NUMBER TWO

LOBOS IN FIRST TEST TO-MORROW

Varsity Will Play Indians, A Real Test

INDIAN OPPONENTS WILL PROVE STRONG MATCH IS PREDICTION

Dutton May Make First Appearance in Football Togs

Varsity football interest today is centered in the game with the Indians which takes place tomorrow afternoon on Varsity field. The Indian game is no longer considered merely a practise game, but is now regarded as a real test of the calibre of the Lobo lineup. In fact, Coach Johnson is not at all optimistic in regard to the outcome of the game, for the Indians will start against the Lobos tomorrow a much stronger team than they have ever placed in the field. With last year's lineup practically intact, and with the advantage of several weeks more of practise than the Lobos have had, the Indians have a better chance than they have ever had to score a victory over the Varsity.

Practise has been going ahead full speed all week in preparation for the game, and the Lobo lineup con-

NEW STUDENT COUNCIL HOLDS SHORT MEETING

Plans Made for Entertaining D. U.

The first meeting of the new elected Student Council was held Wednesday afternoon, in order to settle a few pressing matters. While no formal organization was attempted, arrangements were made for the first regular meeting which will be held next Tuesday.

The first thing in the order of business was the official confirmation of the election of Fred Wagner as editor-in-chief of the U. N. M. Weekly for the coming year. Owing to the fact that Joe Bursey who was chosen editor last spring on account of ill-health, Wagner naturally assumed the place as ranking member of the 1921-1922 staff.

There was also some discussion relative to the entertainment of the Denver University team which will arrive here next week. While definite plans can not yet be made, it is now planned to have a banquet for the teams and later an All-University dance in their honor. Definite arrangements will be completed at the meeting Tuesday.

ADMISSION CARDS FOR '22 GIVEN TO STUDENTS

The Student's Admission Cards for the year 1922-1923 have been issued to the undergraduates here at the University. This year they are small pasteboard cards numbered for twenty-five performances in place of the small booklets which were given out last season. They are issued to all students by the numbers corresponding to the Assembly seat number assigned each registrant at the beginning of school. This enables those in charge of athletics to keep closer tab on the tickets thus given out and as no University student will be admitted this year solely on his or her say so—the tickets will have to be presented by their owner at the gate in order to secure entrance. Therefore it will be wise for all students who have not already secured these cards to see Manager Bruce Hangar as soon as possible.

FIRST FOOTBALL FATALITY

Fremont, Ohio.—Ohio's first football fatality of the season was recorded here last night in the death of Albert Swander, seventeen, member of the Clyde, Ohio, junior high school team, who was injured in a game with Fremont High School Saturday.

Varsity Yell Leader TO BE CHOSEN FRIDAY

TWO STUDENT OFFICES TO BE FILLED

Many Matters to Be Decided in the First Student Assembly of the Year

The weekly Assembly this Friday will be absolutely in the hands of the student body for the completion of all business which has arisen relating to the Associated Students of the University. The two previous meetings have been occupied with matters arising during the opening of school and accordingly this will be the first real student body meeting of the year.

One of the matters of prime importance which is to come up for settlement is the selection of a new Varsity yell leader. As U. N. M. is this year facing one of the hardest football schedules in years, the team will need every bit of encouragement that can possibly be given them and a first class yell leader will help considerably to aid them vocally. As usual the choice will be made by the Student Body after the various can-

CLASS ORGANIZATIONS COMPLETED THIS WEEK

Freshmen, Sophomores and Juniors All Choose Class Officers for Coming Year

Class elections were generally in order the past week. The Seniors held their meeting early and were followed by the Freshmen. The first year meeting was called Thursday noon at 12:30 by Ed Horgan, President of the Student Council. Though not all of the members of the class were present, the attendance was good considering the unhandy time, and those who came pushed through the business to be transacted as soon as possible. Phillip Miller was elected president of the class and took charge of the meeting. Apparently he is very capable and well fitted to direct the Freshmen. Nominations and balloting for the other officers were then held and the rest of the ticket was chosen with very little excitement except in the selection of the Secretary, where Miss Margaret Smithers was elected by a majority of only one vote over Miss Josephine Milner. John Howard, a man from the Pecos valley, was elected vice-president and Joseph Benjamin of Albuquerque was made treasurer. As the Freshmen are not allowed to elect a representative to the Student Council during the first semester, they will have a better opportunity of seeking out the man for the place. Further organization, the appointing of committees, and other matters were necessarily put off until a later date on account of the brevity of time.

