Number 26

## ATHLETICS TO MEET IN OPEN CONTEST

Many Ex-Varsity and Hi-School  
Stars Listed in Entries,  
Y. to Enter Team

Numerous athletes from in and around Albuquerque have announced their intentions of competing in the open Amateur Track and Field Meet to be staged by Coach Johnson on the University Field on April 22.

The Albuquerque High School has already made up its list of entries, and expects to make a strong bid for points, laying their hopes on such tried men as Glassman, Hammond, and Venable. The Indian School will enter a formidable contingent, and should prove especially dangerous in the distance events. Mestas, of the Indian School, has not been beaten in the low hurdle event in the last four years.

For the first time in a number of years, the Y. M. C. A. will have a representation, among whom are several stars of former years. Chief perhaps among these is Desmond Farrell, who held the High School record for several years in the high jump and pole vault events. Others who have entered from the Y. are Pegue, Gilbert, and Erring.

Besides those representing some school or club, several unattached athletes have already qualified for entrance. A number of these are ex-varsity stars. Steward (Archibald) Mac Arthur, who had everything by himself in the 440 yard scramble for a number of years, has expressed the intention of making any of the ambitious youngsters eat his dust. John Pope Hayes, ex-varsity star in the pole vault and broad jump has also entered.

The University will enter a team of twelve hand picked men, and should have little trouble in coping the lion's share of the points.

## FORESTS DISCUSSED BY MR. F. C. POOLER

Statistics Offered Show Danger  
of Exhaustion of Lumber  
in Near Future

Mr. F. C. Pooler, head of the Forestry Service in New Mexico, delivered a very didactic address to the student body Friday morning in Rodey Hall.

Mr. F. C. Pooler chose for his subject, the history and present condition of our forests. The first National Forest reservations according to Mr. Pooler, were established in 1891 and since that time much has been done by the nation to prevent the needless destruction of forests. Mr. Pooler estimated that the forests were being destroyed five times as fast as they were being replaced. At this rate it will be only a few generations until the forests are a thing of the past.

The efficiency of the national fire fighting force, represented by the forest rangers, is shown by the following statistics. Last year there were over four hundred fires. Seventy per cent of these fires were reached by the rangers in fifteen minutes after the fire had been reported. Mr. Pooler stated that it was mostly in private owned forest lands where the forests were receiving the least attention, and recommended that something be done to ameliorate this condition.

Previous to this address Mr. Klein, a well known local singer rendered two very well received solos, and Miss L. B. Thompson, also of Albuquerque, sang two delightful songs.

## POOR SHOWING IN INTRAMURAL MEET

Lack of Competition is Largely  
Responsible for Showing,  
Weather Unfavorable

Little class was shown in the first Intramural Track and Field Meet held on the University field last Saturday, between the Senior-Sophomore and Junior-Freshmen combinations. The final result showed the score to be tied 54-54. Time made in the various races was slow even for a sluggish track and a rather windy day. The ability of the athletes, however, to make a better showing was evident, the poor results being largely due to the ease with which most of the events were won.

Stiff competition was only put up in the dashes and broad jump events. In the hundred and two twenty yard sprints Hale won over Dow by only a small margin. Dow, jumping into the wind made a leap of twenty feet eleven inches, and Calkins was second, only a scant couple of inches behind. Elder was perhaps the only other man to show real Varsity form. In the pole vault he cleared the bar at ten feet six inches with ease, eliminating all his competitors and apparently was good for at least another foot. Elder is a Freshman. Last year in the Interscholastic he set a new pole vault record at eleven feet four inches. White won in the high jump but owing to his injured ankle is still badly off form.

The shot put and discus throw went to Greenleaf, but the marks were hardly up to midseason requirements. Fat is training hard, however, and expects to get the pill out to forty feet before the opening of the Intercollegiate. Results in the running events showed little hopes for a good middle distance man.

The results were as follows:

100 yard dash—Hale, first; Dow, second; Jones, third. Time 10-1.  
High jump—White, first; Dow, second; Sullivan, third. Height, 5-5 in.  
880 yard run—Clark, first; Hernandez, second; Horgan, third. Time 2-18.  
Pole vault—Elder, first; Jones and Harrington tied for second and third. Height, 10 ft. 6 in.  
120 yard high hurdles—White, first; Harrington, second; Russell, third. Time 18-2.

