TWO HUNDRED-SEVENTY COLLEGIATE STUDENTS WITH FIGURES INCOMPLETE

FULLER FIGURES ON TOTAL READY BY NEXT WEEK

Increase of Twenty-Five Percent Over Last Semester Registration. More Students Registering Daily.

Last Wednesday afternoon, according to the first figures that have been given out by the Administration, the total college enrollment for the University of New Mexico thus far this semester is two hundred and seventy. Although the figures are as yet still incomplete this indicates an increase over the enrollment last semester of over twenty-five percent, — a really exceptional increase in consideration of conditions over the state.

Together with the students last semester and the Summer School students this year, the total number of college students at U. N. M. for the fiscal year, ending November 30th, 1922, is something over seven hundred. It must be remembered that this includes absolutely college students and those alone, for this school has no preparatory department.

Probably by next week there will be fuller figures ready for publication, but thus far the office has been too busy to fully compile them.

ENORMOUS "U" ERECTED ON ADMINISTRATION BUILDING

Sign Can Be Seen Great Distance.

Nearly every University in the United States has some kind of a sign, a monument or something of the sort to distinguish it. Up to this year the University of New Mexico has been unfortunate in not having any such distinguishing feature to mark it from a distance. The Sandia mountains are too far away to make it practicable to erect a letter there as the perspective is very poor and the expense of making a sign large enough to be seen in Albuquerque would be prohibitive.

However, the latter part of the summer, at the solicitation of Pres. Hill, two of the leading citizens of Albuquerque, who have been particularly good friends of U. N. M., provided the money for erecting a large "U." Arthur Prager gave fifty dollars to the cause, but it was Dr. M. K. Wylder who really made the venture possible with his check for one hundred and fifty dollars. As a result, there is now a huge "U" towering twenty-eight feet above the Administration Building. The sign itself is nineteen feet high and twelve feet across, painted white, and has numerous strong electric lights on either side. When lighted at night it can easily be seen in an area of fifty square miles. It is indeed a "U" to be proud of.

FIRST MEETING OF LOWELL LITERARY SOCIETY TO BE HELD FRIDAY AFTERNOON

A meeting of the Lowell Literary Society will be held Friday afternoon, Sept. 22nd, to reorganize for the coming school year. Although the Society was just organized last year, it successfully handled the debating schedule for last year, and this year will doubtless be able to materially enlarge its activities. The Society is in charge of all forensic and debating endeavors under the supervision of a faculty committee, and all who desire to do anything along these lines should join the Society as soon as possible in order to begin work for the coming year. The meeting has been called by George Bryan, who was last year manager of debate.

PATRONIZE OUR PATRONIZERS

It is not always that we fully realize the extent of what we owe our advertisers. They are the ones who really make this Weekly possible—and much as it is maligned the students seem to read it. So remember, when you go down town to buy something to go to the merchant who carries an ad with us—and let him know who you are. Our columns are the best possible to a new student who is seeking the best stores in town. Trade with our advertisers.

CONSIDERABLE ACTIVITY IN MUSIC DEPARTMENT THIS YEAR

Professor Lukens Plans Band of Seventeen Pieces.

Enrollments in the music department this year point to the growing interest that is being manifested yearly in this department.

The piano and organ instruction in this course is being conducted by Mrs. D. W. Faw and Miss Louise Nichols both of whom report large classes and a great interest in the study. Professor John Lukken is especially anxious that ensemble music should be promoted this year, and the chances of developing choruses, a band, and an orchestra seem very favorable. If the purchase of the tuba, baritone, and other of the cumbersome band instruments can be brought about by the University, there will no doubt, be no lack of material for the organization of a first class band. The need of this band is unquestioned, since such an organization would be in great demand at football games and all school meets.

Those who have already signed up for the band and orchestra are: Messrs. D. Ellsworth, W. Morgan, K. Wilkinson, V. Kiech, E. Bryan, E. Gerhardt, J. Wilkinson, C. Pierce, C. Clowers, W. Price, B. Kelly, B. Collins, Eldred Harrington, W. Dolde, Misses Thelma Loudon, Norma Williams, Elizabeth Sheppard.