Thursday the Juniors and Sophomores class both held meeting to elect officers. In the Junior class, Dale Snyder was elected president, Mary Wood was chosen vice-president, Clarissa Parsons, secretary-treasurer, and Elmer Bryan was made representative to the Student Council. The Sophomores chose Willis Morgan as president, Norma Williams vice-president, Isabelle Porter, secretary-treasurer, and George Owens as Student Council member. The elections were more or less rushed through in order to get them out of the way, because there is a regulation of the Student Council that each of the classes shall complete their organization within at least two weeks after the beginning of the school year. This year it was especially necessary to elect the new members to the Student Council in order to assemble that body and settle some pressing matters of business. Each of the classes still has some further business to do in the line of appointment of committees, etc., but the most important part of the organization is complete.

N. M. M. I. TEAM DEFEATED BY SIMMONS ELEVEN

Playing the first game of the season here Saturday, Sept. 23, the New Mexico Military Institute football team went down in defeat before the Simmons College eleven by the score of 19 to 0.

The game was fast throughout and remarkably well played for so early in the season. In the first quarter, the play was swift, but no scores were made on either side. In the second quarter, Simmons scored a touchdown and a goal, while they repeated in the next frame with two more touchdowns, making the score 19 to 0. That ended all scoring for the game though the Institute fought desperately to push over a score in the last quarter. Simmons displayed a well organized and well drilled combination, while the Institute showed good form considering the short time that they had been practicing, and the amount of new material.

The game has considerable interest for U. N. M. students both because we have often met the Institute in athletic contests and because Simmons College is to be one of our opponents later in the season. A game with them is scheduled for November 11, Armistice Day, here in Albuquerque, and this is the first and probably the best information we will have to judge our opponents by until the game.

Next Sunday, October the 1st, is Bid Day, by the rules of the local Pan-Hellenic. Miss Mosher will then give the bids to the girls, after which the girls will go to the house or rooms of the sorority whose bid they have accepted.

Top row: Harrington, Moran, Hernandez, L. Miller, Benjamin, Hernandez, W., Hill, Stinnet, Lovett, Coach Johnston, Greenleaf, Jones, Cart. right.
Second row: Popejoy, T., Cantelou, Hopkins, Ferguson, Greuter, Regan, Pearce, Danielson, Capt. Popejoy, Russell.
Bottom row: Pate, Boan, Pollock, Grenko, Kelly, Brown, C., Hammond, Dolde, Scarborough, Howell, Aitkenhead.

fronting the Indians tomorrow, while necessarily composed largely of new men, will be one able to give a creditable account of itself. The Lobo line will be materially strengthened by the addition of Dutton, 240 pound center from Louisiana State University, who registered at the University Tuesday. Dutton has played at guard and center with Louisiana State and with his weight and experience, should prove a valuable addition to the Varsity squad. Greenleaf, last year's captain and All Southwestern guard, has recovered from the injury received to his knee, and will be able to take his place in the lineup. Captain John Popejoy will be unable to play in the Indian game, and will probably be out of the game for two or three weeks, because of a sprained knee received in scrimmage several days ago. Hopkins, two hundred pound tackle, who has been unable to practise for four or five days because of an infected finger, will probably get in tomorrow's game.

The lineup to start tomorrow's game has not been announced, but should the game prove an easier one than is expected, it is probable that all candidates who have been showing up well in practise will get a chance to display their ability under fire.

Last Wednesday the Varsity had a light scrimmage with the local High School's gridiron artists. The football consisted of straight line plays and forward passes, there being no kick off or punting.

The lads in green showed the advantage of an extra week of practise and their team work was much smoother than the Cherry and Silver

PRESIDENT HILL LEAVES ON A SHORT TRIP

Will Visit Many Towns in the Pecos Valley

President Hill, of the University, is leaving the city for a short time, on a trip to the eastern part of the state. Thursday evening he left for Portales where he will participate in the dedication of the new Portales high school. While on the east side, Pres. Hill will also visit Clovis, where he will address the high school students of that city, and that night will also speak to the teachers. He also intends to complete the circuit of his trip by stopping at Roswell and Carlsbad before returning to Albuquerque.

eleven, though they could not make much headway against the heavier team except when second and third string men occupied most of the places on the Varsity team.

