## University Wins Debate with Redlands

### Chicago Nationals to Play University Team Wednesday

#### SUNDT AND WALKER WIN DEBATE FROM REDLANDS

University Team Gained Two to One Decision Over California Aggregation Last Saturday Night; Men Are to be Congratulated.

The University of New Mexico debating team, composed of Horalf Sundt and Lee Walker journeyed to Redlands, Cal., last week and completely walked away with the University of Redlands in a debate, Resolved, "Armed Intervention in Mexico," in which we upheld the negative side.

This is a great victory for the University, in as much as the debate was held in the opponents floor. Our men were in the best possible shape to put forth the arguments necessary to convince the judges, and we are proud to say that we think we have the best team.

This is the second time we have met the University of Redlands, the last time they defeated us. Although the decision was two to one in our favor this year and they beat us unanimously last year. We are justified in believing that we have a little edge on them. At any rate we are glad to have had the opportunity of coming in contact with Redlands and hope that our pleasant associations will be continued indefinitely.

Sundt and Walker deserve a great deal of credit for winning this debate and the student body at large is to be complimented upon the support offered these two men. Our next debate will be with Arizona, and it is expected that the students will render the same valuable service as they did on this last occasion.

#### CURRENT EVENTS.

March 19, 1917—British and French make terrific gains on a hundred miles of front.

Three American steamers sunk by U-boats; 14 men missing.

March 20, 1917—Rapid advance of British and French troops continue in pursuit of retreating Germans; many villages and towns reoccupied by allies; U. S. supreme court sustains Adamson law; no strike now is possible.

March 21, 1917—U. S. not ready for war is Union League report.

Recognition of new government of Russia is to be early, forest.

March 22, 1917—Congress called to meet April 2; German attacks on United States to be resisted by the nation.

Two Germans spies plead guilty in Federal court.

March 23, 1917—Now at war, Roosevelt says; Question whether U. S. shall strike hard or feebly, he declares.

#### CHERRY AND SILVER NINE WALLOPED

#### BUSINESS COLLEGE TEAM TO TUNE OF 25-14

Varsity Turned Tables on Stenographers Last Saturday, and Batted Out Scores Enough to Win Two Games; Contest Though Slow and Lopsided Proved Interesting; Large Attendance Showed Increase in Interest.

The Varsity nine outclassed the Albuquerque Business College team last Saturday afternoon at Hopewell field to the tune of 25-14, in a very slow contest. Despite the lopsided score, the game had a few interesting features in it, chief of which was the fact that "Tiny Williams pulled down four hits out of five times to the bat. Bearnby, for the Business College pitched a fairly good game considering the support that was given him.

"Sarah" Bearnhardt pitched excellent ball for the first four innings but was compelled to stop on account of a sore arm. He had the Stenographers at his mercy at all times, and allowed only about two hits.

"Governor" Hoover, star third baseman, was then put in the box and only lasted for two innings, after which Jason Williams was put in to do the twirling. The "Short-handlers" began to hit the ball, but the support offered by Williams' teammates proved too strong, and some one seemed to always be in the way of the ball just at the proper time.

Capt. Nohl caught, due to the fact that "Shorty" Turpenning with his sprained hand, was unable to take part. Nohl proved a very clever backstop, and nothing passed him. "Doggie" Hoffman on first base played exceptionally well, covering the sack at all times, and hitting like a house on fire. This was "Doggie's" first game in three years, but he has been out practicing regularly, and is in good shape. "Runt" Powell held up his reputation admirably as a second sacker, handling ground balls as well as flies, with the greatest ease. His stick work was also worthy of mention. Jason Williams at short held down

the position to good advantage.

Sheahan in center field covered the ground with a great deal of celerity, and hammered out four hits during the nine innings.

"Tiny" Williams, in right field, distinguished himself with field ground balls, and hitting. As has already been stated Williams' playing was one of the features of the game.

The Business College squad were unable to get their eye on the ball the first three or four innings, and the Cherry and Silver team took advantage of this fact and piled up nine runs in the first two innings; a lead which was never overtaken. Another game is expected with the Stenogs but the date has not been definitely arranged. The Business College team took their defeat like good sports, and urged the team to attend a box-social and dance afterward at the college, but none of our men were able to attend.

It is sincerely hoped and trusted that there will be a record breaking crowd at the game Wednesday afternoon, between the Chicago National League team, the Cubs, and the University. The Cubs are on their way home from California, where they have been in spring training for the last six weeks.