The members of the male glee club who have signed up are: Messrs. C. McColloch, D. Miller, C. Dearing, W. Hernandez, J. Benjamin, O. Beber, F. Valentine, C. Clowers, E. Gerhardt, G. Bryan, H. Waters, L. Cantelon, H. Graham, A. Bunn, and R. W. Hopkins.

Twenty-three people have registered for the women's glee club, they are the following: Misses Maude Riorden, Carol Wilson, Margaret Brooks, Norma Williams, Ruth Daugherty, Thelma Loudon, Lorena Burton, Thelma Farley, Ruth Morgan, Fay Strong, Lelia Waring, Grace Collier, Lelia Thompson, Juliet White, Mary McClane, Ruth Cook, Katherine Owen, Dorothy Goelitz, Francis Holshersher, Mabel Elder, Elizabeth Edmondson, Alice Sundt, and Mrs. Paul Hayne.

IMPROVED VARSITY SHOP REOPENS WITH NEW MANAGEMENT

Bob Cartwright and Frank Reeves Managers This Year.

With the beginning of the school year the Varsity Shop has once more opened for business and is once more the favorite assembling point on the Campus. This year, however, there is a new face behind the counter, new, not to the Campus, but only on this particular job. Robert Cartwright, familiarly known to the old guys around school as "Bob," has gone in partnership with Frank Reeves, who ran the Shop most of last year, and will help him to satisfy the varied needs, real and fancied, of the "Eds" and "Co-eds." They say that two heads are better than one anyhow, and so long as "two many hands don't spoil the broth," it's all right.

Although, owing to the strike, they have had some difficulty in securing all the eats, etc., that the shop usually carries, several new lines of trade have been introduced and the students will find it better equipped. The managers have secured a complete line of pennants, pillow tops, table runners, etc., in various designs and have an unlimited supply. They also are carrying an excellent grade of fraternity stationery engraved with crests of the various fraternal organizations on the Hill and, best of all, they have two kodaks which they will loan—free—to anyone who wishes to borrow them—for a short time. Of course, you have to buy your own films and get them all developed, but as the Varsity Shop carries a complete line of films and also has the agency for developing, every facility is at your elbow, so to speak. Altogether the Varsity Shop can supply the school with about anything that they want.

LETTER RECEIVED FROM T. U. PAPER

The Editor of the Weekly received a letter last week from the Daily at Texas University saying that he had placed the U. N. M. Weekly on their exchange list and requesting that we reciprocate.

ASSEMBLY OPENS PROPITIOUS YEAR FOR STATE UNIVERSITY

Greetings Given by Albuquerque People, President and Deans.

The first assembly of the year, attended by practically every student enrolled in the University, as well as by many visitors, was the occasion of speeches of welcome to the students by Dr. David S. Hill and other speakers.

After a few announcements Dr. Hill introduced Will A. Keleher. Mr. Keleher welcomed the students on behalf of the people of Albuquerque and said that since the University of New Mexico is now an accredited institution, the students must at all times uphold their academic standards, in order to maintain the school in its present rating.

Dr. Wylder, having been introduced as the donor of the U. sign said that to him it stood for a united front and urged that the students cooperate with the people of Albuquerque to the mutual advantage of both.

The musical side of the morning's assembly was furnished by Mrs. Faw, who played two selections on the piano, one by Cadman and the other by McDowell. The Varsity male quartette also sang two pieces and were strenuously encored both times, while the audience joined in the singing of Alma Mater and America.

The substance of Pres. Hill's speech follows:

In greeting the largest body of strictly college students ever assembled at one time in New Mexico, President Hill called attention to the fact that the State University of New Mexico is the only institution in the state duly accredited by the Commission on Higher Education of the North Central Association of Colleges and Secondary Schools as a college of standard grade. This accrediting in education he said corresponds to a high rating by Dunn's or Bradstreet's in the business world and is the product of years of struggle at the University toward higher standards in the student body, in the faculty, and in the matters of finance and of administration. The standing may be lost he said by relaxation of standards and therefore it is not a matter for empty boasting, but for united effort to maintain and elevate our University upon still higher planes of academic and financial achievement.

President Hill summarized the progress of the past three years in the following four statements, which he said should be known to every citizen, taxpayer, parent, and prospective student in the State of New Mexico.

(1) The State University is the only institution in New Mexico now accredited by the Commission on Higher Education of the North Central Association as a College and University of standard grade.

