## Procedure in Registration Outlined for New Students

Careful Perusal of the Rules and Regulations Will Save Many Steps; Transcript of All Previous Work Above Eighth Grade Required. Important Things Seekers After Learning Should Know and Observe Indicated in a Manifesto Issued by the Powers That be.

Students intending to matriculate at the University today will find it to their advantage to read carefully a number of suggestions regarding procedure in registration, prepared by a member of the faculty, with a view to avoiding confusion and saving time and trouble to students and officials.

Today, Tuesday, August 22, has been set aside by the faculty as registration day for all students. The new students should proceed as follows:

First, pay fees in Secretary's office, first floor, south hall.

Second, go to Library, first floor, and fill out Information Blank.

Third, go to Registrar, in room 9, second floor, who will give directions as to further steps to be taken.

Registration cards will be filled out by a committee. These cards must be taken to instructors of the courses signed for and receive their approval, except in case of Physical Education. The cards are then to be returned to the committees who filled them out.

These three steps in registration must be completed on the day appointed for this purpose or a fee of one dollar will be collected for late registration.

New students must also present to the Registrar a transcript of all previous work above the eighth grade. No person can be regarded as a bona fide member of the University of New Mexico until this is done.

Former students were required to make out their program of studies for the coming semester before last Commencement and file the same with Registrar. Those who failed to do this will be obliged to pay the late registration fee on opening day. Students who have complied with this regulation will first pay their fees to the Secretary and secure from her the cards made out last May. Then they will go to the Library and fill out information blanks. Lastly, the Registrar will receive from them the Registration cards, or, if changes in registration are necessary, he will direct the student to the proper persons.

The Secretary of the University will be found in her office, first floor of Main Building, south hall, on Registration day, between 8:15 a. m. and noon, and from 1 to 4 p. m.

The Librarian and Library assistants will be found in the Library or Registration day from 8 a. m. to noon and from 1 to 4 p. m. for the purpose of filling out Information cards.

The office hours of the Registrar and of various Registration committees will be 8 a. m. to noon and from 1 to 4 p. m.

The Committee on Registration of Freshmen in the College of Letters and Science will be in session in room 9, and consists of Messrs. Wesse, chairman; Sherwin, Bonnett and Edington.

Freshmen of the School of Applied Science will register in room 6 with the Committee, consisting of Messrs.

Brenneman, chairman; Clark, Kirk, Leopold, and Miss Lathrop. Messrs. Daus and Lanphier will be found in this room for consultation.

Students in the School of Education will register with Messrs. Hodgkin and Worcester in Dean Hodgkin's room, first floor, entrance from outside on east side.

Students in the School of Fine Arts will register with Mr. Seder in Adey Hall.

Students in the Schools of Commerce and Latin-American Affairs will register with Messrs. Bonnett and Hill, respectively, in room 9.

Students in the Preparatory Department will register with Miss Hickey and Mr. Feather in room 11.

Graduate students will register with their major professors under the direction of the Committee on Graduate Study.

Upper classmen will be registered by the heads of the departments in which their major courses lie.

### SOME THINGS STUDENTS SHOULD KNOW AND REMEMBER

That the student body of the University will be required to know and remember a few things regarding credit hours and times they may be tardy or absent without becoming persona non grata in official quarters, is indicated in a few gentle hints offered by those in a position to know the ground rules. Students might do far worse than cutting out the following rules and regulations and pasting the clipping in their hat:

All Freshmen will be registered for Physical Education.

Upper classmen who have not yet earned enough credit hours in Physical Education will be signed up for enough work to make up their deficiency.

Attention is directed to the new regulations on absences, as follows:

Deductions from the total number of credit hours that may be earned each semester will be made for the following delinquencies:

1. For unexcused absences and for excused absences, where the lost work is not made up, when the number of absences exceeds that of the number of exercises per week in the course, the forfeit is .1 of an hour of credit.
2. Three tardinesses may be counted by the instructor as one absence.
3. Absences on the last day before and the first day after a holiday or recess incur double penalty.
4. Abandoning a course without consent incurs the recording of no credit and an F grade in that course.
5. When deductions in credit hours exceed one-third of the total that may be earned in a course, all credit in that course is forfeited.
6. Instructors shall report weekly in writing to the Chairman of the Committee on Student Standing the number of absences charged against

(Continued on page 4.)