#### YALE FOREST SCHOOL OFFERS SCHOLARSHIP

Following Letter Received from Alumni Association Is Self Explanatory; Anyone Interested, Write to Mr. Jamison Immediately.

The following letter has been received by the president of the University. This is a good opportunity for anyone who desires to enter the forestry department.

Dr. D. R. Boyd, Pres.,  
University of New Mexico.

Dear Sir:

I am chairman of a committee of the Illinois Alumni for the purpose of awarding a scholarship to the most worthy applicant who intends to go to the Yale Forest School next year. The scholarship is now held by Chester Lee, a former student of the University of New Mexico.

In order that we may intelligently consider all applications we would like to have the scholarship announced in the University, so that anyone who intends to enter the Yale Forest School next year, may have the benefit of the application.

The application carries free tuition at the Yale Forest School during the time that the man holding it, remains there.

Yours very truly,

(Signed) H. B. Jamison.

#### BIG CONCERT TO BE GIVEN AFTER SHOW

Alberta Hawthorne Is Preparing Everything for Musical Entertainment, Following Main Performance of Varsity Circus.

One special feature of the coming Varsity circus not to be overlooked is the big concert. The concert will begin immediately after the big show. All the latest song hits will be sung and the best musical talent of the University will be represented.

Don't anybody miss the concert. Special numbers are to be handled by Miss Hawthorne, Miss Switzer, Miss Selsor and many other nightingales of the University and it is rumored that the Alpha Gamma Sorority has an unusual program to be given at this time.

Miss Hawthorne is at the head of the concert department, so that we all know it will be a success for we have seen "Bert" manage things before. At the present time, arrangements for this important part of the circus are progressing rapidly and well but there are still many things to provide for and any one having any good suggestions in regard to songs or stunts for this feature, please report them immediately to Miss Alberta Hawthorne. This means especially any good song that you yourself may be able to sing.

#### PATRIOTISM

Tuesday morning at 10 o'clock there will be a meeting of the students of the University for the purpose of planning and outlining a military parade to be held Wednesday morning when the soldier boys come through Albuquerque. It is intended to have the entire student body as well as any people from down town who desire to take part in the parade. This will be an undertaking well worth while and the students should get behind the president of the student body and help make this a real success.

#### PANHELLENIC COUNCIL IS NOW ORGANIZED

Long Needed Organization Has Finally Been Established; Fraternity Disputes Will be Settled Before They Have Taken Good Hold.

For many years in the history of our old U. N. M. there have been fraternities to take their place in the organizations of the institution "for better or for worse." There have been many local fraternities organized; some were successful, some lived a short time only to die at last for various reasons.

Those fraternities that have been successful are recognized as being a help both to the college at large and

## INTEREST.

One of the best results gained from the untiring effort and work in regard to obtaining better feeling toward the University throughout the entire state is shown in the fact that in the last number of the Santa Fe high school publication, which is a monthly magazine, it is specifically stated that the University of New Mexico should receive the support of the high schools in the state, and thus enable the institution to produce greater results. This is indeed gratifying, especially coming from Santa Fe, where heretofore the students have not had the best of feeling in regard to the University. Of course our high school here in Albuquerque knows that we are with them, and consequently we should have the entire Senior class up on the hill as Freshmen next year. With the support of Albuquerque and Santa Fe schools, we should be able to induce the other schools of the state, if we have not done so already, that this is the place for them to come and receive their education, for at least two years, guaranteeing, that at the end of that time, they will not be able to pull themselves away, until they have finished their college course.

## NEW PLAN ADOPTED FOR REGULAR SENIOR MEETING

"Get Together" Business Gathering at Phi Mu House, Proves Quite Enjoyable; Numerous Questions Discussed.

Instead of the usual form of meeting that the graduating classes have—a meeting of fifteen or twenty minutes each noon until business is disposed of—the Seniors last Saturday night inaugurated a plan that at least was more enjoyable, when they met at the Phi Mu house to "get better acquainted with each other."

There were about fifteen of the members present.

The evening was spent in reminiscences and prophecies, and in the discussion of business matters. All who attended this meeting agree that a story-telling, marshmallow roasting, picnic frolicsome gathering of the dignified is far better than one where business alone absorbs (we hesitate to inflict a literal pun by saying that that word means "to dry up") the attention. It is hoped that more such gatherings will be had in the few remaining weeks of this school year.

Professor Hodgkin read an excellent paper Sunday at the afternoon meeting in Rodey Hall, his address being "The Value of the Imperfect." We regret to say that the audience was far too small.

