MRS. BOYD HOLDS SOME HAT SHOP

Varsity Girls Display Millinery Ability at President's Home on Friday Afternoon.

The girls of the University were delightfully entertained at a May-day party last Friday at the home of President and Mrs. Boyd. Tho the day was stormy, most of the guests responded enthusiastically to the invitation and gathered around the cheerful fireplace while the hostess informed them that each girl was to fashion a spring hat for herself before leaving. Tissue paper in all colors was distributed, and varied indeed, were the results of the earnest efforts of the next hour.

When all the hats were finished, a vote was taken as to the best, and the prize, a beautiful bouquet of flowers, was awarded to Florence Seder for a poppy-like creation in red and white. Daphne Portney's quaint sunbonnet of the Maud Muller type, chapeau and Fern Reeves' demure were also favored in the voting. There were many beautiful, striking, or grotesque effects, but mention must be made especially of Helen James' Cosack-windmill-plaid creation.

The efforts of the girls were interspersed with music, laughter, and take-offs of familiar characters. Later in the afternoon, delicious refreshments of ices and cakes were served to the guests. The favors were nose-gays of pink and white sweet peas. The afternoon was an unqualified social success and was heartily enjoyed by all who were present.

Mrs. Boyd was assisted by her daughter, Miss Alice, and by Miss Louise Lowber. P.M. S.

AMELIA M'FEE "MIRAGE" EDITRESS FOR NEXT YEAR

Popular Young Santa Fe Girl Will be Chief Engineer of Varsity Annual For Edition of 1915.

At the annual Mirage election held last Thursday, Miss Amelia ("Toots") McFie, of Santa Fe, New Mexico, and a member of this year's Sophomore class, was elected to the honor of Editor, (or Editress) of next year's student annual, "The Mirage."

Lawrence B. Lackey, also of the Sophomore class was unanimously elected Manager.

Good Choices.

As in the choice of Editor and Manager for the 1914-15, Weekly, the choice of Miss McFie and Mr. Lackey, for their respective positions, is an extremely fortunate one.

Miss McFie has been associater Editress of "The Mirage" this year, and as such has demonstrated her capabilities, talents and energies in this line.

Mr. Lackey, since entering the University three years ago, has made a successful record at managing different student enterprises and the success of the annual in this respect for next year, is assured.

YOUNG OLYMPIANS WANTED.

Athletes at the University of South Carolina have instigated a movement to discover among the ranks of young business men and boys promising material for the next Olympic meet.

VARSITY DEFEATS INDIAN AND MENAUL SCHOOLS IN TRACK

THIRD ANNUAL INTRA-CITY CONTEST RESULTS IN EASY VICTORY FOR CHERRY AND SILVER, WHO TOOK LEAD FROM BEGINING AND ARE NEVER IN DANGER OF BEING OVERTAKEN BY EITHER OPPONENT.

SILVER CUP GOES TO U. N. M. FOR YEAR

Encouraged by Victory Saturday, Varsity is Now in Active Training for Combined Track Meet and Baseball Game With the Aggies at State College, on May 23rd, and Rooters for U. N. M. Believe That Long-Desired Chance to Retrieve Past Defeats is at Hand and Coveted "Bacon" Will Be Finally Brought Back to Albuquerque.

The University of New Mexico won the third annual intra-city track meet, held between that institution, the Indian school and Manual school, Saturday afternoon at Traction park.

The university finished first with a total of 58 7-12 points; Indian school, second, with 38 7-12 points, and Manual school, third, with 24 5-6 points.

To Laurence B. Lackey, of the university, belonged the chief honor of the afternoon. He made a total of 21 1-4 points for his school. Hola Tso, of the Indian school, received second honors, making 17 points in all. M. Higgins, captain of the university track team, owing to a strained tendon, was unable to enter any events beyond the 100-yard dash, in which he finished second. Had he been able to compete, the result undoubtedly would have been even a larger score for the university. Hola Tso, of the Indian school, was also injured, but managed to enter six events in spite of this handicap, and was the mainstay of the Indians.

Indians Lose Trophy.

