LARGE BONFIRE ON CAMPUS TUESDAY

Everybody on Hill Takes Part in Liberty Loan Celebration; Result is Shown in Number of Liberty Bonds Bought by Students.

During the Liberty Loan campaign, the Varsity was not slow to demonstrate her patriotism. When it was decided to stir the people of Albuquerque into action on the bond question, by building patriotic bonfires over this section of the country, the Varsity took the lead by building the biggest and fieriest fire of them all. Frank selected the most suitable place for its location, and when darkness fell a big pile of fuel was in readiness for the torch. As soon as it was going good, the students from the dormitories got around it and a program was rendered as well as if a week had been spent in preparation. Several people came up from town, who took as enthusiastic a part as the students.

During the evening the gathering sang all the University songs and patriotic airs. As a result of this patriotic demonstration several bonds have been sold on the hill Mr Sacs, who has been active on the campus in the interest of the liberty loan. It was very successful in raising money to carry on the war against the common enemy of democracy. The Alpha Gammas were the first of the Greek societies to buy bonds. Following their lead, all the other societies came through and swelled the total, demonstrating that the University was not lacking in patriotism. Besides the Greeks, a great number of students have bought bonds, ranging from fifty to two hundred dollars in value. The University has not been slow in sacrificing for our country, furnishing Uncle Sam with several soldiers and not a few officers, besides the subscriptions to the great liberty loan.

MUSICAL TREAT AT VESPERS SUNDAY.

Those who attended Vespers Sunday afternoon enjoyed an excellent musical program. The Vespers are under the supervision of the University Y. M. C. A. and Y. W. C. A., but this one was turned over entirely to Professor Seder. It was entirely musical, with the audience joining in one or two hymns and the Lord's Prayer.

The audience was composed of University students and down town people. While a good crowd was there, the hall could hold a few more. If all the students knew how enjoyable the Vespers are, they could not be kept away. Let a few more come out next Sunday.

On the program were several selections by the chorus, and vocal and violin solos. Miss Switzer sang the solo parts for the chorus. The solo by Miss Estelle Harris was well sung. Miss Harris has a pleasing voice. Miss Grace Stortz played a beautiful violin selection. The program in full follows:

TEAM EAGER FOR SATURDAY'S GAME

Men Are Practicing Hard for Clash With High School; New Plays Introduced, Defense Strengthened; Good Number Reports for Practice Daily.

Anyone who has been out watching football practice recently, has noticed a decided improvement in the number of men out and in the brand of football being served by the U. N. M. athletes. Some sixteen to twenty men have reported for practice every night, giving the first squad a little taste of scrimmage. The coach has had his hands full introducing some new plays, which will mean a profit in yards to the Varsity when the team takes the field of action. Signal practice has been going on without a hitch and the five thumbs on the hands of the back field have slowly been turning into fingers.

When we line up against the High next Saturday, it will be with the strongest lineup the U. can produce, and it ought to demonstrate that the men have developed a little real class to add to their nerve and pluck. The daily grind has been putting the men in excellent condition, and our defensive, which has hitherto been considered very weak, has been strengthened by a new manner of playing the backfield.

Among the new men who are out are Buckley, Peters, Chess and Patton. Buckley and Chess are out for positions at end and promise to give the regulars a run for their money. All will probably be given a chance to play before the season is over. The men on the first lineup, in spite of their size, are developing surprising strength and speed. Mann at right half, is perhaps the fastest man on the field; always good for his share of the yards through the line, and a sure tackler. McClure showed a large bale of goods in the Menaul game, both on defensive and offensive. White is still going strong and will be in the lineup Saturday at left half. Phillips, at quarter, handles the team in a confident manner and is the surest man on the field at catching punts. Boldt, Romero and Greenleaf can be guaranteed to stop anything going through the line, and Chavez will never let anything around his end.

Every man is out to win the game Saturday, and every man who saw the game between the Highs and Menaul can understand that we are undertaking a stiff proposition.

