PHI KAPPA PHI SOCIETY ISSUES PUBLICATION

Dr. W. H. Long of the United States Forest Service Department Will Deliver Interesting Address to Honor Organization.

Volume I, number 1, of the "Papers of the New Mexico Chapter of Phi Kappa Phi" has just appeared. The society intends to publish in this series, papers written by members of the chapter, and read at its meetings. The current number contains two papers by Dr. W. H. Long, on Parasitic Fungi. The titles are: "Five Undescribed Species of Ravenelia," and "Three Undescribed Species of Polypores."

Dr. Long's scholarly and scientific attainments make him a very valuable member of the honor society, and it is hoped that others of his papers may be published in the future.

TRYOUT FOR DEBATE HELD LAST NIGHT

Several Men Participated in the Preliminary Contest to Determine Who Would Represent University Against Wildcats.

Tryouts for the coming debate with Arizona were held in Rodey Hall last night. Several men were members of this squad and the event contained a great deal of interest for any one who keeps up with current events. At the present time, when the editors of big newspapers are troubled, not with finding news for the big headlines, but in finding space for the items of such gigantic importance the universe current events is certainly an important subject. The subject for this debate is one before the country at the present time. The University men will have the affirmative side of the question: "Resolved, that the U. S. should adopt a system of compulsory military training."

Upon the settlement of this question in our national government all the young men of the institution will be effected, one way or the other, so that the facts of the case and arguments for and against it should have more than passing interest for you.

CURRENT EVENTS.

March 12.—Bagdad, principal city of the Turks in Mesopotamia is captured by forces of Britons under General Maude.

March 13.—Great strike is again menacing nation; may be called Saturday.

March 14.—Nation-wide strike to be called to begin Saturday night unless railroads yield to demand of brotherhoods; commerce commissions plan enormous reduction in freight rates to interior points.

March 15.—Contracts for war vessels to be assigned by department.

Railroad heads appeal to men not to strike at this time.

March 16, 1917—Czar of Russia abdicates and Grand Duke Michael becomes Regent; almost bloodless revolution is directed against German influences of Empress. Great railroad strike in America called to begin Saturday.

Annual Class Scrap Results in Victory for Sophomores Over Inexperienced Men

One Solid Hour of Bitter Fighting Witnessed by Students and Townspeople Last Friday Afternoon on Varsity Field; Freshman Unable to Out-class Opponents as in Former Contests; Different Plans Have Been Suggested Already for Contest to be Held One Year Hence.

The so much touted Freshman-Sophomore annual scrap, took place last Friday afternoon on Varsity field, and was indeed well worth the price of admission. The outcome of the battle resulted very much in favor of the second year men, but was a hard fought contest from start to finish. The score was 5 to 3 in favor of the Sophs.

At 4 p. m. sharp, as per schedule, the referee blew the whistle and the fight was on. The original plan was to have the ball kicked between the goal posts, but after a solid half hour of hard tedious work, the rules were broken somewhat, and by mutual consent, it was agreed that the ball could be thrown between said posts. The Sophs were the first to score under the new ruling, and in fact made two before the green capped men gathered themselves together. When the final whistle blew, which was at the end of an hour, the upper class team was in the lead. The Freshies took their defeat bravely, however, and have expressed the belief that the next contest, which, of course, will be held next year, they will

come out victorious. The west end of the city reservoir fence now bears the artistic decoration of "Class of '19.'"

This was the first annual scrap, and, of course, was not organized to the fullest extent. The Sophs next year, however, will be able to outline a plan which should make the Freshies sit up and take notice, merely from the fact that they have had one year of experience. It might be suggested that in next year's fight, each man be given about three feet of rope, and instructed to tie up as many opponents as he is able to. In this way the number will be decreased very rapidly, or vice versa, as the case may be, and the contest will be held between a few men on each side, thus making it more scientific. There are several other plans which might be worked out, but for the benefit of the Freshmen who will come in next year, they will be left unpublished.

Taking it all in all, the fight was very successful, disregarding, of course, the different viewpoints, and a custom has been started which will more than likely never die in this institution.