The practice gave a good idea of the ability of several of the Lobo men who had not before this time been seen in actual action. Harrington showed his speed and got away for some nice open field runs. Popejoy and Jones played their usual game, while Regan a new man in the red jersey showed up well. Glomi and Long stood out among the high school players as exceptional players.

Several of the regular line up were out of the game. Captain John Popejoy was unable to play because of a sprained knee, while Hopkins was warming the grandstands because of an infected finger.

GRADUATING CLASS CHOOSES WALTER BERGER AS HEAD

Robert Cartwright Is Student Council Representative

Walter Berger took the chair as president of the graduating class after the count of votes showed that he had won by a narrow margin over his only opponent, Vernon Wilfley. The meeting was well attended, being attended by practically the entire membership of the class. Clarence Huffine who headed the class last year took the chair and called the meeting to order, he then asked for nominations for president. Mr. Ward nominated Mr. Wilfley and Mr. Bryan nominated Mr. Berger after a short nominating speech. Nominations were closed and a ballot taken. Mr. Berger receiving two more votes than Mr. Wilfley. One vote for Mr. Wilfley was thrown out because it was not signed. Mr. Huffine then declared Mr. Berger elected and turned the meeting over to the newly elected president.

Mr. Berger called for nominations for vice-president and Miss Lorena Burton's name was placed in nomination, as there were no other names proposed, nominations were closed and a unanimous vote was cast for Miss Burton.

Mrs. Mary Popejoy was elected unanimously to the office of secretary treasurer, and Mr. Robert Cartwright was elected in the same manner as representative on the Student Council.

didates have shown their wares before the Assembly.

There are also several details to be completed with regard to the organization of the Associated Students. There are two vacancies to be filled by popular election. The position of Secretary-Treasurer is to be filled owing to the fact that Miss Hazel Morris who was elected last spring did not return to school. One member of the Athletic Council is also to be chosen. Section 5, Article II of the Constitution of the Associated Students states:

"The election of all student officers of the Associated Students shall be by ballot. Nominations for the officers shall be posted on the principal bulletin board of the University one week before the election in the form of a petition signed by ten students of the University." Following the requirements of this article, there were two names posted for the Athletic Council and one for Secretary-Treasurer. Esther Morgan was nominated for the latter office while John Popejoy and Lawrence Dow will oppose each other for the other.

Saturday afternoon, Mrs. McLandress will entertain the activities of Alpha Gamma of Alpha Chi Omega, their rushees, and invited guests at a tea dansant. The affair will be given at the Country Club from four to six.

Alpha Gamma of Alpha Chi Omega will be at home Sunday afternoon, October the 1st, at 121 North Vassar Avenue, from four to six, when they will formally announce their new pledges.

FRIDAY, SEPTEMBER 20, 1922

SUBSCRIBE TO THE WEEKLY

Now, every student in the State University of New Mexico has already subscribed to the U. N. M. Weekly—you did it when you registered and had no choice whatsoever in the matter. It is part of that mysterious fund known as Student Activities which each semester demands five dollars from every student's pocket or bank-account. So, Mr. Student, this suggestion is not addressed to you—not directly, or at least not for your personal benefit.

However, have you ever stopped to consider that the folks at home are perhaps a little interested in what is going on down here at the University—we hope that they are. Of course, you probably write them once a week, but those letters are usually brief and to the point—"When do you get my allowance?"—and so school affairs receive but little mention in them. So why not let the folks at home know that you think about them once in a while and send them the Weekly. There is probably more real news in it for them than there is for you. The subscription price for the whole school year is only one dollar. See Manager Reeve, give him the address and the money, and the paper will be sent home without any trouble or worry on your part.

There is another thing. There are very likely some young folks at home who may be going off to school soon—say in the next year or so. Let them know a little of what there is doing up here and they would be more likely to come here to school.

SUBSCRIBE TO THE WEEKLY

THE PASSING OF SCHOOL SPIRIT

Have you ever heard a term or expression so often, so repeatedly that it lost all meaning, all interest? And every time you heard it you would groan and say "they're talking about that again?" And have you ever stopped to wonder what it really meant—just to find that it had no real, live, vital significance?