Selections by the Choral Club:
Hosanna Graner
Zanctus Gounod
Unfold, Ye Portals Gounod
The following solos were sung:
Evensong Seder
Miss Hortense Switzer.
Violin Obligato
Miss Grace Stortz.
Peace, I Give Unto You...Gounod
Miss Estelle Harris.
Violin solo, BerceuseGounod
Miss Grace Stortz.
Piano solo, Nocturne C minor. Chopin
E. Stanley Seder.

U. N. M. BOYS IN EVERY BRANCH OF SERVICE

Large Number Sacrificed Everything to Serve Country. Some Are in France, Some in Aviation Corps, National Army and Navy.

A letter was received at the Alpha Delta house recently from Louis Nohl, somewhere in France. Those among us who have attended the U. for the last two years will remember that Louie was some football star, and was selected for the all-southwestern eleven as end.

Louie is now across the briny, and seems to like it first rate. He writes that he and Lee Walker have taken in all the sights in France, from Napoleon's tomb on down. Walker was editor of the Weekly in 1915. Among the interesting things they noticed among the French was the fact that some of the girls (girl is what he said) could speak very good English. Both Nohl and Walker enlisted from here as privates in the field artillery. They were among the first of the United States soldiers to leave this country. Soon after their arrival in France both of the boys were made corporals.

A thing that may come as a distinct surprise to the old students is that Amsden, who enlisted in the French army about eighteen months ago, has been on the front in the thickest of the fighting and has received a medal for bravery.

Howard Morrow has been in France for about four months, having enlisted in the Canadian hospital corps.

Walter Parkhurst was among the last "Sammies" who left for French soil. Parky is in the aviation corps.

Willard Hopewell is still in El Paso. He is a corporal in the cavalry.

Turpening reported, on his return from El Paso, after his enlistment, that Herbert Shelton has enlisted in the engineering corps.

Floyd Lee and Lyman Putney are with the Roswell battery in Long Island, N. Y.

Junior O'Reilly and his brother Frank are in France. Both are in the aviation corps.

Glenn Emmons and Homer Clark are in the second officers' training camp.

Dick Upton is a second lieutenant in the United States infantry.

Pete Senesio is located at Chillicothe, Ohio, where he plays in the military band.

"Shep" recently enlisted in the forestry corps.

Lyman Thackery is in the U. S. naval academy at Annapolis training to be an officer in the naval service.

Adlai Feather, who won the Rhodes scholarship last year, has been in the marines for the last four months.

Dunlap is in the foresters' camp in Washington, D. C., preparing for foreign service.

Earl Gerhardt, of Grotto fame, is in the navy.

Carl Adylotte, Varsity's star half-back, and twice all-southwestern choice, is in the navy.

Bob Wigley is in the officers' training school.

SERIES OF LECTURES BY GEORGE W. JAMES

Talks on New Mexico History to Be Delivered at High School. University Students May Secure Credit.

Under the auspices University of New Mexico, High School, Women's Club, Rotary Club, Club and Chamber of Commerce of Albuquerque, a course of seven lectures on New Mexico will be given by George Wharton James, in the high school auditorium.

University students may secure .5 hour credit by enrolling in this course and later passing an examination to be given by the faculty. Those wishing to take this course should enroll at once with the registrar. A faculty member will be stationed at the door of the auditorium before each lecture, and students taking this course will be responsible for having their attendance on record.

This is a valuable course for any one. Particularly to those who are going to teach, as they should know something of the art, history, and literature of the state. A person has to meet the requirement in New Mexico history and civics to obtain a license to teach in this state. This course will help one to pass this examination. Every one should take the course, as each year we have to send credits to the state department of education for people who had never thought of teaching while they were in college, but something comes up that they can't get back in school for a year, and they teach.

