## SPEEDY PLAY IN CO-ED TOURNEY

Initial Rounds Leave Sixteen to Try for Mindlin Singles Trophy.

Fast tennis featured the first and second rounds of the Women's Championship singles tournament, and there were not a few reversals of the dope in the process of eliminating all of the aspirants but the remaining sixteen who will play off the third round during the coming week. Practically all of the matches played to date have been hotly contested as the scores will testify, many of the sets running well into extra games. So far no one has defaulted and only one bye was drawn.

From the remaining sixteen, it would be difficult to pick a possible winner, as the brand of tennis played by these in the previous competition speaks well for fast and interesting play in the next round. All of last year's stars, however, are still in the running, and it is possible that the winner will be found among their number. Miss Dorothy Stephenson, Miss Clarissa Parsons, and Miss Ruth Daugherty are all playing in top form, and thus far have won handily from their respective opponents. Among the new stars, Miss Mary Hamilton is perhaps the most noteworthy, and should make it interesting for the best of them.

A trophy, in the shape of a beautiful cup, will be presented to the winner. This cup was offered by the Mindlin Jewelry Company, and becomes the permanent possession of the final survivor.

The tournament will continue through the next two weeks, the finals to be played off, bar accident, on Saturday morning, April 16, the winner to be determined by winning.

(Continued on page 4.)

## PAT PATTON RECOVERING NICELY IN CLOVIS HOME

It will be of interest to a large number of the student body and faculty members to learn that Perkins Patton, who was compelled to withdraw from school at the beginning of the second semester, is improving nicely at his home in Clovis, New Mexico.

For some time preceding the end of the first semester Patton was the victim of general debilitation and a number of minor ailments which finally forced him to consult a physician. When informed that faulty heart action was seriously impairing his health and that it was liable to result in dangerous consequences, Patton bade good-bye to his friends and left for home. There the family physician confirmed the previous diagnosis and "Pat" is now warming up on the initial lap of a five years vacation. However, in view of his early and rapid improvement, it is expected that he will cut the sentence in half.

It will be remembered by many that Patton was forced to withdraw from school on three previous occasions; at one time because of an attack of rheumatism, and another when he enlisted in the army in 1918, serving in Texas and California.

Perkins would have graduated at the end of the Fall semester of 1922 had his physical condition permitted him to remain. As "campus fixture," scholar, and athlete, "Pat" is missed greatly by his many friends and it is certain that his reappearance will be a cause of much pleasure to those knowing him at the time.

## Campus Welter-Weight Title at Stake in Main Bout of Battles on April 1

Battling Cheetham and Gentleman Bruce Grimes to Mix in Fistic Combat in Gymnasium on All-Fools' Day; Civerollo and Norton in Preliminaries; Public to Be Admitted.

At last the girls will have an opportunity to view a real old-fashioned slug-fest without fear of consequences from the powers that be. For battling Bruce Grimes and Young Everett Cheetham will stand in closing strife until death do them part for four hectic rounds of leather pushing next Saturday, April 1—All Fools Day—and no slight intended.

The bout is the culmination for various indiscreet statements on the part of both battlers concerning their respective punishing proficiency. Jack Jelfs is official manager, trainer, and sponge manipulator in behalf of Young Cheetham. The identity of Battling Grimes' second and towel waver is as yet unknown, but rumor has it that he is getting expert training from professional source.

Both knights of the squared circle are about the same build, reach, and weight; and each has audibly announced his intention of smearing the opposing bloke for seventeen ghoulies in the initial contact of the melee. Both of the pugs are confident that there will be but himself and the referee—Coach Johnson—in a state of perpendicularity after the opening fusillade of passes.

Special two-ounce mitts are to be used in the encounter. A regulation set of elastic ropes, ether containers, sponges, round-gongs, and incidental fistic paraphernalia will be employed. Also a specially manufactured porous cork ring-mat, which was designed to absorb the copious streams of blood, so certain to be spilled, will be provided.

Extensive preparations for the accommodation of fight-fans are being made by the management in anticipation of the large crowd. No admission will be charged and the event is open to all—either as participants or onlookers.

Spike Civerollo will engage Knock-Out Norton for two preliminary rounds preceding the main attraction. It is possible that additional bouts will be added to the card in the course of the week. Rivals and feudists make arrangement with Jack Jelfs.

