No. 15

## OPPORTUNITIES FOR SELF-SUPPORT MANY

Student May Earn All or Part of Expenses While Attending the University of New Mexico.

At very few institutions of higher learning are the opportunities for working one's way through school so plentiful as at the University of New Mexico. Nor do we find the large percentage so engaged in other schools, that we find at this university. A rough estimate made by the Registrar, states that at least fifty percent. of the students are engaged in some form of work or other, either totally or partially self-sustaining.

Approximately twenty boys are now engaged in various kinds of work on the campus. The majority of these campus jobs pay a fixed sum equal to board and room. Some however, pay by the hour, and a student may earn more or less according to the time he devotes to the work. The janitor work of the main building, Rodey hall, Science building, Chemistry building, and the Gymnasiums is now being wholly taken care of by students. Several who have some knowledge of typewriting, and clerical work are engaged in the presidents office. Others are acting as assistant instructors. In addition to those employed on the campus many of the men are engaged in work in the city. These jobs include such as firing furnaces, taking care of churches, working in stores after school hours, collectors, bookkeeping, newspaper work, work in the Y. M. C. A. and numerous other kinds.

Not only are the male students thus employed, but quite a large percentage of the girls of the institution are helping to pay their way through school. A number of them work in the dining hall and kitchen. The library and the presidents office provide employment for several more. Two or three of the young ladies are engaged as student instructors in the various departments.

Opportunities for self-support are plentiful provided the student is willing to make the necessary sacrifices.

### Y. W. C. A. ELECTS CABINET.

The varsity Y. M. C. A. has elected the following cabinet: Trix Black, Mary Borein, Rebecca Skipwith, Elizabeth O'Hara, Mary Sands, Margaret Lee, Martha, Greenlee, Anne Christy and Mable Goss. A Y. W. meeting was held yesterday afternoon at Hokona and plans were discussed for promoting social life among the university students. The opportunities open to college girls in community service work were also brought before the meeting. The interest shown by the girls promises well for the future activity of the varsity Y. W. C. A.

## CAPTAIN PURVIANCE ARRIVES TO ESTABLISH R. O. T. C. UNIT

MAN WITH EIGHTEEN MONTHS OVERSEAS RECORD IS ASSIGNED TO UNIVERSITY. QUESTION FULLY DISCUSSED BY MEN TUESDAY MORNING. FINAL VOTE WEDNESDAY MORNING.

The question of the proposed R. O. T. C. was again up for discussion before the male students of the University at an assembly held in the Chemistry building Tuesday morning at 10 o'clock. Capt. Charles E. Purviance, who has an overseas record of 18 months, and who has been detailed to the University of New Mexico as commandant, was present and addressed the men briefly explaining the fundamental rulings behind the nation-wide R. O. T. C.

The captain stated that it was his aim to act fairly and squarely with the students, and to do all that he could to see that the men got adequate equipment, and a square deal from the government. He said that in his opinion they would eventually get a square deal from the army heads, although the previous experience of some of the men in the S. A. T. C. and other camps tended to prove otherwise.

In explaining what the work would consist of, Captain Purviance said that three hours credit would be given. The work will probably be based on a two hour lecture course, and a laboratory period, consisting of two hours each week. The course would be about 50 per cent theory, he said, and the rest outdoor work.

In the class room the student will study problems with which every officer should be familiar, and manuals of drill and military tactics. A certain amount of map work will also be given. The outside work will consist of close order drill, range work with army rifles up to a distance of 300 yards, pistol shooting with an automatic up to a range of 50 yards, and a few problems with the compass. Other duties which an officer should be familiar with will be practiced, such as tent pitching, bed making, etc. No formations such as retreat will be held, but the men will be liable to inspection any time during drill periods. While engaged in field work or drill, all men will appear in uniform. From the time the bugle blows for drill until recall is sounded the men will be under military behavior, and will be expected to observe all the military courtesies, such as saluting, etc. Otherwise the R. O. T. C. has no more control over the conduct of a student than any other class would. The relation of the captain and his men will be more or less the same as between a professor and his class. Should a man desire to quit school, the R. O. T. C. has no hold on him to compel him to remain.

At present two uniforms will be issued to each man, one an olive drab, the other khaki. After a man has had two years in the Senior R.