(2) The faculty includes men and women possessing credentials of adequate graduate training (the earned degrees of Doctor of Philosophy or Master of Arts) from the leading universities, such as Columbia, Cornell, Clark, Stanford, California, Wisconsin, Michigan, Illinois, Ohio, Chicago, Pennsylvania, Princeton and Bryn Mawr.

(3) The State University has no deficits and is operating efficiently. During the past three years three buildings, a grand stand, and a powerful radio station have been erected and paid for. Laboratories and a library of over forty thousand volumes, constantly growing, are available for the use of the students.

(4) The promise of valuable service to the state and the reward of efficiency warrant liberal support by our taxpayers and legislators.

He also pointed to the increasing tendency of generous citizens to follow the example shown in older universities by making contributions, giving prize awards, and loan funds to the University.

During the past year the following were noted:

The gift of \$1,500 by citizens for the grandstand, \$600 of which was given by Colonel George E. Breece.

The gift of a library of rare books dating from the sixteenth century by a donor who withholds his name.

Gifts for scholarship prizes by Arthur Prager and Albert Simms.

Gift of the "U" sign by Arthur Prager and Doctor Wylder.

Gifts to loan funds by members of the Senior Class and an anonymous donor.

In welcoming the new students President Hill said that the University offers during a time of economic stress rich opportunities for preparation for useful service in business, industry, the professions, and in public life. President Hill emphasized the necessity of making a decision (Continued on page 2)

FORTY LOBOS REPORT FOR HARD GRIDIRON PRACTICE THIS SEASON

TEN VETERANS WANT PLACES

Johnson Makes No Predictions as to Showing Team Will Make at This Early Date.

Forty men are reporting regularly for football practice on varsity field every afternoon, the largest squad that has appeared for practise in the history of the University.

Coach Johnson is not unduly enthusiastic over the outlook for a winning team this season, as many of last year's first string men are not back this year, and Greenleaf, last year's captain and All Southwestern guard is suffering from an injured knee received last season and probably will not be able to play this season. However, using the ten first string men who are back this year as a nucleus, and drawing from the new material available, Coach Johnson hopes to develop a team that will at least give a fair account of itself.

Jones, last year's quarterback who was chosen for All Southwestern halfback, has been out of the game with injuries for several days, but will be back in uniform in a day or two.

Practise began Wednesday, Sept. 13, and has been carried on strenuously every afternoon. Practise has consisted of running for wind, passing and catching passes, punting and receiving punts, juggling the ball down the field, bucking the "bucking machine," blocking and charging for linemen, and practise in receiving the ball from center and getting away with it for backfield men. The last two practise periods two teams have been lined up and put through signal practise. The first scrimmage took place Wednesday.

The first game of the season will be played on varsity field with the Albuquerque Indian School a week from next Saturday, and the second game a week later with Denver University here. The Indian School game is considered nothing more than a good practise game, although the Indians may upset the dope and give varsity some stiff competition. The game with Denver University will be anything but a practise game. On the contrary, it will be one of the hardest games on the schedule.

Following is the schedule for the season:

- Sept. 30—U. S. Indian School—here.
- Oct. 7—University of Denver—here.
- Oct. 14—University of Colorado—Boulder.
- *Oct. 28—Colorado School of Mines—Pueblo.
- Nov. 4—West Texas Normal—here.
- *Nov. 11—Simmons College—here.
- Nov. 19—University of Arizona—Tucson.
- Nov. 30—New Mexico Aggies—Las Cruces.
- *—Tentative dates.

Men who are reporting regularly for practise are: Berger, Boan, Brown, A. F. Brown, C. Cantelon, Cartwright, Danielson, Hill, Dow, Pollock, Ferguson, Dolde, Graham, Aikenhead, Grenko, Greuter, Benjamin, Scarborough, Grimes, Hammond, Harrington, Hernandez, Jones, Kelly, Lovett, Miller, Morgan, Pearce, Popejoy, T. Popejoy, J. Ragen, Russell, Stinnett, Pate, Greenleaf, Hopkins, and Thompson.

KHATAHLE SENIOR SOCIETY HOLDS SHORT MEETING

Friday noon at 12:30, the four seniors, Cullen Pearce, Vernon Wilfley, Ed Horgan, and George Bryan, who constitute the total active membership of the Khatahle Senior Honor Society, met for a short get-together and business meeting. While the organization is still a comparatively new group on the Campus, they will naturally assume a place of importance in University activities.