The Matson silver trophy, which has twice been won by the Indian school, and would have become their permanent property had they succeeded in carrying off this event, now goes to the University for a year.

The results were as follows:

100-yard dash—McCanna, University, first; Higgins, University, second; Hola Tso, Indian school, third. Time, 11 1-5.

Shot Put—Hola Tso, Indian school, first; Lackey, University, second; Brashear, University, third. Distance, 40.6.

Half-mile Run—Lucero, Indian school, first; Murphy, University, second; Manuel Sanchez, Manual school, third. Time, 2:16 4-5.

Broad Jump—Lackey, University, first; R. McCanna, University, second; Willie, Indian school, third. Distance, 17.5.

120-Yard High Hurdles—R. McCanna, University, first; Lackey, University, second; Vigil, Manual school, third. Time, 19.

Pole Vault—M. Candelaria, Manual school, first; Willie, Indian school, second; Shields, University, H. Ayze, Indian school, and Rodarte, Manual school, tied for third. In toss-up, Willie, Indian school, received the bronze medal, each school getting 1-3 point.

220-yard Dash—J. McCanna, University first; R. McCanna, University, second; Hola Tso, Indian school, third. Time, 23 3-5.

Mile Run—Jaramillo, Manual school, first; Zuni, Indian school, second; Max Sanchez, Manual school, third. Time, 5:14 2-5.

High Jump—Lackey, University, and Hola Tso, Indian school, tied for first place, with a total of 4 points each; in the toss-up, Hola Tso received the gold medal; Hall, University, Willie, Indian school; Rodarte, Manual school, and Gonzales, Manual school, tied for third place, making 1-4 point for each school; in the toss-up, Gonzales received the bronze medal. Distance, 5.1.

220-Yard Low Hurdles—Lackey, University, first; Spencer, Indian school, second; Boldt, University, third. Time, 28 1-5.

Twelve-Pound Hammer Throw—Hola Tso, Indian school, first; Aragon, Manual school, second; Zazueta, Manual school, third. Distance, 128.7.

440-Yard Dash—R. McCanna, University, first; Zuni, Indian school, second; Sandoval, Indian school, third. Time, 55 4-5.

Two-Mile Run—A. Roybal, Manual school, first; Zuni, Indian school, second; Sandoval, Indian school, third. Time, 11:30 4-5.

Mile Relay—University team, composed of Murphy, Fullerton, J. McCanna and Lackey, won, first place being awarded 5 points, and no points to second and third. Indian school came in second, and Manual school third. Time, 3:46.

On to Cruces.

The Varsity is again hard at work, training for the combined baseball game and track meet, with the A. & M. College, which takes place at State College on May 23, and have every reason to feel hopeful as to the outcome.

While the records made Saturday do not appear great, yet it must be remembered that at no time did Varsity extend itself to its utmost; also, Varsity's chief point winners, Lackey and the McCannas, were entered in so many different events, owing to the absence of Matt Higgins, whose injury prevented his participation. He will be all right for Cruces on the 23rd, and then we may expect something doing.

COLLEGE TRAINING.

The fact that more than half the students in the Princeton freshman class are the sons of fathers who never attended college, shows that popular confidence in the general results of higher education and that this conviction is born of actual experience in the work of the world.—Cleveland Leader.

FIRST IMPRESSIONS OF A NEWCOMER HERE

Unsophisticated Stranger Entering Our Alma Mater Relates What Happened to Her Then.

"Meet Judge Prickett—Oh! Does he teach law?" "No, he is professor of compustry." "How far did you say it was up the hill? Oh, yes, a mile and a half—look at those hills up there—murder! I'll never come to town only when I get a ride. What are those places? Are they connected with the Varsity?" "No they're homes for climate-seekers." "I know what you mean, lungers, and they're places to 'chase' the cure."

"So this is the University; well I should say it is good looking." "Over there is Hokona and Kawtaka Indians" "Do you have many here?" "No, none at all; they are the dormitories." "Here comes Gladys Irene to meet us." "Is she the one in blue." "He is the one in brown—the dog—get down Gladys." "Glad to know you, Miss Dean." "Up stairs? Yes this is just great—so kind of you to see to my trunk. You say Dr. Boyd has his office over in that big building? Yes, the Administration building—get down, Gladys. I never can remember all these people I am meeting." "Hello, Precious!" "Is she Treasure's sister. They look lots alike."

