then leaving one of their number in the point of vantage on the flag pole, approach to which was inaccessible, the ruffians forthwith placed yellow stripes in place of the green, and for awhile it looked as if hope were dead, justice asleep and liberty on the invalid list.

But not for long. Soon there began to swarm the valiant ones, the upholders of the green, and in a few minutes the yellow ones were helpless prisoners, with nothing but their accursed emblem waving in seclusion, to remind them of their shame.

Hope had awakened, justice was resurrected and liberty miraculously restored to her full youthful health, strength, vigor and place.

"FLYING SQUADRON" HERE NEXT WEEK

Prominent Speakers to Deliver Free Lectures in Interests of Nation Wide Prohibition.

Something entirely new in the annals of the city will be the visit here next week of the "Flying Squadron of America," an aggregation composed of famous lecturers of America, devoted to the cause of stamping out the liquor traffic in the United States.

Herewith is appended a statement of the "Flying Squadron," together with its aims and purposes:

The red letter event of the season is the series of meetings given by the "Flying Squadron" of America, at the time and place given at the bottom of this card.

The Flying Squadron of America is a challenge to the liquor traffic. It is an effort to unite the people for a final attack upon the strongholds of the saloon. It is a movable university, a convention on wheels. It has visited many and will visit all other important centers of the United States, for a series of six meetings in three days, in each city.

First Day—Group 1.

1. Daniel A. Poling, President's Associate, Christian Endeavor Movement.
3. Dr. Charles M. Sheldon, Minister, Author and Lecturer.
4. D. V. Poling, Musical Director.
5. Wm. Lowell Patton, Pianist.

Second Day—Group 2.

6. Dr. Ira Landrith, President Ward-Belmont College.
2. Dr. Wilbur F. Sheridan, General Secretary Epworth League of the Methodist Church.
7. Dr. Carolyn E. Geisel, Battle Creek, Mich., with Battle Creek Sanitarium.

8. Frederick Butler, Musical Director.

Third Day—Group 3.

10. Hon. J. Frank Hanly, former Governor of Indiana.
11. Hon. Oliver W. Stewart, former member Illinois Legislature.
12. John B. Lewis, Boston, Mass., former member Massachusetts Legislature.
13. Hugh Porter, pianist.
14. Miss Vera K. Mullin, soloist.

Everybody invited free. At Albuquerque, New Mexico, Tuesday, Wednesday, Thursday, March 30, 31, April 1, Woman's Club Auditorium 2:30 p. m., High School Auditorium 7:30 p. m.

The New York City Methodist ministers' meeting, Monday, December 7, 1914, unanimously adopted the following resolution:

Resolved, That we endorse this noble and patriotic movement, and pledge to it our whole-hearted and whole-souled enthusiastic endorsement and support, and we pledge ourselves to stay in this holy war until the nation is utterly free from this unspeakable rum curse, by the law written in the Constitution of the United States. Signed:

George C. Wilding,
W. A. Layton,
George Mooney,
Bishop Luther B. Wilson

THE NEW CATALOGUE.

Has just come off the press, and contains a number of new and interesting facts about the University, showing the additions made to the curriculum, and other matter to be found in such a bulletin.

Any names anyone may have of prospective students are wanted at the office of the President. So if you think of persons who may be benefited and influenced in their desire for further education by receiving one of the new catalogues, just leave them in the office.

BASEBALL AND TRACK.

These two athletic activities will now occupy the attention of students for the rest of the school year. All who are able to do so are urged to come out and do their part in promoting their success; if not by active participation at least by lending the encouragement that comes from watching a loyal band of rooters out to watch the practice each afternoon and evening.

Do your duty by your Institution and spend at least a few minutes as often as possible out on the side lines.

THE FLYING SQUADRON.

The Weekly takes occasion to call the attention of its readers to the article on "The Flying Squadron of America," which appears elsewhere in this issue.

Every student should feel it his or her duty to attend as many as possible of the free lectures given by this aggregation next week. No matter what one's opinion on the subject of prohibition, it is only right that the other side of the question should be heard, and when opportunity is presented of hearing one side by such a brilliant and capable aggregation as that coming, it is a misfortune to miss any opportunity of being present at these lectures.