## JOHNSON TO STAGE OPEN AMATEUR MEET

Some time in April, according to Coach Johnson, an open City Track and Field Meet will be held on the University field. This meet will be open to any amateur athlete in or around the city of Albuquerque. The Indian School, the Menaul School, and the High School have already signified their intention to enter teams. It is also probable that some of the amateur talent, brought to light in Director Green's Y. M. C. A. indoor gymnasium and athletic games, will enter. Unattached athletes are urged to compete.

The University will enter a full team, and on looking over the field, should have no trouble in romping off with the lion's share of the events proposed. The University squad has now been increased to about twenty, half a dozen of which are letter men. The events to be run off in the University of New Mexico Amateur Athletic Meet are: 100 yard dash, 220 yard dash, 440 yard dash, 880 yard run, mile, 122 yard high hurdles, 220 yard low hurdles, high jump, broad jump, pole vault, shot put, and discus throw. The meet will be conducted according to A. A. U. rules.

## LOWELL LIT. HEAR ADDRESS BY BOWMAN

The Weekly program of the Lowell Literary Society was held in the administration building last Tuesday, March 28, at which time an interesting program was rendered. Mr. Walter Bowman, eminent authority on the liberties that may be taken with verse, was the first speaker and discoursed at length on Free Verse. This was followed by a declamation by Miss Mary Hamilton.

The weekly debate was on the question: Resolved that the Soldier Bonus Bill now before Congress should become a law. The affirmative was ably handled by Miss Margaret Easterday and Mr. Clifford Bernhardt, and the negative by Mr. Fredwyn Valentine and Mr. George Owen. The decision of the judges was in favor of the affirmative.

## ROY HICKMAN REPLACES CALDWELL IN DEBATE

Roy Hickman fills the vacancy on the Varsity debate team caused by the withdrawal of Charles Caldwell. Scholastic and outside interests claimed so much of Caldwell's time that he announced his decision of quitting debate work for the season. This made it unnecessary to hold tryouts for the selection of the team opposing the University of Arizona. As Hickman won third place in the contest held earlier in the season, he automatically filled the vacancy. Hickman has given considerable thought and study to the debate question and, with his experience on the platform, is expected to make a very creditable showing.

## NEW MEXICO-MISSOURI MEET PROBABLE

Possibilities for a Track and Field meet here, with the University of Missouri, are under discussion. The Missouri team, which will enter the Intercollegiate next month in California, has written Coach Johnson regarding a possible date for a meet here while they are on their way to the coast. If an agreement can be reached between the two schools regarding the guarantee, it is possible that the meet will be held here about the sixteenth of April.

## FEE-LIGHTON ENGAGEMENT ANNOUNCED ON CAMPUS

That another campus romance is in the stages of its fulfillment is evidenced by the recent announcement of the engagement of Miss Irene Fee to Ed Lighton. The date of the wedding has been tentatively set for this coming June.

Both Miss Fee and Lighton are residents of Albuquerque, and are members of Kappa Kappa Gamma and Pi Kappa Alpha respectively. Miss Fee is a Junior in the University and will be remembered as having done her bit during the war by nursing in New York. The fortunate young man will graduate this year, after serving as an assistant instructor in the chemistry department.

## NEW MEXICO DROPS DEBATE TO U. OF S. C.

McGinnis and Marshall Speak Forcefully, While Wilkenson and Caldwell Fail to Answer Questions of the Negative.

Debating the negative side of the question, Resolved: That an Industrial Court for the judicial settlement of industrial disputes should be established by the several states, the University of Southern California, represented by Merle C. McGinnis and Roland S. Marshall, won from the University of New Mexico, represented by Kenneth Wilkenson and Charles Caldwell, by a judges vote of 2 to 1.

This is the second time a debating team from the U. of S. C. has won from a local team on its own platform. But, although losers in the debate, great credit is due the debaters of the University. Their argument was prepared in one week's time without the aid of a coach or instructor of any kind, and it was their first time to debate this question; whereas the U. of S. C. debaters have the advantage of training in a law school and of efficient coaching. They had also debated this question before.

Merle C. McGinnis, first speaker for the U. of S. C., in a preliminary speech, stated that the debating affiliations with the University of New Mexico were very favorable, and expressed the hope that they would be continued in the future.

Mr. McGinnis was undoubtedly the best speaker of the evening. His speech was polished and his manner of talking was more in the form of

(Continued on page 2.)

## TALKS ON ORIGIN OF FEDERAL GOVERNMENT FEATURE LAST CHAPEL

M. L. Fox, former editor of the Albuquerque Morning Journal and present manager of the Chamber of Commerce, delivered an address before the student body last Friday in Rodey Hall, on the origin of the federal government.