"This is his office. I'm scared to go in in. He's all right nothing to be afraid of. Dr. Boyd; yes, yes. Well, anything that will keep me busy (?) Miss Sisler in the library? Yes.

"Miss Sisler?" "Yes." "Where do you live?"—"goodness! I don't know. Father's occupation." "goodness! I don't know, etc." Such a cross examination!"

"Now for Miss Hickey. No, that wasn't so bad she didn't ask such embarrassing questions—ones I could answer at least."

"Where is Miss Dean's room thanks yes History. A quiz this morning? Well I dare stay anyway. Natural to be going to school again—No that wasn't hard but I guess I got everything mixed up but I should worry. "Who's Bonnet—Prof. Bonnet? Oh, yes, that's where I go next. American government such Greek! Why I never can learn that stuff—goodness should I speak to those people? I don't remember whether I met them or not."

"This is the dining hall—well, to much excitement to be hungry—"

"Is that the Science Hall and the gym over there and what's the little house over yonder with that sign E. T. hanging out? Did you call her "Dutch? I thought her name was Louise." I wish that wind mill wouldn't squeak so—you don't know how confusing it is, not the wind mill but two names for everybody. I'll see you later." C. S. P.

CHILDISH INNOCENCE!

Small Willie was entertaining his big sister's beau in the parlor.

"Mr. Green," he asked, "how many pennies have you got?"

"I haven't got any at present, Willie, I'm sorry to say," he replied.

"Then mamma was right," continued the little fellow. "She told sister last night that you didn't have any more sense than a rabbit."

NOW FOR CRUCES!

The ease with which the crippled Varsity Track Team walked away with the meet from both Menaul and the Indian school Saturday afternoon, has aroused the highest hopes and expectations in the minds of the student body for our success against the Aggies in the combination athletic event on May 23.

Things seem at last to be coming our way; our football team was one of which all were justly proud; we made a good showing in the Oratorical Contest; we finally "revenged" ourselves on the Aggies in the Annual Debate, our baseball team would be a credit to any Institution, and now we have walked away, as it were, with the Intra-City Track Meet.

If we can be returned the victors in the meet for the 23rd, we can confidently and justly feel that the year 1913-14 has been one of the Cherry and Silver's best, in all lines, for quite a while, and with this to look back upon, and with the splendid prospects of a largely increased student body for next year, what may we not expect?

PROGRAMME OF EVENTS
FOR COMMENCEMENT WEEK

The University closes its present year's work on Wednesday, May 27, when the commencement address will be delivered in Rodey Hall at 10 o'clock a. m., by the Hon. Herbert W. Clark of East Las Vegas. Special music will be provided for the occasion. From the College there is a senior class of twelve members to be graduated, and six from the School of Education.

The Baccalaureate service will be held at Rodey hall on Sunday afternoon at four o'clock, May 24. The address will be given by the Right Reverend Frederick B. Howden, D. D., Bishop of the New Mexico Diocese of the Episcopal church.

The Alumni Banquet will be given at the Alvarado Hotel on Wednesday evening, May 27. The committee on arrangement is hard at work to make this occasion for the graduates of the University a notable event and the alumni from far and near are urged to be present. Professor C. E. Hodgkin has been selected as toastmaster. To all other exercises citizens of Albuquerque and New Mexico at large are cordially invited.

FAMOUS SINGER AND SPEAKER
TO APPEAR ON MAY 15TH

Walter Lindberg, Operatic Basso and Concertist, Will Delight Albuquerque Audiences.

Mr. Walter Lindberg, operatic basso, for the last decade associated with the country's leading operatic organizations, such as the late Castle Square Opera Co., the famous Bostonian Opera Co., and numerous others, will be here on Friday evening, May 15th, to deliver his remarkable lecture, "From the Stage to the Pulpit," which tells the story of his conversion from a careless young man devoted only to worldly pleasures, to that of a lecturer and evangelist, devoted to the service of his fellow man, and the uplift of the world.

