MILITARY TRAINING CERTAIN NEXT YEAR

University is Making Definite Arrangements to Offer Military Drill When School Opens in Fall. Will Be Under War Department.

That the University will have military training next year is the definite statement issued from President Boyd's office. Arrangements are now being made with the War Department whereby military training will be offered as explained by the following letter. Should the 100 men not be secured, the training will be offered regardless. The letter follows: To the presidents of all the institutions of collegiate grade:

In order to provide military instruction for the college students of the country during the present emergency, a comprehensive plan will be put into effect by the war department, beginning with the next college year, in September, 1918. The details remain to be worked out, but in general the plan will be as follows:

Military instruction under officers and non-commissioned officers of the army will be provided in every institution of college grade, which enrolls for the instruction 100 or more able-bodied students over the age of 18. The necessary military equipment will, so far as is possible, be provided by the government. There will be created a military training unit in each institution. Enlistment will be purely voluntary, but all students over 18 will be encouraged to enlist. The enlistment will constitute the student a member of the army of the United States, liable to active duty at the call of the president. It will, however, be the policy of the government not to call the members of the training units to active duty until they have reached the age of 21, unless urgent military necessity compels an earlier call. Students under 18 and therefore not legally eligible for enlistment, will be encouraged to enroll in the training units. Provision will be made for co-ordinating the R. O. T. C. system, which exists in about one-third of the collegiate institutions, with this broader plan.

This policy aims to accomplish a two-fold object; first, to develop as a great military asset the large body of young men in the colleges; and second, to prevent the unnecessary and wasteful depletion of the colleges through indiscriminate volunteering by offering to the students a definite and immediate military status.

Later announcement will be made of the details of the new system. In the meantime, the presidents of the collegiate institutions are requested to call this matter to the attention of the students. Those who do not graduate this spring should be urged to continue their education and to

OFFICERS ELECTED FOR NEXT YEAR

Athletic Association Holds Election and Weekly Election is Re-Held at Meeting Friday, May 31, at 12:30.

At a meeting of the Athletic association Friday, called by the president of the student body, Chester Boldt was elected president for next year, Louise Bell, vice-president, and Joseph Jordan, secretary.

According to the constitution of the association, nominations signed by five members should be posted on the bulletin board seven days before an election. Boldt's nomination was the only one posted. The members of the association then passed a motion to suspend the constitution and hold the election of the other officers. Nominations were then received for secretary and vice-president. No other nominations were made for president.

For vice-president, Louise Bell, Howard Buckley and Allen Papen were nominated. Louise Bell was elected. For secretary, Joseph Jordan, Donovan Richardson, Allen Williams and Ernest Hammond were nominated. Some of the nominees attempted to withdraw their names, but could not secure the consent of the person nominating, which consent is necessary according to parliamentary rules. Joseph Jordan was elected.

The attention of the students was then called to an error in balloting in the election of an assistant and three associate editors of the Weekly. The previous election was declared invalid and a new election called for. Allen Williams was elected assistant editor, and Frances Bear, Katherine Angle and Louise Bell were elected associates.

Mr. Ralph Gould, who has charge of the sale of Thrift and War Saving Stamps in the University, made a short talk, urging upon the students the necessity of purchasing heavily. Mr. Gould has sold in the neighborhood of two hundred dollars worth of stamps since he began active work in the University.

take advantage of this opportunity to serve the nation.

I trust that the policy above stated will have your support and co-operation.

Sincerely yours,
Newton D. Baker,
Secretary of War.

The Emergency Council of Education, with headquarters at Washington, realizes the importance of keeping young men in college. It has urged the universities of the country to adopt some plan whereby those who are not of draft age might be induced to remain in school, to prepare for a greater service than they can render if they join now. The University believes this plan will go a long way toward solving the question.

ALPHA CHI OMEGA INSTALLATION JUNE 7

Local Chapter Will be Initiated This Week End. Seven National Members, Including Officers, Coming.

Alpha Gamma chapter of Alpha Chi Omega will be installed at the University Friday and Saturday, June 7 and 8. The installation ceremonies will take place at the lodge of the local chapter, situated on Central avenue, two or three blocks east of the University. Mrs. Bennet, inspector, will be in charge.

The ceremonies will begin Thursday with a re-examination of all the petitioning members. Friday the initiation proper will take place. Saturday a reception will be given at the lodge, from 3 to 5, to which all University students are invited. Immediately following this, the newly initiated Alpha Chi Omegas, and the visiting members, will assemble in Taft Hall of the Alvarado for their first annual banquet.

Besides the two officers named above, five other members of the national will be present for the initiation. Among them is Mrs. Nutt, of Roswell, N. M. Mrs. Fred Huning, of Albuquerque, also a member of the sorority, will assist in the ceremonies. Mrs. Huning offered the girls a luncheon at the Alvarado, or an equivalent sum of money. The girls decided that since it was war time they would do well to accept the money and put it to a better use.

