DEBATE WITH ARIZONA WILL BE HELD APRIL 17

Resolved, "That the United States Should Adopt System of Military Training Similar to that of Switzerland" Will be Argued for and Against in Rodey Hall on Next Tuesday Evening.

The debate between the University of Arizona and the University of New Mexico will be held April 17, Tuesday evening, in Rodey Hall. The Arizona team is composed of Mr. Sweet and Mr. Bilby, while Timmons and Butler represent the Varsity.

This is the last debate of this year, and every Varsity student should show his appreciation for the work done by these men during the last month and attend the debate which promises to be one of the most interesting of the season. The question is: "Resolved, that the United States should adopt a military system, similar to that of Switzerland." This is an argument which has been before the people for some time past and everyone by this time has his idea or own viewpoint on the subject. Attend the debate and see how close you are to being correct and understand why you are correct. The principal thing about a debate is that if you pay attention while there you are bound to know the reasons for and against when you leave the hall. For this reason, if nothing else it will be well worth your while to attend the argument. Besides learning something for yourself, you are boosting the University and helping the men who have spent their valuable time in preparing for the contest.

COMMENCEMENT PLANS ARE NOW MADE PUBLIC

Schedule Committee Posts Data Concerning Final Exercises; Interesting Program Arranged; Examinations to be Held After Closing of School.

The commencement exercises will be held May 6, 7 and 8th in Rodey Hall. The committee in charge has been working hard and faithfully the last two weeks attempting to arrange the schedule so as not to conflict with any plans which are worth while or which may add to the dignity and seriousness of the affair. The senior class, composed of twenty-eight members will leave the University with a feeling that the four years spent have been used to good advantage.

The following program has been given out by the schedule committee.

Sunday, May 6, Baccalaureate Sermon, Rodey Hall, 3 p. m.

Monday, May 7, Phi Kappa Phi Address, Rodey Hall, 3 p. m.

Monday, May 7, Concert, Rodey Hall, 8 p. m.

Tuesday, May 8, Last Assembly of College Year, Rodey Hall, 10 a. m.

Tuesday, May 8, Commencement, Rodey Hall, 3:30 p. m.

Tuesday, May 8, Alumni Dinner, Alvarado Hotel, 6:30 p. m.

Wednesday, Thursday and Friday, May 9, 10 and 11, Examinations.

GRADUATES DESIRING POSITIONS SEE REGISTRAR

Six Vacancies Throughout State Already Reported to Professor Mitchell; Those Interested in Following Teachers Profession Fill Application Blanks.

All graduate students who desire to obtain positions as teachers should make it a point to see Prof. L. B. Mitchell, registrar, as soon as possible. At the present time the registrar has received six notices of vacancies in the state. Two of these are at Clovis, N. M., two at Deming, N. M., and one at Santa Fe. They are all in high schools.

Doubtless, before the end of the semester, Prof. Mitchell will have received a number of such vacancies, and if you see him immediately and put in your application, as has been suggested before, you will have a much better chance to secure a position. Last year the registrar succeeded in placing a considerable number of the University graduates and with the requests already sent in this year, it will undoubtedly be of considerable advantage to those students desiring to follow the teaching profession. Put your application in early, and watch the results.

Two Baseball Games Won Last Week by Fast University Team

Cherry and Silver Aggregation Defeats United States Indian School in Hotly Contested Battle, to Tune of 10 to 2; Parkhurst did Exceptionally Good Pitching; Few Errors Recorded Against Hill Men; Menaul Nine Gave Way to University Squad by Score of 15 to 8, in Loosely Played Contest on Varsity Field; Bernhardt did the Twirling.

The Cherry and Silver nine completely outclassed the U. S. Indian School team last Thursday afternoon by the score of ten to two. The game was fast and exciting from the spectators' viewpoint and no errors were made. The contest was called promptly at four o'clock, on the Varsity field, and the bleachers, although not overcrowded, accommodated considerable people.