That expression is "school spirit." So long and so frequently has it been used that it has been worn threadbare. High school students use it glibly and wisely—orators hang on it, and emphasize it as the main thing in school life. And yet, when you take the trouble to question any one as to what they mean by it, they stare at you queerly as if you were disturbing a sacred institution and mumble something about "patriotism" and "love for the school." The term has simply lost all vitality in being thoughtlessly bandied from mouth to mouth.

So we have tried to find some term to take its place—one that means what "school spirit" means, and is posed to signify. Leave "school spirit" to the high school students and the orators and let them babble on. But in seeking for some term that will express the real love and enthusiasm and the do-or-die spirit which is the sign of a real U. N. M. man and woman, we have found the slogan, "U. N. M." Doesn't it hold more vitality, more strength, than the old "school spirit?" Then let's use it and make it a real U. N. M. institution.

THE VARSITY YELL LEADER

A call has been issued to the Student Body for candidates for this year's cheer leader. In the past, the same call has gone out year after year—one or two, possibly half a dozen men appeared more or less half-heartedly—and one was finally chosen. We would practice a few yells or songs, once or twice, and then forget them, until a game came along, and then the exhibition of yelling was a crime. It wasn't half-

way the fault of the yell leader—all the pep and enthusiasm and courage would ooze out of anyone at the sound of the dreary response to his efforts.

So Friday, when we set out to choose a cheer leader for U. N. M. this year—just stop to think a little before you make a choice and then select a man with whom you can and will yell for the Team and the School. They say that a cheer leader alone can make a bunch howl, but such a person is a very rare article, and a little real pep on the part of the students would assure it. Think of the team—they like it—and a rousing yell in a tight moment may very likely give them the push to put it through. And every yell that U. N. M. gives takes just that much spirit out of the other team—at least it isn't the most encouraging thing in the world. So pick your man, and then work with him and yell with him and get a real cheering section at U. N. M. Let's go, Varsity.

TYPHOID INOCULATION AT U. N. M.

Owing to the fact that a large number of cases of typhoid fever have been recently reported in the city, the University authorities made arrangements so that students desiring inoculation against typhoid could be treated at the expense of the University. Last Thursday afternoon, classes were dismissed for a short time so that all students who so wished could be inoculated. Dr. P. G. Cornish, Jr. gave the "shots" to the boys at the Chemistry building and Dr. D. C. Dodds, assisted by Miss McCormick, gave the treatment to the girls at the Women's Gym.

CALKINS IN NEW YORK

"Deacon" Tommy Calkins, '22, who recently left for New York City where he will attend Columbia University this winter, wrote back a day or two ago to one of the fellows here at U. N. M. in the course of his letter he expressed the wish that he were back here again and said: "New York is a wonderful place—to stay away from, according to my regular way of thinking. I suppose that it is a good place to be if you happen to have a lot of jack, but not having a lot of jack, I couldn't for the joint from that point of view."

It is exceedingly interesting to note how people love to pride themselves so high in the air that they haven't room to travel around on the surface of the earth, they proceed to burrow in the ground. What wonderful animal man is."

"I have heard that New York is a wonderful place to get local color. Maybe so, but it appears to me that people don't stay round one place long enough to get even local. Just nondescript and monotonous."

"Ye Jerusalem is a wonderful country."

"Here's luck to the old Varsity for the year Nineteen Hundred and Twenty-two. Wish I could mangle and be mangled in football again this year for the old lady. May your motto be 'Arizona Broken and Bloody!'"

P. S. Little party at the Village last evening. Got chased home by the Purple Cow. Maybe it was an Irish Bull.

REGISTRATION STARTS AT T. U.

Saturday, September 23, the University of Texas opened with a large increase over last year's enrollment of about 4,300. Although there will probably be over 4,500 students this year, it is doubtful whether the five thousand mark—the goal for which the University was working will be reached.

Football practice for an exceptionally hard year's schedule has begun and the team is being whipped into shape for the first game of the season next Friday with Austin College. Though handicapped by the loss of many of their men, Texas University has a great potential asset in their new coach, Milton Romney, of the University of Chicago, who in his first year's coaching will take charge of the candidates for backfield positions. Romney, who was last season the quarterback back on the team of Chicago's team, will be remembered chiefly for his work in beating Princeton, 9 to 0, in the big intercollegiate game. He is also a basketball star and will coach the U. T. basketball squad later in the winter.