Following is a list of the lectures:

1. New Mexico, the Land of the Delight Makers. Partially illustrated.
2. The Founding of the Franciscan Missions of New Mexico, with Readings from the Literature of the Padres.
3. Acoma, the City of the Cliffs, and the Enchanted Mesa. Fully illustrated.
4. The Literature of Explorers and Scientists in New Mexico, with illustrative readings.
5. The Navajo Indians and their Weaving Art. Fully illustrated with beautiful slides and several fine blankets, etc., from the Fred Harvey museum and collection at the Alvarado.
6. The Romantic and Historic Literature of New Mexico, with illustrative readings.
7. Zuni, the Ancient Seven Cities of Cibola, Their Thunder Mountain, Shrines and Witchcraft Trials. Fully illustrated.

Each lecture will begin at 8 o'clock promptly. Season tickets, Adults, \$1.50; students of the University, 75c.

PROFESSOR SEDER TO GIVE RECITAL AT SANTA FE.

Professor E. Stanley Seder has accepted an invitation from Dr. Frank H. H. Roberts, president of the N. M. Educational Association, to give a pipe organ recital at the Scottish Rite cathedral, Santa Fe, on the Sunday afternoon preceding the convention. This recital will be followed by the address on "Vision," by Dr. A. E. Winship, of Boston, Mass.

TUESDAY, OCTOBER 30, 1917.

WHY NOT OLD DUTCH CLEANSER.

All the students of this institution ought to get together, take a day off, and start in cleaning the campus. You can't possibly get across the grounds without ruining a perfectly good ten-cent shine. Since it don't rain much around Albuquerque, and since the wind carries a whole lot of dust, a sprinkling wagon on the campus could do worlds of good in the way of settling the dust and easing hay fever.

The Tennis club probably hasn't organized yet. Maybe it will. Anyhow, the courts haven't been rolled yet and have a positively demoralizing effect on strangers. The rest of us are getting used to it. The freshmen have been using hob-nailed shoes on the courts and they are becoming somewhat corrugated in spots. A few tin cans might add an artistic effect to those courts.

As we said before, a few students and a little spare time could do wonders to the general scenic effect.

COME THROUGH.

We are going to play the High School football game this Saturday. It used to be the case that when we played the Highs, we weren't worried a bit about the score at all, but this year it is different and the game with the Highs is going to be a tight and interesting affair. It won't cost the students of the University a cent to attend that affair if you don't count car fare. You don't know how much vigor and strength it gives a team to see a gang of enthusiastic rooters on the bleachers. Good, violent yelling goes as far toward making touchdowns for a team as line smashes. Let's have a good delegation of rooters down to that game and watch the effect. The yell leader was at the last game, but he had a hard time rooting all by himself.

BRINGING HOME THE BACON.

Our school is a small one. That should be more of an asset than a liability. Every year of U. N. M. history is one in which something has been accomplished to put the Alma Mater on the map. From obscurity, the U. N. M. has come to be recognized by colleges all over the United States as a State University of the first water.

The University of New Mexico has done things. She has "brought home the bacon." Every student in the institution should put the University first in his mind. After all, the students of a school are the school, and it is their accomplishments which are credited to the school. It is about time the students of the U. N. M. should be starting out to make a reputation for the Alma Mater.

SOMETHING WORTH WHILE.

A student of the University was recently asked why he came back to New Mexico, when he had attended larger schools, and had the chance to attend other schools this year. His answer was somewhat as follows:

"I came back to the U. N. M. because it is the most democratic school that I know about. I have attended other schools and have seen a great many more, but I have never seen one in which the fellow who is working his way is held in such high regard. Nor have I ever seen a place where one becomes acquainted so easily."

Of course, this person came here primarily to study, but he realizes that there are other things to be gained in school.

This truly western tendency to take a person for what he is cannot be overdone. If you don't know a certain student, speak to him every time you meet him, and in a short time you will be well acquainted. Let's keep alive this spirit, which is so much a part of the west.

Persistence—A Dialogue.

It (at the dance)—Miss —, have you the next dance?
She—Yes, I'm sorry, but—
It—Have you the one after the next?
She—Yes, I just promised it to—
It—Have you the one after the one after the next?
She—Well, I — er — no — yes, I promised that one, too.
It—Can you give me the one after the one after the one after the next?
Water, the young lady has fainted.