ATTENTION

Wednesday, March 21st at 11 o'clock is the time set for the assembly period for the purpose of hearing Governor Lindsey say a few words to the student body, and any visitors who may care to attend. Governor Lindsey will be accompanied by the Secretary of State, Mr. Lucero, who will also deliver a short address. It is sincerely hoped that every student will be in attendance in Rodey Hall at 11 a. m. sharp. It is up to the students to demonstrate that we have a real college here. Get some Pep and be ready to do anything that you may be called upon to do.

TEACHER'S CERTIFICATE MAY NOW BE ISSUED

University Graduates Finally Recognized by State Board of Education; Will be Allowed to Teach in High Schools.

A professional certificate authorizing the holder thereof to teach in the high schools of the state will be granted by the state board of education to graduate of the University of New Mexico who complete not less than 120 semester hours of college work, provided they include the following courses: Psychology 51, 3 hours; psychology 56, 3 hours; history of education, 6 hours; principles of secondary education, 3 hours; a major subject of 30 hours, 6 hours of which may consist of methods of teaching this major.

As already provided for by faculty

regulations, the above courses in education may be counted towards the B. A. degree. No course in the principles of secondary education is offered at the present time, but will be provided for in the future. The different departments will doubtless arrange to meet the last requirement.

It is not clear at this time whether the certificate will be issued for one or three years, but it will be renewable upon evidence of successful teaching, and will be renewable for life upon evidence of forty-five months of successful teaching.

LYNN B. MITCHELL,
Chm. Com. on Student Standing.

A letter from the Military Training Camps Association has been received urging the student body to send representatives to conference to be held in St. Louis on March 24th. Many colleges are giving credit toward graduation for those attending the Military Training Camps.

EDITOR OF MIRAGE IS WORKING HARD ON BOOK

Miss Myrl Hope and Miss Lina Fergusson, Art Editor, Directing Every Effort to Make This Best Publication Ever.

Miss Myrl Hope, editor, and Miss Lina Fergusson, art editor, have both been working hard on the Mirage, and the success of this year's book will be due in a large extent to their efforts.

Vague hints and promises of the special features of this book are diplomatically dropped from time to time to heighten our interest and curiosity, but here is an interesting fact, concerning the contents of the Mirage.

In this issue, the "Go Ask Willie" music will be published, along with all the really worthwhile moments of the year, 1916-1917. The staff does not mind saying it is proud for having extracted this music from the composer thereof, and it may well be proud of having accomplished this mission for innumerable requests for the publication of said music have come in since the play was given.

From the number of these requests, the staff feels sure it is offering you something worth while for your money. In after years when you are telling the next generation of the good old days when you were in college, and they gave real plays, you can prove it by dragging out the Mirage for 1917, and playing for them those song-hits of "Go Ask Willie."

Pay up now and make sure of your copy. The books will be out on May 1.

RED CROSS SOCIETY ASKS FOR UNIVERSAL AID

Miss Louise Croft Boyd Will Give Any Information Desired Concerning Volunteer Cards as Posted on the Bulletin Board.

The American Red Cross Society has been sending volunteer cards for laity, in the event of any difficulty arising in the United States that would need the services of either men or women, in their own homes or communities, or elsewhere. The Red Cross feels the need of such endeavors as may be readily seen from the nature of articles written by different various magazine editors and such.

Miss Louie Croft Boyd is well posted on the conditions and in fact has received a large number of volunteer cards. Anyone interested in this affair may inquire from Miss Boyd, as to just what conditions are necessary to sign. The questions asked are in the nature of "Name, address, in case of war will you serve, (a) anywhere you are sent; (b) within the limits of the United States; or, (c) in your home town only?"

This is of course a worthy and noble cause, and it is hoped that any one interested will speak to Miss Boyd at the earliest date possible.

TEACHERS CERTIFICATE.

At last the University has received recognition in regard to her graduates becoming teachers in High Schools in the State of New Mexico. Heretofore, our graduates have not been given a certificate entitling them to teach in High Schools, without having to pass any other examinations. Dr. Boyd and Professor Mitchell have fought the case before the educational council of the State, and thanks to their efforts and those of the State Board, we are now in a position to issue certificates authorizing graduates to teach in High Schools. This, of course, is subject to the regulation of the city in which the school is, which means that the candidate must be elected or appointed to the position. This privilege has been long overdue, since almost every other State has made some provision of this kind. The provision or regulation will be of great benefit to the High Schools of the State in as much as it will enable them to secure University trained men and women to act as instructors. It will also be of great service to the University, having graduates scattered around through the State. In the past, persons from other States have been presenting certificates from their higher institutions, while graduates of our own University have been refused positions, not being able to meet the necessary requirements. However, we have secured this privilege now, and may it be said to the credit of the above mentioned, that the University appreciates their unceasing efforts.