This lecture is given under the auspices of the Girl Scouts of this city, and all the proceeds therefrom will be devoted to the relief of the poor in Albuquerque.

All University students who desire tickets, may procure same from W. J. Higgins; price, 50 cents each.

THY HOSIERY.

The socks I darn for thee, dear heart,
Mean quite a pie of work for me;
I count them over, everyone a part,
Thy hosiery.
Each sock a mate, two mates a pair.
To clothe thy feet in storm and cold;
I count each sock unto the end,
And find I've skipped a hole.
Oh, carelessness, that is thy reproach;
See how it looms across thy sole;
I grind my teeth, and then in very truth
I darn that hole, sweetheart, I darn that hole.

THE FLOWERS OF
THE TENEMENT CHILD

Oh, Mary, mother of Jesu,
How can my fingers stay
At work, when my heart is throbbin'
To be out in sun today?

The damp, an' the dirt, an' the darkness,
Are they only for such as I—
Pinin' away for the sunlight
An' the sight of the open sky?

Five hundred daisy stems to wind
An' tonight a nickle pay—
Oh, Mary mother of Jesu,
How blue was the sky today?

A short course in highway engineering has been started at Illinois. More than 100 men are enrolled in the work.

It is interesting to note that the Missoula high basketball team that won second place in the tournament this year, only lost two games out of fourteen. Those two were one with Phillipsburg and the final game with Helena.

DEBATE ON SINGLE TAX.

The students of Professor Bonnette's Debating Class will hold the final debate of the season on next Tuesday afternoon, between the hours of 1:30 and 3:30 in the debating room.

The negative side of the question Hunt, W. Frank Gouin, and Fred M. Calkins; Messrs. B. Clay Singleton, Joseph McCanna, and William J. Higgins will support the affirmative, and from the interest and enthusiasm being manifested in the contest, an exciting afternoon is looked forward to.

The members of both teams, as well as Professor Bonnette, desire to extend, through the medium of The Weekly, a cordial invitation for all students and friends, to be present and hear the question fought out. The debate is for practice, and the members are desirous of having all the training to speak in public possible, and hence desire as large an attendance as can turn out.

THE COLLEGE PAPER.

"The first college paper," says the Harvard Crimson, "was not established by the oldest university, but by one of her later sisters, Dartmouth. There appeared in 1780 at that institution a paper called the Gazette, which is chiefly famous for the reason that among its contributors was Dartmouth's most distinguished son, Daniel Webster. A few years later Yale followed with the Literary Cabinet, which, however, did not live to celebrate her birthday. It was not until 1810 that Harvard made her first venture in journalism, and then Edward Everett with seven associates, issued the Harvard Lyceum.—Ex.

FRESHIES LIKE CATS.

The freshmen of Wesleyan are required to take a census of the cats of Middleton, and to compile statistics regarding the number, sex and pedigree of all feline residents of the city. The owners of the animals objected strenuously to this census, fearing that their pets may be martyrs to science.

FREAK ORGANIZATIONS.

A Texas university has a secret society composed entirely of preachers' sons. An educational institution of Indiana boasts of a fraternal society composed of red-headed men. A college in New Jersey has an organization devoted to the amelioration of the life and condition of the fat man of the college. Now if some genius would only come along and organize a national fraternity of red-headed fat men who are sons of preachers, the cause of righteousness, liberty and the like ought to receive a big boost.—Ex.

PLACING HER.

If she goes with the boys, she's a coquette. If she prefers a "steady" she couldn't go anywhere else.
If she majors in chem. or English, she's queer. If she doesn't she's looking for snap courses.
If she is athletic, she loses her maidenly charms. If she is not, well, girls can't do very much, anyway.
If she asserts herself in class, she is strongheaded. If she does not, she has'tany brains.
If she doesn't talk much, she's uninteresting. If she does, she's a bore.
So what is a body to do.—Holead, Michlgan, A. and M.

It isn't the pull that you have that men respect,

 It's the efforts you make all yourself to collect,