In the first inning the Varsity made two runs, and kept the lead throughout the entire contest, at no time being in danger. The Indian pitcher had a few Varsity men "in his wagon," but most of the players succeeded in connecting with the ball on different occasions. Parkhurst for the Varsity pitched exceptionally good ball, and had the Red Men on his hip at all points, allowing only about four or five hits, while Powell displayed signs of human intelligence on second and put forth the best exhibition yet this year. Sheahan on third held the sack down to good advantage and hit the ball every time to the bat. Captain Louis Nohl, at short stop, covered the ground speedy and did good work at the bat. "Doggie" scooped up everything that came his way in center field, and Hoover, although not having any chances in the garden, made up for his part by clouting the ball four times out of five times to the bat. Turpenning caught for, six innings and Dillhoffer

TENNIS TOURNAMENT WILL BE HELD AGAIN

Handicap Matches Have Been Arranged by Those in Charge to Assure More Interest in Outdoor Sport.

The annual spring tennis tournament at the Varsity will commence this week. This time the tournament is arranged on a handicap basis. All entrants are divided into two classes, A and B, by the committee in charge. The winner in each class is determined by straight elimination matches, and then the winner of class A plays the winner of class B, giving him a handicap of fifteen points a game.

Heretofore, due to the fact that the winners of the tournaments were practically known before any matches had been played, and that an entrance fee was charged, comparatively few entered these tournaments. This time, however, all entrants are placed on a more equal basis and no entrance fee is charged, so a large number of players are expected to enter. In fact, more than the usual number have already signed up. If you have not already entered, you will find the lists on the bulletin board. Today is the last day before entries are closed.

The courts are being put in good shape, and many fast games are assured.

DEDICATION PARTY WAS GIVEN LAST WEEK IN GYM

Hokonites Celebrated Thursday Night in Building Recently Erected for Young Ladies; Oriental Salon Effect Was Produced.

Due to a happy inspiration on the part of several members of the Hokona tribe, the new gym was the scene of a dedication party on last Thursday night. A relentless decoration committee turned itself into a robber band, and raided the dormitory for every possible article of adornment. So the bare walls of the gym were made splendidly gay, and every available nook was turned into proverbial "cozy corner." The room was converted into an Oriental Salon, with a lavish display of American flags.

The guests arrived arrayed in their best palm beaches and were duly received by the girls in stylish spoils attire a la Florida. An Edison, concealed in a far corner, then set up its merry jingle, and when people's feet will not behave the best thing to do is let them have their way. Shall we say the couples floated airily about? It is quite unusual in fact but looks well in print. "Winkum" was the most favored game on the program, and it was as much fun as it used to be ten years ago. The Virginia Reel was the climax of the evening, although the boys insist that the eats always hold highest place. It was a jolly party and should be well remembered, as it is probably the last of its kind.

PATRIOTIC MEETING HELD MONDAY NIGHT

Gathering of Town People and University Students Proves Huge Success; Indian Band as Well as Varsity Musicians Accompany Throng of People from Y. M. C. A. to Armory.

The patriotism, spirit and enthusiasm displayed by the University students, as well as other townspeople, was indeed gratifying, and proved once again that the Western spirit is not lacking in any respect. The celebration was held in honor of the New Mexico guards who returned home last Friday evening. The crowd gathered at the Y. M. C. A. at 6:30 yesterday, and accompanied by the United States Indian School band and the band of the University, marched to the Armory where a mass meeting was held. The Armory was packed to the doors and several interesting patriotic speeches were delivered. Following the addresses and closing the meeting, Carl D. Brorien read the "Oath of Allegiance" to the United States and did it very admirably.

The townspeople are to be highly congratulated for their display of patriotism on this occasion. Too much praise cannot be accorded to some of the more enthusiastic men and women of the town, for their constant efforts.

TUESDAY, APRIL 10, 1917.

PATRIOTISM.