ARE WE WORKING?

The betterment of the institution at large, should be the first aim of every student attending the University. We have not always had this spirit here, but may proudly say that it is coming into evidence. The good of the University should be placed above everything else. It is necessary to look at this point from every angle. Do not stop after you have seen only one side. Help increase in number; then boost student organizations; get into the enthusiastic atmosphere and then pull some one else in. It is remarkable what an organization of any kind is able to do, all its members are pulling together. With the number we have in our student body, the material contained therein, and the advantages placed before us, we should have an organization not to be equaled. Such a perfection will not be brought about in the course of a few hours, but the point is to direct all our efforts toward the final goal, and then see how rapidly we arrive there. Think at all times, and you will find that some benefit is being derived. Epictetus.

Work, therefore, for the betterment of the institution at large.

GET NEW STUDENTS.

We have a large portion of our students from out of town. The chance to have more here next year is almost entirely in the hands of the students now attending college. There are undoubtedly several more men or women who would come to college, if the right persuasion was administered. Of course we have the High Schools of the State, now graduating many pupils. Why do not all of the graduates attend our University. The proper encouragement would undoubtedly bring more students here. As has been suggested, a good scheme to follow seems to be that every student send in a list of names of his friends at home, to whom, we may send the University News and the Weekly, provided, of course, that they do not receive them already. A few of our students now attending, report that the main reason they come here was because they received copies of the News and Weekly constantly for about one year prior to their arrival here. Let it suffice therefore to state, that we will be only too glad to have names handed in just as soon as possible.

BASEBALL GAME WILL BE PLAYED THURSDAY

Stenographers Have Invited University to Game March 24th, After Which Box Luncheon Will Be Served, Followed by Dance.

The baseball game which was played last Thursday was postponed on account of bad weather, and will be played now on Saturday, March 25th, at Hopewell field, between the University and the Albuquerque Business College. The "Shorthanders" have issued a special invitation to the team to attend a box social and dance after the game. The game will not be on the hill, and it is hoped that just as many people as possible will journey to town Thursday afternoon to help the Cherry and Silver men represent their Alma Mater. The Business College representatives will be backed strong by the rooters from the college, and to offset this it will be necessary to have good cheering section from the hill.

The team has been rounding itself into shape the last week, and will undoubtedly be able to put up a stiff fight. Remember the day, Saturday the time, 3 p. m., and the place, Hopewell field. Your season ticket admits you, so it will not cost anything. Be sure to be there.

SUPERFICIAL ELEGANCE.

"Don't you admire the hand of iron in a glove of velvet?"
"Yes," replied Miss Cayenne; "but what you more frequently observe is the rough neck under a fur collar."
—Washington Star.

All that is worth while is as slow and sure as Time—You cannot stop it, nor can you hurry it one second in eternity.—Live Wires.

If any one speak ill of thee, consider whether he hath truth on his side; and if so, reform thyself, that his censures may not affect thee.—that some benefit is being derived. Epictetus.

SUFFRAGETTE CONTEST PROVES VERY EXCITING

Freshman-Sophomore Girls Loyal to Their Respective Classes Gave Thrilling Exhibition, Ending in Victory for Later.

Down with the flag! Freshman flags will never be allowed to wave from any fishing pole on the campus of the U. N. M. So say the sophomore girls! It was a beautiful green satin flag, to be sure. It was very carefully made; it cost all of seventy-five cents; it fluttered timidly from a ten-foot pole, held by the largest and strongest masculine member of the very fresh class of 1920. But hal! What of all this! Did the sophomore girls give a care? Nay! Nay! All these factors went for nothing, when they decided that the flag must come down. A sudden rush was made upon the sturdy standard bearer. In a thrice the pole was pulled over, and the offending piece of green satin torn from its assumed proud position. Consternation seized the defenders of the green. But when they saw their precious handwork in the hands of the ruthless sophs, their wits returned and they flew to the fray. English suffragettes have nothing on the Varsity girls. But the efforts of the freshmen were in vain. The bag was rent into pieces; the bag pole chopped into bits. The sophomore girls were victors or victorious, if such a thing may be. All that was left to the freshmen were the bits of their tattered ensign, and these they gathered with rueful but jealous zeal, and 'tis said these bits are carefully cherished by certain appointed members at the present hour.