Plans were discussed for the Society's work during the coming year. It was unanimously decided that the organization should be active in promoting "U" pep and student activities. It was also arranged that the Khatahle should lend the incoming students of the Class of '26 a helping hand and assist them in every way to find themselves and so soon to become active and useful members of the student body.

Ed Horgan, president of the Associated Students, presented the members of the society with blue cloth hats on which the letters K. S. S. are embroidered in white braid.

FIRST FROSH MEETING OF YEAR HELD BY K. K. S.

Advice as to Participation in School Activities Given to Freshmen.

On Monday afternoon, September 18th, the first Freshman meeting of the year was held in Rodey Hall by the Khatahle Senior Honor Society, primarily for the purpose of arousing enthusiasm and interest in the ranks of that particular class over school activity in general. The necessity of co-operation in all school affairs, and the desire of the upper classmen to aid the Freshmen for the betterment of the Varsity were emphasized by the three speakers. Unfortunately, the attendance was meager, but those who were present, profited greatly in that they received valuable suggestions and information that they could not have gotten otherwise as to the sources of endeavor they might pursue during their verdant days.

Informal talks binding on these themes were given by Mr. Horgan, President of the Associated Students, Mr. Bryan, a prominent participant in all Varsity activities, and by Mr. Hanger, manager of the football team. Although the calling of a Freshman meeting by this society is somewhat unusual proceeding, those attending understood from what was said, that the suggestions made were for their benefit, that the meeting was held for the furtherance of their own ends and was not arranged merely to promote the political interests of the Khatahle Senior Honor Society.

A fitting close to the program was furnished by a strenuous and intensive practice of cheers, yells and songs. The showing made demonstrated that the Frosh will have to put more "Pep" into their cheering if they expect to gain reputation as the leaders in Varsity Spirit.

GREEN GAUGE MAKES ANNUAL APPEARANCE

Gives General Information Needed by Frosh.

The Green Gauge in its usual verdant color made its annual appearance at the time of registration, September 12, 1922. The handbook printed for the aid and guidance of first class men contains practically the same information as was contained in the 1921-22 edition, with the exception of course of the necessary changes of personnel.

The Green Gauge, published by the Student Council of the Associated Students, contains a calendar of College events, giving the football schedule and many other important dates. Greetings from the President, Deans of the Colleges and the President of the Associated Students follows next. Then comes Freshman rules, Introduction to the Campus, Non-Athletic Activities, Who's Who in the U. N. M., The Varsity N. M., Wearers of the N. M., U. N. M. Cheers and Songs, Customs of the U. N. M. Organizations, General Information about the City, the Log, 1922-23, and Memoranda.

The book is compact and complete and a great help to the newcomers, giving them much needed information.

COMPLETE NEW EQUIPMENT FOR LOBO ELEVEN

TO BE ISSUED SOON

Complete new football uniforms have been purchased for the first team and will be issued just before the first game of the season. The equipment is the best made for athletic use. The new uniforms conform with the present uniform save that the sweaters are reinforced with leather to prevent any chance of tearing.

NOTICE WANTED: HEELEERS FOR THE WEEKLY

All those who are interested in reporting for the Weekly during the coming year will please meet in room 26, Administration Building, Friday afternoon, Sept. 22. This will be the first real meeting of the year, and in addition to making assignments for the coming week to various members, all questions regarding the paper will be discussed. If for any reason, you are unable to attend let me know beforehand so that everyone may be included.

WAGNER, Editor.

SOCIETY

PRESIDENT AND BOARD OF REGENTS ENTERTAIN

The social life of the University for the school year commenced brilliantly with the Regent's and President's reception to the students and faculty of U. N. M. last Friday night. It was one of the largest social affairs that has ever been held in Rodey Hall, which had been elaborately decorated for the occasion with ferns, palms, and cut flowers.

The guests were introduced to Edward Horgan, president of the Student Council, who presented them to President and Mrs. Hill. In the receiving line, there were also the Hon. Nathan Jaffa, president of the Board of Regents, Mrs. Grunsfeld, Dr. and Mrs. Reidy, Thomas Keleher, Miss Sedillo, the Hon. A. A. Sedillo, Miss Mosher, Dr. and Mrs. Hessler, and Dean Hodglin.