O. T. C. he may if he chooses to continue with the work sign a contract with the government to take a minimum of five hours instruction per week in military science and receive commutation at the rate of 40c per day.

The question of the summer camp is still somewhat indefinite. It appears that a man must take the first two years training before he is eligible to attend one of these camps, and then must attend one to receive credit from the government for previous work done. However, university credit will be given for work done, whether a summer camp is attended or not.

The exact amount of credit to be given for previous military service has not yet been determined, stated the commandant, but it will be fairly and justly worked out he believes.

Physical requirements are very indefinite, reading that to be eligible, the candidate must be over fourteen years of age, and possess the basis of a sound physical make-up.

The captain brought out the fact that the Albuquerque High School had applied for a Junior section of the R. O. T. C., and would probably be granted one. In this case the two would be worked in connection, and it would make more probable the establishment of the Senior unit at the University.

The question was left open until Wednesday morning at 10 o'clock so that the men could think it over, and inquire more fully into the plan. At that time a final vote will be taken upon the matter.

### LEOPOLD SPEAKER AT "Y" LUNCHEON.

Aldo Leopold, Secretary of the Albuquerque Chamber of Commerce, was the speaker at the weekly Y. M. C. A. lunch at the dining hall Monday evening. He spoke on the subject of "The Business Man on the Bible."

The speaker gave a very interesting talk upon the Bible from the ordinary business man's standpoint—not as a preacher or theologian, but as a man who believed in its principles and found it well worth studying. He discussed many of the old-testament prophets, giving passages from their writings to show how full of interest and of how much timeliness today are these writings three thousand years old.

A good feed by the cook and music by Kellam rounded out a pleasant and profitable hour.

## REGISTRATION LIGHT FOR SPRING QUARTER

Number of New Students About Equals Number Dropping Out of School.

Registration on Monday for the spring quarter was rather light, the number of new students who enrolled just about equalling that of old ones who failed to return. The day was a busy one in the Registrar's office, and the office of the secretary, owing to the fact that all old students had to complete their registration, begun last week.

Among the new students registering are several who have attended the university at some previous time. The new students, as given out by the office are: Miss Grace Atherton, Albuquerque; Miss Rose Maharam and Edward Maharam, Albuquerque, both former students; Mrs. Helen R. Smithson, Colorado; Claude Mann, Albuquerque, former student and before joining the navy, captain elect of the football team; Mrs. Archie Howard and Adeline Howard, Silver City; Fred E. Gray, Hot Springs, N. M., former student; Miss Jewel Hubbard, Carlsbad, former student; Miss Louise Bell, Albuquerque, former student; W. E. Burney, Albuquerque, former student; Don Richardson, Roswell, former student; Herbert Moore, Colorado Springs, Colo.; Miss Joyce Spruce, Dilley, Texas; Miss Bertha Wentworth.

All indications now point toward a successful spring quarter.

### GIRLS TRACK MEET IS NEW FEATURE.

Coach Purdy announces that there will be a track meet for the girls this year. He is now trying to arrange games with the high school in the city, Las Vegas Normal university, the city Y. W. C. A., and the Indian school in the city.

The time for this meet has not been definitely decided upon but it is to be staged about the last of this month or the first of next month.

Those trying out for the meet are not yet known except that nearly all of the basket ball girls and some others who did not play basket ball have expressed their willingness to try out for the events. A good meet is expected. The girls did excellent work as basket ball players and are as willing to make these events a great success.

### TENNIS CLUB TO MEET.

Coach Purdy wants to call a meeting of the tennis players some time this week at which something more definite along the line of tennis meets and other matters relative to tennis might be decided.

A tennis tournament is to be formed with city teams if those interested will arrange for the games.

## FRESHMAN EDITION COMING.

Look out for the green! The Freshmen, aspiring to have a hand in everything important, have condescended to take the burden off the Editor next week and get out a regular freshman edition of the weekly. Some little birds have told us that they are planning several real features for this number, and we are all looking forward to seeing the outcome of their efforts.

In the meantime we will sit back and enjoy ourselves, with not a thing on our minds to bother us.