Literary aspirant desiring job on big newspaper: "Mr. Editor, I can write about anything."
Tired editor: "Very well then, right about face and get out of here."

He—"Pardon me, I didn't catch your last name."
She—"I haven't caught it yet myself."—Boston Transcript.

Social Events

PI KAPPA ALPHA ENTERTAINS.

On Friday night the Pi Kappa Alpha fraternity gave a dance to the student body in Rodey Hall. A large number of Varsity students, alumni, and town friends enjoyed the hospitality of the Pi K. A's. Rodey Hall was decorated with pennants of the fraternity colors, garnet and gold, and the large shield with the Greek letters was hung at the end of the hall. Different and amusing announcements were made by the pledges, which added to the general gaiety of the guests. Excellent music and delicious punch assisted in making a delightfully informal evening.

OPEN HOUSE AT DORMITORY.

On Sunday afternoon, after Vesper service, the girls of the Dormitory held open house to the students and friends of the University. The guests were permitted to look over Hokona and the various chapter rooms of the sororities located there. Afterward, light refreshments were served by the young ladies.

The University girls are also doing their bit towards the winning of the world's great war. Fifteen representative young ladies have formed a knitting club to meet every Thursday afternoon at the girls' homes. They plan to knit sweaters and scarfs for the soldiers.

The young ladies will give a card party and tea Saturday, November 10, at the Country Club, the proceeds from which will be used to buy wool for the club. All the girls of the University who wish to help, are cordially invited to attend.

PHI MU HALLOWE'EN DANCE.

A great deal of interest is being displayed in the masquerade dance to be given next Friday evening at the Woman's Club, by the pledges of Phi Mu. It is rumored that many beautiful and original costumes are to be worn. Those lucky enough to have received invitations are looking forward to the event with much anticipation.

Varsity Girls, War Engineers

Owing to the extreme demand made upon the men of the nation during the present crisis, Mr. Rosenbach, of the department of mathematics, took one of his classes, composed entirely of girls, to the golf course of the Country Club, and explained to them the various uses of the engineer's transit, rod and chain. By a system of triangulation, they calcu-

lated the direct or aeroplane distance from the Varsity campus to the volcanoes. If the Huns should happen to entrench near the volcanoes, the girls have the range on them. The transitwoman, the rodwoman, the chainwoman and the stakeholder will have to settle state boundary disputes, settle property lines, lay out townships, construct roads, etc., while the former noble carriers of the transit will raise Cain with Kaiser Bill.

LOCO WEED

Don't you feel like?
When your name is put on the list of ineligible?
When you find that the other fellow has that week-end date?
When you have spent two hours doing the wrong lesson?
When you are caught smoking in front of the main building?
When you tell a funny story and no one laughs?
When you are caught listening to someone else's conversation on the telephone?
When someone comes up and greets you by your first name and you can't place him to save your life?
When a friend of yours stops to talk to a girl and forgets to give you an introduction?
When you go to a dance and forget your handkerchief?
When you go in a restaurant and buy a dinner and find out that you left your money home?
When you read the old home daily and see the announcement of the marriage of the only girl?
Ain't it an awful feeling?

My name is O(h)mar(t), and it has never been used in advertisements of cigarettes, nor was it ever used in connection with tobacco of any kind before I reached the University of New Mexico. Of course, in a school where girls are so prevalent, I like to be classed with the popular brands, but Fatima is so common. Helmar is not so pleasing, but much more appropriate. If I must be connected with tobacco, why don't someone suggest a title after some good brand of ten-cent cigar? Climax is out of the question. It is much too violent. Why can't folks be good like Jimmie and call me Dot?

Harry Lee is a kiddie by trade and a nut naturally. Still his taste isn't so very bad. He went to the Menaul High School game Saturday, but he didn't see a darn bit of the game. He spent all his time on a fair young lady of the high school. At first he did not have very much luck in making an acquaintance, but persistency always wins. Before the game was over, he was rooting for the high school with the aid of the young lady's megaphone. Ain't he the susceptible thing?