SOMETHING WORTH REMEMBERING

No one has any more right to go around unhappy than he has to go about ill-bred. He owes it to himself, to his friends, to society, and to the community in general, to live up to his best spiritual possibilities, not only now and then, once or twice a year, or once in a season, but every day and every hour.

—Lillian Whiting.

WEEKLY ASSEMBLY FITTINGLY COMMEMORATES SIGNING OF CONSTITUTION

Mr. Tausek, of the Morning Journal, Addresses the Student Body

The Friday Assembly of September twenty-second was fittingly opened by the beautiful piano selections given by Miss Norma Williams. The artistic rendition of the numbers certainly proved Miss Williams a piano soloist of no mean ability. The student body, was then favored with a vocal solo pleasingly interpreted by Miss Carol Wilson.

Various announcements regarding the different phases of our school activity were then made by members of the faculty, business men of the city, and the students. In turn, followed by the address of the day.

The University was quite fortunate in securing Mr. Tausek, editor of the Albuquerque Morning Journal, to deliver the address on this particular occasion. The assembly was called for the primary purpose of celebrating the one hundred and thirty-fifth anniversary of the adoption of the Constitution of the United States; and Mr. Tausek proved to the satisfaction of all that no one could have been better fitted than he to commemorate that glorious event.

He eloquently pictured the scenes surrounding the signing and adoption of the Constitution, and again impressed upon our minds the necessity of better acquaintance with its fundamental laws and principles.

To accomplish this, he recommended that everybody should again give careful study to the Constitution and its Amendments. In the course of his talk Mr. Tausek said: "It is the more remarkable when we consider that the Constitution was completed in less than one hundred and thirty-five years, and most of them scarcely yet in their prime—at a time when unity and common interests were a thing almost unknown."

THE PRICELESS INGREDIENT

In the city of Bagdad lived Hakeem, the Wise One, and many people went to him for counsel, which he gave freely to all, asking nothing in return.

There came to him a young man who had spent much and got little, and said: "Tell me, Wise One, what shall I do to receive the most of that which is returned?"

Hakeem answered, "A thing that is bought or sold has no value unless it contains that which cannot be bought or sold. Look for the Priceless Ingredient."

"But, what is the Priceless Ingredient?" asked the young man.

Spoke then the Wise One, "My son, the Priceless Ingredient of every product in the marketplace is the Honor and Integrity of him who makes it. Consider the name before you buy."—Selected.

DID YOU HEAR?

That shocking statement—that a certain girl was like a third rail—dangerous to touch? Well, I told (red) Mr. Bell? Of the young man who held a plump girl on his lap—it was a matter of his sighs and her size? Who saw the mountain peak? That if you have a kick coming, there's a rain?

FILMS OF BIRD REFUGES SHOWN

By invitation of Pres. David S. Hill and Dr. John D. Clark, the films of the Federal Bird Refuges were shown in the Chemistry Building last Friday night by Mr. Cook of the Albuquerque branch of the U. S. Biological Survey. These films had been shown to the sportsmen of Albuquerque and proved of so much interest that members of the University were very fortunate in being able to have them shown on the Campus.

Federal Bird Refuges were established after a treaty was signed between Canada and the United States, whereby both countries agreed to give certain protection to migratory birds which should be in either country.

One film showed the islands on the Gulf of Mexico and the nesting of millions of migratory birds there. Birds which had been all but exterminated were found there in increasing numbers. The second film, entitled "Anne's Agrette" gave the story of the tragedy of bird life brought about by the sale of plumes for ornament. The agrette is worn by the agrette heron only during nesting season and for each agrette obtained, four or five fledglings starved to death as the mother is shot to obtain the plume.

These films were produced so that the people of the nation may appreciate the economic value of any bird life—much of which was on the way to complete extinction before our treaty was made with Canada—and so that they may know of the interesting work of law enforcement under that treaty.

GEO. MARTIN PRESIDENT OF LOWELL LITERARY SOCIETY

Other Officers to Be Elected Within Week

A small group of the old faithful members of the Lowell Literary Society met Monday, September 25th, at 12:30 in room 26 of the Administration building and started the work of the Society for 1922-23. Fred T. Wagner, the retiring president, took the chair and called for nominations for the office of president. After much discussion on qualifications of different men and the probability of their having time enough to devote to the job, George Martin, who was very active in the reorganization of the Society last year was unanimously elected to head the organization this year. The meeting was then adjourned because of the lack of time for further business.