## THE Y. M. C. A.

By far the most important move in the direction of student activities during the last quarter was the re-establishment of the Y. M. C. A. upon

the hill. In days gone by the "Y" has at several times received a cold shou-der at the Varsity, and quickly died a natural death. This time the organization is full of life and pep and will doubtless gain strength as time passes.

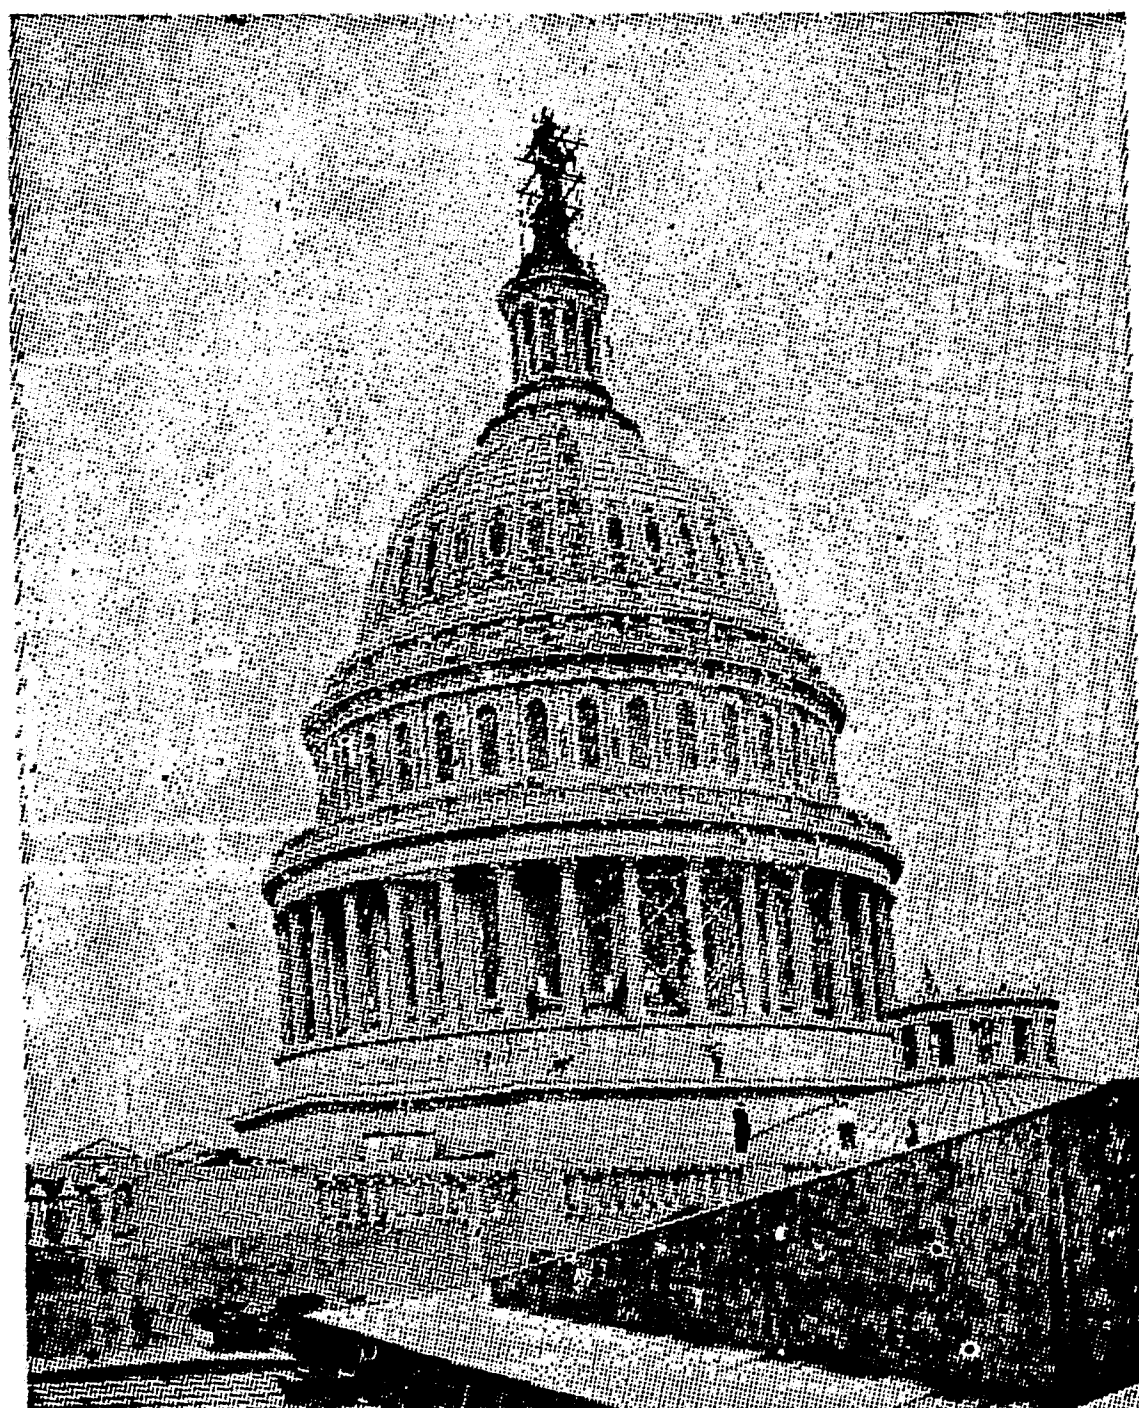

The trouble with previous attempts was that they did not meet the needs of the men. This time a hut has been equipped, where they can go and spend their leisure time in pleasant surroundings. Athletic equipment has been provided which furnishes wholesome recreation. The weekly meetings in the dining hall, with a good, live speaker on each occasion, accomplishes a great deal by bringing the men together on a common footing. Altogether the "Y" is popular because it is broadened out and realizes that young men need a great many things that formerly were not considered necessary.

Students living down town should get in the habit of staying up to the Monday night meetings. These are not long-drawn-out affairs, but occupy just one hour and are full of interest. The best speakers of the town are being provided and are giving talks that are well worth listening to.

Incidentally, any man who is not taking advantage of the combination rates with the City Y. M. C. A. is showing an inconceivable disregard of values.

The Tower of Babel again is raising its majestic head on high, showering over the surroundings its glittering radiance and bidding the passerby, "Cast thine eyes on me." Whence it comes or whither it goes, no one can tell, but its unsurpassed beauty remains forever.

## Uncle Sam Sets a Good Example

VIEW OF U. S. CAPITOL DURING PAINTING.