The active members who will be initiated Friday are: Alberta Hawthorne, Hortense Switzer, Flora Chess, Eunice Latamore, Gladys Hayden, Pearl Hayerford, Vera Kiech, and Daphne Cobb. Alumni members are Mrs. A. O. Weise, Rebecca Graham, Fern Reeves, Louise Wilkinson, Allene Bixler, Mayme Hart and Helen Latamore. Misses Graham, Hart, Latamore and Reeves made special trips to Albuquerque for the installation.

Alpha Chi Omega was, until two years ago, entirely a musical sorority. It was national in its scope, but required musical qualifications for membership. However, in 1916 it was made a general national sorority. Chapters are located in the leading schools of the United States.

"DOGGIE" JOINS NAVY.

G. Skiles Hoffman, better known as "Doggie," enlisted in the navy and left for El Paso Monday night. Hoffman had applied for a position as athletic director in the Y. M. C. A., and had passed all preliminary examinations, but because he was subject to registration and draft, was turned down. He holds several track records, and has appeared in some big meets.

FACULTY MEMBERS FOR SUMMER TERM

List Contains Several New Names. Some of Old Members Changed to Other Departments

The faculty as announced for the summer quarter contains several new names. The list follows:

Faculty.

A. O. Weese, professor of Biology.
W. L. Ray, professor of Chemistry.
B. B. Bassett, professor of Education.
P. F. Sherwin, professor of English and Rhetoric.
Le Roy B. Greenfield, professor of English Literature.
Benito Frances, professor of French.
Walter Prichard, professor of History and Government.
Miss Byrl Dixon, professor of Home Economics.
L. B. Mitchell, professor of Latin and Greek Literature and Language.
J. B. Rosenbach, professor of Mathematics.
E. S. Seder, professor of Music.

J. S. Landers, professor of Psychology.
Raymond Huff, professor of Spanish.
Professor Bassett is a graduate of Highland Park College, Des Moines, Iowa, and has an M. A. degree and Ph. D. from Iowa State College. He has taught several years in public schools in Iowa. His specialty is Education.

Professor Landers is a graduate of the University of Colorado, and comes highly recommended. He has taught in Oregon, in the summer schools of the Western Institute and the Oregon agricultural school. For a number of years he was superintendent of schools at Salles, Oregon.

Professor Greenfield was professor of English Literature for several years at Iowa State College of Agriculture. He offers some specially good courses.

Miss Corning will give practical work in nursing, diet and sick room care, in order to relieve the demand for trained nurses.

ATTENDS CLASS REUNION.

President Boyd will leave this week for a visit in the east to attend a class reunion at his alma mater, Worcester University, O. It is the fortieth anniversary of the graduation of a class of thirty-one, of whom twenty-one are still living, and nine others of the class who did not entirely complete the course, are yet in action. Among the other exercises will be the fiftieth anniversary of the erection of the institution's first building, and Dr. Boyd is to give the address on this occasion.

WEDNESDAY, JUNE 5, 1918.

IS THIS EFFICIENCY?

Beginning last Saturday, June 1, street car patrons in the city of Albuquerque are obliged to pay six cents for a ride. The City Electric Company was given authority to raise the fares by the City Commission, after the city manager had gone over the books of the company and ascertained that the increase was necessary to meet the steadily increasing cost of labor and materials.

The employees of the car company, it is understood, are to be given a ten per cent increase in wages. This will leave ten per cent to cover the increase in the prices of materials, of which few will be needed in the near future, as no extensions are being made. As to the cost of electric current, no one seems to be inclined to make any statement. President Rosington, when asked if the company had to pay more for electricity, said simply, "Everything has increased in price." It is very probable that the company has a contract for a long term of years, and that the price of electric current has not increased for them. Certainly they would not hesitate to tell it if there had been much of an increase. The twenty per cent increase in fares, then, should fully cover the increase in the prices of labor and materials.

No one expects that the City Electric shall run their business at a loss, as was demonstrated when the petitions asking for the right to increase charges were circulated in record breaking time, and of the thousand signers obtained, only some nineteen persons when approached refused to affix their signatures. The public appreciates the service being rendered by the company, and is willing to pay for it.

But there is another way by which they could get a twenty per cent increase, and that is by saving it. How?

We understand that in the day time there are ten cars being operated: four on the Old Town—South Edith line; three on the Saw Mill—Barelas, and three on the University. And two of the three on the University line are practically useless, only duplicating the Old Town—South Edith car from the Edith junction to Sixth street. Perhaps once in twenty-five trips both of these cars are filled. And yet, all day long one of these cars trails the other from Edith to Sixth street and back again, making the long detour around the Central avenue crossing, when neither has half a load. Two cars wearing out themselves and the track, two motormen drawing their salaries, two volumes of electricity are being used—all when one would do just as well, except, of course, during special occasions, when extra accommodations are provided.