Patriotism manifests itself at every turn in the road at the present time, and shows very clearly the attitude which the American people have in regard to the stars and stripes. About a year and half past, it was constantly rumored that the United States was not prepared for war and if we were dragged into the present European conflict, the result would be hard to define. On one side, the National Guards were discredited, while on the other, some even went as far as to say that the German-American citizens would not be patriotic and loyal to the country. In spite of these things, we are now in a state of war with Germany, and the patriotism, spirit, enthusiasm and loyalty which is exhibited by every citizen of the United States is indeed characteristic of the American people. Daily we read of demonstrations and exhibitions of patriotism, from coast to coast, and the energy with which they are carried on in the east is not one whit more enthusiastic than in our western cities. The young men of the country are appealed to more than anyone else, although the women have a great part to play in this conflict. The call will undoubtedly take a good portion of the student body, and when we go let it be said, "The University of New Mexico is well represented."

BUSINESS IS BUSINESS.

Upon reading either the Albuquerque Morning Journal or the Evening Herald, almost any day during the week, it will be noticed that some business man or other has been talked into cashing a check for a person unknown to him, the result being that the check is not honored when presented at the bank. During the last two weeks, at least ten such cases have occurred. In such a town as Albuquerque, where credit means so much to the average business man or even student from out of town attending the University or high school, careful attention should be paid to this occurrence. We have no bank on the hill and this may seem out of place but upon more diligent supervision, it will undoubtedly be seen that the old rule "Verbum Sapientibus" may be made use of to good advantage. In other words, before any of our University students go far enough to ruin their own credit, and that of their fellow-men, with the business men down town, it might be well to say that the things we have not done in the past along this line, should not be started at the present time. A college education does not consist in simply learning the lessons as assigned from day to day, but also in

the fact that we learn the lessons which will be of advantage to us in after life. Therefore let it be resolved that none of us will draw a check for any amount whatever, unless we have sufficient funds in the bank to cover same.

Editor U. N. M. Weekly:

I would not feel justified in covering this much space with my own views, but having been urged to take this step by many, I do it as spokesman of a number.

We have had the plan of a student congress explained in detail and soon we will be requested to vote on this measure. As explained by its champion, this proposed congress is to be modeled closely after our national congress. There is to be a senate and a house of representatives, the senate to be composed of two members from each class. Now, thus far, this is a beautiful plan, but when it is proposed that the house of representatives is to be made up of the presidents of the various classes, clubs and organization, the plan loses its beauty, for as heretofore mentioned, it is to resemble our national congress; its purpose being to conduct student affairs systematically and harmoniously, and create more spirit and interest; that being the case, by allowing the presidents of the various organization seats, we are defeating the very purpose for which it is instituted because the presidents of the various organizations here would compare to the governor of the state nationally, and may I ask if the governors make up the national house of representatives?

If we are going to copy our national congress in one respect, why not copy also that rule that no person can hold two or more offices at the same time. By doing this we would make it much more democratic because there would be many more working for its success. If, however, the president or captain of anything whether it be the president of the senior class or some mystic society, should desire to qualify for a seat in that exalted body let him first resign the office that he holds. "This is a day of specialties," and when we refrain from placing the burdens of six or seven offices on one person, we can expect and will receive much better work from him for with one office he will be able to become a specialist in his line.

Furthermore, it is proposed to deny the members of this body who represent the freshmen class their right to vote. Nationally this is done when delegates represent territories, but undoubtedly upon completing prep work, one ceases to be a territory and becomes annexed a state and should certainly be allowed a voice in the government.

As above shown beyond doubt some amendments to this proposal are in order, and when it devolves upon us the duty of choosing a plan, let us be sure that we are supporting the very best measure possible to procure for our college and all concerned.

(Signed) Charles S. Caldwell.

Julia rushed to her mother one day in a most excited frame of mind. "Oh, mother, we've had the best time! We've been playing postman, and we gave every lady in the block a letter."

"But, dear, where did you get the letters?"
 "Why, we found them in your trunk in the garret all tied up with blue ribbons!"—Elevator Constructor.

FEE CANDY STORE

FOR SEWING UPSTAIRS OR DOWN

A compact, electrically operated machine has been devised to make sewing easier and pleasanter for the home. This machine may be carried about as readily as a parlor lamp—or a vacuum cleaner. It weighs but a few pounds—may be placed on any table—and gives smooth, speedy, convenient service. It's the ideal way to sew—the electric way—no tired backs—no aching feet—no ironing! Why not be modern? The new machines are sold on the easy-payment plan or for all cash. Come in and let us show you—or write for booklet.

