## FACULTY RECEPTION PROVES HUGE SUCCESS

Board of Regents, Parents of Resident Students and City Editors Enjoy Musical Program and Refreshments at Rodey Hall Last Saturday Evening; Domestic Science Department Prepares Eats.

An unusual entertainment was given in Rodey Hall on April 28. The faculty of the University gave a reception for all the parents of the resident students, the board of regents, and the city editors.

Rodey Hall was splendidly decorated in the cherry and silver, the colors of U. N. M., and the guests were delightfully entertained by a program of which Stanley Seder was in charge.

The program consisted of good musical numbers, readings and special dancing.

The guests were further pleased with the refreshments prepared by the girls of the domestic science department, of which angel and devil food cakes were an important part.

Two hundred invitations were sent out, and the great majority of that number were present to enjoy the hospitality of the U. N. M. faculty members.

Miss Lorna Lester.....Violin  
Mr. Orrin Padel.....Vocal  
Miss Louise Wilkinson....Reading  
Mr. Stanley Seder.....Piano  
Receiving line—Dr. and Mrs. Boyd, Dean and Mrs. Hodgins, Dr. and Mrs. Kirk, Dr. and Mrs. Mitchell.

## MIRAGE OUT ON SCHEDULE TIME. STATEMENT BY MANAGER TIMMONS

Ever since the announcement was made, some three and a half months ago, that the Mirage would be out May first, the editors have made every effort to assist the manager in keeping his promise. They have done excellent work—hard work; and, what is best of all, they began early.

This is May the first. The annuals are printed and bound. They are finished according to the schedule. But, with the advice of the printers, that it will be better to keep the books in the binding presses, and also in order to distribute them all at the same time, the management has decided to extend the date of distribution until tomorrow, May 2, immediately after the assembly.

The editors and others have labored hard and long in order that the Mirage 1917 might be a production you will be proud to keep and look at when you are no more a student here. Those people will be gratified, and will feel well repaid for their efforts if you show that you appreciate the production, and are glad that you bought a Mirage 1917.

Sincerely,  
Paxon B. TIMMONS,  
Manager.

## DR. BOYD WILL LEAVE TODAY FOR WASHINGTON

National Association of State Universities Meet at Capitol Next Week; Important War Situation to Be Discussed by Presidents of Educational Institutions.

Dr. D. R. Boyd will leave this afternoon at 2:40 o'clock, to attend the meeting of the National Association of State Universities, which will be held in Washington all next week. This will necessitate Dr. Boyd's being absent during the entire commencement week, which will of course be unusual.

The National Association will meet with the National Council of Defense of the war department. Colleges and universities throughout the country are supplying a great many men for the present crisis, and the war department, realizing this has called a meeting of the Council to meet with the educators of the country.

The first meeting of the National Association of State Universities was held in 1895. A very peculiar circumstance in this connection is the fact that at this first meeting Dr. Boyd, as a representative of U. of Oklahoma, and Dean C. E. Hodgins as representative from University of New Mexico, unknowingly of course, sat side by side.

This meeting is of great importance both to the country and the different universities, although our president will not be with us for commencement exercises, his mission is a worthy one, which deserves his entire attention.

## MAJOR O'SHEA TALKED TO VARSITY MEN FRIDAY

Several Varsity Men Contemplating Joining Officers' Reserve Camp at California; Several Left for Camp in Georgia Sunday.

About thirty-five or forty men at the University have attended drill practice regularly since the vote of the student body was taken, approving such action. These men are becoming experienced along military lines, and without doubt will have a little advantage over the men who know less about such tactics. Captain Carter has been on the hill every night, and for his valuable services, the student body cannot express too much thanks.

Military practice, even in time of

Continued on Page 4

Miss Margaret Flounoy, vice-president of the student body, has, in the absence of the president, called a meeting of that body to be held in Rodey Hall Wednesday, May 2, at 11 a. m. The purpose of this meeting is to elect editors and managers of the Mirage and Weekly. Every student should be present and have a voice in this election. We only have one more opportunity to get together this year, and the last meeting of the student body should be characterized by a full attendance.

## COMMENCEMENT CONCERT WILL AGAIN BE GIVEN

College of Fine Arts Under Direction of Stanley E. Seder to Stage Interesting Program During Last Week of School.