The City Electric may have good reasons for this duplication of service, but the majority of persons fail to see them. Under any circumstances it is a waste, a twenty per cent waste, for if those two useless cars were taken off, it would save twenty per cent—just what the fare increase is.

That is the question which no one seems to be able to answer: why those two extra cars are run while six cents is required of every patron to keep them running. Why not cut off both the twenty per cent waste and the twenty per cent raise? The City Electric would be just as well off, and the public better. Why not?

ATHLETIC DIRECTOR FROM OHIO ARRIVES.

Former Assistant Director at Ohio Wesleyan and Later Ohio State, Will Have Complete Charge of U. N. M. Athletics and Gym Work.

Harry E. Caldwell, of Barberton, Ohio, arrived Monday night to assume charge of the University's athletic and gymnasium departments. This summer Mr. Caldwell will specialize on gymnasium work, tennis, and swimming. At the same time he will be laying plans for fall, winter and spring athletics.

The new director will have complete charge of all athletic and gymnasium work the year round. His attention in the fall will be devoted especially to football.

His experience covers the field of military training, in which he has been an instructor. Should the man provided by the government fail to arrive promptly next fall, Mr. Caldwell will be given charge of the military drill until the regular instructor arrives.

Mr. Caldwell for two years was assistant physical director at Ohio Wesleyan. He was elected to membership in Gamma Phi, an athletic fraternity. In 1916-17 he was assistant physical director and coach at Ohio State University. Last year Mr. Caldwell was head coach of the Barberton high school in Ohio. He is a graduate of Ohio State.

Mr. Caldwell's wife came to New Mexico with him. They have not located yet, but are still at the hotel.

\$200 WAR SAVING STAMPS SOLD.

As a result of the War Saving Stamp drive which was put on at the University Friday, there was sold \$193.75 worth of stamps. The drive was organized by Professor Bonnet, and he was also the largest individual subscriber. Some rivalry was started between the boys and girls, and in this feature of the drive the girls had somewhat the best of it, owing to the efforts of Miss Dadey. Many students started \$1.00 cards and others \$5.00 cards. It is hoped that this thrifty and patriotic beginning will be added to each month, and the students will thus help themselves and their country. Stamps may be secured at any time from either Miss Louise Dadey or Mr. Gould. Both are on the hill all day.

SOCIETY

Two high school dances last week served to break the monotony of Varsity society. One was given at Colombo Wednesday night, after the play given by the High School Chorus, and the other at the Women's Club Friday night after the graduation exercises. About six University couples were present at each of the dances.

Jimmie Chess left Monday night for Ft. Defiance, N. M., to work under the Bureau of Animal Industry.

Herbert Shelton, a last year's student, was a visitor on the hill last week, on his way from Kansas to his home in Alamogordo. Shelton has enlisted in the army, and will report at El Paso shortly. He recently returned from a surveying trip into Mexico.

William Wroth, a former student of the University, is in the city visiting his parents, Dr. and Mrs. Wroth.

Clair A. Fetzer, who has been in the employ of the University as an engineer, enlisted in the ordnance corps of the army and left for El Paso Saturday night.

Jay Smith, who played one of the leading parts in "Up in the Air," enlisted in the navy as a second-class seaman, and left for El Paso Sunday night.

Frances Bear, Edith Boellner and Tommy Buckley entertained the Misses Bradley, Peck and Armstrong between trains Saturday night. The girls were on their way to Roswell from the school which they have been attending in Virginia.

Thelma Reagan spent the week end as Pearl Hayerford's guest at the latter's home in Belen.

Beta Delta chapter of Pi Kappa Alpha received an invitation to the wedding of Gwendolyn Grace Sheets to Howard R. Fullerton, to take place at Weston, West Virginia, Tuesday, June 11. Both are former University students, Fullerton being a member of the class of 1917. He is now an

engineer in the U. S. Public Health Service, with headquarters at Florence, Alabama.

"Punk" Phillips has enlisted in the navy.

PROFESSOR WORCESTER ENTERS ARMY.

Prof. Dean A. Worcester, head of the psychology department of the University, received orders Friday to report for service in the psychological department of the sanitary corps of the army at Fort Oglethorpe, Ga.

Prof. Worcester will soon be commissioned in that branch of service. He has tendered his resignation to the University to become a member of Uncle Sam's fighting forces. Wednesday he resigned as secretary of the New Mexico Geographic society and as chairman of the interstate character research committee. Before coming to the University here Prof. Worcester was employed in government educational service in the Philippine islands.

He left Monday for Boulder, Colo., where Mrs. Worcester will live during his absence. He will report for duty within a week.

The branch of service which Prof. Worcester is entering is new to the army. The latest and advanced mental tests are given all recruits by this department.