(Continued on page 3)

## CO-ED TRACKSTERS HIT THE CINDERS

With the Telegraphic Track Meet but one month off, Miss McCormick's squad of cinder chasers are indulging in strenuous training. Each day when the coaches men have vacated the track they can be seen rubbing the cinders off the track with their dainty shoe soles.

There is some very promising material now in the making and with four weeks to go there should be some records piled up for the U. of N. M.

Miss Ruth Morgan has turned out to be a regular star in the several jumps and sprints. She is within a few inches of the Inter-Collegiate record in the high jump, and her time in the sprints shows stellar material. Dorothy Cameron is but a slight distance behind Miss Morgan, and she is being relied on to help do the pyramid stunt with the points. Mary Woods is the Greenleaf of the squad. Her right arm is continually aching from the strain she puts it to in heaving the weights. Alons; Girls; Alons!

## FEW SURVIVORS LEFT IN WOMEN'S SINGLES

Cup Winner to be Decided From  
Remaining Eight Before  
End of April

Continuous play in the Mindlin Cup Tournament, Women's singles, has brought the contests well into the third stage, and the final rounds are in sight. With the elimination of the lesser lights, the matches are becoming more hotly contested, and victories are being won by the narrowest margins. Six players are still surviving with two matches to be played to determine two others.

The Misses Daugherty, Nell Hamilton, Parsons, Wood, Cameron, and Gerhardt have all come through victorious in their four previously played sets. All are practicing daily in preparation for the final struggles. A great deal of interest is being centered in the Stephenson-Mary Hamilton match, which is the next to be played off. Both of these were listed as championship contenders at the opening of the tournament, and the play between them should draw a large gallery.

It is difficult to pick a possible winner from among the survivors. Followers of the game are divided in their opinions and all seem to have their champions. Judging, however, from the opinion of the majority, the Misses Stephenson, Nell Hamilton, Parsons, and Daugherty, should be the contenders in the semi-finals. The winner of the tournament will receive a large silver cup designating the Women's championship in Tennis Singles at the University of New Mexico, for the year 1921-1922.

## UNIVERSITY WOMEN FORM ATHLETIC ASSN.

With the aim in view of fostering the progress of the Women's Athletics in the University, an organization was formed which is to be called the Women's Athletic Association, and will work in harmony with the other athletic associations on the hill. The newly elected officers are: Miss Helen Nelson, president; Miss Clarissa Parsons, vice-president; Miss Francis Andrews, secretary; and Miss Emma Gehardt, treasurer.

This organization will take charge of all athletics pertaining to the women, and will make arrangements for the carrying out of such projects and the oncoming track meet with the various colleges and universities of the south and southwest.

In previous years there have been similar organizations, but none with so systematized a policy.

## Y. W. C. A. WOMEN SELL CANDY IN AD. BUILDING

Chawmping of fangs, searches for money, a few cases of petty larceny, and general satisfaction marked the first candy sale of the season which was conducted by the University organization of Y. W. C. A. in the lower hall of the administration building on Friday, April 7.

Members of the Y. W. contributed candy of various flavors, and colors for the occasion and also served as vendors at the booth. The project was highly pleasing from all points of view; to the club, which cleared over twenty dollars; to the student body at large, which bought liberally; but especially to the moochers sans money who hovered and scavenged about the outskirts of the purchasers and in front of the administration building.

## NOTICE

To the High Schools of New Mexico:

On Friday, May 12th and Saturday, May 13th, the State University of New Mexico will, as in former years, assist in acting as host of the New Mexico High School Athletic and Lyceum Association on the occasion of the Annual Interscholastic Meet.

All schools of High School grade in the state are invited to take part in the track meet and lyceum contests which are to be conducted according to the regulations of the Interscholastic Athletic and Lyceum Association.