The dome of the United States Capitol at Washington is kept in excellent condition by painting it every few years. For this work forty painters are steadily employed for three months' time. Over five thousand gallons of paint are required for one coat. The reason for painting the Capitol dome at regular intervals is to prevent disintegration of metallic surface.

## SOCIETY

## INFORMAL PARTY.

A very enjoyable and most informal party was given on Saturday night at the Boldt home on South Edith St. Music, Ouije boards and fortune telling cards were the forms of amusement. Oh yes, I nearly forgot the fudge and ice cream and that everybody had a good time. Those present were Martha Borgerding, Dorothy Cleve, Dorothy Olimar, Frances Bear, Irene Boldt, Ernest Hammond, Donovan Richardson, Horace and Frank Steed, Hiram Herkenoff, Charles Culpepper, Lloyd Kellam and Chet Boldt.

Monday night a "peppy" bunch gathered at the Kappa House and danced. Lloyd Kellam played and refreshments of ice cream and cake were served.

## PHI MU PICNIC.

Early Saturday morning about seventeen girls, tramped over the mesa, and prepared the breakfast. When everybody had eaten all they could, they returned to the Country Club, and danced. At noon a delightful lunch was served by the members. Invited guests were Misses Stone and Mayme Hart.

## KAPPA DELTA NU PARTY.

Kappa Delta Nu gave an informal party Saturday evening, in honor of their pledges. Delicious refreshments were served, and Mrs. S. Clark acted as chaperone. The active members are Be Selsor, Katherine Shotwell, Helen Darrow, Mayme Mills, Caroline Beals and Caroline Michaels. The pledges are Mary Sands, Amy Merrick, Ethel Wolverton, Louise Clark, Lucille Longino, Violet Jahn, Mable House, and Dorethe McAllister.