After some time spent in conversation and getting acquainted, the floor was cleared for dancing and those who desired danced for an hour or two until "Home, Sweet Home" ended the evening. Refreshments of punch and various cakes were served throughout at a flower-decked stand in one corner of the hall. All in all, it was a very enjoyable affair and served the double purpose of introducing the students to the Board of Regents and of making the new students more at home on the Campus.

THE PAN-HELLENIC TEA

The Pan-Hellenic tea last Saturday afternoon was well attended and everybody had an excellent time. The tea was given by the four sororities on the Hill, primarily in honor of the new students in the University, and every attempt was made to get all the girls acquainted.

The afternoon was spent socially and in dancing. Mrs. Sells at the piano furnished the music. Refreshments of punch and wafers were served throughout the afternoon from a beautifully decorated booth on which the University colors were interwoven in an artistic manner.

The four sororities played various roles as hostesses at the tea. Kappa Kappa Gamma was in charge of the invitations, Phi Mu decorated Rodey Hall for the occasion, Alpha Chi Omega had charge of the refreshments, while Alpha Delta Pi tagged the girls as they entered the hall and assisted in introducing the newcomers. The tea is a very pleasant custom and serves to acquaint the new girls more rapidly around the Campus.

KAPPA KAPPA GAMMA INITIATES

Last Sunday night, Gamma Beta of Kappa Kappa Gamma, held the first initiation of the school year, when four pledges were taken into the active chapter. Mary Wilson, Norma Williams, Elizabeth Shepard, and Milly Culpepper are the four new members to wear the Kappa key. The ceremonies of initiation were held at the home of Mrs. Allen Bru, who has recently joined the ranks of the Kappa alumnae in Albuquerque. It is worthy of note that this is the first time that regular Sophomore initiation—a commendable custom which the local Kappa chapter adopted last year—has been attempted and successfully carried out at U. N. M.

THREE FRATERNITIES ANNOUNCE NEW PLEDGES

The end of the second week after registration has practically concluded rushing activities on the part of the three fraternities on the Hill and they take this opportunity of presenting their new pledges to the Campus.

Alpha Delta announces the pledging of three men: Ellsworth Duke, of Roswell; Buster Kelly, of Roswell; and Sidney Bartlett, of Socorro.

Beta Delta of Pi Kappa Alpha announces the pledging of eight neophytes: George Smithers, of Albuquerque, George Stevens, of Albuquerque, David Burton, Grove City, Pa., P. D. Miller, of Albuquerque, Charles Barber, of Albuquerque, Bernard Scarborough, of Santa Fe, Alfred Bunn, of Albuquerque, and Lynn Hammond of Albuquerque.

Beta Xi of Sigma Chi announces the pledging of ten promising young men: Maxwell Merritt, of Albuquerque, Joe Benjamin, of Albuquerque, Louis Cangelou, of Santa Fe, Yale Raymond of Albuquerque, Woodford Heflin, of Albuquerque, Byron Boan, of Raton, Dan Burrows of Roswell, Gordon Kinney, of Chicago, Ill., Hobart Carter, of Sergeant's Bluffs, Iowa, and Ervin Betts, of Clovis.

MANY ENGAGEMENTS AND MARRIAGES AMONG FORMER UNIVERSITY STUDENTS THIS SUMMER

It may be an old saying, but it still suits the occasion—Cupid was very busy with his little bow and arrows this summer, especially among alumni of the University, and in many of them he has witnessed the

culmination or near culmination of them all. During the summer months, three Phi Mu alumnae announced their engagements in rapid succession and it was for a time rumored that the local chapter was going to adopt for its rushing motto: "Join Phi Mu, and get married." Early in September, Miss Alice White became the bride of Mr. Lyman Putney and broke up the trio. Miss Grace Stortz also announced her engagement to Mr. Ray McCanna, former student at the University and a member of the Pi Kappa Alpha Fraternity. Their wedding is set for early November and the bride has been the guest of honor at many social affairs in her honor. Miss Louise Lowber whose engagement to Hugh Cassidy was announced during the summer will also become a bride soon.