## ALPHA DELTA BANQUET PROVES BIG SUCCESS

Annual Celebration Well Attended by Fraternity Men; Several Responded to Toasts.

The Alpha Delta fraternity held its annual banquet, celebrating the second anniversary of the announcement of its chapter, in Taft Hall at the Alvarado Hotel, last Thursday evening, March 20 at 8 p. m. The real anniversary was March 22, but the date of the banquet was pushed ahead two days because of the Cattle-men's convention. The celebration was the occasion of the largest gathering in the history of Alpha Delta, as the body of active members was supplemented by both alumni and pledges.

Milan L. Doering, the master of ceremonies, gave some reminiscences of the life of Alpha Delta and then called for toasts from Pryor B. Timmons on "The Objective," from G. L. Butler on "The Blue and Gold of the high schools in the state, and Senior," and from Jason Williams on "The Fraternity Freshman." Next the alumni were called on and replying, especially coming from Santa Fe, where heretofore the students have not had the best of feeling in regard to the University. Of course our high school here in Albuquerque knows that we are with them, and members and that the wanderlust has consequently we should have the entire Senior class up on the hill as Freshmen next year. With the support of Albuquerque and Santa Fe schools, we should be able to induce the other schools of the state, if we have not done so already, that this is the place for them to come and receive their education, for at least two years, guaranteeing, that at the end of that time, they will not be able to pull themselves away, until they have finished their college course.

This scattering of those, who only last year where gathered about the same board, brought home to those present the fleeting changes that time brings to our lives, and to the lives of those dearest to us. Every man present was impressed that he must make the best of his life from day to day in order to build a character that will be of service to his fellowman.

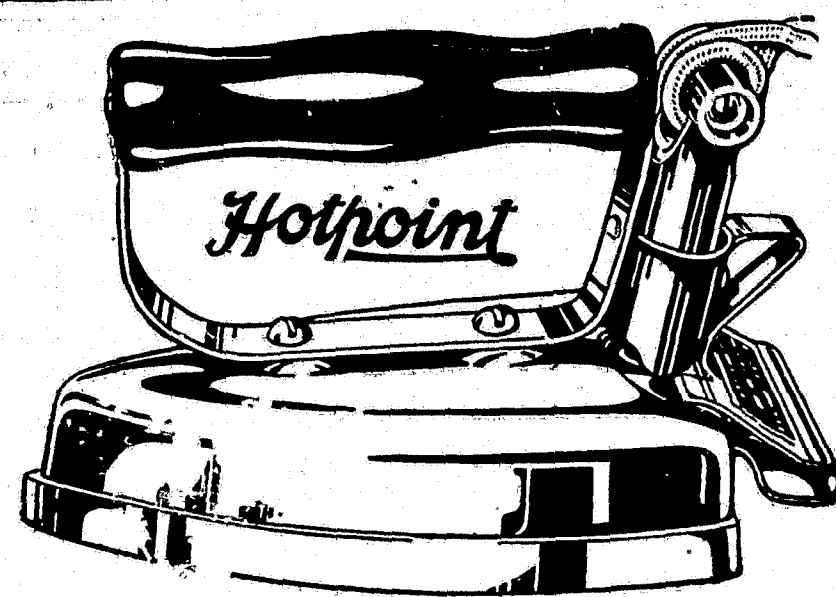

At the hour of nine all joined in the fraternity song, gave the University yell, and then disbanded, hoping to meet at the same time and place again next year.

Those present were Milan L. Doering, Pryor B. Timmons, Edward E. King, Louis E. Nohl, Lawrence E. Ott, Paul Menaul, Joe Eldred, H. A. Keinath, Clinton Little, Jason C. Williams, George L. Butler, Harold D. Larsh, J. Claude Miller, Ernest W. Hall, Clifford Volking, Earl Olds, Forrest Fielder, Lee W. Walker, Arno K. Leupold, Paul P. Mozley, Philip Richard Upton, Erastus T. Dunlap, G. Skiles Hoffman.

Lee Langston, former University football star, announces that he is a teacher in Causey, N. M., just outside of Portales. All Langston's friends send him their best wishes, and expect to see him back next year.

Evidences of spring are to be seen in all the new clothes now being sported by all the girls.

## GOVERNOR LINDSEY ADDRESSES STUDENTS

Interesting Speeches Delivered by Antonio Lucero, Secretary of State, and John R. McFie, New Alumnus Member of Board of Regents.