Following the disappearance of the real bag, a sham flag in the shape of a green petticoat was seen waving from the roof of Hokona, but owing to pressure from certain quarters, this, too, soon disappeared and peace and triumph reigned.

Oh, how angry you little fresie girls are! "It's not so!" you say. "It was not that way at all." You have a different version, have you? All right. Write it and hand it to the Weekly. It will fill up space you know, and save a certain reporter further dire, and no doubt unnecessary remarks.

FRIDAY IS DESIGNATED AS Y.W.C.A. TAG DAY

Women's Organization Has Adopted Plan to Raise Money in Order to Have Representation at Estes Park.

Friday, March 23rd, is the fatal day. Tags are ten cents each. Don't miss the honor of wearing a tag and don't miss the fun of being tagged by one of the prettiest girls in U. N. M. Come prepared and get your tag early. Every little dime will help send a delegate to the Estes Park convention.

Get behind this proposition and let the young ladies know that we are with them.

Weak men wait for opportunities; strong men make them.—Marden.

Work as though you owned the place and some day you probably will.

The only knowledge that a man has is the knowledge he can use.—Macaulay.

PHI MU'S ENTERTAIN ON ST. PATRICK'S DAY

Sorority Women Demonstrate Cleverness and Originality in Unique Performance Given Last Saturday at Their House.

A most clever and original party was that given by the Phi Mu's at their house on last Friday evening. "No men allowed" was the prevailing note. The active Phi Mu's disguised themselves as all kinds and varieties of boys, college lads and hobos, and these gallant gentlemen, each invited for himself, the fair lady dearest his heart. Everything was done according to Hoyle and even hobos, called for their ladies in taxis. The decorations were very attractive. In the center of the parlor hung a huge sign, bearing the motto, "Down with Man," "Votes for Women." Saint Patrick's colors and favors were also used effectively. Dancing was the chief entertainment of the evening.

Those at the party besides active members were: Miss Lathrop, Miss Hicky, Miss Sisler, Mrs. Shields, Mrs. Ross, Miss Erna Fegussan, Pearl Tompkins, Pauline Sewell, Katherine Chaves, Alma Baldrige, Annette Weinman, Shirley von Wachenhusen, Helen Wilson, Lillian Spickard, Helen Vincent, Maimie Hart, Catherine and Agnes Childers and Mrs. Sherwin.

BEING "GOOD."

Mary Pickford, the "movie" actress, says:
"It is easy for a pretty girl to be good if she is rich, but a pretty girl who is poor has a lot of temptations. The pretty girl who is poor is a little bit in the position of the boy in the grocery shop.
"A grocer leaned over the counter and yelled at a boy who stood close to the apple barrel:
"Are you tryin' to steal the apples, boy?"
"No—no, sir," the boy faltered.
"I'm tryin' not to!"

DISCONTENT.
Discontent is a microbe that does great injury to some people and is exceedingly beneficial to others. Its action depends entirely upon the condition of one's mental attitude.
If it sours the disposition, breeds jealousy, unbalances sound judgment, ferments the mind into a mad passion for quick riches; or if it urges you to undertake things overnight, that you and should be nourished and encouraged, then it is doing you a great injury and should be banished from the system.
If it kindles a healthy ambition, it inspires you to do good work to-day so that better things can be accomplished tomorrow; or if it gives a clearer vision of the great future to be attained, coupled with a willingness to do the necessary climbing, then it is exceedingly beneficial to you and should be nourished and encouraged.

Anyone wishing to take lessons in horseback riding, apply to Hazel Hawkins.

Miss Hicky—(attempting to say, "Fee, fie, foe fum, Childe Roland to the dark tower came")—"Fee, fie, foe, fum, I smell the blood of an Englishman." "Now you see what have will do."