That Mr. Martin is well qualified to handle the affairs of the organization, all present agreed, because not only of the fact that he had once before been active in the work of the Lowell Lit., but because of the fact that he had shown himself a student affairs worker of no mean ability in other lines of activity. "A meeting of the Society," Mr. Martin stated to a Weekly reporter, "will be held within the next week to elect the rest of the officers, especially important being the election of a secretary as the secretary has charge of the debating schedule and letters have already been received asking for debates."

Three debates were held last year, the schools debated being the University of Southern California, the University of Arizona, and the local Aggie College. Prospects for debates are very good and a full schedule can be arranged without trouble.

CALIFORNIA STUDENTS GIVE BENEFIT DANCE

Not very long ago, the Faculty and students of the College of Mining at California would have been glad to see the Miners' Ball to celebrate the opening of the school. Arrangements had all been completed when word was received of the extreme need of many of the sufferers of the recent earthquake disaster at Jackson, California. Many of the families were destitute with the father dead and all were suffering. So the Faculty and Students of the College of Mining voted to make the Ball a benefit affair for the victims' families. The dance was a huge success and all of the proceeds were sent to Jackson to be distributed among the sufferers by the Red Cross. This goes to show that college students are not always so entirely centered on pleasure as they are supposed to be.

RADIO INSPECTOR TO BE HERE SOON

Advice from New Orleans indicates that Theodore G. Deller, Radio Inspector for the Federal Bureau of Investigation, will be here sometime in the early part of October. While here he will conduct examinations for Radio Licenses and it is expected that the station will take advantage of this opportunity to secure licenses higher than second class amateur.

PITFALL AND GIN

Remember, Last Week I told you how those fraternity fellows rushed me around last week and how they pledged me and how the others wouldn't speak? Well, it's got new. So that they say hello When we pass, And I guess maybe someday We'll be friends again, And say— My fellows are rushing me Around as much as ever, But I don't let them now. I got all sorts of jobs— But say— They're darn good fellows After all.

ALGEBRA TO DATE

B and P equals Contentment. R and C equals Thrills. (R and C) and (B and P) equals Boredom. (R and C) and (P and B) equals Tragedy.

dances?—Why does one girl get all the rides, all of the grades without working? Why can't Nature divide things up a little?

Katherine:—"There are only twenty-six Freshmen in school, this year."

Biff:—"Oh, there surely must be more than that—I know that I've seen more than that around here."

Katherine:—"I thought so too but they told us at our first class meeting that we were the Class of '26."

"Miss Mosher, is there any sure way of telling whether this is a mushroom or a toadstool?"

"Yes. Eat it, and if you live it's a mushroom, if you die it's a toadstool."

History 51. Resolved: That Molly Culppeper sets her watch ahead during class.

Affirmative, Dr. Coan.

Negative, Molly Culppeper.

"It's truly strange that some folks should so low esteem what for others would bring life and raise to the epitome of joy and greatest happiness. But so it goes, that jewels which to one may glitter with the purest ray of any gem to another be but dross and a piece of worthless glass."

"H'm—Standing Room Only, we venture. . ."

"Mrs. Tiernan Bares All in Court."

Quote—Evening Herald, Sept. 26.

WANTED

An unfailing recipe for romance, adventure, or excitement. Address Mademoiselle X, Box 14, U. N. M. (Our Want-Ads bring results. Watch for the recipe. Useful to everyone.)

Especially at the Dorms.

Pitfall and Gin would suggest that someone page Nina McCannott.

Into the midst of the campus she came,

Into the wilds same she—

And the whispering leaves as she

Murmured softly to the sky,

Rush, Rush, Rush.

So on into register she passed,

Into Roy passed she as in she went

Crowded round with dire intent,

Rush, Rush, Rush.

So for a time the maiden stayed,

Yes for a time stayed she—

But her college life paled all too soon

Hearing that consistent tune,

Rush, Rush, Rush.

Then one night from it all she fled,

Far from the dorm fled she—

Away where cool convent walls con-

Relief from that dread refrain,

Rush, Rush, Rush.

Some for the glories of this world;

And some

Sigh for the Prophet's Paradise to come;

Ah, take the cash, and let the credit go,

Nor heed the rumble of the distant dun.