The commencement concert given annually by the College of Fine Arts under Director E. Stanley Seder promises to be of unusual interest. The choral club with soloists will present the charming cantata "The Rose Maiden" by Cowen. This cantata is one of the most popular choral numbers embodying as it does a beautiful story set to captivating music. The choral club has been preparing this cantata for some time, and a pleasing rendition is looked for.

The soloists will be Misses Hortense Switzer and Beatrice Selson, sopranos; Misses Sylvia Rosenberg and Alberta Hawthorne, contraltos; Orrin L. Padel, instructor in voice, tenor; Robert T. Sewell, baritone.

The concert will be given at Rodey Hall, Monday evening, May 7, at 8:00 o'clock. It is expected that a large audience will be present to hear the culminating musical event of the year.

## PHI MU'S TO HOLD OPEN HOUSE FOR SENIORS

Sunday Afternoon, May 6th, 4 p. m., Sorority Women Will Entertain Members of August and Dignified Class, Immediately After Baccalaureate Sermon.

The Phi Mu Sorority will hold open house next Sunday afternoon, in honor of the Senior class, from four to six immediately following the baccalaureate sermon. The sorority women have kindly consented to do this in behalf of the Senior class, and that dignified body most assuredly appreciates same.

This will probably be the last social gathering of the year at which all the Seniors will feel so much at home, excluding of course the alumni banquet. The Phi Mus are noted for their hospitality, and an all around good time is expected.

Every Senior should appreciate that this is indeed an honor to the class, and show his appreciation by being present.

## INTERESTING ADDRESS GIVEN BY OTTO LEOPOLD

Member of City Gardener's League Spoke to University Students Last Monday Morning, Emphasizing Importance of Raising Foodstuff.

On Monday morning, April 23, in Rodey Hall, Otto Leopold delivered one of the most interesting addresses of the year, concerning back yard gardens. Mr. Leopold's talk took in every phase of the situation, both economically and industrially. "Tomatoes and string beans are excellent back yard products" said the speaker. "Home gardens are very necessary in the present situation and the majority of people are beginning to realize this."

Professor C. E. Bonnett made a few remarks, before Mr. Leopold's speech, concerning the seriousness of the present situation, emphasizing the importance of "living within your income." Dr. J. D. Clark acted as chairman of the meeting and introduced the speakers. Professor Worcester discussed the psychology of the situation.

The last number on the program was a short and concise speech by Miss Frances Lathrop, head of the Department of Domestic Science, informing the people present that vegetables as well as fruit could be put up or canned in very simple manner.

Those present gained some valuable experience from the talks made.

## "RUSTY" RAY HARD AT WORK IN CINCINNATI ART SCHOOL

U. N. M. Cartoonist of Last Year Making Good in East.

The students who were here last year remember with pleasure "Rusty" Ray and his cartoons. Some of those who were dwellers at Kwataka recall that if they would go to his room, even at the wee small hours of the night, they would find him with pen and ink, drawing some caricature, or scene, or sign, or "art work" with which to decorate the various rooms of the dorm. Drawing was natural with him, and he preferred that to almost any other thing.

This year "Rusty" entered an art school in Cincinnati. He has applied himself diligently, with the same enthusiasm he had here. His art work has improved very much, and he is fulfilling the expectations of those who predicted success for him.

There are three large cartoons in THE MIRAGE 1917, drawn by R. Ray. Two are full page cartoons, larger than any in the annual last year. One is an excellent caricature of the faculty. The other is a sketch that can be best appreciated by that sorrowful crowd of mourners that saw the death of the Koyotes. Those fortunate members of that ancient order will prize very highly this feature of THE MIRAGE—this mid-night scene of Kwataka, and the dismal grave with its "bird of blackness."

BUY A MIRAGE 1917.

TUESDAY, MAY 1, 1917.