Mr. Fox's speech was particularly interesting to an audience of college students. While adhering strictly to historical facts and advancing no unwarranted theories, Mr. Fox endeavored to depict the origin of the federal government in a light heretofore but vaguely touched upon, and by some historians, considered not at all. Mr. Fox carried the advancement of and the desire for a stabilized government with a written document governing its policy, through from early colonial times.

Mr. Simms, local attorney, sat on the platform while the address was being given, and in a subsequent address supported the truth of Mr. Fox's statements.

Mr. Fox is at present contemplating writing a book in which he will profound his theory in a clear and forceful manner and will support his assertions by citing works of eminent authorities.

Mr. Simms, last speaker of the morning, received the usual attention and applause that greets his appearance on the University platform. In his speech he verified Mr. Fox's speech and spoke further upon the Constitution of the United States. Mr. Simms' keen wit, his manner of talking, and his obvious sympathy with the student body, make him probably the most popular speaker with the students, of any addressing them thus far.

who desire to do anything along these lines should join the Society as soon as possible in order to begin work for the coming year. The meeting has been called by George Bryan, who was last year manager of debate.

cable runners, etc., in various designs and have an unlimited supply. They also are carrying an excellent grade of fraternity stationery engraved with crests of the various fraternal organizations on the Hill and, best of all, they have two beds which they will loan—free—

### CLASS SPIRIT

It has been asserted that the run of events in the University of New Mexico has not felt enough of what is known as "class spirit." It is said that collegiate events are being promoted and conducted by outside interests, which have an occasion, subordinated class activities to prevent interference with private plans of their own.

The authors of this sentiment have apparently reached their conclusions without a careful examination into the real facts. Class functions have always played an important part in the activities of the University, as close scrutiny of the weekly programs of the past couple of years will show. Investigation will also show that in cases where proposed class events have been dropped, it has not been the result of outside pressure, but because of inability to finance or some like natural cause.

During the present collegiate year the major part of the University's functions have been directly or indirectly connected with the classes. The Freshmen have been distinguished by their bonnets, and after falling gracefully at the hands of the Sophs, continued to wear them like real sportsmen. The Sophomore class has already given their dance. The Freshmen have made plans and secured a date for theirs. Under the committee headed by Mr. Walter Berger, the Juniors have not only arranged for the biggest event of the year, the Junior-Senior Prom, but have made definite plans for a

Junior Week, something which has never before been done. This, we think, is a clear demonstration that class spirit is on the increase.

The Seniors have a multitude of plans which they fully expect to carry out, and are at present at work on the means of financing their dance which will take place on June 7.

If there is no class spirit at the University of New Mexico, there is no such thing as class spirit.

### NEW MEXICO DROPS DEBATE TO U. OF S. C.

(Continued from page 1.)

conversation than oratory. Both he, and his colleague, Mr. Roland S. Marshall, spoke in forceful and confident tones.

Charles S. Caldwell did all that was expected of him, winning applause from the audience with clever thrusts in his rebuttal. Kenneth Wilkenson, for three years a debater on the University team, spoke forcefully and dogmatically, but lack of sufficient preparation rendered him inadequate to meet the question asked by the negative.

### FRESHMEN HOLD SECOND MEETING TO PLAN PARTY

At 12:30 on last Wednesday the Freshman class held their second meeting in Rodey Hall and perfected further plans for the Frosh Hop scheduled for April first.

The committee appointed at a previous meeting reported the results of its investigations and submitted a number of estimates concerning arrangements for approval. It was moved and passed upon that the party should be given at the Knights of Pythias Hall; that the "Moonshine Melody Makers" should provide the music; and a committee was appointed to collect seventy-five cents from all members of the class to defray expenses. Freshmen are urged to make their payments to either Margaret Gustorf, Isadore Coury, Roy Hickman, or Elizabeth Shepherd as soon as possible and not later than March 27, as only those who have paid will be admitted to the party.

If you want to make a fellow hot, just tell him to keep cool when he is between two fires.

## PITFALL AND GIN

AN ELEGY TO EDWARD

(Gone from our midst and missed in Council.)

Loud and clear, harsh and deep  
Told the voice that bid you sleep—  
No tender speech, or words divine  
Told you there was naught to sign.

Left to drift, and deviate,  
You no longer may abide,  
It is vain to brood upon  
The malady of which you died.

You heard the song the Sirens sing,  
Nor noticed duty's undertones,  
That multiplied into a dirge—  
"Peace to your ashes and your bones."