## PROSPECTS BRIGHT FOR CRACK ELEVEN

Old Man "Hutch," Back on the Job After Spending the Summer Wrestling With Ties; Track Men Are Urged to Report for Work at Once.

After spending a very strenuous vacation as superintendent of the McGaffey plant at Domingo, New Mexico, Coach Hutchinson has returned and is doing some real work on the Varsity grounds, getting the gymnasium apparatus in working order, and also planning for an open track meet to be held about the middle of September. Any and every track organization will be allowed to participate in this meet. It is expected that the Y. M. C. A. will enter a team that will make the Varsity "go some."

"Hutch" has undoubtedly put the Varsity on the map in the athletic line. With everyone pulling for him and working together, U. N. M. should have teams to be proud of.

Although the football schedule has not been entirely arranged, Manager Lee Walker has stated that he is negotiating with the University of Arizona, and that games have been definitely scheduled with the El Paso School of Mines, about November 9th, and with the New Mexico Agricultural College on Thanksgiving. The United States Indian School will be on our schedule, as will also the Roswell Military Institute, provided they are willing to take part subject to certain eligibility requirements, which they did not meet last year. Prospects are considerably better for football this year than they ever have been, and with such a capable coach as "Hutch" nothing should prevent the Varsity from hanging up the championship flag in the gym.

All men interested in track work should see Coach Hutchinson immediately concerning the meet to be held in September.

## PUTNEY TO TALK TO STUDENT BODY

Prominent Albuquerque Business Man, Graduate of Jayhawk Institution, to be the First of Assembly Speakers at University This Year.

The administration has adopted a new policy for the coming year in the matter of assembly speakers. Heretofore it has been the custom to procure educators, men of letters, platform speakers, and very rarely, a professional man has been heard from the University rostrum. This year, however, a radical departure is planned, that of obtaining successful men in other walks of life, to give us the benefit of their experience. In other words, the purpose of this is to make these talks of a practical nature, and, coming as they do from men who know specifically what they are talking about, they will naturally be so.

In pursuance of this policy, Mr. R. E. Putney, of this city, who scarcely needs an introduction in this state,

## "WATCHFUL WAITING" POLICY IS ADVISED

New Students Urged not to be Hasty in Accepting Invitation to Join Any Organization at the University; Faculty Committee Issues a Diplomatic Note to Those Interested.

Knowing that many men and women have made affiliations and identified themselves with organizations while at college which they regretted in after life, the Faculty Committee on Non-Athletic Student Activities has issued a signed statement, containing words of sound advice to newcomers on the campus. The announcement follows:

"The Faculty Committee on Non-Athletic Student Activities, together with the fraternal organizations of the University, have considered the advisability of securing mutual agreement among the various organizations, to the effect that invitations to join such organizations shall not be issued previous to some date in the semester, which date shall be sufficiently late in the semester to permit a new student at the University to become familiar with college life and its institutions. It has been found inexpedient to put such an agreement into effect for the early part of the present college year, but in justice to the new students at the University, and to the organizations themselves, the undersigned committee advises each new student not to be hasty in the acceptance of any invitation to join any of the organizations at the University.

"FACULTY COMMITTEE ON NON-ATHLETIC STUDENT ACTIVITIES.

(Signed)—John D. Clark, A. O. Weese, P. F. Sherwin, E. A. Hickey."