Omar Khayyam.

Though two birds in the bush abide;

The outside world is very wide,

Hold fast the bird that's in your hand

And from the others turn aside.

Moral

So little Freshie at the Dorm

It is that she'll be very wise,

It to that foolish Soph you stick

And your love for that Senior dis-

SOCIETY

Beta Gamma of Kappa Kappa Gamma has issued invitations to the Autumn Tea Dance at the Masonic Temple, Friday afternoon, Sept. 29, from four to six.

ALPHA DELTA PI GIVES THE DANCANT

Saturday afternoon, Alpha Nu of Alpha Delta Pi entertained their rushees and invited guests at the dancant, the second of a series of rush affairs given by the four sororities on the Hill. The tea, which was chaperoned by Dean Mosher, was held at the Woman's Club from four to six o'clock. The hall was beautifully decorated with a mass of vari-colored streamers, interwoven and twisted so as to completely hide the ceiling, and then draped down on the sides of the wall. The music and the floor were excellent and the afternoon passed all too soon. Refreshment of ice cream, cakes, and mints in the Alpha Delta Pi colors of blue and white were served late in the afternoon and beautiful corsage bouquets of roses were presented as favors to the rushees and patronesses.

Those present at the dancant were: Pres. and Mrs. Hill, Mr. and Mrs. Hughes, Mr. and Mrs. Faw, Prof. and Mrs. Ellis, Prof. and Mrs. Carey, and Mrs. R. W. D. Bryan, Mrs. Helen Scuggs, Misses Helen Kimball, Miriam Harrold, Ruth Cook, Fay Strong, Florence Blair, Grace Collier, Sally Bowman, Nila Wingfield, Esther Morgan, Ruth Morgan, Fredah Mitchell, Mary Wood, Isabelle Porter, Maud Rordam, Margaret Easterday, Mary Popejoy, Eleanor Cameron, Jessie Venable, Bobbie Jahn, Irene Wicklund and Messrs. John Scuggs, Earl Gerhardt, John Venable, Willis Morgan, Elmer Bryan, Frank Reeves, Joseph Eldott, Monroe McKinley, Willard Stoffer, George Bryan, Bill Hale, Ellsworth Duke, Roy Gilbert, Vance Scoopmire, Lawrence Dow, Walter Bowman, John Popejoy, Fred Feasel, John Popejoy, Merton Lewis, Dr. Coan, Harold Wood, Pat Pugh, Tom Popejoy, Fred Wagner.

After the dancant the eight girls who form the active chapter went to the home of Margaret Easterday where they were the guests at a delicious supper. The girls also remained there all night for a slumber party—the greatest of all treats—and in the morning were served a delicious breakfast, truly making it an all-day, all-night affair.

Mrs. John C. Jamison, Province President of Alpha Chi Omega, has been visiting and inspecting Alpha Gamma chapter during the past week. Her daughter, Virginia, accompanied her on the trip.

While here, Mrs. Jamison was the guest of honor at several social affairs. Last Thursday evening the Alumnae of Alpha Gamma entertained the president and her daughter at a dinner party at the Alvarado Hotel. Miss Carol Wilson also gave a luncheon in honor of Mrs. Jamison at her home on the Heights. The actives of Alpha Chi Omega were the guests.

The Y. W. C. A. will give a tea in honor of the new girls, on Tuesday, October 3rd, in the Reception rooms.

PHI MU RUSH DINNER

The first of the University sorority "rush" parties was held last Friday afternoon when Phi Mu entertained at a dinner at Tamarisk Inn. The sorority girls and their guests gathered at the chapter house and motored together to the Inn where an elaborate dinner was served.

A banquet table was decked with fern-banked bowls of rose gladioli and was lighted by rose candles with lavender tulle bows. The place cards were artistically printed in lavender and pink. Balloons of every color hung from the ceiling over the table. Between courses songs and readings were given. Corsage bouquets and lace and silk dorian bags were given as favors to the rushees.