—Gin.

—Abe.

Might we suggest to "Wag" that he ask the whereabouts of the O. F. girl who was called "Bobby" because her hair was bobbed?

Well thank heavens, at last there is a matinee idol named Rudolph instead of Jack—and my name isn't Rudolph either—and neither did I have a rival whose name was Jack.

I stood on the campus at midnight  
The beautiful night was rare—  
But a pretty maid pulled down the shade,  
And left me standing there.

"It won't be long now," murmured the philosopher, as he stuck his nose in the buzz saw.

The dog stood on the burning deck,  
HOT DOG!

He: (Passionately) Don't you think the call is irresistible?  
She: (Ditto) Sure kid, let's eat.

Prof. Feasel: Give me an example of some force causing an upward move in food stuffs.  
Disciple of Adam Smith: Er, Why—would seasickness be one?

It is about this time of the year that young fellows begin to wonder when they can discard the old salt-and-pepper in favor of the 1920 Palm Beach, and the green cap for a timothy lid without certainty of harsh comment and dire consequences—respectively.

—Pro.

Yes, Spring is here! (Let us hope there will be no snow the day this comes from the press.) Two flies were seen in the Varsity Shop; Dr. Hessler was seen wearing his Tuesday green tie on Thursday as well; red flannels embellish the back-yard clothes lines preparatory to Summer storage among the moth balls; Friday was gingham dress day among the co-eds; the sound of the lawn mower is heard on the hill; and two campus lizards as well as one real reptile were seen sunning themselves on the lawn in front of the administration building.

—Con.

### GIRLS' COOKING CLASS ENTERTAINS COUNCIL

On Tuesday, March 28, the "Serving of Meals" class of the Home Economics Department entertained the members of the student council at an informal four course luncheon in the Sarah Reynolds hall.

"Covers" were laid for ten guests and a tasteful color scheme of gold harmonized with the favors and place cards. It is needless to say that all those invited attended, and, with apologies for the hackneyed phrase, "a good time was had by all."

Nell Hess was in charge.

### U. SUMMER SESSION BULLETIN ON PRESS

A bulletin containing the nature and number of courses to be offered by the Summer Session of the University of New Mexico, was sent to the press Thursday morning, and will be distributed within a week.

More than fifty courses will be open to students who care to take advantage of the summer school. The Santa Fe Railroad has made a special rate for summer school students, on one and a half fare for the round trip.

Besides the regular course of study outdoor athletic sports have been planned for, the swimming pool will be in full operation, and trips to various points of interest will be in order.

### PIPE AND PEN MEETS WITH DEAN MITCHELL

On Thursday evening, March 24, the members of the Pipe and Pen club held a regular meeting at the attractive home of Dean L. B. Mitchell on South Columbia Avenue. All members of the club with the exception of three were present. Original papers were read in accordance with the usual program and Pat Pugh presented the second of the two manuscripts required upon initiation. Plans for the next issue of the Bulletin were discussed; many cigarettes and cigars were consumed; Mrs. Mitchell served an excellent supper; and the scribes dispersed at about midnight after what was considered an exceptionally enjoyable evening.

Never gets you into trouble and never gets you out.

### BOB ELDER WINS Y. M. C. A. MEET OVER ALL ENTRIES

Semi-final figures on the Y. M. C. A. Athletic Contest show that Robert Elder, University Freshman and former high school track star, will win the cup offered to the winner by a considerable margin.

White leads in points and events during the first few weeks of the contest but was forced to withdraw because of a wrenched ankle. Kiddoo, a down-town gymnast and trackman of note, then led for a while, but sickness interfered and he was compelled to relinquish first position to Elder. During the past month, Elder gained consistently, leaving his nearest opponents far in the rear, and setting a number of records over marks established some time previously.

The contest was held in the Y. M. C. A. gymnasium and embraced almost the entire range of indoor events, featuring various jumps, climbs, dives, handicap races and feats requiring dexterity as well as strength. Elder set a record of eight feet, five inches higher than the previous record that had stood for years.

The contest, which extended over a period of eight weeks, was open to all, and Elder is to be congratulated upon his ability to win over the impressive field of athletic talent that was represented. The cup awarded the winner remains his permanent possession.

## OUR SIDE WINS GRATE SINE-TIFICK DAY-BATE

(By Pattrik.)

Monday and Wednesday were the days: the lecture room of the Chemistry building was the battle ground; Frosh class of Hygiene were the Dramatis Personae; "Resolved that persons having chronic diseases and feeble-mindedness should be segregated" was the question. Those having names beginning with the letters A to M inclusive upheld the affirmative; the balance of the class defended the negative.