The tract meet will consist of the following events, in this order:

- 1—100 yard dash.
- 2—Putting 12-pound shot.
- 3—Half-mile run.
- 4—Pole vault.
- 5—120 yard hurdle.
- 6—Running high jump.
- 7—440 yard run.
- 8—Running broad jump.
- 9—220-yard hurdle.
- 10—220-yard dash.
- 11—One mile run.
- 12—Discus.
- 13—Javelin.
- 14—One mile relay—4 men.

The track meet will be governed by the rules of the National Collegiate Athletic Association (Spalding's Athletic Library), with the following exceptions:

**Relay Race**—A line shall be drawn ten yards on each side of the starting line. The space between these lines to be known as the starting zone. Within this zone each runner must touch the succeeding runner. No member of a relay team, in order to relieve his team mate may run outside of this zone. The position of these teams shall be drawn for.

**Shot Put**—A shot will be of twelve pounds instead of sixteen.

**Tennis**—A team shall consist of two players. Tennis players do not share in division of gate receipts.

The Lyceum contest will consist of orations for boys and declamations for girls. The state is divided into seven districts for the purpose of conducting preliminary contests. The winners of these district contests are eligible to compete in the state contests. In case it has been impossible to hold a preliminary contest in any district, that district may be represented by one orator and one declaimer, or arrangements may be made to hold the district contest at the University on the morning of the first day of the meet. Orations and declamations are limited to fifteen minutes in length. By oration is meant an original speech upon the part of the speaker. By declamation is meant a memorized delivery of a selection of prose or poetry.

All matters of eligibility will be decided by the board of control of the New Mexico High School Athletic and Lyceum Association.

All entries must be made on official entry blanks properly filled out and signed by the Principal or Superintendent of the contesting school. Entries must be in the hands of Mr. R. W. Johnson of the State University not later than Saturday, May 6th. Blanks on which entries may be made will be sent to you soon.

The University will assist in providing board and lodging for contestants for a period beginning not earlier than Thursday night, May 11, and ending not later than the following Sunday morning. Lodging will be provided within the capacity of

(Continued on page 3)

who desire to do anything along these lines should join the Society as soon as possible in order to begin work for the coming year. The meeting has been called by George Bryan, who was last year manager of debate.

able runners, etc., in various designs and have an unlimited supply. They also are carrying an excellent grade of fraternity stationery engraved with crests of the various fraternal organizations on the Hill and, best of all, they have two books which they will loan free.

low the example shown in older universities by making contributions, giving prize awards, and loan funds to the University.

During the past year the following were noted:

The gift of \$1,500 by citizens for the grandstand \$800 of which was

Friday noon at 12:30, the four seniors, Cullen Pearce, Vernon Wilfley, Ed Horgan, and George Bryan, who constitute the total active membership of the Khatahle Senior Honor Society, met for a short get-together and business meeting. While the organization is still a comparatively

the first game of the season equipment is the best made for athletic use. The new uniform form with the present uniform that the sweaters are reinforced leather to prevent any chafing.

### ON AESTHETIC DANCING

There is a movement on foot at the present time which we people who appreciate the really finer things of life, should embrace at once. I dare say that as soon as I say "embrace a movement," some of the lesser intellectual lights with a warped aesthetic sense will immediately conclude that I am championing another of those slanderous parasites on the beautiful art of Tersicore, called "jazz dancing."

Indeed I am referring to a new dance but not any of those ribald revels called the "social dance." I am referring to that epitome of aesthetic rhythmic beauty called the interpretative dance.

We, the pick of the intellectual young manhood and young womanhood of the nation should at once declare ourselves the champions of this neglected cause.

The first prerequisite of an interpretative dance is to have something to interpret. Recently I have discovered a beautiful little poem called "Longing" which lends itself beautifully to interpretation. In casting over in mind the names of those dancers who are the most able to interpret this gem of poetic art, I was at great loss for a time as to whom to obtain for the effort of interpreting this little gem. Finally I hit upon the name of an individual whose genius casts the superlative ability of Elsie Janis, Madame Pavlova and Gaby Desilles, utterly in the shade. This dancer even eclipses Rudolph Valentino. You all of course know I am referring to that marvel of sylphine daintiness, Marshallie Willesonne.