## USE YOUR BRAIN!

For some time past the proposition of changing the name of the U. N. M. Weekly has been confronting the present staff. In order to obtain the best results, we have decided to hold a contest for this purpose. The contest will close Sunday, May 6th, at 6 p. m. sharp. The requirements are, that the name must not consist of more than three words, shall have some connection with the University, and shall be submitted to any member of the staff, before the above mentioned time. In other colleges and Universities, such names as "THE TAR-HEEL," "THE ROUND-UP," "THE HATCHET," etc., are used, and needless to say they have some significance. The U. N. M. Weekly has been in existence for some time and has rendered the University considerable valuable experience. Some in the present student body should have the honor conferred upon him or her, of being responsible for the title of the weekly paper. If the name is appropriate and suitable, of course it will go down in the annals of history at the University.

## HIGH SCHOOL ATHLETES WILL BE ENTERTAINED

Freshman Class to Give Dance Saturday Evening at Rodey Hall in Honor of Visiting Athletic Teams; Large Attendance Expected.

The Freshman class will be hosts Saturday evening, May 5th, at Rodey Hall, to the visiting athletes and student body of University, with a dance starting promptly at 8:30. This is an opportunity which no student should miss in as much as there may be several men contemplating attending the University next year, from these different high schools in the state.

The freshmen have kindly consented to allow the entire student body to be present and the affair promises to be one of an enjoyable character. Excellent music will be furnished, and with the usual pep and enthusiasm of the student body, this little social affair should make a decided impression on the athletes.

This interscholastic meet has been in existence for two or three years, and the number of students it has brought to the Varsity would make anyone sit up and take notice. Herebefore the meet has been "pulled off" in good fashion, and there is no reason why this should not add one more feather to the Cherry and Silver cap. Let everyone consider himself a committee of one to pitch in and help toward the success of this athletic undertaking. It will be necessary to have judges and other officials and a good many University people will be used. The meet is May 4, 5 and 6.

## MIRAGE 1917 READY FOR DISTRIBUTION

Yes, it is off the press, and will be on sale tomorrow. It has caused a god deal of worry and anxiety on the part of the editors and managers; but that is almost forgotten. This annual—this book that will be the best souvenir you will be able to take from U. N. M., has materialized, and will make its debut tomorrow.

Here are some of the "specifications" of THE MIRAGE 1917: One hundred and sixty-four pages, 8 by 11 inches, heavy India tint enamel paper, printed in Sepia, cover light grey, front finished in two-color sketch of approach to second floor, Main building. It has over one hundred half-tones, sketches and cartoons. It has three pages of snapshots, seven by nine inches. "Go Ask Willie" is prominent, there being two full-page reproductions of the principals, chorus and some of the scenes in that U. N. M. product. Besides these there are two or three cuts of the ponies, love scenes and the like. The chorus of "You'll Somehow or Other Get Used to It" and "Broadway"—words and music, are printed on two full pages. Miss Hickey and Stanley—but we can't give more space to tell about "Go Ask Willie." Each senior has a biography in connection with his picture and is branded for life. There are many excellent pen drawings of campus scenes, buildings, etc., sketched by Miss Lina Fergusson. Wash drawings of "The Classes," cartoons, some of which it is safe to say, are the most artistic that have ever appeared in any annual in New Mexico. Many pictures of athletic events, and various teams. Hutch in his characteristic pose. Jokes, mainly original with our worthy professors and others. These are some of the things that THE MIRAGE 1917 contains.

So far as can be learned, there has never been a Mirage with so many pictures and drawing, such large cuts, or so many features. The editors have had continually in mind "something different," and they have succeeded in producing something different—THE MIRAGE 1917.

## CURRENT EVENTS.

April 24, 1917.—Commissioner of Lands and Women respond quickly to proclamation. Governor calls upon people to bend effort toward prevention of world starvation; produce more, he urges.

April 25, 1917.—English appear to have best of fighting on the western front. Mistakes made by allies are to be pointed out to America.

April 26, 1917.—Arthur J. Balfour, in interview, declares that England and France seek no open or secret alliance with the United States regarding terms of peace or continuance of war. New Mexico legislature meets Tuesday.

April 27, 1917.—Germany plans to make the United States pay all her expenses of the war. France eagerly awaits American army fighting against enemy. Selective draft believed sure of approval by fair majority.

April 28, 1917.—One hundred and twenty persons lose lives when dust explodes in mine. German submarine war must be checked or disaster is certain, is solemn warning at Washington.