Ah! but it was a struggle! John C. Calhoun vs. Daniel Wegster could not have provided such heated argument nor equaled the debaters in their superb manipulation of points. The arguments of both sides revealed exhaustive research as well as keen observation, profound scientific knowledge, and absolute mastery of forensic technique. Speeches were limited to five minutes with the exception of those delivered by Norton, Connor, Wills, and Menefee Long, whose addresses extended far over the allotted period. Pleas, force, nor the flight of time could stop them until their well balanced and carefully delivered speeches were brought to an appropriate conclusion.

While the addresses of the above were exceptional, it must be said that the arguments of all were of uniform excellence and that they were given with the form and polish found only in the most talented and accomplished veterans.

The keen enthusiasm evinced by the speakers was equaled only by the breathless interest given at all times by the audience. Frequently the applause was of such intensity and duration that the judge, Coach Johnson, was compelled to call for order.

The outcome of the debate was extremely uncertain until the conclusive point was delivered by the captain of the negative team at the close of the last quarter of his final hour

rebuttal. The winning point was:—"that segregation of the feeble-minded is unfeasible, unreasonable, and unthinkable, because such action would result in the incarceration of the entire affirmative side in an insane asylum."

## SPEEDY PLAY FEATURES CO-ED TENNIS TOURNAMENT

Continued from page 1.

three sets out of five.

The tournament is in charge of Miss MacCormick, director of women's athletics of U. N. M., and is the second athletic tourney staged by her this year apart from the required symposium training. Miss MacCormick intends to make women's athletics a large part of campus activities, and has succeeded in winning a good deal of interest in her department. Later in the Spring, she is planning a day of track and field sports for the Co-eds.

## STRICTLY ETIQUETTE

"Look here, soldier," demanded the major of the little man who had passed him with a cigarette in his mouth and without any signs of recognition, "who taught you about saluting?"

"Cap'n Smith, sir; but cap'n says never salute with a cigarette in your mouth." — The American Legion Weekly.

## HONOR DAY AND PRIZES

Annual Honor Day Exercises were inaugurated during Commencement of 1921, and will be repeated at succeeding Commencements. Annually on the occasion of HONOR DAY, the President of the State University and the president of the Associated Students, in the presence of the students and friends, announce in Rodey Hall the names of those students who are entitled to certificates of excellence or prizes for achievement. The honors bestowed by the Faculty are awarded by the President of the University, and honors bestowed by the Student Body are announced by the President of the Associated Students. The occasion is one of interest to the students and their relatives and friends.

## University Honors and Prizes

### The C. T. French Medal for Scholarship

A friend of the University, Mr. Chester T. French of Albuquerque, during the spring of 1921, notified President Hill of his willingness to establish a permanent fund, the proceeds of which might be used perpetually as a prize to stimulate scholarship. Mr. French accordingly gave \$500 in Liberty bonds for this purpose. The C. T. French Medal for Scholarship will be awarded annually by the President of the State University to the student who meets these conditions:

(1) He or she shall have obtained during the year the highest general average for scholarship in a regular course of not less than 15 hours, leading to the Bachelor's degree, during a residence of not less than one full academic year.

(2) Only Juniors and Seniors in residence will be eligible in competition for the C. T. French Medal, and the medal can be awarded to the same person but once.

### Katherine Mather Simms Prize in English

Another friend of the University, Mr. Albert Simms, during the summer of 1921, gave \$250 in Liberty bonds, the interest of which will be paid in cash to that student who in the opinion of a Faculty Committee and the President of the University has excelled in English Composition. The prize is named for Mrs. Katherine Mather Simms, a great-granddaughter of an early president of Harvard.

### CLASS CERTIFICATES

The Faculty on Honor Day awards Special Certificates of Excellence, as follows:

**College of Arts and Sciences**  
BEST SCHOLARS, respectively, in the Freshman, Sophomore, Junior and Senior Classes,

**College of Engineering**  
BEST SCHOLARS, respectively, in the Freshman, Sophomore, Junior and Senior Classes.

March 17, 1921, when with other elaborate ceremonies the Engineers pay honor to their patron, Saint Pat-

ty was given last Saturday evening by Mrs. W. G. Hopewell for her son, Willard Hopewell, who spent the holidays at home. Dinner was served

tertaining with a dance at the Wom- Angle, Tom Bunn, Stewart Mac-Ar-