Early in the summer, the wedding of Miss Annie Lee Duncan and Allen Bruce took place in the bride's home at Memphis, Tenn. They have since returned to Albuquerque to take up their residence here. Mrs. Bruce is a Kappa Kappa Gamma, while Mr. Bruce is a member of the local chapter of Sigma Chi. Another summer marriage was that of Miss Ruth Davis to Jimmy Waite at Las Vegas. After a honeymoon by automobile through Colorado and northern New Mexico, they returned to Pueblo, Colo., where they will reside. And so it goes. Perhaps there were more for there is no telling when Cupid may shoot.

ALPHA DELTA PI TO ENTERTAIN

Alpha Nu of Alpha Delta Pi has issued invitations for a dance to be held Saturday afternoon from four to six at the Woman's Club downtown. This is the first of the series of rush dances and other affairs which the four sororities are giving in the near future previous to Bid Day, which comes Sunday, October, the first.

LOCALS

Ed Horgan, president of the Associated Students, returned for a late registration at the University after an extended trip East.

The many friends of Joe Bursey will be sorry to hear that he has been confined at the Methodist Sanatorium all summer with a severe attack of tuberculosis and is accordingly unable to return to school this fall. However he is now able to receive visitors.

Pat Pugh and Marshall Wilson have also moved down to the Sanatorium for the winter. There is some talk of establishing a branch of the University down there. Marshall has registered in the University for this semester.

Norman D. Mayne, one of last year's graduating class who has been on the campus the past week left Monday on the Limited for Chicago where he will resume his duties with a large business firm there.

Eddie Mapes, former Varsity End has sufficiently recovered from injuries received while working at a lumber camp near Thoreau, N. M. to be on the Campus once more. Probably his husky physique gained while playing football at U. N. M. aided him greatly in recuperating from the injuries he sustained when a huge pile of logs caved in on him.

Claire Bursum, who attended Varsity in '20, and who has been in the University of California for the past two years has returned to graduate from this institution. Her younger sister, Ruth, has also matriculated as a Freshman here.

Dean Mitchell recently received a letter from Donald Richardson, who has been attending school at Oxford, England, for the past three years. Richardson was formerly a student at U. N. M. but received the Rhodes appointment in '19 and has just returned to the States. He states that although Europe is fine, he prefers the States as a permanent diet. He intends to visit the University soon.

Bob Albers and Hi Waters have entered the realms of high finance and carpentry and are building a mansion in the Heights. No one knows how much they may lose on the venture, but we hope it will not be a total failure.

Raymond Thompson, professional stunt flier, who has been in Albuquerque for the last three weeks taking passengers up, paid the University a visit and was so well pleased that he has registered and will attend the University all year.

TO PARENTS

A word as to outfitting your boy for going away to school this fall. The school catalogue will tell you in wearisome detail it is necessary to provide your son with three pairs of shoes, one pair of overshoes, six

shirts, twelve handkerchiefs, etc. Pay no attention to the catalogue. Send the lad away in the clothes he wears. If he has the right stuff in him, he will soon "swipe" a complete wardrobe from his schoolmates, and as occasion demands, he will continue to swipe the necessities of apparel from the sons of parents who believe everything they read and don't know a joke even when it's in a catalogue. The difference between swiping and stealing, while vague to the parental eye, is perfectly obvious to the school-boy's eye. If your son is a prize swiper, it does not mean, necessarily, that the penitentiary will be his fudately he Tefvbg cmf cmf cmfcmfcmfcmf home. Rather, he will be immediately respected by his fellows, and in the future he will im all probability be president of the First National Bank of your city. At the least, he will be mayor. Certainly, great honor and emoluments will accrue to him. Meanwhile, be proud of his budding abilities and do not cramp their development by sending him what he can swipe for himself. —J. M. in Life.

FOOTBALL DRIVE STARTS IN EAST WHEN FIVE TEAMS OPEN SCHEDULE SEPT. 23

Saturday, the 23rd, will find three of the leading Eastern Elevens and one Southern Eleven opening the football season for 1922 in their sections. Yale will meet Bates at New Haven, Penn State will try out their tricks against St. Bonaventure, Centre College will meet Carson Newman at Danville, Ky., Syracuse will take on Hobart College and Washington and Jefferson plays Geneva in the other Eastern struggle. These games are all comparatively small and unimportant, but will give the first trustworthy information on these five teams which were among the largest and strongest in the country last year.