I wish to meet the Mirage Staff in Miss Hickey's room today promptly at 12:30. It is necessary that you be there.

Pryor B. Timmons.

Henry hauls baggage. Phone 939.

## LOCALS

Choral Club rehearsal for the commencement concert will be held Wednesday evening at 7:30, promptly at Rodey Hall. Very important that all members of the club be there.

Mr. Fred E. Martin has donated to the University museum a piece of the charter oak. The University and student body wish to take this opportunity to express sincere thanks to the donor.

Senator Jones and Congressman Walton have written to Dean C. E. Hodgins advising that they desire him to take charge of examinations to be given for two appointments to Annapolis. This competitive examination will be held in Albuquerque, May 25.

## New Adding Machine.

I. Declare—"The University has bought an adding machine."

zA. Curious—"What for?"

I. Declare—"To tabulate the number of student dances."

## Might Miss a Dance.

Mrs. Society—"No, I didn't raise my boy to be a soldier!"

Mrs. Sense—"O, if he joined the army he might miss one of those charming U. of N. M. dances."

## And Silence Ensued.

An American just returned from Europe tells this story:

While riding from London to Liverpool in a railway coach it happened that he was alone in the compartment with an Englishman, who appeared to be deeply engrossed in the war news of one of the papers.

Thinking to start conversation, he said in good old American slang: "Some fight, eh?"

"Yes, and some don't," was the reply.—Everybody's magazine.

## RESIDENT STUDENTS URGED TO REGISTER

Penalty of One Dollar Placed Upon all Students Living in Albuquerque Who do Not Enroll for Coming Semester Before Saturday.

All University students now in residence may register any time this week between Monday morning and Friday afternoon, for the coming semester. By registering now, the extra fee of one dollar will be omitted. The program need not be final, changes being permitted to be made in the same at the beginning of the next semester. Will the students who will be back at the U. N. M. next semester please make out their program and register at this time—between Monday morning and Friday afternoon of this week?

Outlined on page 47 of new catalogue.

(Signed) L. B. Mitchell,  
Registrar.

Page 47 new catalogue. Students may register next week now in residence. Monday morning or Friday afternoon.

## VERS LIBRE.

Several pages of the MIRAGE 1917 are devoted to some "vers libre" poems. The chief contributor is one of our students who has decorated the pages of the Weekly occasionally with jingles. Here is a little more of one of them than was printed in the Weekly before:

Every woman wears them now,  
Since fashion's laws enforce it,  
But few folks know the history  
Of Warner's Rustproof Corset.

It seems that Cleopatra  
In search of something nice  
To keep her figure juvenile  
Had set aside a price,  
To —(there is too much to print here)

Then there is the usual spring poem, with apologies. The last stanza runs thus:

Atop of old Hokona  
A maiden dries her hair;  
Couples on the mesa;  
Spring is in the air.

These bits are merely samples. There are six pages of vers libre in the Mirage 1917.

## That's the Way They Go.

Binks—"There goes a newly made millionaire."

Jinks—"How did he get his money?"

Binks—"Oh, he owns one of the dance halls at the U. of N. M."

## Conservation.

Conservation is the keynote of a great many enterprises these days. We hear of the conservation of forests, the warring nations preach the conservation of food, and most of us try our hand at the conservation of money. So why not be a conservationist right here. Probably one of the most noted assets of this place is the widely known "Pure Socorro Water" made famous by Dr. McKay and others. It is even preferred by some to the rare punch served at various dances. Why take chances of letting this supply fail us and thus deprive us of something our place is noted for? Be a conservationist.

# CEREMONIES RESPECTING OUR COUNTRY'S FLAG

The flag should not be hoisted before sunrise nor allowed to remain up after sunset, nor should it be allowed to remain up during a rain or storm.

At "morning and evening colors" civilian spectators should stand at "attention" and uncover during the playing of the "Star Spangled Banner." Military spectators are required by regulation to stand at "attention" and give the military salute.

The flag should never be allowed to touch the ground and should never be raised or lowered by any mechanical appliance.

When the national colors are passing on parade or in review the spectator should, if walking halt, and if sitting, arise and stand at attention and uncover.

Whenever the "Star Spangled Banner" is being played or sung, all persons within the hearing should rise and stand, uncovered during its rendition.