## SIGMA CHI INFORMAL.

Beta Zeta chapter entertained informally at the Woman's Club, Saturday night, in honor of Ray Walker, who leaves for his home in Pittsburgh, the first of the week. The hall was artistically decorated with fraternity banners, and during the evening punch was served. The programs were very informal, the seventh and fourteenth being reserved for "Sigma Chi fellowship song," and the latter, the "Sweetheart of Sigma Chi."

Those present were, Mr. and Mrs. Edmund Ross, Mr. and Mrs. Will Keleher, Lt. and Mrs. Jerome Howard, the Misses Marian Spicer, Beatrice Black Dorothy Stephenson, Katherine Angle, Grace Stortz, Lee Cleir Cavanaugh, Annette Jacobson, Anne Harris, Jewel Hubbard, Viola Herkenhoff, Margaret Shoemaker, Belle Barton, Irene Seward, Dorothy Bowman, Bunny Tompkins, Ruth Kidd, Claire Bursum, Beatrice Hill

and Messrs. Ray Walker, William Bacon, Allan Bruce, Herbert Hickey, Louis Gerphelde, Geo. Bryan, Burt Newcomer, Dick Bruce, Victor Miller, Clyde Morris, James Chess, Floyd Miller, Hugh Cooper, Kenneth Gass, Byrd Witten, Ralph Brooks, Luther Thomas, Ralph Peyton, Claude Mann, Birch Foraker, Kenneth Barr, Dr. Harris, and James K. Polk of Kentucky.

NEW PROFESSORS FOR  
THIS QUARTER ARRIVE

Several Departments To Have New Heads and Assistants.

Several new professors have been secured to teach this quarter to take the places of those on vacation and as additional assistants in the various departments. Some of them have already arrived and the rest are expected within a day or so. Among them are: Dr. Donald McFadden, Ph.D. who comes here from the University of Colorado to take charge of the department of History for the spring quarter. Dr. McFadden is a prominent educator, and is well known in Colorado.

Miss Oakley, who comes to the university from the Raton High School. She will assist in the department of Romance Languages, Club, and danced. At noon a delightful lunch was served by the members. Invited guests were Misses Stone and Mayme Hart.

Sidney H. Bateman, former U. N. M. man who will assist Professor Barnhardt in the department of Mathematics. Bateman has just received his discharge from the army and expects to leave Deming for Albuquerque at once.

Captain Purviance, who has been assigned to U. N. M. to take charge of the R. O. T. C. Captain Purviance is a graduate of the University of California and has seen foreign service as captain of a company. He will be assisted by Sergeant Reed.

## War Makes Deer Migrate.

War has driven the deer of Massachusetts from one of their favorite stands. When the six days' open season started hunters who have been accustomed to stalk the animals in the Nashua River valley in the central part of the state had to find a new objective, for what was once a great area of scrub growth is now the cantonment city Camp Devens.

Reports from towns a short distance away indicate that large numbers of deer have found refuge in woods not many miles away.

Sportsmen anticipated a leaner season than for many years, a comparative scarcity of deer being reported by residents of rural districts.

## Invalid's Remarkable Work.

Miss Ingeborg Brun, the maker of the nine-inch globe representing Mars that was lately presented to M. Flammarion, is a Danish woman who has been confined to her bed 20 years. The planet is shown in correct colors, and all canals and other features noted by the latest observers of Mars are mapped. The work modernized the two globes long ago made by the French astronomer himself.

## LOCALS.

Born to Mr. and Mrs. L. H. Purdy, March 29th, twin daughters, Leone Alice and Laurene Almira.

At an athletic council meeting held Friday letters were awarded to the boys and girls basketball teams. An assembly has been called for Thursday morning at 10 o'clock for the purpose of presenting these letters and making announcements for the quarter.

Miss Mamie Mills, a sophomore in this institution and a member of the Kappa Delta Nu sorority here, left for Forth Worth, Texas, Tuesday, where she will spend several months on account of heart trouble in this high climate.

Dean L. B. Mitchell, professor of history, and Professor Proctor F. Sherwin, professor of English, who have taught the whole year including the summer quarter of last year, will take a six months' vacation and do some special work and investigation at other universities.

George Gentry and Clyde Morris have been initiated into the Alpha Delta fraternity.