Miss Parsona is again holding classes on the hill after a brief illness. We are glad to have Miss Parsons with us again.

Caldwell—(Sanish 1.) "Do you have to take out naturalization papers when you go to Africa?"

Kay Conway and Lillian Spickard are becoming expert horseback riders.

Hair pulling contests have also been very popular the last week or so.

Boost the Varsity Circus.

Feature stunts have been appearing rapidly here of late and the circus promises to be a knock out.

Baseball practice has been well attended the last week, but a great deal better showing could be made.

TALK CIRCUS.

The latest fad seems to be, well, ask Angelica?

Tight rope walking will be one of the special features in the circus. Keep your eyes open for the big act.

Professor Nelson has some popular prices on dictionaries, French-English, English-German, and Spanish-English. Discount may be had by purchasing said books from Professor Nelson. All those desiring to take advantage of this should see him immediately.

Talk about the Circus.

Buy a ticket and be able to vote for the "Queen of the Circus." Tickets may be bought for 5 cents.

Officer (as company is temporarily about to vacate trench which has been reported mined): "You two will remain here, and if there is an explosion you will blow a whistle. You understand?"

Private Spuds—"Yes, sorr! Will we blow it going up or coming down, sorr?"

—London Opinion.

WHY NOT.

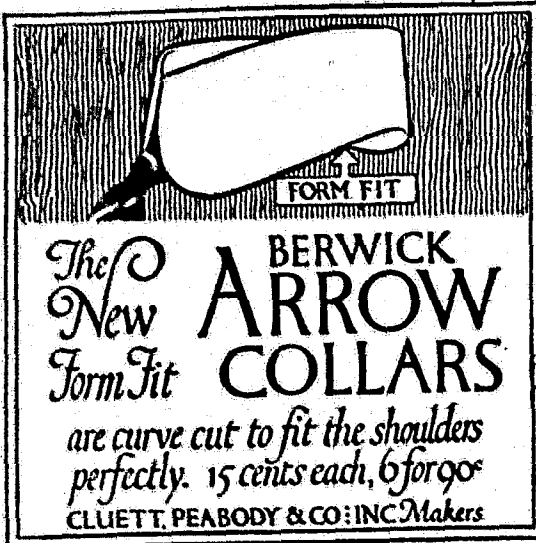

Judge—"You can take your choice, ten dollars or ten days."

Prisoner (still in a foggy condition)—"I'll (hic) take the money, y'r Honor."

ALBUQUERQUE N.M.

"POLLY OF CIRCUS" CONTEST TO BE POPULAR

Position of Honor Will be Given to Young Lady Having Highest Number of Votes at End of Set Period.

The popularity contest to determine who is to be the "Queen of the Carnival" in the coming Varsity circus is now in full swing. Miss Hawthorne and Miss Williams are selling the votes, and everyone is expected to buy at least one. In other institutions this is one of the greatest honors that may be conferred upon a young lady, and the interest, enthusiasm, etc., that is taken therein is well worth the price of admission.

Do not make it hard for these young ladies when they come around to see you. Give them the jitney, or whatever it may be, and do it willingly.

A ballot box will be placed in the library and all that is necessary is to write the desired persons name on the ticket and drop it in the ballot box. The judges will do the rest. Get behind this proposition and help the Varsity circus along to this extent.

WHY NOT?

If a female duke is a duchess,
Would a female spook be a spuchess?
And if a male goose is a gander,
Then would a male moose be a mander?

If the plural of child is children,
Would the plural of wild wildren?
If a number of cows are cattle
Would a number of bows be battle?

If a man who makes plays is a playwright,
Would a man who makes hay be a haywright?

If a person who fails is a failure,
Would a person who qualls be a quailure?

If the apple you bite is bitten,
Would the battle you fight be fitten?
And if a young cat is a kitten,
Then would a young rat be a ritten?

If a person who spends is a spend-thrift,
Would a person who lends be a lend-thrift?

If drinking too much makes a drunkard,
Would thinking too much make a thunkard

But why pile on the confusion,
Still I'd like to ask in conclusion,
If a chap from New York's a New Yorker,
Would a fellow from Cork be a Corker?