FACULTY RULES THAT CREDIT SHALL BE GIVEN

Students Entering Federal Service Will Receive as Many Hours Work as They Are Now Registered in; University One of First to Adopt This Section.

At a special meeting of the faculty last week, that body ruled that any student who by entering the federal service was forced to leave school before the semester ended would receive his credits, for the full amount of hours carried, provided that at the time of such departure, he is passing in said subjects. This ruling is one which has gone into effect in most all of the colleges in the country since the declaration of war by the United States.

It is indeed gratifying to note that in case the men are compelled to go to war, this much of the semester will not have been wasted and credit will be given for the full amount of hours carried. The faculty in making this rule, have showed their patriotism and loyalty for the country, and realize that it would be somewhat of an imposition not to grant the students their credit. Any member of the senior class will also receive his or her diploma who is called into active service, of the government. This applies to Red Cross nurses as well as any other class of occupation with the government.

The University of New Mexico is up to date in every respect, and the fact that we were one of the first to adopt this rule is considerable to our advantage.

WHY POSTPONE?

Promptness and business finished up on time is one unchangeable rule of the big business man. All college students are training themselves; we can not all be business men. From the looks of things now, many of us will soon be soldiers, but here promptness is even more important, but whether we are business men or soldiers or something else, we are all training ourselves to make the best of this life as it is given to us.

Certainly, promptness, or living up to regulations was not observed in regard to the Freshman-Sophomore track meet, scheduled for Saturday April 7. Those loyal students who came upon the hill with hopes of seeing the contest were sadly disappointed. Yes, perhaps there were some good excuses with prize track men home for Easter vacation, but then, excuses for postponing an event are so much easier to find than reasons for having them, it seems, that it has almost become a habit with us. Habits of that sort are liable to be hard on our institution. Henry, the Varsity baggageman. Phone 939.

CURRENT EVENTS.

April 1.—Russian armies invade Turkey from Persia. British extend danger zone in North Sea.

April 2.—Teutons anxious for peace when enemies submit.

Danish flag lowered and American emblem raised on Danish West Indies with formal and most impressive ceremonies.

April 3.—Wilson arraigns Germany in his address before congress, asks that war declaration be made.

April 4.—War declared with Germany.

April 5.—Preparations being made to put whole country in readiness for contest.

April 6.—Definite plan concerning plan for securing men not made yet. Drafting is expected to take place immediately.

April 7.—Interned German gunboat is blown up by crew at Guam, enemy raider reported off Nantucket.

April 8.—Cuba is eleventh nation to join in war against Germany; Kaiser's crew sinks interned cruiser in Guam harbor; fierce air battles feature warfare in Europe; commerce raider is sighted off Atlantic coast.

Beware the Loaded Gun.

The man who returns from hunting and sets his loaded gun in the corner or hangs it on the wall is, in reality, setting a death-trap. Yet it is surprising how often this is done. The gun we "didn't know was loaded," is an old, old story, says Farmer's Guide.

You cannot be too cautious. The loaded gun you may keep on the wall to shoot crows with when they get in the corn is liable to cause you more loss than a million crows can. It takes only a second to put a cartridge in a gun when the time is at hand. It takes no longer to take it out.

Made Her Mad.

"Did Miss Grabcohn seem impressed when you proposed to her, Duhson?"
 "Oh, yes. By Jove! I don't believe I ever saw a person quite so angry before."

To Detect Gas in Mines

A new electrical instrument to detect explosive gas in mines has just been patented. Such an instrument is necessary because of the greatly increased use of electric mine lamps instead of the old-time Davy safety lamps. The Davy lamp gave the miner warning of the presence of gas, but the electric flash lamp, of course, does not. The new detector consists of two glowing electric wires connected in series. One wire is treated so as to burn more brightly in gas-laden air than in pure air. In perfectly pure air the two wires glow with exactly the same brightness. By noting the difference in the brightness of the two indicators the miner can not only detect the presence of dangerous gas but can also tell almost exactly how much of it is present.