The guests were: Misses Josephine Milner, Helen Hemlin, Elizabeth Cooper, Margaret Smithers, Dorothy Gollitz, Saverne Dixon, Fay Strong, Nila Wingfield, Nina McCannant, Katherine Owens, Elzeda Crumley and Dr. Edna Mosher. The Phi Mus present were: Mrs. Frank C. W. Pooler, Mrs. Antonio Otero, Mrs. Benjamin Kennedy of Minneapolis, Misses Erna Fergusson, Angelica Howden, Katherine Angle, Wenonah Dixon, Newell Dixon, Nelle Hess, Margaret Gusdorf, Marcella Matson, Ruth Heflin, Dorothy Wagner, Bertha Lee Payne, Margaret Brooks, Clarissa Parsons, and Geraldine Tully.

After the dinner the active and alumnae chapter held initiation at the Phi Mu House for Miss Marcella Matson.

GOIN' SOME

"Rastus," cooed the dusky bride, "does yuh lub me bettr'n any gal what yuh's ever knowed?"

"Honey," replied the groom, rolling his eyes and licking his lips as he thought of them, "ah lubs yuh even bettr'n I lubs wattarmellen or 'possum and sweet 'taters."

LOCALS

Miss Leila Waring, who had enrolled in the University of New Mexico, left Sunday Morning with her mother for Boulder, Colorado, where she will enter the University of Colorado. The change was caused by family matters. Miss Waring was a Kappa Alpha Theta from Fort Collins, where she attended school last year.

Miss Norma Webber registered in school last Wednesday.

Mr. John Sedillo, son of A. A. Sedillo, member of the Board of Regents, left last week for Georgetown University where he will take up some post-graduate work. He formerly was a student at the University here.

The Students' Varsity Shop is in need of many second hand books. Those copies especially needed are Hygiene texts, biology, and history books. Hayes' Political and Social History of Modern Europe, Volume One, is greatly in demand and those of the student body will be able to get rid of these old books by taking them to the Varsity Shop.

FEAR

As often in my class I sit—
Chained in dread detention—
I listen vaguely to the prof—
Forgivable pretention—
For so enwrapped as he is
He'll never guess the fiction.

So often, there, as thus I sit,
My heart well nigh forsakes me—
My brain with fearful terror whirled,
My shaking hands so chilly
Trembling grasp the shining disk
That holds all life before me.

Oh, terror dread, that grips my heart,
No wonder that I fear thee—
I watch my watch with fearful gaze
As hands creep on so slowly,
Great heaven, speed those moments
—lest
They pass into eternity.

YE HARRASSED FROSH

Saturday last, a few straggling and browbeaten Freshmen, by reason of gentle persuasion administered by our Bruce, resolved that it would be highly expedient on their part to repair the Varsity field and to execute such labor upon its surface as had been prescribed by those authorities higher up. It had been deemed necessary to foist upon the shoulders of the already overburdened Freshmen those responsibilities and duties which pertain to the upkeep of the field; and in due respect to the formers' position of seniority the greener members of the tribe acceded to their request. After having thus humbled their splendid pride, and having evinced no strong inclinations to perform bodily labor, they draped themselves around the gridiron in postures that demanded the least possible physical exertion. Due to the administrative and executive powers of Bruce and "Hi," who by the way, represented most perfect bits of local color, these exceptional members of the Freshman class retained said attitude the greater part of the morning. Nevertheless by means of an unprecendented burst of enthusiasm, or possibly by means of authority more rigidly exercised than before, the field was lined and put in readiness for future gridiron clashes. Ye poor Frosh.

One of the first rules of etiquette in Arabia is that the feet must be hidden whenever possible.

CO-ED REFLECTIONS

We wonder how many of these brand new frat pins going around the campus will be in the possession of the weaker sex by spring.

Also, how many new ones will appear in the meantime.

It is rather interesting to contemplate the shapely calves of the upper-classmen in knickers and wonder if the cold blasts of winter will make them revert to such plebian things as trousers.

Speaking of shapely calves we notice some brave co-eds are coming forth a la French in skirts—that is, ankles are coming into their own again. Mystery is more alluring than legs that are bowed and bare knees that frankly knock.

The electric "U" may serve as a beacon light for those homecoming students who sometimes wander in a dazed condition from the effects of the "bootleg special."

We notice that the Campus has assumed the aspect of the great white way with the new lights—evidently the University authorities do not believe that love is blind.

There, little Frosh, don't cry,
The seniors are haughty I know
And blase too

And wise a few—
But they were like you long ago.
You'll be ancient by and by—

There, little Frosh, don't cry.
—Apologies.

A perfect violin but two and five eights inches long is owned in London.