News has been received of the death of Paul Thompson of Farmington, N. M., on March 29. Mr. Thompson was a former university student of the class of 1920 and a member of the Alpha Delta fraternity.

James K. Kidd and Russel Muma were the week-end guests of Miss Ruth Kidd of the university. Mr. Kidd and Mr. Muma are traveling for the United States food administration, auditing wheat mills in the southwestern states.

Word has been received from Jack La Praik, a former varsity student, who writes that he expects to sail from France in June. "Curvey" is a sergeant in the 314th engineers.

Louise Bell, a last years student has registered for work this quarter.

Alpha Delta held an initiation ceremony for George Gentry and Clyde Morris.

Herbert Paulsen, left for his home in Las Vegas, Saturday. He will probably be back this quarter.

Clare Bursum left Sunday morning for her home in Socorro, N. M., to stend the mid-quarter holiday. Clare will return Wednesday night.

Lt. Charles Lembke a former U. N. M. student, who has been home on leave, has returned to Fort Bliss, Texas. Lt. Lembke expects to be discharged very shortly.

Pearl Hayerford, popular U. N. M. student, left for her home in Belen, Monday night.

Ray Walker left for his home in Pittsburg Wednesday night. He will be back for the fall quarter.

Kappa Kappa Gamma will hold a birthday banquet next Saturday evening on the first anniversary of the founding of the Gamma Beta Chapter here. Misses Maurine Reagan, Margaret Standley, and Edith Boellner are expected to be here for the affair.

Frank Greenleaf, Jimmy Chess, Hugh Cooper, "Snooks" Pendergrass, Gene Moots, Ted Pate and Ray Walker are among those who have succumbed to the spring fever and the lure of finance and will leave school this quarter. They all expect to be back in the fall, however, to renew their studies.

Joseph Eldodt left Friday night for the Pacific Coast, where he expects to remain for some time.

Betty Arnot is teaching in the grade school for two weeks.

Miss Hutchinson, Y. W. C. A. field secretary for Texas, Oklahoma and New Mexico, is in Albuquerque planning conference work with the local Y. W. C. A.

Fred Gray of Hot Springs, N. M. has registered for work at the varsity.

## DUMAS A PROLIFIC AUTHOR

But His Output of Books and Plays Aailed Him Nothing When He Sought Election.

One of the most original election addresses on record was that issued by Dumas pere in 1848, when he stood for a division of Paris. Although Dumas had been an ardent republican long before the downfall of Louis Philippe, it was mainly as an employer of labor that he sought the suffrages of democracy. "During the past 20 years (he wrote, it is recalled) I have composed 400 volumes and 35 plays. Each volume averaged a sale of 4,000 copies, and each play averaged 100 performances. I have thus helped to give employment to printers, papermakers, bookbinders, booksellers, etc.; also to actors, actresses, stage hands, scene painters, theatrical costumers, etc. The sale of my works produced about 11,853,000 francs, and the money paid to see my plays totaled about 6,360,000 francs. Taking the average daily wage of all concerned at three francs, and reckoning 300 working days to the year, my books have kept 692 persons for 20 years and my plays have kept 1,041 persons for the same period.

This address, of which huge quantities were distributed, failed in its purpose. Two years later Dumas sought election for Guadeloupe and was again defeated. This so disgusted him that he never tried for election again.

## FIRST BASEBALL GAME SCHEDULED WITH MENAUL

Coach Purdy and Burch Foraker, chairman of the Y. M. C. A. Athletic committee are arranging the games with the city base ball teams for the base ball league. The first game of the season will be played next Saturday afternoon at three o'clock with Menaul school on the University athletic field.

Those who are trying out for base ball this year are: Burney and Culpepper, pitchers; Witten, catcher; Gentry, center field; Thomas, Morris, Burt, Moore, Olds, Paulsen, Mann, Frank and Horace Steeds, Sganzi, and Plumlee.

The swimming pool will be ready for use as soon as Mr. Grose can spare some men to do the work necessary to get the pool in readiness for use.

Don Higgins in Sociology: "Society is divided in three parts, 1, higher educated people; 2, business men; 3, workers by the hands."

Professor Dow: "Where do the feeble minded come in?"

Don: "Oh, they're scattered all the way through."

Henry the Varsity Baggage man. Phone 939.