LOCALS

Bill Wroth, a former University student who has been in the engineering business in New York city for the last two years, was a visitor on the hill yesterday. Mr. Wroth is visiting his parents.

Professor Brennan says, "There is nothing exciting going on and that he is still plugging away."

Bring your FIFTY CENTS to the next assembly and purchase a ticket for the Varsity circus.

Georgia horseback "recruits," or rather a "recruit" has not been able to navigate properly the last few days. "SPRING HAS CAME!"

Baseball players are developing rapidly on the hill.

"Manager" King will be in the box against San Marcial.

Miss Hickey, as chaperon of the party which journeyed to San Mateo for the purpose of seeing the "Penitentes," reports that their mission was accomplished, and they had a "real time."

Bring your FIFTY CENTS to the next assembly.

Varsity circus is soon to be staged.

"GO ASK WILLIE" pictures may be purchased from Mr. Ed King.

Horses and Bob Hopewell seem to be good pals.

Students now carrying seventeen hours will not be allowed to register in six or seven more and then enlist in the federal service.

Goost the Mirage along. Sell one to your friends down town now. Get the money and deliver the book when it is printed.

Organizations of every kind and description on the hill are urged to rack their brain or brains, and produce some original feature stunts for the Varsity circus side shows.

Charity ball tickets may be bought from Floyd Lee, president of the student body.

Be patriotic and liberal. Bring your FIFTY CENTS.

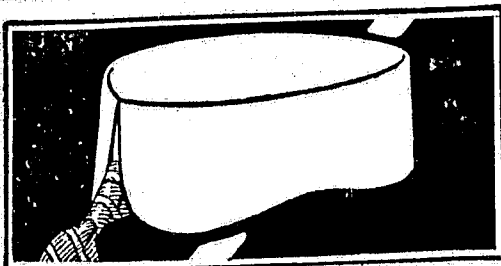

Help the debaters along with your moral support, if nothing else.

Baseball and track now have the stage. Applaud the actors. They like it. Get out on the bleachers every night. Your college life for this year, ends in about one month. Make the best of it.

Two more weeks and then the big Varsity circus takes place.

Henry hauls baggage. Phone 939.

Take advantage of this week and hand in all your back experiments, history notes, etc., and be able to take part in the spring tennis tournament with a great deal more comfort. Two hours now, means six or eight the week after.

Professor Clark left here on April 9th to attend the annual convention of the Americal Chemical Association to be held in Kansas City.

Phi Mu's intend having just two more their informal Sunday afternoon "at homes" before the close of school. One of these will be given next Sunday afternoon.

Annette Weinman, who was a student here the first semester, left on April 9th for Los Angeles, Cal., where she will spend her summer.

BRING YOUR FIFTY CENTS TO THE NEXT ASSEMBLY.

FINE ACROBATIC STUNTS FEATURE OF BIG CIRCUS

At Risk of Life and Limb. Thrills
Will be Furnished Every Spectator of U. N. M. Production.

The most unique feature of the circus will be the acrobatic stunts and tight rope walking. These acrobats have had considerable experience in this dangerous form of athletics and are most proficient in their stunts. In addition to these experienced performers, some brave volunteers have been practicing, regardless of cost to life and limb, and will perform for the public on April 21.

The tight-rope walkers will undoubtedly furnish some of the greatest excitement of the big show for their skillful handling of parasols, chairs, etc., while walking their allotted distance on less than the usual substance will thrill the most casual observer. It is not at all unlikely that our airy, fairy balloon girl, who caused such a storm of applause in "Go Ask Willie" will appear to advantage in this feature.

Watch for the tight rope walkers of the big circus! April 21.

PEP MEETING

Patriotic assembly held yesterday morning at 11 o'clock and drill practice in the afternoon shows very clearly Varsity's attitude about being loyal. Two Varsity companies formed to drill in the parade which was held last night. Women in Red Cross attire made a splendid showing. Parkhurst and Perry were cheered for enlisting. All students earnestly urged to attend the debate next Tuesday.

Henry hauls baggage. Phone 939.