Through the courtesy of Attorney Laurence Lee, alumnus of the University, students and faculty have been furnished with tickets to the pictures of the Yale-Harvard football game to be shown at the Crystal theatre Saturday night, after the dinner of the New Mexico Yale Alumni Association.

THE SCHOOLMA'AM.

The United States Bureau of Education finds it increasingly difficult to supply the country schools, the little red school houses on the hills, with capable teachers. Really, it is hard to see why this should be so. It would seem that all the unattached young women of the land would jump for such sinecures. There is, in fact, nothing much that the country schoolma'am is asked to do.

Beyond teaching a score of variegated brats, at one and the same time, the alphabet, the multiplication table, compound fractions, the history of Rome, the weird and wonderful grammar of the English language, spelling, reading, writing, and the danger of getting a hob-nailed liver by drinking hard cider, the advisability of washing behind the ears, a little astronomy, economy, Deuteronomy and the place to hand your hat;

Beyond being a composite of Talleyrand, Montessori, Tom Sharkey, Billy Evans the Umpire, Horace Mann, von Bernhardt, and Patient Griselda—also a capable snow-plough in the middle of January, when the selectmen are too busy to break the roads;

Beyond being able to eat salt pork seven days in the week; to prepare the next day's lessons in a room occupied by tired father, loquacious mother and four small villains with voices like a steam calliope; to lie like a practised diplomat when the woman of the house where she boards asks her how little Johnny behaves in school; to prevent the school children when visitors call at the red school house, from exposing the ignorance of said visitors, or laming them back of the ear with spit balls and chalk;

Beyond these trifling requisites, the duties of a country schoolma'am are so simple that it seems that almost anyone could fill the bill; and, aside from these duties, there is so much leisure time left for the teacher that you would think she might be sometimes bored.—Puck.

GARSASTISISM.

Of Freshmen we have a peculiar type. For when it comes to a class day fight they break all laws.

Of college squalls.

And help the Sophomores in their plight.

Only one explanation can be seen. The Sophomores were supporting the green.

And the Freshmen contingent. To be consistent, had to stay with their color scheme.

For whosoever shall shed his shirt for their colors, shall win the everlasting gratitude of the orangemen.

A PARCE.

Scene, point near omnibus.
Act, Bad.
Enter Spiritum Mimicbus.
"What, ho, my beefy colleagues, yon tank is resplendent with grimy yellow and brilliant black. What say you, my beefies?"

Then heads were put together and schemes were hatched, as is the spirit of the times (and there was cackling) and at the next sunrise the tank looked (?) green.

(To be concluded.)

It was ever thus in childhood's happy days. Appropriation, expectation, hesitation, lamentation, realization, exultation, dissipation.

LAST TRACK MEET LETTER

March 30, 1915.

Principal High School,
New Mexico.

Dear Friend:

It is now time for the final completion of your plans to attend the Third Annual Interscholastic Track Meet to be held in Albuquerque April 23 and 24. The preliminary events will take place at Traction Park, beginning at 2:30 o'clock on the afternoon of Friday, April 23, and the final events will be held at the same place on Saturday afternoon, the 24th.

All contestants should arrive in Albuquerque, if possible, some time Thursday evening. Those coming in automobiles should make directly for the University, where sleeping quarters will be provided. Those coming by train should notify me of the time of their arrival. They will be met at the depot by a committee of students, and will take the motor bus to the University. Meals will be served to contestants at the University dining hall from Thursday evening to Sunday morning inclusive.

I enclose herewith an entry blank and Principal's certificate. Please fill these out and mail to me before Monday, April 19th, so that all arrangements may be made.

We look forward with pleasure to meeting you and your team on April 22nd.

Sincerely yours,
(Signed) ASA O. WIESE,
Chairman, Athletic Council.

DR. WOOLSEY TUESDAY.

Dr. T. S. Woolsey, Sr., Professor Emeritus of International Law, at Yale University, will address Tuesday morning's assembly on the subject: "Some International Problems Growing Out of the Present European Conflict." Dr. Woolsey is eminently qualified to speak on this subject, which should prove of interest and profit to all hearing him.