The governor of New Mexico honored the University on Wednesday, March 21, by talking to us in assembly. This is the first time in many years that the governor of the state has been with the students, so all the University students as well as many friends of the institution were present.

In addition to the governor, we had with us at this assembly, the new board of regents, including the two new members, Antonio Lucero, secretary of state, and John McFie, the alumnus member.

The students of the institution felt especially proud that a former member of the University should hold such a position and all feel confident that this especial alumnus is well able to fill such an important position.

Following a short greeting by John McFie, Antonio Lucero addressed the assembly. The theme of this talk was New Canker Disease of Poplars and the benefit of such an institution as ours and the far-seeing hope of the secretary of state that the United States should interfere in Mexico, and establish there a staple government. The reason for this hope was that then the northern part of Mexico would be a peaceful province from which the University might draw to help enlarge its enrollment.

Governor Lindsey then spoke and immediately had the applause of the audience when he said that he believed in "patronizing" our own state institutions, and that he would do all in his power to aid the growth of the University. The governor is certainly a "man of his word," for his own son has attended college in this state, and his daughter is now enrolled at the Normal school.

To conclude his address Governor Lindsey stated that the only trouble to be found with such institutions was that after the first year, the students are very apt to harbor a doubt and worse, a disbelief that there is a God. No remedy for such a pitiful situation was suggested as the allotted time had passed at this point, but it has been suggested since that perhaps this issue to the period of doubt through which youth must pass; during which the fact that there is this doubt might serve to prove that the student is thinking, and thinking hard when they attempt to solve such enormous problems as this one.

The most interesting assembly of the year closed with the singing of the Alma Mater.

Laughter.

Librarian—"Johnathan, you mustn't laugh out loud in the library."

Johnathan—"I didn't mean to do it. I was smiling, and the smile busted."

Willis—"Did you have a good time at the Bump last evening?"

Gillis—"Yes. We spent an evening of sin."

"Willis—"What do you mean?"

Gillis—"My wife cheated at cards. I lied about my income, and between us we swiped their best umbrella."

## SENIORS ELECTED TO PHI KAPPA PHI ANNOUNCED

Four Members of 1917 Class Chosen to be Initiated in Honorary Fraternity; Entire Student Body Renders Congratulations.

From the class of 1917, the following people have been elected as members to Phi Kappa fraternity: Miss Daphne Fortney, Miss Ethel Kieke, Miss Fern Reeves, and Mr. Pryor B. Simmons. The election was held March 21st, in Rodey Hall, immediately after the public program which was rendered. Hearty congratulations are hereby extended to the above mentioned members elect of the honorary fraternity.

According to the rules of the fraternity, not more than one-fourth of the graduating class may be elected. This allowed the present senior class a representation of five members, but only four qualified.

At the public meeting of Phi Kappa Phi held last Wednesday in Rodey Hall, the following papers were presented: "Some Significant Phases of Western Coal Deposits," by C. T. Kirk; "Wagnerian Reforms in Opera," by Prof. S. E. Seder; "A New Canker Disease of Poplars and Willows," by W. H. Long. The three addresses were delivered with a great deal of interest and liveliness, and everyone is looking forward to the next open meeting of the fraternity.

To the Student Body:

I feel that a statement regarding the Mirage is in order at this time.

The students have on the whole responded well to the canvass for subscribers, and we have been encouraged in our efforts to publish a book that will be unusual and much above the average. Consequently we have somewhat enlarged the volume, have added more snap-shots and drawings, and have not cut out a single thing because of the expense involved. We have to a great extent acted on faith. With every page of snap-shots the cost of the book has risen pretty perceptibly, since the cost of the engraving alone is six dollars for each page. We have gone the limit, and even over-

stepped the limit of proper financial expediency. We are depending on the further response of students and friends to buy the books to guard us against loss. Consequently, if you have not been seen yet, be ready to put down your name for at least one copy when our solicitor gets after you this week.

I feel justified in saying that you would be willing to spend \$2.50 for a book after you see it. The editors have worked hard on it, and all concerned

Pryor B. Timmons.

## LOCALS

It has been noticed that Mr. Brooks has a most loyal and patriotic dog, for on the occasion of his attending assembly, he immediately rose to his feet with the sound of the first note of the "Alma Mater" and continued to stand while the song lasted.

Glenn Emmons suggests—"That the Germans have covered their submarines with jokes in order that the English may not see them."