## MUSICAL PROGRAM AT FIRST ASSEMBLY

A feature of the first assembly next Friday afternoon will be the musical program to be rendered by talented artists including Mr. Seder, pianist; Mr. Yott, violinist, and Mr. Padel, vocalist. All three are exceptionally fine musicians and it is expected that Rodey hall will be crowded with music lovers anxious to hear the program. The musical courses to be offered at the University this year are exceptionally attractive and it is likely that many will enroll in the department.

has been asked to speak at the first assembly, to be held Friday, Aug. 25. Mr. Putney is a successful business man of the best type and one of our most public spirited citizens, and will have a talk that is bound to be worth while. Those who know Mr. Putney will not be expecting a burst of oratory or anything of that sort, his speech will be delivered in true "Putney style," as it has been called, and this consists of nothing else than a straightforward, man to man, talk, forceful, to put it mildly. Mr. Putney is a college man himself, claiming K. U. as his alma mater.

## HERE'S TO 1916-17.

With this issue of the U. N. M. Weekly, the new staff makes its bow, collectively and individually, to the general public, particularly to the members of the faculty and the student body at the University of New Mexico.

The members of the staff are well aware of the high standard of efficiency maintained by those who have edited and published the Weekly in the years that are gone. Every effort will be made, not only to maintain the past standard, but to improve the paper in every manner possible. To do this, to accomplish anything in the forward march of events, the Weekly must have the active, intelligent co-operation of everybody at the University.

The Weekly belongs to every member of every class; to every professor and to every official of the University. We invite criticism and will be glad for any suggestions tending to make the paper more valuable, and of greater service.

Here's to 1916-1917. Everything indicates that we will have the greatest enrollment, the greatest enthusiasm and the greatest success. The Weekly will be found right in line for the advancement of the University, and will expect every man and woman on the campus to be right in line for the advancement of the Weekly.

## THE "RUSHING" SEASON.

The opening of the U. N. M., brings to notice, as it does with the opening of all Universities, the season known to fraternity and sorority enthusiasts as the rushing season. The victim sought should have courage, we say, to wave aside the entreating mob, but generally he becomes so confused and unable to judge for himself that he is carried along where the tide is strongest. It is impossible for a freshman entering college to be able to judge of the characters of the various fraternities within two or three weeks' time. Neither can the fraternity judge of the worth of a certain individual, who as it often happens has no qualities other than those which distinguish him at first sight. Maybe he is only a dude with a snob nose, a hippituan with an effeminate voice, whose only mark of distinction is a double-jointed arm, or perhaps he is one whose longitudinal proportions give promise of a football demon, but in time he proves to be only a flabby chunk of cheese. The fraternities, however, are always on the alert. They see another making desperate efforts to pledge a certain student and they enter the scramble. This scramble is undesirable, yet it continues.

The three fraternities of this school have never considered any form of agreement for pledging members. Why should a fraternity object to a student's joining the group he desires to

## CALLED ASSEMBLY TO BE RULE THIS YEAR

President Will Hereafter Call Gatherings of Student Body at Opposite Times; Will Permit Greater Discretion in the Selection of Speakers.

At a meeting of the Faculty, August 19, 1916, it was decided to discontinue the weekly assemblies. These assemblies have been held heretofore on Tuesday of each week, at ten o'clock in the morning.

An arbitrary period for such meetings has, in the past, prevented the University authorities from securing desired addresses from speakers of note and it was thought an advantage to have, in place of the fixed period, a called assembly whenever, in the discretion of the President, such assembly seemed necessary.

Seder will make a hit in several neighborhoods if he gets certain local talent to do all its yelling on the hill.—Albuquerque Evening Herald.

## Not Safe.

"Do me a favor, old man. Just indorse my note, merely as a matter of form, you know. I want to borrow some money from the bank."

"Do you mean to say the bank will let you have money on my endorsement?"

"Certainly. The president told me so himself. Hey! Where are you going?"

"I'm going to draw my money out of that bank right away. Those guys are getting too blamed careless."

## Defined.

"What is a pedestrian, pa?"

"A pedestrian, my boy, is a man who can't afford to buy an automobile."