BASKET BALL SUMMARY

The University of New Mexico's basket ball season closed March 12th with a victory for the Cherry and Silver over their old time rivals, the Albuquerque Business College, by a score of 35 to 25.

The past season, was the best in the history of the Varsity. More games were played and the largest trip ever attempted was taken. Games were played at Silver City with the New Mexico Normal team, and at State College with the N. M. A. C. The Varsity broke even on this trip, winning from the Aggies and losing the only game of the season to the New Mexico Normal School.

Regular Team.

The regular team consisted of Ray McCanna, Captain, and Friday, forwards; Joe McCanna, center; Calkins and Calhorne, guards; with Dennis, Lee, Pennewill and Feather, substitutes. This team scored a total of 354 points against all their opponents 191. The team work was exceptionally good in all games except the one with the Normal School at Silver City, when the team seemed to have a slump and could not pull themselves together. Whether the cause was due to the long trip, strange floor or over-confidence, is hard to tell; nevertheless, the team "came back" and won handily from the Aggies.

All State Team.

The writer's selection for an all state team, judging from the players

he saw in action during the past season would be as follows:

Joe McCanna, U. N. M., center; Ray McCanna, U. N. M., and Lapraik, of the Albuquerque Business College, forwards; Calkins, U. N. M., and Wigley, Albuquerque Business College, guards. This team should be able to beat any one in the southwest.

Summary of Games.

Following is a summary of the games played and the number of points scored by the University team against their opponents, in each game, as well as the total for the season:

1. U. N. M. vs. Albuquerque H. S.	50	18
2. U. N. M. vs. Albu. All Stars	38	10
3. U. N. M. vs. West. Union	46	18
4. U. N. M. vs. All Stars	42	17
5. U. N. M. vs. Albu. B. C.	55	15
6. U. N. M. vs. N. M. N. S.	13	39
7. U. N. M. vs. N. M. A. C.	33	29
8. U. N. M. vs. N. M. N. U.	44	20
9. U. N. M. vs. Albu. B. C.	35	25

Total356 191

The Girls' Team.

For the first time in several years the Varsity girls' basket ball team was allowed to play in public, playing two practice games, one with the Albuquerque High School team which was lost, and one with the Albuquerque Business College, which they won, it being the only game lost by the Business College Girls.

Two regular games were played, the first against the Las Vegas Normal University team, which was a very exciting one, the Normal girls only winning in the last minute of play by a lucky field goal. The final game was with the Business College team, in which the Varsity girls made a game fight, but were outclassed by the older and clever team.

Next season the Varsity girls should be able to make it interesting for any team they meet, as this year most of them were new at the game. The team was composed of the following girls: Miss Ethel Kleke, Captain; and Miss Laura Colgan, guards; Miss Shirley von Wachenhusen, center; Miss Henrietta Wieser, running center; Misses Thelma Loudon, Daphne Fortney and Carolyn Beals, forwards; Misses Ruth McKowen and Ruth Platt, substitutes.

The men selected to meet Las Vegas in the coming debate will be the same three who defeated the Aggies on March 6th: Bruce, Borein and Walker.

BASEBALL NOW HOLDS ATTENTION

(Continued from page one)
play here the first week in May. Altogether the outlook for the season is encouraging.

As a season starter the old and new students will meet on Friday evening for the annual contest. The old students easily carried off the honors last year, but the new ones assert that they will hang the Indian sign on the upper classmen this year.

The old timers, however, have secured Professor Leupold's services for the afternoon and believe that the old war horse can come back and help trim the verdant ones. The batteries for the afternoon will probably be Lapraek and Calkins for the Old and Simmons and Nohl for the News. J. McCanna, Balcomb, Olds, Shields, Leupold and abteman will complete the line up for the veterans while that of the new men is still problematical.

The game will be called at 4:15. A large crowd will undoubtedly be on hand to usher in the season in all due honor.

—LOCALS—

On account of the generosity of Bland Allen the Geology Department added a fine fossil of a calamite to its collection last week. More interest by alumni and students along this same channel would help make the fossil collection one of the best in this part of the country.

Professor Weese, head of the Department of Biology, has been confined to his little downy for the past couple of days, due to a severe attack of cholera infantum—excuse us! Ptomaine poisoning.