The dancer is to appear on the stage dressed in long, flowing, black robes, indicative of sorrow and blasted hope. He paces slowly onto the stage, with downcast visage, tottering step and every line of his long, graceful figure indicating sadness. He retains this attitude during the reading of the lines:—

He has gone to San Isidro,  
Living with the sheep.  
During the following lines,  
Mountain breezes hear him sighing,  
Hear him sigh and weep—  
The dancer throws his arms heavenward in a passionate gesture of unexpressible sorrow and then buries his face in his arms. During the fol-

Albuquerque, N. M.

Following words:—

He is romping with the sheepies,  
With the sportive goat.  
The interpreter assumes a posture on his hands and knees and gambols like the sportive lamb, all the while switching the tail of his robe in a manner imitative of the frolicsome situations of the caudal appendage of the unbobbed lambskin.

But at the words,  
Blue his spirit as the blue skies,  
Blue as HER new coat—  
He again assumes an upright posture, and with hanging head and dragging feet he steps listlessly about the stage.

The rhythm of the poem now changes and the dancer casts off the black robe and in a gleeful whirl of filmy white draperies, he goes tripping daintily and winsomely about the stage.

But he'll come back again,  
Mustaches curled.  
Gods' in His heaven,  
All's right with the world.  
I thank you.  
Alloysius Van Der Bilioux.

### FIVE PHI MU PLEDGES INITIATED ON APRIL 1

On Saturday, April 1, a series of initiations and afflictions marked the transition of five Phi Mu pledges into that class of sorores known in annuals and fraternity organs as "Less Soeurs Fideles."

Newell Dixon, Margaret Gustorf, Jerry Tully, Velma Smith and Dorothy Wagner now proudly wear the Phi Mu badges.

After the initiation ceremony, which continued throughout the entire day, the new initiates and pledges were entertained by the active and downtown members at a six o'clock dinner at the De Luxe Cafe.

## PITFALL AND GIN

### INTERRUPTED BY RAIN!

"Oh why, Oh why," the maid exclaimed.

Should I, unlike my friends, disdain  
The dimple on my knee?  
But a youth, who then was passing by—

Due to a wind, let me decry—  
Beheld her knee with look as shy  
As lad of Gallies.

He saw, what other men would see,  
Should they, perchance behold her knee,  
And yet, like him be shocked.

He saw, this youth by wind beguiled,  
And as he saw he 'gan to smile;  
Now would you not? Ah, wait awhile!

He saw her knees were knocked.  
But who the maid with dimpled knee?  
And why the lad of Gallies?

Ah, that's the joke, let me explain.  
But the better to enjoy this joke,  
It must a smile envoke.  
Ah, drops! the sand! the pall! I choke!

I quit, its going to rain.

### OUR WEAKLY LOVE STORY

Scene:—Slow moving n'aughty-mobile on road back of corral.  
Time:—Friday morning, April seventh.

Characters:—(The rest of this amusing incident must be heard by word from Coach Johnson's mouth. He was blissfully looking for a piece of timber in the University catch-all, when he was startled by exclamations in a female voice. Something to the effect of "Don't, Oh, Don't!" Coach will be in his office every afternoon from two to four o'clock.

### HOKONA?

Off in the stilly night  
'Ere slumber's chains have bound me  
I hear the room mates fight,  
Like cats and dogs around me.

I hear many thundrous snores,  
When things are growing chilly,  
So sometimes I think  
The nights are not so stilly.

What is it that we hear about puns?  
"One swallow never made a Summer—nor a drunkard."  
And it was an English Prof. that said it!

Your Messenger Phone is 360.

### JUNIOR-SENIOR WOMEN MEET TO PLAN LUNCHEON

On Monday, April 10, the women of the Junior and Senior classes held a joint meeting in the Chemistry building and planned an entertainment and luncheon to be given in Sarah Reynolds hall, April 22.

With Dr. Edna Mosher in charge, committees were appointed to arrange a program for the occasion. The serving a meal class of the Home Economics Department will prepare and serve the luncheon and the guests will be limited strictly to the women of the Junior and Senior class.

### WIRELESS REPORT TO CRUCES STATE COLLEGE

In view of the Engineer's convention to be held at the State College at Las Cruces, Vernon Wilfley transmitted a detailed wireless report of U. N. M. engineering activities covering the last several months. The report will be read at the convention. Professor C. E. Carey stated that the College of Engineering of U. N. M. will not be represented at the convention because of the Spring rush of heavy work and the inability of any student of the department to spare time from his studies to act as delegate.