Mr. W. Coburn Cook, Rhodes scholar from New Mexico, a few years ago, expects to finish his law course this year. He also announces his engagement to an English girl, Miss Elsie Jennings, a graduate with first class honors from Durham University. All of Coburn's old friends wish him the best of success in both undertakings.

## SANTA FE HIGH SCHOOL PRAISES UNIVERSITY

"El Charlador," Monthly Publication Printed by Members of Capital City Institution Proves Excellent Paper; Co-operation With University Is Necessary.

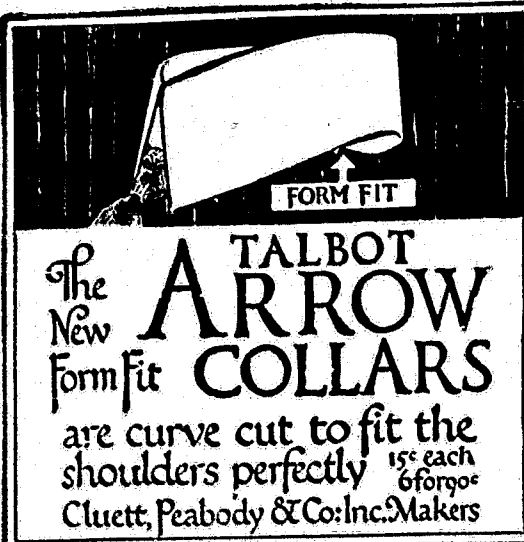

"The twenty-sixth annual catalogue of the University of New Mexico at Albuquerque was just issued and sent to the various high schools of the state. By looking through the catalogue one may get an idea of the high grade of work done at the University. Dr. Boyd has worked very hard to bring it up to this high standard. He has a strong faculty and the courses offered are those offered by any high class University. It is very gratifying to note that the number of students has more than doubled within the last few years. It is not necessary to get outside of the state to get a first-class University education. It is our University. Let us support it in every way possible."

The above is an extract from the "El Charlador," the monthly publication of the Santa Fe high school. The sentiment of the article is to be highly commended, and the facts to be noted. The Santa Fe high school is proving itself progressive by publishing such a good little paper, and the University will certainly welcome any students that take pride in the fact that the U. N. M. is their own University of their own state.

This co-operation between the University and all the high schools of the state is the end toward which all those interested in the future welfare of the Varsity have been working for some time. The loyalty of the Santa Fe high school is certainly to be admired and it is to be hoped that the other high schools will follow the good example set.

## JUNIOR PROM PROMISES TO BE BRILLIANT AFFAIR

Class of 1918 Anxious to Establish Precedent, for Entertaining Seniors.

The Junior-Senior Prom this year promises to be one of the most elaborate social affairs ever given by the University students. It is to be strictly for the Juniors, Seniors, Faculty and class officers from the under classes. It will also be a formal affair, but in spite of this fact, all reports are greatly in its favor.

Heretofore, the Juniors have entertained the entire school at the Prom, but the class of '18 desires to establish the precedent as it is in other big colleges and universities.

The date has been arranged, and nothing is supposed to interfere with this arrangement, but peculiar things happen occasionally. However, the dance is going to be given at Colombo hall, and the Booster Orchestra will furnish the music. These two things are enough to make a good dance, provided of course, the good dancers are present, and this fact has also been disclosed.

## PANHELLENIC COUNCIL IS NOW ORGANIZED

(Continued from page 1)  
to individual students in particular, since they have stimulated both wholesome student competition and long-remembered friendships.

During all this time though there has never been any way to inter-communication between these various organizations, nor any set of rules that any two orders were forced to follow. Naturally, this state of affairs has been the cause of numerous misunderstandings that have caused outsiders to say that fraternities were harmful because of this feeling of dislike and distrust of the other fellow.

Now all this discord is at an end for on March 21, representatives from all the fraternities now at the U. N. M., both national and local, met and drew up a constitution for a Panhellenic council. Those persons present at this meeting were: Misses Forney and Feather, from Kappa Delta Nu Sorority; Messrs. Shelton and Sundt, from Pi Kappa Alpha Fraternity; Misses Kieke and Fergusson, Phi Mu; Misses Boldt and Flournoy, Alpha Gamma; Messrs. Doering and King, Alpha Delta, and Messrs. Brorein and Vauchelet, Sigma Chi.

A set of rules regarding rushing, bidding, and all the other business of fraternities over which most of the disputes have arisen were adopted and an executive branch will be formed to see that these rules are observed. Regular meetings will be held from now on, allowing a means of communication between all the fraternities on the hill, which has been sadly lacking before.