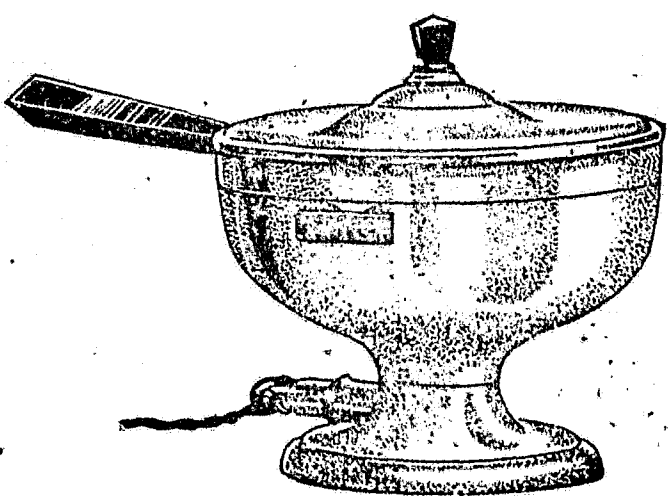

enter. Under the present system, as long as rushing continues, certain students will be enrolled with the wrong clique. Inter-fraternity agreements would be beneficial if they could be enforced. (As yet no good plan for enforcing such rules has been presented.) If there can be no penalty for the breaking of an agreement, the agreement cannot be enforced and is utterly worthless. Therefore, under the present system inter-fraternity agreements are practically impossible, and detrimental to the University.

By pledging a man, a fraternity is giving more than a promise; it has taken an obligation to take that man into its midst. The candidate by wearing a button or ribbon, is just as strongly bound to accept no other fraternity. When either party violates this pledge they are breaking an ethical law of what is right, and therefore violating a law of Heaven.

If the pledging system were abandoned entirely, a candidate would be given more time to judge of the character of each Greek letter society, and better able to decide for himself. When school opens, let the rushing start, but let the student make no promises or wear no pledge buttons whatever. If he wishes to join let him join at once and do nothing else, but until he does join let him be bound under no obligations whatsoever. If the fraternities would do away with this pledging system, they would be doing a wise thing for themselves, a kind act for the incoming freshmen, and for the social betterment of the University.

## U. N. M. STUDENTS MAY MAKE PHI KAPPA PHI

Splendid Honor Available to Men or Women Who Maintain High Standard of Scholarship During College Course; Approximately Two Years' Work Required at This University.

The University has tried for several years to stimulate scholarship by requiring a reduced amount of credit for graduation in the case of those students who made high grades and by giving a degree with honors to those who maintained a rather high standard of scholarship throughout their course.

A great stimulus to scholarship was obtained shortly before Commencement last year when the University was voted a chapter in the national honor fraternity of Phi Kappa Phi. A petition was sent to the national officers by ten members of the Faculty who are either members of Phi Beta Kappa or Sigma Xi or would have been eligible to election to some national honor society if their institutions had had chapters at the time of their graduation.

The local chapter will be installed about the end of September by a member of the Faculty of Kansas A. and M. College, who has been delegated for this purpose. Details of the installation program will be published in due time in so far as they may be made public.

At last, Commencement it was announced that Miss Katherine Isabel Chaves and Mr. George Adlai Feather of the Class of 1916 and Mr. Edmund Ross from the Alumni had been elected to membership. Before installation a few other Alumni and honorary members will be selected. These will be college graduates in this state who are members of Phi Beta Kappa, Sigma Xi, or who have in other ways demonstrated high scholarship and high attainments since graduation.

There will be one or two open meetings every year where a lecture will be given.

Competition from the present Senior class of 1917 for election to Phi Kappa Phi will be very keen, as it looks now as though more Seniors will be eligible for election on the basis of their scholarship than can be elected under the constitution.

Election to Phi Kappa Phi is an honor well worth seeking. Eligibility for election consists in high scholarship maintained through the four years' course, the last one and a half or two of which must be taken at this University.