When the national and state, or other flags fly together, the national flag should be on the right. The national salute is, under law of the nations, twenty-one guns.

Whenever possible the flag should be flown from a staff or mast, but should not be fastened to the side of a building, platform or scaffolding. It should not be used as a cover over table, desk or box, and where anything can be set or placed upon the flag.

When the flag is used out of doors, it should always be allowed to fly in the breeze.

When cluster and drapings of colors are desired, bunting or cloth should be used, but never the flag.

The flag should never be placed below a person sitting.

At the nation's capitol and at every state capitol there is at all times a display of the flag.

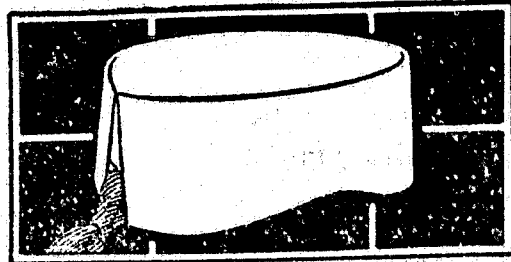

As upon every government vessel, so upon every government building, the flag should be flown during business hours. It should be hoisted and lowered at a uniform hour as is done at army posts and navy yards.

## Imprisoned Arm.

In the early days of California a thief with his knife slit a hole in a neighboring tent at the head of a bunk, thrust in his arm and extracted a bag of gold dust. He was caught with the goods, indicted for burglary and convicted. His counsel moved for an arrest of judgment and a new trial on the ground that he was not guilty of burglary, for he had not "broken into and entered" the premises, as charged in the indictment. The court refused to grant a new trial, but said that in passing sentence he would take the peculiar circumstances into consideration. He did so. He sentenced the arm that entered the tent to ten years' imprisonment, but accorded to the defendant the option of accompanying it there or of cutting it off, just as he should choose.

## MAJOR O'SHEA TALKED TO VARSITY MEN FRIDAY

Continued from Page 1  
peace, proves very advantageous to a man in the development of his physique. The men at the Varsity have realized this and taken advantage of the opportunity offered. Several men have submitted their applications for the Officer Reserve Corps, among whom, have been Lon Sheahan and Dick Upton. Sheahan left for his home in Fitzgerald, Ga., Sunday morning, with excellent recommendations from Captain Carter. He expects to join the Reserve camp at Atlanta, Ga., Stundt, Perry, Shelton, Nohl and others are considering filling out applications for the camp at San Francisco, Cal. Major O'Shea, sent here by the government, for the purpose of recruiting men for the Officers' Reserve Camp, talked to the University men last Friday afternoon, and pointed out very clearly that drilling was not the only part of the soldiers life. Major has an office in the Federal building and will give any information possible.

## Grandmother's Rules.

Somebody's grandmother has bequeathed to her descendants these admirable rules of conduct: One is: Always look at the person to whom you speak. When you are addressed, look straight at the person who speaks to you. Do not forget this. Another is: Speak your words plainly; do not mutter or mumble. If words are worth saying, they are worth pronouncing distinctly and clearly. A third is: Do not say disagreeable things. If you have nothing pleasant to say, keep silent. A fourth is—and oh, girls, remember it all your lives!—think three times before you speak once.—Exchange.

## Utah Bird Sanctuary.

In an effort to save the rapidly disappearing wild bird life of the state arrangements have been completed for the establishment of Utah's first bird sanctuary, to cover an area of 700 acres. The use of the land is given free virtually to the state by property owners of the Big Cottonwood district, about four miles east of Murray. State Fish and Game Commissioner Chambers will place quail and pheasants on the land, and his deputies will sprinkle feed there when the heavy snows of winter make it difficult for the birds to find anything to eat.

## Floating.

If one would reflect, let him embark on some placid stream and float with the current. He cannot resist the muse. As we ascend the stream, plying the paddle with might and main, snatched and impetuous thoughts course through the brain. We dream of conflict, power, and grandeur. But turn the prow down stream, and rock, tree, kline, knoll, assuming new and varying positions, as wind and water shift the scene, favor the liquid lapse of thought, far-reaching and sublime, but ever calm and gently undulating.—Thoreau.