Miss Alberta Hawthorne, a member of the Sophomore class last year, was a visitor on the hill the past week. "Bert" is teaching school in Barelax this year.

Miss Allene Bixler, '17, is teaching English in the Belen high school. Miss Bixler was the first graduate of the Varsity to secure a professional high school teacher's certificate in New Mexico.

Because so many Freshmen were unable to take military training at the hour it was scheduled, it has been abandoned. All Freshmen will be compelled to take regular gymnasium work in its place.

The following news item from the Morning Journal will be of interest to some of the alumni:

"James Clifford Nichols of Berkeley, Calif., former student of the University of New Mexico and resident of Albuquerque, was one of twenty-six students admitted to the bar after examination recently in San Francisco. Mr. Nichols and Albert R. Rowell of the University of California tied for the high mark over sixty-three others. Mr. Nichols was at one time editor of the U. N. Weekly."

Who paid Mr. Hunt to keep Miss Hickey's key Monday morning? Come on class, 'fess up!

Misses Estelle and Anne Harris are pledged Alpha Gamma.

Alpha Delta announces three pledges, W. E. Burney, W. S. Peters and Ross Thompson.

Allen Williams is a Pi Kappa Alpha pledge.

A sing, similar to the one held a year ago, will take place in the near future. This year the sing will be more of a patriotic gathering. Led

by the chorus, the student body will sing national anthems and U. N. M. songs. Professor Seder will be in charge.

If, after you have finished reading this Weekly, you will forward it to some former Varsity student who happens to be in France or at some training camp, it will be appreciated very much.

Carl Brorein is home for a few days. Have you noticed Ethel's smile?

Harry Lee has great difficulty in keeping away from the girls' dorm.

Eat at the New Republic Cafe.

Ardent Suitor: Oh, Marion! How beautiful you look tonight!

"Now please don't, Bruce; you know I don't like to be flattered."

"No nice girls do!"
(And the rest was comparatively easy).—Widow.

WHITE IS ELECTED FOOTBALL CAPTAIN.

Halfback is Popular Choice of His Team Mates; Has Had Plenty of Football Experience.

At a meeting of the football team after practice Monday night, George White, halfback, and one of this year's stars, was elected captain. White and Clark, the only member of last year's squad, were nominated for this honor, the former receiving a majority of the votes cast.

White, or "Blanco," as he is better known, has never played on the Varsity before, owing to several misfortunes, such as getting an arm and a collar bone broken at the wrong season. He has had plenty of experience, however, some with the Albuquerque high school, but most of it with scrub teams around town. He is one of the fastest players in the back field, and one of the hardest playing men on the team. There is not a minute that he is not in the game for all he is worth. He was the most consistent ground gainer against Menaul.

In addition to being a good player, George is popular both with the players and with the entire student body. He will have the backing of the whole school.

O. A. MATSON

New Student: Say, where do you get your supplies in the way of books, etc.?

Old Student: Why, Matson's, of course.

New Student: And why at Matson's?

Old Student: Because he has been the dad of all of us for 18 years, and never fails to do all he can for us. And, too, he is sole owner now, so we feel at home at his store.

ATHLETIC COUNCIL TO CHOOSE MANAGERS.

At its meeting last Wednesday, the athletic council considered several matters, among which was the appointment of managers for the basketball teams, one for the girls and one for the boys. The athletic council has the power to appoint officers in case no election is held by the students. No one was elected last year.

While the council has this power, it nevertheless would like to consult the student body in regard to these offices. If anyone wants to manage either of the teams, give your name to a member of the athletic council, preferably to Dr. Clark, the president. Or, if anyone knows a man who would make a good manager, turn his name in. This must be done right away, for the council meets at noon Wednesday. If the managers are chosen now, they will have plenty of time to work up a good schedule before the season begins.