## A FABLE IN SLANG BUILT FOR FRESHMEN

(With apologies to George Ade)

Dear Freshmen: You are candidates for High Honors, flattering attention, a feeling of much importance and what is apt in the end to be a very flat fall. Going to college has been considered by many a process for extracting the conceit from the "young hopeful." It is not. At least for the first six weeks you are a commodity that will be bid for with greater eagerness than Bethlehem Steel at 567½.

You will be asked to meet Nice Girls—and their social par excellence will be vouched for by Willing Friends. Vice-versa if you are a co-ed. You'll be tennised, autoed, dined and gilded; you'll be asked to take long walks out towards the cemetery; your pet theories will be listened to with avidity. In fact, for a

## SCHOLARSHIP RECORD OF SOCIETIES ANNOUNCED

General Averages for Last Year Indicate That Members of Greek Letter Fraternities and Sororities Maintain Satisfactory Standing as Students.

During the last year the registrar has compiled scholarship statistics for the national and local societies, which exist at the University. The comparative standing of these societies is as follows:

## First Semester, 1915-16.

Phi Mu ..... 90.7%  
Alpha Delta ..... 79.8%  
Alpha Gamma ..... 79.7%  
Sigma Chi ..... 76.7%  
Phi Kappa Alpha ..... 69.4%

## Second Semester, 1915-16.

Phi Mu ..... 89.4%  
Alpha Gamma ..... 82.5%  
Phi Kappa Alpha ..... 77.6%  
Sigma Chi ..... 81.4%  
Alpha Delta ..... 77.7%

These averages are important because the general officers of national societies are inclined to recall chapters if the averages of local chapters fall too low and also because a local society can not expect to obtain a chapter of a national fraternity or sorority unless it maintains a commendable record in scholarship.

The above averages were secured by counting an A as 95%, a B as 85%, a C as 75%, as D as 65%, an F as 40%, and a condition removed as 75%.

In this University the average for non-members of fraternities and sororities is a trifle less than the average attained by fraternity and sorority members.

time, you'll be made to feel that U. N. M., or least a clique of the U. N. M., cannot exist without your approbation.

In short, you'll be Rushed! You'll be a Rusher!

There are five of us—Phi Mu's, Phi Kappa Alpha's, Sigma Chi's, Alpha Delta's and Alpha Gamma's. (And, in justice to the editor, let it be stated that precedence is given to the foregoing in the order of their becoming national or entering the school—the editor must be politic.) We are all fairly Decent, tho you can't get an other to admit it. We are all bursting with Harmless Conceit and Egotism, of which you, dear Freshman, will be the victim—according to your sex.

But remember this: You are more important right now than you will be again in all the four years you are with us. As a Gowned Senior you will not be looked up to half so much as you are now with your Small Town Ways, your ignorance of things academic and your General Vacuity. Later your impertinences will be punished with a trip to the swimming pool or a stacked room.

For a short while we are all going to be Nice to you, overly nice; we can't do too much. Then there will come a day, when by your decision you will have aligned yourself with one of us. On that day you will discover that the world has grown Considerably Smaller. Your circle of friends will have narrowed to those whose pledge button you wear, and for the others you will be almost a Blank Space on the horizon. After they have their brand on you, your pledged brothers will treat you as a human being and not as a species of semi-rod. They are apt to ask you to look up to them.

Go easy! Make the most of the

## SOCIETY

How can the good times of the past vacation time be crowded into a column of inadequate print? It would be truly impossible to list the many and various affairs of the U. N. M. students scattered as they have been in every part of the country. The doings of one person or group of persons would undoubtedly make a grand scoop for any society reporter but space is limited, so Albuquerque society will have to be taken as a fair example of the society of all other towns claimed by members of the student body. This with due apologies to Roswell We fully realize that Roswell is the center around which all New Mexico revolves. Indeed how could we forget it—so constantly is it kept before us. But why O Roswellites are you so glad to get back to Albuquerque? It's a pretty good place after all, is it not?