### WILKINSON RECEIVES OPERATOR'S LICENSE

Kenneth Claude Wilkenson has been granted a license as Radio Operator, second class. The application was filed in Washington several months ago but it was only recently that the belated document made its appearance.

Mr. Wilkenson states that he will be in position to consider sealed bids and quotations on an elegant gilt frame, size six by ten, immediately after May 1.

### LEWIS INJURED IN LABORATORY

Merton Lewis was painfully injured as the result of an accident which took place during a recent laboratory period in Chemistry II.

Lewis was preparing anhydrous hydrogen chloride, by passing this gas thru concentrated sulfuric acid. Some of the strong sulfuric acid splattered, striking him upon the left cheek, leaving a burned streak about four inches in length.

Quick application of water prevented injury.

### HER FIRST THOUGHT

Teacher: How is it that you're so late, Tommy?

Tommy: Cause there was a man pinched for stealin' hens and setting a house on fire, an' knockin' down five policemen, an' mither sent me roon to see if it was father.—London Blighty.

## HONOR DAY AND PRIZES

Annual Honor Day Exercises were inaugurated during Commencement of 1921, and will be repeated at succeeding Commencements. Annually on the occasion of HONOR DAY, the President of the State University and the president of the Associated Students, in the presence of the students and friends, announce in Rodey Hall the names of those students who are entitled to certificates of excellence or prizes for achievement. The honors bestowed by the Faculty are awarded by the President of the University, and honors bestowed by the Student Body are announced by the President of the Associated Students. The occasion is one of interest to the students and their relatives and friends.

### University Honors and Prizes

#### The C. T. French Medal for Scholarship

A friend of the University, Mr. Chester T. French of Albuquerque, during the spring of 1921, notified President Hill of his willingness to establish a permanent fund, the proceeds of which might be used perpetually as a prize to stimulate scholarship. Mr. French accordingly gave \$500 in Liberty bonds for this purpose. The C. T. French Medal for Scholarship will be awarded annually by the President of the State University to the student who meets these conditions:

(1) He or she shall have obtained during the year the highest general average for scholarship in a regular course of not less than 15 hours, leading to the Bachelor's degree, during a residence of not less than one full academic year.

(2) Only Juniors and Seniors in residence will be eligible in competition for the C. T. French Medal, and the medal can be awarded to the same person but once.

#### Katherine Mather Simms Prize in English

Another friend of the University, Mr. Albert Simms, during the summer of 1921, gave \$250 in Liberty bonds, the interest of which will be paid in cash to that student who in the opinion of a Faculty Committee and the President of the University has excelled in English Composition. The prize is named for Mrs. Katherine Mather Simms, a great-granddaughter of an early president of Harvard.

#### George E. Breece Prize for Excellence in Engineering

Colonel George E. Breece of Al-

buquerque during 1921 established this prize-endowment by a gift of \$600, the proceeds of which are to be awarded on Honor Day. This prize is open only to Junior and Senior students of Engineering in residence and taking a full course. The award will be made upon the basis of excellence of scholastic record during two consecutive years and general fitness to be determined by a committee appointed by the President of the University.

#### The Cecil Rhodes Scholarship

In accordance with the provisions of the will of Cecil Rhodes, awarding two scholarships every three years to each State and Territory in the United States, tenable at Oxford, England, and of the annual value of \$1,750, New Mexico has the privilege of electing a scholar from the candidates who present themselves.

The election from the State, without the examinations formerly required, is made by a State Committee appointed by the American Society of the Rhodes Trustees. Recommendations of candidates from the University are made to the State Committee by the President of the University.

#### CLASS CERTIFICATES

The Faculty on Honor Day awards Special Certificates of Excellence, as follows:

College of Arts and Sciences  
BEST SCHOLARS, respectively,  
in the Freshman, Sophomore, Junior and Senior Classes.

College of Engineering  
BEST SCHOLARS, respectively,  
in the Freshman, Sophomore, Junior and Senior Classes.