This is a bad time for the Swedes: Ole Olds has been on the bum for a month with his ears, due to trying to hear more than was good for him, while lately our only Harvey Blum has been laid out with a tough attack of measles.

Friday, April 2, Arbor Day, will mark the the annual Faculty-Junior-Senior baseball game, and the official opening of spring at the Varsity. 'Twill be a great day for the faculty—nit!

The Dramatic Club has finally waked up, and plans are now well under way for a first class Varsity play, under the instruction of a capable and experienced coach.

The next number of "The University News" will be out next week. It will be in the nature of an "Athletic Number," illustrated with cuts of athletic events, articles dealing with this subject, and the coming inter-scholastic track meet.

Mr. Harry L. Heinzmann, who will be remembered by last year's students as the man who started the Y. M. C. A. as an active organization at the University, will be on an extended western trip next month, and expects to spend several days in Albuquerque during the time of the track meet.

SUNDAY'S VESPERS.

Rev. G. W. Dean of the Christian church, addressed a crowded audience at vespers Sunday. His subject was "What is Religion?" It was very pleasing that there should be such a large audience to listen to a forceful talk of that nature.

Miss D. Tallance of Ohio University rendered an excellent soprano solo, being accompanied by Miss Georgia Bakes. Miss Juanita Sylvester gave a violin solo, being accompanied also by Miss Bakes. Mr. Ralph Kessler sang a base solo in a very capable manner. The vesper choir lived up to their reputation by doing full justice to their anthem.

Altogether it was one of the best vesper services of the year. Now that the warmer weather has started there is no reason why we should not have a crowded hall every Sunday afternoon.

A MARKET IN MANILA.

It seems to me that the most ungodly noises, the most unearthly smells, and the most violent clashes of color are to be found in one of the public markets of Manila—big cement floored, iron roofed places with walls of iron bars like those of a prison, and filled with everything that could possibly tempt the native.

There are the fruit stands filled with everything, fruit or vegetables, strange to the eye of the white man; there are the fish stands which are unapproachable by the oversensitive white; the poultry section is easily located by the noise of squawking hens or honking geese; the stalls of cooked food send out an odor of garlic which dominates all but the noise; the counters of trinkets, shoes and cloth are marvels of gaudy color and a delight to the native eye; and besides these there are other sections too numerous to mention, but each with its characteristic noise or odor.

The people of the market are many in number and race. The Chinaman is the "goat" for everyone, taking all the abuse and blows heaped upon him but still making his money; the turbaned Hindu is one of the most picturesque with his rolled beard and enormous headgear, standing aside with folded arms, apparently oblivious of all that is going on about him; the Japanese, hated by all other Orientals, does his business and leaves as quickly as possible; the bulk of the crowd is made up of natives, but of numerous tribes, however some unable to converse at all with others. The jumble of various tongues, the high pitched arguments, with the occasional squeal of a monkey or squakd of a hen, make one think that this must be somewhat like the tower of Babel.

—N. F. N.

"FLYING SQUADRON"

HERE NEXT WEEK

(Continued from page one.)

"Be it resolved that we, the Terre Haute Ministerial Association express our whole-hearted endorsement of this movement, and extend to these workers our pledge of prayers and moral support."

At a meeting of the Methodist Episcopal Ministerial Association of Indianapolis, December 23, the following resolutions were unanimously passed:

"Resolved, That we give our hearty endorsement to the Flying Squadron of America in their heroic efforts to secure national prohibition of the liquor traffic in the submission of an amendment therefor to the federal constitution.

"Inasmuch as we have heard with great profit former Governor Hanly and Oliver W. Stewart, members of the Flying Squadron of America, and knowing that such leaders are sometimes misunderstood and are compelled to continue their work at great expense and with great sacrifice, and knowing these men as we have for years, be it

"Resolved, That they have proved their devotion to this cause by years of faithful service and wise counsel, we voice our deepest confidence in them and in their work, and pledge to them our heartiest loyalty."

Whenever a politician or an executive officer, or a political party, prefers the liquor traffic above the public morals, such men must be set aside and such parties abandoned. To the accomplishment of this high purpose we dedicate ourselves and invite all who are with us agreed to enroll in this army.