## SERIES OF AFTERNOON PARTIES

A number of informal afternoon parties have been given during the summer at the homes of Albuquerque girls. The hostesses were Miss Kathleen Long, Miss Margaret Flournoy, Miss Myrl Hope, Miss Helen Vincent and Miss Evelyn Trotter.

## DANCE FOR SIGMA CHI.

A very delightful dance was given by Lyle Vincent at his home August 11, for the members of his fraternity, their friends and ladies. Those present were: Misses Julia Keleher, Ethel Kieke, Alice Lewis, Lina Fergusson, Hazel Hawkins, Katherine Little, Helen Vincent and Ruth Vincent. Messrs. Allen Bruce, Pierce Rodey, Carl Brorein, Ralph Hernandez, James Waite, Herbert Hickey, Robert Wigeley, Hastings Shields and Robert Barnes.

## PI KAPPA ALPHA

## CAMPING PARTY

A crowd of Pi Kappa Alphas who remained in town during the summer spent a jolly week near camp Whitcomb. Those in the party were: Charlie Lembke, Harold Blickenderfer, Ira Boldt, Paul Butts, Lyman Putney, Gordon Gass and Floyd Lee.

## FOR MISS COOK.

Miss Margaret Cook spent a week in Albuquerque on her way to Berkeley, Cal., where she will attend the university. An afternoon party was given in her honor by Mrs. Chas. Boldt, an auto party with dinner at Belen and a mesa party were among the affairs given for her entertainment.

## SOME THINGS THE STUDENTS SHOULD KNOW AND REMEMBER

(Continued from page 1)

each student in each course. A report is also made of those students who are below passing mark.

For good and sufficient reasons permission is granted by the Chairman of the Committee on Student Standing, in the discretion of the instructors involved, to students who have been absent to make up lost work. When such lost work has been made up deductions in credit hours will not be made.

The student who has been absent

## LOCALS

Miss Helen Vincent was hostess at a luncheon at her home on August 19th.

Tennis parties and tennis suppers on the campus have been very popular during the summer months.

Varsity people who spent the summer in California are Miss Rebecca Horner, Miss Myrl Hope, Miss Betty Arnot, Miss Betty Simms, and Miss Alma Baldridge.

Miss Louise Lowber spent the summer in Delaware.

Miss Ethel Kieke attended the Las Vegas Normal during the summer term and incidentally had a good time.

Chester Crebbs recently spent a week in Albuquerque en route to his home in Sterling, Kansas.

"Swiftly" Shields, an old U. N. M. student, is back on the job and will be a great help to our football squad.

Miss Angelica Howden visited in Washington during the vacation.

Irene and Leslie Boldt have returned from a visit with relatives in West Point, Nebraska.

Miss Shirley von Wachenhusen and Katherine Conway have spent their vacation in New York.

Miss Lina Fergusson and Katherine Chaves have been at the latter's summer home on the upper Pecos.

from class exercises should proceed as follows:

1. He should offer his reasons for absence to the Chairman of the Committee on Student Standing and if his reasons are deemed sufficient he will be given a card showing permission to make up lost work.

2. He should fill in on this card the courses in which he missed exercises, the number of absences from each course, and the dates when these absences were incurred.

3. He should then show this card to the instructors involved and learn how, if at all, he can make up the lost work.

4. After the lost work has been made up he should present this card to the instructor and obtain his signature opposite the course in which absences were incurred and then file the card with the registrar.

The Registrar will file these cards and at the end of the semester compare them with the semester reports. These reports will give the grade for the semester, the maximum credit that may be earned in the course and the total number of absences against the student for the whole semester. Deductions will be made in amount of credit at the rate of .1 of an hour for each absence over the number of exercises per week in that course except where his records show that absences have been excused and the lost work has been made up.

In case of late entrance deductions in credit at the end of the semester will be made in proportion to the number of absences incurred both on account of late registration and absences after registration.

All classes will start promptly on Wednesday the 23rd of August.

If you do not know where your classes are to be held, consult the Faculty bulletin board.

Acquire early the habit of looking at bulletin boards.
